EMPIRE SETTLEMENT ACT IS FAILURE

DOMINIONS NOT RECOVERED FULLY FROM WAR EFFECTS

British Secretary of State For Dominion Affairs Tells Commons Why People Will Not Leave England

UNEMPLOYMENT INSURANCE BLAMED

Colonel Amery Says Liaison Officers Help Empire—J. H. Thomas Says 50,000 People Await Opportunity to Settle Beyond Seas

LONDON, July 28.—Lieut. Col. the Right Hon. L. C. S. Amery, Secretary of State for Dominion Affairs, in presenting the Dominion and Colonial estimates in the House of Commons last night, said that part of the reason why the Empire Settlement Act could not be worked to its full extent lay in the fact that public opinion overseas had not yet sufficiently grasped the effect of the settlement policy in building up national lines. Immigration, he continued, was far too often regarded by one class overseas as a means of securing cheaper labor. In this respect the immigrant from Central and Eastern Europe would more readily tolerate low wages than the British.

There was also an ever-increasing inducement to stay at home because of our health, unemployment and now widowhood insurance. He suggested the consideration of a reciprocal empire arrangement to prevent these measures from exerting a retarding influence on the free movement of the population within the empire.

Asked whether the Australian representative had access to cabinet papers, Col. Amery replied that he had access to all confidential papers and was regarded as the personal representative of the premier of Australia and in that capacity could see whatever the prime minister of Australia himself might wish to see.

Col. Amery emphasized the development of telegraphic consultations with the dominions, and said that information sent out to the dominions by every mail, 120 telegrams many of great length, had been sent to the dominions during the last eight months, most of which were directly concerned with the protocol or the security of Europe.

Col. Amery detailing the procedure of informing the dominions of Imperial affairs, said that the information circulated, could be advantageously supplemented by information sent individually to each dominion government by some representative directly under the orders of that government had had full access to all sources of information, and who knew in what his government was particularly interested.

Australia in the last six months had been able to meet on this occasion.

Hubbards, N. S., July 28.—So closely were the alibores packed in a portion of St. Margaret's Bay, near here, on Sunday, that a fisherman, Lawson Miller, who fell out of his boat into the water, on coming to the surface, stepped on the back of one of the fish, and jumped to his boat in safety.

PARIS, July 28.—The National Council of the Miners' International reached no decision at its first session here today, regarding action it may take in the coal strike situations in Great Britain and Europe.

British Naval Program Announced In Parliament

LONDON, July 28.—Right Hon. W. C. Bridgeman, first Lord of the Admiralty, yesterday stippled parliament with official details of the proposed naval construction up to and including the year 1929-30. During the current year four cruisers will be laid down. They will belong to class A. The following year two cruisers of class A and one of class B will be built. The

three succeeding years will have one of each of the classes B, C and D. The programme provides for a total of 27 destroyers, 23 submarines of the O type and one of the fleet type, five submarines and a number of other auxiliaries. The total estimated cost is \$28,000,000.

The Prime Minister informed the House today that the naval vote for 1925-26, which was discussed Wednesday, instead of Tuesday.

Hopes to Return Soon and Visit Ex-service Men in Three Provinces by Sea.

MONTREAL, July 28.—Special greeting to ex-service men in the Maritime Provinces is contained in the farewell message which Field Marshal Earl Haig today addressed to returned soldiers at the close of his tour of the Dominion.

It is his hope that I may be able to visit Canada again at an distant date, and see those of you whom I have been unable to meet on this occasion.

Last Quadruplet Dies In Brooklyn

NEW YORK, July 28.—Mr. and Mrs. John Kelly of 720 Bergen street, Brooklyn, who became the parents of quadruplets on Jan. 23 last, are mourning the death of the last of the four infants, Joseph Kelly, the last surviving quadruplet, was 6 months old on Thursday, and on that day succumbed to whooping cough.

The babies were named Catherine, Sarah, Edward and Joseph. The two girls and Edward died within a week. Joseph continued to thrive and became a normal baby. He weighed twelve pounds a few days before his death.

Simple People of United States Visit Dayton, Tenn.

BURIAL PLANS

Body of Commoner Will Be Taken to Washington Tomorrow

DAYTON, Tenn., July 28.—As the body of William Jennings Bryan lay in simple state, at the home of a friend here today, simple people of the United States paid him sympathetic tribute.

While others from among their midst poured messages of condolence into the little white cottage which houses the body of "The Commoner," uncounted thousands who caused he had championed, mourned a leader, silently.

Of varying political views, he had found in them a common chord when he came forward as a defender of the inspired Bible and revealed religion.

Even as news came from Washington that the arrangements had been made for burial of the body in the Arlington cemetery had been taken over by William E. Thompson, secretary to the dead man.

The body will leave for Washington tomorrow morning and arrive Thursday, Springfield, where representatives from every department of the company's local offices were present. H. C. Duffy, on behalf of the gathering, presented to Mr. Everett a beautiful gold watch as a token of the esteem in which he is held.

SUCCESSOR NAMED TO CARDINAL BEGIN

Most Rev. Paul Eugene Roy's Appointment is Automatic—In Hospital.

ROME, July 28.—The successor of Cardinal Begin, Archbishop of Quebec who died July 18, will be Most Rev. Paul Eugene Roy, coadjutor archbishop of Quebec. It is officially announced.

ROME, July 28.—The succession of Monsignor Roy to the Archbishopric of Quebec, was automatic. When he was appointed coadjutor of the archdiocese some years ago, the Papal bull provided that he would succeed Cardinal Begin in Quebec. Monsignor Roy therefore automatically assumed the title of Archbishop on the death of Begin.

His Grace auxiliary Bishop J. A. Langlois, of Quebec, was appointed administrator of the archdiocese a week ago, in view of the fact that Monsignor Roy is confined to hospital by illness.

BRITISH UNITED PRESS. LONDON, July 28.—Twenty-three French airplanes bombed villages behind Abd-El-Krim's lines following a hand to hand battle between French troops and swarms of Rifians near Tafraout, according to a dispatch from Fez to the Daily Express.

The bombed villages belong to the Ziarat tribe which recently has been unusually active against the French.

Worst Winter In 216 Years Is Forecast

PARIS, July 28.—The winter of 1926 will be the worst in 216 years, according to a paper read before the Academy of Sciences by Professor Bigourdan.

The paper covered 744 years of meteorological and astronomical observations. It is said that the coming winter would compare with the terrific winters of 1709 and 1823.

PRIVY COUNCIL HAS INDIAN CASE

Rights of Girl to Enter the Temple is Questioned—Decision Asked.

LONDON, July 28.—The judicial committee of the Privy Council now has before it one of the strangest cases which have been brought to it on appeal for many years. It follows ten years' litigation in India regarding the right of a girl to enter the Parsee fire temple at Bangalore.

The girl, Bella, was the daughter of a Gouanese Christian named Jones, who died in 1904. Just before the mother's death Bella was adopted by a Parsee named Cowasjee, who promised the dying woman to bring up the child in their religion. The girl, now 25, is a devoted Hindu.

PREMIER ASKS OPERATORS TO EXTEND TIME

Two Months Suggested For Continuing Present Agreement

MEN ADAMANT

Strike On Friday Unless Some New Arrangement Is Made Now

LONDON, July 28.—The members of the government and others interested in the coal crisis were busy until a late hour last night, and again this morning, making various inquiries and engaging in discussions with a view to composing the differences between the mine owners and miners, and thus prevent the mine strike which has been called for the end of the week, unless a new working agreement is arrived at.

Premier Baldwin is to meet the mine owners this afternoon, when it is unofficially stated, he will appeal to them to withdraw their notices terminating the existing agreement, or suspend the notices for two months, while a further investigation is made into profits, losses, wages, working hours, and other details, and an opportunity afforded for further negotiations.

It is further stated that the Premier will intimate his willingness to let Parliament sanction an appropriation to cover any actual loss which the mine owners might suffer through acquiescence in this plan.

If the owners agree to the proposal, it will be submitted to the joint conference of the owners and miners, over which W. C. Bridgeman, first lord of the admiralty, will preside on Wednesday. It was only after repeated efforts that Mr. Bridgeman, acting as intermediary, was able to get the miners to agree to meet the owners, for the men were adamant in their refusal to negotiate with the government, unless they withdrew their suggested new working agreement, calling for an extending working day, and a wage cut amounting to about twenty per cent.

MAGEE SPEAKS IN DEFENSE

Shediac Meeting Hears That Baxter Is Sent by Big Interests.

SHEDIAC July 27.—Hon. Fred Magee, M. L. A., and Ferdinand Bourgeois, F. L. Estabrooks, M. L. A., and Reid McManus, M. L. A., Government candidates in Westmorland, James MacQueen and Dr. Alphonse Sormany, ex-M. L. A., addressed a crowded meeting in the hall at Cape Sable, Saturday night.

Hon. Mr. Magee devoted part of his speech to an explanation of the public debt of the province, answering the allegations of waste and extravagance made by the Opposition candidates and other speakers.

He was grateful to the electors of Shediac parish for the support given him in previous campaigns, and expressed the desire that it be still greater on polling day in this contest.

ARGUMENTS LACKING

Candidates opposed to the Government ticket, said Mr. Magee, were estimable men, but they were deficient in arguments to present in support of their candidacy. The Opposition declared that the administration was extravagant and had attacked the Musquash hydro development. They questioned the compensation act, but the whole thing boiled down to whether the province was to be handed over to Mr. Baxter, Rhodes and the big interests or not.

It had been the policy of the Liberal ever since Confederation to endeavor to reduce the cost of living by lowering the tariff. They were all endeavoring to follow that policy. Hon. Mr. Magee asserted they were always opposed to a high protective tariff which protected the big interests.

THE VALLEY RAILWAY

Hon. Mr. Magee asserted that the Opposition party when in power had increased the public debt from \$5,000,000 to \$15,000,000 in eight years, and he had left an additional \$500,000 for bridges, and the \$350,000 hidden by bookkeeping; \$1,850,000 for the completion of their own railway, the Valley Railway; \$1,250,000 deficit which had to be paid on that road, the road planned by the present Opposition.

There had been an increase in the debt under the present Government, but there was nothing to show for it, Mr. Magee said. He pointed out that the province, as had all others, had accepted the Federal aid for road construction. The Government had built permanent bridges, many of which aided in the construction of the old Administration. They had built the Musquash plant. They had assisted the farmers in having freight rates lowered on fertilizer and on their cream. The highways had cost less and were better gravelled than those of any other province.

MUSQUASH POWER

The Musquash development with the fact that it had an operating surplus of \$8,000 for the first six months of this year was saving the people of Saint John alone \$200,000 a year. In spite of the fact that unprecedented floods had damaged it, as they had damaged the railway, and in spite of all train services, there had been no great deficits in any year, as had been alleged.

The increase in the provincial revenues without any increase in the taxation on the people was, Mr. Magee declared, 140 per cent, as compared with a debt increase of 85 per cent. The old Government had increased the debt by 240 per cent, and had increased the revenues only 25 per cent.

SAYS SENT BY BIG INTERESTS

Hon. Mr. Magee said that the good name of the province was being mangled by the propaganda being carried on by the "big interests," the high tariff people who had sent Rhodes and Baxter to the Maritime Provinces. It was a menace on the horizon which must be stamped out, he declared. He also criticized Alexander Doucet, M.P., for Kent, for that gentleman's alleged reckless statements.

Ferdinand Bourgeois in a brief speech said that with Mr. Estabrooks he was representing the agricultural interests on the Government ticket. The other party had not desired such representation as they presented two merchants,

a lawyer and a doctor. They had turned down the farmers. That alone, said Mr. Bourgeois, was sufficient reason why the Government ticket should be elected.

SAYS OTHER REASONS

There were many other reasons, among them the good roads provided by the administration, cheap electricity developed from the water powers of the province and the act passed to safeguard the health of the province.

Dismissing hydro, Mr. Bourgeois spoke of the advantages which it offered and said that it was now within two miles of his home at Fox Creek and he believed that it would be there by fall if the present Government were returned. The opponents that it afforded the people were easily seen, he said, and there was no reason why it should not be given to the whole province, with the development of Grand Falls, as was planned by the present administration.

MR. ESTABROOKS

Mr. Estabrooks said a progressive policy was followed by the Government whereas there was a lack of definite policy on the part of the Opposition.

The administration has its definite policies which are giving splendid roads to the people of the province, free school books and one which is looking toward the advancement of the whole province," he declared. "On the other hand there is no Opposition policy of progress—merely whining and grumbling. The Opposition has nothing to offer."

Mr. Estabrooks told of the assistance given to the farmers by the Government, including aid offered to a pecking plant at Saint John in order that the farmers of the province might have a market for their produce. He told of the assistance given a creamery at Moncton when it showed indications of going under and depriving the dairy-men of a market.

SAYS STAGNATION RESULTED

Stagnation in the farming communities of the county had always been the result of Conservative rule, he declared. There had been stagnation again after 1911 when reciprocity had been rejected.

The Liberal policy and the policy of the farmers were the same and always stood to benefit by it. For some time the Conservatives had been extending a glad hand to the farmers, but when the county convention came the farmers were turned down flatly. The Liberals had not done that, but had selected Mr. Bourgeois and himself.

SAYS TAX CRY FALSE

The cry of the Opposition with regard to taxation of the people was false, declared by Mr. Estabrooks to be false. He told of a single increase made saying it had been made at the request of the farmer members of the Local House.

That was the raising of the road tax from 25 to 30 cents. It was not really an increase because the wages of the men working it off had been doubled at the same time. It was actually a decrease.

The other speakers spoke briefly, strongly urging the electors to stand back of Premier Veniot and his progressive policies.

Candidate Is Hurt When Cars Collide

HOPEWELL HILL, July 27.—F. M. Thompson, manager of the Albert Manufacturing Company, Hillsboro, had his hand badly cut in an automobile accident at West River Corner yesterday afternoon when his car, a big sedan, was in collision with another car driven by an Alma man, Mr. Hickey. A small boy in Mr. Hickey's car was hurt slightly but all the other occupants of the cars were uninjured.

Mr. Thompson, whose arm between the wrist and elbow was badly lacerated by coming in contact with the broken windshield, was taken home to have the wound attended to and was resting comfortably today. His car was quite badly damaged but was in condition today to be taken home under its own power. Its front parts were considerably jammed.

Mr. Thompson is one of the Liberal candidates in the present election campaign.

POLICIES OF GOVERNMENT ARE ATTACKED

Opposition Speakers Charge Ministry Is Principal Boot-logger in Province

SEVERELY SCORED FOR DEBT INCREASE

Candidates Pledge Prohibition Enforcement and Favor Choice in Milk Matter.

CONTENDING that the present Provincial Government, under the leadership of Hon. Dr. P. J. Veniot, by its alleged non-enforcement of the New Brunswick Prohibition Act was the biggest bootlogger in the province and that the present Government had actually made use of the law to obtain increased revenue, Col. W. H. Harrison, K. C., L. P. D. Tilley, K. C., Miles E. Agar and James Lewis, Opposition candidates in the coming provincial elections, and C. R. Merreseau, speaker of the large gathering of West Saint John residents last evening in the City Hall, West Side. Charles A. Emerson acted as chairman of the meeting.

The speakers declared that at such a time as this, when the economic situation demanded the most stringent saving, the Government, under Premier Veniot, had practically doubled the provincial debt that prevailed in the province in 1917 in spite of the fact that they had been each year presented with a steadily increasing revenue.

ATTACK MINISTER

Hon. Dr. W. F. Roberts, although having benefited the province greatly with his various health act enforcements, had rolled up an enormous bill, he charged, that Premier Veniot, during the 1924 election, had forgotten his pledge not to plunge the people of the province into huge expenses without first asking the consent of the electors to stand back of the work at Grand Falls. The tenders being advertised to close this week.

JAMES LEWIS

James Lewis was the first speaker of the evening and he promised to give of his best efforts should the Opposition be elected on Aug. 10.

C. R. Merreseau said that although the Opposition party had been in power before had put to find something on which to base their platform such was not the case in the present election. Mr. Merreseau said that the published manifesto of Premier Veniot gave the Opposition party many planks with which to connect the Premier and he called the meeting's attention to the Premier's article on "debt" in his manifesto. The speaker contended that although the provincial debt amounted to \$15,000,000 at present the province had not borrowed a cent since the province was divided into a state of bankruptcy by the Veniot Government.

In speaking of the Grand Falls hydro project, Mr. Merreseau said that Premier Veniot estimated the cost of the development at \$5,000,000. "How can we get rid of debt by borrowing more money?" the speaker asked the audience.

Mr. Merreseau announced that he personally was a prohibitionist and stood for the enforcement of the New Brunswick Prohibition Act. "What is the present Government doing about enforcing the act?" asked Mr. Merreseau.

COLONEL HARRISON

Colonel Harrison dealt at some length with the provincial debt, the Premier's act, Dr. Roberts and the enforcement of the Health act and the Grand Falls hydro development project.

He accused the Veniot Government of spending a great deal more money than collected and that in spite of the fact that the provincial revenue had been increased \$1,500,000 every year since the present administration has been in power. Last year, the speaker said, the Government had taken in \$2,300,000 in revenue. This was made possible by increase in automobile tax, amusement tax, taxes on companies who desired to do business and in many other ways, Colonel Harrison continued.

SAYS ANNUAL DEFICITS

According to the official report of 1924, Colonel Harrison reported, the Veniot Government has shown an annual deficit of \$250,000 since taking over the reins of power. Instead of taking the revenue and attempting to make it cover the amount of bills Colonel Harrison contended that the present administration had issued bonds year after year by which to pay interest on their debts. The public accounts of 1924 showed the Government to have paid out \$11,140,000 in interest claims, Colonel Harrison said. Great Britain was slowly but surely paying off their debt to the United States, the speaker continued, but "what are we doing?" Instead of decreasing, the Veniot administration is increasing the provincial debt year by year. "And this by a government that promised business-like administration," Colonel Harrison said.

HEALTH DEPARTMENT

Addressing the meeting on Hon. Dr. Roberts and his enforcement of the Health act, the speaker remarked that while Dr. Roberts had undoubtedly done much good to the province, the expenses of his department had increased from \$20,000 in 1918 to \$84,000 in the last year. "Although in 1918 it was understood that the doctor was to do his work free of charge, in 1921 he de-

manded and obtained an annual salary of \$3,000," Colonel Harrison asserted. "There are doubtless beneficial properties to pasteurized milk but why should Saint John have the pasteurized variety forced upon them when the British Medical Annual, a standard work, grades pasteurized milk in Class 4, the first three classes being varieties of pure milk?" the speaker asked. Colonel Harrison argued that inspection of cattle and other attendant matters might have been looked after by Dr. Roberts with out the citizens of Saint John having the pasteurized milk law forced upon them.

TOURIST TRAFFIC

Colonel Harrison concluded his address with a few remarks on the tourist question and said that in New Brunswick were to be found the greatest pleasure grounds and tourist resorts in the world. "Switzerland," said the speaker, "realized \$200,000,000 from her tourist traffic for the past year. What finances have the Veniot Government expended on New Brunswick's tourist-attraction facilities? A paltry \$2,500 last year and this out of a revenue of more than \$3,000,000."

MILES E. AGAR

Miles E. Agar followed Colonel Harrison and dealt mainly with the prohibition question and provincial finances. Regarding the former, the speaker asserted that he was an ardent prohibitionist and, if elected, would give his strongest support to the enforcement of the Prohibition Act. "The policy of the Opposition party, if elected, will be to carry out to the letter," Mr. Agar declared. He was strongly opposed to the disposal of liquors by vendors.

DEST AND HYDRO

Speaking on the provincial debt, Mr. Agar asserted that it amounted to \$15,858,281 in 1917, \$27,786,488 in 1921 and \$33,977,977 in 1924. "At this rate," the speaker declared, "we will have a receiver come to the province and private ownership will prevail."

Speaking on the Grand Falls hydro development, Mr. Agar announced that he was heartily in favor of hydro development, but development along the lines most profitable to the province.

L. P. D. TILLEY

L. P. D. Tilley, K. C., gave the final address of the evening. His remarks follow in part: "The handwriting is on the wall. Prince Edward Island, prior to this last general election, a little over a year ago, turned out its Government, electing five Liberals and 25 Conservatives. Now that a few days ago overturned a Liberal Government that had been in power for 40 years. These majorities were not gained all by Conservative thought and action who voted for the welfare of the Maritime Provinces first and foremost. New Brunswick has now its answer to give to the rest of Canada who are watching with keen interest the coming election."

GRAND FALLS DEVELOPMENT

"This province will allow no one man or province to jeopardize its future by mortgaging its assets with a \$15,000,000 liability on a problem that has not yet definitely known where the revenue is going to come to pay the interest charges on a bond issue on a \$15,000,000 to \$20,000,000 expenditure. PROHIBITION ACT

"What honest thinking citizen who desires the welfare of his province and his people can be satisfied with the howling farce that the present Government have made of the enforcement of the Prohibition Act? The Government is unlawfully and knowingly selling liquor under an unlawful Government control proposition. The vendors are their selling agents and the Government is receiving the revenue in a haphazard sort of way from these vendors. I say 'haphazard' advisedly because the Government are not even protecting their own vendors. The illicit seller of liquor in the province, not even a vendor, commonly known as a 'boot-logger,' is vending intoxicating liquors at about one-half the prices that are charged by the vendors."

REFERS TO ROBERTS

"The man in the street, and everyone knows that what is here stated is an absolute fact, yet the Premier is an absolute fact, yet the Premier states that he is honestly endeavoring to enforce the Prohibition Act. "Dr. Roberts says that if he is re-elected and the Government goes back into power, he will resign his seat. May I ask him why he has sat for four years under present conditions and has not resigned? To cap the climax Dr. Roberts criticizes the Temperance Alliance, sincere advocates of prohibition, who have sided up the

JAMES SPROUL DIES SUDDENLY

Well Known Contractor Was Taken Ill at Political Meeting

Had Just Completed Reconstruction of Old Court House—69 Years Old.

JAMES SPROUL, widely known local contractor and builder, died suddenly about 10.30 o'clock last evening at his home, 281 Princess street. He had been in poor health for some time but it was not thought that his condition was serious.

Mr. Sproul, who was 69 years of age, attended a meeting of Opposition party workers in the Seamen's Institute early in the evening.

Mr. Sproul was forced to leave the meeting and go home, stopping on the way at the drug store of George K. Cameron and at the office of Dr. A. H. Macaulay. He had only been home a short time when he passed away.

DAUGHTER WITH HIM

He was alone at the time except for one daughter, Mrs. W. H. Irving, his wife and two other daughters being at his summer home at Loch Lomond, where he had been until Sunday night. Mr. Sproul is survived by his wife, who is in poor health; three sons, Walter F., Robert J. and George E., of the city, and five daughters, Mrs. D. F. Jackson, of Saint John; Mrs. H. G. Barrett, of Chicago; Mrs. G. Murphy, Mrs. W. H. Irving and Mrs. F. G. Finley, of Saint John. All the members of the family were in the city or vicinity at the time of his death.

BORN IN SAINT JOHN

Mr. Sproul was born in Saint John, the son of William and Eliza Jane Sproul, and was educated in the county school in Simonds. He was apprenticed to his father in masonry at 15 and made himself one of the biggest contractors in Saint John. He had the contract for the remodeling of the Court House, which was scheduled to open today, and also for some work on the local station.

He was a life-long member and attendant of Trinity church and was known widely for his many acts of charity and benevolence. His natural generosity and genial manner earned him a host of friends who will feel deeply the loss occasioned by his death. Mr. Sproul was a staunch Conservative. He was alderman of the city for six years and was president of the Masonic Union. He held the highest rank in the Orange order, that of past worshipful preceptor of the Black Knights of Ireland.

The funeral arrangements will be completed later.

Mr. Sproul is also survived by two brothers and two sisters. The brothers are William and Frank, of Loch Lomond, and the sisters, Mrs. Isaac Dobbin, of Rothesay, and Mrs. Mary Evans, of this city.

NAMED CHAIRMAN OF SCHOOL BOARD

Frank E. Dennison is Appointed to Moncton Position For Four Years Term.

MONCTON, July 27—Frank E. Dennison, local business man, has been appointed chairman of the Moncton Board of School Trustees. The vacancy was caused by the expiration of the term of Seely Bell, who had been a member of the board for many years. Mr. Dennison's term will not expire until June 30, 1929, four years being the official duration of office.

BACK FROM COAST

C. J. Milligan, regional counsel of the Canadian National Railway has returned from Quebec and Montreal where he has been called on departmental business. In Montreal he met Mrs. Milligan, who was returning from the Pacific coast, and who accompanied him home. Mrs. Milligan had been visiting in Regina and had gone on to Vancouver to see her son, Charles, who is located there. She returned earlier than she had planned because of the impending departure of her daughter, Miss Alice, to Korea.

McLURG SILENT

J. E. McLurg, vice-president and general manager of the British Empire Steel Corporation, passed through Moncton today en route to Montreal. Mr. McLurg refused to make any comment on the Nova Scotia strike situation.

Annual Summer School Probable

Dr. J. M. Palmer, of Sackville, principal of the Mount Allison Academy, was in the city last night, coming to attend the first meeting of the United Church Presbytery. This morning and afternoon.

Dr. Palmer said last night that the summer school being conducted by Mount Allison University had an attendance greatly increased from that of last year, when it was inaugurated. Those in charge were of the opinion that it might be made a permanent department, he said.

Veniot Will Speak In Stanley Tonight

FREDERICTON, July 27—Premier Veniot will enter the provincial campaign in York county Tuesday night, speaking at Stanley. P. S. Watson, of Devon, one of the Government candidates in York, will speak with him. Stanley ordinarily is a strong Opposition centre, but the government forces are promising to fill the Agricultural Hall to hear Premier Veniot on his first appearance in that section.

Gave Blood 50 Times to Sick Gets Medal

LONDON, July 27—Although his name does not sound like it, Bertie Wallace Tibble is a hero, and as such he has received the meritorious conduct medal of the Order of the British Empire from the hands of Neville Chamberlain, Minister of Health.

On 50 separate occasions Tibble voluntarily gave a pint of his blood for transfusion into hospital patients and 76 times he has been summoned for such service by hospitals.

Chamberlain paid tribute to Tibble's high public service, "even to strangers."

Deaths

A. B. Carson

MONCTON, July 27—A. B. Carson, a well known merchant of Rexton, died suddenly this evening at his home. Mr. Carson had been apparently in his usual good health and had attended a meeting of workers of the Opposition party at 6 o'clock. After supper he was watering his garden when he was seized with a stroke, passing away a few minutes later.

Mr. Carson was 63 years of age and a native of New Jersey. He came to Rexton about forty years ago, where he had resided ever since. For several years he had been conducting the business of J. & W. Bratt. He is survived by his wife, two sons, Stewart and Kenneth, and one daughter, Mrs. Herbert Irving, of Buctouche.

Frank F. Ketchum

Frank Forester Ketchum, formerly of Saint John, died at his home in Beverley, B. C., on Friday, July 10, and was buried at Greenwood, B. C., on July 18. This news was received by his heirs in New Brunswick yesterday. He was born in Kings county and came to Saint John to live when a young man after going to British Columbia, where he prospered. Mr. Ketchum leaves three sisters, Mrs. Samuel E. Hoyt, Hampton Village or Lower Norton; Miss Blanche Ketchum and Miss Edith Ketchum, of Jamaica Plain, Mass. His brothers, George W. of this city, and Charles H., of Hampton Village, died some years ago. A Ketchum was unmarried. He was an active member of St. George's Society and of Loyalist descent.

Mrs. Charles Fowle

Information has been received in Moncton to the effect that Mrs. Charles Fowle died recently as a result of burns received in her home in San Francisco. Her husband, a former Saint John man, is blind and partly paralyzed. He is a son of the late Amasa Fowle, of Saint John, and went to California about 18 years ago.

Cadet Instructors Take Examinations

SUSSEX, July 27—The cadet instructors' course which is being given at the camp grounds here under the direction of Lieut.-Col. A. B. Snow and Capt. H. B. Poston, with Sergt.-Major Oliver, Driscoll and Williams as instructors, will terminate Saturday of this week.

With ideal weather for almost the entire month the work has been prosecuted successfully. The examinations are being held this week.

In camp a splendid orchestra has been organized under the direction of Prof. R. L. Doucet, of Bathurst, and under the same leader a concert troupe will entertain the citizens of Sussex and vicinity to a variety concert this week.

Nearly all those taking the course this summer are teachers in the public schools of the province. All indicate eagerness to assist in the work in their respective schools where cadet corps have been organized or to organize corps where no such work has been done or has been allowed to lapse.

N. S. Boy Drowned Near Shelbourne

SHELBOURNE, N. S., July 27—Orin Smith, 17, of Port Saxon, Shelbourne county, son of William Smith, was drowned there while swimming on Saturday, according to word received here today.

His cousin and companion, Charles MacLean, had left their boat, advising Smith to remain in it, but the latter jumped into the water and the boat drifting away he was unable to keep afloat. MacLean was some distance away and before he could reach him Smith had disappeared. The body was recovered.

JEALOUS HORSE KICKS POLICEMAN

"Peeved" Over Gallant Action of Officer at Grass Fire in N. Y.

NEW YORK, July 28—After receiving first aid from an ambulance surgeon and a tall, Lieutenant James Sheridan of the Patrol Bureau in Jersey City, rode to the police station, limped to his desk and entered in the blotter an ex parte account of an unprovoked attack which had been made on him by a caustically jealous horse.

Lieutenant Sheridan was on duty at the Jersey City ball field when he saw smoke rising from a plot of dry grass a short distance from the ball park.

The lieutenant collected a small force of men and attacked the blaze with wet sacks. The threat against the horse was not long in coming. The animal soon checked and in a few minutes the blaze was completely out.

Mr. Delgerio's horse, Jimmy, who had trotted away to the limit of his twenty-foot chain out of the danger zone, turned around and walked back slowly toward the group which had collected about Lieutenant Sheridan.

"I don't know how to thank you for what you have done," said Mrs. Delgerio.

"It's nothing. It's all in a day's work," replied the lieutenant. Mrs. Delgerio, however, insisted that it was most extraordinary that a policeman should have dashed from the ball field to put out a grass fire.

Jimmy, a family horse and very much attached to his mistress, was nearing the group and was eyeing between narrowed lids the uniformed man who was receiving the gratitude of Mrs. Delgerio. Lieutenant Sheridan is a handsome man. With his hat removed, he mentioned gallantly that it was a pleasure to serve her. Jimmy put a wrong construction on everything. He hated Lieutenant Sheridan. He always did hate anybody that his mistress made a fuss over. He particularly hated the courtly type.

Look out for that horse, said one of the fire fighters, but it was too late. Rolling his eyes like Othello, gritting his teeth and exposing his nostrils, the horse gave a sudden leap into the pit behind the lieutenant. Then he let fly with both hind feet, giving the policeman a terrific kick.

Lieutenant Sheridan was treated by the ambulance surgeon for severe bruises and the tailor had to take many stitches in his uniform.

PARLIAMENT HOUSES WILL BE REPAIRED

Plans Made to Renew Portions of British Legislative Buildings.

LONDON, July 28—Though the Houses of Parliament, with the exception of that ancient relic, Westminster Hall, and the crypt, have not existed for more than 65 years, the exterior has long shown signs of decay.

This is due to the fact that the masonry of the building is of the "mephitic atmosphere" of the neighborhood, a compound of smoke and river vapors.

When, after the fire of 1834, which destroyed the old House, proposals for rebuilding the House of the Mother of Parliaments were under consideration there was much opposition to the selection of the old site on the east bank of the river. The commissioners decided otherwise.

The exterior of the great pile, probably the largest Gothic building in the world, is built of magnesian limestone from Boston, in Yorkshire, and the interior of the main hall is of the same material. The masonry is of the finest quality and has withstood the modern London atmosphere, and Sir Charles Barry's masterpiece is crumbling.

For some time Sir Frank Baines, of the Office of Works, has been preparing a report with regard to urgent restoration, and it will shortly be presented.

It is possible that an expenditure approaching \$2,400,000 will be necessary.

Church Union Is Favored by Bishop

MONTEREAL, Q., July 27—"Church union of all the churches, even including the Church of Rome, will come in time, not as the result of a sacrifice of the things that are really essential, but following a better understanding on the part of all the churches as to the best that are really essential. In that union the Church of England will not be destroyed but will continue stronger and greater than ever. I approve of the movement in England."

These are the views expressed today toward inter-denominational church union by Right Rev. Bishop Manning, of the Cathedral of St. John the Divine, New York, who was in Montreal over the weekend. He left here today for Quebec on a vacation.

Baron Byng Gains Hay River in North

WINNIPEG, July 27—Baron Byng, Governor-General of Canada, who is on an extended tour through the Dominion's northern hinterland, reached Hay River, in the Northwest Territory, yesterday, according to a wireless despatch received from the party by the Canadian Press.

B. C. Beer and Roads Bringing Tourists

WITH the completion of the modification of the British Columbia liquor laws to allow for open beer parlors, the province has had a great increase in its tourist traffic this year, according to J. Y. Miller, of Vancouver, who was in the city yesterday. The travel had broken all records, he said.

Speaking of conditions in British Columbia, he said that business was good, there was a lot of building going on and much public work was being done. Mr. Miller was at the Royal Hotel.

Twenty-Nine Youngsters At Lady Byng Camp Thriving

Wetmore, Margaret Wetmore, Ethelwyn Anderson and Jean Wright, and two and one for 85. J. S. Gregory has given 10 baseballs and bats that have been greatly appreciated by the children and a young lady has given three very "sporty" pullover sweaters which she knit herself for the boys among the campers.

Other gifts which went right to the spot were five gallons of ice cream given by a local dairy and four quarts of ice cream given by Mrs. Royden Thomson.

GAINS IN WEIGHT

The children are all making very encouraging gains in weight. Up to yesterday nine children had been discharged from camp this season and all but two of these had made very satisfactory gains. The cause of early departure varied. Some had been too homesick, some would not co-operate in camp life and, strange to relate, two went home because their parents objected to their doing too much and having the routine rest periods.

One of these two had gained two and a half pounds in nine days. Two children were exchanged yesterday and the waiting list is so lengthy that there is no fear of any shortage of applicants for admission to camp.

GENERAL HEALTH GOOD

Miss M. Eason, R. N., camp nurse, reports the general health to be excellent with splinters due to lack of sneakers one of the chief annoyances.

Miss Flewelling has taken the place of Miss H. Vincent, who was unable to remain longer as camp assistant. Miss Flewelling and Miss Eleanor Magnusson, the other assistants, are both kindergartners and they are doing an invaluable service in teaching the children to swim and being leaders for indoor play on rainy days.

St. Martins Has Boy Scout Troop

ST. MARTINS, July 27—A troop of Boy Scouts has been formed here with McG. Grant as scoutmaster and an advisory board consisting of the following: Dr. Acheson, R. McLeod and W. McIntyre, and Rev. Messrs F. Hubble and A. E. Dickinson.

The Methodist student having been withdrawn from this parish, the united services of the Methodist and Presbyterian churches are now being conducted by the Presbyterian student-pastor, McGregor Grant.

Dole Blamed In Britain For Exodus Slump

LONDON, July 27.—The Morning Post, discussing the declining emigration, since 1913, as disclosed by Lieutenant-Colonel L. C. Amery, Secretary of State for the Dominions, says it is impossible to attribute any cause to the check in the flow of population from Great Britain's overcrowded shores to the rich, under-populated spaces in the dominions beyond the seas, but it is impossible not to conclude that a very considerable influence has been exerted in this connection by the dele which in so many ways discourages enterprise and effort.

H. B. SUPPLIES LOST

Labrador and Ungava Posts Are Likely to Suffer by Shipwreck.

MONTEREAL, July 27—Sinking of the Hudson's Bay Company's supply ship Bayeskimo, in Ungava Bay, on July 23, news of which was picked up by radio stations last night, may result in a shortage of supplies at some of the far northern posts on the Labrador and Ungava coasts, and the isolated trading stations in Hudson Bay and James Bay.

S. S. Nascope, which rescued the passengers and crew of the Bayeskimo from the barren coast near Foxe Buwell, has her own round to make in the Arctic Ocean around Baffin Land and the furthest north, and the necessity for relief visits to posts on the Nascope from completing her Bayeskimo's best will possibly hinder round.

Fables On Health

IF YOU SWIM—BE CAREFUL FOR persons inclined to put on too much flesh swimming is a splendid exercise. But for those who are thin and chill easily for want of good circulation, swimming is not to be recommended. Normal children should be taught to swim. They should know that their body is lighter than the same volume of water, so it is impossible for them to sink if they assume the correct position. But they should not permit themselves to be cold and shivery. Neither should a grown person. Those who go swimming should always be sure to re-establish good surface circulation after a swim. It is not well to teach a child to swim by beginning with the so-called breast stroke. It is a tedious stroke even after one has become a good swimmer, and calls too heavily upon the muscles of the shoulders, arms and chest. Never play pranks on children while teaching them to swim. It may cause them to collide with some object causing injury or have a bad reaction upon the nerves. Adults often injure themselves

"How do the busy little bees improve each shining hour?" By sipping honey merrily. From every bud and flower," answered the man. Then he went on: "I am a real poet. You may as well know it, in rhyme I converse. But they get worse and worse."

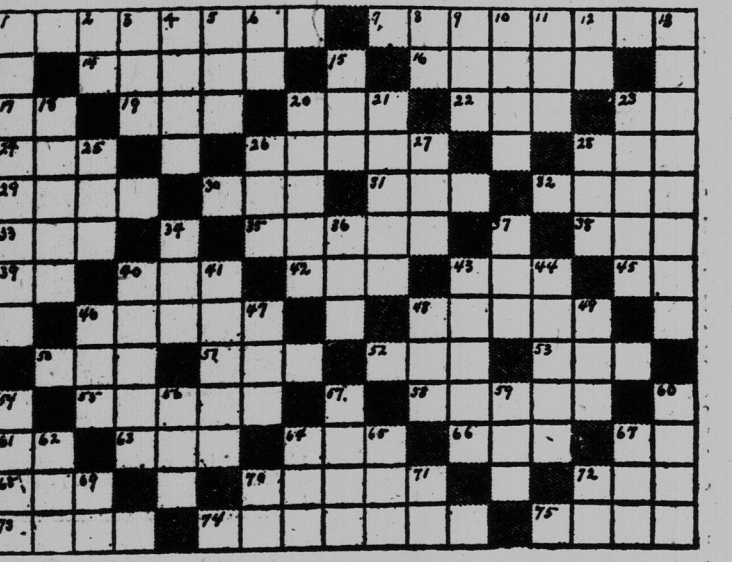

LOST EXAMINATION PAPERS FOUND

Wrongly Addressed Bundle is Located by Postal Authorities—Another Missing. FREDERICTON, July 27—One of the two missing bundles of examination papers of the high school entrance examinations in Fredericton were found today by the postal authorities. The bundle had been mailed from Sackville by K. C. Bishop, one of the teachers on the staff of the Fredericton High School, to E. C. Close, the new principal of the Smythe Street School, but had been wrongly addressed. The package was addressed to E. C. Close, R. F. D. No. 1, Fredericton, instead of to R. F. D. No. 1, Mouth of Keswick, and the postal authorities were trying to find the Mr. Close for whom the unpretentious appearing package was intended.

How "Off-Color" Teeth Now are quickly restored to dazzling whiteness. A NEW method urged widely by leading authorities. Make this remarkable dental test. See what gleaming clearness is beneath the dingy film that clouds your teeth. DENTAL science now proves that dull, off-color teeth are a folly; that gleaming whiteness can be obtained with but little effort. New methods of tooth and gum beauty and protection have been found. In a short time you can work a transformation on your teeth, can literally change your whole appearance. Now a test is offered you—the most remarkable of all dental tests. Simply use the coupon. It's only a dingy film. The reason your teeth look off color is that they are coated with a film and the method you now use fails to successfully remove that film. That is why, regardless of the care you take, your teeth remain dull and unattractive. You can't see that film with your eyes. But run your tongue across your teeth and you will feel it—a viscous, slippery coating that absorbs discolorations, and clouds your teeth with a new use. Remove it and you'll be amazed at what you find. You probably have beautiful teeth without realizing it. Film, too, is charged with most tooth troubles. It clings to teeth, gets into crevices and stays. Germs by the millions breed in it. And they, with tartar, are a chief cause of pyorrhea and gum troubles. New methods remove it. And Firm the Gums. Now new methods have been embodied in a dentifrice called Pepsodent, different in formula, action and effect from any other method. Its action is to erode film and harmlessly to remove it, then to firm the gums—no harsh grit dangerous to enamel. Most of the sparkling white teeth you see are due to it. Largely on dental advice, it has changed the teeth cleaning habits of the world. Results are quick. Make the test. Then note results. Mark the gleaming whiteness it brings; the beautiful polish and luster of your teeth. Clip the coupon before you forget.

The company of 11 lay evangelists members of the Church Army Crusaders recently arrived from England is now "on the march" in New Brunswick spreading its message of the doctrine of a happy religion.

ITINERARY FOR WEEK. The Crusaders' itinerary for the present week, the Bishop said, would be as follows: Tuesday, in Devon; Wednesday, in Maryville; Thursday, in Fredericton Junction; and Friday, in Westford.

TO PREACH HERE. On Sunday, Aug. 2, members of the party will be preachers in most of the Anglican churches of the city. They will remain in Saint John throughout that week.

ON SUNDAY, Aug. 2, members of the party will be preachers in most of the Anglican churches of the city. They will remain in Saint John throughout that week.

ORGANIZED IN ENGLAND. The Church Army was organized in England as a small society within the Church of England. Since then it has grown to an organization with 60 departments, having a body of 1,000 trained evangelists engaging in social welfare and prison work as well as in evangelism.

THE CHURCH ARMY. The Crusaders in New Brunswick include Captain Casey, who has been with the Church Army 21 years; Captain Hanson, who has 35 years' experience of Church Army work; and Captains Marshall, Hurstons, J. D. Ward, M. M. Jarvis, Turner, Corckhill, Rogers and Christie, and Cadets Humphreys and Eaton.

Ma Ferguson Protects Girl Sold to Husband

AUSTIN, Texas, July 26.—A gypsy girl's plea won protection from Governor Miriam A. Ferguson today when the Governor declined to honor a deputation for the return of Mrs. Minnie Nickels to Flint, Mich.

Mrs. Nickels said she was a member of a Rumanian gypsy tribe and that she had been sold by her father to Pete Nickels for \$2,700, following a charge of theft.

The Governor refused to honor the requisition, it was said, because the girl was wanted "for collection of a debt and for ulterior motives."

HYDRO WILL KEEP YOUTH IN PROVINCE

ST. LEONARDS, N. B., July 27.—A Liberal meeting was held at Green River, in the parish hall when the Government candidates for Madawaska county, Hon. J. E. Michaud and Dr. L. J. Violette, M.L.A., and Hon. Pius Michaud, M.P., and J. Marquis, a young orator from Province of Quebec, addressed a well filled hall.

Dr. Violette said he was always pleased to address an audience during the political campaign because he met so many friends and staunch supporters. He dealt briefly with the hydro question, saying that instead of being a gigantic blunder, as it has been termed by Mr. Rely, M.L.A., of Moncton, hydro development at Grand Falls was the realization of a long dreamed of ideal of the other faction and that was why it was making them so sick of it.

TWO ISSUES ARE STRONG IN MONTREAL

Price Bros. and Steel of Canada Are Most Active

NEW PEAKS ARE REACHED IN N. Y.

Speculators for the Advance Assume Control of the Opening This A.M.

MONTREAL, July 28.—The local stock market was strong at its opening this morning, with Price Bros. and Steel of Canada, the most active issues. The former was up 1 at 48, and the latter 1/4 at 86 1/2. Canada Car was the only weak spot, being down 2 to 28. Consolidated Smelters, yesterday's leader, was again in demand, and opened up 1/2 at 114 1/2. Asbestos common and Dominion Textile and Lauriatide sold unchanged at 71 1/2, 86 1/2, and 81 1/2 respectively. The only other stock to receive attention was Atlantic Sugar, which fell 1/4 at 84 1/2.

NEW YORK, July 28.—Speculators for the advance assumed control of the opening of today's stock market. New York peak prices were established in the first few minutes of trading, by North American Company, Peabody, Advance Runcley, Continental Can, and Midland Steel Products, the initial gains ranging from fractions to 1 1/2 points.

Cable Transfers.

MONTREAL, July 28.—Cable transfers 4851-8.

Current Events.

NEW YORK, July 28.—New York City June net income, \$1,175,000, against \$869,845 in June 1924.

Morning Stock Letter.

NEW YORK, July 28.—The market showed more general strength yesterday than we have seen in several months. Features were found among the rails, motors, steel, and specialties. What was particularly interesting was the fact that as a result of the very excellent June earnings statements for the rails, this group of stocks gained in interest. It would seem now that when the rails are so good, the industrialists they should increase in favor. We believe Southern Railway, Price, K. C. I. Central, and DLW will sell higher. The report of the Steel Corporation for the second quarter will be out this afternoon after the close. It should not be so good as the report for the quarter, but should still almost if not briefly show the regular and extra dividends earned for the quarter. However, the important development in the steel industry is the prospect that the third quarter will be as good if not better than the second, while the fourth should be very good. Steel stocks look higher.

LOW-DRAVAYN TO DEBATE.

OTTAWA, July 28.—Hon. Thomas L. Low, Minister of Trade and Commerce and Sir Henry Drayton, Conservative member of Parliament for West York, will meet in a public debate at the Town of Douglas, Kentworth County, on Wednesday, July 29.

GETS PURSE.

Rev. Miles P. Howland, who returned last week from a trip to the other European countries, was presented with an address, a purse of 400 in gold and a bouquet at a loss of the evening service at St. Anne's church, Kingsclere, and given a welcome home.

STOWAWAY HELD.

Simon Pefca, a Rumanian, who was taken into custody yesterday by Police-pan Thomas on a charge of being a stowaway off the steamer Hauffell, appeared before Magistrate Henderson in the police court this morning and was remanded, pending inquiries.

RETAIL TRADE BUREAU PROPOSED

Organization in Some Measure Will Oppose Retail Merchants' Association.

OTTAWA, July 28.—The Retail Trade Bureau of Canada, an organization which is announced as being in some measure an opposition body to the Retail Merchants' Association of Canada, and of which E. M. Trowen, former secretary of the Retail Merchants' Association, is slated as manager, is among the incorporations listed in the issue of the Canada Gazette just released. While the organization will be nationwide in its scope, the head offices will be in Ottawa.

CAMPAIGN.

It is understood that immediately upon the final organization steps in Ottawa an intensive membership campaign will be promoted, not only in Ottawa but in all parts of the Dominion, with the hope of building up an exceedingly powerful and useful organization to work for the benefit of the retail trade. Officers of the new body are eagerly anticipating a warm reception by members of the trade, and are confident that it will meet with the general approval of all.

FIND CRYSTAL CAVERN.

LONDON, July 28.—A beautiful cavern system has been discovered near Ingleton, in the Yorkshire Hills. Two travelers spending a day in the hills happened upon a narrow slit in the rock. Tearing away the limestone, they found a cavern system of orange and white crystal, an cascade of clear water. It has been named White Scar Cavern.

NEWSPRINT MILL CLOSES.

HULL, Que., July 27.—The big newsprint mill, known as "D" mill together with the sulphite and ground wood mill of the J. B. Eddy Company here, was shut down on Saturday evening, temporarily throwing out of employment between 250 and 300 men, mostly residents of Hull and Ottawa.

South Africa Union M. P.'s Deny Crisis

CAPE TOWN, July 27.—(via Reuters)—Leading members of parliament interviewed regarding the situation arising out of the conflict between the senate and the assembly, declared that it is an exaggeration to suggest that the situation arising out of the electoral bill amounted to a constitutional crisis.

Van Buren Man Held For Trial

BANGOR, July 27.—Phillip Langalis, 45, of Van Buren, Me., was brought before the United States commissioner here today by Customs Officer Leonard J. Perry on the charge of resisting an officer. He was held for the United States District Court and sent to jail in default of bail.

What Has the Government Done To Warrant the People's Support?

Read These Little Paragraphs:

THE BOON OF HYDRO.—By harnessing the water powers of Musquash Civic and rural districts we are enjoying the benefit of the Government in vastly lessened cost of illumination and power electricity. Every user knows this to be true. LUMBERING ACTIVITIES.—Vigilant policy of protecting forest wealth against fire, improved system of scaling lumber results in Large Increase in Revenue. Stumpage money increased from half million in 1910 to over One Million today. NO DIRECT TAXATION.—From One Million and a Half dollars in 1918 to Three and Three-quarter Millions in 1924 the Government has increased provincial revenue without imposing one penny of direct tax on the people, in the face of greater outlay. FOSTERING A NEW INDUSTRY.—By guaranteeing bonds for Big Fox Paving Plant the Government expects to create a lively market for hops, thus encouraging a new enterprise for New Brunswick farmers right away. FREE SCHOOL BOOKS NEXT TERM.—If the Government is returned after this election it will begin the Fall school term by distributing \$30,000 worth of Free School Books to the children of New Brunswick—another new idea. PUBLIC DEBT REDUCTION.—By Ample Sinking Funds the Government is laying away against the public debt 4.99% of its revenue whilst the Conservatives never saved more than 1.29%. This in the face of vastly greater expenditures. HELPING THE FARMER.—With lessened cost of Fertilizer, Free Seed Tests, Experimental Farms, Dairy Schools of instruction, Improving Live Cattle and continuous solicitation for the needs and problems of farm workers. PROHIBITION MATTERS.—The Government stands pledged to change the Prohibition Act if a plebiscite of the electors indicates that choice. Otherwise it stands as recorded. The voice of the people must rule.

WHAT HAPPENED IN Nova Scotia? P. E. I.? What Will Happen in New Brunswick?

Portraits of L. P. D. TILLEY, K. C., W. H. HARRISON, K. C., and M. E. AGAR. Following the mad post-war orgy of extravagant spending by Governments and individuals, people throughout the world are looking today to their representatives in Parliament to inaugurate safe, sane, conservative policies, based on the PRINCIPLES OF PRUDENCE and ECONOMY. In provinces, states and countries where the people's wishes in this respect have not been met, GOVERNMENTS HAVE GONE OUT. Two of the Maritime Provinces have spoken. Prince Edward Island turned out the Bell Government by a large majority about one and a half years ago. Nova Scotia swept the Armstrong Government out of power by a landslide a few weeks ago. What will New Brunswick say on August 10th? Vote for the Opposition Candidates and their safe, sane policy of prudence and economy so that the three Maritime Provinces may speak with a united voice at Ottawa.

VETERAN HURLS GREAT GAME FOR THE MACK MEN

Jack Quinn Turns Back Team That Spurned Him

NEW YORK, July 28.—Jack Quinn, veteran of many diamonds, has demonstrated once again, that age must be served, some times in baseball. He pitched the speeding Mackmen yesterday, to a 2 to 1 victory over the team which spurned him only a few weeks ago, the Boston Red Sox.

Other teams in the American League passed the day in preparation for the western invasion which will last for two weeks, and a half.

Pittsburg Gains in Race  
Pittsburg gained another notch in the National League with a two run rally in the tenth inning, that set back the Boston Braves, 6 to 5. The Giants had a day of idleness and the victory gave the Pirates a lead of one and one half games.

Reds Down Cards  
Cincinnati had a double conquest over the Cardinals through the pitching of Rube Benton and Jake May, 4 to 3, and 3 to 0. May has won only one game in six for the season when he pitched this shutout.

FRENCH DEPUTIES ESCAPE DUCKING

Official Makes Mistake in The Buttons and Sounds The Alarm.  
PARIS, July 28.—A signalling system which has long been in operation in the Chamber of Deputies will have to be changed, according to members, if debates get much more exciting. Deputies with heated brows have narrowly escaped a cold douche and they are said to be ready to vote unanimously against this danger.

The debate, before a full sitting and a crowded gallery, had been fiery all afternoon when the Communists defied the flames to the point of fury. Dusk covers were pounded, papers were strewn, deputies rushed forward and blows were struck. M. Herriot was present put on his silk hat with a hasty gesture of flight. This is the signal for an adjournment of the session.

Buttons Mixed.  
Just behind the presidential chair are three buttons reading progressive, "End of Sessions," "Alarm" and "Fire." The official who operates these buttons, doubtless influenced somewhat by the heat, made a quick stab for the buttons when he saw M. Herriot reach for his hat. He fumbled nervously with the button marked "Fire," and would certainly have found it in a second had not his assistant diverted his arm. As his hand slipped it pressed the button marked "Alarm."

From doors slammed shut, steel shutters fell into place, emergency guards dashed to their posts, and M. Morain, prefect of police, who had been awaiting emergencies in the corridors, rushed to duty into the Chamber. The guards kept cool enough to hear the explanation of the error, and opened up for the deputies to emerge into cooler atmosphere.

The honorable deputies laughed heartily when they realized what had happened, but had the fire button been pressed the automatic extinguishers in the ceiling of the assembly room would have sprayed the deputies and visitors with thousands of gallons of water.

Boxer's Foot Goes Through Rotten Floor and His Ankle Is Fractured

Along The Sport Trail

By RAY HANSEN

TACK DALTON, Saint John Baptist youthfull pitcher who is now leading the league, plans to go in for some springing when the league schedule finishes. Dalton undeniably is one of the fastest men on bases in the league and the ball players will wish him luck in trying out on the cinders. The Maritime championships are to be held in either Halifax or Charlottetown this year and the local boy probably will enter this meet. Last year, Dalton tried out for the Olympics at Rothesay in the century. He gave great promise there. He has been winning running races consistently at college and there is no reason why he cannot step with the best around here with a little training and coaching. Another young South End boy who has shown considerable speed in tryouts with Dalton is Robert Payne, son of "Steve" Payne, grounds chairman.

LOCAL BASEBALL FANS, who are planning on seeing the world's series this year, are certainly up against it trying to figure out where they will have to go. In both the American and National leagues the race is so close that it is impossible to figure out the probable winners.

SPORT LOVERS who closely followed the achievements of the Oxford-Cambridge athletes on their recent tour in the States must agree that America's victory in the international meet was anything but convincing. The English athletes won as many firsts as the Americans and had the English system of scoring been in vogue the meet would have ended in a tie. However, the officials decided before the meet that second places would be counted in the event of a tie and as a result the Yale-Harvard team was given credit for carrying off the honors. One of the most notable performances in this meet was the work of Savin Carr, one of the Yale freshmen. He won the pole vault, doing 18 feet with ease. Yetelsha who witnessed his feat contends that he will be able to clear the bar at 14 feet if properly coached and trained. This is a remarkable performance when it is taken into consideration that he is only 18 years of age.

AFTER HEARING so much about the recent horse races in Fredrickton, local farmers enthusiastic cannot help but regret that this city is not in a position to have some of the big meets here. There is no reason why Saint John should not be in the N. B. & Maine circuit.

THE OLD QUESTION, what next? crops up again. In London two champion horses, Polonus and Candidate, are stabled in the top flat of a five story mansion built of fireproof concrete. They start off for a workout or to participate in a race they have to walk down 78 stairs to reach the street level. The stairway is wide and is carpeted with soft peat. Up and down this the horses walk. The floor has two dormitories with double rows of stalls separated by wide gangways. There the horses feed, sleep and are groomed. Large windows give excellent light and ventilation. This is certainly a remarkable stable and must have been constructed by a man who thoroughly understood horses and possessed an ingenious mind.

LAKWOOD WONDERS WIN  
The Lakewood Wonders defeated the Loch Lomond Tigers 4 to 1 in a game of baseball played on Johnston's diamond last evening. A large number of boys were in attendance and thoroughly enjoyed the game. The batteries were: For the winners, Whelley and Foley, and for the losers Blakeney and Mosher. The next game will be played Thursday evening on the Lakewood diamond.

CANUCKS DEFEATED BY ST. PETER'S NINE  
Winners Entrench Themselves More Firmly in Second Place in Title Race.  
St. Peter's Intermediates became more firmly entrenched in second place in the league championship race last evening when they defeated the Canucks on St. Peter's Park diamond by a score of 9 to 4. The winners took kindly to Nelson's offerings and drove out 11 slashing hits. These, coupled with right errors, proved the undoing of the Fairville nine, and although they fought hard to overcome the early lead of their opponents, they were unable to do so. Fitzgerald was on the mound for the winners and only allowed one error. The box score and summary follows:

THRILLING GAME IN CITY LEAGUE WON BY SAINTS

Trojans Put Up Great Fight But Lose Out

IN THE City League last evening the Saints, the Baptist team defeated the Trojans on the North End diamond by a score of 5 to 4. The game was conceded to be one of the best staged for some time and the result was in doubt until the third man was retired at the end of the eighth inning. The Trojans got away to an early lead, scoring two runs in the first inning, one in the third and another in the fourth. The Trojans failed to send a man across the sea until the fourth. In the fifth and sixth they again tallied and excitement ran high as they had cut down the lead of their opponents and threatened to come across with an unexpected but well-earned victory. In the last inning they again scored, but as the Saints also secured an additional run and clinched the game.

Pitchers Worked Well.  
Both pitchers worked well, Kerr of the Trojans turning back nine batters, while Dalton fanned 13. The former walked three batters, but only allowed seven hits, while Dalton only walked one and was touched for nine. "Tech" Dalton, by his victory, ran his total of consecutive wins up to seven.

Will Play Series For World's Title

NEW YORK, July 27.—Wills McFarlane and Jim Barnes, respectively United States and British open golf champions, have agreed to play a series of matches for the "world title" starting immediately after the Western Open Championships in Youngstown, Ohio, August 18 to 20. Although definite plans have not been made, it is probable that the first contest, of 36 holes, will be staged in Philadelphia and the second in Washington.

FAMOUS ATHLETE ENTERS POLITICS

Harold Abrahams, England's Olympic Star, Has Been Chosen as a Candidate.  
LONDON, July 28.—East Walthamstow Liberal and Radical Association has recommended the adoption of Harold M. Abrahams, the Olympic games sprint champion, as its prospective candidate.

In political campaign Mr. Abrahams does not intend to rely on his achievements in sports, but hopes to win the young life of the constituency by his strong advocacy of Liberal principles and his adherence to Free Trade. His candidature has the sympathetic support of Sir John Simon, M. P.

ROUOLGNE, France, July 28.—Monday, Aug. 3, has been tentatively set for the proposed attempt of Miss Gertrude Ederle, the American swimmer, to cross the English Channel from Cape Gris-Nez, France, to the English shore. Bad weather gave Miss Ederle a quiet week-end so far as her training in the water was concerned. She did considerable walking for exercise, however, and took short dips in the sea during the mornings and afternoons of the latter days of the week.

Harry Greb Awarded Decision Over Brooks  
WICHITA, Kansas, July 28.—Harry Greb, middleweight champion, was given the newspaper decision here last night against "Fighting Ralph" Brooks, of Hunnewell, Kansas, heavyweight in a ten round exhibition bout. Greb landed on his opponent almost at will.

INJURY TO JOEY SANGER STOPS REAL SLUGGEST

The Bout Was Scheduled to Go Ten Rounds  
YOUNGSTOWN, Ohio, July 28.—The scheduled 12 round boxing bout between Joey Sanger, Milwaukee, and Rosey Stoy, Lancaster, Penn., featherweights, here last night, ended in the ninth round when Sanger's foot went through a decayed floor. He suffered a fractured ankle, and was unable to continue the bout, which up to this time, had been a slugfest.

O'REGAN TO UMPIRE

Well Known Player Has Accepted Position in City Amateur League.  
Dick O'Regan, former star third sacker for St. Peter's and the Vets, has been secured to officiate as umpire in the City Amateur League. O'Regan has many friends who will wish him success.

MORE HARVESTERS

Britain to Send More Men to The Canadian Wheat Fields.  
OTTAWA, July 27.—A shortage of harvesters to handle the western crop is regarded as a possibility in immigration circles here. It is felt that the necessary 85,000 or 60,000 hands required will not be easily found in Canada, and that the labor markets of the United States may not be able to offer men enough to meet the demand. In the event of such a shortage it may be found necessary to return to the former practice of bringing British harvesters.

Two years ago the steamship rate was \$60 to Winnipeg. Even a \$10 rate, it is thought, would bring a good quantity of men to work in the harvest fields.

Already 450 British families are scheduled to leave the Old Country in the spring of 1926 for Canada, under the Empire Settlement scheme which provides assisted passages for 3,000 families annually.

GOVERNMENT CHARGED WITH TAX INCREASE

People Unable to Bear Burden Any Longer, Doucet Says

COMPENSATION BOARD RAPPED

Dr. Oulton Says Administration Costs Are Too High—Meeting at Cape Bald.

SHEDIAC, July 27.—Nearly a thousand persons attended an open-air rally in the interest of the Opposition candidates at Cape Bald, Shediac parish, yesterday afternoon.

The principal speaker was Alexander J. Doucet, M.P., for Kent, who reiterated his charge made in Bathurst that Hon. J. E. Michaud had been in the pay of liquor interests.

TALKS ON DEBT.

He made comparisons of the provincial debt under previous governments and the present. The Veniot Government had promised to keep ordinary revenue. How that has been done all know.

SAYS GOVERNMENT SPEND-THRIFT.

The taxpayers of this province are unable to bear the burden of taxation any longer, continued the Kent M.P. A school board or county council which adopted such a borrowing policy as the Veniot Government carried out would soon be turned out of office.

REFUSED WORK, HE SAYS

Not over 25 per cent. of the employees on the Gloucester county roads were ready to sweep over New Brunswick on August 10.

The great majority in New Brunswick, continued Mr. Doucet, were convinced that the terrible cyclone which swept over Nova Scotia on June 25, and it would not be a Conservative victory in New Brunswick, but a complete triumph by Liberals, Conservatives and Farmers combined to sweep from office the most spendthrift Premier of the most spendthrift Government since Confederation.

DR. M. A. OULTON

Dr. M. A. Oulton, of Shediac, one of the candidates, said it was highly pleasing to see so many present, but he assured the people of Shediac parish that the enthusiasm was not confined to that section, but was general.

CRITICIZES ADMINISTRATION

Dr. Oulton criticized the administration costs of the Workmen's Compensation Board at Sain John, saying that it cost \$2 to pay out \$1 to injured workmen.

He made comparisons of the provincial debt under previous governments and the present. The Veniot Government had promised to keep ordinary revenue. How that has been done all know.

H. M. WOOD

H. M. Wood, of Sackville and Shediac Caps, another candidate, declared that he was convinced the present Government was the most recklessly extravagant which has ever held office at Fredericton.

First National to Have New Home on Old Gem Theatre Site.

It is understood a thoroughly fireproof film building built on latest approved safety lines of concrete and iron with fireproof glass and other safeguards, will be erected on the famous Princess street made vacant by last winter's fire.

IMPORTANT MEN HERE

Henry Nathanson, representing Regal Films, Ltd., of Toronto, brother of N. L. Nathanson, the most prominent man in Canada in the moving picture business, both as a film agent, exhibitor and promoter of Paramount Theatres, across the continent—some privately owned by himself—has been in town over a week negotiating the first building proposition.

TALKS OF COSTS TO TOWNS.

Mr. Wood asserted that Sain John got its power cheaper than it could be produced and delivered. That cost the province \$14,000 last year. There was a deficit at every point where hydro was supplied, except at Sussex, Mr. Wood said. There the receipts balanced the cost.

WILL STAND OR FALL BY IT.

The regulation had been passed by the Sub-district Board of Health, but had been done on his suggestion, and he was quite willing to take the responsibility, and he was quite willing to go down to defeat if that was the penalty he must pay for advocating it.

Roberts Declares Ready to Stand or Fall by Milk Law.

A spirited defence of the policies of the Provincial Government, particularly as they referred to the Public Health Act, hydro and expenditure on the public highways, marked the first public meeting of the Government candidates in the constituency of the City of Sain John, held last evening in the Star Theatre, North End.

DRUMMER'S HURTS FATAL

MONTREAL, July 27.—Donald Caragher, 18, a drummer at Belmont Park, Cartierville, who was shot in the abdomen by a bandit during a holiday last week at the Dreamland Club, died this morning in hospital. The bandit has not been arrested.

ARRANGEMENTS CHANGED.

DAYTON, Tenn., July 27.—William Jennings Bryan's body will lie in state tomorrow afternoon in the Rhea county court house yard instead of on the lawn of the Richard Rogers residence, friends of Mrs. Bryan announced this afternoon.

DR. ROBERTS SPEAKS.

Hon. Dr. Roberts was the first speaker. He thanked the delegates to the nominating convention for the honor they had done him in again selecting him as a standard-bearer, and the central committee for opening the speaking campaign in the North End.

PASTEURIZATION.

During the progress of the campaign there had been false statements made by the Opposition, and one of these, which he proposed to deal with, was in regard to pasteurization of milk. There had been a great deal said since this measure came into force in 1923, and this was the first time he had ever made any refutation of the claim advanced.

HE, DR. FOSTER

Hon. Dr. W. E. Foster was the last speaker of the evening. He said he was sorry that he was not a candidate as he loved the political battle and since the passing of the regulation that milk must be pasteurized the number of cases in Sain John had been reduced by 70 per cent. The deaths of young children from intestinal troubles had been reduced from an average of 60 to 70 a year to 18 in 1923 and 1 in 1924.

ASKS HIS QUESTIONS. These questions were: 1. Are they in favor of the public ownership and public control of the power resources of the province? 2. If they are elected, will they continue the policy of hydro at cost to the consumer? 3. Will they oppose any move that might be made to turn the Musquash energy over to any corporation for distribution? 4. Will they pledge themselves to stand on hydro and not turn it over for development to private interests? The meeting closed with cheers for Dr. Foster and the candidates.

Sittings Are Resumed in Remodeled Building in Sydney Street

Humphrey Pleads Not Guilty to Being in Possession of Stolen Bonds.

For the first time since 1919, court sittings convened this morning in the court-house in Sydney street when the newly-remodeled court-room presented a splendid appearance, the walls and ceiling of white combining with the mahogany furnishings to lend the right tone to the hall of justice.

CRIMINAL CASE

The first case on the criminal docket, that of the King vs. Ronald Humphrey, was commenced. The accused is charged with having in his possession, knowing them to have been stolen, three Canadian Government bonds, stolen in 1922 from Frank Jones of this city. He pleaded "not guilty" to the charge.

DEATH REGRETTED

Before opening the case for the Crown, William M. Ryan took occasion to refer to the sudden passing of James Sproul, who was the contractor in charge of the work on the court-house. He paid a high tribute to the late Mr. Sproul and commented on the loss to the community occasioned by his demise.

ARCHITECT'S TRIBUTE

Garnet W. Wilson, who drew the plans for the remodeling of the Court House, in commenting today on the sudden death of James Sproul, said from the beginning to the end of his important undertaking in rejuvenating the historic building, Mr. Sproul evinced the keenest enthusiasm.
