## BORDEN VISIT CEMENTING RELATIONS WITH FRANCE CORDIALITY MOST MARKED

**Remarkable Demonstration of Friendship Attends the Presentation of Canadian Ministers to President Fallieres, Who Expresses Desire for Closer Trade—The Entente Cordiale Everywhere in Evidence.**

PARIS, July 29.—(C. A. P.)—Sir Francis Borden, accompanied by Hon. Messrs. Borden, Hazen, Doherty, Pelletier and Kemp, went to the Elysee at 5 o'clock. There the British ambassador presented the Canadians. President Fallieres' reception was most cordial. He referred to the existing friendship of France and England, and the traditional bonds uniting Canada and France, and hoped these would grow stronger in every way. He was sure his ministers would gladly expedite trade and other negotiations, and consummate any arrangement of mutual advantage to the two countries. Hon. Mr. Borden, speaking in French, thanked the president for his kind reception. French-Canadian came of a race which had a genius for the development of a country such as Canada. He hoped to see amicable relations with their mother country grow closer in every sense. Fallieres then chatted with the ministers, asking many questions about Western Canada.

Pelletier Stirs Enthusiasm. Previous to this at the British Chamber of Commerce, luncheon in the restaurant, Pre Catalan, Bois de Boulogne, Hon. Mr. Pelletier won unstinted applause by an eloquent speech. In the course of which he asserted the entente cordiale between England and France is no new thing amongst the two races in Canada. It was instituted by Macdonald and Cartier, and the good feeling engendered is the foundation of Canadian happiness and contentment. The entente cordiale has been in evidence in every Canadian cabinet since completion. He predicted the success of negotiations for penny postage between France and Canada. The luncheon was attended by a hundred people. President Bodington.

## COMMITTEE FOR TOWN PLANNING

To Be Composed of Civic Departmental Heads—Proposal is Favored by Parks Board.

A committee of the civic officials composed to prepare a comprehensive scheme of town planning which would meet all the needs of the city, was a suggestion made by Commissioner Chambers and which was adopted by the parks committee yesterday afternoon. Mr. Chambers claimed that under the present system reports were obtained from the civic officials as well as others which were not dealt with on the basis of any one unified plan. Large quantities of data were at the disposal of the various departments at the present time, he claimed, which if systematized into a uniform plan to provide for the future development of the city would be of a great deal more value. In a letter to the committee, Mr. Chambers commented upon the scheme as follows: "There can be no doubt of the necessity of this in order that the future expansion and development, and as each department in the civic service is more or less directly concerned in the different phases of this whole matter, I am of the opinion that the best and most satisfactory course now to be pursued would be to appoint the heads of the several departments a committee to prepare a complete plan and report thereon to the council for consideration. Such a plan and report would avoid the decided mistake of dealing separately from time to time with the features of town planning which are closely related or dependent upon each other and would provide the comprehensive plan which is essential for our future guidance." The committee were unanimous in endorsing the scheme, and the matter was sent on to be dealt with by the council on Monday.

## at the Judge Means

While legal authorities may differ somewhat as to the precise effect of the decision of the judicial committee of the privy council in the marriage case, these points appear to be clear. That, as the British North America Act stands, the Dominion Parliament cannot pass a law regulating marriages and giving its validity. That the sole right to enact such laws is vested in the separate provinces. That it is for the Quebec legislature to decide whether the marriage of Catholics in that province by non-Catholic ministers is valid as the law lords decline to interpret the laws of Quebec.

## CHURCH WON'T RUN FOR BOARD

Controller is Not Sure Yet Whether He Will Try for Mayorality—Not Committing Himself.

"Are you going to run for mayor next year?" asked The World of Acting Mayor Church, yesterday. "Well, I don't know whether I will or not. At any rate, I don't think I will be a candidate." Acting Mayor Church has sat continuously in the council for eight years, and is now the oldest consecutive member, since Ald. Chisholm retired. While he has not committed himself the general opinion round the city hall is that Controller Church will be a candidate for mayor next year.

## COUNTERFEIT BILLS IN HAMILTON

HAMILTON, July 29.—The banks today reported several more cases of counterfeit bills being presented by regular customers. It is believed from this that a clever gang has flooded the country with bogus \$1 bills. Dominion secret service officers are here trying to get some clue to the counterfeiters.

## ISLAND PROVINCE WELCOMES DUKE

Charlottetown, P. E. I., Gaily Decorated, Does Full Honors—School Children Join in Demonstration.

CHARLOTTETOWN, P. E. I., July 29.—(Can. Press.)—A royal welcome was given to The Royal Highnesses the Duke and Duchess of Connaught and Princess Patricia, on their arrival at Summerside, yesterday. They attended divine service, and this morning visited several black fox ranches in the vicinity of Summerside, leaving by special train for Charlottetown at 11.30. The weather was perfect and Charlottetown presented an appearance surpassingly fine, being gay with bunting and flags. On the train's arrival here the distinguished passengers were received by Gov. Rogers and Mrs. Rogers, and were escorted to the decorated and carpeted dais at the east end of the station. As they landed the roar of guns at Fort Edward was heard in a royal salute, fired by a detachment under command of Major Burke. A guard of honor, commanded by Major Leigh, and the mounted escort from Charlottetown Light Horse were on hand. Major Lyons read the address of welcome from the City of Charlottetown, cheered by School Children. After the governor-general had replied to the address, and after other features of the program were disposed of, the party drove to Government House. As they passed along Great George-street the school children stationed at a suitable point, gave a demonstration of flag-waving and cheering. Luncheon being over, the royal party drove to Victoria Park and were presented with an address on behalf of the provincial government by Premier Matheson, while his little daughter presented the duchess with a bouquet of orchids and roses. After this a large number of ladies and gentlemen were presented to the royal party, and then they returned to the D.G.S. Earl Gray.

## LIEUT. BECKER SENT TO TOMBS FIRST DEGREE MURDER CHARGE FOLLOWS HIS SUDDEN ARREST

**Officer Whose Dealings With Murdered Gambler Rosenthal Stirred New York Police System to Depths Was Taken Into Custody on Trumped Up Charge and Whisked Before Grand Jury Assembled in Night Session—Pleaded Not Guilty and Was Committed—Sudden Action Was Taken After Conference Between District Attorney and Men Held on Suspicion.**

NEW YORK, July 29.—(Can. Press.)—Sensational developments in the investigation of the murder of Herman Rosenthal, the gambler, who was shot down in front of the Hotel Metropole two weeks ago, came with a rush to-night, when Police Lieutenant Charles Becker, accused by Rosenthal, as his partner in a gambling house, was arrested, accused of participation in the killing, and forced to plead at once to a charge of murder in the first degree. Becker was arraigned before Judge Mulqueen, who had convened the court of general sessions at night for the purpose, and pleaded not guilty. He was remanded to the Tombs.

The arrest of Becker came as a sequel to the summoning together of the grand jury late to-day, a conference between District Attorney Whitman and Harry Vallon (Herman Valensky), Bridgie Webber and Jack Rose (Jacob Rosenzwei), three of the men under arrest in connection with the case, and their attorneys, and the appearance of several other witnesses before the grand jury.

EVENTS MOVED RAPIDLY. Events leading to Becker's arrest began to shape themselves late this afternoon, following the preliminary hearing of several of the men under arrest before the coroner. Sam Paul, leader of an east side organization, at whose recent outing it is claimed Rosenthal's killing was first discussed, was discharged. The others were held for a continued hearing. With their attorneys, Vallon, Webber and Rose were taken to the district attorney's office, ready to testify before the grand jury. Messengers were at once despatched for members of the grand jury, and the first night session of that body held within eighteen years was soon in progress. Rose, Webber and Vallon, it is stated, were the principal witnesses heard. Patrolman Brady and Patrolman William File, who were near the scene of the murder, also testified.

Becker was arrested at the Bathgate-avenue police station in The Bronx, where he has been on duty, on a charge of extortion. At the time no inkling of the more serious charge to be placed against him was given. Meanwhile the grand jury, which was then in session, had voted the murder indictment. The police lieutenant, who had been suspended by Commissioner Waldo after his arrest, was hurried before Judge Mulqueen, and thru his attorney entered the plea of not guilty.

any court would grant permission. Becker was then remanded to the Tombs, where he was locked up for the night. Attorney Hart accompanied him to the prison and remained in conference with him for 20 minutes. When asked if he had anything to say after leaving Becker, Mr. Hart replied: "No, there is nothing to say at this time. My client pleaded not guilty. He does not know who his accusers are or anything concerning the indictment. There will be nothing to say to-night."

## WEST LOSES ITS CATTLE

SERIOUS DECLINE IN INDUSTRY OF FOUR WESTERN PROVINCES, DISCUSSED AT WINNIPEG CONFERENCE. WINNIPEG, July 29.—(Can. Press.)—An important meeting was held at the C. P. R. depot this morning, to discuss the alarming diminution in the cattle industry in the four western provinces, and, if possible, to devise means by which the farmers may be induced to take up this neglected branch. The press was excluded. The meeting was called by the industrial department of the C. P. R., and was attended by Hon. Dunoon Marshall, minister of agriculture for Alberta; Dr. Rutherford, former director-general of the live stock commission for the Dominion; Dr. Bell, secretary of the Provincial Live Stock Association; J. J. Ferguson of Swift & Co.; Messrs. McMullin and Dennis of the Live Stock Association, and H. B. Arkell, representative of Hon. Martin Burrell, minister of agriculture.

## NE TEMERE IS STILL A LIVELY FEDERAL ISSUE

OPINION GIVEN AS TO WHETHER MARRIAGES OF CATHOLICS SOLEMNIZED BY NON-CATHOLIC CLERGYMAN ARE VALID, AND AIR IS STILL UNCLEAR—REMEDIAL LEGISLATION SPOKEN OF. OTTAWA, July 29.—(Special.)—The dominant opinion here in regard to the decision of the privy council on the marriage question is that the finding of the British law lords may not result in the elimination of this vexed question from Canadian politics. The reason for this opinion is that the privy council does not give any opinion as to whether marriages of Roman Catholics, solemnized by a clergyman of another church, are valid in the Province of Quebec. He holds that it is a matter for each province to decide whether such marriages are valid or not. Therefore, it is still doubtful whether the marriage of two Roman Catholics by a clergyman of another denomination is valid, according to the law of Quebec, and this is the crux of the whole question.

## TRIED TO ROB ARCHBISHOP

THIEVES WERE CUTTING THEIR WAY INTO PALACE AT QUEBEC, WHEN PRIEST APPROACHED. QUEBEC, July 29.—(Can. Press.)—A daring attempt to rob the archbishop's palace here has just been made public, and the police have been notified of the affair. The thieves, who made their attempt after midnight, were evidently familiar with the surroundings and gained entrance by the seminary, having secured keys, as all the doors, which had been securely locked the night before, were found to be unlocked after the burglars escaped. They secured carpenter's tools in a workshop in the seminary yard, and with these they were at work cutting a hole in the log of the secretary's office when they were surprised by Rev. Abbe Huard, who, hearing a noise, came down from his room to investigate the cause. At the approach of the priest the burglars fled.

## SIX SEVERELY WOUNDED IN RIOTING AT PORT ARTHUR

**Striking C.N.R. Coal Dock Laborers Tried to Prevent Men From Working and Desperate Revolver Fight Was Result—Chief of Police McLennan Is Among the Injured.**

FORT WILLIAM, July 29.—(Can. Press.)—A riot which resulted in the serious wounding of six persons and minor injury to many occurred in Port Arthur to-night. Chief of Police McLennan was laid out by a club in the hands of an enraged foreigner. F. C. Schittler received a bullet wound in the back. P. C. Peterson was badly clubbed, and three foreigners were wounded by bullets. A parade of striking Canadian Northern Railway coal dock laborers was held in the late afternoon, and at 7 o'clock pickets were placed at the Canadian Northern Railway crossing near the coal docks. Three pickets interfered with two men attempting to go to work. A crowd of several hundred quickly gathered and Chief McLennan, Sergeant Burleigh, and two constables went to the rescue. The attempt of the officers to arrest one of the pickets was the signal for the production of clubs. Blows fell fast and the first man taken by the officers was rescued by his comrades. When Chief of Police McLennan was laid low by a club a desperate struggle ensued, the police fighting over their fallen chief.

## CLAIMED HE HAD \$10,000 IN BANK

IMPOSTOR CROWNSTEIN HAD DEPOSITED \$1 WITH A BANK AND LATER RAISED IT TO SUIT FICTITIOUS STORY. BERLIN, Ont., July 29.—(Special.)—Abram Crownshten, now in Toronto Jail, the self-made Titanic hero, who circulated the story that he was about to receive a fortune for his heroism at the disaster, is the chief topic of conversation here. He had been working at a local rubber factory and went to work in fine clothes. He told his fellow-workers of his trip on the Titanic in coming over to Canada, but as to the accident he would ask to be excused, stating it was too horrible to relate. During his sojourn here he opened a bank account and deposited one dollar, securing the usual savings bank book. This he would display, also not content, to his acquaintances. To-day this same bank book shows a deposit of \$10,000, but upon examination one can see that all the figures are not the same handwriting, and the amount has been raised from \$1 to \$10,000. Max Rosenberg, a tailor, from whom Crownshten tried to obtain a suit of clothes on the strength of his story, last week had written to the press offering \$25 to a charity in the city if it was a charitable institution in the city if Crownshten's story was true. He now looks for a reward for exposing the imposter.

## WESTERN MAYOR HAS DISAPPEARED

ALEX. KNOX OF WETASKIWIN, ALTA., SAID TO BE DESIRED BY ABERDEEN POLICE. WETASKIWIN, ALTA., July 29.—(Can. Press.)—Mayor Alexander Knox of this city, having suddenly tendered his resignation, has disappeared. The mayor, it is said, received a private cable from Aberdeen, Scotland, where the police claim he is wanted under the Fugitive Offenders' Act. This information was given out to-day. According to the information from Scotland, Knox has been sought for the last two years, but it was impossible to locate him until recently. The mayor, on getting this news, it is explained by the police, left this city Thursday night last without notifying anybody concerning his destination. This same bank book shows a deposit of \$10,000, but upon examination one can see that all the figures are not the same handwriting, and the amount has been raised from \$1 to \$10,000. Max Rosenberg, a tailor, from whom Crownshten tried to obtain a suit of clothes on the strength of his story, last week had written to the press offering \$25 to a charity in the city if it was a charitable institution in the city if Crownshten's story was true. He now looks for a reward for exposing the imposter.

## NEED 50,000 MEN FROM EAST TO HARVEST WESTERN CROPS

CONFERENCE BETWEEN GOVERNMENT AND RAILROAD OFFICIALS AT WINNIPEG DECIDES THAT 11,000 MORE MEN ARE NEEDED THAN LAST YEAR—CUTTING WILL START ABOUT 10TH OF AUGUST. WINNIPEG, July 29.—(Special.)—At an important meeting of government and railroad officials held at the C. P. R. offices for the purpose of considering effective means of solving the harvest labor problem thruout the prairie provinces, it was decided that 57,000 men will be required to garner the crops of 1912 as against 46,500 in 1911. It is expected that the greater part of this enormous army of laborers will have to be recruited from the east. In their efforts to secure the men required, the railroad companies have decided to advertise extensively in the east for 60,000 hands. Cutting, it was concluded, will begin between the 10th and 15th of August, and will be general by the 20th thruout the grain-growing provinces. Pioneer Train at Winnipeg Aug. 10. It is planned to have the first special train of field laborers arrive in Winnipeg not before the 10th of next month, and the whole number of men required between that date and the 20th. Among those who attended the meeting at the C. P. R. offices were the following: J. Bruce Walker of Mantel, deputy minister of agriculture for Saskatchewan; Deputy Minister Bedford, Commissioner Stevens and R. J. Daly.

KEEP OUT!

"KEEP OUT!" used to hang as a sign on every factory door. The old idea of secrecy in business made it seem a crime to show outsiders processes, materials, and methods of manufacture.

Now the white light of publicity is being let in by those who depend on public favor for business profits and business growth. The "keep out" sign is disappearing from factory doors and the "welcome" sign is taking its place.

NEW CHAMPION OF THE WORLD

Ernest Barry of England Easily Defeats Richard Arnst of Australia on the Thames Course.

LONDON, July 28.—Ernest Barry, the English champion sculler, today defeated Richard Arnst of Australia in the sculling championship of the world. This was the first time in sixteen years that the world's sculling championship had been contested on the Thames. Richard Arnst, the holder of the title, started the race with the sculler, Ernest Barry, whom he had defeated on the Zambesi in August, 1910.

The contrast between the rival scullers, both in action and physique, could hardly have been greater. Arnst, standing 6 ft. 1 in., is so finely proportioned that he did not look the holder of a world's championship. Barry is more than 6 in. taller than Arnst and his arms and legs are more than 1 in. longer. Barry is more than 100 lbs. heavier than Arnst and his arms and legs are more than 1 in. longer.

4:30, but thought they had a chance to win the game thru the committee room, which they did. The rules state that the game shall be started later than 4 o'clock, but in the event of either team delaying the game for more than 20 minutes, they may be fined \$5. Under this rule Weston were entitled to a fine of \$5, and not the going to the game, for there is no rule stating that the game shall be counted a loss, except in the case of a default. It has cost the Weston Club a large amount of money to equip their team with playing outfits, and as they have also several season tickets sold for their home games, they have decided to finish the season with some kind of a team. The losing of this game together with the loss of the championship, is a heavy blow to the Weston club, and they are determined to come in next year with a better team, and to win the championship.

Cubs Lucky to Win Giants Beaten a Run

At New York—Chicago won its third straight game from New York. The score was 4 to 3 and the victory was a lucky one. In the sixth Herzog drove to centre a hit which ordinarily would have scored Becker and Merkle, who were on second and third, but it happened that the ball grazed the label of the umpire's coat. The result was that Becker and Merkle were ordered back to the bases they had just occupied, and Myers, the text batter, hit into a double play. Score: Chicago, 4 to 3; New York, 3 to 4.

At St. Louis—Boston, no game, rain.

At Brooklyn—Brooklyn made it three in a row with Cincinnati after a hot battle by 2 to 1. Rucker outpitched Humphreys and saved the game in the ninth, when he speared Clarke's hot grounder and threw Sean out going to third. Both sides batted brilliantly, causing most of the hits to be wasted. Sean made four

Two for the Biasons

BUFFALO, July 29.—Buffalo surprised the natives to-day by winning two games from Newark, the first half going eleven innings, the Biasons winning out on an error by Wagner and slugger by Beebe and Heimager, with none out. The second game was the Buffalo all the way. Schardt being found for seven runs in five innings, while Kogler's offerings were pounded to all corners. Scores: First game—Buffalo, 11 to 0; Newark, 0 to 4. Second game—Buffalo, 9 to 0; Newark, 0 to 12.

Newark Here To-Day

Scrappy Joe McGinnity and his bunch of Indians will be here this afternoon when they start a four game series with the Leafs. The Iron Man has not pitched since he beat Rochester three games and it would not be surprising if he took a hand at the ginsing to-day. Maxwell will do the heavy lifting for the Leafs. The plan for the game is on sale at 137 Bay street and 2 West King street. This is ladies' day.

MAHER'S MONDAY SALE

The auction sale at Maher's Horse Exchange yesterday was rather quiet. The attendance was very good, and a large percentage of those on hand were buyers, but they did not seem to be all inclined to rush business. Consignments were many, and the class of horses offered was up to an exceedingly high standard of quality, probably a little too fine for the intending purchasers. Prices asked and obtained were comparatively fair, the market having remained slow for practically the entire month. The prices asked in the country for horses are very high and dominant in the city market, keeping the prices up and the shipments low, and leaving the smallest possible margin of profit for the dealers.

A few of the buyers at the sale yesterday were: Vincent, Egan, city; McGreggor, city; T. H. M. Hulse, Aurora, Ont.; P. Mead, city; Joseph Bennett, city; G. Graham, city; R. Lowther, city; James Williamson, city; R. McKay, Dept. Park, Ont.; Adams Furniture Co., city (2); Bert V. Weese, Lindsay, Ont.; A. Richter, Hamilton, Ont.; Dominion Bakery, city; Dominion Express Co., city; J. J. Walsh, city; William Jenkinson, city; H. J. Darroch, city; Bennett & Abbott, city; R. Fairbairn, city; William Harris, city.

A large number of horses are still on hand for private sale, and the management report that at least one, and possibly two, carloads of fresh stock will be on hand for their auction sale at 11 o'clock next Thursday morning.

Three Straight Wins For Boston Red Sox

At Chicago—Boston made it three straight from Chicago, winning the game 2 to 0. The visitors took an early lead as a result of errors and wildness. Peters, who relieved Benz, was hit hard, while White pitched in fine form. Chicago bunched his club at Collins for a total of four runs before he retired in favor of O'Brien. Score: Boston, 2 to 0; Chicago, 0 to 2.

At St. Louis—St. Louis, white and black, Collins, O'Brien and Carigan. At St. Louis—St. Louis, white and black, Collins, O'Brien and Carigan. At St. Louis—St. Louis, white and black, Collins, O'Brien and Carigan.

**TUESDAY MORNING, JULY 30, 1912**

**OUR CONSTITUTION**

The British North America Act (which is the constitution of the Dominion of Canada) has developed, after forty years' experience, a number of faults.

It permits an unfair raiding of municipal and provincial rights by Federal authority.

It denies to Federal authority the making of a uniform marriage law.

It has other weaknesses, too, not to a surprising extent, considering that it was designed for a very complex situation.

It must be amended in the respects complained of either by the Imperial Parliament, or the Canadian Parliament, must assume the function of revising it.

Written constitutions are not a success. A free parliament, unlimited in its authority, like the British Parliament, should be our ideal.

Our people will not stand for a marriage law that affects the peace and welfare of any citizen, made by an authority outside of and foreign to our people.

Canadian investments and Canadian exports have been recently subjected to some unfavorable criticism. It is not of general application, but the fabric of British confidence can be easily affected in spots, which, like a canker, extend to the portions that are sound and not of themselves open to attack.

Notes, being practically a government issue. These notes are secured by a deposit of government bonds and other securities, the general assets of the National Bank are never impaired or diminished by the obligations of the currency, under this system, if the bankers are to be believed, is insular, and when a financial flurry or panic is sighted a currency famine ensues.

The Democratic platform suggests that greater elasticity of the currency might be secured by the government depositing money in a greater number of banks and in every part of the country. At present the government hoards up the bulk of its money in the various sub-treasuries, only placing money in those banks which guarantee its return by a deposit of government bonds.

The prejudice against banks issuing notes on the security of their own assets is long standing and deep-seated. The people first destroyed the big United States Bank, established by Alexander Hamilton, and subsequently by a ten per cent. tax on circulation, made it impossible for the state banks to issue notes. Since the civil war there has been at various times a persistent demand for more money—for more greenbacks, for free silver, for a government issue based upon deposits of grain—but never for currency to be issued by the banks.

The objection to the government going into the banking business is countered by an objection to the banks going into the business of government. The dispute turns upon the question whether it is the business of the banks or the business of the government to furnish a circulating medium of exchange for the people. Perhaps it is the business of both, but the tendency in the United States is to retain in the hands of the government complete control of the currency.

"Hamilton pastor says hell is no myth," the papers announce. Is this a reflection on Hamilton by a man who has to live there?

**"BREAD OR BULLETS."**  
Editor World: Your article "Bread or Bullets" in to-day's issue, on the strike situation, is as the wisdom of Solomon on the braying of Balaam's ass, when compared with the utter rubbish served up to us on the same subject by The Evening Telegram. Many thanks. A Workingman.

**BUILDING DOWN-TOWN STATIONS**

Convenient Location of Canadian Northern Depot at Belleville. This is an age of speed. Surely you have noticed how everybody rushes at the first street car. It doesn't seem to matter that it is crowded and that another only party filled is following; the people want to get there. They rail at the straps, but attach themselves hereto, in the same way. It is habit. Like the wise people they are, the men who are building new railways to-day consider as a first necessity the construction of a central station. In every good-sized community, this is what the Canadian Northern Ontario is doing. Take the City of Belleville for instance. When the C. N. R. were building through to Ottawa and Montreal they decided to locate their Belleville station as close to the business, hotel and residential districts as possible. Accordingly, a modern and commodious edifice was rearer down by the city park, within a stone's throw of the city centre. It is a pleasure to travel to Belleville over this line. The passenger all the way from Toronto enjoys the comforts of cool, luxurious equipment. Every need of the traveller is supplied. He alights at the beautiful old city on a station platform where the cool lake breeze blows. The lake and bay are within easy view, and after that, the short walk uptown is a pure pleasure.

Toronto people who are going to Belleville in the near future would be well advised to inquire at the city ticket office, corner King and Toronto streets, about this route. There is a solid vestibuled train leaving Toronto Union Station at 9:30 a.m. and another at 5:40 in the evening every day except Sunday. On both of these a caterpillar car is carried. And there is a special train, which leaves the city at 2:00 o'clock on Saturday afternoon only. Surely a convenient service this.

**FREEDOM WAS SHORT**  
Wm. Flynn Escaped From Central and Was Caught Soon After.  
William Flynn, a prisoner at Central, with but 12 days to run of a 23 months' term, escaped from that institution yesterday morning. No. 8 station was notified and P. C. Wallace sent after the runaway. After an exciting chase, he corralled his man, who was taken back to the jail.

**REMEDIAL LEGISLATION MUST COME FROM OTTAWA**  
Peterboro Review: Helpless as the Ontario municipalities appear to be under this decision, the people are not without hope. The present Dominion Government may be depended upon to right the wrongs and straighten out the injustice by repealing all such charters and restoring to the province the control of such corporations as the Toronto Electric Light Company.

**FORTUNE TELLER ARRESTED**  
Zena May, a fortune-teller, 46 West Queen-st., and John Manson, 169 Arthur-st., also a fortune teller, appeared in the police court yesterday charged with a breach of the law. Two local detectives were the complainants. Both cases were remanded until Aug. 6.

**PROVINCES HAVE POWER TO VALIDATE MARRIAGES LAW LORDS SO DECIDE**

**Dominion Parliament Lacking in Authority Under B. N. A. Act to Pass Uniform Law—Judgment Upholds Supreme Court and Goes Further—No Discussion as to the Meaning of Quebec's Civil Code.**

LONDON, July 29.—(C. A. P.)—The marriage case judgment to-day in effect is to confirm the answers given by the four judges of the supreme court that the bill was ultra vires. Their lordships expressed the opinion that the provincial legislature in legislation on the solemnization of marriage within the province could impose conditions affecting the validity of the contract, concerning question two, their lordships considered it superfluous in view of the decision arrived at on one constitutional question.

Lord Chancellor Haldane opened by reciting in full the questions submitted by the government of Canada to the supreme court. The lord chancellor said the cases were as follows: **Points to be Decided.** Question 1—(a) Has the parliament of Canada authority to enact in whole or in part, bill No. 3 of the first session of the 19th parliament of Canada, entitled "An Act to Amend the Marriage Act?" (b) If the provisions of the said bill do not fall within the authority of the parliament of Canada to enact, which, if any, of the provisions are within such authority? Question 2—Does the law of the Province of Quebec under which a Roman Catholic priest a marriage which would otherwise be legally binding, which takes place in such province, (a) between persons who are both Roman Catholics, or (b) between persons one of whom only is a Roman Catholic?

The lord chancellor continued: "The answer to these questions turns on the construction to be placed on sections 91 and 92 of the British North America Act of 1867. Section 91 of the Dominion Act makes laws for the peace, order and good government of Canada in relation to all matters not coming within the classes of subjects which, by the act, are assigned exclusively to legislative authority of the parliament of Canada. Section 92 of the Dominion Act deals with the enumeration of subjects of which the provinces are to exercise the legislative authority. Section 92 of the Dominion Act deals with the enumeration of subjects of which the provinces are to exercise the legislative authority. Section 92 of the Dominion Act deals with the enumeration of subjects of which the provinces are to exercise the legislative authority." **Construction Not Difficult.** There is no greater difficulty in putting on the language of statute this construction than there is in putting on the language of statute this construction which has been contended for. Both readings of the provision in section 92 are in the nature of limitations of section 91. The words "peace, order and good government" are to be construed in the sense in which they are used in the preamble of the act.

**It's Serious," Says Judge Idington**  
Privy Council Decision Throws Marriage Question in Quebec into Hands of Legislature. OTTAWA, July 29.—"A very serious matter," was the comment of Hon. Justice Idington, one of the supreme court judges, who ruled on the marriage reference when it was referred to that body. "It shows the whole thing into the hands of the local legislatures. The judgment evidently upholds the view of the majority of members of the supreme court, that power in this matter rests with the provincial legislatures. My own judgment, you will remember, took the other view, that where the local legislature failed to provide a means of marriage of any persons, the Dominion Government had power."

**A Bad Heart, Its Cause and Cure**  
Many, Firmly Convinced They Are Dying of Heart Trouble, Have Often the Strongest Hearts.  
Sometimes you wake up at night, heart throbbing like a steam engine. Your breathing is short and irregular; pains shoot through the chest and abdomen; and cause horrible anxiety. Your trouble lies with the heart at all. These sensations are the outcome of indigestion, which has caused gas to form on the stomach and press against the heart.

**Trainmen Must Not Drink**  
NEW YORK, July 29.—(Can. Press)—As a result of an investigation conducted by the Delaware, Lackawanna & Western Railroad, following the recent disaster at Corning, N.Y., an order was issued to-day by the employees of the transportation service forbidding the use of intoxicants, either while off or on duty.

**KINGSTON OLD BOYS' REUNION.**  
KINGSTON, July 29.—(Special.)—Ideal weather favored the "old boys" program to-day. The Toronto delegation had a big time. There was a big program of sports, with flag raising at Macdonald Park. An interesting feature of the addresses delivered by Kingston and visiting old boys was the giving of reminiscences of olden days.

Mayor Geary Thinks Loan is Satisfactory

LONDON, July 29.—(C. A. P.)—Mayor Geary of Toronto, interviewed by the Canadian Associated Press this morning with regard to the Toronto loan, which he with Mr. Coady, the city treasurer, came over to place, says that "after obtaining all information and carefully considering same in light of advice given, it was decided not to be in the best interests of the city to accept any of the suggestions made as to price for an issue. The market is glutted with Canadian securities and is, in addition, in a very bad condition, as evidenced, for example, by the low price of consols. It is generally hoped that matters will improve within a year and therefore we obtained a temporary loan and have been successful in securing five millions for one year at four and a half per cent. discount. This arrangement is a very advantageous one, especially in view of the high rates paid for other similar issues."

**TOURIST TRAFFIC HAS INCREASED**  
District Passenger Agent of G. T. R. Says Ontario Watering Places Are Becoming More Prominent.

Although there has been a complaint made by the other railroads that the tourist business this season is far behind the average, the Grand Trunk Railway have quite another view of the matter. In speaking of the tourist business District Passenger Agent A. E. Duff of the G. T. R. stated that so far as Ontario was concerned, his railway had a substantial increase in the number of tourists carried this season. This was not only true of a few of the resorts, but was the case, with out exception, of every summer resort touched by the G.T.R. throughout the province. The influx of American tourists to Canada is less than in former years, the good name of the Ontario resorts as excellent summer vacation places has spread through the United States to such an extent that, as far as the G.T.R. is concerned at least, Ontario is more than holding its own even the resorts in the other Canadian provinces.

**A SCHOONER OF BEER**  
NEW YORK, July 29.—(Can. Press.)—The entire cargo of the steamer Maitland, which arrived at quarantine to-night from Bremen was beer. There were 2,583 barrels of it assigned to large New York importers.

**House and Barn Burned.**  
WELLAND, July 29.—The house and barn on the Henry farm, eight miles west of here, which was lately purchased by David Bald of Welland, were burned, together with contents, last night. The cause is unknown, although incendiarism is suspected. There was no one at home, as Mr. and Mrs. Bald reside in Welland. The loss is partly covered by insurance.

**KINGSTON BOY KILLED BY G. T. TRAIN**  
KINGSTON, July 29.—(Special.)—Howard Downey, aged fourteen, son of Joseph Downey, died in the Hotel Dieu this afternoon as a result of injuries received on the Grand Trunk Railway. With three other lads he boarded a freight near the outer station. Downey lost his hold and fell under the train, both legs being cut off. He lived for several hours and was conscious up till the last, telling the story of the accident to his aged grandmother, who was at the bedside.

### W.A. BROWNE, SURVEYOR, DEAD

#### Dry Dock Accommodation is Retired From Work Year Ago, Causing Considerable Worry After 45 Years' Activity—Passengers Go Aboard the Virginian, Father Surveyor Here Years Ago.

William Albert Browne, one of the most widely known Ontario land surveyors, died yesterday at his home, 62 Brunwick-avenue, after an illness of 15 months' duration. He was 68 years of age. Mr. Browne was forced to retire from active work about a year ago. He was at that time in partnership with his brother W. H. Browne, 18 Toronto-street.

The late Mr. Browne was a surveyor in this city for about 45 years. He was born in England, but came to Toronto at the age of 10 years. His father, the late J. C. Browne, was also a surveyor here many years ago.

He was a member of St. James' Anglican Church for 30 years, during which time he held many offices. He was church warden for six years and also held the office of secretary-treasurer of the Sunday school for a long time.

He is survived by a widow, Lillian C. Browne, two sons, Harry C. and William Herbert, and two daughters, Florence and Lillian, all of Toronto. The funeral takes place to St. James' cemetery on Wednesday, after a service at his late residence and the church.

### When a Woman is Tired

Preparing meals and dainty luncheons in an Electric Chafing Dish is a pleasant pastime compared to bending over a hot stove or gas range. Many a woman finds it relieves her of a great deal of irksome kitchen labor during the summer time. It will cook anything it will hold—rarebits, chops, soups, stews or anything that a tryingpan will cook. And with its operation is so simple. Just attach cord and turn button. Come in and see it work at our demonstration.

### LIVES NOT SAFE IN JAIL CELLS

#### "Squealers" Feared Return to Tomb—Rose Alleged to Have Made Damaging Confession.

NEW YORK, July 29.—(Can. Press)—The gamblers, whose statements are said to have caused the indictment of Becker, pleaded with the officials not to be taken back to the Tombs tonight, declaring they would be killed if returned to their cells. "Agents of the police department," they asserted, "would make war with us in retaliation for our testimony if we were returned to the prison." So real was their fear that they were allowed to sleep in the criminal courts' building under the guard of eight detectives.

The greatest secrecy was maintained as to the admissions made before the grand jury by the three men, who have been held prisoners for some time in connection with Rosenthal's murder. It is asserted, however, that Rose told off practically being forced to arrange the killing of Rosenthal under threats of being forced to arrange the killing of Becker.

### BRITAIN MOURNS MIKADO'S DEATH

LONDON, July 29.—(Can. Press)—The London morning papers offer deep sympathy, as a national ally, to the Japanese people in the death of the emperor. While admitting the difficulty of estimating precisely the amount of influence Mutsuho exercised in the making of modern Japan, or whether the spirit of ancient Japan has changed as much as might be supposed by the developments of the present generation, they do not anticipate a serious change of policy under the new emperor.

The Daily Telegraph says that the death of the emperor is an event of world-wide significance, but will have no untoward influence on the Anglo-Japanese alliance.

### Churchill Not Likely to Come Ottawa Dubious

OTTAWA, July 29.—(Special)—The probability of a visit from Rt. Hon. Winston Churchill, first lord of the British admiralty, as a result of an invitation purporting to have been extended to him by the Canadian Government, is not given much credence in official and well-informed circles here.

While it is quite possible and probable that Premier Borden extended Mr. Churchill an informal or unofficial invitation to come to the Dominion, those who are familiar with the trend of politics in the old land at the present time incline to the reasonable belief that it will be quite impossible for the first British sea lord to leave England and his pressing duties this coming winter. The home gule bill will not be thru the committee stage until the latter part of October, and then the Welsh Church disestablishment and reform bill will be on.

These considerations, quite apart from the ordinary work of the first lord of the admiralty, make the suggested visit to Canada a very remote likelihood.

### MASSEY MORRIS DEAD

Late Manager of Head Office of Bank of Commerce Succumbs.

Massey Morris, after a lingering illness extending over two years, passed away on Saturday evening at his residence, 123 Park-road.

In his 53rd year, he was until his illness manager of the head office branch of the Canadian Bank of Commerce. He was born in Lennox, Que., where he received his education, and entered the service of the bank when in his early twenties. He served the bank in various positions, and was given positions in London, Ontario, and Chicago. From the United States, Western branch, Mr. Morris was appointed to his first management at Seaforth, Ont., which he occupied for a long time. Then he was transferred to Toronto, where from inspector he was appointed assistant manager to Mr. John C. Kemp, and on September 1st retired, he succeeded to the position.

### DARROW DENIES STORY

LOS ANGELES, July 29.—Clarence S. Darrow, on trial for alleged jury bribing, took the witness-stand in his own behalf to-day. In the brief time he was on the stand Darrow contradicted testimony by George Behm and Bert Franklin, which had been considered damaging to his case.

"I had no conversation at any time in reference to getting McManigal to change his testimony," said Darrow emphatically, and I never gave him any money for that purpose.

"Did you hear Franklin say," asked Darrow's counsel, "that the first time you ever spoke to him concerning the bribery of jurors was on Oct. 5, and that on the succeeding day, Oct. 6, you gave him a cheque for \$1000 for such purpose?"

"Yes."

"What was that?"

"I had no such conversation with Franklin," said Darrow, "nor did I give him any cheque on Oct. 6 for any purpose. I did give him a cheque for \$1000 on Oct. 4, and I think I gave him the next cheque about Oct. 18. These cheques were for the expenses of his officers."

The defence promised to produce at the resumption of the trial to-morrow morning the cheque for \$1000 given Franklin on Oct. 4.

### STRIKERS STUBBORN

LONDON, July 29.—The refusal of the dock strikers in London to obey the manifesto issued by the strike leaders on Saturday declaring the strike at an end after it had lasted ten weeks, was given practical effect to-day, when the long lines of men, who were yesterday very few in number, have entered the dock gates to continue to work through the strike. These men appear in their usual numbers, and as they look on at the strikers' pickets who are still in the number of strikers.

All the unions concerned have advised the dock workers to resume work as from a quarter of eight to-morrow. The strike committee has accordingly issued a Saturday declaring the strike at an end and favoring resumption. The situation, however, declines to return.

Adjourned Demand Inquest.

An inquest was opened yesterday afternoon at the morgue building, into the death of George Demond, who died from injuries received when he jumped from a Queen-street car last Saturday afternoon. Coroner G. W. Graham had a jury viewed the remains, then adjourned the inquest until August 1. Demond died in St. Michael's Hospital.

### LOAN SHARKS ARRESTED

NEW YORK, July 29.—(Can. Press)—The crusade against alleged loan sharks was renewed to-day, when a squad of detectives arrested four men and two young women, all charged with violating the banking laws. One of the men taken was Daniel H. Tolman, who, the police allege, has four loan offices in this city and 86 other offices throughout the country. The prisoners were taken to the district attorney's office.

Tolman made a scene when arrested and defied the officers. A warrant was issued for Tolman's arrest, but he was released on his own recognizance when he was released on his own recognizance when he was released on his own recognizance.

### KATSURA'S MISSION A FAILURE?

LONDON, July 29.—The Pekin correspondent of The Daily Telegraph says it is reported in official circles there that Prince Katsura's mission in St. Petersburg has been a failure, the prince having accomplished absolutely nothing.

The same correspondent says that about 100 Koreans have been arrested in Manchurian and Mongolian towns on suspicion of having conspired against Prince Katsura's life.

of the Chamber of Commerce, Sir Francis Bertie on his right, and Hon. Mr. Borden on the left. There was but one voice, he declared from the rostrum that joined the voices of Great Britain, and it was powerful enough to endorse the respect of those who mend the imperial heritage. (Loud applause.)

Harmony Ensures Future.

Hon. Mr. Borden said the relations of Canada, Great Britain and France were eminently satisfactory. He was happy in this knowledge. When he and French and English in Canada were working in harmony for the country's development with earnestness, patriotism and mutual devotion, the audience broke into loud cheers.

Canada was master of her own destiny with the co-operation of her constituent races would make her a great powerful nation, an inspired example of traditions of Great Britain and France. (Loud cheering.) Everywhere in Canada the relations of these two countries were hailed with deepest satisfaction. Any action taken by Canada with regard to the navy would strengthen the ties between both mother countries and the overseas off-spring. (Renewed cheering.)

Tribute to Acadians.

Hon. Mr. Doherty and Hon. Mr. Hazen also spoke, the latter winning loud applause by his reference to the evolution and prosperity of Acadians, composing 20 per cent. of the population of New Brunswick, than whom there were better people. He expected to succeed in satisfactorily adjusting the shipping regulations between France and Canada.

### SUFFRAGETTES MUST PAY

Window Smashing Decision May Mean Serious Consequences.

LONDON, July 29.—A local tradesman, the windows of whose store were smashed in one of the suffragette riots, was awarded \$75 damages and costs by Judge Woodfall in the Westminster County Court to-day.

The suit was brought against Mr. and Mrs. Pettie Lawrence, joint editors of Votes for Women, and Mrs. Emmeline Parkhurst, an officers of the society which organized the disturbance. The defendants did not appear in court.

This was the first of a large number of suits which an insurance company has instituted against the defendants, and if the county court judge's decision be upheld by the higher court, the defendants will be mulcted in enormous damages.

### REPTILE ATTACKED GIRLS

Six Foot Snake Lands Into Midst of Ladies.

PRESBOTT, July 28.—To be attacked by a six-foot snake was the experience of the two Misses Hicks and their father, Frank Hicks, while boating at Oxbow, N.Y., on Saturday afternoon.

While passing under a clump of long grass, which hung over the water, the reptile either fell or jumped into the boat. The women stood up at once, while Mr. Hicks attacked the snake with an oar. It struck at him and the women and in their excitement they overturned the boat. They managed to reach the shore in safety. The Misses Hicks were both in an agitated condition when they landed after their unpleasant experience.

TORONTO IS 10TH IN BANK CLEARINGS

Toronto fell from ninth to tenth place in the record of bank clearings on this continent, the decrease of approximately half a million dollars in the clearings here, compared with the previous week, permitting Kansas City to forge ahead for the first time in some weeks. Up to a few months ago Toronto was lodged behind the Missouri city.

BANK STOCK SCORES RISE IN MONTREAL

MONTREAL, July 29.—The week opened on the Montreal stock exchange with practically no change in the dullness which marked the conditions throughout the latter half of last week. The flurry in Hochelega Bank shares in the afternoon, causing the price to rise from 17 1/2 to 18, was the only price movement of interest.

ABOUT BONDS

Bonds, from the standpoint of security, are the premier form of investment. There is an impression in some quarters, however, that the smaller rate of interest a bond yields the greater the security, and that the conservative investor must necessarily be satisfied with a very small return on his money.

Other bonds, with equal security but not so well known to the public, pay a higher rate of interest, and we are often able to offer such bonds to our customers, after having, by a personal and thorough investigation, satisfied ourselves of the value of the property upon which they are a mortgage.

Bonds are offered for sale by this Corporation only after having undergone the most searching investigation as to their safety.

REAL CRISIS IS HANGING OVER BRAZIL

In view of the large amount of Canadian capital interested in Brazil, the political and economic crisis in that country at the present time is attracting a good deal of attention. Commenting on the situation, the Rio de Janeiro correspondent of The London Economist says that conditions in Brazil are not by any means as satisfactory as is generally imagined.

C. P. R. PILES UP EARNINGS

Increase in Net for June was \$831,000 and for Twelve Months \$6,600,000. MONTREAL, July 28.—C.P.R. gross earnings for June were \$1,311,357; operating expenses, \$7,647,736; net profits, \$2,888,662.

ASQUITH'S LIFE ONE OF ANXIETY

Suffragists Have Sworn to Kidnap His Favorite Son—Other Ministers Are Terror Stricken. LONDON, July 28.—The sorrows of the mighty are resting heavily on Mr. Asquith, whose life is one endless chain of anxiety and who, next to the Czar of Russia, is probably the most worried man in Europe to-day.

DOES DISSOLUTION PAY, THEN, AFTER ALL?

NEW YORK, July 28.—The old stock of the Standard Oil Company, of New Jersey, which includes all the subsidiaries, sold on the curb to-day for \$1000 a share, a high record price. At this figure the market valuation of the old company is \$1,000,000,000.

NOTICE

On July 13th the Canada Moving Pictures, Limited, offered for sale \$25,000 worth of treasury stock at \$1.00 per share, and although only fifteen days have elapsed since the initial offering of this stock, the Company has realized from the sale of same sufficient funds to enable them to acquire four theatres, all of which are now being operated by the Company, and are as follows:

- BRANCH NO. 1—THE COMIQUE, located at 279 Yonge Street
BRANCH NO. 2—THE COSMOPOLITAN, located at 324 Yonge Street
BRANCH NO. 3—THE STANDARD THEATRE, located at 482 Queen St. West
BRANCH NO. 4—CHILDS' THEATRE, located at 324 Queen Street West

all of which have been acquired and are now being operated by Canada Moving Pictures, Limited, these houses having a combined seating capacity of about 1500, and are located in the most prominent sections of this city.

The very fact that it has been less than three weeks since this Company was incorporated, and during this time has acquired and has in operation four theatres, illustrates the rapidity of this Company's progress, the Directors having lost no time in exercising the options held by this Company as fast as the proceeds were received from the sale of its stock, and as quickly as the balance of the stock is sold and the money received from the sale of same, this Company will acquire additional theatres, the intention being to have at least twelve moving picture theatres in Toronto in operation within the next six weeks.

The Canada Moving Pictures, Limited, will only include in its circuit theatres where success is unquestioned and profits accrue daily in order to be in a safe position to carry out its intentions to distribute monthly dividends.

EARNINGS

With six theatres in operation, the Company confidently expects to pay 7 1/2 per cent. per month on its issued stock, for all of the monthly net earnings will be declared in monthly dividends less 25 per cent., which will be held as a reserve fund to acquire additional theatres, it being the intention of the Company to have at least one hundred theatres in its circuit within the next six months.

JUDGE FOR YOURSELF

As the nickels and dimes pour in at the box offices, you will become absolutely convinced as to the merits of this enterprise, and the opportunity as to the regular distribution of profits among the shareholders. Do not delay if you wish your finances to earn the largest profit ever offered. Only a limited amount of stock now remains at \$1.00 per share, and unless your application is filed with the Company's Fiscal Agents within the next few days, it will mean an excellent opportunity lost.

Every person has an equal chance to closely investigate this enterprise before purchasing a stock ownership in the Canada Moving Pictures, Limited.

BE FAIR TO YOURSELF

Remember, the profits of this Company will increase as more playhouses are added to the circuit, and if your application for stock is not received before the present offering is exhausted it will be yours and not our loss.

SHARES

In order to give as many as possible an opportunity of purchasing this Company's stock, it has been decided not to sell over \$1000 worth to any one person, or less than \$25 worth. In making your application for stock, please fill out the coupon attached hereto, writing your name and address plainly, and mail it at once.

Queen Victoria's Early Journals

King George Has Given Permission for Their Publication—Diary Most Complete. LONDON, July 28.—(Special.)—The King has given permission for the publication of Queen Victoria's Early Journals, and Mr. Murray announces them in two volumes, with an introduction by Viscount Esher.

BIRTH OF A STORY.

Ever since "The White Waterfall" by James Francis Dwyer was published, various people have been telling various stories of how the book came to be written. Some have declared that the story, which is told in the first person by Verrius, the mate of the good schooner "The Waif," is a part of Mr. Dwyer's own personal experience, while others have said that Mr. Dwyer had given the story of another wanderer in the South Sea, whom he met in Australia shortly before coming to this country.

THEY WAY DOWN THRU THE BARBARY COAST

They way down thru the Barbary coast, along the docks, and to the head of the Mission-street pier where they found a schooner swinging gently at her mooring lines. "Here," said Dwyer as he snuffed the air. "Do you remember that smell?" "Rotting pearl shells," said his companion. "She's in from the old trail!" "Pearl shells, yes," answered Dwyer, "but in spite of the pearl shells it smells of Levuka."
