MANY SURVIVORS OF MARINE DISASTERS ARE ON WAY TO NEW YORK

The Steamer Bermudian Flashes a Wireless That He Has Thirty Men, The Crews of Three Vessels on Board, and Another Steamer Arrives With Crew Of Schooner Nettie Champion.

New York, Jan. 9.—The steamer Bermudian which at midnight was 270 miles southeast of Sandy Hook reports by wireless that she is bringing into port thirty shipwrecked sailors, the crews of three lost ships.

The Norwegian bark Crown, Capt. Skogland with a crew of eleven men ran into a terrific northeast gale on December 17, and became unmanageable on Dec. 27. On Jan. 2 the captain and crew were picked up by the steamer Kilsyth bound from Glasgow to Philadelphia.

The schooner Georgia L. Drake, from Jacksonville to New York with lumber sprang a leak in a heavy gale

on Dec. 31 and was awash on Jan. 1. Only her cargo kept her afloat and with no cabin space below it was with the greatest difficulty that the crew kept from freezing. They were picked up on New Year's eve by the steamer Indrapura bound for Manila with coal and landed in Bermuda by a pilot boat.

NETTIE CHAMPION'S CREW

The steamer Altai from Central America and West Indian ports brought tonight, the master and crew of the founder three-masted schooner Nettie Champion, which became waterlogged in lat 38, lon 70, on December 27, when four days out from Norfolk, bound for New York.

ONLY ONE BOAT OF C. B. FISHERIES NOW MISSING

Canso, Jan. 7.—The last boat has returned to the village of Dover, and everyone in the little hamlet, with those of the surrounding villages, has uttered a prayer of thanksgiving. Now only one boat is missing the Juanita, of White Head.

In the early morning the tired watchers who had gone to the headlands to watch, were able to distinguish a small boat far out under two small sails, and heading for Dover. It was quickly recognized as the Rhynolds boat, the last unaccounted for from Dover. Lolly ice prevented the weather-beaten and discouraged fishermen from reaching a place of landing, but willing hands quickly manned dories on the beach and battled their way out to aid and welcome their fellows so miraculously snatched from the jaws of death.

Weak and tottering James Rhynold, John Rhynold and Norman Fougere were assisted to their homes amid scenes of rejoicing.

DUG HIS GRAVE IN ATTEMPT TO GET MILLIONS

New York, Jan. 7.—Finkelstein, the burrower of Ludlow street, was found trapped in his tunnel to-night like a rabbit in its warren. Workmen had been digging thirty-six hours to find him.

Nothing more miserably futile was ever seen in New York. There he lay under the middle of the street, a crushed, mired semblance of a man, his face in the dirt, his two hands strove out before him, pointed towards the unattainable millions in the vaults of the east-side branch of the Fourteenth street bank, and the diamonds in the window of the jewelry shop next door.

Voices are said to kill a hundred times more deaf than the hunters and don't empty nearly so many barrels in the process.

The photographs of the actress and singer Mlle Polaire, show her possession of a waist that might be spanned tight to get on, and (2), those that are too loose to stay on.

CUT RATE OF WAGES IN PENNSYLVANIA MINES TO CAPTURE OUR MARKETS

Grand Secretary Moffatt Discovers that in some Districts Miners Are Getting Ten Cents a Ton Less Than The Scale of Rates Elsewhere, and That Conditions of Working Are Away Behind N. S.

Pennsylvania miners working for ten cents a ton less the scale of rates elsewhere in their district in order that coal can be marketed in Canada, is the situation discovered by Grand Secretary John Moffatt of the Provincial Workmen's Association, who has just returned from a visit to the United States, where he has been investigating the condition of miners operating under the U. M. W.

Reference to the existence of a "coal strike" in the "Eastern shipment" scale, Mr. Moffatt found that mines which have been practically idle for two or three years are now running full time.

working mainly on Canadian orders. While in Pennsylvania Mr. Moffatt made a careful study of the conditions of the miners and found that they were not nearly so well protected as the men of Nova Scotia. Rights which Nova Scotian miners gained years ago are now being agitated for by the Pennsylvanians. Notable among the questions now agitating the men of that State are the safety of the mines and safety lamp questions, both of which were settled in Nova Scotia years ago and are lines which the Western Pennsylvanian miners are now trying to emulate.

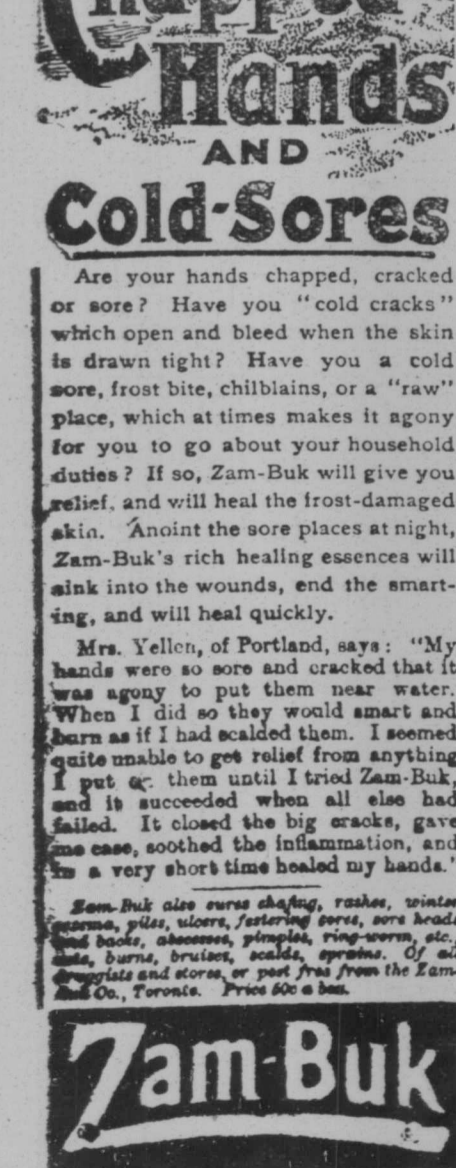

VERDICT FOR \$1,000 IN AFFINITY CASE

The Lake George "affinity" case which had been attracting much attention at circuit court, was finished Friday afternoon when the jury returned a verdict for the plaintiff and fixed the damages at \$1,000.

The defendant was charged in the declaration with enticing away the plaintiff's wife, harboring her, and with alienating her affections. He denied the allegations, but the jury found against him on all four counts. Plaintiff sued for \$2,000.

FEW COUNTRYMEN IN JAIL

During 1909 113 prisoners were confined in the York County jail, and of this number, 102 were from Fredericton and eleven from the county. The number of debtors imprisoned were twenty-two.

Chapped Hands AND Cold Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Some also cure chapping, rashes, winter eczema, pits, ulcers, festering sores, sore heads, head aches, rheumatism, pleurisy, ring-worm, etc., and burns, bruises, scalds, sprains. Of all ointments and salves, or pastes from the Zam-Buk Co., Toronto. Price 60c a box.

FRENCH CANADIANS OF ONTARIO TO HOLD GREAT CONVENTION AT OTTAWA

Ottawa, Jan. 10.—Plans are rapidly maturing for the educational congress of the French Canadians of Ontario, which is to be held in Ottawa on January 18, 19, 20.

The object of this gathering of the French citizens of the province is to discuss ways and means for the betterment of the condition of all classes of Frenchmen in Ontario and the advancing of the interests of the French-speaking people.

Educational work in almost every branch is to be taken up and in addition plans will be discussed for the bringing into existence of institutions for the benefit of the French-speaking lumbermen, for whom proposed to have a place to which the lumbermen, fresh from the woods, may go and get at reasonable prices food and lodgings and be free from those temptations which in the past have so often, in a few hours, parted the lumberjack from his winter's wages.

It is expected that this congress will also deal with the importation of liquor into lumber camps and ask the Ontario government to prohibit the introduction and sale of liquor in lumber camps.

The whole question of temperance, too, will receive much attention.

The best means for propagating the French language in the schools attended by the French-speaking people will be given consideration.

The education of the artisan and the farmer are also to enter into the affairs of the meeting and it is probable that out of the gathering will grow a permanent society for the advancement of education amongst the French of the province.

That the present movement is a purely national one and in no way a political one, is the statement of those who are promoting it.

PRESIDENT PLUMMER MORE CONCILIATORY THAN WAS FORMER JAMES ROSS

The Standard has received the following telegram from Mr. J. H. Plummer:

"I am informed that erroneous reports are in circulation respecting the future position of the Dominion Coal Company, Ltd., as regards its employees, and I think it well to state that there will be no change in the general policy of the company. All contracts and agreements with employees will be honorably carried out, the rights and liberties of every individual employee will be recognized and protected, and any employee may present his just grievance to his superior officer with an ultimate appeal to myself. I shall be much obliged if you will give publicity to this through your columns."

J. H. PLUMMER,
President, Dominion Coal Co., Ltd.

It is understood that the new president, Mr. J. H. Plummer will be the new general manager of the combined

NEW PRESIDENT OF GRAND TRUNK

Montreal, Jan. 7. Charles M. Hays was today confirmed as president of the Grand Trunk at a meeting of the directors in London.

E. H. Fitzhugh becomes first vice-president, William Wainwright, second vice-president, and M. M. Leppold, third vice-president. R. S. Logan, who has long been associated with Mr. Hays, is appointed assistant to the president.

TO FLY UNION JACK

The board of education met Friday afternoon and discussed of considerable business, mostly of a routine nature. A resolution was adopted to provide for the flying of the Union Jack over school buildings on public holidays and other occasions, and provisions made for flag raising exercises for the benefit of the school children.

ITALIAN VILLAGE SLIDING AWAY

Parma, Italy, Jan. 9.—On the hills between Parma and Piacenza, which are about thirty-six miles apart, an immense landslide is slowly moving. It is two miles in length, half a mile in width and its depth is estimated at 75 feet. On the top of the slide is the village of Scopolo, recently occupied by a thousand people. It is doomed to destruction and the inhabitants have evacuated the village, transporting their valuables and the furnishings and alters of their church to safer ground.

LOCAL OPTION IN CAMPBELLTON

At the last meeting of Campbellton Council petitions were presented from ratepayers of Wards One, Two and Three respectively, asking that a list of the voters be prepared of all persons qualified to vote on the question of whether or not liquor licenses shall be issued. On motion the petitions were received and the clerk instructed to prepare the lists called for.

COUGHED UP A NEEDLE

Pittsburg, Pa., Jan. 9.—Surgeons at Kittinging (Pa.) had placed Norman Barnett, the little son of George Barnett, on the operating table today to cut his appendix, but just as the instrument was ready the lad was seized with a fit of coughing which cured him. He coughed up a needle, which is believed to have caused his illness. He is rapidly recovering.

STRIKERS BEING EVICED IN N. S.

Fifty-three more decisions for evictions were handed down yesterday by Judge Finlayson, which makes a total of 126 for this week. Eighty of these have already been placed in comfortable houses, procured for them by the officials of the U. M. W. The evictions yesterday were thirteen families at No. 3, two at Caledonia and eighteen at No. 2. There are now over 350 houses vacant and boarded up at New Aberdeen, and still a great many of the remaining houses are occupied by members of the U. M. W. and their families.—Glace Bay Standard.

Given Up To Die

No. 100 George St., Sorel, Quebec. "I suffered from womb disease for seven years, with dreadful pains over the front of the body, over the back and down the legs. I had indigestion and chronic constipation and the constipation was so bad that I went sometimes for ten to fifteen days without any action of the bowels. I was ill in bed for one whole year. At one time I was so low that everyone thought I was going to die, and the last Rites of the Church were administered to me. I was treated by six different doctors without any benefit.

Then I got a sample of "Fruit-atives," but I had no faith in them at all, and I would not have taken them only my husband begged so hard for me to try them. As soon as I began to take "Fruit-atives" I grew better, the bloating was relieved, the sleeplessness was cured, my stomach acted, and the bowels were moved, but above all the fearful womb pains were made easier. I have taken eighteen boxes in all and I am now perfectly well again."

THE WORLD'S INTEREST IN BRITAIN

No matter how other nations grow and expand, the world's centre of interest is still in Britain. Nothing of first importance to the life and power of Britain is of less than first importance to all the world.

But deeper than the interest men the world over have in questions of party politics in Britain is their interest in the world-wide social evolution of which the campaign in Britain is only a part.

But there need be no misgiving and no fear. The change was bound to come. Democracy is in the ascendant the world over. It may not be the final form of government, but its day has come.

Most cases of baldness are due solely to neglect. The hair often becomes dry and dandruff forms because the hair glands do not supply enough natural oil.

PURITY FLOUR And Its Keeping Qualities

SOME people find it necessary to buy a considerable quantity of flour at one time—sufficient to last for a long period. Naturally they are anxious to procure a flour of the kind best adapted to lengthy storage.

There are two important reasons why PURITY FLOUR possesses these qualities. One is that it is made entirely from Manitoba Hard Wheat. The other lies in the fact that the careful milling necessary to produce "Purity" absolutely excludes all low-grade particles of the wheat berry.

"Purity" flour may cost a little more, but is more than worth the difference. Try it. Watch results both for quality and yield.

Five Roses Appeals to You, Madam, as Final Judge

Do you know, Mistress Housewife, they say that you don't know good stuff from poor; that price is your only guide; that you wouldn't know good flour if you saw it, and wouldn't take it except if it were cheap!

Just think, Mistress Housewife, it has taken all of twenty-one years to perfect FIVE ROSES—to attain our majority in quality milling.

You surely admit we must know how to make good flour, don't you? And we make it as good as we know how.

FIVE ROSES, Madam, is the flour you should try, and all other housewives who want their money's worth. You get it when you buy FIVE ROSES—and keep on getting it.

You can prove them usefully wrong, Madam, who say you don't appreciate good flour. Have your grocer to-day show you a neat cotton bag of FIVE ROSES.

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Grayhurst, hoping that you will be able to oblige me with the fare.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Where greater urgency? Truly, Canada's greatest charity.

A SPECIAL MISSION
A Mission is to be held at the United Baptist Church, Newcastle for a week or perhaps ten days, commencing on Sunday next January 16th. The Baptist Board of New Brunswick has very kindly sent the Rev. C. T. Phillips D.D. to assist the Rev. Dr. Cousins in a series of meetings of an unusual character. There will be no sensationalism, no seeking for denominational aggrandisement, but simply "Plain Talks" on questions of greatest importance to every man and woman in Newcastle. The aim of the Missioners will be to lift up and strengthen human character, to help people to live the best and highest life. The meetings will be noted for three "B's" **Brief, Bright, Brotherly**. There will be singing in which all can join, and everyone will be heartily welcome to all the services. The Rev. Dr. Phillips will preach both morning and evening on Sunday next. The meetings during the following week will commence each evening at 7:30. Hymn books will be provided. Come one, come all.

MRS. THOMAS O. CURTIS
The death occurred at the parish of Blackville, on Monday morning, Dec. 27th, of Elizabeth, beloved wife of Thomas O. Curtis, in the seventy-fifth year of her age. Deceased had been a sufferer for more than two years, but bore it all with the patience and submission of a true Christian, and awaited the call of death calmly, and with peaceful resignation. Up to the time of her illness she was always a regular and devout attendant at church services, always ready to aid in church work, and to offer a helping hand in sickness and trouble. She is survived by her husband, two sons, and five daughters—Arthur and Thomas at home, Mrs. Miles Russell, Doaktown, Mrs. Geo. Hubbard, Nelson, Mrs. Jas. Gillespie, Mrs. James Mountain and Mrs. James Sullivan, all of Blackville. The funeral took place Wednesday morning to St. Agnes' church and was largely attended. The pallbearers were Thomas O. Curtis, Arthur Curtis, David Coughlan, John Coughlan, George Hubbard and James Gillespie. Service was conducted by Rev. T. H. Colthart.

TO HELP ST. JOHN EXHIBITION

At a conference with Premier Hazen and Hon. Robert Maxwell on Saturday a delegation from the Exhibition Association were practically assured that the Provincial Government would make a grant of \$5,000 for the Dominion exhibition to be held here this fall, on condition that the city would make a grant of \$3,000 towards the same fund. This promise having been given, it is understood that the matter will come up for discussion at a special meeting to be held this week. It is thought that a favorable recommendation will be made to the council by that body, and the city fathers will then consider the matter at their meeting on Friday. The \$3,000 grant from the city will most likely be made.

Announcement

The American custom of "coffee for breakfast" is gaining quite a foothold in Canada, with the result that there is a largely increasing demand for a coffee of really good quality.

In order to meet this demand I decided some time ago to put up a coffee the quality of which would be fully equal to the best that we are accustomed to get when we visit the United States.

It has taken a full year to make preparations, to secure and install the most improved machinery, to decide, after innumerable tests, on the exact standard of coffee which would be most pleasing in flavor, strength and fragrance, and to select and import the high-grade coffee required. This has all been done, and the coffee is now being sold under our brand, "Estabrooks' Red Rose Coffee."

Not only is the coffee of a very fine quality, but we have been fortunate in finding a new and greatly improved process of manufacture; crushing instead of grinding, a process which removes the chaff or skin of the bean and breaks the kernel into small, even grains. This is described on the label of the tin, and will be described more fully in later advertisements.

You know the success that has attended "Red Rose Tea," a success due entirely to the superior quality of the tea and good business methods. Every guarantee made on behalf of "Red Rose Tea" will apply to "Red Rose Coffee." It will always be just as represented.

Our travellers are just starting out, and it will be about two months before they can visit all the merchants in the Maritime Provinces. By the end of that time we expect to have the coffee in practically every store that sells Red Rose Tea. In the meantime, if you will write and give me the name of the merchant you deal with, I will see that you can get a tin at once.

It is put up only in one grade and only in sealed tins; 1 lb. and ½ lb. 40c. per lb.

ECZEMA CURED THROUGH THE BLOOD
 By the Aid of Dr. Williams' Pink Pills—That Wonderful Tonic Medicine.

Eczeema or salt rheum is a disease of the skin which shows itself in small, red, watery blisters—these blisters break and leave a scale which may be rubbed off by the hand. The affected parts are intensely itchy and the victim cannot bear the touch of any article of clothing over the parts. The disease is caused by bad blood and must be cured through the blood. Dr. Williams' Pink Pills have cured many cases of eczeema simply because they are the one medicine that acts wholly on the blood—the seat of the trouble. Among those cured by these Pills is Mrs. Clara Davidson, of Amherst, N. S., who says: "I suffered greatly from salt rheum or eczeema and my hands were badly cracked. I tried several ointments but they did me no good whatever. I was advised to try Dr. Williams' Pink Pills and had only used them for a few weeks when the trouble disappeared and my hands were entirely healed. I am very grateful for what the Pills have done for me and would advise other sufferers from this trouble to try them."

What Dr. Williams' Pink Pills did for Mrs. Davidson they have done for many others—not only in cases of eczeema and salt rheum but for eruptions and pimples, chronic erysipelas, scrofula and all other maladies which arise from poor blood. They banish these troubles simply because they clear the blood of all impurities and leave it rich, red and health-giving. The Pills are sold by all medicine dealers or direct by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

RESOLUTIONS OF CONDOLENCE

Branch 177 of the Catholic Mutual Benefit Association of Canada in regular Session assembled on the fourth day of January, A. D. 1910, resolved as follows:

Whereas it has pleased Divine Providence to call from our midst our Brother, Michael O'Brien of Beaver Brook, a Charter Member of this branch; and

Whereas in his death the surviving members of his family are deprived of a loving husband and provident father; the community of a very worthy citizen;

Be it resolved that this branch offer Mrs. O'Brien and family its sincere sympathy, praying an infinitely wise and good Providence to throw over the widow and the orphan the mantle of His protection, giving them all that supernatural strength which will enable them to regard God's dealings with a childlike confidence which tells them that His visitations must be ever for good.

And furthermore be it resolved that a copy of these Preambles and Resolutions be forwarded to Mrs. O'Brien and family, be published in the Canadian and local journals.

By order of the Branch
MATTHEW MCCARRON,
 Recording Secretary
 Newcastle, N. B. January 5, 1910.

HARRY REID KNOWS

T. J. Durick the druggist, does not guarantee Parisian Sage to grow hair on every bald head, but if there is any life left in the roots of your hair, Parisian Sage will stimulate the hair-bulbs and cause your hair to grow again. Here is one case. "I am now using the second bottle of your Parisian Sage, and can notice a new crop of hair appearing. I am glad to say it is a darker color than my hair was before I became bald." Harry Reid, 10 Manhattan St., Rochester, N. Y.

IS CHRISTIANITY DECLINING?

A specific example that might be used by the side taking the affirmative in a debate entitled "Is Christianity Declining?" was presented last night about nine o'clock on Carleton Street.

Four churches had united at Calvin Presbyterian Church to hold a prayer meeting in connection with the week of prayer which is now being observed by many of the Protestant churches in the city. Owing to the severe weather the congregation numbered eight. Across the street a crowd of at least two hundred people braved the high winds and bitter cold for about half an hour while they struggled and shouted in an endeavor to obtain admission to the Nickel to witness a prize-fight and wrestling match that were being shown with minute detail by means of moving pictures. Inside the building over a thousand men and women witnessed the contests and applauded the science displayed by the great athletes and masters of the manly art.—St. John Standard, January 5.

A WELCOME ADDITION TO MARITIME INDUSTRIES

The enterprise and large business capacity of Mr. T. H. Estabrooks has given him a commanding position in the tea trade of Canada, and made St. John the principal port of entry for Indian and Ceylon Teas in the Dominion. This success is especially remarkable because it has been won within a very few years. Persistent and judicious advertising has made Red Rose Tea a household word from the Atlantic to the Pacific, but the real basis of Mr. Estabrooks' success has been his unwavering adherence to his conviction that quality pays, and to his straightforward and generous business methods. There is no man held in higher regard by the retail trade of Canada.

Having turned the eyes of Canada to St. John for tea, Mr. Estabrooks has decided to enter the coffee trade, and with his established reputation and his far-reaching business organization, backed by his own business ability, success is assured.

This is not a sudden impulse, however. For more than a year preparations on a large and comprehensive scale have been under way. A plant fashioned after the most scientific and commercially approved methods has been installed and is now in operation. The coffee, instead of being ground, is now crushed between steel rollers, which turn it out in grains of uniform size. This is the most modern and approved method of preparing coffee for use.

The same way it is roasted, the coffee is crushed and put up in pound and half-pound doubly-sealed air-tight tins.

Only one grade of coffee will be put on the market, and it will be a grade to appeal to particular people. With coffee, as with tea, Mr. Estabrooks will adhere to the principal of quality goods.

Coffee blending, roasting and packing by new, scientific methods, and on a large scale, will be a welcome industry in the Maritime Provinces, and for this reason as well as for his own sake, the trade will wish Mr. Estabrooks unbounded success in his new venture.

The new coffee will bear the name "Estabrooks' Red Rose Coffee." The labels are very handsome and in addition to directions for making, give a description of the new crushing process.

BRYENTONVILLE

Not seeing any notes from this place, I thought I would write a few.
 The weather for the past week has been very cold.
 We are sorry to hear of Mrs. George Bryenton's serious illness but hope to soon hear of her recovery.
 We are glad to hear of Mrs. Carnahan's recovery after a serious illness.
 Miss Lena Jardine is spending the winter with her aunt Mrs. John Manderville.
 Miss Mary Manderville of Renous is visiting friends in this place.
 Mr. Howard Manderville is confined to his home with a severe cold.
 Miss Lizzie Peters was visiting her sister Mrs. Fred Cail of Millerton last week.
 Mrs. John Manderville entertained a number of young friends on Monday night January 3rd. They danced till the wee small hours of the morning luncheon was served at twelve.
 Mr. William Bryenton's mill has started work again and employs a number of young men.
 We hear of wedding bells in the future.

CHILDHOOD INDIGESTION MEANS SICKLY BABIES

The baby who suffers from indigestion is simply starving to death. If it takes food it does the child no good, and it is cross, restless and sleeps, and the mother is worn out caring for it. Baby's Own Tablets always cure indigestion, and give the little one healthy natural sleep. Mrs. A. P. Daigle, Lower Sapsin, N. B., says: "For severe cases of indigestion I think Baby's Own Tablets are worth their weight in gold. My little one suffered terribly from this trouble and the Tablets was the only thing that removed the trouble." Sold everywhere at 2c. a box or by mail from The Dr. Williams' Medicine Co., Brockville, Ont.
