

BARGAIN FOR INVESTMENT

Pair of solid brick cottages, four large rooms, nicely decorated, good condition, sink and w.c., 10 feet frontage, near Queen and Tecumseh. Price \$2700.

H. H. WILLIAMS & CO., 26 Victoria Street.

29TH YEAR

Apartment House Site

Ravine lot, 200 x 144, nicely wooded, sufficient level space to build modern apartment house; only \$4000.

H. H. WILLIAMS & CO., 26 Victoria Street.

PROBS: Fresh winds, shift in temperature, etc.

COBALT'S FIRE LOSS IS \$300,000 ONE FATALITY; HOMELESS CARED FOR

2000 Sufferers to Be Aided as a Result of a Conflagration Which Sweeps Foreign "Shacktown" District.

FINLANDER BLOWN UP IN DYNAMITED HOUSE

COBALT, July 2.—(Special.)—Cobalt is painfully familiar with the iron clang of the fire bell in the early morning hours, and when the white town was aroused at four o'clock today, people found a blaze already painting the early morning sky red and knew that the inevitable had happened, and that a fire had broken into the jam of shacks and crazy wooden buildings on the Halleybury-road, and fanned by a slight breeze, was cracking up the buildings around it like a orange box.

For six hours the fire raged, and the result is the destruction of about 200 buildings, rendering homeless 2000 people, in a district about half a mile long by 100 yards wide, known as "Frenchtown" and tenanted chiefly by foreigners. The loss is placed at about \$300,000, but the insurance will be less than \$50,000. This is because the insurance rates have been almost prohibitive—from 10 to 15 per cent.—and in some cases the companies cancelled the risks held.

The fire originated in Joe. Lee's Chinese restaurant, two waitresses, who roomed in the building, heard the flames crackling, and aroused the other inmates. As previous serious fires here originated in Chinese buildings, there is a decidedly anti-Oriental sentiment here to-day.

The local volunteer firemen were assisted by the brigades from New Liskeard and Halleybury, which arrived by special train about 5.30. The water supply was inadequate and recourse was had to dynamite to blow up buildings in hopes of checking the progress of the fire.

It was during the dynamiting of one building that a Finlander, who did not understand the warnings given him, and who rushed back into the house, was blown up and killed.

The Principal Sufferers.

Had the fire gone south of "The Square," the damage would have been much greater. The principal losses are:

- Buffalo dry goods store.
- Canadian Northern Stores warehouse, Catholic Church and schoolhouse, \$1500.
- Shamandy Bros., fruit store.
- Chambers-Ferland mine shaft No. 4 (frame work).
- Campbell's tailor shop.
- Cobalt restaurant.
- De Wolf's blacksmith shop.
- Father Forget's residence.
- International Meat Market.
- Jamieson's Meat Market.
- Karam Bros., dry goods.
- Keeler's drug store.
- Meredith & Myler's jewelry store.
- Meyer shaft of the Nipissing Mine, loss \$5000.
- Moran & Frere.
- Miers' Home.
- Montreal Dry Goods Store.
- S. G. Madden's residence.
- New York restaurant.
- Poppleton's machine shop.
- Rentfree boarding house.
- Separate school.
- A. T. Short, machinery warehouse, with many thousand feet of lumber.
- T. N. O. Railway bridge, partially destroyed.
- Tripp's livery.
- Wingham Hotel (formerly the Lakeview), cost \$5000.

In addition there are dozens of restaurants, boarding-houses, small stores, beer saloons, dives and private houses.

Had a Good Start.

Altho the firemen made a prompt response to the alarm, when the Chinese dynamite exploded, the fire was already well under way.

Continued on Page 7.

FIRE FACTS.

2000 homeless.
One fatality.
Area—Half a mile long by one hundred yards in depth.
Loss—\$300,000; insurance, under \$50,000.
Cause—Overheated stove in Chinese restaurant.
District—Known as "French Town," occupied chiefly by foreigners; buildings chiefly small wooden structures.
Relief measures well under way.

TORONTO RUSHES AID TO STRICKEN COBALT

Special Train Leaves at Nine o'Clock for North With Meat, Milk and Bread—Board of Control Harkens to Appeal of Mayor Lang for Relief.

Two telegrams tell a tale of two cities, one reeling under a sudden blow, and the other ready and willing to give much needed aid.

Here is the first:

"Two thousand homeless Cobalt fire victims, Ontario, send us car food to-night's train? Bread, milk, vegetables, fresh meat mostly needed." H. H. Lang, Mayor Cobalt, Ont.

The message was received at the mayor's office yesterday afternoon. Mayor Oliver called a special meeting of the board of control at 4 p.m. and it was agreed to act at once. This telegram was then despatched:

H. H. Lang, Mayor Cobalt, Ont. "Citizens of Toronto express sincere sympathy with you in your calamity. Arranging to send provisions required by to-night's train and trust same will reach you in good order." Joseph Oliver, Mayor Toronto.

Property Commissioner Harris sought to arrange with the Grand Trunk to have a special refrigerator freight car attached to the Cobalt train, leaving Toronto at 9 p.m., but the railway officials said it would be dangerous, and Mr. Harris, acting under the board's instructions, arranged for a special train, which left at 8.20, traveling ahead of the Cobalt express. The cost to Toronto will be \$1600.

Mr. Harris then sent this telegram: "Under instruction from Mayor and board of control, have arranged to you, charges prepaid, via C.P.R. cars 4870 and 1134, special train leaving here 8.20 to-night, 8200 pounds beef, 240 gallons milk, 2700 loaves of bread and 100 bags potatoes. Two thousand loaves of bread follow by express 2 a.m. Use refrigerator car containing beef and milk for storage." R. C. Harris, Property Commissioner.

The Grand Trunk hope to have special in North Bay at 4 a.m. to-day, and arrangements are being made for special engine on T. & N. O. to carry the train to Cobalt.

BRITISH MANUFACTURERS WANT INFORMATION BUREAU.

LONDON, July 2.—(C.A.P.)—British manufacturers will hold a meeting shortly with the object of establishing an information bureau in Canada.

MONEY IN AUTOS.

DETROIT, Mich., July 2.—(Special.)—Astonishing profits are credited to one Detroit automobile concern, which, capitalized at \$200,000, has made a million dollars in eleven months.

CITY BOND SALE BUGGLED BY MAYOR

Debtors Brokers Say His Neglect of Courtesy to London Financial House Has Cost Toronto \$9600.

Neglect of courtesy by Mayor Oliver and City Treasurer Coady while floating \$1,925,000 civic bonds in London, England, cost the city of Toronto \$9600.

This is practically the charge made by Henry O'Hara and Company, stock and debenture brokers and members of the Toronto Stock Exchange, in an open letter to the mayor. It is asserted that the civic financiers who floated 4 per cent. bonds at par, net, could have obtained 100-1-2 by simply taking advantage of an offer a bank was ready to make.

The letter is as follows: "Dear Mr. Mayor: We have just received a letter from our Mr. W. J. O'Hara, who says that he called on you at the Hotel Cecil and left his card and wrote you for an appointment, but you did not have the courtesy to see him."

"He says our bank would have given 100-1-2, London delivery, unstamped, for the bonds, which is 1-2 per cent. more than the city received net for them. We think, in future, bonds should be offered for sale by tender, giving everybody a chance to bid, and not having to London and sold in a private deal."

"By advertising the sale by tender, banks, bond-dealers and other financial institutions who are large taxpayers, will have the chance of competing for the investment."

"This is an open letter and given to the press quoted the terms of the letter, which amount to 1-2 per cent. and would have netted only par."

City Auditor Walter Sterling, to whom was quoted the terms of the letter, gave the opinion that the city would have had to deduct stamp charges, which amount to 1-2 per cent., and would have netted only par.

City Treasurer Coady, who arrives at New York to-day, should be able to throw some further light on the subject.

ONE MAN'S MISFORTUNE

Demented Wife and Four Small Children to Care For.

John Skipper last night walked into Court-street police station seeking shelter for his wife and four small children. They were finally housed by Mrs. M. E. Piggins, superintendent of the Bellamy Homes, East Queen-street.

Skipper comes from England and has been in the country three years. He has been living in St. Catharines and Merriton. Leaving his wife money to care for the children, aged 9, 4 and 2-1-2 years, and a baby 8 months old, he went to work on a lake steamer, but hearing that the children were being neglected, he returned and found his wife ill and demented. He wants to put his family in a home where they will be cared for.

CHOPPED WIFE TO PIECES.

REGINA, Sask., July 2.—An atrocious murder was committed near Wadena, Sask., yesterday, according to a meagre report which reached the Royal Northwest Mounted Police. According to the story, a foreign settler murdered his wife, literally cutting her to pieces.

Another consequence of the tragedy distasteful to Englishmen is that henceforth it will be necessary to afford police protection to public meetings of the kind that Scotland Yard already has detailed detectives to follow Lord Morley and others connected with the Indian administration when they appear in public.

Newspapers of all shades of opinion urge the government not to avert a half-breadth in the direction of weakening the executive authority in India and above all never to allow the extremists to suppose that Great Britain could be frightened into granting political concessions by such murders.

Premier Asquith, speaking at Southport to-night, expressed his deep sympathy for the relatives of Lieut.-Col. Wyllie and the country's abhorrence of the detestable crime committed upon a distinguished officer of blameless character and universally beloved. He said it was startling evidence of the character of a conspiracy which happily was confined to a small number of people, but was desperate and determined in its methods.

C.P.R. WOULD ENTER NEW YORK.

NEW YORK, July 2.—(Special.)—The Canadian Pacific Railway are reported to be seeking an entrance to New York and are said to have secured control of the Buffalo, Rochester and Eastern Railway. Also the C.P.R. is seeking to get the Washnet, which is said that control has already been secured.

The Dr. F. S. Pearson Syndicate of Toronto and Montreal have got another big timber tract in Mexico.

WHAT COBALT IS SHOWING

BY WILLIAM STARR BULLOCK.

COBALT, July 2.—The official figures of ore shipments from the producing mines of Cobalt from January 1 to May 31, 1909, are given as 12,088 tons. The record for June is not yet at hand, but on this basis June shipments would be somewhat in excess of 2508 tons, giving a total output for Cobalt shipping mines for the first six months of the present year as 14,546 tons of ore, which is 68 per cent. of the present year's production for the first six months of 1908. The Ontario Department of Mines report for 1908 gives total silver content of Cobalt shipments for that year of 19,424,781 ounces, of which the share of La Rose alone was 19,774 per cent.

Cobalt output by years shows wonderfully rapid development by the camp.

1904	191 Tons
1905	2,326 Tons
1906	2,826 Tons
1907	14,851 Tons
1908	25,472 Tons

or a total from the time Cobalt first came in as a shipper of silver up to December 31, 1908, of 48,678 tons.

During 1908 the La Rose property alone produced from one of its claims 4.44 per cent. as much silver as the entire United States. The present output of the La Rose mines is between 23 per cent. and 24 per cent. of the entire production of the camp, and Nipissing output is better than 20 per cent. of this production. These two properties have contributed nearly 40 per cent. of all the dividends of the camp, which, including the dividend declaration of the leading properties announced last month, total over \$13,000,000. The non-dividend paying mines at Cobalt represent but 6.49 per cent. of the entire tonnage output of the camp.

The average value of the ore shipped from Cobalt since the first carload left the camp in 1904, is \$450 per ton. Naturally this includes quite a percentage of low grade ore, since some of the shipments from La Rose and Nipissing have run from 10,000 to 15,000 ounces of silver per ton. The dividends of the camp have totalled \$227 per ton of ore shipped, a record which has never been equalled by any silver camp in the world's history.

With Cobalt shipping to-day at the rate of 30,000,000 ounces per year, comparisons with the official figures for the United States during 1908 are of interest as showing the steadily increasing importance of the Cobalt camp. When it is recalled that the proven mineral area of Cobalt is hardly five miles square and that all of its shipping properties are included in this area, the comparison becomes all the more remarkable.

In 1908 the United States, including Alaska, produced 51,798,953 ounces of silver, valued at \$27,382,640. Of this total Montana, which is the banner silver producing state, outputted 11,518,913 ounces—a little more than one-third of Cobalt's present output; Colorado came next with 10,161,318 ounces, and Nevada followed with 9,323,828 ounces.

As will be noted, Cobalt is now producing approximately as much silver as the three leading silver-producing states of the U. S. The figures given for Utah, 7,718,872 ounces; Idaho, 6,289,585 ounces, and Alaska, 3,046,137 ounces, total hardly more than one-half of Cobalt's production for the current period. The entire territory of Alaska produced in 1908 but 36,000 ounces more than the records for the last twelve months production of the latter property, while the entire State of California outputted last year but 1,823,588 ounces—less than one-half of output of Cobalt's leading shipper.

The official figures of the world's silver production for 1908 are given as 200,655,334 ounces, of which Cobalt alone produced one-twentieth. At its present rate of shipment the Cobalt camp will output three-twentieths of the entire production of the world for 1909, a record which has never been approached by any silver camp in history.

FIRM HAND WITH INDIA IS URGED UPON MORLEY

Strong Feeling Aroused in Britain By the Assassination of Col. Wyllie.

LONDON, July 2.—The murder of Lieut.-Col. Sir Wm. Lutt Curzon Wyllie and Dr. Cawas Lalcaia of Shanghai by Madar Lal Dhanagari, an Indian student, Thursday night at the Imperial Institute, has stirred England in a manner unknown since the Phoenix Park murders.

It had been a subject for self-congratulation by Englishmen that Great Britain was immune from political crimes of this nature, and it is a great shock to feel that public men no longer are safe from the attacks of assassins.

Great sympathy is felt for Viscount Morley, secretary of state for India, the difficulties of whose position will be greatly increased by reason of the murders.

A strong feeling has been aroused against a number of the members of the house of commons and others who have encouraged the Indian agitation against the government.

Another consequence of the tragedy distasteful to Englishmen is that henceforth it will be necessary to afford police protection to public meetings of the kind that Scotland Yard already has detailed detectives to follow Lord Morley and others connected with the Indian administration when they appear in public.

Newspapers of all shades of opinion urge the government not to avert a half-breadth in the direction of weakening the executive authority in India and above all never to allow the extremists to suppose that Great Britain could be frightened into granting political concessions by such murders.

Premier Asquith, speaking at Southport to-night, expressed his deep sympathy for the relatives of Lieut.-Col. Wyllie and the country's abhorrence of the detestable crime committed upon a distinguished officer of blameless character and universally beloved. He said it was startling evidence of the character of a conspiracy which happily was confined to a small number of people, but was desperate and determined in its methods.

C.P.R. WOULD ENTER NEW YORK.

NEW YORK, July 2.—(Special.)—The Canadian Pacific Railway are reported to be seeking an entrance to New York and are said to have secured control of the Buffalo, Rochester and Eastern Railway. Also the C.P.R. is seeking to get the Washnet, which is said that control has already been secured.

The Dr. F. S. Pearson Syndicate of Toronto and Montreal have got another big timber tract in Mexico.

RAINY RIVER BANK IS ROBBED OF \$10,000

Manager of Branch of the Bank of Nova Scotia Held Up By Three Armed Men—Posse Now in Pursuit.

RAINY RIVER, July 2.—(Special.)—At 11.40 this morning, the local branch of the Bank of Nova Scotia, was held up by three men, and robbed of \$10,000. The robbers had their plans well laid, choosing a time when the Manager, J. A. Templeton, was alone in the bank. The robbery was a most daring one, as there were many people on the streets at the time. The robbers ran up Fourth-street, crossed the C. N. R. tracks and disappeared in the woods. It is thought they will either attempt to cross the Rainy River into Minnesota or work north to the C.P.R. The river is being patrolled and every available man is out searching the woods.

The revolver with which the hold-up was accomplished was stolen from the John Weeks Hardware Co., Spooner, on the night of June 20, the men having previously visited the store to look at fire arms.

Three men, answering the same description as the robbers, purchased cartridges from the Rat Portage Company's store at this point this morning.

The posse pursuing the men have a good description of them and every effort will be made to capture them. The country is densely wooded and difficult to travel.

A remarkable accident occurred during the arming of the posse. A rifle was accidentally discharged in the hands of one of the men, the bullet passing thru the leg of Mr. Field, the accountant of the bank. The wound, though not dangerous, is a very serious one. It is believed the bandits were from Spooner, Minn.

Mr. McLeod, the general manager of the bank of Nova Scotia, had received no details last night, a telegram from Mr. Templeton simply stating that the robbery had occurred.

TWO MILLIONS IN BOUNTIES

Those on Lead Show a Large Increase.

OTTAWA, July 2.—(Special.)—During the last fiscal year the government paid total bounties of \$2,467,306 on pig-iron, steel, lead, petroleum and Manilla fibre. Iron and steel bounties were \$1,861,614, compared with \$2,303,152 during the preceding year. Bounties on lead were \$307,435, compared with \$51,001 during the preceding year.

Six hundred and nine thousand four hundred and thirty-one tons of pig-iron were produced, a decrease of 74,248 tons; and 570,588 tons of steel, a decrease of 91,251 tons. For the manufacture of pig-iron, 178,736 tons of Canadian ore were used and 1,087,585 tons of foreign ore.

PERISHES IN WELL

Mother of W. H. Shaw Meets Death in Tragic Form.

CHATHAM, July 2.—Mrs. Oscar Shaw, aged 78, mother of W. H. Shaw of the Central Business College, Toronto, met her death at her home at Morpeth by falling into a well while getting a pail of water. Either dizziness or heart failure caused her to fall.

The accident happened about 9 o'clock yesterday morning, and W. H. Shaw, after receiving word of the sad affair, left on yesterday's train, accompanied by his wife, to attend the funeral. The deceased was the widow of Oscar Shaw, who died about seven months ago. W. H. Shaw is the only surviving member of the family.

MOTOR BOATS MENACED CZAR

That's Why British Ship Got Russian Shells.

ST. PETERSBURG, July 2.—In connection with the Woodburn incident, when the British steamer was fired upon by a Russian torpedo boat for approaching too close to the imperial yacht Standart, with Emperor Nicholas on board, in Phippas Bay, a Finnish newspaper publishes the following: "The strict surveillance of the shipping near Phippas Bay was due to the information received by the Russian gendarmier that the Finns had purchased several 35-knot motor boats, with the intention of using them in sinking the imperial yacht."

Looks Like Luck.

They are in a mood to be extremely liberal. Mr. Dineen of the W. & D. Dineen Co., Temperance and Yonge-streets, visited the New York market, and the different Panama factories the early part of this week, and succeeded in clearing out about 140 dozen Panamas. They have just arrived by express and the goods are now on hand and on sale. The prices will be \$5.00, \$7.50 and \$10.00, just about half their regular value. All sizes, and you are sure of a big bargain. Store open till 10-10-night for your convenience. He was taken ill while at dinner.

THREE BANK OFFICIALS FACE SERIOUS CHARGES

Embezzlement and Complicity Alleged Against President and Cashiers of Michigan Institution.

DETROIT, July 2.—(Special.)—The arrest at Ironwood, Mich., this afternoon of H. F. Jahn, president of the Ironwood National Bank, and his two assistants, Cashier Larson and Assistant Cashier Bradlow, has created a feeling in upper peninsula financial circles little short of consternation.

The bank suspended payment last week, and the arrests today followed an examination of the books and securities of the institution.

It is alleged that Larson has, in the past two years, embezzled \$200,000 of the bank's funds. He also has been charged with making false entries, setting forth that the bank owned \$75,000 more in bonds than it held and with taking \$33,000 from the deposit box of a depositor and putting it with the bank's cash to avoid detection.

Jahn is accused of aiding and abetting the cashier in falsifying the assistant cashier faces a charge, and also one of embezzling \$1500.

A Sudden Death.

SYRACUSE, N.Y., July 2.—Joseph K. Frank, a New York fur dealer, died here to-day from an attack of neuralgia of the heart and acute indigestion. He was taken ill while at dinner.

The Cross (x) shows the section of the town that was swept by the disastrous conflagration.

Watch This Week's Sunday Edition for Interesting Announcements With Respect to The World's Great Popularity Contest

Hamilton Happenings

HAVEN'T A LAWYER YET. WE'VE LIST TO PICK FROM

Civic Power Committee Found That Three Toronto Counsel Were Not Available.

HAMILTON, July 2.—(Special).—The civic power committee had to meet again this afternoon because several of the Toronto lawyers they had agreed should be asked if they would assist in the City Solicitor Waddell, were found to be away. The list agreed upon at the morning session was: Geo. F. Shepley, W. E. Middleton, E. A. Duvernoy and J. W. Curry. Messrs. Shepley and Duvernoy, it was found, were in the old country, and Mr. Middleton in Muskoka. Mr. Waddell and committee met this afternoon, the latter members of it spent most of their time in abusing A. F. Lobb, solicitor of the hydro electric commission, who, City Solicitor Waddell discovered when he called upon Mr. Middleton's office, had given Mr. Middleton to understand that the City of Hamilton was likely to call upon him to assist Mr. Waddell in defending the council against the injunction proceedings started by R. S. Morris to restrain the city from ordering power from the hydro commission. Mayor McLaren and Aldermen Percival and Allan accused Mr. Lobb of "busting in" and trying to run the business for his city. The mayor suggested that they send Mr. Lobb a telegram telling him to mind his own business. Two of the hydro members of the committee, Messrs. Cooper and Anderson, could not be reached and did not know the meeting was in progress, but Mr. Lobb put up a vigorous defence for the hydro commission, stating that Mr. Lobb was regarded by a majority of the citizens as a friend of the city, and he could see no harm in his having remarked to fellow lawyers that he would probably be called upon by the city. The committee this afternoon decided to ask the following if they were willing to act for the city: selected and to make the selection from them: W. E. Middleton, Jas. S. Fullerton, C. J. Holman, E. F. B. Johnson and W. Curry. The choice will be made Saturday at noon.

After the Street Railway. Ald. Cooper is after the street railway to compel it to put more cars on East Barton-street. When the city notified the Radial this afternoon that it would be forced to live up to its by-law which prohibits it from using East King-street for company freight cars loaded with fruit from Burlington up King-street to the terminal station and down Main-street to the H. & B. spur line. His company said he would not stop the traffic during the berry season, but that the company would have to make other arrangements as soon as possible and get a new bylaw if necessary. At a joint meeting this evening of the Gore and Wesley congregations, Ald. W. H. Cooper was selected as superintendent of the amalgamated schools, which will take place in September.

Nothing Doing. A sub-committee of the Hamilton Art School directors and the technical committee of the board of education met this evening at the Art School, which the art school should be taken over by the board of education. Nothing definite was decided upon. Evelyn Woods, 4 Henry-street, seven years of age, fell over an embankment at Dundurn Park this afternoon, and was taken to an unconscious condition to the city hospital. The retained consciousness this evening and will recover.

Salary Increases. The internal management committee of the board of education voted the following salary increases this evening: F. H. Foster, secretary-treasurer, from \$1400 to \$1800, to begin next January, with a yearly increase of \$100 until a maximum of \$2200 is reached; Dell Instructer Syme, from \$700 to \$800, with a yearly increase of \$100 until \$1000 is reached. The following teachers were appointed: Misses Nina Duncan, Nellie Evans, Margaret Fleck, Mary Hill, Helen Husband, Grace McHaffie, I. McLeod and Margaret Hedley. J. M. Robinson, who has been acting as principal of the Cannon-street school, in the absence of T. L. Kinrade, was given six months' leave of absence. The building committee recommended a ten-room addition to the Victoria-avenue school, and that the four rooms on the third storey be vacated and also the Wellington-street school. Miss Iris Thompson and Arthur Hamhill, Sherbrooke, Que., were married at the cathedral this morning. Five broke out in the Sovereign Clothing Co.'s store, 11 North James-st., to-night about 10 o'clock, but the damage was slight. Presentations to Priests. The Hamilton school board favors the organization of a cadet corps.

The Contest Manager considers it advisable to discontinue for a few days the Five Vote Coupon Ballot. This is only done to prevent their being confused with the ballots of the third voting period. The coupon will re-appear in the issue of July 10th.

We Built Trunks

One of our finest lines, fibre bound and handsomely finished. You'll find a hard time duplicating this splendid trunk at this price.

\$5.00 EAST & CO. 300 YONGE ST.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS. HOTEL ROYAL

Every room completely renovated and newly carpeted during 1907. 67.00 and up per day. American Plan.

ferred from Hamilton. Both received purses containing about \$50 in gold. The presentation to Rev. F. P. Hildesheim was made by Rev. J. R. Stong, who has been transferred from St. Joseph's Church to Paris, was made by Hugh Hennessy and Col. A. H. Moore read the address. Walter Hays read the presentation to Rev. Father Walsh, who has been moved from St. Patrick's Church to Acton, and J. E. Dougherty read the address.

Find a Haven. Through the good offices of Hon. J. S. Hendrie, Frank Simpson, a youth who was refused admittance to several institutions, will be admitted to the Orilla Home for the Feeble-Minded. William Dixon, for many years treasurer of the Hamilton Liberal Association, and a member of the wholesale firm of Dixon Bros., has been recommended by the local Liberal executive committee as an inspector of weights and measures to succeed A. T. Freed.

Falsified Weights. Louis Frank was this morning committed for trial on the charge of conspiring with H. M. Morden, an employee of the Hamilton Steel & Iron Company, to defraud the company by falsifying the weights of steel of scrap iron sold by Franks to the company. Morden testified that Franks had approached him when he was acting as weight clerk and proposed that he should increase the weights, but that he did not consent to do so until September, 1907, when he was unable to pay Franks \$55 he had borrowed. Since then he had made \$700 in three months by falsifying weights. Franks sharing up the profit with him. Harry Kineade, a race track follower, was fined \$20 for carrying a revolver. William Hendrie injured while using a gun with a peep-hole sight, but the doctors say that the injury will not be permanent. The new fire station on Sanford-avenue has been opened. Rates \$1.50 to \$2 per day. 28

Next Week at Scarborough. Miss Rose Wentworth, who rode before 3000 people in the hippodrome at Scarborough Beach on Dominion Day, has become a great favorite with beach patrons, and the management of the Toronto Park Company has decided to retain her for another week. Miss Wentworth will head the bill in the hippodrome next week, and will be the feature attraction of the big retail grocers' picnic at Scarborough next Wednesday. During her act the equestrienne rides three different horses; the last one being a galloping black Arabian stallion, upon whose back Miss Wentworth performed a miniature ballet. The other two acts arranged for next week in the hippodrome are Kenyon and Degarmo, novel feat equestrians, and Ardo and Eddo, comedy bark experts. Miss Wentworth, it is announced, will appear at every performance next week, both at the matinee and in the evening.

Detroit wholesale liquor firms are stocking up with Canadian whiskey in preparation for any increase in the tariff. Berlin school board favors the organization of a cadet corps. "Expected to Die" Biliousness, Dizziness, Vertigo and Pain in the Back Owe His Life to the Curative Powers of Dr. Hamilton's Pills.

Lack of exercise and overwork were the causes that combined to almost kill Samuel S. Stephens, jr., one of the best known and most influential citizens in Woodstock. In his convincing letter Mr. Stephens says: "A year ago I returned home after a long trip, completely worn out. I was so badly bothered by chronic biliousness, so much overcome by constant headaches, dizziness that I was despairing of ever getting well. I was always tired and languid, had no energy and spirit, found it difficult to sleep for more than five hours. My appetite was so rickie that I ate next to nothing and in consequence lost weight and strength. I was pale and had dark rings under my eyes that made me look like a shadow. It was a friend that I used Dr. Hamilton's Pills. In one week I felt like a new man. The feeling of weight and nausea in my stomach disappeared. My eyes looked brighter, color grew better, and best of all I began to enjoy my meals. The dizziness, languor and feeling of depression utterly went away and I regained my old-time vigor and spirits. To-day I am well thanks to Dr. Hamilton's Pills." The regular use of Dr. Hamilton's Pills keeps the system healthy, and thereby prevents all manner of sickness. One pill when retiring will make you feel like new. For health, strength, comfort and good spirits there is no medicine like Dr. Hamilton's Pills. Beware of substitutes and don't let any dealer win off some other pill on which he can make more money; 25c per box, or five boxes for \$1.00, by mail from The Catarthozos Company, Kingston, Ont.

Day's Doings in YORK COUNTY West Toronto North Toronto East Toronto

NORTH TORONTO FAVORS SEWERAGE AND ROADS

Both Bylaws Well Thought of in Town—Suburban and County—News in General.

NORTH TORONTO, July 2.—(Special).—Great interest attaches to the outcome of the Davielville Methodist School to Willow Lake, Mead-downville to-morrow (Saturday) afternoon, leaving C.P.R. North Toronto Station at 1.15 p.m. The delightful ride, little over 20 miles, coupled with the low rate, 45 cents, will doubtless draw a big crowd. At Willow Park will be given the personal occupation. A considerable amount of building is going on at present in and around North Toronto. Some of those who have built are: R. Livingstone, brick house in course of completion, on Woodward-avenue. Mr. Gibson, brick, with cement foundation, for personal occupation, legal shape and presented to the municipal board for ratification. In order to be effective at the January elections this must be done before July 15. A meeting will be held at Bedford Park on Friday evening next for the further discussion of sewerage and road matters.

Mr. Dansbury of Bradford, England, was so impressed with the beauty of North Toronto while driving with a friend that he selected a lot on Glenair-avenue, went at once to Waddington & Grundy's and bought it. This is only one among many other instances. Mr. Langley of Largety & Howland has bought a lot on Glenair-avenue and will erect a fine residence for his own use. Solicitor T. A. Gibson and Mrs. Gibson leave on July 7 for a two-month visit to the British Isles. A number of bylaws for the consolidation of the debentures for local improvements will be put before the council before the departure.

Prompt Action on Part of Firemen Prevented Much Loss. WEST TORONTO, July 2.—Fire, caused by an overheated gas stove, broke out in the back kitchen of Burt Large's residence, 707, on Tuesday night shortly before noon to-day. The firemen promptly extinguished the blaze. An overheated smokestack at the Phillips mill caused a fire at 10 o'clock this morning. Prompt work on the part of the firemen prevented an loss.

The police are continuing their campaign against cyclists who ride on the sidewalks. Three of these offenders from West Toronto were in police court this morning. The Governor-General's Body Guard broke camp at Lambton this afternoon. Until a successor to Rev. Dr. Pidgeon is obtained, the Rev. J. W. Wilson will act as moderator of the session. Rev. Mr. Wilson of Dovercourt Presbyterian Church, Mr. Wilson will preach at both services on Sunday. The Sons of England will parade to

WEST TORONTO. The Women's Institute will hold their July meeting at the home of Mrs. J. R. Stong, on Tuesday afternoon, July 4, at 8 o'clock in the evening. The program is arranged for this meeting. Ladies all welcome. BRACONDALE. BRACONDALE, July 2.—At 3 p.m. on Tuesday a pretty wedding was solemnized at the home of the late John Clarkson, Wychwood, when John M. Sheppard of Braconda, son of Mr. Sheppard, was united in marriage to Miss Mabel Clarkson. The ceremony was performed by the Rev. C. W. Pollett.

The Sons of England, Yarmouth lodge, are running their annual excursion to Prospect Park, Ottawa, on Saturday, July 17. A. R. Biddle is erecting a frame house north of St. Clair-avenue, in which he intends to spend the summer months. Mr. and Mrs. E. J. Hopcraft and family are spending a few weeks with friends in Muskoka. Braconda people would appreciate very much the presence on the main streets of a water cart in operation. They have practically cut out from York Township, and have not been officially annexed to the city, and have little hope of immediate relief.

"Expected to Die" Biliousness, Dizziness, Vertigo and Pain in the Back Owe His Life to the Curative Powers of Dr. Hamilton's Pills. Lack of exercise and overwork were the causes that combined to almost kill Samuel S. Stephens, jr., one of the best known and most influential citizens in Woodstock. In his convincing letter Mr. Stephens says: "A year ago I returned home after a long trip, completely worn out. I was so badly bothered by chronic biliousness, so much overcome by constant headaches, dizziness that I was despairing of ever getting well. I was always tired and languid, had no energy and spirit, found it difficult to sleep for more than five hours. My appetite was so rickie that I ate next to nothing and in consequence lost weight and strength. I was pale and had dark rings under my eyes that made me look like a shadow. It was a friend that I used Dr. Hamilton's Pills. In one week I felt like a new man. The feeling of weight and nausea in my stomach disappeared. My eyes looked brighter, color grew better, and best of all I began to enjoy my meals. The dizziness, languor and feeling of depression utterly went away and I regained my old-time vigor and spirits. To-day I am well thanks to Dr. Hamilton's Pills." The regular use of Dr. Hamilton's Pills keeps the system healthy, and thereby prevents all manner of sickness. One pill when retiring will make you feel like new. For health, strength, comfort and good spirits there is no medicine like Dr. Hamilton's Pills. Beware of substitutes and don't let any dealer win off some other pill on which he can make more money; 25c per box, or five boxes for \$1.00, by mail from The Catarthozos Company, Kingston, Ont.

THE "LAKE OF BAYS" COUNTRY. A handsome brochure, artistically illustrated, has been issued by the passenger department of the Grand Trunk Railway System. It describes the beauties of the Lake of Bays District, in the "Highlands of Ontario." A new feature of this district is the new hotel—the Waves—at Norway Point. The hotel itself has a page illustration reflecting the summer glories of woodland and water, with a brood of seven wild geese in flight through the nostrils. The concise description embodied the story of a charming resort. The company is offering for application to J. D. McDonald, D.P.A., Toronto.

WILL BRING OUT HORSES. John A. Ross of Queensville; Robt. Graham, Bedford Park; William Smith,

159 YONGE STREET Open Saturday Afternoon

TOWNSHIP OF YORK

Notice is hereby given that the Court of Revision for the Municipality of the Township of York, sitting in the Council Chamber, 40 Jarvis-street, Toronto, on Thursday, the 15th day of July, 1909, at 10 o'clock a.m. to hear and determine the several complaints in relation to the assessment roll of said Municipality for the year 1909.

RUSSIAN CALENDAR REFORM.

Movement to Make Year of 364 Days With No Week Day Name For New Years. A new calendar for Russia marks progress in the Tsar's domain. Professor Solodiloff is a prime mover in favor of radical reform in calendar making, says The Chicago Tribune. The year, he explains, should begin at the spring equinox, and the quarters should be reckoned from the equinoxes and solstices. The first two months of every quarter should have thirty days and the third thirty-one days. Thus each quarter would have ninety-one days, making 364 days for the year. As the solar year has 365 days 6 hours 48 minutes and 29.7 seconds, one day in the year should be simply called New Year's Day without a week day name. This disposes of the extra day, leaving the difference of five hours and the minutes and seconds. These in four years would amount to forty-four minutes, make an extra day, which Professor Solodiloff proposes to call the day after New Year. The forty-five minutes would make a G.R. special will 128 years. There is still a difference of a few seconds, but as this does not amount to a day in 5000 or 6000 years, it may be disregarded.

Under this system every first day of a quarter would be a Monday, the first day of the second month always a Wednesday and the first day of the third month always a Friday. It is also proposed to make Easter, from which all church festivals are reckoned, occur at a fixed date, which the ecclesiastical authorities are invited to name.

COMMITTED TO ASYLUM.

WINNIPEG, July 2.—Chas. S. Horne, who confessed to the killing of Mrs. Lewis James, who was murdered here in her home on April 22, was this morning adjudged insane and was committed to Selkirk asylum.

Sale of Grimby Park.

If rumors are to be heeded there will be a number of bidders for the Grimby Park property when it is offered for sale by the liquidators next Wednesday. The Grand Trunk Railway and the Dominion Power and Transmission Company are said to be planning to purchase the property for amusement park purposes, and it is also affirmed that a number of private capitalists having summer residences at Grimby will attempt to secure the park for speculative purposes. The railway company's line touches the property and the power company controls the Hamilton, Grimby and Beamsville Electric Railway, which connects with the park by a spur.

World's Narrowest Street.

The seaport town of Great Yarmouth, England, contains what is said to be the narrowest street in the world. It is known as Kitty Witches Row, and its greatest width is 56 inches. Its entrance would seriously inconvenience a stout person trying to pass through it. Twenty-nine inches from wall to wall is all the room that can be spared in this part. Yarmouth is a quaint old town containing many streets like Kitty Witches Row. They are all called "rows," and are more picturesque than convenient. A hundred and forty-seven of these narrow streets, of a length of over seven miles in all, are to be found in the town. The body, supposed at first to be that of a Chinaman, which was found in the Hudson River, was not that of Leon Ling.

FIVE DOLLARS FOR HOUSE CHURCH SELLS FOR \$150

Highest Bid For Dental College \$1900—Making Site For New Hospital. Who wouldn't pay \$5 for a cottage? That is the price which dozens of suburban dwellings built by the late Beverly Robinson in the district part of which forms the site for the new general hospital are bringing. It would cost the municipality to move the houses intact, and the city would not stand for the consequent derangement of street traffic, so the only alternative is to pull them down. After reimbursing the owners the houses have been sold by tender by the National Trust Co., and prices ranging from \$5 to \$150 have been obtained. In most cases a few dollars spent in repairs and paint would have made the houses habitable. A 12-room brick house on College-street, with a newly installed system of hot water heating, brought \$150. The Disciples of Christ Church at the corner of University-avenue and Christopher-street was sold to an enterprising Jew for \$100. There are 7000 brick in the building, and stained glass windows, flooring and hardwood finishing, any of which would buy for more than the price paid the trust company. On University-avenue W. J. Street bought four brick houses for \$700, which cost considerably over \$1500 to build. The highest price so far offered for the building at the corner of College and Huron-streets. The \$1900 offer was not entertained and one contractor expressed a willingness to pay \$6000 when it was again put on the market. Of course the cost of removal must be added to the purchase price, but speculative buyers are still dickering with the original purchasers and dwellings are bought and sold with less consideration than one ordinarily bestows upon a pair of shoes, a new hat or a block of mining shares.

TO-DAY'S EXCURSIONS.

Five excursion trains, carrying holiday parties, will leave the Union Station this morning. The Huron Old Boys' home excursion will go out on two specials, the first leaving at 7.15 o'clock for Goderich and the second at 7.25 for Wingham. A C.P.R. special carrying the C.O.F. Winchester Lodge No. 1022 will leave at 8.20 o'clock, and at the same time a G.R. special will start with the Mimico Club on board to Orillia. The Parker employes will leave for Goderich at 10.15, and will start during the morning.

Metal Workers' Elections.

The Amalgamated Sheet Metal Workers' Local No. 30 last night elected the following officers: President, Charles A. Russell; vice-president, A. J. Murray; recording secretary, R. Rutledge; corresponding secretary, J. S. Chapman; financial secretary, S. Cox; treasurer, G. Wilks; A. Northcote and J. Wilson.

York Street Property Sold.

Jacob Singer has purchased from Walter G. Atkinson of Atkinson Bros. the properties Nos. 136, 138, 137 and 135 Richmond-street, the price being \$30,000 cash.

Quit the Job.

License Detective Walter Belleau, whose operations had made him an unwelcome visitor to hoteliers all over the province who have been tempted to disobey the regulations, and to scores of dive-keepers in Toronto, has quit the job. He joins the staff of a private detective agency across the border.

Chronic Bronchitis

Doctors Recommend New Remedy That Prevents and Cures. This disease can be treated only by a remedy carried to the affected parts along with the air breathed, for nature intended these organs for the passage of air alone, and sprays, atomizers and internal medicines utterly fail. But Catarthozos doesn't fail, it wherever the air breathed goes, and its healing, antiseptic vapor is sure to reach every affected part. Catarthozos is inhaled at the mouth and after passing through every air cell of the breathing organs is slowly exhaled through the nostrils. Catarthozos protects and heals the inflamed surfaces, relieves congestion, allays inflammation and perfectly cures all bronchial affections, throat weakness, chest troubles, catarrh and deafness. The dollar outfit of Catarthozos lasts two months and invariably cures smaller size \$50. All dealers of The Catarthozos Co., Kingston, Ont.

The Toronto World A Morning Newspaper Published Every Day in the Year.

WHO SAYS TUBES? Controller Hocken does. He has good reasons, too, and is prepared to supplement and emphasize everything The World has said upon this question.

Would you live in Eglinton if you could get down to Queen-street in five minutes? Would you live in ward seven, the brick city of the west, if you could reach Yonge-street in ten minutes?

Of course you would, for rents are now being set in the city at the value of property for commercial purposes for which it is needed, and residence congestion has reached an acute stage.

There is but one remedy, for the street railway company prefers going to law to serving the people according to agreement. The remedy is to build tube railways, and have the people run them for themselves.

Three lines would be necessary at first. A central station down town would form the radical centre for a line running 2-1/2 miles to a point north of the city boundary; another line running five miles northwest to the West Toronto, and a third three miles east to Greenwood-avenue.

After the outside territory is reached, there is no necessity for further underground construction at present, and the lines could be continued on the surface.

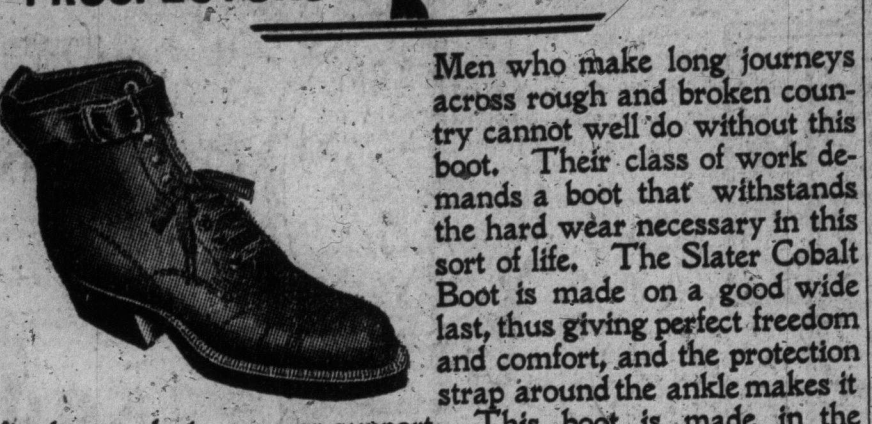

The territory thus served had a population at the last census of 32,000. By the time the tubes could be constructed there would be 100,000, and the completion of the lines would be the signal for an immediate and immense expansion.

The city in 1901 had 10,288 acres within its boundaries. Outside the old limits—but now in the city, the not under the street railway agreement, there are 5582 acres.

This is a territory and a population ample not only to support but to pay big dividends on the tube lines proposed, but publicly owned railways return the big dividends to the passengers in cheap fares.

A BOOT With a Reputation

MINERS SURVEYORS QUARRYMEN ENGINEERS HUNTERS PROSPECTORS Recommend the Cobalt Special "Slater-Made" The Slater of the Slate

Men who make long journeys across rough and broken country cannot well do without this boot. Their class of work demands a boot that withstands the hard wear necessary in this sort of life.

The Slater Cobalt Boot is made on a good wide last, thus giving perfect freedom and comfort, and the protection strap around the ankle makes it fit close and give proper support.

The Slater Shoe Stores

CHAS. G. CUMMINGS, Limited, 117-Yonge Street J. H. WOOD, 523 Queen Street West The Slater Sub Agency—THOMAS POWELL, West Toronto

water and passage entirely blocked. The railway company prohibit anyone from crossing their tracks, so what were pedestrians to do? The way was practically blocked. Another and more serious feature of this subway is that it is not drained and the sewer pipe seems to be broken.

It seems as if the Canadian swine-breeders (or rather the governments are going to send a commission to Denmark in order to investigate the co-operative bacon factories or slaughter houses. It may be a great question whether such a commission is likely to be very welcome here, even if they may gain entrance into various slaughter houses.

On Jan. 1, 1909, the New South Wales government railways made a reduction in freight rates equal to \$200,000. First-class fares are 3 cents, second-class 2 cents, the much of the line is in a mountainous region. In seasons of drought, freer, store cattle, if moved at the convenience of the railway department, are moved at two-thirds of the ordinary rate.

Complaint has been made that the protection and care promised for the historic spots on the Niagara peninsula by the Ontario Government have not been fully granted.

Why the Delay. The reason why Hon. Mr. Lundy's delay in the matter of the Quebec Battlefields Park is explained as due to the fact that private companies operate in Canada, whereas in Great Britain the government operate the telegraphs.

Summer Hotel Burned. LAKE PLACID, N.Y., July 2.—In a fire entailing a financial loss of nearly \$200,000, the hotel Ruselesmont, one of the largest summer hotels at this resort, was totally destroyed early this morning and the guests, awakened from their slumbers, narrowly escaped with their lives.

WEST END GRIEVANCE. Editor World: I wish to make known to the citizens of Toronto the utter indifference (apparently) of the city engineer in looking after one part of the city and also what seems gross negligence on the part of the medical health inspector. Those living in Parkdale, in the vicinity of the new subway on Lansdowne-avenue, will understand the importance of having this place attended to at once.

BUILDING FOR SIX MONTHS GAINS NEARLY \$4,000,000

Tremendous Activity as Compared With 1908—City's Vital Statistics.

The great activity in building going on in Toronto is reflected in the report of the city architect for the half year. The value of the permits issued was \$3,816,130 greater than for the same period of 1908, while there were 540 more permits granted.

Table with 2 columns: 1908, 1909. Rows include: Approximate value of buildings Jan. 1 to June 30, Approximate value of buildings for month of June, No. of buildings for month of June, No. of buildings for month of June, No. of new buildings for month of June, Births in the city, Deaths in the city, Marriages in the city.

Mayor Oliver announces that he is favorable to the appointment of City Solicitor W. C. Chisholm to the position of corporation counsel at a salary of \$6000 a year.

EATON'S JULY SALE NEWS

On Monday the July Sale swings full into line, and the preliminary day and half-day of this week would seem to show that our hopes of a grander-than-ever July Sale will be fully realized.

12.50--A Two-Piece Tropical Worsted Suit For Men

The price is a low one for such an ideal summer material as the tropical worsted—beautifully fine in texture and finish. And in the handsome fawn and smoke gray shades with colored stripes, the richness of the material shows up to advantage.

8.49, a Worthy Navy Blue Serge One of the clothing successes of this year has been our specially bought English serge—a Botany twill 18 ounce material.

Men, Save on the Better Grade Straw Hats While odds and ends, the styles are the newest and the braids of decidedly good quality.

Wall Street Dealings Show No Ante Holiday Impressions

Principal Speculative American Stocks Have Hard Work to Advance—Domestic Stocks Are Dull and Easier.

World Office, Friday Evening, July 2. With the incoming of the holiday season to-day's market evidenced without doubt its appearance. Transactions, despite the apparent feeling on the street, which is at present buoyant, indicated that there were more sellers than buyers in the market.

Wide-Awake Torontonians. July 2.—The BATTLEFIELD, Sask., here to-day that the J. F. McLaughlin Co. of Toronto has secured the beautiful "University Park Annex" lots of this city.

Wall Street Pointers. Reported sale of \$30,000,000 of Union Pacific holdings of Southern Pacific bonds.

Statement by the treasury says that the real deficit for the year is \$55,039,843.

Under Seaboard Air Line reorganization plan \$125,000,000 four per cent. refunding bonds and \$25,000,000 five per cent. adjustment bonds will be issued.

Steel shipments are being made, but on a low price basis. All trade authorities believe in workers' strike will collapse.

Stock Exchange and practically all important markets closed from to-night till Tuesday morning.

Wabash reports marked improvement in western freight movement.—D. J. The American Agricultural Chemical Co. has secured the largest German potash mine and is now independent of the trust.

Joseph says: Stockholders of Reading have something more in sight than great expectations. Reading, Morgan and Harriman interests are very bullish on Erie.

Corn Products are likely to be seriously affected by the report of the National Starch Co. one of its subsidiaries, were in the debt of \$1,000,000.

Bank Clearings. Expansion of the banking business throughout Canada the past year is shown by the following comparison of clearings for June with those of previous years.

Money Market. Bank of England discount rate, 2 1/2 per cent. Short bills, 1 1/2 per cent. Three months' bills, 1 1/2 per cent.

Foreign Exchange. Glasgow & Co. today report building up as follows: Buyers. Sellers. Counter. Montreal, 60 days, 9 1/2-10 1/4
