DEATH OF MRS. BAUER

The following death notice is taken from the Presbyterian Witness: BAUER—At the residence of her daughter, Mrs. W. N. Forbes, Dartmouth, on No. 23, Mrs. Bauer, widow of Lieut.-Col. Thos. A. Bauer, in the 96th year of her age.

Allies Drive Enemy From West Bank of The Yser

Further Advance Reported by French War Office—Battery of Great German Guns Destroyed—Turn of the Tide in Poland

Paris, Dec. 12.—The War Office today announces: "The enemy has completed the evacuation of the west bank of the Yser canal to the northern house of the ferryman, and we occupy this bank."

"In the region of Arras there have been artillery engagements. The region of Namptel our batteries have reduced to silence the batteries of the enemy. In the region of the Aisne, our heavy artillery silenced the field batteries of the Germans. At a point north-east of Vailly one of their batteries of howitzers was completely destroyed."

"In the region of Perthes and in the vicinity of the forest of La Grange, there have been artillery engagements and some infantry fighting, which resulted advantageously to us."

"On the heights of the Meuse, the artillery of the enemy showed little activity. Our artillery demolished, at Deux Nonds, two batteries of the enemy, one composed of guns of large calibre, and the other used for firing upon aviators. In this same region, we have blown up a blockhouse and destroyed several trenches."

"The Vosges there have been artillery engagements. In the region of Senones, we have consolidated the positions gained by us the evening before."

"In the region of Mlawe violent attacks on the part of the Germans have been repulsed, and the Russians have again taken the offensive against columns of the enemy that are retiring in disorder. In the region to the north of Lovics ferocious German attacks have been also repulsed with heavy losses for them."

"In the region south of Cracow the Russian offensive has been successfully continued in spite of a stubborn resistance."

ANOTHER HARD BLOW FOR GERMANS. Copenhagen, via London, Dec. 12.—A report says that the great Gortor barracks near Kiel have been completely destroyed by fire.

Paris, Dec. 12.—A Petrograd despatch to the Havra Agency gives a brief official statement issued by the staff of the Russian army, in the Caucasus. It follows:—"There is no important action to report, as having occurred on Dec. 10."

AMERICAN ORGANIZING General Sperry System? Paris, Dec. 12.—The police of Geneva, says a despatch to the Journal, have arrested a naturalized American named Muller, who, it is alleged, organized an important German spy system with ramifications in Lyons, and the principal cities of Eastern France.

BOMBARDMENT OF YPRE. London, Dec. 12.—The Chronicle's correspondent telegraphs from Dunkirk that upwards of 100 civilians in Ypres have been killed or wounded during the bombardment of the town within the last two or three days.

FAIL TO DISLodge THE ENGLISH GUNS. London, Dec. 12.—The Chronicle's correspondent telegraphs from a point in "Northern France" that Armentieres has been the storm centre in this arena since Sunday. The few buildings that remain intact last week, have since been battered by a fresh German bombardment.

Two more policemen were sworn in this morning, bringing the force up to its full strength of forty-five. The new patrolmen are Frank Wade, aged thirty-one, five feet eleven inches in height and weighing 180 pounds, with a chest measurement of thirty-eight inches; and Stephen P. Spinnery, aged twenty-one, five feet eleven and a quarter inches in height, 175 pounds in weight with a chest measurement of thirty-seven and a half inches.

THREE NEGROES LYNCHED. Shreveport, La., Dec. 12.—Two negroes were lynched near Shreveport yesterday and last night another, Watkins Lewis, accused of complicity in the killing of a British subject, while Italy is enquiring about the alleged violation of her consulate.

A LITTLE PLEASANTRY. Mr. Justice McKeown brightened his address before Centenary Brotherhood last evening with a bit of pleasantry. He explained his failure to attend the recent meetings of the brotherhood he said he had been for many months engaged in the work of a royal commission which made a great tax upon his energies.

THE ELM STREET WORK. Percy J. Steel, of the North End, speaking this morning about a statement made by Commissioner Potts with reference to a building being erected by the city in Elm street, said the building that was on the site next to the North End police station had been torn down and that a new building was now being erected under a license granted by the city on December 4, to erect a tool shed. He also said that the building encroached on the street. Touching the matter of excavation, this building, he said, was within two inches from the rock at the rear, so that it would be a much more expensive matter to remove the rock after the building was completed than would have been the case if the rock had been removed in the first place.

LOW PRESSURE TOMORROW. The work of cleaning and repairing the water gates at Lake Letimer will be continued tomorrow and from nine o'clock to six o'clock p. m. the city will be supplied with water from the Little River reservoir. The higher levels may be left without water and citizens should provide a supply.

German Plan in Poland Failure; Position Critical

Compelled to Make Bloody and Useless Attacks On Russian Front

Paris, Dec. 12.—"On their eastern front, the situation is critical for the Austro-German allies," says Lieut. Col. Rousset, in the Liberté. "Germany has been compelled to support almost the entire weight of the war in order to make up for the weakness of her allies, as neither Austria nor Turkey amounts to much. It is true Germany's resources are considerable, but they are not inexhaustible and to carry on such a formidable struggle in the east and west simultaneously, she is compelled to pay a game of shuttlecock with her forces, which must come to an end sooner or later."

"The fierceness of the struggle in Poland is forcing Germany to withdraw troops from the west. When operations are a little further advanced I think, we shall witness startling events."

"Already all along the line we are scoring. The Austrians are being beat on lands down by the Servians, and Montenegro. This is admitted in the Austrian official bulletins, which says, our troops are taking up more favorable positions. In plain language, that means the Austrians have been defeated."

London, Dec. 12.—The Times Petrograd correspondent telegraphs: "Heavy losses sustained by Field Marshal Von Hindenburg and greater difficulties of transport retard the enemy as his invading armies go farther from their railways. These considerations have very properly influenced the Russian plan of awaiting the Germans, since the Kaiser is determined to repeat the experiment which already has cost him so dear."

TRY TO SAVE CRAWOW. The Daily Chronicle's correspondent at Petrograd, writes: "The Germans are making a supreme effort to save Cracow. The fall of that city would allow the Russians to wedge their way between the German and Austrian armies, and would denude the Austro-German scheme of common defence."

"The fighting around Lodz and even in Northern Poland is a desperate German attempt to draw off a portion of the Russian forces threatening Cracow. Furious attacks have been made upon the Russian lines to the south of that city. The Army Messenger says these attacks have utterly failed and that the enemy has lost heavily in men and material."

At the offices of the Patriotic Fund this morning \$100 was received from Jensen, per C. D. Dykeman, Belgian Fund.

Mayor Frink acknowledges receipt of contributions for the Belgian Relief Fund as follows:—St. Stephen's church Guild, per Miss A. McQuarrie, \$12.50; John P. McIntyre, second contribution, \$25; proceeds of bean supper, Bloomfield, Carleton county, per L. H. London, \$28.20; from St. Stephen—Mrs. G. F. Baskin, \$12.50; Mrs. Y. B. Baskin, \$12.50; St. Andrew's Society, \$12.84; R. H. Morrison, \$5.

Dear Roy—Received your welcome letter tonight. Pleased to hear from you, thought you had given me up. You asked me to tell you what we are doing. Well, Roy, we are a pretty busy lot. We have a route march every morning from 10 to 12 miles and do field work every afternoon—pretty near the same way we did it at Sussex.

The First Field Ambulance is composed of men from Nos. 1, 2, 3, 7, 8, 9, 20—from Halifax to Kingston. We are split in three sections. A section has the boys from St. John, P. E. I. or Montreal, B. Section, Halifax and Quebec and C. Section, Ottawa and Kingston. Captain Dural is in charge of A. Section, the only officer from the maritime provinces. Colonel A. E. Ross from Kingston is in charge.

You also asked what ranks the boys held. Well, I will tell you. Joe Reade and F. Smith are staff-sergeants, Boone Blair, Ross and myself are sergeants—you will note I have been promoted since I landed, after being reduced on the night we left Valcartier. Garnett and McManus are corporals.

I was acting Q. M. S. for "A" Section in Valcartier and got a good insight into the duties of a quartermaster. Some of the other boys transferred to No. 1 Station Hospital. We also run a hospital for the 1st Battalion because we are attached to the 1st Battalion. We have from twenty to forty patients in hospital.

I was orderly sergeant all last week. Boone is section sergeant and when he is orderly sergeant I relieve him. So you see we get to have drill down here, we have to use whistles in the field work and signs made by the hands. We also have to mount guard every night at retreat.

We are still staying in tents, but expect to be moved to "Ark Hill" in a week or so, near Bulford. It will likely be February before we go to the front. We get lots of first aid work in the hospital as we run a twenty-four shift for a week.

Well, this is about all I can tell you about the training. We are up at 6.30 a. m. and lights out at 9.30 p. m. Are there any of our officers coming with the second? We also have quite a time learning to ride horse back. Give my regards to all the boys.

We are having a pretty good time under the circumstances. Sergeant-Major Buswell of the P. A. M. C. is in charge of us and he is a good head. So you see that if we ever get back we will have a pretty good corps for Sussex or wherever we go. Glen Anderson is in charge of the whole Canadian contingent.

Mrs. Hawkins, of 237 Carmarthen street, has received a letter from both her boys, Ernest and Fred Pattman, now at Salisbury Plain. Ernest joined the first contingent with the Victoria train was brought to the city today for the steamer Hesperian, containing several passengers and some baggage and mails. A special train was run from the depot this afternoon with passengers for the steamer.

A majority of these people were expelled from Palestine by the Turks while the others fled owing to the menace of war.

IN TWO SECTIONS. A second section of the Montreal train was brought to the city today for the steamer Hesperian, containing several passengers and some baggage and mails. A special train was run from the depot this afternoon with passengers for the steamer.

The Spoilers

(A. M. Belding.) In the smiling Belgian meadows, In the sunny fields of France, In the season of the vintage, When the merry children dance,

Fell a shadow on the landscape, Rose a murmur in the air, Hushed were voices of the children, Moaned the mothers in despair.

Earth and air were filled with tumult, Death came down upon the wind; Clouds and darkness hid the sunshine, —Was the God of Justice blind?

Oh, the vintage and the wine-press Of the fury of the Hun; Where he reaped his awful harvest, Red the very rivers run.

In the long dark furrows yonder, Buried deep forevermore, Lie the hopes of countless mothers, Weeping for the sons they bore.

He who saw the wine-press trodden, Till the stream of blood ran high, To the ledges of the horses, When the wrath of God was nigh;

He who heard the judgment spoken Over fallen Babylon, Saw the field of Armageddon And the last great battle won;

He alone might paint the picture Where the stricken millions die, Death above and all around them, Where the empty vineyards lie.

This is: crown of human culture? This the glory of the race? Has the travail of the ages Naught but this its arms to grace?

From an outraged world the answer Comes, in tread of martial feet, With the vengeance of the nations Comes the war-god's winding-sheet.

East and west have heard the summons, And at last the twain shall meet, Where the spoiler of the vineyard Stands before the judgment seat.

Spring will come to Belgian meadows, And the war-swept fields of France; Spring, but not the joy of children In the mazes of the dance.

They who till the fruitful gardens Lie asleep, and wake no more; Homes in ruin, all they cherished Outcast on an alien shore.

Oh, the long, long years and lonely, Oh, the voices in the night, When the bloom is on the roses, And the stars are softly bright.

God of pity, be their refuge, Grant them strength to bear the cross; Grant them they in life to reckon With the measure of their loss.

What of them whose hearts are hardened To the wall of human woe? As they mete the fates have measured, Drop for drop their tears shall flow.

Not for them the world's dominion, Stained with blood and won by might; In the councils of the nations They shall rule who do the right.

When the spoilers of the vineyard Have been buried in the stream, From the wine-press of the anger Of the God whom they blaspheme,

Dawn of golden days shall waken All the glories of the sky, For the Prince of Peace, the Master Of the Vineyard, cometh nigh. St. John, N. B., December, 1914.

work, I shall endeavor to tell you of these cases. Not long ago a young man and girl, travelling as brother and sister, were going through to New York, but unfortunately for her he had not enough funds to take them further than St. John. He deserted her here, and upon inquiry in the depot who wanted to take her to her parents in Truro, and found that she had left home to marry the young man, and after six weeks the young man was brought back; they were married and returned to New York.

There was a young girl coming from Moncton who landed in St. John without any money. She was looking for work, and was met by a young man in the depot who wanted to take her to Woodstock. I persuaded her, however, to go to the King's Daughters Guild, where she was provided with clothing and employment found for her. At another time another girl from Moncton landed here without any means, and I was able to place her in a family at East St. John. Two girls travelling from Amherst, also with no funds, arrived here and were placed in boarding houses until suitable employment was found. One young girl came from St. Stephen on the late train expecting to meet a friend, but no one was there to meet her. Upon investigation I found her friends lived in Carleton, so took her. A SERIOUS AFFAIR

Turks Violate Italian Consulate; Arrest British Consul

Action Which Brings Inquiries From American Embassy and Italian Government; May Have Far Reaching Consequences

Rome, Dec. 12.—An incident of considerable gravity has occurred at Hodeida, a seaport of Arabia, on the Red Sea. Advice received here are that the Turks on learning that G. A. Richardson, British consul, was still in town, tried to enter his house to arrest him. He escaped to the neighboring Italian consulate, which place the Turks besieged in spite of the fact that the Italian consul, Signor Cecchi, came to the defence of his colleague. Richardson was taken prisoner and dragged forcibly to a boat which left for an unknown destination.

As British subjects in Turkey are under the protection of the American embassy at Constantinople, it is said that it has been asked for information regarding the reported violence against a British subject, while Italy is enquiring about the alleged violation of her consulate.

to my home for the night and next sent her to the West Side. A young girl, travelling from Halifax Montreal, upon landing here was told by the brakeman that she had an hour to wait. After getting her lunch she placed her trunk on the train. She placed her trunk on the train and a squaw travelling with her baby daughter of fourteen, which enabled her to stay in the depot all day. Food and clothing were provided for them and a morning they left on the early train. From the few cases which I have related there is no doubt but that work undertaken by the Travellers' will be felt by all to be a most necessary one, and will be much appreciated by many persons passing through city, who in any way need help in way of funds, or who are desirous locating lodging or finding friends. I feel letters and cards of thanks I been received.

THE WAR NEWS.

The government of France is returning from Bordeaux to Paris. They went to the former city when the German armies were making that wonderful march toward Paris which brought them almost within striking distance of its fortifications.

bread per day. Two of the leading residents of a town in West Flanders in an appeal which they made yesterday said: "If somebody does not come to our aid, God knows what will become of us."

The interesting news comes from Norway that the people of Denmark, Norway and Sweden are very indignant at the action of Germany in seizing two Danish and twenty-four Norwegian steamers in the Baltic and declaring them prizes of war.

Next week a number of social centres for soldiers will be provided by different churches. This is practical Christianity.

The arrival of such a steamship as the new C. P. R. liner Missanable under normal conditions would be regarded as an event of great importance in St. John.

There will be no Christmas truce in the war zone. The peace for which the world longs can only be brought nearer by the destruction of German militarism.

The British Admiralty appears to be confident that the Karlsruhe, the last of the German cruisers in the South Atlantic, has by this time been accounted for, and that the converted cruisers Prinz Eitel Friedrich and Kron Prinz Wilhelm will soon be sunk or captured.

It is his visit is not again postponed. Major-General Hughes will be in St. John early next week. All the citizens will be interested in the minister who has been much criticised by a portion of the press of his own party.

No doubt there are many people in New Brunswick who have not yet subscribed or whose contributions have as yet been very small for the relief of the Belgians.

Deafness Cannot be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by systematic treatment.

St. John, Dec. 10th, 1914. The Editor Times Star: Sir,—With reference to a paragraph in your paper dated Dec. 9th by the name of "Man in the Street," whom it strikes as strange that "when the National Anthem is played in public amusement places, soldiers present in uniform do not salute but merely stand as civilians."

## EDISON

Diamond Disc

# Phonograph

A Gift that Brings Pleasure to all

In this marvellous new creation of Mr. Thomas A. Edison there is more real pleasure, for folk of all ages, than in any gift one can bestow; and it is a new development in the realm of music, its rich, mellow voice growing out of a system of tone production on which its great inventor has spent, the greater part of the past three years. With the permanent diamond as a producing point—eliminating the irksome changing of needles—the music possesses a sweetness that is unique.

The Edison Diamond Disc Phonograph stands alone in the production of all the overtones, on which music depends for sweetness, thus first opening to all the entire range of the world's music.

A few of the many styles we are showing are described below.

Model A 200  
**MAHOAGANY**  
Price, \$250.00

**PRESENTATIONS TO K. OF P. VOLUNTEERS**

At a united meeting of the three local lodges of the Knights of Pythias last evening a farewell reception was tendered eighteen members who have volunteered for foreign service. Dr. F. A. Godsoe presided and there was an entertaining programme. Dr. Godsoe gave an able address in making a presentation of a handsome pipe and well filled pouch to each of the volunteer knights. Of the eighteen there are four now at Salisbury Plain to whom pipes will be forwarded.

The programme otherwise included remarks by Mr. Justice Grimmer, in which he lauded most enthusiastically the spirit of loyalty which prompted the members to give their assistance to the mother country in the conflict. He extended his congratulations and those of the order and wished them a safe return. The numbers included a solo by Mr. Garnett; comic song by S. Matthews; Tipperary, by the Temple band and sung by all present; solo, by Edward Bonnell; moving pictures; patriotic selections by the band; solos by Major Fred McKean solo, by Captain D. B. Pidgeon, concluding with God Save the King.

Those who received the presentations were—Hobson Smith, James T. Downey, R. J. Carross, H. H. Colwell, William J. Stephenson, J. H. Williams, G. M. Johnston, E. J. Evans, K. G. Christie, C. F. Leonard, F. H. Elliott, D. B. Pidgeon, Harry Pitt, Roy Harding, Otty Moran, Arthur M. Ellis, Oscar Colwell and William Henderson, and those in England who were remembered—A. A. Bland, W. B. Alward, E. M. Slader, and T. H. Tingley.

## URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, distaste, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out of the body's urinous waste get four ounces of Jael Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jael Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.

as a scientific truth that the higher the skill possessed by the mechanic the more valuable is his labor, both to himself, his employer and the community. The more efficient labor becomes the higher wages it should command.

"The one trouble in America today is that too many of our youths who have graduated from the grammar and high school are misfits industrially, if we are to secure industrial supremacy. The more efficient labor becomes the higher wages it should command.

"Organized labor believes that there are pressing educational needs which can be at least partially solved by the introduction of industrial training; it is aware that boys and girls do not always have the opportunity to enter the field of employment which will best contribute to their development either physically, morally or intellectually. Those who are unable to change from one unskilled occupation to another, and gain but little or nothing in efficiency. Labor believes that industrial education between the ages of fourteen and sixteen years ought to awaken in these children a new school interest, and so help retain them in school longer, and contribute to their development; it believes that if such industrial training took the children between the ages of fourteen and sixteen, when they are of little value in a business way, at a time when the education they have received is of advantage so far as it goes, but hardly fits them for actual working places, that it would serve to give them the proper training to prepare and carry some branch of actual vocational work.

"I believe that as much attention should be given to the proper education of those who are at work in our industries as is now given to those who prepare to enter professional and managerial careers, simply to balance justice and make it necessary to give to the wage-earning classes and the common industries such equivalent as we can for what the present schools are doing for the wealthier classes, as well as for the professionals and managing vocations."

Jenkins had ceased to complain but one evening his troubles as a strap-hanger in the train got so bad that he felt bound to expostulate. "Excuse me, sir," he said to the man sitting by him, "but would you mind moving your portmanteau from the gang way? I really can hardly find room to stand." "Move my portmanteau?" gasped the stranger. "Those, sir, are my feet!" "Is that so?" said Jenkins. "Then perhaps you would pile them one above the other."—London Evening Standard.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Belleve, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Belleve, Ohio.

Woman's Precious Gift. The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

MORE FOOD REQUIRED FOR STARVING BELGIANS

The committee in Belgium who have charge of the distribution of all relief supplies have made another appeal for food for these people. It is estimated that it will take \$6,000,000 per month until spring to give these starving millions two meals of soup and bread per day. New Brunswick has done well, over twenty cars of food and clothing and \$12,000 in cash has already been sent forward, but a special appeal is now made by the provincial committee for cash to buy food in large quantities wholesale to load the admiralty steamer Trenglos, sailing from Halifax about Dec. 25. The committee has on hand about \$11,000 that will be invested in food stuff at once, but more is urgently required. The Belgians are starving and we must redouble our efforts promptly. Have you sent what you can? Send cash contributions to James H. Frink, mayor of St. John, treasurer, and address all communications to James Gilchrist, secretary, P. O. Box 204.

"Here I am breakin' stones by the an. When the old man died he ordered aside," said Peter Bryan to his brother Phil to divide the house with me, and by St. Patrick so he did end, "when I'm heir to half a splen"—for he took the inside himself, and I estate under my father's will, so I gave me the outside.—Exchange.

Morning War Cables

The pendulum of war apparently has swung back again in favor of the Russians in the eastern theatre of hostilities. An official report from Petrograd declares the Russians have repulsed two units of Field Marshal Von Hindenburg's army, near Mlawa and Lowicz—administering enormous casualties and taking many prisoners and guns. At some places, on the Mlawa front and before Lowicz, the Russians assert that the Germans made fierce attacks, but that these were repulsed and the Germans retreated in disorder. Successes also are claimed by the Russians to the south of Cracow, where, however, the Germans are said to be stubbornly resisting. That Germany realized that Field Marshal Von Hindenburg's brilliant manoeuvre, which brought the Germans almost before Warsaw again, after they had been thrown back to the East Prussian frontier, was not yet a decisive victory, was acknowledged in a statement of the German official press bureau. Dealing with the situation in the vicinity of Lodz the statement said the resistance of the Russians "is by no means broken," and that much yet remains to be done before the Russians can be considered definitely defeated. In France 400,000 youths of the class of 1915 have gone into training in the military camps and barracks. It is expected they will be ready for the campaign in the spring. Berlin advices, which previously announced that Germany had agreed to the suggestion of Pope Benedict for a truce during the Christmas holidays, say Russia has declined to agree to the proposition.

How She Discarded Unsightly Complexion

How often I exclaimed as I beheld my ugly complexion in the mirror, "If I only could tear off this old skin!" And, do you know, I've learned how to do that very thing! Not to actually remove the entire skin all at a sudden; that would be too heroic a method and painful, too, I imagine. The worn-out cuticle comes off in such tiny particles and so gradually—requiring about ten days to complete the transformation—it doesn't hurt a bit. Day by day the beautiful complexion underneath comes forth. Marvellous! No matter how muddy, rough, blotchy or aged your complexion, you can surely discard it by this simple process. Just get a ounce of ordinary macerated wax at your druggist's, apply nightly like cold cream, washing it off mornings. My wrinkles I got rid of by an equally simple method. By dissolving an ounce of powdered azarolite in a half-pint witch-hazel and bathing my face in the solution, every line completely disappeared. First the nose lines, finally even the deep crow's feet, vanished entirely.—Miss Mervin, Town Talker.

**CANADA IN THE WAR**

The sum of \$461.10 was realized from the sacred concert at the Imperial Theatre on Sunday evening last under the auspices of the Sons of England in aid of the Red Cross Fund. The theatre, lighting, printing and cards were contributed by W. H. Golding, G. A. Knobel, Sweeney and Ferris, after which there were expenses of \$9 which was borne by the three local lodges of the Sons of England and the entire receipts were handed to the Red Cross Society.

About 2,000 prisoners of alien extraction are to be employed by Canada in clearing land for a big experimental farm near Hearst, Ont., and also in road improvements along the N. T. R.

The members of the 26th infantry battalion yesterday afternoon had a route march of some fifteen miles, after which they engaged in tactical manoeuvres. The men stood the test well, covering the 100 miles in about four hours, and returning to the army in splendid condition.

A handsome pocket Bible was presented to James Gaulton, formerly of the Standard staff, and now a member of the 26th battalion, at a gathering of his friends at the home of Mrs. John Bauer, Castle street, last evening.

Thirty-eight invalided and rejected soldiers from the first Canadian contingent at Salisbury Plain were landed at Halifax yesterday. Twenty-three of the men are on the sick list and their names are made public, but the other fifteen are termed "misfits," and were discharged for drunkenness or disorderly conduct. There were four men in the number from St. John, of whom Emile Manell was on the invalid list.

Mrs. Harry Palmer, of Upper Maugerville, N. B., this week received sad news from the home of her brother, Lance Corporal Wm. Long, in Langport, England, saying he had been killed in action in France. His death occurred while he was carrying a wounded comrade from the range of fire. The Germans fired upon him and killed both of them. Mrs. Palmer, who is receiving the sympathy of many friends, has two other brothers fighting in France, and her husband, a reservist, sailed from Montreal about a month ago to rejoin his regiment.

**WAR NOTES**

A cable received by the Admiralty from vice-Admiral Sturdee says that in the battle off the Falkland islands only seven of his men were killed and four wounded. No officers were killed or wounded.

Coughed 10 Years for

Mrs. J. O. Barnhard, of Lindville, Alta., says, "For ten years I was troubled with a very bad cough, particularly at night. I tried every remedy after remedy but could get no relief until I tried PEPs. These pleasant little pastilles quickly stopped the irritation and ended my cough."

PEPs, "The Cure You Breathe," goes straight to the weak spot. Place a PEP in your mouth. As it dissolves, healing vapors are liberated, which you breathe down, right to your lungs, quickly stopping all irritation, and ending coughs and colds. Why experiment with cough mixtures, syrups, lozenges, etc., which go, not to the lungs, but to the stomach, when PEPs go straight to the seat of the disease!

For coughs, colds, asthma, bronchitis, hoarseness, sore throat, and all chest and lung troubles, use the up-to-date remedy PEPs. Refuse substitutes. All drug stores and stores, 50 cents box, 3 boxes \$1.25.

FREE TRIAL Send this advertisement and name of paper to PEPs Co., Toronto, Winnipeg, or Montreal, with I.C. stamp, and we will send free trial package.

SPORT NEWS OF A DAY; HOME AND ABROAD

ATHLETIC

Olympic Outlook Doubtful.

New York, Dec. 11.—American athletes and trainers returning from Europe are almost unanimous in expressing the opinion that the Olympic games scheduled for Berlin in 1916 will in all probability have to be abandoned as a result of the war. A period of eighteen months stretches between the present and the day set for the opening of the international meet and much may yet be accomplished by the Olympic Committee in a year and a half.

There is already evidence of sentiment in favor of transferring the games to this country or some European nation not involved in the war. It is not the site of the contests as much as the condition and number of the contestants that causes those best informed on the situation to doubt the possibility of a successful meet in 1916.

In the Olympic games of 1912 there were twenty-seven nations represented at Stockholm. The complete entry list showed 4281 athletes enrolled, and the total entry 7367. Of this number 8282 athletes competed for an aggregate entry of 4746. Today fifteen of the twenty-seven nations and colonies, whose athletes assembled at Stockholm, are at war, and still others may join the conflict. These nations contributed 1,121 athletes to the games in the following order: Great Britain and colonies, 376; Germany, 185; Russia, 178; France, 102; Hungary, 137; Austria, 98; Belgium, 39; Japan, Turkey and Serbia, two each.

That these nations, even though peace is declared in the meantime, cannot approach in number or athletic calibre these entries in 1916 is generally accepted by those who have witnessed the physical result of the war to date. A. P. Copland, Austria's Olympic trainer, and Alvin Kraenzlein, chief of the German staff of athletic instruction, have both returned to this country on an indefinite leave of absence.

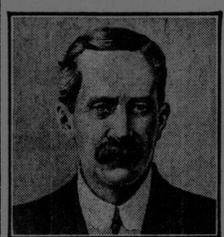

Conceding that the meet is held either in America or some neutral European country, the result can be forecasted as a decisive victory for the United States, providing that the entries of this country are made upon the same scale as in former games. Although eighth in total number of starters in 1912, the United States was second in number of diplomas won, scoring sixty to Sweden's ninety-one.

This included all forms of Olympic sports, comprising a programme of thirteen competitive features. The United States was not represented in rowing, football, gymnastics and yachting, yet finished second on a point basis with 124 points to Sweden's 136. Great Britain was third with 76, Finland fourth with 52, and Germany fifth with 47.

Even so optimistic an American athletic enthusiast as the late James E. Sullivan was, he conceded, just before his death, that under normal conditions the United States could not hope to win so decisively in 1916. With Sweden and Finland as the only formidable athletic nations not handicapped by the strain and drain of the war, there could be, however, but one victor if the Olympic games are held in 1916.

"Fruit-a-tives" Keeps Young And Old in Splendid Health

J. W. HAMMOND ESQ.

Scotland, Ont., Aug. 23th, 1913. "Fruit-a-tives" are the only pills manufactured, to my way of thinking. They work completely, no gripping whatever, and one is plenty for any ordinary person at a dose. My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-tives." I cannot say too much in their favor.

We have used them in the family for about two years and we would not use anything else as long as we can get "Fruit-a-tives."

Their action is mild, and no distress at all. I have recommended them to many other people, and our whole family uses them."

J. W. HAMMOND.

Those who have been cured by "Fruit-a-tives" are proud and happy to tell a sick or ailing friend about these wonderful tablets made from fruit juices. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

BASEBALL

Anecdotes of "Hans" Wagner.

The following anecdotes are gleaned from a large number which appear in the Special Hans Wagner issue of the Baseball Magazine:— Wagner's dislike for fancy clothing is well known. I have seen the massive Penton lounging in the swiftest hotels with a gray flannel shirt and no sign of a necktie, while the fashionables were trooping by. Eccentricity? No.—Honus doesn't pose as an eccentric. Boorishness,

Best Wishes!

ignorance of etiquette? Not that bird, for Hans Wagner is as pleasing and courteous a gentleman as anyone could hope to meet. Presswork, publicity stuff? He does not need any. He is as independent as he is powerful; as solid and determined in mind as he is in body, and he dresses as he darn pleases. He is Hans Wagner, and he is worth six or six dressy dudes that look in agony upon his tieless neck.

At that, when you catch Wagner, force him into glad rags, and put him in a parlor, he's a pippin. He commands attention and gets respect, even before folks know him for the great ball player. One night at Hot Springs, Wagner, correctly clad, a splendid picture of strength and manly perfection, was listening to the music in the big ballroom. Sitting beside me was a Chicago pianist who has his millions, all won hustling every minute of his busy (Continued on following page.)

Have You That TICKLING IN THE THROAT SENSATION?

This trouble is most distressing, and caused from a cold which has settled in the throat. How many people have just a good night's sleep but that nasty, tickling, irritating sensation in the throat? The dry, hard cough keeps you awake, and when you get up in the morning you feel as if you had no rest at all.

Mr. Charles S. Chase, Shelburne, N.S., writes: "Coming to Nova Scotia from the State of Maine, I caught a severe cold which persisted for many weeks, and was accompanied by a bad cough and a constant throat irritation. After trying many remedies, a friend handed me part of a bottle of Dr. Wood's Norway Pine Syrup. It helped me so much I bought another bottle which completely cured the cough and allayed the irritation. It is certainly the best cough medicine I have ever tried."

A Home-Made Hair Grower That Does Marvels

During the last few years advertisements have appeared occasionally telling how to make a really good hair tonic that would actually make the hair grow, and it gives us great pleasure to learn that so many who have tried it have obtained such remarkable results. One lady writes that immediately after reading the formula, she went to her drugist and had him put up as directed 2 ounces of Lavone de Compose, 1/2 dram Menthol Crystals, and 6 ounces Bay Rum. She took this home and, although her hair had been falling out terribly and she was threatened with baldness, she was astonished and delighted to note that the falling out of the hair stopped immediately, and the hair itself began to grow in an amazing manner. In fact, she states that it has already grown nearly eight inches in a little over two months.

Had Heart Trouble FOR YEARS.

Weighted 87 Lbs. Now Weighs 128 Lbs.

Miss Beatrice Longhead, Staples, Ont., writes: "I feel it my duty to tell you what Milburn's Heart and Nerve Pills have done for me. I had heart trouble for quite a few years. I doctored for it, and altogether my bill amounted to \$400, and still no cure. One day when very sick I was lying on a couch close to where some almanacs were hanging. I took one down, and was reading about what Milburn's Heart and Nerve Pills cured, and thought I would try them. I got six boxes to start with; have only taken three boxes and I never felt so well in my life as I do now. I only weighed 87 pounds when I started to take them, and now I weigh 128 pounds. I hope all poor sufferers will be benefited by them as I have been."

News of the Boxers.

Says Dan Saunders in the Boston Globe:—"The proposition that has caused promoter McCarey of Los Angeles to butt into the game in New Orleans appears to be a good one. The business men of that city, who want McCarey, will put up \$60,000 toward building a \$75,000 arena, and McCarey will add the remaining \$25,000. McCarey will be allowed to take 50 per cent of the profits. Last night, a fight between Leon and France show that the boxing contingent in the war continues to suffer from the fire of the Germans. Capt. Chesle of the Royal Sussex, killed at La Bassee, was a famous amateur boxer and all-round athlete. Last year he won the competitive military championship.

Boxing at a club where there are 1,000 present and only \$60 in the box office is not a pleasant state of affairs for a scrapper to confront. Some of them have fared worse, but one of Leo Flynn's string of boxers met that fate in Northampton New York the other night. The promoter said there would be only 25 complimentary. Before the doors were opened, Flynn says the promoter stated: "Now we have a board of sheriffs in this town—just a few fellows who will display their shields when they come along. ing them. I said: "That's all right, let 'em pass." Well, the crowd began to file in. I guess out of the first 50 persons who passed in the door forty of them displayed sheriff's badges. And they kept coming in blocks. When there were about 400 persons in the house and the board of sheriffs was still jamming the entrance I said suddenly: "Say, Mister Manager, suppose somebody should show up with a bought and paid for, where are you going to put him?"

"As fast as the fellows with the badges got in some collected them, sneaked out the back door and sold them for \$1 a smash."

**TEN THOUSAND DOLLARS FROM COLONEL TUCKER ESTATE TO ST. BARNABAS CHURCH**

The probate court today again took up the matter of the estate of Colonel Joseph John Tucker. The will having been proved in common form, the petition of Lewden Robert Ross, the surviving executor, was now presented asking that it be proved in solemn form.

A citation was issued accordingly, returnable on March 29 at 11 a. m. The addresses of some of the next of kin not being available it is ordered that the citation be published for three months in the Royal Gazette.

By the petition now filed it appears that a further verbal request was made by the deceased to Mr. Ross, mention of which was, through inadvertence, previously omitted. This request was to pay in addition to the amounts already mentioned the sum of \$1,000 to St. Barnabas Church, Sandy Point Road. Fred R. Taylor, K. C., is proctor.

**NOT HEARD FROM SINCE 1904; SISTER SEEKS NEWS**

Inquiries have been made at the office of Registrar J. B. Jones, Princess street, for information concerning the whereabouts of Robert Charles Colwell, last heard from in 1904. His sister, Mrs. Wm. P. Scherry of Duke street, is asking the aid of anyone who might have known him, in supplying information. The man was working in Campbellton in 1908 and later left for St. Francis, Me. In the fall of 1904 he wrote to his sister asking her to join him, and saying that that was the last she heard of him, and she does not know whether he is living or dead. Colwell was born at Zel River, Restigouche county and should have been quite well known along the North Shore.

**LITTLE GIRL'S SAD POSITION**

A girl twelve years of age was given in charge last evening by Mr. A. Stapleton, manager of F. W. Woolworth & Company, King street. In the police court this morning the girl pleaded guilty to taking five handkerchiefs, a toy, bottle of perfume, box of paper and three tree tops, the total value amounting to ninety cents. She was remanded.

**ANDREW N. HAMM DEAD**

Many friends in the city and especially on the West Side, will learn with regret of the death of Andrew N. Hamm of the West Side, which occurred at his home this morning. Mr. Hamm was in his seventieth year, and had been in ill health for a year past. He was for many years a valued watchman in the city employ, enjoying the confidence and esteem of the members of the city council.

He leaves two sons, William A. and Frank Hamm, and two daughters, Mrs. George Purdy and Mrs. G. D. Davidson, all of the West Side. Mr. Hamm was a native of St. John. He leaves one brother, Charles W. Hamm, of Sea View, who was formerly lighthouse keeper at Musquash, and recently received a medal for long service. There is also one sister, Mrs. Susan Harned of West St. John. The bereaved relatives had the sympathy of many friends. The funeral will take place from his late residence, Middle Street West, on Monday at 2.30 with service at two o'clock.

**Peace and Goodwill**

Perhaps it won't do any harm to sing that "Peace and Goodwill to all Mankind" in the churches this Christmas, but some of the pastors who have been calling the Kaiser and his people harsh names will find it difficult to reconcile themselves to "all mankind."

Commissioner McLeod said this week on "water and sewerage" can hardly be said to have had a dry subject.

Now Turkey had better watch out! Ottawa says "dominion government will give Christmas dinner to Canada's 85,000 men under arms."

The British navy seems to be living up to that motto of "Business as Usual."

Even the Kaiser finds the task of running the universe more than his health will stand.

If the Tories of Carleton county who nominated J. K. Flemming acted according to the principles of representative government, an honest politician would be liable to feel very lonely at their convention.

If the magistrates who send men to war instead of to jail have the right idea of the kind of recruits needed why not carry the idea to its logical conclusion and enlist a few compenies from the penitentiaries?

**Christmas In Bethlehem**

It must have been a cynic who chose Bethlehem, Pa., as the place for the manufacture of war munitions. If the angels who once hovered over a town named Bethlehem to sing their songs of peace and good will should return this Christmas to the modern place of that name their song would be drowned in the clangor of the night shift at work on a rush order of death dealing instruments for the battlefields of Europe.

**The Same Name, But—**

A local business man has been worried lately by a former employe who has been on an extended spree and who haunted the office trying to collect some back wages which he claimed were due to him. Several times he had been ejected and the business man was getting tired of it. No wonder that he lost his temper when the new office boy came into his private office the next day with the news that a man named so-and-so wanted to see him. Raising his voice so that it could be heard in the outer office the merchant almost howled "Tell that old reprobate to get out of this and if he comes around here again I'll call the police!" As a quick after thought he added, "Never mind, I'll tell him myself." With that he rushed to the outer office to find, not the interested individual he expected, but one of our best known citizens, a man of great respectability and a pillar of the church, who insisted to bear the same name. It took some quick-fire explanations and apologetic before the matter was straightened out and the sufficed feelings of his visitor properly smoothed.

**Name of new man on police force**

You've probably shown your sympathy towards the Belgians, very likely you've contributed also to the Red Cross as well as help sustain local charities. But there is something else in which you can do a good work to others in addition to benefitting yourself—the tired clerks of the city stores, girls and boys, young men and young women, before leaving home next week, and if it be possible, before the last three minutes of timing time after a long and arduous day.

Large Number in Church Parade Tomorrow — Colonel McLean Home From Ottawa

The orders for the 26th Infantry Battalion for tomorrow, call for a church parade to three churches, the Protestants on the roll parading to St. David's and St. Andrew's Presbyterian churches, and the Catholics to the Cathedral. They will be accompanied by the 62nd regimental band, and as the men now have complete equipment, it is expected the parade will be the longest yet.

**The Cavalry**

Col. H. H. McLean, officer commanding the 26th Dragoons, returned home today from Ottawa, where he was in attendance at a meeting of the Patriotic Fund directors. Concerning his he said there was nothing of special interest to be said. Regarding the regiment of cavalry to be sent from the maritime provinces, Colonel McLean said that he had had no further word, but he would not be surprised if Major-General Hughes made some announcement concerning it upon his arrival here on next Tuesday.

There has been some talk regarding the supply of horses available for the regiment, but military men are of the opinion that a sufficient number can be had. The remount officers have taken quite a large number of steeds available for military purposes from the country, and now with the embargo on American animals, will of necessity have to look to Canada for others. A great number of horses will be required for the cavalry artillery and army service corps, but it is believed they can be secured without much difficulty.

**Salvation Army Chaplain**

Adjutant Robert Penfold of the Salvation Army has been appointed as chaplain to serve with the First Canadian Contingent, and will sail soon. He is well known in the maritime provinces, as he was engaged in the Salvation Army immigration work with headquarters in Halifax and during this time he frequently visited St. John. He has been an officer for over twenty years, holding various appointments in field and special work, and his varied experience will be of great value in his work among the men in camp and at the front.

**CHILD DEAD**

Friends will sympathize with Mr. and Mrs. George W. Kingston of 112 Marsh road, in the loss of their nine months' old baby, Ethel May. The funeral was held this afternoon.

**TEN DEATHS**

At the board of health offices this week ten deaths were recorded from the following causes: Heart disease, four; one each from pneumonia, congestion of the lungs, pulmonary tuberculosis, cirrhosis of liver, carcinoma of stomach and leterus neonatorum.

**FATHER O'LEARY ILL.**

New Freeman—Rev. Father O'Leary of Quebec, who is with the First Canadian Contingent at Salisbury Plain, has written to friends in Quebec that his health is very poor and that he is coming home. Father O'Leary is one of the chaplains with the 12th Battalion, commanded by Lt. Col. H. F. McLeod, and was in South Africa as chaplain during the Boer war.

**JUDGE MCKEOWN TALKS ON WAR IN HIS ADDRESS**

In the course of his very interesting address before Centenary Brotherhood last evening Mr. Justice McKeown said that some nine years ago he had heard Rev. R. J. Campbell in the Temple in London, express the belief that before a universal peace would be established it would be necessary for some country to suffer humiliation, lose her possessions voluntarily, and become an outcast among the nations because of her fidelity to the cause of peace. Judge McKeown said that he had recently seen the name of Rev. R. J. Campbell signed to a manifesto issued by British churchmen declaring this war on the part of Britain to be a righteous war, and he had wondered what had caused Dr. Campbell to change his views. He (the speaker) had come to the conclusion that it was because Dr. Campbell had become convinced that Christianity stood first for righteousness rather than peace, and that righteousness demanded Britain's participation in this war.

Judge McKeown further pointed out that with the Turk the death of a man sword in hand meant his translation to Paradise, and he had been surprised to find exactly the same philosophy in the writings of the great German poet Goethe. Germany and Turkey therefore stand for the same thing, which is in irreconcilable contrast to the ideals of the British race.

**GOING TO THE WAR BUT FIRST WILL WED HERE**

Engagement of J. W. Clive Rose and Miss Maud Sutherland Announced

J. W. Clive Rose of London, England, who has been in St. John for the last few years, connected with the firm of J. M. Robinson & Sons, bankers, has offered his services to the defense of the empire, to go as a member of a regiment of cavalry which is to be formed in New Brunswick for the third contingent. Mr. Rose is well known in St. John and has many friends here who wish him every success. Before leaving he will be a guest at a most interesting event, his engagement to Miss Maud Sutherland, daughter of Mr. and Mrs. W. J. Sutherland, Duke street, was announced today. The wedding will take place very soon.

**"SEVERAL COUNTIES TO HEAR FROM YET"**

Montreal Star publishes the following St. John despatch:  
St. John, N. B., Dec. 10.—In accordance with the announcements made last week, the resignation of the Hon. J. K. Fleming has been placed in the hands of the Hon. Josiah Wood, the Lieut. Governor, who accepted it.

"The Lieut. Governor then called upon the Hon. George J. Clarke, attorney-general and acting premier, to form a new government."

"It is understood that Mr. Clarke accepted. He has not yet submitted to the lieutenant-governor the list of his cabinet, but it is expected that the same members will be retained, with the exception of Mr. Fleming and the addition of J. B. M. Baxter, K. C., recorder of the City of St. John."

This takes no account of the aspirations of B. Frank Smith, Frank B. Black, the Hon. John E. Wilson, and several other aspirants. In other words "there are several counties yet to be heard from"—including St. John county.
