Forty-Five GERMAN WARSHIPS REVEAL TO ATTACK REVAL

BOITI H. CARRY POINTS CLOSE UPON JERICHO

General Allenby Reports Success Only Four Miles From Town.

BATTLING IN STORM

Turks Give Way Before Advance, Despite Strong Resistance.

London, Feb. 21.—A further advance of three and one-half miles on a front of seven and three-quarter miles east of Jerusalem has been made by the British forces in Palestine, the war office announces. The British are now within four miles of Jericho. The operations are being continued.

The British also advanced north-west of Jerusalem to a maximum depth of one mile on a front of four miles. These advances were made thru a difficult country, despite heavy rainstorms.

The war office reports: "Yesterday our advance east of Jerusalem was resumed, despite heavy rainstorms.

"Moving thru a difficult country, in which the enemy offered obstinate resistance, our troops made progress to the extent of 3 1/2 miles on a frontage of about 7 1/2 miles, appearing within four miles of Jericho.

"At the same time our line was advanced to the northwest of Jerusalem in the sector west of the Jerusalem-Nabulus road, to a maximum depth of one mile on a front of four miles.

"Co-ordinating with this advance, our air services made effective bombing attacks against enemy camps and depots on the left bank of the Jordan about Shunet Nimrin, 10 1/2 miles east-northeast of Jericho.

"Our losses in the operations of Thursday were very slight. Those of Wednesday have not yet been reported. "The operations are continuing."

DISTILLERS WANT TIME TO SELL THEIR STOCKS

Z. A. Lash Urges Importance of Request on the Dominion Government.

Ottawa, Feb. 21.—Z. A. Lash, K.C., Toronto, was here today to urge upon the government the importance of giving the distillers time to dispose of their stocks before bringing war time prohibition into operation.

"Next week the Quebec brewers are coming to Ottawa to interview the government. It is understood that they will urge that the brewers of that province should be exempt from the prohibition against the continuance of the manufacture of light beers.

DEPRECATES TALK ABOUT WAR AIMS

Viscount Milner Says Britishers Are Fighting for Their Lives.

UNITY AND CO-OPERATION

Enduring Peace Will Be Brought About by World's Free Nations.

London, Feb. 21.—Viscount Milner, member of the war cabinet, speaking at Plymouth today, deprecated too much talk about war aims.

"Until peace negotiations are reached," he said, "we are fighting for our lives and the very existence of the free nations of western Europe. As a result of the collapse of Russia the military party of Germany is again firmly in the saddle. Doubtless many of the people of Germany loathe the continuance of bloodshed for mere aggression, but at present they are quite powerless."

Lord Milner contended that it was no longer a question of destroying Prussian militarism, but whether Prussian militarism would destroy the allies and dominate Europe and part of Asia.

"President Wilson and Premier Lloyd George have made it perfectly clear," he continued, "that we have no desire to dismember Germany, dictate her constitution or exclude her from a fair share of the world's intercourse. There can be but one answer to Germany's challenge and that answer may involve greater sacrifices and endurance than heretofore."

Lord Milner then referred to the Versailles war-council, which brought nearer to real co-ordination the efforts of the allies and to concrete realization the great conception of a single allied front. He had no fear of a revolution in England, and he said, national unity and the co-operation of all the free nations of the world would assuredly bring an enduring peace."

TREMENDOUS ROW KICKED UP IN PARLIAMENT OF AUSTRIA

Poles, Czechs, Slavs, Ostentatiously Quit Reichsrath During Speech of Premier Seydler—Socialists Seek Direct Peace Negotiations With United States.

Amsterdam, Feb. 21.—The Austrian Socialists have convoked mass meetings to support their demand that direct peace negotiations shall be opened with the United States.

The Austrian Emperor has warned the leaders of the different parliamentary parties that he will prorogue the reichsrath and govern the country by absolute methods if a majority is not secured for the provisional budget.

Wild scenes in the reichsrath on Tuesday on the occasion of Premier Seydler's speech are described in a Vienna despatch to The Berlin Vossische Zeitung. The Czechs and Slavs at one point ostentatiously quit the house and during the greater part of the premier's speech maintained a continuous din. There were cries of "Lies! Treachery! Tell them that in Berlin!" and similar expressions.

The premier was audible only to those nearest to him. Czech protests are loud against the advance of the German troops in Russia.

The Poles are extremely dissatisfied with the Austrian Government and demand that the Ukrainian frontier shall be fixed at the River Bug and that Count Czernin, Austro-Hungarian foreign minister, shall be dismissed.

OPEN GRATE CAUSES SMALL BOY'S DEATH

Son of Ex-Ald. George Weston Dies From Burns, While Mother and Father Also Badly Burned.

Eleven-year-old Grant Clifford Weston, son of ex-Ald. George Weston, 469 Palmerston boulevard, died at 5 o'clock yesterday afternoon as a result of burns received in the morning while dressing for school before an open fire, and his mother is lying seriously burned and the father also nursing badly burned hands and arms from the same accident.

The little fellow was dressing shortly after 8 o'clock when his nightdress was drawn too close to the open grate and caught fire. His cries brought his mother, who was scantily clad, and she was also badly burned. Mr. Weston fortunately was in the house and hurried to his assistance, managing after great difficulty in smothering the flames.

A number of doctors were in attendance all day, but no hope was held for the little boy, who was released from his suffering in the late afternoon.

Mrs. Weston is badly burned and will be confined to her bed for a long time, while Mr. Weston's hands and arms are also badly burned, though he is able to be about the house.

The family is identified with the Bathurst Methodist Church and the little boy attended King Edward School.

The funeral of the child will be held Saturday.

ENEMY SENDS BIG GUNS TO AMERICAN FRONT

Artillery Duel Continues Night and Day With U.S. Cannon Making Many Hits.

With the American Army in France, Feb. 21.—The artillery duel continues night and day. The enemy is firing an ever greater number of shells but only insignificant damage has been done to the American lines. American shells, on the other hand, appear to be hitting important enemy positions with regularity, except when a ground haze obscures observation.

Activity in the air has not diminished and numbers of German machines continue to cross the American lines. Today a German machine flew so low that it emptied its machine gun into a group of American soldiers gathered around a camp kitchen. The enemy airmen in the airplane were clearly seen. No casualties were reported today.

A large number of German guns are now opposite the American front. Among them are some 88's, probably from the Russian front.

British Headquarters in France, Feb. 21.—(Via Reuters' Ottawa Agency.)—Great patrol, raiding and aerial activity constitute the only news during the present period of waiting for the Germans to begin their attack. The weather was wonderfully fine, and along the greater part of the front the condition of the ground was good enough to render offensive operations on a large scale feasible.

The correspondent heard a dozen reports yesterday that the Germans' effort had been both in the north and south and also that the Franco-American line had taken the offensive. These and the rumors will probably be repeated daily.

From Passchendaele to our southern flank we are everywhere very busy with whatever is coming.

New York Manufacturers Face Charge of Cheating Government

New York, Feb. 21.—Abraham Purach and Leon Levine, two of those indicted here today for frauds against the government, are known in trade circles here as the largest army cloth contractors in the city. Since the United States entered the war it is said they have made over 1,000,000 garments for the government. They are charged with having appropriated to their own use remnants of army cloth from three to six yards long and worth from \$3 to \$4.50 per yard, instead of utilizing these goods in the making of uniforms and overcoats for American soldiers.

FACES FOOD FAMINE THE MOST CRITICAL IN HISTORY OF U. S.

Food Controller Says Shortage in Eastern Section Will Last Two Months.

BLAMES THE RAILWAYS

Cereal Exports to Allies Will Be 45,000,000 Bushels Short.

Washington, Feb. 21.—The eastern part of the United States faces a food shortage likely to continue for the next sixty days.

In making this disclosure tonight Food Administrator Hoover declared that the situation is the most critical in the country's history and that in many of the large consuming areas reserve food stores are at the point of exhaustion.

The whole blame is put by the food administrator on railroad congestion, which, he says, also has thrown the food administration far behind in its program for feeding the allies.

The only solution he sees is a greatly increased rail movement of foodstuffs, even to the exclusion of much other commerce.

It was very evident tonight that the railroad administration is inclined to resent Mr. Hoover's blame of the railroads, and Director-General McAdoo declared he was ready to provide every transportation facility for expediting food movement. The railroad administration, he said, had suggested that farmers be urged to release their grain holdings to the large number of available cars might be utilized in moving them.

Cereal exports to the allies, Mr. Hoover's statement says, will be 45,000,000 bushels short by the end of February, and "unless" shipments also are far short of the amounts promised, inability to move the crops, Mr. Hoover says forth, has suspended the law of supply and demand, and had created a price margin between producer and consumer wider than it was ever before.

A large part of the corn crop is about to spoil because it is not moving to terminals for such an extent, percentage of soft corn in last year's crop, all of which must be dried if it is to be saved. It is the largest ever known. Estimated place the amount as high as a billion bushels.

The cost of grains for feeding livestock has increased to such an extent by reason of transportation difficulties, Mr. Hoover says, that feeders are confronted with the prospect of serious losses. Dairymen, interested, too, he declares, are hard hit.

Potatoes, the food administrator declares, are spoiling in the producers' hands while consumers have been supplied only from summer garden crops and stores carried over.

Russia has nullified allied plans of aid.

Latest Developments Make Measure of Assistance Devised Impossible.

London, Feb. 21.—The Daily Mail's Petrograd correspondent, telegraphing Wednesday morning, says that the latest developments there have made impossible measures of assistance which the allies were preparing to give Russia in her fight against the enemy.

The text of the day statement reads: "Army group of Gen. von Eichhorn: Our regiments from Moon Island and the Baltic coast, having crossed the sound, marched into Estonia and occupied Leal. In the march along the Gulf of Riga, thru Pernau and Lenzburg, there was fighting for a short time in which 500 prisoners and 20 guns were taken. Our troops marched thru Lenden and are now before Walmar. Between Drinsk and Pinesk we are pressing eastward.

"Army group of Gen. von Linsing: The Stovman continues along the whole front. Important railway and road junctions have been occupied. Rovno has been cleared of the enemy.

"It is impossible yet to give an approximate estimate of the booty. Up to now the following has been announced: "Prisoners: The general in command of an army, several divisional commanders, 425 officers and 3700 men. Booty: 1553 guns, 120 machine guns, 4000 to 5000 motor cars, trains with about 10000 carriages, many of which were laden with food, airplanes, and an incalculable amount of other war material."

Milder weather today. Observer says that cold wave has passed away.

Melting winds and cheering skies may again be looked for. Weather Observer Stupar stated last night that the weather would become a little warmer again, the very high pressure area having broken up. By this evening pedestrians may find it damp underneath and mild overhead.

BRITISH AIRCRAFT EXCEL IN SERVICE

Aviators Assist in Silencing Hundred and Twenty-Seven German Batteries in Day.

Eleven Raids on Germany

Heavy Destruction of Enemy Flying Machines Proceeds Thru Aerial Offensives.

London, Feb. 21.—The great assistance which the air services, naval and military, now being combined under the air council, have rendered to the armies in the field was described in the house of commons today by Major J. L. Baird, parliamentary secretary to the air board, when he introduced the estimates for that department in September last 139 enemy machines were definitely ascertained to have been destroyed by British airmen, 13 were brought down by anti-aircraft guns and 122 were driven down out of control. Thru the direction of airmen in one day 127 hostile batteries, said Major Baird, were successfully "engaged to destruction," meaning that the airmen reported that the batteries were silenced, 28 gun pits were destroyed, 89 more were damaged, and 60 explosions of munition dumps were reported. On the same day 24 hostile batteries were "engaged to destruction" as a result of balloon observations.

In September 15,337 photographs were taken and 7888 bombs were dropped on various military points on the German lines. There had been eleven raids into Germany in the past two months, while the Germans succeeded in carrying out only eight into Great Britain, despite the fact that London was more easily reached than anything Germany could offer.

HYDRO MUNICIPALITIES CALL MASS MEETING FOR TORONTO

Dissatisfaction Over Premier's Answer to Ottawa Deputation Causes Decision to Discuss Railway Situation and to Prepare for Campaign.

Ottawa, Feb. 21.—"In view of the unsatisfactory reply of the prime minister to the deputation presenting the resolutions passed at the meeting held recently in Toronto, that a general meeting of both associations comprising all municipalities and public service organizations in Ontario be held in the City of Toronto to discuss the railway situation, and the clauses of the revised Railway Act, and to prepare for a campaign to secure our rights."

The foregoing resolution, expressing dissatisfaction with the result of the interview with the government today, was passed at a meeting held tonight at the Chateau Laurier by the representatives of the Hydro-Electric Association and the municipalities who today asked for the nationalization of the Grand Trunk Railway along the lines laid down in the Drayton-Acworth report, electrification of the branch lines and the revision of the Railway Act so as to give municipalities full control of their streets.

Sir Adam Beck, Mayor of Toronto, and the other delegates were present at the meeting and it was stated that the resolution was passed unanimously. It was also stated that a mass meeting would be called at Toronto within a fortnight, at which all the municipalities that have passed hydro bylaws, will be represented, as well as other municipalities. At the meeting arrangements would be made for a vigorous propaganda.

It was also intimated that a mammoth delegation will wait upon the government during the approaching session of parliament to again press the views of the Ontario municipalities upon the government.

MERCHANTS SUMMONED BECAUSE LIGHTS BURNED

Two Yonge Street Storekeepers Will Have to Explain to Court This Morning.

The first action on the part of the police in enforcing the conservation of electricity according to the recent lighting restrictions took place yesterday, when two Yonge street merchants were summoned to appear in court on a charge of using electricity in their stores during prohibited hours.

It is alleged that the lights in the premises of the De Luxe Hat Company, 269 Yonge street, were burning all Sunday night and Monday morning. The Buchanan Fur Company, 264 Yonge street, is said to have had lights burning all Monday night and Tuesday morning. Representatives of both firms will appear in the police court this morning to give an explanation.

According to the order-in-council recently passed in connection with the conservation of light, the penalty for this offence is a fine not exceeding \$100, or a term of five years in prison, or both, if the offence should warrant it.

BRITISH TAKE OVER ANOTHER STRETCH OF FRENCH FRONT

Transfer Successfully Made of Section Below St. Quentin.

NO HITCH OCCURS

Forces Perform Exceedingly Delicate Operation Without Single Blunder.

With the British Army in France, Feb. 21.—Another striking illustration of the co-ordination between the allied armies on the western front has been given in the successful transfer of a considerable stretch of the front below St. Quentin from French to British hands. From the inception of this delicate operation no hitch occurred. Thousands of French troops and scores of great batteries moved quietly and methodically out of the line day after day to make room for similar British units. It was done as easily as the whole vast program had been rehearsed.

Great credit is due the French for the excellent conditions in which they left the defences in this important region. Untold confusion, perhaps disaster, might have resulted had the defensive system been inferior, but it is such as to draw the highest praise from the British command.

When the correspondent visited this sector a few days ago he found the defences firmly established in their new home. The section is one of the most interesting on the British line. It is a country of wooded hills, pleasant valleys and quaint ancient towns, many of which are now in ruins, but still retaining some of the picturesque features which made them favorite stopping places for tourists in days before the war.

St. Quentin in Ruins. St. Quentin, which formerly was dominated by both French and British artillery, is a fascinating spectacle, partly because of its magnificent ruins and partly because of the great force of German troops which find quarters there. Long-continued gunfire has reduced the principal buildings to a state of ruin, but the grandeur of the place has not departed. The structures of the city are only shells of their former selves. The white walls of the wonderful cathedral still rear themselves high above the town and are visible for many miles. The roofs are badly shattered and the towers have long since been blown away. The town hall, the palace of justice and other buildings are in a similar condition.

Occasionally one sees a dark figure framed in some window of one of the many towers in St. Quentin. Other-wise there is no sign of life, altho it is known that thousands of men are hidden among the ruins. St. Quentin is a German garrison, but none better than are possessed by the British.

TWELVE WERE FINED. Special to The Toronto World, Trenton, Feb. 21.—Thirteen residents of this town were summoned to appear before Police Magistrate O'Rourke to answer charges of infraction of the Ontario Temperance Act. Twelve were convicted and fined \$200 and costs each.

THREE MILLIONS FACE STARVATION. New York, Feb. 21.—Information that three million persons in Turkey, Armenia, Persia and Syria now face death by starvation has been received here by the Presbyterian Board of Foreign Missions.

GERMANS CAPTURE MINSK IN ADVANCE

Enemy Invasion of Russia Proceeds With Little Reported Opposition.

MUCH BOOTY IS SECURED

Important Railway and Road Junctions Reached and Secured in Drive.

Berlin, via London, Feb. 21.—The German troops have entered Minsk in their advance eastward in Russia, according to the report from headquarters this evening.

The text of the day statement reads: "Army group of Gen. von Eichhorn: Our regiments from Moon Island and the Baltic coast, having crossed the sound, marched into Estonia and occupied Leal. In the march along the Gulf of Riga, thru Pernau and Lenzburg, there was fighting for a short time in which 500 prisoners and 20 guns were taken. Our troops marched thru Lenden and are now before Walmar. Between Drinsk and Pinesk we are pressing eastward.

"Army group of Gen. von Linsing: The Stovman continues along the whole front. Important railway and road junctions have been occupied. Rovno has been cleared of the enemy.

GERMAN NAVY MOVES UP TO ATTACK REVAL

Forty-Five Enemy Warships Approach Russian Naval Base.

TROTSKY WILL RESIGN

News of Landing of Hostile Troops Forces Bolshevik Crisis.

London, Feb. 21.—Forty-five German warships were approaching Reval on Wednesday, according to a message received by The Express from its Petrograd correspondent. Troops have been landed at Reval, and The Daily News Bolshevik correspondent telegraphs that Trotsky will probably resign.

When the Russian delegates to the Brest-Litovsk peace conference refused to agree to the conditions laid down by the German delegates Gen. Hoffman, head of the German delegation, is reported to have said: "Within a week after the ending of the armistice we will occupy Reval."

The above despatch would indicate that the investment of Reval has actually begun.

On Feb. 18 the German army resumed operations on the Russian front.

OLIVER DEFEATED BY SOLDIER VOTE

Government Increases Majority to Fifty, With More to Come.

QUEBEC UNCHANGED

Sevigny and Blondin Do Not Get Enough Ballots.

By Staff Reporter. Ottawa, Feb. 21.—Hon. Frank Oliver, who had a majority of 82 on the civilian vote in West Edmonton, is defeated, and Brigadier-General Griebach, the Unionist candidate, elected by the home soldier vote. Oliver got 15 soldier votes and Griebach 187, so that the latter now leads by 172 in the election of Hon. E. N. Rhodes in Cumberland. The government majority has therefore risen from 46 to 50. The present standing is: Government, 142; Laurierite, 92. Nelson election deferred.

Other changes expected to be made by the soldier vote are Pictou, Hants, South Cape Breton and South Essex, where Laurierites were elected by the civilian vote, but with small majorities. The home soldier vote will all be counted by Saturday, and overseas vote is expected to be completed this week also.

No Change in P.E.I. The Prince Edward Island votes were counted today. They totaled 384, and made no change in the civilian result. The opposition made a clean sweep in the island. In King's J. J. Hughes got 14 and Melissac, the government candidate, 56. In Prince Edward, Reed got 29 and Letourgy, the government candidate, 56. The two Laurier candidates in Queens, Warburton and Sinclair, received 67 and 66, and Martin and Nicholson 159.

There is no change in Quebec, and it is not probable that the overseas vote will affect the result. However, J. H. Rainville, in Chambly-Vercheres, saves his deposit. The deputy-speaker required 40 to do this, and he got them. Hon. C. J. Doherty increased his majority in St. Anne's by 240, and Sir Herbert Ames by 191 in St. Antoine. Hon. Albert Sevigny and Hon. P. E. Blondin got a good soldier's vote, but not enough to save them. The former received 200 to his opponent's 191 in Westmount. St. Henri, and the latter 208 to his opponent's 43 in Laurier-Outremont.

Small Average. The average soldier vote in the rural constituencies of Quebec was 40, but in Burlington no vote was recorded, while in Yarmouche there were only three.

The western soldier vote is going very strong for the government candidates. Andrews, who had a civilian majority of 14,000 in Winnipeg Centre, has increased it by over a thousand. He gets 1088, while his Laurierite opponent secured only 48. In Moose Jaw, Hon. J. A. Calder gets 202, and Somerville 19.

DECIDED TO YIELD BY ONE MAJORITY

Bolsheviki Show Distracted Counsels Over German Invasion.

Petrograd, Feb. 21.—The decision of the soldiers' and workmen's delegates to accept the German peace terms was reached by a majority of only one vote, after a heated debate lasting through Monday night. Lenin, Trotsky, Ensign Krylenko, commander-in-chief, and many other leaders addressed the council. Military men explained the impossibility of offering effective resistance, but no decision was reached until messages had been received showing that the Germans had captured Dvinsk with ease and were advancing all along the front.

Before the capture of Dvinsk Premier Lenin said he was opposed to peace, but finally urged that peace must be obtained at any price in order to insure the reconstruction of Russia. He said the Germans were advancing on a solid front from the north to the south. The announcement of Russia's decision to accept the German terms was sent by wireless at five o'clock Tuesday morning. At first the German wireless station showed a disposition to refuse to take the message, but finally, four hours later, acknowledged it. The Nova Jizn says the Bolsheviki have brought the affair to an ignominious end, and have proved themselves to be adventurers who are willing to keep themselves in power at any price.

BANK REFUSES BRANDON
Will Lend No More Money and City is in Difficulties.
Winnipeg, Feb. 21.—A special despatch from Brandon to the Telegram says that the Imperial Bank has declined to loan the city of Brandon any more money and that even in the matter of current salaries the city treasurer will have to make special application to the bank. Deficits from the operation of municipally owned public utilities and decrease in the payment of taxes are said to have placed the city in a serious financial difficulty.

ENEMY CONTROLS AIR IN AMERICAN SECTOR

Uncle Sam's Troops Have to Take Cover Whenever Enemy Machine Appears.
With the American Army in France, Feb. 21.—Control of the air in the American sector belongs to the enemy. Any officer at the front will make this declaration—all have made it. The control is obvious. German airplanes come and go over the American lines almost at will. Every time the Germans come over, their path thru the sky is followed by fleecy shrapnel puffs. But the Boche is clever while flying and manages to come over and take pictures, make observations and do virtually whatever else he desires, and then calmly sails home without interruption. For days the Germans have been flying over certain towns where American troops have been resting after periods in the trenches. Once or twice these daylight observation tours have been followed the same night by the enemy bomb planes. So free and unrestricted are German airmen that in some towns the commands are under strict orders to disappear under cover the moment a German airplane is sighted. The question most asked from one end of the American front to the other is: "When are some American planes coming here?"

FREIGHTER IN TROUBLE

Coastal Steamer Rescues Six Men, But Seven Still on Board.
St. John's, Nfld., Feb. 21.—A coastal steamer which reached Marystown, on the south coast, today reported that the small freighter Acadia, bound from St. Pierre for a port in France, was disabled Tuesday night off Burin by an accident to her machinery. Efforts to get a towing hawser aboard were unsuccessful on account of the heavy seas, but the coastal steamer picked up six men of the Acadia's crew and brought them to Marystown. Tomorrow the coastal steamer will return to the Acadia and make another attempt to tow her. Seven men remain on board.

SIMPSON'S NEWS MEET OPPOSITION

James T. Gunn Questions What He Calls Delegate's Speculation.

LABOR IN BRITAIN

Recent Suggestion for League of Nations is Discussed.

James Simpson, who delivered an address last night before a large gathering at the regular meeting of the District Trades and Labor Council in the Labor Temple upon his experience and while in the British Isles, found a critic in James T. Gunn of the Greater Toronto Labor Council, who was not noted much in value in Mr. Simpson's address.

"When Delegate Simpson entered the realm of speculation," said Mr. Gunn, "I must assert my prerogative to take issue with the speaker. What he said to the Independent Labor party of Britain has made great strides in membership during the last three years. He refers really to only two small sections—Clyde and Leicester, which latter is the seat of Mr. Ramsay MacDonald.

It was thus that Delegate Gunn seconded a vote of thanks to the speaker of the evening, Delegate O'Connor, who had just finished his address, but in an article in the "Commonwealth," G. N. Barnes had written that the speaker was not facing the British people, but rather the British Labor Congress.

In January, 1917, continued Mr. Simpson, represented by \$500,000 trade unionists met at Spenser Hall, Westminster, and there outlined a proposed league of nations. These 3,000 delegates, representing the British labor movement, were as devoted to the welfare of the British people as the speaker of the evening, who was devoted to the welfare of the British people.

Another delegate principle speaker at this conference, said the speaker was the right of all hitherto unrepresented workers to a say in the determination as to how and by whom they should be governed.

The British Labor Congress," concluded Delegate Simpson, "stands for complete representation of all workers, and also for the recognition of the Jewish race insofar as its civil and political rights are concerned, even to the restoration of Jerusalem to them."

DOMINION POLICE STOP LIEUTENANT

Young Officer Held Up as Defaulter Under Military Service Act.

Those apprehended in Toronto yesterday by the Dominion police on the charge of being Military Service Act defaulters included a military officer, a lieutenant, in uniform. He was taken to the Dominion police headquarters, Yonge and Front streets. Claim was made by him that he was a married man and therefore not liable for military service under the draft act, unless class two were called. Enquiry by the police officers established that the officer was a married man and he was permitted to go.

DEBATE WAS LENGTHY

Vote, However, Was Decisive and Left No Room for Doubt.

Miss Frieda Held was appointed to the staff of Carlton Street School last night by the board of education on a final vote of 9 to 3. The vote was taken after a series of prolonged orders and excitement.

Trustee Hamby opposing a surprise when the report of the management committee was being considered by moving the insertion of the name of Miss Held in place of that of Miss S. McClure, on the Carlton School staff.

The amendment was carried by 8 to 6 on the following vote: Ayes—Dr. Brown, Dr. Noble, Booth, Thompson, Hamby, Hunter, McLaughlin, Stacey, 8. Nays—E. J. Murphy, Hopkins, Hodgson, Brown, McCullough, 6.

Trustee McCullough raised a point of order as it was the reopening of a question already decided and required a two-thirds majority. The chairman ruled was challenged, and on a vote was "not sustained."

On the committee rising to report, Trustee McCullough raised the same point of order. The committee was deferred for consultation with the board's solicitor. Vociferous demands for an immediate ruling were made by the board, and again a two-thirds majority was required.

Dr. Steele's ruling being challenged a second time it was only supported by three votes—McCullough, Hopkins and Edmunds.

To give the matter finality, Dr. Steele acceded to the majority, and voting with them, made a motion of 9 to 3 that that ruling be not sustained.

The management committee's report as amended, with Miss Held's name inserted in place of Miss McClure's, was adopted.

Trustees McCullough, Hopkins and Hodgson were the three members of the board who formed the no surrender minority.

HAMILTON WOMAN GAINED 20 POUNDS

Thousands of Thin, Frail People Are Restored to Health and Gain Rapidly in Weight by Taking Tanlac.

One of the most noteworthy features in connection with the introduction of Tanlac, and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of Canada who have recently reported an astonishing and rapid increase in weight as a result of its use.

TORONTO MAN HAS GAINED 20 POUNDS

Alexander Gange Says Tanlac Ended Troubles of Seven Years' Standing.

"Getting one's health back after suffering as long as I did, is something to appreciate and I have recommended Tanlac to several of the boys on the road since it put me back in shape," said Alexander J. Gange, a fireman on the Canadian Pacific railroad, and well known in railroad circles, residing on Keele street in Toronto. His statement, while remarkable in itself, is only one of the many wonderful endorsements that have been given Tanlac in Canada.

HAMILTON MAN HAS GAINED 32 POUNDS BY TAKING TANLAC

Improvement of Former Postmaster Surprises All of His Friends.

Remarkable indeed, is the statement made recently by G. W. Miller, of 232 McEwen street, Hamilton, who declares that he has not only gotten complete relief from rheumatism and stomach trouble by taking Tanlac, but that he has actually gained thirty-two pounds in weight. Mr. Miller was for twelve years postmaster and merchant at 48, Corners, Brant County, and is well known and respected in his community.

SHELL INSPECTOR GAINED 15 POUNDS

Suffering of Fourteen Years' Standing Overcome by Tanlac, Says Dawson.

In speaking of the remarkable way in which Tanlac has restored his health and appetite, Mr. W. Dawson, shell inspector for the Canadian Cartridge Company, residing at 119 Gibson avenue, Hamilton, said:

CONTRACTOR TESTIFIES

Windsor Man Gains 20 Pounds by Taking Tanlac and Feels Like New.

"I have gained twenty pounds on Tanlac and I know for myself that it is something wonderful," said William S. Pickett, a well known painter contractor, residing at 81 Windsor avenue, Windsor, Canada.

EVIDENCE UNQUESTIONABLE

Foregoing Statement Not Really Remarkable Like Testimony Given From Everywhere.

The best evidence of the merit of a medicine is what the people who have actually taken it have to say about it. This is especially true and beyond all question, when the statements are given, signed and witnessed, and published in the locality where each and every fact can be verified. The foregoing statements are from well-known citizens of Ontario, and while astonishing in their import, they are not really remarkable, as thousands of people all over the United States and Canada have taken Tanlac with the same results and in many cases far greater.

Nervous Energy Nearly All Gone

For Two Years This Man's Nervous System Had Grown Weaker and Weaker - Was Told by Doctors That There Was No Hope.

Conwall, Feb. 21.—To be restored to health after doctors said there was no hope is the unusual experience of Mr. W. H. Kennedy of this town. It is no wonder he is enthusiastic in telling others about how cure was effected. He says the most interesting part of his story is in full.

DUNNVILLE KIDS AT ARENA TONIGHT

University Schools Have Two-Goal Lead—Hockey News and Gossip.

University Schools play their return second round junior O.H.A. game with Dunville tonight at the Arena.

The announcement by the Arena management that every ticket for the O.H.A. senior game between Dunville and Kitchener on Tuesday night will be sold through the ticket window is the best news that hockey fans have heard for many months.

De La Salle go to Kingston for their third round junior fixture tonight.

Torontos are now tied with Canadens in the second heat of the pro. series.

If U.T.S. hold their lead over Dunville tonight, the prep. college group champions will likely be the Senators at the winner of the Kitchener-Barrie round.

The Dentals have made arrangements to play in Hamilton tonight against Paddy Jones' aggregation.

The N.H.L. game between Toronto and Ottawa on Saturday night will begin at 8.15.

The Montreal Gazette, commenting on Wednesday night's game, says: "The game was the exhibition of hockey furnished by the professional teams on local ice this winter, the interest being kept up throughout by the closeness of the score."

"When the teams changed over and the extra session started Canadens appeared to be the fresher team and assumed the offensive at the resumption of play.

The Herald says: "It was a different team which forced Canadens into overtime to beat them from the Toronto Blues which succumbed by a 2-0 score two nights before."

The Star says the Toronto-Canadens game was ragged, but clean.

END OF SPIT BALL COMING, SAYS TENER

Advices Young Pitchers Not to Cultivate This Delivery—Many Unsigned.

New York, Feb. 21.—The end of the spitball is coming, John K. Tener, president of the National League, today advised a warning to young pitchers, advising them not to cultivate the use of the spitball, and indicating that it was only the matter of a short time when it would be abolished.

"Young pitchers starting to play professionally will find it to their advantage not to cultivate the use of the spitball," said Mr. Tener.

Mr. Tener said a majority of National League players were unsigned, but asserted that the club owners would remain firm in their present position, as baseball conditions did not warrant the payment of larger salaries to players.

WALTER JOHNSON IS FAR FROM SATISFIED

New York, Feb. 21.—Walter Johnson has not yet signed with the Washingtons. Rumor has it that the great pitcher is dissatisfied with Clark Griffith's offer.

CENTRAL JUNIORS WIN THE SECTION

Defeat West End Basketball Team in O.B.A. Fixture—Detroit Coming.

Central Y.M.C.A. Junior O.B.A. basketball team defeated West End Y.O.A. on the former's floor last night by a score of 21 to 17.

The second half was easier for the winners, whose combination and teamwork showed up to better advantage.

WEST END (20)—Armstrong, Baker, Taylor, Dixon, Walker, Keefer and Crawford.

CENTRAL Y.M.C.A. (17)—Jelson, Smith, Shiner, Wells, Graham and Wilson.

Central have now to meet Evangella Juniors competing in the eastern district. This game will decide the championship of the city.

Central will visit Evangella Saturday of this week, and will play at home at Central next Wednesday, the 27th, at 8 o'clock, when a good game is looked for.

A last preliminary game is being arranged for the 25th, at 8 o'clock, to see the juniors battle for honors.

Central Y.M.C.A. Business Men are guests on Saturday afternoon of the friendly teams of the two clubs which will meet in the evening at the rink.

The volleyball game will start at 2.15, followed by the basketball matches. The basketball will be at the same time. All the games are open to members and their friends, and a good crowd is looked for.

PLAYGROUNDS HAND BROADVIEW BEATING

City Playgrounds defeated Broadview basketball team in an intermediate O.B.A. basketball game last night on Royal Temple gymnasium, 54-36.

For the first ten minutes the score was very even and after that the Playgrounds boys gradually drew ahead, with the score 29-15 at the half.

Cooper scored six field goals for Broadview and Kerr five. For Playgrounds, McLaughlin and Mackie scored seven goals each.

This practically gives the Toronto section of the City Playgrounds a lead in the O.B.A. handball game with West End on Saturday night, but this cannot affect the standing.

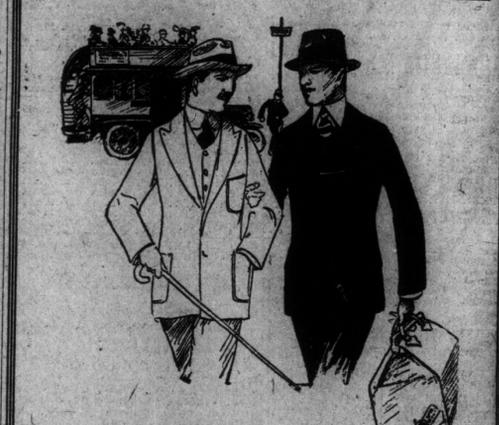

The teams: Playgrounds—Forwards, G. Kelly 14 and A. L. McLean 16; centre, W. J. Smith 6; guards, F. V. Mackie 15 and J. S. Cole 8; spare, G. McCammon.

Broadview—Forwards, Cooper 16 and Kerr 8; centre, Carthy 8; guards, Philpot and Ramsay 4; spares, McGavin and Richardson.

Two Ontario Rinks on All-Comers Team That Won From Winnipeg Clubs

Two Ontario rinks, Kenora and Fort William, figured on the All-Comers team that defeated Winnipeg by the narrow margin of three points in the first stage of the Brooks Trophy competition Saturday afternoon.

The announcement by the Manitoba Curling Association was warmly greeted at the rink, particularly by the visiting curlers, who were proud of the fact that they triumphed over the best representation of Winnipeg rinks competing in the provincial championship of the city.

TROTSKY INSINCERE, GERMANS PREACH

Central Empires' Newspapers Insinuate Bolsheviki Non-Pacific Intentions.

Amsterdam, Feb. 21.—The belief that Leon Trotsky, the Bolsheviki foreign minister, may have something in reserve and that his surrender to the Austro-German press.

The Vienna Fremdenblatt says: "After Trotsky's procedure heretofore it will be wise to treat his wireless message with the greatest caution. Never did a statesman so ignominiously expose himself, but just for that reason it would be a mistake to give way to premature optimism."

"In view of past experience," says the Berlin Voelkische Zeitung, "the Bolsheviki government it is natural to assume that the new peace prepared by Trotsky will be a device for the purpose of undisturbed dissemination of general anarchy."

The Tages Zeitung says: "The Russian offer proves the manner in which the Bolsheviki yield only to direct compulsion, and that this compulsion ceased they would advance new subterfuges."

RAIDS INTO GERMANY CONTINUED BY BRITISH

Thionville Bombed for Fourth Time in As Many Days—Pirmasens Also Bombed.

London, Feb. 21.—The war office issues the following statement: "The air fighting Tuesday evening hostilities were resumed in a new way. Another was driven down out of control. At night a bombing machine was caused to drop bombs on Pirmasens in the Palatinate."

Tuesday night Thionville again was attacked successfully. Twenty-six heavy bombs were dropped on the railway station, and a large explosion was caused, and two fires started. All our machines returned safely.

"Today our airplanes bombed large factories and station at Pirmasens, in Germany, and dropped a ton of bombs. All returned safely."

Pirmasens is a town of the Palatinate, Bavaria, with extensive factories, especially of shoes. It has a population of over 30,000. The raid on Thionville was the fourth in as many days.

New American Bonds Put On Market for Next Loan

Washington, Feb. 21.—Another \$500,000,000 block of treasury certificates of indebtedness in preparation for the third liberty loan was offered for subscription tonight by Secretary McAdoo. They will bear interest at the 4 1/2 per cent, as against the previous high mark of 5 per cent.

The certificates will be in denominations of \$10, \$50, \$100, \$500, \$1,000 and \$100,000, and will be sold at par and accrued interest as previous issues. The treasury may redeem the entire issue at par and accrued interest on or after any date before the first instalment of the subscription price of the next liberty loan.

No Time to Agitate Peace, Root Writes to Convention

Chicago, Feb. 21.—In a letter read at the Congress of National Service today Elihu Root, of New York, honorary president of the National Society League, said that the public made a mistake in not having its attention directed to the intensity of the concentration necessary to win the war by the discussion about peace terms that was appearing in some of the papers and at some of the peace meetings.

Mr. Root said: "Let us be warned by poor Russia's present position. The Bolsheviki were very eloquent about peace, without annexations or indemnities, and they fitted the minds of Russian soldiers and workmen with the idea to such an extent that they stopped fighting and making munitions for them they got to Brest-Litovsk. They found what the leaders probably knew all along—that Germany had no intention of making any such peace. She wanted the Baltic provinces of Russia, and she seized and purposes to keep them."

TWO FRENCH AVIATORS ESCAPE

Amsterdam, Feb. 21.—Lieut. Roland G. Garros, the French aviator, and Lieut. Antoine Marchal, who flew over Berlin in the summer of 1916, and were forced to descend a few kilometres from the Russian lines, reached Holland yesterday. According to Les Nouvelles de Maastricht, they escaped from a German prison.

ICE AT BRANTFORD MANY FEET THICK

Within Three Feet of Railway Bridges—Local Labor Council

Special to The Toronto World, Brantford, Feb. 21.—The Grand River is quiet now, but there are plenty of possibilities for worry by local residents. The ice is packed almost solid as high as within three feet of the Grand Trunk and the B. Railway bridges, and from that point to at least three miles below where the river crosses Eagle Place.

There the ice level with the dyke recently built, but the water was dyke level. The main line of the Grand Trunk road, the route to Scotland and the Indian Reserve, which is impassable for ice in huge blocks being piled up.

Labor Council. At the meeting of the local trades and labor council two resolutions from delegates will be discussed. One condemns the recent pressure brought to bear on such schools for the patriotic fund, following protests by British workmen that the foreign-born employees were not to be paid wages. Some of the delegates protest against the pressure on the schools that the parents of a man has a right to spend his money as he will, and they fear that the same pressure at a later time and perhaps for different reasons would be brought to bear on them. The other resolution would call upon the Dominion Government to make it illegal for alien enemies to employ the country with the exception of those who are engaged in the production of essential goods, and to limit their activities in this country.

A meeting of rural leaders was held at the court house this afternoon, when resolutions were adopted favoring a policy of continuation schools through the winter months. The resolutions were passed by a large majority. The meeting was held in the afternoon, and the resolutions were passed by a large majority.

Eight Quit Work. Asking for the reinstatement of one of the employees who was told that his services were no longer required, members of one of the departments of the motor trucks Limited, about 800 in number, walked out. Their places were filled by other men by the company during the afternoon.

The bank clearings for Brantford for the week ending Feb. 21 show a decrease of \$19,802 from those of the corresponding week of last year. This week's were \$781,991; those for the same week of 1917 were \$760,693.

BIG OPIUM SEIZURE

Eight Thousand Dollars' Worth of Drug Taken From Auto in Montreal.

Montreal, Feb. 21.—The largest seizure of opium ever made in Canada was effected on an early hour this morning. The police took from a car driven by a man when over \$8,000 worth of the "dope" was taken from an automobile in which were, according to the police, 400 packages of opium.

Personnel of Commission To Probe Transport Troubles

Ottawa, Feb. 21.—Details of the personnel, powers and scope of the court of inquiry named to inquire into the conditions on transports returning to Canada from overseas are given in a militia department order today. With Lieut.-Col. H. H. Hulme as president of the court, the two members are Major D. W. Morton, late of the 16th Battalion, Toronto, and Maj. F. E. Hicks, 58th Battalion, Brantford.

The first sitting will be held in Ottawa as soon as Majors Morton and Hicks arrive here. The order empowers the inquiry to hold sessions from time to time at such other places as may in their opinion be necessary.

SPLENDID REPORTS OF MISSION WORK AT PRESBYTERIAL

Fourth Annual Session Was Opened Yesterday in High Park Church.

INCREASED MEMBERSHIP

Reports From All Departments of Mission Work Show Good Results.

"We are this year trying the experiment of running our meetings on the time basis," said Mrs. Rae, the president of the Toronto Presbyterial of the Women's Missionary Society, yesterday afternoon. The report on the program was all timed and so well did the experiment work out there is no doubt but it will be the rule hereafter.

The fourth annual meeting, which opened in High Park Church yesterday afternoon, was well attended, both afternoon and evening sessions having a very large attendance. This afternoon was devoted entirely to the reports and an address by Mrs. Mitchell, who spoke on Honan, China, and the conditions there.

Mrs. Rae, of Unionville, gave an excellent address, taking for her keynote the necessity of prayer. Mrs. M. Smith, the corresponding secretary, gave a splendid report of work accomplished.

Splendid Reports. The total membership reported of auxiliaries, 3,390; membership mission bands, 2,394; life members added the past year, 66; junior members, 62; total amount contributed during the year, \$21,425.66. The Messenger secretary, Mrs. Bartman, reported a record year, and the library secretary, Miss E. Webster, gave an excellent account of this branch of the work.

Evening Session. Tea was served in the church parlors by the Girls' Club, the conference on mission band work following directly afterwards.

The roll call of mission bands proved interesting, the members present rising as the name of their band was called.

Summer School. Miss Lillie's report on the summer school at Geneva Park was received by Miss Russell. The aims and object of this work were explained very clearly. The purpose is to give instruction and training in all branches of work in which the church is engaged. It was established seven years ago and has fully justified its existence.

Women of India. Dr. Waters of India was the speaker of the evening. The key to India today, said Dr. Waters, and the secret of reaching India, was the secret of reaching India's women. India was looking to Britain to bring her into her own, said the speaker, and the destiny of the empire was closely related to India.

There was no unchanging east now, there were no more rapid changes anywhere than in India. The men of India were demanding education for their women. The older women were considered. The future of this wonderful land was solely in the hands of the women.

A devotional service followed of praise and prayer. The sessions continue today, opening at 10 this morning. Reports and discussions on the election of officers. Luncheon will be served by the women of High Park Church at noon.

MANY ENJOY GROUP OF WATER-COLORS

Prof. A. P. Coleman's Exhibit at Gallery of Women's Art Association Much Admired.

Many have enjoyed the group of water colors from the brush of Prof. A. P. Coleman, an exhibition in the gallery of the Women's Art Association. Each picture of the hundred and twenty is a truly and artistically executed of some particular place—instinctively recognizable by any who have traveled in that part. The work in all branches of water color painting; intense blue skies, typically Spanish; also the variety of beauty and grandeur to be found in Canada—quiet lakes, snow-bound mountain peaks, trees, golden yellow with the first frost, red sunset skies peeping between pines—no two bear the slightest resemblance and all are treated with a directness that is refreshing. Prof. Coleman's scientific work has taken him all over the world, his latest travels and research being in South America; down the west coast, of which he has lectured.

WOULD PROHIBIT ALIENS WORKING AMONG FOODS

Ladies' Auxiliary of West Toronto Branch of G.W.V.A. Passes Resolution.

The ladies' auxiliary of the West Toronto branch of the G.W.V.A. passed a resolution at a meeting held in St. Julien's Hall Wednesday evening urging the non-employment of aliens in abattoirs or in any places where foods, cooked or otherwise, were manufactured. There was little discussion on the matter, the opinion being general that no alien enemies should be allowed contact with foods prepared for either troops overseas or civilians at home.

Mrs. Doe of Royce avenue, West Toronto, the wife of a soldier overseas, has been without the cost for some two weeks. During the past week one of her children died from the effects of illness induced by exposure. Her case was taken up by the auxiliary, who criticized the patriotic fund officials for having cut off \$4 a month from Mrs. Doe's allowance because her son, a boy of 14, had accepted work. It was pointed out that this boy goes to a business college at night. The auxiliary intends to confer with the patriotic fund officials in regard to Mrs. Doe's case.

The following members of the auxiliary volunteered and were appointed to form a tag day team for the Salvation Army: Misses Zella Kilde, Eva Gustar, Priscilla Gustar, Mary McDougal, Ella McCurdy, Jessie Spracklin, and Nurse James. H. C. Catling, H. Spence, Douglas, W. Lockington, Jesman and Williams.

TIMELY ADDRESS GIVEN ON PROPER FOOD TO EAT

"Why Do We Eat, and What Do We Feed?" Title of Address Before Political Education League.

Members and friends of the Political Education League, meeting in Willard Hall Thursday, listened to an interesting and worth while address by Miss Rosebuck, on "Why Do We Eat, and What Do We Feed?" The speaker said in part that the reason why we eat is because we had bodies which were literally and truly formed of the dust of the ground. Such being the case, we came under the great laws of nature and the universe, one of the chief of which was the law of ceaseless change, to which every particle of physical matter was obedient. She said there must be a constant stream of physical matter in the form of what we know as food, constantly passing thru the body. The supply could be cut off, but the waste could not be checked, and very shortly the physical form vanished into surrounding space. This was called starvation. The speaker went into some detail in regard to cell life, pointing out that our bodies are built up by the activities of these minute organisms. To accomplish feeding intelligently, she said, one must have a knowledge of the ingredients that go to make up all foods. These were proteins, fats, starch, mineral salts and water. The entire art of eating consisted in a proper arrangement of these elements. Illustrations were pointed out showing how the body acted when the elements were eaten in excess.

The lecture closed with a few simple directions as to the preparation of foods that nature had expressly prepared to carry out her purposes in regard to physical health in the human body. Mrs. Hector Prenter presided, and introducing the speaker, remarked that such matters as food and feeding came well within the scope of the league's work, since politics and public health were so closely connected. Muriel Foster Morse and Vera McCann, two exceptionally fine sopranos, contributed greatly to the pleasure of the afternoon.

TAX EXEMPTION REFUSED.

Because the W.C.T.U. building at 14 East Gerrard street is not used for the purposes of the association the board of control yesterday refused to grant an application to exempt it from taxation.

HAROLD JARVIS DISCOVERS NEW BEAUTIES IN HIS OWN RECORD

While stopping at a hotel one evening in the Michigan copper country, Mr. Jarvis heard a photograph in a nearby room playing. Recognizing an unusual fidelity in the rendering of the song, he knocked at the door of this room, and upon being admitted asked the young lad who was singing the photograph. "What is that you are playing?" "Beautiful Isle of Somewhere, by Harold Jarvis," the boy replied. "What photograph is it?" Mr. Jarvis inquired.

"The Brunswick." "But isn't that a Victor Record?" replied the boy, "but the Brunswick will play any make of record."

Mr. Jarvis then revealed his identity, and said that he had never before heard his voice reproduced so beautifully.

Upon his return to Detroit, Mr. Jarvis looked up the Brunswick dealer, and asked him to play his record, and then he voluntarily gave the following testimonial to the tone quality of the Brunswick:

"The vocal records particularly have a sweet full richness of sound with the very clear and distinct articulation. I was, of course, particularly interested in the reproduction of my own records on the Brunswick, and can truthfully say that I have never heard any other instrument, such as any other instrument, so clearly and so truthfully as my own recordings. 'Beautiful Isle of Somewhere,' the Brunswick photograph brings out the shading that I never knew were possible in a reproducing instrument. It hardly seems possible that it could be the same record."

(Signed) HAROLD JARVIS. (Mr. Jarvis was born in Toronto.)

The marriage was solemnized this afternoon at the home of Mr. and Mrs. Charles H. Bishop, East Roxborough street, of their daughter, Ethel Gertrude, to Mr. William Clayton Huff, son of Mr. and Mrs. Albert J. Huff, Belleville. The Rev. W. Benjamin Tucker, B.A., B.D., brother-in-law of the groom, performed the ceremony, and Mrs. Magwood played the wedding music. The bride, who was given away by her father, wore a frock of ivory satin and a veil caught with orange lilies of the valley. The bride's sister, Miss Florence E. Bishop, was bridesmaid and wore a dress of cream lace and pink net. The ribbon-bearers, Miss Ruth Hazlewood and Miss Miriam Hawke, were dressed alike in white. Mr. C. Shaw was best man. After the reception, Mr. and Mrs. Huff left for the Belgravia, Oriole road.

The weather being more favorable on Wednesday, the wind up of the ladies' curling at the Granite Sink was a great success. Mrs. Bulley and Miss Bennie won the Tankard, and Kingston won the consolation. The prizes were most fascinating, a set of crown-derby cups and saucers and another of lovely pink Ainsley china, cut glass powder boxes and silver bon dishes for points. The prizes were displayed on a table covered with a most beautiful fine crocheted cloth, made by Mrs. Gallagher's mother, who is 85. The women were most grateful to Mr. Ross Harston, who was perfectly charming to everybody. Luncheon was given by the ladies of the Granite Club on Tuesday for the Queen City and Toronto clubs, the table being gay with daffodils.
