

TORONTO ALL READY TO RECEIVE ROYALTY

Reception Committee in Session All Day, and Thoroughly Completed Arrangements.

Morning, afternoon and night the Civic Reception Committee and the Board of Control were jointly in session yesterday, putting on the finishing touches for this great day. Arrangements have been pretty thoroughly completed, although a lot of interesting work would have been done in front of the hall yesterday but for the threatening aspect of the weather, which will have to be hurried along this morning.

The Duke and Duchess of Cornwall, accompanied by the Duke and Duchess of Devonshire, will arrive at the station at 10 o'clock, and will be met by the Mayor and the members of the Reception Committee.

From Major Massey. Major Massey yesterday received the following telegram from Lieutenant-Governor Sir Oliver Mowat, and it was forwarded to Chairman Cox of the Reception Committee:

"On arrival at Toronto, Their Excellencies will await arrival of royal train at the station. After receiving their Royal Highnesses and during the singing of the children, the Governor-General's procession, which should be already formed, with the Governor-General's carriage opposite the main exit from the station, will move off. Following the route of the royal procession, but without stopping at the City Hall and coming to a halt eventually at the Legislative Buildings. There will be only one carriage in the Governor-General's procession for their Excellencies, and two side-camps will ride on either side of the carriage.

As soon as the Governor-General's procession is clear of the station the royal procession will draw up, and will start away as soon as the children's singing is concluded.

There will be three carriages besides the royal carriages in the royal procession, and two side-camps will ride on either side of the royal carriage.

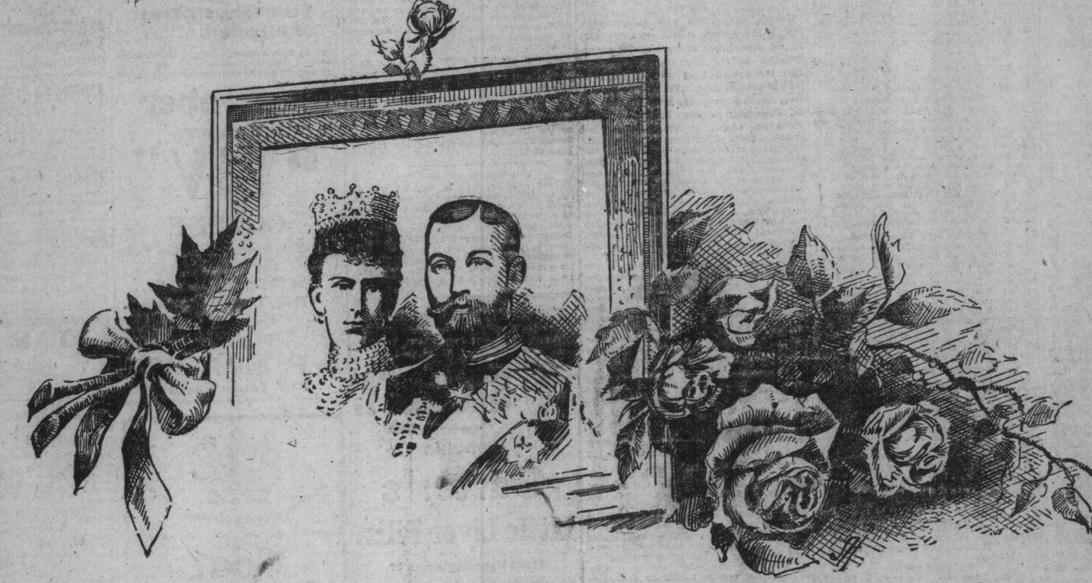

Her Royal Highness will be graciously pleased to receive a bouquet at the City Hall and a bouquet at the entrance to Queen's Park, making a momentary stop at the latter place.

Her Royal Highness will receive gifts from women of Toronto at Lovejoy's House on arrival of the procession.

Mr. Lynd asked the Mayor if the members of the City Council would be individually presented to the Duke at the City Hall. The Mayor and Chairman thought they should be. Mr. Lynd said he supposed the common aldermen had to cap after some other body. His Worship explained that the only place where anyone would be presented was at the Parliament Buildings. None of the aldermen seemed to like this, but Chairman Cox said the Council could not tell the Duke what to do, and that the wishes of His Royal Highness must be respected. The Council, however, will occupy a space on the data, and if possible, will be presented to His Highness.

When Their Royal Highnesses are met at the Queen-street curb by the Mayor and Aid. Cox, the royal chorus will sing until Miss Evelyn Cox will present the bouquet from the ladies of Toronto to the Duchess, this being followed by the civic address and the Duke's reply. Another selection will be rendered by the chorus and this will be followed by the presentation of addresses by the various deputations. As the royal party leave for their carriage the Hallelujah Chorus will be sung.

Ideas on Refreshment. Refreshment will be served to visiting delegations and other guests of the city in the City Hall after the ceremonies. The Mayor suggested that the city tender an invitation to officers of the visiting regiments to visit the City Hall and that they be treated to light refreshment. Aid.

A LOYAL WELCOME TO OUR ROYAL VISITORS.

THE LATE HON. R. C. WALLACE.

To know and understand Clarke Wallace, one must know the village of Woodbridge. It is a simple little place, lying in the valley of the Humber. When you go almost due north, heading a little toward the west, to the village of Weston, where you are on the high ground, with the river in the deep ravine to the left. Continuing on in the same direction, you cross the Humber three or four times, and also the Grand Trunk and the Canadian Pacific. This road from Weston is one of the old roads of the country. Once a cowpath, then blazed thru for settlers' purposes and continued as the highway, it is neither a concession nor a sideline, but a cross road. There are few houses along it, but scattered farms, the buildings being further back. All along the road the scenery is typical of the Province of Ontario, diversified by fields and farms, hill and ravine, bush and clump of trees.

After crossing the C.P.R. the road goes down into the valley, and steeply down to the village of Woodbridge, eight miles south of Weston, sixteen from Toronto. As you cross the river for the last time you notice a dam with a head of 8 or 10 feet, and alongside of it an ordinary country mill with the sign, Wallace Bros. Millers.

After this, the road still keeps to the valley, and in five minutes more you come to the village, where the road suddenly turns right and left, one branch going up to the C.P.R. station and the other in the opposite direction across the river and towards Yonge-street. The main crossing of the village is at this intersection, and 100 people, another and larger deserted factory is that of the John Abell Co., who at one time had their headquarters in this little Humber village for the manufacture and production of agricultural implements, and where were also housed the great messy hands. The old houses that the men lived in are stranded wrecks. One great deserted structure alongside the factories is the old home of John William Gamble, who at one time represented the riding, a brother of Mr. Clark Gamble, now one of Toronto's oldest citizens. It is a splendid old house of two and one-half stories, built of what is called mud brick and roughcast, full of large windows with very little panes. There are folding doors and big old fireplaces throughout the house, and in its day was one of the noted residences and seats of hospitality for the first settlers of York County. These deserted structures and the unkempt roadway of the old water power give a rather gloomy tinge to that end of the village.

At the main corner, if you continued up the valley road, not turning to the right, you would up a steep incline, leading on top of a hill and at the fair grounds, one of Mr. Wallace's dearest possessions. But on the way to the fair grounds, after you turned a little further to the left, you saw on the crest of the hill a spring

ROYALTY IN ONTARIO RUSHING TO TORONTO

Transfer at North Bay To-day From C.P.R. to G.T.M.—Few Stops.

Chaplain, Oct. 9.—The special trains of the Duke and Duchess of Cornwall swung around the north shore of Lake Superior to-day and headed to the southeast tonight, on the run down thru the Province of Ontario for the City of Toronto.

North Bay will be reached early tomorrow morning, and the royal train will there be transferred from the Canadian Pacific Railway to the line of the Grand Trunk.

Brief stops for short formal receptions will be made during the morning at Orillia, Barrie and Newmarket, and the royal train is scheduled to enter Toronto at 2 o'clock in the afternoon. From that time they left Fort William, early this morning, the specials were kept going, except for such stops as were necessary to take water or change engines.

There were crowds at Schreiber, Wawa, River and the other towns set up on the rock-rimmed north shore, ready with a show of friendship for the Duke and Duchess.

The early hours of the day were bright and warm, but the afternoon was raw and cheerless. The Duke and Duchess are both very enthusiastic over their western trip, and regret that they were unable to extend it.

PROGRAM FOR TO-DAY.

From 2 p.m. Till Nine at Night Royalty is Busy.

The result of the last few days' work on the part of the citizens in preparing for the reception of Their Royal Highnesses on a scale that would be worthy of the city, is apparent to-day. Much of the work was held off till yesterday on account of threatening weather, so that the decorations might appear fresh and at their best. A great deal was accomplished during the day and evening, and the downtown streets fairly swarmed with visitors and citizens all day, but especially last evening. It seemed as if everyone was out of doors, and locomotion was exceedingly difficult. Several of the most beautiful displays were illuminated, and the searchlights blazed from the City Hall tower, so that the downtown streets were illumined by light. Many expressions of admiration by the visitors, who gathered in large crowds around the principal displays. Their slight show did not scare them worth a cent. They merely turned up their collars or hoisted umbrellas and kept right on sightseeing.

The royal procession of the Duke begins at 2 o'clock, when the royal train arrives at the North Toronto Station. Here the school children sing their welcome as the train pulls in. Here the welcome address of the province is presented.

The Governor-General's procession starts of nearly half an hour before the royal procession.

The route of the royal procession to the City Hall will be as follows: Dupont to St. George, St. George to Bloor, Bloor to Jarvis, Jarvis to Carlton, Carlton to Yonge, Yonge to King, King to Bay, Bay to City Hall.

The route of the royal procession from the City Hall to Government House will be as follows: Queen to Victoria, Victoria to Adelaide, Adelaide to Church, Church to King, King to Government House.

The royal procession will pass prominent corners as follows: St. George, 2:05; Bloor and Jarvis, 2:15; Jarvis and Carlton, 2:18; Carlton and Yonge, 2:20; Yonge and King, 2:22; King and Bay, 2:24; Queen and Church, 2:26; Church and King, 2:30.

The program for to-day is in brief: 2:00 p.m.—Arrival of Royal train; musical welcome by children; Royal procession to City Hall. 2:30 p.m.—Musical welcome by Festival Chorus; presentation of addresses. 3:00 p.m.—Royal procession to Government House. 4:00 p.m.—Presentation to Duchess by ladies of Toronto at Government House. 7:15 p.m.—Dinner at Mansfield House. 8:00 p.m.—Concert in Mansfield Hall.

Interesting Suit Instituted by the T. Trust-Telephone Co. Action.

A big suit, the plaintiffs in which are a large trust from the other side of the line, is now before the courts by way of an application for an injunction to restrain the starting of a concern in opposition to them.

The plaintiffs, the American Gas Co., whose headquarters are in Chicago, and who have James Lewis Board and G. A. Crosby, of Chicago, Limited, restrained from carrying on a large industry in Ontario.

Board, it appears, sold out its business in Ontario, which consisted of manholes, stamping and tin plate printing establishments, last year for the sum of \$1,000,000, and carried with it, it is alleged, an agreement by which it would not compete with the trust, and therefore the latter seek to prevent him from operating with the 2000 miles of Ontario.

There is nothing like Asthma. It brings instant relief, even when all else fails.

The Rev. C. F. WELLS of Villa Ridge, Ill., says: "Your trial bottle of Asthma received in good condition. I cannot tell you how thankful I feel for the good derived from it."

I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured.

Your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overlooked yourselves, but resolved to give it a trial.

To my astonishment, the trial acted like a charm. Send me a full size bottle.

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

Dear Dr. TAIT BROS. MEDICINE CO.: Your Asthma medicine is an excellent remedy for Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthma medicine contains no opium, morphine, chloroform or ether. Very truly yours, REV. DR. MORRIS WECHSLER.

Avon Springs, N.Y., Feb. 1, 1901.

Dr. TAIT BROS. MEDICINE CO.: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthma medicine for the past several months.

I found relief at once. I have since purchased your full-size bottle and am ever grateful. I have family of four children, and for six years have been unable to work. I am now in the best of health and am doing business every day.

I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M.D.
