SEARCH FOR AGED MAN

Mr. Rufus Henry of Round Hill, Aged 92 Years Lost in Woods but Found by Search Party.—Death of Well Known Residents.—Personal Notes.

Annapolis Royal.—The death of Mr. John McKay, a well-known and highly esteemed citizen, took place on Sunday morning, after an illness extending over five years. The deceased was the son of the late John and Elizabeth (Hawkins) McKay and was born near Annapolis seventy-six years ago. In November, 1872, he married Miss Hannah Beeler, who survives him, with one daughter, Bessie, wife of Mr. Charles Frost of Annapolis Royal, and a son, B. Primrose McKay, accountant of the Cosmos Cotton Works at Yarmouth. A little daughter and three sons passed away in early childhood, and a grandson, Scot McKay, has made his home with Mr. and Mrs. McKay, since his infancy.

The late Mr. McKay was for seven years an efficient and popular Police Officer and was also Junior of the Post Office. It was during the destruction of this building by fire on March 18th, 1920, that he received the injuries that thereafter confined him to his home. The funeral took place on Monday with service at the house, conducted by Rev. A. Gibson, assisted by Rev. G. P. Raymond, Rev. T. C. Mellor and Rev. M. H. Macintosh.

Mr. George Litch, another well-known resident, passed away on Wednesday evening, after an illness of three weeks aged eighty-seven years. The late Mr. Litch moved here from Granville, over thirty years ago and purchased the Burns estate at the Mills corner. He later moved into the handsome brick residence of the late Dr. A. B. Cunningham on Victoria Street, which he sold last spring to Daniel Owen K. C., moving then to the Goldsmith farm on the Allan River Road, where he died. His first wife, formerly Miss Eleanor Sprule of Lower Granville, died about fifteen years ago, leaving one daughter Margaret, widow of the late Joseph A. Bancroft, M. L. A., of Round Hill, and a son Rev. J. Willard Litch, D. D., Superintendent of Baptist Missions in British Columbia. His second wife, who was Mrs. Hannah Harsh, widow of the late Isaac Harsh, of Lequille, survives him. The funeral service on Friday afternoon at the Baptist church, of which Mr. Litch was a devoted member, was largely attended.

This was the third funeral at which Rev. A. Gibson had officiated during the week, the second being that of Miss Bessie L. Durling, who died after a short illness, aged twenty-four years, and whose body was taken to Bridgetown for interment.

Much excitement was caused here on Friday by word that Mr. Rufus Henry an aged resident of Round Hill, had been missing from the home of his daughter, Mrs. Edwin Spurr, since the afternoon before. A volunteer party of school boys and men left here shortly before noon and joined the hundred and twenty-five men already searching the woods. As Mr. Henry was ninety-two years of age and had partially blind it was felt that he could not walk very far, but shortly after six o'clock the news came that George and William Ramsay had found him lying beside the stillwater.

COUNCIL HOLDS MONTHLY SESSION

Chief Bishop Re-Appointed.—Stone Crusher Needs Repairs, Fire Wards Appointed.—Sanitary and Temperance Matters.

The Town Council held quite a lengthy session on Friday evening and dealt with a considerable amount of miscellaneous business.

Pay Roll for month, Sewers \$9.50, Water \$192.75. Of this amount \$188.28 was for work on dam to raise the level of water in Crosskill Lake, the towns source of supply, eighteen inches.

Streets \$48.00.

A representative of the Gutta Percha Company was present and addressed the Council on the matter of fire hose. Samples and prices are to be submitted.

It was reported that the stone crusher needed repairs to the amount of \$200. When these repairs are made that stone will be crushed and used on the streets. It was decided not to expend any money for advertising in the Morning Chronicle Tourist Edition.

Messrs W. E. Gesner, J. L. Foster and Harry Egan were appointed Fire Wards for the town.

B. A. Bishop was re-appointed Chief of Police at present salary of \$1000 per year. His duties to include Temperance Act Inspection, Tax Collecting and all the other various duties appertaining to the office. The Chief was instructed to deal vigorously with speed fiends and with any owners who may be running about with last year's number plates.

The usual 3 per cent. discount is allowed on all taxes paid before June 1st, but after that date 8 per cent will be charged on over-due rates.

The following resolution was passed regarding the vending of liquors: RESOLVED that the Inspector and Vendor be instructed that it is the will of the Town Council that the strict letter of the law be carried out in dispensing liquor at the Vendor's office.

Carried unanimously. The Sanitary Inspector was recommended to see that an early clean up of premises was carried out.

WEST PARADISE

Miss Gladys Whitman went recently to Halifax, where she will remain for an indefinite period.

The near neighbors and relatives of Mrs. Robert Bent gave her a pleasant surprise on the evening of her birthday, March 30th.

The evening was pleasantly spent playing Crokinole after which dainty refreshments were served. The guests then departed having wished Mrs. Bent many happy returns.

The last meeting of the Crokinole Club met at the home of Mr. and Mrs. Frank Poole, Thursday evening, where the guests were pleasantly entertained. Delicious refreshments were served by the hostess. The winners for the evening being Miss Evelyn Beattie and Mr. Jesse Saunders.

CENTRAL CLARENCE

Mrs. Philip Williams and daughter, Irma, spent one day recently at C. H. Jackson's.

Little Mary Bennett was quite badly bitten by a dog on Monday last. The wound was dressed by Dr. Crowe and nothing serious resulted. The dog was promptly disposed of by the owner.

Mr. Neal Balcom of Paradise, has purchased from Ralph Williams, the property in Clarence known as the "Della place."

Miss Hogan leaves on Wednesday for her home in Amherst, where she will spend her Easter holidays.

It is understood that the Ladies Institute at Lawrence town with aid from outlying sections will hold a Flower Show in the Demonstration Building at the above mentioned town in August. Mrs. E. Stewart Elliott, Mrs. F. W. Ward, and Mrs. S. B. Marshall were appointed from Clarence to help make arrangements and to discuss with the other representatives the prize list and ways and means which will be helpful. Let us help make it a success.

Miss Annie Satter is spending a short vacation with her parents, Mr. and Mrs. G. I. Salter. She was accompanied from Newport by her friend, Miss MacCallum, who remained here a short time before proceeding to her home in Truro. Both these young ladies are training for nurses.

The last Crokinole party of the season was held on Saturday evening at the home of Mr. and Mrs. Edward Marshall, attendance of 40. At the close of the game refreshments were served, followed by the distribution of prizes by the President, Mrs. Grant Messenger. Ladies 1st prize, won by Miss Freda Messenger, with a score of 164 games, she receiving a box of chocolates. Gentlemen 1st prize an Eversharp pencil, won by Grant Messenger, making a score of 202 games. Two hobby prizes were given and lastly our Secretary-Treasurer, Miss Hogan was presented with a book as a slight token of appreciation of her services to the club. It was the general opinion of the members that our evenings had been very pleasantly spent.

MR. C. S. BOTHAMLEY GIVES FINE ADDRESS ON CULTIVATION OF FLOWERS.

The regular monthly meeting of the Women's Institute was held Thursday afternoon.

Mrs. F. W. Stephens will be President for the remainder of the Institute year, with Mrs. R. J. Messenger as Vice-President.

A letter from Mr. Bateman, Supt. of the Dear and Dumb School, Halifax, speaks highly of the progress made by Betral, Blanchard, a deaf and dumb boy for whom the Institute is paying expenses at the school.

The chief feature of the meeting was an address given by Mr. Bothamley of Paradise, on the cultivation of flowers.

Preparation for hot-beds was given in detail, methods of raising exhibition sweet peas, and culture of rose bushes were among the numerous things touched upon, and all were urged to plant something to beautify their surroundings. A hearty vote of thanks was given Mr. Bothamley and ice-cream and cake were sold at the close of the meeting.

SCHOOL BOARD HOLD MEETING

Presentation to Rev. C. Jost, D. D.—Miss Mary Martin Appointed to Staff.—Permanent Care-taker Engaged.

The School Board held a session on Monday afternoon and a very pleasant feature of proceedings was the presentation to Rev. C. Jost, D. D., of a handsome gold mounted fountain pen engraved with his name and 1904—1925, the dates between which he was a member of the Bridgetown School Board and fourteen years its chairman. His services during that time have been justly and highly appreciated by every person in town interested in educational matters.

The presentation was made by Dr. M. E. Armstrong, chairman of the School Board, who read the following address:—

Dear Dr. Jost:—The School Board, on behalf of the Town of Bridgetown, desire to express to you their sincere appreciation for the many years of faithful service you have unstintingly given as a member of the School Board and to the promotion and progress of our Public Schools.

By referring to our records we find that you were made a member of our School Board in February 1904 and have continued as a Commissioner until February 1925. For fourteen years of that time you have occupied the position of Chairman and in all that long period devoted much time and attention to the successful work of our schools, both by sympathetic support and help to teachers, as well as oversight and care of our buildings and grounds.

The Board, therefore, feels that our Town is under a great debt of gratitude to you for the many years of faithful service and at your retirement to present you with this word of appreciation and this small gift and trust that you will accept it as a slight token of remembrance from the School Board on behalf of your grateful fellow citizens.

School Commissioners:—DR. M. E. ARMSTRONG, Chairman, EDWARD A. HICKS, Mayor, KARY, FREEMAN, FRANCIS GRAVES, H. B. HICKS, JOHN T. ARCHIBALD, Principal of Schools, Bridgetown, N. S., April 6th, 1925.

Dr. Jost replied feelingly, thanking the Board for the tribute paid him and stated that he had found his work on the School Board a great pleasure and that he had valued most highly his association with the various Boards during the twenty-one years of service.

The present teaching staff received appointments for next term with the exception of Miss Evelyn Beattie, who some time ago resigned, as she is retiring from the teaching profession at the end of the present term.

Miss Mary Martin, teacher at West Paradise, who is well recommended, was appointed to her department. There was a large number of applicants. It has for some time been felt advisable to secure for the school a permanent caretaker who could give closer attention than hitherto possible. He will have care of grounds and building, etc. Mr. Gordon Norman, a very neat and worthy young man received the appointment. The Women's Institute has for some time urged a move like this and greater attention to cleaning and sanitation.

Alleen, leave on Thursday for Halifax, and will spend Easter visiting Mrs. Fay's son, Mr. James Fay.

Mrs. Henry Prat arrived home on Saturday from Halifax, where she was a patient at Victoria General Hospital the past five weeks. Her many friends are pleased to learn that she is much improved in health.

Mrs. Frank Fowler returned on Monday from a visit to Kentville and Halifax.

Mrs. J. P. Mosher, accompanied by her little son George, of Windsor, is visiting her husband and while here is a guest of Mrs. Gilbert Love, Church Street.

Mrs. Julia Ruffee of Wolfville, was a recent guest of her niece, Mrs. Will Anthony.

Rev. P. R. Hayden, who has undergone operations at the New England Baptist Hospital, Boston, arrived home on Friday and occupied his pulpit both services on Sunday. Mr. Hayden's many friends trust to see

PERSONAL MENTION

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mrs. L. M. Tupper was a guest last week of her sister, Mrs. R. J. Bishop, Round Hill.

Miss Clara Armstrong, teacher at Chesley Section, spent the week-end at her home in Middleton.

Mr. and Mrs. B. Poole, of St. Croix Cove, spent the week-end, guests of Mr. and Mrs. J. D. Phinney, Upper Granville.

Mr. B. C. Goodwin, of Upper Granville, left last week for Boston to remain the summer.

Miss Violet Gillis has returned from a week's visit at the home of her brother, Mr. J. H. Gillis, Yarmouth.

Mr. Inglis Goodwin returned last week from Boston to remain the summer.

Miss A. G. Longley returned home on Wednesday from a pleasant visit of several weeks at the home of Mr. and Mrs. Owen Wheelock, Middleton.

Miss Lila Turner, of Auburn, Kings Co., visited Mrs. B. Banks over the week-end.

Mr. O. V. Kennedy, of Clementsport, spent Friday the guest of Conn, and Mrs. A. E. Phinney.

Mr. Albert Goodwin, of Upper Granville, has gone to Needham, Mass for the summer.

Mr. Stephen Neaves of Port Lorne, was a visitor in town on Tuesday.

Mrs. Arthur MacFarland of Wolf-laston, Mass., and Miss Estella Brooks who is teaching in Amherst, will arrive home this week to spend Easter with their parents, Mr. and Mrs. L. D. Brooks.

Miss Mary Buckler left last week on a visit to Boston and New York, and will be gone about three weeks.

Mr. and Mrs. Charles F. DeWitt left last Friday on a visit to New York.

Mr. and Mrs. Hugh MacGowan and family have moved to Deep Brook. Sheriff Edwards of Annapolis, was a visitor in town on Friday last.

Mr. Hugh Fowler was a visitor in town over the week-end, the guest of his mother, Mrs. Weston Fowler and his brother, Mr. Frank Fowler.

Mrs. F. R. Fay and daughter, Miss

WEST CLARENCE.

Glad to report Mrs. Richard Marshall's health is much improved.

The Crokinole Club met last week at the home of Mr. and Mrs. J. M. Davies. Eight boards were in use and after many interesting games the happy guests departed for their homes. Much thanks was extended to the host and hostess for the very pleasant evening spent there. Next evening at Mr. and Mrs. C. S. Saunders.

Miss Mildred Wheelock, who just went through another operation in the Hospital at Halifax is doing as well as can be expected. Her patients receive word from here every day.

Mrs. I. S. Higgins, who accompanied Miss Wheelock to Halifax returned home Thursday.

A very pleasant evening passed at the home of Mr. and Mrs. George Chute, when about thirty young people gathered there to play Crokinole. Six boards were in use and many interesting games were played. After the games were over the young ladies served a dainty luncheon and the delighted guests departed for their homes at a late hour, thanking the host and hostess for their kindness.

DEEP BROOK

Mrs. J. M. Nichols arrived home from Boston on Friday.

Mrs. Jennie Marsters, who has been spending the winter months with her mother has opened her home for the summer.

Mrs. H. S. Vroom was a recent guest of friends in Clarence.

Mr. and Mrs. McNaught, of Bear River, were Sunday guests of Mr. and Mrs. James Dilmars.

Miss Alice Purdy of Upper Clements, spent a few days of last week at the parsonage.

The Dorcas Society held a very successful meeting on Wednesday with Mrs. B. H. A. Rice.

Mrs. Melbourne Purdy of Clementsport was a recent guest of Mrs. Brington Rice.

PARADISE.

A significant dedicatory service was held on Sunday evening, April 5th, in the connection with the installation of a memorial street light erected by the community to the memory of the late Dr. Vernon C. Morse. Favorite musical selections were furnished by the Paradise Male Quartette. An appropriate scripture reading and address was given by the pastor, Rev. W. S. Smith, on the subject of "Light" and its relation to "Life". The service was largely attended, there being many present from West Paradise as well as from Bridgetown and other places.

The Women's Institute will meet Thursday afternoon, April 9th at the home of Mrs. F. W. Bishop. Special speaker for the afternoon, Mr. C. S. Bothamley of West Paradise. Subject of the programme: "Gardens". A large attendance is looked for.

A special treat for all, young and old, will be featured Sunday morning when an Eastern concert will be given under the auspices of the Paradise Mission Band. The concert will be given following the Sunday School service.

Miss Eleanor Longley, daughter of (Continued on Page Eight.)

him within a short time restored to his full measure of health and strength.

Miss Josephine Rice spent the week end at her home in Bear River.

Mr. John Fisher is home from Kings College, to spend the Easter vacation with his mother, Mrs. E. L. Fisher.

Miss Marion and Miss Eileen Lessel are home from Edgell to spend the holiday season with their mother, Mrs. F. M. Graves.

Mr. Stewart Whitman who has been so seriously ill with pneumonia, following the second attack of flu within six weeks, has passed the climax successfully, and Dr. Armstrong now thinks he will recover.

Mr. and Mrs. Henry B. Hicks and three children spent Sunday in Annapolis guests of Mr. and Mrs. George Belliveau.

Mr. F. M. Graves is spending this week in Prince Edward Island.

Mrs. Percy Burns has returned home after a fortnight's visit with her son, Mr. Elton Burns, Halifax. The many friends of Mrs. (Dr.) Dechman are glad to learn that she has recovered from her recent illness.

NOTES AND NEWS OF LAWRENCETOWN

Much Interest in Flower Show.—Ladies Over Four Score Years of Age Celebrate Birthdays.—Items From the Church.—Personal.

Lawrencetown.—Mr. George Litch, father of Mrs. J. Bancroft was buried in Annapolis on Friday.

Mrs. H. James has been suffering from a severe cold.

Mr. and Mrs. C. F. A. Patterson are on their homeward way from Florida.

Mrs. B. Banks and son Norval have been in town for a day or two.

Mr. and Mrs. Miller have been guests at the home of Dr. S. Pearson. Mr. Henry Sanford was in town on Thursday.

Mr. H. Willet, Tupperville, spent the week-end at the home of his aunt Mrs. J. B. Hall.

Mrs. Otterson, Paradise, was in town for a few days.

Rev. H. Rackham has been in Belleisle, holding special meetings.

Regret to hear a number of places will be on the market. That means we may lose some of our very best people.

Great interest is being taken in the proposed Flower Show, to be held in the future.

Members of the Library Committee met at the home of Dr. Pearson to select new books for that very valuable institution. Mrs. W. Prince is always at her post Saturday afternoon to help and advise those who call for books.

The Ladies Guild, Anglican, will begin work for church and those in need next week.

Several ladies, bright and active, have celebrated birthdays this week. All well over four score.

Mr. Stanley Bent, Belleisle, spent week-end with friends in South Lawrencetown.

Miss Annie Taylor has gone to Boston. This lady is a niece of Mrs. S. Hannan.

We will have law here three times a month we are informed.

A very interesting service of music and Scripture readings was given in the Baptist church Sunday evening.

St. Andrews Sunday School, Lawrencetown, under the leadership of Mrs. C. Warwick is doing good work. The study work done by the scholars is fine and best of all every one seems to enjoy the work.

Miss Jefferson and Miss James are very faithful and devoted teachers.

Rev. Mr. Miller gives valuable instruction to the young people of the church.

Methodist S. C. met at the home of Mrs. C. Shaffner. A good number attended.

Ladies F. M. S., Methodist, met at the home of Mrs. I. Durling. Mrs. Annie Ward, the faithful president, was at her post, ready and willing to help in every good work.

Mrs. H. H. Whitman has returned from her visit to St. John.

Congratulations to Mr. and Mrs. Acker on the coming of a little son. Mr. J. Foster has returned from Boston. Mrs. Foster and son are expected next week.

IN MEMORIAM

In loving memory of William A. Berry, who passed away April 10th, 1924.

They are not dead who live in hearts they leave behind. In those whom they have blessed They live a life again. And shall live through the years Eternal life, and grow more beautiful Each day more beautiful As time declares their good Forgets the rest, and proves Their immortality.

BROTHERS AND SISTERS.

U. S. MARKETS THE ANSWER.

D. C. Sinclair, of New Glasgow, writes the Montreal Star in reference to the problems of the Maritimes. "I am delighted," he says, "to see that you realize there is something radically wrong with the Maritimes. May I be permitted to suggest what, in my opinion, has caused the evolution from a bustling rich and prosperous section of the Dominion to a condition of industrial quiescence, verging on stagnation? Nova Scotia (in which the writer is vitally interested), produces agricultural products, fish, lumber, coal and steel. General manufacturing, with few exceptions, is non-existent, and I fear must be for many years to come. Of the hundreds of branch factories which have been set up in Canada by American concerns during the past twenty years, to supply the Canadian market not one of them has been located in the Maritime Provinces. The only fair conclusion that can be reached is that our future must come from the development of our farms, forests, fisheries and mines. With the exception of the latter, we must look beyond Canadian soil for a market for our products. Our apples go to Britain; our salt fish which is the backbone of the industry, to the West Indies and South America; our lumber to the United States; our timber to the same country or Britain. It has been often said that we should become a great dairying province. If we ever did so and produced more butter than could be consumed in the home market, we should have to look for a market for our surplus in the same direction. Even if the products which I have enumerated were carried free to the Upper Canadian market, it would be hard for us to compete, for all the articles which are mentioned, with the exception of salt fish, are produced as cheaply in Central Canada and are exported from that part of the Dominion. Being forced to go abroad for our markets, and at the same time being forced to contribute to the prosperity of the Canadian manufacturer—who has not placed any of his factories in the Maritimes, while his workmen will not buy any of the products that we produce—is it any wonder that secession talk is rife in this Province? If the people of Central Canada are really anxious to help this Province they should be willing to make some sacrifices to help us get our products into the only market that can be of use to us, namely, the United States; and until this fact is realized by the people of that portion of the Dominion, there will be agitation for secession in this Province, an agitation that may some day break out in real earnest, for a hungry man is a desperate one.

In order to show you how widespread this movement is, and how genuine, I would draw your attention to the letters recently published by the Hon. F. B. McCurdy, late Federal Minister of Public Works, and Dr. LeBlanc, Conservative member of the No. 10 House for Richmond, and I venture to say, without fear of successful contradiction, that the sons and grandsons of the Old Confederates Tories in Nova Scotia are among the strongest advocates of secession at the present time. The writer is of the other persuasion and has not helped to fan the flames, realizing the consequences, but he is genuinely alarmed.

at the attitude of our people and feels that all those who wish to see a United Canada should study the situation as here outlined, without political prejudice, and endeavor to find some solution of a very vexed problem, for unfortunately a tariff policy which may be good for Central Canada has proved, after fifty years' experience, disastrous to the East."

THE INDISPENSABLE NEWS-PAPER

All forms of advertising have been used successfully by utility companies but the one which has proved indispensable is the newspaper," says one who knows. "First of all it has circulation. A single newspaper will often cover from 60 to 80 per cent. of the homes in its territory. Advertising space in that paper will give much greater return per dollar invested than will any other form of advertising on which postage is spent. "Secondly, people are accustomed to reading the newspaper. It is not difficult to get their attention, as in the case of the circular letter, the booklet and other forms of direct mail advertising. Third and best of all, it is timely. The advertiser is able to appeal to his audience by frequent advertisements. "By all means use the different forms of advertising, the principal item of which should be the weekly, but use them to round out your newspaper advertising. But the newspaper is the one that is indispensable."

Press Comment

NO YELLOW PERIL.
Hong Kong Press: We have had the somewhat fantastic suggestion that events in the East, such as an alleged drift towards Soviet-Japanese friendship, are forcing Great Britain and the United States to group themselves against the Eastern Powers and Russia, but we venture to think that in the life-time of the present generation there is not likely to arise any need for a grouping of the Powers very different from that which exists today.

THE RACE PROBLEM IN AFRICA.
Johannesburg Sunday Times: Racial extremists are almost as bad for this country as the extremists of capital and labor. If their power to do harm is less, it is because the majority of the people of both races were definitely not racialists behind them. The leaders of the present Government are the masters of this bugbear to national advancement on constitutional lines. By their present and example they may kill it altogether, or they may foster it and keep it alive, which is it to be?

IMPERIAL ISSUES IN INDIA.
Yorkshire Weekly Post: Our responsibilities and all the issues in India are too great to be mixed up with party politics. We have decided to extend the principle of Home Rule in India, and the Imperial Government, however constituted, will honor the bond, but with very necessary reservations. Plots to undermine and bring crashing down British government in India, and resorts to murderous terrorism, can be met in only one way, and Lord Reading, in deciding to adopt whatever exceptional mea-

asures may become necessary, has given the conspirators fair warning. It is a challenge to the Legislative Assembly, which should force them to declare themselves.

HOUSE OF LORDS REFORM.
London Daily Telegraph: The framing of an ideal Second Chamber in a Democratic State is a political subject for the exercise of political ingenuity, but in a country like this our chief concern should be to make a Second Chamber which will work, which will march, and which will perform its proper functions in a manner generally acceptable to the people. It is much more essential to preserve as much as possible of the historic tradition of the existing Second Chamber than to build up a brand new Chamber, which would have to throw out new roots at Westminster, where the present House of Lords is the direct and most venerable descendant of the earliest Great Council of the Nation.

BRITAIN AND MOROCCO.
Glasgow Herald: This country has everywhere in North Africa, except in Egypt and Tangier, pursued of late years a policy of strict non-intervention, and the delimitation of the French and Spanish Moroccan zones as well as the conclusion of recent difficult negotiations concerning the future of the status of Tangier, we march to British moderation and self-enclosure. Our interests in Tangier we shall always protect as we shall always, it is to be hoped, protect those we have in Egypt. But to imagine that we shall risk burning our fingers in Morocco in support of a colonial policy which is either purely French or purely Spanish, or at most Franco-Spanish, is to imagine a vain thing, and the more clearly this fact is recognized in France and Spain the better.

BRITISH POLICY.
New York Evening Post: Those who wept bitter tears when Great Britain shook a mailed fist at Egypt are now in high glee over what they call a reversal of the British policy. It is true that the British are not pushing their ultimatum to the limit, and twisting it in the wind. But those who wept and are now rejoicing miss the point. Once the British get their way they are just as likely not to take it. They go out to kill an enemy, but if they merely knock him cold they often leave it at that. The British Labor party set out to smash capital, but when it came to power it was content to give it a good scare. This is what happened in Egypt. Full and abject acceptance of the ultimatum was demanded; but once it was given the terms were softened. The second step is not a reversal of policy; it is a continuation of policy. It may not be the best way of doing things, but it is characteristically British—and usually works.

LAWRENCETOWN NEWS ITEM.
It affords us great pleasure to state that once again we have had a short call and interview with one of our Nova Scotia boys whose earlier years were spent in this community. We refer to Mr. J. Edgar Betton, now of London, Eng. To him rests the honor of introducing Moira Chabert to the Old Country—Almost carrying coals to Newcastle. He conducted a very successful exhibit at Wembley Fair last year, so much so that he is here now arranging for sales booths for his firm for this year's Wembley Show.

He tells us that after years of hotel life both he and Mrs. Betton concluded they would have a home of their own. Fortunately he learned of the breaking up of the old Horley Castle estate and was able to acquire a ten acre block at an easy price. In the rear of his lot still stands the old Horley castle and older forest of lime trees.

In building his dwelling he placed it 180 feet back from the highway (London to Brighton road) as this is the great thoroughfare for the monstrous motor lorries carrying products of the great American packing firms into London. The jar and tremor from the passing of these lorries was so great that it was almost impossible to keep plastered walls near the street line intact.

Mr. Betton says that British labor trims Canada to a finish. The English bricklayer, carpenter or plumber starts a day's work at 8:00 a.m., at ten o'clock he must stop for lunch, at twelve an hour's nooning; at three another stop to take tea and all through at five o'clock. (Must be a trying life.)

CHAPPED HANDS
Minard's eases them, soothes and heals. Protects them from biting winds. Mix Minard's with sweet oil and use as shaving lotion. Makes your face feel fine.

Toronto Mother Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I have found Lydia E. Pinkham's Vegetable Compound a splendid medicine to take before and after confinement. A small book was put in my door one day advertising Lydia E. Pinkham's medicines, and as I did not feel at all well at the time I went and got a bottle of Vegetable Compound right away. I soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had every complaint going, but I can truthfully say your medicine certainly did me good. I can and will speak highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Pinkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WISSEWOOD, 543 Quebec Street, Toronto, Ontario.

The expectant mother is wise if she considers carefully this statement of Mrs. Westwood. It is but one of a great many, all telling the same story—beneficial results.

Lydia E. Pinkham's Vegetable Compound is especially adapted for use during this period. The experience of other women who have found this medicine a blessing is proof of its great merit. Why not try it now yourself?

CENTRAL CLARENCE.
Miss Marguerite Marshall came from Wolfville on Friday last to spend a few days with her parents. We are very glad to report that Mr. Eldon Marshall's condition is much improved. Mrs. Marshall has also been confined to her bed the past week but is much better at time of writing.

Mrs. F. M. Smith and baby Allison are visiting in Weston for a week. Mrs. Foster of Lawrencetown visited her daughter, Mrs. H. A. Veits on Friday last. Aubrey Sprone is kept busy at present with his sewing outfit. Mrs. Everett Sprone is gradually regaining strength after her long illness. Mrs. M. C. Marshall is also improving.

THE MEASURE OF A MAN.
Not—
"How did he die?"
But—
"How did he live?"
Not—
"What did he gain?"
But—
"What did he give?"
These are the units To measure the worth Of a man, as a man, Regardless of birth.
Not—
"What was his station?"
But—
"Had he a heart?"
And—
"How did he play His God given part? Was he ever ready With a word of good cheer To bring back a smile, To banish a tear?"
Not—
"What was his church?"
Nor—
"What was his creed?"
But—
"Had he befriended Those really in need?"
Not—
"What did the sketch In the newspaper say?"
But—
"How many were sorry When he passed away?"
—(Kansas City Times.)

A CHILD'S RIGHT
Just as a child's heritage ought to be robustness, so has a child the right to sound bones and teeth. Everything depends upon the quality of a child's diet.

SCOTT'S EMULSION
is vitamin-nourishment, that should in most cases be a part of the regular food allowance.

any desire to boost or boast it may be stated that The Pictou Advocate is, and long has been recognized as, one of the best town weekly newspapers in Canada. To maintain that position to continue to be of the greatest help it has been to its community, it must be paid for its space where that space is used for the benefit of the business of others.

The foregoing remarks may seem trite to the average business man, but they are the apropos at the moment in view of the apparent belief of some people—founded on lack of knowledge—that we are under obligation to give of our space to anyone who has the nerve to ask for it. Some of these people who are so generous in stating that the Advocate should do this or that for nothing would close up like a clam and be vastly indignant if they or their goods were asked to give for nothing the goods they deal in, or the money equivalent thereof.

Here and There

A total of 1,003,972 barrels of apples have been shipped to the English market since the beginning of the shipping season up to February 28, 1925. The total was 1,003,972 barrels, with 207,823 and 172,858 barrels respectively.

Eighty-four thousand automobiles are now being operated by citizens of the Province of Quebec equivalent to an average upkeep of \$399 per year each, a total expenditure for maintenance alone of \$25,000,000 every year, according to figures supplied by the Montreal Automobile Trade Association.

Around 16,000 horses were shipped from western Canada to eastern Canada in 1924, most of them coming from Saskatchewan. This province is maintaining its lead as the greatest horse-breeding centre of the Dominion, with a total of 1,170,745 head, an increase of 33.44 per cent over 1923.

The steamship "Princess Marguerite" successfully passed her trials on Clydebank when she developed an average speed of 22.56 knots and a best run of 23.2 knots per hour. Together with the "Princess Kathleen" she will be used on the Seattle-Vancouver-Victoria route this coming season.

Monsieur Heylen, Bishop of Namur, Belgium, and permanent president of the Eucharistic Congress, arrived at St. John, N.B., last week on the "Montrose." His Lordship was on his way to Chicago where he will make preparations for the Congress, to be held there in June, 1926.

Ivan Shverel, Canadian Pacific Railway representative in Yugoslavia, interviewed here recently, stated that his countrymen were 88 per cent agriculturists and that he felt "certain that in the mutual interests of both countries the future will, in the field of immigration, lead to closer and closer relations between Canada and the Kingdom of the Serbs, Croats and Slovenes."

A romance of the peerage and the steeple was personified by F. E. Bailey, grandson of the late Lord Glasgow, who arrived at St. John, N.B., last week among the third-class passengers on the "Montrose." Bailey, who is just 17 years of age, was so struck with Canada that he ran away from Bray Court College at Maidenhead and after a number of adventures realized his ambition by sailing on the "Montrose."

The largest batch of Clydesdale horses that has ever sailed from Clyde, valued at \$10,000, was embarked recently on the "Marloch." It consisted of 14 stallions and 3 fillies, and there were also ten Percherons from Antwerp on the "Marburn," while ten more Percherons and Belgians will be shipped at a later date. The horses were purchased by Mr. W. J. McCallum, of Brampton, Ontario, and Brandon Manitoba.

George E. Buchanan, of Detroit believes in romance. He believes in it so much that last year he took 48 Detroit boys for a trip to Alaska. This year he is going to take a good many more and he will include Canadian youngsters. He has been visiting in Toronto and his object is to find some boys willing to take a holiday in the Far North next July. Mr. Buchanan, who was born near Chatham in Ontario, has developed this unique hobby owing to having himself been taken on a trip to Alaska forty years ago when he was a boy.

WHO DOES YOUR PRINTING?

In past years—and possibly yet—travellers representing outside printing establishments—sometimes as direct agents, sometimes grocery or dry goods men, carrying printed samples as a side line—have solicited orders from our business men—too often successfully. Investigation reveals to us that the price, made on quantity, was the means of securing the order.

In justice to ourselves we wish to impress upon the business men of Bridgetown and surrounding communities that The Monitor is at all times ready and anxious to meet any fair competition submitted by outside parties on any class of commercial printing. We are anxious to retail all such work in Bridgetown, instead of seeing it go out of town. As a rule our customers ask us for quotations on small quantities, whereas the outside canvasser succeeds in his efforts by quoting on quantity lots, and on which the difference in cost is material.

We therefore request that we be asked for estimates—given a fair chance—and we assure you the work will be kept in Bridgetown, and the money derived therefrom spent to the benefit of the community—without cost, and possibly with a saving, to you.

THE CANADIAN HORTICULTURAL COUNCIL.

(By J. B. Spencer, B. S. A.)
The Canadian Horticultural Council, which has been in existence for the past four years, has a very successful record to its credit. It has organized the production and merchandising of the fruits of the garden and orchard.

In the language of its constitution, the Council addresses itself to all matters tending towards the improvement of the horticultural and allied interests in Canada, including plant propagation and registration; production; grading, packing, transportation, storage, and marketing. Nor is it in any sense a commercial body, but rather an organization to take counsel of the requirements of the various industries coming within its scope and to urge for such amendments and reforms as are required for the well being of the broad industry represented. The Council includes in its membership five provincial fruit growers' associations, an equal number of vegetable growers' associations, as well as nurserymen, potato growers, florists and gardeners, jam manufacturers, cooperative manufacturers, canning companies, amateur horticulturists, and fruit jobbing concerns. The Canadian Horticultural Council is in reality a supreme body made up of the chosen leaders in these various fields. Each of the organizations, in their annual meetings, select as their representative not only a brilliant member, but one who has shown the most active interest in its welfare and has demonstrated a breadth of vision and personal force to be able to present the claims they may submit for consideration. It is left to the representative to present before the Council such resolutions as they may pass. It is when these are subjected for consideration to the Council that their intrinsic merits are brought to light and only such are found to be for the general good secure the approval of the Council.

At the recent annual convention the standard set for Canadian products was shown to be such as to compare favorably with competing products in the world's markets. An effort was made also to secure relief from injustice in the form of burdens of transportation as well as tax imposts and other hindrances to an important industry.

From an aesthetic standpoint the Council aims at improvements in many ways. Those quiet working gardeners who are responsible for the constant improvement of flowering plants are, through recording and registration, to secure some recognition for their efforts. Through demonstration gardens established throughout the country, the public will be able to study and distinguish between varieties and cultural methods, and from the most recently announced competition in school gardens is being fostered.

The Council up to the present has rather stressed the fruit side of the horticultural interests inasmuch as the three presidents have all been representatives of this industry. Col. Roberts, a prominent orchardist of Niagara Peninsula, followed by Mr. F. W. Bishop an apple grower in Nova Scotia, was succeeded by Mr. L. E. Taylor representing growers in British Columbia, the present occupant of the office. In the election of the vice-presidents in the recent meeting the other interests are recognized. These include Mr. E. B. Lake of Montreal, representing the nurserymen, and Mr. J. E. Carter who represents the interests of the thousands of amateur horticulturists in every province.

The headquarters of the Council is at Ottawa, where it enjoys office accommodation and a grant from the federal treasury to assist in its work. It has also the moral support of the Department of Agriculture as frequently expressed by the Minister and its work is carried on in close touch with the Fruit Branch of that Department. Its chief dependence for support are the grants made to it by various organizations represented in its membership. The Secretary is Captain L. F. Burrows, 117 Victoria St., Ottawa.

The Council accomplishes its activities through the office of the Secretary and through committees—the executive, publicity, transportation, and legislation. At the conclusion of the recent conference a representative committee approached the government appealing for such modifications in the requirements of the law as industry appears to need. A further example of its service was the step taken to bring about the organization of a Dominion-wide cooperative marketing company. The Canadian Horticultural Council may be regarded as the voice of the horticultural industry giving utterance to the needs of the various interests of which it is composed.

Conard or some White Star
And a first class passage for me
And may there be no closing of the bar
When I put out to sea.—(Judge.)

TOWN COUNCIL OF DIGBY VOTES \$100.

For Cape Breton Relief—Need Stressed—Public Lists to be Opened.

Digby—At a meeting of the Digby Town Council Tuesday night the matter of relief for the destitute people of the Cape Breton coal fields was taken up. Mayor Anderson read a telegram from Halifax, asking for aid and, in addressing the Council, he said that he believed the Council should do its duty. It mattered not whether Boscawen or the miners were the cause of the destitution. Women and children were starving and Digby must help. A resolution was passed making a donation from the Council of \$100 to be sent immediately.

The Town Clerk read a letter from Dr. B. W. Tobin, of Digby, in which he told the necessity of relief for the stricken people, and he enclosed a cheque of \$25 to be sent to help the cause.

Councillor Aymar stated that he was of the opinion that the need for relief in the mining districts and there was always present the spectre of hard times with many of the miners always working on short time and with large families to keep. Therefore, with no work and no credit, there must be thousands in need and poverty must exist. A public subscription will undoubtedly be started among the citizens for the same purpose.

DOMINION GAINING LEAD IN NEWSPRINT.

Wall Street Journal Feels Canadian Industry Due for Big Expansion

New York.—The opinion that the Canadian newsprint industry is due for wide expansion is expressed by the Wall Street Journal today in commenting on the acquisition of the Borden and Gaitneau properties in Canada by the International Paper Company.

A content reason why International will do its future expansion in Canada is furnished by newsprint production figures for February, the past few months in history. Canadian mills turned out more newsprint than their competitors in the United States. Since 1912 production in this country has remained almost stationary. While Canada's tonnage grew to 1,352,000 tons last year from 256,000 in 1912, our mills turned out 1,471,000 tons of newsprint, against 1,432,000 tons in the former year.

The paper is of the view that the absence of an import tariff on newsprint in the United States has been the chief factor in accelerating the Dominion's growing supremacy in the newsprint trade. "Lower costs arising from natural advantages have done their share, but lack of a protective tariff has worked to the advantage of the United States mills and enabled the Canadians to take advantage of natural resources," the Journal declares. "International is already participating in these benefits at its mill at Three Rivers, Que., which has been operating two full years and has shown substantial profits. Abundance of power, water and proximity to timber reserves combine to make a low cost product."

MARRIED WOMEN AS SCHOOL TEACHERS

All Who Have Husbands to Support Them Must Go

Action was taken on Wednesday last by the School Management Committee of Toronto, Ont., to proceed with the plan of not having married women teachers in the employ of the School Board in cases where their husbands were able to support them. It was stated that there were 19 of the married women teachers who came under this classification. In addition, there were 28 women teachers who were widows and six married women teachers who were living separate from their husbands. It was decided that the committee would investigate and report on the teaching contract of every married woman teacher now in the employ of the Board except (a) widows, (b) married women who are not living with and are not supported by their husbands, (c) married women whose husbands are disabled either physically or mentally and by reason of such disability are unable to do and do not earn a livelihood sufficient for the maintenance of such married women teachers and it is of necessity that such married woman teacher provide for herself special teachers for whose services and her family, and (d) in the case of the chief inspector make a special request.

The motion regarding married women teachers also included a clause stating that women teachers who marry on and after that date of the motion being ratified by the Board shall by reason of their marriage automatically cease to be members of the teaching staff and their salary be paid up to the last day of teaching prior to the date of marriage.

All members of the committee excepting two supported the motion.

For Sore Feet—Minard's Linctment

FACTS ABOUT TEA SERIES—No. 2

Tea Production Today

If the Chinese, who first discovered tea, had realized the possibilities of the trade and had studied the nature and requirements of the plant, China might still be the largest tea producing country. Centuries of neglect, however, stunted the growth and caused the quality to deteriorate. In the mountains of Ceylon and India, tea was found to flourish. Scientific methods of cultivation and manufacture were introduced with remarkable results. Now the finest tea grown in the world and by far the largest quantity comes from these countries. "SALADA" is mainly blended from flavoury India and Ceylon teas.

"SALADA"

Headquarters in Halifax!

CLEMENTSPORT

(The Queen of The Basin.)

Messrs. George Ross, John Ring, and Charlie Burrill have sailed on the "Neva" from Bear River with Capt. Fred LeCain for Dipper Harbour, New Brunswick to load laths for New York.

Mr. Joseph (Deacon) Roop is seriously ill and confined to his bed. His daughter Mrs. Bernard Harris of Bear River and her husband are at present with him and will remain a few days. His son Capt. John Roop recently arrived in Victoria, B. C. from Australia and has been informed of his father's illness. Mr. Roop is well advanced in years, being over ninety, and is probably the oldest citizen we have.

Dr. Lionel Roop of Bear River, was here on Thursday visiting his grandfather, Mr. Joseph Roop, who is seriously ill.

Mrs. Amos Burns is resting easier but is confined to her bed.

Mr. Lev. Potter is reported better. His sister, Mrs. John Ingham and her husband of Somerville, Mass., U. S. A., arrived Friday and are with him now. Mrs. Ingham herself is in a poor state of health.

Mrs. Arthur Gates and son James, who have been spending the winter in the United States arrived home on Friday. Jimmie had an attack of scarlet fever while away and is glad to get home to recuperate.

Mr. Moore, who has been the engineer on the rosser, left on Friday with his wife for New York.

Miss Jossie Burrill, who has been suffering from an attack of the "Flu" is getting better, we are glad to say.

The Rev. A. W. L. Smith went to Round Hill on Thursday, and had service in St. Paul's church at 7:30 p.m. also made a sick call.

Easter services will be held in St. Clement's parish as follows: St. Edward's church, Clementsport, 8 a.m.; Holy Communion, 7:30 p.m. Evening; St. Matthew's, Deep Brook 10:30 a.m. Matins and Holy Communion; St. John's, Bear River, 3 p.m. Evensong. A hearty invitation is extended to all.

Mrs. John Whitman spent Thursday and Friday in Annapolis Royal, the guest of Mr. and Mrs. Edgar McCormick and of Miss Susie Cunningham. Mr. Whitman spent Thursday afternoon in town.

The trout season is open now, and although the water is high from the recent rain and the weather too cold for good fishing, yet several of the local fishermen have been already angling for the speckled beauties. The catches to date reported are small. In a couple of weeks time there will be sport indeed as the mosquitoes and black flies will not be on hand to make life interesting.

CHURCH SERVICES

You are cordially invited to attend the services of the

UNDERGROUND RADIO SET.

Scientist Holds Earth Transmits Better Than Air.

Washington.—A contention that the earth crust is more efficient in transmitting radio waves than the air was made known here Monday by Dr. James H. Rogers, who said that he had perfected an underground transmitting set. Successful communication with the Pacific coast by use of a 250-watt tube set placed underground at Hyattsville, Md., was made in tests last night, he said.

Dr. Rogers hopes to accomplish trans-oceanic broadcasting with a 600-foot cable antennae he intends to lay underground.

NORTH WILLIAMSTON.

We extend our deepest sympathy to Mr. and Mrs. R. L. Moore in the sad loss which they have sustained in the death of their oldest and beloved son, Frank Leslie Moore, aged 11 years and eight months old.

On March 6th he contracted Scarlet Fever and though everything was done that medical aid and loving care could do but it was impossible to save his life, and he passed away on March 21st, after intense suffering, leaving a sorrowing father, mother, a younger brother and sister, to mourn their sad loss.

The service took place on the following Sunday afternoon with interment in Fairview cemetery.

Rev. Harry Rackham conducted the service at the home and grave.

We are pleased to learn that Mrs. P. G. Banks, who has been critically ill in the Memorial Hospital at Middleton, is considered better. We wish for her a speedy recovery.

Mrs. A. V. Stevenson is quite ill at time of writing. Misses Eva and Elsie Hiltz of Berwick, Kings Co., were week-end guests of Mrs. William Gates.

Mr. and Mrs. A. E. Bazanson entertained a number of young friends on April 1st. Mr. and Mrs. Peter White have moved to Outram. We wish them much success in their new home. Mr. and Mrs. C. S. Bothamley, of West Paradise, were recent guests of their parents, Mr. and Mrs. Sharp.

SHERIFF'S SALE IN THE SUPREME COURT.

BETWEEN: GEORGE I. SALTER, Plaintiff, —And— M. H. TODD, Defendant.

TO BE SOLD AT PUBLIC AUCTION by J. H. EDWARDS, Esquire, High Sheriff of the County of Annapolis, or his Deputy, at the Court House in Bridgetown in the County of Annapolis, on Friday the 8th day of May A. D. 1925, at the hour of Two o'clock in the afternoon, pursuant to an Order of Foreclosure and Sale, made herein and dated the 7th day of April, A. D. 1925, unless before the day appointed for such sale, the amount due the Plaintiff on the Mortgage foreclosed herein with her costs be paid to him or his solicitor.

All the estate, right, title, interest and equity of redemption of the Defendant and of all persons claiming or entitled of, from by or under the said Defendant in and to all that certain lot, piece or parcel of land situate, lying and being in Carleton's Lane, so-called, being an extension of Queen Street in the Town of Bridgetown in the County of Annapolis bounded and described as follows:—

Commencing on the South East corner of lands owned and occupied by T. B. Chipman on the said Lane; thence turning and running westerly along the north line of lands of Frank H. Fowler three hundred and twenty feet thence turning and running northerly One Hundred and sixty feet until it comes to the South line of T. B. Chipman's land, thence turning and running easterly along said T. B. Chipman's south line three hundred and twenty feet or until it comes to the place of beginning.

Together with all and singular the buildings, easements, hereditaments, privileges and appurtenances to the same belonging or in anywise appertaining. TERMS OF SALE:—Ten per cent deposit at the time of sale, remainder on delivery of Deed. (Signed) J. H. EDWARDS, High Sheriff in and for the County of Annapolis, Dated at Annapolis Royal this 7th day of April A. D. 1925.

KENNETH L. CROWELL, of Bridgetown in the County of Annapolis, Solicitor for Plaintiff. 2-5t.

The same good tea for 30 years. Try it!

Here and There

Southern Alberta is to have another addition to its growing list of titled ranches, according to report. The Duc de Nemours, a descendant of Louis Philippe of France, it is stated, is sailing in April to visit Lord and Lady Rodney, who have a ranch at Fort Saskatchewan, and, later, to acquire a homestead near the establishment of the Prince of Wales.

The Nova Scotia Technical College assays under direction of the Dominion Council of Scientific Research indicate Nova Scotia oil shales to be the richest in the world, giving fifty gallons of high-grade paraffin to a ton of shale. One hundred million tons of the shale are readily accessible, and vast oil industries similar to those of Colorado and the Western States might well come into being in this province.

"I find general business conditions quiet but improving throughout Canada and undoubtedly the increase in the price of farm products will prove very encouraging to the west," said Grant Hall, vice-president of the Canadian Pacific Railway, on his return from a recent tour of the Dominion. "Large orders for hardware shipped over our lines of late to the west indicate that the crop money is now beginning to circulate more readily, which in its turn is a mark of the farmer's confidence in the country."

There was a general increase in all phases of the lumbering industry in Canada during 1923, as compared with the previous year, according to the latest report of the Dominion Bureau of Statistics. The average value of the output in that year amounted to \$139,894,677, as compared with \$114,324,580 in 1922, an increase of 22.4 per cent. In this respect the lumbering industry comes third on the list of manufacturing industries in Canada, with the pulp and paper industry first and the flour and grist mills second.

Passengers aboard the Canadian Pacific steamship "Empress of France," now touring the world, had a unique experience recently while visiting Ceylon. Returning from a run out to Kandy, the old capital of the Cingaleses Kings and Site of the Temple of the Tooth of Buddha, a trainload of the travellers was held up by a herd of wild elephants which, leaping in on either side by the jungle, ambled along the track ahead. This was a feature of the journey which delighted those of the tourists who were not anxious about missing the ship.

Viola Dana, the famous motion picture actress, whose work has delighted millions, is to be the star of a drama to be filmed at Banff, according to a recent report. Miss Dana journeyed from New York to Montreal and then across the continent via Canadian Pacific Railway, in order to join her company for the film. The remainder of the cast are proceeding to Banff from Los Angeles and it is expected that shooting of the scenes will commence shortly. A very considerable number of big pictures have already been taken at Banff, which seems to have a great attraction for discerning stars and directors who appreciate the beauty of the scenery.

THE MINAS BASIN STEAMER

The delegation from the Parrsboro Board of Trade, which recently waited upon the authorities of the C.P.R. and representatives of the government at Montreal and Ottawa respecting the continuance of the Minas Basin steamboat service, have returned home and report satisfactory progress. Mr. Grant Hall, Eastern Vice-President of the C.P.R. told them that the railway was prepared to put on a steamer in place of the "Prince Albert" of a capacity great enough to carry eight automobiles and one hundred and fifty passengers if a subsidy of \$5000 was granted. Mr. Geo. E. Graham has been directed to confer with the shipbuilders of Parrsboro with a view to having a boat constructed there in case the government grants the subsidy. On Saturday the delegation conferred with the Minister of Trade and Commerce, who assented to the proposal and promised to bring the matter before parliament.

HIGHWAY NOTICE

Closing of Roads.

The attention of the public is respectfully called to an Act to amend Chapter 77 of the Revised Statutes of 1923 of "The Load of Vehicles Act," passed the 9th day of April, 1924, A.D. It is enacted by the Governor, Council and Assembly as follows:—

1. Section 7 of Chapter 77 of the Revised Statutes, 1923, of "The Load of Vehicles Act," be repealed and the following substituted therefor:—

7. (1) No person shall operate a motor vehicle that is subject to the provisions of the Motor Vehicle Act on any highway in any municipality after the first day of March and before the first day of June following without the permission of the Superintendent of Highways or of such other officer as may be appointed by the Provincial Highways Board for that purpose first had and obtained. (2) The Provincial Highways Board from time to time in each year may, and is hereby authorized and empowered with the approval of the Minister of Highways, to exempt from the provisions of Sub-section 1 of this section for the whole or any part of the period between the first day of March and the first day of June following in the year and for which the exemption is granted, every person operating any motor vehicle or a motor vehicle of any particular class that is subject to the provisions of the Motor Vehicle Act, on all highways within any municipality or municipalities which Highways in the opinion of the Provincial Highways Board will not be unreasonably damaged by reason of the granting of such exemption.

BEE KEEPING FOR WOMEN

(Experimental Farm Note)

Many women are now included in the ever growing and profitable beekeeping enthusiasts. A few have taken up bee keeping as a side means of a livelihood, but many more than are keeping bees simply for the pleasure and interest afforded by these interesting little insects. Not only do a few colonies of bees afford their owner pleasure and relaxation from routine work, but, with proper care, may be made quite profitable. For teachers or business women, beekeeping provides a means of spending a pleasant and profitable summer vacation out in the open air, and not a few of these are available and operating fairly sized apiaries. For the housewife beekeeping is especially adapted, for not only will beekeeping provide her with a complete change and rest from the monotonous routine of the household duties, but it enables her to provide a delicious sweet and wholesome food for her home at little cost, and also adds considerably to her income. A few colonies of bees can be made quite profitable even in small towns or cities, for the bees will travel long distances in search of nectar, and there is no reason why a few colonies should not find a place on almost every farm in the country as well as the small flock of poultry.

PORT WADE.

Mr. Bailey of the Lincoln Pulp Co. spent the week-end here with B. R. Hayden. Mr. Morgan, Fishery Officer, was in the village last week. Mr. Reuben Rice, of Bear River, has been engaged by Messrs. Snow and Keane for the job of caulking the schooner Valdaire. His home for the present is Chesnut cottage. Mrs. Delilah Apt is quite ill and Dr. Roberts attending. Mrs. Jane Litch is improving from her recent severe illness. Mrs. Vandora White will go back to Yarmouth this week. Frank Mansfield has been quite busy since he came over from Uncle Sams, having purchased a nice ox for a team on the farm, and also a fine Guernsey cow. It is reported that R. R. Hayden is soon to take over the duties of Customs Officer at Annapolis and that William B. McGrath will have appointment of sub-collector here. Miss Hilda Barnes returned home Saturday 28th.

C. G. GOODERHAM, Dominion Apiarist.

PRISON REFORM.

Miss Agnes McPhail, the only female member in the Federal House has announced the following resolution: That in the opinion of this House, it is desirable in the administration of Penitentiaries to provide:—

- 1. Sufficient productive work to keep the inmates employed. 2. That a share of the proceeds go to provide for dependents and in case of no dependents such share shall be held in trust until release. 3. That the inmates be provided with a very active party in this debate. He complained chiefly in that "the resolution sought the enactment of a law which would enable a criminal to receive wages exactly as if he were competing with an honest fellow citizen outside."

Mr. Martell, the representative of Hanis constituency took a very active part in this debate. He complained chiefly in that "the resolution sought the enactment of a law which would enable a criminal to receive wages exactly as if he were competing with an honest fellow citizen outside."

Mr. Martell moved the following amendment which produced a very interesting and snappy discussion in which Robert Forke, Hon. Ernest Lapointe, St. Henry Drayton and a score of representatives participated: "That all the words after the word 'dependents' where it first appeared in the second clause of the resolution be struck out."

SEMPER PARADOX FOR OUR MERCHANTS

Following is a letter that appeared in a Western newspaper, written by one of its readers. There is information in it for merchants: "Your paper is always boasting that home town 'being is the right thing, for it not only brings in the money, but it also keeps the money here. In your editorial of a week or two ago you said there would be less buying from catalogue, if every merchant would advertise, because it is advertising that keeps the catalogue man going. Well, I believe that's right too. But I don't think I would like to see all the local merchants do—and there are more who think the same—and that is for them to print the press as much as they can in advertising. And I also think that if the prices are going up, they should say so and tell why. If they know, these things we all have to live on ourselves—or most of us—and we certainly don't like the idea of prices going up on staples particularly, and not a word about it till you reach the store. I am not an advertising expert, but I know what I would like to see in my local paper along that line and that is a lot of genuine information about goods and prices every week. Then we would feel better and if we found we were being treated fairly there would be less sending away. I hear this talk about a lot, so I thought I would write you."

PORT WADE.

Mr. Bailey of the Lincoln Pulp Co. spent the week-end here with B. R. Hayden. Mr. Morgan, Fishery Officer, was in the village last week. Mr. Reuben Rice, of Bear River, has been engaged by Messrs. Snow and Keane for the job of caulking the schooner Valdaire. His home for the present is Chesnut cottage. Mrs. Delilah Apt is quite ill and Dr. Roberts attending. SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity at This Season.

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood, in the spring one feels weak and tired. Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they get to the root of the trouble in the blood. In the spring malaria, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every organ in the body, bringing new strength and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Amidst those who have proved the value of Dr. Williams' Pink Pills is Mr. Austin Wile, Henford, N.S., who says: "I have reason to be deeply grateful for what Dr. Williams' Pink Pills have done for me. An abscess developed in my head, and the doctor who was called in said my whole system was poisoned. My appetite completely failed and I knew so weak I was unable to do any work. The doctor's medicine did not help me so I decided to try Dr. Williams' Pink Pills. At this stage I was reduced almost to a skeleton, and my friends did not look for my recovery. I soon found, however, that the pills were helping me and after taking them for about two months I was full restored to health. My case was known to all my neighbors and my recovery looked upon as almost a miracle. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

THE SINN OF A GREAT RACE

OLD STICK AND PEARNS, reflecting on the virtues of their Nordic forebears often find themselves easily depressed or the behavioristic inferiorities of the new stock Americans. Well, they have a right to feel this way, says the Norfolk Virginian Pilot. Consider this document from N. W. Gamall's "The Salem Witch Trials" (McClure)—a page from a Massachusetts court docket for the year 1655:—

James Standish fined for being vehemently suspected of being drunk. Henry Walton fined for saying he had as leave to beat a dog bark as to hear Reverend Cobel preach. John Studley fined for stealing his masters ox and selling it to him. Thomas Gray, of Marblehead, to be whipped for being overseen in drink. John Russell whipped for beating his wife. Philip Crumwell fined for not living with his wife. William Claus whipped for spying on the chamber of his master and reporting what he saw. Mrs. Griffith fined for swearing. Robert Edwards fined for excess in apparel in wearing sleeve lace and gold buttons. Sarah Partridge fined for wearing a silk hood. Sarah Collins fined for railing at her husband and calling him a "rot-gutted divell." Robert Pike fined for living here and his wife in England. Ordered to go to her.

\$2,000,000 FOR ROADS

Newfoundland Planning For Tourist Motor Traffic. St. John's, Nfld.—Under the provisions of the highways bill adopted Wednesday night in the Newfoundland Legislature, the Government is to spend \$2,000,000 in the construction of motorable roads from Port Aux Basques to Bonne Bay, through Newfoundland's finest salmon fishing areas and shooting resorts, and also on extensive operations in the Avalon peninsula. The building of the highway passes under the control of a commission of four. In addition to encouraging tourist traffic, these roads, it is believed, will result in more extensive farming operations, which the Government is encouraging.

Mina's Lintment Fine for the Hair.

HEART DISEASE IS PREVENTABLE.

Popular Ideas Must Be Shaken, Dr. Robey Says at Harvard.

"At least 15 of every 1000 school children have some definite disorder of the heart and at least 30 of every 1000 men and women of working age must reckon with heart disease as a disability in work or handicap in the pleasures," said Dr. William H. Robey yesterday in the weekly free lecture at Harvard Medical School, speaking on "The Hygiene of the Heart." He quoted one general practitioner as declaring that 50 per cent of his practice consisted of heart disease patients. Dr. Robey added that to per cent of the bad capacity of general hospitals is used for heart disease patients and 25 per cent of all visits to dispensaries are made by the same class.

"Of all persons and especially fatal diseases," said the speaker, "those of the heart are of longest duration and they cause the most persistent handicap to self-support of any save certain diseases of the mind. Heart disease is preventable, existing in birth defects and very old age. You can prevent diseases which affect the heart, poor bodily habits and physical indolence. You can get your weight down if you are too heavy. Do not ask your mid-aged heart to drive your blood through a mass of unnecessary fat. If you have to work hard you can find some time for play and exercise."

There are two popular ideas which must be shaken. First that heart disease is inevitable and second, that when heart disease is diagnosed sudden death is certain. Defective hearts at birth are rare. Few thus afflicted reach the age of 20.

Dancer in Teeth And Tonsils

"The heart is most likely to become affected in early years of life, because in youth and young adult life the food of infections, rheumatism, tonsillitis, St. Vitus dance, decayed teeth and some of the infectious diseases, especially scarlet fever, are most common."

Dr. Robey declared it a matter of medical importance that the causative agent of heart infection is carried by the blood from the teeth, perhaps a decayed tooth, to the heart-valves and muscles.

He continued, "Diseased tonsils should be completely removed before they have an opportunity of affecting the heart. I am convinced that diseased tonsils are a great source of rheumatism and of danger to the heart, and that when they are removed the danger goes with them."

"Teeth should be carefully inspected every six months and dental once X-rayed by an expert. Cleanse mouths, earlier recognition and prompt treatment of sore throats, and greater protection against so-called infectious diseases of childhood, such as scarlet fever and diphtheria, will reduce the number of cases of heart disease."

"Rheumatic heart disease is contagious. In the family of a patient with rheumatic heart disease, about 15 per cent of the other members, in close contact will give physical evidence of attacks of acute rheumatism, tonsillitis or St. Vitus dance, with or without heart affections."

A rheumatic fever patient should not come in contact with others in the family, especially younger ones. When a case of rheumatic fever, tonsillitis or Saint Vitus dance occurs in a household the other members of the family should be carefully examined for evidence of causes of heart disease, as well as of the disease itself.

"The old saying, 'A man is as old as his arteries,' is true today. Too many people are dying in middle age of heart, arterial and chronic kidney diseases."

Causes of Heart Failure.

Among the causes of failure of the middle-aged heart Dr. Robey mentioned "too-hard living, bodily overweight combined with a tendency to always ride and never walk; occasional sudden exertion without proper preliminary training, and excesses in various poisons, such as alcohol and tobacco."

He believed it probable "that tea, coffee, tobacco and alcohol may be indulged in moderately without detriment, provided there is no idiosyncrasy, where excessive amounts are harmful over-stimulating the heart and disturbing the general health. They should be eliminated if they disturb digestion."

Dr. Robey declared that getting "which can be successfully treated (tires out the heart with overwork)." The importance of physical examination in middle life was stressed, in order to find out the significance of any peculiarities of heart action. "Breathlessness at that age is of more consequence than in youth."

The kidney function should be studied said the speaker, because closely related to heart action. Proper diet and exercise can be instituted in case of overweight. When men well advanced in life eat a hearty meal at night and die soon after it is not death from acute indigestion, as so often asserted, but from angina pectoris.

The Finest of Fare Purity Flour is the product of the finest Western hard wheat... The greater strength of Purity gives better food and more food... whether bread or pastry... and effects a definite saving in the household expense. Purity Flour. More bread and better bread.

NO 99 790-500 acres total, 40 acres cultivated, 24 acres marsh, 3 acres orchard, 700 acres pasture, over 2000 cords hard and soft wood, considerable timber, cuts 50 to 60 tons hay, situation good, buildings extra good. This is the best dairy proposition in this part of the country. Offered at a low figure including the Stock, Equipment and household furniture. This is a good investment, if interested get particulars from Lloyd's Real Estate Agency, Bridgetown, Annapolis Valley, N. S.

That Fellow Feeling YOU are all wrapped up in the merchandise that fills your store. You enthuse over the quality of this article and that line. You probably display the goods attractively, too. FALKLAND RIDGE, DOES ADVERTISE ASK THEM John McMullen and grandson, Fred Cain, went to New Germany, March 21st. Fred to have an injured hand dressed by the Doctor. Mrs. Charles Marshall went to Dalhousie, on Saturday to see her mother who is ill at the home of her daughter, Mrs. O. Wright. Horace Brennan of Aylesford arrived at H. A. Marshall's, March 21st, and on Monday returned with his wife and little son, who have been visiting relatives here. A surprise birthday party was given Harold Mason on Monday evening, March 23rd, by about twenty of the young people, including the Pastor, Rev. D. Dron. A very enjoyable evening was spent in games and music. Refreshments were served at the close. H. A. Marshall and Robie Wentzell made a business trip to Albany, March 24th, bringing back a fine pair of Herford Oxen. Mrs. C. R. Marshall was called to Dalhousie again on Wednesday, her mother being much worse. She passed away next morning, and on Friday the body was taken to Brookfield for interment. Her daughters Mrs. C. R. Marshall and husband and Mrs. W. O. Wright and her husband accompanied the body. On Thursday a number of the ladies from here met with the ladies at Springfield and all went to the parsonage and gave it a good house-cleaning. The ladies are furnishing it. It is expected the Rev. Mr. Dron will start bachelors hall there about April the first. Mr. and Mrs. Fred Oickle and child of Lake Paul, are the guests of Mr. and Mrs. Harvey Stantenwhite.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocyclic-acid-ester of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

INTERESTING PHENOMENA AT RATTLING BEACH, DIGBY.

Sounds Like Distance Orchestra Emitted From Play of Water on Stones of Varying Size—Matter Referred to Smithsonian Institute by Correspondent.

To the Secretary of the Smithsonian Institute, Washington, D. C.

Dear Sir—I have read with interest a clipping about "Singing Sands" which is before you to solve. As you will see from my letter head I can tell you of a similar case.

Rattling Beach inside the Digby Gut faces east, having a clear stretch of water for twenty miles up the basin to Annapolis.

The beach gets its name from the many small and large rocks formed by continuous action of the tide (25 feet). They form a succession of different layers, the smaller ones above average high water mark, the medium or larger stones below. These latter are flat and rounded on the edges.

I have lived here for close on to twenty years, nine of the latter continuously, great storms have come and gone. It is a frequent occurrence that in great storms when the tide recedes, the stones are brought into action and the sounds produced resemble an orchestra at a distance.

Many times at night, when I lay awake, my mind and thought following the sound which is imposing, I could almost imagine the parts of a Wagner opera.

While I have never heard of SINGING SANDS, it might be possible that they contain some rocks and gravel. A house will moan and creak in storms or emit snapping noises when great cold waves come. A little imagination always helps. I am thinking if people in New York were not too busy making and losing money but could sit quiet and think as I do here, they would not alone hear moaning but the fierce calls of a big zoo.

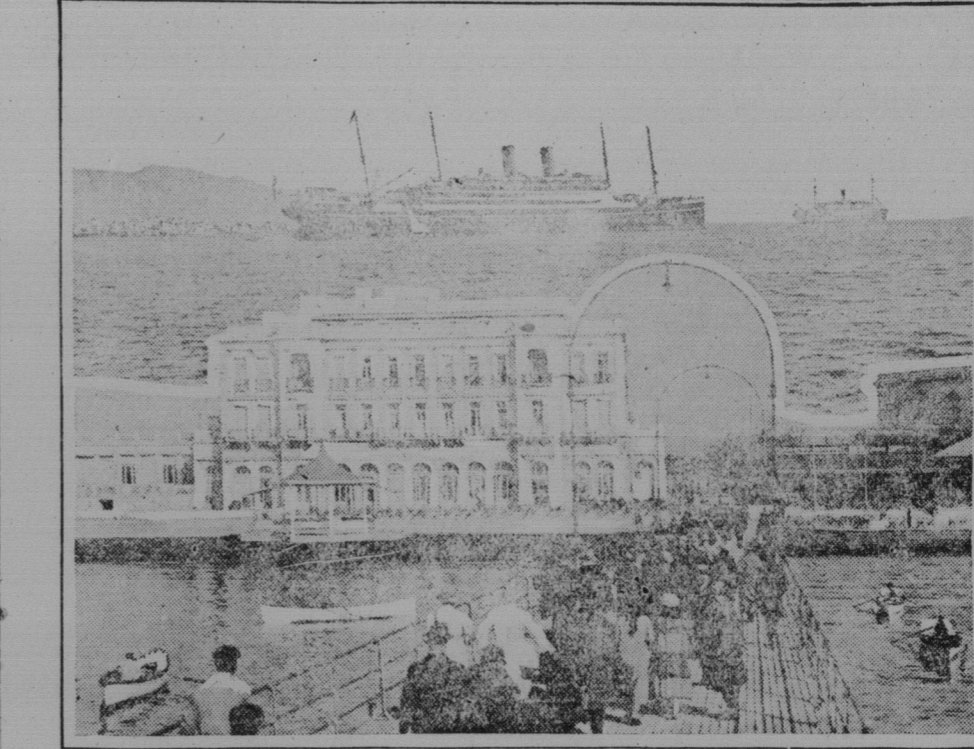

F. G. P.

A HAPPY CHILDHOOD IS A MATTER OF HEALTH

Little children quickly get out of sorts but by prompt treatment they can just as quickly be set right again. Most of their troubles arise in the first place from the stomach and bowels; that is why a good clearing out is the first thing the doctor prescribes. Mothers, why not let Baby's Own Tablets keep your children well. Unlike that ill-smelling, rank tasting castor oil so dreaded by most children, the Tablets are pleasant to take and their action, though thorough, is gentle and causes no discomfort to either the baby or the growing child. Baby's Own Tablets are a never failing remedy for relieving constipation and indigestion; they break up colds and simple fevers, expel worms and make the teething period painless. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

Carrying the Canadian Flag Round the World

The "Empress of Scotland," now on a tour of the world, and her smaller sister, the "Montreal," now on a cruise of the Mediterranean, lying in the Bay of Phaleron, named from the little summer resort about four miles from Athens. Canadian and United States passengers are seen landing from the "Empress of Scotland" with a view to taking the automobile trip into Athens.

POST IS SARCASTIC.

Washington Paper Kidenles Customs Suggestions.

Washington—The Washington Post edited by Colonel George Harvey, former Ambassador to London, indulges in sarcasm at the trouble which has been stirred up by the ruling of United States customs appraisers as to marking every item in bundles of shingles, laths and so forth imported from Canada. Referring to the job ahead of shippers and inspectors in Boston if every article on the steamer Winner has to be tagged the Post says this work promises to be tedious. It calls the finding a nuisance and asks what will happen if the ruling is applied to a shipment of a few millions of pins.

"If this decision of the appraisers stands," says the Post, "there will be a lot of pinhead work for a lot of people."

OBITUARY.

Frank L. Moore.

Lancetown—The funeral took place on Sunday afternoon, March 22, of Frank L. Moore, the beloved and oldest child of Mr. and Mrs. Robert Moore, with interment in Fair View cemetery. Possessing a bright and lovable disposition he was a general favourite with his playmates and all with whom he came in contact. Though not twelve years of age until August 23rd, he was preparing to enter high school next year. On March 6th he contracted scarlet fever and though everything was done that medical attention and loving care could do, it was impossible to combat the disease. Rev. Harry Rackham conducted the funeral service. The sympathy of the entire community goes out to the sorrowing family in their bereavement.

TO PRESERVE TREES ON SALMON RIVERS

Provincial Measure Before House Specifies Zone Three Chains Wide.

Quebec—Hon. Honore Mercier, minister of lands and forests, has brought down a measure to the effect that: "The lieutenant-governor in council may, whenever it shall be deemed advisable, reserve on the recommendation of the minister of lands and forests, a zone of three chains in width, on each side of any salmon river which is or may be under lease from the province within which no tree shall be cut without a special permit from the minister of lands and forests. This reserve shall apply only to that part of the main rivers where the salmon run and shall not apply to the tributaries thereof."

On the Crown lands not yet leased no trees shall be cut in a zone of three chains in width, along and on each side of streams and ground lakes, even if such lands are afterwards leased or conveyed by any title whatsoever, without a special permit granted by the minister of lands and forests, upon the conditions he may see fit to impose.

"Lumbermen may, however, establish, in such protection zone, roads, camps and landings, which are customary in their lumbering operations. In the case of lands submerged through the erection of dams, the zone of three chains shall start from the border of the ground where the trees have perished as a result of the submergence."

"At places where the rise in the ground is very pronounced, the lieutenant-governor in council on the recommendation of the minister of lands and forests, may at his discretion, increase the width of the protecting zone to maintain a sufficient density of the forest situated on such a declivity to meet the requirements of these provisions."

ALBANY.

Mr. and Mrs. Phineas Whitman who have been very ill with flu are now improving. This is their second attack, also Mr. Elbert Whitman has been confined to his bed for some days with the same, but is now convalescent.

Miss Alma Slocum and Miss Helen Phinney spent last week with Mr. and Mrs. George Fairbairn.

Miss Nora Stockart spent the weekend with Mr. and Mrs. N. P. Whitman.

MELVERN SQUARE.

Mr. Melbourne Reid made a business trip to Halifax Co. last week. Miss Elizabeth Slocum of Mt. Hanley is staying a few weeks at the home of Mr. and Mrs. Eugene Phinney.

Mr. Spurgeon Cox and Mr. Burgess Wheaton of Kingston, have exchanged places. Mr. and Mrs. Cox have moved there and Mr. and Mrs. Wheaton have taken possession here. We welcome them to our little village.

Mr. Atkinson Head, agent of the Spray Motor Co., London, Ont., spent a few days last week at the home of Otis Chute, who is local agent in this district for the same company.

Mrs. Andrew Clark and little daughter Eleanor of Bridgetown were the guests of her mother, Mrs. Mary Gates last week.

Mr. and Mrs. Robert Litch of Waterville, were recent visitors of Mrs. Major Baleon.

LUCKY FOR JOHNNIE.

Teacher asked her class if they could compose a rhyme using the word "Nellie." Johnnie Jones, being called upon, arose much embarrassed: "There was a pretty little girl named Nellie, who fell in the water and wet her little feet."

"Why, Johnnie, that doesn't rhyme." "I know it doesn't. The water wasn't deep enough."—(Club News.)

FALKLAND RIDGE.

John McMullen and grandson, Fred Cain, went to New Germany, March 21st. Fred to have an injured hand dressed by the Doctor.

Mrs. Charles Marshall went to Dalhousie, on Saturday to see her mother who is ill at the home of her daughter, Mrs. O. Wright.

Horace Brennan of Aylesford arrived at H. A. Marshall's, March 21st, and on Monday returned with his wife and little son, who have been visiting relatives here.

A surprise birthday party was given Harold Mason on Monday evening, March 23rd, by about twenty of the young people, including the Pastor, Rev. D. Dron. A very enjoyable evening was spent in games and music. Refreshments were served at the close.

H. A. Marshall and Robie Wentzell made a business trip to Albany, March 24th, bringing back a fine pair of Hereford Oxen.

Mrs. C. R. Marshall was called to Dalhousie again on Wednesday, her mother being much worse. She passed away next morning, and on Friday the body was taken to Brookfield for interment. Her daughters Mrs. C. R. Marshall and husband and Mrs. W. O. Wright and her husband accompanied the body.

On Thursday a number of the ladies from here met with the ladies at Springfield and all went to the parsonage and gave it a good house-cleaning. The ladies are furnishing H. It is expected the Rev. Mr. Dron will start bachelors hall there about April the first.

DOES ADVERTISING PAY?

ASK THOSE WHO USE IT.

Wrigley spent \$3,000,000 a year to tell the public theirs' is the gum to chew.

Ford spends \$6,000,000 to tell his Ford story.

The electric light and power industry spends more than \$1,000,000 flashing the kilowatt hourly message.

Campbells are coming across with \$1,500,000 to say they sell succulent soup.

Electric railway companies ring up about \$2,500,000 for advertising trolley rides.

Colgate assert to the tune of some \$1,155,000, that their shaving soap, etc., produces the smile that won't erase.

Proctor & Gamble are still convincing the abolitionist that Ivory soap to make that conviction stick.

Gas companies talk more than \$2,000,000 worth through advertising channels.

One of Victor's most telling talking machines is its advertising which costs \$1,142,000.

Telephone companies have busy advertising lines with an estimated toll of \$1,500,000. Along each line sounds the voice with a smile.

Does advertising pay? The answer is to be found in America's business, commercial and industrial trend.

Sweet young thing (driving through suburb)—"Would you like to see where I was vaccinated?"

He (with enthusiasm)—"Sure."

S. Y. T. (Pointing toward home which they had just passed)—"Well, right in there."

After Every Meal

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house. "Costs little—helps much."

WRIGLEYS

CARIBOU MORE PLENTIFUL.

N. B. Guides Support Protective Hunting Methods.

Frederick—Caribou are coming back to New Brunswick says the chief game warden of the province. This is regarded as a testimony to the protective methods employed by guides, who are more and more coming to be regarded an ex-officio wardens, and who are well aware that the best means of protecting their livelihood is to see that hunting of big game is not carried to excess.

A further indication of the development of hunting in the province is given in the figures of moose and deer shot in 1924. Five hundred more moose and 1,500 more deer were killed in 1924 than in 1923, the record being 1,511 moose and 3,898 deer in 1924. These figures are remarkable for the fact that last year was not as good a hunting season as 1923.

OUTRAM.

Preaching service here on Sunday evening, April 5th, by Rev. D. W. Dixon at 7.30.

Rev. and Mrs. Dixon of Port Lorne, spent Wednesday, March 25th in this place, calling on the people.

BARGAIN PRICES ON TIRES

In this issue, the Bridgetown Garage and Livery Co. have an attractive advertisement, calling attention to the fact that their tires will be sold at the same prices as those advertised by Mail Order Houses. In view of the fact that selection and delivery are prompt and immediate this is an opportunity that car owners will not overlook and the Bridgetown Garage & Livery Co. are to be congratulated on their enterprise in this undertaking.

J. H. Hicks & Sons, are selling Linoleums, Oilcloths and Congoleums at prices to compete with any departmental house. There is no reason why you should not buy from them.

A case by the Children's Aid Society was tried before Stratton Judge R. Fay on Thursday on a charge laid against Mrs. L. Mansfield of inducing Mary Owens, a ward of the Aid Society to leave a home in which she was placed by the agent of the Society, Rev. A. J. Prosser. The girl is a daughter of Mrs. Mansfield by a former marriage. O. S. Miller was prosecuting attorney and Daniel Owens, lawyer for the defence. The charge was sustained and a penalty of \$20 fine or three months imprisonment was the judgment but with suspended sentence for one year.

All kinds of Rugs, Tapestries, Brussels, Wiltons, Axminsters, J. H. Hicks and Sons.

The Kingston Community Club presents "Tommy's Wife," a drama in three acts in the Demonstration building, Lawrencetown, Wednesday evening, April 15th at 8 o'clock. Music will be furnished by the Kingston orchestra.

Extra special values in Mattresses and Springs. It will interest you to see our stock. J. H. Hicks and Sons.

CORRECTION.

Mrs. Clarence Longley and Mr. Leander Miller, Lawrencetown, have been recent guests of Miss Erica Healy of Round Hill.

The above item from our personal columns of last week's issue was duly signed by contributor. Investigation has proved that the writer made use of a common name but the combination of initials was fictitious, and also that the item itself had no foundation in fact. Certain indications point toward the fabricator of this piece of alleged news. Incorrect statements are to be highly reprehended and it is a matter of regret that the person above which is in his class inadvertently got by.

An emergent communication of Keith Lodge, No. 15, A. F. and A. M., Bear River, was held on Monday evening, when the third degree was conferred on four candidates, and an address, accompanied by a Master Mason's Apron, was presented to Rev. R. S. Gregg, it being the eve of his departure for Woodstock, N. B. (Yarmouth Herald).

Friday next being Good Friday, there will be services in St. James church at 11 a.m., 4 p.m. (Children's Service), and 7:30; also in St. Mary's, Belleisle, at 1:45. Collections for the promotion of Christianity among the Jews. For Easter Day and other services.

Bridgetown - Nova Scotia

Yes, the Roof is Important

A shabby roof gives your building a run-down look. Why not spruce it up with a Barrett Roof? We especially like Barrett Mineral-Surfaced Roll Roofing, with its weather surface of natural slate in red, green or blue-black.

In the Barrett line are several types of shingles and roll roofings—all lastingly weather-tight. These roofings will not rot or rust—never need painting or staining and are highly fire-resistant.

There's a Barrett Roofing that's definitely right for every type of building—your home, your garage, your barn, your implement shed, or your factory. Come in! Let us show you these sturdy roofings. You'll find the prices easy on your pocketbook.

VOL LIII, NO. 3.

LAWRENCETOWN PLANS \$10,000 SCHOOLHOUSE

Social and Personal Items of Interest About Well Known People

Lawrencetown.—At the adjourned Annual School meeting at Lawrencetown on Tuesday evening, attended by a large and enthusiastic gathering of the ratepayers of the section, it was unanimously decided to vote \$10,000 for the erection and equipment of a new building, building operations to begin in the near future.

A building committee, composed of the trustees—Dr. L. R. Morse, chairman; John Stoddard and Fred L. Bishop, with additional members, T. G. Bishop, H. H. Whitman, L. D. Hanley and A. P. Ramsey were appointed. Several sites for the new building are being considered, but choice is likely to be made of the location on which the old building stands, this to be enlarged by the purchase of the land adjoining.

Lawrencetown's record as an educational centre has been a notable one, and it is the intention of the ratepayers of the section to maintain the reputation already established by providing an up-to-date school building.

Easter service was well attended in the Methodist church on Sunday evening. The musical program consisted of selections by the choir, solo by Rev. W. Harry Rackham, "The Resurrection Morn." Violin solo, by Paul Rackham, Handel's Largo. Subject of sermon by the pastor, "The Resurrection."

Rev. W. Harry Rackham, pastor of Methodist church, has been conducting services in the United church, Yarmouth, during Passion week the services in the Lawrencetown circuit, Sunday, April 5th.

Services in the Lawrencetown Methodist circuit for April 19th are as follows: 11 a.m., Port George; 3:00 p.m., Brookline; 7:30 p.m. Lawrencetown.

Church Services.

The Special Evangelistic services carried on last week in the Baptist church, Lawrencetown, will be continued this week on Wednesday, Thursday and Friday evenings at 7:03. The special speaker on Thursday evening will be Rev. G. W. Schurman of Belltown. All are cordially invited to these services.

The pastors appointments for next Sunday will be as follows: Lawrencetown 11 a.m.; Inglisville, 3 p.m.; Wills Hamston, 7:30.

Lawrencetown Flower Show.

As announced in our last issue we now give particulars of the meeting, presided over by Mr. H. H. Whitman, on Saturday, the 4th inst. It was agreed to hold the show in the Demonstration Building, on Wednesday, August 26th next.

Below is a list of the Ait Com-mitees appointed. The Convenor in each instance name first:—

Paradise—Mrs. V. S. Smith, Mrs. H. P. Layte, Mrs. F. W. Bishop, Mrs. J. W. Sproul.

West Paradise—Mrs. E. C. S. and Mrs. Bot-hamley, Mrs. E. W. Saunders, Mrs. Ewart G. Morse.

Clarence—Mr. s. Frank Ward, Mrs. Stewart Elliott, Mrs. S. B. Marshall, Mrs. S. B. Marshall, Mrs. Barclay Bishop, Mrs. W. A. Hunt, Mrs. B. Shankel.

North Hill—Mrs. lamston—Mrs. C. A. Good.
