Military Will Protect All Roads Leading To Berlin

ENGLAND PREPARES FOR ELECTION

BAVARIANS ARE STOPPED AT FRONTIER

Large Military Action is Planned by the German Troops.

RECRUITS ADDED

Tension Seems Largely Relaxed in Berlin, the Cables Say.

(British United Press.)

Berlin, Nov. 8.—General Reinhardt, commanding the Federal troops in Thuringia, is carrying out an aggressive campaign against "red" organizations there. The move, however, is mere camouflage for larger military action he is taking to bar all roads to Berlin against the Bavaria Fascist units gathered along the frontier.

President Ebert Wednesday told callers that the action against the "reds" must not be taken too seriously, and explained that the government was really proceeding to unify its forces for resistance to any Bavarian Fascist thrust. Prophecy is absurd in the present chaotic condition, but there are some indications that the projected Fascist coup may be postponed or averted.

Tension is Relaxed.

Tension seems largely relaxed in Berlin. This is not, however, a certain criterion, and it recalled that prior to the Kapp "Putsch" the government was confident that all was calm.

Few food disorders occurred Wednesday, as the municipality had taken strict measures to prevent looting. Numerous stores bore the sign "this is a Christian shop." Curious crowds visited the Jewish quarters to see the aftermath of the anti-Semitic disturbances, but although there was much grumbling about "food hoarders," no large scale disorders occurred.

Thousands Starving.

An ironical feature of the hunger and unemployment situation is that while thousands are starving, many of the larger stores are closing down, not caring to sell valuable goods for money that may be worthless tomorrow.

Gets Prison For Killing Daughter

New York, Nov. 8.—Calogero Mogini, 60, of 198 Christie street, who shot and killed his daughter, was sentenced to serve from six years and six months to fifteen years in State's prison by Judge Otto A. Rosinsky in General Sessions Court. Mogini was indicted for murder in the first degree, but was allowed to plead guilty to manslaughter in the second degree.

Traps 19 Skunks In Own Dooryard

Hallowell, Nov. 8.—Byron Allen, of Chelsea, who is employed in the finishing room at the Johnson Brothers' shoe factory, finds trapping a lucrative sideline. Almost within the limits of his dooryard in the past few days he has captured 19 skunks and on Friday night he got a 34 pound raccoon whose fur was of excellent quality.

Zionist President To U. S. For Conference

London, Nov. 8.—Chaim Weizmann, president of the World Zionist organization is to sail for the U. S. on Nov. 24, to confer with prominent Jews concerning Palestine. He will attend a conference of the Kern Haywood in New York on Dec.

Troops Ready To Drive Back Foes

BY CARL D. GROAT. (British United Press.)

Berlin, Nov. 8.—Chancellor Stresemann's Government prepared today to head off the threatened march of the Bavarian borderer to Berlin. Reichwehr troops occupied the railroad center of Weimar, near the border of Thuringia.

SEARCHED PRISONS IN VAIN FOR FATHER

Woman Tells of Gruesome Revenge of Red Soldiers of Soviet.

Lausanne, Nov. 8.—Among the witnesses who testified yesterday at the trial of Maurice Conrad, charged with the murder of M. Vorovsky, Soviet envoy, was a cousin of the prisoner, Edith Conrad. The woman described how her father, Victor Conrad, although he never took part in politics in Russia, was dragged from his home one night by Red soldiers. His family never was able to obtain news of his whereabouts, although the Swiss Minister to Russia did his utmost to obtain information concerning the missing man. She herself had visited numerous prisons, but was unable to locate her father.

ELECTION MAY MEAN THE LID OFF BOUTS

Cleveland Likely to Resume Professional Boxing on January 1.

Cleveland, Nov. 8.—The lid on professional boxing here, which has been clamped tight for almost three years, will be pried off after the new council assumes control January 1, it is indicated today.

Amateur Reports Discovering Comet

London, Nov. 8.—An amateur astronomer in Cape Town has discovered what is believed to be a new comet, says the Daily Express. The discovery has been communicated to the Royal Observatory at Cape Town, which has taken photographs of the stellar object.

Woman Explorer Honored by French

Paris, Nov. 8.—Mrs. Rosita Forbes, English explorer, received the grand medal of the French Geographical Society last night after she had delivered a lecture on her experiences. Mrs. Forbes recently returned after a trip to Morocco, where she visited the celebrated bandit Raisuli.

Predicts 300 Miles Speed Through Air

Paris, Nov. 8.—Cadie Le Colote, French ace, told a representative of Auto, he was convinced a speed of 300 miles an hour by an airplane will be exceeded before long. He announced that he was having an engine fitted into his machine which would enable him to fly at a greater speed than was recently attained by the U. S. Lieutenants William and Brown.

CRANKS ABUNDANT

Says England More Efficient in Every Way—"Land of Make-Believe."

(By Canadian Press.)

New York, Nov. 8.—Israel Zangwill, Englishman of letters, yesterday told the league for political education what he thought of the U. S. He said: "There are more cranks to the square mile in the U. S. than in any other country of the world. "There is more honor, justice and dignity in England than in the U. S. The Ku Klux Klan, which is a sort of exaggerated Boy Scout movement, would be laughed out of existence, but the U. S. has no sense of humor. "Everything is less efficient in the U. S. than in England. The mails, the press, the railroads and your Central Park are a disgrace. "On the other hand, too many men are jack-of-all trades. The elevator boy goes to Columbia, but that fact should not prevent him from being a good elevator boy. "The U. S. makes without acting and acts without thinking. Years ago she went to war because of taxation without representation. Today I am taxed eight per cent of all I earn in this country yet I have no vote. "The U. S. has no sense of shame. The Sunday newspaper weighs four pounds. The world was better off when people read the Bible and Shakespeare. "This country has the best half-educated people in the world. It is a land of make-believe."

Wire Briefs

Ottawa, Nov. 8.—The condition of Hon. W. P. Mackenzie King was reported at noon today as being unchanged.

London, Nov. 8.—The imperial conference decided today in favor of the retention of preference to all wines of a certain alcoholic standard from the dominions.

Paris, Nov. 8.—Jewelry worth 150,000 francs was taken from the hotel room of Marquise de Jura Real, a relative of the Spanish Ambassador to France, some time yesterday.

Paris, Nov. 8.—The French Government has instructed its ambassador in Berlin to inform the German Government that France would not tolerate the establishment of a dictatorial government in Germany.

Vancouver, Nov. 8.—Officials of the Merchants' Exchange deny there is a dearth of ships to handle grain out of this port, as stated by the elevator companies to the Department of Labor at Ottawa last night.

Oklahoma City, Nov. 8.—Denied federal intervention, by which he hoped to halt impeachment proceedings against him, Governor Walton went to trial today before the State Senate on 22 charges of official misconduct.

Niagara Falls, N. Y., Nov. 8.—Fire which broke out shortly after 10 a. m. today threatened to destroy the frame cantonments building at Fort Niagara. This city has sent fire apparatus. The buildings were erected to house men in training for officers during the war.

Sydney, N. S. W., Nov. 7.—The U. M. W. local at Number 21 Coleridge at Birch Grove, near Glace Bay, and the Thorburn, Pictou County, local have had their charters cancelled by the provisional officers of District 26, acting on instructions from International President Lewis.

Winnipeg, Nov. 8.—"Reports that we have been and are in danger from icebergs are entirely wrong. We are perfectly safe, quite comfortable, and all on board the Bowdoin are in good health," was the radio message picked up here early today from Dr. Donald B. McMillan of the Arctic expedition.

Boston Taxi Firm Hires All Its Tires

Boston, Nov. 8.—One of the largest taxi cab firms in Boston, perhaps the largest, does not own a tire on any of its scores of machines. It seems that the taxi cab officials have figured out that it is cheaper by one-tenth of a cent per mile to hire tires than buy them. Consequently, the tires are regularly inspected by an employee of the tire company, kept inflated to the proper number of pounds and cared for in other ways. When a tire shows signs of "blowing" it is removed from the rim and a new one substituted. In this manner there are few road delays, which are the bane of taxi cab operators.

SCOTLAND IS NOT FOR PROHIBITION

Wets Score Victories in Nearly All of Forty-three Towns Voting.

London, Nov. 8.—It is clear that prohibition is not advancing by leaps and bounds in Scotland. Judging from the results already compiled by the local option vote taken in 43 towns this week, the liquor dealers and their customers have every cause for satisfaction. In all except a few places the "wets" not only won but increased the victory they scored in the last contest three years ago. "The utmost efforts of the pro-temperance element, however, failed to shake the resolution of the residents of Milling, Kirriemuir, Perthshire, and other towns who reaffirmed their faith in prohibition. "On the other hand, the small town of Auchterarder, Perthshire, fell from grace and elected to revert to the column of the "wets" after three years experience with prohibition. "Two places which on the last occasion voted in favor of prohibition, Aberdeen and Dundee, have now reverted to the column of the "wets" after three years experience with prohibition. "The Scotch people, it is believed, are not in favor of prohibition. They are in favor of the Scotch whisky, and they are in favor of the Scotch whisky. "The Scotch people, it is believed, are not in favor of prohibition. They are in favor of the Scotch whisky, and they are in favor of the Scotch whisky."

Pole Reads Character by Hand-writing at Club Dinner—Gives Diagnosis of Ills.

New York, Nov. 8.—Rafael Schermann, Polish graphologist, who has been brought to the U. S. to demonstrate his power to read character proved his skill at a dinner last night at a private club given by George F. Putnam, publisher.

Mr. Schermann, shown a framed piece of manuscript the signature of which had been blotted out by paper glued to the glass, correctly described the life and habits of Theodore Roosevelt, who had written it.

The chief other incident was in favor of which had been blotted out by paper glued to the glass, correctly described the life and habits of Theodore Roosevelt, who had written it.

An amazing incident was performed with oil paintings and drawings hanging in the room. The signatures were covered with paper and the painter's names spelled for Mr. Schermann. With high accuracy in general he wrote the signatures from looking at the pictures, two of the four instances being correct.

Hope Hampton, Movie Star, Is Bride Of 10 Weeks; Only Learned Now

New York, Nov. 8.—Hope Hampton, motion picture star has been a bride for more than ten weeks, Broadway learned today. She was secretly married in Baltimore August 22, to her manager, Jules Brulatour, wealthy dealer in raw films used in the manufacture of motion pictures. The wedding came five years after Miss Hampton had walked into Mr. Brulatour's office and said she wanted a "chance in the movies." He organized a company and starred her in a number of pictures. Later she has been starred by several other producers. It is Mr. Brulatour's third marriage.

NEW ZEALAND TEAM FOUR ARE WOUNDED MAY TOUR CANADA

Rugby Players Returning From Olympic Games Want Matches.

Toronto, Nov. 8.—A. J. Donn of the Auckland executive of the New Zealand Rugby Union is here and would like to arrange a tour of an all-New Zealand team in Canada next year.

New Zealand will have a team in the rugby competition at the Olympic games next summer, and it is proposed to bring the New Zealanders home by way of Halifax and Vancouver.

Mr. Donn saw Canadian football at Winnipeg and was favorably impressed, but admitted that he knew very little about it, because of the great difference between it and Rugby.

RETURNING POPULARITY OF DAVID LLOYD GEORGE STIRS LIBERAL CIRCLES

Premier Baldwin and Conservatives are Active as "Little Welshman" is Speeding Toward England After Triumphant American Tour—He is Looked Upon Now as Strongest Man in English Politics—No Possibility of Reaching Agreement With Asquith Forces.

BY HARRY N. MOORE (British United Press Cable.)

London, Nov. 8.—With the close of the Imperial Conference after five weeks of sittings, interest in England, which has never been over enthusiastic about the conference, now shifts definitely to the state of domestic politics.

There does not seem to be any question that a general election will be held next month or in January, at latest. Wild rumors have been current in the political clubs during the last few days, that Premier Baldwin was planning a dramatic coup by calling a meeting of the party for next Monday, the day before the assembling of Parliament, and of bringing on an immediate dissolution.

The scheme is not likely to be followed. The sole object of the plan was to get ahead of Lloyd George, who is steaming to Cherbourg and England at full speed and will be in London Saturday evening.

Lloyd George Strong. The little Welshman has grown tremendously in political stature during the last two months. The reception he received in Canada and the United States was widely advertised in the British press and not even his bitterest enemy today underates his power in the area of politics.

England is indeed rapidly veering to the belief that Lloyd George is the most important figure in politics in England today holding the balance of power between Ramsay MacDonald, the leader of Labor, and the Conservatives under Mr. Baldwin. He will be met by Chamberlain by a small group of his intimate friends who will discuss the situation with him on the way to London and there is no doubt that he will plunge into the fray with zest the moment he arrives.

Will Be No Agreement. The prospect of an agreement or even an understanding with Mr. Asquith now seems out of the question. The persistent feeling of the balance of power between Ramsay MacDonald, the leader of Labor, and the Conservatives under Mr. Baldwin. He will be met by Chamberlain by a small group of his intimate friends who will discuss the situation with him on the way to London and there is no doubt that he will plunge into the fray with zest the moment he arrives.

CHINESE HIDES IN SHIP FOR 84 DAYS

Secret Known to Fellow Countrymen—Is Ordered Deported.

Boston, Nov. 7.—With the aid and connivance of fellow-countrymen in the crew of the British steamer Egremont Castle, Lam Ah Fung, a 24-year-old Chinaman, stowed away on the vessel last August while she was at Shanghai and during a passage that occupied 84 days successfully kept from sight of the officers. Not until the steamer dropped anchor in lower Boston harbor was his presence discovered.

During all this time he lay concealed in the bunkers, cramped in an uncomfortable position (and not daring to venture forth except in the dead of night, then stealing furtively to the deck to stretch his limbs and inhale the fresh air. Food and water during his long period were supplied by one or more of Fung's friends in the crew.

Fung was taken to the immigration station and given a hearing. He steadfastly refused to implicate those who had helped him, nor could the commander, Captain J. Cain, discover who of the seamen had befriended the stow-away and aided him in keeping under cover for so long a time. Fung was ordered deported, and will probably be returned on the same steamer when she starts back for China.

Hangs Half Hour Head Downward. New York, Nov. 8.—Nicholas Scheinbauer, proprietor of the International Trucking and Hugging Company, was suspended head downward in an elevator shaft for more than a half hour with one of his ankles crashed between the elevator and the wall. Through all the time he was conscious and talked with his brother John, who tried fruitfully to release him. He is in St. Vincent's Hospital, where it will probably be necessary to amputate his left foot. Steinbauer, who is 29, went with his brother and several workmen to deliver a large flying machine. The machine was too large to get in the elevator, and in shifting it some part of it touched the elevator control, shooting the car toward the ceiling. In tipping the machine knocked Steinbauer but the top of the elevator in coming down caught his ankle. The elevator was wedged upward inch by inch until Scheinbauer was released.

RACE WITH DEATH

Brantford Kivanians Saved Life of Child When Minutes Meant Much.

Brantford, Nov. 8.—Two Brantford Kivanians—D. T. Williamson, vice-president, and H. E. Gignac, secretary—raced death and won. On Saturday at 12:30 they received word from Nurse Anghuis of the Social Service League that, unless at once taken to the Hospital for Sick Children, Toronto, and operated on, a little girl would die within 30 minutes. Williamson in his sedan, with Gignac, Nurse Anghuis and the child and her mother, was on his way to Toronto. At Missico the child collapsed and a stimulant had to be secured from a physician to maintain life for the rest of the journey. The run to the hospital for sick children was made in excellent time, and ten minutes after arrival the operation was under way. At its conclusion the surgeon reported it successful, but blood transfusion was necessary. Both Kivanians volunteered, underwent blood tests, and Williamson was chosen. The girl is recovering nicely.

Toronto Has a Day of Accidents

Toronto, Nov. 8.—One killed and six injured by automobiles, a gas poisoning fatality and a youth critically hurt in a fall down an elevator shaft was the toll of accidents here yesterday.

The drifting rain and greasy condition of the roads is given as the cause of the large number of mishaps. James Howes, aged 65, of Kingston, died of injuries sustained when he was struck down by an automobile. He was visiting his son.

Smokes Cigarette In Bed; Loses Life. Danvers, Nov. 8.—Smoking cigarettes in bed is believed to have caused the death of Philip Egan, found suffocated in his bed here. Part of the mattress had been burned.

The medical examiner said that the man had been dead six or seven hours when found. On a table near the bed was an open box of cigarettes. Egan, who was 57 years old, had not been seen since early Sunday evening.

PEOPLE MAY BE ASKED TO VOTE ON QUESTION OF ST. JOHN COURT HOUSE

Mayor Starts Discussion on Matter at City Hall Meeting.

The matter of a court house was brought up at the City Council in committee this morning by Mayor Fisher, who suggested that it was time some action was taken.

Commissioner Thornton said he would call all the committees dealing with the matter together, and it is probable that a plebiscite will be taken on the question as to whether a new building will be erected or the old one restored.

Commissioner Thornton said he was glad the matter had been brought up. He had tried on several occasions to get the building committee of the Municipality together to discuss this question, but had failed, but he would make another trial.

Commissioner Fisher said there had been a great deal of criticism about the delay, but he thought this delay had been caused by a large measure by the divergence of opinion as to whether there should be a restoration of the old building or a new one erected. He was of the opinion that there should be a plebiscite.

Commissioner Thornton said the insurance on the old building was \$10,000 and of that amount about \$6,000 had been expended in removing rock from the court house yard.

Commissioner Bullock thought the committee should report and make some recommendation on which a plebiscite could be held.

Commissioner Wigmore said all agreed that it was time something was done. He was in favor of the larger scheme for a building in which all the city, county and provincial offices would be housed.

He will be sent back to Ireland.

Fredericton, N. B., Nov. 8.—Completing a sentence of three months for vagrancy, John Collins, a native of Ireland, was released yesterday from the York County jail in Dartmouth.

Migration official for deportation to Ireland. His correct name is said to be Jerry Conley.

GOVERNMENT MEETING AT ST. JOHN ENDS.

Fredericton, N. B., Nov. 8.—The Provincial Government's meeting here concluded last evening at Premier Veniot and several members of the cabinet are still in the city. The next meeting will be in Moncton, but the next regular meeting will be here early in December.

BURIED TODAY.

The funeral of H. J. Anderson was held this afternoon at 2:30 from his late residence, Renforth. A large number of citizens were in attendance to pay their tribute of respect to the memory of a good friend and comrade, and the floral offerings were numerous and beautiful, among these being a wreath from conferees on the old Evening Gazette. Service was conducted by Rev. Canon A. W. Daniel of Rosetown, and interment was made in Fernhill.

The funeral of Mrs. Charlotte D. White was held from her late residence, Wentworth street, at 2:30 this afternoon. Service was conducted by Rev. A. L. Fleming. Interment in Fernhill.

The funeral of Mrs. Sarah Gosman was held this afternoon from her late residence, Duke street, to St. Philip's Church. Service was conducted by Rev. C. A. Stewart. Interment in Fernhill.

The funeral of Mrs. John Connel was held this morning. The body was brought from Johnston Croft to the city, accompanied by her husband and son, and taken to Holy Trinity Church for requiem high mass by Rev. Father Cronin. Interment was made in the new Catholic cemetery.

The funeral of Philip O'Neill took place this morning from O'Neill's undertaking parlors, Main street. Interment in the new Catholic cemetery.

GETTING ON WELL WITH NEW STEAMER

Jarvis Purdy Has Look at New Boat for the St. John River.

Jarvis Purdy of the Crystal Steam Steamship Company has returned home from Deteghan, N. S., where he inspected the new steamer which is being built for the St. John-Fredericton route on the St. John river. He says that it is all framed in, the frames being twelve inches apart and all double. They are constructed of hardwood. From the progress being made, Mr. Purdy says, there is no doubt the steamer will be ready for service in the spring.

He has decided to install two 22-horse power oil burning engines, capable of 260 revolutions each a minute. They are to be twenty-two tons each in weight and it is expected that they will be able to drive the new steamer at approximately eighteen knots an hour. The steamer is so constructed that it will take thirty tons to make her go down an inch. This will mean that her draught will be comparatively light and will make for greater speed. The new steamer will have oil tanks with a capacity for 6,000 gallons and will necessitate fueling up only every three weeks.

PERSONALS

Percy Webb and Leslie Day of the C. N. R. ticket and freight office staff are spending their vacation in Boston and New York.

Martin R. Dolan returned home today from Montreal.

The condition of D. J. Purdy, who fell with pneumonia, was reported to be about the same this morning as yesterday.

GUARDING CANADA AGAINST IT.

Arthur Finnamore, one of the entomologists in the employ of the government, who returned to the city yesterday from Montreal, said he had been on an investigation trip in Quebec. With reference to an announcement about the gypsy moth he explained that this pest has not yet reached the Canadian forests, but has been located in Alburgh township in the state of Vermont, which is only a half mile from the Canadian border.

He said that approximately 4,000 egg clusters have been located in that vicinity. He says that this pest is one of the worst that could possibly strike this country and attacks all kinds of trees. Great precautions, he said, are being taken to prevent the gypsy moth from getting into Canada.

Mrs. Stillman Says Report Is False

New York, Nov. 8.—Mrs. Anne U. Stillman denies the whole contents of the so-called "confession letter" which James A. Stillman submitted to the appellate division of the supreme court in Brooklyn yesterday as the basis of an appeal from Justice Morschauser's recent decision refusing him a divorce.

John F. Brennan, Mrs. Stillman's attorney, today declared that Mrs. Stillman repudiated the document.

WIFE OF REV. DR. HUTCHINSON ILL

Word was received in the city last evening that Mrs. David Hutchinson, wife of Rev. Dr. Hutchinson, was seriously ill at London, Ont., and she would be unable to come home for Sunday. The many friends of Mrs. Hutchinson will hope for a speedy recovery.

GOVERNOR TODD URGES SUPPORT

Asks People to Respond on Poppy Day—Workers Needed Here.

Lieut. Governor W. F. Todd has added the seal of his approval to the efforts of the G. W. V. A. to raise money for the relief of suffering among families of former soldiers, and has issued an appeal to the people of New Brunswick to give their sympathy and support on Poppy Day, the proceeds of the sale of these flowers to be used for that purpose. These poppies are made in Canada from Canadian material and by people who are providing a home industry for disabled men and their dependants.

Mrs. A. C. D. Wilson, convener of Poppy Day workers here, needs more volunteers for the wards, and would like those willing to help to meet her at the G. W. V. A. headquarters at 7:30 on Friday evening.

Will Not Affect Apple Trade Here

Fredericton, Nov. 8.—Officials of the Provincial Department of Agriculture expressed the opinion today that the proposed British preference would not materially affect New Brunswick's apple trade. It was pointed out that the only exports made to the British Isles were small experimental shipments and that the same market in Quebec and Ontario cities offered the New Brunswick producer better returns for the apples exported from this province.

MAY HAVE TWO ON ST. JOHN RUN

Calvin Austin and Governor Dingley May be in Service.

That the Eastern Steamship liner Calvin Austin may be placed on the St. John-Boston route next season with the S. S. Governor Dingley, was an announcement made today by A. C. Currie, local agent, who returned home from Boston where he was in consultation with officials of the corporation. He said that the large new liner Boston which was recently successfully launched, is one of the largest steamers in the service. It will be placed on the Metropolitan line and will thus release the Calvin Austin and the Northland for some other service. While the matter was discussed, nothing definite was arrived at as to the disposal of these liners, but there is a possibility that the Northland will be placed on the Yarmouth-Boston route and the Calvin Austin to the St. John route.

MADE BIG GAIN IN BANK CLEARINGS

Bank clearings here this week show an increase of more than \$1,500,000 over the corresponding week last year. This increase, it was said by the manager of the St. John Clearing House association, was due largely to the fact that the 1928 Victory Loan came due on November 1, and a great many of the matured bonds were passed through local banks. The figures for the week are as follows:—1928—\$4,699,974; 1929—\$2,827,945; 1931—\$7,670,785. Halifax clearings this week were \$4,878,318.

MIX-UP OVER GRIPS

Johnny McIntyre Figures in Exchange Made in Error.

W. C. Hits of Kentville, N. S., called at the Union Station today to claim a club bag which had been taken by Johnny McIntyre in mistake for his own. He explained that Johnny's bag had been given to W. S. Godfrey of the Mount Allison football team, who thought that it must be the property of a member of the Halifax Wanderers. He said he was going through Sackville today and would endeavor to locate the bag and have it returned to its owner. The mix-up occurred about a week ago when Johnny was going to Halifax. When ready to board the train he picked up what he thought was his club bag and it was some time later that he learned he had made a mistake. He left the bag with the local station agent and has since been anxiously waiting word of its location. He learned he had recovered his own, which contains his boxing gloves and other ring paraphernalia.

AUTO RUNS AWAY; HITS TWO OTHERS

Causes Excitement in King Street—Registered at a Moncton Address.

Considerable excitement was occasioned in King Street last evening about 6 o'clock when an automobile No. 16066 started down the hill at a rapid rate of speed, striking a Ford automobile standing in front of the Royal Hotel and then continuing down the hill and across Market Square where it crashed into another automobile standing by the curb near the corner of Dock street.

To add to the excitement the Ford automobile which was struck in King Street, also started down the hill evidently bent on revenge, but before it had proceeded very far a man sprang out from the sidewalk and applied the brakes, bringing it to a stop. The driver of the automobile 16066 made arrangements with the owners of the damaged cars to pay for necessary repairs. He explained that the brakes on his car refused to work, and it got beyond his control. This number is registered under the name of J. J. A. Gillis, whose address was given as in care of Brunswick Hotel, Moncton.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

DRY DOCK PICTURES SHOW EVERY DETAIL

Thousands of St. John people shown in splendid 1,000-foot pictorial of the opening of our great dry dock and ship-building works. The parade, the ceremonial, the flooding, the banquet—everything. Come and see yourself. Imperial remainder of week.

MILL STREET WORK.

Work of pouring concrete was started today in the street car section in front of the Union Station where rails are being replaced. It was expected that one side would be completed by this evening, but it will be nine days before the concrete will be sufficiently set to permit the cars to use this track.

FATHER HOGAN TO GIVE MISSION IN BERMUDA

Rev. William Hogan, C. S. S. R., rector of St. Peter's Church, is at present in Montreal, where he is making his annual retreat. It is expected that he will leave in the near future for Bermuda, where he will preach a mission.

Lawson-Elliott

The marriage of Miss Elizabeth May Elliott, daughter of the late James Elliott, and of Mrs. Elliott, of Ormsville, Que., to James LeRoy Lawson, son of Mr. and Mrs. B. J. Lawson, of Amherst, N. S., took place yesterday afternoon at the home of the bride's sister, Mrs. C. G. Higginson, 225 Walseley avenue, Montreal west, the Rev. David N. Cyprien officiating.

MAY HAVE TWO ON ST. JOHN RUN

Calvin Austin and Governor Dingley May be in Service.

That the Eastern Steamship liner Calvin Austin may be placed on the St. John-Boston route next season with the S. S. Governor Dingley, was an announcement made today by A. C. Currie, local agent, who returned home from Boston where he was in consultation with officials of the corporation. He said that the large new liner Boston which was recently successfully launched, is one of the largest steamers in the service. It will be placed on the Metropolitan line and will thus release the Calvin Austin and the Northland for some other service. While the matter was discussed, nothing definite was arrived at as to the disposal of these liners, but there is a possibility that the Northland will be placed on the Yarmouth-Boston route and the Calvin Austin to the St. John route.

MADE BIG GAIN IN BANK CLEARINGS

Bank clearings here this week show an increase of more than \$1,500,000 over the corresponding week last year. This increase, it was said by the manager of the St. John Clearing House association, was due largely to the fact that the 1928 Victory Loan came due on November 1, and a great many of the matured bonds were passed through local banks. The figures for the week are as follows:—1928—\$4,699,974; 1929—\$2,827,945; 1931—\$7,670,785. Halifax clearings this week were \$4,878,318.

MIX-UP OVER GRIPS

Johnny McIntyre Figures in Exchange Made in Error.

W. C. Hits of Kentville, N. S., called at the Union Station today to claim a club bag which had been taken by Johnny McIntyre in mistake for his own. He explained that Johnny's bag had been given to W. S. Godfrey of the Mount Allison football team, who thought that it must be the property of a member of the Halifax Wanderers. He said he was going through Sackville today and would endeavor to locate the bag and have it returned to its owner. The mix-up occurred about a week ago when Johnny was going to Halifax. When ready to board the train he picked up what he thought was his club bag and it was some time later that he learned he had made a mistake. He left the bag with the local station agent and has since been anxiously waiting word of its location. He learned he had recovered his own, which contains his boxing gloves and other ring paraphernalia.

OCTOBER FEES AT HOSPITAL SET NEW RECORD FOR MONTH

Indications are That Year's Revenue Will Meet Expenditures.

During the month of October the money received from the fees of paying patients was the largest amount ever taken in one month in the history of the hospital, amounting to \$8,229.99 in all. Fees in the X-ray department for October, although not the largest this department has netted in one month, were the second largest. Last year the Municipal Council clipped \$10,000 from the estimates for the General Public Hospital and it has only been because the receipts have exceeded all expectations that the finance of the hospital are as satisfactory as they have been found to be. At the meeting of the board of commissioners yesterday it was announced that it was hoped the year would close without a deficit.

The October financial statement presented at the meeting showed receipts totalling \$16,112.85, including \$5,229.99 from paying patients, \$7,616.94 civic grant, \$1,206 from X-ray and \$360 from seamen.

The balance on hand amounted to \$18,499.85. Unpaid bills totalling \$14,629.48. So that when these bills are paid a balance of \$8,940 will remain. The financial standing of the institution for this year was considered highly satisfactory.

It has taken ten years to repair the ravages of a beetle plague in Westminster Hall.

ST. JOHN, N. B., NOVEMBER 8, 1923

The St. John Evening Times is printed at 27 and 29 Centrebury street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd. J. D. McKenna, President.

At the interprovincial conference on immigration to be held in Ottawa next week the representatives of New Brunswick, Hon. Messrs. Mesereau and Michaud, will recommend a policy calculated to keep our own people from going away rather than bring in settlers from Europe who would have to be assisted at the outset and might not remain in the end.

We must not forget that our soldiers suffered and died for us.

Despite the thirty cent tariff, Minneapolis mills have purchased over a million bushels of Canadian wheat, and further takings are anticipated.

The Ottawa Journal applauds the Conservative party decision to contest the Halifax seat in the Commons on these grounds: "A party that will not fight cannot expect to win, while, quite apart from the fate of parties altogether, anything that makes for public discussion of issues, and that helps to sound public sentiment in respect of government, is a good thing for a democracy."

AGE BECKONS ME! (Marie L. Eglington, in New York Times.) Age beckons me; a home of spacious halls, and acres beloved adorn its walls.

Where beauties now undreamed invite my stay, Faces and scents beloved adorn its walls.

No more, as now, to change—to fade away. Through all its corridors and garden lanes

Perfumes and melodies, remembered, drift. In sheltered corners will I find the fanes

Whose youthful worship were my soul's uplift. There books which stirred me once

await fresh use; I will have learned which charms most truly please.

No more shall hurried hours serve as excuse. To keep me stranger to a thoughtful ease.

Perhaps life's pleasant tasks of grace and joy Are waiting, too, those liberated hours,

When pinching cares no more my hands employ, When "must" and "ought" have bid their binding powers.

But best of all, a turret-chamber waits To lead my vision outward, upward—far

Beyond sweet fields, sharp hills and homestead gates, Past luring space itself, the soul's last bar!

IN LIGHTER VEIN. He Learned Too Much "You see," said the man who was trying to sell his dog, "I trained him myself.

I got him so he'd bark if a stranger stepped inside the gate. Then my wife wanted him to carry bundles,

and I taught him that. He'd keep a package in his mouth till someone took it away.

"One night I woke and heard notes downstairs. I got up and grabbed my revolver. Two men were there—and the dog."

"Didn't he bark?" asked the prospective buyer. "Never a bark. He was carrying the lanterns for the burglars."

Press Comment

BANDIT NATIONS.

(London Daily Herald.) We adopt a sensible policy if we recognize that Canada is a bandit nation.

HEALTH AND SAFETY FIRST.

(Cleveland Plain Dealer.) Rural school children who seek to give the children in their communities the best in an educational way, need to consider more carefully the importance of health and safety.

BANK INSPECTION.

(Vancouver Sun.) Adequate outside bank inspection is only measure that will put stability into our banking system and restore our banks to a position where they can render maximum service to the development of the country.

THE FISHERMAN'S RACE.

(Quebec Chronicle.) It is highly regrettable that the International Fisherman's race should so rapidly have developed unsatisfactory features of a kind similar to those that, in the past, have marred other international sports.

KING AND LAURIER.

(L'Evenement.) Sir Wilfrid Laurier once said: "When England is at war Canada is at war."

A LESSON TO ORATORS.

(Toronto Globe.) Lloyd George's farewell speech in New York before 5,000 people, and broadcast to many times that number, was the seventh which he delivered on this continent.

PLANTING MANY TREES.

(New York Herald.) One of the most encouraging signs of popular interest in reforestation as recorded by Conservation Commission-er Alexander Macdonald of New York State is that in the past year more applications for young trees have come from individual landowners than have come from industrial concerns, cities, clubs or reforestation associations.

THE LEAGUE AND SMALL NATIONS.

(London Daily Telegraph.) The League today is strong in the united and firm support of the small nations throughout the world.

LEAGUE OF EUROPE.

(London Daily Mail.) The real League of Nations is a League of Peace, for war among its constituent members is unthinkable.

T. P. O'CONNOR AT 75.

(London Sunday Times.) A literary event of the week has been the announcement that Mr. T. P. O'Connor, M. P., has accepted the editorship of Cassell's Weekly.

CAPITAL AND LABOR.

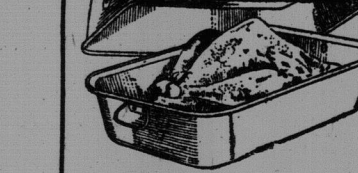

(Ottawa Journal.) The time has come when a good deal of the rubbish that is being uttered by professional agitators about capital and labor should be silenced by a calm appreciation of the truth in the matter.

REDUCE INFANT MORTALITY.

(Vancouver Sun.) Yesterday's session of the American College of Surgeons at Chicago stressed the importance of better care of expectant mothers so that infant mortality may be reduced.

WHEN PULTITZER WAS POOR.

(Detroit News.) At one time Joseph Pulitzer, who bought the New York World from Jay Gould, in 1883, was so poor that he was turned away from a New York hotel for lack of 50 cents with which to pay for a bed.

Roast him brown and juicy and tender—that Thanksgiving turkey of yours; just prepare him in the usual way, then put him in one of our

Double Roasters —of either aluminum, enameled ware, or of sheet iron—oval or round, that all his sweet juices and tenderness be retained.

**WIFE SUES MOTHER OF HUSBAND;
ASKS FOR 25,000 IN DAMAGES**

Claims He was Sent to Ireland Two Days After Marriage

Boston, Nov. 8.—"Too much mother-in-law" spoiled her romance, according to Mrs. Catherine F. Lucey, 27, of 149 Central avenue, Medford, who has filed suit for \$25,000 in East Cambridge against Mrs. Johanna Lucey of 208 Main street, Malden.

She charges that Mrs. Lucey prevented her from marrying Daniel L. Lucey Oct. 2, 1918 and later, when the marriage was performed, sent the young husband away on long trips.

A few hours before an elaborate wedding was scheduled at the Church of St. Francis de Sales in Charlestown, Mrs. Lucey sent her son to St. Paul, Minn., to study for the priesthood, and the bride allgedly, she and her maids waited in vain at the church for the bridegroom to appear.

She was brokenhearted and months of illness followed. Later she entered the employ of the Boston Elevated and

fell in love with George O'Brien, whom she married July 4, 1918. Lucey, burning with love for her, returned from the West, induced her to divorce O'Brien and married her, she declares. She claims her mother-in-law called her names on the street and sent her to Ireland two days after the ceremony. Later he set up housekeeping in New York with her. She says he finally returned to his parents in Malden and wrote her he was done with her for all time.

RECENT DEATHS

Mrs. Margaret Chapman.
The death of Mrs. Charles Chapman occurred on Nov. 7 at her residence, 119 Charlotte street, and will be heard of with much regret by many friends. Mrs. Chapman was formerly Miss Margaret Burns, of Pleasant Point. Although she had been in poor health for some time she was seriously ill only for a few days and her death was unexpected. Besides her husband she is survived by four brothers, John and George, of Pleasant Point, Thomas, of Quebec, Nicholas of Bangor, Me., and one sister, Miss Elizabeth Burns of Pleasant Point. The funeral will take place on Friday morning from her late residence at 8:30 to St. Peter's church.

**Imperial Conference Accepts
Proposals of U. S. State Secretary Hughes.**

London, Nov. 7.—Rum running by British vessels within range of the United States shores, which has been so provocative of United States resentment against Great Britain, received a death blow from the Imperial Conference today. In its closing session the conference accepted in modified form the original proposals of Secretary of State Hughes for checking this traffic.

The question is now put of the hands of the Imperial Conference delegates and a formal treaty vesting the United States with authority for the search and seizure of British ships suspected of carrying contraband alcohol within stipulated steaming distance of the United States shores is nearing completion at the hands of foreign official experts.

A complete understanding has been reached between the State Department at Washington and the British Foreign Office regarding the main clauses of the document and there appears to be no serious obstacle to its early acceptance by both Governments.

The treaty will confer reciprocal rights on Great Britain in the shape of granting authority to its ocean passenger liners to bring legitimate liquor stores into United States ports under seal when intended for outboard consumption. Lord Curzon, the Foreign Secretary, is now communicating with Secretary Hughes with the object of perfecting the treaty's constitutional features and making its proof against possible attack in Congress or elsewhere.

VETERANS WILL EXPLAIN FLAGS

Ottawa, Nov. 7.—The Dominion Veterans' Alliance will undertake to make generally known throughout Canada the proper use of the Canadian and British flags and impress upon citizens the respect which their country's flag merits. This decision was made at the closing session of the Dominion Council of the Alliance here this afternoon.

A protest from Winnipeg, veterans pointing out that official flags had not been half-masted upon the death of one of the Empire's first citizens, Honer Law, brought about the decision. Delegates cited various instances of the misuse of the flag. One of the more common errors was in using the flag as a tablecloth.

CHAPTER I
The Man From the River
The man in the canoe was lean and hardy, and wielded the paddle against the slow-moving current of the wide river with a dexterity that proclaimed long practice. His bronzed face was that of a quite young man, but his brown hair was interspersed with gray, and his blue eyes had a gravity incompatible with youth, as if already he had experienced the seriousness of life, and had eaten of its bitter fruits.

A PUZZLE A DAY

A man stood at the corner of two streets. Beside him was a sign post, with two name plates at right angles to each other, telling the names of the streets. The post, however, had fallen to the ground. How did the man, who was a stranger in the locality, discover which street was which?

Yesterday's answer:
The drawing shows how easily the keystone may be divided into four pieces. A and A are exactly the same; while B and B are the same. The "knob" of the keystone is not divided.

The man in the canoe wielded the paddle with a dexterity that proclaimed long practice. He was leaning forward, and his eyes were fixed on the man on the bank. The man on the bank was looking back at him, and his hands were tucked into his pockets.

CHILDREN'S EYES.
It is not too strong a statement to make, that ambitious parents frequently are the cause of a child's eyes being ruined as well as its health. The healthy boy or girl with normal eyes should be watched and guarded closely in order to conserve this most precious possession. These children who have a tendency to weak eyes from birth must be protected from the many harmful influences even more carefully.

Do not allow children of one, two or three years to look at pictures of any object which requires close inspection in any detail. Kindergarten work until the child is of four or five, and even six years of age, should be chiefly confined to large charts or objects large enough to be well seen at a distance of 10 or 15 feet. No small objects to be judged or small holes in cards for sewing should be used.

ADVENTURES OF THE TWINS

"I'm Mistah Turkey Buzzard," said the big bird with a twinkle in his eye.

Nancy and Nick had climbed up into a buttonwood tree in Dixie Land when they noticed a big bird flying slowly round in circles over their heads.

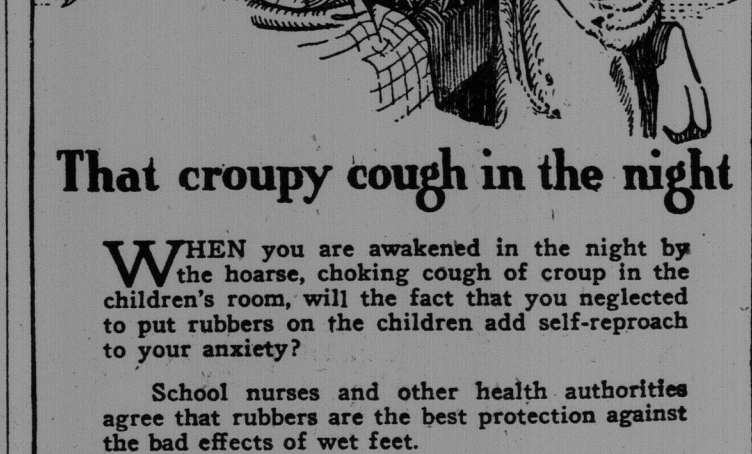

Each circle was a little lower than the others and pretty soon, with a what I flew down here for. When I was away up in the sky, I looked down and saw you, but my sharp eyes saw something else, too. I see to myself 'right then, see I, Mistah Buzzard, if you don't hurry down there those two children are going to get hurt, for as sure as anything, that's old Cottonmouth asleep right under their feet.

"So now, if you'll please excuse me, I'll be going. And I'll just take Cottonmouth along."

With one dive of his bent beak, Mister Turkey Buzzard grabbed the little snake, the worst fellow in all Dixie Land, and flew away before the Twins could say a word to thank him.

(To be continued.)

That croupy cough in the night

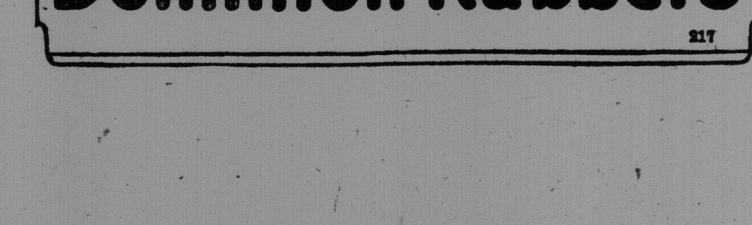

WHEN you are awakened in the night by the hoarse, choking cough of croup in the children's room, will the fact that you neglected to put rubbers on the children add self-reproach to your anxiety?

School nurses and other health authorities agree that rubbers are the best protection against the bad effects of wet feet.

Active, scuffling, heedless little feet of boys and girls give rubber footwear its severest test. All DOMINION brand rubber footwear is made with the wear quality and durability to withstand the hardest kind of wear and tear - to protect the feet and health of children and growing youth.

Because of their splendid wearing quality DOMINION brand Rubbers are the most economical to buy.

POOR DOCUMENT M C 2 0 3 5

THE EVENING TIMES-STAR, ST. JOHN, N. B., THURSDAY, NOVEMBER 8, 1923

Sister Mary's Kitchen BY SISTER MARY.

Who doesn't like waffles? Nobody! For breakfast, Sunday night lunch or tea waffles will "go like hot cakes" and the maker will be happy in her popularity.

The batter for waffles is much the same as that for hot cakes. More eggs are used if a rich, light waffle is desired, but one egg can be beaten in such a way that a delicious puffy waffle is the result.

Sweet or sour milk is used.

Sour Milk Waffles.
One egg, 2 cups sour milk, 2 cups flour, 1 teaspoon soda, 1/2 teaspoon salt, 1/2 teaspoon baking powder, 2 tablespoons melted butter.

Mix and sift flour, soda and salt. Add yolk of egg well beaten. Work perfectly smooth and beat in melted butter. Beat white of eggs until stiff and dry. Add baking powder to beaten white. Fold into first mixture. Put one tablespoon of the batter in each section of the iron and cover. The iron should be hot enough to turn almost as soon as covered. If an electric iron is used add another tablespoon of melted butter to the rule.

Fill the socket of an ordinary waffle iron with salt and there will be no burning fat while baking the waffles.

Sweet Milk Waffles.
Two eggs, 2 cups flour, 2 1/2 teaspoons baking powder, 1/2 teaspoon salt, 2 cups milk, 2 tablespoons melted butter.

Mix and sift dry ingredients. Add yolks of eggs beaten until thick and lemon colored. Mix thoroughly and beat in melted butter. Add milk and beat well. Fold in whites of eggs beaten stiff and dry. Bake as in preceding recipe.

The secret of tender, crisp waffles lies in the baking rather than in the number of eggs used. The iron should be well heated on both sides and well greased before filling. The heat should be even and evenly distributed. A round iron fits over the flames of a gas range better than a square one.

Some old waffle recipes use as many as seven or eight eggs. This is quite out of the question these days and also unnecessary. Buttermilk was also considered imperative, but sweet milk waffles can be made just as good.

The recipes given are calculated to serve four persons.

Sues With Doug

Evelyn Brent, former leading lady for Douglas Fairbanks, has joined Doug and his wife, Mary Pickford, in the libel suit against an eastern magazine. The publication, their petition contends, asserted Miss Brent had caused a rift in the Fairbanks' marital life. This, all three deny. And what's more, they allege the magazine said Miss Brent was fired by "Doug" because she was "growing fat."

Miss Irene McArthur, Miss Emily Sturdee, Miss Bessie Seely, Miss Helen McAvaney, Miss Lillian Heenan, Miss Elizabeth Foster, Miss Ruth Foster and Master Brownie Pipes.

Sir George and Lady Foster, who have been traveling in the western provinces, have returned to Ottawa.

SPEAKS ON DEBATING.
The regular weekly meeting of the St. Andrew's Young Men's Club was held on Tuesday evening with an attendance of 20 members.

After the regular business of the meeting was concluded, Rev. Mr. Bonnell addressed the group on the procedure of debating and the advantages of debating training.

It was decided to hold a debate in two weeks on the subject "Resolved that the Maritime Provinces would be benefited by annexation to the United States" with debating teams as follows: Affirmative, Allister Morrison, Stanley Rankine, R. Trentowsky, Negative, E. Megarity, Benson Robinson, W. Brander. Basketball is arousing much interest in the club and there is no lack of good material for a four-team class league.

The ladies, presiding in the dining room were Mrs. James Heenan and Mrs. S. Kent Scovil. The table was very prettily decorated with pink roses and carnations. Those who assisted were Mrs. G. C. L. Foster, Mrs. W. D. Foster, Mrs. Fred A. Foster,

who was driving the car at the time, as being exceptionally courteous.

Mrs. A. C. Wells, who held a delightful tea on Tuesday afternoon, will entertain again this evening at a bridge of eight tables at her residence, 182 King street east.

Mr. Goodday, of Quebec, is guest at the residence of Mrs. Charles J. Coster, Princess street.

Mrs. Andrew Blair, of Rothesay, is the guest of her sister, Mrs. Vaughan, Montreal.

St. John was represented at the annual event of the Ladies' Montreal Tennis and Badminton Club, when the president, Mrs. W. D. Birchall, entertained at tea last Monday afternoon.

Among those noticed were: Mrs. F. M. Stevens, Mrs. H. Beverley Robinson, Mrs. Louis W. Barker, all formerly of St. John, also Mrs. G. H. Dugan and Mrs. Edward Mackay, who are known here. The function was held in the Royal Highland Armory, Bleury street, Montreal. There was a large attendance.

Miss Kathryn Gallivan, who has completed a successful four weeks' engagement in St. John's, Nfld., is expected to sing in Halifax, N. S., within the next few weeks.

Mrs. Reed Carling entertained at luncheon on Monday for Mrs. Leonard Blackburn. Among those present were Mrs. William Pugsley, Mrs. J. W. Pugsley, Mrs. Willis O'Connor and several others.

Mrs. Reginald Wright entertained at bridge yesterday afternoon, following a delightful bridge on Tuesday. Those winning prizes were Mrs. John Sayre and Mrs. Ronald McAvity on Tuesday and Mrs. William Rising and Mrs. Fred T. Barbour on Wednesday afternoon.

Mrs. Harry W. Heenan held her post-nuptial reception yesterday afternoon from 3 to 6, at her residence, 48 Duke street, when a large number of her friends took advantage of the opportunity to call. Her mother, Mrs. A. Brown Pipes, received with courtesy.

The ladies, presiding in the dining room were Mrs. James Heenan and Mrs. S. Kent Scovil. The table was very prettily decorated with pink roses and carnations. Those who assisted were Mrs. G. C. L. Foster, Mrs. W. D. Foster, Mrs. Fred A. Foster,

Social Notes of Interest

Badminton has begun at the armory, the second meeting being held yesterday. Several were present, although the numerous teas and bridges, with inclement weather interfered somewhat.

Equally so the fine weather attracted many to the outdoors last Saturday on the opening day of the season.

Mrs. L. Caldwell and Mrs. Stuart Skinner presided at the tea hour. Among those present on Saturday were: Mrs. Walter E. Foster, Mrs. Daniel Mullin, Mrs. William Vassie, Mrs. Gordon Macdonald, Mrs. Mrs. Coriandri Robinson, Miss Clara Schofield, Miss Bessie Dawson, Miss Edith Skinner, Mrs. L. deV. Chipman, Mrs. Harold Chadwick, Major and Mrs. G. B. Oland, Mrs. F. W. Daniel, Colonel and Mrs. Huban Vines, Mrs. A. Neil McLean, Colonel and Mrs. Ronald McAvity, Mrs. Laurence MacLaren, Mrs. Allan G. McAvity, Mrs. and Mrs. Geoffrey Stead, Miss Isabel Jack, Miss Heryll Mullin, Miss Kathleen Sturdee, Miss Alice Tully, Miss Margaret Elliot-Smith, Miss Portia Macdonald, Miss Hortense Maher, Miss Doreen McAvity, Miss Elisabeth Foster, Captain and Mrs. Gerald Furong, Messrs. John McCready, Douglas McKean, Ronald Jones, Hasen Short, Captain H. A. Campbell, Captain H. Poston, Murray Vaughan and a few others.

The annual meeting of the club will be held on Saturday afternoon next, when the election of officers will take place.

Miss Josephine Flood, 70 Westworth street, left Tuesday evening for Halifax, stopping en route at Sackville, where she was the guest of Hon. and Mrs. Josiah Wood. Miss Flood joined her sister-in-law, Mrs. E. H. S. Flood, who has been the guest of Hon. and Mrs. Wood. Both ladies will proceed to Halifax today where they will take the steamer for Barbadoes, the home of Miss Flood's brother, Mr. E. H. S. Flood, Canadian trade commissioner in the British West Indies, and Mrs. Flood. Miss Flood will remain in the south for the winter with her relatives.

Mrs. R. A. Brehm arrived Wednesday from St. John's, Nfld., and will spend the winter with her sister, Mrs. F. H. Grimmer, 16 Queen Square.

Mrs. Edward Sears is still suffering from the effects of her severe accident of Monday. Numerous friends have called by telephone, inquiring for her. Mrs. Sears expressed great appreciation for the interest of the many who have inquired and mentioned the motorway,

who was driving the car at the time, as being exceptionally courteous.

Mrs. A. C. Wells, who held a delightful tea on Tuesday afternoon, will entertain again this evening at a bridge of eight tables at her residence, 182 King street east.

Mr. Goodday, of Quebec, is guest at the residence of Mrs. Charles J. Coster, Princess street.

Mrs. David McCavour and Mrs. Bevis lectured on the subject of the day, "The Planting of the Faith." Mrs. William McAllister and Mrs. Bertha Ferguson also contributed to the interesting programme. At the close of the service a social half hour was spent and tea served by the hostess.

...a double winner at the Olympic Games at Athens, and twice all-around champion of America. Then came a change. I was admitted to the Bar, and wholly abandoned my outdoor life. The effect on my health was disastrous. Constipation and blood impurities became first an annoyance, then a menace, and finally a chronic disability. My nerves were 'on edge'; I became moody, irritable, and subject to intense depression.

One day I heard two chance acquaintances praising the merits of Fleischmann's Yeast. They spoke with enthusiasm, but it was their appearance, even more than their words, which decided me....

The age of miracles is still here. Inside of a fortnight I noticed a distinct improvement in my health; in a month I was literally a new man. Within a year my nerves had steadied and my appetite came back. I am today in the pink of condition and a convert for life to Fleischmann's Yeast.

"the age of miracles is still here—in one month
I was literally a new man"

There is nothing unusual about the enthusiasm of the New England lawyer whose letter is printed above. Constipation, skin troubles, digestive disorders—all of them are generally due simply to wrong habits of living and eating. All of them have been becoming more common year by year. Now at last we are learning how to fight them.

The whole secret of the overwhelming popularity of Fleischmann's Yeast is that it is a food, not a medicine, and that it helps to remove the cause permanently, not merely to check the symptoms temporarily. Its millions of tiny living cells aid digestion and give the intestinal

muscles regular, healthy exercise. Its rich vitamin and protein content increases the white corpuscles in the blood and helps to tone up the whole system.

Remember that Fleischmann's Yeast for Health comes only in the tinfoil wrapper, and cannot be purchased in tablet form. All grocers have it.

Eat two or three cakes a day before or between meals, plain, in water or fruit juices, or spread on crackers or on bread, whichever you prefer. Notified Absence From the Meetings Means Loss of Hospital Practice

Official notification has been received from Dr. M. T. McEachern, of the American College of Surgeons, that the College is satisfied that the General Public Hospital has conformed with the requirements necessary to being placed on the list of standardized hospitals.

The standardization committee submitted a report on the attendance of the doctors. Any doctor who has the right to practice in the hospital and is absent from three consecutive meetings of the committee without any valid excuse forfeits his right to practice in the hospital.

The commissioners felt that the doctors had not received sufficient notification of the facts of the case and decided to tell every practitioner in the city and county what the regulations are, forwarding copies of the standardization rules. The doctors were to be requested to sign these regulations and to be advised of the penalty of infringement to be dismissed from the hospital privileges.

RED CROSS TO HELP IN SALE OF POPPIES

N. B. Division First to Prepare, Peacetime Report Sheets

The Red Cross Society has undertaken to assist the C. W. V. in its Poppy Day effort by taking charge of the sale of large single poppies.

The annual meeting of the New Brunswick division will be held in January and as at that meeting the annual reports of local branches are received the several branches in the province, are being sent report forms. The New Brunswick division has been the first to prepare peacetime annual report sheets for the branches and the report sheets as drawn up have been very favorably commented upon.

CANADA APPLES GO TO GERMANY

Ottawa, Nov. 7.—The sale of the first consignment of Canadian apples to the German market, within two years, is recorded by L. D. Wilgress, Canadian trade commissioner at Hamburg, in a report to the Department of Trade and Commerce. Mr. Wilgress states, that, with the exception of ten barrels of the best grade sold to a Berlin dealer, who caters to the smart hotel trade, the buyers were Scandinavians or other non-German firms.

MONTREAL HUNTER SHOT IN ACCIDENT

Montreal, Nov. 7.—George Lefrançois, aged 35, of this city, who died at No. 1414 St. Louis street, a fortnight ago from the effects of a bullet wound, was the victim of an accident, according to the verdict given in the coroner's court here this afternoon. The case was the outcome of a hunting accident on the shore of Lac Noir near Nominique on October 19, when Lefrançois was fatally wounded by a bullet from his own rifle while accompanied by Mrs. Isale Dugas, a young woman of Montreal. After the accident she carried him to a boat and rowed him across the lake to the nearest doctor. He died on October 24.

APPEALS FOR JAMS FOR HOSPITAL SICK

Jams and jellies and all kinds of preserves are being asked for by the Women's Hospital Aid as gifts for the patients in the hospital on Jelly Day which will be observed on Tuesday, Nov. 13. Jelly Day was inaugurated last year and the response to the appeal for these home delicacies was generous and prompt and it is hoped that this year the citizens will give at least as bountifully as they did last year.

The Hospital Aid has made special arrangements for getting together the contributions of jellies and jams and has appointed four of its members to receive them. Mrs. Ralph Robertson, who is the convener of the visiting committee for this month is taking charge of all the contributions of jellies and jams from the city section. Mrs. N. C. Scott is receiving contributions from the north end district. Mrs. W. E. Scully is taking charge of those sent from the West St. John section and

ALIENS SMUGGLE INTO DOMINION

Montreal, Nov. 7.—Aliens barred from the United States as immigrants under the quota law, are endeavoring to smuggle into that country to a very large extent at the present time. The local United States immigration office states that these immigrants are mostly from Europe and many are from the United Kingdom. All the jails in northern New York are filled with such aliens, it is reported by United States Court Commissioner Patterson at Plattsburgh, where the county jail, with provision for 30 prisoners, is congested with 87 smuggled aliens. Similar conditions are stated to be prevalent in the other United States border states.

Duke of York Attends Dinner In Honor of Canada's Premier

NOTABLE COMPANY AT TABLE

Formation of Canadian History Society in England Announced.

FRANCE HAS ONE

Similar Organization Planned for Canada—Will be Annual Dinner.

(By Canadian Press.) London, Nov. 8.—The Duke of York was present at a dinner given last night by Sir Campbell Stuart at Claridge's Hotel in honor of Premier Mackenzie King. The distinguished company included the Archbishop of Canterbury, Viscount Cave, Lord Chancellor, the Speaker of the House of Commons, the Duke of Devonshire, the Duke of Athol, Sir Joseph Flavelle, Lord Grey, Lord Minto, Viscount Lascelles, Lord Riddell, Lord Hewart, Hon. G. P. Graham, Hon. P. C. Larkin, Canadian High Commissioner, the Agents-General of British Columbia, Ontario, Quebec and Nova Scotia, Sir Hamar Greenwood, Hon. Austin Chamberlain, Hon. Winston Churchill, and Thomas Mulvey, Under Secretary of State for Canada.

Sir Campbell Stuart announced the definite formation of the Canadian History Society. King George V. accepted the office of president, the Duke of Connaught of president, Dowager Countess Minto vice-president, and the Duke of Devonshire president of the council of families. John Buchanan agreed to act as editor in chief of the proposed biographies. An executive committee was formed, consisting of Sir Campbell Stuart, Sir Robert Kinross, Sir Wm. Schofield and John Buchanan, Dr. A. G. Dolgner, and H. H. Biggar as secretary.

A similar society was formed in France, in which Marquis De Montaigne accepted the office of president of the council of families. It is hoped soon to organize a third society in Canada, to consist primarily of descendants of historical families resident in Canada. In order to ensure co-operation among these sister societies, annual dinners for the men and women members will be arranged in each country. It is hoped that each society will send delegates to the functions of the others.

CHINESE FINERY IS GIVEN N. H. S.

Valuable and Handsome Embroideries Presented by Hampton Woman

Miss M. E. Travis, of Hampton, who has been in China for the last year, staying in Kwetche, in Honan province, where her sister is a medical missionary, has presented to the Natural History Society some extremely valuable and beautiful Chinese embroideries which are most welcome and highly prized gifts. There are eight large three rank badges such as were worn by mandarins, a lady's shoe of the kind worn by the women of China who have their feet bound, and a small silk bag with head tassels and a small silk bag. It is planned to exhibit these handsome gifts in the lecture hall of the museum so soon as the display can be conveniently arranged.

The eight large pictures are of the correct Chinese style, very long and rather narrow. They are made in scroll fashion and have exceptionally fine and beautiful work in the embroidery. The embroidery is done in silks of rich coloring and gold and silver threads are much in evidence. These pictures are worked on a fine wool cloth of a glowing red color and they each have an inscription in Chinese telling of the story which is depicted. The stories represented in the eight pictures are all of them well known Chinese legends.

The three rank badges which have a steadily increasing value as curios, as they are no longer worn, but were formerly used to denote the precise rank, civil or military, of the mandarin who wore them. One badge was worn in front and so was made in two pieces as one piece was worn on either side of the front opening of the garment. The badge which was worn on the back did not have to be made in two pieces. The three badges which Miss Travis has presented to the society are being the front badge and the other the back badge. These two are elaborately embroidered in green and blue colors and have a swanlike bird of embroidery superimposed. The other badge is remarkably handsome, being embroidered silver and gold thread chiefly and having an embroidered bird resembling a flying stork superimposed. These birds were worked on a separate piece of cloth and attached to the badge on top of the other embroidery.

The woman's shoe by its tiny size gives some idea of the torture the women endure in conforming to the ideals of beauty of their country.

Schwab Admits Loan to Woman

New York, Nov. 7.—Charles M. Schwab, steel magnate, from time to time over a period of twenty years lent money to Mrs. Myrtle E. Hayes, who now is under indictment for forging his endorsement to notes with which she attempted to finance a \$3,000,000 hotel project in Brookline, Mass. He testified before a referee in bankruptcy court today. He did this, he said, because in 1902 he had advanced the woman \$20,000 and subsequent demands for money were based on the threat of publicity which would have resulted in placing an erroneous construction on his previous association with her.

Much credit is given the people of Salmon River who worked to make the social a success.

Gangster Rises from Haunts of Crime to Place as New York Judge

On Death Leaves Shocking Story of Life of Intrigue.

New York, Nov. 8.—Legal circles have been tremendously stirred by the publication of an anonymous autobiography of a former justice of the New York courts, holding a position similar to that of a judge of the Superior Court in Massachusetts. According to the publishers, the justice died a short time ago and he left a shockingly frank story of his life. He rose from gangster and confederate of criminals to the bench, but his nature never changed. Nowhere in this world but in New York could such a story be possible. The author tells of coming to America from Russia as an immigrant. At nine years of age he was a full-fledged member of an East Side gang. The lady leveled blackmail on store owners, collecting a few cents each week from each, under threats of smashing their windows if they did not pay.

Finally the gang is broken up by the arrest of three for burglary, but in the attempt to procure their release the author has his first experience with the shady side of the New York courts. He finally becomes a runner for a police court lawyer. One of the first cases he is connected with is that of a woman who is arrested on charge of the larceny of a woman's purse containing 25 cents. The lawyer gets hold of the case and sends the author to the home of the defendant to get all the money he can. He returns with \$20, the entire family savings.

Take Piano to Own Home. The lawyer scoffs at this and they go to the house to see what more they can raise. The defendant's wife has an old piano, a gift which she has kept for years. The lawyer promptly seizes on this, has it taken to his own home and then sends the woman out to borrow all she can from the neighbors, lest her husband be sent to jail. She finally raises \$20 more for the lawyer. He tells the woman that money must be used with the court to get her husband off.

There is no case against the defendant, who is promptly discharged by the court, but his wife naturally feels that it was her money that procured the release.

In a few years the author is able to gain admission to the bar through political pull. He goes into politics and makes a business of putting allies

and a vacancy on the bench existing, pending an election, he succeeds in blackmailing the Governor to appoint him to the position. Later he succeeds, by virtue of the appointment, in gaining election. He finally lands in respectable society, with a house on Riverside Drive. Neither his nature nor his habits have changed. He has still his underworld friends. He lives in an unsanctioned union with a woman of his own class. He is neither true to her or to himself. He dies as he has lived, a gangster and criminal at heart. His revelation is his only repentance.

New York Club Phone Operator Figures in a Strange Case.

Blames President

Fearing Persecution Because of Night Phone Calls and Letters.

(By Canadian Press.) New York, Nov. 8.—Richard Bieters, night telephone operator at the Crescent A. C., Brooklyn, was taken into custody yesterday at Woonsocket, R. I., after his mysterious disappearance on last Saturday. He confessed to District Attorney Dodd that he had "planted" his hat and coat on Manhattan Bridge deliberately to create the impression that he had killed himself.

This action was prompted, he said, by a desire to scare E. F. Jeffe, a prominent member of the club, "into believing he had hounded me to suicide."

It was because of alleged threats by Jeffe, Bieters added, that he fled from Brooklyn, fearing that an attempt would be made on his life or to "railroad" him to prison. Bieters admitted he had picked together and read letters which Jeffe had torn up and thrown in a waste basket but insisted later he had thrown them down a drain pipe. The letters were alleged to have been written to Jeffe by a Philadelphia woman. The telephone operator said that several women, including Jeffe's wife had sought from him information regarding telephone calls and letters said to have been received by Jeffe from other women, but that he refused to tell all he knew, fearing he would get into trouble.

The district attorney announced that all the facts of Bieters' disappearance would be presented to the grand jury.

Outlines Plan for Settlers

Hon. J. E. Michaud Speaks on Government's Attitude on Immigration.

Monetary encouragement for New Brunswick people to assist in a well defined plan for colonization in the province rather than loaning such encouragement to Europeans to come here and settle is the policy to be put forward by the Provincial Government at the inter-provincial conference on colonization and immigration at Ottawa next Wednesday and Thursday, according to Hon. J. E. Michaud, of Edmundston, Minister without portfolio, who arrived in the city last evening.

Hon. Mr. Michaud, who has given much time and study to the needs of this province in regard to these two important matters, will represent New Brunswick at the Ottawa conference, along with Hon. D. W. Mercer, of Fredericton, Minister of Agriculture. The framing of the New Brunswick Government's policy has been left largely in the hands of Hon. Mr. Michaud and at a meeting in Fredericton this week, this policy was endorsed by the cabinet.

In an interview last evening, Hon. Mr. Michaud said: "Outside of Great Britain and Ireland and the Scandinavian countries, we do not feel we should encourage emigration from Europe. People from the countries named can adapt themselves to our mode of living and our ideals. What is essential to their coming out here, however, is that they be possessed of sufficient capital to carry on. In brief, we do not believe in an open door policy, so far as New Brunswick is concerned."

"If this province were flooded with emigrants from all parts of Europe, in a few weeks time we would be unable to feed them. There is enough unemployment now to deal with and the Provincial Government will take the stand that it would be wise to expend money encouraging our own people to colonize and encouraging the establishment of industries to provide employment for those people who do not desire farming work."

"Another important matter is that, should an immigration campaign be instituted in Great Britain and the Scandinavian countries, New Brunswick should be represented by a man fully acquainted with New Brunswick. It would be hopeless to send over a man from the east to solicit immigrants for this province. We should have a New Brunswick man for the job."

Following today's conference with the Common Council on hydro matters, Hon. Mr. Michaud will return to Edmundston. He expects to leave Edmundston for Ottawa on Monday, next.

HOSPITAL COMMISSIONERS HEAR OF PROPOSED IMPROVEMENTS

Enlargement of Nurses' Dining Room to Receive Attention.

Many minor improvements as well as the larger improvement of the new out-patient department have been carried out at the General Public Hospital during the last month and these were reported upon at the meeting of the Board of Hospital Commissioners yesterday. Some of the improvements were outlined in the report of the commissioner of the month, Mrs. J. V. McLellan, who was given consideration. When the new out-patient department is put in the space which is now the out-patient department and this will give much more commodious and convenient accommodation to the X-ray. The matter of enlarging the dining room for the nurses is one of the next improvements which the board has under consideration.

M. E. Agar, the president, was in the chair. Others present at the meeting were Commissioners Mrs. J. V. McLellan, Alexander McMillan, W. E. Emerson, Dr. E. J. Ryan and J. King Kelley, K.C., and the superintendent, R. H. Gale.

Superintendent Reports.
The report of the superintendent gave the following information of work during the month. Patients admitted totaled 201 and the average number had been 126.8. There were 75 operations in the operating room and 75 in the out-patient department in which department 576 treatments were given. Yesterday there were 20 patients in the epidemic hospital.

The new out-patient department had been cleaned and some equipment installed. The new vegetable peeler had arrived, a metal ceiling had been installed in a lower hall, the walls of the sterilizing room were being repaired; a new concrete walk to the out-patient department was being built and new X-ray equipment was expected to arrive shortly. The purchase of linoleum for the pasty room at a cost of \$20 was recommended. The meeting gave authority for procuring a suitable covering for this floor.

Superintendent of Nurses Reports.
The report of the superintendent of nurses showed the nursing staff numbered eight graduates and 59 pupils. The nurses in training at the hospital had been changed; those returning brought excellent reports. Miss Laura A. Allan having graduated, the payment of bonuses to her was approved. It was recommended that \$80 be spent on a new reference library. This recommendation was referred to the training school board.

The medical board recommended the early opening of the new out-patient department and noted with approval that wards had been renovated. The dietitian reported that 22,450 meals had been served with the average cost slightly increased. The matron reported on cleaning and on 284 new articles of linen which had been made.

The linen superintendent reported 7,146 articles in use 182 worn out and 340 new articles received. Mrs. J. V. McLellan reported on visits and thorough inspection of the institution. She felt there was not sufficient help in the diet kitchen and criticized the untidiness of many of the nurses' bedrooms.

Some reflections on the nursing service were referred to the training school board. Mrs. McLellan recommended the purchase of 1,100 feet of new fire hose, the enlargement of the nurses' dining room, the tiling of the kitchen walls, the installing of steel shelves in the vault and the replacing of gas stoves by electric plates in the epidemic ward. In closing her report Mrs. McLellan referred with regret to the death of John Jones and spoke appreciatively to the co-operation of all of the help.

Sit on Window Sills.
On motion it was agreed that the housekeeper should have access to all the bedrooms in the nurses' home at all times. The matter of the purchase of hose was referred to the commissioner of the month.

The enlargement of the nurses' dining room was said to be urgent. Some nurses now had to sit on window sills holding their plates in their laps. Plans have been prepared for this enlargement and they were before the meeting. The matter of the tiling of the kitchen and the alterations necessary for the new radiography department were referred to a committee for a report as to cost. The committee named was Commissioners Agar and Emerson and Mrs. McLellan. The committee was to meet today.

No action was taken with regard to the steel shelves. The replacing of gas stoves in the epidemic hospital with electric plates was approved.

Social Service Nurse.
The Social Service nurse reported fifty-four visits, thirteen cases referred to other institutions and two cases assisted in returning to their homes outside the community. From Warden Thornton the announcement of the resignation of Dr. R. J. Crawford, as a commissioner, was received. This was referred to the county secretary.

Commissioner Thornton wrote regarding the action of the board in the matter of retaining the ambulance service, as it is at present. This letter was ordered filed. A report from the efficiency committee of the staff was dealt with in committee at some length. An application to treat private patients in the hospital was received from Dr. F. D. Weldon and, subject to usual qualifications, permission was granted.

Inquiry As to Insulin.
The superintendent of the Hotel Dieu asked where insulin could be obtained and if their pupil dietitian could receive training at the General Public Hospital. It was agreed to have the Chatham Sister admitted as pupil dietitian and the other information was forwarded. A further inquiry from Chatham as to whether one of the Sisters could receive training in blood chemistry it was suggested should be sent to Dr. H. L. Abramson, the bio-

CHLORINE DIVIDED IN CHEMICAL TEST

Mercury Also Broken Up After Five Years of Experiments.

Chicago, Nov. 8.—The chemical elements hitherto considered indivisible have been separated by Dr. William D. Harkins, professor of chemistry at the University of Chicago, whose experiments in this field are expected to revolutionize the chemical theory of a century.

Dr. Harkins explained how he tried to separate chlorine, the greenish yellow gas used by the Germans when they first introduced chemical warfare. Chlorine has long been considered one of the ninety odd elements, like carbon, oxygen and hydrogen, which have defied all attempts at division. These so-called elements are present in the earth and in the sun.

"For five years we worked," he said. "We tried all sorts of apparatus and used more than a ton of hydrogen chloride before we succeeded. The gas was diffused through the stems of church warden pipes. These pipes are made of white clay and have stems between eighteen and twenty-four inches long. The lighter parts of the gas passed outward through the stems. The heavier parts remained, and thus we discovered that our so-called element, chlorine, could be separated and another time honored theory had been rendered. Virtually all physicists and chemists in the United States have accepted the results."

Dr. Harkins then demonstrated that mercury, also considered a fundamental substance, can be broken up. Like the chlorine twins, the parts of mercury look alike, but are vastly different in weight, he explained. Dr. Harkins is performing similar experiments with zinc and cadmium to see if they too are mixtures instead of elements.

"These experiments indicate, then, that there probably is only one fundamental element instead of the ninety we have been pinning our faith on all these years," Dr. Harkins said. "That basic element is helium or hydrogen. It itself is built up from hydrogen, then all the elements are intratomic compounds of hydrogen."

BULGARIA MAKES PUBLIC APOLOGY
Sofia, Nov. 7.—The Bulgarian Government today carried out that part of its programme of apologies to Jugoslavia for the recent attack on that country's military attaché, Col. Krastich, which was most galling to the national pride. This consisted in the marching of a company of soldiers, headed by officers, to the gate of the Jugo-Slavian Legation, where, with the Bulgarian flag flying, the regimental band played the Jugo-Slav anthem and the troops saluted the Jugo-Slav flag.

During the ceremony the personnel of the Bulgarian Legation, including Col. Krastich, stood on the porch. The face of Minister Rakitch was wreathed in smiles.

TARIFFS PROPOSED AT EMPIRE MEET
London, Nov. 7.—The Imperial Economic Conference today decided in favor of a tax of 10 shillings per hundredweight on foreign canned salmon. Empire products will not be taxed. The conference also favored increasing the preference on tobacco by one-fourth the present duty. A tax of six pence per gallon on foreign fruit juices, including lime juices, was decided upon and also a tax of 10 shillings per hundredweight on foreign honey, with Empire products free, and 5 shilling per hundredweight on foreign fresh apples, Empire apples free.

The conference decided against an attempt to increase Empire trade by means of subsidies, import licenses or stabilization of prices.

After Nine Years of Hard Use

FOR twelve years Mrs. M. Hartman, of 161 Delaware Avenue, Hamilton, has been keeping her house clean with a Hoover.

Nine years ago, she invested in eleven fine rugs—Oriental, Angora and Wilton—and never once have they had to be taken up for cleaning!

Every week since, she has used The Hoover on her rugs. As a result, they are in perfect condition to-day. "In fact," Mrs. Hartman declares, "The Hoover has actually added to the life of my rugs, because it keeps them free from the grit and dirt that ruin both the pile and the colors. My Hoover has more than paid for itself in the endless time and labor it has saved me."

You, too, will find The Hoover a matchless household cleaner and a real economy. Telephone any Authorized Hoover Dealer. He will gladly show you The Hoover in action on the rugs in your own home. You will not be obligated to him.

Be Comfortable this Winter

WINTER comfort means even heat, evenly distributed. There's nothing more annoying than to have some of the rooms "roasting hot" and the rest of the house "freezing cold."

Findlay's pipe and pipeless FURNACES

burn hard or soft coal, or wood

are built as part of a definite heating system to accomplish a definite heating purpose.

They are the foundation of home comfort because, when installed according to the heating system which we will design for your individual home, we guarantee to heat every room in the house with clean, temperate air, properly humidified, constantly circulating and evenly distributed.

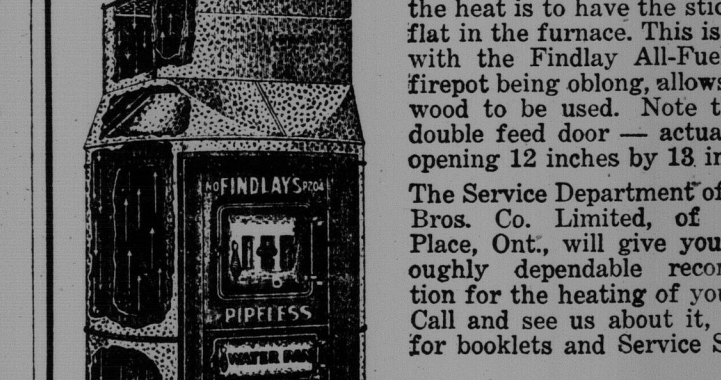

If you are located where you have to burn soft coal and wood for fuel, the Findlay All-Fuel Furnace will be the best for your home.

For soft coal, the Fire Pot is equipped with air-cell ribs. Through these, superheated air is supplied to the fire, making it possible to burn even the poorest grades of soft coal with complete satisfaction.

For wood, the only way to get all the heat is to have the sticks lying flat in the furnace. This is possible with the Findlay All-Fuel. The firepot being oblong, allows 26-inch wood to be used. Note the large double feed door—actual size of opening 12 inches by 18 inches.

The Service Department of Findlay Bros. Co. Limited, of Carleton Place, Ont., will give you a thoroughly dependable recommendation for the heating of your home. Call and see us about it, or write for booklets and Service Sheets.

CAPTURES THIEF ON ANNIVERSARY

St. John Man on Boston Police Force Rounds Up Pickpocket.

The fourth anniversary of the day Ernest F. Panjov, of 927 East 84th street, South Boston, formerly of St. John, joined the police department, is not a fitting time to commence to be a pickpocket, as is shown by a recent issue of a Boston paper. This is now known by David M. Frank of 91 Boylston street, Malden, who received a first-class lesson in how quick, fast and furious is justice administered by Patrolman Panjov. It happened like this according to a Boston paper:

"Panjov, who has one of the best records of any of the officers at the City Hall station, was patrolling his beat near Rowe's wharf. It was nearly lunch time and Panjov was musing a bit on what it would be at the non-time eating place. One of the crowd started Frank, stuffing something into his pocket while a girl shrieked 'stop thief'."

"Panjov got into action instantly. Yodging a truck or two he went after the fast-fleeing Frank. It was nearly a fact that the thief had a start of some 200 yards Panjov had him in four blocks. Frank didn't fancy capture, however, and took a lusty swing at Panjov's jaw. They grappled and despite the fact that Frank outweighed Patrolman Panjov by many pounds the officer soon had him in tow and headed for a patrol box. At night there Panjov's lunch went down."

"The lie of lance Panjov put Frank through his first experience with police court and sentence in time that probably hasn't been beaten in many moons. A half hour after Frank had been booked, charged with the larceny of property to the value of \$25 from the coat pocket of Miss Florence Galligan of 468 Beach street, Revere, Judge Creed had found him guilty."

"Frank, who is married, pleaded that it was his first offence, that he realized that he made a serious mistake and that he would forever forsake the art of pocket picking if given another chance. About that time Panjov recalled that just four years ago yesterday he had joined the police force and did a little good Samaritan work by way of celebration."

"His plea that Frank be given another chance, together with the argument of the prosecution officer, that the man had no previous record, earned Frank probation and a stiff reprimand from the court."

A local tinge is given the foregoing story by reason of the fact that Patrolman Panjov was born in St. John. He is a son of Mrs. Letitia and the late William Panjov, of St. John, and a nephew of Mr. and Mrs. Frederick Morsey, 218 City Road. His father was well known as an organist in the old Courtenay Bay Rowing Club, Albert Coates, of Rothesay, is an uncle.

SOVIET CHURCH PLAN FAILURE

New York, Nov. 7.—An effort by the Russian Soviet Church to take over the Russian Orthodox church in the United States failed today. Rev. John S. Kedrovsky, formerly a rebellious priest, appeared from Russia wearing a diamond watch, and attempted to take charge of St. Nicholas Cathedral. He was forcibly ejected by resident priests and monks.

The people of the United States have paid \$6,000,000,000 for automobiles.

BAD BLOOD PIMPLES AND BOILS

Banished By Burdock Blood Bitters

Miss Irene A. Matthews, Stayer, Ont., writes: "I thought I would write and tell you of the benefit and benefit I have derived from Burdock Blood Bitters."

"Some time months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ringworm, and I was really did not know what to do."

"I was ashamed to go anywhere, and the itching and burning caused such a terrible sensation I could get no relief day or night."

"One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken 3 bottles I was completely relieved."

"I cannot praise B.B.B. enough and I hope anyone afflicted like I was will get the same benefit I received."

Burdock Blood Bitters is manufactured by The T. Millburn Co., Limited, Toronto, Ont.

LOCAL MAN WRITES OF TURKISH LIFE

\$250 Fine and 40 Lashes for Drunkenness—Saw Alie Evacuation.

A young St. John man, who has recently spent a period of three weeks in Constantinople, in a letter to a friend in St. John, dated Oct. 19, gives some very interesting facts regarding conditions in that section of the world.

He arrived at Constantinople on Sept. 30 from Patras, Greece, and on the ship which he was traveling were several hundred Moslems, former residents of Greece, who figure in the exchange of populations between Greece and Turkey as provided for by the Treaty of Lausanne.

While at the latter port the St. John man stated that he had a good chance to look over the burned district of the city. Continuing he says, that the burned area is not nearly so extensive as he had been led to believe in the newspaper reports. It was about ten blocks, he said.

On his arrival at Constantinople, he writes, he had his first experience with the Turkish Customs and police registration officials they having taken control of the city a few days previously.

On Tuesday, Oct. 2, he said he witnessed the official evacuation of the departure of the Allied troops. On the following Saturday the Turkish troops made a triumphant entry into the city. The troops were gayly decorated and the troops made a good showing. The crowds were wildly enthusiastic and Turkish flags and colors were displayed everywhere. Soon afterwards the effect of Turkish military power was made itself felt. All signs in any other language except Turkish were torn down or a fine of five times the value imposed. Heavy taxes were imposed on Christian residents in business.

On Sunday night, Oct. 7, the police visited every saloon, cabaret and liquor store, seized the liquor stocks, closed and sealed the premises and also closed and sealed the breweries. On Monday not a drink was to be had, in fact the tightest prohibition the world has ever known was brought into force, he writes. Selling or transporting liquor is punishable with a \$200 fine, and drunkenness with a fine of \$20 and 40 strokes with the lash.

The writer stated that he had been in the town nearly three weeks and expected to remain there three more weeks and then to journey towards New York, perhaps calling at Egypt en route.

The educational secretary reported that the I. O. O. F. series of war pictures had been shown at the school at Golden Grove and Netherwood, Rothesay Collegiate and Rothesay Consolidated schools and that two pictures and a library had been presented to the Golden Grove school. Arrangements were made for taking charge of the sale of poppies on Poppy Day, for conducting a sale of home cooking early in December, and for assisting at the military ball on Monday night. It was decided to hold a series of bridge parties as a means of raising funds and two of the members offered the use of their homes for this purpose.

At the close of the business session a social hour was enjoyed and refreshments were served. The hostesses were Mrs. Peters and Mrs. John Davidson. Mrs. McIntyre and Mrs. W. S. STREET CAR HITS STANDING AUTO

Motor Car Goes Into Ditch After Crash—Police are Called.

A call was received at police headquarters about 8 o'clock last evening that officers were needed in Rothesay avenue because of a disturbance. Immediately Detectives Bidecombe, Saunders and Kilpatrick, along with Officer McElroy, with the police department automobile made a quick ride to the scene, between the Fernhill cemetery entrance and the Three Mills House.

Here they found a street car stalled on account of a taxi cab being partly in the ditch and partly on the tracks. There was a dispute between Motorist William Doucette, of street car No. 108, and Joseph McKinnon, driver of taxi cab No. 4743.

The automobile was clearly out of business owing to a collision with the street car. The rear fender was badly damaged, while the left side wheel had been broken off. The oil damaged to the street car was a broken front fender.

According to the report given by the street car driver, the automobile had been left standing on the tracks without any rear lights, and before the car could be brought to a stop there was a collision and the automobile was damaged and thrown into the ditch.

The damaged automobile was later towed to the city.

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Reid, Upper Musquodoboit, N. S., writes: "I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills."

When I came home from overseas in 1920, my heart was very badly affected by concussion, and my nerves were wrecked. I was very short of breath, and could not possibly sleep at night. In fact, I was in such a condition that I could not do any work, and I had to take two boxes of your pills.

On his arrival at Constantinople, he writes, he had his first experience with the Turkish Customs and police registration officials they having taken control of the city a few days previously.

IF BACK HURTS FLUSH KIDNEYS

Drink Plenty Water and Take Glass of Salts Before Breakfast Occasionally.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's uric acid waste and stimulates them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 800 grains of acid waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much. Get from any pharmacist about four ounces of Jod Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then set fine. This formula will also neutralize the acids if the system is weak, and thus relieve bladder weakness.

Jod Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try it; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole.

Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard without the blister.

Just rub it on with your finger-tips. First you will feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Have Musterole handy for emergency use. It may prevent serious illness. 40c and 75c at all druggists. The Musterole Co. of Canada, Ltd., Montreal.

real well and run a rooming house and do the work. I recommend your medicine to every woman who complains and you may use my letter to help any one else. I am passing through the Change of Life now and I keep the Vegetable Compound in the house, ready to take when I feel the need of it."—Mrs. LARA D. DAVIS, 228 W. Second St., Janestown, N. Y.

Often some slight derangement may cause a general upset condition of the whole system, indicated by such symptoms as nervousness, backache, lack of ambition and general weakness.

Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine for such troubles. In many cases it has removed the cause of the trouble.

Men's Club. Fred Girvan and H. H. Bennett were appointed to act with Mr. Mackinnon. This club was organized last year at Toledo, Ohio, and has now forty members in the United States and Canada.

The men are looking forward to the grand ball of the last of November and are putting forward every effort to make the campaign a success.

Multitudes Praise his Great Remedy

StOMACH, liver and bowel troubles are the universal ailments. Nearly everybody is troubled with indigestion, dyspepsia, sluggish liver and constipation more or less, and it has been said that 80% of all human ills originate in the digestive tract.

Hence there is no greater human ailment than that of a safe, agreeable and efficient remedy for these common ailments of mankind and the explains the widespread and tremendous use of DRECO, the great natural medicine for stomach, liver and bowel troubles.

DRECO is made of twelve of the world's best medicinal herbs, roots, barks and leaves used for centuries in cases of this kind. It is purely vegetable—absolutely harmless—safe for children—can be taken freely. The relief is so immediate and the improvement of general health so wonderful that it has grown in popular favor until now it is firmly established as the people's choice for a digestive aid, liver stimulant, laxative and general tonic.

From Canada to the Gulf DRECO is the favorite remedy for these ailments because it is tried and proven. Millions have used it with satisfactory results. Never has any medicine so justified the people's faith.

If you suffer indigestion, dyspepsia, sour acid stomach, flatulency, gas, sluggish liver, biliousness, sick headaches, constipation or that tired, run-down feeling, go to your druggist and get a bottle of DRECO and take it regularly for a few weeks. You'll feel like a new person. Try it!

DRECO is sold by a good drug-gist everywhere. It is purely vegetable—absolutely harmless—safe for children—can be taken freely. The relief is so immediate and the improvement of general health so wonderful that it has grown in popular favor until now it is firmly established as the people's choice for a digestive aid, liver stimulant, laxative and general tonic.

YEAR'S BUSINESS IN RIVER FREIGHT POOR

Lower Rates are Urged as a Remedy for Slack Business.

In about another week the river traffic on the St. John will close for the winter season. The steamer Majestic will make her last trip up river on Tuesday, Nov. 13, and the Purly will start on her last journey on the following day. If the weather continues mild, the Majestic will make one and possibly two trips to Fredericton, following her final regular trip.

Both these vessels are under the management of the Crystal Stream Navigation Co. Ltd., the manager of which, when asked yesterday how business had been on the river during the summer, answered with the one expressive word "Rotten." He said that the summer of 1922 had been an exceptionally good year but this summer "there were no crops as the farmers usually grow on the river and consequently were too lazy to farm. Consequently, the quantity of freight was very poor."

The passenger business was about on a par with that of 1922, but he explained there was no money in carrying passengers in the limited numbers that offered and the river steamers had to rely on the freight for their upkeep. Some, who are in close touch with the shippers on the river, maintain that the freight rates militate against the use of the river boats. It is argued that if the rates were reduced there would be an immediate increase in the quantity of products offering for it is maintained by these champions of the farmers along the St. John and Washademoak that they are producing farm products in sufficient quantities to supply the river vessels with full cargoes every trip during the summer if it were profitable for them to ship by water. Lower rates, they say, by increasing the quantity of freight, would bring about an increase in overhead to carry it, or they would be forced to raise the rates.

ORPHANS GUESTS AT THE HIGH TEA

The mysterious lady was a source of great interest last evening at the third night of the Cathedral High Tea. More than 200 suppers were served and the pile did a thriving business. The orphans of the United Society Convention were treated in the afternoon. The ice cream booth also received due attention, as well as the refreshments. The door price was a trunk, which may be claimed by ticket No. 1289. A pair of chickens were won by ticket No. 1289. Mrs. Dennis McCarthy, wife of the supervisor of the gait and shoe work, took Ticket No. 43 which gave a ham to the chairman holding the number, won from the butterfly booth.

Miss Lottie Gillis was fortunate in being the first to identify the mysterious lady, who was described on the blackboard by Miss Gertrude Ryan, matron, who was on the matron's list of the secret each evening. The description was of a dark, good complexioned lady, with blue eyes, wearing glasses, dark hair, good style, not this and a very interesting talker. She proved to be Mrs. H. A. Pierce, of 120 Charlotte street. The prize was a coffee percolator.

"I Can Now Do My Work Without Feeling Tired"

Mrs. A. Moffatt, Roston Falls, Que., writes:

"I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."

HEAVY DOWNPOUR IN LAST 24 HOURS

Rainfall Totalled More Than Inch—High Temperatures.

Inquiry at the meteorological station last evening brought the information that there was considerable difference between the temperatures last year and this on the corresponding days. The first snow came last year on Oct. 15 but soon disappeared. The next storm was on Nov. 9, which leaves a few hours for developments this season. The temperature was 10 degrees warmer at the maximum yesterday than on Nov. 7, 1922. The thermometer showed 64 degrees for the highest point yesterday and 49 degrees for the lowest. Last year 44 marked the maximum and 30 degrees the lowest, with clear air, while yesterday was wet with heavy atmosphere and a rainfall of 1.1 inches.

At 9:30 last evening the temperature was 50 degrees and the air warm and heavy, with rain still falling. D. L. Hutchinson, the director of the local observatory, was not at home, but the particulars were given by his assistant.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

YOUNG STRIBLING LATEST RING SENSATION; WILSON WOULD TRY HIM

South Loves Youth Who Gave McTigue Hard Battle for Title

New York, Nov. 8.—Every one of these comes to the ring a sensation made over night for the most part, and such a bombshell has been Young Stribling, the Georgia high school boy, who made it so hot and heavy for Mike McTigue, the world's light-heavyweight champion.

Stribling two years ago was a bantam and today he is fast outworking the middleweight division.

The South loves him. He has lost only one fight since he began with gloves, and when he was matched to meet McTigue for the light-heavyweight title, held in quick succession by Carpenter, Slik and McTigue, there was consternation. Surely "Pa" Stribling, the boy's father-manager, had overmatched the youth, what when it came the day of the fight the crowd that poured into the arena didn't seem to think so.

There was tense feeling for the boy in his first big fight step and at the end when Harry Erlic, competent and fearless referee called the bout a draw, there was a rush of the Stribling boy's admirers. They wanted to see him get the title whether he won it fairly or not.

Break Rules to Give Him Chance

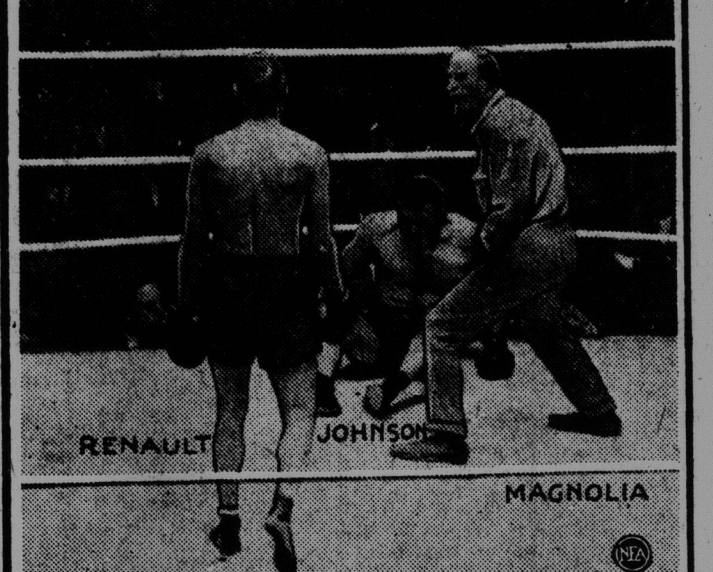

N. Y. Boxing Commission and Young Stribling—Trouble For McTigue.

New York, Nov. 8.—Regulations of the New York boxing commission are to be broken, it was understood today, to allow Young Stribling, the Georgian High School fighter, to engage in bouts within its jurisdiction, scheduled to go over six rounds. The regulations prohibit those under 21 from going more than six rounds, but because of Stribling's pugilistic precocity he is to be made an exception. He is 18.

If a complete license is granted him, he probably will meet Johnny Wilson, of Boston, former middleweight champion, McTigue or Gene Tunney, at Madison Square Garden Dec. 10.

McTigue, who lost lots of prestige that he badly needed when he met Stribling, is in for more trouble, his manager, Joe Jacobs, has made known. Through his attorneys, Jacobs said he would file a suit for \$50,000 damages against McTigue for the boxer's alleged statement that he signed a blank paper which Jacobs made into a contract for his services. Jacobs said this slandered his character.

Firpo Next?

Jack Renault, Canadian heavyweight, knocked out Floyd Johnson of Iowa, a few seconds before the end of the fifteenth and last round at Madison Square Garden. Johnson kneeled the canvas three times in the last round before he finally went out for good. Photo shows the end.

THE TIMES-STAR SPORT REVIEW

Tit-Bits for Fans on Boxing, Aquatics and Baseball.

Many fans must be wondering what Jack Dempsey, champion heavyweight of the world, has been doing since his sensational victory over Luis Firpo. A report was current that he was coming to this province in a motor coach, but evidently he had other business on hand and could not spare the time.

A few days ago Jack was busy supervising a squad of men who were engaged moving his furniture from his elaborately furnished suite of rooms in Los Angeles to a small apartment. This account is not to be taken too literally, but it is true that he is having a large number of friends to dinner, and the cooks Jack has been employing apparently were not so enthusiastic about his admirers and either considered that they were being engaged at her some in New York with a collection of trophies won during her recent trip to Honolulu. This young star, however, is not to be taken into consideration that she is only seventeen years of age. While participating in a meet held on Lily Lake in 1922 Miss Ederle won the admiration of a score of aquatic enthusiasts and during her stay in St. John made many friends who will be delighted to hear of her recent triumphs over some of the greatest women swimmers in the world.

REFEREE SAYS "MAC" CHAMPION

"Jim" Power, Who Handled Bout, Says Healey was Defending Title.

Little stock is taken locally of "Nedder" Healey's claim that he still is Maritime champion merely because the formality of weighing-in was omitted at the championship tilt at the Arena a few weeks ago when Johnnie McIntyre clearly and decisively handed Healey a trimming that only a fighter who was in wonderful condition could absorb and remain on his feet at the end of the twelfth round.

The Arena promoters, when questioned about the matter last night, declared that both Chisholm and Healey verbally agreed that the weighing-in was not necessary and that the writer weight title would be at stake. There was no written agreement on the point, they said, as they trusted Healey and his manager to make the right and on the night of the fight, they took Healey's word about his weight.

When interviewed by the Sports Editor of the Telegraph-Journal after the bout, Healey was asked if he wanted a return bout for the title. He replied: "Sure." The inference is rather obvious that at that time, at least, Healey recognized McIntyre's right to the title. Just what has happened at this late hour can only be surmised.

Referee "Jim" Power, who handled the tilt, expressed considerable surprise yesterday over "Nedder's" claim. He did not think much stock should be put in it. He said: "Healey came over here to defend his title, as advertised. I do not think he is the kind of boy who would resort to trickery, but if he went into the ring with the idea of claiming the title on this technicality, if the decision went against him, then he was not playing fair with

Field Of Champions

In that, however, was not the real thrill. Stribling, aside from the merits of the decision, had done a great thing. He had held off a world's champion, a globe trotter, and had made himself a name not disgraced by any means and at once challenges and offers flooded his training ground. From obscurity, save for his own hope, he had come to fame as quickly as had Slik, the man who knocked out Carpenter.

Stribling, an offspring of a father and mother who had been circus grunts, has always been a speed marvel. Men managers have always said that it is the most difficult boxer to hit.

Not possessed of any great punch, he has the knack of jabbing the other fellow silly. He has made some hard work for some day he will curtail that speed and with increasing weight, become a harder hitter. If he takes on a punch, then there is a new star that all must reckon with.

SENIOR LEAGUE CHAMPION HERE FOR INDOOR MEET

Basketball Players Getting Ready for Season—Three Team League.

If plans now being formulated materialize, St. John will have a senior City Basketball League. From present indications three teams are ready to participate in such a league and a hope is expressed that a fourth will come forward. For many years the Y. M. C. A. have had senior basketball teams, but this year have decided to confine their efforts to the juniors and intermediates.

"Barney" Francis, Sensational Indian Runner, is in Good Trim.

"Barney" Francis, Charlottetown's sensational miler, arrived in the city yesterday from the north, where he has been on a hunting trip. The Prince Edward Island Indian runner, hailed by many as a second Tom Loughran, will remain in the city for the Maritime indoor meet which will be held in the Arena on the night of Friday, November 16, under the auspices of the Young Men's Catholic Intermediates.

STRIKLING GRANTED LICENSE

New York, Nov. 7.—Young Stribling, Georgia school boy boxer, will be granted a license to box in New York. It was said today after the Southern, accompanied by his father, filed formal application with the State Athletic Commission. The State Athletic Commission is understood to be ready to match Stribling with Johnny Wilson of Boston, former middleweight champion, or to sign the Georgia youth to substitute for either Mike McTigue or Gene Tunney in case either of the latter is unable to go through with their world's light-heavyweight title bout scheduled December 10.

BILL BRENNAN IS GIVEN KNOCKOUT

Omaha, Neb., Nov. 7.—Billy Miske, of St. Paul, heavyweight, knocked out Bill Brennan in the fourth round of their ten round bout here tonight. It was the first fight either man had participated in for several months. Brennan did not appear to be in condition. The fighting was at close range. Both Brennan and Miske hooked with rights to the head.

STILLMAN DIVORCE NOTE MADE PUBLIC

New York, Nov. 7.—The famous "confession letter" alleged to have been written by Mrs. Anne U. Stillman to her husband, James A. Stillman, was submitted to the appellate division of the Supreme Court in Brooklyn today as the basis of an appeal by the banker from a recent decision of Justice Morshauer, confirming a referee's report in which Stillman was denied a divorce and the legitimacy of Baby Guy Stillman upheld.

The letter, previously ruled out as evidence when Stillman tried to prove that Fred Beavrais, an Indian guide, was the father of Baby Guy, now becomes public for the first time. It is addressed to "Dear Jimmie" and was written in a Buffalo hotel.

The letter, as filed in court today, contains this paragraph: "I am not smashed but if you loved all your family and were going to have an Indian, I would try to get you to have that; there is not a spot for you with honor or peace; that you were ill and tired; that a dear little man with whiskers tells you that the world is a good place and that the hard blind

people are to be pitied for they know nothing of what they miss."

Another line in the letter was as follows: "I won't write you of what the cold and Canada were to me. Fred meant to be kind but he had won me and I was his and no one else wanted me and he is much Indian."

And further appears this: "I was too proud to break but I broke just the same in the arms of my Indian."

"It was so cold," the letter continued, "so lonely, and that broke him; he was honorable, but I broke him and all his dreams, and that is so cruel that when you break, all those that love you tumble, with me."

The letter was ungrammatical and poorly punctuated.

When visitors are expected— NATURALLY your mind leaps to the question of preparing meals and setting the table. Perhaps selecting menus is comparatively simple. But how often have you been annoyed to find that your silverware—scheme as you might—was not sufficient for your guests! Yet this annoyance is unnecessary! For in "1847 Rogers Bros." you can add to your tableware most reasonably, and in small quantities should you desire. Six salad forks, for instance, in the dignified Ambassador, or any other 1847 Rogers Bros. pattern, cost only \$7.25. Other pieces—table knives and forks and tea spoons—are priced as moderately. And you may add to your table service of "1847 Rogers Bros." on later occasions, for leading dealers always have the newer patterns in stock. Remember that "1847 Rogers Bros." will give service for a lifetime. It has been tested and not found wanting for more than three-quarters of a century. Its beautiful design and durability will give you lasting satisfaction. POLICE REQUEST THEY GET PENSION

Petition Public Safety Commissioner to Endeavor to Have It Arranged.

The members of the police department of this city are keenly interested in the establishment of a superannuation fund. With this object in view they have signed a petition and filed it with the Commissioner of Public Safety asking that an effort be made to arrange for its adoption. The idea is to have a fund conducted under the same lines as that in Halifax. The members of the local department have a benefit fund of \$1,000, and they are willing that this be given as a start. They estimate that in five years it will be self-supporting, as they are willing that five per cent. of their salaries be deducted and placed in the fund. Men must serve 25 years before superannuation would be granted. It is proposed that the Mayor, city treasurer and chief of police should be for the time being—trustees of the fund. Every member of the force who has served for 25 years or more would on resignation, or on being retired by the board of control, be entitled to receive a sum equal to twenty-five thirty-fifths of the salary he was then receiving, as a pension. In the event of his death, the sum equal to one-third of his salary at the time of his death, in event of service being terminated before the fund was established, it is proposed that he shall for every year he has contributed to the fund receive a sum equal to one thirty-fifth of such salary, and for every year of service before the fund was established he shall receive a sum equal to one thirty-fifth of his salary out of the revenues of the city. No member of the force dismissed or resigning therefrom before the expiration of twenty years' full service would have any claim for any allowance from the fund.

Citizen Sees Good Example For All In Andy Duffy's Smile

To the Editor of The Times. Sir—I didn't know who Duffy the most popular "dog" was until I saw his picture in tonight's Times. I didn't take any part in the contest, but as an automobile driver, I wish to go on record as heartily agreeing with the decision. Now that I know Duffy through your introduction I can more than ever appreciate that smile of his. It has, for a long time, been to me a beacon light of cheer when passing his station at the head of King St. and, no matter what my grood or gloom, it has always brought an answering smile from me. In common with hundreds of other automobilists, I am pleased to know you, Mr. Duffy. May your winning smile and cheery outlook be a pattern for others in St. John. A lot of us are smiling these days and we hope for a prosperous future for the city, so I know you are going to have many imitators. A CITIZEN. St. John, Nov. 7.

LOCAL NEWS

NEW PYTHIAN LODGE. A new Knights of Pythias lodge is to be instituted in Sackville next Monday evening. The new lodge will start off with a membership of 25 or 30.

MAYORALTY RUMORS. Street rumor today has it that there will be a four-cornered contest for the mayoralty. The local political gossip suggests that Mayor Fisher, ex-Mayor E. A. Scholes, ex-Mayor H. R. McLellan and F. L. Potts will run.

THE RIFLE RANGE. That he would take up at once with the Minister of Militia and Defence the matter of a sale to the city of the rifle range property was said yesterday by Commissioner Frink, to see if he would have any better success than with the former administration.

GOING TO U. S. ON BUSINESS. F. M. Ross, general manager of the St. John Dry Dock & Shipbuilding Co., Ltd., expects to leave next week on a business trip to United States ports. He will be absent about ten days and upon his return the Board of Trade will tender him a banquet in the Union Club.

PORTNIGHT WILL DO IT. Two weeks of fine weather would complete the paving of Main street it was stated today by Frank Wade, contractor for the work. It is said the clouds were coming along nicely now and all that was needed was the weather. A crew of men were at work this morning laying the blocks between Portland and Simonds street.

E. O. LAHEY IN CITY. E. O. Lahey of Niagara Falls, formerly of West St. John, arrived in the city Saturday afternoon. He is on a business and pleasure. For the last year and a half Lahey has been engaged deepening the Welland river for the Niagara Power Company. He expects it will take another year to complete this contract.

ABLE TO RETURN HOME. Friends of Mrs. Harry Blakey of Adelaide street, will be glad to learn that she is home convalescing, after spending six weeks in the General Hospital with blood-poisoning in her left knee, resulting from a slight scratch on the right hand occasioned by holding an umbrella. The case was referred to The Evening Times some weeks ago.

MRS. PARKER TAKEN AWAY. Mrs. Bessie Parker, sentenced to ten years in the penitentiary after being convicted on a charge of performing an illegal operation, was taken to Dorchester this morning by Turnkey Frank Bowes. It is understood that she will be transferred immediately to Kingston, Ont., as there is no accommodation at Dorchester for women prisoners.

AUTO WAS AFIRE. An automobile 18202, owned by Harold H. Nice of Garden street, caught fire in front of the Imperial Theatre last evening. Fortunately the fire was extinguished before it had made much headway and found that it was originating from a short circuit in the disconnected wires and was able to put out the fire. At that time he endeavored to locate the owner but was unsuccessful.

NOVEMBER PANSIES. Mrs. M. Keefe of Kennebecasis island brought another breath of summer into The Times office this morning when she left three white pansies and one purple pansy as well as several stalks which she had picked only this morning in her garden before leaving for the city. Mrs. Keefe said that these flowers had bloomed at this late date, without the aid of any covering from the winds of November. She had also plucked a white rose from her garden on the first day of November.

VEGETS AT THE HIGH TEA. An interesting feature of the Cathedral high tea in the Y. M. C. I. hall last evening was the visit of five members of the board of the Great War Veterans' Association, who came and had supper and remained to enjoy the other features of the fair. Included in the party were S. C. Tippett, president of the local branch; A. I. Macdonald, secretary; W. H. Harrison, who had charge of the committee of the recent Veterans' Fair; Dr. G. B. Peat and Elmer W. Ingraham.

MRS. F. X. COMEAU DEAD. Word was received in the city this morning of the death of Mrs. ComEAU, wife of Dr. F. X. ComEAU, of Caraquet, which occurred during the night. Mrs. ComEAU had been ailing for several years. She leaves to mourn, besides her husband, two sons, Dr. Omar ComEAU, and a daughter, Mrs. Frank Ashe of St. John, and Miss Dorina ComEAU. Two daughters, Mrs. Frank Ashe of St. John, and Miss Dorina ComEAU, before her marriage was Miss Page of Quebec. Many friends throughout the province will extend their sympathy to the bereaved relatives. Both Dr. O. ComEAU and Mrs. Ashe are in Caraquet, where the funeral will be held at 9 o'clock on Saturday morning.

Requiem Mass and Memorial Service Arranged—Other Events.

Thursday of next week will be the 19th anniversary of the organization of St. John Council, No. 897, Knights of Columbus, and arrangements for observance of the birthday are now being made. At 9 o'clock on that morning there will be solemn high mass of requiem offered up in the Cathedral for the repose of the souls of the deceased members of the council. In the evening at 8:30 o'clock a memorial service meeting will be held at the council headquarters in Coburg street. This will be the first of its kind held by the St. John knights. It will include an address on "Our Order and Its Dead," and eulogies of members who have gone before. An anniversary assembly and bridge will be held on Monday evening, the 12th. Other events of the near future are a one evening card tournament on members' night, Nov. 22, an informal assembly and bridge on Nov. 26, and a debate on a topic of current interest at the meeting of Nov. 29.

ONLY ONE WENT FROM ST. JOHN

Miss Alice Woodman to Meeting Re Chinese Mission Work.

Mrs. Alice Woodman, superintendent of the Trinity Church Sunday school Chinese class left last evening for Kingston, Ont., to attend the annual convention of Canadian mission workers among the Chinese of Canada. She was farewelled by a party of co-workers. It was a matter of regret that Wang Ling Chinese citizen, could not go to the convention as he did last year, business preventing. The funds collected for the passage and other expenses of delegates have been banked against other occasions when a larger delegation from this city will go forth. It will be known as a delegate fund. The contributors this year have been Trinity and Stone churches, Charlotte street Baptist, West St. John; the four branches of the W. C. T. U., as well as the county organization. The Chinese citizens themselves have contributed generously and native citizens too, while a group way the Trail Rangers of Central Baptist church donated liberally. Commissioner Wigmore was a financial supporter of the delegation too. The convention will last several days in Kingston and will be attended by representatives from every Chinese mission in Canada.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeum, "the winter season is at hand." "Yes, sir," said Hiram—"we'll hev it soon now, I guess." "I suppose you have your moving machine stored in the meadow," said the reporter. "Sure," said Hiram. "And the horse-rake in the back field," said the reporter. "Yes, sir," said Hiram. "And the wagons out behind the barn," said the reporter. "I think I'll keep 'em in front this winter," said Hiram. "And the rest of the farm machinery scattered around out doors where it will get all the weather there," said the reporter. "That's where it is," said Hiram. "Ever think of housing it for the winter?" queried the reporter. "Now, you look-a-hera," said Hiram—"you know dinged well I got everything under cover. What's the idea of all these questions?" "Do all the farmers house their machinery in winter?" asked the reporter. "Well, now, sense you ask," said Hiram, "they don't. No sir—too many of 'em leaves it out to get rusty an' no good. They're the fellers that says 'farnin' don't pay. But we got a farm school now—mebbe they'll learn somethin'. They orlo—By Hen!"
