### An Acousticon Will Help You Hear More Easily

In addition to the exhaustion caused by the heat of summer, the man or woman who is hard of hearing suffers from the fatigue and strain of trying to hear, often to an extent which affects the general health. Or else the trouble has the opposite effect, and the deaf person gives up trying to hear, cutting himself off from all that is going on. This is equally harmful to mind and health. Unless your trouble is caused by nerve defect or complicated by age, it should be possible for you to obtain hearing help. With the aid of an Acousticon you will be better able to get joy out of living and out of the summer. It is almost a daily occurrence for a customer who has used an Acousticon for a few months to tell us of improved health and spirits, directly due to greater ease in hearing. Ask our Acousticon demonstrator to show you the instrument which would help you hear and to explain our trial offer. If you live out of town, send for illustrated leaflet.

JUDGE HOPES FOR STRIKE SETTLEMENT

(Continued From Page 1)

10. Examination of the books of the company by Mr. Bradshaw for the city and Messrs. E. R. Clarkson & Co. or like company on behalf of the railway board.

11. Strike-breakers brought in without knowledge or consent of the city to be dismissed at once.

At the conclusion of the morning session the mayor reiterated his former contention, that the men be given an increase in pay, leaving the question of who is to pay to be dealt with later. He understood that strike-breakers had been brought into the city.

"Will you deport them?" was the query, and the mayor replied "No. We will give the company protection if they can operate the service, and that means the whole city and not a few routes." The mayor added that he disapproved of the policy of bringing strike-breakers into the city.

"Recording Angels." The conference started shortly after 10 o'clock, but was private, and the reporters were thus denied the opportunity they had Saturday night to give a good account of the remarks of the mayor and others. However, Saturday night his workshop has been apparently a little chary of the "recording angels."

Those present at the conference included Judge Barron, chairman of the conciliation board, and W. J. Hevey, representing the men on the board; General Manager E. J. Fleming; ex-Ald. Tom Gibbons, business agent of the Street Railwaymen's Union; members of the men's committee; J. K. Dunlop, president of the board of control; members of the board of control; Works Commissioner Harris and Finance Commissioner Bradshaw and Brig.-Gen. Gunn.

Mayor Church sent the following telegram yesterday to E. A. Acland, deputy minister of labor: "Could you instruct the conciliation board to proceed at once to take evidence with regard to rate per hour to be paid the street railway employees? Four days have gone by and they have had no session yet to take this rate up. They should proceed to take evidence and go on with their inquiry in the usual way, as per their instructions."

Railway Board Accedes. In connection with the city's application to temporarily suspend the order compelling the T. S. R. to operate their cars forthwith, Mr. I. S. Fairly of the legal department yesterday afternoon Chairman McIntyre of the Ontario Railway Board, who acceded to the request. It is understood that the suspension of the order stands until 5 o'clock this afternoon.

STREET-CARLESS YONGE STREET.

Yonge Street in Strike Time is Very Different From Yonge Street When the Street Cars Are Running. The Ever Moving Horde of Motor Cars Emphasizes More Than Ever the Fact That the Street is Too Narrow for the Main Artery of a Great City. The River of Jitneys Flowed Unceasingly From Morning to Night and the Small Number of Accidents Reported was a Matter for Wonder.

CAR BARNS QUIET Crowds Cease to Frequent Surroundings—Window-Damage Thirty Cents.

The street railway situation so far as the men are concerned is at a standstill, and the temper of the men has not improved. There was no discussion on the part of the rank and file yesterday afternoon at the Legislature to accept anything less than a standard wage of 55 cents an hour with an eight hour day. Crowds gathered at the barns during the day from ten o'clock right up to six o'clock in the evening, when a member of the men's executive told those present that there was nothing to be gained by remaining at the scene any longer because of the decision of the company to run no cars until at least this evening. Some of the men departed, but finally it was decided that the executive spoke words of wisdom, and soon there were no more than the customary bakers' dozen of the happy hunting grounds. A far sized squad of police were present ready for any emergency, but none arrived.

A number of men in the labor movement yesterday referred sarcastically to the alleged statement of general R. J. Fleming that the company would be unable to increase the men's wages or reduce the hours until the citizens paid a straight five cent fare. "Now, let's that lie go after it," said one man. "The either legislate a straight five cent fare or to take over the line. At least that is its intent. Plain as a pike-staff." Another man ventured the opinion that R. J. F. was a good man on the wrong side of the fence.

Arthur Conn, a member of the railwaymen's executive, stated yesterday afternoon that the eight-hour system was in operation in Vancouver and Winnipeg. The Toronto men, he said, were out for both that and the 55 cents an hour.

That Window Myth. The stoned window did not go unmentioned at Lansdowne barns yesterday afternoon. It was undoubtedly one of the minor incidents of the previous day's events, but raised much of the window is as to a little boy had tripped heavily against the upper half of the small window leading into the mysterious interior. The hole in the wall is about the size of a thumb-nail, but is the centre of great discussion. The police, however, paid little attention to the affair and were not of the opinion that it in any way indicated the temper of the crowd. It was evident, however, that boys of 15 and up were much interested in the proceedings within the T. S. R. barns.

STOCKYARD MEN SATISFIED SOON

Day of Conciliation Boards Waning, Says Judge Snider.

Low Braithwaite and other prominent members of the Butcher Workers' Union were present at yesterday's session of the board of conciliation dealing with the grievances of the employees at the Union Stock Yards. Judge Snider, the chairman of the board, was surprised that Judge Barron should have been instructed by the government what to consider with respect to the employees of the T. S. R. He believed that there was evidence that the day of conciliation boards was coming to an end, and that soon a great central board of adjustment would take the place of the boards as at present constituted. All matters at issue between Mr. Fletcher of the yards and the men are being settled satisfactorily.

The men allege that they receive 25 cents an hour, with a day never less than ten hours and often twelve. They demand: 1, a 45-hour week; 2, a flat 60 cents an hour for the eight-hour day; 3, rubber boots and waterproof coats, and, lastly, but not least, representation in trades unionism.

A Problem and Its Solution

THIS company regrets exceedingly the inconvenience and annoyance that has been caused by the suspension of the local street railway service.

We have tried to explain conditions confronting the company and have sought an adjustment of the present trouble through the medium of a Board of Conciliation.

We have shown how similar situations have been met in other cities and there is no reason why a solution along similar lines cannot be applied here.

It must be evident to everyone in the city that the wild scramble of evil-smelling, unregulated and unlicensed common carriers represented by the motor vehicles now engaged in passenger-carrying, with all the risk that such transportation involves, is not the solution of the problem.

Who would object to paying a 5-cent fare on the street cars in order to insure adequate service provided by satisfied employes?

In all other cities where relief has been afforded fares have been increased to 6, 7, 8 and even to 10c

and in practically all of these cities the roads had unexpired contracts calling for a 5-cent fare or less.

A 5-cent fare is all that would be required to solve the present problem here.

TWO FATALITIES; MANY ACCIDENTS

Twenty Cars Wrecked, Scores Summoned, and Many Hurt is Day's Total.

The first fatal motor car accident to occur due to the street car strike, happened at 5.30 last evening, when James Orser, aged 65 years, of 102 Clinton street, was fatally injured at the corner of Clinton and College streets. Orser, along with 20 other employees of the Gerhardt Heintzman Company, was riding home in one of the firm's big trucks. When the truck was nearing Clinton street on College, at 5.45 last evening, Orser leaped from the truck before the driver had stopped. The rear wheel of the truck passed over the old man's left thigh, fracturing it. He was removed in the police ambulance to the Western Hospital, where he died at 9.30 last evening.

The body was removed to the morgue, awaiting the opening of an inquest.

During yesterday, five people were injured as the result of jitney collisions. One of this number was killed and the others escaped with slight injuries. Police stations reported at midnight that 20 cars had been wrecked during the day. Three cars were piled up at the corner of Palmerston ave. and College street at 4.45 in the afternoon. Two cars were demolished at Shaw and Defoe streets, while a number of bicyclists were struck by automobiles on the down town streets.

The police had another busy day handling traffic and as a result of a number of drivers disobeying traffic regulations, the numbers of cars were taken and the owners will be summoned. In Court street last night, 13 summonses were issued for the section between the corners of Queen and King streets and Yonge street.

SENATE AND HOUSE UNABLE TO SETTLE

Meet to End Deadlock Over Railway Act—Say Refuse Toronto Rights.

Special to The Toronto World. Ottawa, June 24.—The conferees representing the two houses of parliament met this afternoon, but were unable to settle the deadlock between the senate and the house of commons over the senate amendments to the bill to amend and consolidate the railway act. The meeting was not opened to the public and no report will be made tomorrow. It is understood, however, that the senate conferees refused to give way on the clause respecting the franchise of the Toronto and Niagara Power Company in the streets of Toronto. They also stood firm in rejecting the house amendment requiring the Bell Telephone Company to give access to its long distance lines to the subscribers of independent telephone companies upon paying the usual charge without any surtax. It is understood that the conferees got together on the clause amending to the railway commission power to fix rates of fares without any agreement on the subject of rates already in existence between the railway company and any province or municipality.

The report to each house will probably be that the conferees were unable to come to any agreement and it will then be up to the house of commons to decide whether it will accept the senate amendments or to go over for another session.

INDUSTRIAL BOARD REPORTS TOMORROW

Ottawa, June 24.—An afternoon paper carries the following today: The report of the committee on industrial relations will be in the hands of the government next Thursday. It is understood that the recommendation will be unanimous, a fact in itself regarded as significant. The board will recommend certain immediate legislation to improve the relations between capital and labor.

There will be subscription to the principle of collective bargaining as defined by the railway brotherhood. The Whitley plan for the representation of labor in industrial management is understood to be considered as unsuited to Canada, but something approaching that system, suitable to this country, will be favored.

DENIAL OF CHARGE BY IRISH-AMERICANS

Dublin, June 24.—With reference to an allegation made by Messrs. Walsh and Dunne, representatives of American Irish societies, that the prosecution of Countess Markievicz, Sinn Fein leader, was in retaliation for the countess having given information to the delegates concerning brutalities against Irish women, an official denial of this charge was issued at Dublin Castle today.

The denial declares that the statement of the delegates is totally unfounded. It says the Countess Markievicz was ordered prosecuted May 25, long before the first statement of the delegates was made.

TAKE BOYS IN MOTORS TO SUGAR BEET FIELDS

Special to The Toronto World. Chatham, June 24.—The Dominion Sugar Company is depending on the youth of this city to work in the beet fields of the district, and help to relieve the situation caused by a scarcity of farm help. Approximately two hundred boys have volunteered for this work already, and it is expected as many more will be engaged within the next couple of weeks. The boys are taken to the fields in the morning in automobiles, and brought back to the city every evening.

WEDNESDAY MORNING, JUNE 25.

Now is the Time for Street Car Company and City to Settle.

There appears to be a very general desire among certain classes to settle the street railway strike by having the men paid proper wages and letting the people who ride on the cars pay higher fares.

The people have a contract with the street railway company, and that contract is not to be judged by the profits in any one period, but on the returns over the whole period for which the people have to pay.

The company asserts that it cannot pay higher wages, that it has no money, but improvidence is no excuse for its own self-imposed evils, and it is no justification for unjust contracts.

We believe that the people, in spite of the situation imposed upon them by the company, would be willing to strain a point and relieve the company, as far as it is possible to do so, of the burden it has imposed upon them.

The proposal we made yesterday, that the city and the company agree together, without prejudice, to recon- sider the present date as September 1, 1921, and proceed to close out the contract in all respects as if that date had arrived.

There need be no violation of the contract. As it was extended for ten years, it can be contracted for two.

Germany and the Peace Treaty. Dr. Otto Bauer, the new premier of the German government, is quite as strong as his predecessor in his linguistic descriptions of the peace treaty.

POLITICAL NOTES

The provincial Liberal convention committee put in a warm day yesterday preparing the ground for the general meeting this afternoon. There was a wide range of discussion upon the subject and the resolutions which, when finished, will constitute the policy of the provincial opposition.

Naturally, the referendum had the lion's share of attention. The presence of a Liberal at the conference accounted for this. The present government has given a general form of discussion upon the subject and the resolutions which, when finished, will constitute the policy of the provincial opposition.

DR. BRUCE PRINTS C. A. M. C. FACTS

(Continued From Page 1).

even to disperse incompetents. In spite of this the report was made public in Canada and became the subject of political conflict. This was used by those who desired to block the reforms proposed by the inspector-general.

One of the first proposals made was for a concentration of Canadian hospitals at Shorncliffe, close to the chief point for the disembarking of the wounded from the transatlantic liners.

Had been distributed all over the British Isles previous to this, and the men desired their own nationals to attend and nurse them. For this recommendation Col. Bruce was accused of something near to treason to the empire.

The policy, however, was so practical and sound that it was readily adopted. Sir Edward Kemp confirmed the wisdom of the policy in his report of May 1918.

Toronto Staff Wasted

The inspector-general's report condemned the taking over of 57 small 'A. D. H.' hospitals for the purpose of area at a time when the entire Toronto General Hospital staff was lying idle at Shorncliffe. This staff could have been put to use in the city.

V. A. D. group were only equal to 500, the other 1000 beds of the 1500 available being wasted. Nor were the V. A. D.'s adequately trained for the work in hand.

As a crown to this blunder Surgeon-General Carlisle Jones had sent the Toronto General Hospital staff off to St. John's, where no fighting was being done, while surgical cases were piling up from the fighting on the French front.

Surgeon-General Carlisle Jones was appointed O. C. of a field ambulance, which called for no surgery at all, while physicians and nurses were being sent to the front.

No Proper Record.

From the policy of distributing the wounded to the British Isles, no proper record of casualties was kept by the Canadian authorities, and as a result of this laxity the way is left open for much misrepresentation in the pension bureau.

It is asserted that, in the attempt to recall the Bruce report as an effort to discredit the imperial relationship, the ministry established overseas under Sir George Perley played a sinister part. Argyl House, in this connection, came to be a term of reproach.

As a result of the controversy Surgeon-General Carlisle Jones prepared a report in which he set forth the abuses, agreed with Dr. Bruce's findings and recommendations, except for the entire reorganization which he proposed.

As a result of this the inspector-general, Col. Bruce, was ended with plenary powers to proceed with the reorganization of the General Hospital. Sir George Perley was ordered to report to the adjutant-general in Canada.

Sir George Perley charged with the responsibility for the subsequent events. He became entitled to take the Canadian army medical service under his own control. He cancelled the order for Surgeon-General Jones' return to Canada. The influence of certain ladies animated by a misconceived solicitude for the Empire, the government, Sir V. A. D. hospitals.

The government has been urged to allow a member of his cabinet to check measures taken for the welfare of Canadian soldiers, in obedience to the outcry of the women, who in an unimportant social coterie in London.

Investigated Investigator.

The next thing done was the appointment by the government of a board of investigation to investigate their own investigator. This was on November 25, 1916. The new board was headed by Sir William Babbie, who had recently been retired from the post of chief of medical services in Canada. The investigation of the deaths of many soldiers from lack of proper medical attention in Mesopotamia. The inferior quality of the food and the way were to investigate is made obvious by the Babbie report was issued on December 12, 1916, and is included in this volume, supplying evidence of his own weakness. It was an attempt to whitewash the early C. A. M. service.

Col. Bruce Dismissed.

Sir George Perley dismissed Col. Bruce from the post of inspector-general, but appeared to be aware that he might reach Canada, and actually had orders secretly issued to the embarkation officer at Liverpool that if Col. Bruce attempted to leave for Canada he was to be arrested and returned to London.

He was excluded from service for Canadian wounded and seconded to the imperial service with the proviso that he be excluded from any area in which there were Canadian hospitals or medical units. Sir Edward Kemp continued this policy of exclusion after he succeeded Sir George Perley. He offered for Canadian service to Sir Edward Kemp in December, 1917, and to Sir Robert Borden in July of 1918, but the policy of exclusion from Canadian areas was maintained till the armistice was signed.

Col. Wilson and Chief Hunter were similarly humiliated because they had assisted in the preparation of the Bruce report.

Imperial Knew Better.

Col. Bruce's abilities were fully recognized by the imperial authorities, he being appointed one of the twelve consulting surgeons with Field Marshal Haig's army. He was invited to the United States to advise the government on medical organization, and in 1918 was sent to represent Great Britain at the American Medical Congress in Chicago, his colleagues being Sir James MacKenzie and Sir Archibald Lane. At the conclusion of the congress he was granted a full colonel of the British army.

This first book of the revelations of the Canadian overseas forces should be widely read and fully digested. The

THE DAY AT OTTAWA

Ottawa, June 24.—Supporters of the Union government have no great love for Hon. T. A. Crerar, ex-minister of agriculture. In the house today some of them went after the Grain Growers' Grain Company, of which Mr. Crerar is president. The attack was led by H. H. Stevens, Unionist member for Vancouver Centre, and heartily supported by H. B. Morphy, Unionist member for North Perth, and F. H. Unionist member for Port Arthur.

Their aim was to show that the Grain Growers' Grain Company was an extortionate middleman, who reduced the profits of the farmer and increased the cost of living to the consumer.

Mr. Stevens claimed that the Grain Growers' Grain Company for years had pillaged the farmer by 'overcharging' which in the year 1914 amounted to \$388,000. Their profits in that year, he said, were 21 per cent. He urged that all overages should go to the benefit of the farmer, and that elevator companies should be compelled to refund to the country the enormous sums that during the past few years they have profited from the farmer's of the west.

Hon. T. A. Crerar, on rising to reply, noted the 'alarm' of the farmer and the interest in the matter of the 'middleman' developed by the member for Vancouver. He could not imagine what his motive could be in singling out the Grain Growers' Grain Company for pillage. The system under which the elevator company profited by overages could not be illegal, because it had grown up with the knowledge, consent and approval of the grain commission. The elevator company was a mere warehouseman, who received the grain of the farmer and delivered it on demand. The grain was weighed into the elevators by government officials and by the same officials it was weighed out for the farmer. The surplus in weight the elevator company had to make it good; if there were a surplus the elevator company retained the same. The margin of profit was very small, amounting to only a fraction of one cent per bushel.

Naturally one might enquire why there should be either a surplus or a deficit if the grain is weighed in and weighed out by an impartial authority and the same scales are used. It appears that the elevator company benefits by an allowance of 'dockage' of 30 pounds to the car, which the farmer is obliged to accept. Then the percentage allowed for dockage may turn out to be a little high and according to Mr. Maharg a reply to the knowledge of the farmer and recover some wheat. This must do because a shortage is always liable to occur. By moisture the company may 'scald' the grain warehoused by the elevator company may become degraded, and in that event the elevator company may deliver to the farmer grain of the right quality of wheat to make good. According to Mr. Crerar, the elevator company would be only too glad to surrender the overages if the

right attitude towards such events means everything to the future of Canada.

Dr. Anderson is well known here, having been connected with the dental clinic of the Royal Flying Corps in Deseronto.

Teachers in Ontario Schools. This step is taken in the belief that the educational system, in this manner, can acquire men of such spirit and force that the full benefits of the war experience, and of the sacrifices made, will be the inheritance of the children of the province. With this end in view the Department has decided to pay the expenses of the soldier in training, including tuition, books, traveling expenses and living expenses.

Qualifications— 1. Applicants must have attended a High School or Collegiate Institute, or have had an education of an equivalent standing, either in Ontario or outside it (England, etc.). 2. A certain number of EXPERT MECHANICS in cabinet-making or carpentry will be trained as Instructors in Manual Training.

Procedure— If outside of Toronto write to address below for fuller information and an application form. Arrangements will be made for a personal interview to discuss your individual case. If in Toronto call at address below between 10 a.m. and 12 noon any morning, bringing with you your discharge certificate.

The club member who closes the campaign with the largest number of credits, and who is therefore the winner of the first prize will be allowed to select any home or farm in any part of the territory covered by the campaign that can be purchased for \$5,000 cash, and The World will pay the bill.

In this way the winner can satisfy himself or herself as to locality, style, and as to all details. Drive your own bargain—suit yourself, and The World does the paying.

If the winner would rather have a home that could be purchased for less than \$5,000, The World will purchase it and give the winner the difference in cash. If a home costing more than \$5,000 is preferred, The World will pay \$5,000 in cash on the home and the winner can pay or assume the difference.

From time to time The World will print cuts and descriptions of homes and farms that can be purchased for \$5,000, but the winner is at liberty to buy what suits himself or herself best.

### THE IDEA IN A NUTSHELL

The Toronto World, through its Salesmanship Club, will award over \$16,000 in prizes to the people residing in the field in which it circulates. This liberal offer is open to both men and women. It costs you nothing to join the Salesmanship Club. Everybody who takes part is sure to be handsomely rewarded. You are certain of winning a \$5,000 home, one of the four automobiles, or other prizes, or a cash commission.

The awards are to be made according to the subscription credits obtained by the club members. These credits are given on subscriptions to The World from either new or old readers as shown in the schedule.

The best way to win is to get started right away. The early beginner has the advantage. Do not stand back on formality. Enter your name in the big selling organization right away. It is the opportunity of a lifetime.

Any man or woman (excepting World employes), married or single, young or old, may join the Club. Those who wish to enter the Campaign may nominate themselves.

### ENTRY BLANKS GOOD FOR 5,000 CREDITS.

The entry blank is good for 5,000 credits as a starter. If a subscription accompanies entry blank 15,000 extra credits are given.

Club members may obtain subscriptions anywhere. The list of members and the standing will appear in The World from time to time, so that friends of candidates may note the progress of those competing.

This campaign is no long-drawn-out affair that grows wearisome and keeps members and their friends in suspense. It closes August 29, just long enough for a snappy competition.

Everybody wins in this campaign. Those who are not fortunate enough to be among the prize winners are paid a cash commission of 10 per cent. on all subscriptions they collect.

Don't let time mark another minute against your chances for success. If you fully realize what a wonderful opportunity the Salesmanship Club offers you RIGHT NOW IS THE TIME to take advantage of it by entering the campaign at once and by starting an active campaign without a moment's delay.

### A TEST OF SALESMANSHIP

One of the watchwords of the business world today is "Salesmanship." It has been taught in the colleges and schools, and has formed the subject for technical books and lectures. Among the readers of The Toronto World are hundreds of men and women who have taken courses in salesmanship. There are other hundreds who have practiced salesmanship in their daily work. There are many more hundreds who have a natural gift for salesmanship and organization.

The World's "Salesmanship Club Campaign" is one of the most unusual tests of salesmanship ability presented to the public. In the first place, no one knows better than a World reader what a good paper his paper is. He knows its "talking points" by heart, as a result of his intimate acquaintance.

"He" or "his" does not mean that the women are barred; on the contrary, they have a little the better of the proposition. It is one of those "spare time" arrangements, which cannot always be utilized by the man who has to be around when the whistle blows.

### EVERY ONE A SALESMAN

Enthusiasm over The World's campaign, with its fascinating challenge to the salesmanship spirit of the world's greatest advertising and selling centres, is reflected in the statement made by Mr. D. M. Barrett, secretary and treasurer of The World Salesmanship Congress, Detroit, in a recent interview.

Mr. Barrett said:

"It is commonly believed that every man is a salesman, all of the time. From the moment that the tiny arms of the babe in the cradle stretched out in an appeal to its mother for what it most needs, up until the moment when the same human being just as earnestly makes his last appeal for mercy, on his death bed, the individual is continuously attempting to sell himself or herself into a greater and greater growth. Those in every department of human activity, who have accurately appraised the universality of this principle or growth, have become the master salesmen of the world, whom business men and professional men are endeavoring to imitate."

### HOW AWARDED

The club member who has the greatest number of credits at the close of the campaign will be the winner of the \$5,000 Home.

The member who has the second greatest number of credits, will be the winner of the \$2,125 Chalmers touring car.

The member who closes third will be the winner of the \$1,510 Briscoe touring car.

The one who closes in fourth place will be the winner of the \$1,390 Maxwell touring car.

The \$1,375 Briscoe touring car goes to the fifth highest member.

After the grand prize winners have been eliminated the highest member in each of the eighteen districts will be given a \$100 merchandise order.

The second highest member in each district will be given a \$50 merchandise order.

After the grand prize winners and the district prize winners have been eliminated the fifty next highest candidates in the field at large will be given a \$25 merchandise order.

"Every man will fight for his home, but who ever heard of a man fighting for his boarding house?"

---Mark Twain

Mark Twain said many things of moment in his well calculated life, but few that hit home so hard as his potent "proverb" above.

Fight? Yes! Work? Yes! But here, indeed, is an opportunity to win a home and get away from the boarding house or the rented home, by the most delightful of industry.

You can endear your friends to you by making The Toronto World their daily associate; you can enlarge your social circle so easily; you can develop the art of Salesmanship, and you can profit so exceedingly in all the opportunities that open up in this campaign.

GET STARTED TODAY, IS EXCELLENT ADVICE.

This is no luck layout or popularity fandango. It is business---the reward of persistence and system.

There's a prize for everyone. If you are first, you win a \$5,000 Home. If you are fifth, you win an automobile. If you are the ninety-first candidate, you win a \$25 prize.

If you want to put your spirit of achievement and your spare time to excellent use in the next few weeks, put your hand on the telephone, the manager of the Salesmanship Club is on the other end of the line---Main 5308.

The office of the Club is on the ground floor of the World Building, 40 West Richmond Street, and is open from 9 a.m. until 10 p.m. Call and get acquainted with the manager of the Club. He will be glad to see you and to further explain just how you can go about it to be one of the big prize winners.

Tennis Good Contests On Third Day

Golf Champions Break Even

HERCHE HIT DOUBLE WITH THE BASES FULL

Leafs Turned Defeat Into Victory by Batting Rally in the Ninth.

Newark, June 24.—A batting rally this afternoon in the ninth inning netted Toronto three runs and victory over the Newark Bears. Up until the ninth Pat Shea of the Bruins held the champions well in check.

The uprising came at a time when the home fans were cheering for a sure victory over the titleholders. Shea had allowed but three hits up to that time, while the Bears had hammered Hubbell and Hubbell off the mound. Justin lasted but three innings, during which time the Bruins collected ten tallies and eight hits. A couple of double plays kept Newark's score down.

Birds' Winning Streak Broken by the Bisons

At Jersey City (International)—Jersey City defeated Binghamton on Tuesday by the same score—5 to 4. Five hits, coupled with a pass, a sacrifice and an error, in the eighth inning of the contest, enabled the local team to over-all the visitors' lead.

At Baltimore—Buffalo checked Baltimore's winning streak. The visitors landed in the eighth inning for 15 hits, and won easily, 11 to 2. Jordan held the Orioles to five hits, three of which were scratches, but was wild. Bagney and Struff each got four hits, and the former stole three bases. Score: Baltimore, 2; Buffalo, 11.

At Reading—George Kelly, the Rochester slugger, established a batting record when he hit four home runs over the fence in successive at-bats, once and made a two-bagger on the other.

The Diamonds won from the University by 11 to 7 in last night's Don Valley League twilight fixture at Queen Alexandra school grounds. The winners played good ball and deserved to win, hammering two trippers, unmercifully. The game was marked by heavy hitting, the Diamonds getting 10 triples and three doubles in their collection. Baker headed the list of hitters with four hits, while Wortley and Kenyon ran him close with three apiece. McCullen provided the fielding feat with a great running catch of Parker's long drive to right centre. The score: University... 11 0 0 5 0—11 7 2. Diamonds... 2 3 0 3 2—11 14 2. SPERMOZONE Red Sox Beat Beavers, Coming From Behind

Brantford, June 24.—Kitchener and Brantford played a free-for-all hitting contest here tonight, the Red Sox coming from behind and winning by 10 to 6. Gilbert and Sharp were both hit hard, long before the game by Cully and Leitch, breaking up the game. The fine all-around work of third-baseman Cully was again a feature. The recent acquisition from Buffalo had two doubles and a triple. He also stole two bases. The Brantford club overcame a lead of seven runs, and a large crowd enjoyed the victory. Fine fielding by Martin Murphy and Cameron in the seventh prevented Kitchener from scoring. The score: Kitchener... 6; Brantford... 10.

### SCHOOL COUNSEL BLAMES BISHOP

Shirley Denison, K.C., Tells Board of Education Probe Superintendent Guilty.

The board of education probe which is being conducted by Justice Lennox resumed its sitting yesterday, when Alfred W. Smith, general agent for the Reliance Home, Imperial and the British and American Fire Insurance Companies was the first witness called.

E. P. Brown, solicitor for the board of education, wanted to know if the board could have got a better rate of insurance if they had dealt direct with the companies, instead of thru the agents. Witness replied that if the policies were spread over a number of years the rate would not have been as good. Witness admitted that he had received a rate of 22 and a half per cent. for his commission. Mr. Smith said he only placed the policy as a citizen, in a desire to see the rate cut down.

The commissioner again reiterated that he would have been glad to give the investigation a wider scope, and to have admitted the evidence of the contractors and others, had circumstances been different, but now he wanted to bring the matter to a close as soon as possible. His lordship said however, that Miss Vokes, and the solicitor for the Fred Armstrong Co. be notified to attend and they would be heard during the course of counsel's argument.

**Ancient History**  
Shirley Denison, K.C., began his argument later and went back over the history of the board to the scandals of 1911. Mr. Denison seriously arraigned Mr. Bishop for not following out the course laid down by Judge Winchester after an investigation into the affairs of the building department of the board.

"In 1914, Mr. Bishop was in absolute control," said Mr. Denison. "He had every chance, every warning; he had his second chance, which very few of us ever get; and, if there is any inefficiency and dishonesty, then it will be impossible, your Lordship, to escape from the conclusion that Mr. Bishop alone is guilty."

**WILLS AND BEQUESTS.**

Peter McCarter, who died at Richmond Hill on April 17, left his entire estate, valued at \$19,736, to his widow, Mary Lou McCarter.

The \$410 estate of Mrs. Susan Ham, who died in Toronto on May 6, will be divided among her children and husband, James Ham.

Louis Flerstein, who died intestate in Toronto on Feb. 28, left an estate valued at \$624, which will be inherited by his son and widow.

Lieut. Frederick H. Cautlon, M.C., who was killed in action in France while serving with the R.A.F., left an estate valued at \$107, which will be inherited by his father.

### SHARE IN PROPERTY LOST TO COUNTESS

Million Dollar Share in F. H. Walker Estate Declared Enemy Possession.

In a judgment handed down at Osgoode Hall yesterday Justice Sutherland made an order vesting in the minister of finance as custodian of enemy property the share of the Countess Matucha in the estate of Franklin Hiram Walker of Detroit. The amount which is involved is something over \$1,000,000.

The countess is a daughter of Mr. Walker, who died in Detroit on June 14, 1916, leaving an estate valued at \$2,762,897.90, of which \$2,969,209.40 were assets within the Province of Ontario. Some years prior to his death his daughter and only child, Ella, married Count Manfred von Matucha, a citizen of Germany. She was living in Germany with the count at the time of her father's death, making her legally an alien enemy.

The countess came back to the United States, where her mother still resided, and she remained till about February, 1917, when she returned to Germany, fearing that there would be

a break between the United States and Germany. As a result an agreement was made by the countess and Mrs. Walker whereby the Ontario assets were allocated as her portion, instead of to the daughter.

### MISS M. MACMURCHY ISSUES PAMPHLET

"Women of Today and Tomorrow" is the suggestive title of the latest pamphlet issued by the women's department of the Canadian Reconstruction Association, the writer being Miss Marjory MacMurphy.

Dealing with the women of Canada during the last 40 years, Miss MacMurphy states that definite organization amongst women began with missionary societies, the W.C.T.U., the Y.W.C.A. and later was developed by the Daughters of the Empire, women's institutes and similar bodies. Employment as a general feature in women's life is then taken up as is also the companion question of wage conditions.

Places where women can wield most influence in the days to come are pointed out, and the suggestion made that organization for the betterment of child life and the establishment of a bureau for the study of children and to teach the art of mother craft would be of immeasurable benefit. An organization for training girls in general education and the establishment of a bureau for the study of children and to teach the art of mother craft would be of immeasurable benefit. ### MUST, BUT MUST NOT, GO TO JAIL

Extraordinary Predicament of Lunatics Owing to Lack of Accommodation.

Toronto is without a reception hospital, and persons ordered by the magistrate in the police court to be sent to such a place are being held in the Toronto jail. Inspector Gregory of the morality department was instructed to send a prisoner to the asylum yesterday morning. The prisoner was taken to the Queen street institution with his committal papers, but the authorities refused to take the man in. Inspector Gregory said that before a patient is admitted, it is necessary for the police to secure a warrant from the office of the provincial inspectors of prisons and asylums. For some unknown reason, the morality officers have been held up in getting these warrants.

This prisoner is at present in the jail hospital. Dr. Parry, jail physician, says that the hospital has fifteen beds and the section is in readiness to handle a small number of patients and could be made suitable for a reception hospital where prisoners could be held for mental examination and looked after until they could be placed in the asylums.

On account of the building being a jail, however, the police are unable to use any part of the building for a reception hospital. A sub-section in the statutes prohibits the jail authorities from sending an aliened insane person to jail, and states that they must be placed in some comfortable quarters until their sanity is determined. It is expected that the police authorities will take steps to have the prevailing conditions remedied.

### GENERAL C. H. MITCHELL URGES CO-OPERATION

"Co-operation is the secret of a successful war organization," remarked Brigadier-General C. H. Mitchell, at a Canadian Club luncheon at the King Edward Hotel yesterday. He urged co-operation in order to secure efficiency in the industrial battle with which Canada was now faced. He preferred the word "co-operation" to "conciliation." They learned what co-operation really meant, added the speaker, when in France in 1915 those statuesque, Byng and Harrison, bound and knitted the Canadians together into one splendid fighting machine.

### "Oh, I Cannot Eat. There is Not a Thing that I Want"

**"BUT** you will never gain strength if you do not eat."  
"No, I suppose not."  
"What did the doctor say?"  
"He blames it all on my nerves; says my nervous system is exhausted and that I have nervous indigestion."  
"Does he think you will soon be better?"  
"No," he says I will have to be patient and let my digestive system rest and my nerves gradually regain vigor."  
"Well, I know what I would do."  
"What is that?"  
"I what start in right now with Dr. Chase's Nerve Food. I have been nursing on so many cases just like yours and have seen so many cured by using Dr. Chase's Nerve Food that I am sure it is just what you need to restore your nerves and make you well."

"I have heard lots of my friends tell about using Dr. Chase's Nerve Food when they get run down, but it never occurred to me to try it myself."  
"Well, I certainly would try it if I were you. I have never seen such results as a treatment for the nerves from any medicine that the doctors give."  
"If you will go around to the drug store and get me a box I will start in right now. Goodness knows, I need something to build up the nervous system so that I can eat and sleep and get some strength."  
"All right, I will do that, and I know you will thank me for suggesting it."  
Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, of Edmanson, Bates & Co., Limited, Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

**PUBLISH LETTERS RE M'KELVEY-BELL**  
**GOOD ROADS MEN INTERVIEW PREMIER**

Made Public by Premier—Lougheed Hints "Salary" Refusal Started Things.

Ottawa, June 24.—Correspondence was tabled by the prime minister today in connection with the resignation of Lieut.-Col. McKelvey-Bell as director of medical services of the department of soldiers' civil re-employment. Interest is attached to a letter written by Sir James Lougheed to Sir Robert Borden respecting Lieut. Col. McKelvey-Bell's letter of resignation. Reply to Col. McKelvey-Bell's charges, Sir James Lougheed cites an article from the medical quarterly of the department, of which Col. Bell was the writer. One sentence in the article reads: "The development of the entire department has been progressive and rapid."

No Doubt of Efficiency

Referring to Col. Bell's criticism of the medical organization, Sir James Lougheed writes: "I have been associated with this work since it was first instituted in the summer of 1915 down to the present time, and have no doubts whatever as to the efficiency and economy of the policy and system as first adopted and which have been productive of very satisfactory results."

Sir James adds that previous to his resignation, Col. Bell applied for an increase in salary, and Sir James proffered. "It is evident that in view of the refusal to recommend his increase in salary he did not have the meetings of the department set forth in his letter of resignation dated June 5."

**WAITED FOR THIS FORTY-NINE YEARS**  
**SUFFERED TERRIBLE AGONY**

How Clemenceau Received Despatch Announcing That Germany Would Sign.

**PARIS WENT WILD**  
Students Dragged German Trophy Cannon Thru Streets, and Streets Were Decorated.

Paris, June 24.—"We have waited 49 years for this moment," exclaimed Premier Clemenceau as he opened the fateful despatch announcing that Germany would sign the treaty at the meeting of the council of three yesterday afternoon.

"For 49 years," he continued, "the mangled fist of the reiter (German troops), who has governed Germany, has menaced the world with the man's name was Bismarck or William II, it was still the same reiter of the middle ages surrounded by soldiery with their bayoneted rifles."

"Be careful! Keep your powder dry. Be careful. Remind the world that it is living on a barrel of powder."

"This reiter's dog was that might is right, that a state's only obligation is its own interest, that treaties do not exist when they clash with the interest of a state and get rich by any means. We know from witnesses who were at the side of William II that when he learned of the Sarajevo tragedy, he, who posed as a keeper of the peace cried, 'The hour has struck. Now we shall see what an army is.'"

"This story of how the treaty was received the news was told at a dinner given by the economic commission of the conference in honor of the French delegation by Etienne Sammet, former minister of commerce and agriculture, tonight. The minister concluded his speech with a eulogy of the league of nations which he said was 'at present the world's hope.'"

"Towards this magnificent and impressive innovation," he said, "I ask you to direct all your thoughts and to uplift your hearts in this great act of faith, hope and love."

After expressing pleasure over the approaching signing of the peace treaty for the sake of humanity, France, and humanity, the official organ of the socialist party, denounces the conditions of the treaty. "It is cynical and dangerous mockery," it says. "It gives to the victor a war for right a conclusion of violence and iniquity. The nations, France above all, had believed in the grand promise which the courage of the combatants was sustained for nearly five years. They believed specially in the words of President Wilson, who, in the name of the American people, is the conqueror of today."

The paper concludes by declaring that the socialists as Bismarck and knesscht did in Germany in 1871, accept no responsibility for a peace "odious and clumsy" and dangerous for France.

Paris, June 24.—It was not long after the reply had been received and opened before the supreme council of the league began to boom from the forts around Paris and rejoicing crowds began to stream thru the streets, having been apprised by the sound of cannon that the Germans have accepted the allied terms. Allied flags were flung out as if by magic from windows. Automobiles loaded with cheering motorists dashed thru the thoroughfares. Church bells throut the city were pealing everywhere and cheering, animated throngs of the British Columbia Dalrymple's Association; C. Whitney Griffiths, honorary secretary of the Farmers' Institute, advisory board of the British Columbia Fruit Growers' Association.

**SKIRT ICEBERG TO SEE POLAR BEARS**

Those named to the committee were J. W. Brown, president of the British Columbia Dairyman's Association; C. Whitney Griffiths, honorary secretary of the Farmers' Institute, advisory board of the British Columbia Fruit Growers' Association.

**AVIATOR'S FINANCE SAW HIM KILLED**

Rye Beach, N.Y., June 24.—Lieut. Shelby Watson of Rogers, Texas, and his civilian mechanic, M. Ireland, of Westbury, were killed today when an airplane in which they were flying crashed to the ground here and caught fire. Both aviators were burned to death before their bodies could be extricated from the wreckage.

Watson, who recently returned from eighteen months' service overseas, had been in the habit of flying here every Monday from the aviation field in Mineola, where he was stationed, and circling the house in which his fiancée was spending the summer. He was flying at a height of 200 feet this morning when his motor stopped and the plane fell to the ground. The accident was witnessed by his fiancée.

**BEAVERBROOK OFFERS FIVE SCHOLARSHIPS**

**CZECHS IN SIBERIA GRIMING RESTLESS**

Eager to Be Repatriated to Aid Home Country, But Problem is Difficult One.

Associated Press Cable.

Paris, June 24.—The transfer of 60,000 to 70,000 Czecho-Slovak troops to their homes from Siberia is now becoming a pressing problem for the entente. These soldiers, exhausted by years of fighting, are eager to return to their newly formed republic, which needs their help against the Hungarians and Bolsheviks, and have become so disheartened and restless that their usefulness in Siberia is believed to be at an end. Some of their regiments have become infected with Bolshevism, and a general spread of "red" ideas is feared if the men are kept from their homes another winter.

An equal number of other foreign troops would be required to police the trans-Siberian route from Omak eastward if the Czecho-Slovak troops were withdrawn. The problem of transporting the Czecho-Slovak troops, and thence by sea to the Mediterranean, is a difficult one. It has been suggested that they might be sent westward over the trans-Siberian and given an opportunity to fight their way thru the Bolsheviks in Russia, either by the Skaterrburg-Petrograd route or by the way of Samara thru Ukraine. Military experts on allied staffs are apparently confident the Czecho-Slovak government has given permission to make their way westward to their homeland.

**DR. PESSOA LEAVES FOR OTTAWA THURSDAY**

New York, June 24.—Dr. Epitacio Pessoa, president elect of Brazil, will leave New York for Ottawa on Thursday evening where he will be the guest of the Duke of Devonshire, governor-general of Canada, it was officially announced here today.

The Brazilian will arrive here from Washington tomorrow afternoon and in the evening, with his party, will be entertained by the mayor's committee at the Waldorf Astoria.

On Thursday afternoon he will be guest of honor of the Pan-American luncheon at the Hotel Astor.

**PARIS IS THREATENED WITH GENERAL STRIKE**

Paris, June 24.—The National Metal Workers' Union, after a meeting called over two days, issued a communication last evening saying that it had given authority to the Federation of Metal Workers to convolve a meeting of the inter-federal unions, in view of the general united action. This is believed to imply that a simultaneous general strike of all trades may be proposed.

**Braeside Lumber Mill Burns; Loss is Estimated at \$150,000**

Arnprior, June 24.—The lumber mill of Gilles Bros., Limited, at Braeside, Ont., three miles west of here, was destroyed by fire yesterday afternoon, as well as the C.P.R. station and a hardware shop belonging to Gilles Bros. The mill was one of the most modern of its kind in the Ottawa valley, and the loss is estimated at \$150,000, which is mostly covered by insurance. The electric plant in the mill supplied light to the town of Braeside, which is in darkness tonight.

The fire held the trans-Canada train going west for two hours, and the Peapack local was also delayed.

**Devonshire is Invited To New York's Canada Day**

New York, June 24.—British and Canadian societies in this city joined in sending a telegram today to the Duke of Devonshire, governor-general of Canada, inviting him to come to New York to participate in the New York celebration of "Canada week," which begins July 1, Dominion Day.

**Letters From Satisfied Customers**

Dear Sir—Prof. Mulveny there? "Hello, is Prof. Mulveny there?" "I just wanted to know if your remedy called B'Well is good for a bad cold?" "Yes, it is excellent, also a splendid preventive. B'Well has restored people to health that were being treated for consumption—people who were coughing their lives away. It has cured coughs, who spent hundreds of dollars doctoring for bad coughs. Remember, I do not advertise it as a consumption cure, but it's worth trying. It has done wonders, and we can only expect it to do good for others. B'Well is excellent for Rheumatism. B'Well is a wonderful Blood Purifier, Stomach, Liver and Kidney Medicine, a wonderful Nerve Tonic, a great rejuvenator. It relieves the faint, the weak makes strong, and the old feel young again. Yes, B'Well is the medicine you need."

I received a telephone call from Mr. Brownman on Oct. 10. He had just read my advertisement and he wanted to know if I was open. It was 10 p.m. I told him I would be open for about half an hour yet. He arrived in about fifteen minutes, and this is the conversation that took place. He said: "Well I was reading your ad. in the newspaper tonight, and I thought, well, lots of people will doubt the truth of it, but I am sure it's true. I have used your B'Well and Rheumatoid will stop a cough, and I thought as I read your ad, well, I am sure of it. I had given authority to the Federation of Metal Workers to convolve a meeting of the inter-federal unions, in view of the general united action. This is believed to imply that a simultaneous general strike of all trades may be proposed."

**NATION VIOLATED BODY AND SOUL**

New German Premier, Hopes Attempt on Honof May Recoil on Its Authors.

Berlin, June 24.—Addressing the German national assembly at Weimar yesterday, in reference to the unconditional signature of the peace treaty, Dr. Otto Gristaw Bauer, premier, said that a "defeated nation was being violated body and soul to the horror of the world."

"Let us sign," he continued, "but it is our hope to the last breath that this attempt against our honor may one day recoil against its authors."

Dr. Bauer added that he assumed the national assembly still authorized the signature of the treaty, upon which there were protests from the rightists.

Konstantine Feinbach, the president of the assembly, then spoke briefly, saying that he hoped that the people would unflinchingly undertake the great burdens imposed and commending "the unhappy fatherland to a merciful God." The sitting was suspended for an hour, after which it was announced that the party leadership had agreed to issue a proclamation stating that "the nation expects the army and navy, whose honor is chiefly affected by the treaty, to give an example of self-denial and sacrifice, and co-operate in the rebuilding of the fatherland."

**BRANTFORD WELCOMES STATIONARY ENGINEERS**

Special to The Toronto World.

Brantford, June 24.—Official welcome to the visiting members of the Canadian Association of Stationary Engineers were extended at the formal opening this morning, Mayor Macdonald speaking for the city and President W. Wells and Secretary D. Webster for the local lodge.

This afternoon was largely spent in routine, the ladies paying a visit of inspection to the Waterworks, Engine Works and Dominion Steel Products plants, while this evening they were guests of the association at a theatre party. For the delegates an educational smoker was held at the convention hall, being all technical.

CANADA STEEL UP ON MERGER TALK

Atlantic Sugar is Strong—Three-Point Break in General Electric.

Strength of Steel of Canada which sold up to 73 1-2, well above the former high record price of the year, was an outstanding incident in yesterday's rather dull trading on the Toronto market.

It is a variation of the familiar and frequently recurring prospect of an impending merger of Dominion Iron and Steel companies, and it is said that officials of the two companies now mentioned have gone so far as to exchange ideas on the subject.

Steel of Canada after selling at 73 1-2, weakened to 73 in sympathy with the generally weaker tone in steels due to the late break in U. S. Steel on the New York market, reducing the net gain to 1 1-4.

Monday's trading was continued on the Montreal market with sales as high as 44, while locally sales were made between 41 1-4 and 40 1-2 with the closing bid advanced sharply to 45 1-2 and the stock held at 45.

The flurry in Dominion Canners appears to have spent itself for the time being, the stock being dull yesterday and half a point off at 51 1-2.

The bullish demonstration in Atlantic Sugar common was continued on the Montreal market with sales as high as 44, while locally sales were made between 41 1-4 and 40 1-2 with the closing bid advanced sharply to 45 1-2 and the stock held at 45.

Several quite sizable municipal issues are now on the market. The province of British Columbia is calling for tenders for \$5,000,000, 20-year, five per cent. gold bonds, payable at the Canadian Bank of Commerce, in Victoria, Toronto, Montreal and New York, and bids for this issue will be received up to 10 a.m. on Monday, at the head office of the Canadian Bank of Commerce here.

Other distinctly strong features embraced food and tobacco issues, also the rubber shares, with United States Rubber at a new high record, the entire day showing firmer tendencies at the close. Sales amounted to 1,200,000 shares.

Heavy additional gold exports, including \$2,000,000 to Spain, the first since the removal of the embargo, were reported.

Bonds, including Liberty and international issues, eased slightly on moderate dealings. Total sales, par value, aggregated \$9,250,000.

Hamilton B. Wills received the following wire at the close of the New York club market yesterday. The general market was inclined to be a trifle irregular today due to rumors regarding the political situation in Germany.

Montreal city treasurer will receive bids up to 11 a.m. on Monday, for \$424,000, 4 1-2 per cent. 40-year gold underground contract debentures. Up to four p.m. July 2, Alberta's deputy minister of education will receive tenders for \$12,500,000, one cent. school district debentures, maturing in 5-10 years.

New York, June 24.—At the recommendation of the welfare committee, the dramatic board has issued an ordinance compelling curb brokers to be licensed at a fee of \$500 annually, in order to transact business legally.

The penalty to those found carrying on their business without a license is a fine of \$500 or six months imprisonment, or both.

RECORD OF YESTERDAY'S MARKETS

BEARS ARE BUSY IN WALL STREET

Motors, Oils and Shippings Bear Brunt of the Selling Movement.

New York, June 24.—Elimination of the war as an uncertain factor and intimations that local banks are discouraging further operations for the rise pending mid-year settlements provided the short interest with ammunition for renewed attacks on the stock market today.

Yesterday's belated rife of call money to 8 per cent, a few loans being made, after the market's close-directed, first attention to the large disbursements to be made in the few remaining days of the month.

Call loans opened at 8 per cent, that quotation ruling until the final hour, when 9 per cent. was paid for all industrial collateral. Rumors at midday, when the list was most unsettled, that interior banks were cutting loans here, lacked confirmation.

Motors, oils, shippings and other recent speculative favorites, bore the brunt of the setback; General Motors, Studebaker, Texas Company, Mexican Petroleum, Royal Dutch, Sinclair, Atlantic Gulf and American International suffering extreme reversals of 3 1-2 to 5 1-2 points.

Buying of high-grade rails, especially transcontinental, grangers, coalers and several of the trunk lines, treated a diversion, subject to temporary reactions, but the transportation division held again later on reports of a judicial decision favorable to Southern Pacific's oil properties.

Other distinctly strong features embraced food and tobacco issues, also the rubber shares, with United States Rubber at a new high record, the entire day showing firmer tendencies at the close. Sales amounted to 1,200,000 shares.

Heavy additional gold exports, including \$2,000,000 to Spain, the first since the removal of the embargo, were reported.

HOME BANK WILL INCREASE DIVIDEND

Position Strongest in History—President M. J. Haney Surveys National Problems.

Announcement was made by President M. J. Haney at the annual meeting of shareholders of the Home Bank of Canada yesterday, that as a result of the improvement in the position of the bank and the increased earning power the board of directors had decided to increase the dividend to six per cent.

The report for the fiscal year ended May 31 last showed splendid progress, resulting in the bank being in the strongest position in its history.

Reflecting the growth enjoyed by the bank during the past year, were total assets of \$28,655,224, against \$23,676,773, an increase of close to \$5,000,000.

President M. J. Haney in his address, took a distinctly hopeful view of Canada's future. He said: "We require a stable and desirable immigration to cultivate our unoccupied arable lands and produce freight loads for our transportation systems."

Mr. Haney pointed out that while the work of reconstruction had begun in Europe, the task in Canada still remains one of development and initiative, and this work will be in-creased by the introduction of a program in a more unvarying position.

Mr. Haney made particular reference to the loss which the Home Bank had sustained thru the death of the Trusts-Brigadier-General Hon. James Mason, honorary president of the bank. He had filled successfully the position of general manager, president and honorary president of the institution, and had been associated with the parent institution—the Toronto Savings Bank and the Home Savings and Loan Company, since 1885, first as junior clerk and later, as manager.

Number one hole is being put down near the small lake, and it is the opinion here that work will prove the existence of commercial ore. Results of this work are being keenly watched by mining men here, as this drilling will prove an important factor with properties lying to the southwest.

SHINING TREE

A MOST EXCELLENT APPEARING PROSPECT—SHOULD DEVELOP INTO A BIG PRODUCING MINE

A Real Opportunity to Acquire an Interest in a Camp of Merit

The Mineral Wealth of Northern Ontario has made much money for the Country and Canadian Citizens.

We believe that Shining Tree Camp will be a big gold producing camp and an additional national asset. There should be several consequential mines in Shining Tree, and we believe the Churchill will be one.

From a speculative investment viewpoint we regard the stock at 20 cents to be a real purchase.

We will list it shortly for active trading on the Standard Stock and Mining Exchange and the New York Curb, and advise our friends and clients to buy now at 20 cents and receive the advance allotment.
