VENNER HOYT ELECTROCUTED AT FAIR VALE

WENT TO CELLAR IN BARE FEET TO FIX WIRES

Brother Finds Stricken Youth Lying On Ground

TO BE NO INQUEST

Coroner Decides Hay Wire Across Hydro Lines Caused Short Circuit

DURING last night's electrical storm, while he was trying to find the cause of the ringing of his door bell, Venner C. Hoyt, son of H. C. Hoyt, clerk in the National Drug Co., was electrocuted in the cellar of his father's home, Fair Vale. After a thorough investigation this morning, the coroner, Dr. O. R. Peters, of Rousesay, decided that death was caused by a short circuit and that no inquest was necessary.

Mr. and Mrs. Hoyt and their daughter Hazel were in the city for the evening, and the rest of the family had gone to bed. Suddenly the door bell began to ring and kept ringing. Venner went to see what the trouble was and proceeded to the cellar of the house. He was dressed in pajamas and was in his bare feet. Shortly after he reached the cellar he was heard to call out, and when his brothers reached the cellar he was lying on the floor.

Near by neighbors were summoned, and Dr. Peters was called. In the meantime his brother Clarence, who is one of the Boy Scout leaders of the city, attempted to restore respiration by artificial means, but to no avail. Dr. Peters arrived in about ten minutes after the accident, but was powerless to restore life to the young man.

CORONER INVESTIGATES

This morning Dr. Peters visited the home in the care of coroner, and made a thorough investigation of the cellar and surroundings. At first it was thought lightning, entering by way of the radio aerial, had caused the young man's death, but the coroner's further investigation made him conclude that death was due to a short circuit, and no inquest would be held. He found evidence of where a piece of hay wire had been blown by the wind across the main lines of the Hydro system and the wires leading to the house. When the young man was stricken he was standing over an iron pipe in the cellar. Dr. Peters said, and the doctor was convinced that he had come in contact with the charged wire while touching the pipe, making a perfect circuit for the current through his body to the ground. He found quite a deep burn on the left hand, and the face was bruised, but this, he thought, was caused by the young man falling on gravel.

Just about the time of the accident the lights in the homes at Fair Vale dimmed, but did not go out altogether. Mr. Hoyt, who was about 20 years old, is survived by his parents, one sister, Hazel; and four brothers, Clarence, William, Victor and Eric, all at home. He was on the staff of the N. B. Telephone Co.

The sad affair has cast a gloom over the entire community. The funeral will be held Friday afternoon from St. John Baptist (Mission) Church, services at 2:30.

CANADA NOTES ARE MARKETED IN N. Y.

\$70,000,000 One Year Dominion Securities Offered Today at 99 1/2%

Canadian Press.

NEW YORK, Sept. 2.—Public offering is being made today at 99 1/2% of the \$70,000,000 Dominion of Canada notes, which were bought by New York bankers on Monday. The notes run for one year, with the reservation that they may be called by the Dominion at any time after six months on 30 days' notice. They bear 4 1/2% per cent. interest. In view of the nature of these securities, it is expected that they will be absorbed chiefly by bankers.

Though the Dominion authorities do not reveal the price paid by the bankers, the impression in Wall Street is that the New York banking group bought the \$70,000,000 of notes at 99 1/2%, making possible a gross profit for them on the entire transaction of \$175,000. Of this one-half is said to go to the purchasing syndicate, one-quarter to the dealers, and one-quarter to the retailers.

ANTHRACITE STRIKE AFFECTS RAILWAYS

Orders For Laying Off of Shop Workers Have Begun to Appear

PHILADELPHIA, Sept. 2.—The Pennsylvania anthracite region today began to feel the aftermath of the mine suspension. The business paralysis which the 10 anthracite counties face indefinitely began to creep, as expected, down the rails of the roads carrying its coal. Outbound tonnage is practically cleaned up, and on its way to market. Inevitable orders for shutdown of shops and layoff of shopmen, car repairers and train crews on mine runs have begun to put in appearance.

CONFERENCE HEARS REPORT ON EDUCATION

Rev. J. D. Frame and H. T. Gornell Joint Secretaries

RULES OF ORDER

Presbyteries To Send at Least One Member To Settlement Committee

Canadian Press.

SACKVILLE, N. B., Sept. 2.—Dr. Clarence Mackinnon, principal of Pine Hill College, Halifax, and a former moderator of the General Assembly of the Presbyterian Church of Canada, was this morning elected president of the Maritime Conference of the United Church of Canada, now meeting in convention here. Rev. J. D. Frame, of Westville, N. S., and Rev. H. T. Gornell, of Hantsport, N. S., were appointed secretaries.

Dr. Mackinnon's nomination was moved by Rev. J. W. Bartlett, Amherst, president of the Nova Scotia conference, and seconded by Rev. H. C. Rice, Saint John, president of the New Brunswick conference. Dr. Mackinnon thanked the conference and expressed the hope that a still larger union would be generated.

MORNING SESSION

The morning session was opened by devotional exercises conducted by Rev. Dr. John Macdonald of Sackville. This was followed by the adoption of the recommendation of the business providing for the naming of a committee of five by the presidents to assist him in naming conference committees.

It was decided to adopt the rules of order as adopted last June, by the General Council of the United Church of Canada.

Reports on educational institutions were received by Dr. Hamilton Wiles, of Mount Allison Ladies' College; Dr. G. J. Trueman, president Mount Allison University; Dr. J. M. Palmer, Mount Allison Academy; Dr. J. W. Falconer, of the Halifax Ladies' College; Dr. H. A. Kent, for the Pictou Boys' School, and Dr. Mackinnon of Pine Hill, Halifax. Dr. J. A. Clarke, Halifax, reported for the trustees of the Presbyterian church.

SETTLEMENT BOARD

Following a discussion participated in by Revs. Mackintosh of Sydney, P. A. Walker, Middleton, Sutherland of Fredericton, Barrett of Windsor, Stoddart of Halifax, Sackville, Pictou, McConnell of Amherst, and Heaney of St. Stephen, it was decided by a vote of 176 to 125 that the Presbyteries be instructed to nominate at least one new representative to the settlement committee each year.

HULL STARTS DRIVE FOR EMPIRE TRADE

Representatives of Dominions and Colonies are Guests at Dinner — Australian and Canadian Envoys Speak on Emigration.

Canadian Press.

HULL, England, Sept. 2.—More than 100 representatives of the British dominions and colonies visited this city yesterday, in connection with the corporation campaign to develop trade among the ports of the Empire. The party were entertained to dinner at the New Guildhall, where only dishes cooked from foodstuffs produced within the Empire were served.

Responding to the toast of "The British Empire," Right Hon. Sir Joseph Cook, High Commissioner for Australia in London, referred to emigration, particularly migration, and said Great Britain should see that the "pick of the basket" did not go to foreign countries, but were kept within the Empire.

Brief addresses were also made by Senator Robinson, E. A. Reilly and H. M. Wood, president of the Central Trust Company.

Woman Blackmailer Taken After Three Months' Chase

Canadian Press.

CAMBRIDGE, Mass., Sept. 2.—A fugitive from justice for three months, in which she was pursued so closely by a state officer, that in Montreal she was forced to change her boarding house four times, in one day, Mrs. Theresa Duggan surrendered to the police last night, and will serve a five year term for attempted blackmail of a wealthy Boston merchant. Mrs. Duggan was the lure of the so-called Boston blackmailing ring. She disappeared when her petition for a second trial was denied, and her sentence upheld.

Wearing a milled worsted business suit, in a pattern specially chosen by H. R. H. the Prince of Wales, Harry Cookhutt, the Lieutenant Governor of Ontario, formally opened the exhibit of Wool, Woolen and Knit Goods industry at the Canadian National Exhibition. The wool from which it was made was grown on the Alberta ranch of the Prince of Wales and the cloth was woven to his instructions in a Canadian mill in Ontario. Mrs. Cookhutt was exceedingly smart in a two-piece sport costume of pansey purple, trimmed with grey at the collar, cuffs and pockets, the wool being grown, spun, dyed and knitted in Canada. Over the dress she wore an ensemble coat of grey needle point, marvella from a Canadian loom. Grey shoes and stockings, and a purple cloth hat, made up her all-Canadian costume.

ELECTION IN YORK CAUSES PROTEST

Alleged Spoiled Ballots Result in Defeat of Candidate Councillor.

Special to The Times-Star.

FREDERICTON, Sept. 2.—In connection with the biennial municipal elections held in York county on Tuesday a protest has been lodged from the Parish of Bridge based on the rejection of a number of ballots. The returning officer refused to count separate ballots for John T. Christie and Albert Jewett which were deposited in single envelopes taking the ground that a voter must deposit one ballot with two names on it. A recount has been demanded.

The casting vote was given for Watson Bird, a member of the proceeding council over Albert Jewett, an equal number of votes being counted for each. Should the rejected ballots be counted in Jewett's favor he would have a majority.

The result in Manners Sutton which had not been forwarded last night was as follows—Matthew Lester 246, Robert Dorgas 274, Wilnot Tracey 167 and Wetmore Grives 148.

PLANS HOTEL TO RISE 65 STORES

Missionary Promotion in Gratitude for Recovery of Promoter's Son

New York Structure to be Eight Feet Above Woolworth and Have 5,500 Rooms.

NEW YORK, Sept. 2.—Oscar E. Konkle, president of the Realty Surveys, Inc., announces that New York's tallest building, containing 65 stories and towering 800 feet above the street, eight feet higher than the Woolworth building—will be built at a \$4,000,000 cost, 10 per cent. of the profits of which will be devoted to missionary work.

According to the announcement, the building, exclusive of land, will cost about \$14,000,000, and in addition to the 6,000 bedrooms, will contain a dining room seating 2,000 persons, an infirmary, a church, a hospital, a school for missionaries, stores, a hospital and 13 roof gardens. He said it would face 201.10 feet on the east of Broadway on the entire block between 122nd and 123rd streets and extend back 250 feet on 122nd street and 225 feet on 123rd street. He also said that the structure would be generated by power for electric lights, refrigeration and 30 elevators, and that the building would be heated with fuel supplied from huge tanks in a sub-basement two stories below street level.

12 YEARS PLANNING.

The erection of the structure, the announcement said, would be the culmination of 12 years of planning by Mr. Konkle.

In 1913, it was said, Mr. Konkle, then a builder in Brooklyn, who was interested in missionary work, suffered much grief over the illness of his son, Howard, then six years old, who was stricken with lockjaw after being vaccinated. The boy was at the Methodist Episcopal Hospital, where his condition was pronounced hopeless, but the father, it was said, had a presentiment his son would live and declared that if his presentiment came true he would devote his efforts thereafter to making money to promote missionary work at home and abroad.

Howard lived. He is now at Colgate University studying to become a medical missionary. He will be graduated two years hence, when he plans, with others, to establish a medical base on the shores of Victoria Nyassaland in Africa. Meanwhile his father's plans for the erection of the missionary hotel have matured, and Mr. Konkle said, 10 per cent. of the profits from the enterprise will be set aside for the son's work in his first year, the amount increasing as the work expands.

Other features of the proposed hotel for missionaries are that every occupant must be a stockholder, and that no occupant will be permitted to smoke or use tobacco or drink intoxicating liquors on the premises, from which, it is also announced, Sunday newspapers may be eliminated.

Plans for the proposed building are being drawn by Shreve and Lamb, architects.

TO BE SENT HOME.

Margaret Sullivan, aged 34, charged with vagrancy, having visible means of support, said that she belonged to Chatham but recently her people had moved to Bathurst. She declared that she had come to Saint John to secure work. Sergeant Detective Power said that arrangements had been made from Bathurst with the Travelers' Aid that she be sent home, but owing to the absence of Miss Hoyt, of the Travelers' Aid, these were not carried out. The woman was remanded pending final arrangements for sending her home.

PEDRO SENT UP FOR ASSAULT IN STREET

Shame, Says Magistrate, That County Has to Support This Man.

"It is a shame that Canada must support this Italian, and it is only playing into his hands to send him to jail but, as people must be protected, I see nothing else to do," said Magistrate Henderson this morning as he sent Pedro Miozal to jail for two months as the latter could not pay a \$20 fine. He was charged with assaulting Mrs. Robert Brecart in Union street this morning at 7:05 o'clock. The defendant is a well known figure at police headquarters as he has been there for protection on many occasions.

Mrs. Brecart said that she was on her way to work this morning when the accused rushed across the street and caught hold of her and said she broke away he caught her again. At this point, he said, Miozal saw him approaching in uniform and let go the woman. He placed the map under arrest.

Beats Wife Who Bobs Her Hair

NEW YORK, Sept. 2.—Thomas Chiari, an Italian, told his sixteen haired wife, Herminala, 25 years old, who came from Holland, that he did not like bobbed hair. That satisfied it, as far as he was concerned.

When she appeared before Magistrate Joseph E. Corrigan in West Side Court and asked for a warrant for her husband's arrest, she charged that he had attacked her, and displayed a deep cut on her forehead. The attack, she said, was committed when she returned home Friday night minus most of her hair, after she had finally succumbed to the temptation to shorten it. The warrant was issued.

BAND AND WORKERS READY FOR CONCERT

Event Tomorrow Night in King Square to Aid River Glade Auto Fund.

All is ready for the band concert in King square tomorrow night in aid of the fund for the automobile for the tuberculosis patients in River Glade Sanatorium. St. Mary's Band first suggested the concert as a means of supplementing the fund and making the automobile a reality instead of a distant vision of delight. The band asked Mayor Potts for permission to use the bandstand and that permission was readily granted. And now the bandmen, 40 in all, are practicing a special programme.

TO COLLECT MONEY.

The call for volunteers to make a collection during the concert was also promptly and gladly responded to, and an energetic group of workers will be on hand to receive the money contributions. Miss Marion Beiding is general convener for the canvassers. They will solicit the citizens' aid in procuring an automobile for the sanatorium patients, and will be disposed very graciously.

Yesterday two further sums were received at the office of The Telegraph-Journal. Hon. A. E. Copp sent \$10, and Mrs. J. J. Seely sent another \$10, bringing the grand total to date up to \$587.

J.F. Johnston, M.P. Nominated, After Several Interruptions, For Federal House.

Canadian Press. CRAIK, Sask., Sept. 2.—After a prolonged and stormy session, the Progressives of the new Long Lake Federal constituency, at a convention at Craik, Tuesday afternoon, nominated J. F. Johnston, M. P., of Last Mountain constituency, as their candidate.

The meeting was frequently interrupted by some of the delegates declaring the convention had not been properly called.

Mr. Johnston was chief whip of the Progressive group at Ottawa until last session, when he resigned that office during a controversy in party caucus over the attitude to be adopted by the Progressives to government policy.

AUSTRIA PLANS TO INCREASE BUDGET.

Hopes Geneva Control Authorities Will Approve—Small Surplus is Expected.

VIENNA, Sept. 2.—The Austrian preliminary budget estimates for 1926, submitted to the national assembly, anticipate an expenditure of 600,000,000 gold kronen, in addition to 40,000,000 gold kronen, plus 80,000,000 for investments. While the normal budget last faced by the Geneva control authorities, provides for an expenditure of 485,000,000 gold kronen, plus 80,000,000 for investments, the Finance Minister is hopeful that Geneva will approve the larger expenditure in view of the country's ability to meet this amount, leaving a small surplus.

APPROVE PLAN FOR THE LINE

Civic Power Commission Deals With Power Co. Contract Matter

Contingency is That Contract be Approved by Commission's Legal Adviser.

After considerable discussion the Power Commission of the City of Saint John yesterday afternoon passed a motion of approval of the plan suggested by the New Brunswick Electric Power Commission for the line between the plant of the New Brunswick Power Company and the sub-station at Cranston avenue.

The meeting was held in the engineer's office in the Power Commission building with F. S. A. McMullin, chairman, presiding. Others present were Mayor F. L. Potts, Commissioner W. J. Harding, A. M. Rowan, Harry Wilson, commissioning engineer, and Roy A. Willet, accountant-secretary.

DETAILED REQUIREMENTS.

Mr. Willet read a letter from the New Brunswick Electric Power Commission. The letter said that the New Brunswick Commission had made a contract with the Power Company for an auxiliary supply of power. It was planned to change this from the 2,300 volts in use by the Power Company to 4,000 volts, the same as that at which the city hydro is sent in, and to transmit it to the sub-station at that voltage.

To do this they would need the use of the poles from the Power Company station to Cranston avenue, one cross-arm with two three-phase circuits as far as Wall street and from there to Cranston avenue they had one circuit.

TO REGULATE VOLTAGE.

It was proposed, the letter continued, to remove one cross-arm as far as Wall street and to erect an additional circuit from Wall street to Cranston avenue. From there to the sub-station the New Brunswick Commission intended to erect its own poles on the opposite side of the street to the Civic Commission line.

CLAIMS ADVANTAGES.

The advantages of this course were many, the letter declared. Since this voltage was 4,000 it would be possible to install jumpers in case of trouble with the city lines and to cut out the bad parts until repairs could be effected. In case the Civic Commission should desire to make repairs to the high tension equipment in the sub-station it would be possible to cut it out and to supply the city direct from the Power Company.

The regulator would allow the New Brunswick Commission to supply power at a regulated voltage from Musquash or from the Power Company and the pressure need not depend on that at Moncton.

In addition to these advantages, the communication said, the plan would make the city's supply of power doubly secure and would enable the New Brunswick Commission to give the city the use of its lines on Cranston avenue for any additional circuits needed.

TAKE PART IN DISCUSSION.

Speaking on the letter, Mr. Wilson said that, from an engineering point of view, the plan would be of benefit to the Civic Commission, giving it two sources of supply. On the other hand, the New Brunswick Commission would be using the city's main transformers and part of the sub-station base.

Mayor Potts said that there were two points of view to be considered, the engineering and the legal. The contract was something put over by the outgoing government, he said, and might not continue. He thought that Hon. Dr. J. B. M. Baxter, Premier-elect, should be consulted. There was no question that it would provide a needed standby.

KRIBS GIVES VIEWS.

Gordon Kribs, New Brunswick Electric Power Commission's engineer, was called to the meeting and asked to speak. He said that a ten-year contract had been signed with the Power Company and the Commission was now in need of a tie-line between the two systems. A letter line than the temporary one in use when the Musquash dam had one out was needed. The Commission could put in a 2,800 volt line, keep the current up to 68,000 volts and then down to the 4,000 required by the city, he said, but this would not be economical. He reviewed the plan suggested in the letter and declared it was the

CHARGE OF HERESY AGAINST DR. HOUGH

Dr. Wm. H. Phelps Also Accused by Dr. Levi Bird—27 Separate Charges.

DETROIT, Mich., Sept. 2—Formal charges of heresy have been filed today against Dr. Lynn Harold Hough, pastor of the Central Methodist church here, and Dr. Wm. H. Phelps, editor of the Michigan Christian Advocate, by Dr. Levi Bird of Port Sanilac, Mich. Twenty-seven separate charges were filed.

The charges against Dr. Hough are based on a sermon delivered June 21, entitled "Charles Darwin, Evolution and the Christian Religion." The charges accuse the minister of "putting Jesus Christ and Charles Darwin on an equality," and rating "science and the Christian religion of equal value."

The charges against the editor of the Advocate are based on an editorial comment and on the printing of Dr. Hough's sermon. One of the editorials said, in part: "A Methodist, therefore, who is fearful about science needs both the courage and wisdom of Wesley. We

are not compelled to accept evolution, but the principle of our founder forbids raving against it." Dr. Hough is in France. He expects to return to Detroit on September 19. Dr. Hough was president of Northwestern University at Evanston during 1919 and 1920. Northwestern is the largest university in the Middle West under the jurisdiction of the Methodist Episcopal church, in which Dr. Hough was ordained. He formerly held a pastorate in London. He is a clergyman of international repute.

best in sight. In order to get through the congested part of the city they wanted to use the civic lines.

QUESTION OF EXPENSE.

Mr. Wilson brought up the question of the upkeep of the main transformers and asked if the New Brunswick Commission was prepared to pay for this.

Mr. Kribs said they would be used by the provincial body for no more than one month in the year at the outside.

Mayor Potts declared that the New Brunswick Commission should be responsible for any damage resulting from the overloading of these transformers while they were being used for both systems. He wanted to know why the New Brunswick Commission could not draft a contract and bring it before the Civic Commission.

Mr. Kribs replied that the Commission had to begin paying on October 1 and needed permission at once in order to get the shipment ready. He wanted only a letter of approval of the project now and a contract drawn up later, he said.

WANTS A CONTRACT.

The mayor thought the Civic Commission would want to consult a lawyer before committing itself. He objected to a motion that a letter of approval be given and said he thought nothing should be put on paper without a proper contract. He suggested that Messrs Kribs and Wilson could draw one up in plenty of time to be ready for the current

ONE MORE REMINDER.

One of the British newspaper men who recently visited us, after looking over the Maritime Provinces expressed the pleasant surprise at the extent and attractiveness of our natural resources and astonishment because these are not more generally known in the Old Country.

This constitutes one more reminder of the fact that in the Maritime Provinces we have been losing a great deal of our native population and falling to replace it through a carefully selected immigration.

The Maritime Provinces have been neglected in this matter. They have paid their share of the general cost of immigration, but they have not received any substantial return.

MORE FARMERS MOVE FROM U. S.

50 Per Cent. Increase in Entrants to Canada in 5 Months

Country Attracts Them; Declares Superintendent of Immigration to U. S.

OTTAWA, Sept. 1.—Returned from what he regards as a remarkably encouraging inspection of the various agencies in the Mid Western, Northwestern and Southwestern states, J. Bruce Walker, Superintendent of Immigration in the United States, said today that from April 1 to August 31 of this year the number of farmers sent up to settle land in Western Canada from those states shows an increase of 50 per cent. over the figures for the same period and from the same region last year.

He stated, too, that from March 1 to Aug. 31 this year the Canadian National Railway, the Canadian Pacific Railway and the Hudson Bay Company sold more land in Western Canada than in a similar period for the past ten years.

Society Extravagances Stir Ire of Leaders and Reformers

LONDON, Sept. 2.—England has just closed the disquieting, maddest season in her history.

Other responsible leaders, even within the ranks of the reigning Tory party, are joined with Clynes in his condemnation. Many of the critics attribute the rising tide of social laxity to the increasing expenditure and lavishness of the wealthy to the poorer classes.

Weddings

ENCOURAGE DANCING
Most people in Anytown, as elsewhere, danced because they enjoyed dancing. But the beneficial exercise involved is very seldom considered. Yet, next to proper walking and breathing, dancing is the best form of exercise. Man has danced his way down through the centuries, but generally with a motive other than exercise. He has been happy and danced in glee, or agitated and danced in ritual or rage. It has ever been a great emotional outlet. Circulation of the blood, muscles

and nerves are all greatly benefited by the dance. Dancing in the out-of-doors, however, clumsy, is a fine form of exercise. Rhythmic dancing of all sorts gives a harmony to the body muscles and there is a relaxation enjoyed that no other exercise affords. The grace, charm and beauty cultivated are not lightly to be considered. So dancing should be encouraged—and this doesn't let the old folks out. **WIRE TO ALASKA.** NOME, Alaska, Sept. 2.—Thousands of rods of American wire netting have been shipped to Alaska to be used by the Eskimo in fencing in their trapping areas to catch white foxes. A large catch of white foxes was reported from the Arctic region of Alaska last year.

TICK TOCK THE CLOCK FAIRY.
"Listen, Nancy," said Nick. "The big clock is striking five. We had better go and get cleaned up for tea. We promised Mother."
"The clock is wrong," said Nancy. "I heard Daddy tell Mother that it was five minutes fast. He said something must have gone wrong, for it is the first time in ages and ages that the old clock hasn't kept the right time. So we have five minutes to finish these mud pies and set them to dry."
"I know what is wrong with the old clock," said a new voice beside them. "It is because my clock-fairy has too much to do and can't get around to all the places he should go."
There stood the Fairy Queen beside a big pink pixie, looking like a lovely blossom herself.
"About the most useful of all my fairy helpers, too," tick tock. He keeps all the clocks in the world in order—or tries to. He is a busier person than Mister Santa Claus on Christmas Eve. Of course he has helpers—hundreds of little clock-fairies who go about oiling and dusting and tinkering, but he does a lot himself. Would you like to go on an adventure with him as he travels over the world? If you want to go, I have the magic green shoes right here."
"We ought to go in to tea," said Nancy slowly.
"So you should, and so you shall," said the little fairy. "If you were not good obedient children I should not wish to give you this pleasure. At bedtime I shall leave the magic shoes beside the chimney place in your room. Put them on and see what happens. Fairy time is magic time—much can happen in a very short while. You will be back home and asleep long before morning."
At that she disappeared. But that evening, after their mother

ROYAL BLUE is a color which has appeared to find favor lately at the smart European resorts. The costume above is good for early fall wear, and smart in its combination of white and royal blue. Beneath the cape is a simple dress of white sponge striped in royal blue. There is a short panel in front bound with the plain blue. The jaunty royal blue cape of light weight woolen material is seamed to fit the shoulders.

WILL APPOINT 12 INSPECTORS

Commissioner Vroom Speaks of Potato and Other Produce Inspection

Province to be Divided into Sections and Official Placed on Duty in Each.

Twelve additional inspectors under the Roots and Vegetables Act for New Brunswick would bring the staff in the province to a strength that will allow a more systematic covering of the shipping centres for potatoes and other produce, G. H. Vroom, of Midleton, district fruit commissioner for the Maritime Provinces, said last night.

The Civil Service Commission had advertised for applicants for the 12 positions and his office had received 42 applications, he said. The Commission would select the 12 to be added to the department roster very soon, he expected, and he would then be able to make a start in placing them.

MAN IN EACH SECTION.

It was planned to use a system similar to that in the Nova Scotia apple districts. The shipping parts of the province would be divided into sections and a man would be put in charge of each, thus giving an opportunity for efficient supervision of the cargoes of fruit and vegetables sent out.

The duty of the inspectors will be to watch the produce shipped from their districts and to extend the benefits of the act by helping the grower and dealer to appreciate it, Mr. Vroom says. The additional force will inspect

all fruits and vegetables but will be especially interested in the potato crop. SYSTEMATIC CHECK.

At present there is a permanent man in Saint John, Walter S. Potts, who reports on every cartload of produce that arrives in the city, and two men in the province.

Its flavour tempts the taste

Quaker Puffed Wheat and Quaker Puffed Rice charm jaded appetites

WHEN meals, lose interest and tastes tire—when all foods seem the same, it is then that crisp Puffed Grains with all their alluring flavour and goodness captivate the jaded appetite.

Quaker Puffed Wheat and Quaker Puffed Rice are selected whole grains thoroughly cooked and exploded to eight times normal size. The puffing breaks down the cells, assisting the assimilation of the minerals and carbohydrates in which they are so rich. Served with milk or cream, vitamins are added to this delicious food.

For children or grown-ups, for those of weak digestion or the old folk, Quaker Puffed Grains make a dish which is nut-like in flavour and delightfully appetizing.

Order a package of Quaker Puffed Wheat and Quaker Puffed Rice from your grocer. The variation in flavour of these two foods will charm you.

They Think They're Candy
Children eat these fairy grains as candy. Give them all they want. The grains are so light that no child can eat too much.

Fisher College

The School that prepares Young People for

A GOOD START IN BUSINESS

HUNDREDS of boys and girls have climbed to high places in the business world as a result of the thorough, practical training at Fisher Business College, Boston.

Secretarial Positions
All the elements of secretarial training are provided in the Fisher College secretarial course. We train our secretarial students thoroughly and well that their services will become indispensable to their employers.

Stenographic Positions
Fisher College stenographic students proceed as rapidly as they are able to master their subject. Our courses differ in this respect from the set program of the public commercial school. Students thus save such precious time.

Clerical Positions
Bookkeeping, typewriting, penmanship, filing and office appliance work are included in the practical business courses offered by Fisher College. Large employers of office help turn to us for young men and women competent to perform these services. We know their needs and train our students accordingly.

FALL TERM BEGINS SEPT. 21 (Students admitted any week-day thereafter.)

98 Out of Every 100 Women Benefited

EXTRAORDINARY RESULTS Important to Every Woman

Over Quarter of a Million Favorable Reports from Women Purchasers of Lydia E. Pinkham's Vegetable Compound

A circular is now enclosed with each bottle of our medicine asking "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

We always knew that our medicine benefited most of the women who took it. But that only two out of 100 receive no benefit is most astonishing.

It proves that this medicine, made for women's ills by the most scientific process; from a combination of roots and herbs, does more good than any other medicine for the purpose. We have been making and improving this medicine for 50 years until it is now so perfect and well adapted to women's needs that it actually benefits 98 out of every 100 women who take it. It is sold in almost every country in the world—over 4,000,000 bottles each year.

So far answers have been received from over 250,000 women.

Ninety-eight per cent say YES. That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it. Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100.

Every woman suffering from ailments peculiar to her sex should try Lydia E. Pinkham's Vegetable Compound and be one of the 98 benefited.

Prohibition. "Am I my brother's keeper?" Asked Cain, evasively; His "brother's blood cried" loudly Nor quitted could be!

There are more ways to murder One's brother—say, the race; But Alcohol's plea is the greatest—None with him can keep pace.

Suppose ye that Cain's tactics Will answer men today, When he knew—no escaping Through lying and mendacious way?

And you give to the traffic Your influence, quietly? And thing in this matter, Whatever the consequence be?

Some day you'll meet Jehovah, As Cain did on that day; His question you must answer—Ah, then!—what will you say?

The men we placed in power That law might be sustained, Should neither shrink nor falter When right should be maintained.

It may be that you voted Prohibition of the sale, Then said, "We cannot stop it;" Joined in that hopeless wall!

If Temperance men were heroes, And would not coward be, But would together struggle, We might set drunkards free.

Of course—'twill mean a struggle—A battle, long and fierce; But if we have our courage, Their armor we will pierce.

Then, come ye to the battle—Ye men, and women, too! United—fight this demon—Ye soldiers—fight it through!

Some day, we yet shall triumph, Though strong are Satan's hosts—They're fighting for "the bottle," Of victory, make their boasts!

But let us put on courage, "The smoke of battle" rieth; But valiantly we'll fight! Saint John, Sept. 1. "HOPEFUL"

USED AT TIME OF FIRE. The High School assembly hall has been used as a classroom on several occasions, the first time being about 28 years ago when the Indian town fire swept away the school and the pupils were given temporary accommodation in the High School.

EXTRA ACCOMMODATION. Within the last few years the Catholic boys have been accommodated in St. Vincent's School. Classroom for boys have been opened in the trustees' building and the former synagogue building and are nearly 100 more vacant than the room and to that extent the High School accommodation has been decreased.

663 VACCINATIONS. The additional five vaccinated at the free clinic for school children yesterday brought the total of children vaccinated this year to 663. On the day of the school opening last year there had been 469 children vaccinated and the complete number treated for admission to the city schools last year was 677.

NOT ALL GETTING FREE BOOKS YET

Further Requisitions for Supplies Going to Department

Grade 12 Pupils in High School Hall—Beaconsfield Grade 9 to New Albert.

Reports which reached The Times-Star today were that free school books were not yet a reality to all the parents of the city. It was said that some had been requested to provide the books which under the new act for free books the children were expected to have received free.

At the office of the Board of School Trustees it was said that no complaint of this character had come to them far, and they did not know of any case where the children were being requested to have their parents buy these books.

It was thought the cases referred to arose from failure of teachers to make requisition, and it was said the request for further supplies was going to Frederickton.

Grade XII in the High School settled down to the term's work yesterday, making the best of its somewhat spacious 12 room, the High School assembly hall which seats 600. The 80 or 40 pupils in Grade XII have no other place where they can be accommodated, but the assembly hall has several faults as a classroom.

The lighting is so poor that artificial light must be used throughout the daytime. The spacioussness seems to make it necessary to talk very loudly in order to be heard above the rumble of the traffic outside and also makes for draughting.

TRANSFERRED TO CARLETON. The 19 Beaconsfield pupils entered for Grade 12 were transferred from the High School yesterday afternoon to the New Albert School in West Saint John, where there is already one Grade 12 class. Because of the additional number of pupils for this grade in the New Albert School it may be necessary to open a new department.

The matter was under consideration yesterday when W. Wood, acting superintendent of the city schools, and Miss Harriet Smith, principal of the New Albert School, were looking over the situation.

NEITHER THE BRITISH NOR THE TURKS were ready to discuss their dispute over the Mosul oil region, the biggest question expected to come before the present council, and the matter was postponed until tomorrow.

THE TERRITORY IN DISPUTE was part of the former Turkish Empire, but the British contend it comes within the borders of Iraq (Mesopotamia) for which they hold a mandate under the League.

DAVIS CUP PLAY. NEW YORK, Sept. 1—Rene Lacoste of France, this year's Wimbledon champion, and Gerald Patterson, Australian, will be opponents in the first match of the inter-zone Davis Cup tennis which starts at Forest Hills Friday to determine United States rivals in the challenge round. Borotra of France and James O. Anderson, Australian captain, will meet in the second singles match Friday. The order will be reversed in the singles on Monday, Labor Day, when Anderson will oppose Lacoste, and Borotra will face Patterson.

MILK FOR BEAUTY. CHICAGO, Sept. 2—Drink milk if you want to be beautiful. At least this is the dictum of Miss Meta Given, food expert at the University of Chicago.

Those who drink milk every day are likely to have a very soft skin and sufficient color in the cheeks to distinguish them readily among the healthiest who are not milk drinkers," says Miss Given.

"Milk is the best body builder because it contains every structural element."

CARLETON W. M. S. PLANS. The W. M. S. of the Carleton United Church met last evening in rally service. Eighty had been invited and nearly all accepted.

Mrs. George Barrett, president, and Mrs. Clinton D'Arcy led the devotion. It was decided to take up the study of the book "Building With India." Plans for the winter were partly arranged. It was decided to hold a missionary tea at the home of one of the members some time this month.

A social hour followed the meeting, with refreshments and interchange of ideas as to the work for the winter.

STERLING TO DECIDE ON DISPUTED GAME AT SUSSEX YESTERDAY

LIVELY BATTLE NOW GOING ON FOR THE TITLE

Springhill to Play Westville Best Three Out Of Five Games

WITH the Moncton Cardinals evening up their championship series with the Moncton A. A. A. last night by a score of 4 to 2, and with the third and deciding game set for Thursday night; with the Sussex-Water Department series now tied as a result of the award of the game yesterday to Sussex; with Bathurst and Chatham meeting tonight at Chatham in the first game of the Northern section play-off, a lively battle now is proceeding for the provincial amateur baseball title and who will finally draw out of this mass a winner is a question few fans have the hardihood to answer with definiteness.

A protest is being entered by the Water Department team this morning to W. E. Sterling, vice-president of the M. P. B., in charge of the play-offs in New Brunswick, against the award of yesterday's game at Sussex. Mr. Sterling said this morning he would look into the matter with promptness and would decide as quickly as possible on the matter in order to complete this series. He said that in case he decided the game should not stand, it would be ordered re-played in Sussex in a few days, but that in case it did stand, there would be a toss-up as to where it would be played and that he would appoint the umpire for this game.

Mr. Sterling also announced this morning he had been advised from Halifax that Springhill and Westville would play a series of best three out of five games for the Nova Scotia title, two being carried to Westville. As Nova Scotia will be decided before New Brunswick and as P. E. I. already is decided, it is probable Nova Scotia and the Island will meet in the semi-finals for the Maritime crown, and the winner to then tackle New Brunswick.

According to the report from Sussex, the Watermen left the field on a decision by Umpire-in-chief Robert Brooks on a hit which the Watermen claimed was foul, but which the umpire ruled fair. The score at that time was 8 to 5 in favor of Sussex. The report said that the hit was fair by at least 30 feet and never went into foul territory.

Robert Brooks was umpire-in-chief and J. P. Atherton looked after the bases. The official box score and summary follow:

NATIONALS WILL PROTEST TITLE GAME WON BY ST. PETER'S LAST NIGHT

HOW A HUNCH THAT HE COULD DO SOMETHING TURNED OUT CORRECTLY
THIS is the story of a boy who believed in himself. There is a long, hard grind before him yet if he ever wants to reach the top. But, if he shows the same kind of bulldog determination that made him the sensation of the Halifax regatta last Saturday, he may surprise us all yet. His name is Ronald Ingraham. He is seventeen years old, and he lives in West Saint John, where they breed scullers. This boy has always wanted a shell of his own. He felt he could row if given a chance. When he read about the Maritime championships, he thought the time was ripe. So, he approached his parents and finally persuaded them to part with \$140 to buy a shell. The shell was one that Hilton Belyea had in the Olympics last year. It's a man-sized shell and when some Halifax experts saw it, they said he'd cut his throat. So, Hughie McCavour, father of Grenville McCavour, who worked like a hero to help the local boys, changed it for him. Now, when young Ingraham went out to the starting line Saturday, there was just one thought in his head. That was to "follow McCavour."

McCavour sprinted at the start. So did Ingraham. McCavour increased his stroke. Likewise Ingraham, who followed the fast-travelling McCavour like a leech. Anyway, on the home stretch Ingraham showed unsuspected stamina, and nosed out Willie Logan. He was disqualified for turning wrongly. Now, it seems that the main point is not that Ingraham showed up so well. It is rather the fact that he believed in himself that he could do something if given a chance. He had to work hard to get the shell. He had to get out and work to get his expenses over. He was young and inexperienced. But he had a hunch he could make good. There is quite a moral in this for all of us.

TIM LENIHAN PITCHES SAINT JOHNS TO WIN

By tying the score in the third inning and chasing Daley off the mound during the next round, the Saint Johns earned an important decision in the South End fixture, leaving the Trojans in second place today as the result of the 9-4 score administered last night. M. Griffin for the winners and "Black" Daley for the losers, both of whom opposed each other in the box, but neither one finished, although the latter outlived his rival. In the first inning Griffin pitched, preventing the Trojans, who were first to bat, from scoring. The winners showed over one lone tally in their half, however, and responded in the next inning. In the meanwhile the Trojans had scored four runs in the second by means of three hits, two passes and one error. Griffin found the going too rough and, after the four runs had been made, and only one man down, called on Tim Lenihan. The next two batters went out in order, leaving two stranded. From then on "Tim" held his opponents hitless, not one man reaching base. In fact he was very much in the game, as the box score will show. It was Tim who drove Kerney home with the winning run in the fourth with a solid smash to left field, and in the third he struck out three in a row. The Saints added two more in the third and put the game on ice in the following inning. After Kerney, the first batter, had singled, Les Kerr took Daley's place and hit the next man. On a force-out and Lenihan's hit, the fifth marker was made. Two more hits and an error added four more, which ended the scoring. Smart support behind their pitchers and timely batting had much to do with the victory of the Saints. The score:

Knute Rockne Turns Editor!

Famous football coach of Notre Dame University took a day off recently to "show" the sports writers of an Austin (Tex.) newspaper just how it should be done. He edited the page for one day. Here he's shown telling the boys what the fans like to read and why.

Thanks! FORMAL THANKS for the splendid donations of \$87.05 each for the Protestant and Catholic orphanages realized from the exhibition game recently between the Old Timers and the Alerts, has been made to those who handled arrangements. The fans are still talking about this game and would like to see another one staged if possible.

MAKES FINE SCORE John Handry Scores 24 Out of 25 at Glen Falls Shoot. A large number attended the shoot of the Saint John Trap Shooting Association at the Glen Falls traps last evening, a special invitation having been extended to all sportsmen who wished to get practice before the opening of the shooting season. There were several practice events including an added bird handicap event, in which John Handry was high man, shooting 24 out of 25. E. Dickie, who shot 23, was second and W. E. McIntyre came third with 22 birds out of 25. M. J. Silney shot high gun but the batteries beat him out at the sweeps. Next Thursday evening the regular shoot will be held at the Glen Falls traps and all lovers of the shot gun are invited to attend.

VETS AND SAINTS PLAY TIE GAME Score Was 10-10 in Play-off For Second Place Last Night. As a result of 10-10 score in their game on the West Side diamond last evening, the Veterans and St. Jude's met for a second time for second place in the Men's Soft Ball League. Last night's encounter was to have decided which aggregation should be awarded second honors in the league, but another game will be played in a few days to settle the matter.

H. HERRINGTON IS WINNER IN THIRD Springs a Surprise in Series Now Being Conducted by R. K. Y. C. Harold Herrington, sailing his 14-foot sailing dinghy Bansee, sprung a surprise last evening when he defeated the Renforth and Bayard Herrington in the third race of a series conducted by the R. K. Y. C. at Millidgeville. Five boats started, the Bansee, Harold Herrington, U. R. O. K., Ralph Brennan, Tut-Tut, Bayard Herrington, Renforth, R. Melrose, and Suffragette, G. Scott. As the wind was very light the Renforth and Suffragette retired from the race after completing one round of the course. In securing third place, Bayard Herrington won the handsome silver cup donated by the R. K. Y. C. Until the protests regarding the race have been heard, the winner of the cup donated by Oscar Price for second place is in doubt. The officials for last evening's race were Vice-Commodore Rowan, J. Fraser Gregory and Walter Logan.

2 REINSMEN HURT AT WATERVILLE, ME. Bob Wait and Buster Richardson Injured—Horse is Killed. WATERVILLE, Me., Sept. 1.—A Maine reinisman in the hospital, somewhat mangled the opening day's races at the Central Maine Fair, which follows Bangor on the Bangor-Brookton circuit. In the second heat of the 226 class as the horses were rounding the last turn into the stretch, Texas Gano, driven by William Nelson, jumped at a piece of paper on the track, smashing into the fence. At the same time, Jr. of Waterville, better known as "Buster" Richardson, driving Lady Mac, and "Bob" Wait, a veteran Lewiston driver, beat Mimmie Direct, piled up in a wreck. Richardson is partially unconscious and is in the hospital with a broken shoulder and several broken ribs and Wait with a fractured ankle. Richardson's horse Lady Mac broke her neck in the fall and died instantly.

Games Tonight In the intermediate league tonight, the Canucks will meet the Imperials on the East End grounds in the last game of the season between the two teams. Smith will hurl for the South End boys and Phillips for the Canucks. EXPRESS WIN. In the championship series for the C. N. R. House League, the Express team defeated the Freight Department on the East End grounds last evening by a score of 14 to 1. Carpenter and Ricketts formed the battery for the winners, while Lynch, McDonald, Noel and Miller worked for the losers. The next game will be played on Thursday night on the East End.

NO-HIT, NO-RUN GAME TURNED IN BY BURGESS

Winners Score Three Runs In First Inning Off Armstrong

ST. PETER'S team clinched the intermediate championship of the city last evening when they defeated the Nationals, 1924 champions, 8 to 0, on St. Peter's Park last evening, with "Nickey" Burgess holding the Nationals hitless and runless for the five innings played. Armstrong started in the box for the Nationals and some clean hitting in the initial frame gave the Saints the only runs of the game. Armstrong later on was relieved by Leary. It was announced this morning that the Nationals had protested the game on a decision given by Umpire O'Regan in the second inning. A third strike on Jones got by Dever and struck the stand, Jones taking first. The catcher whipped the ball to first and it got away from McCann, Jones going to second. He was ordered back to first by Umpire O'Regan. It is on this play the protest is based, as the National claim that Jones was entitled to second base. Sixteen batters, of just one more than the minimum faced Burgess during the game, and eight of them were retired by the strikeout route. In addition, Burgess contributed a double. McCann, first baseman for the Saints, connected for a triple. The game was well played.

Y. M. C. I. RE-OPENS Bowling Season is to Begin on Friday Evening of This Week. With all departments repaired and repainted, the Saint John Young Men's Catholic Institute presented an attractive appearance when opened yesterday for the coming season. The billiard and pool tables have been treated to a thorough overhauling and were well patronized last evening. The bowling alleys have been scraped and polished and will be open for use Friday evening. The swimming tank has been renovated and several swimmers were enjoying the water last evening. Arthur Peterson has been put in charge of the junior gym classes. These classes will be held on Tuesday and Thursday afternoons and possibly on Saturday. William Dacey will look after the bowling alleys. There are a few minor repairs being completed but by Friday it is hoped to have practically all the institute's activities in full swing.

PIRATES INCREASE LEAD IN NATIONAL

Washington Look Like Winners in The American League Battle.

NEW YORK, Sept. 2.—World series drama beckoned more plainly to Washington and Pittsburgh today. With the Pirates ploughing steadily ahead in the National League, to an advantage of eight full games over the Giants, the Washington Senators paralleled the pace yesterday by striking a body blow at the tumbling Athletics in the American League 7 to 3.

The hard-closing confident Senators were supported by steady pitching of the veteran Walter Johnson. Although he gave the visitors ten hits, he was almost invincible at crucial periods.

The victory, Washington's fourth in a row, placed the champs four and one half games in the lead, and added a seventh straight defeat to Philadelphia's losing streak.

Pittsburg posted its fifth straight victory, beating the Phillies, 10 to 2, with a landslide of 17 hits. Aldridge and Moore made homers.

After pissing away for several weeks at the door from the cellar, the Boston Braves bounced out with a loud explosion, which carried them all the way to the sixth landing. The victory increased the Pirates' lead to eight full games and at the same time sent the Phillies tumbling into the National League cellar. Scores: R. H. E. WHAT procedure do umpires now follow in regard to game that are halted by rain? Is there any set rule as to the time a game can be held up when rain or darkness temporarily halts play?

For years there was a time limit of 90 minutes on rainfall. That is, if the umpire suspended play because of rain and at the expiration of 90 minutes the rain was still falling, it was up to the umpire to call off the game.

Now the matter of whether play can be continued or not is entirely up to the judgment of the umpire. He is the sole judge as to whether or not resumption of play will be possible.

Since the rule was put into effect I have finished scores of games and saved thousands of dollars that would have otherwise gone into the discard had the game been called off simply because a slight drizzle was falling at the expiration of 90 minutes.

Electrical Storm Passes Over City

Saint John was visited by a thunder and lightning storm last night about 11 o'clock during which .22 of an inch of rain fell. The lightning was very vivid and the thunder rolls long prolonged.

It was said this morning at the Observatory that the storm seemed to be centred some distance from here as the thunder was not very heavy. At the height of the storm the wind was blowing from the northwest at 32 miles an hour.

The weather during August has received much flattering comment from Saint John citizens and the weather bureau statistics furnished last night by D. L. Hutchison, director of the Douglas avenue observatory here out the general opinion regarding the August weather. It was warmer than the normal and had a lower rainfall. The highest temperature during August was recorded on the 26th, when the mercury shot up to 83.5 degrees. The coldest temperature recorded during August was 47 degrees, on August 28. The mean temperature of the month was 62 degrees which is one degree higher than the normal.

The total of rainfall during the month was 2.72 inches, and that precipitation was 1.14 inches below the normal. Yesterday seemed warmer than the

A Stunner! This Exhibition MONEY will do just about everything. A mint of money—away up in the six figures—is being wisely poured out to make this year's Saint John Exhibition not only BIG but ENORMOUS. You could live years in idleness on what was bid for the Vaudeville Acts alone. Digest that fact and get an idea of the class and volume of entertainment coming to the folks who hit the pike for Saint John, Sept. 5-12. On that one thing—FUN—no Maritime Exhibition ever came up to this record. A glittering program of Music, Thrills and Laughs. Expansion! A WHOLE series of new Departments has sprung up. Old successes enlarged and extended. A great Drive put on to push Maritime prosperity up where it belongs by nature. In solemn judgment this Exhibition is a Great Education, a Great Sight-seeing affair, a Great Amusement World. A Great Good Time. You won't find better or nearly as good. Enough people to populate a province are coming to Saint John, arriving from Saturday onward. And the Saint John Exhibition directors are determined to attract everybody and everybody's friends to this Superior type of Annual Vacation. Saint John Exhibition Sept. 5-12

SHRINERS HERE BID WELCOME TO POTENTATE

J. C. Burger of Denver Met By Arab Patrol at Depot

MANY EVENTS FOR HEAD OF ORDER

Ceremonial, Dinner, River Picnic Among Arrangements for Visit

Imperial Potentate J. C. Burger of the Mystic Shrine of the world, reached Saint John today and his visit bids fair to be greeted not only with characteristic cool sunny weather but the programme, which began at noon with a colorful parade of uniformed Shriner...

OFFICIAL GREETING

A little before train time the official divan of Luxor Temple assembled in Masonic Hall and proceeded with the pipes to the depot. The officers of this group include: J. Herbert Crockett, Illustrious Potentate; Orral B. Dobson, Chief Rabbi; LeBaron Wilson, Assistant Rabbi; Robt. G. Carson, High Priest and Prophet; Dr. Farris S. Swayas, Oriental Guide; A. M. Brown, treasurer; Charles Robinson, recorder; George Gamblin, Chief of the Arab Patrol; and William A. Munroe, J. D. Cameron and Samuel Ritchie, Keepers of the Camel.

MANY FROM OUTSIDE

At the depot the Imperial Potentate was warmly greeted and the group was photographed. The parade returned to the depot and the Imperial Potentate, who is the regular guest here, reserved for the visiting Shriner. Chief and accompanying illustrious brethren from points in Upper Canada. This afternoon the Imperial Potentate and Shriner gathered in town from Halifax, Charlottetown, Houlton, Bangor and other points—some bringing their ladies, being entertained at the Riverside Golf and Country Club and by an automobile trip around favorite rides.

TOMORROW'S PROGRAMME

Thursday and Friday the Shrine's programme of ceremony and entertainment will begin according to schedule arranged. Beginning at 10 a.m. tomorrow preliminary Shriner will be gone through in the Shrine rooms of the Masonic building, continuing at 8 p.m. At 8:30 there will be an elaborate dinner party in the Georgian banquet hall of the Admiral Beatty Hotel. A formal welcome to the Imperial Potentate. The same evening the ladies of the party will be entertained through the medium of Light Tunes and members' wives—at a theatre party in the Imperial Theatre. The ladies will occupy a special block of seats during the second show.

GRAND CEREMONIAL

The grand ceremonial occasion of the Imperial Potentate's visit will take place tomorrow evening at 8:30 in the quarters of the Shrine atop the Masonic building. A large class of tyros will be instructed in the mysteries of the Arab band and present upon that occasion will be nobles from Anah Temple, Bangor; Me. Kora Temple, Lewiston, Me.; Philae Temple, Halifax, N. S.; and Karnak Temple, Montreal, Que.

RIVER PICNIC TRIP

On Friday the combined party of Shriner and ladies will entertain the Imperial Potentate and suite to a river trip as far as Crystal Beach on the motorship D. J. Purdy. This trip will begin at 10 o'clock. A clam bake and dinner will be served on the grounds and a programme of sports will take most of the afternoon. Suitable prizes have been secured for every event. The Carleton Cornet Band will be taken along to supply dancing music.

FIRST VISIT HERE

Imperial Potentate Burger has not visited this part of Canada before. He comes to Saint John from the Montreal district, where he was royally entertained and of which city and surroundings he spoke very highly in newspaper interviews. Previous Imperial Potentates coming to Saint John were James E. Chandler in 1924 and J. Dykeman in 1923.

GLEN FALLS SCHOOL WINS SECOND PRIZE

Captures Award For Physical Training Under Strathcona Trust Plan

The second prize for physical training awarded under the Strathcona Trust has been awarded to the advanced department of Glen Falls school of which Miss Dorothy Norwood is the teacher. Miss Norwood received the notification of the success which her pupils had achieved in a letter from Major Good, secretary of the New Brunswick local committee of the trust. The Strathcona prizes are much coveted honors and Miss Norwood is hoping that with a little more training in the ensuing year the Glen Falls school will be announced as the winner of the first prize next year. She was the captain of the Y. W. C. A. Rovers basketball team which won the New Brunswick girls championship for basketball this year and under her leadership the advanced class of the Glen Falls school attained to a high degree of proficiency and adeptness in its physical training work.

B. that's fightin' fresh air an' they orto have a chance to go fer a ride when it's fine. Folks that well likes to go drivin' round—an' it's hardly safe sometimes to try to cross the road between here an' Rothesay—the'so many cars tearin' in' along. I hope the folks up to River Glade'll have a chance to go in their own car afore the snow comes. We kin all chip in a little an' never miss it—an' feel better fer doin' it—sir, yer."

MORE TRAFFIC CASES IN POLICE COURT

Three Bring Fines, One is Postponed and Two More Are in List.

A series of traffic cases occupied police court attention this morning. Six cases were scheduled to come up but evidence was only heard in four of them. Fines were imposed in three cases and the other was postponed. Arthur Harris was charged with exceeding the speed limit and not sounding his klaxon in Waterloo street between the corners of Alma and Hospital streets on Sept. 1. Policeman Quinn said that he was going between 30 and 35 miles an hour up the hill. He was fined \$10. Howard Bell was charged with speeding at the corner of Prince Edward and Clarence streets at 6:05 p.m. on Aug. 19. He said that he did not leave his home until after 7 o'clock and the case was postponed until Friday. He also said that he was not alone in the car but was accompanied by his family. Policemen Gordon and Corvec told of seeing a car of the same number as that driven by Mr. Bell with a man driving going at a fast rate down the street. It was found that the car was registered in the defendant's wife's name so that, as the officers could not swear that Mr. Bell was the driver, the case was postponed until Friday and Mrs. Bell will be summoned as owner of the car.

S. B. Donovan, charged with exceeding the speed limit in Prince Edward street on Sept. 1 at 3 p.m., was fined \$10. Policeman Quinn testified the defendant asked him how he had reached his estimate of the car's alleged speed of between 25 and 30 miles an hour and the officer replied "through experience." Andrew Dean was fined \$10 for driving faster than permitted by law past Hanover street at 2:39 p.m. on Sept. 1. Policeman Quinn gave evidence. Philip Torrey, charged with speeding in Prince Edward street at 3:33 and 3:40 o'clock on Sept. 1, failed to appear recovered entirely he was remanded to jail. Arthur Northrup was also to have appeared to answer a charge of speeding in Prince Edward street on Sept. 1 but this case was postponed until Friday as the defendant is out of the city. Policeman Quinn made this report.

Ferry Revenue Shows Small Gain

Despite a falling off in the number of passengers carried and the revenue from that source the ferry department was able to report a small increase over August of 1924, due to an increase in the number of teams carried and the revenue from that source. The figures are: Passengers, 1924—113,094, revenue, \$2,048.99; 1925—112,927, revenue, \$1,822.73. Decrease in passengers, 1,067; decrease in revenue, \$161.26. Teams, 1924—7,921, revenue, \$685.27; 1925—8,029, revenue, \$660.72. Increase in teams 108, increase in revenue \$175.45. Net increase in revenue for the month \$14.80.

COAL AFIRE

An alarm from Box 75 called the city fire department out at 10:20 o'clock this morning to the coal storage warehouse at the foot of Mecklenburg street, used by John Connor. A blisk fire was found burning in a pile of coal. One end of the shed was damaged before the blaze was extinguished. The loss could not be ascertained this morning as Mr. Connor was out of the city. Spontaneous combustion was the cause assigned for the fire. The building formerly was used as a mattress factory.

FOR TYNER'S POINT

The engine, compressor, diaphone, etc. for installation at the Tyner's Point (og and alarm station, which was destroyed some months ago by fire, have arrived, it was announced this morning at the local office of the Marine and Fisheries Department. Work of installation will be commenced at once and it is hoped to have the plant in operation in about 10 days.
