# FUSION SLATE IS CRUMPLING

Looks as Though Gentlemen Named for Utilities Commission Wil Now Drop Out-Some New Blood for Aldermen Next Year.

The fusion slate shows more signs of crumpling to pieces, and it was rumored today that further attempts the council may run, without a slate man wanted to head the ticket.

With the withdrawal of Mr. George C. Gibbons, K. C., efforts were made to get Hon. Adam Beck to run. It was stated today on the best authority, however, that Mr. Beck would not be a candidate, but would confine his efforts to the power question. That was the last blow to the hopes

of the men behind the fusion ticket, and it will collapse for the utilities board, but will wait board, until some future occasion, in all Ther Some May Run.

Board of Education Refused to Rescind Rule for the Kindergartens.

WON'T CLOSE KING STREET

Board of Education Decides to Keep That School Open as Usual-A Big Business Grist.

The compulsory vaccination clause in the board of education regulations was again the theme of discussion at the board meeting yesterday afternoon. Dr. Teasdall brought the question up. "I move that the rule respecting be suspended compulsory vaccinaion or the year 1910," said the doctor. "I desire the suspension to apply only to kindergartens. We are told that there are large numbers of children who would attend our kindgartens if this rule were abolished. I desire to make an experiment. Let us suspend it for one year, and see what effect it

as on the attendance. Binding the Board.

"We have no right to bind the board f 1910," said Chairman Westervelt. They may want to make many more

"We have done it in the matter of achers," answered Dr. Teasdall. "That is a different question alto gether," said the chairman.

"If you will make your motion comprehensive enough to take in all grades and classes, I will have the greatest pleasure in seconding it," said Trustee However, the motion was not press-

ed, and the rule will stand as it is at Principal McCutcheon reported that It is really a pitiful sight to see so put elasticity into the stomach walls. the attendance at the Collegiate was many thousands of people worrying Mi-o-na is the prescription that as follows for the month of November:

# Winter Coats for Girls Learn Metalography 2 Days' Free Demonstration By An Expert From the Apollo

SMALLMAN & INGRAM, LIMITED

#### THURSDAY AND FRIDAY.

Scores of our customers are now making pretty and useful articles in hammered brass for home decoration (also for Christmas gifts), inexpensive, too, when you can do the work yourself.

This demonstration will be of great interest to all who have commenced with this work, as well as to those who have not. The instructions with every piece are thorough and the work simple if these are followed. Anyone can put these articles together without any training or knowledge of metal work. It's easy, but as a customer said: "If I see someone do it then I can." True; by seeing an expert put a few pieces together you will no doubt learn many little ideas in the construction that might take you a little longer to get onto by yourself, and our demonstrator will show and explain by practical demonstration in five or ten minutes all that is necessary to make you an expert at metalography.

Among the articles which can be made are: CANDLE SHADES, LAMP SHADES, INK STANDS, PAPER RACKS, STAMP BOXES, BOOK ENDS. BELT AND HAT PINS, ETC., PIPE RACKS, TOBACCO BOXES, PIN AND ASH TRAYS, MATCH STANDS, PICTURE FRAMES, JARDINIERES, SMOKER'S ARTICLES, ETC., all of which can be pro-

cured in ready and available form with full instructions for putting together. If you have not already interested yourself in metalography, come and see this expert demonstration. You will be surprised at what can be accomplished with a small outlay. It is SIMPLE, ARTISTIC, EDUCATIONAL and INEXPENSIVE.

# **Use Transfer Cards**

Another Convenience for Christmas Shoppers---Installed Today

For months we have investigated and studied out transfer systems used by different department stores in America, and today we commence what is considered the most simple and most perfect system now in use—a great benefit as well as a time-saver to the customer making purchases in two or more departments.

On making your first purchase ask for a transfer card, which you may use for the entire day if you desire, going from department to department, and floor to floor-making your purchases. Your goods will be cared for and checked at transfer office, where they are sent immediately they are purchased with number corresponding with transfer card number on each check. When you have finished your purchasing, present card and arrange for payment of same at transfer office, giving instructions for delivery, etc.

By this system you have in your hand the amount of your purchases as you go along from each department. You also avoid the delay of waiting for change after each purchase and giving instructions to each sales person. The transfer card does all this. Transfer office is on main floor, rear centre aisle.

"The Battle." "The Battle," a proble | play-not in the usual acceptance of the term theatrically, but another glimpse at the problem of capital and labor-was presented at the Grand Opera House last evening by Mr. Wilton Lackaye Wifey-When I pass a miliner's shop and his capable company to a fair house. It showed this great actor at his best. The story concerns John Haggleton, a multi-millionaire financier. His son-taken from him in [Punch.] Candidate for part of Juliet (to manager the tenement district, surrounded by f Shakespearean company)-Oh, yes, Mr. the poverty and sin of that sordid Stormer, I'm awfully gone on Shake- spot. He has ideas of social reformations, and has his father's tenacity of purpose in clinging to them. Haggleton tries to win his boy's affections, and goes into the slums. His business ability and powers of organization work wonders in that district. and the boy feels in himself the capacity for great business affairswhat his father desired. But the battle for his ideals comes on. His better nature-that nature which would force him back to these people to help them is personified in his sweetheart, the daughter of a man ruined in business by John Haggleton. They struggle, and at last the boy gives up his ideas for business and declares he will follow the people. This act wins for him his father's love, and he, too, decides to assist in this great work.

The play affords a new glimpse at the great problem, but it does not solve it. As a matter of fact, it is confusing. The apparent hopelessness of the question is summed up in a sentence near the end of the play: "How can you spend 10 millions of dollars on the poor of New York without demoralizing them?" That is like woman, the eternal question—somewhat of a tiddle.

Mr. Lackaye's enactment of the role of John Haggleton was a masterpiece. It o assist in this great work.

Mr. Lackaye's enactment of the role of John Haggleton was a masterpiece. It is one of the best roles he has yet assayed, and it was a performance not soon to be forgotten. As the keen, strong, masterly man of finance, he gave a vivid interpretation.

# The Nordheimer Player-Piano

Anybody can play it, as the mechanical equipment is perfectly simple and adapted to all the records made for player-pianos. There are over 20,000 pieces of music which even a child can play on this player-piano. A new piece could be played every day for six years without repeating.

The playing mechanism is concealed within the case, and the instrument has the appearance of an ordinary piano. It may be played upon by hand if desired, the mechanical attachment being thrown on or off by the simple movement of a lever. The tone, construction, design and finish of these Nordheimer Player-Pianos are equal in every way to the regular pianos.

It would be a pleasure to demonstrate these instruments any time you favor us with a call at our warerooms. If you can't call, write for a booklet. Instruments intended for Christmas delivery should be ordered at once.

#### Had Weak Kidneys For Two Years. Doctor Failed to Help. Doan's Kidney Pills Cured Him.

Mr. Edmund Assels, New Carlisle, Que., writes:—"I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. I was troubled with my kidneys for two years. I tried a doctor, but he failed to help me. I read in the B.B.B. Almanac about Doan's Kidney Pills, and began using them, and after the first box began to feel better. I only used four boxes and they completely cured me. I am very thankful to have found so speedy a cure, and would advise everyone suffering from kidney disease to try them."

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

#### WASHINGTON TOLD OF INDIGNITIES BY AGENTS

Government Protests Against Government Signs Contract With Methods of U. S. Immigration Officials.

Ottawa, Dec. 7.—Dr. Schaffner, drew the attention of the Government to-day to a Winnipeg dispatch which told of Rev. T. Davidson, a famous pastor of Belfast, wno has been spending some time in Western Canada, being held up at the boundary by American immigration officers and sent back to Winnipeg to get papers showing that ae was not an undesirable seeking entrance to the United States. Dr. Schaffner further stated that

Canadians of all classes were being annoyed all along the border. Hon, Frank Oliver pointed out that the Canadian Government had no jur-isdiction over these officials. They were controlled by the American authorities. Sir Wilfrid Laurier said that cer-

tain representations had been made to the American Government on the subject. He promised to look the matter up and inform the House later on. Mr. R. L. Borden inquired of Premier when the naval defence bill would be introduced. "Immediately after the tariff bill is disposed of," said the Premier.

The New Town in "SUNNY SOUTHERN ALBERTA"

on the main line of the C. P. R.

The sale will start with a rush. Why? Because the folks living anywhere near the site realize the need of a live town to supply the needs of farmers who own from 160 acres upwards of the 200,000 acres for which there is no trading point nearer than 13½ miles. Chin is situated right in the midst of this wonderfully rich community and has as promising a future as Sterling, Magrath, Grassy Lake, Bow Island and Taber, all of which have sprung out of the prairies within the last five years and

are thriving little cities where real estate has doubled and trebled in value. We put Warner on the map three years ago. It has made good several times over We have sold more than 300,000 acres of farm land in this section of Alberta within the last four years, and every buyer is now prosperous or wealthy.

Chin is not the visionary scheme of professional town site boomers. It is a legitimate enterprise backed by one of the largest land companies in the Northwest. There is urgent need of a town at the site selected. A red blooded, wide awake man might drop out of a balloon onto any lot in Chin and be sure of making money.

Chin is not to be simply a good business town. We have planned to make it a comfortable place in which to live by donating sites for a School, Church, Parsonage, City Market and we are going to put in a city well. There are openings for many lines of business.

#### Back of Chin.

Is a country where the average yield per acre, of wheat, oats and barley cannot be equaled by any state in the Union;—spring wheat running from twenty to fifty bushels per acre, winter wheat from twenty to sixty-five bushels, oats from sixty-five to one hundred and thirty five bushels, and barley from thirty to sixty bushels. The cost per acre to raise an average crop of wheat is \$8.00. Take an average yield and the market price, and figure out what the net returns are

to the man owning a section of land. This indicates

the resources back the town of Chin.

## A Fifty Per Cent Increase Assured

Four months from the date of the first pay-Four months from the date of the first payment registered, the prices of lots throughout the town of Chin will be advanced one half regardless of any condition that may exist at that time.
