The copy filmed here has been reproduced thanks to the generosity of:

Harriet Irving Library
University of New Brunswick

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harriet Irving Library
University of New Brunswick

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

EXTRACTS FROM A BYE-LAW RELATING TO THE HARBOUR OF THE
CITY OF SAINT JOHN, AND THE WHARVES AND SLIPS WITHIN
THE SAID CITY :

4. It shall be the duty of the Harbour Master, in person or by Deputy, to go on board of every ship or vessel of the burthen of two hundred tons and upwards (except steamers), which shall arrive or come into the Harbour of Saint John, within twelve hours after the arrival of such ship or vessel, to see that such ship or vessel is properly moored and secured ; and in case he is called on and requested so to do, to go on board of any vessel under the burthen of two hundred tons, to see that any such vessel is properly moored and secured. All vessels while within the said Harbour shall be under the control of the Harbour Master; and no vessel shall haul to any wharf or to any mooring buoy or into any slip, without the permission of the Harbour Master, under the penalty of twenty dollars, to be paid by the master or person in charge of any such vessel, and the Harbour Master shall

have the sole ordering and direction of all vessels as to their position, mooring, fastening, removal, berth for discharging or loading or otherwise in the said Harbour, and as to the extent of accommodation masters or persons in charge thereof may require from each other; and the Harbour Master shall have power to order and direct one vessel to be fastened to another by cable, hawser, rope, chain, or other fastening, and in such manner as he shall think fit. No master, pilot, or person in charge of any vessel in the said Harbour, and no person on board of any vessel in the said Harbour, and no wharfinger, slip master, or person in charge of any wharf or slip in the said City, shall disregard or disobey any order or directions of the Harbour Master in any respect, under the penalty of one hundred dollars, for each and every neglect or refusal to obey any such order or direction, and under the further penalty of twenty-five dollars, for every twenty-four hours during which any such person shall continue to neglect or disobey any such order or direction.

7. In the event of the disobedience, refusal, resistance, or neglect of any person or persons on board of any vessel to the orders of the Harbour Master to remove the same under the powers conferred upon him by the last preceding section, it shall be lawful for the Harbour Master to enter upon any such vessel with such assistance as he may require, and to remove the same; and he shall have the power of employing a sufficient number of men for that purpose, and also any tugboat or tugboats in his discretion, at the expense of the Owner, Master, or person in charge of such vessel, to aid him in enforcing such removal; and shall have the right to moor, anchor, or make fast such vessel at such other place as he shall see fit; and in case of the non-payment of the expense of such removal, to recover the same with costs by action of debt in any court of competent jurisdiction.

8. No person shall wilfully and without permission of the Harbour Master, unless in case of necessity, of which the Harbour Master shall be the judge, loose, or cast off, or cause or direct to be unloosened or cast off, any cable, hawser, chain, rope, or other fastening which shall have been made or fastened to any

vessel by the order or consent of the Harbour Master, under the penalty of eighty dollars.

9. No Master, Owner, Pilot, or person in charge of any vessel to which another shall have been fastened, shall cast off, or cause to be cast off such other vessel, without the consent of the Harbour Master first had and obtained, except in case of great need and danger, under the penalty of one hundred dollars.

10. Every ship or vessel lying at a wharf shall be provided with a sufficient and proper ladder or gangway, reaching from the wharf to the deck; and every ship or vessel lying outside of another, shall be provided with a sufficient ladder or gangway, which shall be placed so as to enable persons, goods, materials, and things to pass and be carried safely to and from such other ship or vessel, at such times and under such circumstances as the Harbour Master or his Deputy shall order and direct, under penalty upon the Master, Owner, or person in charge of such ship or vessel, of twenty dollars for each neglect of this provision.

11. The Master, Owner, or person in charge of any vessel lying at any wharf, or fastened to any other vessel, shall permit a free passage or way over the deck of such vessel for persons, goods, materials, and things of all kinds, to vessels lying outside or inside of the said vessel; and any person obstructing such free passage, or causing such obstruction, shall be liable to a penalty of twenty dollars for each and every breach of this section.

12. It shall be the duty of the Master, Owner or person in charge of any vessel having tenders, whether woodboats, scows, or lighters of any kind about her, for the purpose of loading or discharging, or any other purpose of said vessel, to have the same placed as close to such vessel as possible; and the number of such tenders at any one time shall be in the discretion of the Harbour Master, and they shall be placed as the Harbour Master may direct. 13. Rafts of timber at any vessel shall be kept as close to the same as possible, and no more timber shall be allowed to lie alongside of any vessel than a reasonable quantity in the discretion of the Harbour Master ; and Stevedores in charge of timber shall obey the orders of the Harbour Master respecting such rafts of timber, under the penalty of twenty dollars for each and every neglect.

14. No vessel shall be allowed to lie at anchor in the stream while discharging or loading when there is sufficient accommodation for her at any of the wharves or moorings, unless in the opinion of the Harbour Master good reason exists for so doing in which case the Harbour Master may permit any vessel to remain at anchor while discharging or loading, on payment of a sum daily equal to full wharfage, such payment to be in case of steam vessels, upon gross tonnage.

15. The master, owner, or person in charge of any ship or vessel having jib or spanker booms, or bumpkins, shall cause the same to be close in on the day of arrival, under the penalty of eight dollars for each and every day such ship or vessel shall not have such jib, boom or bumpkins close in.

16. No vessel shall be left without some person on board to take care of her, by night or by day, unless permission is given for this purpose by the Harbour Master.

17. All vessels lying at anchor in the Harbour shall keep a clear and bright light burning, at least six feet from the uppermost deck, from sunset to sunrise.

18. No vessel lying in the stream shall have any tow line, hawser, or other thing made fast to any wharf, or the shore, except to haul in or out, unless by permission of the Harbour Master.

19. Vessels may be moored in tiers, under the direction of the Harbour Master.

20. All vessels shall be taut moored with their bower anchors, and shall have good buoys and buoyropes at their anchors.

21. The penalty for violation of or not conforming to the

provisions of this law, and for not obeying the lawful orders or directions of the Harbour Master, or his Deputy, in respect to any provision for which no penalty is hereinbefore prescribed, shall be twenty dollars ; to be imposed upon the owner, or person in charge of the vessel not conforming to the particular requirement.

22. No ballast, stone, gravel, earth, or rubbish of any kind, shall be unladen, cast or emptied out of, or thrown overboard from any vessel whatever, in any roadstead, place of anchorage, or part of the waters of the Bay of Fundy, at the entrance of or near to the said Harbour, within the distance of three miles from the southernmost point of Partridge Island, under the penalty of eight dollars for each and every offence ; to be paid by the owner, master, or other person having charge of any such ship or vessel.

23. No ballast, stone, gravel, earth, coal, ashes, timber, wood, saw-dust, or rubbish of any kind, shall be unladen, discharged, deposited, thrown or laid, either from any vessel, boat, scow, or other such craft, or from any cart, wagon, sled, barrow, or other vehicle, or in any other manner, or by any person, from any wharf, bridge, or street, or from any part of the beach, or shore of the City, into any part of the Harbour of this City, or upon the beach and shore thereof, either below low water mark or between high and low water mark, or in or upon any of the slips of the said Harbour (excepting upon grounds from time to time appointed and designated by order of the Common Council for the reception of ballast, when said grounds are properly protected by close-faced wharf or wharves to protect such ballast from being washed into the said Harbour), under the penalty of forty dollars for each and every such act ; to be paid by the owner or owners, master, or person having charge of any vessel, boat, scow, or other craft from which such ballast, stone, earth, saw-dust or rubbish may have been discharged, or the owner or owners, or person driving any cart, wagon, sled, barrow, or other vehicle from which the same may have been unladen, or by the person or persons having thrown such ballast, stone, gravel, earth, coals, ashes, timber, wood, saw-dust, or rubbish, as aforesaid, or the person or persons who employed such person or persons to throw the same ; provided tha

on conviction for any offence under this section, one half of the penalty when recovered and received, shall be paid over to the person on whose information the conviction was obtained. In case the several ballast berths appointed by the Common Council be at any time occupied, it shall be in the discretion of the Harbour Master to permit ballast to be discharged at other wharves or places properly prepared and secured to receive the same, or at any wharf from which such ballast may be hauled away in shore.

24. All ballast, stone, gravel, earth, coal, ashes, timber, wood, saw-dust, or rubbish of any kind, that shall or may be deposited contrary to the provisions of this law, into any part of the Harbour of the said City, or upon any part of the beach, shore or slips aforesaid, either below low water mark or between high and low water marks, shall be removed within such time thereafter as shall be directed in writing by any two members of the Common Council, the Mayor being one ; and if any such ballast, or other matter as aforesaid, shall not be removed within such time as shall be so directed for that purpose, the person that shall have so deposited the same, or the owner or owners, master or person having charge of any vessel, boat, scow or other craft, wagon, sled, barrow, or other vehicle from which the same may have been unladen, or the person or persons having thrown the same from any wharf, bridge, or street, as aforesaid, or the person or persons who employed such person or persons to throw the same, shall forfeit and pay the sum of eight dollars for each and every day that the said ballast or other matter as aforesaid, shall so remain in the Harbour, or on the beach, shore, or any of the slips of the said Harbour of the said City, after the time directed for the removal thereof as aforesaid,

25. In discharging any coals, manganese, or ore of any description, ballast, stone, earth, gravel, ashes, sawdust, or any rubbish of any kind, from any vessel in any part of the said Harbour, or in loading any coals, manganese, or ore of any description, or any ballast, or other matter as last aforesaid, into or upon any vessel, a sufficient piece of canvas or tarpaulin shall be annexed to the said vessel, discharging or loading the same,

extending from the ballast port or gunwale of such vessel to the wharf, vessel, lighter, or boat upon or into which the same shall be discharged, or from which it may be laden, so as to prevent any part of the said coals, manganese, ore, ballast, or other matter from falling into the said Harbour, under the penalty of twenty dollars for each and every neglect ; to be paid by the owner or owners, or master or person having charge or command of such vessel so discharging or loading any such coals, manganese, ore, ballast or other matter as last aforesaid.

The Harbour Master shall have power at all times to determine, order, and direct what number of large scows, and also what number of small scows shall lie in any of the market slips, at any one time, and the owner, master, or person in charge of any scow, persisting in bringing the same into either of the said slips, when warned not to do so by the said Harbour Master ; and every owner, master or person in charge of any woodboat or scow, refusing or neglecting to obey the directions of the said Harbour Master, to remove the same from either of the said slips after it has been unladen, shall forfeit and pay a sum of eight dollars for each and every such neglect or refusal.
