FRENCH FIRE IS DEADLY.

PARIS, Oct. 16.—Details of the recent fighting around Verdun and the attempted advance of the German crown prince thru the Argonne forest indicate that the French machine gun fire is proving more deadly than the German. In the Argonne gunners of the republic hoisted their maxims to tree tops and decimated the German columns.

NO LIGHTS IN RHEIMS CATHEDRAL.

WASHINGTON, Oct. 16.—The French embassy today issued the following statement: "An official telegram received this morning at the French embassy states that there is no truth in the report from German sources that close to Rheims Cathedral two heavy French batteries have been located and light signals from one tower of the cathedral have been observed."

docks and thru Plymouth to the station. Hundreds of good townspeople scarcely went to bed last Thursday night, but hung round the station gates and threw cigarettes and other trifles among the ranks of the "Canadians" who were marching to be packed into our tiny English trains, yelling meanwhile in sheer delight their own particular slogans with lustiness sufficient to wake the echoes around Edgemoor away across the sound. The train journey lasts almost the long night for troops alone run on an erratic schedule. Afterwards comes the demoralizing at Levington and march thru Wiltshire's pleasant roads on to the broad sweep of Salisbury Plains.

By a Staff Reporter. HAMILTON, Saturday, Oct. 17.—A meeting of the Manufacturers' Association was held in the board of trade rooms yesterday evening with a view to making arrangements, if possible, for the securing of some of the contracts for the making of war supplies and equipment for the imperial army and air force. ST. JOHN'S, Nfld., Oct. 16.—Colonial Secretary Hurdock wired Lieutenant-Governor Davidson today advising him that the steamer Florizel, with the Newfoundland Regiment aboard, reached Plymouth yesterday and safely debarked the contingent. The Florizel, with the Newfoundland Regiment, five hundred and thirty strong, joined the Canadian convoy off Cape Race last Monday week, and proceeded with the same to the British coast.

WAR SUMMARY

On the famous Belgian resort on the North Sea, was occupied by the troops of Emperor William last Thursday, according to a German official report arriving from Berlin by way of London. This report, which is believed to be true, states that the Germans have been driven from the fall of Antwerp across the sea from Dover and 115 miles from London. On their way to Ostend the Germans also took Bruges, which previously was reported to have been deserted, and where no resistance was expected to be shown.

censors would write nothing in

unchanged unless they seem to reflect
unfairly and untruthfully on the allies
other than England. This stand is
taken on the ground of fairness to the

opinion as the readers of the London
papers.

**ENGLAND DEMANDS
NAMES OF HEROES**

Public Chafes Under Reti-
cence of War Office—Un-
usual Deeds Done.

TOO MUCH ANONYMITY

Sir John French Only Person
Familiar to Britons—Ad-
mired for Frankness.

Canadian Press Despatch.
LONDON, Oct. 9.—(Correspond-
ence)—Englishmen are not prone to
hero worship yet they are chafing
under the suppression of the names
of soldiers and sailors who perform
unusual feats. Mild statements are
issued showing that Englishmen are
displaying remarkable courage under
trying conditions, frequently offering
up their lives without hesitation. Yet
the names of the heroes seldom reach
the English public.

No Need for Silence.
"Is there any special reason why
the names of our heroes should be
so carefully withheld from the knowl-
edge of the public?" the Globe asked
in a leading editorial which was simi-
lar to others appearing in the Lon-
don papers. "We have official stories
reporting deeds of which any nation
might be proud. But when our hearts
are glowing over the glorious tales it
seems hard that we may not know
who did the things which thrilled us.
The deeds are unnumbered. The doers
are always anonymous. Authorities
seem to us to be making a mistake
in suppressing names whose mention
would stir the profoundest depths of
local and family pride."
Who Are Brave Mechanics?
The Globe appeals for the names
of the two daring mechanics who re-
paired the propeller of their dirigible
in midair rather than descend and
lose valuable time, urging that the
French and Germans are not with-
holding from the public the names of
men whose courage should render
them immortal. Everywhere there is
a feeling that the public is being
robbed of its knowledge of the im-
mortal deeds of the men who are
doing the work. The names of all leaders
from the official statements.

Sir John French's name is the only
name which the public has become fam-
iliar with. And it admires him thru
the frank statements he has made
concerning fighting about Mons.

**CANADIAN CROPS
BELOW AVERAGE**

Wheat Yield Totaled Nearly
Hundred and Sixty Mil-

MUCH FALL PLOWING

Roots Fully Equal to Last
Year for All of
Dominion.

Canadian Press Despatch.
OTTAWA, Oct. 16.—The bulletin
issued today by the census and sta-
tistics office gives provisional estimates
of the yield and quality of the prin-
cipal Canadian grain crops and also
the condition of root and fodder crops
as compiled from reports of corres-
pondents made on Sept. 30.
In general, the reports concern the
statement issued last month, the av-
erage yields per acre being about the
same as then estimated for wheat,
but being somewhat less for oats,
barley and flax.
The total yields for Canada of the
principal grain crops in bushels are
as follows: wheat 158,233,000, oats
211,425,000, barley 34,491,000, rye 2-
258,000, peas 3,537,100, beans 223,400,
buckwheat 9,159,000, flaxseed 7,533-
000, mixed grains 18,458,000 and corn
for husking 14,722,000.
Good Down East.
In the maritime provinces both the
yield and quality of the grain crops
are excellent. The conditions of root
crops at Sept. 30 for all Canada
about equal to last year, being 75 per
cent of a standard or full crop for
potatoes, 78 per cent for turnips, 80
per cent for mangolds, carrots, etc.,
88 per cent for sugar beets, 90 per
cent for fodder corn and 76 per cent
for alfalfa.
In Manitoba and Alberta the condi-
tion of root crops is low owing to
the drought, in northern Alberta
where the season was of a more nor-
mal character these crops make a fair
showing.

THE HAGUE, Oct. 16 (by way of

of Holland is still negotiating with the
German Government for the return of
those Belgians who are soldiers, but
who have discarded their uniforms be-
fore crossing the border. The German Gov-
ernment is said to be loth to permit
their return to Belgium, and is disinclined
to make them prisoners of war.
It favors having them remain in Hol-
land. No obstacles are placed in the
way for the return of the women and
children.

Special to The Toronto World.
CHATHAM, Oct. 16.—High County
Constable George Peters made an im-
portant raid at Moraviantown fair
this afternoon when he arrested six-
teen persons charged with selling in-
toor to Indians. For several years
the authorities have been looking
out for the people engaged in this
business but it was not until today
that they secured evidence to con-
vict. The men arrested were chiefly
farmers of Chatham township and one
woman from Chatham. Each of the
offenders was fined \$16 and costs
when tried before the Indian agent
at Moraviantown this afternoon, with
the exception of Arthur Hill of this
city who was given the option of \$70
fine or sixty days in jail. He will
take the fine.
The Indian fair at Moraviantown is
one of the chief events of the dis-
trict and is attended by large num-
bers of visitors.

**BRIGHT, HEALTHY
ATTRACTIVE GIRLS**

This Condition Can Only Be Main-
tained Through Rich
Red Blood.

It makes all the difference in the
world to a girl whether she develop-
s into a bright, healthy attractive woman
or sinks into a sickly, unhappy,
suffering semi-invalid.
The girl whose blood is poor and
scanty—who is anaemic as the doctor
terms it—cannot stand any exertion, has
a headache, she is weaker and more
frail than her companions who have
rich, red blood. She is more easily
fatigued in body and mind, and work
of any kind exhausts her. In time her
health breaks down. She becomes
pale, looks worn out, is languid, irrita-
ble and nervous. Her heart palpitates
violently at the least exertion, and
she falls behind other girls in
looks, health, and capacity for en-
joying life. Abundant rich, red blood
is the only thing that can restore good
health to the many thousands of such
girls. This rich, red blood can only
be obtained through the use of Dr.
Williams' Pink Pills. They have given
thousands of weak, white-faced, blood-
less girls, robust, vigorous health and
high spirits. Here is a bit of proof.
Miss Olive Gauvreau, St. Jerome, Que-
bec, says: "I have reason to be more than
grateful to Dr. Williams' Pink Pills,
for they restored me to health after
more than one doctor and many medi-
cines had failed. I suffered as so many
girls do from anaemia. I was all run
down, tortured with headaches, could
not stand any exertion, and had
no appetite, though of course I had to
force myself to eat. I was in this con-
dition for nearly two years, and al-
though doctoring continually, seemed
to be steadily growing worse, and I
was very much discouraged and de-
pendent. Finally a friend urged me
to try Dr. Williams' Pink Pills, and I
discontinued all other medicines and
did so. In the course of a few weeks
there was no room to doubt that I had
at last found the right medicine. My
appetite returned, the headaches began
to come less frequently, and color was
returning to my face. The continued
use of the pills for a little longer fully
restored my health, and I have since
been as healthy and active as anyone
could wish. I cannot too strongly re-
commend Dr. Williams' Pink Pills to
other weak and ailing girls."
You can get these pills through your
medicine dealer, or by mail post paid
at 50 cents a box or six boxes for \$2.50
from The Dr. Williams Medicine Co.,
Brockville, Ont.

Despatches to Dun's Review from
branch offices of R. G. Dun and Com-
pany in leading trade centres of the
Dominion of Canada indicate a fur-
ther trend toward normal conditions,
with trade in most seasons lines in-
flated by more favorable weather
conditions, and reports that while buy-
ers of dry goods shows more or less
conservatism, demand is fairly well
maintained in most lines, and a fair
business is being done in hardware,
sporting goods, groceries and provision-
s. Some manufacturing depart-
ments are actively employed, espe-
cially those working on orders for
cottons. Business is steadily improv-
ing at Quebec, activity in numerous
lines having increased owing to the
demand created by the rapidly pass-
ing improvement at Toronto.

Improvement at Toronto.
There is a much better feeling at
Toronto, wholesalers reporting a bet-
ter movement of merchandise and re-
tail trade in reasonable lines being
stimulated by cooler weather. Orders
for dry goods are being placed with
more liberality than for some time,
enquiry for shoes, while trade in
clothing, hardware and groceries is
fair. Business at Hamilton is still
quiet, but retail trade seems to be
somewhat more encouraging.

In the far west and northwest, con-
ditions are seasonably active in most
lines, the disturbance caused by the
outbreak of the war rapidly passing
away. Winnipeg reports a fair demand
for furnishings and clothing and the
movement of drygoods and provisions
very close to normal. Retail trade at
Saskatoon is about up to the average,
and the wholesale business is not very
active. A brisk demand for all kinds of
regards the future. No much change
can be noticed at Calgary, but mer-
chants anticipate better conditions
near future. Satisfactory har-
vesting returns are being reported, and
caused a better demand for merchan-
dise by country merchants, and pros-
pects are encouraging. There is quite
a brisk demand for all kinds of com-
modities at Regina, and the out-
look shows decided improvement.

**RELIGIOUS LIBERTY
POLICY OF RUSSIA**

Muscovite Governor-General
of Galicia Makes Important
Declaration.

POLAND TO BE KINGDOM

Galicia to Be Added to New
State Under Aegis of
Czar.

Canadian Press Despatch.
LONDON, Oct. 16, 7:05 p.m.—Pro-
fessor Pareis, the authorized British
correspondent with the Russian head-
quarters staff, sends the address de-
livered on Oct. 15 by the Russian
governor-general of Galicia to the
correspondents.
Speaking of the "enormous advan-
tage that can be derived from the use
of the press," the governor said that
he was sorry that the correspondents
were going to stay so short a time,
but promised them assistance in the
study of the country. Of his policy
towards Galicia, the governor said:
"Eastern Galicia should become a
part of Russia, while Galicia when
its conquest has been completed,
should form a part of the kingdom of
Poland within the empire. My policy
is to the religious question is very
definite. I have no desire to compel
anyone to join the Orthodox church
if a two-thirds majority in any given
village desires to conform to the Ortho-
dox church, then they should be given
the parish church. This does not
mean that the remaining third should
not be free to remain in its former
communion. I am avoiding even any
suggestion of compulsion."
"Perhaps we may establish another
province, following the line of demar-
cation of the Russian population which
on the maps of Austria Poland, is
admitted to include parts of the re-
gions about Sankov."

Successful Campaign.

INGERSOLL, Ont., Oct. 16.—The
two-day whirlwind campaign to raise
\$5000 for the Oxford Patriotic Assoc-
iation closed tonight and the sub-
scriptions amounted to over \$7510.
There are a number of sources to
hear from from which will increase the
amount.

COPELAND'S CURE FOR CONSUMPTION

WINS CONFIDENCE BY ITS WONDERFUL CURATIVE POWERS.

MR. W. R. COPELAND.
"Dear Sir—Now that I am well and strong again, I write to state that the
fact I am alive today witnesses to the merit of your medicine.
My doctor, a specialist, said that I had the worst kind of consumption
and that it was impossible for me to live. He gave me only eight to ten days
before the disease would terminate fatally. I was in the hospital for
two months, but I was not getting any better. I was not eating and
was not sleeping, and I was getting weaker every day. I was told
that I was going to die, and I was very anxious to try anything.
I procured a bottle. Without much hope, I tried it. It did wonders. First
the weakening perspiration stopped and the food I took stayed in the stomach.
After a second bottle, I commenced to regain my appetite and was up in a
few days of the time that the doctor said I should die. Five weeks later
I was at work and had been working ever since.
I was afflicted with consumption as I was, for I used to have my life in my
writ at all times cheerfully answer any correspondence, and you are at
liberty to publish this letter if you think it will help to recommend your me-
dicine to others.
I remain, Gratefully yours,
DAVID WARNOCK, Street Car Conductor,
332 Windsor St., Toronto.
The remarkable power of this medicine marks it as one of the greatest
discoveries of this century. Its work is only just started, but it is safe to
say that it means the difference between life and death.
It is a blessing, as all who have used it testify. To the real "down-and-
out" consumptive, the chronic sufferer from bronchial and lung troubles—it
is something more than a blessing. To them it means the difference between
happiness and misery, and sometimes life instead of a grave.
It is a medicine that is honest. No false claims are made for it. It is
good, most beneficently good for the ailments which beset the consumptive.
consumption, it will tackle, fight and OVERCOME. If you have a bad cough
or cold, a sore throat, or a headache, or if you are a consumptive—take this
for a greater medicine for consumption has NEVER BEEN KNOWN. If you
are troubled with bronchitis and can't sleep at night for coughing—take this
medicine. Your troubles will become a memory. If your breath is weak in
any way weak or sensitive—take this medicine—and they will become strong
and normal.
Cavities heal under its benign influence. Congestion is freed by its action
to remove phlegm until the lungs are clear and work naturally without pain
or distress. Emaciation, night sweats, poor appetite, inability to retain food
in the stomach—all these effects of disease are mastered and the system built
up under its curative and nourishing powers.
Ask your druggist to procure it from the wholesale druggists, or a trial
bottle will be sent prepaid on receipt of the regular price, \$1.00.

**OSTEND REFUGEES
CROWDING DOVER**

Thousands Arrived Yesterday
on Steamers, Trawlers
and Sailboats.

PLIGHT IS PITIABLE

Hundreds Left Ostend in
Rowboats, Hoping to
Reach France.

Canadian Press Despatch.
DOVER, Oct. 16, via London.
Three thousand refugees from Ostend
are still either on the quay here or in
vessels that have not yet been able
to dock. The port of Dover is closed
because the city is fortified, but the
port officials have been obliged to
admit these boats carrying hungry
women and children fleeing from Bel-
gium.
The railroad facilities are inade-
quate to accommodate the great
crowd. An emergency committee has
provided food and water for the fugi-
tives, but it is unable to give them
quarters as all buildings, and even all
homes in Dover are filled.

Seven thousand people from Belgium
came here in two days. They were
not expected, and their arrival
swamped the French coast. Hundreds
of the boats unable to dock many are
separated from their husbands and
children, who are supposed to have
come over on other boats. All these
refugees left Ostend on Wednesday
night.
The captains of ships which already
have docked declare they saw hun-
dreds of persons leaving Ostend in
small rowboats, hoping to reach some
point on the French coast. Hundreds
of little rowboats from Belgium are
also putting in to Lowestoft and
Folkestone. These craft are manned
mostly by volunteers who know nothing
of the English ports and head in
wherever they can see docking facilities.

There are many Antwerp refugees
among the crowds at Dover. When
some of these were asked if they would
be willing to return to Antwerp in
case arrangements for their repatri-
ation can be effected, they said that the
German Government, they declared em-
phatically that they never would re-
turn so long as the Germans were in
possession.
It is estimated that 35,000 refugees
have landed here and at Folkestone
since Wednesday.

**FOREIGN MINISTER
OF ITALY IS DEAD**

Marquis di San Giuliano Was
Friendly to Austro-Ger-
man Cause.

**Special Direct Copyrighted Cable to
The Toronto World.**

ROME, Oct. 16.—The Marquis An-
tonio di San Giuliano, Italian min-
ister of foreign affairs, who has been
ill with heart attacks for some time,
is dead.
The Marquis was born in Catania,
Dec. 9, 1852. He was appointed sen-
ator by the King of Italy, March 4,
1908. He was named minister of
Foreign Affairs in the cabinet headed by
Portis, from Dec. 1909 to Feb. 1910.
After that he was sent as Italian am-
bassador to France. He stayed in
Paris until March, 1910. Since that
time he had served as minister of
foreign affairs thru three successive
cabinets.
He was head of the parliamentary
committee sent by the Italian gov-
ernment to the St. Louis exhibition in
1904.
Friendly to Germany.
The illness of the foreign secretary
attracted the attention of the public
because of its possible bearing on the
attitude of the Italian government to-
ward the war. The Marquis is be-
lieved to have been friendly to Ger-
many and opposed to the demarca-
tions that occurred in several parts
of Italy some months ago in sym-
pathy with the allies, but more par-
ticularly in a spirit of hostility to-
ward Austria. Some time ago it was
rumored that the Marquis would re-
sign and that a considerable change
in the ministry would take place.

FOR HEAT AND LIGHT BURN ROYALITE

ALL kerosene is not alike—there are many varying grades and qualities.

Royalite is the registered trade name of The Imperial Oil Company's pure, high grade, extra refined kerosene.

The Imperial Oil Company is the largest refiner in Canada. Because of its extensive manufacturing resources and its system of delivering direct from the refinery to the store or the consumer, it can offer Royalite at a price which, considering the quality, is remarkably low.

You can get Royalite everywhere—in villages as well as cities and towns. You can also get Rayo Lamps, and Perfection Heaters and Stoves, for which The Imperial Oil Company is general distributor.

Royalite Oil plus the Rayo Lamp means a big light for little money.

Royalite Oil plus Perfection Heaters and Stoves means most heat at lowest cost.

CANADIAN TROOPS IN HIGH SPIRITS

Uproarious Demonstrations in Evidence on March to Salisbury Plains.

EULOGIZED BY PRESS

"Living Picture of Empire in Action," Says London Mail.

Canadian Associated Press Cable. PLYMOUTH, Oct. 16.—Residents round the railway stations at Plymouth, who sought their beds before the small hours, had a strange lullaby in the uproarious demonstrations of the Canadian contingent, who were being packed into troop trains and sent inland. The men were half frantic with delight at release from the troop ships.

Like British Territorials. A feature, which appears to have struck competent observers of Canada's contingent most favorably, is the general atmosphere of maturity about the men.

"These fellows won't take much kicking into shape," declared one grizzled non-commissioned man, who doubtless has been enduring some trying moments recently in training new home leives into shape. Other comments are less worthy of consideration, and it is evident that some folk are apparently surprised that the Canadian contingent has an appearance pretty much akin to our own territorials, instead of being something like a filibustering expedition or circus show. These things, of course, are merely amusing.

Empire in Action. In a leading article on the arrival of the Canadian troops, The Daily Mail pays Canada a splendid tribute. "What Plymouth was privileged to witness was something more than the arrival of so many thousands of hardy natural soldiers." The paper says it was a living picture of the empire in action, the scattering of all illusions of imperial disintegration with which the Germans have amused themselves. This was a spectacle hardly to be paralleled since the Crusades. "The presence of this splendid body of men," says The Daily News, "is an inspiration and assurance that how long the war lasts there can be but one end to the struggle. These Canadian troops are the practical embodiment of empire devotion."

SIXTY CHARGES LAID UNDER LICENSE LAW

Porcupine Blind Pigs Raided on Monday—Huge Fines Already Collected.

The provincial license department have effected another round-up. Porcupine, and batches of cases are being run off daily before the local magistrate. Sixty charges have been laid. The raid took place without warning on Monday evening, and the first word of its outcome reached the department last evening. Already \$1600 in fines has been imposed, and one

man has been given a four month sentence.

Porcupine yielded twenty persons, Timmins nine and Schumacher five, a total of thirty-four arrests. This is the second big move of the department in this region within the last three months.

TRIED TO WRECK TRAIN

BROCKVILLE, Oct. 16.—An attempt was made to wreck the evening train leaving Ogdensburg for the south on the N.Y.C.R., a short distance out of the city, when a tie-braced with plank, was placed across the rails. An employe noticed the obstruction in time to clear it before the arrival of the train.

"I believe the Canadian apple to be the finest in the world."—SIR GEO. E. FOSTER

"Canadian apples are all right—firm, juicy, well-colored, good keepers."—LUTHER BURBANK

Outweighs all foreign breakfast fruits in food value

WHAT can be compared with a great, luscious, Canadian apple, sun-ripened into ruddy beauty in our arcadian valleys—nigh-bursting with stored-up mellow sweetness? A banana or orange, picked green and ripened in a freight car, or even the shaddock masquerading as grapefruit? Never! Good apples were never so plentiful, so economical an item of food—so valuable an addition to every meal.

How many Canadians realize that there is no fruit in the world so luscious—so beautiful, so economical and so health-giving? The Canadian Apple—envied of all nations to such an extent that heretofore, until the war prevented their getting them, the wealthy foreigners have bid so high that the cream of our crop has gone to Europe! Which means that heretofore Canada—the home of the apple—has known only "seconds" and inferior imported fruits.

Serve apples often. Give them to the children between meals and for their school lunch-baskets. Keep a box in the office. One before luncheon is a good appetiser. Join the Apple Consumers' League. Membership fee: One Canadian Apple per day.

APPLE LORE
Do you remember the old Greek story of Atalanta, famed for her fleetness of foot? Not being desirous to marry, she challenged her suitors to a race—the penalty of defeat to be death. She rid herself of numerous suitors in this way; but Hippomenes, one of these, won his race by dropping at intervals three golden apples given him by Aphrodite. Atalanta, tempted, stopped to pick them up and was outstripped by her lover.

COVERED TRENCHES HEIGHT OF LUXURY

British Soldiers Apply Names of London's Most Fashionable Hotels.

Canadian Press Despatch. LONDON, Oct. 16.—There has been given out in London a descriptive account of some recent developments in France, sent in by an eye-witness attached to the British general headquarters. The account is dated Oct. 13, in France, and is in part as follows:

"On the firing line the men sleep and obtain shelter in dugouts they have hollowed or cut under the sides of the trenches. These refuges are raised slightly above the bottom of the trench so as to remain dry in wet weather. The floor of this trench also is sloped for purposes of drainage. Some of the trenches are provided with overhead cover, which gives protection from the weather as well as from shrapnel balls and splinters of shells. Considerable ingenuity has been exercised by the men in naming these shelters. Among the favorite designations are 'The Hotel Cecil,' the 'Ritz Hotel,' the 'Billiet-Doux Hotel' and the 'Rue Dormier.' "On the road barricades also are to be found boards bearing the notice, 'This way to the Prussians.' "Obstacles of every kind abound, and at night each side can hear the enemy driving pickets for entanglements, digging trous-de-loup, or working forward by sapping. In some places obstacles have been constructed by both sides so close together that some was suggested that each side provide working parties to perform this fatiguing duty alternately, inasmuch as the work of the enemy is now almost indistinguishable from ours and serves the same purpose."

Did You Ever See an Animal with Cotton or Flax Growing Out of It?

This looks like a foolish question, but is it any more foolish than a human being wearing cotton or linen next to the skin as a protection against cold? You can't beat old Mother Nature—Nature has given every animal a covering of wool—fur or hair (all practically the same material) in varying degrees of fineness—wool being the finest and hair the coarsest. Nature supplies this covering because it is the best protection against all atmospheric conditions. All medical men recommend pure wool as the best and safest material to wear next the skin—it is a non-conductor, and absorbs perspiration rapidly and evenly.

"CEETEE" is all-wool unshrinkable underwear. It is manufactured from only the very finest Australian Merino Wool, scoured and combed over and over again until every particle of foreign matter is taken out and every strand is as clean as it is possible to be made.

It is then carefully manufactured on expensive and exclusive machinery, very different from the ordinary style of underwear machinery, fashioning each garment to fit the human form. It has all selvedge edges, therefore cannot come unravelled; every joint is knitted together, not sewn as with ordinary underwear.

—Division VI—
Cedarvale v. Rath Rovers, at Danforth and King Edward avenues, 3 p.m.

The Technical-Riversdale game was close until the last quarter, when Bally's booting gave Technical the victory. The seniors lined up: Scrimmage, Molyneux, Hall, Rose; wings, Ogish, M. Lock, McCallum, Ward, Eagles, McCorkery; flying wing, Jarvis; halves, R. Locke, Brierley, Zieman.

The Tech. junior team, that beat Riversdale juniors 19 to 6, lined up as follows: Scrimmage, Kellogg, Barclay, Scott; wings, Huckle, M. Gardner, E. Gardner, Parker, Goodman, Henshaw; flying wing, Ellis; halves, Booth, Goddard, Dickson.

TECHNICAL DOWN RIVERDALE TEAM Parkdale and Jarvis Also Win High School League Games.

It was slippery going for the high school clubs yesterday, but they went through their schedule with one exception, the Oakwood-Parkdale junior fixture being postponed.

Technical and Riversdale staged a great senior game at Ketchum Park, and it was not until Riversdale's defence broke down in the last quarter that the game was made sure, Technical winning, 9 to 2. Parkdale swapped Oakwood, 15 to 0, by fine kicking and running. Oakwood will do better on a dry field.

Commerce fell before the strong Jarvis team, 18 to 3, and Humberdale were beaten by Harbord, 15 to 5.

The scores:
—Senior—
Parkdale.....15 Oakwood.....0
Harbord.....15 Humberdale.....5
Jarvis.....18 Commerce.....12
Technical.....9 Riversdale.....2
—Junior—
Jarvis.....9 Humberdale.....4
Jarvis.....10 Malvern.....4

BROCKVILLE'S HIGGINS TROPHY.

This is the slogan of thousands of sportsmen the world over, and at this season the question "where to go?" has to be solved. To the initiated this is comparatively easy, as it is well known that the "Highlands of Ontario" reached by the Grand Trunk Railway is the sportsman's paradise. It is as a consequence only a question of deciding which of the various districts of "The Highlands" offers the greatest inducements. Here is the answer: Timagami for moose and other large game, Muskoka Lakes, Lake of Bays, Maganetawan River and Georgian Bay districts for deer, etc. Small game and wild fowl are also plentiful in these districts.

Call at Grand Trunk City Ticket Office, northwest corner King and Yonge Streets, for copy of "Haunts of Fish and Game" booklet, containing game laws and all information, or write C. E. Horning, District Passenger Agent, Union Station, Toronto, Ont.

LATEST NEWS FROM OTTAWA.
Great interest has been aroused at the capital by the inauguration of a new night train between that city and Toronto. This enterprising step has been taken by the Canadian Northern Railway, which announces a daily service leaving Toronto Union Station at 11 p.m. and arriving at Ottawa Central Station 7.40 a.m. The return train leaves Ottawa 10.50 p.m. and arrives at Toronto 7.30 a.m.—hours best calculated to suit the convenience of all passengers. The equipment which has been specially installed for this service consists of electric-lighted standard sleeping cars and first-class coaches. Stops are only made at important intermediate points, so that punctuality and quiet runs should be assured.

With the present day train (daily except Sunday) a double service between Toronto and Ottawa is thus constituted, and the prospect of this added competition causes much public satisfaction.

For reservations and further particulars, apply to City Thours Office, 433 King street east, Main 5179, or Union Station, Adel. 3438.

Varsity's First Local Appearance

YOUNG men's styles that are the talk of Toronto. We surely have gained wonderful success in catering to young men. We know what they want, and what's right in young men's clothes.

Everything worth while in style and pattern is shown here first—and at a lower price than garments of equal worth could be bought for elsewhere. Suit prices, \$15 to \$25. Fall Overcoats, \$15 to \$35. Winter Overcoats, \$15 to \$50.

It's Cheap Priced Players Who Win the Baseball Titles

It cost Jim Gaffney less than \$75,000 to assemble his ball team, and Fred Mitchell did the scouting.

Gaffney could get about \$200,000 for the outfit if he placed it on the market today. And, included in that \$75,000 is an item of \$25,000 that he paid to Johnny Evers, so that it be seen that he got his other 24 players for \$50,000—an average of about \$2,000 each.

Big Bill James, the star twirler of the Braves, went to the Braves from Seattle. He cost Owner Jim a few thousand dollars. If Gaffney wanted to market his 22-year-old pitching phenom today he probably could get \$20,000 for him. Dick Rudolph cost Gaffney but very little, yet Gaffney wouldn't have much trouble getting \$10,000 to \$15,000 for his midget twirler.

Schmidt, the huge first sacker of the Braves, went to the Braves from the International League. He had a great fielding record there, but was not figured as much of a hitter. Gaffney bought him for a trifling sum. Gaffney could get about four times the old price for Schmidt now. Maranyville, regarded by many as the best shortstop in the old league, came from New Bedford, Mass., in the New England League. The selling price of Maranyville wasn't six-sixth of the price Gaffney could get for him today.

Connolly, the slugging outfielder of the Braves, came at a bargain price. So did Catcher Whaling, who hailed from the Northwest League. Gowdy, the best young catcher in the National League, cost but a few thousand dollars. Means, the fast center fielder of the Braves, was one of the few players who cost real money. His purchase price was about \$80,000. Jack Denton was purchased for a few thousand. Red Smith, whose third basing has been a great help to the Braves, was purchased from Brooklyn at a reported price of \$45,000.

Herbert Moran, the outfielder, who came from Cincinnati, is said to have cost the Braves about \$15,000.

HIGHLANDERS EXPECT KHAKI UNIFORMS SOON

More Than Five Hundred Paraded Last Night—O. O. R. Sergeants' Match Today.

Despite the inclemency of the weather, more than 550 Highlanders paraded at the armories last night. The regiment expect to receive the uniforms within a month, and then the rank and file will parade in khaki instead of colors. Seventy-five recruits have been enrolled this week.

BEDFORD PARK

The members of the John Fisher School Training Corps held their first drilling practice last night in the basement of the school, as the weather was not suitable for outdoor exercises. Forty-five members turned out, which is 100 per cent of the membership, and before bed time a course of drill was addressed by the instructor, Capt. Agnew, on the value of exercise. The men took part in the instruction and drilled with much enthusiasm.

NO PROSPECT FOR MAN WHO CANNOT MAKE GOOD

This is the Time, and This the Place, Says Dr. J. L. Gordon.

"If a young man cannot succeed in Canada and now in the beginning of the twentieth century he cannot succeed anywhere," declared Dr. James L. Gordon during the course of his address on "Grace, Grit and Greenbacks," delivered in the C. O. F. Hall last night under the auspices of the Business Society and the Toronto Ad. Club.

O.A.C. CHAMPIONS AT TRACK MEET

Varsity Athletes Go Thru With Program Despite the Rain - The Results.

Weather conditions marred the Inter-Faculty Athletic meet at Varsity Stadium, but some excellent contests were run off, the final result of which gave O.A.C. the team championship by a lead of three points over Arts.

Raymond Hughes of Arts also performed well. After winning the half in 2.06 on the slow track, he took third in the high jump, and won the quarter in 5.2 seconds. O.A.C. men showed better than was expected, and fully deserved to win out. The first two men in each event, not including O.A.C. athletes, will compete in the Intercollegiate meet Friday in Montreal.

CIVIC DELEGATION GAINED ITS END

Hearst Promised to Ratify City's Exceptional Grants of Money.

BLOOR CIVIC RAILWAY

Cabinet Answers Favorably—Startling Statement of Meat Inspection Situation.

Mayor Hocken and the board of control laid a sheaf of requests before the Ontario Government yesterday, and in the case of each application received a very favourable hearing. They left the buildings with the understanding that each matter referred to would be given consideration at once in view of urgency, and were told that the city's action in setting aside sums of money because of unusual conditions would in every instance be ratified by the house at next session, along with all similar measures taken by other municipalities.

In the first place, Mayor Hocken drew the attention of the ministers to these sums, totaling \$225,000, which had been set aside for patriotic purposes. Instances of the men at the front, grants to the regular patriotic fund, \$50,000 for the unemployed problem and a certain amount for the purchase of horses were mentioned. Hon. Dr. Fyfe spoke of the proclamation issued by the late Sir James Whitney, which promised validation of all money put to such causes by city or town councils. Premier Hearst stated that the government would stand behind that statement.

City Wants to Build.
The second matter concerned the extension of a street railway line along West Bloor, from Dundas to Quebec avenue. It was explained that through an order of the privy council the Toronto Railway Company had the right to abandon any privileges on that stretch and consequently could not be forced to build. The proposition of the mayor was that permission from the railway board be obtained for the building of a civic line or for negotiations to be opened with the street railway for a service on tracks which the city should proceed at once to build.

The people of ward seven demanded tracks, he said, as many were now walking two miles to work. In all 20,000 people would be served. The course would be for the city to proceed and the money bylaw would be passed later. If delay were made till New Year's Day for the vote, the tracks could not be laid until June. With permission now work would begin at once and service would be ready in January. Furthermore, the street there had been widened and pavement could not be laid until the tracks were down. The cabinet was asked to take a favorable view of the deputation issue.

FUGITIVES REPORT OSTEND OCCUPIED

Germans Ready to Mount Big Guns to Command Channel.

Canadian Press Despatch.
LONDON, Oct. 16.—A Central News despatch from Amsterdam says that fugitives who have arrived at the Dutch frontier declare that Ostend has fallen into the hands of the Germans.

Germany plans to mount her newest and greatest guns along the Belgian sea coast. With them she hopes to force the British fleet to stay far off shore. These guns are already mounted on trains that wait inside the German plan. They say boasts made here that the British fleet will make short work of the Germans if they try to occupy the coast cities, are premature. These new German guns, the latest product of the house of Krupp, are reported to be an improvement on their big siege guns with which they reduced Liege, Namur and Antwerp. They have the added advantage, the rumors reaching here say, of being as easily sighted as a rifle.

The O.V.C. held their annual ceremonies yesterday. Members of the freshmen class elected to several kinds of prizes by the sophomores. The freshmen were forced to pass the university avenue and about as far as the city. Their progress was watched by the students.

NO CHANGE MADE IN HARBOR BOARD

Board of Control Yesterday Announced List of Seven Appointments.

WEBB IS WAGE OFFICER

One Controller Refused to Vote—Fire Department Not Discussed.

The board of control got rid of a lot of vexed problems at their hour and a half session yesterday morning when they made seven appointments to positions which have hung fire for over twelve months.

The following are the board's recommendations: chief electrical engineer—A. R. Rice; fair wage officer—Ernest Webb; social service commission—G. A. Warburton and Richard Gough; harbor commission members—Thos. L. Church, Lionel Clarke and R. H. Smith.

A. R. Rice of the firm of A. R. Rice & Co., was highly recommended for the position of provincial hydro electric commissioner. Three recommendations were before the board: John Winnett, Albert Hacker and Ernest Webb. Webb finally getting the appointment by four votes of the board, Controller O'Neill refusing to vote on the question. Webb is a printer by trade and at present in the employ of the customs house. His salary will be \$1500 a year.

The personnel of the harbor commission remains the same while G. A. Warburton and Richard Gough, with a woman whose name has not yet been mentioned, are the new appointees to the social service commission.

To Organize Charities.
A comprehensive scheme for the reorganization of the charities in Toronto was submitted to the board of control yesterday morning by the social service commission and approved by the board.

According to the plan submitted the house of industry would be the distributing agency for groceries, fuel and foodstuffs. Organizations to be known as the Neighborhood Workers' Association would be formed which would look after the city divided into three districts, each district to have a secretary appointed by the social service commission. The plan requires every charitable institution to ally themselves with the Neighborhood Workers' Association.

Question Was Not Up.
The question of fire department reorganization did not come up before the board of control yesterday morning as was expected, owing to the absence of Fire Chief Thompson. Mayor Hocken in an interview yesterday declared himself in accord with the proposal to appoint ex-Alderman Yeomans to the position of fire commissioner.

HEAVY FINE FOR CARRYING LETTERS TO GERMANY
American Arrested for Inciting Trade With Enemy Let Off Easily.

Canadian Press Despatch.
LONDON, Oct. 16, 10.16 p.m.—Edward Joseph Wolfsohn, an American, who was arrested October 9 charged with inciting trade with an enemy was sentenced in the Bow Street Police Court to pay a fine of \$405 or in default to serve two months imprisonment. Wolfsohn was convicted of having violated the postoffice statutes in conveying 27 business letters between England and Germany, the original charge of inciting trade with an enemy having been withdrawn because, as the attorney for the crown said, Mr. Wolfsohn was entirely innocent of criminal intent and a thoroughly respectable man.

SIR GEORGE PAISH REACHES NEW YORK

Will Discuss Financial Conditions With United States Officials.

LONDON NOW NORMAL

Thinks Exchanges Will Open Soon — Government to Protect Debtors.

NEW YORK, Oct. 16.—Sir George Paish, adviser to the British chancellor of the exchequer, arrived here today from England aboard the steamship Baltic to confer with members of the Federal Reserve Board in Washington and leading bankers in this country with the view of restoring normal conditions in the markets for foreign exchange and for securities in New York and London.

His object is to ascertain the attitude of the board and of the secretary of the treasury toward the present international situation, and to learn in what way and to what extent co-operation would be possible among financiers in the United States and London in rehabilitating the foreign exchange, facilitating the exportation of cotton, and re-opening the stock markets in London and New York.

To Get Information. In reply to a question as to whether it was true that he came here to arrange for an international clearing house and other financial measures to avoid the shipment of gold across the Atlantic Ocean, he said this was news to him and that he is in this country without specific plans.

“I am here to get information,” he declared, “and to discuss the entire financial situation with your officials here and in Washington. I shall be in New York two or three days, but I cannot say whether I will have any conferences here with your bankers. As to the re-opening of the London Stock Exchange, things are in such shape in England that I believe that it could be re-opened within a reasonable time.

As for the re-opening of the New York Stock Exchange, I could not expect it to be re-opened until the market will be much liquidated here. I see no reason to expect heavy liquidation of American stocks held abroad.

The financial condition in London is now normal. We were taken unawares and had to adopt extreme measures. I consider that we are now ready to weather any storm. We do not expect any trouble when the market ends in about two weeks; that is exactly what we have been preparing against.

“The government will protect those who are unable to pay their debts, because debts from Germany and Austria have been unpaid. The accepting houses are accepting freely and discounts are being freely extended.”

He estimated roughly that there was between £400,000,000 and £500,000,000 sterling due in England from America.

BAGS AND TWINE GIVEN FOR APPLE HARVESTING.
Motor League Wants Use of Trucks — Unemployed Offer Services.

Many unemployed men in Toronto have signified their willingness to work by joining the ranks of the apple-pickers, who will immediately take possession of the apple orchards turned over by the county farmers. The motor league are asking for trucks to bring the fruit into the city. Bags and twine have been donated by the Maple Leaf Milling Company, and road conscientious workers are now the only necessity to provide Toronto's needy with the healthful fruit.

PAIN CONSTANTLY TORTURED HIM

Student Became So Ill He Was Forced To Leave Berthier College. Suffered For Two Years Until Cured By Wonderful “Fruit-a-tives” Tablets.

MAGLOIRE PAQUIN, ESQ.

St. Boniface de Shawinigan, Feb. 3rd, 1914. It is a pleasure to me to inform you that after having suffered from Chronic Constipation for 2 1/2 years, I have been cured by the use of “Fruit-a-tives.” While I was a student at Berthier College I became so ill that I was forced to leave College. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all. At times I used to be for three or four days without a single motion of the bowels, and I became so sick that my digestion became paralyzed. Some one advised me to take “Fruit-a-tives” and I at once noticed a great improvement. After I had taken four or five boxes, I realized that I was completely cured.

Many famous physicians have stated that fully fifty per cent of the cases of Kidney Trouble, Pain in the Back, Indigestion, Sour Stomach, Appendicitis, Nervousness, Headaches, Typhoid Fever, Rheumatism and Neuralgia, are found in people who habitually suffer from Chronic Constipation. Surely you must realize the danger of Constipation. “Fruit-a-tives” acts directly on the Liver, stimulates this organ to renewed vigor, enables the Liver to give up sufficient bile to move the bowels and insures the bowels moving regularly and naturally every day. “Fruit-a-tives” will positively cure every case of Constipation, no matter how severe it may be.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

BRITISH LABOR MEN SUPPORT COUNTRY

Declare German Victory Would Mean Death of Democracy.

Canadian Press Despatch.

WASHINGTON, Oct. 16. — Despatches to the British embassy today give an abstract of a manifesto issued by leaders of the labor party, declaring their sympathy with the action of the British Government in the present war. The labor leaders urged that German victory “would mean the death of democracy in Europe.”

The statement is as follows: “The manifesto issued, entitled ‘British Labor Movement and War.’

signed by labor members and leaders of the labor movement, declares its regard for the attitude of labor toward the war. They always hoped for peace, but the hope was destroyed by the Kaiser. It condemns Germany's wanton violation of Belgium's neutrality and recognizes that Britain, after exhausting the resources of peaceful diplomacy, was bound in honor as by treaty to resist Germany's aggression. The victory of Germany would mean the death of democracy in Europe, consequently the labor party supports the government. Until Germany is beaten there can be no peace.

“The president of the local government board states that the local government spread dislocation of trade have proved unfounded, and with few exceptions unemployment is very much less serious than anticipated. Many districts report that trade is experiencing a distinct revival.”

“The German paper Voerwaerts states that hundreds of thousands in Germany are without work and dependent upon charity. Winter will increase enormously the number and misery of the unemployed.”

JURY RECOMMENDS MERCY FOR DUCKER

Crown Failed to Produce Evidence That He Struck Joseph Scanlon.

DRINK AND ARGUMENT
Led to Quarrel in Clarence Square — Ducker in Guilty of Manslaughter.

One man in the grave and the other in jail awaiting sentence is the termination of an argument on Home Rule in Clarence Square between the late Joseph Scanlon and Fred Ducker. The assize court jury yesterday found Ducker guilty of manslaughter but recommended him to mercy.

The evidence of the witnesses and the prisoner showed that Ducker was sitting in Clarence Square along with a friend when Scanlon who was “sloppy drunk” came up to them and requested the gift of a cigarette. He held very decided views upon the question of Home Rule and Ducker differed. Scanlon suggested that they all go for a drink but Ducker refused and resumed the argument. Scanlon pulled out a roll of dimes and declared himself willing to back his opinions with a wager. Ducker told him to go away and gave him a push. He fell on the grass and Ducker walked away but returned in 20 minutes only to find Scanlon lying on the ground. Ducker was arrested. Scanlon died a few days later and Ducker was charged with murder. The grand jury reduced the charge to manslaughter. The crown

STEFANSSON PARTY ON BAILLIE ISLAND
Southern Wing of Expedition in Good Health, Ottawa Hears.

By a Staff Reporter.
OTTAWA, Oct. 16.—The naval service department today received a report from Dr. Anderson, who is in charge of the southern wing of the Stefansson expedition. The report, dated August 1, at Baillie Island, was brought down from the Arctic by the trading schooner Teddy Bear, and states that the party are all in good health and spirits. The expedition was setting a good start and valuable results were expected from the work.

Dr. Anderson said that the Marie Sached left Herschel Island on August 11 to establish depots along the west coast of Banks Land for the use of Stefansson, who proposed to land on this island during the coming winter. Dr. Anderson and the southern party left Herschel Island on the steamer Alaska and North Star on August 17. They met a considerable amount of ice between the coast and the mouth of the Mackenzie River, where they free water to Baillie Island, where they met the schooner Teddy Bear, of Seattle, Captain Joseph F. Bernard, spent the last two years in that part of the Arctic Ocean trading with Eskimos. Capt. Bernard reported an early opening of the ice this year in Coronation Gulf and off Victoria Land.

Dr. Anderson said that the expedition is establishing winter quarters in the vicinity of Cockburn Point. The next mail will come out this winter by northwest mounted police patrol from Dawson.

The department has received no word of the eight men lost from the other section of the expedition.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which to filter it from the blood and they become sort of paralyze and loggy. When your kidneys get sluggish and close your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, rheumatic of the weather is bad you have cloudy, full of sediment, channels often obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts, after breakfast, in a glass of water and your kidneys will then act fine. This famous salt is made from pure acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.
