CAPT. HALE STAYS IN HIS STORY DEPENDS ON THE "CROWD" IN TORONTO. ROSS GOVERNMENT RAN HIS ELECTION

Two notable things are printed in the World this morning. The evidence of Captain J. Lorne Hale, given under oath in Pembroke, is printed in full. Captain Hale swears the Ross government was responsible for all election expenses in the Renfrew by-election. He swears that the Ross government was responsible for all election expenses, and that workers from Toronto were to run the election. Hon. J. R. Stratton promised him in the Parliament Buildings. The other notable thing is that the revelations in yesterday's issue of the Star and other papers in no way connected the government with corrupt practices. Two very notable things:

WHAT LORNE HALE SWORE TO

Hon. J. R. Stratton Told Him in the Parliament Buildings That the Government Would Send a Man to Renfrew to Run the Election and That the Government Would Pay Everything Except His (Hale's) Personal Expenses—But the Government Didn't.

Pembroke, Oct. 7.—(Staff Special.)—This is the sworn evidence of Captain J. Lorne Hale of Pembroke, taken before the proper authority, Dr. McKay, in the Town of Pembroke, on Wednesday, Oct. 5, in a law suit over a livery bill, and revealing the facts that Mr. Hale considered that his election in December, 1903, was being run by the Ross government for expenses the Hon. J. R. Stratton had already paid \$10,000 for expenses the Hon. J. R. Stratton had already paid and that he considered the government should settle them.

REVELATIONS BY DIALOGUE

(That you had nothing to do with it.)

A.—They came to me and were asking that we should engage the livery. The other people were doing so and we should, too. I said: "I don't know anything about it."
Q.—From whom did you get that?
A.—That was all. I said I expected there would be people down here from Toronto who would look after that and they were the proper people to see.
Q.—To whom do you refer when you say "people from Toronto"?
A.—I understood the government were sending people down here to run the election. THAT WAS THE UNDERSTANDING I GOT IN TORONTO.
Q.—From whom did you get that understanding?
A.—From Mr. Stratton.
Q.—The Hon. Mr. Stratton?
A.—Yes.
Q.—Who did you expect would meet this?
A.—The Hon. Mr. Stratton.
Q.—That is, the Ontario government?
A.—Yes.
Q.—On what do you base your expectations?
A.—Well, I had not any expectation, only the GOVERNMENT SAID THEY WOULD SEND PEOPLE DOWN HERE TO HELP RUN THE ELECTION.
Q.—That is all?
A.—Mr. Stratton.
Q.—They said what?
A.—That they were going to be responsible for everything. THAT ALL I HAD TO PAY WAS PERSONAL EXPENSES.
Q.—Did you pay anything more than your personal expenses?
A.—Certainly.
Q.—Would you give us any idea of what you paid beyond your personal expenses?
A.—I don't know. I don't know what the exact number of dollars is. I don't know.
Q.—What would you estimate?
A.—I don't know.
Q.—When the world ran across Lorne Hale in the Copeland House this afternoon, he made the astounding assertion that the statement in the papers, which was read to him, was "absolutely false."
Q.—When he was asked to point out the words which were incorrect, he attributed to him the contention himself with the assertion that the figures were wrong. His examination for discovery shows that he paid over and above his "personal" expenses \$10,000 and that he had no debts were incurred would have to be paid by the government represented by Stratton and McKay.
Q.—Mr. Hale denies he said the government spent \$10,000 to win North Renfrew was shown Mr. Hale. "Never said anything of the kind," he replied. "How should I know that?" The fact is that Mr. Hale is a hard man to pin down. Just after his defence, Montreal paper reported an interview revealing him with a remark to the effect that the people believed his story, and that was a large factor in the interview.
Q.—Dislike Mr. Stratton?
A.—The fact is, however, that Mr. Hale cordially hates Mr. Stratton. Since the provincial secretary was permitted to have full swing and bring in a band of workers without let or hindrance, he felt that the minister has put it all on the candidate, and he did not attempt to cover up the matter. He was not in a position to do so. He was not in a position to do so. He was not in a position to do so.

WE'RE NOT SO CORRUPT AS THEY PREMIER ROSS TELLS LIBERALS NO BLEMISH ON THE GOVERNMENT

Boldly Claims That in All the Revelations in the Election Court Nothing Has Been Disclosed to Connect Corrupt Practices With the Government—Won't Resign Till People Tell Him To.

Mount Brydges, Oct. 7.—(Special.)—Premier Ross made his first public appearance since the recent disclosures in the election courts at the West Middlesex Reform convention here to-day. He contended that the Conservatives were more corrupt than his own party, especially as far as general elections were concerned. By elections always were a matter of management. "Whatever there is of badness in a political party comes to the front under the stress and strain of a by-election," said the premier.

KEMP UNANIMOUS CHOICE TORONTO EAST LINES UP

Convention Was Enthusiastic—Wm. Laidlaw, K.C., Exposes a Liberal Campaign Scheme.

A. E. Kemp nominated Thomas Foster and Thomas Foster nominated A. E. Kemp, and "graciously withdrawing" the alderman permitted Mr. Kemp to succeed himself as East Toronto last night. Dignified Hall, in all its uproarious experience, never before had such volleys of cheering nor more hearty unanimity. The seats were all filled, and the platform was packed. Dr. Beattie Nesbitt took the chair. The constitution, he said, had invariably elected the man of their choice. The previous night North Toronto had chosen a man who was as pure a type of statesman as Canada had ever known. That man, Hon. George E. Foster, he invited to the platform. The cheering was cyclonic as Mr. Foster and James Kendry of Peterborough, West, A. E. Kemp and R. A. Payne M.L.A., mounted to endorse. Mr. Foster, president of the Second Ward Association; William Laidlaw, K.C.; J. W. St. John, M.L.A.; Emerson Coatesworth, Patrick Hayes, William Kelly, Ald. Stewart, Fred H. Richardson, Ald. Foster, S. B. Heaker, A. Claude Macdonell, D'Arcy Hinds, John Wickert, William Fitzgerald, president First Ward Association; R. S. Neville, Barney Cairns, J. M. Gould, Alex. McConnell, E. B. Ryckman, Robert Deane, C. C. Robinson and William Caldwell, Montreal.

TORONTO UNIVERSITY SENATE. Some of Those Elected by Graduates in Arts.

The counting of the ballots in the senate elections for Toronto University was finished last night, but President Laidlaw considered that certain technicalities should be gone through with. The names of those elected were: The Hon. J. R. Stratton, William Laidlaw, K.C., J. W. St. John, M.L.A., Emerson Coatesworth, Patrick Hayes, William Kelly, Ald. Stewart, Fred H. Richardson, Ald. Foster, S. B. Heaker, A. Claude Macdonell, D'Arcy Hinds, John Wickert, William Fitzgerald, president First Ward Association; R. S. Neville, Barney Cairns, J. M. Gould, Alex. McConnell, E. B. Ryckman, Robert Deane, C. C. Robinson and William Caldwell, Montreal.

WALT ROSS INSTEAD OF CONNOR. Rat Portage Liberals Disgusted With Connor, Will Run Ross.

Rat Portage, Oct. 7.—(Special.)—There is no doubt what favor Walter Ross has with the Liberal party here. He has signed an agreement with the new Federal Liberal Association here to that effect. Connor received the nomination despite opposition from the majority of Liberals here, the Liberal party has been split. Reports from Liberal leaders in Ottawa state that they would sooner lose the seat than have Connor as Ottawa. So with the intention of defeating him, Liberals about here are disgusted with him and are determined to run Ross at the hazard of the seat.

MAYOR BEGINS CAMPAIGN WITH "WIRE" FROM LAURIER

In Accepting Nomination Announces Government Decision in Yonge St. Bridge Matter Favorable to City.

The Liberal convention in North Toronto last night was a success. St. Paul's Hall was filled with delegates who were not all able to find seats, and the gallery held a large audience. The enthusiasm was there and the path for the nomination of Mayor Ureghart had been remarkably well oiled, for he was received with a strong demonstration of loyalty, greater even than he expected, as he exhibited considerable feeling in beginning his speech. He dramatically introduced a telegram from Sir Wilfrid Laurier in reference to the order for the construction of the Yonge-street bridge, which read: "All right, Laurier." The mayor afterwards stated that the message was in reply to a letter addressed to the premier by himself. By a happy coincidence, Sir Wilfrid had chosen to wire his reply at this opportune time. On the platform with Sir William Mulock, president of the Toronto Reform Association, and F. S. Mearns, secretary, were Hon. Geo. A. Cox, B. C. Clute, K.C., H. M. Mowat, K.C., Geo. Anderson, Senator Kerr, H. H. Dewar, K.C., Ald. Harrison, Ald. Hamden, John A. Patterson, K.C., Rev. J. A. Macdonald, Dr. J. E. Elliott, Daniel Ureghart, Frank Ford, K.C., R. U. McPherson, George F. FACTOR BROWN CAUGHT HIM.

Chatham, Oct. 7.—(Special.)—Rev. "Constantine" Brown of Blenheim, in disguise, yesterday, caught John Peel, a Marine hotelman, selling intoxicating liquors while the fair was in progress in that place. The great constable took the liquor away from the boys and drove out of town with the captured keels. Peel's case probably comes up at an early date.

WHO IS LEO BURNS' UNCLE AND WHERE IS HIS FATHER?

Fourteen Year Old Boy Arrives in Toronto Looking for a Relative.

There is a good-looking, intelligent 14-year-old boy in Toronto under odd circumstances. The other night he walked into a downtown cigar store and asked to look at a "phone director, saying that he wanted to find Patrick Burns."

Mr. Burns is the clerk put him on a street car and told him how to find Mr. Burns, the coal merchant on West Front-street. The lad duly arrived, and explained that he was from Pittsburg and was the nephew of Patrick Burns of Toronto.

Leo Burns, as he gives his name, said he had left Pittsburg with his father over a week ago to come to Niagara Falls, where Leo was to earn enough by singing to pay expenses. They were to arrive in Toronto on the 25th.

Mr. Burns is taking care of the boy pending news from Pittsburg or from any local relatives. Yesterday Leo secured employment with a Tongue-street firm.

POLICEMAN'S BID TO TAKE MRS. STICKLE TO ASYLUM

Suit Against Two Physicians Produced Evidence of Some Rather Sensational Nature.

The troubles of the Stickles family were again aired in the assize court yesterday before Chancellor Boyd. The action of Mrs. Lucy J. Stickles against Dr. W. P. Bryans and Dr. George B. Smith, for \$10,000 damages for alleged sending of false certificates, whereby the plaintiff was committed to a lunatic asylum, is being heard.

This suit is a sequel to the removal by force of Mrs. Stickles from her home to the Toronto asylum for the insane, on Jan. 22, 1900, during the trial of the case of Dr. Bryans and Dr. Smith against the plaintiff.

Counsel for plaintiff produced a number of witnesses, principally neighbors of Mrs. Stickles, who testified that they had never noticed anything in her conduct that would lead them to believe that she was insane.

What a Policeman Had to Do. The evidence of P. C. Spring (87), attached to No. 5 division, created a subdued sensation in the court room. He testified that he had been ordered by Staff Inspector Archibald to report to Dr. Bryans and Dr. Smith, who were taking Mrs. Stickles to the asylum.

Mr. and Mrs. Mulholland and other neighbors gave evidence to the effect that they had never seen anything in Mrs. Stickles' actions that would lead them to believe she was insane.

If your child comes from play coughing or showing evidences of Grippe, Sore Throat, or sickness of any kind, get out your bottle of Nerwine. Rub the throat and neck with Nerwine, and give internal doses of ten drops of Nerwine in sweetened water every two hours.

As the hot weather, made your nervous and irritable, try your work a trouble? Are you too weary to find pleasure in your usual pursuits? If you are, get out your bottle of Nerwine. This can be done safely and easily with Dodd's Dyspepsia Tablets. They digest the food and the contents and regulate its strength. Listen to what M. Mongeau of Masson, Que., says:

"I suffered from dyspepsia for eighteen months. I was very nervous and for eighteen months I was miserable. Then I commenced to use Dodd's Dyspepsia Tablets. The first box helped me and I was soon entirely cured. I have recommended Dodd's Dyspepsia Tablets to all my friends and they have found them good."

Are you too weary to find pleasure in your usual pursuits? If you are, get out your bottle of Nerwine. This can be done safely and easily with Dodd's Dyspepsia Tablets. They digest the food and the contents and regulate its strength. Listen to what M. Mongeau of Masson, Que., says:

"I suffered from dyspepsia for eighteen months. I was very nervous and for eighteen months I was miserable. Then I commenced to use Dodd's Dyspepsia Tablets. The first box helped me and I was soon entirely cured. I have recommended Dodd's Dyspepsia Tablets to all my friends and they have found them good."

MAYOR, HONORING MR. LYON
FAVORS GOLF AND IN GOLF

The World's Champion Presented
With Silver Fruit Dish From
City of Toronto.

The winning of the amateur golf championship of America at St. Louis by George S. Lyon received civic recognition yesterday by the presentation to Mr. Lyon of a silver fruit dish with the inscription "Presented to Geo. S. Lyon by the City of Toronto on the occasion of his winning the Olympic Championship at St. Louis, U.S.A., September, 1904."

In marked contrast to former civic functions of a similar character the ceremony was held in the quietude of the mayor's private office, there being present only Chairman Rammen, Ald. Hay and Jones and the reception committee and Ald. Fleming.

The mayor made the customary remarks, referring to the fact that this was a year of championships. He trusted that in the future a great deal more encouragement would be given to golf, rowing and similar sports which tended to a stronger and sturdier development of the manhood and womanhood of Canada, which was so much required in a young country.

Mayor Ferguson, the game, in England and Scotland he was struck with the fact that golf links were considered a very great thing, and formed the centre of large summer populations, as the privileges could be enjoyed for a shilling or so. He favored the granting of municipal assistance for the game as well as for bowling greens.

Mr. Lyon, in accepting the gift, said he could play golf much better than win, he might say, without speaking egotistically, that it was by no means a stroke in the hands he could not have met a better opponent than H. Chandler Egan, who had just beaten Walter J. Travis and was playing in his best form. He would appreciate the gift most highly.

He is. Ald. Rammen said he could only add "amen" to the mayor's remarks, and that of Mr. Lyon, who was one of the most popular sportsmen in the Dominion.

Mr. Hay said the people appreciated the honor that Mr. Lyon had won for it practically meant the responsibility of two continents. He also dwelt on the proposed regatta course, which he considered the council should take up and complete.

BEHIND CLOSED DOORS.
Ontario Power Commission Held
With Routine Matters Yesterday.

The Ontario Power Commission met at the city hall yesterday at 11 o'clock and continued in session until 5 p.m. luncheon being served in the committee room. There were present E. W. E. Slidell, president, and the playetary Halgat of Berlin; P. W. Ellis, treasurer; Robert Ross of Montreal, Adam Beck of London; W. F. Cockburn of Brantford; and John Mackay, financial expert.

The business was entirely of a routine character, and was conducted behind closed doors. Mr. Ellis stated that the commission might be in a position to make a report within six months' time, but the matter was being gone into in a very comprehensive manner, and there would be nothing omitted that would be of interest in relation to the cost of power.

NOT A REPORT TO COUNCIL
BUT FOR THE UNDERWRITERS

Secretary McCuaig Defends Expert
Knowledge of Inspector Howe
As Perhaps Best on Continent.

J. A. C. McCuaig, secretary of the Toronto board of fire underwriters, was yesterday afternoon regarding the remarks made at the board of control meeting discrediting the recommendation of Inspector Howe. Mr. McCuaig stated that Robert Howe was chief inspector of waterworks and fire departments of the Canadian Fire Underwriters' Association, and that he had been for over twelve years been giving his whole time to the inspection of waterworks and fire appliances throughout the Dominion.

"His actual experience in such matters," said Mr. McCuaig, "perhaps exceeds that of any expert of this class on the continent. His reports have embraced every municipality from the smallest villages to the largest cities in Canada."

"The report now under consideration is not a report to the city council or to the citizens, but the report of the insurance companies' expert to the Toronto board of fire underwriters."

"There are two simple means of testing the value of the report, the first is consideration of the fact that in 1895 Inspector Howe, representing the underwriters, made certain recommendations in regard to the improvement of the water supply, which were submitted to the city council at that time. A year later, in 1896, James Mansergh of London, Eng., one of the best fire experts in the world, who was brought to Canada at a fee of \$15,000 to give a special report upon the water supply, not only in principle confirmed but went much further than Mr. Howe in his recommendations, that is, if the report of Mr. Mansergh, made in 1896, had been carried out, the major part of the recommendations now made in the present report would be entirely unnecessary."

"The second means of testing the value of Mr. Howe's recommendations is by a comparison of the fire preventive appliances in use in Toronto with those in use in the 13 large cities of the United States as given in the report."

RECIPROcity WITH CANADA.
Boston, Oct. 7.—The Massachusetts Republicans today adopted this platform: "We believe that the best measures should be taken toward negotiating reciprocity treaties with foreign countries, and especially with Canada and Newfoundland, upon such terms and conditions as will secure an enlargement of our foreign trade for the common benefit of our people, wherever reciprocal arrangements can be effected consistently with the principles of protection, and without injury to American industries."

WOULD CHANGE JURY SYSTEM.
Grand Jury Makes Report Embod-
ing Some Suggestions.

Every use of the lash in the punishment of men guilty of assaulting children was urged by the grand jury of the general sessions in reporting to Judge Winchester yesterday.

It was also declared that when a man was arrested merely on suspicion of being responsible for crime he should be fairly treated. One man had been detained 28 hours and his family kept in ignorance of his whereabouts. It was also observed that if a simple majority rules in grand jury cases and 10 out of 12 in civil cases, might well modify the present common jury requirement for a unanimous verdict. Several cases just tried had failed thru one juror's inability to agree with the rest.

The jail was found to be unsanitary and lacking sufficient guards; the Central Prison and other institutions were reported in good condition. The low balustrades in the city hall and open spaces between the elevator shafts and columns were declared dangerous.

Crown Attorney Drayton was praised for his efforts on the street railway cases. Judge Winchester said the matter of suspension of probation should be looked after.

Paying the Penalty.
Judge Winchester yesterday sentenced: Harry May, burglary, to five years; Gus Kennedy, assault, three months; Robt. McMaster, assault, four months; Angus Miller, assault, 30 days. All were convicted during the sessions just closed.

Mr. S. J. New's Statement.
I can trace my son Harold's trouble to when he had the measles five years ago, from which he never really recovered. Several of the best physicians had been consulted, but with no success. He had no cough, but with months of suffering he was in a contracted condition, cough, bronchitis, and asthma. Month after month went by that we were not soothed, forgotten, or forgotten.

PEARLE COUGHS, WEAKENING NIGHT SWEATS, LEFT MY BOY A SHEDDING SHADOW. He had no appetite and how my heart ached to see how he was wasting away!

He spent one whole summer at the Lakeside Home for Sick Children and came home greatly improved, but the cold winds of October took him off his feet again. The doctor advised me to send him to Muskoka, but how could I send him away—a poor man, already indigent—among the Scores of friends advised PSYCHINE, but I had not the attention. I recalled an experience of years ago, where I had put my confidence in a greatly advertised medicine for chronic coughing, and in looking up details of so-called cures I was bitterly deceived. You see I placed PSYCHINE on a par with all advertised remedies and cheap nostrums, but some of my friends that I had at last consented to try.

PSYCHINE HAD MASTERED THAT WHICH DOCTORS' PRESCRIPTIONS HAD FAILED TO CHECK. Yet in all honor to the doctors I must say that if they had realized fully what PSYCHINE could have done they would have prescribed it. As I understand many are doing now.

Harold grew stronger, and Day by day he was improving. I took his cold as the winter of 1901. I took his first cold, but he enjoyed it and, as little body was fast taking on flesh.

By the spring my boy was well and strong, and to-day he is attending Ryerson School and making good progress with his studies. We haven't had any need for a doctor in our house since we started using PSYCHINE. PSYCHINE is certain to cure chronic coughs. When my son was sick he weighed 30 pounds and now he weighs 55 pounds. 31 bottles he used but four bottles of PSYCHINE.

KAY'S "Known For the Finest in Furniture."
AN EXHIBIT OF BEAUTIFUL
Inlaid Mahogany Furniture!!!
FINEST EVER SHOWN IN CANADA

Our furniture buyer, when abroad, had the means of finding out where to-day some of the finest in Inlaid Mahogany Furniture is made.

He did not look among the districts where great brick factories with their tall chimneys cover large areas of our great cities and thousands of workmen are employed; but in, perhaps, the most unlikely parts of the great city of London he discovered a group of people of foreign extraction who were giving their time and talents, and an innate artistic taste, to the making up of the most artistic mahogany furniture, after the best masters, that probably any country has produced.

These people work for small pay; happy and contented in their own small way. They know nothing of the busy marts of commerce. Their passion is their work. What they do they do well. No single article leaves their little workshop until the cash is paid for it. Here we picked up some of the most beautiful specimens of furniture we have ever shown. We arranged with an English friend to ship us frequently stocks from these little stores. Some of the finest of these are now on exhibition on our furniture floor:

—Choicest creations of Sheraton and other masters. Cabinets in Sheraton style, made of finest mahogany and inlaid in setting, beautiful specimens of workmanship. Because of the way we have bought them we are able to sell these cabinets at \$115, \$125 and \$150—and mahogany buffets and sideboards at \$75, \$125 and \$200. Prices that are from 25 to 40 per cent. less than this class of goods usually sell for.

—Mahogany inlaid chairs, Sheraton style, \$13; arm chairs to match, \$17; settees, \$42. —Old-fashioned chair backs, writing desks, card tables and other pieces in the lot.

All people who have a taste for the beautiful are asked to see these goods.

LADIES' Late Fall Hats

The second consignment of Ladies' Fall Hats arrived yesterday from New York, and include some designs both novel and beautiful. These include some made of imported Mohair and Silk Braids trimmed with knots and folds of Paon Silk Velvet and wings in black, brown, castor, or in turbans of Paon Silk Velvet in old rose, terra cotta, etc.

In the collection, which is composed entirely of pattern hats from French designs of which no two are alike, there are designs calculated to suit any face and the most fastidious tastes in quiet or attractive materials.

We could describe these goods minutely, but even that would give no adequate idea of their charm of design and coloring. To satisfy yourself in this regard you should call to-day and look through the big show-rooms.

Ladies' New York Rain Coats in belted designs, or with capes, etc.

Store open until 10 o'clock to-night.

GRAIN PRICES ARE EASIER

ment of the cotton crop, all these are a matter of the field. Weather conditions were almost perfect for early maturity, and the bolts are opening to rapidly, that great difficulty is experienced in securing the necessary labor for picking and marketing the crop. Danger of injury from frost is largely eliminated by this early ripening, and the chief cause of alarm now the possibility of heavy rain and wind. It has also been a very good week for corn, dispatches from which scattered sections indicating that the bulk of the crop is beyond the possibility of serious destruction because of frost. Some states have anticipated an average crop, while at other points the outlook is very good, and Saginaw is the only branch which makes the reduction as much as 25 per cent. Reports from Nebraska, Iowa and Indiana are particularly encouraging.

OPENED FOR THE FALL.

The Methodist Deaconess' Home on Jarvis-street opened for the fall term yesterday afternoon with appropriate exercises. The program was of short duration, and the affair was mainly of a social nature, thru which a welcome was extended to those who will be in attendance this year. Interesting addresses were delivered by Rev. Dr. Stanning of the Metropolitan Methodist Church, representing the board of management, and Dr. McMurchy for the board of instructors. A good musical program was also given. The home, which gives training for missionaries for the home and foreign fields, is in a flourishing condition. The attendance is up to the full capacity of the institution and consists of twenty students in all, seven of whom are in preparation for the foreign field.
