## DESPERATE FIGHTING BY GERMAN FAILS TO STOP ALLIED ADVANCE

### IMPORTANT BRITISH GAINS ON FRONT AT VALENCIENNES

Attacking Forces Push Forward More Than Two Miles, Capturing Villages and Taking 9000 Prisoners and 150 Guns.

With the British Army in France and Flanders, Oct. 25.—Further important gains were made today by the British first and third armies in their enthusiastic circling drive about Valenciennes. South of the invested city the allied attacking forces pushed forward more than two miles, capturing Querening and Sempéries, while on the north Odomes was taken.

made prisoner and 150 guns have been captured by the British in their attacks against the Germans, according to Field Marshal Haig's communication issued tonight. South of Valenciennes the British have reached the entire railway line on the front between Lequesnoy and Maing. The text of the communication follows: "We have continued our advance on the battlefield south of the River Scheldt. "We have captured Sempéries and Querening and reached the line of the Lequesnoy-Valenciennes railway from the northwest of Lequesnoy to the east of Maing.

the enemy rear guards from the Villages of Brulle and Burdon. In the continuation of their forward movement south of Valenciennes, the British today captured Les Tuilleries, east of Solesmes. The British were close to Lequesnoy this morning after stiff fighting in which the Germans suffered heavy losses. There was very stiff fighting on both sides of Les Tuilleries, toward La Coupe gorge and over the high ground to the northwest. Mormal Forest is invested with Germans and machine guns, but the British artillery is searching it with high explosives and gas shells. The enemy continues to fight stubbornly against the third and fourth armies, but as the British drive him from his prepared defences, they follow him up so closely he gets little chance to rally. As a result his opposition grows more desultory.

### FRENCH ENCOUNTER STOUT RESISTANCE

Have Occupied Villers-le-Sec, and Battle is Still Raging Fiercely.

#### A STRONG POSITION

Gen. Debeney's Men Are Attacking From Ribecourt to Serre Valley.

With the French Army in France, Oct. 25.—Gen. Debeney's attack between Mont D'Oigny and the valley of the Serre is meeting with very stout resistance. The battle was raging again fiercely this morning around Villers-le-Sec, which was occupied by the French troops. The Germans have brought up three fresh divisions in this sector in the past few days and appear determined to dispute possession of every foot of ground. They are particularly favored by the character of the terrain, which is very broken, furnishing strong natural obstacles which the French find it difficult to overcome by adding field fortifications upon which they have been working for the past four weeks. The position Gen. Debeney's men are attacking from Ribecourt south-east to the Valley of the Serre is called the Hermann position by the Germans. Considerable of its general characteristics has been learned from captured orders and the reports of aviators. This is supposed to have the same strength as the Hindenburg line, but is sufficiently strong to permit of a stout defence. Behind this line, again, there is an extension of the Hindenburg position in front of which the Germans no doubt will retire when the present battle is finished.

### FRENCH GAIN AT ALL POINTS AGAINST STRONG RESISTANCE

GUIDED BY GUERRILLA BANDS—SERBIANS CONTINUE ADVANCE

Food Problem Difficult, But Army is Within 80 Miles of Belgrade and Teuton Retreat Made Costly.

With the Allied Armies on the Serbian Front, via Salonica, Oct. 25.—The Serbians, supported by French cavalry, north of Nish, are continuing to advance with Belgrade eighty miles distant. The food problem with any army but the Serbian would be difficult. The Serbians advance whether they are fed or not. The Serbians are being aided by guerrilla bands who hid in the mountains early in the war and are making their way down from the heights to cut off portions of the enemy struggling in the rear. It is evidently the desire of the Austro-Germans to evacuate Serbia as quickly and as cheaply as possible. But their retreat is being made costly by the Serbians.

More Than 2000 Prisoners Taken and Strongly Organized Positions Wrested From the Enemy.

Paris, Oct. 25.—The French today advanced their line at all points, despite the most stubborn resistance of the enemy. More than 2000 prisoners with cannon and machine guns were captured, according to the official statement issued by the war office tonight. The communication shows that French patrols have crossed the Danube River, and invaded Rumania, near Lompananka, defeated German detachments, and taken prisoners. The text of the statement follows: "Between the Oise and the Serre our attacks are continuing with success. Our troops have greatly increased their advance north of Villers-le-Sec, and have captured the Perrieres farm. Between Villers-le-Sec and the Perrieres farm we have taken strongly organized positions, despite the resistance of the enemy, who counter-attacked vainly several times. Up to the present we have counted 800 prisoners. "On the Serre front we have succeeded in crossing the river, and between Crecy and Mortiers have established ourselves on the north bank of the river on a width of more than one kilometer. "East of the Souche, violent combats gave us important advantages. We have advanced our line in the neighborhood of Caumont Farm, east of the Vesle, and the Villages of Caumont and Pierrepont are in our hands. We have counted more than 250 prisoners. "Extremely violent fighting. "During the day the battle assumed an extremely violent character. Between Sissonne and Chateau Porcien this morning after strong artillery preparation, our troops, supported by tanks, attacked the powerful organizations of the enemy that oppose us in this region. To the left we succeeded in making some progress in the woods around the 'Sissonne-la-Selve road. "To the east we have conquered by hand-to-hand fighting St. Quentin-le-Petit and have reached the road connecting this village with Banogne and Recourvaux and the southern outskirts of the latter place. The hamlet of Recourvaux is in our possession. "On our right we have penetrated the enemy position along Combe aux-Herpy and Hill 145 and have taken a footing in the Herpy mill. In all this region the enemy resistance was particularly stubborn. We took more than 2000 prisoners and captured nine cannon and numerous machine guns. "East of Reihel we have completed our success of the morning in the region of Amby and Fleury. One hundred and five prisoners, of whom six are officers, among them a chief of battalion, have been taken. "In the course of incursions of the north bank of the Danube, French patrols have inflicted losses on German detachments and taken prisoners. "Belgium.—On the front of Parscel-Karalievo, allied forces continue in pursuit of the enemy, who is retreating to the north. Two hundred prisoners have been taken. "Belgium.—The operations of the army groups in Flanders continue favorably. On the Belgian front the enemy has shown some activity with artillery and machine guns. "This morning, on the French right and the British left in local attacks between the Lys and the Escaut River, east of Courtrai, the French troops in spite of stubborn enemy resistance took the Zulte plateau and are in the outskirts west of Zulte. Afterwards they conquered the Bismpoort farm and advanced their front on the road between Wassegem and Anghem. British troops have captured Enghien and Oetghem and have continued their progress toward the Escaut. "Archaël front, Oct. 23: The enemy after a hurried preparation which lasted for six hours, attacked the allied positions south of the Dvina. The attack was repulsed. An allied counter-attack drove the enemy back southward. Fifty men were put out of action and three machine guns were taken from the enemy."

### SOVIETS SET UP FREE LOVE BUREAU

Women on Reaching Age of Eighteen Are Compelled to Register.

### THE RIGHT OF CHOICE

Women May Choose Husbands, and Men Wives Without Either Side Protesting.

London, Oct. 25.—Russian maidens under the jurisdiction of certain provincial Bolshevik soviets become the "property of the state" when they reach the age of 18 years, and are compelled to register at a government "bureau of free love," according to the official gazette of the Vladimir soviet and workers' and soldiers' deputies, which recently published that soviet's decree on the subject. Under the decree, a woman having registered, "has the right to choose from among men between 19 and 50, a cohabitant husband." The consent of the man chosen is not necessary, and the decree adds, the man chosen having no right to make any protest.

### SLEEP HOUR LONGER BY CHANGE IN TIME

Daylight Saving Schedule in Operation Since April Comes to End Tonight.

At two o'clock Sunday morning the daylight saving which has been in force since the middle of April will be over for this year, and clocks will go back an hour to the regular time. People should be particular to change the time, also there will be mix-ups in church services and the big meeting to be held in Queen's Park in the afternoon. Trains due to leave Toronto near midnight will be held up an hour. People are reminded not to put the clocks back, but to turn them on the eleven hours or to stop them for an hour and then start them up again. You can sleep for an hour longer tonight and still get up at the same time.

### BRITISH AND FRENCH ASSIST THE ITALIANS

Twelve Hundred Prisoners Taken and Towns Captured in New Offensive.

London, Oct. 25.—Italian troops have begun an offensive between the Piave and the Brenta. In the Monte Grappa sector they advanced against the Ornic River and captured Monte Solarolo, part of Monte Prassiano and Monte Fertico. In the Piave River the Italians have captured the islands of Grave Pattadopi and Magliore. The weather on the front is unfavorable. On the Piave front the British have gained a footing on some islands in the river and captured enemy positions of 400 men. The Italians have made progress between the Brenta and the Piave, overcoming determined resistance, repulsed counter-attacks and captured 400 prisoners. On the Asiago plateau the French have taken Monte Sismon, increasing their number of prisoners to 800.

### CALLS UPON DIET TO PRESENT SOLID FRONT

Basle, Switzerland, Oct. 25.—When the lower house of the Prussian diet resumed its session in Berlin Thursday, Count Schwerin, president, called upon the diet to make a united front against the enemies of the state.

### CANADA SHOULD JOIN WITH WEST INDIES

London, Oct. 25.—Writing in United Empire, the journal of the Royal Colonial Institute, H. J. C. Rowe strongly pleads for the incorporation of the British West Indies within the Dominion of Canada. He emphasizes the economic and strategic importance of the West Indies, and points out that if included within the Dominion, the West Indies would have free entry to the Canadian market, and would participate upon an equal footing in Canada's advantageous reciprocity treaties, particularly with the United States, while the confederation of Canada and the West Indies would be an additional incentive for Newfoundland to enter the Dominion. He suggests that a commission consisting of representatives of each British West Indian island should be formed at the earliest convenient date to proceed to Ottawa to discuss the matter with the Canadian authorities. Newfoundland should also be represented on the commission.

### HUNGARIAN MINISTRY BECOMES COALITION

Count Apponyi is Appointed Premier, and Andrássy is New Foreign Minister.

Basle, Oct. 25.—Emperor Charles, according to a Budapest despatch, has accepted the resignation of Baron Burian, the Austro-Hungarian foreign minister, and also of the Hungarian Cabinet headed by Dr. Wekerle. Count Istvan Andrássy, a Hungarian statesman, has been appointed to succeed Baron Burian. Count Albert Apponyi has been appointed Hungarian premier in succession to Dr. Wekerle, according to a Vienna despatch to The Politiken of Copenhagen and forwarded by the Exchange Telegraph Company.

### NO FRESH RESERVES ON WESTERN FRONT

Enemy Has Only 12 Divisions After Severe Casualties Sustained.

With the British Army in Flanders and France, Oct. 25.—The heavy losses which the Germans have sustained since the allied offensive began have forced the enemy to use raw troops brought from the eastern front. The enemy now has 12 divisions on the western front, of which 13 are German infantry divisions, excluding 31 divisions withdrawn after they had suffered severe casualties during the past two weeks and six Austro-Hungarian divisions. There are only 12 enemy divisions available in reserve on this front, and none of these is fresh. The desperate situation which the enemy is now facing appears to be fully appreciated by many of the German people, according to letters captured along the front.

### ADVANCE IN WAGES FOR STEEL-WORKERS

Sydney, N.S., Oct. 25.—Official announcement was made at the steel works today that all rates for employees whose earnings on 31st August last were less than 45 cents per hour would be advanced two and one-half cents per hour, and that all other rates would be advanced two cents per hour, and that these changes were retroactive to last September.

### Robber Ate His Supper In Cafe Owned by Chief

The bandit who robbed the Buffalo express last Wednesday, after an all day drive in the car stolen from H. S. Ferguson, landed at Midhurst late Wednesday night, and after abandoning the car entered the general store, where he was met by Chief Boyce of the town, and asked for a meal, which was served him, before he continued on his way north. According to Chief Boyce, he has received no official notification from the Toronto police to be on the look-out for the robber, who he was known to have left Toronto early Wednesday morning.

### GAINS BY AMERICANS SLIGHT BUT IMPORTANT

### Caribou So Thick on Yukon They Blocked U. S. Steamboat

Dawson, Y. T., Oct. 9 (delayed).—Migrating caribou along the Yukon River near the American-Canadian border were so thick last week that the United States government steamboat General Left Davis, had difficulty in navigating among the animals swimming the river. Thousands swarmed the shores and waters. Members of the crew said they lassoed a dozen, and hauled them aboard for fresh meat.

### STUPENDOUS INCREASE OF THE BRITISH NAVY

Figures Show That It Has Almost Tripled in Tonnage and Personnel.

London, Oct. 25.—Figures made public today on the growth of the British navy during the war show that the fleet, including auxiliaries, increased from 2,500,000 tons and the personnel from 146,000 to 406,000. Since the outbreak of the war 21,500,000 soldiers have been transported by sea, of which 491 were lost. For the requirements of the British naval and military forces more than 86,000,000 tons of stores were transhipped, while more than 24,000,000 tons were taken overseas for Great Britain's allies. Transportation also was provided for 2,600,000 animals. The organization of convoys, due to German submarine warfare, has been an important part of the work of the British navy since March, 1917, from which time there have been 75,225 sailings, with the losses numbering only a few hundred vessels.

### TABRIZ IS EVACUATED BY THE TURK FORCES

Forces Already Are Withdrawing Along Roads Leading Out of City.

Washington, Oct. 25.—The Turkish force occupying Tabriz, Persia, is about to evacuate the city, according to a report dated October 22 from the British West Indian island of Barbados, which reached the state department today. The Turks already are withdrawing their forces along roads leading out of Tabriz. The same report states when the British evacuated Baku some time ago it was almost 36 hours before the Turks arrived. In the meantime the Tartars had looted and murdered indiscriminately and it was reported that thousands of Armenians were massacred.

### TURK CAVALRY DRIVEN BACK BY THE BRITISH

Advance is Made to Within Four Miles of Kerkuk, Says Mesopotamia Report.

London, Oct. 25.—An official communication dealing with the operations in Mesopotamia, issued by the war office tonight, says: "On Oct. 18 we were in contact with Turkish forces holding a strong position astride the Tigris near Fatah, where the river flows thru the Jebel Hamrin country. On Oct. 23 the enemy retired northward under cover of darkness toward Lesrabz pursued by us. "Our forces on the main road to Mosul by way of Kerkuk drove the Turkish cavalry out from Tark and advanced to within four miles of Kerkuk."

### BRITISH AVIATION

London, Oct. 25.—The following official communication dealing with aviation was issued this evening: "We heavily attacked the railway junction at Hirsch, Wednesday, during the day. Four enemy machines were shot down. Ten of our machines are missing."

## FEWER DEATHS FROM "FLU" IN HAMILTON

Medical Staff Hold, However, That Precautions Must Not Be Relaxed.

Hamilton, Oct. 25.—That the onset of the influenza epidemic has been reached, if not passed, is apparent by the decrease in the number of deaths and new cases reported. The deaths today numbered eight. The medical health staff feel that the situation is well in hand. They say, however, it must not be felt that precaution is not necessary. It is still urgent that every possible means be used to stamp out the epidemic. The hospitals are still crowded, and efforts are being made to provide for greater accommodations in the emergency institutions which have been opened.

This afternoon the death was reported after a brief illness of Rev. Father Culliton, the youngest Roman Catholic priest in the city. Deceased was held in high esteem in the city. Mabel Nelson, passed away of influenza in St. Joseph's Hospital this afternoon, aged 23 years. She resided with her mother at 170 East MacCauley street, and was a member of St. Mary's Cathedral. She leaves five sisters, at home, and a brother overseas.

Vila Naroman, 18 years of age, died at her home, 221 Napier street, this afternoon of spiz. She was employed on the office staff of the Dominion Express Company, here. Internment at Cayuga.

Mrs. Agnes Coates, wife of Richard Coates, passed away of influenza, at her home 89 North Wellington street, this evening. She was thirty years of age. Her husband and parents survive.

## DEATH OF EAST ZORRA MAN.

Woodstock, Oct. 25.—Samuel Rowe, son of East Zorra, is dead at the age of 23 years. He was born in England and came to Zorra in 1885, where he has resided ever since.

## FURTHER MENACE TO VALENCIENNES

British Patrols Are Now Operating in the Le Quesnoy Section.

With the British Army in France and Flanders, Oct. 25.—The British troops tonight were on the outskirts of Le Quesnoy, having driven forward across the Le Quesnoy-Valenciennes Railway after heavy fighting.

The enemy appears to have retreated from a considerable portion of the ground in this zone.

British patrols late today were operating in the Le Quesnoy region, while the British infantry reached the high ground north of Maresches and were attacking the German positions there.

Today's advance greatly increases the evidence to the Germans holding Valenciennes, which is rapidly being bottled up.

If a line were drawn thru the positions now held by General Horne's army on the north and General Byng's forces on the south, it would pass through the heart of Valenciennes. Should the British continue their forward pressure as it has been pressed the past three days, the enemy will be forced to evacuate Valenciennes very shortly.

When the British attacked this morning they held Valenciennes and the high ground east of that place. From these points they drove off before daylight into the ridge country east and north of Valenciennes.

The details of this fighting are not yet available, but it is known that the British pushed thru early in the day and are still going ahead.

The British second army, attacking in conjunction with the French on the northern battlefield, fought its way steadily forward to the face of heavy artillery fire and captured Moeon, in Flanders. The French are reported to be making good progress on the British left.

## YORK COUNTY AND SUBURBS

TEAM RAN AWAY. Stopped After Run on Viaduct by A. Collins, a City Foreman.

A plucky incident was witnessed by a large crowd on the Don viaduct about 2:30 yesterday afternoon, when a team of horses attached to a farmer's wagon took fright on the main bridge and ran towards Parliament street.

When about half way between the two bridges J. Moore, an employe of the city, tried to stop the horses but was knocked down and slightly hurt. The team was brought to a standstill by A. Collins, who was dragged nearly 100 yards. Mr. Collins is a civic foreman and a member of the imperial forces. He was considerably shaken up.

## VIADUCT WORK PROGRESSES.

The cluster lights on the Don viaduct are rapidly approaching completion. Good progress was made on the new road, street car trench and the footings for the Glen road subway should be completed this afternoon.

Work is progressing on the street car intersection at Sherbourne and Sherbourne street bridge has been reformed for some distance.

## WILLIAM WEST DEAD.

William West, 33 Norton avenue, Balaclava, died yesterday from double pneumonia following a severe case of Spanish "flu." He was 25 years of age and leaves a young wife with one child. Funeral service will be held on Sunday at 10 o'clock at the Rosedale. Rev. Mr. Baker will officiate.

## WANT SHORTER ROAD.

There is some talk in Earlscourt of having the township to make a right of way from Hill's avenue and McCowan road to Prospect Cemetery, to avoid the long journey of a mile or more for citizens who have to visit the cemetery. Some many burials have taken place recently that much time can be saved if a roadway could be built in this section. The matter was brought before the township two years ago, but fell thru for want of support.

## APARTMENTS FILL UP.

A handsome new brick apartment house is rapidly finished at the corner of Appleton avenue and St. Clair avenue, Earlscourt, containing 32 apartments with stores under. All the apartments have been rented, and the stores. The four other apartment blocks on the same avenue are rented.

## MEETING POSTPONED.

Postponement of the prize-giving meeting in connection with the Earlscourt Fall Fair has been made because of the M. O. H.'s regulations regarding public meetings.

## LEASIE REAL ESTATE.

Builders are turning their attention to Leasie as the demand for houses is steadily increasing. The managing salesman of a large city real estate house yesterday said that they sold four lots on Wednesday and three yesterday to intending builders.

## SCARBORO RESIDENT DIES OF INFLUENZA

The death of Mrs. Alexander Macklin, of Milliken, Ont., which took place on Thursday, removes a well-known resident of Scarborough Township. Mrs. Macklin, who died from pneumonia, contracted influenza, had been ill only a short time, and her recovery was confidently anticipated. She is survived by her husband and five children, Mrs. James and Mrs. Thomas, Mrs. James and Howard. Mrs. Macklin was 61 years of age, and a funeral, which will be private, will take place on Sunday at Knox Church Cemetery.

## THE BAN IN KITCHENER WILL NOT BE LIFTED.

Kitchener, Oct. 25.—It was decided at a meeting of the board of health here this afternoon not to lift the ban on places of public assembly until further notice, owing to the report by local physicians of 25 new cases of influenza.

The Ministerial Association, which is on board to defer lifting the ban on the churches for another Sunday. The board will hold another meeting on Tuesday, when the question of lifting the ban will be again considered.

## NUMBER OF NEW CASES DECREASING IN LONDON

London, Oct. 25.—Altho cases are still being admitted at the hospital in considerable numbers they report a decrease. Most of the public institutions with the exception of the Children's Shelter, and one or two others, have evacuated remarkably. None of the 1200 odd patients at the Hospital for the Insane have yet been ill. Deaths are still fairly frequent.

## Ninety-Six New Cases of "Flu" Reported at Windsor Yesterday

Windsor, Oct. 25.—Ninety-six new cases of influenza were reported here today, the largest in any single 24 hours. There were two deaths.

Freemonts, which followed an attack of influenza, caused the death here today of Rev. F. Thomas J. McGowan, a member of the staff of L'Assomption College, Sandwich. He was ill only four days. Born in Cobourg 28 years ago, Fr. McGowan was educated at Toronto University and had been stationed at Sandwich College since 1912. The remains will be interred tomorrow morning in L'Assomption Cemetery, Sandwich.

## SNOW IN SASKATCHEWAN.

Regina, Oct. 25.—Snow fell at several points in Saskatchewan and incoming trains showed evidence that winter has begun. On Wednesday four inches fell between Chamberlain and Craik while Govan, Strassburg and other towns in Central Saskatchewan received a share.

## WAR SUMMARY

THE DAY'S EVENTS REVIEWED

In the region of the Oise the Germans have formidably strengthened the natural defenses by artificial floods from the region of Guiz, southward to La Perle. Dams prepared long ago for use in the eventuality of a retreat, have enabled the Germans to divert the waters of the Oise and spread them thru the valley. They also have another water line in the valley of the Serre to protect their present positions.

In spite of the formidable obstacles encountered and almost constant services in the fighting line for the past three months, the forces of General Debeney continue to forge ahead, and will soon have driven the enemy back upon the old battlefields of the retreat from Charleval in 1914. The Germans are expected to make a stand around Guiz, where the French held them up for a short time during their march to the Alarne.

The tactics of the Germans appear to be to hold as long as they can on their chosen positions before retiring to one after another as circumstances require, and forcing the French troops to deliver an attack to drive them from each halting place. This plan, aided by the nature of the ground over which they are retiring, obliges the Germans to make great sacrifices as is shown by the increasing number of dead found on the battlefield.

It is reported that the Germans are preparing new defence positions in the vicinity of Briquenay, four and one-half miles north of Grand Pre, and that they are expected to take a stand in that region within a week.

Among the prisoners captured by the Americans are members of the 28th division, known as the "Flying Shock Division."

Twelve American soldiers returned from their own lines, having spent four nights hiding in shell holes and four days in the region of Longue Farm. They fought off small detachments of Germans, but were unable to reach places of safety because of the sharpshooters. Notwithstanding the constant harassing the 12 made parading expeditions each night and brought back valuable information regarding the enemy gun positions. Their only food during the four days consisted of their emergency rations, and these they ate the first night.

The Germans in their withdrawal movement have not yet reached the line of Antwerp-Brussels-Namur, but it does not seem probable that they will halt there when the line is reached but will continue the retirement to the line of the Meuse. The Antwerp line presents few natural features for defence, and the Germans have not constructed extensive defences along it.

However, the Germans must retire to a shorter line. Their reserves are exhausted and the hard-pressed armies must have a breathing space. In the last few weeks the German high command has not been able to maintain a fresh reserve of more than three or four divisions.

The internal condition of the German army also is none too good. Mutilous conduct on the part of drafts has been of frequent occurrence. On one occasion a draft whose trustworthiness was suspected was sent off without ammunition. However, they had secreted ammunition and opened fire on the parade ground as their train moved out.

The German command also is having trouble as regards material. The batteries of heavy guns have been reduced from four to three guns, and in some cases even to two guns.

Extraordinarily severe fighting has been going on on the American front northwest of Verdun, but the Americans made slight, though extremely important gains, especially on their left, where dominating ground was secured.

Stout resistance is being encountered by Gen. Debeney in his advance between Mont D'Origny and the Valenciennes of the Serre. The French troops occupied Villers-le-Sec in the morning, where the battle is still raging feverishly. Three fresh enemy divisions have been brought up in this sector recently, and the Germans seem de-

## AT ST. THOMAS.

Four Deaths Reported, but Disease is Thought to Be Abating.

St. Thomas, Oct. 25.—Altho the health authorities have reason to believe that the Spanish influenza epidemic is on the wane, the closing-up order will remain in force for the churches on Sunday, and the schools and movies all next week.

There were four deaths from the disease today, including one professional nurse, Miss Elva, of this city, who contracted the "flu" from her patients. Other victims were Mrs. Eliza Archibald, wife of Dr. Archibald, Pere Marquette engineer, aged 39 years; John Guy Distow, aged 85 years, and Ethel Correy, two years old.

Miss Florence Jessie McKercher, a daughter of the late Rev. Donald McKercher, died at her home in Dutton, Ont., of pneumonia, today. Miss McKercher was on the teaching staff of Moulton College, Toronto.

## Men! The Broken Sizes and Odd Patterns in Suits of Quality to be Cleared Today All at \$24.75

### Winter Weight Overcoats at \$16.75 Are Another Special

Men who came to the Clothing Section, and wanted suits of quality (cost what they would) were shown EATON Brand, and other brands included in this clearance. They bought and received heaping value for every dollar. They bought until today broken sizes in many patterns and odd suits exist—the reason for Saturday's offer. If these suits offered value for every dollar at their usual price—what then do they offer at \$24.75?—a close to half price marking for some of them. They are in single and double-breasted, two and three-button body fitting and semi-fitting styles, with notch and peak lapels. Mostly all hand-tailored models, in rich imported worsteds and cashmere finished tweeds, in stripes, checks, and fancy mixtures in greys, browns, greens, and mixed colors. Included are advanced styles for the young man, and models for men of conservative taste. Vests are cut high; trousers are finished plain or with cuffs, have two side, a watch, and two hip pockets. Sizes 35 to 44. Price, \$24.75.

### Overcoats of Winter Weight Chevots, Chinchillas, and Friezes, Are Also a Worth While Special at \$16.75

These are of chevots, chinchillas, and friezes in greys, brown, and tweed mixtures; in the single and double-breasted, button-through style, knee length, with patch and regular pockets; self and velvet collars, lined throughout with twill Italian cloth. Sizes 35 to 42. Price, \$16.75.

### EATON-Made Blue Serge Suits at \$25.00

Are a sensible and satisfactory buy, always in favor, always appealing for dress wear.

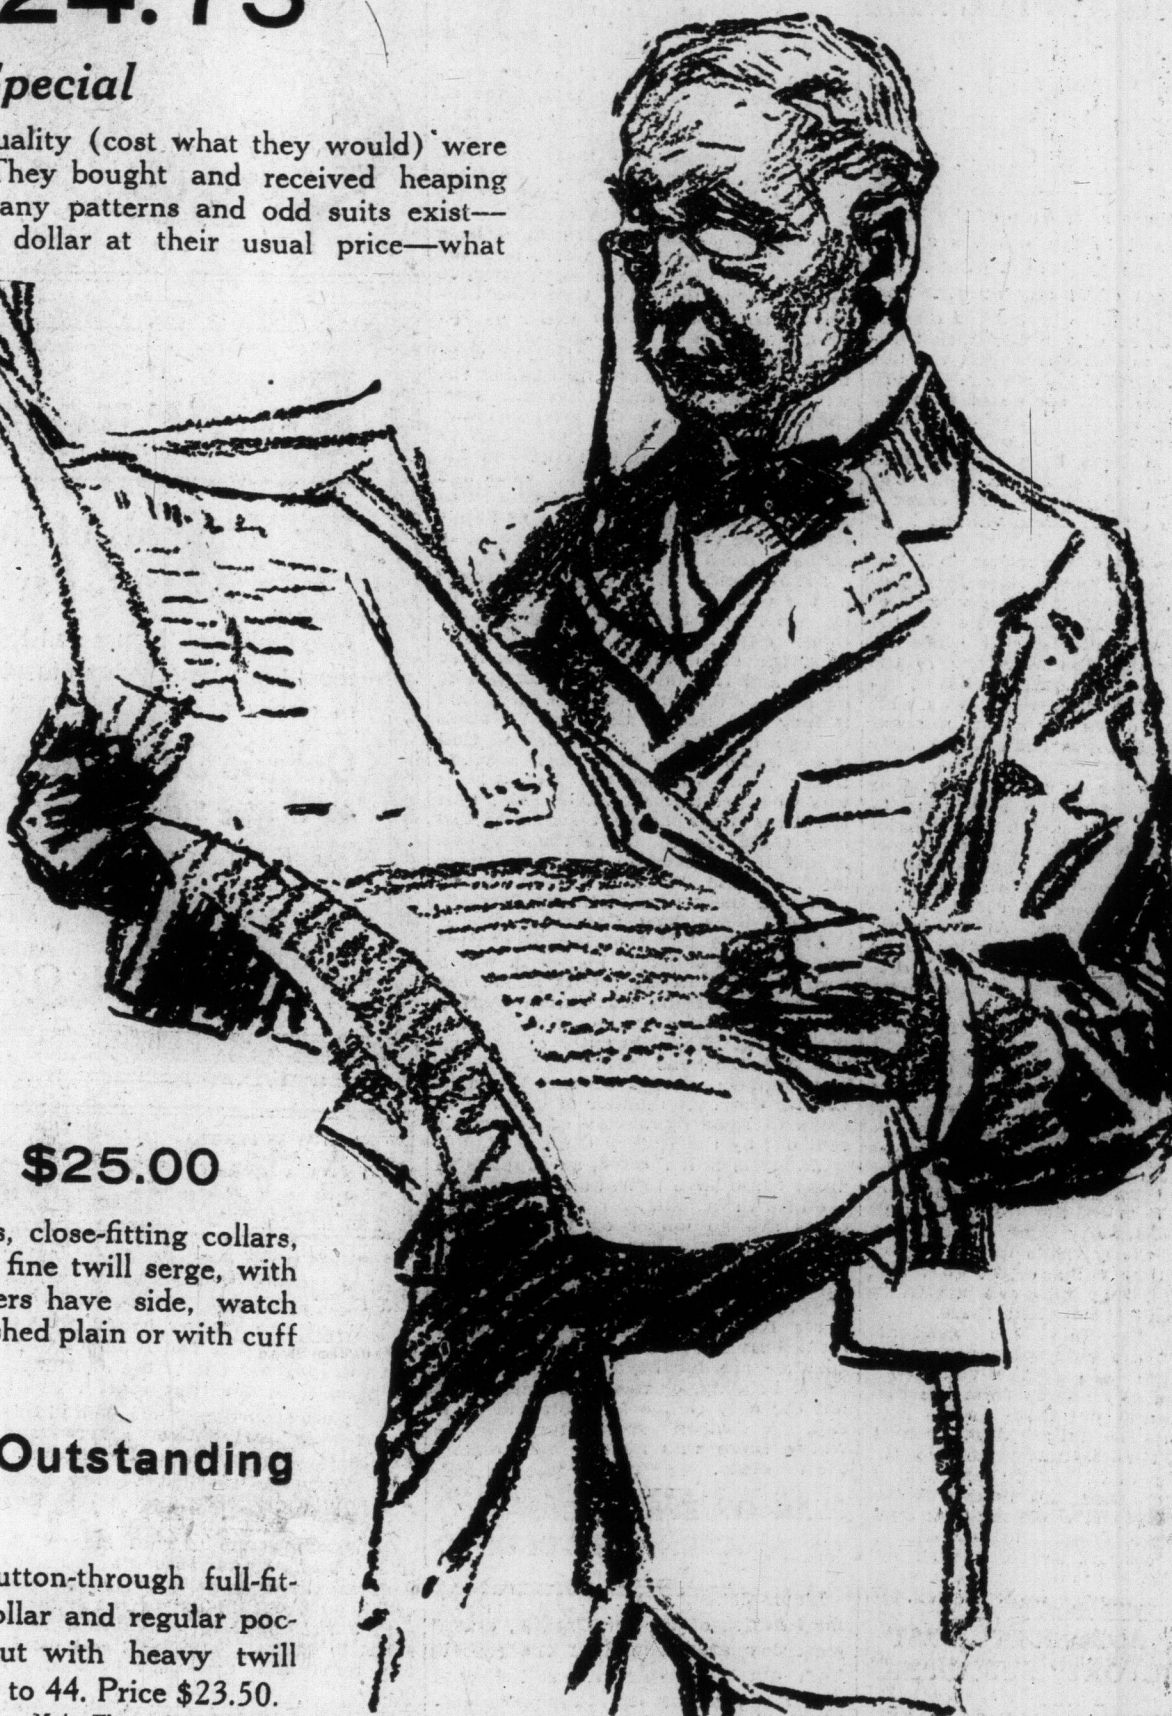

These are in three-button semi-fitting style,

with natural shoulders, close-fitting collars, and notch lapels, of a fine twill serge, with high cut vest. Trousers have side, watch and 2 hip pockets, finished plain or with cuff bottoms.

### A Melton Overcoat at \$23.50 is an Outstanding Value Today

These are grey melton overcoats in the standard Chesterfield and button through style. With single-breasted fly front, in knee length, and self collar. Another model of the

same material in a button-through full-fitting style, with self collar and regular pockets. Lined throughout with heavy twill Italian cloth. Sizes 35 to 44. Price \$23.50.

### Men! "The Brock," "The Sphinx," One an American, the Other a Canadian-Made Hat

Both of a Splendid Quality, and Appealing in Appearance, at \$4.50

These are in the smooth fur or scratch felt finish, in fedora or crease crown styles, having flaring, flat, or rolling brims, with bound, welted, or raw-edges. In medium or dark green, brown, grey, and fawn. Sizes 6 7/8 to 7 1/2. Each, \$4.50.

Men's coats lined with heavily furred northern muskrat, have beavercloth shell and Persian Lamb or otter collars in shawl style. Sizes 38 to 46, \$82.50.

Men's and Boys' Cape of Cotton and wool tweed mixtures, in one, four or eight-piece crowns, with or without band at back, in grey, brown, navy, pin-checks, fancy or heather mixtures. Also winter caps of heavy tweeds or chinchillas, having fur ear bands. Sizes 6 1/2 to 7 1/2. Each, \$1.50.

Kiddies' "rah-rah" hats of silk plush, with sectional crown, with stitched velvet drooping brims, or brims slightly turned up in front. Trimmed with black corded ribbon, having bow with buckle at side. Sizes 6 to 7 1/2. Each, \$1.50.

## Here is the Complete Program Cut it out and save it

Every man, woman and child in Queen's Park to-morrow is urged, with all possible emphasis, to join in the singing and the responses.

**Time—2.30 p.m. (new time) Sunday, October 27th. Place—Queen's Park. Everybody Welcome. Come!**

**At 2.30 p.m.—**

We will all sing two verses from the National Anthem:

God save our gracious King,  
Long live our noble King,  
God save the King;  
Send him victorious,  
Happy and glorious,  
Long to reign over us,  
God save the King.

O Lord our God arise,  
Scatter his enemies  
And make them fall,  
Confound their politics,  
Frustrate their knavish tricks,  
On Thee our hopes we fix;  
God save us all.

**At 2.35 p.m.—**

We will all solemnly unite in the following Devotional exercises:

The following Chaplains will officiate: Major Canon Dixon, Major T. Crawford Brown, Major A. L. Burch, R. C. Chaplain, Capt. H. C. Harper, Capt. J. A. McElhinney, Capt. J. W. Magwood. (Chaplain and people read in unison):

(1) Psalm 24—

The earth is the Lord's and the fulness thereof; the world and they that dwell therein; for He hath founded it upon the seas, and established it upon the floods.

Who shall ascend into the hill of the Lord? Or who shall stand in His Holy Place?

He that hath clean hands and a pure heart; who hath not lifted up his soul unto vanity nor sworn deceitfully. He shall receive the blessing from the Lord, and righteousness from the God of His Salvation.

This is the generation of them that seek Him; that seek Thy Face, O God of Jacob. Amen.

(2) Chaplain: Let us make confession of our sins.

(All in unison): Almighty and Most Merciful God, who knowest our frame and rememberest that we are dust, we humbly confess our errors and misdeeds. We have come short of Thy purpose, and not done our best in Thy Service. We have yielded to temptation, broken Thy laws and wasted our sustenance.

Forgive our wrong-doing, and assure us by Thy Holy Spirit of pardon, that with strength and confidence renewed we may sin no more, and

render Thee due service, through the merits of Jesus Christ our Saviour. Amen.

(3) Chaplain: Let us give thanks for recent victories.

(All in unison): O Lord God, who didst engage us in a war against barbarian cruelty, oppression of weak nations, and wrongs against humanity, we give Thee thanks for the recent victories of our arms in the fields of war, for the splendid achievements of all ranks of men in time of great danger, and the glory that hath come to our nation in these latter days.

And we thank Thee, too, O Our Father, that we, who are not engaged in bearing arms, may yet have our share in honorable strife by the dedication of our service here to the cause of justice, righteousness and truth.

Use us, O God, as Thou wouldst to win this war, that Peace may come; a Peace in which equality of human relations and the Love of Christ may prevail.

Here assembled in the name of Christ, O Righteous Father, consecrate all that we are and have to Thy Kingdom's cause. If we have money, take it; if we have strength, use it; if we have love, magnify and glorify it, that in our time Thy Kingdom among us may be established. Amen.

Our Father, which art in heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil; for Thine is the Kingdom and the power and the glory, for ever and ever. Amen.

And then we will sing three verses from that magnificent hymn, "O God, Our Help in Ages Past":

O God, our help in ages past,  
Our hope for years to come;  
Our shelter from the stormy blast,  
And our eternal home:

Under the shadow of Thy Throne  
Thy saints have dwelt secure;  
Sufficient is Thine arm alone,  
And our defence is sure.

O God, our help in ages past,  
Our hope for years to come;  
Be Thou our guard while life shall last,  
And our eternal home.

**From 2.45 to 3 p.m.—**

You will have an opportunity of listening to a splendid address from whichever of the five prominent public men you wish to listen to:

- Sir Robt. L. Borden, Prime Minister.
- Sir Thomas White, Minister of Finance.
- Sir Wm. Hearst, Prime Minister of Ontario.
- Hon. T. W. McGarry, Provincial Treasurer.
- Hon. N. W. Rowell, President, Privy Council, Canada.

**At 3 p.m.**

We will promptly close the proceedings with three verses from "Onward, Christian Soldiers":

Onward, Christian soldiers, marching as to war,  
With the Cross of Jesus going on before,  
Christ, the Royal Master, leads against the foe,  
Forward into battle, see, His banners go.

Onward, Christian soldiers, marching as to war,  
With the Cross of Jesus going on before.

Like a mighty army, moves the Church of God,  
Brothers, we are trading where the saints have trod,  
We are not divided, all one body we—  
One in hope and doctrine, one in charity.

Onward, Christian soldiers, marching as to war,  
With the Cross of Jesus going on before.

One verse and chorus from "Rule Britannia":

When Britain first at heaven's command  
Arose from out the azure main,  
This was the charter, the charter of the land,  
And guardian angels sang this strain:

CHORUS:  
Rule Britannia, Britannia rules the waves,  
Britons never, never, never shall be slaves.

**The Doxology—**

Praise God from whom all blessings flow,  
Praise Him all creatures here below;  
Praise Him above, ye heavenly hosts,  
Praise Father, Son and Holy Ghost.

### Both a Military Decision and Political Decision.

A few weeks ago many were doubtful if the war would have a military decision; that the war would drag on; that eventually negotiations would be entered into between the governments concerned and that some kind of patched-up peace would be arranged—things to be pretty much as they were, and everyone glad the war was over. Or at best some kind of revolution might occur in some of the countries and the diplomats representing the governments that succeeded the revolution would patch up a peace.

#### Catholic Huts Grant.

Editor World: I have just read the letter of A. M. Denovan on the question of the grant to the Catholic huts. Mr. Denovan feels very keenly the position of the poor ratepayer, and the Lord knows his underwriter, and I don't know his sympathy, but why withhold it when the Y.M.C.A. and Salvation Army grants were in question and for which the Catholic huts were being taxed? Why be hypocritical? All the grants are in the same class. All were good, and all should be paid. Why try to draw a herring across the trail?

#### Street Amenities.

Editor World: Suggestions for Toronto officials re "flu" and other epidemics. Compel everyone to wear masks in public, or at all times while in the "flu" huts. Spitting: No one is allowed to spit on sidewalk. That's right; but then they spit in the gutter, the spittoon becomes dry, and focus up into the nostrils of passers-by. Why not flush out the gutters in dry weather? Firemen sometimes are die traffic on sidewalks. Why not placard walls and enforce right hand to the wall, so that the confusion would be done away with or somewhat alleviated? It would save people running up against others coughing and sneezing, and save time and inconvenience.

#### The Canadian Northern Changes.

Winnipeg Telegram, Oct. 21: The elevation of M. H. McLeod to the vice-president of the Canadian Northern Railway is a cause for considerable gratification on the part of Winnipeg and western people. Their pleasure is tempered, however, in no small degree, by the fact that Mr. McLeod's mortified promotion will take him away from this city.  
In A. E. Warren, however, he has selected a worthy successor to the position of general manager of the line. Mr. Warren has seen many years of conscientious service and is regarded as one of the most capable officials of the road.

#### CORDWOOD COMPANY MAKES ASSIGNMENT

Hundreds of soldiers' wives and dependents and small householders in the city and suburbs will be disappointed at the announcement made yesterday that the Muskoka Cordwood and Lumber Company, with head offices at 811 Kynsle Buildings, are insolvent, and have made an assignment to R. A. Price, assignee, 411 Manitoba Chambers, Fort Toronto.  
The canvassers of the company, a few months ago were actively engaged in calling upon small householders in the suburbs, selling cord wood at \$13.50 a cord, to be delivered in a month's time, and for which they gave a signed contract and collected deposits.  
The cordwood did not materialize, and for weeks the company has been bombarded by visitors and telephone calls regarding the overdue delivery of the firewood.

#### ASK FOR CONNECTION WITH TORONTO MAINS

Toronto City and York Township local and engineering departments had a miniature battle royal before the Ontario Railway and Municipal Board yesterday afternoon at the parliament buildings, Fort Toronto, applied for an order upon the city for connection with certain of the city sewer mains in the western city limits. J. R. L. Starr, K.C., made the application, and L. S. Fairly replied for the city. Then a round table council and cross-firing match started and was prolonged until a compromise was reached.  
At the outset the township claimed that an order was necessary, because when the assent of the city's engineers was obtained it was overruled by the Toronto City Council. The township was not to blame for the difficulties in the way, but the city, thru a short-sighted policy in the size of the sewer mains.  
It was agreed to accept as a temporary alleviation of the situation for the connections to be made for St. John's road and Wellwood avenue, and if a devoted sewer course could be planned out for a sewer connection to be made from the school and possibly for certain other buildings on High street.

#### How About Canada?

In Canada the only country in the world which has not been afflicted by German intrigue, German espionage and German gold? In the United States we read every day of great corporations being seized as enemy property by the alien property custodian, Banks, bond houses, insurance companies, munition plants, newspapers, are being taken over until the property in the hands of the United States custodian totals hundreds of millions of dollars.  
In Canada it was taken for granted by many public men and papers that this country had been overlooked by the German Government. They were indignant at the suggestion that the far-reaching German Trust had its tentacles upon our principal stores of Canadian nickel. They counted the notion that the British process was being manipulated by German influence to impede mineral production in Canada. In short, we were asked to believe that the all-powerful Reichstag which had gained control of Australia and had ignored or totally forgotten about Canada. They did not favor our following the example of Premier Stowe of Australia who took possession of the zinc mine and everything connected with the zinc works on the 26th as the war broke out. Notable German investments in

### DIGGING OUT THE HUN FOX

This country cannot approach in volume or importance the German investments in the United States, and no doubt the Ottawa authorities are making proper investigation. We only regret that they have no men like A. Mitchell Palmer, United States custodian of alien property and Investigator Garvan on the job. They might uncover a good deal of property belonging to the enemy and under enemy control. There is German money invested in Canada, we may be sure of that, and more or less German influence always at work.

### THE WIFE

By JANE PHELPS

Mollie is Dangerously Sympathetic.  
CHAPTER LXXII.  
Brian really did not feel as injured as he had before, when Ruth had left him to attend to business for the day. But, led on by Mollie's sympathetic questioning, he made it appear to her that he was thoroughly miserable and misunderstood. And Mollie, innocent of intent to wrong Ruth—because she thought Ruth cared nothing for Brian, else she would not be so indifferent—made Brian think of how much more comfortable it would have made things, had Ruth been more like Mollie.  
He did not go so far even in his thoughts as to wish he had married Mollie instead of Ruth, but he was dangerously near such a position. "It was so jolly to talk to Mollie. She always understood a fellow," he thought as he talked away, saying "Brian," but would not say it for fear she would find out. He had reached over and laid her soft warm hand over his head. He told how dreadfully lonely it was to go home and sit alone all the evening after grinding in the office all day.  
"It takes all the spunk out of a man," he had said. And Mollie had eagerly listened to him.  
Perhaps, had Mollie known that Brian had done better since his marriage than before, even at that, she might not have been quite so sympathetic. Not quite so tender in her manner toward him. But feeling him abused, she took a motherly sort of an attitude which men always enjoy.  
"Poor Brian," she said more than once during the evening. And she thought "marry in haste, repent at leisure," but would not say it for fear of hurting Brian's feelings.  
Yes, Mollie will admire Ruth, still regarded her as quite wonderful in many ways. She often thought of the nice dinner she had given Claude Beckly and herself; of what an easy, gracious hostess she was. She envied Ruth her poise, her easy manner, even under trying circumstances. Mollie had realized that Claude Beckly's familiarity was obnoxious to Ruth and had taken him to task on the way home for his impudence in calling her by her first name.  
"She is different from our crowd," she doesn't call people by their first names. The idea of you telling her to call me "Mollie," I was furious!" Then, "You should have been looking at her when you called her Ruth."  
"Brian wasn't if she was," Beckly had answered with a hint of sarcasm.  
"Brian is one of us. She is not," Mollie had answered, and in that answer had expressed her feeling too. They understood each other, were contented and happy doing the same things, visiting the same places. While Ruth was of a different mold, she was able, like Mollie, to detect that it was also a finer mold.  
"You don't understand, Claude," she has been brought up in the most conventional way. Things we do in the village, innocent as they are, would shock her terribly. She wouldn't understand us any better than you seem to understand her. You have quered our getting asked up there to dinner again, I'll bet a nickel!"  
"I hope not!" he had returned in such a ludicrous tone that Mollie had laughed heartily and twitted him with carrying one because of the "good feet" might miss.  
Mollie told Brian something of this conversation with Claude. She dwelt on the fact that Ruth did not understand him, but the most conventional people. Saving nothing disparaging, rather the opposite, but emphasizing the feeling that Brian already had that Ruth did not care for his friends.  
"I don't see how one so conventional ever comes to think she could go to business!"  
"She didn't, for some time," Brian answered, frowning a little. "But you see, Mollie, she had done a lot of such work in her aunt's big house, a wonderful home. Then she left a bit domestic. She had housework; she confused the hard work of the house, as do many men, with domes-

### A Line of Cheer Each Day of the Year

By John Kendrick Bangs.  
A CHOICE.  
"It's well enough to be a fish And in the cold blue waters swim. All free from worry and from care That vex us mortals everywhere. But 't is not to be a fish these days When just the humblest man alive, With strength of arm and heart to strive With all the powers that dwell in me To help to keep this fair earth free! Let fish and lizards take their ease— I'm out for splendid victories 'Gainst wrong, and bless the sweat and toil With freedom as the final spoil."  
DAYLIGHT SAVING.  
Changes in Grand Trunk Schedules, Night of Saturday, Oct. 26, 1918.  
Owing to the change in time prescribed by the Daylight Saving Act, which will come into force at 2 o'clock Sunday morning, Oct. 27th, 1918, and at which time all clocks will be set back one hour, the Grand Trunk Railway has decided to hold their through trains leaving their different terminals in Ontario, Saturday night, Oct. 26th, one hour to avoid holding these trains while en route. The trains thus affected will be as follows:  
Trains leaving Toronto for Montreal at 8:30 p.m. and 11 p.m. will leave at 9:30 and 12:00 midnight.  
Train leaving Toronto at 8:35 p.m. for North Bay, Cochrane and Winnipeg will leave at 9:35 p.m.  
Train leaving Toronto at 11:45 p.m. for Hamilton, London, Port Huron, Detroit and Chicago will leave at 12:45 a.m. Sunday morning.  
Train leaving North Bay for Toronto at 11 p.m. will leave at 12:00 o'clock midnight.  
The above changes in time of trains mentioned will be in effect only Saturday night, Oct. 26th, 1918.

Reading Matter and Musical Instruments Needed for Siberian Force.  
In an endeavor to shorten the distance from Toronto to Siberia, the West King street, has issued an appeal for books and music for the contingent leaving shortly for Russia. Talking machines and records, movie organs, banjos, flutes and an other kind of small instruments will be most appreciated. It was pointed out that the reading matter needed most was books that would interest the soldier. Magazines are also acceptable.

### IDA AND THE FIRE DEPARTMENT PROMOTIONS.

BY IDA L. WEBSTER.  
Owing to the fact that the two-platoon system will soon be inaugurated in Toronto, it is necessary for the fire department to elect several new officials, or rather to raise men to higher positions. For one thing, it will be the beginning of an entirely new office, which will be officially known as assistant deputy chief. Mr. Smith, the chief of the department, may be relied upon to use excellent judgment in the promotion of the deputy, but when the 12-hour shift comes into effect, one man will have to relieve the other, thus really and truly making two deputies; but that is not possible in the same number of hours, thus making him eligible to an almost equal salary.  
Heretofore there has merely been the deputy, but when the 12-hour shift comes into effect, one man will have to relieve the other, thus really and truly making two deputies; but that is not possible in the same number of hours, thus making him eligible to an almost equal salary.  
Probably the most popular man for the position of assistant deputy chief is George Sinclair. He is not only a popular man among those who are under his command, but he has an almost unimpeachable record as a fire fighter. His hall, or rather the station to which he has been assigned for so many years, has a city-wide reputation as being one of the best in Toronto—indeed, as one of the leading business places in the city. The first vice-president of the fire department, Mr. Sinclair, has a few years ago made a record as a fire fighter. To you from falling hands we throw  
The Torch—be yours to hold it high  
If ye break faith with us who die,  
We shall not sleep though poppies grow  
In Flanders' fields.

Through all these dark, uncertain... days, our soldiers have held aloft and... brightly burning, the sacred torch of... freedom.

On Monday, for a space, it passes to our hands.  
Does it pass to hands less eager—hands less... worthy?

The world shall know our answer!

On Monday we will be asked... to buy Victory Bonds—the sinews... of war.

Our obligation is clear. Our... duty is unmistakable. Victory... Bonds are the weapons with... which we at home can strike and... strive for freedom.

This solemn thought shall... possess us: Until the Victory... Loan 1918 is assured our duty... is not accomplished—our task is... incomplete.

From every province, city and...

town; from every county, town... ship and farm of our country will... come forth a mighty flood of... money. The word will ring... around the world that Canada's... gold, no less than Canada's... soldiers, is Germany's uncompro... mising enemy.

This surely will be our... message to our sons:—Carry on, brave... souls! Canada's treasure is... not a laggard in the fight. Eager... hands are stretched to catch and... hold aloft forever the Flaming... Torch of Freedom!

### OTTAWA RINK IS SAFE FOR SENATORS

#### Dey Signs Five-Year Agreement With the N.H.L. Team

Once again let us impress upon the minds of Toronto hockey fans that only one pro hockey league will operate this year, and that one is the National Hockey League. The fans have been fed on stories that the Ottawa rink is tied up to another organization, and that George Kennedy and his Canadians are bonuses in Montreal.

Nail the bunk to the fence at once, The World's Ottawa correspondent interviewed both Dey, the Ottawa rink owner, and Martin Rosenthal, secretary of the Ottawa Hockey Club, yesterday. They informed him that Dey had signed a five-year agreement with the Ottawa Club yesterday to allow nothing but N.H.L. games to take place in his rink. This kills the rumor artists' one place of refuge.

Down in Montreal the same state of affairs exists, Kennedy pulls a large grin when it is mentioned to him that he is frozen out. Kennedy will be playing at the Jubilee Rink, and pin that in your hat.

Aurora is preparing to enter a team in the junior series of the O.H.A. Frank West is looking after the team, and will manage it on the ice. A meeting will be held early next week to elect officers and make arrangements for the season.

### BAN HOLDS GOOD NO SPORT TODAY

Another sportless Saturday is on the card. The "flu" epidemic still rages and the medical health officer has held the local clubs, and has just about given rugby its knockout. The senior O.H.A. U. series promised to be the best in many seasons and will now hardly get under way.

Dr. Hastings announced, in an interview, that he was weary of stopping all outdoor sport for the fall season. He advances the view that any strain on the heart after the epidemic may have serious results. This means good-bye to rugby at least.

The High School and Junior O.R.F.U. leagues were hoping that the ban would be lifted by next Saturday and the schedules could be curtailed and carried out. The M.H. will kill this program, if he sticks to his latest utterance.

Just one lone event is on the card today. St. Vincent's senior city rugby team will play the St. Michael's College O.R.F.U. outfit at an exhibition game. No announcement has been made as to where the game will be played.

### Kodak League Open The Ten Pin Season

The Canadian Kodak League opened its ten pin season at Karrys alleys last night when the Vexos won all the games from Brownies, and Arturas won the odd game with Vexos. Frank Idenen with 532 was high man for the night.

### Willard Will Meet One of These Six

New York, Oct. 25.—In accepting the proffered services of Champion Jess Willard to help the war work campaign's boxing division, the sports committee thanked him by telegram today. They suggested that the best financial results would be obtained by a six to ten-round, no-decision bout in this city, at Madison Square Garden, which would be available on Nov. 15 or 22. The names of Dempsey, Levinsky, Coffey, Meekin, Mike and Fulton were mentioned from which Willard could choose an opponent.

### DEPOT BATTERY TO HAVE SENIOR TEAM

#### For O.H.A. Ranks—Camp League Again, and Winner for Semi-Finals.

The Depot Artillery Battery, stationed at Exhibition Camp, will be very much in the hockey limelight. The soldiers have a first-class team ready for the ice, and will apply for admission to the senior series of the O.H.A. A meeting was held at Exhibition Camp yesterday and arrangements for the season completed. Babe Dye, McCaffery and Hodgens are members of the battery. The Details will be the other military entry in the senior amateur ranks.

Lieut. Bob Dibble is busy on plans to form a strong hockey league at Exhibition Camp. They will apply for the right to enter their winner in the intermediate O.H.A. semi-finals.

A Woodstock despatch says: Billy Breen, of Toronto, has been chosen to act as trainer and coach of the local junior O.H.A. team. He will have a fine bunch of youngsters from which to develop a team which the fans expect will make a strong bid for O.H.A. honors.

### FRED BLACKER OF O.C.C. SUCCUMBS TO PNEUMONIA

Followers of soccer will regret to learn of the death of Fred Blacker yesterday morning from pneumonia. He was an officer of the Old Country Club, 30 years of age, born in Manchester, Eng., and resided at 71 Boston avenue. He leaves a widow. The funeral will be tomorrow. The exact time and place to be given in The Sunday World.

### RALPH DE PALMA TO RACE WITH FLYER

#### At Big Sporting Carnival at Belmont Park Today—Hundred Planes.

New York, Oct. 25.—When the big carnival air celebration takes place at the Belmont Park Saturday, given by the First Provisional Wing, United States Air Service, there will be, in addition to thrilling stunts in the air, numerous competitions on terra firma as well. The New York Athletic Club is giving the prizes for the land events, and the Aero Club of America is offering the prizes for the air events.

The various squadrons of more than 100 airplanes will arrive in battle formation at Belmont Park in command of Lieut.-Col. Rhinehardt.

The track and field athletics will be interspersed between the varied events on the aerial program, which includes all sorts of thrilling aerial acrobatics, sham combats between "aces," battle manoeuvres, etc., and a race between Ralph de Palma in a racer against an army flyer in a fast airplane.

The entire proceeds of the carnival will be used for the purchase of athletic equipment and for the swimming pool fund for our fliers.

### Dunlop Rubber Company

#### Subscribes \$1,000,000

WE doubt if the Directors of this Company ever made a quicker decision than when they resolved, on behalf of the Company, to subscribe for One Million Dollars' worth of the forthcoming Victory Loan.

This decision, to us, seems to justify the conclusion that the security back of Canada's Victory Bonds is so good that it requires no discussion, and that the appeal to Canadians to buy Victory Bonds is so justifiable that it permits of no alternative.

### Strange's Pets Win Indoor Ball Contest

Major Young's Dogs of War, 1st Depot Battalion, 1st C.O.R., came to grief last night by a score of 16 to 6, the winners being Lieut. Strange's Pets, 2nd Canadian Garrison Regiment, in the Military Indoor Baseball League. Major Young's Dogs of War put up a very game fight, and showed class up till the eighth inning, when the Garrison came to life when Major Sinclair drove the ball thru the door for a home run. With the bases full, Freeman repeated the dose, which put the game on ice for the Dogs.

The batteries were as follows: Fletcher and Clarke for the Dogs of War; Freeman and Flinnigan for the Garrison. The whole camp turned out with their war paint. Referee, Lieut. Robt. Dibble.

### Good-will value

Every Semi-ready Suit is tailored to give satisfaction to the wearer—made so good that it will earn and retain your good-will.

For nearly 25 years the makers of Semi-ready Clothes have followed that policy, to gain your good-will.

Five years ago, merger promoters offered the Semi-ready Company one million dollars for their good-will. The offer was declined.

Semi-ready Customers in Canada represent that million. It is their good-will.

Should a suit go wrong we would rather have that garment back than less your good-will. That is the reason the label is in the pocket of all

—“Lend as They Fight—Buy Bonds to the Utmost”—

# Answering your Questions About The Victory Loan—1918

**Q. What is the Victory Loan of 1918?**  
A. Just like the Victory Loan of 1917—a loan of money by the people of Canada, to their Country.

**Q. Why does Canada again need money?**  
A. To help finance and win the war. This money buys food, clothing and ammunition for our soldiers—it goes to our farmers, our merchants and industries—without it our commerce would be paralyzed.

**Q. Please explain more fully.**  
A. Well, Great Britain buys our wheat and other grains and foodstuffs, our lumber, our ammunition, and a thousand other things. And just now Great Britain finds it inconvenient to pay us in cash. So Canada gives her these war needs on credit—that is, agrees to temporarily advance the cost of these large purchases in Canada. And to raise the money Canada issues and offers to you Victory Bonds. The farmers, the merchants, the manufacturers, the workers are thereby paid in cash and the wheels of commerce keep revolving. These wheels would quickly stop if our Canadian people failed to buy Victory Bonds.

**Q. In other words, you mean that we would have depression throughout the Country?**  
A. Absolutely. If the loan failed, factories would close, wages cease and the farmers would be unable to sell the bulk of their produce.

**Q. Do Great Britain, France and the United States raise money the same way Canada does?**  
A. Yes. The peoples of all three Countries have bought billions and billions worth of bonds to finance their obligations and defeat the Hun.

**Q. Is this demanding much of our people?**  
A. No, indeed. Quite the contrary! Canada generously offers you the safest investment in the world and pays you 5 1/2% interest, to shorten the war, to hasten victory and meanwhile make every Canadian more prosperous.

**Q. Do the Canadian people know this and buy Victory Bonds?**  
A. Yes. Over 800,000 people bought the First Victory Bonds offered in November, 1917. The success of the loan was so great that the facilities for printing so many bonds were inadequate. That is why there was a delay in delivering the bonds to the buyers. It is hoped this year to have the bonds ready for delivery almost immediately after the subscription period is over.

**What is a Victory Bond?**

**Q. When I lend my money to Canada, what do I get in return?**  
A. A nicely engraved document on distinctive paper. It is called a Bond. It is Canada's promise to pay you your money back at a certain date and to pay you interest, and if you desire it, both principal and interest will be paid in gold.

**Q. When will the money be paid back?**  
A. If you buy a 5-year bond it will be paid on November 1st, 1923—if you buy a 15-year bond it will be paid November 1st, 1933.

**Q. But supposing I bought a bond and then found that I needed money before those dates?**  
A. You could either sell the bond or borrow money on it.

**Q. How would I sell?**  
A. Any bank, trust company, reliable bond dealer or broker will be glad to sell your bond for you at any time. Be careful, however, through whom you sell.

**Q. Why the need for care?**  
A. Well, after the first Victory Loan, some unscrupulous persons posing as brokers or financial agents persuaded people to sell bonds for less than they were worth. If you are not acquainted with a reliable broker or bond dealer ask the advice of your banker.

**Q. Can the bonds be readily sold at any time?**  
A. Yes, over \$50,000,000 worth of the first Victory Loan have been sold on the market and at times the demand for the bonds has been greater than the supply.

**Q. Supposing I didn't want to part with my bond, but simply wanted to make a loan on it?**  
A. Very easily done, for there is no better security anywhere than a Victory Bond.

**Q. When do I get my interest?**  
A. On May 1st and November 1st of each year—during the life of the bond.

**Q. How do I collect it?**  
A. If you buy a "bearer" bond there are coupons attached to it. For instance, one coupon on a \$100.00 bond will read: "On the first day of May, 1919, the Dominion of Canada will pay bearer \$2.75 at any chartered bank in Canada." Cut that particular coupon off and cash it at any bank. There are two coupons for each year of \$2.75 each, so that you get \$5.50 a year on each \$100.00 bond.

**Q. Supposing I buy a "Registered" Bond, what happens?**  
A. The "registered" bond has your name on it, but has no coupons attached. Instead, each six months, as the interest falls due, the Treasury Department at Ottawa will mail you a cheque in payment of the interest.

**Q. If I should sell my bond, how shall I transfer it to the new owner?**  
A. If it is a coupon bond, hand it to the dealer, bank or broker who sells it for you. If it is a registered bond, you must fill in the form of transfer on the back of the bond. Your dealer, bank or broker will show you how to do it.

**Q. Does a married woman subscribe for a bond in her own name or her husband's?**  
A. Her own—Mrs. Mary Doe, not Mrs. John Doe. And if a married woman wishes to transfer a bond made out in her maiden name, she should sign: "Mary Roe, now by marriage Mary Doe."

**Q. Can I invest any amount in Victory Bonds?**  
A. The bonds will be issued in denominations of \$50, \$100, \$500 and \$1,000.

**When Payments are Due**

**Q. Do I have to pay cash for my bonds?**  
A. No. If a \$1,000 bond, you pay \$100 on application, \$200 on December 6th, 1918, \$200 on January 6th, 1919, \$200 on February 6th, 1919, and \$311.60 on March 6th, 1919—then the bond is yours, fully-paid.

**Q. The last payment of \$311.60 covers 30 per cent. balance of principal and \$11.60 representing accrued interest at 5 1/2 per cent. from November 1st to due dates of the respective instalments.**

**Q. Can I buy a bond on a different instalment plan, that is to say, in periods extending over a year?**  
A. Many banks and a great many employers will help you to do this. Consult them about it.

**Q. If I desire to pay in full for the bonds at the time I make my subscription, may I do so?**  
A. Yes. Subscriptions may be paid in full at the time of application at 100 without interest; or on any instalment date thereafter, together with accrued interest, at the rate of 5 1/2 per cent. per annum.

**Will Victory Bonds Go Up After the War?**

**Q. If I pay \$1,000 for a Victory Bond, is there any chance-of my being able to sell it at a profit?**  
A. A very good chance. Most financiers believe that Victory Bonds will advance after the war. Because the demand for money will not be so great and urgent as it is now and interest rates will likely be lower.

**Q. You mean that a free-from-income-tax 5 1/2% Bond will be more popular than ever?**  
A. Exactly, and most likely so popular that people will be willing to pay more than \$1,000 for a \$1,000 bond, and, similarly, more than \$100 for a \$100 bond.

**Q. Have Government Bonds always gone up after previous wars?**  
A. They have. The judgment of our ablest financiers to-day is that Victory Bonds will sell at a premium after the war. One of the United States bond issues already sells at a premium and it only yields 3 1/2 per cent, while Canada's Victory Bonds yield 5 1/2 per cent. more—i.e., 5 1/2 per cent.

**Why Victory Bonds are a Blessing**

**Q. Are Canadians beginning to appreciate Victory Bonds?**  
A. They are decidedly. Many who never saved a dollar before now own Victory Bonds and have created their first "nest egg." By buying the bonds, not only have they helped to finish the war, but they have helped themselves and their families. The interest has proved a welcome addition to the annual income.

**Q. Do you mean to say that Victory Bonds are better than gold?**  
A. Yes. If you have gold and hide it in your stocking or deposit it in a chest or safety deposit box, it earns no interest, while Victory Bonds, which are as safe as gold and are payable in gold, earn 5 1/2 per cent.

**Q. You mean that Victory Bonds have encouraged thrift?**  
A. Yes. Thousands of persons bought bonds last year and paid for them in bills because they had no bank accounts.

**Q. Is 5 1/2 per cent. a good rate of interest?**  
A. It is. Look at it this way. If the interest on a Victory Bond was compounded, your original \$100 bond, with interest, would amount to \$200 in 14 years. Hide \$100 in gold for 14 years and it is still only the original \$100.

**Q. How do bonds and dollar bills compare?**  
A. The same country—Canada—that puts its promise on the dollar bill puts the same promise on the Victory Bond.

**Q. Leaving patriotic reasons aside, why should a man buy Victory Bonds yielding 5 1/2 per cent. when he can get 7 per cent. on something else?**  
A. The something else is not as safe, and, furthermore, Victory Bonds are free from income tax. The whole of the Dominion of Canada is security for that 5 1/2 per cent.

**Shaughnessy's First \$100**

**Q. Is it true that the fortunes of our great men have been built upon early savings of small amounts?**  
A. It is. Let us repeat Lord Shaughnessy's own story of how he saved his first hundred dollars. When a young man in Milwaukee, the future C.P.R. President found that he could not save money no matter how hard he tried, so after taking stock of his position he decided upon a plan that would make him save. He went to a friend who was the cashier of the First National Bank and asked if the bank would loan him \$100.00. "If you let me have the money," said young Shaughnessy, "I will deposit it in your bank as a savings account."

**Q. The cashier had to scratch his head over this proposition, as it was the most peculiar one he had ever heard of. He asked for an explanation.**

**Q. "Well," said the future C.P.R. man, "if I owe the bank a hundred dollars, I have got to pay it back. I want to get into debt so that I can save and pay the money back out of my earnings. Then the \$100.00 I have on deposit will be mine." The cashier saw the point and advanced the money, and the future Lord Shaughnessy paid off the loan as quickly as he could. And he tells this story to inspire us to save.**

**Q. And is this the way to give in these war times?**  
A. No. Instead of making a bank loan which costs you money, buy Victory Bonds on the instalment plan and pay for them out of your savings. Turn your present "nest egg" into Victory Bonds also, and thereby substantially increase your interest return.

**No Politics or Creed in Victory Bonds**

**Q. I suppose politics and religion do not enter into Victory Bonds?**  
A. Decidedly not. The Victory Loan is the solid backing of a united patriotic people. The Liberal who buys a Victory Bond is not helping politically the Conservatives or Unionists. Neither is the Conservative helping politically his opponent of normal times. He is helping his fighting brothers overseas. He is helping Canada, helping the Allies, helping Civilization to defeat the Hun—and helping himself! It is your Country—Canada—that asks you to buy Victory Bonds.

**What is the Security Behind Victory Bonds?**

**Q. It has frequently been stated that Victory Bonds are the "Best Security in the World." Is that true?**  
A. It is true for the reason that the bond is backed by the faith and honor of the whole Dominion of Canada, and by the taxing power of the whole country.

**Q. Has Canada issued bonds before; and, if so, has it ever failed to pay all of its bonds when they became due?**  
A. Canada has issued bonds before; in fact, the Victory Loan of 1918 is Canada's Fifth War Loan—and has never failed to pay every bond when it became due with all the interest on same.

**Q. Are Victory Bonds exempt from taxation?**  
A. The bonds are exempt both as to principal and interest from all Dominion taxes, including any income tax levied or to be levied by the Parliament of Canada.

**Q. Suppose Canada offers bonds in the future which will pay a higher rate of interest than 5 1/2 per cent.?**  
A. If so, the holder of a Victory Bond will have the right to exchange this bond for one bearing the higher rate of interest and running for equal or longer term.

**Q. What is the amount of Canada's Victory Loan of 1918?**  
A. The Minister of Finance, in the official prospectus invites subscriptions for \$300,000,000 nominally, and reserves the right to allot the whole or any part subscribed in excess of \$300,000,000. Canada, however, hopes to get not less than \$500,000,000 from her loyal citizens to meet the great demands of her military effort overseas, and to insure continuance of country-wide prosperity at home.

**Q. On what and where will the proceeds of this Loan be spent?**  
A. The proceeds of this loan will be used for war purposes only, and will be spent wholly in Canada.

**Bonds Will Be Popular**

**Q. I suppose there are many people in Canada who still do not understand the advantages of Victory Bonds over any other form of saving money?**  
A. There are, but bonds are daily becoming more popular, and will be still more popular in years to come when they are better understood.

**Q. Were there people during the First Loan who were slow to appreciate this form of investment?**  
A. There were, because they were not familiar with bonds. Of course, all our rich men have known about bonds for years, and many of our millionaires have never

bought anything else, but the rank and file of the people scarcely knew about them. In Europe the poor and rich alike have invested in Government bonds for centuries.

**Q. That 5 1/2 per cent. should catch on like wildfire. Why doesn't it?**  
A. It will. Supposing a man had a savings account with a friend who was paying him 3 per cent. Now, supposing another friend, across the street, equally reliable, offered him 4 per cent. He would take his money across the street, wouldn't he? Now, here comes the Dominion of Canada, which is stronger than either friend, or anything else in the world, offering him 5 1/2 per cent. They will know a good-thing when they see it, and they will buy Victory Bonds to the utmost.

**What \$1,000 Victory Bond Will Do**

**Q. Supposing I buy a \$1,000 Victory Bond, just what will my \$1,000 accomplish?**  
A. Your \$1,000 will pay the wages of almost 1,000 soldiers—practically a whole Canadian battalion—for one day.

**Q. Your \$1,000 will buy 300 pairs of soldiers' boots; will buy 1,000 pairs of soldiers' socks; will buy 450 bushels of wheat; will buy 1,250 bushels of oats; will buy 4,200 pounds of cheese; will buy 40 rifles; will buy 80 revolvers; will buy 28,000 rifle cartridges; will buy 56,000 revolver cartridges; will buy 100 sets of infantry equipment; will buy 40 field telephones; will buy 2,000 pounds of high explosives; will buy 200 gas masks that may save 200 soldiers' lives. And remember, \$500, or even \$100, buys in the same proportion.**

**Q. And remember, again, your \$1,000 is spent in Canada for Canadian goods and products, and goes to Canadian farmers, Canadian merchants and Canadian workmen.**

**How Do I Buy Victory Bonds?**

**Q. How much do Bonds of the Victory Loan cost?**  
A. From \$50 to \$100,000, whatever their face value calls for. These bonds are sold at "par"; that is, their face value—100 cents on the dollar.

**Q. How can I buy the bonds of the Victory Loan?**  
A. By filling out an application blank and handing it to the Victory Loan canvasser when he calls, or send it to the Victory Loan Headquarters in your city, town or district.

**Q. When can this application for bonds be made?**  
A. Any time from the 28th of October, 1918, to the close of business on the 16th of November, 1918.

**Q. In what form must application to buy a Victory Bond be made?**  
A. All applications must be made in the form prescribed by the Minister of Finance, obtainable from any Victory Loan canvasser, or from the Victory Loan Headquarters in your community, or from any bank.

**What Do I Get?**

**Q. When I hand to the Victory Loan canvasser my application and my cheque for 10 per cent. of the amount applied for, what do I receive?**  
A. You will receive by post within a few days an official Government receipt for this 10 per cent. payment.

**Q. How long do I hold this receipt?**  
A. Until you have paid in full for your bond. On the second and subsequent instalment due dates you make the required payment to the bank on which you drew your first instalment cheque, and they will enter receipt in the space reserved for this purpose. Remember, you can pay in full on any instalment due date if you so desire.

**Q. What do I receive when the official receipt records payment in full?**  
A. You are then entitled to the permanent engraved bonds, which will be delivered to you by the bank in exchange for your official receipt.

**In a Nutshell**

**Q. How can I best help to make the Victory Loan of 1918 a success?**  
A. First, by buying bonds; second, by urging others to buy.

**Q. I have a few employees—can they help?**  
A. Yes, decidedly. In the first place persuade them to buy bonds, and, secondly, make it easy for them to pay for the bonds. You are doing them the greatest service if you help them to buy Victory Bonds.

**Q. Can my wife help, too?**  
A. Most certainly she can. The women of Canada took a wonderful share in the last Victory Loan. Every woman, as well as every man, in Canada must buy Victory Bonds to the limit.

**Canada has never failed either in the trenches or behind the lines. Britain, Canada and our great Allies have the Hun on the run. We've got them going. Help us finish them. Victory Bonds will help to do it.**

MAYOR QUESTIONS MILITARY OFFICER

Major-Gen. Logie a Witness at Cadet Davidson Inquest.

BASE HOSPITAL AFFAIRS

Effort to Place Responsibility for Death of Patient.

Major-General Logie was last night subjected to a spirited cross examination at the hands of Mayor Church at the inquest relative to the death of Cadet Davidson.

Major-General Logie stated that 120,000 men had passed thru his hands since 1915. The medical treatment of the men, he said, was under the direction of the director-general of medical services.

General Logie stated he would recommend changes in hospital equipment, but the carrying out of any changes rested alone with the militia council.

The Base Hospital, said General Logie, had originally been used as a hut hospital with a 2000 bed capacity at High Park.

As late as November, 1917, the witness had sought permission to erect a hospital with 2000 beds capacity, and negotiations finally led to the St. Andrew's Hospital, Rosedale.

Not only had the general sought to have a large hut hospital erected, but in conjunction with the A.D.M.S. had recommended the use of both the Park school and the Davlville school for the necessary extension of capacity.

The witness admitted that there had been no co-operation between the Toronto M.O.H. and the military authorities.

In answer to the mayor General Logie stated that there was no sub-evidence of the Base Hospital to the military authorities.

"I have no intention of being unfair," before the mayor, who pointed out that when he was a member of the company with the Bishop of Birmingham he had seen no stoves in the tents, and no blankets.

Overlapping Supplies. In response to S. Fairly, assistant city solicitor, the witness stated that he understood there had been overlapping

TROOPS FOR SIBERIA NEED BOOKS AND MUSIC

They've a long, tedious trip before them, those dauntless boys going to distant Siberia.

The military authorities, recognizing this, have asked us to obtain music, books and other means of entertainment that will keep the soldiers in good spirits.

We'll gladly accept anything you can offer. Talking machines and records, mouth organs, banjos, flutes and other kinds of small instruments will be greatly appreciated.

The reading matter most needed is books rather than magazines—books that will interest the soldier.

Flags! Flags! These are the messengers which speak at the headquarters of the five districts into which the city is divided and on the booths where Toronto's women will do their part in the Victory Loan campaign.

Such beautiful flags! Bright with color and buoyant with hope, the flags of the allies and Canada's own beloved emblem cling closely together or float freely in the breeze, speaking of the unity of the allied nations and of the freedom which their united effort is bringing to the world.

Canadians as we are who love our great country with its wealth of unlimited resources, are not given to demonstration of the feeling which lies at the root of our patriotism. But the appeal of the flags is irresistible and the call of the Victory Loan will go unheeded by none who pause for a moment to listen to the message of the flags.

The Same Message. The red, white and blue, whether woven into the crosses of the Union Jack or into the broad scarfs of the tricolor of La Belle France, have ever the same message. The red tells of the blood of brave men as it now engulfs the battlefields of France and gives undying color to the immortal poppies of Flanders—the blood of men who died for the liberty of the world. White speaks to us of the unselfish nature of our cause and the blue sends out its strong message of hope—the hope of a victory permanent and unqualified. The crosses of George, Andrew and Patrick tell us that today as in the days of Constantine the cross is the sign by which the pagan shall be conquered.

Furnace Management Ease of the Sunshine

Feeding the furnace;—shaking down the ashes, —removing the ashes, —keeping the health-giving water pan filled, —fixing the drafts for the night, —those are the five major operations in managing a furnace—and what a trial of the temper and destruction of your raiment any one of them may be.

If your furnace is the famous McClary Sunshine these operations will cause you little more trouble or effort than winding up the clock.

The floor door of the Sunshine is big—you don't hit the side and damage your shovel and temper and scatter coal and naughty words all over the basement.

You don't shake the Sunshine grates, you merely rock them a few times, —and the ashes drop from the perpendicular fire-box walls and grates and are guided into the big ash pan, —and you lift the ash pan out with handles that are always cool.

—No shovelling of ashes—no adjust on your clothes or in your hair or in the house. —And at night, without going down to the basement, you drop the damper and open the check with pulls that always work.

And the water pan is right above the fuel door—very accessible—in plain view, where you can't forget it. Sunshine furnace management is not even exercise.

Engineering Service Free. McClary's own heating engineers are at your service when you buy a Sunshine Furnace. To give you free expert advice on your home heating requirements. Write to the nearest McClary Branch and ask for particulars about this service. "Consultation" is free. McClary makes clean all the things you want to know about furnaces, and it is sent free on request.

GREAT RECEPTION TO LOAN CAMPAIGN

Whistles, Sirens, Bells and Cannon to Inaugurate Drive.

SCORES OF FEATURES

Decorations, Stunts, Fire Department Parade and Other Novel Things.

All yesterday at the different headquarters in Toronto the final tuning up was given to the tremendous organization which will be set loose at 10 o'clock Monday morning for the 1918 Victory Loan drive.

Never before in this country has a campaign been so well calculated to the most remote detail. The great religious service on Sunday in Queen's Park will be a fitting invocation.

As the day goes on, special features in the campaign will be disclosed. Some 186 public garages will be visited during the night and Victory Loan cards placed on the cars.

At twelve o'clock noon, Raffles, whose name has always had an attraction for a crowd, will be strapped in a German torture belt, a genuine Hun device used to maltreat prisoners of war who offend their captivities.

During the week, rain or shine, Raffles will appear in different parts of the city, with some feature, either a strait-jacket or an insane miff.

The committee on decorations has reported that some 200 store windows have been donated for Victory Loan advertising.

The French tank from the Somme, somewhat the worse for wear, will arrive in Toronto early in the week and be placed in front of the city hall.

During the week it is expected the six carloads of Canadian war trophies will arrive and be placed on view in the armories.

The indicator to be used to show daily the progress of the campaign will be an adaptation of the honor flag, which will be used for every unit, division, canvassing district and establishment in the country.

R. C. VAUGHAN IS GIVEN PROMOTION IN C.N.R.

Following a meeting of the board of directors of the Canadian Northern Railway yesterday morning, the annual meeting of the shareholders was held at which the previous directors were re-elected.

CONSTABLE IS ILL.

W. R. Davis, constable of Leaside, has been ill for the past week with influenza, at his home at Richmond Hill.

LOOKING FOR THE MAN WHO OWNS THE BARRELS

Jonathan Loudon, charged with assaulting R. Holmes, Mimico, appeared before Magistrate Bruntin in the county police court yesterday.

The county police are looking for E. Summinko, Newark, who had two barrels of liquor sent to his home, and when he found that the police were on his trail he cleared out and has not been heard from since.

Judge Coatsworth yesterday afternoon awarded \$200 damages and costs to John Wood, who sought \$1000 in respect to an accident in which an automobile owned by Timothy Mucha ran him over while he was bicycling along East Queen street on March 5.

AWARDED \$200.

On June 8 motor cars driven by E. Tereley, Dumville, and L. Brett Hamilton, collided on the Hamilton highway west of Clarkson.

MAYOR TO INCREASE POLICE COMMISSION

Mayor Church, in a lengthy statement given out yesterday, is endeavoring to get the number of the members of the board of police commissioners increased from three to five.

MINORITY REPORT NOT FOR THE BLACKSMITHS

It was stated on good authority yesterday afternoon that J. G. Merrick's minority report of the recent board of conciliation relative to the grievances of the blacksmiths' helpers in the Dominion did not favor the blacksmiths.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

JUDGMENT GIVEN TO DELIVER SHIP

Order Granted Directing Payment, and Injunction is Continued.

Heisteln & Sons vs. Polson Iron Works.—Mr. Justice Lennox in his judgment says: There will be an order directing that the plaintiffs pay into court to the credit of this action the sum of \$45,870 on or before Tuesday next, and that upon payment the defendant company do forthwith deliver and hand over to the plaintiffs.

The injunction will be continued in the meantime and thereafter until the trial or determination otherwise of the question in dispute, if desired.

Appellate court, first division, Hamilton Motor Works vs. Brown.—Judgment was delivered by the court, allowing the appeal with costs.

Works to pay the cost of the action; disposition of the motion to admit further evidence not interfered with.

On the ground of such malfeasance the Bailey-Cobalt Company, Limited, and its liquidator sued Benson, and judgment having been entered by default the damages were assessed by the master at \$424,560.

Prior to this time, viz., on June 11, 1914, Benson, claiming to have advanced monies to the Bailey-Cobalt Company, had prior to the liquidation brought an action against it and had recovered a judgment for \$80,788.89, which judgment was subsequently assigned to the Profit Sharing Company to prove and rank in the liquidation for this judgment that the present question arises.

Answer to Sir Adam Beck's Quibble

Our statement was in brief: That 28,500 horsepower supplied by us to our competitor, the Hydro-Electric Commission, by order of the Federal Authorities, deprived us of our steam and other sources of power provided for the benefit of our customers.

Sir Adam Beck's statement: "The Hydro-Electric Commission are not receiving a single horsepower from either the Toronto Power Company or the Toronto Electric Light Company."

This Statement of the Chairman of the Hydro-Electric Commission is a Pettifogging Quibble to Mislead the Public.

FIRST—Because the orders were for delivery of the power in question to the Ontario Power Company.

SECOND—Because the Ontario Power Company is owned and controlled and probably operated by the Hydro-Electric Commission.

THIRD—Because the Ontario Power Company accounts are paid for by Hydro-Electric Commission cheques, not even a war stamp being attached to them.

FOURTH—Because the charges for this power were objected to on the ground that the Hydro-Electric Commission had no way of distributing the cost.

FIFTH—Because the Ontario Power Company recently sought to evade its taxes by the plea that it was the property of the Hydro-Electric Commission and therefore should not be liable for taxes.

**PROSPECTS BRIGHT FOR LOAN'S SUCCESS**

Provincial Chairmen, on Eve of Bond-Selling Campaign, Say Objective Will Be Exceeded.

On the eve of the opening of the Victory Loan drive the chairmen of the provincial organizations were asked to give their opinion as to the prospects of the objective being exceeded. The responses generally are of a highly satisfactory nature, and from present appearances, there will be no faltering on the part of the people. Business conditions have been excellent. Every province has received large benefits from the food purchases of the British Government and all except one, Prince Edward Island, from the purchases of munitions and metal products. In the wheat-growing provinces there has been a falling off in the amount cropped and some districts suffered; still, on the whole, the people have prospered and the outlook for the year is good.

G. H. Wood, chairman, gives out this statement: "The spirit of the organization is magnificent and the men are only waiting for the opening gun on Oct. 28 to make such an attack upon the splendid total of \$200,000,000 obtained last year will be left far in the rear. The farmers have had one of the best years they have ever known, having crops and animal products worth probably \$650,000,000. The manufacturers have had possibly the best year in their history, their products being estimated at no less than \$1,000,000,000. We cannot afford to be too optimistic, but the character of the men composing our organization and the spirit which the people of Ontario have always shown in matters of national concern warrant the prediction that Ontario's quota will be fully reached."

J. W. McConnell, chairman Island of Montreal, says: "Montreal welcomes the 1918 Victory Loan as the greatest and probably the last opportunity to help financially in clinching the victory for the allies now in sight. Montreal has never failed to pass the mark set and the spirit shown in the preparation for this drive is evidence that this district will again reach its quota."

E. A. Macneil and A. P. Frigon, joint chairmen of the Province of Quebec outside of Montreal, say: "Our divisional organizers who have been working all over the province are most enthusiastic over the reception which accorded them, and they believe that the results in this campaign will show a big increase over last year. The educational work done in the last campaign was invaluable and we look for a very substantial increase in both the number of subscribers and the amount subscribed. All classes of the community are showing their intention of working for the loan quite irrespective of affiliations with any political party."

T. H. Estabrook, New Brunswick: "Prospects for the coming Victory Loan campaign could scarcely be better. Crops are good and business is booming, and the spirit is excellent. New Brunswick will raise and exceed her quota, without a doubt." S. A. McManis, Nanaimo, Manitoba: "Last year Manitoba was asked to lend \$15,000,000. The answer was \$22,244,500. This year Manitoba's quota is \$25,000,000. I am satisfied the province will reply with subscriptions largely in excess of that figure. All classes of labor are fully employed and handsome wages are being paid. I feel sure that the per capita subscription of Manitoba will exceed that of any other province." Hon. Charles A. Dunning, Saskatchewan:

**FOR RECONSTRUCTION OF FRENCH CHURCHES**

Yonkers, N.Y., Oct. 25.—Resolutions recommending the immediate raising of a \$300,000 fund to aid in the work of reconstructing and re-establishing Protestant churches in France were adopted here today by delegates to a conference called by the federal council of the Churches of Christ in America.

The conferees, who represent the Lutheran, Baptist and Methodist Episcopal denominations and the Presbyterian and Reformed Alliance, also discussed plans for a widespread evangelical movement in France and in Belgium, which would involve continuous financing of weak churches in those countries until they became self-supporting. Plans for similar work in Italy, Russia and other countries were recommended to the attention of the united committee on Christian service for relief in France and Belgium.

**WILL CONSULT LABOR ON NO-STRIKE ORDER**

Government Will Probably Call a Conference Next Week to Discuss It.

Ottawa, Oct. 25.—The government will probably call the representatives of organized labor to Ottawa next week for a conference in regard to the whole labor situation, especially concerning the recent order-in-council prohibiting strikes and lock-outs during the war and the objects sought by that order. The opposition which has arisen to the order-in-council is, the government believes, due in large measure to misunderstanding and lack of appreciation of the needs of the situation. It is explained that the summary passing of the order was due to a notification received by the government some days ago from the Brotherhood of Railway Employees intimating that a general strike might be called for Monday last falling satisfactory advertisement of the men's claims by the railway labor bureau.

**Victory Loan Appeal by Shaughnessy and Gouin**

Montreal, Oct. 25.—Over the signatures of Sir Lomer Gouin and Lord Shaughnessy an appeal is issued today to the citizens of Montreal for their co-operation in the Victory Loan campaign about to open here. It is pointed out that owing to the nature of the influenza epidemic the ordinary campaign methods of mass meetings and intensive house-to-house canvass must be postponed. The Victory Loan itself, upon which the continued prosperity of Canada depends, cannot be postponed, and a still larger sum must be raised than last year. It is suggested that the citizens should not wait to be canvassed, but should decide now to invest the utmost they can afford.

**Daylight Saving**

The Toronto Railway Company will operate the Night Car service on Saturday night (Sunday a.m.) according to the Daylight Saving time (present time). The regular Sunday Day service will be operated on the new time according to the Daylight Saving Act.

**REVENUE TAX IS BRINGING RESULTS**

Oct. 25.—The new inland taxes, the chief of which is on watches, are producing results. War taxes of the inland department during September in \$1,482,865. The total receipts of the department for September, \$4,039,690. The receipts for September, 1917, were only \$2,355,820.
