A ST. JOHN INDUSTRY MAY GO TO MONCTON

White Candy Co. SOME MYSTERY ABOUT THE CASE

Coroner Berrymann is Making Careful Inquiry Into the Death of Cornelius Van Diemen.

That the past year has been a successful one for manufacturers in St. John and that the winter is likely to prove fairly busy notwithstanding the depression in the money market, is the opinion of the majority of the manufacturers.

Mr. Berrymann is making careful enquiry into the circumstances surrounding the death of Cornelius Van Diemen, who was killed last night by the I. C. R. express about two miles this side of Goldbrook.

Dr. Berrymann, when communicated with today, said he did not like to look over the altar as all. Asked as to what he meant by that statement, Dr. Berrymann would say nothing definite one way or the other.

Benjamin Van Diemen, brother of the man who was killed last night on the I. C. R. is at Central police station with a charge of drunkenness recorded against him.

Through its wonderful cleansing, purifying powers on the blood, and its renovating action on the entire system, Burdock Blood Bitters has made thousands of cures of different skin diseases during the past thirty years it has been on the market.

Mrs. Joseph Robinson, Hurlerton, Que., writes: "I had an eating ulcer on my ankle. I took two bottles of Burdock Blood Bitters and it worked like a charm, cleaning out all the impurities from my system and improving my appetite. While taking the B.B.B. internally I used it externally to cleanse the sore, and it healed a lot."

The staff of young ladies in connection with this table consisted of Misses Bird McCormick, Josephine Connor, Maggie McPeck, Laura Burns, Ethyl Delaney, Annie Gordon, Miss Margaret Tierney, Minnie Colohan, Kate Colohan, Grace Clarke, Nellie Harrington, Jennie Burns, Kathleen Delaney, May Downey, Maggie McCarthy, Agnes Mather.

The young lady waitresses are Mary Carlyn, Annie Carlyn, Josephine Durick, Mary Doherty, Margaret McCluskey, Margaret McMullin, Minnie McGuire, Nellie Gosnell, Gretta Oul, Alice Mahoney, Genevieve Greary, Gertrude Maloney, Mary Lang, Ida Keegan, Julia McCarthy, Evelyn Kavanagh, Florence Bradley, Maggie McGarrigle, Katie Moriarty, Mary Crowley, Mary Connelly, and Zeta McDonald.

A PROTEST

A local paragraph in a morning paper calls attention to the disgraceful condition of a portion of Charlotte street sidewalks in the evenings, as a result of utter failure to enforce the law against expectoration on the sidewalks and in public places. The largest sign in one place frequented by men in this city is a wall card which says: "Don't spit on the floor." No one who enters can fail to see it, and yet it is disregarded. It is really disheartening to observe the number of persons whose personal habits in this respect can only be described as filthy. In front of the nickel shows and at other places of public resort the presence of men and boys is marked by evidence of an utter disregard of public decency in this respect. Yet we never hear of a man or boy being arrested and fined for the offence. Why?

BUSINESS CONDITIONS

The interviews with St. John manufacturers which the Times prints today are typical of what is said by the manufacturers in Canadian cities generally. They show that as yet there has been no lessening of activity in the factories of this country. In some lines of production no slowing down is expected. In others, as the wood and metal trades, it is expected that there will be a gradual lessening of operations. In wood goods prices are already low and markets dull, and metals may follow suit to some extent. But for the present the conditions are satisfactory and the wage-earners are busy. Of course the financial situation has become strained in Canada, but not at all in comparison with that in the United States. The Canadian banks have met the demands made upon them, but are pursuing a very conservative policy as a check upon speculative tendencies in a somewhat critical period in the world's finance. The government of the United States has been compelled to resort to extraordinary measures to relieve the monetary situation in that country, and has not met with remarkable success, even in this course; but there can be no doubt that with a slackening up of industry and speculation there will come ease in the money market.

The situation in Canada is not without its anxieties, and the people do well to provide against a period of quieter times. The trade statement for the seven months ending with October is not as satisfactory as could be wished, since with a very large gain in imports it shows an actual loss in exports, as compared with the like period last year. Nevertheless the general state of industry and trade in Canada, in comparison with that elsewhere, must be regarded with satisfaction, showing, as it does, the sustaining power of our institutions and the strength of our resources.

COST OF LIVING

The article which the Times reprints from the Halifax Mail, on the subject of the increased cost of living, may present an extreme view of the case, but it is nevertheless a striking statement. The householder who is compelled to live today on the same income as he received ten years ago knows the difference, and the difficulty in making ends meet. The class upon whom the changed conditions press most heavily are those wage-earners, like clerks in stores and offices, whose salaries have not increased nearly in proportion to those of organized labor. One of the undoubted benefits of organization, however unsatisfactory some phases of the disputes between organized labor and employers may be, has been an increase in wages, and in some cases this increase has been greater than that in the cost of living.

On this point the Ottawa Journal has a very interesting article from which we quote: "During the past few years the prices of necessities have gone up. Labor, food, clothes, all cost more than they did. How has the average wage-earner fared? Has he gained or lost by reason of the high prices? The United States Bulletin of Labor of recent issue publishes returns of present wages, hours of labor, etc., together with comparisons, in over 4,000 of the leading industrial establishments of the United States; also details of the cost of food now as compared with cost in years past.

"It appears that in the four thousand

industrial establishments under review the average weekly earnings were 3.9 per cent. greater in 1906 than in 1905, while the retail cost of the food purchased by the wage-earners had increased by only 2.9 per cent. in the same period. In other words the increase in wage exceeded the increase in cost of living by one per cent. And moreover in spite of the increased wage there was an average reduction of a half per cent. in the hours of labor each week. So that the workman in the United States was better off, so to say, last year, than he was the year before.

"Carried farther back the showing is even more favorable. The average weekly wage in these 4,000 representative establishments last year was 18.1-2 per cent. in excess of the average weekly earnings from 1890 to 1899. On the other hand, the retail price of food shows an increase in the interval of only 15.7 per cent. Thus the earning power increased in the ten year period nearly three per cent. more than did the cost of food.

"It is possible that a similar showing would be made in respect of wages and living cost in Canada if the figures were available. It is fair to assume at any rate that the increases in the states have been fairly duplicated in Canada. But the figures quoted from the United States Bulletin of Labor take no account of 1907 and it is quite certain that the cost of food alone has increased in both the United States and Canada much more rapidly than wages have increased. And the item of rents which is not mentioned in the present calculation has to be figured."

As stated at the outset, the unorganized class of clerks, which is really a very large class, has not shared in proportion to the increase in wages, and their hope lies in the fact that a slowing down of the industrial pace must result in lower prices of the commodities that make up the actual necessities of life.

The Montreal Star, in an article on the inefficiency of the police force of that city, makes a striking statement which is general in its application:—"The foundations of our society rest on the enforcement of law and order. It is a perfidious thing to permit the criminally inclined to arrive at the conclusion that they can outwit the police and not be made answerable for their crimes."

MILITIA AND THE MCGILL COURSE

A course in military science has been opened at McGill university in imitation of the system in vogue in England. Some time ago inquiries were made whether militia officers in Montreal and the surrounding district could take advantage of this course, but apparently it is to be restricted to the education of permanent corps officers or those desiring commissions in the British army. Why this restriction should be made is difficult to see. Any opportunities for higher education in the Canadian militia should be taken advantage of, because that force constitutes the main reliance of Canada, and the officers of it should be afforded every facility to make themselves more valuable to the country. If they are prepared to make sacrifices to attain a higher equipment of scientific knowledge, it seems strange that they should not be encouraged in every possible manner. They are barred by the age limit from taking advantage of the Royal Military college, and while that excellent institution is supported at a large expense to the public, there has not been a period in its history when it has been open to the military use to the militia rather than to educate graduates for commissions in the permanent corps or the British army. Why this restriction should exist is one of those things that no practical person can understand. There are numbers of militia officers who would be willing to take advantage of higher education in tactics, strategy, and staff duties if the opportunity were afforded, but so far as the Royal Military college is concerned, no interests of the militia of the Dominion of Canada are ignored. The same attitude apparently is to be assumed in connection with the higher military education at McGill. As the military forces of Canada is a purely militia organization, why should it dictate that forces should receive the chief benefit from any public money expended on military education.

Instead of that, the policy seems to be to educate professional officers chiefly for the British army. Why this should be the case is one of those things no fellow can understand.

POVERTY AND SCHOOLS

(Butler's Journal.) There are some poor families in this city who are not able to properly clothe and shoe their children fit to send them to school at the prices at which commodities now range. As there are no ragged "schools" and school attendance is now compulsory, it is up to the board to fit them out to appear decently, or stop it by belching about truancy an occasional lunch thrown might have a stimulating effect and brighten up the ideas of those who have not too much to eat.

The schooner Venita, before reported as sinking at sea off Eastern Point on Thursday last, was on the passage from New York to St. John with a load of sulphur for the Mispec pulp mill. The crew had a terrible experience. William Plant, of New Brunswick, had his feet so badly frozen that they will have to be amputated. The crew are: Captain Cressman, Randall, cook, John McGill and Fred Norwick, most of whom belong to St. John. They were for fifty hours in a small boat and all are in a serious condition from exposure. They have been taken to one of the Boston city hospitals.

A TROUBLESOME NAME
(Saturday Herald)

Tudor Jenks, the author of many bits of humorous verse and prose, has always had difficulty on first meeting people in getting them to accept his name as his own. They instead of regarding it as rather odd pseudonym. Recently the matter has grown worse, and he has experienced difficulty in establishing his right in articulate speech. The other day, in front of the Fifth Avenue Hotel, Mr. Jenks was an involuntary witness to a fight between two co-shavers. The men were promptly arrested and Mr. Jenks was held to court with them to tell what he had seen. The police magistrate was elderly, gruff and short-tempered.

"What is your name?" asked the lawyer.
"Jude Jenks."
"Once more, please."
"Jude Jenks."
A sharp rap from the court, and this exploded:
"Witness will stop making a funny noise, and give his name!"

Joseph F. Johnston

Hon. Joseph Forney Johnston recently sent to the United States senate from Alabama, was born in 1842 in Lincoln County, North Carolina. He was at school at the outbreak of the Civil War and at once drew himself into the ranks of the Confederate army as a private, serving from 1861 to 1865 and rising from private to captain. He was wounded four times. He began the practice of law in Selma, Ala., where he built up a lucrative practice which he held until 1884 when he became president of the Alabama National Bank. He retained this position for a decade and shortly afterwards was chosen as governor of his state serving from 1896 until 1900. His home is in Birmingham, Ala.

CRUSHED BY I. C. R. TRAIN WHILE SLEEPING ON TRACK

Cornelius Van Diemen's Life Crushed Out Last Evening—Body Identified by His Brother.

Cornelius Van Diemen, of Kansas City, was killed on the I. C. R. about two miles on the city side of Colbrook by No. 1 express from Moncton and Truro Monday evening. The fatal accident occurred about 9:17 and as near as can be ascertained the unfortunate man was lying beneath the rails when the train thundered along.

FOOTBALL

VALE-HARVARD GAME WILL BE ONE SIDED.

BOSTON, Nov. 18.—After the wonderful manner in which the Yale team came back last week, and the crushing defeat administered to Harvard by Dartmouth, next Saturday's contest between the crimson and the blue looks at this time to be a one-sided affair.

CORNELL IN BAD SHAPE.

HACA, Nov. 17.—With Walden Burke and Thompson badly bruised in the same game, and the rest of the team somewhat sore and stiff, the all coaches are dubiously facing the week of practice before the Pennsylvania game. It will be several days before a big men get back into condition, but coaches will begin hard work tomorrow with what they have on hand.

NAVY COACHES WORRIED.

ANNAPOLIS, Nov. 17.—The Navy coaches will go to work tomorrow with a determination to develop a back field in the short period of less than two weeks which remains before the final game of the season with West Point. The situation now is that Douglas is the only lack of the line that can be depended upon to make a yard with any regularity, and all of the available men except him have proved utter failures as ground gainers.

HARVARD BUNCH USED UP.

BOSTON, Nov. 18.—Football was almost a tabooed subject at Harvard yesterday for the defeat administered by Dartmouth was a most stinging affair, and will rank long in football remembrance across the Charles.

The Harvard players were pretty thoroughly done up after their grueling contest. Several undergraduates volunteered the use of automobiles yesterday and the entire team was taken for a long ride. Quarterback Newhall was quite badly injured over the eye, and is quite likely that he will not be able to play in the 'ale game. Hird has a bad leg which may keep him out to play Saturday.

Saturday, has a light case of water in the knee, but it is anticipated that he will recover in time to play Saturday. Otherwise the men are in good physical trim. Work today will be very light.

LEAGUE FOOTBALL GAMES SATURDAY.

At Cambridge—Harvard vs. Yale.
At Providence—Brown vs. Amherst.
At Chicago—Carle vs. Chicago.
At West Point—Army vs. Syracuse.
At Annapolis—Navy vs. Virginia Poly.
At Swarthmore—Swarthmore vs. Amherst.

THE RING

EIGHT BOUTS ARE BOOKED.

Eight Philadelphia clubs have booked this week, but that between Blackburn and Lewis overflows all the rest. Both claim national distinction. Each will try for a knockout. Blackburn is a slight favorite, because of his height, reach, shiftiness and hitting power, and the contest promises to be a hummer. The men will fight at catch-weights, which means that both will enter the ring about 142 pounds.

MANTELL WOULD MEET HONEY

Frank Mantell of Pawtucket, who knocked out Honey Melody at Dayton, O., in 15 rounds, has refused several good offers to box in New England. Mantell, however, is not adverse to meeting Melody again, but stipulates that the bout be for the welter-weight championship at 142 pounds.

Jimmy Gardner is willing to hook up with Mantell at this weight.

SHEA AND BRIGGS DRAW.

AUGUSTA, Me., Nov. 18.—Kid Shea of Hallowell and Jimmy Briggs of Boston went the limit in a hot bout Friday night. Each landed hard blows to head and body. Had the law permitted a decision, it is doubtful if one could have been given, as the bout was clearly a draw.

PAPE-STANTON BOUT OFF.

BOSTON, Nov. 16.—The match between Billy Pape and Walter Stanton, which was scheduled for Monday night at the Cooper A. C., was called off last night by James J. Buckley, manager of Stanton. The latter took a chill after his battle with Johnny Garret at New York the other night and continued to grow worse, and last night was in danger of pneumonia. President Pierce of the Cooper A. C. tried to secure a suitable substitute, but failed, and so made a match between Dave Desher of Cambridge and Rouse O'Brien for Wednesday night. The boys will box 12 rounds at catch-weights.

REARDON IN 10 ROUNDS.

MIDDLETON, Ct., Nov. 18.—Gene Reardon of Little Falls, N. Y., got the decision over Eddie Bride of Middletown in a fast 10-round bout. Reardon in the fifth round sent Bride to the ropes three times.

BOXING GOSSIP.

Johnny Summers, the Englishman, battles with Willie Moody at Philadelphia tonight.

Benny Yanger and Fighting Dick Hyland are scheduled to box in Salt Lake City, Utah, within a month.

Indiana boxers are hiking eastward, seeking work. The shut down in the Hoosier state is complete and lasting.

Jack Morgan, the western welterweight, is likely to turn up in Boston any day asking for a chance with Jimmy Gardner. Frank Mantell, who defeated Honey Melody, was presented with a diamond horseshoe pin by friends last night at Pawtucket.

Joe Wagner, who meets Jimmy Walsh at Lymanville, Nov. 21, will complete his training at Billy Gardner's place at Diamond Hill.

Sailor Brown and Jim Donovan are to clash in New York late this month.

Al Delmont will challenge the winner of the Walsh-Wagner contest at Lymanville, R. I., Nov. 21.

Honey Melody has called off his match with Unk Russell at Philadelphia and will take a hunting trip in Maine.

Kid Pantz of Boston and Kid Manning of Pawtucket will furnish the feature bout of 12 rounds at Woonsocket Dec. 2.

Young Peter Jackson and Tommy Kelly of Seattle will clash for 20 rounds at Sacramento, Cal. Thanksgiving day.

Boxing will be a winter pastime at the mining town of Cobalt, Can., Pa. Galvin of Rochester, N. Y., will be the promoter.

BASE BALL

JOY PITCHING ON COAST.

SAN FRANCISCO, Nov. 18.—Barney Joy, the Honolulu pitcher who was recruited by the Boston National League club, is playing here with Mike Fisher's Honolulu Stars, who have just arrived from Hawaii for a full series on the coast. In the games he has pitched he has shown, although getting the best sort of support, has made only a fair impression on the fans, and in several of the games has been hit pretty hard.

THE TURF

A PAYING PROPOSITION.

NEW YORK, Nov. 17.—The announcement last week that the Coney Island Jockey Club's stakes next year would all be increased in value to a sure sign that racing has never before enjoyed such remarkable prosperity.

The Sheepshead Bay track this year is more liberally patronized by the strollers than ever before, so that the stockholders in the Coney Island Jockey Club derived some handsome dividends.

MADDEN BUYS A GOOD ONE.

BOSTON, Nov. 18.—John E. Madden purchased of E. T. Bedford the bay trotting mare, Sally Simons II, (2:12-14) by Axworthy (2:15-14) out of Sally Simons (2:13-14). Steady in her record over the half-mile track at Mineola, and is regarded as grand circuit material. It is expected that she will be campaigned the coming season by "Knapsack" McCarthy.

BILLARDS

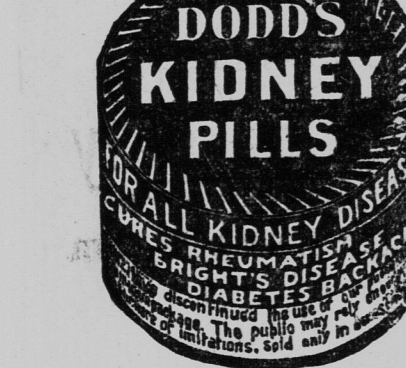

GALLAGHER TOO MUCH FOR HIM.

PHILADELPHIA, Nov. 18.—Tom Gallagher of New York defeated A. G. Cutler, short-stop champion, at the opening of Sol Alinger's new exhibition room tonight in billiards, 300 to 223.

Cutler had agreed to concede the veteran 100 points in 400, but from the opening shot never had a chance to win, as the veteran was in perfect stroke, and gave an exhibition at open table play that provoked prolonged applause.

The granite workers of St. John, at a meeting Monday, completed organization of a union and adopted an increased scale of wages. They passed a resolution fixing a scale of thirty-one cents an hour for moment work and thirty-nine cents an hour for building work, on and after March 1. The men now receive \$2.30 a day on moment work and \$3 a day for building work, the day being nine hours. The employers are to be notified this week.

The union last night elected John W. Ward president; John Sullivan, vice-president; Daniel Gilson, recording secretary; Daniel Donovan, financial secretary; Frederick Favette, treasurer. The meeting was held in Berryman's hall.

CANADIAN UNIONS WILL FOLLOW AMERICAN BOSSES

Vice-President of Dominion Trades Congress Pledges Support to American Federation—Canadians Will Take Their Orders From Yankee Officials.

Norfolk, Va., Nov. 18.—The American Federation of Labor today adopted the report of its special committee on the boycotts was Cleve Back Stove & Range Company injunction suit now pending in Washington, the report making provision for the immediate assessment of a one-cent "open" and "closed" shop, declaring "union" and "non-union" should be used; calling for the eight-hour day for all nations engaged on the Isthmus of Panama; pledging all possible aid to working men of Cuba; urging an organization of free men engaged in the United States; declaring for universal federation of trade unions that will bring international peace quicker than an international peace conference; no backing; calling on congress for legislation to prevent effects of injunction rule, and opposing all candidates for office.

The committee on injunction refused to receive resolutions calling for an increase of the salary of its organizers to \$8 per day. The feature of the day was an address by Rev. Charles M. Steile, in charge of the Presbyterian church's labor department work.

THE GOVERNMENT MAY BUILD WHARVES

And Then Turn Them Over to the Cities to be Maintained Out of Revenue.

At a meeting of the west side committee of the board of works yesterday afternoon it was decided that a special meeting of the board should be held this week, probably on Thursday evening, to discuss the question of submitting a proposal to the Dominion government for the completion of the South Rodney wharves to the harbor line. At a recent interview with Hon. William Pugsley, minister of public works, the committee received assurances that the government would not be unfavorable to building the wharves, and it was thought advisable at the meeting yesterday to have the matter take a more definite form as possible.

It is understood that since the appointment of the present minister of public works statistics have been prepared under his instructions showing the number of wharves owned by the Dominion government and the revenue derived. The figures are said to show that the wharves are comparatively small and on account of the trouble in collecting the dues it is thought that in the building of future wharves the government may adopt a policy of turning them over, when completed, to the city.

There is no objection to the wharves of the Dominion and the communities interested, on the understanding that the wharves should be maintained out of the wharfage income.

The committee also decided to favor bringing the matter before the government at once so that in the event of an agreement being reached the department of public works would build the wharves with the probability that either at once or within a few years they would be handed over to the city, only the site being retained as government property.

TAR POT SETS HOUSE AFIRE

Two Men Badly Burned During Fire in Carleton House.

Two men suffered burns and a baby was rescued in a fire in Edward Shubert's house in Ledlow street, Carleton, yesterday afternoon. The fire occurred about 3:30 o'clock in the ell, and the damage there and loss in furniture will amount to \$400.

Mr. Shubert was preparing to tar the chimney on Thursday evening, when the yard got things ready. When he returned to the kitchen he found that the tar had boiled over and set fire to the ell. Rushing to the stove, he caught up the tar pot and tried to remove it to the stove, and while doing this his clothes caught fire and his legs, arms and face were badly burned.

Seeing the flames breaking out from the room, Fred Holder, of Rodney street, hastened to the building and found Shubert carrying out the furniture, with his clothing still afire. This was extinguished after carrying out some of the parlor furniture. Holder again fought his way through the flames and rescued a baby that was peacefully snoring in bed in the ell.

While trying to get the tar pot off the stove and save the furniture, Fred Holder had his hands badly burned. Dr. Day dressed Shubert's burns. The roof and ell were badly gutted. There is some insurance on the property.

A tickling cough from any cause is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly humane, safe, and pleasant that it is given to the sick and aged to give it without hesitation, even to very young babies. The wholesome green leaves of the Cough Cure are a lung-healing mucous, containing a potent germicide, and a powerful expectorant. Simply a resinous plant extract that helps to heal aching lungs. The Hispaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by all druggists.

SCHUBERT SYMPHONY CLUB

An excellent performance was given in the High school building last evening by the Schubert Symphony Club and lady quartette, of Chicago. The hall was crowded and W. J. S. Myles was gratulated on bringing such an excellent attendance to the High school building.

Every number on the programme was heartily enjoyed and a very enjoyable evening was spent by the audience. Thomas Purrell was particularly good in his violin selections and Miss De Grasse was encored four times in humorous readings. The programme was:

CAN YOU KEEP A SECRET ?

Then we'll tell you one. You know that good cake can't be made without good ingredients, and there must be a good baker to get results.

Smith, the baker, employs the best baker possible to get and using the best ingredients, as he does, makes his cake just as good as you'd want to eat.

Now here's the secret: If you want good cake, the kind you will enjoy, buy the kind Smith bakes.

Hundreds eat SCOTCH ZEST BREAD every day; it saves the tiresome task of making and baking at home, and provides for the long felt want—good bread.

NEW BRUNSWICK LEAGUE FOR 1908

To Increase Interest in Football ---Could be Two St. John Teams--A Review of Season

Now that football for 1907 is practically at an end, a review of the season at this time would not be amiss. For the past two or three years the game has increased in quality and popularity here and bids fair soon to fill the place it once did when there was in existence a New Brunswick league and St. John won the championship after that memorable game at Moncton with Mount Allison.

WEDDINGS

Smith-Wallace

At the Marathon Hotel, North Head, Grand Manan, N. B., on November 12th, in the afternoon, by the Rev. A. L. Bubar, of Grand Manan, William Smith, of Louismouth, Scotland, to Miss Christina M. Wallace, of Naim, Scotland.

Mullins-Cody (Halifax Chronicle.)

The wedding took place at St. Patrick's church at 7:30 o'clock this morning.

Smith-Webster

Fred. Vanwart Smith, of McDonald's Point, Queens county, and Miss Sarah Webster, daughter of William Webster, of Belyea's Cove, Queens county, were united in wedlock Monday evening by Rev. Gideon Swin, at his residence, 33 Cedar street.

Harwick-Conmons

Annapolis, Nov. 18—A very interesting event took place at the residence of Captain Joseph Conmons, East Jordan, Charlton county, on Thursday morning, the 14th inst., the occasion being the marriage of Miss Lyle Harwick, daughter of Captain Conmons, to Rollins Harwick, the popular town councillor of Annapolis Royal.
