HISTORIC BUILDING OF KINGS COLLEGE, OLDEST IN CANADA, LAID IN WASTE BY FIRE

Fire Originated in An Upper Room of Steward's Bay and Gradually Spread Upwards and Westward Enveloping Structure.

FROZEN HYDRANTS HAMPERED FIREMEN

By Tearing Down Connections Between Main Building and Memorial Chapel and Science Wing Further Loss Was Averted.

Usual Routine At Boys' Collegiate And Edgell School

The fire which destroyed the historic building of King's College, yesterday, has not affected the Boys' Collegiate School nor Edgell Hill School for Girls. Everybody safe and routine as usual.

Windsor, N. S., Feb. 5.—(By Canadian Press.)—Fire broke out this afternoon and laid in ruins the historic building of King's College, the oldest in the Dominion. The blaze had gained headway when discovered in an upper room in the Steward's Bay, and gradually spread upwards and westward, but giving no students ample time to remove furnishings from the adjoining bays, the chapel and the president's bay.

Two frozen hydrants hampered the work of the firemen, but when a third was tried the chemical engine produced a stream with force sufficient to cover the building. In 1848 the original flat roof was covered with a gable roof, leaving an open chamber, which made a serious draft across the entire building. The fire started in the furthest progress and sent up volumes of smoke which could be seen for miles around. At this stage it was realized that the building was doomed, and the middle bay was soon a fiery furnace, and already smoke was pouring from the upper windows of the president's bay.

The firemen worked heroically. The streams of water apparently made little impression upon the flames at this stage, but by tearing down the wooden connections between the main building and Hensley Memorial Chapel and the new Science wing, further loss of property was prevented.

The vestments, brass tablets and books were removed from the chapel, and the students and citizens moved the apparatus in the Science wing, but all were later replaced. For four hours the fire raged, and now all that stands are the six massive brick chimneys pouring out great volumes of smoke. The original building was built of wood, nogged with stone and brick, with a masonry wall between each of the five bays, and these remain intact.

The University was built in 1791 and given Royal charter by King George the Third in 1802. There was \$45,000 insurance on the building destroyed, but it will not cover half the loss.

Windsor's Mayor tendered to the President and Faculty the sincere sympathy of the town, and offered to supply temporary homes and lecture rooms for the students, so that the work can go on without serious interruption, and already the students are comfortably housed, Windsor's citizens manifesting in this way their sincere sympathy.

A meeting of the Faculty will be held Friday morning to make plans for the future.

Influenza Taking Heavy Toll From Families

Montreal, Que., Feb. 5.—The family of J. H. Roper, 541 Lansdowne avenue, Westmount, has suffered heavily from influenza. Mr. Roper's eldest daughter, Marion Grace, aged twenty, died suddenly on Monday evening of pneumonia after a few days' illness with influenza. A sixteen-year-old daughter, Margaret Yenna, died this morning from pneumonia. The double funeral was held this afternoon. Mrs. Roper is also ill.

Prussian Imperial Council Shares Its Indignation With Ministry

Berlin, Feb. 5.—A declaration was read by the Prussian Minister of the Interior at a public sitting today of the Imperial Council. It said: "The council shares with the German people its indignation at the Entente's demands, and, with the Imperial Government, declares that it cannot be fulfilled. The council appeals against this ignominy inflicted upon the German people to the world's sense of justice. Alluding to this declaration, Dr. Eduard David, minister without portfolio, said there was complete unanimity among all German communities that the demand of the Entente Powers could not be fulfilled by any German Government, which also fitted in with the German Government's policy.

DOMESTIC HERDS OF REINDEER IN YUKON DISTRICT

Royal Commission Hears Evidence Relative to Feasibility of Founding Herds in Northern Part.

Ottawa, Ont., Feb. 5.—(Canadian Press.)—Arguments for the establishment of the Dominion Government of domestic herds of muskox and reindeer in certain sections of the Canadian North was presented to the Royal Commission inquiring into the project by Bishop I. O. Stringer, of the Yukon, and Dr. Alfred Thompson, M. P. for the Yukon, this morning.

Bishop Stringer urged the feasibility of founding herds of reindeer in the northern part of the Yukon similar to those which are now successfully raised on the Alaskan side. His Lordship recommended as herders the Eskimos and Indians of the country east of Herschel Island. This was recommended as a step in the utilization and development of the vast stretches of country there, and as furnishing occupation for the natives. Bishop Stringer spoke highly of the value of caribou meat as food, and in this endorsed the opinion of every witness who had gone before him.

Dr. Thompson stated that he had worked with Bishop Stringer for years on the project to establish domestic reindeer in the territory he represents in Parliament, and he generally endorsed what the Bishop had said. He did not, however, personally like caribou meat, he said. He thought that the experiment in reindeer raising in the Yukon need not necessarily be extensive. With the experience gained by the United States Government authorities in a similar experiment in Alaska the expensive mistakes might be avoided.

In the afternoon Rev. W. H. Fry, a missionary of wide experience in the North, came forward with a brief statement along the same lines, and then Captain V. Bernier, and other well-known Arctic explorers, were called to give their views and experience on the subject of the feasibility of navigating the islands around Bathurst and Melville islands, which would appear the likeliest source of young stock to form the nucleus of the herds of muskox.

St. Storckson, a member of the Canadian Arctic expedition, gave extensive evidence of the habits of the native herds in various sections of the country, and the accessibility of the country. Dr. Anderson, another member of the expedition, will give evidence when the commission resumes its sitting. He was the last witness called and could not be heard on account of the hour.

STRIKE OF 300,000 RY. LABORERS SEEMS VERY NEAR

Detroit, Mich., Feb. 5.—Little hope that a satisfactory adjustment can be reached with United States railroad administration officials to avert a strike of 300,000 members of the United Brotherhood of Maintenance of Way and Railway Shop Laborers was expected, tonight, when a conference of officials of the Brotherhood adjourned until tomorrow.

The men threaten a strike if wage increases averaging forty per cent. are not granted.

CANADIAN DOLLARS LOOK GOOD TO THE IRISH CAUSE

Chicago, Ill., Feb. 5.—Canadian dollars reached par at one place in Chicago today, although at the banks they were quoted at 83 cents, the lowest point on record here. The American friends of Irish freedom announced that they would accept the Canadian dollar at par in the sale of Sinn Fein bonds for the "Irish Republic."

Prussian Imperial Council Shares Its Indignation With Ministry

Berlin, Feb. 5.—A declaration was read by the Prussian Minister of the Interior at a public sitting today of the Imperial Council. It said: "The council shares with the German people its indignation at the Entente's demands, and, with the Imperial Government, declares that it cannot be fulfilled. The council appeals against this ignominy inflicted upon the German people to the world's sense of justice. Alluding to this declaration, Dr. Eduard David, minister without portfolio, said there was complete unanimity among all German communities that the demand of the Entente Powers could not be fulfilled by any German Government, which also fitted in with the German Government's policy.

PARLIAMENT TO OPEN FEB. 26TH IN NEW BUILDING

House Officials Are Already Having Their Effects Moved Into Their New Quarters

Ottawa, Feb. 5.—(Canadian Press.)—The ceremony of the formal opening of Parliament in the new buildings, will take place on February 26 in the Commons Chamber. This has been decided upon by the Cabinet and arrangement of the details has been carried out. The Commons Chamber will be ready for occupation by that time, it is stated, but the Senate Chamber will not be ready this year. Therefore, the Senate will first meet in the Commons Chamber while the Commons will meet in the Railway Committee Room, which is later to be used by the Senate while the Upper Chamber is waiting for the completion of its permanent quarters. On receiving the summons from the gentleman usher of the Black Rod, the members of the House of Commons will move from the Railway Committee Room to the Commons Chamber, where the Senators will be in waiting, and there the formal opening ceremony will take place, and the Speech from the Throne will be delivered.

Most of the Members and Senators rooms are already completed, and some of the officials of the House are already having their effects moved into the new quarters.

Sir George Foster, Acting Premier, stated tonight that there was no doubt that the building will be sufficiently completed to allow of the opening taking place as planned without further delay. In the meantime, all efforts are being turned to completing the essential portions of the building, and while Parliament will meet almost amid the din of saws and hammers, the business of Parliament will be carried on while the rest of the building is being finished up.

LONDON PRESS COMMENT ON ALLIED DEMAND

Chronicle Regrets Allies Have Thrown Away Chief Lever on Germans, by Allowing Prisoners in France to be Repatriated.

London, Feb. 5.—The Manchester Guardian, commenting on the return to Berlin of Baron Von Leutner and the other German war criminals, suggests, as a possible issue of the dilemma, that the International Court of Justice, in Article 14 of the Peace Treaty, or a court internationally established at The Hague.

The Daily Chronicle, which is supposed to reflect Premier Lloyd George's views, regrets that the Allies have thrown away a powerful lever for the exertion of pressure on Germany in permitting German prisoners in France to be repatriated. It is understood that the British Government has no intention of publishing the list of criminals here, yet today's cabinet council discussed the whole question, including the fate of the former German Emperor.

According to an inspired statement, however, nothing will be done until after reference to the Allied representatives in Berlin. Another note to Holland has been drafted, but it will not be presented until after the next meeting of the Allied Premiers which is expected in about ten days hence at London.

PNEUMONIA WIPES OUT FAMILY

Father, Mother and Daughter Buried Within a Day.

Toronto, Feb. 5.—Pneumonia wiped out the family of Charles Mallett, a returned soldier, and this afternoon he and his wife and five year old daughter were buried, the three deaths having occurred within a few days.

In Interests of Science This Man Would Be Shot In Rocket To Mars, If—

New York, N. Y., Feb. 5.—Captain Claude R. Collins, of Philadelphia, has sent to the New York newspapers a formal offer to permit himself to be shot in a rocket from the earth to Mars. He says he makes the offer "in the interests of science," and believes the undertaking can be carried out, but he names several conditions. He wants first to be allowed to make a lecture tour of the United States to arouse people to the need for a better air service; he wants to be insured for \$10,000, and he also makes this little stipulation: "Communication either by radio, light or other means, shall be definitely established with Mars, and a rocket similar to that in which I am to make the leap must be constructed and successfully launched and landed on the planet previous to my start."

Waves and Gales Still Sweeping Atlantic Coast Last Night

Cold, Snow, Ice and High Seas Made it Impossible to Transport Coal to New York and City Faces Fuel Famine—Highest Tide Ever Recorded in New York Harbor—Street Traffic Paralyzed—New England Suffers Severely by Storm and Winds.

New York, Feb. 5.—Huge waves rolled up by a fifty mile gale were still sweeping the North Atlantic coast tonight, while cities and towns along the shore were trying, with indifferent success, to dig themselves out of the deepest snow drifts and out of the most perilous seas. Damage done by the storm was estimated at hundreds of thousands of dollars. Shipping remained at anchor, and the streets of New York and New Jersey were covered with a foot of snow. The health department has stamped the accumulation of snow as a menace in the influenza epidemic.

General curtailment of subway and elevated service will be necessary to relieve the worst coal shortage the city ever faced. New England was battling tonight with the worst blizzard in years. More than a foot of snow had fallen since early morning and the weather bureau promised no relief for tomorrow. A 72-mile an hour wind buried railroad tracks in many cases causing cancellations of schedules. Tonight Boston was practically cut off from its suburbs, the street car lines being blocked with snow. Stores and schools closed today.

Little damage by high tides were reported, although heavy seas pounded the sea wall all day. Practically all shipping, warned by storm signals yesterday, had put into the nearest New England ports before the blizzard reached its height. No boats ran to the Fall River line from Boston to New York.

Maine reported the heaviest storm of the winter. Snow had been falling in Portland since 10 o'clock this morning. Maine cities reported demolished street railway traffic, and the Maine Central Railroad schedules are crippled. Plymouth was isolated tonight. Trains stalled in deep snow blocked the traffic to Boston and Providence. A dozen passengers were confined in the trains which are now covered with snow. A relief train sent out in the morning crunched into the deep drifts and seriously impeded. High ways in the outlying districts were covered with snow and drifts were so

FRENCH FAVOR VIEW OF GREY ON PEACE TREATY

Paris, Feb. 5.—Official confirmation is lacking as to the correctness of the report printed here today that the French Government has instructed Ambassador Jusserand, at Washington, to define the attitude of France towards the proposed Senatorial reservations to the treaty of Versailles.

It is declared on the highest authority, however, that the French Government is aware M. Jusserand has taken the same attitude in the matter as Viscount Grey, British Ambassador to the United States, and that no disapproval of that attitude has been expressed by the French Government.

WOMEN TAKING KINDLY TO THE SOOTHING WEED

Washington, D. C., Feb. 5.—Increased use of tobacco among women during 1919 was "appalling," according to the Board of "Temperance, Prohibition and Morals," of the Methodist Episcopal Church. The Board has issued an appeal to American women not to smoke.

U. S. SENATORS OUT TRYING TO BUILD PRESIDENTIAL FENCES

Washington, Feb. 5.—Owing to the wholesale depletion in the ranks of Senators, caused by political campaigns, the Senate has had to adjourn daily for more than a week for lack of a quorum. Most of the absent Senators engaged in campaigning are candidates for the Presidential nomination.

GERMAN MINISTRY DECLARE THE SURRENDER OF MEN DEMANDED BY ALLIES IS IMPOSSIBLE

The List Received in Germany Contains, Approximately, Nine Hundred Names—Cabinet in Complete Accord on Its Decision—Claimed That Many of the Names on the List Are Not Known in Germany—One Woman on List Who is Wanted for Mistreatment of French Women.

VON BERNSTORFF MOST SURPRISED OF ALL CRIMINALS

Berlin, Feb. 5.—One of the most surprised men in Berlin was Count Von Bernstorff, who, it is stated, is desired by the Allies for his alleged connection with Bolo Pasha. The Count, despite his surprise, seemed to be mildly amused. He declared that he was not afraid to face trial. He added that he was ready to go if wanted, and that he might even put the Allies in a quandary if they attempted to prosecute him.

CHANCELLOR'S STATEMENT

London, Feb. 5.—The Foreign Affairs Committee of the National Assembly will meet Tuesday with the party leaders to decide whether to convene the Assembly, says a wireless message from Berlin. This action is in connection with the complications arising from the extradition proceedings.

Chancellor Bauer, in a statement to the press today said: "Germany finds herself in a critical position similar to that when confronted with the question whether she should sign the Peace Treaty or not. Then, as now, the government tried to reject the so-called clauses of honor. A majority of the Assembly voted in favor of signing the Treaty on June 22, 1919, presuming that these clauses would not become effective. Their rejection by the Assembly was a success and under pressure of the threatened occupation of Germany, they resolved to accept the Treaty in its entirety.

"There was no lack of a sense of national honor. It was known that France longed for an opportunity for her troops to enter Germany for the purpose of separating the North and South. It was an act of self-protection that we did not hesitate to sign. Meanwhile we left no stone unturned to procure a satisfactory solution of the question relating to the handing over of the persons demanded, and we have done our utmost to convince the Entente that we are expected to do what no government, though animated by the best of good will, could comply with. In a discussion with the representatives of the Entente our standpoint was fully appreciated by the United States and Japan and by England's representatives, but not by the official representatives of France.

"We tried to get the list and the charges against those named before the ratification of the Peace Treaty, but we ourselves must take proceedings against them. Our request was refused and our attempt to establish a State Court was frustrated. "Our standpoint was explained in the note of January 25, and we emphasize it. But we shall strictly avoid any provocation. For this reason the government regrets that Baron Von Leutner refused to forward the Entente note. In any such action the interests of the whole nation must be decisive and not the honor of a single individual."

FREIGHT HANDLERS RETURN TO WORK ON N. E. ROADS

Boston, Feb. 5.—Freight handlers at the Boston and Maine and the Boston and Albany Railroad terminals and docks here, who went out on strike a week ago to force the Federal railroad administration to hand down a decision on their wage demands, returned to work today.

BRUSSELS GARRISON NOT SATISFIED WITH FOOD

Paris, Feb. 5.—(Havas.)—A Brussels despatch to the Vingtieme Siecle says that last night soldiers of the garrison of Brussels organized a demonstration against the irregularity in their time of service and the food furnished them. The soldiers formed a procession and marched through the streets.

Commission And Storage Men Predict Drop In Food Prices Soon

Chicago, Ill., Feb. 5.—Prices will drop within ninety days and the country generally will benefit from the decline of Foreign currency, Commission and storage men agreed today. "Lifting of the Federal wheat guarantees on June 30, combined with the large crop of wheat, corn and oats will pull prices down," Adolph Kemper, commission merchant, said today. "The drop in Foreign exchange eliminates us from world trade," E. W. Wagner, broker, asserted. "Diverting of all manufactured products to home markets can't help but end high costs. It is beneficial to America."

Storage houses are overstocked now that the European demand is off, said John E. Rowe, manager of the Western Cold Storage. "There is more food stored than ever before. It cannot be sold," he said, "under prevailing high prices."

INTERESTING LECTURE ON HYDRO-ELECTRIC DEVELOPMENT

W. R. Turnbull, F. R. A.E.S. Delivered Instructive Address to Industrial Committee of Commercial Club and Others in Board of Trade Rooms Last Evening—The Utilizing of the Bay of Fundy Tides the Interesting Feature.

A very interesting and instructive lecture was delivered in the Board of Trade rooms last night by W. R. Turnbull, F. R. A. S., on Hydro-Electric Development. The lecture was given to the Industrial Committee of the Commercial Club, and a number of prominent citizens were also present.

high and low tides, which gave a very graphic illustration of the rise and fall of the tide at that point. A slide was shown of the drainage area of the two river valleys, that of the Petitcodiac, covered 784 square miles; the Memramcook 134, a ratio of 6 to 1. Another slide showed the proposed location of the dams at Hopewell. The western dam would be 4,900 feet long; the eastern 4,500; and a wing dam of 900 feet would connect the two. A roadway could be constructed on the top of the dam for teams, and a line of tram cars thus connecting Albert and Westmorland counties. A lock would be provided in the western dam through which vessels could pass to Hillsborough and Moncton.

Thin Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

The regularity of the tides was shown, and it was stated that the rise, and not the rise, of the tide was the limiting factor in power calculations. The plan had been submitted to an eminent firm of New York engineers, Sanderson and Porter—who thought it a sound engineering proposition, but were in doubt if the population served would warrant such a large expenditure.

Mr. Turnbull by J. Boyden Thomson, the chairman of the evening on behalf of all present.

The chairman announced that the plan proposed would receive the careful consideration of the Industrial Committee and be eventually submitted to the Commercial Club for definite action.

Directors Held Meeting Yesterday

Reports Received at St. John Protestant Orphans' Home Indicated Satisfactory Progress—Still in Need of More Money.

The quarterly meeting of the Board of Directors of the St. John Protestant Orphans' Home was held in the older institution on British street yesterday afternoon, with the vice-president, C. H. Peters, presiding. Reports from the various committees received were of a routine character, but all of them indicated satisfactory progress in the work, especially in connection with the annex orphanage in West St. John, in which nineteen children are now domiciled. Throughout the recent rigorous weather the orphanages on both sides of the harbor were kept well heated and comfortable, and are fortunately free from illness.

EXERCISE AND TONIC TO FIGHT THE "FLU"

These Are Recommended to Persons Whose Constitution is Weak—Build up the Body With "Liv-rite."

Various remedies are given for the purpose of checking influenza, but none is better than plenty of healthy exercise, with proper selection of food and a certain amount of preventative medicine to keep the body in good condition to combat germ attacks. It is very important that the constitution should be strong and vigorous, but if it is weakened something more than exercise and food are required to build it up—there must be proper medicinal treatment and this is found to great advantage in "Liv-rite Tonic."

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its base is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind, Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Go Teach All Nations Beginning at Jerusalem

THAT'S it," says a critic, "beginning at Jerusalem! You should correct paganism at home before going abroad to look for it. I do not believe in Foreign Missions."

The Need of Africa. Africa was first explored by a Missionary who lies in Westminster Abbey, honored by all nations. David Livingstone was succeeded by other devoted men, who gave themselves unreservedly to the people of the Dark Continent.

Remember This. The man who does not believe in Foreign Missions stands today clothed and educated because of Foreign Missions. When did English culture begin? With the visit of St. Augustine, a Foreign Missionary from Rome. Who evangelized Rome? A Foreign Missionary named Paul, of Tarsus and Jerusalem! What if he had gone to the Ganges instead of to the Tiber? Certainly Canada needs more Christianity; but the best way to improve our own spiritual life is to help bear the burdens of the world.

Yet Jerusalem was not Christianized when the Apostles went to Antioch; when Philip was sent to the Ethiopian.

Five Christian Communions in Canada—Anglican, Baptist, Congregational, Methodist and Presbyterian—have an extensive mission abroad. They have sent overseas many devoted men and women. By their work, barriers have been broken down and in every land there is an eager call for more missions, more teachers, more doctors, more hospitals. Now, owing to the declining value of the dollar, it is necessary to double the expenditure in order even to hold the ground won. Until that is done, an advanced Missionary programme can not be undertaken.

Mass Movements in India. India is our brother-land, a loyal British dependency. Illiteracy is the rule. Caste imprisons the people and stifles all ambition. British administration has taught the folk the value of peace. English-speaking Missionaries from Canada are teaching them the value of education and the power of the Name which is above every name. Great masses of the people are asking for baptism, but there are not enough Missionaries to teach them.

A Mandate for Expansion. All men, who think honestly realize that the Gospel of Christ is unique in moral splendor, in spiritual force, in civilizing influence. It redeems the individual and exalts the nation. It has made the modern world of thought, of industry, of progress. It must go out over all the earth to ease international relationships, to put an end to cruelty and misery. There is free entry for the Gospel in every nation under Heaven. Lift up your heads, O ye Gates of India, and be ye lifted up, ye everlasting Doors of China and Japan and Africa, and the King of Glory shall come in.

The Chance in China. China is attempting to develop a democratic spirit before the nation is prepared for it. Many of the leaders go their first glimpse of true liberty in Christian Mission Schools. Now they talk of establishing one million Government primary schools. They look to Canadian Missionaries for help in the establishment of normal courses. Was ever such an opportunity before the Church—to help influence the school teachers of a great, new nation of four hundred million people?

The Call to Action. Canadians, Churchmen or non-Churchmen, you met the charges of the war with cheerfulness, since it was waged to establish righteousness in the earth. Now hear the call of the Churches for adequate means to continue by peaceful suasion the work which for four years was done by batteries and bayonets. Your Church appeals directly to you, civilized and educated by Foreign Missions of an ancient time, to meet your obligation to that same Great Cause today.

The Need of the World. Japan, Formosa, Korea, the South Sea Islands, South America, and not least, the pagans in our own land, need the Gospel. The Missionary is welcomed in all lands. Men everywhere appreciate the spirit of those Canadians who forget themselves in order to serve the suffering and the weary. Idealism in action counts.

The St. John Standard

Published by The Standard Limited, 83 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager and Editor. THE STANDARD IS REPRESENTED BY: Henry de Clerque, Mellers Bldg., Chicago; Louis Kleban, 1 West 24th St., New York; Freeman & Co., 9 Fleet St., London, Eng.

ST. JOHN, N. B., FRIDAY, FEBRUARY 6, 1920.

BUY IN CANADA.

His Worship some days ago remarked that the indignity which Uncle Sam has put upon our Canadian dollar was calling to his national pride, and that he was not going to send any more dollars to an unappreciative uncle for goods that he could obtain elsewhere. With the exchange rate down to 18 1/2 cents, other business men of this community will not only feel annoyed but worried. This Province imports quite a few commodities from the United States, and the exchange rates means that they will have to cast about for goods elsewhere, or jump up prices to the annoyance of their customers. And at present some commodities are not obtainable, except from the United States.

The so-called laws of finance have been behaving rather erratically recently. Uncle Sam—that is the American people—may not be to blame; at any rate it is no good to blame them. Finance is a social institution; its laws are subject to social forces, and in this case are probably not free from influences which aim at group aggrandizement rather than anything else. Political power could do much to stabilize exchange, as it did during the war to a large extent, though Governments are sometimes subservient to the money powers even in war. Uncle Sam is probably not serving his best interests in allowing his financial system to treat Canada as if she were a nation on the down grade. His answer to Mr. King's offer of reciprocity and free trade must be disconcerting to that gentleman. Obliterating the tariff is evidently a difficult matter. Uncle Sam has put a tariff wall around Canada equal to 18 1/2 per cent, and he collects the tariff for his own benefit. The slump in the rate of exchange will have a sad effect on the free trade agitation.

More than ever will there be a sentiment in favor of encouraging home industries and making the country independent of a neighbor which discounts our own money at rates that would make Shylock turn in his grave. The Buy in Canada campaign will have a new meaning and a new strength, and even Commission form of Government may do something more than endorse the principle. More over the exchange situation is likely to create a real live interest in the question of close trade relations with the British countries in the Caribbean. Many of the commodities which we import from the States can be raised in the West Indies and British Guiana; others can be raised in British West Africa, to which country we will have a steamship service this year. By helping in the development of the tropical and sub-tropical possessions of the Empire, Canada can help herself and the Empire.

GOMPERS ON BOLSHEVISM.

Sam Gompers has issued a broadside condemning Bolshevism flatly and finally. He affirms that the internal conditions of Russia at the moment have nothing to do with the merits or demerits of the Bolshevist philosophy of Government. He points out that the Bolshevist definition of a proletariat only embraces a small fraction of the peasants, and even of the factory workers, and hence the dictatorship of the proletariat as practiced in Russia is a tyranny of a fourth or fifth of the people. He quotes from a message from Russian trade unionist to W. A. Appleton, of London, president of the International Federation of Trade Unions, which says that the Bolshevists have split up the reserve funds of the trade unions, throttled labor, suppressed unions, and put down strikes by force of arms and executions. Mr. Gompers is particularly drastic in his condemnation of the features of the Bolshevist system of things which provides for and enforces compulsory labor. He observes that in any American conception of freedom the principle is that above all others fundamental is that there shall be no compulsory labor, no involuntary servitude of the working people. And he warns the labor of America that the autocratic concept which underlies the Russian plan of a minority dictatorship logically breeds the cruelty and intolerance which has marked the history of the Bolshevist experiment.

THE LEAGUE AND EXCHANGE.

United States Secretary Glas is of opinion that it is no part of the business of Government to undertake the righting of the exchange situation; he thinks the task may well be left to private finance. Chancellor of the Exchequer Chamberlain is not anxious to add to the work of the British Government, but he did not turn an altogether deaf ear to the delegation of financial and industrial magnates who waited upon him the other day and urged him to take the initiative in calling a conference of the

world's big bankers and big business men to see if something could not be done to improve an exchange situation which threatens a serious interruption of international trade. Now Sir George Paish, an eminent authority on finance, urges as a means of righting the exchange situation the issue of international bonds guaranteed by the League of Nations.

This would be an extension of the system worked out during the war when the financial resources of the Allies were pooled to provide the combatants with munitions and supplies, and the strong placed their credit at the disposal of the weaker. The trouble at present is that the strongest nation financially is still outside the League, and others may not be inclined to forego the advantages of relatively stronger positions in order to facilitate the movement of trade in the interests of a common humanity.

Whether the British financier's suggestion gets anywhere will depend on the attitude of the United States, and the Secretary of the Treasury does not offer much encouragement. If some such scheme is not worked out under Government auspices, the alternative may well be an international financial trust operated in the interests of the private classes, which may give a new lease of life to Bolshevism.

CANTERBURY STREET ORGANS, ALL AT SEA, ATTEND ORDERS FROM HON. MR. VENIOT

Apocryph of The Standard's comment on the Government's financial statement, The Telegraph observes: "The Standard makes one mistake. It published the figures presented in the Royal Gazette." No doubt the mistake was from The Telegraph's point of view. For reasons which doubtless seem good to it, The Telegraph did not publish the statement which shows an increase of \$2,500,000 in the public debt of the Province, or the balance sheet of current assets and liabilities showing bank overdrafts amounting to over a million on October 31, 1919. The Telegraph cannot be particularly proud of the Government's financial statement for the past fiscal year, or it would probably have printed the whole of it for the edification of the faithful throughout the Province.

If The Standard's allegations were wild, the best way for The Telegraph to refute them is to publish the financial statement in its entirety, and explain it if possible, though an explanation may not be necessary, as, according to the Provincial Secretary, the financial statements of the present Government are so simple that they can be understood at a glance.

The Telegraph pretends that The Standard is excited over the Provincial accounts, which is to say The Telegraph is excited and troubled. The Standard is only seeking light; it does not pretend to understand the Provincial accounts as presented by the Government at a glance. It has a natural curiosity as to how Hon. Mr. Veniot has spent so much money on capital account, and also on current account. It would like to know the why and wherefore of the heavy bank overdrafts. But it has not any fear that even Hon. Mr. Veniot will be able to bankrupt this fair Province.

Unless we are mistaken, Hon. Mr. Veniot will step in where the angels of Canterbury street fear to tread, and tell us a few things about Provincial finances that will be at least interesting.

The Times is evidently not able to understand the Provincial accounts at a glance. When The Standard printed the statement of capital assets and liabilities showing an increase in the Provincial debt of \$2,500,000, The Times suggested that perhaps the increase was due to our old friend the Valley Railway, which by all accounts is going to prove an important factor in the development of this Province, and may cause some of the interests which have heretofore considered New Brunswick their own particular domesticated milk cow to sit up and take notice. When The Standard pointed out that so far as the public accounts showed the increase in the debt was due to Mr. Veniot's expenditures, The Times remarked that anyway two million spent on what Mr. Veniot once called permanent roads and now calls durable highways was not worth bothering about, because the motor vehicle taxes funded would look after the debt. That may be all right. But are the motorists satisfied that the two millions on roads has been well spent? Up to the present Mr. Veniot has spent on his permanent roads a little more than the amount which represents the capitalization of the motor vehicle taxes. Unless the number of automobiles greatly increases, the outlook is not promising. Last year, with a barrel of money to spend on capital account, the Minister over-expended on maintenance by a very large amount.

ONTARIO CONSERVATIVES.

The attitude of Mr. Ferguson, leader of the Provincial Conservatives of Ontario, to the Farmers' Government is more reasonable than that of Mr. Dewar, who apparently wants to make sure of receiving the Opposition Leader's salary. Mr. Ferguson says that to unduly harass the new Government before they have had an opportunity of really getting into office, familiarizing themselves with procedure, of elaborating and enunciating their policies and demonstrating a capacity for carrying those policies into effect would be unfair, unparliamentary; not in accordance with British traditions, and, therefore, not likely to be approved by the people at large.

Canvassing a statement of Mr. Drury that the Government does not intend to initiate legislation, Mr. Ferguson said that the Government would not be permitted to overthrow the principle of responsible government. The Ministry would have to accept full responsibility for its measures and policies.

With the narrow majority possessed by the Drury Government it would evidently be an easy matter to overthrow them, but Mr. Drury's idea of evading this risk by assuming no responsibility for measures brought before the Legislature is a proposal that cannot be entertained, unless responsible government is to become a chimera. So far as the Ontario Conservatives are concerned the new Government will be given every reasonable opportunity to show their capacity, if only for the reason that it is felt the people would resent another election at present without a very important cause.

WHAT THEY SAY

The Grouch Habit.

(Toronto Star) When Sir Robert Borden left Canada he said he was going to take a complete rest. A lot of fuss is being made because he has kept his word.

Jefferson Brick's Way.

(Hamilton Herald) Alluding to the disappointment of Britain and France over the failure of President Wilson to win the support of the senate to the peace treaty and the league covenant, the Chicago News says that the Governments of these nations were not able to understand and take into account "the powerful underlying forces of American national and political life as distinguished from outstanding elements of place and personality." Isn't that impressive! But after all it is only Jefferson Brick's way of saying that in view of the near approach of a presidential election Republican partisans could not afford to allow the President to get any credit for his work at Versailles.

Sounds Easy.

(Exchange) C. F. Higham, member of British parliament, says that every healthy man is a potential earner of \$50,000 a year. Then he tells how to go about it.

"The secret is to get others to work out your ideas," he says. "And to have the courage of your convictions; to say 'yes' and 'no' and stick to it. Don't be too tired when Opportunity knocks at your door. Have an infinite capacity for taking pains. Be ready for any question—for any emergency. Look and act prosperous. Be an optimist—the cheapest thing in the world. Never break your word. Business men are looking for reliable men. Fire yourself from the job that doesn't make you happy. Take chances if you want big chances. Have faith in yourself. You will be judged by what you do, and do do. But no man who works for a minimum wage will ever earn \$50,000 a year."

From A Child Was Constipated

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from costiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided. This, with the use of Milburn's Laxa-Liver Pills to regulate and establish healthy action of the bowels, cannot fail to give permanent relief in the most obstinate cases.

Mrs. Letitia Walman, Orillia, Ont., writes:—"From a child I was always very badly constipated, and I can well remember when quite young, my mother giving me senna tea nearly every morning, and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I am not troubled with constipation any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Benny's Note Book

BY LEE PAPE

Me and Skinny Martin took a walk throo the park Saturday afternoon jest to take a walk and we saw a bunch of little kids standing near the entrants as if they was waiting for somebody, Skinny Martin saying, Hello kids, was you waiting for? and one of the little kids sad, We're waiting for teacher, she's going to tell us about difrent trees and things.

G, Skinny, lets us pretend to tell them, I wispered to Skinny, and he wispered back, G, all rite. And he sed to the little kids, Come on, kids, we'll start to tell you a wile, there aint much about trees we dont know, is there, Benny?

There aint hardly anything, I sed And we started to walk up to the difrent looking trees and the kids wawked in back of us, and I pointed to a tree, saying, Do you know wat kind of a tree that is, kids?

No, sed the kids, and Skinny sed Thats a monkey rench tree, it takes 2000 years to grow and ouy about a second to stop. And we went up to another one, me saying, Heers a grate tree, kids, do you know wat it is? and they sed No, and I sed Its a pickle tree, there aint eny on now, but wen there is you haff to pick them off, and thats wat makes them pickles.

And we started to wawk to another tree and jest then a short lady with long feet came running up, saying, Children wat do you meen by this, didnt I tell you to wait at the entrants? and one of the kids sed, These boys have bin telling us, teacher, theyve bin telling us about the monkey rench tree and the pickle tree and everything.

Wat nonsense, how dare you deform the minds of these little children wen theyre in the formative state? sed the short lady with the long feet.

We didnt know they was, sed Skinny, And we quick wawked away as if we jest remembered a engagement.

MONTREAL MARKET IN BETTER TONE

Montreal, Feb. 5.—Trading today on the local market was quieter than yesterday and the market showed a decidedly better tone, a number of issues finishing the day with net gains to their credit among them being Sugar, Brompton, Canadian Car, Forgings, Detroit, Bridge, Iron, MacDonald, Rior don, Power, Ogilvie preferred, Steel of Canada, and Wayagamack. Sugar made a maximum gain of 2 1/2 points, closing at 83 1/2; a net gain of 2 1/2 points. Car Common recovered the 5 points lost yesterday by selling up to 60. Forgings started off well and rose to 21 1/2, but eased to 21 1/2 in final sale, net gain being 4 1/2 points. Bridge gained 3 points at 103 and Detroit gained 2 at 105; MacDonald netted 2 1/2 points at 17 1/2; Rior don rose 3 points at 17 1/2. Both Steel stocks were strong. Dominion sold up 1 1/2 points to 49 and Steel of Canada sold up 1 1/2 points to 78. Brompton, Wayagamack, Power and Ogilvie preferred closed fractionally stronger.

Spanish River, which was the leader in market activities, 3,030 shares changing hands, sold down to 35 1/2; and the preferred closed at 114. Shawinigan touched 108 and closed 108; Quebec Railway closed at 26 1/2; Dominion Textile at 11 1/2; Steamship common at 72 1/2 and preferred at 78 1/2; Brazilian on further liquidation ended the day at the low of 40 1/2.

Bonds trading was light and without special features.
Total trading: listed, 23,800; bonds, \$87,400; unlisted 1520; vouchers, 106.

Are You Fat? Just Try This

Thousands of overweight people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription.

If too fat, don't wait for the doctor's advice. Go now to your druggist or write to the Marmola Co., 864 Woodward Ave., Detroit, Mich., and for \$1 procure a large case of these tablets.

They reduce two, three or four pounds a week without exercise, dieting or any unpleasant effect whatever. If too fat, try this today.

WON HONORS. RUBY E. SILPP, of Central Hampstead School, Queens county, won second prize in the Victory Loan Competition and has received a cheque for \$5.00.

THE DEPARTMENT OF AGRICULTURE

Entomological Branch, Memorandum to Importers No. 1.

Regulations of quarantine 27 of the Federal Horticultural Board, United States Department of Agriculture, which went into effect on June 1st, 1915, contains the following paragraph: "Permits are not required for nursery stock and other plants and seeds, not under quarantine or regulation, entering the United States for immediate transportation in bond to foreign countries."

In accordance with this clause of the regulations plants with soil on their roots are not permitted to be transported via rail or overland to Canada from United States ports, but must proceed by water to Canadian ports and thence by rail to destination, as such plants are not permitted entry into the United States. In order to avoid delay caused by circuitous and congested transportation Canadian importers ordering such shipments of plants from Europe, are advised to consider routing them direct to Canadian ports.

Try This If You Have Dandruff

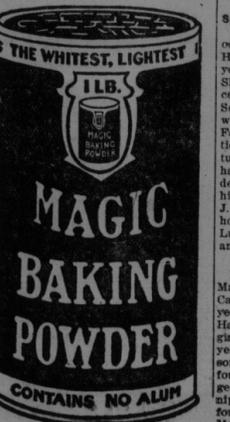

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night with the retting; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

FUNERALS.

The funeral of Walter Whipple was held yesterday morning, the cortege leaving his late residence, 731 Main street, at 8:30 o'clock to Holy Trinity church, where a solemn High Mass of Requiem was sung under direction of Rev. Mgr. Walsh. Interment was made in the new Catholic cemetery.

Walked The Floor Fighting For Air

Had a Weak Stomach for Years, Feels Like Old Self Since Taking Tanlac.

"I can swing my hammer as good as ever for I have been made over into a new man since I commenced taking Tanlac," was the statement made the other day by Roy Steeves, a well-known blacksmith living at Dover, West County, New Brunswick.

"For four years I suffered from stomach trouble," he explained, "and during the past year I was so bad off I could hardly hold up under the strain. I could not eat a meal without feeling nauseated afterwards, and I bloated up with gas and felt so stuffy and tight I had to get up in the middle of the night and walk the floor fighting for air. My sleep, of course, was restless and as my work requires a lot of stooping, I got so weak and rundown I could hardly get about the shop. I spent a lot of money and tried many different medicines, but none of them did me any good."

"One day I went to the drug store at Rollaborough and asked the druggist if he could recommend anything for stomach trouble and he said try Tanlac. So I took his advice and I want to tell you I commenced to feel better in just a day and now all signs of indigestion have left me and I am in better health than I have been in years. My appetite is fine and everything I eat agrees with me without a particle of trouble. I sleep sound at night, am feeling like my old self again, and can recommend Tanlac in the very highest terms."

Tanlac is sold in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative—Advt.

OBITUARY

Marion Silver. Digby, Feb. 5.—The friends of Marion Silver, the well known pianist, will be pleased to learn that she passed away at the G. B. Hospital, Halifax, after an illness of about three weeks. She is survived by two daughters, Celeste, stenographer at the Workmen's Compensation Board, and Elizabeth, at home; also one son, Herbert. Mrs. Silver was a daughter of the late Israel Burill, of Weymouth, and was the widow of Mrs. A. E. McSwaney of Moncton.

Reuben Addington. Digby, Feb. 5.—The death of Reuben Addington, Little River, has taken place at the home of his brother, William Addington, at the advanced age of 83 years. He was only sick a few days. He leaves to mourn behind his brother mentioned, another brother, Hanford Addington. The funeral service was conducted by the pastor, Rev. G. C. Durice.

Edward Walker. Digby, Feb. 5.—Edward Walker, at one time quite a prominent business man in Digby, having been proprietor of the Myrtle House and engaged in other pursuits, died at Marshfield town on Wednesday, aged 75 years. The funeral will take place tomorrow, Rev. Wm. Driffield officiating.

Mrs. George Muise. Digby, Feb. 5.—The troubles never come singly has been exemplified in the case of George W. Muise, of this town who, in fourteen months, has lost both his wife and his daughter. The death of the latter taking place in the Victoria General Hospital, Halifax, early yesterday morning. Mrs. Muise was either the youngest daughter of Mr. and Mrs. Louis LeBlanc, of Comeauville, and leaves besides her parents and husband, two sons and daughter, the oldest being but five years old, the youngest twins being three months old. She also leaves three sisters, Misses Rose and Emma, of Comeauville, and Mrs. Wm. Theriault, of Digby, and two brothers, William and Joseph, of Comeauville. The remains will arrive this afternoon.

Harry F. Morton. Penobscot, Feb. 5.—Harry F. Morton, a respected resident of this place died suddenly early this afternoon at his home here. He had been in ill health for about two weeks past, but had been up and about, and the end came unexpectedly from heart failure. He was well known throughout Kings county, and was a man much respected by all who knew him. He was forty-eight years old, and a son of the late William Morton. He is survived by his aged mother, a widow and three young daughters.

Mr. Morton was engaged in the lumbering and insurance business, and enjoyed a wide acquaintance among the people of the county. For several years he was a councillor for the Parish of Cardwell, and he took an active part in public affairs. He was an ardent Liberal in politics. The heartfelt sympathy of the community will be extended to the bereaved relatives. Mr. Morton will be greatly missed and sincerely mourned in the community.

Charles Sheridan. Special to The Standard.

Moncton, N. B., Feb. 5.—The death occurred this morning at the Moncton Hospital, of Charles E. Sheridan, youngest son of Col. and Mrs. John Sheridan, of Buctouche, N. B. Deceased was twenty-three years old in September. He had served three years with the Canadian Expeditionary Forces, returning in June. An operation was performed yesterday for ruptured appendix, but general peritonitis had already set in and caused his death. The deceased leaves, besides his father and mother, two brothers, J. Leigh, of Winnipeg, and John E., at home, and three sisters, Mrs. A. H. Lund and Helen, of Waterville, Mass., and Blanche, at home.

Mrs. Mary Casey. Moncton, Feb. 5.—The death of Mrs. Mary Casey, widow of the late John Casey, C. N. R. conductor, occurred yesterday at the home of her son, Harry Casey, C. N. R. locomotive engineer in this city. Deceased was 72 years of age, and is survived by five sons, one of whom is William Casey, formerly of Halifax and St. John, now general agent of the C. P. R., at Winnipeg. Another son is Fred Casey, formerly of C. N. R. ticket offices Moncton and Halifax.

The Methodist National Campaign

The objectives of the eastern conferences in the forthcoming financial drive of the Methodist National Campaign are:—New Brunswick and Prince Edward Island \$150,000; Nova Scotia, \$150,000; Newfoundland, \$90,000, and Montreal, \$475,000.

Although Roble street church, Halifax, has won for Nova Scotia the honor of claiming the first city church in the denomination to surpass its financial objective, New Brunswick and Prince Edward Island promised an interesting race all next week.

Newfoundland under the experienced direction of Mr. Albert Soper is expected to do well. Bermuda is well organized as a district of the Nova Scotia conference.

Of the \$4,000,000 for extension and \$1,800,000 for maintenance which the whole denomination is to raise, the Toronto conference is to provide \$1,100,000 and the four western provinces \$1,065,000.

Eleven wealthy Toronto men have already subscribed \$440,000. Montreal special subscriptions total \$215,000 already. One Winnipeg citizen has given \$50,000.

To Brock, Saskatchewan, goes the honor of being the first circuit in Methodism to reach and pass its financial objective. Two Ontario farming communities have also gone well beyond the mark.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestives are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

How Any Woman Can Remove Hairy Growths

(Beauty Culture)
It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.

To Our Readers

Our publication starts 1920 firmly entrenched in these prosperous Maritime Provinces. We have been turning out a good paper, but it is our ambition to turn out a much superior one. We are going to have a three full page three-color comic feature each week, and "BRINGING UP FATHER," which is without doubt the finest comic on the market.

In addition we are arranging to have more pictures of Maritime Province interest, and instead of having our illustrated section printed in ordinary colors, we are negotiating to have it rotogravured—similar to the illustrated sections of the great American Sunday paper. We are also adding as a permanent feature, up-to-the-minute Sport and Children's pages.

All this costs money. Perhaps you don't realize that the price of a copy does not pay for the illustrated section alone. In order to improve the quality of The Leader so that it will meet all competition, starting from the first issue in February the retail price will be 10c. Copy on news stands OR \$5.00 a year by mail.

Thistles Won From Truro

Four Rinks a Side Curled Yesterday When All Local Rinks Won—Total Score Was 65 to 42.

After successfully winning from St. Andrews Club on Tuesday night and then proceeding to Fredericton and capturing the McLaughlin Cup the four rinks of Truro curlers arrived in the city yesterday and during the afternoon and evening tried conclusions with the Thistle curlers with the result that the Nova Scotians were defeated by a total score of 65 to 42.

In the afternoon the rink skip, A. D. Malcom of the Thistles defeated Skip H. A. Debie by a score of 21 to 10, while Skip W. A. Shaw trimmed W. H. Semple the visiting skip by a score of 14 to 11, giving the home curlers a majority of 14 points for the afternoon play.

The Thistles were apparently not satisfied with this local of the afternoon for in the evening play Skip J. S. Malcom defeated Skip F. Bextor by a score of 13 to 7, while Skip F. A. McAndrew won from the Truro Skip, C. F. Cox, by a score of 17 to 14, giving a majority of nine points for the evening or a total day's score of 65 to 42.

There was quite a large crowd of curling fans at the rink both afternoon and evening and naturally enjoyed witnessing the local winning from the visitors. The following scores by rinks shows that every one of the Thistle rinks won over their opponents:

MARITIME CHAMPIONSHIPS.

The Y. M. C. I. has announced the events scheduled for the Maritime championships to be held here under its auspices. Gerald Tracy, who won honors in the meet last year, has sent in his entry. The programme so far arranged for this year, follows: 200 yards, 440 yards, half mile, one mile and three mile championships, in addition to 440 yard dashes for novices and for boys of 13 and 16 years respectively. There will also be relay races; one for high schools, in which St. John, Rothesay and Sussex are entered, and the other contest between St. Peter's, Y. M. C. and the Victoria rink.

GOLF CHAMPIONSHIP.

New York, Feb. 4.—The opening golf championship tournament of Great Britain will be held over the links at Dealon, June 21, 22 and 23, according to a cable received here last night.

Acadia College Lost To The U.N.B.

Fast Game Played in Wolfville Last Night When the New Brunswick Team Won by Score of Three to Two.

Wolfville, N. S., Feb. 5.—The University of New Brunswick team tonight defeated the Acadia College team by a score of 3 to 2 in one of the fastest games of hockey ever played in Wolfville. Over one thousand witnessed the game, and the excitement at times was intense. There was no score in the first period. Near the end of the second period, U. N. B. scored one goal in the third period. Acadia scored twice, and U. N. B. also called two.

Men's Banquet Held At St. Mary's Church

Seventy-Five Male Members Enjoyed Repast Last Evening Supplied by the Ladies—Excellent Programme Including Address by Bishop Richardson.

A men's banquet was given in the St. Mary's Church school rooms last evening by the ladies of the church, and seventy-five men members of the congregation sat down to an enjoyable repast. The tables were beautifully decorated, red being the outstanding color.

The tables were in charge of the following ladies: No. 1, Mrs. Wm. Redmore and Mrs. J. A. Selfridge; table No. 2, Mrs. W. J. Alexander, Mrs. H. Emery, table No. 3, Mrs. R. Henderson, Mrs. E. A. Lawrenson; table No. 4, Mrs. W. Yeoman, Mrs. E. E. Whitaker. These ladies were assisted by a staff of young ladies of the church.

The cake room was in charge of Mrs. G. Redmore, Mrs. T. Needham, Mrs. H. H. McCurdy, Mrs. T. Shibley. The general convener was Mrs. S. Willis, and Mrs. R. Taylor McKim and Mrs. F. J. Wright poured.

Following the supper, a programme was carried through, in which songs were rendered by Thomas Guy, P. J. Punter, W. C. Parker and DeWitt Cairns. This was followed by the address of the evening, delivered by His Lordship the Bishop of Fredericton, who stated that he was always glad to attend an affair in St. Mary's, and he congratulated the church on its showing in the diocese, which in some respects showed an example. He also made mention of the excellent work that was being carried on in the cathedral church, St. Bartholomew, at Daubrook. His Lordship made a strong address on the Forward Movement.

Addresses were also delivered by R. I. Carlous, E. A. Lawrenson and A. C. Skelton. Teams were formed to do the canvassing in the Forward Movement, and six captains were chosen, as follows: R. I. Carlous, D. C. Fisher, H. R. Coleman, E. A. Lawrenson, L. E. Whitaker and William Redmore.

The evening was greatly enjoyed by all.

Moncton, Feb. 5.—The Campbellton hockey team defeated the Moncton Victorias in the local rink tonight by a score of 5 to 2.

Fine Lecture By Dr. Spangler

Art Club Members Given An Insight Into Works of Rembrandt—Address Delivered at Studio Last Evening.

An appreciative audience that comfortably filled the Studio, attended the opening of the Art Club Supplementary Lecture Course last evening and enjoyed Dr. H. L. Spangler's clever and interesting address on Rembrandt, the Master of Chiaro-Scuro. Dr. Spangler said that Rembrandt saw things as they were, and what makes him a truly great artist, is that what he saw three centuries ago, and reproduced on the canvases or the copper, we may see today, and he is a greater man than he was three centuries ago, for only the last century has been coming into his own. Rembrandt was famous when virtuous public at the age of forty, deserted by those whom he helped to make. He struggled on for fifty years painting, etching, till eyesight failed and at last painting a picture of himself with drooping head and folded hands, an old man without wife or child waiting for that relief when death pressed down those tired wrists and shut out forever those tints of vibrant colors and lines that he only in all the ages has been able to reproduce. His models were typically Dutch, his pictures showed a number of pictures and etchings, describing most minutely their particular beauty or faultiness.

Dr. Spangler presided and a hearty vote of thanks were given to the lecturer for his splendid address.

WAR OF CLANS EXPECTED TO TAKE PLACE IN CHICAGO

Chicago, Feb. 5.—War and whole sale killings are imminent in this city, the police say, before the murder of "Mossy" Enright, chief of feudists and leader of gunmen, who was killed Tuesday night as he sat in his automobile in front of his home, is captured. Enright was the twenty-third victim of Chicago labor feuds.

Police say his fate was decided upon weeks ago, and gunmen shadowed him since, biding their time. He must have known his doom was sealed.

Now, say the police, the Enright clan has sent out the call for revenge, and at least ten more killings are probable before the police make an arrest.

THE CITY LEAGUE.

MANY DEATHS FROM INFLUENZA IN TORONTO

Toronto, Feb. 5.—There were twenty deaths from influenza and pneumonia registered in Toronto yesterday; eleven of these being recorded as due to influenza, a new high record. By noon today eleven more from the two diseases had been recorded. The epidemic, however, is not making nearly as rapid progress as in the fall of 1918.

Chief Justice Falconbridge is reported to be a victim of pneumonia and it will probably be some time before he will be in a position to resume his work.

Osgood Hall and lawyers offices are hard hit by the sickness. One lawyer reported that twelve of twenty one in his office were off duty as a result.

FOOD MINISTER RESIGNS FROM THE BRITISH CABINET

London, Feb. 5.—According to the Daily Sketch, G. B. Roberts, the British Food Minister, has resigned. The newspaper adds that the resignation of the Minister does not imply disension of the cabinet, but declares it was promoted by the example set by Mr. Roberts' labor colleague, George Wood Burnes, Minister without portfolio, with whom he joined the Cabinet and who resigned last month.

Somerworth Boy And Aline Matched

Houlton and Woodstock Horses Will Race on River Ice Friday Afternoon, Feb. 13, for \$400 Purse.

Woodstock, Feb. 5.—The sports of Woodstock and Houlton met this afternoon and made a match race between Somerworth Boy, 2:18 1/2 owned by T. V. Holdaway, of Houlton, and Aline 2:08 1/4, owned by Walter Mott, of Woodstock, for a purse of \$400 on the river ice here on Friday afternoon, February 13. Houlton horses will also be here on that afternoon to try their speed with Woodstock horses. These two horses met in a match race for \$400 in Houlton last week, Somerworth boy proving the winner, time 2:13, 30 3/4, 31 3/4 and 32. It took four hotly contested quarter mile heats to decide the winner, and there was never more than half a length between them, with the third heat a dead one.

LARABAR OF HALIFAX DEFEATED BROOKS

The room in the Oddfellows' Hall was too small to accommodate the crowd that attended the wrestling bouts held last night under the auspices of the Teamsters' and Chauffeurs' Union for the benefit of members who are unable to work at the present time. There was a couple of good preliminaries and the final bout was between Brooks of St. John and Larabar, of Halifax, and it was stated that the match was for the Maritime Provincial Welterweight Championship, and the Halifax man won the bout in two straight falls.

ATHLETICS AT LOSS.

Cambridge, Mass., Feb. 5.—Athletics at Harvard during the academic year 1918-1919 were conducted at a loss of more than \$30,000, according to the report of the manager and treasurer, Fred W. Moore, made public tonight. The omission of Varsity football was largely responsible for the deficit.

INVITATION TO SWIMMERS

New York, Feb. 5.—An invitation to American swimmers to compete in the Canadian Amateur Championships have been received by the A. A. U. The Canadian Amateur Swimming Association states the events are as follows: February 20:—50 Yards for men; 50 yards for women; 21st:—20 Yards for men; 100 Yards for women.

FIRE DESTROYS PORT EXCHANGE AT FORT GREBLE

Newport, R. I., Feb. 5.—The post exchange at Fort Greble, one of the island defences of Narragansett Bay, was destroyed by fire today. The artillerymen of the fort, fighting the flames in a blizzard of high velocity, saved post headquarters the Service Club and hospital, notwithstanding a scanty supply of water.

Now, say the police, the Enright clan has sent out the call for revenge, and at least ten more killings are probable before the police make an arrest.

CHARLEY GORMAN TO GLACID LAKE

Committee Appointed to Raise Subscriptions to Send Fast Skater to Represent City at International Races

A committee of citizens have been appointed by Frank White to raise subscriptions to send Charley Gorman to Glacid Lake, New York, to represent this city in the international race. If the subscriptions should prove unsuccessful, an outside city has asked Gorman to represent them.

It is hardly probable that the sporting people in St. John can afford to let an outside town take Gorman to represent them in the international race, when this city has the larger Canadian towns in winter sport. That Gorman is the best man this side of Toronto is the belief of those who have witnessed his fast work.

Some Canadian Political Topics

Toronto Telegram and Its Views on Free Trade—London Free Press on the Tariff—Hon. Mr. Caron on City Dwellers.

Hon. W. E. Raney Has Draped the Trough of Patronage in the Altar Cloth of Merit.

(Toronto Telegram.) Two Laurier anti-conscriptionist candidates and one Knight of Columbus leader are the beneficiaries of the merit system that Mr. Raney has established in the Attorney-General's department. Two anti-Laurier conscriptionists and one Orange leader might be remembered as the beneficiaries of the patronage system that Hon. L. B. Lucas operated, the patronage system that Hon. W. E. Raney abolished.

The abolition of patronage may be possible and desirable in the Attorney-General's distribution of retainers. Mr. Raney's predecessors invited their political friends to feed at the trough, and called that trough by its right name—a source of patronage. Hon. W. E. Raney invited his anti-conscriptionist and Knight of Columbus and Socialist friends to feed at the same old trough of patronage.

But Hon. W. E. Raney calls that trough by its wrong name—an altar of merit.

The Tariff.

(London Free Press.)

The tariff has admittedly become one of the most important issues before the people. That issue, however, cannot be dealt with effectively and intelligently short of the report which is to follow the inquiry about to be made. It is necessary in a matter of vital consequence such as tariff changes that there should be the widest possible grasp of the situation, not by a few who have fostered certain ideals, but by the community as a whole. The forthcoming Parliament hence cannot be in a position fully to deal with the tariff. Another session will be necessary before this can be done. If tariff demands are coming from any quarter it is from the farmers, but it is noteworthy that the farmers of Alberta have thrown over Hon. Mr. Caron for their president, Mr. Wood, who is favorable to direct action at Ottawa. The disposition among the farmers to cast off the tariff and to substitute direct taxation upon land and incomes is not nearly so prevalent as some farmer-leaders appear to think. The whole matter is one that will bear discussion and careful action before the country is rushed into a general election.

Another consideration which does

Night Coughs Prevent Sleep WEAR OUT THE SYSTEM

The dry, hacking cough, cough, day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Pine Syrup a remedy without an equal for curing coughs and colds, soothing the lungs, loosening the phlegm, strengthening and healing the breathing organs and fortifying them against serious pulmonary disease.

Mrs. Fred Fairburn, Copper Cliff, Ont., writes:—"I caught a heavy cold, got a sore throat and had a terrible hacking cough that I could not get rid of. I could not sleep at night. I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles my cough was all gone.

It seemed to loosen the cough right away so that I could spit up the phlegm that gathered in my throat, and also took that hot, raw, burning fever out of my bronchial tubes. I feel that Dr. Wood's has no equal."

A COUGH IS A WARNING

It means that your throat and lungs are sick—they need immediate attention.

HAWKER'S TOLU AND CHERRY BALSAM

not only cures coughs and colds—it cures the cause as well. It expels the germs and soothes and heals the bronchial tubes.

Read what Thomas McAvity, Esq., St. John, N.B., has to say:

"I take great pleasure in stating that I have used Hawker's Tolu and Wild Cherry Balsam in my family for years, and find it an excellent remedy for coughs and colds."

Sold by all druggists and general stores. The same price everywhere—25c. & 50c. None genuine without the Company's name.

not favor the idea of an immediate appeal to the voters is that the decennial census will be taken next year, following which there will be a distribution of seats. Is it desirable that an election should take place upon the electoral divisions of ten years ago when by waiting another year we may have a new Parliament chosen upon a new deal as concerns population?

Free Trade is Ontario's Fate.

(Toronto Telegram.) On the issue of free trade, Hon. E. C. Drury has challenged Ontario protection to battle.

Ontario must "take up the quarrel with the foe" of protection and the Drury Government must go down.

Ontario is not permitted to judge the Drury Government on the merits of its administration. Mr. Drury was barely called to the Premiership when a new Premier insisted that the big issue in Ontario politics related to the merits of Free Trade as against Protection.

Ontario's interests demand that the Premiership of Hon. E. C. Drury shall be terminated in open battle on Free Trade and every other question that Ontario recognizes as a big issue. Ontario's interests do not demand that Hon. E. C. Drury's Premiership shall be assassinated in the dark alleys of any small intrigue.

Newspaperless City.

(Toronto Mail.)

There is no revolution in Winnipeg now, but the arrested service of the daily newspaper press there is none the less a serious matter for the city. In so large a centre all interests suffer if the newspapers fail to appear. To the newspaper producers themselves the suspension is a cause of heavy loss, but to what other business is it not also a loss? Not until people have to do without the service the daily newspaper readers do they realize how immense is the part it plays in the social, commercial, industrial and financial life of the community. A man may know much about many things, he may be full of knowledge with various arts and sciences, but how helpless he is if he knows nothing about what is going on! The time to buy raw material or other stock comes and the business man misses his chance because the newspapers are held up. The time to sell his output passes and he loses a golden opportunity for the same reason. The man who has a close business relations with dies and he has no word of it. The welfare of his friends is a matter about which he is kept worrying because he has no information about epidemics or other trials through which they may be passing. What other agency would be so much missed as that message-bearer, the daily paper?

Time is Opportune.

(La Presse.)

"The time is opportune to begin to work for the establishment of the exhibition. Canada, like all other countries, is actively engaged on economic reconstruction. There is need to make, as it were, an inventory of our national productions and compare them with those of other countries, both from the agricultural and industrial standpoint. The better way to do this is to hold an exhibition and invite all the nations of the world to take part." La Presse has no doubt that the response will be unanimous, and the newspaper congratulates Mr. Miles on having taken the initiative in a new movement which, it is hoped, "will this time lead to a definite and practical result."

A Cry of Alarm.

(La Presse.)

"The Hon. Mr. Caron, provincial Minister of Agriculture, has just declared before the Agricultural Committee of the Assembly, that if conditions continue to exist in the manufacturing centres as they are today, drawing as they do all the young men from the land, the workmen in the cities will very soon be reduced to enforced idleness and poverty. This is a serious cry of alarm which provincial and federal legislators ought to heed."

Judge—Have you anything to offer the Court before sentence is passed on you?

Prisoner—No, your honor; my lawyer took my last dollar.

"Will, the doctor says I must have a little change."

"Sorry, dear, but I need it all for car fare."

TO LEARN TELEPHONE OPERATING

Requirements: Courtesy, Intelligence, Grade Eight Education

TELEPHONE OPERATING requires special knowledge and training, which is given in the School for Operators. Not only is this instruction given without charge, but the company pays you a salary while you are learning. In many lines of work a girl has to give her time for several weeks, or even months, learning a trade, and often in addition has to pay for the instruction. When the trade is learned and she is fitted for a position she frequently has to wait more weeks or months before she can secure one.

Upon successful completion of the Telephone School Course, you are assured a position at once. Rapid promotion to responsible positions is possible for girls with ambition and intelligence, who are alive to requirements of a present day business woman at salaries in excess of most other lines of business.

Why Favor the Hold-Ups?
(Edmonton Bulletin.)
The law permits revolvers to be made and sold, but forbids people to carry them. Result: law-keeping people do not carry revolvers, while crooks do, and hold-up men are therefore able to operate with security and profit. It is not about time the law—which forbids honest people to protect themselves by carrying revolvers—undertook to protect them by prohibiting the sale of revolvers!

The Want Advt. page of a Montreal newspaper recently displayed three advertisements that should start people thinking. "Window cleaners wanted; we pay from \$35 to \$40 a week." "Pressers on men's coats, \$40 to \$48 a week." "Protestant teacher for Cote St. George school, County of Kent, salary, \$40 a month." When window cleaners and pressers can earn as much or more—in a week as a teacher can earn in a month, one gets a new idea of the value some

THE WEATHER.

Toronto, Feb. 5.—The disturbance which was off the south Atlantic coast last night is now situated near the coast of Connecticut. It is already causing increasing winds over the Maritime Provinces, accompanied by snow over the southwestern portion. Elsewhere in Canada the weather is fair and the Western Provinces quite mild.

AROUND THE CITY

LIQUOR TRANSFERRED. A team load of seized liquor was removed from the Inspectors' rooms on Prince William street, yesterday, to a warehouse.

TAKEN TO FREDERICTON. Chief of Police Finlay arrived from Fredericton to take Mrs. Bessie Forster back to the capital, where she is wanted in a domestic case.

IMPORTANT WOMEN'S MEETING. Dr. Roberts, Minister of Health, will speak on a subject of vital interest to women in the Board of Trade Rooms tonight at 8 o'clock. All women are invited to attend.

A SLIGHT FIRE. The fire department was called to Gilbert's Lane yesterday morning to quench a small blaze that started in a car loaded with apples. The fire started from some oil that was being poured into a heater.

THE POLICE COURT. Three prisoners comprised the dock which faced Judge Honor Judge Ritchie at the opening of the police court yesterday morning, two of them were up for drunkenness and were remanded. William Perry arrested for lying and lurching was also remanded.

CASES OF FLU. The number of influenza cases in the city and county, St. John went up to forty-six yesterday, when several additional cases were added to the previous list reported to T. M. Burns, secretary of the Board of Health. Of yesterday's seven cases, four were in one family.

INTERESTING LECTURE. A large number were present at a very interesting illustrated lecture given last evening by the Christian Mission Society in the Coburg street Christian church by the pastor, Rev. Mr. Appleman. A number of slides were shown on India, Africa and the Philippine Islands. A silver collection was taken.

UNVEILING TODAY. This afternoon at 3 o'clock a memorial tablet to Major J. L. Duval, M. D., C. A. M. C., will be unveiled in the General Public Hospital. Brig-Gen. Macdonell will officiate and the unveiling will be in the presence of the staff members of the St. John Medical Society, Women's Aid, nurses, etc.

County Secretary Kelley said yesterday that the tenders for the erection of the Nurses' Home will close on Monday next, and a meeting of the St. John County Council will be held at the first possible day afterwards, probably Wednesday or Thursday. The St. John County Hospital Commission will meet next Thursday.

APPEAL GRANTED. The Board of Trade, which made an appeal to the Canadian National Railway Board for a return to the ten days' free time on lumber at St. John, received a telegram from the Canadian National Railways yesterday, morning advising them that the ten days' free time on lumber will be restored, effective from first instant.

COLORS RECEIVED. The colors of the 132nd North Shore (New Brunswick) Battalion, which was raised and commanded by Col. G. W. Mervisen have arrived from England and are at Military headquarters where they will be held until arrangements are made for their permanent placing in some definite place in the area where the 132nd was raised.

Two-story brick dwelling, 116 Wright street, owned by F. P. Starr, to Aubrey S. Hood, of Messrs. Ferguson & Page. Dwelling owned by Aaron Eaton Estate, located at 37 Mecklenburg street, to Sherwood A. M. Skinner. The above properties were recently sold by The Eastern Trust Company.

ST. JOHN SOCIETY OF MUSIC To Give Second Concert. The St. John Society of Music will hold their second concert in St. Vincent's Auditorium, February 9th, at 8 p.m. Following up the success of their introductory concert in December, the society will present to their members, a programme that will be greatly appreciated by lovers of good music.

It is understood that several well known local artists will be heard to advantage, and members of the society will hardly miss the opportunity of attending the concert.

Y.W.P.A. Undertakes Membership Canvass

Meeting Last Evening Addressed by Dr. Farris and Mrs. M. B. Edwards—Association Will Endeavor to Get One Thousand Members for Anti-Tuberculosis Society.

Another opportunity for assisting a good cause was placed before the Young Women's Patriotic Association, last evening, when Dr. Farris and Mrs. M. B. Edwards asked for the active co-operation of the Y. W. P. A. in a campaign for one thousand members for the Society for the Prevention of Tuberculosis. The meeting was held at the G. W. Y. Rooms. In the absence of Miss Brock, the president, Miss Alice Fairweather, first vice-president, presided.

A request was heard from the Free Kindergarten Association for workers on their tag day, February 10th, and the sum of ten dollars was voted to this cause. Money for coal was voted to a needy family, and reports were received of two other cases which have been assisted. Members were asked to help the Navy League concert on Monday. A letter of thanks from Lady Dorothy Cavendish, for crosses sent to her was read by the secretary, Miss Frances Alward. A copy of a telegram sent Miss Jessie Church, Calgary, was read by Miss Dodge. A report was received of work done on the Hostel Committee, and of a meeting of the Returned Soldiers' Reception Committee.

Committees for the branches of work were appointed. Conveners as follows: Relief, Miss Charlotte Dodge; Hospital, Miss Boyer; Seamen's Institute, Miss Upham; Entertainment, Miss Dixon; Telephone and Press, Miss A. Sherwood; Park, Miss Collins. Dr. Farris paid a high tribute to the work accomplished by the Y. W. P. A. in so many ways, and said that their help was wanted now to support the fight against germs and diseases as they had supported the men who fought against Germans. The public needed to be taught that tuberculosis was a preventable, curable disease; that there was a free dispensary where treatment is given, and that it is necessary to show people how to eat sensible food, live good lives, and keep clean, so that this disease may be stamped out. He stated that he is strong for prohibition, for at least twenty persons had blamed liquor as the cause of their disease, and he knew of many more cases where if money had not been spent for liquor those afflicted might have been saved.

Dr. Farris denied a report that many people did not recover at the East St. John County Hospital, saying that a death is made public, whereas the numerous cures may not be heard of. At least thirty persons sent for treatment had been discharged from the Hospital as not having tuberculosis. Showing the great necessity of education, he cited cases where patients would not allow patients to remain until completely cured, and told of the way in which disease may be spread.

A vote of thanks to Dr. Farris for his splendid address was moved by Miss Bolton, seconded by Miss Sara Collins. Mrs. M. B. Edwards then told in what way education may be spread among the public and outlined the campaign. It was moved by Miss Irene Harbour, seconded by Miss Burham, and passed that the Y. W. P. A. take up this work. Miss Harbour appointed a committee to distribute the one thousand cards. Dr. Farris and Mrs. Edwards were assured that the Association would do all in their power to forward the health measures so well described if by so doing they could save lives which might otherwise be lost.

KING'S DAUGHTERS' BIRTHDAY SOCIAL

The Opportunity Circle of the King's Daughters' Guild of which Mrs. H. W. Robertson is the president, held a birthday social in the Guild last evening.

Much pleasure was afforded all present and the affair was pronounced a success both financially and socially. The fancy work and home cooking tables were presided over by Mrs. J. J. Gordon and Mrs. P. B. Paterson. Mrs. C. O. O. Foss and Mrs. Fred Nichols. The programme consisting of piano duets by the Misses Enid Hutchinson and Beryl Blanche, and solos by Mrs. A. Pierce Crockett and Miss Enid Hutchinson, was greatly enjoyed. The reception committee consisted of Mrs. A. Pierce Crockett, Mrs. Arthur Kirkpatrick and Mrs. W. L. Robson. Refreshments were served.

NOTICE TO THE PUBLIC.

The management of the Provincial Memorial Home for Children wishes to notify the public that until after all danger of the flu epidemic has passed only persons and immediate guardians of the children living in the home will be admitted. We have now forty children from two months to twelve years of age and this precaution is taken for their safety.

JAMES MANNING, President.

Members of the Free Kindergarten Committee will meet in the Union St. Room, Friday 6th at 3 p. m. to make final arrangements for Tag Day.

Returned Men Are Honorary Members

At Meeting of St. Andrew's Society Last Evening Members Who Have Served Overseas Were Made Honorary Members of the Society.

The regular meeting of the St. Andrew's Society was held in the Knights of Pythias Hall, Germain street last night with the president, Alexander McMillan in the chair. After considerable routine business had been transacted it was decided that all members of the society who had served overseas be made honorary members. The list includes no less than thirty-three members. Those who lost their lives in action were: John B. Brock, George Morrisey, Pollock S. Nesbitt and B. Roy Murdoch.

The members who have returned are: Dr. Murray MacLaren, Alexander McMillan, Cyrus P. Inches, Ralph N. Robertson, Fred W. Fraser, Eber H. Turnbull, D. Stuart Bell, Norman T. McLeod, William H. Ross, John T. McGowan, D. B. Edgmont, A. Gordon Rainnie, Lawrence MacLaren, William Vassie, Graham M. Paterson, R. Hugh Bruce, Rev. J. J. McCaskill, Dr. G. G. Corbett, Fred T. McLean, G. Earle Logan, James T. Enslie, Douglas D. McArthur, Alexander Stewart, A. E. Macle, Donald A. Macaulay, William C. Birrell, Colon MacKay, William L. Calbow, Charles Edward Ross. Ten new members were received and the applications of seven others were received.

REGULAR WEEKLY MEETING LAST NIGHT

Young People's Society of Fairville Presbyterian Church in Session—Will Undertake to Clear off Mortgage Indebtedness on Church.

The Young People's Society of the Fairville Presbyterian Church held their regular weekly meeting last night and made arrangements for the Valentine Supper to be held on Friday evening, the 13th.

During the course of the meeting one of the members proposed that in view of the generous spirit manifested at the Forward Movement meeting of Monday night, when \$300.00 was subscribed to the Forward Movement, the young people undertake the responsibility of clearing off the mortgage indebtedness on the church.

PIONEER LODGE HAD MANY GUESTS

Last Evening They Entertained Sister and Brother Lodges in Their Rooms, Germain Street—Pleasing Program Carried Through.

The Oddfellows of the Pioneer Lodge entertained their sister and brother lodges last evening in their rooms on Germain street. Deputy Grand Master Chase was in the chair, and a very pleasing programme of instrumental and vocal numbers were carried out, refreshments were served, and the evening concluded in a most enjoyable manner by a short programme of dances.

These entertainments are given each month, when one lodge acts as host to the other lodges in the city. The next entertainments are to be given by the Sapphire Lodge in their rooms on Simons street, North End, and is set for the fourth Thursday in February.

FOX CORPORATION IN NEW BUILDING

Three Million Dollar Studios in New York Now Occupied by Film Company—St. John Citizens to be Invited to Opening.

J. Lieberman, of the Fox Film Exchange, St. John, has received word that the Fox Film Corporation are now occupying their new building, West 15th Street, New York. This building is to be known as the Fox Studios, and was erected at a cost of three million. It has accommodations for five thousand persons and is capable of turning out three million feet of film each week. A full description was published in the Standard some time ago before the completion of the studios.

A number of St. John citizens are to receive invitations to be present at the formal opening which takes place shortly. Cards will be sent to provincial officials, and those interested in the Motion Picture Industry.

Honored By The French Republic

Lady Williams-Taylor Awarded Medal of the First Order of Reconnaissance Francaise.

Lady Williams-Taylor, the wife of Sir Frederick Williams-Taylor, General Manager of the Bank of Montreal, has been signally honored by the

President of the French Republic in recognition of her services as President of "L'Alde a la France." This organization was very successful with its work throughout Canada during the period of the war, and the President of the French Republic has now bestowed on Lady Williams-Taylor the medal of the First Order of Reconnaissance Francaise. This honor is one which is very rarely conferred upon Canadians. The special work carried out by "L'Alde a la France" was in assisting the French population in the devastated regions.

THE BOY SCOUTS GIVE DEMONSTRATION

Members of Trinity and Centenary Troops Showed Cleverness in Commercial Club Window Yesterday—Scout Movement in Good Condition.

Yesterday afternoon and evening some of the boys from 17th troop Trinity, and 15th troop Centenary of the Boy Scouts gave a demonstration of first aid, signalling, and knot tying in the Commercial Club window on Prince William street. The Scouts created considerable interest and at times every available space about the windows was taken by citizens who were interested in the display. The boys who took part were: Troop leader Paul Walsh, Patrol Leader Edward Walsh, and Wolf Club Bob Kelley from Trinity Troop and Troop Leader Gordon Adams, Patrol Leader Ronald Hain and Wolf Club Hart from the 15th Centenary troop. The boys will continue to give demonstrations this afternoon and evening also tomorrow showing the different activities of the Boy Scout Movement.

The provincial headquarters has been opened in the office lately occupied by the National Savings Committee in the Globe Building on Prince William street where L. Narraway will assist H. O. Eaman in the development of the Boy Scout work both in the city of St. John and throughout the province. Mr. Narraway was appointed assistant provincial secretary at a recent meeting of the provincial council. The Boy Scout movement is reported to be in better condition than ever before and with the drive now being carried on by the members of the Commercial Club will be better able to extend and develop its activities throughout the city and province.

COMMON COUNCIL.

At a committee meeting of the Common Council, yesterday morning, upon motion of Commissioner Fisher, W. H. Thorne & Co. Ltd., are to be notified that the city feels justified in charging a rental for the vaults that are occupied for storage purposes, but that the city is willing to except from rental the vaults which are used for passage ways or transfer chutes. These rentals, under the present rate, bring in a revenue of \$800 a year. It was pointed out by Mayor Hayes that in accordance with the act passed at the last session of the Provincial Government the city owns all the areas covered by a public pavement and that use of such property, without payment, was in the nature of trespass.

Commissioner Fisher brought up the matter of rounding off the corner of Mill, Main and Paradise Row, the site of the recent fire, and presented a plan by Engineer Hatfield of the proposed work. It was decided to leave this matter for consideration at a later meeting of the Council or committee.
