## Farms Wanted

We have over 1000 inquiries in our office for Valley Real Agency such as the following:

A Scotch immigrant now living in Truro wishes a small farm capable of carrying five or six cows with poultry, small fruit and some orchard, price \$4000 to \$4500, about \$3000 to pay down. A St. John man wants large mixed farm, price about \$8000 will pay \$5000 cash.

A former Nova Scotian, now living in Saskatchewan wants nicely located small fruit farm with good buildings, price \$5000 to \$7000, will pay cash in full.

A North Sydney man wants small place near town, suitable for gardening and poultry with small orchard, location near sea or river, required cash to pay down about \$3000.

Cumberland County man wants \$4000 stock farm with large pasture.

Man from New Germany will pay cash for small, well located mixed farm with some pasture, price about \$3500.

Dartmouth man will pay \$1500 cash on good mountain farm.

Manitoba farmer wants first-class fruit and mixed farm near High School, will pay \$10,000 cash.

Man from Alberta has \$2000 to pay on small fruit farm near Lawrence town or Berwick.

Man from Morley, Colorado, will pay \$3000 on 100-acre farm, half tillable, balance wood and timber.

Let us sell your place. Write for terms.

## ANNUAL MEETING BRIDGETOWN A.A.A.

Officers Elected and Committees Appointed for the Coming Season

The annual meeting of the Bridgetown Amateur Athletic Association was held in the Board of Trade Rooms Friday night. Second Vice-President C. B. Longmire occupying the chair. A number of reports were read and received including the Treasurer's report, which had been duly audited.

The election of officers resulted as follows:—

President, C. B. Longmire.  
1st Vice-President, H. B. Hicks.  
2nd Vice-President, A. E. MacKenzie.

Secy.-Treas., A. F. Little.

Executive committee: H. S. Magee, J. T. Archibald, W. R. Longmire, F. E. Bath, F. M. Graves, H. T. MacKenzie, Geo. H. Dixon, J. F. MacLean, W. E. Gesmer.

F. E. Bath and J. H. McLean were appointed collectors of dues for 1921. Among the things discussed at the annual meeting was the building next year of an indoor rink for hockey, curling and other sports.

It was decided to hold a Labor Day celebration which is an annual event of the club and has always been a great success.

The junior baseball team received a lot of praise for their work last year and it was decided to have them entered into the Junior Valley League, if such an organization is formed during the coming season.

At the close of the annual meeting a special meeting was held of the executive at which a number of committees were appointed and other important business transacted.

Grounds committee:—W. R. Longmire, H. S. Magee, Geo. H. Dixon, J. T. Archibald.

Baseball committee:—C. B. Longmire, F. E. Bath, H. T. MacKenzie, J. F. MacLean.

Cricket committee:—R. Whiteway, H. T. MacKenzie, A. F. Little, Manager Junior baseball team, C. H. Dixon.

H. T. MacKenzie was appointed official representative of the B. A. A. A. in the Valley League.

A meeting of the baseball committee was held in the office of the President Saturday morning, at which arrangements were completed preparatory to a successful baseball season.

Work will be commenced at once on the grounds and several suggested improvements will be carried out as soon as weather permits.

### DEATH OF JAMES GIBSON

James Gibson, one of the most highly respected citizens of Round Hill, passed away on the 8th inst., in Halifax in the 69th year of his age.

His remains arrived by express and were met at Annapolis by Undertaker Dargie. The interment took place at Dalhousie, in the little cemetery by the Church he loved so well. The services were conducted by the Rev. John Reeks, Rector of the Parish. Mrs. Gibson, having died in January, 1921, the sympathy of the entire community is extended to the two surviving daughters:—Grace, of the Charlesgate Hospital, Mass., and Blanche who is at present one of the teachers in Oakdene School, Bear River, who are thus left to mourn the loss of an indulgent and loving father and mother.

Besides these he leaves two brothers: Millen, of Dalhousie, and Robt of Round Hill; and four sisters: Mrs. Wm. Marshall of Dalhousie; Mrs. Olive Idelesney, of North Williams-ton; Mrs. Aveland Anderson, of Bridgetown; Mrs. Zebulon Durling of West Inglesville. Mr. Gibson had a kindly, retiring disposition that endeared him to all. He had many friends in his old home, Dalhousie, as well as in the village of Round Hill to which the family moved ten years ago.

It is reported that a Masonic Lodge is about to be instituted in Lawrence town, the meetings to be held in the Sanford block.

The coastal schooner Nelson Y. MacFarland, now at Parrsboro overhauling, is chartered to load a cargo of coal for Freeport, (N.S.)

## YARMOUTH'S NEW CHIEF OF POLICE

Sgt.-Major George Gill, D. C. M., Goes On Duty This (Wednesday) Morning.

Sgt.-Major George Gill, D.C.M., of Bridgetown, has been appointed Chief of Police for the town of Yarmouth, at a salary of \$1400 per annum and begins his duties in that town this morning. Friday's Yarmouth Telegram says:—

The newly appointed chief comes to Yarmouth with considerable experience as police officer and presents excellent credentials. One of which from Mayor Warren, of Bridgetown, which stated that Sgt.-Major Gill first took up chief of police duties in that town in 1912 and that he filled that office in full measure until 1915, when he resigned and enlisted for overseas service. At the front he also proved his efficiency, being decorated with the D.C.M., and also received Honorable Mention. After receiving his discharge in 1919 he returned to Bridgetown, again took up his police work and continued in office until January, 1921. In concluding his letter, Mayor Warren states that the new chief is a capable, active, resourceful man, a public spirited citizen, and ready at all times to perform his part in forwarding the best interests of the community.

Others who wrote highly of Sgt. Major Gill were J. W. Salter, Mayor of Bridgetown; J. E. Lloyd, Town Clerk; Harry Ruggles, Esq.; Town Solicitor; W. R. Longmire of the firm of J. H. Longmire & Son, and Rev. Ernest Underwood, rector at Bridgetown. All are very pronounced in their expressions of his ability as an officer both in police duty and when overseas and all assure Yarmouth's Town Council that their selection of a new chief of police has been exceptionally well made.

## Vulcanizing

New Life For Old Tires

The final thousand or two thousand miles of service you get from your tires can often be made the cheapest of all by timely attention.

The tire which blows out or otherwise fails before it should is too common. Long, hard service and accidents often cause inside breaks, which, if neglected, result in blow-outs.

Now is the time to have your tires overhauled. Do not wait until you want to use your car, and then find that your tires need repairing, bringing them to the

## FOREIGN BASIC SLAG

Our competitors still avoid argument on solubility in citric acid. As our competitors know, the law requires labels to state MINIMUM and not AVERAGE content. Their dare that we put our average content on our labels, as guaranteed minimum, is humorous.

Analysis received by us made by expert samplers, who have gone over the cargo, are:

Belgian Government Analysis Average, 18.28  
English Brokers' Analysis Average, 18.60  
Customs analysis at Halifax average to date, 18.52

We know of no other firm who purchased Slag of the same quality as we imported. If, as might be inferred, our competitors refer to our Slag as selling for \$25.00 F.O.B., Halifax, their statement is absolutely false.

Our Slag is selling for \$32.00 per ton delivered or \$1.75 per unit of phosphoric acid. Compare this with our competitors' price per unit, and then compare the vast difference in our favor of the citrate soluble content.

United Fruit Companies of Nova Scotia Limited, Kentville, N. S.

LETTER FROM  
MRS. WAKELIN

Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—“I suffered greatly from weakness, seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial.”

—Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Some Beauties of the Ottawa River

Fort William, Pontiac County, Province of Quebec, is a lovely spot along the Ottawa river, and yet it is not so well known as it should be.

On one side of the Ottawa river is Petawawa training camp, and just across the water Fort William lies by the side of a forest of magnificent pine trees. Since the war Fort William has become better known, for thousands of Canadian soldiers who prepared for fighting at Petawawa were there, and they did not forget to tell their friends of its loveliness and the happy hours they spent around it.

You may reach Fort William, Quebec, by a variety of ways: You may get off the C.P.R. train on the main line at Petawawa railway station, then go for two miles across Petawawa Camp grounds to Petawawa village. At regular intervals a boat to the opposite side of the river and you are in Fort William.

Or you may go to Fort William, Quebec, from Pembroke, Ontario, by a more direct route. The Pembroke Transportation Company runs the S.S. Oiseau from Pembroke to Des Joachim at regular intervals, a distance of about 20 miles, calling at Petawawa village, Fort William and other points. The fare for this trip is small, and the trip itself is most enjoyable, the scenery being beautiful, and on a hot summer day the breezes blowing along the wide lake-like Ottawa river are refreshing as sea winds.

It would indeed be difficult to find a prettier spot than Fort William, Quebec. The place looks like an inland seaside, for here there is a beach miles in length, and sandy as a sea strand. The crystal waters of the Ottawa river gently lave the golden fringes of their beach. In summertime children play in the sand and dig holes just as they do at St. Andrews-by-the-Sea. Age and youth walk together by many flowery paths. The bathing beach is safe, shallow at the shore, but you can go out into any depth you wish, for the Ottawa has a deep heart.

The river is dotted with islands. Motor boats, rowing boats and canoes ply its waters. Sometimes you may see a barge tugging a floating mass of logs to some distant mill.

The Hotel Pontiac, owned by the genial Chris McCool, is the soul of Fort William. The hotel stands beneath towering pines; in front is the golden strand, then the river, and beyond the river the gentle Petawawa hills, which often resound to the firing of the big guns used by the soldiers training in the open country. There is a most distinct echo in this district. If you laugh or talk in a loud voice the hills will surely laugh and talk back to you.

From the Hotel Pontiac shady walks radiate in many directions. It is a nice walk from the hotel to the Beaver Dam. In the fruit season you may gather thousands of blueberries and wild raspberries on the way. "Slow sinks, more lovely ere its race is run, Along Fort William hills the setting sun."

Thus Lord Byron, who wrote an immortal poem on the sunset in Greece, might have written about a Fort William sunset had he seen one. The sunset at Fort William is beautiful as the sunset in Greece or anywhere. It is a marvel of beauty. Those who look on it never forget the scene. Sol goes down beyond the Petawawa hills in a robe of deep crimson, lighting up the waters of the Ottawa with its hue. The beams dart their silver among the islands. The landscape is all solem. At that time it seems as if Nature, in worship of her Creator, is taking a great heavenly rest into her breast. Many watch the sunsets at Fort William from the log seats on the beach. Many logs that escape from the lumbermen find a resting place at the river side and make comfortable natural seats for the tourists.

Fort William, Quebec, is a romantic spot. It is the ideal place for those who are newly wed, or for those who are wooing. Everything here is peaceful and beautiful—the logs on the beach may have been cast there by nature so as to afford seats on which lovers may rest while telling their tales. Squirrels and chipmunks in hundreds in the woods play on the trees above your head, and the voices of the birds are seldom silent.

Fort William, too, is a place endeared by sweet memories. Thousands of soldiers who trod its paths, bathed on its beach and danced in the dance hall at the Hotel Pontiac now sleep in foreign fields.

There are frequent steamer excursions from Pembroke to Des Joachim and return. The steamer always takes some of the Fort William folks aboard. Not far from Fort William is the Oiseau Rock, famous amongst the Indians and local people. The Rock is 400 feet high. Beneath it the Ottawa river is 400 feet deep. There is a little lake on top of the rock. The story is still told of how the long ago the Indians were assembled on this rock when an eagle came and bore away a papoose to the consternation of all assembled.

Fraser's Landing is a place where the Indians used to sell their goods to the fur dealers. It is a setting

(1) The Hotel Pontiac, Fort William, Province of Quebec. In front is a sandy beach and behind the pine trees.  
(2) The Steamer Oiseau, plying the Ottawa River from Pembroke, Ontario, to Fort William, P.Q., and other points.  
(3) On a natural seat on Fort William Beach.  
Des Joachim is the last post of call for the steamer. Here there is a half hour allowed for any who wish to visit picturesque waterfalls in the vicinity before starting their return journey.  
Fort William is historic, for it was a trading post before railways were built, and when the early French explorers were going towards Western Canada they left their footprints here.  
The Ottawa river affords good trout fishing. Deer and moose roam in the woods. Beaver and other fur-bearing animals are plentiful. There is also good partridge shooting.

The Weekly Monitor
Established 1878
Under new management since June 1917

WEDNESDAY, April 20th, 1921

Copy for display advertising must be in this office not later than 12 o'clock noon on Monday for insertion in the MONITOR the same week.

SUCCESSFUL BRIDGETOWN BOY

In the press reports of the Closing Day at the N. S. Provincial Agricultural College, Truro, on Thursday last, we noted well up in the graduating class, the name of Clarence Fitz-Randolph of Bridgetown. Clarence, as most of our local readers will know is the son of Mr. and Mrs. Allison Fitz-Randolph of Carlton's Corner and has just completed an exceptionally successful two years, course at the College, graduating fifth in order of merit in the final examinations an average of less than six dividing the first five candidates, the highest of whom took the Governor General's medal.

A substantially accurate estimate of any youth is usually found in the College magazine, and here is what the "Maritime Students' Agricultural" graduation number has to say about our young townsman: "Small in stature but effective as T. N. T.—That's 'Fitz' or 'Napoleon' as many know him. Like many of our intellectually big men he hails from the Annapolis Valley.

A distinguished student: Bacteriology, Chemistry and Botany are child's play to him. 'Fitz' is always ready to assist in anything that's going on and as assistant Editor of the M. S. A. did good work. May every success attend him in the future."

The MONITOR cordially echoes these good wishes. It may be mentioned that the "Scholastic Diploma" of the N. S. A. C. entitles the holder to enter, without further examination, the Ontario Agricultural College, at Guelph, or the MacDonald College, Quebec, and to take up third year work toward qualifying for a degree in Agricultural Science.

BOYS' WORK CIRCLES

This week and next are important ones in "Boys' Work" Circles. In the Maritime Provinces Tuxis Boys and Trail Rangers are busily engaged in raising the necessary head quarters "Budget" for the coming year. For this, an unique method has been devised in the shape of stock certificates which read as follows:—

This certifies that A. B. is holder of one share of preferred stock in Boys' Work By Boys, Dividends payable in a Cleaner Canadian Citizenship. Promoted by the Maritime Boys' Work Boards composed of Anglican, Baptist, Methodist, Presbyterian, Churches and the Y. M. C. A. working together."

The Certificate bears the stamps of the official emblems and an inset of the Maritime Boys' Work Secretary. They sell for 25c up.

Next week is the period of the National Athletic contests for Tuxis and Trail Rangers Boys, and from the Atlantic to the Pacific, Squares and Camps will be competing. The local competitions will take place on the school grounds each day after school and be conducted by Messrs Harry McKenzie, J. Myers, and H. B. Hicks as Judges, with the Mentors as assessors, all acting at the instance of the local Boys' Work Board.

A POPULAR LECTURE

The Boys' Work Board has been able to secure Lieut-Col. J. H. MacDonald C. B. E., A. D. C. S., of Wolfville, to lecture in this town Monday night, April 25th. His subject will be "David Lloyd George, the Embodiment of the British Spirit." Dr. MacDonald, who served four years overseas, is widely known and his popularity as a speaker speaks for a full house.

During the week the Tuxis Boys will be selling their Stock Certificates at 25 cents a share. Every purchaser of one or more shares will be admitted free. The proceeds of this lecture is to go towards the Y. M. C. A. among work boys. It is not often that a lecture of such worth can be heard for such a nominal fee, and it is expected that the Baptist Church, where it will be held, will be filled to the doors.

The trophy presented by Mr. A. L. Davidson, M. P., and won by the Bridgetown boys will be presented at this meeting.

The firm of Denton & Condon, it is understood, will begin work at once on the re-construction of the Grand Lake Dam, so says the Annapolis Spectator.

Local Happenings

We expect to receive a remittance from our delinquent subscribers in Bear River this week.

Don't forget to hear Dr. White in the Baptist Church Thursday evening, April 21st, at 7.30 pm.

Mr. G. N. Reagh, Gray Dort dealer, Middleton, has the Editor's thanks for a very pretty office calendar.

J. H. Hicks & Sons have begun sawing their lumber at Dalhousie, where they have twenty men employed.

The Second Degree will be conferred on several candidates in Crescent Lodge, I.O.O.F., tomorrow (Thursday) night.

There will be a dance in Harris Hall, Mochele, Thursday evening, April 21st. The committee will sell ice cream. Proceeds for the benefit of the Hall.

The MONITOR's regular correspondent at Melvern Square, has resigned the position after many years of faithful work, and will recommend another.

Mr. Henry Pratt has purchased Mr. Norman Chute's residence, corner of Cranville and Church Streets and we understand will conduct a hotel business for permanent and transient boarders.

The Editor has received from Mr. Alden Elliott, of Triverton, a box of beautiful boneless cod. We can assure our readers that if they want some GOOD fish, it will pay them to write Mr. Elliott at once.

Rev. M. S. Richardson, the popular pastor of the Bridgetown Baptist Church, who returned last week from Bear River, will hold special Evangelical meetings Wednesday and Friday evenings and also next Sunday night.

The repair work at the Riverside Inn is progressing rapidly and thoroughly, and at the same time the proprietor, Mr. O. C. Jones and staff are taking care of their patrons in a very satisfactory manner which is giving the travelling public excellent satisfaction.

If you owe the MONITOR a subscription bill, why don't you pay it? Will your principle allow you to read a paper that is not paid for? Some papers are publishing a list of the subscribers who owe them. Get off the black and get on the white list.

It is said that when a bargain is made in Bridgetown the third party, who is not interested financially but in and tells the purchaser he is paying too much, and after convincing him he immediately calls on the other fellow to say that he is not getting enough for his property. If this hits you, gentle reader, think it over.

Mr. N. T. Rockwell, who recently sold out his grocery business in Bridgetown to Mr. E. G. Lewis, has purchased Mr. A. D. Sull's grocery business at Smith's Cove, Digby Co., and leaves for that place this week. Smith's Cove is a very popular summer resort and Mr. Rockwell's summer business will no doubt be large and profitable.

Once more we suggest that our Town Council obtain a set of street signs for Bridgetown. It would place the town in line with other enterprising towns and give the place a much better appearance to our visitors. With an up-to-date Hotel like the Riverside Inn, we expect to have more tourists and auto parties visit Bridgetown during the coming summer than any season in the past, which means more business for everybody.

LOCAL DEATH ROLL

HARRY BEALS

Mr. Harry Beals, son of Mr. and Mrs. Arthur S. Beals, died at his home in Inglisville last Friday, aged 28 years. He had been an invalid the greater portion of his life. He was a beautiful singer and very fond of music and had a large circle of friends and acquaintances, all of whom will regret to learn of his death.

Besides his parents he is survived by one brother, Lamert. The funeral services were held from his late home Sunday afternoon with interment in the Whitman cemetery Valley West. The funeral services were conducted by Rev. H. T. Jones, pastor of the Lawrencetown Baptist Church, of which the deceased was a member. The pall bearers were four cousins:— Gilbert Whitman, Elvin, Gordon and Dudley Beals. The floral tributes were beautiful showing the high esteem in which the deceased was held.

MRS. J. L. WARREN

Mrs. Gertrude, wife of J. L. Warren, collector of customs at Bear River, passed peacefully away Tuesday morning, April 19th, aged 23 years. She had been in failing health for some time and her illness was borne with christian patience. She leaves to mourn, a kind and loving husband, a little son and daughter. She is also survived by her parents, Mr. and Mrs. George Kennedy, two brothers, Wilfred, at Bridgetown, and Fred at home, and two sisters, Delta and Eva, the latter in the States.

The funeral took place from her late home on Thursday afternoon with interment in Mt. Hope cemetery.

AINSLIE HUDSON

The body of Ainslie Hudson arrived via Yarmouth last week, and was taken, accompanied by his widow and son, Gerald, to his home in Parker's Cove. Mr. Hudson's death was particularly tragic. He left his home in Lynn to go to work and on his way had to cross a railway track. As he did so, a swiftly moving train emerged from a cut, and before Mr. Hudson could get out of its way he was struck, knocked down and so severely injured that he died about three hours later. He was sixty-two years of age, and besides his widow and the son mentioned he is survived by two others and five daughters.

ARTHUR B. POWELL

A Stony Island, C. S. I., correspondent writes:—The eighteen months' illness of Mr. Arthur B. Powell ended April 9th. His wife, Mrs. Clarissa Ethel Powell, daughter of A. C. Hicks, formerly of Carleton Corner. The funeral took place at his father's residence, Mr. William H. Powell, Stony Island. The deceased was a devoted husband and patient to the last. Relatives in Eastern brother, Wm. E. Powell and sister Mrs. Richard Beaman, Mr. A. C. Hicks, from Lynn, arrived via Tuesday's boat to attend the funeral.

KENNETH P. RAFUSE

Died at the home of his father, Falkland Ridge, on April 13, 1921. Kenneth P. Rafuse, aged 33 years, of tumor on the artery connected with his heart. He is survived by an aged father, three brothers Henry Edman, Leander, and one sister, Mrs. Millage Darr, and a large number of other relatives. Interment in the Union Cemetery at Springfield, on Saturday, April 16th. Services were conducted by the Methodist Minister, Rev. Mr. Reynolds, of New Germany.

**DEATH OF MRS. JOHN LEARY**

Mrs. John Leary died at her home at Coal Mines, Queens Co., N.B., Sunday, April 9th, aged 79 years. Her husband predeceased her two years ago. Mrs. Leary was a native of Nova Scotia and leaves one son, Melvin, at home, and three daughters, Mrs. Herbert McAllister, of Chipman, N.B.; Mrs. Wm. Burke, of The Range, N. B.; and Mrs. Norris Daniels, of West Paradise, N.S. She is also survived by two brothers, Charles Nichols, of Rossmay, and William, of Smith's Cove, Digby Co. The funeral took place on Tuesday with interment in the Red Banks cemetery, the services being conducted by the pastor of the Presbyterian Church, of which the deceased was a member.

The tern schr. Ronald C. Longmire, Capt. Trohon, arrived at St. Thomas Sunday with hard pine from Gulpport.

Want Compensation For Frost Damage We have been terribly hit by the frosts. In addition, our apple foliage is in the worst condition, from the growth of black spot fungus on the broken frosted leaves, that was ever known.

What can be done to keep our industry in being? Nova Scotia has so few industries, and our apple trees are so much a feature of our landscape that we forget how great an asset they are to the Province.

I think we need an immediate hope of help. This may take two forms. The Government at Ottawa might advance us money as a loan payable out of the next two or three years' crops.

Some of us are paying off mortgages and debts accumulated in pre-war years, and if this Government loan is to be repayable, then it really means another mortgage.

These growers who have a reserve of cash ought not to become too self-righteous—it being the result of past Government help—as what I ask is help today.

The present scheme would be based on the apples lost to us by frost. I suppose Nova Scotia Marketing Board had 1,000,000 barrels No. 1 grade of both good and poor varieties in 1913, and 400,000 barrels No. 1's in 1914. These will give an average of 700,000 barrels of No. 1 for the two years.

Here is the idea: If a grower had an average of 1,000 barrels No. 1 in those two years and only 100 barrels No. 1 this year, his frost loss is 900 barrels No. 1.

If he had 500 barrels No. 1 on an average of those 2 years, and only 10 barrels No. 1 this fall, then his frost loss is 490 barrels No. 1.

Pay \$2.00 per barrel on all loss of No. 1's (all varieties) up to 1,000 barrels loss. On each 100 barrels in excess of the 1,000-barrel loss, reduce the bonus by 2 cts per barrel.

That gives us: Frost Loss of 1,000 barrels No. 1, at \$2—\$2,000. Frost Loss of 1,500 barrels No. 1, at \$1.90—\$2,850. Frost Loss of 2,000 barrels No. 1, at \$1.80—\$3,600. Frost Loss of 3,000 barrels No. 1, at \$1.60—\$4,800.

Make \$3,000 the maximum any one grower or corporation can get as they can carry their loss better than the smaller men.

This is a matter to be settled in detail. All I ask is for speed. Depression is a canker, and conditions are ripe for it, once started, to spread rapidly.

The tree bounty was a straight gift to promote an up-to-date industry. Conditions today point to a continuance of the help. Anyway, it would be queer for the government to bonu

**Golden Wedding Anniversary**  
 (Beverly Times)

Mr. and Mrs. Henry O. Chase of 20 Basset street, Marblehead, observed the 50th anniversary of their marriage at their home last evening with a reception to their relatives and friends.  
 Mr. and Mrs. Chase were married by Rev. David Dorchester, then pastor of the Lafayette street Methodist church, Salem, and have made their home in Marblehead ever since. They have three children living, Mrs. Edward McIntosh, George L. and Joseph H. Chase.  
 Mr. Chase was born in Salem and Mrs. Chase in Tiverton, Nova Scotia, but both came to Marblehead when small children. Mr. Chase is a veteran of the Civil War, having served in Co's C. and B. of the 8th Mass. Infantry. He is a member of John Goodwin, Jr. Post G. A. R., and Mrs. Chase of the Woman's Relief Corps and also of the Universalist church. The couple received many tokens of esteem from their large circle of friends.

**From The West**

Among the guests who have lately been visiting relatives and other friends were Mr. and Mrs. Francis G. King, who were married at Yorkton, Sask., on March 24th and were en route to England to spend their honeymoon. It may be interesting to many to know that Mrs. King was Miss Olive G. Dodge, daughter of Mrs. James L. Dodge, formerly of Bridgetown, but now of Yorkton, Sask., and granddaughter of Mr. and Mrs. Wm. H. Whitman, of Clarence, N.S. Mrs. King was born at Bridgetown and moved with her parents when they went West some years ago. In 1914 she entered the Bank of Montreal in her home town, Mr. King also being employed in the same Bank, both working their way up to responsible positions.  
 Last year Mrs. King was transferred to Vancouver, B. C., holding the position as accountant. Mr. King holds the position as manager at Springside, Sask. They will be absent from Canada three months. Part of the time will be spent at Mr. King's home near London, this being his first visit in 11 years. They will visit many places of interest in England and Scotland, also Paris and other cities on the continent. On their return they will reside at Yorkton, Sask.

**THANKFUL MOTHERS**

Once a mother has used Baby's Own Tablets for her little ones she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousand of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N. S. who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of the Tablets in the house." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, drive out constipation and indigestion, break up colds and simple fevers and make teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**APRIL ROD AND GUN**

Turn some pigs loose in a swamp infested with rattle snakes and watch the fun. F. V. Williams did not do exactly that but he tells in April Rod and Gun in Canada what happens when some insect serpents. Mr. Williams tells of the snakes found in the vicinity of Tobermory on the Bruce Peninsula in Ontario, and what happened to them when some pigs were turned loose to slay and slaughter. "A Happy Hunting Ground" is the title of the leading story in this month's issue of Canada's national sportsmen's monthly. This article tells of the thrilling experiences in hunting bears in British Columbia. Nova Scotians will read with especial interest the story of hunting shore birds by Bonnycastle Dale. It tells of the difficulties to be experienced under the terms of the Migratory Birds Convention Act. In addition to these stories and articles there are nine others that will delight the heart of the nature lover. The Guns and Ammunition department and the editorial comment on the gun permit law will take the attention of the gun "crank" while Robert Page Lincoln and George Goodwin take care of the anglers and dog men, respectively. Rod and Gun in Canada is published monthly at Woodstock, Ont., by W. J. Taylor, Limited. A. J. Burns, Bridgetown, is local agent.  
 Minard's Liniment For Diphtheria.

**NERVOUS PEOPLE NEED A TONIC**

**Dr. Williams' Pink Pills Enrich the Blood, Thus Increasing Your Nervous Energy**

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession, often have great trouble in finding relief. Irritation, headache, sleeplessness, nervous indigestion. All these discomforts make life miserable, but are endured rather than run a doctor's bill. Such sufferers should know the danger of such a condition, which, if allowed to persist, may result in a nervous breakdown. In this condition what is needed is rich, red blood. As a tonic for the blood and nerves, Dr. Williams' Pink Pills have been used with much success. They have a direct action on the blood, and through it carry to the nerves the elements needed to restore their normal function, at the same time improving the general health. The benefits that follow the use of Dr. Williams' Pink Pills is shown by the case of Mrs. Norman Seifried, West Montrose, Ont., who says: "It would be hard for me to overstate the benefit I have derived from the use of Dr. Williams' Pink Pills. Before I began taking pills I was very nervous, weak and run down. I could hardly do my housework, and as there is a great deal of work to do about a home on a farm, I felt very much discouraged. One day while reading a newspaper I saw an advertisement of Dr. Williams' Pink Pills and decided to give them a trial. I could not notice beneficial effects after taking a box of the pills, and by the time I had taken a few boxes I could again do my work with ease. Was no longer weak or nervous, slept well at night, and awoke in the morning feeling well and strong. I am happy to say that the pills, so greatly benefited me."  
 Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail on receipt of 50 cents a box or \$2.50 for six boxes by writing The Dr. Williams' Medicine Co., Brockville, Ont.

**FALKLAND RIDGE**

Mrs. Bertha Woodbury leaves on Saturday, April 9th, for her home at Torbrook.  
 Marjorie Marshall, who has been the past two weeks with her sister at Parkdale, has returned home.  
 Mr. and Mrs. Arthur Scivier, spent the 8th guests of Mr. and Mrs. Irvin Mason, North Springfield.

Wallace Rhodenizer, of Bridgewater, was in this place the 4th and 5th looking after the loading of a car of potatoes which he had purchased here.

The W. M. A. Society convened at the home of Mrs. E. H. Marshall. After a specially prepared Easter programme refreshments were served.

**MILFORD**

Mrs. Sadie Orde returned to Mrs. Reid Orde's April 6th, having spent a month at Maitland.

The men of this place are very busy now working on the roads and are improving them very much.

Miss Jane Mailman, who has been spending several weeks at her home, left for Kentville Saturday. Mrs. A. Hibley and children are moving in James Orde's house for the summer after the death of her husband, Archibald Hibley, March 29th.

Mr. and Mrs. William Farnsworth, who have been spending the winter with her parents, Mr. and Mrs. A. D. Thomas, at the Milford House, have moved in their bungalow for the summer.

## EUROPEANS FLOCK TO CANADA

The immigration buildings at any of the Dominion's ports of entry present a curious scene of hustle and bustle shortly after the arrival of one of the giant ocean liners, and a witness is not likely to soon forget the commotion created by the discharged emigrants. A vast mass of humanity surges through the galleries past the immigration officer and the various inspectors, and once accepted for Canadian citizenship, men, women, and children of every kind, loaded down with baggage of every shape and form rush hither and thither making multitudinous inquiries of everyone generally unacquainted with the next steps to be taken to further proceed on their journey.

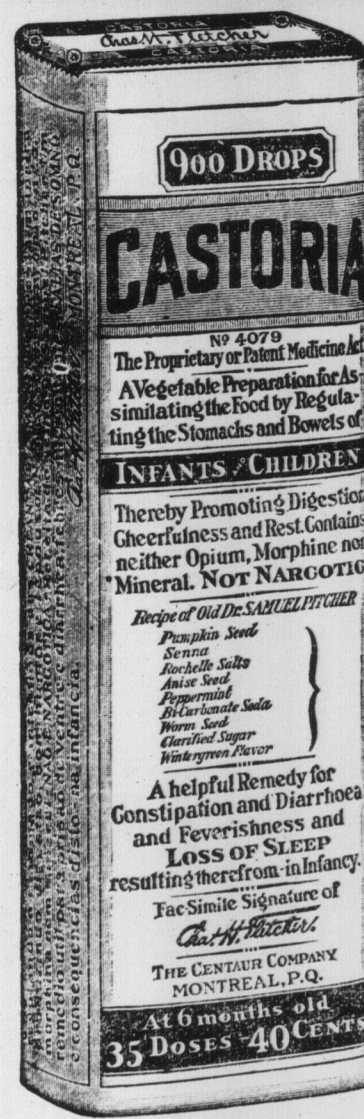

It is neither pleasant nor comfortable to land friendless in a strange land. The hardened traveler feels this and more deeply those who set foot in a foreign land where customs, conditions, and possibly language differ from those to which the emigrant has been accustomed from childhood. Then the petty worries incidental to travelling are intensified by the total unfamiliarity on every hand, and each move is fraught with embarrassment. Yet each month thousands of potential Canadian citizens are arriving at the Dominion's shores from the British Isles, France, Belgium, Holland and Scandinavia—people who have broken up homes and life-long ties at the promise of the great new land. Into a whirl of unfamiliar sights and sounds, in a confusion of humanity and baggage, many unacquainted with the language they hear on every hand—thus, at the gateways of the Dominion, arrive the ancestors of the Canadians of to-morrow.

First impressions are often lingering; they are apt to have a considerable bearing on future outlook. Realizing this and the expediency of rendering the utmost service to

(1) Capt. MacDuff, of C. P. R. Colonization Department, meeting first party of emigrants (season 1920) at St. John. A fine type of prosperous settlers.

(2) British emigrants arriving on the C. P. O. S. Grampian for western farms.

these Dominion settlers-to-be, the Department of Colonization and Development of the Canadian Pacific Railway, interested among other progressive phases, in the human development of the country, has appointed a colonization agent—a foster parent to emigrants arriving on the company's boats. When a vessel steams into port he is there to go on board with the immigration officer—Capt. Andrew McDuff, veteran of two wars, versed in many languages, sympathetic, tactful, and schooled in the many sides of human nature. He is at the service of these new arrivals to assist with information and advice. He shepherds them from the boat to the waiting train, secures seating and sleeping accommodation, oversees the checking and loading of baggage, does everything humanly possible in fact to ensure a safe and entire arrival at the many points of destination even to accompanying the train on the first part of its journey. It is a great work this fathering of the Dominion's citizen-to-be, not only temporarily accommodating, but imparting the lasting impression to these strangers that they are welcome and that Canada wants them. A cheerful send-off, free from annoying worries, means a great deal, and to this end the Colonization Agent has been appointed.

# FERTILIZER---For Results

In our advertising which we have issued from time to time during the past year, we have shown the results from various experiments in the use of fertilizer.

Our object in repeating these experiments is to show the farmers how conclusively they prove the only fertilizer to be depended upon to contain the three elements of plant food.

The next most important result of these experiments is that a varied source of Ammonia Phosphoric Acid and Potash is the most satisfactory.

These experiments we emphasize again because of the tendency of farmers to buy unmixed fertilizer chemicals, more particularly Nitrate of Soda and Acid Phosphate. If the experiments we have reported prove one thing more than another, it is the uncertain returns to be expected from the use of that kind of fertilizer materials.

One of the most complete experiments recently reported is that of a twenty-five year rotation on potatoes, wheat, and clover in Ohio. The five best results, that is the gain in dollars and cents per acre was from the use of complete fertilizers. The poorest results was from the use of Nitrate of Soda showing an actual loss of \$1.21 per acre covering the entire period of twenty-five years.

In the complete fertilizer those made exclusively from Nitrate of Soda, Acid Phosphate and Muriate of Potash (with a small quantity of Dried Blood), showed the smallest returns in actual money, while the three highest returns were from complete fertilizers where the plant food was from more varied sources.

Further experiments in Ohio cover a five year period in an apple orchard. These tests were made on a cultivated orchard and a similar series on a grass mulch plot. On the cultivated plot the complete fertilizer gave a yield of 15 per cent greater than those plots using Acid Phosphate and Nitrate of Soda. On the grass mulch plot the largest yield was on the complete fertilizer, but on another plot where no Potash was included there was

a high yield but not equal to the complete fertilizer. It is interesting that on the latter experiments the plots where Nitrate of Soda alone was used the yield in the whole period of five years was 25 per cent less than that on the complete fertilizers.

A two years' experiment in an apple orchard showed a yield of 29 barrels without fertilizer and 95 barrels where a complete fertilizer was used. This test was on the same number of trees in each plot.

It is from these and similar results that we recommend the farmers not to experiment with unmixed fertilizer chemicals, but to buy in all cases complete fertilizers such as the "Made at Windsor, N. S." brands.

Particularly do we recommend complete fertilizer where there has been a lack of Potash for the past several years, and particularly we recommend the "Made at Windsor, N. S." fertilizers this year rather than those from any other source.

There is a country-wide campaign for the use of "Made in Canada" goods. The matter of un-employment is one of the most serious problems, and employment is not given to home workmen in buying goods made at any other point.

How far this is being urged is shown by the daily papers. In Ottawa, Toronto, Welland, and in several other places in Ontario, organizations of consumers are pledging themselves to buy exclusively "Made in Canada" goods. They realize every dollar spent out of the country gives employment out of the country, and every dollar spent on goods made here gives employment to men here.

There are some things which it is almost necessary to buy outside of the country, but fertilizer is not one of them. There is no better fertilizer made than the "Made at Windsor, N. S." fertilizers and it can always be bought at as reasonable a price and on as reasonable terms as any other fertilizer on the same conditions of purchase.

### SOME FUR

Stillman Henshaw, of Deep Brook, has just made his daughter, Stella Rae Henshaw, a very nice birthday present of a fur coat made of sixty muskrat skins picked from a lot of five hundred. Mr. Henshaw has been a buyer of furs for thirty-two years

and is one of the oldest buyers in Annapolis County. He has bought furs in every county in Nova Scotia, New Brunswick, Province of Quebec and Vermont. Robertson & Co., of Montreal, say that these muskrat skins are a fine lot, large in size and well matched for color. The coat is worth two hundred and fifty dollars at current prices.—Digby Courier.
