Recruiting Campaign Opens Several Meetings Arranged For This Week—Today's Local News of The War

Chief interest in military circles at present centers in the recruiting campaign for the 55th. Meetings arranged for this week are: Tonight, Opera House, Sussex, speakers, officers of the 55th, Regt. S. M. Ford, staff sergeants, etc., Hon. A. J. Murray presiding. Tomorrow, Opera House, Fredericton, Major Osborne and Fredericton men. Wednesday night, Sackville, Lieut. Governor Wood, presiding. Thursday night, St. Andrew's rink, city, Lieut. Col. Kirkpatrick, Col. McLean, and Major Weyman. Thursday night, Hayden-Gibson Theatre, Woodstock, Lieut. Col. Kirkpatrick, officers of 55th, Sergt. Maj. Ford, and Rev. Dr. MacDonnell. Saturday night, St. Martin's and Lorneville, St. John speakers. "Keep It Up" Sergeant Stairs of the headquarters staff of the 55th arrived in the city yesterday afternoon from Minto and Chipman where he had met with success in recruiting. At the Union depot, Major General Hughes made some enquiries as to the progress of recruiting, and on being informed, remarked to Sergeant Stairs, "That's fine," and as he boarded his car he gave him a parting injunction "Keep it up, sergeant, get the men, we need them."

SERGEANT F. W. STRINGER

Medical Orderly Sergeant Breen of St. Stephen, in charge of No. 6 Field Clearing Hospital, C. A. M. C. returned to Camp Sussex last evening. He came to the city yesterday with Private George E. Saunders of the 29th who was suffering from appendicitis and who was to be operated upon in the General Public Hospital. Another Draft The ranks of the 29th were further increased today and the strength of the 55th depleted by a draft of some fifty men from the latter body, brought to the city from the camp grounds at Sussex, under Major Weyman, to swell the ranks of the 29th. They are to take the place of some of the men of the battalion discharged through illness or other causes still sick in hospital and unable to go with the unit. On the arrival of the draft at the depot they were met by the 29th Rifle Band, and Lieut. J. E. March, and he accompanied them to the army. They were given a hearty reception. Major Weyman presented their attestations to Capt. Griffith, adjutant of the 29th. The understanding is that this draft is to be used to make selections from if needed, that is if the 29th at the time of departure is not up to full strength. It is also understood that the same is true with regard to the first draft taken in the battalion from Sussex, and if there is a surplus they will be returned to the 55th. Some twelve men from the 6th Mounted Rifles also came to the city today to join the 29th.

Today's Drill The 25th Battalion and Construction Corps spent today about their quarters in company or section drill. Many of the former had been out of the city over a holiday. The most of them reported again for duty today. A Lively Time A sergeant of the 26th received instructions last week to go to Minto, N. B. to bring back two men who had overstayed their leave of absence. With two privates he went to secure the men, but before he got them there was considerable excitement. It is said that the men did not wish to return to duty just at the time and tried to get away, but some shots fired in the air as a threat of what might follow, brought them to their senses and they are now back in the army.

FORCE FLEMMING OUT OF CONTEST

Interesting Report Comes From Carleton County B. F. SMITH AS CANDIDATE

Story Comes From Latter's Friends —It is Said Borden Will Not Countenance Fleming Candidate But Ex-premier's Friends Want a Say Woodstock, N. B., May 25.—There is a persistent report that J. K. Fleming will be forced to quit as the federal candidate for Carleton-Victoria. Considerable opposition has developed, and curiously enough it comes from the B. F. Smith camp, where they are circulating the report that it is utterly impossible to elect the ex-premier, and as a striking vindication of their policy, Smith wants to enter the contest as the Tory candidate.

Smith arrived here yesterday after an interview with the Tory leaders in St. John and Fredericton. It is announced that Premier Borden will not be connected with the Fleming nomination, as he publicly denounced Foster and Garland for their connection with charges not so serious brought out at the royal commission. Fleming still has friends who are standing by him, including E. R. Tord, his timber fund treasurer. Some are saying that Smith is not a paragon of the virtues, but the patriotic potato gift with which he has been connected, has made him a popular figure. The shameful political force is on and every effort will be made to out the ex-premier. Announcement of his retirement may be made very soon if the Smith faction can be persuaded to like a studied and deliberate attempt to add to Fleming's humiliation, whatever way it goes.

BACK AFTER SEEING TRENCHES

They Are Arranged Like Streets of a City SIR ADAM BECK HOME

Tells of Visit to Places Where Canadians Have Covered Themselves With Glory—Found Them Fit and Eager to do Share Against the Enemy London, May 25.—Sir Adam Beck, of London, Ont., chairman of the recent commission, arrived here on Monday with Lady Beck on the New York after an official visit to Europe. He said he had visited the trenches in France and found the Canadian troops all in good spirits and eager for the fray. Those who were seriously wounded were sent to England for treatment, while others less injured were sent to the base hospitals. The Canadian troops did trench duty for twenty-two to twenty-five days continuously and then went to the French villages at the rear of the line for a rest.

He stood for several hours on the roof of a monastery near Ypres between the British artillery and the trenches and the shells whistled over him from both sides, sometimes making a noise like a train going through a tunnel. The trenches were more than seven feet in depth and were divided into sections like a small town, with alleys leading off the main avenues. The food supply of the Canadian troops was very good and superior to that issued by the French government.

He saw a batch of several hundred German prisoners brought into the camp near Arras and said that he was surprised by their neatness and smart appearance, although they had been living in the trenches like the British and French soldiers. Sir Adam said that he had been booked to sail on the Lusitania from New York on May 1, but could not wait and had to go by the White Star liner Adriatic a few days earlier.

Brewster, who was sold in November to Germany with the consent of the British Board of Trade.

ITALIAN SUCCESS ON AUSTRIAN TERRITORY

Troops Occupy Several Places on Enemy Soil—Austrians' First Attempts to Strike at Italians Not Very Effective Rome, May 25.—Official announcement was made by the War Office today that Italian forces had penetrated Austria, occupying Caporetto, the heights between the Teris and the Isonzo, and the towns of Cormons, Cervignago and Terzo.

Rome, May 25.—The following official statement was issued last night by the Italian general staff: "An Italian destroyer entered the port of Busto near the Austrian frontier, and destroyed the landing stages, the railroad station and barracks as well as motor boats in the harbor. The destroyer was not damaged and some of the crew was wounded. Two of the enemy were killed and we took forty prisoners, including an officer and fifteen non-commissioned officers who were brought to Venice.

"According to supplementary information received, the two enemy airplanes which appeared over Venice this morning dropped eleven bombs without causing serious damage. The fire from our defenses put them to flight. The damage to the railroad caused by the attacks of airplanes and aeroplanes in the early hours of the morning was unimportant and already has been repaired.

"The Austrian cannonade sank a German steamer in the harbor at Ancona." Enemy Ambassadors Leave Rome, May 25.—Baron Von Macchio, Austrian ambassador to Italy and Prince Von Schoenburg-Zarnecki, ambassadors to the Vatican, with their staffs, left for Vienna on a special train last night. They were accompanied to the railroad station by Count Vinas, Spanish ambassador to the Vatican. There was a large crowd at the station, but no demonstration.

Paris, May 25, 2:40 p. m.—The French War Office this afternoon reported: "It was a night of considerable activity between the sea and Arras, in Belgium. Following a violent bombardment, a German attacking column endeavored to gain a footing on the highway between Langemarck and Ypres. It was definitely checked.

"The Germans delivered two attacks yesterday to the north of Abbeville. In each case they were repulsed. To the north of Neuville they delivered four attacks, each one of which was checked by the fire of our artillery.

"In these various aggressive endeavors, all of which resulted in complete failure, the enemy suffered heavy losses. The statement follows:— "On the Canislo front Austrian artillery opened fire against our positions without result. During the day of May 24 our artillery fired on positions occupied by the enemy.

"On the Fricoli front our troops advanced everywhere and encountered only feeble resistance. We have occupied Caporetto, the heights between the Idrco and Isonzo Rivers, Cormons, Cervignago and Terzo. The enemy withdrew, destroying bridges and burning houses. Our torpedo destroyers opened fire against the enemy detachments at the Port of Busto, and have dismantled troops. We captured seventy Austrians from other points. Our losses were one dead and some wounded.

LETTER FROM JAS. DUNCAN Alex. Duncan of 153 Paradise Row, yesterday received an interesting letter from his son, James Duncan, formerly of the I. C. R. here, now with the Army Service Corps in England. He tells of how he has been enjoying life at the camp where he and his unit are quartered, and describes the scenery as being attractive. The writer says that some of the St. John men who left here last fall with the first contingent, were still at Shorncliffe, England, when he was writing.

St. John Soldier In Germans' Hands

Private J. Beckwith is in German Hospital, Wounded—Writes That He Is Being Treated Well Not having heard from his brother, Private J. Beckwith, who left St. John last fall with the first Canadian contingent, Robert Beckwith, coadjutor, of 22 Brussels street, was anxious for the last month. This morning's mail, however, brought a measure of relief, as there was a letter from the soldier, dated Dunsdorf, Germany, saying he was a prisoner of war, and being treated in a German hospital for a wound in one of his hands and legs.

It is presumed that he was taken prisoner after having been wounded at the battle of Langemarck, but as he wrote in his letter: "I can't very well tell you my little yarn at present, but I hope to do so whenever this trouble ends. We are being treated splendidly here. My wounds are not serious, but we get excellent service, the doctors being very clever, and the people most kind. They will probably send me to a concentration camp as soon as we are recovered."

Private Beckwith was formerly with the 12th Battalion, but transferred to the 14th so as to be the sooner in action in France. It is understood he was taken prisoner with the French. His brother Robert, was considerably relieved to hear that he was not more severely wounded. The prisoner wrote that he would appreciate a gift of tobacco. He acknowledged receipt of some sent him before.

TODAY'S SESSION OF SONS OF TEMPERANCE Important Resolutions—Report on State of Order The Grand Division, Sons of Temperance, convened this morning with G. W. P. Rowley in the chair. The following reports were adopted:— The Kent-Northumberland District Division reported nineteen divisions. The membership on March 31 was 1,038 of whom 698 were adults, a net gain of seven, of if the dormant divisions are counted, ninety-seven divisions.

The committee on resolutions reported:— Resolution No. 1.—We deeply regret that, while the provincial government has granted the temperance people some progressive amendments to the Liquor License Act, it has refused the request for prohibition of the sale of liquor in the province during the present war.

Another urged a strong stand to be taken for prohibition and support only prohibition candidates. Another recommended leaving with the executive the matter of the dismissal of George N. Clark. Another expressed appreciation of the activity of Most Worthy Patriarch Rev. R. H. Stavert and the grand and district officers. Another expressed thanks for St. John hospitality. H. H. Stuart, F. G. Moore and W. H. Macdonald composed the resolutions committee.

The endorsement committee reported attendance of twenty-five delegates and fourteen visitors at the grand division. The committee on the state of the order reported:— In looking over the whole area of moral and social reform, we are glad to note everywhere many signs of progress, and especially in the field of temperance. Many agencies have been working toward the crushing out of the liquor traffic, and no one force has done more to help toward this goal than has the present war. While we deeply regret that such a calamity has fallen upon the civilized world, we cannot but feel that an All Wise Providence is working out some purpose which will redound to His glory and the good of all mankind, and thus, in the midst of sorrow, we cannot but be grateful and trust that all will yet be well.

The report went on to note: 1. General optimism. 2. Good work by the G. W. P. 3. Enlistment of many members of the order. 4. Faith in memorials. 5. Carelessness in enforcement of laws. 6. Good financial standing in the treasuries of the subordinate divisions there being \$1,200. 7. Balance on G. T.'s report. 8. Good work of grand patron. 9. Six new divisions and two new Bands of Hope. 10. Good work of national grand and district officers. 11. Good work on part of the subordinate divisions in reporting each quarter. 12. General optimism.

Messrs. Rowley, Robinson, Macdonald, Stavert and Macaulay were appointed to prepare a pledging campaign. Letters of sympathy were directed to be sent to Grand Treasurer James Falconer of Newcastle, and Grand Chaplain, Rev. B. H. Thomas, of Dorchester.

GERMANS DROWN PRISONERS London, May 25.—The Petrograd correspondent of the London Chronicle writes:—"The Germans are deploring, in their treatment of Russian prisoners, an amazing brutality. They drowned one party of Russian prisoners in the San. Five Russian prisoners a German officer shot with his revolver, and another Cossack has just escaped to the Russian lines after having had his ears snipped and strips of flesh cut off his thighs for refusal to give information as to the Russian positions. On Narow, on the Prusian front, the Germans have for the first time made use of asphyxiating gases."

Brother of St. John Woman Referred to in English Newspaper An English paper contains the following article about Alfred Martin, a brother of Mrs. Charles Westwood, of 214 Queen street, St. John, and a soldier who died through five wounds to result in his old regiment.

"A fine example of determination to serve the country has been shown by a Briton who traveled all the way from Tientsin, in China, to re-enlist in his old regiment.

"When about eighteen years of age, Alfred Martin enlisted in the Royal West Surrey and served for seven years. He then went to Canada, and after a time joined the United States army. He was bought out, but when trouble arose over the Philippines he rejoined, served through the campaign, and later went with his regiment to Tientsin. He was made a corporal.

"When the war broke out he decided to return to his old British regiment, and after a time was able to leave Tientsin. He spent three weeks in a train bound for Russia, and from Petrograd he traveled through Finland, Sweden and Norway, and landed at Newcastle on March 22.

"Spending a few days at home at Herne Hill, he met a sweetheart who had refused his offer of marriage before he went to Canada.

"He proposed again, was accepted, got married, and after a very brief honeymoon journey to Gulliford and rejoined his old regiment."

Between the Ages of 6 and 12

Here is advice for parents

"It is between the ages of 6 and 12 that the jaws as a rule fail to develop to their normal size," writes H. P. Pickerrill, M. D., a world-quoted authority.

"During this period, therefore, the need for generous mastication (chewing) is imperative," the eminent Doctor continues.

For new and larger teeth are coming. The jawbone must grow normally to accommodate them.

Otherwise "crowding" of teeth is very apt to follow—and "crowded" teeth invite lodgment of food particles between them. The food particles make the acid which hastens decay.

At this period of the child's life judicious chewing of Sterling Gum gives the jaw much needed exercise—promoting full growth and full room for the important second set of teeth.

Welcomed as a "goody," the delicious peppermint flavor of Sterling Gum pleases the children while doing them good.

Sterling Gum is the gum for lasting flavor and absolute cleanliness.

GERMANY'S FINANCES

Judge Russell of Halifax, in a review of an article in the London Quarterly Review, holds that it proves the financial conditions in Germany to be very bad and rapidly growing worse.

Italy's entry into the war will cut off a source of some of Germany and Austria's supplies.

In his sudden, unheralded and unexpected descent upon the various military centres Maj. Gen. Hughes is no doubt illustrating what he wants the Canadian soldiers to do to the Germans.

Totally Discouraged By Nervous Prostration

After Many Weeks of Doctoring a Friend Recommended Dr. Chase's Nerve Food, and She Was Cured

There is nothing more discouraging than Nervous Prostration. Because of the exhausted condition of the nervous system, weakness and helplessness take possession of the mind as well as those of the body are affected, and hope and courage disappear.

The patient, often appearing well, gets little sympathy, and few doctors understand diseases of the nerves well enough to treat nervous prostration intelligently.

It is only wise to prevent such dreaded diseases as Nervous Prostration, Paralysis and Locomotor Ataxia by keeping the nervous system in good condition at all times.

The Lyric Theatre proved a strong mecca for holiday crowds yesterday where a strong bill of vaudeville and feature photo-plays found favor with the large audience. Ted and Corrine Bretton billed as "The Movie Man and the Actress" offer an act of bright comedy novelties in song and dialogue.

Tomorrow the regular mid-week feature will be in the life insurance photodrama "After Five," a play which created a great deal of comment and interest because of its novel plot, its ludicrous theme and its extremely funny action.

It is safe to say that no legitimate or screen comedy ever had more utterly strange and unusual complications than the picturization of the play by Cecil B. and William C. DeMille in which Jesse L. Lasky presents Edward Abbeles, Ted Ewing, the hero, tries many extraordinary things, such, for instance, as getting himself killed by accident in order to give his life insurance to his sweetheart. But the strangest thing of all is when he gets engaged to the forty-year-old aunt of the girl he loves in order that she (the girl) may escape the misery of mourning for him when he is dead and gone.

Frank J. Cheney makes out that he is a partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio, and that he sold \$100,000 worth of one hundred dollar bills for cash and every one of them is counterfeit.

GOOD WORDS FOR 26TH BATTALION

Highly Complimented by Minister of Militia at Inspection - At Sussex Also - How the Soldiers Spent the Holiday

Major-General Hon. Sam Hughes, Minister of Militia, arrived in St. John yesterday morning and was met at the station by the leading local officers. He spent the morning inspecting the railway construction corps and in the afternoon inspected the 26th Battalion, stopping to converse with each veteran in the ranks.

Addressing the battalion he complimented the men on their appearance and their record and congratulated their officers. Dwellers on what has been accomplished already by Canadians he said that he expected at least as much of the 26th.

Cheers were given for the memory of Queen Victoria, for King George and for the minister of militia.

WHY MODERN WOMEN'S HAIR IS GROWING THIN—By Mdm. Beaupre

Wigs, switches, curling tongs, artificial waving, singeing, etc., have combined to ruin the hair of many women, so there is decidedly an increase in baldness. But it can be had by dissolving a teaspoonful canthox, which every good druggist sells, in a cup of hot water. This mixture cleanses gently, yet thoroughly, removing all dandruff, excess oil and dirt, giving to the scalp and hair the vigor that insures scalp-health and hair-beauty. Canthox shampoos make the head feel good, make the hair look good, are very beneficial where hair is faded, dull or brittle, and the regular use of canthox will greatly enrich the color of the hair and give a beautiful gloss and softness.

The semi-annual meeting of the N. B. Grand Division, Sons of Temperance, met with Excelsior Division in the Temperance Hall, St. James street, last night, E. W. Rowley, G. W. P., presiding. Grand Conductor R. S. Wood, of Douglastown, was absent, with the 25th battery, Fredericton.

In his annual report the G. W. P. reported satisfactory progress during the year, with six new divisions organized. Commenting on liquor legislation he reported that the provincial government had granted some amendments, but he considered that the government had lost a golden opportunity to introduce prohibition at a time when European governments are taking this course. He charged that liquor dealers in St. John are openly violating the law by shipping liquor to prohibited territory.

The grand scribe's report showed to the gain of members during the last six months of 411. There are 69 divisions in good standing. Of these 44 have paid up to March 31, 1915; nine paid up to Dec. 31; seven to Sept. 30, and nine more than two quarters in arrears. St. John district division was organized.

During the months ending March 31, the total new members were 599 and the losses 188—not gain 411, bringing total membership up to 2,941. The numbers by counties are:

Table with 2 columns: County, Members. Northumberland 14, 468; Westmorland 8, 466; Kings 12, 370; Kent 5, 192; St. John 4, 159; Restigouche 5, 140; Gloucester 2, 132; Queens 4, 114; Carleton 2, 73; Albert 1, 63; Sunbury 2, 47. Total 69, 2941.

The sum of \$220.93 was due for per capita tax. During the last six months \$269.98 was received for per capita and \$264.48 for supplies; sundry, \$2—total, \$534.46. Expended for 1915—leaving balance of \$22.65, \$27.29 is due national division. Finances in much better shape than in the past.

The grand scribe recommended introduction of the government providing machinery for law enforcement. He reported that ample satisfaction would be given Geo. N. Clark recently dismissed in Kent county. The plea was prohibition. The grand scribe recommended introduction of the liquor license laws. He advised pledging voters to support only temperance men as candidates for office. He thanked Messrs. Rowley, Bustin, Stewart, W. H. McDonald and H. H. Stuart and T. S. McAuley for help rendered.

Grand Patron Miss L. M. Kirby's report showed elected Bands of Hope, an increase of two. These had 468 members—an increase of 43. Added to the 2,941 adult members, this makes 3,409 Sons of Temperance in New Brunswick on March 31.

Primary to the evening session the visiting delegates were entertained by the local members by a sail in the steamer, Victoria to Crystal Beach, where supper was served on W. Rowley's grounds. The Sons of England band accompanied them and sports were indulged in. The return trip began at eight o'clock.

CANADIANS HAD TO FILL BIG GAP

Col. Morrison Sends Account of Artillery at Ypres

MEN STOOD THE TEST WELL

Had Orders to Stand Fast and They Did—Brigade Had Sixteen Guns in Action at the Time

Ottawa, May 22.—The first detailed account of the work of the Canadian artillery to reach the Dominion has arrived in the form of a letter from Lt. Col. E. W. B. Morrison, former director of artillery of the Militia Department and now commander of the First Artillery Brigade...

The feature of the narrative is the information that that of the First Infantry Brigade, under General Mercer, of Toronto, and one battery under Col. Morrison were all that filled the gap in the line after the French troops had been forced to retire before the German gas attack...

The letter reads: "I am writing in the trenches under a heavy shell fire, but we are not firing ourselves this morning and I thought it might be interesting to put on record the experiences and services of the little old First Brigade in this terrible battle, which has now lasted about ten days and nights, as nearly as we can keep track of time..."

"You know I have always predicted that when 'Der Tag' came our gunners, especially, and all our Canadian soldiers would show the world some fighting that none but the 'Scotch' could equal. You all used to laugh at me, but my expectations have been fulfilled..."

"But to return to my own brigade. When the French were routed on the Thursday afternoon northeast of Ypres—I think it was on April 22—we were going forward from Popoing to the trenches before Ypres. Two half batteries under Lt. Col. MacLaren, of Ottawa, were ready in the trenches with the second and third Canadian brigades near St. Julien. I was on the road with my battery and the ammunition column two miles west of Ypres and the first and fourth batteries, under Major Hainston and Major Shannon, were at Popoing, preparing to come up..."

"As I approached Ypres tremendous firing could be heard about two miles to our left and it seemed to be coming nearer, preceded by a great volume of dust and smoke. It was about 5.30 in the afternoon. I halted my column and rode ahead to reconnoitre. I had not gone half a mile when I saw broken troops—French, streaming across country ahead of the dust cloud, mounted and on foot..."

"Then came ammunition wagons with their artillery, horses with men, then but no gas behind them, baggage wagons, infantry in broken groups and singly, all heading toward Popoing..."

"I rode back and selected positions for my guns beside the road and waited, expecting every minute to get to the front, behind all the town of Ypres beginning to blaze in the thickening fog under a hail of shell fire..."

"But ever in the region to the northeast the steady roar of a battle. It almost seemed for a time as if my column would be swept by the back rush to the rear, but we closed up tight and stemmed the tide of misery and panic. My men were as cool as veterans I have seen..."

Told to Stand Fast. "I had communicated with headquarters and we had orders to stand fast. Worst of all was the anxiety as to what had occurred. We were eventually compelled to leave the road and take a position in the field beside the road and the stream of fugitives continued..."

"At 8.30 a.m. orders arrived to advance rapidly and support a counter-attack by General Mercer's brigade of infantry along the canal on the north side of Ypres. It was nearly dawn. We went forward on the rush and with 'King' (Col. Morrison's horse) I scouted the position quicker than he ever did at Petawawa. You would think he knew what was happening..."

"Since that for ten days we have been firing about one hundred and fifty rounds per gun per day, supporting French attacks on the ridge, subjected day and night to a grilling from 17-inch, 12-inch and 8-inch shells..."

IF GERMANY WON

STRONG WORDS BY GERMAN

Hon. J. H. Warman's Speech in Boston—Nation, Impelled by Militarism, Has Gone Mad—Secret Treaty of England and Italy?

Hon. James H. Warman, for five years United States consul-general at Munich, and born of German parents in Berlin, as the guest of honor of the Victorian Club at the Hotel Bellevue, Boston, delivered a bitter attack against German and militarism this week. He declared there was a "secret treaty" between Italy and England, by which Italy agreed to disregard her alliance with Germany if the time should come to stand by Great Britain...

Dr. Warman spoke with feeling so great that at times tears blinded his eyes, and his voice became tremulous with emotion. He alluded to himself as almost a fitting subject for the sympathies aroused by Edward Everett Hale's "man without a country..."

A stir of unusual interest followed Dr. Warman's statement that a secret treaty was in existence, binding Italy to England stronger than any she could unite her with Germany. Dr. Warman said in part: "Why hasn't Italy entered this conflict? I know the inner history of this matter; that Italy made a secret treaty with England before she agreed to enter the Triple Alliance. This comes from Italian officers themselves, in high authority. It is on record where you can read it at your leisure..."

"England has guaranteed to stand by Italy in the Mediterranean so long as Austria and Germany did not interfere with England. That brings to light the reason Italy has not allowed herself to be plunged into war on the side of Germany. I know that Italy is pledged to England by that treaty..."

VISIT TO KRUPPS' GREATEST RIVAL

France Has Artillery Better Than Germany

GUNS READY FOR ITALY

Were Among Sights Seen by Newspaper Man—Will Be Shipped When Country Has Declared War

Paris, May 22.—I have just completed a four days' visit to France's most secret, most rigidly guarded possession in war time, the great cannon-manufacturing works at Le Creusot, controlled by Schneider & Company, the only concern in the world which has rivalled the Krupps in the magnitude of its production, even surpassing them, according to a majority of artillery experts, in the ingenuity of its works...

I also passed a day at the great government arsenal at Bourges, where artillery officers receive their training and where explosives are manufactured for the shells, which are also made in the steel works of Le Creusot. The trip was arranged for longer and more profound thought on the part of the military of war than that of the general public. In fact, this is the first time in the history of the world that newspaper men have been taken there. As on my trips to the front, I was accompanied by an officer of the general staff...

England first got a taste of the Creusot guns at the hands of the Boers; but the real test came in the recent Balkan wars, at the battle of Lule Burgas, when the Bulgarians and Serbs assailed the detachments of the German army. They were every day despatched in the world carrying the significant name "The Creusot guns." Since then European artillery experts have been in the habit of making the remark which the public still declines to appreciate: "The French army has the best field artillery in the world..."

So, on my trip to Le Creusot, I did not think about the 75's. That question was settled. What I wanted to know was whether France has evolved, since the war began, a gun that would offset the work accomplished by the German monster at Liege, Namur, Maastricht and Antwerp. I can now say, for I have seen—that France has not one but two types of artillery that will beat anything belonging to Germany...

Both Bourges and Le Creusot are especially prepared to supply Zeppelin raiders. The 150's are mounted in all districts. Le Creusot is the only place I have seen where the guns show openly; there is a large hall in the rear of the works, the city in an automobile I could see their long barrels standing out against the sky in the distance. Military observation posts are stationed miles outside the city, with telephone connections to the batteries. For the purpose of warning against a Zeppelin approach, 30 minute are the precautions that are taken from the guns on the mountain. The city is the name Le Creusot, so that spies, endeavoring to enter, must inquire the way, thus making it plain that they are strangers. At Bourges the powder magazines are all below ground and covered with heavy mounds of earth, with trees growing from them...

At Le Creusot's we made one trip into the works at night to see the magnificent fireworks display of molten steel coming from the furnaces. Just as an indication of how the war has made progress since the war began, they showed us one new furnace 25 metres deep (about 82 feet), used exclusively for tempering of the biggest naval guns...

We also saw the biggest experiment yet tried in the way of armored trains. A complete train, consisting of an armored engine and car, was in the yards, ready to start for the front. The gun, which pulled its nose over the side, could be aimed in all directions, and was of 194 millimeter size. The French have a new device for resting the supports on the ground when the gun is fired, to prevent the recoil from overturning the car. The experiments have all been successful, so a train is now in course of construction which will carry a 370 millimeter gun...

The most striking incident of the Creusot works was the patriotic spirit of the laborers, who are working exceptionally hard, joyously accepting small wages in order to aid their government in its struggle...

"Say what you like about the German people—they are the authors of their own destruction. Germany wants the earth, and thinks militarism is going to get it for her. What did Germany want militarism for? Nothing but the assumption of power..."

"Germany has failed to appreciate the 'expressman' who did good service. England has been the expressman for the world with her great fleet of commerce ships. Germany has not appreciated the great expressman..."

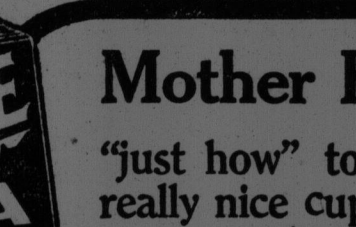

"When I was a boy I was proud of Germany as my country. Now it seems my country has gone mad. 'I do not hate the land of my birth, not that; but I am filled with a deep disgust and contempt for Germany's present attitude. Patriotism without a sense of justice does not make for democracy. Germany knows no justice but that which favors her..."

WAR NOTES FROM SUNDAY AND MONDAY CABLES

The Canadian division has been in action again, on Thursday and Friday of last week. Our men charged the Germans bravely in the trenches, and the Canadian casualties are forty-nine killed, about 100 missing, and about 800 wounded...

Major General Steele has arrived in England and taken charge of the second Canadian division. In the train wreck at Greta, England, on Saturday, 128 people were killed or missing and some 800 injured. All except six of the killed were soldiers of the Royal Scots regiment. The Turks have assassinated the inhabitants of about 100 villages in Armenia. The Grand Cordon of the Order of Leopold has been bestowed on Earl Kitchener by King Albert of Belgium. Italy and Austria are fighting. The Austrians, with torpedo boats and destroyers, attacked the Italians on the Adriatic coast on Monday and scuttled an attempt to attack on the Venetian arsenal and also attacked Porto Corral. The Austrians also struck at Ancona, Barietta and Gosl. Little resulted anywhere. Italy has agreed not to conclude peace separate from the other allies...

Florence's French

Worn out by a long series of appalling French exercises, wherein the blunders were as the sands of the sea, a hapless high school mistress declared her intention of writing to Florence's mother. Florence looked her teacher in the face. "Ma will be awfully angry!" "I am afraid she will, but it is my duty to write to her, Florence!" "I don't know," said Florence, doubtfully. "You see, mother always does my French for me!"

BELGIAN FUND.
Mayor Frink acknowledges receipt of a contribution of \$8 from J. H. A. L. F., for the Belgian relief fund.

TO ROYAL SOCIETY MEETING.
Re. Dr. W. O. Raymond left last evening to attend a meeting of the Royal Society in Ottawa. Other members from the province include Dr. Geo. F. Mathew and Dr. L. W. Bailey.

FOR FIELD KITCHEN.
Contributions for the 26th field kitchen fund have been received by Mayor Frink, as follows: Sussex branch, Red Cross Society, per Mrs. C. M. Pearce, Sussex, \$150; Alexander Wilson, West St. John, \$1.

PATRIOTIC FUND.
C. B. Allan, treasurer of the Patriotic Fund, acknowledges the following:—S. H. Clark, for May, \$1; concert by young people of Pleasant Vale, Albert Co., per Miss Snell, \$23; E. D. Dunford, Fairville Plateau, \$5; Major J. N. McRobbie, \$50.

MORE CARS.
Many persons in North End were late for work this morning. It was not that they had lingered too long in bed—they were at the shops along the street on the car line in plenty of time, but the car went past without a stop from the foot of Indian town to Douglas's avenue, and from there to Paradise row. The reason was the arrival of a steamer from upriver with a crowd of week-end excursionists, and when they got on the car it was too well filled to allow room for others.

NEW GOLF COURSE OPENED.
The new course of the Riverside Golf and Country Club was opened for play on the holiday, and a large number of players spent a delightful day on the links. Those who had not previously seen the course were surprised at its good condition, its fine situation, and its possibilities. In the evening the players gathered at the club house for dinner around the old round table, and found themselves quite at home. The membership is already large, and the outlook for building up a fine country club is excellent.

PROPERTY SALES.
At Chubb's corner at noon on Saturday Auctioneer T. T. Lantalam offered for sale a city lot in Lancaster, bounded by North street, the C. P. R. and the Carleton branch railway. It was withdrawn at \$600.

R. F. Potts offered several properties to close the estate of the late Edmund Riley. A leasehold property on the corner of City Road and Brindley street was purchased by John Ross for \$1,100. A freehold property in City road with laundry building and two adjoining leasehold properties was bid in by H. S. Keith for clients.

A DISTRESSING MATTER.
That there are some people of low instincts is shown by a report of grave desecration in Fernhill. Relatives who had lost a loved one a few days ago went to the cemetery yesterday, only to find that some twenty pieces of ribbon and gauze, which had been placed on the grave, had been stolen from the lot. One's feelings revolt from thought of such an act. Surely if the perpetrators thought of the added grief they bring to those who survive, they would refrain from such a desecration. There should be no more of it, or if there is speedy retribution should follow the offenders.

SPRINKLER NOZZLES.
Commissioner Wigmore is securing a new arrangement for use on the city hydrants to protect the permanent nozzles from injury. In the past there has been some objection to the use of the hydrants for filling the watering carts, owing, it is said, to some of the workmen having been careless in adjusting the hose and damage to the hydrants resulting, creating difficulties for the firemen when the hydrant is needed for fire fighting. The new device is an adjustable nozzle which will be attached to one of the outlets on the hydrant and this is the only outlet which the street department men will use, leaving the others free from danger of damage. If the adjustable nozzle is damaged it can be removed easily for repairs. This will do away with the necessity of erecting stand-pipes for the watering carts, which have proved expensive to install.

FEW TEAMS OFFERED FOR CLEAN-UP WORK

Will there be a clean-up day tomorrow? The answer is in doubt, although all the plans have been made by the city departments. The reason for the doubt is the apparent lack of teams, the unwillingness of the teamsters to earn a day's pay in this way, or a lack of public spirit.

Commissioner McLellan said this afternoon that so far he had received offers from only two persons to donate the use of teams and applications from only three teamsters for employment. He was ready to do his share but the work could not be carried out without means of conveying the refuse to the dumps. Teamsters who wish employment or those willing to give their teams for this purpose can communicate with Chief Blaise of the fire department at his office in Germain street this afternoon. If there are enough offers the work will go ahead. If not it will be necessary to abandon the plan.

LEARN HOW TO SWIM

The Y. M. C. A. free swimming campaign for men and boys is opening today. This campaign is open to all men and boys who cannot swim. The school boys lessons will be given in the afternoons all this week from 4 to 5:30, and in the afternoons from 5 to 6, and evenings 7:30 to 8:30. This campaign should meet with the hearty co-operation of every man and boy of St. John to urge his friend who cannot swim to take this chance to learn. Life saving with the latest rescuing methods will also be taught.

Doctor H. S. Bridges heartily endorses this free swimming campaign and is assisting in urging all the principals of the schools to urge the boys to take this opportunity to learn to swim. Word is being sent to all the factories to urge the employed boys. Office and messenger boys are also urged to take advantage of this offer.

Every one can do much to this worthy cause by passing the word to his friends. \$1.

THE SISTERS OF CHARITY BUY THE MOOSE HOME

Handsome Trueman Residence in Coburg Street Probably Will Be Children's Hospital

A purchase which was closed on Saturday afternoon now gives the Catholic church and its institutions the fine home of nearly an entire block of land in the heart of the city, of wide area. The latest purchase is the Trueman property, recently held by the Order of Moose. This completes the three sides of the block commencing at the Shaw property on the corner of Waterloo and Golding streets, extending along Waterloo to Cliff, up Cliff to Coburg, and along to the end of Coburg street, where it adjoins the property of Hon. J. D. Hazen. The latest addition is the fine home of the late Judge A. L. Trueman, an exceptionally well built and finely decorated residence of large dimensions, which originally cost \$40,000 to build. The lot, which has a wide frontage on Coburg street, extends through to Thistle court in the rear. This property was purchased by the Moose about two years ago for a club and home building, but was last week to the Trueman estate and was then transferred to the Sisters of Charity.

The definite plans for the use of the property have not been announced, but one report is that under the new ownership the building will be remodelled and used as a hospital for children in connection with the Sisters' Infirmary on the adjoining property. If this plan is adopted it will be the first separate hospital for children in St. John, and will be warmly welcomed to the ranks of the local institutions as one filling a pressing need and one with an object which will appeal strongly to the sympathies of the public.

NO CRIMINAL BUSINESS; NO CIVIL JURY CASES

The May sitting of the county court was opened this morning. His Honor Judge Forbes presiding. There was no criminal business before the court, and there were no civil jury cases, so there was an absence of both grand and petit jurors. The docket was as follows:—

Non-Jury.
Edgecombe vs. Burgess—K. A. Wilson, Waterloo & Basing, Limited vs. Hanson—K. A. Wilson.
National Bank vs. Milledge—Weldon & McLean.
Bank of British North America vs. Clark—Weldon & McLean.
Stein vs. Brindley—J. H. A. L. Fairweather.
The naturalization papers of Beverley E. Colwell were read by H. S. Keith; and those of Simon L. Meltzer, Nathan Meltzer, Morris Guss and Abraham Friedman were filed by Keith & Ross. The civil cases will be disposed of in chambers. The court adjourned until Saturday morning.

ST. JOHN TEAM WINS AT BASEBALL FROM MONCTON

The baseball season in Moncton was ushered in yesterday when the home team, the "Fifths" of St. Peter's League, playing under the name of St. John's, and were defeated by a score of 3 to 0. The game, according to the spectators, was one of the best seen there in years. The Moncton players were fast on the field, and their hitting was superior to that of their opponents. Hansen, who pitched for the St. John boys, allowed the opposing players only one hit. The box score follows.
