MORE JOIN STRIKE IN NEW YORK

May Be a General Walk Out the Teamsters of Gotham

GOAL DRIVERS QUIT

Conductors and Chauffeurs of Fifth Avenue Bus Line Also Join the Express Drivers—More Developments Are Expected by Tonight

New York, Nov. 10.—Possibility of a clash today between state and federal authorities over express strike complications intensified interest in all developments of the warfare between men and companies. A hint of state authority was the only peace note sounded. The seizure under Mayor Gaynor's authority, of express company wagons driven by unlicensed drivers offered an opening of which it was believed the companies would speedily take advantage to bring matters to a head. It was intimated that the process of injunction would be invoked by them to prevent further seizures.

Besides nearly 10,000 drivers and helpers of the express companies and delivery concerns between 2,000 and 3,000 taxicab chauffeurs are on strike. Express business is virtually at a standstill. The threat of a general strike of teamsters in sympathy with the men now on strike is still imminent but there seems to be a disposition to await today's developments, and possibly those of tomorrow, before taking more drastic measures toward effecting a general tie up.

The first move to tie up an established passenger transportation line since the strike started occurred this forenoon when sixty-two chauffeurs on the Fifth Avenue motor buses went out simultaneously. There was an important accession to the strikers' ranks, when 250 drivers of one of the big coal companies struck at Wolfville went out Wednesday. A hard game is expected, but intelligents are picking up Acacia to win. They'll have an on their own field," said one, "and that usually counts a good deal in Mount Allison-Acacia games, though it did not help us last year up here. Then I'm afraid their back field is probably faster than ours. Still I never saw an Acacia-Mount Allison game yet that was not a hard one, so there'll likely be a lively game even if they do beat us."

The Mount Allison boys will leave for Wolfville on Tuesday. It is understood that several Sackville men would like very much to meet again a young married man who spent the last few months in town and left unexpectedly for the United States on Sunday evening. When he left he is said to have forgotten to settle some bills. The Eucharistic Society of Mount Allison University has appointed a committee in a course of lectures to commence in January.

THE WHEAT CROP
Some 37,000,000 Bushels Yet to Reach Winnipeg From Western Farms

Winnipeg, Nov. 10.—A little more than thirty-three millions of the wheat crop of 1910 has passed inspection at Winnipeg in three and a quarter months less than for the corresponding period of 1909. This means that approximately 63,457,460 bushels of the wheat crop of 1910 have been accounted for; that is—
Inspected at Winnipeg 33,457,460
Required for seed 18,000,000
Required for interior mills 6,000,000
In store in interior elevators 10,000,000
Total 67,457,460
The decrease in oat inspection has been more marked even than wheat, as for two months only 2,484 cars have come forward, as compared with 3,592 for the corresponding period of last year, and a very great number of these cars have been filled with 1909 oats. While the inspection of oats shows a decrease, stocks in terminals are the largest in the history of the west.

INSPECTIONS OF BARLEY HAVE BEEN exceptionally light, being only 632 cars against 1,387 last year. The forward movement of flax, however, shows a very notable increase being 1,300 cars of 1,300,000 bushels, as against 839 cars or 830,000 bushels last year.

HOME RULE WAS NOT DISCUSSED

Neither Did Veto Conference Take up Devolution or Imperial Federation—Mr. Vivian Speaks of His Visit to Canada—Today's Cable News

Times Special Cable
London, Nov. 10.—The Evening Times is able to state on excellent authority that the conference on the veto question never once discussed the subject of home rule or devolution or imperial federation. Henry Vivian, M.P., speaking to the Birkenhead Liberal Association, confessed himself surprised at the entire want of rule or organization in developing Canadian cities, and the backward state of municipal life. He came away impressed with the character and business ability of the officials of the Grain Growers' Association of Winnipeg, and the fact that they were convinced free traders. He expressed a conviction from what he saw and heard that protection had nothing whatever to do with the boom and prosperity, and that Canadians refused to recognize a preference in their favor as in any way strengthening their loyalty to the motherland.

London, Nov. 10.—L. J. Mazie, speaking in Manchester, yesterday, referring to Mr. Mond's visit to Canada, said that the multi-millionaire recently had been on a mission to Canada of which too little had been heard in England for the Canadians were practical people and from the first moment of his arrival had assailed him with a series of questions which he had deemed wise not to answer for the simple reason that they were unanswerable.

Football Match With Acadia on Wednesday, Though, Likely to Be Lively—Sackville News

Sackville, N. B., Nov. 10.—(Special)—The Mount Allison football team will meet Acadia for the King-Richardson trophy in Wolfville next Wednesday. A hard game is expected, but intelligents are picking up Acadia to win. DOWNWARD REVISION OF TARIFF

Champ Clark Makes Pledge for the New Democratic House WANTS TO BE SPEAKER

British Press Opinion on the Elections of Tuesday in the United States—They Are Chiefly Interested in the Effect Upon Mr. Roosevelt

Bowling, Green, Mo., Nov. 10.—Downward revision of the tariff at once is the pledge made for the new-democratic house of representatives by Champ Clark, Congressman from the ninth district, who is a candidate for the speakership. "The landslide in my judgment will be in favor of the new-democratic house," he said. "The people are tired of the present administration, and are provoked to just the extent that the returns indicate, and the tariff revision is the first and greatest proposition the democrats should stand for in a reduction in the tariff to a revenue basis. I would reduce it scientifically and gradually and put into it a sliding scale much like there was in the tariff bill in 1883. There is no question but that the democrats will be their good behavior in the next congress and the future will depend largely on this."

A DOUBLE MURDER IN BOSTON TODAY
Man Accused of Assaulting Girl Kills Her Father and a Police Sergeant

Boston, Nov. 10.—Walter E. Hall, a state house employee, who was at liberty on bail awaiting trial on a charge of assaulting a 15-year-old girl, Esther H. Ross, today shot and killed Frank A. Ross, step-father of the child, and Police Sergeant Frederick Schlegel, the greatest witness against him, as they were waiting to lay the case before the district attorney. The shooting occurred in the district attorney's office in Rembrandt Square.

HE SOUGHT DEATH
Fifteen Year Old Lad Tired and Ill of New York "Sweat Shop" Life

New York, Nov. 10.—The fragile figure of a half grown boy sat huddled on an open bench opposite the 22nd St. ferry house late Monday night. A chill wind from off the Hudson cut through his threadbare clothes, and a big policeman noticed that the boy's big brown eyes glistened with the light of fever. As the policeman stooped away there was a shot. "Let me die," the boy was telling the patrolman. "I'm too tired to live. I'm sick. I have nothing to live for."

MAY COME TO CANADA FOR FARM POINTERS
Ottawa, Nov. 9.—A party of fifty farmers and ranchmen from South Africa may visit Canada next year to get pointers on agriculture and to advance generally international relationships. The move is now on foot in South Africa, and the trade commission reports that it is likely to be carried out if the required financial arrangements can be made.

DEMOCRATIC VICTORY MAY MEAN HORSE RACING
Chicago, Nov. 10.—Turf interests around Chicago express the belief that a more liberal policy toward horse racing may be adopted by the county administration which was voted into power on Tuesday. In the event that racing is permitted it is said to be the plan to try the pari-mutuel betting machines first and if no objections are raised book making may be tried later on.

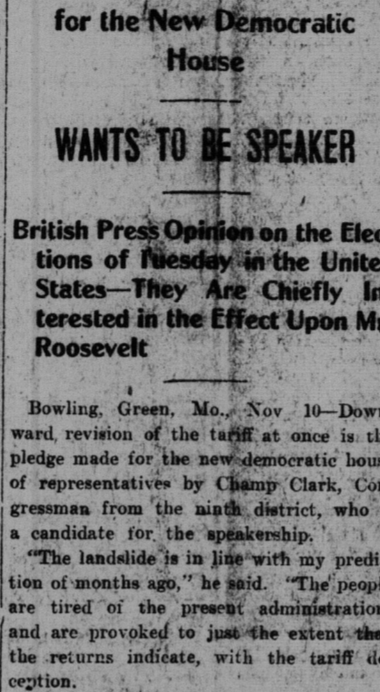

MR. BORDEN'S LIEUTENANT
Ottawa, Nov. 10.—(Special)—Great satisfaction is expressed in Conservative circles over the success of the Mont-Bouras meeting in Montreal last night. Mr. Borden's great services as Mr. Borden's lieutenant in Quebec will probably be recognized in a suitable way when the members gather at the next session of parliament. On that occasion Mr. Bouras will also be invited to attend and sing.

New Glasgow, N. S., Nov. 10.—Raymond Mahoney, young son of James Mahoney, of Lunenburg, was killed by a special train on the I. C. R. track just opposite his home this morning at 6:30 o'clock. He was walking along the track when the engine of the special ran him down. The engagement did not see him.

RIOTS IN MEXICO CITY; ATTACKS ON AMERICANS
Several Fatalities, Flag Trampled On and Business Houses Damaged

Mexico City, Nov. 10.—Mexico City today resembles an armed camp, following nearly 48 hours of demonstrations against Americans and the government. In the course of the rioting an American flag was torn down, trampled on and set on fire. Citizens were assaulted or insulted in the streets; windows of a dozen American business places were shattered and an attempt was made to destroy the plant of El Imparcial, the leading Mexican daily, and the exponent of government policy. Quiet was restored only after squads of mounted police with drawn sabres had repeatedly charged the mob, killing three of the disturbers, roughly handling scores of others and arresting more than 200.

DETECTIVES CAPTURE SUSPECTED MEMBER OF BAD MONEY GANG
Philadelphia, Pa., Nov. 10.—Suspected of being one of a New York gang of counterfeiters, who have been passing bogus quarter dollars in this city, Giuseppe Galucci, of New York, was arrested yesterday, after a struggle, by United States secret service agents, as he was about to board a train for New York.

LEGISLATURE OF ALBERTA OPENING
Edmonton, Alta., Nov. 10.—The provincial legislature will be opened this afternoon. The address in reply to the speech from the throne, will be moved by Charles Stewart, of Sedgewick and will be seconded by A. J. McArthur, the newly-elected member for Gleichen. The first business will be the presentation of a report of the royal commission on the Alberta & Great Waterway Railway, which will be tabled by T. P. Smith immediately after the Lieut. Governor retires from the legislative chamber.

EXTRAORDINARY BID FOR UNIVERSAL SUFFRAGE
Breslau, Nov. 10.—An extraordinary demonstration occurred in the streets here as King Albert drove from the royal palace to open parliament. A million slips of paper containing a demand for universal suffrage stormed the royal cortege and some heavy packages of these were thrown at the king by a crowd of socialists. His Majesty was not hit.

ONE FLY \$1; FIVE \$5
Toronto Dairy Man is Fined— Said It Was Case of Spite

Toronto, Nov. 10.—A fine of \$5 without costs was imposed upon A. V. Moore, proprietor of a dairy, for having flies in his milk. A bottle was brought into the police court with five flies in it, and although evidence was given that Mr. Moore kept a clean dairy, the magistrate stated that he had nothing to do but administer the fine. The accused thought that some one had been tampering with the bottle out of spite.

IMPORTANT DECREE BY THE VATICAN

Rigorous Proceedings To Be Necessary For Removal of Rectors

BISHOPS' POSITION
Less Power in the Matter But Relief From Much Responsibility—Decree Indicates New Code of Pope Pius X, Just Completed

New York, Nov. 10.—The Herald prints a special cable despatch dated at Rome, as follows:
A decree of the utmost importance to all bishops and priests in the United States has been issued by the consistorial congregation. Up to the present the bishops have been the sole arbiters in determining the removal of rectors of parishes, of which there are about 8,000 in the United States. The new decree completely changes this system, and establishes a rigorous procedure, regulating all such removals.

IN the first place, the number of causes which can justify the removal of a rector against his will are clearly specified under nine heads, including perpetual insanity, grave physical or mental incapacity, loss of reputation, imminent danger of scandal, rooted hostility of the people, bad administration, gross neglect of parochial duties and confirmed disobedience, but even with any of these causes is obviously present the bishop cannot remove the offending rector on his own initiative.

IN every diocese a number of examiners and consultors will be appointed. When a case of removal is to be discussed the bishop must call the two senior examiners, and with them institute a formal examination of the case. Then the bishop and the two examiners vote. If a majority of two is in favor of removal, the rector is formally invited to resign.

IF he declines he has the right of presenting evidence to show that the decision was wrong, and the tribunal of three examiners and the bishop must then try the case again with the obligation of conscience not to decree his removal unless convinced of the justification and necessity. A majority of two again is necessary.

IF this formal decision is again in favor of removal the rector may appeal. The bishop then summons the two senior consultors of the diocese and with them constitutes a new tribunal before which the rector may present fresh evidence. If his removal is eventually decreed the bishop makes suitable provision for him.

THE present decree is to apply to the entire church. It constitutes the first removal of the new code of ecclesiastical law which is to govern the Catholic church in all countries. It greatly diminishes the powers of bishops in most English-speaking countries and grants rectors of missions fifty years of tenure and a legal guarantee which they have never before enjoyed. At the same time it will be welcomed by the bishops as relieving them of a very grave responsibility.

THE decree also is most important as indicating the character of the new code of Pius X, which is the first complete attempt ever made to codify the legislation of the church. A commission of cardinals and 45 consultants chosen from among the most learned experts in canon law in the whole world, has been at work on this gigantic undertaking for seven years, and has only now completed its work.

AT the beginning of the new year the first draft of the new code will be sent, with the strictest obligation of secrecy, to all the bishops in the world. They will be required to study it and suggest such changes as they may think advisable. Three months will be allowed for this work.

WHEN all the copies of the draft, with the unbound observations, are returned to Rome, the pontifical commission for the codification of the canon law will examine and revise the entire work. The promulgation of the code will take place early in 1912, unless unforeseen events prevent it.

LORD ALVERSTONE Justice Who Sentenced Crippen Subject of Elopement in New York Paper. Commenting on the satisfaction with which English newspapers have reprinted eulogistic editorials in the American and European press on the conduct of the Crippen murder case, and remarking that the British system of getting straight at the essential facts and cutting out all extraneous matter is always rigorously applied in these criminal cases, and brings them to a speedy finish, the London correspondent of the Sun says that there is no judge on the bench who can so well apply these principles as the lord chief justice, Lord Alverstone, whose name is proposed to be put to the Old Bailey for the week of the trial. He goes on to say: "The lord chief justice is a man of the qualities that go to make a good judge. His appearance is one of impressive dignity. His clear-cut features, his large and massive head and brow denote the clear intellect, which natural character and training have endowed with a wonderful power of concentration."

HOPEFUL INDICATIONS

A review of the developments of the last year in St. John should inspire the citizens with a new confidence, and a greater determination to unite their efforts for the general advancement of the city's interests.

Looking over the situation, the greatest change has been wrought in connection with the transportation system. The Grand Trunk Pacific has purchased a site for its terminals on Courtenay Bay, the plans for the conversion of Courtenay Bay into a modal harbor have been made by the federal department of public works and approved by the president of the Grand Trunk Pacific; and the city has been asked to transfer to the government the shores of the bay, so that the work of dredging and wharf building may be begun in the spring. One result of these developments has been the division into town lots of certain property on the east side of the bay, and the beginning of an active real estate movement there. It is also certain that a dry dock and ship-repair plant will be built on the shores of this eastern harbor. As a result of these developments there will be within the next five years a great growth of the city to the eastward.

Another very important change has been the purchase by the Canadian Pacific Railway Company of extensive properties at the head of the harbor, where it will construct yards, freight sheds and wharves for its local and Nova Scotia business. This will mean a great change and a very large expenditure of money at that point. Moreover, the great railway company will soon be in possession of an extensive area of the flats at West St. John, near the grain elevator, where large railway yards will be constructed. Thus the C. P. R. has become this year a very large property owner at St. John, with two strong positions on the harbor front, and this fact in itself is very significant.

Still speaking of transportation interests, recent developments afford good ground for confidence that the Canadian Northern Railway will find a terminus at St. John harbor east, within the next few years, and thus add very materially to the business of the port.

Turning to the industrial situation, the important statement was lately made that a large paper mill is to be added to the plant of the Edward Partridge Paper Co. With regard to the sugar refinery, while some persons are still skeptical, it is a fact that the plant has been filed, and that the company has not thus far failed to carry out its engagements. Then the new wood-working factory at Grand Bay is nearing completion, and a box factory near Fairville, while there have been this year more enquiries concerning sites for new industries than in any former year. In a word the industrial outlook is excellent, although it could be greatly improved by a better system of taxation and of city government.

Looking in another direction, the city has this year made a good start in permanent street paving and the two blocks that are being paved and boulevardized on Germain street will be a model and an object lesson of great value. Within the next five years St. John should have very much better streets than those of today.

The present year has witnessed great improvement in a number of business establishments in the city. An additional bank has been opened, and has purchased a building to be remodelled for its use. Extensive changes and improvements are to be made on what is known as Walker's wharf. The Dominion Exhibition was a financial success, and the Association has declared unanimously in favor of an annual fair hereafter. The first New Brunswick apple show was held in the city, and proved a genuine inspiration to all visitors, making it clear that St. John must ere long become an important apple shipping port. There is also to be noted a movement in real estate on the west side of the harbor.

A change that is only now beginning to be apparent is the renewed interest on the part of citizens in the questions of civic government and taxation. These must be considered and reforms effected if St. John is to enjoy rapid and substantial growth. Growth has been retarded, and the city

WILL RELIEVE ANY UPSET STOMACH IN ABOUT FIVE MINUTES

Distress From Indigestion,
Stomach-Gas, Heartburn or
Headache Goes After Taking
a Little Diapepsin

If you had some Diapepsin handy and would take a little now your stomach distress and indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a variety of out-of-order stomach before you realize it. If your meals don't digest, or if you feel like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Paper Diapepsin and take a little just as soon as you eat. There will be no sour risings, no belch, no undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, no nauseating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with noxious odors.

Paper Diapepsin is certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

LANDFALL

In what far haven shall the landfall be
When the long voyage hath wearied to
his end?

In what dim harbor from the homeless sea
Shall the torn sail descend?

What blessed land of visionary light,
Bringing its meadows to the ocean
beast,
Luring us still towards the infinite,
Or crowning us with rest?

Shall the spent vessel softly glide to
reach,
The anchorage of its kindly sheltering
port,
Or dashed by ruthless waves upon the
beach
In mad Titanic sport?

There shall the heart rejoice at journey-
ings done,
Or thro' wild energies that cannot tire
Shall that far vision of the setting sun
Be a fulfilled desire!

Shall there be lilies, poppies for my sleep,
Draughts of content to allay a thirsty
pain?
And, like a child, refreshed from slumber-
ings deep,
Shall I awake again?
In what far haven shall the landfall be?
The stars are hid, the soundings tell no
tale.

Across the mystery of the sundering sea,
There comes no word of hall.

"'Cause if I was I'd be a porch-climber."

BLACK SHEEP.
Black sheep, black sheep, lost and gone astray,
Wrecked upon the shallows in the glory of his way;
Black sheep, black sheep—turn and let him go,
Stranded in the alley with the creatures none would know.

Black sheep, black sheep, adrift upon the main,
Battered by the billows and engulfed by every rain;
Drifting to destruction with the serpents in his hair,
His hoarse a burning prism of the fever of despair.

Black sheep, black sheep, wandered from the fold,
Of mother arms that held him in the days of old-of-gold—
Mother arms are waiting, he ye blacker than the night,
To lead you with their loving to the valleys of the light.

Black sheep, black sheep, in a world of hate,
Buffered and buffed by the bitter wave of fate;
Dreaming of her lost child, yearning to be long,
A mother's lips are murmuring his name upon her song.
—Baltimore Sun.

"Charley Doon looks good to me as manager of the Phillies for next year," said Horace S. Fogel, president of the Philadelphia club. Fogel further said he had made no offer for Johnny Evers, and did not intend doing so. That story was a dream. Regarding the fuss over the recent trade with Cincinnati President Fogel said: "As I have said from the start it is a one-sided affair, all in favor of the Cincinnati Club. Doon never said he had any sanction to make that deal."

The Evening Chit-Chat

By RUTH CAMERON

In response to my request to my readers to tell me about some of the unusual occupations at which they, or any other woman whom they know, are earning their bread and butter, or even a little jam to go with bread and butter already furnished, one girl has written me such a very interesting and meaty letter that I am going to devote the whole column today to quoting it.

She writes as follows: "While my side line is not absolutely unique it differs from stereotypical employment in many ways."

"Three years ago, when I was living in Los Angeles, my father gave me two large Belgian rabbits. And, because I am fond of animals, I spent much time with them and gradually added to my stock, later investing in the new and prettier breed, New Zealand, until at present I keep about three dozen does at work constantly."

"Of course, it is much easier to write the bare facts of the matter than it is to describe the hours I have spent and the finger nails I have completely ruined building pens. Or the tears I shed when one after another of my promising young rabbits simply lay down and died. But after a few months' experience, I know the why and wherefore of a rabbit's demise, and it doesn't happen again if I can prevent it."

"The work means perhaps two hours a day of work, and many hours of interest and 'fussing,' but I know to a dollar how much I will have at the end of a month over and above expenses, and it is no inconsiderable amount for a woman to earn at home."

"Besides the financial side of the work, I have found that a healthy interest in 'live things' and the caring for those helpless, eyes, little wrigglers, that in six weeks will develop into lively young rabbits will do away with most troubles than one would imagine. Who could stay morose or sour when they had to scramble wildly over fifty or a hundred small 'frys' in the run, and manage to feed and water them without breaking any little furry necks in the process?"

"Then, too, every single rabbit has a personality of its own. I can turn twenty does in together and distinguish everyone and return her to her proper pen, while to the stranger there would be no difference among them."

"There is a steady demand for market stock that, so far, I have never been able to fill, for I cannot devote my time to the work as I wish I might. But for a woman who could and would work six to eight hours per day at it, there is not only money, but big money, waiting."

"With my three dozen does I clear from one to two dollars per day. What could anyone do with fifty?"

"If any young woman who took the time and trouble to contribute this interesting document, please consider herself very much thanked, both by any of my readers who may get a hint from it and by myself."

Daily Hints for the Cook

LAYER CAKE. One-half cup melted butter, 1 1/4 cups sugar, 3 eggs, 1 cup milk, 2 cups flour, 1 teaspoonful cream of tartar, 1 1/2 teaspoonful soda.

DOUGHNUTS. Beat 2 eggs thoroughly, add 1 cup of sugar and beat with egg beater. Add butter size of tablespoon, little nutmeg and salt. To 1 quart sifted flour, add 1 cup of spoons baking powder, then add 1 cup of milk. Use flour and milk alternately, as it makes a finer grain.

MOLASSES MUFFINS. Quarter cupful of molasses, three heaping teaspoonfuls of baking powder, one-quarter teaspoonful of salt, three eggs, one-half a cupful of milk, one cupful of flour and three-fourths cupful of rye meal. Mix and sift dry ingredients, beat well. Drop from a spoon into smoking hot fat to a golden color. Drain and serve.

OBITUARY Thomas Dixon. Thomas Dixon, formerly of Rexton died recently in Minneapolis. His wife, one child, three sisters and four brothers survive.

Mrs. James Davidson. In the death of Mrs. James Davidson, who passed away at the residence of T. S. Hill, 35 Brunswick street, last evening, St. John loses one of its oldest residents. The deceased, who was in the 91st year of her age, died of a paralytic stroke of which she received a few weeks ago. Mrs. T. S. Hill, Mrs. Fred Watson, of this city, and Mrs. William Kijalarick, of Newark (N. J.), are the only surviving relatives.

John M. Dick. John M. Dick, who for many years was connected with the Bank of New Brunswick, passed away at his home, 1420 St. John street, very suddenly last evening. The deceased, who was in the 62nd year of his age, is survived by six sons and three daughters. The sons—John Q., Seattle; Alan L., Winnipeg; Colin G., Albert; Ralph P., C. Fraser and Arthur W., all in this city. The daughters are—Mrs. Edwin Paris, Alberta; Mrs. F. Macdure Schlander, Saskatoon, and Mrs. Muriel, of this city but at present in Saskatoon.

The Late Mrs. Wm. Muirhead. Mrs. Wm. Muirhead, formerly of Chatham, who died in Cambridge, Mass., on Nov. 5 was the second daughter of the late Dr. James Burnett and Arminia Tremblon Johnston and a daughter in law of the late Hon. Wm. Muirhead and is survived by her husband, and six daughters—Mrs. Joseph Ruggles, Mrs. Charles Fay, Mrs. Charles Small and Mrs. May, Eva and Isabel. She also leaves two brothers—David T., formerly of Bathurst but now in the west; and Charles, of Chatham—and one sister, Mrs. Amanda Sheriff of Colorado. Mr. and Mrs. Chas. Johnston of Chatham attended the funeral which took place from her late residence on Tuesday afternoon.

WEDDINGS Cameron-McBeath. George T. Cameron, of Westfield, and Miss Mary L. McBeath were married at St. Luke's rectory yesterday by Rev. R. P. McKim. The happy pair left on the Montreal express last night for a trip to upper Canadian cities.

Nealey-Barnett. The marriage of Albert E. Nealey to Miss Elizabeth Barnett took place last evening at the residence of James H. Fowler, 51 Stanley street. Rev. G. D. Milbury performed the ceremony. Mr. and Mrs. Nealey will reside at 387 City road.

Segee-Lemont. In Fredericton yesterday Miss Annie Segee was united in marriage to James Lemont, secretary-treasurer of Lemont & Sons, Ltd., Rev. M. McLachlan officiated. The bride and groom left for an extended trip over the C. P. R., after a wedding luncheon at the home of Mrs. G. N. Segee, mother of the bride.

Tufts-Holly. Harry A. Tufts, of the tug Lord Roberts, was married last evening to Miss Sarah Holly, of Musquash. Rev. David Hutchinson, pastor of the Main street Baptist church, performed the ceremony. The bride was attended by Miss Margaret Ramsay, and the groom by Roy Tufts. They will reside in Acadia street.

SMALLPOX IN GREAT BRITAIN. Gloucester Bay Gazette: The smallpox situation in the Grand Narrows district is reported to be quiet serious. There are sixty cases of what is suspected to be smallpox there.

The executive of the St. John Christian Endeavor Union met on Tuesday evening to make final plans for the work of the coming winter which will be largely in connection with the Samaritan Mission Society.

THE PROPOSED UNION OF BAPTIST CHURCHES

Committees were chosen last night by the congregation of two Baptist churches, Leinster and Brussels streets, to consider the proposed union, as reported in the Times-Star some days ago.

"Bronchitis"

This is an acute inflammation of the mucous membrane lining the air tubes in the lungs. The disease begins with a tightness across the chest, difficulty of breathing, hoarseness, and there is a dry, harsh, croupy cough.

DR. WOOD'S NORWAY SYRUP

Cure the first symptoms of Bronchitis, by the use of Dr. Wood's Norway Pine Syrup and thus prevent it becoming chronic and perhaps turning to Consumption.

AMUSEMENTS FOR OURSELVES AND OTHERS
OPERA HOUSE

Another large and appreciative audience greeted the Edith Warren Star Company at the Opera House last night. The words of Society was again presented, and the applause of the audience demonstrated that the company have scored a distinct success.

In the role Vere Herbert, Miss Warren made the hit of the night, and in her scenes with Countess Hopkins as Prince Zouflov, she shows her ability as one of the best leading ladies seen here in stock companies for quite a while. Excellent work was also done by Lucre Elyson as Lord Julia, and Frank Oliver, who handled the comedy, as Duke of St. J., showed that he is clever and able.

Tonight the company will produce *The New Magdalen*.

NICKEL

The Nickel's new bill, which was presented yesterday afternoon and evening, was enjoyed by large crowds and proved of much entertaining value. The Canadian story, *More Than His Duty*, dealing with the Northwest Mounted Police, was a fine production. The actual scenes and action of this piece were laid in Regina, (Sask.), and the story itself was filled with sustained interest. The other special film was a story from French history in 1833, when the French and English were at war. After the battle of Paoli, many French nobles were ransomed at the expense of the peasantry and Etienne Marcel, mayor of Paris, joined the rebellion, poor people and overcame the oppressors. This was a most absorbing picture throughout. Two biograph comedies—*A Lucky Toothache*, and *The Masler*—caused much merriment, as Foley and Mr. Mayson sang acceptably and today will have new numbers.

The Eastern League.

The Eastern League politics may play some very strange pranks this season. According to a "straw vote" polled recently by Pat Powers, who has been president of the league continuously for something like thirteen years, will not succeed himself next year. Ed Barrow, the Montreal manager, is a strong candidate, and is said to have six votes pledged to him, only the Rochester club has come out for Powers.

Football.

Rothsay Wins

The Rothsay College team defeated the Fredericton High School in Fredericton yesterday. The try was made one minute before the time expired. A. H. Babbitt was referee.

Will Play Here

Fredericton Mail.—The Fredericton city football team will play at St. John's on Saturday next. The team of the Fredericton team is not definitely known yet. It is expected, however, that the forwards will be about the same as those which played in the last game against U. N. B., while there will be some changes in the back division.

Basket Ball.

The opening of the Y. M. C. A. basketball season took place last evening when two games were played in the Commercial League. The first of the games was between the O. H. Y. M. C. A. and the O. H. Y. M. C. A. The next game ended in a victory for the O. H. Y. M. C. A. Messrs. Babson and Willet were referees.

Their children, if necessary, need a new environment; the industrial school or reformatory, only when the hopelessness of their reform has otherwise been demonstrated. (Ottawa has already taken advantage of the legislation which provides for the establishment of juvenile courts and has a commissioner in charge of the work. The establishment of one is provided for in the new charter of Montreal. Australia has found these courts a success and now they are being introduced into Germany.)

Toronto's need of a juvenile court is being emphasized every day by the growth of the population, particularly the foreign element; by the multiplication of picture shows; by the reports of factory inspectors and by the police court revelations showing the inability of the present children's court to undertake the work of juvenile reclamation.

This juvenile court, presided over by a commissioner with the powers of a police magistrate, to receive and determine complaints against juvenile offenders apparent by under sixteen years, is a British idea. It originated with the Children's Protective Society of Great Britain. Juvenile courts are being generally established in the British Isles under a recommendation of the Hon. Herbert Gladstone as a member of the Asquith cabinet. Their success has interested Germany and they are being introduced into the Kaiser's empire by Prof. Friedenthal, the emperor's personal representative.

MARKET PROBE FINDS SORE SPOT AT THE FIRST TRIAL

Violation of the Regulations in Different Ways Heard of a Opening Session of Investigation—Director Wisely, Market Clerk Dunham and Percy Alaby Testify

The committee appointed at Monday's meeting of the common council to investigate conditions in the country market held its first session last night and adjourned till this evening at 7 o'clock. All the members of the committee—Ald. Jones, Hayload Wigmore and Eskin—were present and Ald. Jones was chosen permanent chairman. Recorder Baxter conducted the examination of the witnesses, and Mayor Frank, Ald. Vanwart, White and Potts, and Superintendent Waring, of the ferry, were present as spectators. In addition, quite a number of the dealers in the country market were in the committee room. Common Clerk Wardroper was present, as well as his secretary, Miss Wetmore. Director Wisely was on the stand for a few minutes, but was stood aside till this evening. William G. Dunham, deputy clerk of the market, and Percy Alaby also gave evidence.

At the outset after the committee had organized, the recorder read the conditions of the sale of stands in the market which was examined by the recorder. Miss Wetmore, Director Wisely was on the stand for a few minutes, but was stood aside till this evening. William G. Dunham, deputy clerk of the market, and Percy Alaby also gave evidence.

Director Wisely

Director Wisely was the first witness, and was examined by the recorder. He was then directed by public safety since 1880, have you not?

Yes, sir, in 1908.

You have been director of public safety since 1880, have you not?

Yes, sir, in 1908.

Mr. Dunham

Mr. Dunham said he had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5.

Mr. Alaby

Mr. Alaby said he had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5.

No, Mr. Wisely; I think you are here for a little more than that. You are here to answer what questions are put to you and give the committee what information you can. I think the committee will excuse you, Mr. Wisely, till the next session. I don't think you are quite prepared.

Oh, no. I want to have it out tonight. I'm prepared enough.

Well, I'll put it down to my not being prepared. I'll now call Mr. Dunham.

Mr. Dunham

Mr. Dunham said he had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5.

Mr. Alaby

Mr. Alaby said he had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5.

Mr. Wisely

Mr. Wisely said he had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5. He had been deputy clerk of the market for nine years on Sept. 5.

That Red Rose Tea is of surpassing quality is accepted everywhere it is used as an undisputed fact, but it is in the Maritime Provinces especially that it has by its unvarying goodness so well earned the term "is good tea."

Prices: 30c., 35c., 40c., 50c. and 60c.

Through Mr. Hamm telling me that he was paying too much for his stand. You did not state of affairs strike you as unusual?

Yes, a commission business. You had a conversation with Mr. Dunham?

Well I don't remember making the statement he mentions. I know I said so to other people. Did you have Mr. Williams' goods on commission?

No, out and out sale.

What is the nature of your arrangements with Mr. Williams?

He pays me a weekly salary. You pay Mr. Williams only if you sell the goods?

I pay him weekly.

Yes, but you wouldn't pay him for any goods not disposed of, would you?

No.

You are just Mr. Williams' agent, aren't you?

Yes.

So far as the city is concerned you never bought or leased the right to do business in the market?

No.

Do you sell any fresh meat?

Some times.

Did you sell on commission for anyone outside of the city?

Yes.

Name them.

James B. Alaby, of Salt Springs, Kings county.

But what you handle for Mr. Williams makes up the bulk of your business?

Well, a fairly good share, more than half.

The show case that has been heard so much of, it was Mr. Williams', I suppose?

No, I bought it. I got permission from Mr. Dunham to place it there.

About when?

This year just before exhibition.

You bring a lot of logs into the market, don't you?

I buy them for Mr. Williams. It is part of what I am paid for. On rare occasions I may sell one or two to some body.

Has Mr. Williams any interest in your business outside of the fact that you handle his stuff?

No.

This concluded Mr. Alaby's examination. The recorder, however, told him that, if he wanted to be might volunteer any statement. He said: "I would like to ask what right the market clerk had, after giving permission to me to put a show case in my stand, to remove it."

The recorder—"Well, I may say to you, Mr. Alaby, the clerk had no right in the first place to give permission to place a show case in your stand. In the market place if you had any right in the market at all you were under the orders of the clerk as to the space you might occupy. Mr. Alaby went on to explain that the reason why he was in a draughty place and it was impossible to keep anything clean without it.

At this point the committee adjourned till this evening at 7 o'clock.

Smoked Meats

Do you know of any regulation forbidding the sale of smoked meats in the market?

No.

Did you understand that Mr. Alaby was selling on his own account, or on commission?

No.

He said he was selling on commission for F. E. Williams.

Yes, that is correct. Mr. Williams lives in the city. What about the section which provides that all such goods exposed in the market must be sold by means of a stand of not less than five inches from the city? Did you think he came within that?

Well, yes, I knew he lived in the city, but I don't think he should not be allowed in the market at all. At the time Dunn's pork factory was burned in Musquash and moved to this city, I had a protest against these products being exposed for sale in the market. Hurd Peters, however, came to me and asked me to see if I could get the factory to move to the city. There was a great show of the market, he then asked: "Has anyone interfered with you to prevent your bringing action?"

Well, Mr. Dunham, you must have some reason for not bringing action. Tell us what was it?

Failure in Dunn's case. I spoke to the director last May and said that Williams' stuff should not be allowed in the market at all.

And what was the reply?

He said it would be a hard matter now to get it out.

It seems clear to you now that Mr. Alaby had no right in the market?

Do you know of any other regulation of the market that is not being observed?

Yes, against forestalling.

Do you think the forestalling section reasonable?

No, I do not.

Explain how it works out.

I think it works out against the country people. The man alongside may be selling but they can't till the three hours are expired.

Can it do any good?

Well it gives the citizens a chance to attend from 7 to 10 o'clock.

How would it do to fix an hour before which they can't sell?

That might do.

Does forestalling go on to any great extent?

Well yes it does.

I suppose it would be a little difficult to get evidence of it?

Oh, no, very difficult.

Mr. Dunham then went on to tell what other rules of the market were violated. There was some complaint about smoking which he tried to keep down as much as possible. Meat was sometimes sold from the wholesale racks in pieces less than a quarter. He thought the regulations requiring the legs of turkeys to be removed to the first joint and the entrails removed ought to be repealed. Sometimes he had trouble with unwholesome meat being exposed and thought he ought to have the power to order such to be destroyed. Occasionally he had found short weight packages of butter but not often.

Percy Alaby

Percy Alaby was then called to the stand. He said he had been in the market two years next May.

What part did you go to?

The side aisle in front of the clerk's office.

Who put you there?

I got the right to go there from Roy Potts.

How much did you pay?

Sixty dollars.

Did you pay tolls in addition?

Yes.

Did you do business on your own account?

Well, partly.

Was it on account of whom?

F. E. Williams. I got meat from him.

"SLEEPLESSNESS."

Thousands of people all over this land sleep night after night on a sleepless pillow. The eyes do not close in the refreshing slumber that comes to those whose heart and nerves are right.

Some are troubled with palpitation of the heart; others have their nerves unbalanced; but whatever the cause it comes entirely from a perangement of either the heart or nerves, or both. Milburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber. They do this by their invigorating effect on the heart and nerves and by tone up the whole system to perfect condition.

Mr. H. Jewel, Keele, Ont., writes: "I have been suffering for some time with what Milburn's Heart and Nerve Pills did for me. I could have sworn I would never get up in the night as I could not sleep. I used many medicines but found nothing good until I used Milburn's Heart and Nerve Pills. I took three boxes and it is three years ago since I did not sleep, and I haven't troubled since."

"THE MAN WITH THE BROADAXE"

Monthly (formerly Canada West), says Augustus Bridle, in November Canada has been heard much of the man on the horse. There has also been the man behind the gun and the man behind the broad-axe. The man with the broad-axe belongs to Canada and to other country in the world just at the present time. It was the broad-axe that gave D. D. Mann his first installment of railroad muscle and had the foundation of his railroad brain. The battle-axe has always had a long lead over the history of the world. The old Norman knew how to cleave open the skulls of men like butcher artists. But it was the broad-axe that gave D. D. TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Winipeg, Man.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctors said it was a tumor, and that it would have to be removed, as it would cause internal death. I was told that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

Mrs. OTRILIA YEATS, 284 Main Ave., Winnipeg, Manitoba.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of a woman's dread enemy—tumor. If you have mysterious pains, inflammation, or action or discharge, wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills.

Miss LaBillico will leave for home tomorrow.

FINISH GERMAIN STREET PAVING NEXT WEEK

Object Lesson for City Public Works in Rapidity of Work

Mr. Lowe expects, if the weather is favorable to have the paving of Germain street finished a week from next Saturday. Remarkable progress has been made in the last few days. This afternoon the binder which is laid upon the concrete foundation is being placed on one section. A plant for its preparation has been placed on a vacant lot in Canterbury street, and carts are busy hauling it to the place required.

Residents of Germain street are highly pleased with the progress made and the fine appearance of the new sidewalks. The rapidity with which the work is being done should be noted by the public works department of the city. It is an object lesson.

BOTH ARRESTED

Man and Woman Taken in Charge in Brussels Street; He Makes a Fight

William Moore, in the police court this morning, could remember very well that he had been intoxicated last night in Brussels street, and also that he had been "making eyes" at Miss Annie Deberry, who was also in the same state and street, but his memory was not so active when he was charged with resisting policeman O'Neil and Perry.

The man and woman were taken to central police station when found together in Brussels street, and both were remanded this morning. Perry gave evidence that Moore had resisted, being taken to jail, which could hardly be termed gallant since his fair companion was to receive the same treatment.

Win Lewis was fined \$4, Murray McLean, \$8, and John Mullin, remanded on charges of drunkenness.

LADS CONCERNED IN STREET THEFT DEALT WITH IN POLICE COURT

Arrest of Three Who Took Part in Stealing Miss Flaherty's Satchel With Money in It

Three youthful prisoners, George Taylor, Robert and Lester Cobham, aged eight, eleven and twelve years respectively, appeared before Judge Ritchie this morning in the police court on a charge of stealing from Miss Margaret Flaherty, a satchel containing \$5.06, two neckties, and some papers. The young fellows with expressions of contrition on their childish faces, confessed that they were guilty of the theft, or concerned in it.

The satchel was stolen on Monday night in Garden street, as told in the Times on Tuesday. Young Taylor took it while the attention of Miss Flaherty was occupied by the other two. Young Taylor ran with the satchel, containing the money and other articles, but dropped it, and the elder Cobham boy picked it up.

When it dropped, however, sixty-five cents fell out, and this was found and returned to the owner. Yesterday afternoon Detective P. F. Killeen, who was working on the case with hardly any clue to aid him, as even Miss Flaherty could not identify the boys, with Policeman Ward, arrested the trio and as a consequence Miss Flaherty's loss will be made good. The parents of the lads were told this morning that they would have to restore the missing \$5.01 and were also criticized by His Honor for allowing their children on the streets at night.

Truant Officer McLabon laid a complaint against the Taylor lad that he had not been attending school regularly, and the judge warned the boy that he must improve or else he would never amount to much. The three boys were allowed to go on suspended sentence, with the understanding that their parents were to restore the property.

SEES HIS NATIVE CITY ON THE EVE OF GREAT DEVELOPMENT

Gilbert O. Bent Here from Boston on a Visit After Fifteen Years in States

"St. John is on the eve of great things, and I think that our hopes are about to be realized, and not only will this be a great port, but a manufacturing centre." This statement was made by Gilbert O. Bent, who arrived in the city yesterday after fifteen years residence in Boston.

Mr. Bent is a brother of F. G. Bent of Gilbert, Bent & Sons, wholesale grocers, South West and left St. John in 1894, and has since been located in Boston, where he is engaged in literary work. Mr. Bent said he saw many changes during his absence and St. John seemed brighter and more modern. "There has been good substantial progress which is a forerunner of what is to come," said Mr. Bent, and he gave expression to the opinion that St. John was on the eve of great things.

"With the general progress of Canada, it would be impossible for St. John to be in the back ground. I think that Canadians should not fail to realize that there is an east as well as a west. On the other side of the line they are beginning to recognize the importance of Canada. It was thought at one time that, by shutting off commercial relations, Canada could be forced into union politically but this idea has entirely passed away."

Mr. Bent said that while Canadians living in the United States thought it better to become citizens, they loved to look to Canada as their home. There were few, if any, who entertained the idea of annexation and he had never heard Canadian independence discussed.

Accompanying Mr. Bent to St. John, was his sister, Mrs. A. L. Palmer, who has been visiting him in Boston.

FIX HYDRANT AND IMPROVEMENT IN PRESSURE COMES

This Announced as Result in Market Square Water Supply—No Loch Lomond Service Tomorrow

It is expected that the recent unsatisfactory tests of the water pressure about the city will be the subject of an interesting discussion at the next session of the water and sewerage board. Workmen from the water department were busy yesterday and today making some changes and repairs to the hydrants at the corner of King and Canterbury streets and on Market sq. It is thought that faulty hydrants may have been responsible for the poor pressure at these points. It was stated that yesterday after some work had been done at the hydrant in Market square, a pressure of sixty-five pounds was registered, whereas the day previous, only forty-five pounds was shown.

Engineer Murdoch said this morning that the Loch Lomond water supply would be turned off tomorrow, Friday morning about 8 or 9 o'clock, and the Little river reservoir supply would be turned on. People on the high levels about the city are advised to draw off sufficient water to last for two days. The engineer expects to be able to make the necessary repairs in that time.

A large gang of men have been engaged for several days digging a trench about 300 feet long, so as to uncover all the weak spots in the conduit, and all is in readiness to go ahead with the work. The leakage is about 20,000 gallons a day. The Little River supply will be sufficient for the lower levels about the city, but on the higher levels there will be a shortage.

You Won't Feel The Cold This Winter if You Are Supplied With a Glenwood Range or an Oak Heater

You can keep your house warm this winter if you have the right stoves in the right places in your house. A Glenwood Range in your kitchen will make it warm and your cooking easy and it won't use as much fuel as an old stove. You will be in money by changing your stove this fall, don't wait till spring. Remember that old stove is wasting fuel and you don't get the heat you should. Buy a Glenwood Range and you will make no mistake. Our Oak Heaters are made in two sizes, 14 and 16, they are A1 in every way. They shake on the side so that you can close up your drafts when shaking, avoiding dust flying all over. The gas consumer in fire pot is another good feature of the Glenwood Oak.

For Any Man Can Buy at OAK HALL as good a Suit or Overcoat as \$25 or \$28 will buy anywhere else

Easy enough to prove this assertion by seeing what you can buy elsewhere for \$25 and \$28.00, and then comparing it with what you can get from us for \$20.

We are sure of our ground. We know what sort of Suits and Overcoats are being sold at \$25 and \$28 in other stores, and we know ours at \$20 are just as good.

You see, when you buy from us you buy directly from the makers, and you get the clothes at practically the same prices other stores must pay at wholesale. This accounts for the difference. And no other store can show such a wide variety of new Styles, Fabrics, Patterns and Colors as you can choose from here.
