ADVERTISE IN THE PLANET

## ASSASSIN IDENTIFIED

Karl Hohenthal, Former University Student At Helsinki.

The Assassination Was Due, It Is Believed At St. Petersburg, to Political Causes—Here Discussed and Killings in Russian Poland—Events of the Past Day Have Been Quite Serious—The War News—Will Kuropatkin Stay?

Helsinki, Finland, Feb. 8.—The assassin of Procurator-General of Finland, Soisalon Soisalo, is believed to be undoubtedly due to political causes. Soisalo was long ago marked for vengeance by the Young Finns, and no man was regarded as more of a traitor to the cause. At St. Petersburg, Finland, he held a position independent of and in some respects even superior to that of the Governor-General, and he also was the leader of the old Fenian party, the business of which is no longer dominant in the Diet, though it is still preponderant in the Senate.

Replied by the Finns.

The crime is deplored by the Finns, who still hoped the Emperor would entertain the Diet's petition for a return to the former liberal Administration, and it is feared it may provoke a policy of repression, and especially in view of the recent disorders in Helsinki. In Finland about to witness a series of political murders? This is the question asked on all sides here.

Due to Political Causes.

St. Petersburg, Feb. 8.—The assassination of Procurator-General of Finland, Soisalon Soisalo, is believed to be undoubtedly due to political causes. Soisalo was long ago marked for vengeance by the Young Finns, and no man was regarded as more of a traitor to the cause. At St. Petersburg, Finland, he held a position independent of and in some respects even superior to that of the Governor-General, and he also was the leader of the old Fenian party, the business of which is no longer dominant in the Diet, though it is still preponderant in the Senate.

Replied by the Finns.

The crime is deplored by the Finns, who still hoped the Emperor would entertain the Diet's petition for a return to the former liberal Administration, and it is feared it may provoke a policy of repression, and especially in view of the recent disorders in Helsinki. In Finland about to witness a series of political murders? This is the question asked on all sides here.

## BLOODSHED IN POLAND.

Men Who Went to Work Killed By Strikers.

Warsaw, Russian Poland, Feb. 8.—Several men were killed here yesterday by strikers in a factory. The strikers were attempting to resume work. Many arrests have been made.

Strikers yesterday morning attempted to bring out the employees of the electrical plant of the lunatic asylum, but the strikers succeeded in pacifying the men.

According to a report from Radom, 20 workmen have been killed or wounded in strike disorders there yesterday, while at Siatyko 24 have been killed and forty wounded. Grave trouble is also reported at Kutno to-day. Troops have been sent to Kutno from here.

Afraid to Go to Work.

Lodz, Russian Poland, Feb. 8.—The factories were opened yesterday morning, but scarcely any of the workmen appeared. One factory the men worked until lunch time, and then left and refused to return, saying they did not want to be killed by a bullet from the street fired through the door. Another factory abruptly ended work.

The situation appears to be growing worse, and a critical time is expected on Thursday, the date on which some of the largest manufacturers have decided to pay their employees the balance of their wages, disburse them and shut down the mills indefinitely.

The strikers are becoming more aggressive. Yesterday morning they forcibly entered a mill and destroyed the machinery.

Getting Worse in the South.

Batoum, Caucasus, Feb. 8.—The strike situation here is growing worse. Business is practically at a standstill, although some steamers have succeeded in getting away. Food is becoming more scarce. The military Governor has issued a proclamation, warning the inhabitants against assembling in crowds.

They'll Get Him Yet.

St. Petersburg, Feb. 8.—The Berlin Tagblatt yesterday printed a report to the effect that Emperor Nicholas recently found in his study a letter threatening him with assassination. An investigation of the rumor elicited a semi-official statement that it was unfounded.

Something For Trepp.

St. Petersburg, Feb. 8.—It is understood that Governor-General Trepp is likely to become Minister of the Interior shortly or receive the specially created post of Minister of Police.

Bayonetted 50 Japs.

Cossacks, Commanded by Prince Maglov, Attack a Village On Feb. 5.

St. Petersburg, Feb. 8.—General Kuropatkin reports that a detachment of Cossacks commanded by Prince Maglov attacked a village occupied by the Japanese the night of Feb. 5, bayonetted fifty men and retired without sustaining any loss.

Gen. Myloff, commander of the Eighth Army Corps, has been appointed to replace General Gripenberg in command of the Second Manchurian Army.

Will Kuropatkin Be Allowed to Go?

The same widespread and high-placed influences which agitated for Gen. Kuropatkin's removal after the battle of Liangyang are now endeavoring to induce the Emperor to accept his tendered resignation. It is suggested that either Grand Duke Nicholas Nicolaevitch, a cousin of the Emperor, who commands the Russian Cavalry, Gen. Sahharov, Minister of War, or Gen. Lissovitch, commanding the First Army in Manchuria, be appointed to succeed Gen. Kuropatkin as commander-in-chief.

National sentiment sympathizes with Gen. Kuropatkin, although the Southern Russian papers increasingly reiterate that the Russian soldiery is good, and that only the leadership is bad.

The War Must Go On.

The renewed peace talk resulting from the seeming concurrence of recent events in Washington finds no echo in official and diplomatic circles here, where Emperor Nicholas' repeated declaration that the war must be carried to a satisfactory conclusion remains the keynote of the situation. The prevailing opinion among diplomats here is that Japan and Russia would choose France rather than the United States when the time arrives to discuss terms of peace.

Setting Towards Peace.

The present current of press and public opinion in Russia appears to be setting towards peace. The newspapers no longer proclaim the necessity of continuing the war at all costs. Articles appearing in The Russ and The Novoe Vremya, over the signatures of well known war correspondents who have just returned from Manchuria, criticize the conduct of operations there in unmeasured terms, while these papers editorially declare that hopes of victory are remote.

The war has never been altogether popular. Present distress and discontent of the working classes, the general desire for reform evinced by the upper classes, may develop a strong peace movement with which the Government may have to reckon.

## TO REVISE PRESS LAW.

Committee of Ministers Institute a Special Conference.

St. Petersburg, Feb. 8.—The committee of Ministers has decided to institute a special conference to revise the press laws. The conference will be presided over by the Emperor, and its membership will consist of officials especially cognizant of the question, members of the Imperial Academy of Science, prominent writers and representatives of departments. The president of the conference will have the right to invite persons from whom useful information can be secured, and members of the provincial press. The president will present a draft of the revised laws direct to the Council of State.

The committee of Ministers has decided the following points:

First—To request a definite revision to abolish the right of the Minister of the Interior to prohibit the publication of items in newspapers.

Second—To abolish the existing order and permit of the transfer of a newspaper from one editor to another, conditioned on information of the transfer being given to the press department of both editors.

Third—The Minister of the Interior is only authorized to prevent the sale of newspapers. The Minister of the Interior may demand the name of the author of an article if needed for purposes of prosecution or in the interest of the security of the State.

Fourth—To request the Emperor to order that before a book is suppressed by the Minister of the Interior, copies thereof shall be sent to scientific institutions.

Fifth—Grant the Minister of the Interior the right to revise censorship regulations.

Sixth—To request the Minister of Instruction and the Minister of the Interior, after conference with the Governor-General, to order that the Imperial decree restricting the use of the little Russian language in books.

All these decisions were confirmed by the Emperor on Feb. 8.

## A FRENCH ULTIMATUM.

Mr. Constant Demands Instant Satisfaction From the Sultan of Turkey.

London, Feb. 8.—The Daily Telegraph's correspondent at Constantinople reports that owing to the Sultan's decision to allow money from a German group of financiers for the re-arming of Turkish artillery, M. Constant, the French Ambassador, has delivered an ultimatum demanding the instant satisfaction of the Government's French claims, failing which he will leave to-day (Wednesday) to consult his Government.

The German conditions of the loan, the correspondent says, were that all guns should be ordered from Germany. A French syndicate has been competing for the loan.

The best way to shape the careers of some young men is with a stout club.

The chances of success are enhanced by a smooth tongue.

## OLD KING IS DEAD NEW KING REIGNS

Exit Mr. Ross, Enter Mr. Whitney At Call of Lieut. Governor.

Premier Whitney Expected to Get Through With His Cabinet Building Today—Men Called By Wire to Meet Him in Toronto Are Expected to Be Called At First Meeting of His Administration—New Political State Looks.

Toronto, Feb. 8.—Yesterday afternoon Hon. Geo. W. Ross (dove from his residence to Government House, where, shortly after 1:30 o'clock, he tendered the resignation of the Government to the Lieutenant-Governor, and handed over the great seal of the Province. Mr. Ross was not accompanied by any of his colleagues in the late Ministry. He had lunch with his Honor. The Government's resignation was, of course, accepted.

About 2:30 four of Mr. Ross' late Cabinet, A. G. MacKay, William A. Charlton, George P. Graham and John Dryden, called on the Lieutenant-Governor, but only in an informal way, as usage does not decree that any but the Premier should resign. Mr. Ross remained at Government House until 3:15.

Mr. Whitney Arrives.

Mr. Whitney arrived at ten minutes before 6 o'clock. His train was an hour and a half late. E. C. Whitney, the well known lumberman of Ottawa, brother of the new Prime Minister, accompanied by his Ethiopian valet, "Charlie," were also on the train. The brothers Whitney were met at the depot by Dr. Fyne, member-elect for East Toronto, and others, and walked to the Queen's Hotel. On his arrival Mr. Whitney received a package of letters and telegrams and at once retired to his room.

The summons from Government House came shortly after 6. Commander Law, secretary to Lieutenant-Governor Clark, called on Mr. Whitney and verbally submitted his Honor's wishes, which were carried out by Mr. Whitney proceeding to Government House.

Accepts the Task.

"I accepted the task of forming a new Government, and I hope to get through with it to-morrow," Mr. Whitney told the press in describing his transiency at Government House.

Mr. Whitney further said he expected he would have the men chosen for the Cabinet with him this morning. He had asked them to come to Toronto to-day, and would have to secure acceptance before the names were submitted to the public.

During the evening quite a number of members-elect called on Mr. Whitney. Among them were Dr. Willoughby, Dr. Reame of Windsor, Adam Beck of London, A. C. Pratt of North Norfolk, Dr. Lewis of Orangeville, J. J. Foy, Dr. Fyne, J. W. St. John and Dr. Nesbitt of Toronto.

Probable Ministers.

Though Mr. Whitney has not yet announced his Cabinet, it is surmised by unmistakable indications that he will be associated in the administration of the affairs of the Province with the following members-elect: J. J. Foy, South Toronto; W. J. Hanna, West Lambton; Col. Matheson, South Lanark; Dr. Reame, North Essex; Dr. Willoughby, East Northumberland; Neilson Monteith, South Perth; Adam Beck, London; Major Hendrie, West Hamilton. A new portfolio, that of mines, is to be created and in all probability W. R. Smythe of Algoma, will be placed in charge.

Dr. Fyne is slated for the post of Speaker of the new Legislature.

Mr. Whitney has summoned the above gentlemen to meet him at the Queen's Hotel early this morning. This means that he has made up his mind on his Cabinet, but as he has not consulted the men he proposes to honor the slate may be subjected to some modifications. It is not expected that any will decline to enter the new administration. There is, however, the possibility that there may be some refusals, but the choice is so large that Mr. Whitney will have no difficulty in filling their places.

Will Welcome Whitney.

Premier Whitney will to-night receive the plaudits of Tory Toronto, and the first Conservative leader of Government in this province in a lifetime—almost—will be honored in a manner worthy of the significance and importance of the event. It is expected that several hundreds of the members of the ward associations will be in line when the parade moves off from the Queen's at eight o'clock. Numerous business men along the route of march have indicated an intention to decorate, and a liberal display of pyrotechnics has been assured. The procession will leave the Queen's at 8 sharp.

Canadian Timber Burned.

London, Feb. 8.—Fire at the timber yard of Messrs. Watson & Todd, Liverpool, Monday night, destroyed some 30 stacks of Canadian pine and spruce deal boards stored in ventilated stacks. Much of the timber destroyed, it is understood, has been undergoing the process of drying for some years. The damage amounted to £15,000.

## BOUQUETS FOR BORDEN

Floral Offerings to Conservative Leader From Both Sides.

Mr. Borden Takes His Seat in the Commons Amid Applause—Sir Wilfrid Laurier Most Gracious—Kept Place For Mr. Borden On Two Committees—Mr. Borden's Thanks—Mr. Fisher's New Statistics Branch Discussed.

Ottawa, Feb. 8.—R. L. Borden, member-elect for Carleton, took his seat in the House a few minutes after 8 o'clock yesterday afternoon. He was escorted by Hon. George E. Foster and F. D. Monk. The Opposition members vigorously applauded as Mr. Borden entered the Chamber and when he took his seat after the formalities of introduction were completed with the applause broke forth afresh. Many members on the Government side of the House joined in the demonstration. And this was not the end of the amenities which characterized Mr. Borden's return to the House. A large bouquet of roses had been placed on his desk by his followers. The Liberals sent over another floral contribution in honor of the occasion.

Sir Wilfrid Most Gracious.

After routine Sir Wilfrid Laurier stated that he had reserved for Mr. Borden a place on the Privileges and Elections Committee and also on the Banking and Commerce Committee. He welcomed Mr. Borden back to the House. Mr. Borden replied that he was grateful for the welcome extended to him by the Prime Minister.

"I have arrived a little later than I intended," added Mr. Borden, "but I think I am entitled to the sympathy of my right honorable friend, as he had a similar experience himself once."

A huge batch of petitions were presented protesting against the erection of telephone poles on the public highway without the consent of the municipality.

Bills Introduced.

The following bills were introduced: An act respecting the Niagara and Welland Power Company—Mr. Guthrie.

An act respecting the Regina & Hudson Bay Railway Company—Mr. Scott.

An act respecting the Vancouver, New Westminster & Yukon Railway Company—Mr. MacPherson.

An act respecting the Lake Champlain & St. Lawrence Ship Canal Company—Mr. Gervais.

Census and Statistics.

A bill respecting the census and statistics was the subject of a long discussion. Mr. Fisher had charge of the bill, and he explained it with a wealth of words that first irritated and finally amused the House. The bill provides for the consolidation of three existing acts, and creates a new department for the collecting of statistics between the decennial censuses. The department, Mr. Fisher explained, is really an extension of the present statistical branch. Its operation during the next ten years will probably cost half a million dollars, but no one thought this a large expenditure after Mr. Fisher had told of the barrels of statistics that it would provide for public consumption.

W. F. Maclean suggested that if the statistics were as prosy as Mr. Fisher's introduction of the bill they would not prove very easy reading, but Mr. Fisher is used to such taunts. He went on triumphantly with his speech.

Overloaded With Statistics.

A. E. Kemp made bold to say that the public was already overloaded with statistics.

Robert Fringle of Cornwall, in the same unappreciative vein, pointed out that the statistics prepared and circulated by the Provincial Government were as complete as anything Mr. Fisher's new department could prepare.

Mr. Fisher brushed aside these and numerous other arguments as if they had been so much cobweb. Finally he was inveigled by Claude MacDonald of Toronto, into explaining just how the census of 1901 cost half a million more than the census of 1891. Mr. Fisher has solved this conundrum many times in the House, but he essayed the job once again willingly, even cheerfully. Incidentally it came out that the census is not yet a finality, some statistics being still "in the hands of the King's printer."

Farmer Shoots Himself.

Beamsville, Feb. 8.—Robert Pook, an aged farmer of Clinton township, who lived near here, shot himself yesterday morning. He was dead before a doctor could arrive. His wife died Sunday, and it is supposed that grief over her death drove him to end his life. He was 76 years of age. At breakfast nothing peculiar was noticed about his actions.

Goes to Liege, Belgium.

Sandwich, Feb. 8.—Mayor Ernest Gizardet has received notice from Ottawa of his appointment as a Canadian Commissioner to the World's Fair at Liege, Belgium. He will make a collection of Essex County shagwag, corn, and native wine for the Canadian exhibit.

That was a cruel thrust that old Liberal writing in the Tizer gave the local Ross organette.

Minard's Lintment Cures Disempower

## Valentines

That time honored day, celebrated in different manners from the time of Valentinus of Terin in the dark ages down to our own times, has a greater hold on the masses to-day than ever before. Thanks to the postal service, we can now send greetings to our friends from one end of the world to the other.

You must not be behind the times. Send a Valentine to your lover and if you have no lover, send one to a friend, a little remembrance that will be appreciated.

Our stock of these beautiful love tokens is complete, priced from 1c to \$1.00. We can suit the most fastidious.

We have all kinds of ugly ones, too.

S. STEPHENSON - Proprietor.

## THE MARKET BUILDING.

To-night, The Planet understands, the City Council will meet in committee of the whole to finally decide upon the plans for the new market building. The aldermen are to be commended for taking up the matter in this businesslike way and going fairly and honestly into all the plans submitted, giving all an equal chance. There should be no considerations of favoritism; the only consideration should be economy and efficiency.

It was a mistake to hold that the present Council was bound by its predecessors, either morally or legally. The matter was then hurriedly put through and aldermen were frank in the statement that there was not opportunity of thorough and satisfactory investigation. The matter had not the proper consideration, the estimates were by no means accurate and many other matters were left in an unsettled and unsatisfactory condition.

It is well then that the aldermen are going to take up the whole matter to-night, that they will examine all plans and estimates and decide according to their own best judgment to give the people the best and most economical market building. That is what they voted for; that is what they should have.

## THE TEMPERANCE MOVEMENT IN CHATHAM.

Whether the City Council acted wisely or not in denying the petition for a reduction of the number of liquor licenses in the Maple City is a matter for individual judgment. It was evident from the discussion of the aldermen that there is much to be said on both sides of the question.

Far more important, however, were the frank, outspoken statements of many of the aldermen, made apparently as a matter of fact without fear of contradiction and meeting none—that the License Commissioners and License Inspector in the past had never made any pretensions of having the law carried out. One alderman went so far as to state that there wasn't a gentleman present who did not know that there were not more than two hotels out of the fifteen in Chatham that lived strictly up to the law. The Commissioners were well aware of this, we were told, and heeded it not.

Ald. Edmondson—sturdy Liberal though he is—was particularly frank in the matter. The only hope for the advocates of temperance, he said, was in the new Government of Mr. Whitney, which was pledged to a real enforcement of the law. Mr. Whitney would appoint new License Commissioners and these men would see that the law was carried out, and any license holder not living up to the requirements of the law suffered. Ald. Edmondson as frankly admitted that there had been no pretence by commissioners under the past Ross regime to carry out the law to the letter. And other aldermen spoke in the same strain as Ald. Edmondson.

If the aldermen were correct—and they all seemed absolutely assured of the accuracy of their comments—it is imperative that the Board of Commissioners must be instantly and thoroughly reorganized. If the laws are not worthy of enforcement they should be removed from the statute books; if they are allowed to remain they should be carried out.

## THE BOY AND THE DOG.

Toronto Star.  
If the dog tax is doubled in Toronto, the blow will fall on the boys who really need a dog. Nobody knows why a boy needs a dog, but he does. The proposal to double the tax is based on the idea that this will result in causing a lot of dogs to be got rid of. How will it bring that about? If a boy, or a man, will pay a \$1 tax for a dog, he will pay a \$2 tax—if he can raise the money. The expectation is that a lot of dogs will be killed because their owners can't pay the increased tax. It is a straight attack on the boy dog owner.

## CARNEGIE'S LOVE OF FLOWERS.

New York Tribune.  
Andrew Carnegie is a great lover of flowers, especially of roses. At Skibo castle his expert gardener has introduced rose trees from nearly all parts of the world, and as a consequence the flower beds and garden about the castle are the envy of all who see them. To encourage a love of flowers among the people in the neighborhood, Mr. Carnegie let it be known that he would give a prize of \$50 for the best cultivated and most artistically arranged flower garden on his estate, and as a result there is a great rivalry among his tenants to secure the prize the coming season, and the neighborhood of Skibo castle will probably soon be a favorite resort for all lovers of flowers.

A foaming glass of

in the morning drives away the indigestion, biliousness and constipation of yesterday—brings health, strength and energy for the days to come.

AT ALL DRUGGISTS, 25c AND 50c A BOTTLE

## SPLENDID CONCERT

There has been formed in connection with Christ Church a band of young ladies who are already giving a good account of themselves, and who give promise of becoming the most useful and energetic organization in connection with the work of the church.

This band is called the Junior Guild and they made their first effort in church work last Monday evening, when they gave a concert and social in the Sunday school room. The affair was a grand success and patronized by a very large crowd. The program was good and well appreciated, every number being encoored, and the entertainment afterwards provided was keenly enjoyed.

The concert was given in order to raise funds for the fitting up of the infant class room at the Sunday school and the young ladies are to be highly complimented in that the proceeds are amply sufficient for that purpose.

Every number on the program was keenly enjoyed. Miss Rankin's solo was especially enjoyable. Miss Rankin is one of Chatham's younger singers and she gives promise of becoming one of the best. She has a sweet contralto voice. Miss Peate, a Miss White and little Miss Kine sang Foreman's instrumental was also capably rendered. Mr. Arthur as accompanist deserves special mention. He was called upon at the last minute to play some of the accompanists and did remarkably well, reading at sight. The following was the program:

Chairman Address—O. L. Lewis.  
Solo—James Trotter.  
Solo—M. as Max Peate.  
Solo—Miss Hope Rankin.  
Instrumental—Miss D. Foreman.  
Solo—Willie Hoig.  
Solo—Miss Pearl White.  
Solo—Miss Kine.  
Solo—R. W. Angus.  
God Save the King.  
Accomp.—Mrs. Jas. Glenn, Misses Bogart and Walker, and Messrs. Arthur and Hallman.

## THEORIES ABOUT FOOD

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same line.

Restaurants may be found in the large cities where no meat, poultry or coffee is served and the food cranked theories galore advanced to prove that meat was never intended for human stomachs, and almost every belief that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmon on this subject says: Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no regular practice is made of using Stuart's Dyspepsia Tablets, because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

That large class of people who come under the head of nervous dyspepsia should eat plenty of meat and insure the proper digestion, by the daily use of Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin, diastase, fruit acids, work of digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures are useless for indigestion as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food, and the sensible way to solve the trouble daily use of Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles. All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full treatment.

## NEW MEAT MARKET

Was Opened on Saturday Last Jan. 14th, King St. West, Next To Dr. Tye's Recent Office.

We wish to call the attention of the meat eaters of Chatham to the fact that we are prepared to furnish a superior quality of fresh and cured meats at very reasonable prices, as we raise and feed our stock on our farms in Dover. No middle profits to pay. Direct from the farm to the consumer.

We will also keep in stock a first class line of canned goods, consisting of corn, peas, tomatoes, pork and beans, sardines, canned salmon, bottled pickles and a special line of teas, which will surprise you how we sell such fine goods at such low prices. Headquarters for hams, bacon, lard, Bologna and pork sausage, the very best always in stock.

Call and see us even if you don't want to buy. We will be pleased to make your acquaintance.  
GEO. STACEY & CO.,  
Late of Port Hope,  
Telephone 391.

## SOCIAL EVENING

A very pleasant and enjoyable concert was held in the Sons of England lodge room last Monday evening, for an excellent musical program refreshments were served and a social time was spent.

The following was the program—  
Address—Chairman Meynell.  
Instrumental—Miss E. Jewell.  
Dialogue—The Misses Wardle.  
Recitation—Miss Clara Clements.  
Vocal Solo—Miss Annie Clements.  
Instrumental—Miss Mabel Brown.  
Vocal Solo—Garfield Hallman.  
Vocal Solo—Miss Primrose.  
Instrumental—Miss Grace Irwin.  
Vocal Solo—Sam Majors.  
Quartet—North Chatham Quartette.  
Song and Dance—The Two Maes.  
Vocal Solo—Mr. Cochran.  
Vocal Solo—Miss Annie Clements.  
Song—H. Horvath.  
Instrumental—Miss Grace Irwin.  
French Duett—Mrs. and Miss Primrose.  
Song—Jas. Trotter.  
Song—R. Topping.  
Quartet—North Chatham Quartette.  
Refreshments were then served.  
God Save the King.

## A SUCCESSFUL HORSEMAN.

Never allows his horse to suffer pain. He always uses Nerviline, which is noted for curing stiffness, rheumatism, swellings and strains. Nerviline is just as good inside as outside. For example, colds and internal pain it's a perfect marvel. In the good racing stables Nerviline is always used, because it makes better horses and smaller veterinary bills. Twenty-five cents buys a large bottle of Nerviline try it.

## Monaster Beds.

Though the beds of the royal personages of England were elaborately carved and hung with rich curtains even so late as the Tudor period, it is recorded that King Henry VIII's bed contained only straw beneath all its finery. A curious order exists as to precautions to be taken against the possibility of intended mischief to the royal person in the making of the bed, for the usher was to search the straw through with a dagger, "that there be none untruth therein, and to tumble over on the down bed for the better search thereof." The bed of Henry VIII. was nearly eleven feet square, and of even more generous dimensions is the great bed to which Shakespeare refers in a well known passage "Twelfth Night," which was twelve feet square. This "great bed of Wars" has been a marvel for centuries.

## APPLICATIONS

Will be received by the undersigned until Saturday, February 25th at 10 o'clock a. m., for the position of man cook and helper at the Kent County House of Refuge. Applicants to meet the committee on the above date at 10 a. m. in the County Clerk's Office, Harrison Hall, Chatham.

J. GOSNELL,  
Co. Clerk.

Dated Feb. 8th, 1905.

## Tenders for Dredging and Four Bridges.

Sealed tenders will be received by the undersigned until two o'clock p. m. on Thursday, February 23rd, 1905, for dredging about three and one-half miles in the River, County of Kent. Also for building two steel and two wooden bridges over said drain.

Plans and specifications can be seen at the office of A. McDermott, Engineer, in the city of Chatham.

The lowest or any tender not necessarily accepted.

Tenders to be marked "Tenders for Dredging and for Bridges," respectively.

H. N. BROTHARD,  
Commissioner.  
Dover South F. C.

## CALIFORNIA EXCURSIONS.

Skating at the Rink to-night! O. K. Watson, Ridgeway, was in the city yesterday.

See Thibodeau & Jacques' window display of Whiteaways. Wanted to Exchange, lumber for horses. Apply to Scott Bros., lumber dealers, Chatham. Probate of the will of the late Thomas H. Bell, of Wallaceburg, has been granted to Victoria Steacy.

Lost, on Saturday, between Third street and the market, ladies' silver watch and three link gold chain. Finder will be rewarded by leaving at this office.

The Opera House was packed last night and everybody pleased. To-night the bill will be, Two Jolly Tramps, and crowds will be turned away. Secure your seats early.

Sometimes a cold settles in the bowels. The pain pierces like a lance. Get rid of it promptly by taking Perry Davis' Painkiller in sweetened water. There is but one Painkiller, Perry Davis'. Refuse substitutes.

Park Bros. are shipping a large boiler to Ridgeway to T. MacMackin, proprietor of the electric light plant. J. O. B. Latour, boiler inspector for the Canadian Casualty Co., inspected the boiler and pronounced it first class. This firm is also shipping two large smokestacks to Erieau for use on the engines at the coal hoists.

P. C. Tom Groves was busy today serving notices on the city liveries to pay for their licenses. Mr. Groves says that people kick worse at the end of the year than at the beginning. One man last December wanted time. There was just two weeks to the end of the year, and after the year was out the license could not be collected. The police were afraid that the man would wait too long, so they summoned him. The police are going to see after the other license holders as soon as the liveries have paid up.

Many thanks are due from the proprietors of Weaver's Cerate to friends who have written to tell of the Cerate's good work in curing scrofulous humors, scald head and other skin diseases. These kind words are most encouraging.

**DOGGONE GOOD GROWLS**

The Growler, Abe Savage, editor, was getting rid of some official utterances yesterday.

"You can have what you like, we don't drink anything but artesian water," is the way the editor comments on the action of the Council in regard to license reduction.

This is the editor's method of expressing his independence in matters of state.

"I am deaf as an adder in regard to politics," and "we are strong believers in socialism."

Abe is slightly suspicious of the market operations. He remarks: "You build what you like. We look for a pig in the fence at any stage of the game."

## 18 MEN MISSING.

One of the Steamer Damara's Boat's Lost After Crew Had Left the Sinking Ship.

Halifax, N. S., Feb. 8.—The Furness Line steamer Damara went ashore at Pleasant Point, off Musquodoboit Harbor, near Halifax, yesterday morning, and one boat, containing eighteen men is missing. The Damara, commanded by Capt. J. D. Gorst, was on the voyage from Liverpool to Halifax via St. John's, Nfld., which latter port she left Sunday night. The steamer struck during a thick snowstorm. Orders were at once given to reverse the engines, but as the water was making rapidly the effort to get her about was given up and it was decided to abandon her.

Two boats put off containing the crew and the passengers, thirty in all, one in charge of the captain and the other in charge of the mate. A few seconds after they left the ship, she was lost in the darkness, and the boats rowed towards what they thought was the land. The sea was running high, and the weather was down to zero.

After hours of hard work, during which much suffering was experienced, the mate's boat made a landing in a desolate place, miles away from the nearest telegraph office, but up to the present nothing has been heard of the captain's boat, and grave anxiety is felt for its safety. Working steamers will leave at once for the scene. The Damara was built at Glasgow in 1885, and is a vessel of 1,779 tons. She has a general cargo for Halifax. She had three passengers.

## JUSTICE IDINGTON WILL GO.

Appointed to the Supreme Court Bench As Killam's Successor.

Ottawa, Feb. 8.—Justice Idington of Toronto has been appointed to the Supreme Court to fill the vacancy created by the appointment of Justice Killam to the chairmanship of the Railway Commission.

Justice John Idington was appointed to the High Court bench in Ontario last year. He is in his 65th year, having been born near Morrisburg, Ont., Oct. 14, 1840. He graduated LL.B. at Toronto University in 1864, was called to the bar that same year and entered upon the practice of his profession at Stratford where he continued until called to the bench.

The salary of a High Court judge is \$5,000; of a puisne judge of the Supreme Court \$7,000.

Mr. R. C. Clute, K. C., succeeds Justice Idington on the High Court Bench.

**Not For Him.**  
Toronto, Feb. 8.—Chief Justice Falconbridge said yesterday that he would not accept an appointment to the Supreme Court bench even if it would mean leaving his home.

He would not leave his home, he said, to go to Ottawa, make him a junior judge and make no difference in salary.

## LORD ONSLOW ON EMBARGO.

Does Not Believe in Taking It Or From Canada.

London, Feb. 8.—Lord Onslow, in the course of a speech at Keynote, in the House of Commons, yesterday, said that there was another trouble which came upon his shoulders from brethren in Canada. In 1896 the Government found it absolutely necessary to pass the bill prohibiting the importation into this country of any animals from abroad, from British colonies as well as from foreign countries, except for immediate slaughter at the ports of debarkation. The bill of the Opposition in the House of Commons some few days ago announced that he was in favor of re-opening British ports to cattle coming from Canada. Such a step would be most impolitic and dangerous.

## Killam Takes Seat.

Ottawa, Feb. 8.—When the Railway Commission met yesterday Justice Killam took his seat as chairman. The London switching case was up for consideration. Before proceeding with this case Mr. Killam for the Grand Trunk and Charles Drinkwater for the C.P.R. wished Judge Killam the same success on the bench as he had on the bench. The new chief commissioner thanked Mr. Cowan and Mr. Drinkwater for their remarks.

## McMaster's Intentions.

Montreal, Feb. 8.—Donald McMaster, K.C., is leaving Montreal at the end of the month for London, to take up practice before the Judicial Committee of the Privy Council for the next three years. His intention is then to return to Canada and restrict his practice to court counsel work and consultations.

## Midland Railway Sold.

Montreal, Que., Feb. 8.—At a conference held yesterday between the directors of the Montreal Railway Company of New Scotia and General Manager Giffins of the Dominion Atlantic, the purchase of the Midland by the Dominion Atlantic was agreed to for the sum of \$1,500,000.

## New States Created.

Washington, D.C., Feb. 8.—The United States Senate has passed the statehood bill without division. It provided for statehood for Oklahoma and Indian Territory as one state and New Mexico as another.

## Old Man Found Dead.

Niagara Falls, Feb. 8.—Hiram Sutton, an old man of Lunenburg, was found dead Monday. He was sitting in his chair, Mr. Sutton, who was 75 years of age, lived alone.

## Nearly All of Them On Strike.

Charlevoix, Quebec, Feb. 8.—It was announced yesterday that 22,967 miners out of 39,442 employed in the collieries of this district, are now on strike.

## ANOTHER CARNIVAL

A meeting of the Non-Coms. of the Regiment was held in the mess rooms last night, when it was decided to hold another carnival on Feb. 14th, St. Valentine's night, which will no doubt cap all previous events. Sergt. Geo. Smith reported a splendid time at the opening of the armories at London. He said he was most cordially treated by the sergeants of the Seventh, being entertained to a theatrical party and banquet.

Sergt. Joe Harmer was appointed as representative to the annual banquet and ball to be given in Hamilton by the 13th, on Feb. 24th.

## Another Successful Year

On Thursday last, at the annual general meeting of the Directors of the North American Life Assurance Company presented the statement of the Company's operations for the year just closed.

The policies issued amounted to \$3,530,825, an increase of \$645,935 over the preceding year, while the assurance in force now amount to \$35,680,186, which shows an increase for the year of over \$8,000,000. The assets of the Company, which are all of the highest class, also show a good increase, being at the close of the year \$6,231,000.06. A noteworthy feature in this connection is that the company has followed its usual practice of keeping its bonds, debentures, etc., in the Balance Sheet at their book value, notwithstanding the fact that the market value considerably exceeds the amount in account.

During the year, the company paid to its policy-holders the large sum of \$561,136.57, this being the real function for which a life insurance company exists. Of this amount \$308,634.46 went to living policy-holders for Dividends, Matured Endowments, Annuity Payments, etc. It is evident from the progress which the North American Life has made in the past, that its future prosperity is assured. The unexcelled financial position of the Company certainly justifies the use of its motto: "Solid as the Continent."

Policy-holders and all those interested in this Company are to be congratulated on the splendid statement which appears in our columns today. Smith & Smith are the local agents.

## HOLD COUNCIL OF WAR.

Military Insurgents Will Be Taken For Trial to Buenos Ayres.

Buenos Ayres, Feb. 8.—A council of war for the trial of military insurgents is in session. The Government has ordered that military insurgents be brought here for trial.

In a fight near Pirovano, Province of Buenos Ayres, the revolutionary engineer, Baca, and former Senator Rhuir were killed and several others were wounded.

The transport Primero Mayo has left the roadstead with 800 political prisoners.

The Government is in full possession of Cordoba and all the other provinces.

Given Three Months in Jail.

Brookville, Feb. 8.—In the county judge's court yesterday, Lucy Blanchard was brought before Judge McDonald, on a charge of concealing the birth of a still-born babe. She pleaded guilty and was forthwith sentenced to three months in the common jail.

Whole Family Drowned.

Mount Holly, N.J., Feb. 8.—An entire family consisting of Shinn O. Ballinger and his wife and the latter's sister, Miss Mary Taylor of Medford, N.J., were drowned at Oliphant's mill-pond near here yesterday.

Minard's Liniment Cures Diphtheria.

**WILLIAM GORDON**

## BOARD OF HEALTH

The London sewage is now flowing through filter beds and there is not now so much danger that the river water here will be contaminated. The Board of Health were so notified at their meeting on Monday, by Chas. A. Hodgetts, secretary of the Provincial Board of Health.

This was the first meeting of the Board of Health for the year. Dr. Charteris was re-elected chairman.

There were present, Mayor Cowan, Dr. Charteris, Dr. R. V. Bray and W. R. Baxter.

Anson Mounter, health inspector, reported 109 cases of diphtheria and only six deaths. There were in all 144 cases of contagious diseases during 1904, and only six deaths. There were 117 complaints entered during the year and all were attended to.

The Inspector pointed out the great need of a garbage wagon.

The regulations provide that all garbage shall be removed twice a week. This could be done by appointing a man to collect the garbage and fix the fees for the same.

Re the contagious disease hospital, since October 28th 41 patients had been admitted from the city and 3 from outside; 42 recovered, and 2 still remain. There have been no deaths. The fees collected to date were \$235, and \$212 has been paid into the city treasury.

Dr. Bray moved, seconded by W. R. Baxter, that the same course re isolation hospital be continued, and that the question of a permanent hospital be investigated.

Mayor Cowan suggested the advisability of flushing the sewers, as the season had been dry and sewer gas was escaping.

## City Scavenger Wanted

Tenders will be received for general scavenger for City of Chatham, up to Feb. 16, 1905. Parties wishing to tender will be given full particulars by applying to Chairman of Property Committee.

Sgd. W. H. WESTMAN, Chairman Prop. Com.

## REJECTED SUITORS.

FAMOUS LOVERS WHO HAVE BEEN  
VICTIMS OF CUPID'S PRANKS.

Byron's Cruel Experience With Miss  
Chaworth—Shelley's Affairs of the  
Heart—The Girl Who Was Much Too  
Good to Marry Abe Lincoln.

It may be of some consolation to the  
rejected lover to remember that many  
of the greatest men in history have  
suffered equal pangs and survived the  
same ordeal to find married happiness  
elsewhere.

Even Byron, that most beautiful and  
gifted of men, had more than his share  
of refusals, and one of them at least  
was accompanied by words which left  
a sting to his last day. He was only  
a Harrow schoolboy of sixteen when  
he fell madly in love with Miss Cha-  
worth of Annesley, a young heiress of  
some beauty, who was two years older  
than himself.

But Miss Chaworth treated all the  
boy's shy advances with laughter and  
contempt, and although he was "suffer-  
ing the tortures of the lost" for her  
sake, refused to take him seriously.  
But the crowning blow came when, in  
an adjacent room, he overheard Miss  
Chaworth say to her maid, "Do you  
think I could care anything for that  
lame boy?" "This cruel speech," he  
afterward said, "was like a shot  
through my heart. Although it was a  
late and pitch dark, I darted out of  
the house and never stopped running  
until I reached Newton."

Shelley, too, almost as handsome and  
as gifted as Byron, knew from more  
than one experience the "pangs of re-  
jection." After he had been expelled  
from Oxford and went to London with  
his fellow culprit, Hogg, to live, he fell  
violently in love with his landlady's  
daughter, who bore the unromantic  
name of Eliza Jenkins. But Eliza,  
even though he threatened to commit  
suicide in his despair, refused to have  
anything to do with him, and when a  
few months later, having thought bet-  
ter of the suicidal threat, he sought to  
console himself by paying court to  
Miss Harriet Grove, a pretty cousin,  
thereby destroying the foundation of  
the disease, and giving the patient  
strength by building up the constitu-  
tion and assisting nature in doing  
its work. The proprietors have so  
much faith in its curative powers  
that they offer One Hundred Dollars  
for any case that it fails to cure.

## PAINFUL RHEUMATISM

How it is Caused by Bad Blood, and  
Why Cured by Dr. Williams'  
Pink Pills.

Not so many years ago doctors  
thought rheumatism was only a local  
pain caused by cold or wet in ageing  
joints and muscles. Now they know  
that rheumatism is caused by the  
circulation of the blood with acids  
and poisons from disordered liver and kid-  
neys. The acid eats into the vital  
organs. It destroys their vitality,  
contracts the muscles, stiffens the  
joints and irritates the nerves. Then  
cold and wet make every bone groan  
with aching rheumatism. You blame  
the weather, but the real cause is  
acid in the blood. The stiffness  
spreads and the pains grow worse  
each year until you are a helpless  
cripple, tortured day and night. Per-  
haps the disease may spread to the  
heart—and that means sudden death.  
You must not neglect rheumatism—  
but you cannot cure it with liniments,  
plasters or hot cloths. They cannot  
possibly touch the blood. The only  
safe scientific cure is Dr. Williams'  
Pink Pills, because they actually  
make new blood. They sweep out the  
poisonous acids from the joints, and  
muscles, brace up the nerves, and  
strengthen the liver and kidneys for  
their work in casting out impurities.  
This is proved by the thousands of  
sufferers who have been cured. Dr. Wil-  
liams' Pink Pills. Mr. T. H. Smith,  
of Caledonia, Ont., is one of these  
many witnesses. He says: "For a  
number of years I was badly troubled  
with rheumatism, and was so dis-  
abled I could scarcely do any work.  
I tried a number of medicines, but  
they did not help me. I saw Dr.  
Williams' Pink Pills advertised as a  
cure for rheumatism, and decided to  
try them. Before the third box was  
gone I found myself much better. I  
continued to use the pills throughout  
the winter and they have completely  
cured me. I got so I could work on  
the colded day without any pain, and  
I feel a twinge of the trouble. I  
think every rheumatic sufferer  
should promptly take Dr. Williams'  
Pink Pills."

Dr. Williams' Pink Pills cure men  
and women who are crippled with  
lumbago, rheumatism, sciatica, par-  
alysis and even locomotor ataxia, be-  
cause they actually make new, rich  
red blood. This new blood sweeps the  
poisonous acids from the system and  
puts the system and puts the whole body  
into a healthy state. Nothing but  
good, rich blood can do that—and  
nothing can give you healing blood  
but Dr. Williams' Pink Pills. If  
the blood is out of the nerves, as  
for the nerves feed on the blood.  
That is the cause of sleeplessness,  
nervousness, hysteria, St. Vitus'  
dance, neuralgia, and loss of vitality  
in men and women. Dr. Williams'  
Pink Pills faithfully used cure these  
diseases and other blood disorders  
such as anaemia, biliousness, indiges-  
tion, heart troubles, backache, kid-  
ney trouble and decline. But you  
must get the genuine pills. The  
"something else just as good" medi-  
cine which some dealers try to per-  
suade their customers to take never  
cured anything nor anyone. See that  
the full name of the pills is on the  
box. Dr. Williams' Pink Pills for  
Pale People is on the wrapper around  
every box. If in  
doubt, write direct to the Dr. Wil-  
liams Medicine Co., Brockville, Ont.,  
and the pills will be mailed at 50  
cents a box, or six boxes for \$2.50.

Love never joins in the chorus  
when malice sings.

A far fetched joke is better than  
one that is carried too far.

When a boy turns his bulging pocket  
inside out, we marvel at the  
quantity and variety of articles he  
has stowed away. Old ladies of  
staring, marble faces, with a top,  
brass nails, hickory-nuts, an apple,  
and many more articles are gath-  
ered by this "snapper-up of unconsid-  
ered trifles." We think the collec-  
tion must be hard to put in a pocket.  
And it is. But do we ever think of  
the variety and miscellany of the  
substances we put into the pocket of  
our stomach? There's the apple and  
the nuts, and things besides quite as  
indigestible as brass nails and with  
no more food value than so many  
marbles. And yet we wonder that  
the stomach "gives out." When the  
stomach breaks down under the  
strain of careless eating and irregu-  
lar meals it can be perfectly and per-  
manently restored to health and  
strength by the use of Doctor  
Pierce's Golden Medical Discovery.  
The action of this medicine on the  
stomach and other organs of diges-  
tion and nutrition is so marked, that  
relief from disease is at once experi-  
enced, and the headaches, liver  
"troubles," kidney disorders, skin  
eruptions and other symptoms of a  
diseased stomach are quickly cured.  
Whenever the use of a laxative medi-  
cine is indicated, use Dr. Pierce's  
Pleasant Pellets. They act in har-  
mony with the "Discovery" and assist  
its action by purging the bowels of  
foul accumulations.

When a man aspires he will prob-  
ably soon prosper.

**THE FAST TRAIN.**

To California and run over the  
Union Pacific, via Omaha 16 hours  
quicker to San Francisco than any  
other line. No change of roads, no  
detours. "The Overland Route" all  
the way. Be sure your ticket reads  
over the Union Pacific. Inquire of

## ENTICING RESTING PLACES.

A Bed May Be a Thing of Beauty,  
Though More Often It Is Not.

Beds may come, and beds may go,  
but sleep goes on forever!

A bed may be a thing of beauty, but  
more often it is not. Many a house-  
wife is conscious that her bedsteads  
are a blot on an otherwise pretty room.

At night sleep beguiles consciousness  
into oblivion, and the dream ship car-  
ries us off to pleasant harbors, remarks  
a writer in Boston Cooking School  
Magazine, some of whose clever ideas  
are here reproduced.

The simpler the framework of the  
bed the better, as long as this be con-  
sistent with strength, and nothing can  
be daintier or more cleanly than the  
chaire white iron bedstead with brass  
knobs. Brass rods fastened at the  
sides of the bed make a pretty addi-  
tion. From them hang chintz curtains  
to within half an inch of the floor.  
Blue and white chintz is particularly  
pretty, and a blue and white bedspread  
carries on the idea. The pillows should  
be dispensed with during the day, the  
round bolster being much preferred  
by up to date housewives as making  
the bed look neater. An effective cover  
for this bed's bolster is made of old  
time patchwork style—blue and white  
patches in square tile design. This  
cover is drawn in at the ends with blue  
silk cords. Its chaste simplicity will  
be its best recommendation.

For a more elaborate bedstead poppy  
is a pretty fancy where red is chosen  
to predominate in the room, as the  
poppy flower is emblematic of sleep.

A plain iron bedstead is painted green.  
Four iron uprights are attached to the  
four corners, with cross rods fastened  
at the top for valance curtains. This  
arrangement of rods is a cheap addi-  
tion to any bed that is not of itself  
pretty. The valance gives the sugges-  
sion of the old time canopy, with none  
of its hot, shut in disadvantages. The  
valance curtains are made of white  
material, with a broad band of red  
stitching at the bottom. Poppies cut  
from the same red material are couched  
on the white cloth in clusters with  
black rope linen. A few heavy stitches  
of the same black easily make the cen-  
ter of the poppy. Green strips of cloth  
serve as stems. Curtains of the same  
design fall from rods at the side and  
foot of the bed to the floor. The mak-  
ing of cloth flowers with broad petals,  
such as the poppy, the rose, the sun-  
flower, etc., will be found to be re-  
markably easy even to the novice in  
embroidery. The rapidity of the couch-  
ing stitch and easy arrangement of the  
more or less conventional designs and  
rigid stems and leaves are great points  
in their favor.

A clever girl of my acquaintance  
made pretty an ugly bedstead with a  
superabundance not only of head-  
board, but of footboard as well. First  
she painted the offending yellow wood  
a soft pale green, then cut from many  
good catalogues great sprays of pic-  
tured pink roses, pasting the same in  
clusters, leaves and all, here, there and  
everywhere over the head and foot of  
the bed. A coat of this varnish made  
them look like captured beauties from  
June bushes, held there to dream about  
awhile. Small brass rods at the edges  
of the bed held simple white curtains  
with a broad border of pink gingham  
around the bottom.

Our Steamers Characteristics.

The steaming of doors is the most  
noticeable thing about the American  
people. It does not seem to be con-  
fined to any particular part of the

The report containing the proceedings of the Annual Meeting held on January 26th last, showing marked proofs of the continued progress and solid position of the Company, will be sent to policy-holders. Pamphlets explanatory of the attractive investment plans of the Company and a copy of the Annual Report, showing its unexcelled financial position, will be furnished on application to the Home Office or any of the Company's Agencies.

## If COUGHS are CHRONIC

or if there is any persistent irritation of the bronchial tubes, or if lowered vitality and loss of flesh indicate more serious troubles, there is need of a remedy of constitutional nature.

**KLEIN'S EMULSION of COD LIVER OIL**  
combined with Hypophosphites of Lime and Soda is the remedy to use. This is the standard preparation for all chronic lung and bronchial troubles and for wasting diseases. This Emulsion is no better than others except in the matter of freshness, which is important.

## HEAT PROBLEM IN THE SCHOOLS

Trustees will Visit Windsor  
to Examine Heating and  
Ventilation System  
There

City Schools will Seek for Free Water  
-Other Matters Dealt with by  
the Board.

Trustee Wm. Bensen brought up a very important matter at the Public School Board meeting last evening - the question of the heating of the Central School.

This is a question which will have to be settled this summer and it is quite necessary that a new heating system be installed in the Central School. Mr. Bensen suggested that a committee from the Board take a trip to Windsor and examine the steam system by which the Windsor public schools are heated.

Mr. Robertson - At the Collegiate Institute they are burning coal in the hot air furnaces and they have great trouble in heating the school. We have wood this year, but I doubt if we can get wood at any price next year. It would be a wise move to go to Windsor and examine their heating system while it is going, in the winter time.

The Board were informed that they would not have to go before the ratepayers for the money because the City Council will have to provide the money.

Mr. Bensen - I am told that in eight years the system would pay for itself through the saving in fuel. The cost of fuel for the year would be about \$600 or \$700 for the Central School.

Mr. Morley - The system is giving great satisfaction in Windsor and they now have these schools heated with the same system. It will be an easy matter to install such a system in the Central School.

A committee, composed of Chairman Morley and Trustees Bensen, Cornish, Robertson and McArthur, was appointed to visit Windsor some day this week and report back to the Board on what they learn of the heating system of the Windsor public schools.

There were present at the meeting Chairman Morley and Trustees Drader, Robertson, Paxton, Bensen, Dr. McKeough, Cornish, Lenefsey and McArthur.

A deputation from the Separate School Board, consisting of John Stevens, Messrs. Robert, Trudell and Drew, waited on the Board and asked them to appoint a committee from the Public School Board to act in conjunction with them in taking the Water Commissioners to grant free water to the schools.

Dr. McKeough thought that the deputation had come at a very opportune time. "We have an account to-night from the Central School," said he, "for water amounting to \$75. The Water Commissioners have a growing surplus, while our rate is going up every year, so it would only be fair for us to receive free water."

In fact, it is absurd that we should have to pay for water for the schools when the Water Commissioners have such an easy way of making money."

A committee, composed of Chairman Morley, Mr. Robertson, Mr. Bensen and Dr. McKeough, was appointed to assist the committee from the Separate School in this scheme.

At this point Dr. McKeough was called away from the meeting.

Mr. Paxton reported for the committee, to whom the matter of purchasing a garage for the Central School was left, with power, that they had purchased a garage from Gas Co. and expected it to arrive in a few days. The report was received.

Mr. Robertson suggested that the Board make their annual visit to the public schools Thursday morning. The Board will meet at Mr. Morley's store at 9:30, Thursday morning.

The following was the Finance Committee's report, as read and adopted:

The Finance Committee recommended the payment of the following accounts:-

**CENTRAL SCHOOL.**  
Teachers' salaries, \$647.43.  
Substitutes' salaries, \$5.25.

number of scholars enrolled, average  
attendance and percentage of atten-  
dance:

Jr. 1 - Nellie Young, 57, 45, 79.  
Jr. 1 - Ella Longwell, 50, 46, 92.  
Sr. 1 - Florence Nichol, 45, 40, 89.  
Jr. 2 - May Abraham, 44, 41, 93.  
Sr. 2 - Gertrude Holmes, 35, 33, 94.  
Jr. 3 - Kate Garrett, 42, 38, 90.  
Sr. 3 - George Morrison, 45, 40, 89.  
Jr. 4 - Martha Irving, 45, 41, 91.  
Sr. 4 - Esther Abram, 44, 42, 95.

**CENTRAL SCHOOL.**  
The following is the class, teacher,  
number of scholars enrolled, average  
attendance and percentage of atten-  
dance:

Jr. 1 - Edith Taskberry, 51, 47, 90.  
Jr. 2 - Alice Mounter, 48, 35, 74.  
Jr. 3 - Susan Bowman, 45, 36, 80.  
Sr. 1 - Hattie Hall, 40, 36, 90.  
Sr. 2 - Bella Angus, 50, 44, 88.  
Sr. 3 - Ethel Park, 47, 43, 90.  
Jr. 4 - Jessie Snell, 50, 42, 84.  
Sr. 5 - Marion McCall, 49, 44, 90.  
Sr. 6 - C. Gerwin, 54, 48, 90.  
Jr. 3 - Daisy King, 54, 45, 83.  
Jr. 3 - Ella Arnold, 49, 42, 86.  
Sr. 3 - L. M. Gordon, 40, 37, 93.  
Sr. 3 - Gertrude McPherson, 37, 35, 95.

Jr. 4 - Alice Birch, 42, 39, 93.  
Jr. 4 - Laura Ryan, 37, 35, 95.  
Sr. 4 - Ida Hillman, 45, 43, 96.  
Sr. 4 - J. W. Blewes, 46, 42, 91.

**KINDERGARTEN - McKEOUGH.**  
The following is the class, teacher,  
number of scholars enrolled, average  
attendance and percentage of atten-  
dance:

Helen McTaggart, 31, 22, 71.  
**KINDERGARTEN - CENTRAL.**  
The following is the class, teacher,  
number of scholars enrolled, average  
attendance and percentage of atten-  
dance:

A. M. - Lily Green, 48, 34, 72.  
P. M. - Lily Green, 49, 36, 74.  
The enrolment, 1,324, is 17 greater  
than the average, 1,146, is 45 greater  
than for December.

I have the honor to be, gentlemen,  
Your obedient servant,  
ROBERT PARK,  
Inspector.

The Board then adjourned.

Free liberty is the result of just  
and honest restraint.

It doesn't take two pairs of half-  
pence to make a whole.

La grippe, pneumonia, and influ-  
enza often leave a nasty cough  
when they're gone.  
It is a dangerous thing to neglect.

## Neckwear Sale

On Thursday Morning at 9 o'clock we will place on sale 75 dozen Men's 50c Neck Ties at **19c each**. These are not stock taking fag ends, but all bright new goods, made from the most up-to-date silks. They are only in one shape, a smart made up Knot, to be worn with double band or turn down collars only, but there is a beautiful collection of splendid silks - and then look at the price - **19c Each**.

This is certainly your chance to stock up at a saving of 25%. Remember Thursday morning at 9.

**THORNTON & DOUGLAS, Ltd.**

at the Grand, promises to be an "at-  
traction" in all the term implies.  
This term has come to be used in  
connection with all kinds and classes  
of "shows," good, bad and indiffer-  
ent, and in many cases they prove  
to be anything but "attractions."  
But when applied to the one in ques-  
tion, the word is used in its truest  
sense, if we may accept the verdict  
of critics in other cities, many of  
whom have been really enthusiastic  
in praising the star and company, as  
well as the play and production.

Miss Corcoran is probably best re-  
membered here for her pleasing work  
in "Tennessee's Partner," in which  
she appeared for three seasons as  
Tennessee Kent, and later as Anna-  
bel in "At the Old Cross Roads."  
Since she became a star Miss Cor-  
coran has been presented only in the  
Eastern cities, but many reports of  
her success have reached us, and it  
is said that as "Pretty Peggy" she  
has made a decided "hit." The sup-  
porting company includes Andrew  
Robson, who needs no introduction  
to local playgoers, having himself ap-  
peared here several times at the head  
of his own company. He was last  
seen here as "Richard Carvel" in the  
play of that name.

"Pretty Peggy," which is by Fran-  
ces Aymer Mathews, has the record  
of an almost entire season's run in  
New York City, which is, in itself,  
sufficient evidence of its genuine  
merit to make its first presentation  
here a most attractive event, even  
though the personnel of the company  
did not command it so strongly.

The line up was as follows: De-  
troit - Goal, Oline; point, Burns; cover  
point, Dr. Curran; rover, Haddock;  
centre, H. Oline; left wing, McCat-  
ter; right wing, Harry King. Chat-  
ham - Goal, Grace; point, Joker  
Hicks; cover, the heart out of the  
crowd by scoring twice in succession,  
Paddock, one of the Detroit team,  
with hurt, and H. Hicks was laid off  
with him.

The feature of the game were the  
splendid stops by Grace in goal, the  
rushes of Joker Hicks and the gen-  
eral playing of Lawson, Fraser, El-  
liott and Quensell.

HE TOOK HIS  
WIFE'S ADVICE

Dodd's Dyspepsia Tablets Cured The  
Stomach Trouble That Confinned  
Henry A. Coles to His Bed.

One of the unpleasant features of  
Indigestion and Dyspepsia is that it  
always keeps getting worse. Take  
the case of Henry A. Coles, of St.  
Mary's River, Guysboro Co., N. S.  
He says:

"I had Stomach Trouble for about  
five years, more or less, and at last  
I was taken to my bed and the doc-  
tor called in. He did me no good.  
I was suffering a great deal and  
did not know what to do.  
Everyone must admit Mr. Coles was  
in a bad way. But that's what In-  
digestion leads to if you neglect it.  
But if Mr. Coles did not know what  
to do, his wife did. She said, 'Try  
Dodd's Dyspepsia Tablets. Like a  
wise man he took his wife's advice,  
and of the result he says:

"I took seven boxes, and I have  
not felt any of the trouble since.  
I heartily recommend Dodd's Dyspep-  
sia Tablets to any sufferer from  
Stomach Trouble. They cured me."

**WORLD OF SPORT**

**HOCKEY**  
JUNIORS FELL DOWN.

The Chatham junior hockey club  
journeyed to Thanesville and met de-  
feat in a fairly rough game. Harry  
McCosh is wearing a black eye as a  
souvenir of the game. The puck did  
the mischief. The score at the end  
of the game was 6 to 2 in favor of  
Thanesville.

The Chatham players were: Goal,  
Munroe; point, Bounhall; cover point,  
Waddell; rover, McCosh; right wing,  
Dennis; left wing, Stringer; centre,  
Taylor.

**A SPLENDID GAME.**  
The Detroit hockey-lacrosse club  
defeated the Chatham club by a score  
of 7 to 5. The game was fast enough  
from start to finish and the teams  
were evenly enough matched to en-  
tertain an enthusiast. The only advantage  
to either team lay in the referee,  
and the Detroit team had him all to  
themselves. There was a good nat-  
ural crowd present. They called to  
hug the local team on to victory  
and stamped their feet in the inter-  
vals to keep warm. Mayor Cowan  
faced the puck and started the game.  
The Mayor expressed his pleasure at  
seeing such a large crowd present.  
The Detroit team was composed en-  
tirely of Canadians and his worship  
only trusted that the better team  
would win.

**ROOMS FOR RENT** - Good location,  
near the centre of the city, on  
King Street; furnished or unfurni-  
shed. Apply to Box 511, or tele-  
phone 269.
