## The Two "Lion-Hearts" of History

Once, back in the far annals of English history,  
there lived a King who was called Richard, "Coeur de  
Lion."—Richard, the Lion-hearted.

He was big and brave and handsome. He feared no  
one and nothing. With the courageous spirit of the King  
of Beasts within his breast, he went forth and met  
all opponents.

He fought many hard battles.

But in the end he conquered his opponents and  
gained peace and happiness. He had battled for  
the right!

Such a character is the one portrayed by William  
Farnum in his great William Fox picture, "The Heart  
of a Lion." He is Barney Kemper, of the north woods;  
farmer, lumberman, doctor.

Barney Kemper is big and brave and handsome.

He fears no one and nothing.

With the courageous spirit of the King of Beasts  
within his breast he goes forth and meets all opponents.  
And in the end he conquers; for, he, too, has been  
battling for the right!

William Farnum returns to his favorite blue-shirted  
characters in "The Heart of a Lion." It is the kind  
of role he likes, and the kind in which the great motion-  
picture public like him most.

## Newcastle W. I. Discuss Education

The Women's Institute held its reg-  
ular monthly meeting at the home of  
Mrs. Gilmore Stohart on Tuesday  
evening, Feb. 11th, with twenty-one  
members and three visitors. Five new  
members joined, which certainly gives  
encouragement to the members in  
their work. Meeting opened by sing-  
ing "Institute Ode," followed by roll  
call, answered by "Cure for Colds,"  
or a useful hint. Minutes of last reg-  
ular meeting and of special meeting  
were read and approved. After busi-  
ness arising out of minutes were dis-  
cussed our School committee reported  
their work done. One of the members  
had a few very valuable suggestions  
to offer the members in reference to  
school questions parents trustees and  
even teachers could find some good.  
The Women's Institute is very much  
interested in the school, and are hop-  
ing in the near future to have a pub-  
lic meeting when all may be able  
to freely express their views, and the  
trustees, parents and teachers may  
join in the work for the advancement  
of all, and the children in the town  
may have every chance for a thor-  
ough education. What more neces-  
sary work could any organization take  
up. The supervisor wrote expressing  
a desire for our Institute to take up  
work for Scribans, but as the Red  
Cross in town are already at that  
work and many of Institute members  
are working there, it was decided not  
to undertake this at present. It was  
suggested by one of the members, the  
Town Council be approached in the  
matter of placing names of streets  
on the streets, this will be taken up  
at next regular meeting. After these  
matters were completed, three very  
interesting papers were read on "Vic-  
toria, B. C., as a winter resort," "Mu-  
sic after the war," "Colds and their  
Cures." One letter has been received  
in recognition of Xmas boxes sent  
by ladies of Institute. Meeting closed  
by singing the National Anthem.

## "Hearts Of The World"

D. W. Griffith's Supreme Triumph  
to be Shown at Opera House  
Next Week

"Hearts of the World," the supreme  
triumph of R.W. Griffiths, to be pre-  
sented at the Opera House on Tues-  
day of next week inaugurates a new  
era in the realm of screen drama.  
Here, with the great war as a back-  
ground, Mr. Griffiths has filmed a sin-  
gle little love story, old as the ages,  
yet ever new. "Hearts of the World"  
has proven the latest sensation in the  
screen world. Mr. Griffiths realized  
that the public will become enthu-  
siastic over "The Birth of a Nation,"  
and "Intolerance" would expect some-  
thing big from him in his latest pic-  
ture, and therefore instead of trying  
to out-do himself in staging gigantic  
battle scenes, he used the Great War  
only as a background for the filming  
of a simple and attractive story of  
tremendous human interest.

"Hearts of the World" shows the  
happy, peaceful life of the people of  
a small village before the grim horror  
of War reared its ugly head over the  
horizon. The causes that led up to  
the war are shown; the meeting of  
the English Parliament on the event-  
ful night when the vote was cast for  
war; the session of the French Sen-  
ate voting upon the Declaration of  
War; the session of the Cabinet au-  
twaiting the fatal hour when the ultim-  
atum to Germany would expire. These  
scenes come as a prelude; then the  
great drama begins when the German  
hordes enter France.

In taking the battle pictures for  
"Hearts of the World," Mr. Griffiths  
had the assistance and co-operation of  
the British War Office. It is the opin-  
ion of all who have seen "Hearts of  
the World" that Mr. Griffiths has out-  
done his own best achievements and  
has established a new artistic record  
which it will take years and years for  
someone else to equal, if indeed such  
a thing is possible.

A special Symphony Orchestra ac-  
companies this attraction.

## G. W. V. A. Organized On Wednesday Last

A meeting of the returned soldiers  
was held in the Town Hall on Feb. 11.

ersville, Blackville, Blissfield, Ladlow,  
North Esk, South Esk, Derby and  
Newcastle.  
The following officers were elected:

will be on the 2nd and 4th Thursdays  
in each month.

## Marshal Foch Demands Long Range Guns

Coblenz, Feb. 15—The Allies have  
taken steps to gain possession of one  
of the long range guns which the Ger-  
mans used to fire upon Paris. The in-  
ter-allyed commission at Spa has made  
demands upon the German committee  
that the gun be included in the war  
material which the Germans are  
turning over to the Allies.  
All the German officers who have  
been questioned regarding the long  
range guns have asserted that all the  
crows who were assigned to the task  
of handling the "Big Berthas" were  
sworn to secrecy, and ever since the  
armistice was signed little has been  
known regarding the fate of these  
monster weapons.

## Sir Wilfrid Laurier Has Passed Away

Veteran Leader of Liberal Party  
and Former Premier of  
Canada Succumbs  
To Paralysis

Ottawa, Feb. 17—In a quiet blind-  
drawn room next to his well loved  
library of cherished books on the sec-  
ond story of the modest grey brick  
house on Laurier Avenue, the gift to  
him years ago of his devoted follow-  
ers, Sir Wilfrid Laurier lies dead.  
The great heart, the beloved leader—  
far visioned, cultured, gracious, chiv-  
aristic and kindly—the most pictur-  
esque personality in Canada for a  
whole generation, passed peacefully  
to rest at 2.50 Monday afternoon.  
There was no suffering, no lingering  
illness. The old chief died in harness  
struck down suddenly with intellect  
unimpaired and health marvellously  
good for a man nearing his eightieth  
year.

## PRE-NUPITAL RECEPTION

Miss Edith O'Donnell, who leaves  
Friday for Western Canada where she  
will be a principal in an interesting  
event, was pleasantly surprised at her  
home last evening by a number of  
friends and presented with a hand-  
some silver service. After the pres-  
entation a very pleasant evening was  
spent.

## CUSSING THE TELEPHONE GIRL

In a neighboring city a certain doc-  
tor has no telephone. The telephone  
powers took it out and refused to  
put it back again. The reason they  
gave when the doctor sued to get his  
phone reinstated was that "Doc" had  
this had on the wires was not stated,  
but the telephone girls complained  
to the manager, and the management  
did the rest. The rest consisted in  
removing the phone. It does not ap-  
pear from the testimony that any in-  
terference is intended or sought with  
the personal liberty to cuss when the  
things fall to come right. The idea  
was to limit the range and let "Doc"  
cuss his head off if he desired within  
his own office or domicile. The doctor  
denies the charge. Also, he urges that  
he must have a telephone for the be-  
nefit of the public health and his own  
necessities. Without trying the case  
in the newspapers it is safe to assume  
that something must have occurred  
not once but oftener. The fact is that  
a telephone girl is easy to get along  
with and that no service is more will-  
ingly rendered than the "hello girl"  
affords. The good Lord may have  
made better natured girls than the  
telephone girl, but if so, where are  
they and what did He do with them.  
So the man who uses the telephone  
continually will incline to the belief  
that, when those girls backed they had  
a pretty good reason for it.

## United Baptist District Meeting

A special session of the Baptist 10th  
District Meeting was held in the ves-  
try of the Newcastle Baptist Church  
on the afternoon of Feb. 13th.  
The meeting opened with devotion-  
al service led by the chairman, Rev.  
H. T. Allaby. The roll of delegates  
was then called:  
Bolanstown—H. E. Allaby.  
Doaktown—Mrs. Henry Swim and  
Miss Jessie Bamford.  
Whitneyville—Miss Margaret Men-  
zies.  
Campbellton—Rev. W. Camp.  
Newcastle—Rev. E. A. Kinley and  
Mr. T. A. Scribner.  
Derby section—Mrs. J. D. Lyon, Mr  
Malcolm Amos and Mr. Spurgeon  
Amos.  
Reports were received from the var-  
ious churches, and, although all show  
ed that the influenza epidemic had  
hampered the work, prospects were  
good at the present time. A strong  
appeal was made by the different men  
present for a deeper spiritual con-  
sciousness in the hearts of the peo-  
ple, and arrangements were made  
whereby the different churches might  
simultaneously engage in a season of  
prayer for the work.  
Revs. H. C. Priest and H. E. Still-  
well, returned missionaries, were in-  
vited to seats in the meeting and in  
response, spoke of the greater vision  
that had come to us through the war  
and of the unequalled opportunities  
of the present.  
A week of deputation work in the  
interests of the Five Year program  
was planned for the second week in  
April.  
The session closed with prayer. The  
next meeting will be held in Whitney-  
ville in July next.

## Recommended For Victoria Cross

Gallantry Displayed by Lt.-Col. McKenzie in Last Action Was So Recognized.

St. John, Feb. 13—News of considerable interest came in a letter to an officer at military headquarters, which stated that the bravery displayed by the late Lt.-Col. A.E.G. McKenzie in the action in which he met his death had been recognized by the Victoria Cross. Soon after making the report, General Ross was transferred to another brigade and it is not known whether the recommendation is to be followed with a posthumous award, but it is at least some satisfaction to the friends of the late officer to know

that gallantry displayed in his last action was considered worthy of the highest honor in the British army.

## Newcastle Boy Brings English Bride

Mr. and Mrs. Finlay R. Copp arrived in town Monday night from England and are the guests of Mrs. Hiram Copp, Water Street, for a few days pending Mr. Copp's discharge from the Canadian Army. Mr. Copp enlisted early in the war and has seen much service on the European battlefields. He was twice wounded but returned to the front and continued to carry on. During convalescence in England he wooed and won a winsome English maid who has accompanied him back to Canada, the following notice of marriage being published in a recent issue of an English paper— "On Jan. 7, at St. James, Friern Barnet, Finlay Russell Copp, of the Canadian Expeditionary Force, third son of Mr. Thomas Copp of Newcastle, New Brunswick, to Gladys Dorothy, youngest daughter of Mr. and Mrs. Sheward, "Lochnagan," The Crescent Friern Barnet." After a well earned vacation of a few weeks Mr. Copp intends returning to Western Canada where he resided for some years prior to enlistment. His many Miramichi friends are pleased to see him home again and also extend a hearty welcome to his English bride.—Commercial.

UNDER war conditions we were unable to supply anywhere near the demand for Canada's favorite sugar. Few ships were available for bringing raw sugar from the tropics and a large part of the product of our refinery was needed for our soldiers overseas. Happily, Peace has changed the whole sugar situation. Unless unforeseen circumstances should arise the Lantic Red Ball will again brighten the shelves of stores throughout the country and housewives may have as much as they need of the famous Lantic "FINE" granulated, the perfect sugar for baking and the table; also there will be plenty of the Lantic delicious Old-fashioned Brown Sugars for the many dishes in which flavor is indispensable to success.

You may again buy Lantic Sugar in the larger original packages, the 10, 20 and 100-lb. sacks, as well as in the 2 and 5-lb. cartons. The accurate weight and perfect protection of the contents of Lantic packages makes them the most economical way of buying sugar.

Ask your grocer for Lantic Sugar, the sugar with the Red Ball on every Carton or Bag.

# BEAVER FLOUR

MILLED OF BLENDED WHEAT

"Beaver" Flour equals any of the "special pastry flours" because it is, in itself, a special pastry flour—being the choicest Ontario fall wheat, blended with western spring wheat to give it strength.

This is why Pies, Cakes, Cookies, Tarts, Doughnuts, Buns and Fancy Pastry—when made with "Beaver" Flour—are so light, so flaky, so uniformly good. This is also why the Bread and Rolls—made with "Beaver" Flour—have a delicate, nutlike flavour that is totally lacking in western spring wheat flours. Just try "Beaver" Flour for anything you are baking—and see what happy results you get, every time.

## HAVE YOU A HUSBAND

child or friend, who is suffering from eczema, or other skin disease, or an obstinate sore that has defied medical treatment? If so, that is a case for Zam-Buk.

Mrs. B. Ellis, of Castleton, Ont., writes: "My husband suffered intensely with a running sore on his foot. The sore penetrated to the bone, and the inflammation was so bad that he could not sleep at nights. After spending a lot of money and trying every remedy we heard of, with no result, I read of a cure which Zam-Buk had effected in a similar case, and got a box.

"Within two hours after the first application the pain was eased; and with perseverance the inflammation was drawn out, the swelling reduced, and before long the sore was entirely healed."

Zam-Buk also cures ulcers, abscesses, eczema, poisoned wounds, pimples, cold sores, chapped hands and chilblains.

**THE UNION ADVOCATE**  
A WEEKLY NEWSPAPER  
Established 1867

Published Every Tuesday afternoon, at Newcastle, New Brunswick, by The Miramichi Publishing Co. Limited.  
Advertising rates quoted upon request.

R. A. N. JARVIS,  
Editor and Manager,

TUESDAY, FEB. 18th, 1919.

**POLITICAL RUMORS**

The action that will be taken by Premier Foster on the report of the two Royal Commissions, which have investigated charges against members of the legislature, and which will be presented at the coming session of that body, have been a matter of much speculation, and the report that the local house will be dissolved is being given much credence, and has started politicians of both parties to size up the material available for tickets at the next election.

In Government party circles it is likely that the present members will again be selected, but there is evidence that Mr. Chas. Morrissey's friends will endeavor to oust Dr. McGrath, and that Hon. Mr. Burchill may re-ire in favor of a candidate from the upper part of the county.

For the opposition it is rumored that a coalition ticket will be in the field and names most prominently mentioned for its personnel are Geo. M. McDade, of Chatham, Mayor Troy of Newcastle, Coun. J. W. Vanderbeck of Millerton, Coun. T. Parker, of Doaktown, as well as several other well known residents of the county, whose names will likely go before the convention that will be called to make the selection.

At all events there seems certain that there will be a real old time political fight in Northumberland, whenever Premier Foster says the word, whether it be during the coming summer or two years hence.

**ARE THE GIRLS TO BLAME.**

Instead of complaining over the actions of their more successful sisters who have captured and are capturing by the thousands, the hearts of Canadians, let the girls of this and other towns consider where they stand, says an exchange.

Isn't it to be wondered at that the young men are fighting shy of marriage in this country, for the girls have made them afraid of the expense involved. Nowadays a girl is not content to start life where her parents started, or even where they leave off. She wants to start life on a scale that is simply ruinous to any young man, except those earning enormous salaries, and there aren't many of these hereabouts.

Girls nowadays are demanding to be taken to the best shows and nearly always desire one of the most expensive seats. They want diamond engagement rings, and anything less than a \$10 or \$15 Christmas present is scarcely looked at. Then there are motor drives, boxes of chocolates, a house furnished on a costly scale when it comes to marriage, and so on, until it is no wonder the Canadian youth fights shy of marriage or keeps postponing it. They cannot stand the expense.

In England it is probable that the "get-rich-quick" craze hasn't reached our stage of magnificence. The girls are probably more human and so our Canadian girls are reading marriage impossible.

**A MAN'S WORTH**

"A man, from his shoulders down, is worth \$2.50 a day, but from his shoulders up, there is no limit to his earning capacity," said Mr. E. W. Beatty, president of the Canadian Pacific Railway, in a talk to the employed boys of the evening educational classes of the Y. M. C. A.

"When I was coming down in the train from Ottawa this afternoon, I thought of you boys and the work you are doing, and it brought back my own school days. I first started college in Toronto, my family having moved there when I was 11 or 12. I was a day pupil at the college. I did not believe in work, however, and I did very little studying. My nickname was "Banty." I indulged in numerous scraps, and spent most of my time after school hours doing the thing that I should have done when school was in. At the end of the year a report was sent to my parents and I think, without boasting, that was the worst report ever written about any boy. At the end of the report was a note, to the effect that if I did not return to the college at the beginning of the next term, the principal could get along without me. I think perhaps he was right. I was humiliated and ashamed of myself, and I believed everybody knew I was of no particular use.

"I was sent to another school, where my record was not known, for which I was thankful. I there fell into the hands of a tutor who, though a good teacher, had a very violent temper. He encouraged us when we were not abusing us. If a fellow showed inattention he was likely to be hit on the head with a ruler; but the first words of encouragement I ever received came from that man. He told me I might amount to something which was news to me—I had never heard it before; in any event he gave me an inspiration to study, so I worked, and the more I worked, the more I realized how valuable it was, which fact I continued to appreciate as I grew older.

"I never saw a boy or a man who got anywhere if he did not work," went on Mr. Beatty. "I know you boys have given up a great deal to take on these extra studies, but none of you will ever regret it. As you grow older you will find the competition between men very keen, and he who is fairly well educated has a distinct advantage over the man who is not. Every boy has some kind of a vague idea he would like to be something or other when he grows up he does not know just what. You will, however, find there are three or four simple things that tend to a man's success. The first is good health. It is impossible for a boy or man to work against that handicap. The next thing is honesty. No man in this, or any other country, who was not honest, attained success; he may appear to do so for a time, but when his dishonesty is discovered, which it will be sooner or later, his success is at an end and his failure begins. The third essential is education; without education it is impossible to climb to any important position; and the fourth essential is work. Nothing was ever accomplished without work, and if any man tells you differently, it is not the truth. During the coming years many capable men will be required to fill important positions, and he who has the essentials to which I have referred is the one who will get the preference."

With regard to the attributes of a man, Mr. Beatty said: "The things we admire most in other men are the qualities we should develop in ourselves. The first is honesty, the second courage, and the third modesty. Without courage one cannot go very far in this world. If a man is content to step aside for others, he is bound to lose. Without modesty no one can secure the respect of his fellow-beings. Every man's hand is against the man who shows he believes himself better than others. When I was a youngster, my father, who was a very wise man, used to say: "Never think you are better than anybody else, but always think you are just as good." Modesty is a quality I suppose I should apologize for mentioning, for it has become very unpopular and is now almost obsolete; nevertheless, it is one of the finest qualities a boy or man could have.

"I understand that with your studies you mangle a little play, which is a good thing. Every boy should play every game he is adapted for; he usually works well who plays well. I am not yet very old, and every night between September and May, when I am in Montreal, if I do not have a hard forty minutes' handball, I feel I am depriving myself of something I need. A man should have a sound body as well as a sound mind, and the two go hand in hand."

In conclusion, the speaker said: "In the work you have taken up at the Y.M.C.A. you are not now aware of the advantages you are laying up for yourselves, but these will develop as the years proceed, and I assure you that I wish you all the greatest possible success."

—From the Montreal Gazette.

**NOTES BY THE WAY**

The vote on the proposed hydro-electric development indicates that the majority of citizens desire a bigger and better Newcastle.

A Windsor, Ont., doctor is on trial for prescribing whiskey for 1,244 patients in ten days. The patients are reported to be doing as well as may be expected.

"Let us have peace," appears to be the general aspiration. Witness, in part, sixty applications for divorce filed at Ottawa for the coming session.

Pte. Elmer J. Weber, son of Reeve Weber, of Neustadt, Ont., was sentenced to ten years in Kingston Penitentiary last week for desertion. Weber's father, who was recently run out of Owen Sound, by a mob, is reported suffering from pneumonia, as a result of exposure from being out all night when the mob chased him.

"The Union Jack is the national flag of the colonies as well as of the mother country, and, although it is a rule more honored in its breach than in its observance, no other flag is to

be flown ashore. The ensigns are, strictly speaking, maritime flags and are not supposed to be displayed ashore. According to British flag law the Union Jack, in its plain condition and without emblazonment or badge, is the only flag an individual or corporation in the British realms may properly fly."—National Geographic Magazine, October 1917.

**War to Peace**

**Make The Returning Soldier Welcome**

THIS is an important hour for Canada. The nation is entering on a new era. It is passing from war to peace. Let us start this new era right. There are thousands of soldiers returning from overseas. The Government is doing all in its power to get these men back to civil life.

It is giving a *War Service Gratuity*—more than any other nation—to keep the soldier going till he gets a job.

It gives him a *pension*—where his usefulness is impaired by his service.

It teaches a man a new trade when his service unfits him for his former trade.

It gives him free medical treatment when illness recurs, and supplies free artificial limbs and surgical appliances.

It is bringing back to Canada at the public expense the *soldiers' dependents* now overseas.

But the Government, however willing, cannot provide the personal touch needed in this work of repatriation. That must be given by the people themselves.

The men who went from these parts to fight in Flanders deserve a real welcome home—the best we can give.

In most towns committees of citizens have already been organized to meet the soldiers and their dependents at the station, to provide hot meals, supply automobiles, afford temporary accommodation when necessary.

In addition, many other towns are organizing social gatherings to give public welcome to returned men after they have been home a few days.

After he has rested, the soldier must be provided with an opportunity for employment. In towns of 10,000 population, Public Employment Offices have been established to help soldiers, as well as war-workers, secure good jobs quickly. Where these exist, citizens should co-operate. Where they do not exist, the citizens themselves should help put the soldier in touch with employment.

The fighting job is done. It has cost many a heart-burning. But it has been well done. The least we can do is to show our appreciation in no uncertain manner.

Don't let the welcome die away with the cheers.

**CATARRHAL DEAFNESS  
CANNOT BE CURED**  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure catarrh-  
al deafness, and that is by a constitu-  
tional remedy. Catarrhal Deafness  
is caused by an inflamed condition of  
the mucous lining of the Eustachian  
Tube. When this tube is inflamed  
you have a rumbling sound or imper-  
fect hearing, and when it is entirely  
closed, Deafness is the result. Unless  
the inflammation can be reduced and  
this tube restored to its normal con-  
dition, hearing will be destroyed for-

**It takes a joint of beef to  
make a bottle of Bovril**

*Bovril contains the goodness of the beef.*

**THE** vital elements that give beef its special  
place and value as a food are concentrated  
and stored in Bovril.

Just as the equivalent light of 32 candles is concen-  
trated in one electric lamp, so the vital elements of beef—  
of many pounds of beef—are concentrated in a single  
bottle of Bovril.

But Bovril is not merely a precious food in itself; it  
possesses the peculiar power of enabling you to extract  
more nourishment from other foods. This gives Bovril its  
wonderful body-building power, proved by independent  
experiment to be from 10 to 20 times the amount taken.  
Bovril, therefore, in the true sense of the word, is a Great  
Food Saver.

Always keep Bovril in the house.

**Red Cross Workers Urgently Needed**

There seems to be a misapprehension regarding the work of the Red Cross since the armistice was signed, and it has been thought advisable to draw the attention of the Red Cross workers to the fact that their services are required quite as much now, as during the last four years.

We have been asked to aid in the refuge work among the Serbians, who as civilians, have lost everything as a result of the war. Owing to the fact that, after the last day of March, supplies will no longer be carried free by transportation companies, branches and auxiliaries are requested to have all shipments made to the Provincial Branch before the last week in March. There are a number of garments lying, cut out, at the Red Cross Rooms, waiting for someone to sew them.

It is especially desirable to have socks, sweaters, scarfs, etc., to present to the soldiers returning on the troopships to St. John. Many of these men have long journeys still ahead, and it is felt that the distribution of these necessities will be very welcome. There are about 40 pounds of wool at the Red Cross Room, waiting for knitters.

There are, alas, very many returned men who will have to spend weary months in the Military Hospitals, either enduring surgical operations, or fighting tuberculosis, striving to regain a mental poise which has been shaken by their terrible experiences or endeavoring to take up life again, minus one or more limbs. These hospitals will now have to be supplied with linen, etc. There are several pieces of sheeting, and crash for towels, at the Red Cross Rooms, waiting to be made up.

Let us not forget that the men who voluntarily offered their lives that ours might be spared, are returning to their home land—where they have a right to expect every care and comfort that we can offer them, and it is principally through the Red Cross that this can be done.

The Room is open every Tuesday afternoon and workers are earnestly requested to attend.

Acting Secty. C.R.C.S.

**THE SAME OLD NAME**

This good story in the New York Times is attributed to the Duke of Connaught. The Queen, it seems, punctiliously corrects mispronunciation of French place-names. Visiting a wound ed man in hospital, Her Majesty asked him to give her the details of the action, in which he won his V. C. "Well, your Majesty, I was at Wipers—" "Wipers?" interrupted the Queen, "and got orders to march out and attack the advance. After we left Wipers—" "Wipers," said the Queen again. "And so on throughout the story. The next day, the Duke of Connaught asked the V. C. how he liked the Queen. "The Queen is a noble woman sir, but what a pity she hiccoughs so."

**TAKES OFF DANDRUFF, HAIR STOPS FALLING**

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

**Winter Hard On Baby**

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

**NEWCASTLE DOWNS Fredericton In Hockey**

Fast Game Here on Wednesday Results in Win for Locals 4 to 1

Newcastle hockey enthusiasts were treated to a good hockey game on Wednesday evening when the Fredericton boys crossed sticks with the locals. The game was clean throughout and differed very much from that of the game on Friday evening. W. Lyons, of Chatham was referee, and he performed this duty to the entire satisfaction of all.

The Newcastle boys were in good trim and they had the better of the game from the start, keeping he puck hovering around the visitor's net most of the time.

The Fredericton team showed lack of practice, due in a large measure to some of their players not having played or two years, they having just returned from overseas. However, they were good losers, and expressed themselves as well pleased with the game, doing better than expected.

Most of the players of both teams did good work, and to make special mention of some would be doing an injustice to the others.

A number of penalties for minor offences were dealt out by the referee who kept a sharp eye on the players.

The score stood, Newcastle, 4; Fredericton 1. The line up was—

Newcastle	goal	Bidlake
Ryder	point	Hovey
Cullen	cover	Burgess
Drumie	centre	Wade
Jeffrey	L. Wing	Harrison
Poall	R. Wing	Brewer
Meaban	spare	Rogers
Ritchie	spare	Legere

At Chatham on Thursday the Fredericton team emerged victorious over an all-Chatham aggregation by a score of 5 to 3

Chairman of Imperial Munition Board Appreciates Good Work in Connection with Special Traffic Movements

Writing to Mr. F. P. Brady, General Manager of the Canadian National Railways, Eastern Lines, Sir Joseph Flavell, Chairman of the Imperial Munitions Board at Ottawa, expressed himself as follows:—

"The work of the Imperial Munitions Board at Ottawa is complete. With the exception of a few officers of the Records Department who will remain here, the members of the staff necessary for the completion of the liquidation of our assets, will move to Toronto.

"Before leaving Ottawa, I desire to express my great appreciation of the assistance given the Board by the entire operating staff of the Intercolonial Railway. You will readily understand that many times during the last three years we have asked officers of the Company to give special consideration to the movement of traffic, and in all cases we have met with generous response.

This is an acknowledgment from Mr. Flavell of the excellent work done by the Canadian Government Railways in the matter of traffic movements during the most trying periods of war time, when special attention was given to overseas munition shipments.

**My Limbs Would Twitch**

And Waken Me—Unable to Rest or Sleep, I Walked the Floor in Nervous State — When Specialists Failed I Found a Cure.

This is the kind of cure that has set Windsor people thinking and talking about Dr. Chase's Nerve Food. The action of this food cure is so radically different to the usual treatments for the nerves that everybody wants to try it. Gradually and certainly it nourishes the starved nerves back to health and vigor and the benefits obtained are both thorough and lasting.

Mrs. M. Smithson, 27 Arthur street, Windsor, Ont., writes: "I was suffering from nervous breakdown, which was caused by a shock when fire broke out in the adjoining house. My nerves were in such a state that, after going to bed I could not get my nerves quieted down sufficiently to go to sleep. I used to get up and walk around the room, or go downstairs. Even when I would be dropping off to sleep my limbs would twitch and waken me. I used to have cold, nervous, night sweats, sometimes would become unconscious and lie that way for quite a little while. I was always cold and it seemed impossible for me to get warm or keep warm. When on the street I would see two or three objects at once, and did not want any person to speak to me or bother me. Any little noise irritated and annoyed me very much. I had consulted specialists and tried many remedies during this time, but could not gain relief. At last I tried Dr. Chase's Nerve Food, and before long could see that this treatment was proving of benefit. I am now feeling so much better that I can go out on the street without any difficulty, can go across the river and go about the same as usual. I sleep well at night, and am feeling more like myself every day. I am pleased to be able to write you to tell you how much good the Nerve Food has done me. It has strengthened and built up my whole system. I am recommending it to everybody I find suffering from nervousness of any kind."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Whereas the great war which has been raging for the last four years has been brought to a victorious conclusion. And whereas men of our land have contributed to the glorious result by offering themselves for military service and in a great many cases sacrificing their lives as an offering in defence of our rights and privileges. And be it further resolved that the Secretary Treasurer publish this resolution in all of the local papers for two weeks.

William Farnum, in all the manly bravery of the parts the public love so well, is coming to town. In "The Heart of a Lion," the stalwart William Fox star makes his reappearance, bringing with him a story of absorbing interest and excitement. At the Happy Hour Theatre on Wednesday "The Heart of a Lion" will be shown. It is undoubted that all lovers of William Farnum will be unable to see the photoplay in that length of time; but the print of the pictures allotted to this territory is in such demand that no longer engagements can be played.

"The Heart of a Lion" is taken from a novel by Ralph Connor called "The Doctor." Mr. Connor, whose real name is Charles W. Gordon is now a major in the Canadian Highlanders. The story of this magnificent picture revolves about two brothers, Barney Kemper (Mr. Farnum) and Dick (William Courtleigh, Jr.). Dick is a worthless sort of youth who does not awaken to a realization of his own shiftlessness until Barney catches him making love to the woman engaged to marry himself. Then Dick reforms, studies for the ministry, is ordained and sent to a lumber camp. Barney, who has withdrawn completely from civilization after the loss of his faith in Dick, has become physician in this same camp. When the rough, backwoodsmen of the community attack Dick and wound him, Barney reveals his identity and does his best to nurse his brother back to health and life.
