SHIRE TOWN FALLS INTO LINE
Strong Committee Appointed to Solicit for Red Triangle Fund.

Dalhousie, April 29.—A representative meeting of the citizens of Dalhousie was held on Friday evening in the Opera House to adopt ways and means towards collecting funds for the Y. M. C. A. "Red Triangle Fund." Mayor James E. Stewart presided, and Mr. A. R. Fraser acted as Secretary. His Honor Judge McLatchy delivered an interesting address. He gave facts in connection with the social and religious work that is carried on overseas by the Y. M. C. A. How the work is done in dug-outs and trenches under fire to encourage our soldiers, the conveniences for writing letters to their friends, the equipment for athletic sports (which helps the moral of the soldiers), music, moving picture machines, magazines, concerts, lectures, etc., all work to cheer up our soldiers who are fighting the battle for civilization. The County of Restigouche had done grand work to help the great cause. Not only in the large number of men belonging to all nationalities who went to the front but in every appeal that had been made the people had responded generously. He paid a high compliment to the people of Dalhousie. The shire town for its population had done wonderfully, and he appealed with great eloquence for further effort to help win the war.

Hon. C. H. LaBelle moved a vote of thanks to His Honor Judge McLatchy for his interesting address, and said that His Honor Judge McLatchy was entitled to the gratitude of the whole population of Restigouche County for the splendid work he had done since the outbreak of war in Aug. 4, 1914.

It was a happy thing for the County to have a man so well qualified and so well disposed "patriotically" to head every movement of organization to assist our soldiers who have done so much honor to Canada and the British Empire. The citizens of Dalhousie who had already in men, in "Red Cross work and otherwise" done so much, would again respond to the County's call and subscribe according to their means.

The following strong committee was appointed to carry out the wishes of the promoters of the "Red Triangle Fund" as follows: Mayor James E. Stewart, Chairman; A. R. Fraser, manager of the P. Q. Lumber Co., W. Secretary Treasurer; Committee, A. B. McKinnon, accountant of the Dalhousie Lumber Co., P. R. Hussey, manager of the Bank of Nova Scotia, S. Montgomery and A. J. LeBlanc, postmaster.

Collectors to be appointed forthwith to canvass the town on May 7th, 8th and 9th.

NEW TOWN COUNCIL DOWN TO WORK
First Meeting Held Thursday Evening and Important Matters Dealt With.

The first meeting of the new Town Council, and one of the most interesting for many months, took place Thursday evening.

His Worship Mayor Alexander was in the chair and Couns. Harquail, Currie, Goss, Patterson, Quinn, Miller, Champoux and McBeath were present. The Clerk read the nomination and declaration proceedings, with the results as previously published, and read the minutes of the previous meeting, all of which were approved.

The regular order of business was suspended and a committee composed of Couns. Miller, Patterson and Goss were named to name Standing Committees.

The Council took recess.

Upon being called to order the committee to name Standing Committees reported as follows:

STANDING COMMITTEES
By-laws and Legislation—Alexander, Harquail and McBeath.
Finance and Auditing—Miller, Champoux and Alexander.
Assessment and Appeals—Champoux, Quinn and Harquail.
Police and License—Goss, Alexander and Quinn.
Public Property and Streets—Patterson, Miller and Goss.
Water and Sewerage—Miller, Patterson and Currie.
Electric Light—Harquail, Champoux and Miller.
Fire Protection—McBeath, Patterson and Goss.
Education and Improvement—Currie, McBeath and Alexander.
Assessment and Appeals—Champoux, Quinn and Harquail.
Public Charities—Quinn, Currie and Champoux.

This report was received and adopted.

A communication from Town Solicitor H. A. Carr in reference to votes for returned soldiers. This was referred to the By-law and Legislation Committee.

Jos. Boudreau asked for permission to use ground in rear of his lot to cultivate. Referred to Public Property and Streets Committee.

H. P. Doyle asked for permission to install gasoline tank in front of his store on Gerrard Street. Referred to Public Property and Streets.

A. C. Foy asked for water connection for brick yard by means of one-inch pipe laid on surface. Referred to Water and Sewerage Committee.

An account of \$120.00 for blankets and camp equipment sent to Halifax and later returned, but lost in transit was referred to the Finance Committee.

The following departmental accounts were ordered paid:

ENTHUSIASTIC CROWD HEAR BISHOP
Opera House Crowded Sunday Evening to Hear Bishop Richardson.

The Opera House was crowded to the doors Sunday evening to hear Bishop Richardson of Fredericton deliver his address upon how he found conditions among the Canadian soldiers both in England and in France. Bishop Richardson was sent overseas to enquire particularly into the reports that our boys were living in moral lives, and the citizens were delighted at his outspoken remarks concerning those who circulated such stories. He visited the large centres in England and at the front, both in France and Flanders, and everywhere he found the Canadians spoken of in the highest way. His address was enlivened by numerous stories and was one of the most appreciated addresses on the war yet delivered here.

At the close of the address Hon. H. F. McLatchy moved a vote of thanks which was carried enthusiastically.

A collection, to be divided between the Soldiers Comforts Association, and the Red Cross, was taken up and amounted to over \$56.00.

plates would perhaps increase.

Coun. Goss moved that the matter be ever until the next meeting.

Carried.

Coun. Patterson asked if it was the intention of the Council to authorize assistance to stimulate greater production. Last year the Town had prepared one hundred and ten plots and a very conservative estimate placed the production of potatoes alone at over a thousand barrels.

The Councilors were unanimous that this work should be undertaken this year and the Clerk was authorized to publish a notice in the local papers, asking all who wished lots prepared to notify him.

GREAT EFFICIENCY.
Coun. Currie said that he had a matter which he wished to lay before the Council, and later he would make a motion. This was the matter of greater efficiency in conducting certain departments of the town. In bringing up this matter he did not wish the heads of the various departments mentioned to feel that he was criticizing their management of these departments, what he wanted to do was to "increase production" produce greater efficiency and thus benefit the town. The town had been very fortunate in the past few years in having at the head of the street's department a gentleman who had the knowledge and the time to devote to the work. But next year we might not have Coun. Patterson to do this for us. His idea was to systematize the work so that the Chairman would not have to devote so much time to the department.

Coun. Currie then offered the following motion.

Moved by Coun. Currie that a special committee of three be appointed to consider the advisability of re-organizing the various departments of the town also to consider the systematizing of the clerical work in connection with Town affairs, and to report at the first annual meeting.

Coun. Goss explained the motion.

In further explaining the matter Coun. Currie said that he had been on the "outside looking in" and therefore knew the feeling of the ratepayers better than the other Councilors. There was considerable criticism of Engineer Sly's work, that he was not earning his salary, that it cost too much to feed the horses, and that there were too many horses. With regard to Engineer Sly he thought he was a capable official, and it would be his idea to give him a chance to "make good." Put him in charge of the Water and Sewerage and Streets, make him a sort of Commissioner to look after the town's business systematizing the various departments and then say to Mr. Sly now make good. If he could not handle the work, get some one who could.

Then the clerical work needed attention. There was no way at the end of each month of ascertaining what each department had cost or what amount of work was being done. The Town officials were all right, but they had no system to work by. He wished again to impress it upon the heads of the various departments that he was not criticizing their management, it was better system he was after.

Coun. Goss said he was very glad that Coun. Currie had brought up this matter, and he hoped that it would bear fruit. We all know that the system of paying the Treasurer was wrong. He was not now criticizing that official, but two years ago an effort was made to figure the commissioners so that his salary would be about \$1500 per year, but last year it had grown to \$2064. He favored placing the Treasurer on a salary. If

DOMINION OFFICERS WORKING HERE
All Men Subject to Call Being Brought Forward.

Inspector Rideout, who has charge of the Dominion police working under the Military Service Act was in town on Monday evening starting the machinery for the rounding up of all young men subject to call under the Military Service Act, and things are humming in this line. Already a large number of young men have been brought to time.

Sergt. Clutterbuck of St. John is also here and Geo. Asprey of Campbellton was appointed to act under the Act. A large number of young men have been notified to report at St. John at once.

LIEUT. MORLEY KENT KILLED IN ACTION.
Definite word of the death of Lieut. Morley Kent while in action at the front, has been received by his father, Mr. W. J. Kent, of Bathurst, and the wide circle of friends which Mr. Kent possesses will sympathize with him in the early close of the life of so bright and promising a young man.

one man will not do it on a salary, then do as we would in your own business, get another man. He hoped some improvements could be worked out.

Coun. Patterson wanted to know why Streets and Water and Sewerage departments should be chosen for this charge, if it is good for these departments why not for the others.

Coun. Currie said that the only reason he suggested these two departments that we had a Civil Engineer and these two departments seemed especially adapted for his care, but he favored embracing every department, and so changed his motion.

Other Councilors discussed the matter speaking in favor of the motion, which upon being put was carried unanimously.

The following committee was named to undertake the work:—Couns. Currie, Harquail and Champoux.

His Worship stated that he had been asked by the McLennan Foundry and Machine Works for a price on the Town's property on Water Street. This was wanted for a ship building plant.

The Council was unanimous that every inducement should be offered for the establishment of such an industry.

Coun. Miller moved that a committee of three be appointed to take up the matter with the McLennan Foundry and Machine Works.

Mayor Alexander, Coun. Miller and Goss were named such committee.

The matter of a steamer for the Campbellton-Gaspere route was brought up.

On motion of Coun. Champoux His Worship was authorized to telegraph the Minister of Trade and Commerce and the owner of the Elaine in reference to this matter.

The council then adjourned.

CAMPBELLTON LOSES EFFICIENT OFFICER
Chief of Police Mann Has Resigned to Accept Position Under Prohibition Act.

Citizens, at least the law-abiding citizens will regret to learn that Chief of Police T. Mann has been offered and has accepted a position under the Prohibition Act, and has tendered his resignation to the Town as Chief of Police, which resignation is to take effect as soon as possible.

During his tenure as Chief of Police he has been a very efficient officer and his place will be hard to fill.

Citizens who are interested in the enforcement of the Prohibition Act will be pleased to know that Inspector Mann will still look after this work in Campbellton, but he will also look after the entire county of Restigouche, and will also have authority to act as Inspector in any county in the province. He will continue to reside and make his headquarters here. This change will work a great improvement in the enforcement of the act throughout the country districts.

Coun. Harquail spoke of the necessity, now that the snow had all gone, of having the street lights on all night.

On motion of Coun. Goss the lights were ordered to be kept lighted all night.

Coun. Patterson moved that Wm. Taylor's resignation be not received, but that he be continued in office until the officers were appointed at the annual meeting.

Coun. Patterson again brought up the matter of placing name signs on all streets. He stated that the plates would cost about \$170.00 and about \$40.00 would put them in place.

Coun. Harquail stated that unfortunately he had not been able to attend the meeting at which the matter of renaming certain streets and the placing of these name plates had been discussed, and asked that the matter be allowed to stand until the next meeting so that it could be looked into further.

Coun. Patterson said that this matter had been under way for some months and nearly every councillor knew about it. If further delayed cost of

ORGANIZED FOR RED TRIANGLE COLLECTION
Citizens Expected to Give Liberally for This Worthy Object.

The committee in charge of the work of organizing Restigouche County for the Red Triangle Fund drive, in which we are expected to raise \$4000 have about completed their work.

In Campbellton the collectors are: Upper District—Couns. D. Champoux and Alexander McLennan. Lower District—A. A. Andrus and A. G. Adams.

The residential section of the town has been divided into eight districts, and the members of the Soldiers Comfort and Tipperary Girls will collect in these.

When the collectors call next week we bespeak for them a courteous reception and a generous response. Campbellton has earned a reputation abroad for its generosity and patriotism and we have no doubt but that the response this year will be in keeping with the past achievements.

DALHOUSIE ORGANIZATION.
Dalhousie is also organized for the drive next week.

Messrs. F. R. Russey, F. McEvoy, and A. B. McKinnon have been appointed to look after collectors from their respective employes.

The remainder of the town has been divided into three districts, and the following collectors have been appointed: Ald. B. McDonald, Louis J. LeBlanc, W. S. Montgomery, M. Comeau, Mayor J. E. Stewart and Postmaster A. J. LeBlanc.

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof
We publish the formula of Vinol to prove convincingly that it has the power to create strength.

By Cod Liver and Beef Stearin, Iron and Manganese Phosphates, Iron and Manganese Citrate, Lime and Soda Glycophosphate, Cassia.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

A. McE. McDonald, Druggist, Campbellton. Also at the best druggists in all New Brunswick towns.

In Dublin.
An Englishman entered a provision shop in Dublin and, wishing to have a joke at the Irishman's expense, asked for one yard of bacon. Paddy promptly turned to one of his attendants and said: "Give this man three pigs' feet."

He Probably Ment Rize.
Jones (suddenly become patriotic and planning to plant things): "I say old man, how do you raise a garden?"

Jones' Right Kick—"First you get some seeds and plant them; then you buy a hen, and—"

Jones—"And then?"
The Right Kick—"Then you leave it to the hen. She'll raise it."

A Hard Life.
A farmer in Iowa, returning home one evening from a rural banquet, dropped lazily into a chair and addressed his wife as follows:

"I am all tired out. Are the cows all in the barn?"
"Yes, Henry."

"Chickens aren't locked up, though, are they?"
"Yes, Henry; long ago."

"Wood chopped for morning?"
"Yes."

"Ducks picked and wagon wheel mended for tomorrow's market?"
"Yes, Henry."

The farmer lighted the cigar, yawned and said:

"Well, then, just hand me the farm paper and draw me a jug of cider, Mary. I'll turn in soon. Farming's beginning to tell on me."

German Potato-Bugs.
"The way Germany prepared for a generation for this war was positively uncanny," said a congressman. "Yes, Germany's forty years of minute war-preparation is as uncanny as the story of the potato-bugs."

"On an autumn evening a group of Minnesota farmers sat around the fire in the general store and complained of the potato-bug ravage.

"The pests ate my whole potato crop in two weeks," said one farmer. "Let us my crop in two days, said second farmer, and then they roosted on the trees to see if I'd plant more."

"A drummer for a seed-house cleared his throat.

"Gents," he said "all that's very remarkable. Let me tell you, though, what I saw in our own store. I saw a potato-bug examining the books about a week before planting time to see who had bought seed."

It frequently happens that a stranger coming into a community and putting on the airs of a gentleman, is taken up at once and lionized, though nothing whatever is known of his antecedents and the sequel often proves that it is best not to take up with strangers too readily. The old friends whom we have known all our lives and whose characters are firm and established as the everlasting hills, are too apt to become commonplace to, and it is not best to give them up for those whom we do not know. The man or woman who builds up a character and maintains it for years in the same community deserves some consideration, and the friendship of such people is to be preferred at all times to the showy attention of strangers.

Merchant's Wife Advises Campbellton Women

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed benefited me INSTANTLY." Because Adler-Ka empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. Mc. G. McDonald, Druggist, Campbellton, N. B.

OVERSEAS ENVELOPES.
We have just received a stock of special overseas envelopes. Good and strong to stand the long journey. Many persons having friends overseas get the addresses printed on them. Price \$1.25 per hundred printed.

THE GRAPHIC LIMITED.

What the Worker Will Demand

ACCORDING to Arthur Gleason, the well-known American writer, the British labor movement is more interesting than the war, because greater issues are involved. It is the most radical and the least Socialistic labor movement in the world. At the present moment it is distinctly anti-Socialistic. Socialism, as understood by British workers, is the state control of the means of production and distribution. State control means Government control. Government control is control by a Cabinet directed by Parliament and by a set of permanent officials. The English worker distrusts all three of these agencies of Government functioning.

It is unable to see the tendency toward state control of public utilities has brought him any comfort in wages, and the fact of fact it has bettered his status. He believes that state control means control of syndicalism, the British worker wishes to share the management of the factory with the capitalist. He wishes to have a say in wages, hours, discipline, employment and discharge of workers. As soon as the workers get control of the unions will be in control in Britain.

The Triple Alliance (the miners, railwaymen, transport workers), the Amalgamated Society of Engineers and the cotton trades will be the nucleus of Great Britain. They represent an organized power, which power is irresistible. They will not attempt to own the factory, nor to organize the market, nor to sell the product. Their exercise of function (in the immediate future) will stop what concerns the control of industry (piece rates, hours of labor, discipline, etc.).

And in this syndicalist advance of the trade unions what becomes of Socialism? Actually, the tendency toward state control of industry increases. The radical movement includes (actively and consciously) management of the industry (in hours, wages, etc.) by the workers and ownership of the industry by the state. The only questions now are: what is the percentage of control in the factory, assigned, respectively, to the owner and the workers. One of the places to-day to study the British radical movement is, according to the Y.M.C.A. huts. There the British Tommy speaks his mind, and it is a new mind, different from the stolid, stubborn, middle-of-the-way mind of the traditional formula. The most popular lectures in the British Red Triangle huts have been those on the social and industrial reconstruction after the war.

The Tommy is eager to listen, and is then full of questions, and woe to the speaker who has a set speech and no elasticity of margin for ready response to rapid-fire criticism. So soon has the interest been in discussing the remaining of England that the authorities have shut down on reconstruction talks. Radicalism is permitted to give him something, but the people rose in France. And lately they rose in Russia. Perhaps a third time near home! It is safer to talk history and reel off films and sing of the home fire.

Let no one think that the British workers are carrying through these changes with clean intelligence and high self-consciousness pursuing their own ends. They are merely obedient to the push of necessity, and a little reason and conscious will are mixed with their blind impulse. "John Bull" is still the most popular periodical in the British army, and its editor, Harold Batters, has a little interest in studying the causes of economic injustice as William Sunday.

How to square the popularity of reconstruction talks and the popularity of John Bull? The love of personal liberty, the individual's insistence on doing what he pleases, are the explanation of much that is puzzling to British radicalism. It is here that is created his distaste for state Socialism. He doesn't want the state to give him anything. He wants to take it for himself in the place nearest at hand. And the place nearest at hand is his factory. So we have the victorious drive toward workers' control. Shop committees, made up of half of "management" and half of workers, are in existence in the Government factories, are spreading through the "controlled" factories and will be established in the privately-owned factories of the organized trades. A correspondent asked a millionaire manufacturer of Yorkshire how he liked his factory committees.

"It now takes twelve persons to do what we used to do with one. But it results in a different attitude toward the factory and the work. The twelve persons are doing for themselves what the one used to do for them."

The same reply could be made about an absolute monarch versus universal suffrage. One man used to rule us politically, and now it takes several millions.

"Too bad," said the chorus of The Morning Post, The Saturday Review and The National Review. What Northcliffe will say remains to be heard. He is enormously powerful and very clever. If he swings against democratic control of industry he will make trouble.

Over 10,000 men are employed in the collieries of Kiangsi, China.

The Real Proof.
From idle bragging stay aloof. You'll find that this is true. Your work is taken as the proof. Of things that you can do.

Why Not For Lent? She fasted through Lent with a fine self-control. The plump Miss Petunia Pape. Some said it was done for the good of her soul. Some said for the good of her shape.

DO YOU WANT A BOY TO HELP YOU ON THE FARM?

Farmers who are desirous of securing the services of boys from 15 to 19 years of age, will please apply to W. R. Reek, Fredericton, secretary for Agriculture for New Brunswick, stating wages they expect to pay, the length of the employment, the size of farm, number of men employed, religious denomination whether or not they will have a separate bed, and the kind of work that the boy will be expected to do. The Department of Agriculture is alive to the situation and satisfactory results are anticipated.

VEGETABLE GARDENING FOR EVERYBODY

If you are cultivating a vegetable garden, either at home or on a vacant lot, it would be an evidence of wisdom to send to the Publications Branch, Department of Agriculture, Ottawa, for Circular No. 14, entitled, "Vegetable Gardening at Home and on Vacant Lots," and prepared by the Dominion Horticulturist. This circular, which can be had free of all cost, supplies information of a practical nature on every vegetable that is desirable to cultivate for domestic consumption. It gives advice on the preparation of the soil, and on planning and arranging the garden, quotes examples of success achieved in 1917, supplies a list of the best varieties of vegetables for different districts, and describes how the growing plants can be protected from disease and insect ravages.

SPRING FEVER

There's a smudge in the garden, a smoke in the air; a small combined of burnt leather and hair. There's a girl on the lawn with a rake in her hand; there's woe and distress all over the land. There's carpets to beat and rugs to shake; enough of such to make a man quake. There's moves to be moved and carpets put down, no wonder a man wants to get out of town.

NOTICE

Notice is hereby given to all residents, non-residents, and corporations, whether within or without the Province, in compliance with "An Act respecting the taxation of Wild Lands" passed 11th April 1918, to file with the Minister of Lands and mines at the Crown Land Office in Fredericton on or before the first of July 1918 a statement of the number of acres subject to the tax as provided by the Act; Parishes where the land is situated; what fractional part of the interest in said lands is held by resident and non-resident owners, or if owned by a corporation what fractional part of the stock is held by resident and by non-resident stockholders and the name and address of the managing director of said land.

Upon failure to comply with this demand an additional tax of one cent per acre may be imposed not exceeding in the whole the sum of \$30 in addition to the tax as prescribed by the Act.

Taxes are payable at the Crown Land Office in Fredericton on or before the first of September 1918 and remittances can be forwarded in the same name of T. G. Loggie, Deputy Minister of Lands and Mines.

E. A. SMITH,
Minister of Lands and Mines.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BIZZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Bizzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

THE SHIPBUILDING PLANT.
The McLennan Foundry and Machine Works have asked the town for a price on the lot of land on Water Street upon which this firm propose to erect a shipbuilding plant.

If the McLennan Foundry and Machine Works have a bona fide proposition, and we have every reason to believe that they have, then it should not take long to set a figure upon the lot. And that figure should be one dollar lawfully money in hand "paid."

For years we have been agitating for new industries for Campbellton, and here we have one of our own citizens coming forward with a proposition which has been exploited by some shrewd Yankee or some one from a distance, would have been enthusiastically received. We would have called meetings of the Board of Trade, the Retail Merchants Association and other bodies and memorialized the Town Council to supply a free site, exemption from taxes, reduced water rates, etc.

Why not treat one of our own citizens who has done so much for the town as has Mr. Alexander McLennan, with equal generosity.

THE RED TRIANGLE FUND.
The Y. M. C. A. of Canada is about to ask friends of boys overseas to make a contribution of \$2,250,000 to enable the "Y" to do yet more effective service for the boys who are fighting the battles of the empire. The cause is a good one and is heartily endorsed by charlatans, commanders and officers of all ranks, as well as by the men in their command;—but the "Y" would make its appeal to men on leave and to men who have "done their bit" and have been granted an honorable discharge. You have been "Accused." You have seen the work the "Y" is doing. Can you endorse this work? Do you approve of a forward move in this work? Will you encourage your father or your club to contribute to this cause? Your testimony will weigh more with people who know you, than long addresses by men whom they do not know. If you have been helped by the "Y" overseas, tell it to others; tell it in your home and to your friends.

COMING May 8, 9, 10 **KLARK URBAN STOCK Co.**

**SHOULD REINSTATE
SUBURBAN TRAIN**

Campbellton Suffering From Lack of Train Service From East.

Some move should be made at once to have the C. G. R., officials place on the time card the Suburban train from Newcastle to Campbellton. When this train was taken off last fall the excuse was shortage of coal and motive power.

Now as navigation on the St. Lawrence has opened and the shortage of coal is not now acute, surely this train can be reinstated.

All winter Campbellton has patiently suffered serious financial loss because this train was taken off, and it should be running now.

sell it in the moving picture halls and wherever you have an opportunity. This will tend greatly to strengthen the appeal the "Y" is about to make and you will be doing something while at home to advance the cause overseas.

A COMMENCEMENT.
The resolution offered by Coun. Currie at the first meeting of the new Council is a move in the right direction, and we hope that it will start in motion a movement which will work for further efficiency in all departments of town work. That there is room for improvement is admitted.

While Coun. Currie's explanation of which he wished to do was brief and he touched upon the essential points, yet we feel sure that when the plan works out he with the members of the committee, and the whole council will see that there are many other improvements which can be made to the present system of conducting town business.

Take the matter of purchasing. We would recommend that all purchases be made through a committee, that when purchases are made they may be made for a full year's supply as far as is possible. In this way a saving could be effected.

There are numerous other improvements we could suggest, but we have not a doubt that the efficient committee to which this matter has been entrusted will work out the details.

Large numbers of young men in Quebec province are voluntarily joining the colors ahead of time. The director of military service says the reports are "extremely gratifying."

If the farmers feel that it is their duty to help win the war they must do so, the colors ahead of time. The Soldiers of the Soil movement. It is not what we prefer in these fateful days, but what will best help to save our civilization that should really concern us all.

**VACANT LOT
GARDEN WORK**

Town Teams Will Plow Lots Free of Charge—Plan One.

The town teams will again plow up garden plots for ratepayers and all who want this work done are required to notify the Town Clerk at once.

Last year over one hundred plots were plowed by the town teams and no doubt this was a great help. This year there should be a large increase in the number of plots plowed because of the necessity for increased production.

Those having vacant land which they are not able to cultivate should allow others who are willing to work same.

Let every one encourage the planting of crops wherever possible as this is the critical season.

There is much about the practice of home-gardening that is attractive in any year. It is healthful; it develops industrious habits among young people. The time in garden cultivation is profitably spent. But, under war conditions, there is more to consider than the result so far as the individual is concerned. The advantage to the nation must be kept in view. It has become a patriotic duty.

The individual may think that his effort in the cultivation of a war garden amounts to little, but one must consider what may be accomplished in helping the Allies' cause when thousands of people are working in this way. If there are 200,000 families in Canada, who will cultivate war gardens, imagine what this will mean in increasing the food supplies. In Montreal alone last year vegetables valued at \$100,000 were grown on vacant lots.

The call, therefore, to those who can assist in garden cultivation is clear and insistent. It is desirable from the standpoint of the individual; it is urgent in the interest of the state.

This is no time for indifference—no time for holding aloof.

The matter rests in a large measure with the individual. Everyone who is in a position to render practical assistance along this line has an opportunity now that should be grasped promptly.

There are many ways of co-operating in the national interest; this is one, and it is important.

**SCHOOL BOYS ARE
ASKED TO ENLIST**

Soldiers of The Soil Will Help Win the War—Work for ALL.

The boys who enlisted for overseas service made a record and placed Campbellton on the map as being one of the best towns for enlistment in the whole Dominion. We are proud of this record and trust that our boys will again put Campbellton in the forefront by enlisting in large numbers as Soldiers of the Soil.

This movement was started by the Food Control Board for the purpose of increasing food production and at the same time releasing a large number of young men for service at the front, by inducing the boys between the ages of fifteen and nineteen inclusive to enlist for service upon the farms throughout the Province.

Each boy is required to sign an enrollment form giving age, address, etc., and stating whether he is willing to work on a farm for the space of three or four months. This document will also have to be signed by his parents or guardian to show their willingness to allow him to go.

Supervisors will visit the farms for the purpose of increasing food production and at the same time releasing a large number of young men for service at the front, by inducing the boys between the ages of fifteen and nineteen inclusive to enlist for service upon the farms throughout the Province.

Each boy is required to sign an enrollment form giving age, address, etc., and stating whether he is willing to work on a farm for the space of three or four months. This document will also have to be signed by his parents or guardian to show their willingness to allow him to go.

**ROYAL COMMISSION
FOR INVESTIGATION**

Commission of One Will be Appointed to Hear Evidence.

When the matter of the charges against Hon. Wm. Currie came up in the local legislature last Thursday, Premier Foster announced that a Royal Commission of one would be appointed to go fully into the matter.

The meetings of the commission will be held at Campbellton at a date to be announced later.

The commissioner has not yet been named but it will probably be a Judge.

CIRCUIT COURT.

The Restigouche Circuit Court opened at Dalhousie Tuesday morning. His Honor Judge Crockett presiding. The first case tried was that of J. I. Boudreau against Thomas Ellsworth. This was an action brought by Mr. Boudreau to recover the amount of a \$1000 note given Mr. Ellsworth, which plaintiff claimed he had no right to pay, but did pay to parties to whom Mr. Ellsworth had transferred the note. The jury brought in a verdict for Mr. Boudreau for full amount of note and interest. A. T. LeBlanc, M. P. P., for Mr. Boudreau and Hon. Mr. Baxter, for Mr. Ellsworth.

Dalhousie, N. B. May 1.—Supreme Court opened yesterday, His Honor Judge Crockett presiding. Only civil business was before the court. On the case of Boudreau vs. Ellsworth a verdict of \$1182.02 was found in favor of the plaintiff. Hon. Dr. Baxter, K. C. Solicitor for the defendant made application for a stay of execution until the June settings pending appeal. Judge Crockett considered. Dr. Baxter contended that the practice during the last few years was wrong in refusing such applications, save on terms. This he claimed was done to certain changes in the English Judicature Act which had been overlooked.

Two other civil cases were "stood over" until the August session of the Restigouche Circuit.

The Barristers in attendance were: Hon. Dr. Baxter, K. C. A. T. LeBlanc, E. A. Richard, H. A. Carr, and M. A. Kelly.

Mr. Don. Simmons of Fredericton attended as official Court stenographer.

On Tuesday Judge McLatchy under the Speedy Trials Act tried and sentenced Romeo Bertin to jail for theft. Mr. E. E. Richard presented.

This afternoon Judge Crockett heard several exemption appeals.

CASUALTY LIST.
Wounded.
J. J. Crowley, Campbellton.
Nelson LeTourneau, Campbellton.
Word has been received by Mrs. Clara LeTourneau that her husband Ple. Nelson LeTourneau, infantry was admitted to 22nd General Hospital, April 15th with gunshot wound in left hand.

Vast Issues Depend Upon the Welfare of Our Men!

War Work Summary

There are:
—85 branches of Canadian Y.M.C.A. in France.
—79 branches in England.
—Donors of Y.M.C.A. dues in forward trenches under fire.
—Over 120 Military Secretaries overseas.
—300,000 letters a day written in Y.M.C.A. overseas buildings.
—\$13,000 needed for athletic equipment. (Helps morale of soldiers.)
—Y.M.C.A. saved hundreds of lives at Vimy Ridge by caring for walking wounded.
—Over 100 pianos in England and France, also 300 gramophones and 27 moving picture machines.
—Y.M.C.A. helps boys in hospitals.
—More than 60,000 cups of hot tea and coffee distributed daily in France—free. Estimated cost for 8 months, \$48,000.
—150,000 magazines distributed free every month. (Estimated cost \$15,000.)
—\$25,000 used in 1917 to build huts in France.
—Concerts, sing-songs, good-night services and personal interviews energetically conducted. Concerts, lectures, etc. cost \$5,000 a month.
—Thousands of soldiers decide for the better life.
—Y.M.C.A. sells many needed things to soldiers for their convenience. Profits, if any, all spent for benefit of soldiers.
—Service to boys in Camp hospitals.
—Red Triangle Clubs for soldiers in Toronto, St. John and Montreal. Centres in Paris and London for men on leave.
—Out of Red Triangle Fund, \$75,000 to be contributed to the War Work of the Y.M.C.A.

Boys!
Here's your chance to do a fine stroke in the big war! Help the Y.M.C.A. to help your big heroes overseas by joining in the "Earn and Give Campaign"

Six thousand Canadian older boys are invited to earn and give their pocket money to the Red Triangle Fund. This means \$50,000 in all! Splendid! Five thousand dollars will be used for boys' work in India and China; another \$5,000 for the National Boy's Work of Canada and \$50,000 to help big brothers in England. Ask your local Y.M.C.A. representative for leaflet and information and pledge card. When you have volunteered one or more units of Ten Dollars, you will receive a beautifully engraved certificate.

Y.M.C.A. Red Triangle Fund \$2,250,000 May 7, 8, 9 Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity." The tremendous helpfulness of the Y.M.C.A. as an aid to the "morale" of fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence.

The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King! Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him. Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!

DALHOUSIE.

Dalhousie, May 1.—After a long cold winter made uncomfortable during many weeks by an outbreak of small pox, the people of Dalhousie, welcome the appearance of spring and summer. Since the ice has disappeared from the mouth of the Restigouche River, which flows for two hundred miles, when its waters mingle with those of the Bay de Chaleur, a very pretty scene strikes the eye. The ice is replaced by a fine sheet of water which separates us from the hills of the Quebec side and adds so much to our scenery. Two boys who are having considerable experience in Europe are the sons of our good citizen Mr. Thos. G. Scott. A recent letter goes to say that Harry L. Scott, staff sergeant in the artillery lived for three days lately in a dug out 20 feet deep to escape danger, as during that time the Huns kept firing shells without interruption. Beverly Scott, the baby of the family, Sergeant Major No. 7 Canadian Siege Artillery, besides his experience in England and at the front has been able to visit Paris, Rome, Naples, Nice etc. He saw St. Peter's Church, and the Vatican Gardens. He has returned to his post in France, where he will continue to give a good account of himself in the great fight against Fritz.

The Dalhousie town Council recently elected will meet for the first time on Wednesday evening, May 8th, Mayor E. Stewart will deliver his inaugural address. This is the opportunity of his life. Legislation having settled all past Dalhousie town Council disputes, let there be a new page for the future. No more politics. Let us all unite during this terrible war to take advantage of the great heritage that a kind providence has bestowed upon us.

Mr. and Mrs. Haddo and Miss Haddo arrive here from Toronto, on Friday's Limited, and went to their beautiful home "Bonnie Brae." Mr. Haddo who is much improved in health resumed his position to-day as Collector of Customs for the Port of Dalhousie, after several months of rest. During his absence he was ably replaced by his assistant Mr. John B. Delaney.

Miss Claire Mowat, Campbellton, is spending a few days in Dalhousie, the guest of her sister Mrs. A. R. Fraser.

Miss Alice Jardine, Reston, N. B. was here recently the guest of Mrs. H. Hubert. She was en route for Toronto.

Mrs. Louis Allain and family left here on Sunday morning's Express for Montreal.

Claude Brown, Chatham spent Sunday here the guest of her sister Mrs. Frank Senette.

Mrs. S. J. Beekingham, who was attending the Annual Meeting of the Woman's Auxiliary of the Church of England at St. John, N. B., was called home hurriedly on account of the serious illness of her son, Wat. Ferriott of Bel River Crossing. Miss Bessie Taylor, trained nurse and sister of Mrs. Ferriott, came quickly also to Bel River, to give her services. She arrived from Boston. Mr. Ferriott is one of Restigouche's most industrious and practical farmers, and many friends will hope to hear of his recovery.

Pierre Dugas, Dundee, who lost his fine home by fire recently had no insurance on the property. He is a very industrious farmer. He is a brother-in-law of Councillor Levesque of Balmoral and Grimmer.

The Sydney Lumber Co., have had a fine warehouse built opposite their office. Mr. F. McEvoy the popular manager is at present inspecting lumber on the Temisconata and other points to be shipped to Sydney.

Miss Minnie Powell was in Campbellton recently visiting Mrs. Walter Marquis.

Mr. Cecil Steeves, who has been here for sometime in charge of the Clifford Drug Co., Ltd.'s, business will leave shortly for his home in Moncton. He may decide to assist his father who owns a cattle ranch in the west. Two of his brothers saw active service in this great war. One gave his life. Mr. Steeves' young friends in Dalhousie regret to learn of his intended departure. He is replaced in the Co's Drug business here by Mr. Frank Tremblay of Newcastle who arrived on Saturday eve's 12. Mr. Tremblay had two years experience with the St.

Lawrence Pulp Co., of Chandler, P. Q.

Miss Alphonse Fournier, Green Point paid a visit to her cousin Mrs. Arthur J. Arsenault recently. Hector Rozer, Petit Rocher, was in town on Monday.

James B. H. Storer, Bathurst, was here on Friday a guest at the Queen. On Saturday afternoon a small wreck occurred on our branch line which prevented the Dalhousie branch train from connecting with the Accommodation and Limited trains going west. Several persons were disappointed. Some waited for Sunday morning's Maritime. Mr. Joseph Hamel, Architect for the P. Q. Lumber Co., and his wife were called to

Three Rivers, P. Q., by wire on account of the serious illness of a relative, where taken to the Junction by Mr. A. J. LeBlanc with his automobile in time to take the Limited for Quebec.

Miss Hazel McCain, of Florenceville who has been appointed superintendent of the Women's Institute work in New Brunswick, taught some years ago in the Campbellton Grammar School, and had to return home on account of poor health. She is a daughter of Mr. Henry McCain, Ex. M. P. P. of Carleton County, and one of the most active country produce dealers on the River St. John. Miss McCain who was a very bright student at the Normal School, and a successful teacher with her home training, has the qualifications to fill the new appointment with great credit. Her Restigouche friends send congratulations.

Miss Mary Winchester visited Campbellton and Athol friends Sunday.

BLACK CAPE.

(Crowded out of last issue.) We must not allow our valuable paper to go to press again without

giving some things of our quiet little village, and your correspondent would not wish to get the name of a slacker.

We are having once again the pleasure of being out on wheels but the roads are in a very bad condition for wheeling, and we only wish that some of our citizens would pay more attention to the travelling public.

The weather for the past week has been fine and clear, but very cold with frosty nights.

Mrs. Miller of New Carlisle, spent Easter here with her sister Mrs. Edward Steele.

Miss Ruby Steele who is teaching in Hopetown spent Easter at her home in Black Cape.

Rev. J. M. Sutherland, School Inspector, visited our three schools last week, and was very highly pleased with the progress of No. 1. School, and gave Miss Rena McNeil much praise for the good work she is doing in bringing the pupils on so well, our only regret is that she is not going to take this school next term, but we are quite sure in saying that wherever she is teaching that our loss will be their gain.

Guest George Steek of the 67th Battery who has been stationed in Montreal for the past winter passed through Campbellton early on Monday morning.

Mr. Alfred McWhirter has returned from a business trip to Campbellton.

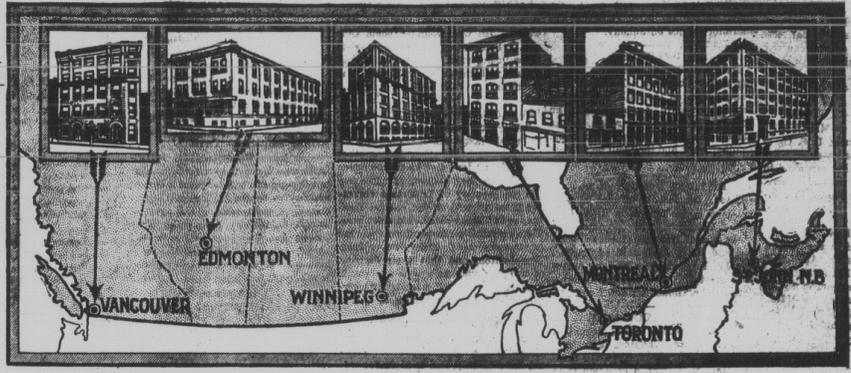

Mr. A. H. Stewart has returned from Ontario where he has been for some time holding Gospel meetings.

Mr. J. W. Campbell has returned to his home after spending a week in Campbellton visiting relatives.

Mr. Irvine Campbell who has been visiting his parents in Cablan Rivier returned last week to his home in Richardville.

Mr. Alexander Campbell of Rossborough River is spending a few days the guest of Mr. and Mrs. Duncan Campbell.

The Minister Goes By. The Sweet Young Thing—There goes our minister. He is very poor. I wish I could hand him a five. Timid Youth—Er—allow me to do it. Sweet Young Thing—Oh, Archie this is no sudden.

How Canada's Greatest Shoe House Supplies the Nation's Footwear

CONSIDER the amount of time and the infinite care you take when buying footwear to suit your own taste in regard to style, size, etc. Multiply your own individual needs by millions and you will get an idea of the immense task which confronts the makers of Canada's footwear, and the size of the organization it is necessary to maintain for that purpose.

The buying of a single pair of shoes is an event that occupies a person but a few moments two or three times a year—but to meet the accumulated demand of a nation's individuals, it requires the whole resources of a gigantic industry. Ames Holden McCready are truly "Shoemakers to the Nation." It is a title justified by their size and the importance of their business.

It may be a revelation to many Canadians to know that to supply them with proper footwear, this firm maintains huge factories each with many acres of floor space, and hundreds of intricate, almost human, machines—facilities and equipment sufficient to turn out 8,000 pairs of shoes every working day.

It requires a small army of work-people, clerks and warehousemen, in addition to executives, buyers and travellers.

It requires much study and thought to plan styles and models of Men's, Women's and Children's shoes in their various grades and styles.

In order to secure the best results in the production of various kinds and grades, it is also necessary to specialize.

For example: Ames Holden McCready factories are separated into three distinct factory units, each a complete factory in itself.

One unit of our factories is devoted entirely to the manufacture of high grade footwear for Women and Children. Consider the great variety of styles in women's footwear, including high-top boots, oxfords and pumps.

Consider the many different patterns and lasts, the varieties and shades of leather and finish—then you will see what a great number of models are required to meet the widely different needs of Canadian women in the cities and towns and also in the country districts.

Another factory unit is devoted to making only the better grades and styles of Men's Shoes—shoes for professional men, lawyers, doctors, and all business men, whose occupations permit the use of fine leathers such as calf and kid.

The third unit specializes in sturdier types of shoes for heavy wear and rough usage. Shoes for farmers, lumbermen, miners, trainmen, and workpeople who require a heavier and more solidly-constructed boot.

In addition to the work of manufacture—the requirements of distribution are also tremendous. A manufacturer must not only make his goods economically and well—but he must deliver them—DISTRIBUTE them. Therefore, in addition to a force of 60 travellers constantly visiting the retail trade from coast to coast, Ames Holden McCready maintain, in the centres of population throughout Canada, immense stocks of boots and shoes ready for immediate shipment to the retailers in each section.

These warehouses are located in the following cities: St. John, Toronto, Montreal, Winnipeg, Edmonton, Vancouver.

Years of experience has taught us the kind and styles of boots which are required in each locality. No matter in what part of Canada you reside, no matter what particular kind of shoe you require, your retail dealer can procure it for you without loss of time.

And that is the reason why you will find, even in the outlying districts, that dealers selling Ames Holden McCready goods are up-to-date with stocks that are fresh and new, and which reflect the latest shapes and styles.

When you see the A. H. M. trade mark on a shoe, you know that not only is that mark an endorsement by the largest shoe concern in Canada, but that being the product of a highly organized industry, the shoe you are buying represents the utmost in value, style and wearing qualities which can be obtained at the price.

TEN MILLION AMERICANS IS DANIELS' PREDICTION

Navy Secretary Declares Allies Will Hold Line Till Effective Help From States Arrives.

Boston, April 28—Speaking at a Liberty loan rally last night, Secretary of the Navy Daniels said the Allies would hold the line until the United States could send ten million men to France and that this country would build ships until we had the greatest navy in the world. There are now 40,000 naval men in foreign service, he said, and there are thousands more waiting at home for ships upon which to get into action.

The only embarrassment we are having with the navy," he said, "is that 90 per cent of the men are clamoring to go on destroyers so they can see quick action and, lots of it." He said that so long as the British, French and American fleets controlled the seas Germany could not win.

Referring to the German drive on the Western front, he said: "Now, thank God, the Allied armies on the west front are under one command, that of the great Frenchman, Foch. The acid test for us at home is whether we shall subscribe or over-subscribe the Liberty loan."

WESTERN FEED OATS WILL NOT GROW.

Plans for increased production of food grains may be thwarted in part by the unwitting use of frozen oats for seed purposes. These are not suitable for milling and are plentiful in the market at from fifteen to twenty-five cents per bushel less than oats of the established seed grade which must be practically clean and germinate not less than eighty per cent during the first four days under test.

Farmers should be on their guard against buying oats that are foul with wild black oats and weed seeds and should carefully test their seed oats for germination. Plant 100 average grains of oats in a flower pot or box of soil which should be kept moist but not wet, in a sunny window at living-room temperature, or send a sample addressed to Seed Commissioner, Ottawa, enclosing name and address.

Seed Branch inspectors have taken numerous samples of oats which are being purchased by farmers for seed purposes but which will germinate only thirty to sixty per cent and are foul with noxious weed seeds.

If you happen to find your feelings all worked up, order a fresh supply.

REGULATIONS FOR EATING PLACES

Local Police Are Seeing to Enforcement of Regulations in Towns and Cities.

The following letter has been sent to the police of the towns and cities throughout New Brunswick:

Fredericton, April 19, 1918. National Committee on Food Resources.

Dear Sir,—You will find enclosed a copy of Order 26, issued by the Canada Food Board, dealing with the regulations for public eating places. I am also sending you a digest of them. May I ask if you have received copies of the order, and if you have distributed the same to the hotel and restaurant keepers?

You will notice that the regulations are very strict. For example, it is unlawful to serve beef except at the evening meal, and it must not be served at all on Wednesday and Friday. Pork can never be served at an evening meal; it would be a violation of law to serve ham and eggs for breakfast, Monday, Wednesday, Friday and Saturday, or for noon meal Saturday.

The very rigidity of the regulations will make their enforcement somewhat difficult, and one disobedient proprietor may do a grave injustice to all the rest; consequently it is imperative that these regulations be strictly enforced. If you have not received copies sufficient to distribute to the different eating places in your town let us know, and we will forward them to you.

Will you kindly let me know if there have been any fines imposed in your town for violations? If fines have already been imposed, wire me at my expense to reach me before Monday night, as I am making a report to Ottawa.

If fines are imposed after that day, I shall appreciate it if you will notify me by letter.

You have no doubt also received Order 26, defining what constitutes hoarding, and the regulations regarding waste, and the anti-loafer law.

Very sincerely yours, W. C. KIERSTAD, Secretary.

Provincial Committee on Food Resources.

NEW REGULATIONS FOR EATING PLACES.

Public eating places, including any place where meals or refreshments to the number of twenty-five or more are served each day to persons other than members of the household, are under the following restrictions:

1. No meat of any kind can be served on Wednesday and Friday.

2. Pork may be served at the morning meal on Sunday, Tuesday and Thursday, and at noon meal on Monday and Saturday. It must never be served at an evening meal.

Beef and veal cannot be served at any morning or noon meal, but can be served at the evening meal, except Wednesday and Friday.

No individual shall have more than one serving of meat, fish or fowl at a meal.

Bread: Bread shall not be placed on the table until the first course is served. At the midday meal only one ounce of wheat or a product of wheat can be served to one person, and whenever white bread is served there must always be a substitute.

No person shall be served at any meal more than two ounces of white bread or rolls, or other product made from standard flour, or four ounces of bread or other product made from bran, oats, barley or other flour.

Bread shall be twelve hours old before being served.

The serving of bread, except under poached egg, as a garnish in any form is not allowed.

Butter: No more than one-half ounce of butter or oleomargarine shall be served to a person at a meal unless upon special request, when a second serving of not more than this amount may be given.

Sugar: Sugar for any purpose shall only be served when called for by the person requiring it. Sugar receptacles shall not be left on the dining tables or counters.

Waste: Hoarding and cornering the market to enhance prices are punishable offenses, no matter whether waste or hoarding is in connection with private house, eating place or merchant's and storage premises.

The municipal authorities are charged with responsibility of enforcing these regulations. It is the duty of the police to enforce these regulations. Unless these regulations are faithfully enforced, grave injustice may be inflicted upon the patriotic and law-abiding proprietor. Customers may leave him to go to eating places where the law is not observed.

Commercial travellers are requested to cut out this article for their information and co-operate with the Food Board and civic authorities in securing the enforcement of these regulations. At least they can call the attention of the proprietors to any violation of these provisions.

YOUR OFFICE STATIONERY.

With the opening up of spring you will need to replenish your stock of office stationery. Remember the Graphic can attend to your every requirement.

Pathe's Orchestrals Records

PATHE excels all others in the recording and reproducing of orchestral selections. Pathe's orchestral records are not made with the usual unsatisfactory thin orchestra of ten or twelve performers, but with a full complement of forty or fifty artists. The result is a rich, mellow, natural and satisfactory rendition of your favorite airs.

Listen to the thousand and one little artistic embellishments running through a Pathe's orchestral number—the beautiful euphonious obbligato, the delicate introduction of the plaintive oboe, the sweet blending of the reeds, the artistic balance of the strings, the masterful building up of climaxes, and the magnificence of the tout ensemble. The living orchestra is before you.

While to obtain the best results they should be played on the Pathephone, with the Pathe's Sapphire Ball, all other makes of instruments can be easily adapted to play Pathe's Records.

It's Cheaper to Paint than Repair

YOUR house—if it is four years old or older—is worth at least 50 per cent more today than when it was built. Lumber and cement are so high that it would cost half as much again to build this year as it did in 1914. So it is obvious that either a new house or an old one is today so valuable a property that its owner must conserve it unless he is committed to a policy of willful waste. Keep your house—and all your buildings—protected. And let your paint-protection consist of an economical paint. Use the paint that goes farthest—lasts longest.

B-H "ENGLISH" 70% Pure White Lead (Standard) 30% Pure White Zinc 100% Pure Paint

The kind we guarantee to possess as its important base, the above correct formula. This formula, printed on every can over our President's signature, commits us to this standard. High in cost as white lead has become, we must use as much of it as before—to use less, would necessitate the removal of the guarantee from our cans and would injure the high reputation, which these paints have acquired by reason of their superior ingredients.

Other B-H Products of Sterling Worth

- We carry and recommend the following B-H products:
- For Interior Finishing: "China-Lac"—the perfect Varnish Stain.
 - Plaster Ceilings and Walls: "Fresconite"—a flat tone oil paint.
 - Staining the Roof: "Anchor Brand Shingle Stains" in 19 different colors.
 - Varnishing a Floor: "Floorlustre" excellent for interior floors.
 - B-H Porch Floor Paint: For Porch Floors, Ceilings and parts exposed to weather.
 - For barns and outbuildings: Imperial Barn Paint

Dunlop "Gibraltar RedSpecial" Belting

Abnormal Friction Pull vs. Elasticity of Friction

BETWEEN every ply of specially-selected, heavy Cotton Duck in Dunlop "Gibraltar RedSpecial" Belting is a layer of pure Rubber which, through a Dunlop calendering process, so permeates the fabric that it binds the several plies into one integral piece.

Some belt manufacturers offer to sell their product on the basis of "Heavy-Poundage in a Friction-Pull" Test. To obtain the latter result it is not necessary to secure such an expensive Rubber Friction as is used in "Gibraltar RedSpecial." This fact alone ought to be a pretty good gauge of the value of the "friction-pull" test.

In buying "Gibraltar RedSpecial" you get the advantage of years of careful laboratory work on our part with this result: The friction is of that "just-right" elastic quality which allows for the give and take necessary in rounding the pulleys; hence the reason "Gibraltar RedSpecial" is known for maximum Power, Speed and Service.

Note the Short Grain Rubber Friction

Note the Long Grain Rubber Friction

UNLIMITED capacity for service is an intrinsic quality with Dunlop "Gibraltar RedSpecial" Belting. The success of nearly a quarter of a century in the manufacture of Rubber Products is built into "Gibraltar." The original Mackay-Cameron Road Rubber, Frictionless Surface Belting, "Gibraltar RedSpecial" has proved the indelible test of time in turning the wheels of industry in a multitude of Canadian plants from the Adirondic to the Pacific.

The Dunlop Unreserved Guarantee

When you have a difficult drive anywhere in your factory shop a race to our Head Office, or to our nearest branch, and we will send a man equipped in belt engineering to consider your requirements. It is in his hands when the "Gibraltar" Belting may be suitably employed we will recommend to you and we will stand behind our recommendation with the same guarantee ever issued by a firm producing rubber products.

Masters Lloyd Anderson, James Anderson and Geoffrey Ferguson of Flat Lands were in town last week. Rev. E. J. Rattee, R. A., of New Richmond returned on Tuesday limited from a trip to western Canada. Mrs. Alvin Astles and children have returned to their home in New Carlisle after spending the winter months in Campbellton. Mr. and Mrs. Don. McRae left last Friday night for Quebec where Mr. McRae will take charge of the Empire Theatre of that city lately acquired by him. Mr. and Mrs. C. T. Major have received word that their son Guy of the C. P. R. Telegraph Company, Montreal has been admitted to the Royal Victoria Hospital with typhoid fever. Mrs. Metzler of Campbellton is spending a few days in the guest house at the station West and the cities of the western American coast as well as the central States. He speaks very highly of California. Mr. Aubrey Graham of the Royal Bank of Canada staff was on Thursday presented with a wrist watch by the staff of the Royal Bank. Mr. Graham who has gone to St. John's, Que., to join the Engineers, will be much missed by friends here. Mrs. S. S. Harrison very pleasantly entertained at the tea hour on Thursday daughters Jean and Marion arrived here yesterday from Moncton. They were leaving that evening for St. John's, Que. Those present were Miss Hattie McDonald, Miss Kathleen Dickie, Miss K. Kirk, Mesars. Austin McDonald, Aubrey Graham, W. M. Steeves and Earl Starrak. Messrs. W. M. Steeves and Earl Starrak who have been with the Bank of Nova Scotia here for some time left on Friday morning for St. John's, Que., where they enlisted with the Canadian Engineers. Before leaving they were each presented with fountain pens by the members of the Bank of Nova Scotia staff. Mr. and Mrs. Angus Dewar have received word from their daughter, Nursing Sister Jane Dewar that she has arrived safely in England. She is the sixth member of this family to enlist for service. The other members of the family being Oliver who enlisted in the first contingent, Leslie who has won the Military Medal, has been wounded and returned home, Benjamin of the United States Army, John, formerly a signaller of the 132nd Battalion and Daniel, who is now in hospital in England suffering from wounds in the face. This is a record to be proud of.

DALHOUSIE. Dalhousie, May 2.—The Bishop of Fredericton held a confirmation service in St. Mary's Church Dalhousie on Monday evening. The upper end of our town presented a very busy appearance on Tuesday, when many citizens from different parts of the country gathered in the shiretown to attend the annual meeting of the Restigouche Circuit which was presided by His Honor Judge Crockett of Fredericton. A very enjoyable whist party was held on Tuesday evening in the new concert hall. Twelve prizes were presented and the lucky winners were Mrs. H. J. Guignard, Mrs. Dr. N. Doucet, Miss Jean Nadeau, Mrs. John J. McToumeau, Miss Harriet Perlatte, Miss Lauretta Edaliger and Leo Blanchard, H. C. Sharpe, Geo. Buchanan, Fred. LaNiolette, Emile LeGouffe, Wm. Elliger. The affair was in the hands of Miss May Godwin and Miss Martha Methot who feel very proud of the result. His Honor Judge McLatchy, Campbellton, was a visitor to the shiretown on Tuesday a guest at the Queen's Hotel. Mrs. John Barberie, who attended the Annual Meeting of the Ladies' Auxiliary in St. John last week is spending a few days in the city the guest of her daughter, Mrs. Wm. McKee. Miss Anderson, Campbellton, is a visitor at Bonnie Brae this week, the guest of Miss Haddow. Mrs. Charles Little paid her Campbellton friends a visit this week. Mr. Geo. Martin who has been residing in the west during the last 20 years is home on a visit. He is a son of James Martin, who now resides in Dalhousie. Mrs. James Jamieson and her two daughters Jean and Marion arrived here yesterday from Moncton. They will occupy their fine home on Victoria Street. Miss Jean Jamieson entered the Bank of Nova Scotia on her arrival here. Mrs. Jamieson has two sons at the front, Wylie and Sydney. The former has been in the army since the early part of the war. Among those who attended Court this week and registered at the Queen are: Hon. J. B. Baxter, A. T. LeBlanc, M. P. P., D. A. Stewart, Ex. M. L. A., M. A. Kelly, H. A. Carr, Mayor Chas. Alex. de la Cour, Councilor N. Levesque, Ex. Councilor R. F. Peters, W. M. Savage, P. M. Shannon, Paul Devereaux, Thos. J. McDevitt, Andrew Savoie, Isaac Rodrigue, George St. Onge, J. P. Jardine, J. I. Boudreau, J. R. McKenzie, Thos. Ellsworth, J. J. Arsenault, R. T. Campbell, J. Hamilton, Sandy Groux, James D. McPherson, Chas. Gagnon, O. Bernier, E. Belanger, J. R. McLean, Sandy Arsenault, J. F. LaPointe. A returned soldier created some excitement here this week by giving performances on the street and firing several revolver shots. Miss Laura McIntyre Campbellton came to town on Wednesday limited to visit her Dalhousie relatives. Mr. A. J. Payne, Athol, was in Dalhousie last week. He is in his 82nd year and is very active. He worked for 40 years on the government railway. He was one of the pioneer farmers of Balmoral. Andrew Loggie has returned home after spending a few days at Loggieville. Mr. Loggie is much improved in health. Mrs. Ed. Sullivan and Miss Julia McFadden, Campbellton spent Wednesday in Dalhousie the guest of Mrs. E. Shirley and Miss Florence Montgomery. Miss Louise Barthe, Campbellton was in town on Wednesday visiting her home. Miss Eva Gilker of Boston, who spent the winter in Roberval, Sackville, arrived here last week, to spend the summer with her sister Mrs. Herbert Hoquard. INSTITUTE TEA. Owing to the courtesy of Mrs. John C. Ferguson, who has been home for the occasion, the ladies of the Women's Institute were able to hold a "War Time Tea and Sale" on Friday afternoon, April 19th, the proceeds of which will go towards the funds of the society. The pleasant affair was attended by a goodly number and about \$92.00 was realized. Mrs. Jas. Henderson was in charge of the receipts at the door and in the dining room, Mrs. Jones presided over the tea, assisted by Mrs. R. Keith, Miss L. Duncan, and Mrs. LeGallat. The table being decorated with a profusion of red carnations, arranged prettily in a basket. Mrs. F. Ingram conducted the ladies to the dining room. A very delightful feature of the enjoyable entertainment was the singing of songs by Miss Hazel Mowat, Miss Lou Nelson, also a couple of quartets by Miss Mowat, Miss Nelson, Capt. Wilks and Lieut. Brown. Miss Irene Murray acted as accompanist and kindly played several selections during the afternoon. The home cooking table was presided over by Mrs. Wm. Currie and Mrs. Haines. The Sale Table by Mrs. Ed. Alexander, Mrs. Dewar and Miss Jessie Andrew. The but flowers consisting of roses, carnations and sweet peas were in charge of the president, Mrs. Jas. W. Morton, the sale of which added considerably to the fund.

ANNUAL MEETING. The Annual meeting of the Town Council will be held Tuesday evening, May 7th. PERMITTED GAMBLING. A local boarding house keeper was up before His Honor recently for keeping a common gaming house. He was fined \$25.00 and costs. NAME CHANGED. By special act of the local legislature passed at the recent session, Mr. O. J. Larzen has had his name changed to Oswald Joseph Lawson. A VALUABLE COW. Mr. Rufus Hicks of Dalhousie sold one of his Holstein cows to a P. E. I. man for \$600.00. The cow was delivered Wednesday. AGAIN RECRUITING. Mr. A. McG. McDonald is again signing on recruits for the Engineers, Skilled Railway Employees, Railway Construction Corps, 65th Depot Battery, Woodstock; 9th Siege Battery, and N. B. Depot Battalion. The revised regulations do not permit any recruits being signed on under 19 years of age. SOIL COMMITTEE. Mr. Louis A. Buckley, the Maritime Superintendent, and A. M. Gregg, Provincial Superintendent of the Soldiers of the Soil movement will address the local committee on this work in the Council Room on Saturday at 4:30 p.m. May 4th. All members of Committee are urged to attend and all others interested are urged to be present. EFFICIENCY. There is considerable discussion about efficiency in town departments. The following was called to our attention. On Saturday it was necessary to haul some material to fill a hole in the street and this is how it was done. Two men harnessed two horses to the large double sloven. The two horses, two men (and a dog) proceeded to the electric light plant where a few barrels of ashes were loaded upon the sloven, then the two horses and men (and the dog) proceeded to the hole which was filled. Now what should have been done was one man instructed to harness one horse to a cart and do the work in half the time with half the expenditure of time (and money). According to this greater efficiency cannot start too soon.

Public Notice. Re Garden Plowing. All persons desiring the use of town men and teams for plowing, are requested to file their applications, stating location of lots, with the undersigned not later than Saturday, May 18th. JOHN T. REID, Town Clerk. Campbellton, Apt. 29, 1918.—2wk.

SHERWIN-WILLIAMS PAINTS & VARNISHES. Home Beauty that means Home Economy. Old Furniture—like old friends—has a charm all its own. So—if you have a table, dresser, bureau, bookcase or old chairs handed down from great grandmother's day—cherish them; and protect and restore them to their former beauty, with SHERWIN-WILLIAMS VARNISH STAINS. They lend their own beautiful rich undertones to the fine old furniture, that needs but the proper finish to look its best. There is a full family of colors to duplicate all hardwood effects. MAR-NOT, For Floors. Made for floors—to be walked on and danced on, if you like—to have water spilled on it, and furniture dragged over it. MAR-NOT is tough, durable, absolutely waterproof. Dries in 8 hours, rubs to a dull finish, pale in color, particularly desirable for fine hardwood floors. SCAR-NOT, For Furniture and Woodwork, has been the means of converting thousands of women to the idea of protection in the home. They use SCAR-NOT to make their furniture fresh and bright. Even boiling water does not injure this varnish. REXPAR, For outside work—doors, etc.—it is absolutely waterproof and will not turn white no matter how long exposed. We carry a complete line of Sherwin-Williams Paints and Varnishes. Ask us for Color Cards, prices or any other information you may require. B. A. MOWAT, CAMPBELLTON.
