Intemperate Christianity.

The intemperate character of poragain upon the platform. He read a contempt.

The meetings held in Chatham last week calls for notice at our hands, inasmuch as there was an evident purpose on the part of those responsible for what was said to not only have the Municipal Council of the County and certain of its members unfairly and uncharitably assailed, but by invading their domestic and business privacy, to hold them up to ridicule and contempt.

We are, in this community, not unacquainted with spasmodic efforts on the part of those who seem to think there is no way of lessening tions of the platform and discuss the prohibition of the platform and discuss the prohibition and then read the nasty reply he had received from Smith, full of dirty personal insimuations—a first specimen, in fact, of what Smith considers to be gentlemauly. Then Mr. Nicholls proceeded to metaphorically skin with a salt the carcass and tan the hide, amid the laughing plaudits of the large audience of ladies and gentlemen. We are, in this community, not unacquainted with spasmodic efforts on the part of those who seem to think there is no way of lessening or suppressing the liquor-traffic, save by means of prohibitory enactments, but, herefore, those who assumed the leadership in such efforts seem to have worked fairly along the lines of decency in public discussion. It has, however, been reserved for the W. C. T. U. to inaugurate a new departure in Christiani Temperance, as in this grant of the ways.
