FIRST DIVISION IN HOUSE BORDEN HAS MAJORITY OF 44

Test of Strength Came on Sir Wilfrid Laurier's Amendment to the Address—Pardee's Sharp Attack on Blodin Moves Premier to Threaten Reprisals.

BOURASSA RULES IS MURPHY'S VIEW

OTTAWA, Nov. 29.—(Special.)—The Borden government, on the first division in the house of commons, the result of which was announced at 4.30 this afternoon, had a majority of 44. The division was on the amendment to the address, moved by Sir Wilfrid Laurier a week ago last Monday, for the reason that there was no mention of the government's naval policy in the speech from the throne. The amendment set forth "that it is a fundamental principle of constitutional government that the advisers of the crown shall be heard in accord on all important questions of public policy," and in conclusion declared "that the inclusion by the prime minister in the present cabinet, of men holding diametrically opposite views on a question of the highest importance to the Dominion and the empire, is contrary to the well understood principles of responsible government, and should not receive the approval of the house."

Commission For Oliver Charges

OTTAWA, Nov. 29.—There is a probability that the Oliver charges, the investigation of which was prevented by the dissolution of parliament last summer, may not be re-opened before a committee of the house, but may be referred to a royal commission. There are said to be special reasons why this course should be followed, but no decision has yet been reached.

SUFFRAGETTES ROUT ASQUITH

Premier's Attempt to Speak in Church Drowned in Tumult—Labor Leader is Indignant.

LONDON, Nov. 29.—(Canadian Press.)—Suffragettes, in pursuance of the policy of militant tactics, recently revived, invaded the City Temple to-night, and by noisy interruptions, prevented Premier Asquith from delivering a speech on settlement work. The premier, after repeated efforts to get a hearing, left the church in disgust. The trouble began as soon as Mr. Asquith mounted the rostrum. Scores of women who had gained admittance to the famous nonconformist church, greeted him with cries of "Votes for Women." One of their number challenged him to a pillar and was removed only after a violent struggle, during which the audience was in an uproar. James Ramsay MacDonald, the Labor leader, who spoke after Mr. Asquith had left, described the scene as an insult to the prime minister and a degradation to English public life.

ROYAL WELCOME FOR WHITNEY IN GUELPH

Many Hundreds Failed to Gain Entrance to Opera House After Big Demonstration—Sir James, on Behalf of Dr. Pyne, Replies to Rowell's Statements.

GUELPH, Nov. 29.—(Staff Special.)—It required a detachment of police to keep back the surplus crowds who attempted to gain entrance to the opera house to-night to hear Sir James Whitney give an account of his stewardship as prime minister of Ontario during the past seven years. Long before the appointed hour for the meeting the entire auditorium, consisting of ground floor and two galleries, was filled to overflowing, and the doors had to be closed when evening hours were exhausted. Nearly 1,000 were outside unable to gain admittance. The Royal City certainly did extend a cordial welcome to Sir James to-night. Continued on Page 10, Column 3.

FOY RETICENT

Dr. Reaume Can Say What He Likes—Will Stick to Statements.
Hon. J. J. Foy last night refused to discuss the statement made by Hon. Dr. Reaume, minister of public works, that the former was bringing the bilingual school question before the people when it should not be made an election issue at all. Hon. Mr. Foy recently said bilingual schools are illegal and would have to be abolished. Hon. Dr. Reaume says this is only Mr. Foy's personal opinion in the matter, and should by no means be taken as the party's position. When asked by The World if he had any reply to make to Dr. Reaume's statement, Hon. Mr. Foy said: "I will say nothing further on the question. I shall certainly stand by my speeches, but I shall make no comments to-night. Let Dr. Reaume say what he likes. He knows his own business." Continued on Page 10, Column 2.

SHUSTER MUST GO RUSSIA GIVES ULTIMATUM

Unless Treasurer-General is Dismissed in 48 Hours, Troops Will March on Persia's Capital—National Council is Reluctant, but Country is Helpless.

TEHERAN, Nov. 29.—(Canadian Press.)—Russia's ultimatum has been delivered to Persia. Russia demands the instant dismissal of W. Morgan Shuster, the American treasurer-general of the financial department, and indemnity for the expenses incurred in sending Russian troops to Persia. Should the dismissal of Mr. Shuster not be carried out within 48 hours, Russian troops will march on Teheran, and the additional expenses will be added to the indemnity. It is stated confidently that the national council will not comply with the demands. Mr. Shuster, in an interview to-day said that the cancellation of his contract

P.E.I. GOVERNMENT RESIGNS.

CHARLOTTETOWN, P.E.I., Nov. 29.—At a meeting of the Palmer government to-night, it was decided to resign as soon as departmental matters were put to rest. This course is taken owing to the two by-elections on Nov. 15 going against the government, and putting the Liberals in the minority. Mr. Matheson, Conservative, will therefore shortly be called upon to form a new administration.

PORCUPINE BULLETIN.

PORCUPINE, Nov. 29.—(Special.)—London capital, known as Porcupine Development Co., taken over options held by Major Vane on 150 claims scattered over many sections of the camp. Weather moderated and snow is falling. Roads are being broken following 40 hour blizzard. Chas. Fox.

LETTER CARRIER SERVICE, NORTH TORONTO.

Mr. Ross Dominio postoffice superintendent, has completed arrangements for beginning a letter carrier delivery in the Town of North Toronto on Tuesday next. He will start six carriers and a supernumerary. Street letter boxes for drop letters have also been placed in position.

John Drew's Leading Lady.

Miss Mary Boland, who created such a favorable impression when she was here last year as "Smith" in the play of that name, will again be with Mr. Drew when the noted actor comes to the Princess next Monday for a week's run in "A Single Man." The sale of seats for this important engagement opens this morning.

Will Fight City Rates.

WINNIPEG, Nov. 29.—(Canadian Press.)—The directors of the Winnipeg Electric Railway held a prolonged meeting last night and this morning it was authoritatively stated that the city's new schedule of rates for light and power will be met by the company.

Mutilated Body Found.

MONTREAL, Nov. 29.—With both legs cut off, one hand severed at the wrist and his head badly bruised, the dead body of a man about 50 years of age was found by the side of the railway tracks at Bordeaux this morning. He is thought to be Louis Delcourt of St. Janvier.

FUR-LINED OVERCOATS.

A fur-lined coat is always worth more than you paid for it when the weather demands heavy clothing. Just now is a real good time to purchase a fur-lined coat at Dineen's, because prices are more than reasonable and the stock is exceptionally large. Two hundred new fur-lined coats for men will be put into stock to-day. Prices ranging from \$35 to \$390. Everything guaranteed pure fur, and the best of outside cloth.

G. T. P.'s Charter in Balance

OTTAWA, Nov. 29.—(Special.)—The period for the completion of the Grand Trunk Pacific expires in a day or two, and if no legislative action is taken the charter will lapse. It appears that the company overlooked the matter and neglected to secure the necessary extension legislation. It is understood that legislation will be hurried thru by consent, as otherwise the securities of the road might be endangered.

OLD HELLWELL FARM ON DON MILLS RD. SOLD

37 Acres Just Outside City Bound-
ary Brings \$200,000—Will
Be Subdivided.

The Hellwell tract of 37 acres on the Don Mills-road, east side, has been sold to C. W. Chadwick of the Colonial Realty and Securities Co. The lot is immediately north of the city limits and is exactly a quarter of a mile north of Danforth-avenue. The price was \$200,000. One operator offered \$150,000 spot cash three weeks ago, and others have been bidding up until \$200,000 was reached, which is equal to \$5400 an acre. It is the intention of the purchasers to put in all civic improvements and then subdivide the property. The purchasers will have to sell at an average of \$35 a foot to make anything like a reasonable profit. The property is the last of the original 200 acre farm owned by the Hellwells, who acquired it from the Playfers, to whom it had been crown-granted in 1796. The Hellwells had a brewery and distillery in the Don Valley in the early days, and this portion of the property has remained in the possession of the family for a good deal over 100 years, the owner at the time of the sale being Alexander J. Hellwell, who has lived a great many years in Toronto. This is one of the few instances in the city of land remaining for that length of time in the ownership of the same family. The old farm immediately to the south, namely lot 11, was crown-granted to the Playfers, and a considerable portion of it is still held by them, the quite a lot has been put on the market in the last few years.

KILLED BY TRAIN.

WHITBY, Nov. 29.—(Special.)—Harry Atkinson, aged 19 years, second son of Ed. Atkinson, a farmer on Kingston-road, two miles west of here, was killed this afternoon by an afternoon train, westbound, on the Grand Trunk. Harry was shooting alone and, stepping from the eastbound track to avoid a freight, was struck and instantly killed by the westbound passenger train. The funeral will be held Friday afternoon.

New Line to Orillia.

It is expected that the Canadian Northern will, in the near future, run a thru service from Toronto to Orillia. The line from Uxbridge to Orillia is now ready for traffic, and when the C. N. O.'s new station at Orillia is completed a service will be started.

Fielding Estimates Are Adopted By New Government

Only \$100,000 Pruned From Over \$48,000,000, and Total for Current Year Will Approach \$128,000,000—Supplies May Be Put Thru Christmas Adjournment.

OTTAWA, Nov. 29.—(Special.)—In the commons this afternoon, Hon. W. T. White, minister of finance, tabled the estimates for the seven months of the current fiscal year from Sept. 1 to March 31, 1912. They amount to \$48,683,472, or about \$100,000 less than those tabled by Mr. Fielding in July last for the same period. Here and there a few deductions have been made, but the estimates are practically those brought down by Mr. Fielding. As estimates to the amount of \$79,218,107 were voted by the late government, the total for the current year will be \$127,912,510. It is explained on behalf of the government that, while the estimates of the old government will be voted, including the naval estimate, it does not necessarily mean that in all cases the money will be expended. If not spent, the appropriation will be allowed to lapse. Smooth Sailing. In view of the fact that the estimates were prepared by the former ministers, and have been adopted by the new government, it is not expected that much difficulty will be experienced in putting them thru the house, and a record is likely to be made with the business of voting supplies between now and the date of adjournment for the Christmas holidays. The estimates for the fiscal year 1912-1913 will be introduced later on in the session. They are at the present time being prepared by the various departments.

DUKE BECOMES LL.D. AND MEMBER OF PRESS CLUB

Attends Upper Canada College—Duchess Visits Sick Children's Hospital.

Upper Canada College was visited by the Duke and Duchess of Connaught yesterday afternoon, the duchess visiting the Sick Children's Hospital, and the duke had a degree conferred upon him at Toronto University, and was entertained by the Toronto Press Club at the King Edward Hotel.

At the college the rifle company formed a guard of honor at the entrance. Principal Auden and W. G. Gooderham, chairman of the board of governors, received them. The students were assembled in the main hall. The principal spoke briefly, telling of the foundation of the college under Governor Colborne. Then the head boy, Ralph Gibson, read an address. After the duke had replied he commanded the principal to declare to-day a full holiday. A reception was then held to the governors and ladies.

The duchess visited the hospital later. She was received by John Ross Robertson, chairman of the executive committee; Miss Brent, superintendent, and the staff and trustees. One of the patients presented the duchess with a bouquet.

Duke a Doctor of Laws. At the university 300 students were assembled in Convocation Hall. There his royal highness had conferred upon him the degree of LL.D.

In answering the address the duke expressed admiration for the many spirit displayed by the students of Ottawa College and Varsity in their recent football match, witnessed by the duke at Ottawa. Her royal highness was presented with a bouquet from the Women's Alumni, three young ladies making the presentation.

STEEL BARS HIGHER Judge Gary Says Bankruptcy Threatens Many Industries.

NEW YORK, Nov. 29.—(Canadian Press)—Simultaneous advance in the price of steel bars by the United States Steel Corporation and the Republic Iron and Steel Company, the latter one of the largest of the independent producers, was announced to-day. For immediate delivery, bars have gone up \$1 per ton, Pittsburgh basis, and for future delivery, the increase amounts to \$1.25.

More than ordinary interest attaches to the increase by reason of the testimony offered by Judge Gary before the senate committee on interstate commerce to-day. Chairman Gary was quoted as saying that many manufacturers were at the moment selling below cost and were threatened with bankruptcy if they continued.

In well informed trade circles, it was declared that orders recently received by the steel companies have increased the output about 40,000 tons daily, which is considerably in excess of recent operations.

ARIZONA WANTS A SEAPORT AND COAST LINE. Arizona is the big territory lying at the extreme southwestern angle of the United States. It has an area of fifteen square miles, enough to make fifteen states of the size of New Jersey.

As yet it has a population of only 204,354, or about half as many as Essex county, but it is ambitious to become a state and to acquire a coast line and a seaport and thus develop maritime importance.

At present Arizona is completely landlocked. On the west it abuts the great States of California and Nevada, separated from them by the tortuous line of the Colorado River, but on the east side, imaginary line, running only an oblique, imaginary line, running for more than 200 miles in a north-westerly direction. This oblique line, great discomfort to the citizens of Arizona, and also to the United States, for it runs almost parallel with the coast line of the Gulf of California, leaving a strip of land some fifty miles wide and 150 miles long between Arizona and the coast line; a strip about 100 miles long, and 150 miles wide, and having a population of 1,000,000.

Indian Team for N.L.U.

MONTREAL, Nov. 29.—The Caughnawaga Indian Lacrosse Club will renew their application to be admitted to National Lacrosse Union, and hope that with the mix-up in lacrosse just now, their request will receive a better hearing than it did last year. M. McD. Jacobs, the manager, states that he is prepared to draw up a cheque any time for a franchise, and that he is convinced his team next year will be fifty per cent. stronger than it was last season. He also thinks that a real Indian team, that can put up a good fight, will be a greater attraction, if as well advertised, as the white teams, than the lacrosse mascots seem to imagine.

School Soccer Finals

Dufferin. 3.30 p.m.—Perth v. Armette. 4.00 p.m.—Frankland v. Earlscourt.

MAINSHEET \$15,000 AT THE OLD GLORY SALE

Twelve Year Old Harness Horse With a Record of 2:35 Brings Top Price.

NEW YORK, Nov. 29.—Mainsheet, a 12-year-old-black stallion, by Director General—Pittell, to-day fetched the largest sum yet realized for a single animal in this year's Old Glory Horse Sale at Madison Square Garden, and Cobb Bros. of Wellsville, N.Y., bid him in for \$15,000. He has a record of 2:36 and is a sire of note. Probably the greatest interest of the day centered in the sale of the 8-year-old Ed. Custer, which as a 2-year-old forced the Abbe to do 2:04, a world's record, to defeat him and Custer's get. The stallion is by Barenmore—Marble. He was bought by Steiner Bros. of Lima, O., for \$3800. Of Ed. Custer's family, Orphant Annie, a 2-year-old filly, brought the highest price, going to B. O. Shank of North Randall, O., for \$1000. The average price paid for the Custer stock was \$600 a head.

Cobb Bros. were considered by horsemen to have picked up a bargain when Direct Hall, 2044, by Direct—Bessie Hall, was knocked down to them for \$600. Other animals disposed of at \$100 or over were: Prince McKinney, b.k.a. by McKinney—Extra, to H. Parker, Bedford, Mass., \$1200. Lady Cochato, b.f. by Cochato—Peggy Baron, to C. J. King, \$1400. Miss Thomas, b.f. by Mainsheet—Sis Thomas, to A. McDonald, Indianapolis, for \$1250.

Horsemen attending the sale are still talking of the low prices realized for good animals. They point out instances, the purchases to-day of Allie Wood, a stallion with a record of 2:04, for \$500, and his son, Earl Wood, a 4-year-old with a record of 2:18, for \$200.

Another notable performer that went for the proverbial song as Jowers, 2:17, which went for \$25, and will be sent back to Austria, from where she came two years ago. The following were purchased by Canadian buyers: Jack McKerron, trotter, 2:04, b.a., 8, by John A. McKerron—Jimmy, by Nutwood, Crow & Murray, Toronto, \$1200.

The peer, trotter, 1:57, b.k.a., 12, 12, 12, by Chimes—Grace Hamlin, by Manfredo King, J. D. Smith, Stellarton, N.S., \$710. Empire King, trotter, 2:16, b.a., 5, by Empire Expedition, A. E. Maroon, Quebec, \$650. Reproaches, pacer, 2:04, b.k.m., 10, by Direct Hal, J. R. Morency, Quebec, \$750. Amazon, pacer, b.s., by McKinney, E. Dennis, Quebec, \$435.

Local Horsemen in New York. A number of local horsemen, including Charles A. Burns, Percy Pearson, T. A. Crow, John T. Hutson, Charles Dennis, A. C. Hutson, John Ward, Gordon Knowles, William Swartz, Jack Montgomery and Vic. Rowntree, are in New York this week, attending the East-Tipton sale of trotters and pacers. They are all on the lookout for steeds to race on the ice. The big purses offered by the associations that will promote ice racing this season will have the effect of bringing out a record number of horses.

The campaign will open with the four days' meeting of the Toronto Driving Club, which is to begin Christmas Day, and the Ottawa and Hull meetings will follow in order, Jan. 4-5 and Jan. 12-13 respectively. The entries for the stake events at the latter two meetings close to-morrow, Dec. 1.

Willie Lewis Walloped

NEW YORK, Nov. 29.—Mike Gibbons, the St. Paul welterweight, had the better of Willie Lewis of this city in every round of their ten-round bout at the Waldorf, A.C. last night. In the second round the westerner dropped Lewis for the count of seven. From the second to the sixth he merely toyed with the local man, apparently being willing to let Lewis stay the ten rounds. In the sixth Gibbons showed Lewis with lefts and rights, jabbing him at will, and had his man down. Thereafter, until the beginning of the final round, Gibbons stood Lewis off and landed where he would. Just before the last bell the westerner appeared to be trying for a knockout, but his effort came too late.

LADIES' CORNER BY MORTENSE DE BRIS. MOTHERS, DO YOU REALIZE THE IMPORTANCE OF PROPERLY TRAINING YOUR CHILDREN? JUSTICE TO YOUR FUTURE GENERATION DEMANDS THAT YOU TEACH YOUR CHILDREN TO BATTLE WITH THE DANGERS OF THIS WORLD. NOT WITHSTANDING THE FACT THAT EACH YEAR THE AUTOMOBILE FLATTENS LARGE BUNCHES OF CHILDREN, STATISTICS SHOW THAT NINETY NINE PER CENT OF THE DEATHS IN AMERICA OCCUR IN BED. FOND PARENT, DOES THIS NOT SUGGEST SOMETHING TO YOU? DOES THIS NOT SHOW THE GREAT DANGER OF SLEEPING IN BEDS? MOTHERS, IT IS YOUR DUTY TO START NOW TO TEACH YOUR OFFSPRING TO SLEEP STANDING UP. THURSDAY MORNING, NOV. 30, 1911

SUFFRAGE EXTENSION IN BRITAIN.

Next session of the British Parliament will be at once the most momentous and stirring for many years. Three measures of supreme importance will be introduced and forced thro the house of commons no matter what their fate may be when they reach the house of lords.

The prime minister sprung a surprise on parliament and the country when he announced that a manhood suffrage bill would be introduced. The proposal itself was not new, had indeed been part of the Liberal platform for years.

Wheat prices in England for six centuries are shown in the current issue of the crop report of the department of agriculture. This is not given in the report as news, explains The Washington Star, but is one of the curious bits of information occasionally incorporated in the periodical.

The record begins in the decade from 1261 to 1270. Wheat was then fifteen cents a bushel, and it continued with slight variations under twenty-five cents a bushel till 1520. The highest point reached in the intervening time was twenty-two cents, in 1561.

From this high point there has been a decline in prices ever since, till in the decade from 1871 to 1880 the price had fallen to \$1.08. In the past two decades prices have ranged from eighty-five to ninety cents a bushel, the present trend being upward.

BRITISH DIPLOMACY. Sir Edward Grey has never been altogether acceptable to the peace-anxiety section of the British Radicals. With Mr. Asquith, Lord Haldane and other prominent statesmen, he was a Liberal-Imperialist and far more anxious to preserve continuity in the nation's foreign policy than to follow sentiment however laudable.

INCREASE IN HOME MARKET REFLECTED IN MONTREAL FIGURES. MONTREAL, Nov. 29.—The export livestock trade from the port of Montreal for the season 1911 was brought to a close to-day by the sailing of the steamship Montreal of the Canadian Pacific Line, with 516 head of cattle for London.

LABOR'S STAMPING GROUND Will Work Hard for East Toronto's Vote. The committee and organization workers of the local labor party met in Pouton's Hall last night to lay plans in the interest of their candidates, James Stevenson and David Bullock.

WHY LAND OWNERS OBSTRUCT INDUSTRY.

I own an eleven-acre tract of land in West Philadelphia, writes Joseph Peis in La Follette's Weekly. I paid \$30,000 for it some years ago. I recently refused an offer to sell it for \$100,000.

THE CITY OF BABYLON.

In an accidental way some Arabs have discovered an old Chaldean city in Mesopotamia. It is believed to be the city of Nineveh, the site is now known as Yokka.

LIBERALS MAY ADD A FEW LOCAL CANDIDATES TO THE DISH ON NOMINATION DAY—LABOR PARTY ACTIVE.

An overweening self-confidence typical of pre-election days seems to characterize the organizers and workers in each political camp. A. E. Hacker, who is one of the greatest optimists in Toronto and organizer of the local Liberals, is confident his party will take a new lease of life and regain its lost prestige in this city.

May Be Opened on Schools on Saturday Mornings. At the next meeting of the management committee of the board of education the report of the inspectors will recommend in part as follows:

ENGLISHMEN AND HUMOR.

With the smile of the lost Mona Lisa as a text, an "Englishman" discusses the humor of the English, and particularly the humor of the English in the English. It appears that our humor has no mystery. It never provokes the ironic smile, but tickles to the hysteric laugh.

ELECTRIFIED MASTS TO PREVENT HAILSTORMS.

The idea that hailstorms can be prevented or controlled still persists in France and Italy, in spite of the failures of the past. Experiments with electrified masts have been made by M. de Beauchamp, and he seems to have satisfied himself that an area of two miles in all directions around the masts is free from hail.

NOTABLE SPEAKERS FOR BANQUET.

NEW YORK, Nov. 29.—James Bryce, the British ambassador; Hon. R. L. Borden, minister of Canada; noble and John A. Dix of New York; R. C. Smith, K. C. of Montreal, and Rev. Charles A. Eaton, D. D., of this city, will be among the speakers at the banquet of the Canadian Society of New York on Friday, Dec. 8, it was announced to-night.

THE PUBLIC SCHOOL SYSTEM OF PARIS

Public schools differ in many respects in Paris from those of this country. Children in the French capital enter the primary department when as young as six years and remain until twelve.

From the very beginning, states a writer in an exchange, boys and girls are put in separate schools, and the course of instruction and the discipline are practically the same for each sex.

If the parents are poor, their children are given the lunch free and also furnished with a sufficient quantity of bread and milk.

The children in the public schools have 176 holidays in the year and the Paris school authorities assist the pupils in spending their vacations wisely and well.

Readers manual training features, which are much the same as those introduced in the public schools of this country, every pupil in the primary department is required to learn some drawing and the elements of singing.

COLLECTION OF POLISH COINS FOR NATIONAL MUSEUM.

The Polish National Alliance of the United States of North America has presented to the National Museum at Washington quite an extensive and interesting series of coins of the Kingdom of Poland issued during its day of independence.

Mr. Herdman, again called, said that he had done, till nothing was left to be done, till nothing was left to be done, till nothing was left to be done.

"We, the undersigned, officers of the Polish National Alliance of the United States of North America, tender herewith, to the Smithsonian Institution (United States National Museum) in Washington, District of Columbia, the following collection of ancient Polish money, coined by the kingdom of Poland in the days of its independence.

Advised by the biologists of the University of Copenhagen, the Danish Government has placed a row of fifty electric lights along a submarine cable extending from the coast of Funen to the Island of Fano, to prevent the migration into the sea of the eels which inhabit the inner waters, and which fishery is a great loss to the fishermen.

CEMENT WORK OF SUPERIOR GRADE

Declare Inspectors in Filtration Enquiry—City Officials Dismissed for Doing Duty, Says Witness.

It was declared in evidence given at the inquiry into the filtration plant, commenced by Judge Winchester yesterday, that poor material was put into the plant. The inquiry will be continued to-day.

David Hunter, who was at one time an inspector, told of having been assaulted while working there. He was working on the mixing machine and the loads of sand and gravel were supposed to be of a certain size.

Major Beattie spoke briefly. He recalled that these exact words, "we owe nothing to England," and more of the same tone, were spoken by Mr. Y. McLean, a prominent Liberal in the last parliament, and that they then went unrebuked by Mr. Pardee.

Mr. Borden spoke briefly, but with considerable warmth. He said the observations just given were very much of the same flavor as the house had been accustomed to since the beginning of the session from the members of the opposition.

Mr. Borden continued by saying that, before he sat down, the last speaker was obliged to withdraw almost everything he had said, and therefore, as no charges remained, there was little to answer, and nothing against the character or loyalty of the gentleman whom

First Decision in House Borden's Majority 44

motion led to another protest from the Liberal side of the chamber, quite similar in character to the one made by Sir Wilfrid Laurier at the time of the election of Dr. Sproule as chief commoner, only this time it was Fred Pardee, chief Liberal whip, who spoke.

Mr. Pardee said that for years it had been the custom of the Conservative party to declare that it was the ultra-loyal party in Canada. For years he had been familiar to the ears of Canadians. The Liberals, the speaker declared, had not paraded their loyalty in the manner of their opponents, but they had as much loyalty as the Conservatives ever had or ever would have.

The Duke To The Pressmen

The Duke of Connaught's reply to the address of the Associated Press Clubs, at the informal reception of the Toronto Press Club yesterday afternoon, was the most human, most democratic expression that has ever come from royalty in this country.

"About it there's a certain free and easy fellowship, a true, heartfelt sympathy with the work of the men who record the daily life of the people, that will be appreciated as much by the people as it was by the newspapermen."

"His reply is as follows: 'Gentlemen, I have had the great pleasure in receiving your address, and I thank you for the cordial terms in which it is expressed, and also for your invitation to come and meet you here to-day.'

"You, gentlemen, represent what is, or should be, the greatest power for good and evil in the land, for it rests with you to a great measure to educate popular opinion and to furnish the public with reliable information and instruction."

"A further duty falls upon you, that of teaching the youth of the country to speak and write their own language in a proper way, and I must confess that a cursory glance at some of the papers drives me to the conclusion that you are occasionally rather regardless of this educational responsibility."

"I do not allude to the baseball and football news, for the sporting supplement is couched in a language which is beyond the comprehension of all but the most earnest student."

"But I have often remarked a carelessness of expression and a picturesque but totally ungrammatical form of writing in the more serious portions of the press, and that is why I make a friendly appeal to the editors present to urge the young men of your staff to write pure English."

"The phenomenal rapidity of the growth of the Dominion increases the difficulties of the journalist, and the end of these difficulties is not yet in sight, for I believe that your expansion is only beginning, and that the development of the resources of the country is only in its infancy."

"Trusting that I am right in this belief, I wish you every success in your undertakings, and hope that notwithstanding the difficulties in your path, you will maintain a national press of which all Canadians may be proud."

SOME PINNACLES OF THE CARDINALS

Eighteen Recipients of Red Hat Pledged to Serve Pope Absolutely—Pontiff's Tribute to English Catholics.

ROME, Nov. 29.—(Canadian Press.)—The final ceremony in the creation of the new members of the sacred college will take place to-morrow in the Hall of the Beatification, when the red hat will be conferred on the 18 new cardinals, who include Mr. Falconio, formerly apostolic delegate to Canada and the United States; Mr. Farley, Archbishop of New York, and Mr. O'Connell, Archbishop of Boston.

The pope expressed the hope that the example of Catholics in England and Holland would influence the return of other countries to the bosom of the church. He spoke sorrowfully of the persecution of the church in France, trusting that divine mercy would hasten the day of repentance and end by imparting the apostolic benediction.

A Comprehensive Oath.

The new cardinals have received the text of the oath which they will take to-morrow before entering the public consistory. It is a modified form of the ancient oath, and is as follows:

"I, of the Holy Roman Church, cardinal of . . . promise and swear from this hour hence as long as I live to be faithful and obedient to the Blessed Peter, the Holy Roman Apostolic Church and the Most Holy Lord Pius X., and also his canonically elected successors. I swear to give no counsel, not to concur in anything and not to aid in any way against the pontifical majesty or person; never to disclose affairs entrusted to me by the nuncio or in their letters, willingly or knowingly, to their detriment or dishonor; to be ever ready to aid them to retain, defend or recover their rights against all. I shall fight with all my zeal and all my force for their honor and dignity. I shall defend the legates and nuncios of the apostolic see in all places under my jurisdiction, provide for their safe journey, treat them honorably on their coming, during their coming and on their return, and resist, even to the shedding of blood, whoever would attempt anything against them.

Guard Against Machinations.

"I shall try in every way to assert, uphold, preserve, increase and promote the rights, even temporal, the liberty, the honor, privileges and authority of the Holy Roman Church and our lord the pope and his successors. When I shall come to my knowledge of some machination prejudicial to those rights, which I cannot prevent occurring, I shall immediately make it known to the pope, his successor, or someone qualified to convey such knowledge to him.

No Power to Wit.

"When summoned for any reason by the Holy Father or his successors, I shall obey, or, when detained by just causes, I shall endeavor to procure my excuses, to show due reverence and obedience. I shall never sell, give away, mortgage or alienate, without the consent of the Roman Pontiff, the convents, churches, monasteries, or their benefices committed to me and I shall likewise observe inviolable the constitution of the supreme Pontiff Pius X., beginning 'vacante sede apostolica,' given at Rome on the 25th day of December in the year 1904, concerning the vacancy in the holy see and the election of the Roman Pontiff.

Free of Civil Power.

"I swear not to receive a commission from any civil power in any pretext to propose veto, even under the form of a simple desire, in accordance with the constitution 'commissum nobis,' given by Pius X., January 24, 1904, and not to disclose anything, no matter how known to me, either in open conclave or to the individual cardinals by writing or orally, directly or indirectly, before or during the conclave, and I promise to lend no help, or countenance to intervention of any civil power in the election of the pope.

Imposing Procession.

This afternoon all the new cardinals went to the Vatican and their arrival there formed into procession, and preceded and accompanied by the Swiss and Noble Guards and personages of the papal court, passed through the magnificent halls to the state apartments. The newly-created cardinals were then introduced into the presence of the pontiff. Pius X. greeted each of the cardinals to kiss his hand and his foot, afterwards imposing upon each

ROYAL WELCOME FOR WHITNEY

Continued From Page 1.

Eight. Four hundred members of the Bowden Club, all carrying torches and headed by the G.M.S. Band, marched down to the station to greet the premier on his arrival. The procession escorted the premier, as he drove to the city to the opera house. Gaily decorated with flags and banners, the interior of the building looked very attractive, and a huge motto, "Scholfield will win," adorned one of the boxes.

Major George J. Thorp of Guelph presided and the speakers were H. C. Scholfield, the Liberal-Conservative candidate in South Wellington, and A. Kelly Evans.

One More Bouquet.

Since his present political tour began Sir James must have accumulated a regular conservatory, for he was presented with another huge bouquet to-night just as he commenced his address. Little Miss Hilda Hewitt of Guelph made the presentation.

Sir James Whitney never appeared in better form for public speaking than he did to-night. The man's honesty bubbled out very clearly in his references to what the government had done for Guelph.

"There had been a lot of discussion," said the prime minister, "as to what the government has done for Guelph. He wanted it understood that he would say nothing in his speech as to what had been done for Guelph, nor would he say what would or would not be done in the future.

"Whatever the government of Ontario has done for the City of Guelph was done because it was the duty of the government to do it, and whatever it is the duty of the government to do for Guelph in the future will be done, regardless of who is returned from this constituency to the legislature.

"Whatever I may be or do I will never drop down to a plane where people might be influenced by the things they might or might not get." (Applause.)

Not One Mother Tongue.

Sir James ridiculed the published statement of N. W. Rowell last night at North Bay, in which the Liberal leader said that Hon. Dr. Pryne had insisted that the mother tongue of every teacher in the province must be English.

"Such a statement would be ridiculous," said the premier, "for there are many school teachers in Ontario whose mother tongue is not English. I am authorized by Dr. Pryne to deny that he ever said such a thing, and he has already telegraphed his denial to the people of North Bay."

"I suppose you noticed," said Sir James, "a coarse and brutal attack on me the other day in a Globe editorial. I would not mention it at all except that it refers to some reference made by me to Mr. Rowell. I suppose Rev. James A. Macdonald keeps a lot of such 'Billingsgate' and other stuff on tap and lets it loose once in a while. But even after this, it would not surprise me if next Sunday, or some other Sunday, this distinguished ecclesiastic would get up in the pulpit and tell the people how to live. He can do both things and never turn a hair." (Laughter.)

Defends Three-Fifths Clause.

In making a strong defence of the three-fifths clause, Sir James instanced the County of Dufferin, which had now almost gone dry.

"Was it not water," he asked, "that local option should be obtained by a vote so strong as to leave no doubt of public feeling, rather than by a bare majority of half a dozen, perhaps, leaving a community divided into two hostile camps glaring at each other until three years had passed, permitting anything to go on? Do you mean to tell me that Christianity is morally or anything that is good or admirable is helped by such a condition as that?"

H. C. Scholfield, the candidate, said the opposition had gone along the higher roads and ways to find some scandal in the administration, but that he could point their finger, but could find nothing.

The Ontario Agricultural College, the Winter Fair and the Prison Farm are all going to be enlarged, and no better way could this be brought about than by supporting the government of Sir James Whitney.

A. Kelly-Evans said that although he was a member of the R. C. Y. C. he had turned down the invitation to attend the ball in Toronto to-night, at which H.R.H. the Duke of Connaught was the honored guest, in order that he might spare the platform with Sir James Whitney and help to tell what wise legislation had been done in Ontario since the present government came into power.

PROTEST AND RESTRICTIONS FOR DUKE

Continued From Page 1.

The duke entered heartily into the dance and gambled thru the grand chain with good nature. He was evidently explaining that they do not dance the lancers that way in dear old England. Her royal highness was a model of grace and ease, and altogether the set was a great success.

Usher will be alternately furious and elate when it hears that the duke danced to the strains of the "Wearing of the Green" and "Protestant Boys" in Karl Kaps' delightful "Soldiers of the Queen." Then there was more waltzing and by 11 the supper dance with its seductive attraction, in "Alexander's Rag-time Band," arranged for a two-step, covered the entire space of the ball-room with six or seven hundred couples. And then the royal party faded away into the supper-room and the real business of the evening—began or ended, just as you please.

Storm in Reichsrath.

VIENNA, Nov. 29.—The lower house of the Reichsrath was the scene of a violent outbreak to-day during the debate concerning judicial appointments. The Czech deputies started the riot by refusing to hear the explanations of the minister of justice and hooting him down whenever he attempted to make himself heard.

A scene of indescribable confusion followed. The Czechs, resenting what they termed insults hurled at them by the Germans, stormed the ministerial benches, throwing ink wells and brandishing chairs. Several deputies were knocked down and severely injured. Friends of the minister of justice surrounded him and stood off his foes while he made his escape.

Showman Sanger Murdered.

LONDON, Eng., Nov. 28.—"Lord" George Sanger, the famous circus showman, was murdered by an employe on his farm at Finchley, London, to-night. The murderer escaped. His motive in killing his employer is not known. Sanger sold his show to P. T. Barnum in 1874.

RUSSIA'S ULTIMATUM

Continued From Page 1.

Whatever may be the feeling of the Persian people in the present affair—and it is said to favor Russia—Persia is helpless before the Russian Cossacks. In some quarters it is rumored that the Russian action, which is looked upon as an affront offered to American prestige, will be resented by the United States Government, as Mr. Shuster was recommended for the position he holds by the state department at Washington.

The presentation of the Russian ultimatum has put an end to the cabinet crisis. After a stormy sitting the national council to-day approved another ministry, formed by Premier Samsames Sutanah, with Voooseogh Dowlish as minister of foreign affairs.

HEAVY FIGHTING AROUND TRIPOLI.

MALTA, Nov. 29.—Many fierce attacks have been made by the Turks and Arabs on the Italian positions at Derna and Torbruk, according to Turkish reports. The losses on both sides are approximately 1,000. The Italians apparently fear to advance beyond the range of the naval guns.

Denver has taken up a position opposite Benghazi with 100 Bedouins, 3,000 Turkish and 30 modern guns.

TRIPOLI, Nov. 29.—Although there has been no general action here since Sunday, the Turks continue their incessant attacks. The Italian and Turkish artillery are bombarding each other intermittently. Cholera in the city has practically been stamped out.

HELPING NATURE FIGHT DISEASE.

The earliest clue to one aspect at least of the problem of immunity was given by the classical researches of Elie Metchnikoff of the Pasteur Institute in Paris. His studies had to do with the white blood corpuscles. Every one who has ever viewed a drop of blood thru a microscope will recall that there were to be seen in the midst of the flood of red blood corpuscles a certain number of larger bodies of somewhat irregular shape, practically colorless, that seemed to be endowed with the power of movement. These are the white corpuscles, or leucocytes, writes Dr. H. S. Williams in Harper's Magazine.

They have been familiar to physiologists since the first microscopic lenses were made, but their function had been a mystery. It was early learned that the red corpuscles are the carriers of oxygen. But what white corpuscles do is not so clear. They are supposed to be the body's scavengers, and it is generally believed that they are engaged in the destruction of bacteria. These tiny but highly important parasites were seen to be taken into the bodies of the leucocytes and presently dissolved or digested. Moreover, even though the bacteria were disease-engendering species, they seemed to produce no ill effect upon the leucocytes.

Thus it appeared that at least one function of the white blood corpuscles is to act as scavengers in the blood—a sort of department-of-health officer keeping guard since the first microscopic lenses were made, and promptly using its efforts to remove any noxious foreign substances that intrude themselves into the important highway.

Just why the leucocytes gathered at the presence of an army at a port subject to foreign invasion by a hostile host. The object of antiseptic dressings, which shut out every one now familiar, is to shut out the leucocytes at the point of entry. In proportion as the dressings effect this purpose, there remains no need to agitate leucocytes at the point of entry. In point of fact, the absence of pus shows that they are not called upon when the modern method of antiseptic treatment has rendered them superfluous.

The external dressing applied by the modern surgeon has in effect barred out the enemy, just as a line of submarine torpedoes or coast batteries off New York Harbor might keep an invading navy's force at a distance, making it unnecessary to call on our land forces.

Crippled with Sore Back

Kidneys Were Badly Diseased and She Didn't Know It.

Was Completely Cured by Less Than Three Boxes of

DR. CHASE'S KIDNEY-LIVER PILLS

Women are very often deceived and mistaken in regard to kidney disease. The pains in the back are attributed to other derangements, and kidney disease is allowed to run and on until beyond the reach of medical science. There is needless suffering, and life itself is risked, because backache is not recognized as the marked symptom of kidney disease.

There is no treatment which so quickly relieves and cures kidney pains in me back as Dr. Chase's Kidney-Liver Pills. As proof of this read Mrs. Patterson's letter:

Mrs. Richard Patterson, Halldmand, Green Co., Que., writes: "I will gladly say that I was cured of kidney trouble by using Dr. Chase's Kidney-Liver Pills. When I began using this medicine I was crippled with sore back and did not know what the trouble. In looking over Dr. Chase's Almanac I saw Dr. Chase's Kidney-Liver Pills advertised and decided to try them."

"I had not used two boxes before my back was all right, and before I had completed the third box was entirely cured. There has been no return of the old kidney trouble, and I therefore believe the cure to be permanent."

One pill a dose, 25c a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Call Money at 6 Per Cent. in Wall St. a New Record for Year

Another Big Slump in Market Is Followed by a Late Rally

Heavy Selling Movement by Professionals Keeps Wall Street Guessing—Short Covering Boosts Prices—Toronto Market Firm.

NEW YORK, Nov. 29.—Traders were bearish to-day and stocks gave way. The pressure on the market could not be attributed to any unfavorable influence from without, for the day was barren of events bearing directly enough upon security values to explain the movement. Apparently it was the work of professional traders, who, taking advantage of the general reluctance to buy stocks at this time, attacked the market. This unwillingness to buy was enlarged, largely, by the fact that congress is to meet on Monday and that the president's message, taking up the "trust" question, is soon to be read. Business was also checked because of the holiday to-morrow.

As a result of the heavy selling of the week the short interest is believed to have been enlarged considerably, and for a time to-day it appeared as if the bears had over-reached themselves. A quick rally movement after the opening in a number of stocks in which there was a vulnerable short interest sent up prices quickly. But the bull did not possess sufficient strength to maintain their advantage, and the list quickly sold off again. The attack upon the market was continued until some of the active issues showed a loss of 3 points or more from yesterday's close.

N.Y.C. Was Weak.

The bears chose Reading as the target for their heaviest attacks, and this stock was under heavy pressure most of the day notwithstanding the increasing earnings shown in the October report. New York Central was conspicuously weak and was influenced unfavorably by unconfirmed reports of new financing. The copper stocks as a group were especially weak, being sold off considerably on a falling off in the demand for the metal.

Call Rates Higher.

Call money rose to six per cent. to-day, as compared with 3-1/2 at the close yesterday. This rate is the highest of the year. The sharp advance supplied campaign material for the bulls, but was not regarded as of special significance at this time, as it was the last business day of the month, and it was necessary to complete arrangements for December first interests and interest disbursements.

AN ERRATIC MARKET.

The New York market yesterday was a very erratic affair, and acted much in the same way as characterized the session of the previous day. During the morning heavy selling carried prices down in rapid order, until declines of well on to two points were shown thruout the list. This was followed by a substantial recovery, and at the close quotations showed only a fractional loss for the day. Call money rose to another high record for the year, at 6 per cent. Further irregularity is promised when business is resumed on Friday.

Harriman Road Earnings.

The October statements of earnings of the Harriman railroads, handed out yesterday, were not so favorable as expected, both Union and Southern Pacific showing decreases from the same period last year. The report follows:

Southern Pacific—Decrease:

Gross Net	\$ 558,830	\$ 74,103
From July 1	1,555,641	86,170
Oct. 1 to 29	1,319,934	48,790
From July 1	1,719,951	78,028

Union Pacific—Decrease:

Gross Net	\$ 181,934	\$ 48,790
From July 1	1,719,951	78,028

CONSOLS STILL GOING DOWN.

LONDON, Nov. 29.—Money and discount rates were higher to-day. The settlement was concluded on the stock exchange with one small failure. The market declined after an opening, but fair purchases in foreign securities and home rails helped to make a steady recovery. Consols declined on the higher discount rates and the forthcoming issue of £3,500,000 treasury bills.

American securities opened steady and unchanged. Later in the forenoon prices advanced on light covering. New York selling caused recessions in the late trading, and the market closed weak.

CORPORATION COMMISSION

Chairman Gary of U. S. Steel Advises Its Creation.

WASHINGTON, Nov. 29.—Chairman E. H. Gary of the U. S. Steel Corporation, appeared before the senate committee on interstate commerce. Mr. Gary recommended that corporations be placed under the same command as required to take out a federal license and that a corporation commission be organized with power to grant and revoke licenses and to regulate prices. He said that provision should be made to take appeals from the commission's ruling to the commerce court. Publication of Mr. Gary's statement is much needed at present. This would do most to force corporations to live up to the law.

ON WALL-STREET.

Erickson Perkins & Co. had the following: The stocks which were thrown upon the market this morning by speculators went into strong hands and where the bear party realized this they tried to beat a retreat in the last hour. They bid prices up on themselves without being able to get much. With the short interest substantially increased we look for a somewhat further rally. The arguments used for selling stocks were very weak. They will not appeal to investors. Such government regulation of new securities issues as we may get will help investors and enhance their holdings. The steel trade apparently has turned the corner. The rise in call money is between five and six per cent., due to preparations for December disbursements and has no other significance. This is no reason for selling stocks. They should be bought on sharp drives.

Big Risk, But Big Interest.

NEW YORK, Nov. 29.—Port Au Prince, Haiti, advises that Hallgarten & Co. have offered to make a loan of \$2,500,000 to the Haitian Government at 6 per cent. interest and 1-1/2 per cent. commission.

European Bourses.

BERLIN, Nov. 29.—Trading was active and prices were firm on the bourse to-day.

PARIS, Nov. 29.—Prices were steady on the bourse to-day.

THE DOMINION BANK

Notice is hereby given that a dividend of three per cent. has been declared upon the Capital Stock of this institution for the quarter ending 31st December, 1911, being at the rate of twelve per cent. per annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Tuesday, the 2nd day of January, 1912, to shareholders of record of 30th December, 1911.

The Annual General Meeting of the shareholders will be held at the Head Office of the Bank in Toronto on Wednesday, 31st January, 1912, at twelve o'clock noon.

By order of the Board,
C. A. BOGERT,

Holiday Across the Border

To-day being Thanksgiving Day and a public holiday in the United States, the New York Stock Exchange, the cotton market and all financial institutions will be closed. There will, of course, also be no session of the Chicago Board of Trade, or the western wheat exchanges.

MONTREAL STOCK MARKET

Reactionary Trend Generally in Evidence—Dominion Park Higher.

MONTREAL, Nov. 29.—Prices on the local stock market to-day at a rule displayed a reactionary tendency and there were declines thruout the list, with the close easy. The selling pressure, however, was not excessive. Dominion Power, the marked advance in which was the feature of yesterday's market, after selling at 135, weakened to 124, with the closing bid 135 3/4. Montreal Street closed fractionally higher at 225 1-2. Toronto Rail weakened to 135 1-2, and Rio held at 121 3-4. Rich-elle, after selling at 122 1-4, weakened to 124, with the closing bid 122 1-4. Shawinigan, after selling at 122, weakened to 121 1/2. Steel Corporation weakened to 56 1-2, with that figure bid and 56 3-8 asked at the close. Dominion Park was an exception to the general list, opening at 102 and advancing to 106, with that figure bid and 108 asked at the close.

GLUT OF MERGERS

And Navigation Consolidation Attracts Little Public Interest.

That there has been a glut of mergers in the stock market of late, and that it will take something entirely out of the ordinary along such lines to inspire any material public interest, these facts were plainly evidenced in the announcement of the purchase of the Niagara Navigation Co.—Hamilton Steamboat Co.—Turbina Steamship Co. amalgamation.
