Americans to Fight to Get Canadian Pulpwood

Retaliation Against Dominion if Demand Refused—New Brunswick is Closely Interested in Underwood Resolution.

(Canadian Press Despatch.) Washington, Feb. 3.—A resolution introduced into the senate yesterday by Senator Underwood, which requests the appointment of a commission to open negotiations with Canada with regard to the Canadian restrictions on the exportation of pulpwood, is believed to mark the opening of a big fight which some United States senators plan to make with the object of securing the opening up of Canadian forest resources to United States mills.

This Senator Underwood and his associates are already to be seen in a rather pointed suggestion in the Underwood resolution that a movement may be started in congress for retaliatory action against Canada in the event of the failure of the demand for the removal or modification of the Canadian exportation restrictions.

The resolution requests President Wilson to appoint a commission of five to open negotiations with the dominion government or with the provincial governments of Quebec, Ontario and New Brunswick, looking to a modification of the existing restrictions, which, the resolution declares are working great hardships to users of print paper in this country, but to so far they appear to be mild.

IS SERIOUS IN SOME PLACES

Reports on "Flu" Epidemic—Five Murderers in Sing Sing Stricken.

Toronto, Feb. 2.—A good many cases of flu have developed in the University of Toronto, but so far they appear to be mild. Sir Robert Falconer, president of the university, is suffering from the disease. The disease has been spreading throughout this city and it has assumed the proportions of an epidemic.

In Ottawa, Feb. 2.—There are twenty-five cases of pneumonia or influenza reported in city hospitals. There are monthly deaths but several deaths have resulted.

Across the Ocean. Budapest, Feb. 3.—All the schools in Budapest are closed owing to the epidemic of influenza.

Sarnia, Ont., Feb. 3.—James Granary died in Detroit on Saturday night from Spanish influenza after a very brief illness. He was well known throughout Eastern Canada as a hockey player.

Grips Mexico Again. Mexico City, Feb. 3.—Influenza has reappeared in epidemic form in Mexico for the first time since its devastating sweep in 1918, when deaths attributed to this disease were unofficially fixed at several hundred thousand. Many cases have been reported in this city.

NEW YORK OF HEATLESS DAYS. New York, Feb. 2.—Despite the efforts of city health authorities to prevent the strike while the influenza epidemic is on the stationary engineers and firemen working in hotels, apartment buildings and other institutions will go out on next Wednesday. This was announced tonight by Health Commissioner Copeland, who has been conferring with the employers. The city, in the midst of the flu plague, is menaced with "heatless" days.

The state legislature tonight rushed through bills to appropriate \$50,000 for combating the epidemic. A quarantine order was issued today by the warden of Sing Sing prison barring all visitors from the prison, including five condemned murderers in the death house. At Albany today it was reported that since Jan. 23, 799 cases of pneumonia with 139 deaths and 5,850 cases of influenza with twenty-one deaths have been reported in the state outside of New York. In Rochester an emergency hospital has been established in the state armory and the supreme court sessions cases in that city today were 130 with four deaths. A further decrease in deaths from flu and pneumonia is reported from Chicago but new cases in that city during the past twenty-four hours increased more than 300. Distinct reports of a spread of influenza in Pennsylvania report a spread of influenza in that state. State officials reported that for Feb. 1 and 2 their reports showed 1,887 cases of influenza and fifty-one of pneumonia with twenty-five deaths.

SEVERE EARTHQUAKE Buenos Aires, Feb. 3.—Despatches from the State of Minas Geraes, Brazil, report that an earthquake on Sunday shook down some houses in the country districts creating great panic among the inhabitants. The despatches say that intensely the earth shook is without precedent in that region.

Can Not Go On As Unionist Party In Dominion of Canada

Ontario Conservative Leader Serves Notice

Reorganization of Tory Party in That Province Coming—Hon. H. G. H. Ferguson Declares Those Who Will Not Fall in Line Must Be Thrust Aside.

(Canadian Press Despatch.) Toronto, Feb. 3.—Hon. H. G. H. Ferguson, former minister of lands, forests and mines, acting as leader in Ontario, in an address to the Ward 4 Conservative Association here last night declared that the Unionist government at Ottawa had completed the task for which it was elected and that there could not be a permanent Unionist party in Canada. Mr. Ferguson served notice that insofar as Ontario Tories are concerned, they do not intend that the Conservative Party shall abdicate its traditional place in the country's affairs and that, therefore, those who will not join with it in all things must be thrust aside.

Mr. Ferguson said that a survey of every riding in the province was under way by the conservative organization and in hand the party would be re-organized and put under the direction of a national convention. The party will be held during the summer when a leader would be chosen and a platform adopted.

Speaking of Union government, Mr. Ferguson said: "By the majority of loyal Canadians a suspension of party activity was agreed upon for the period of the war and in the federal parliament a Union government was formed for war and reconstruction purposes. The Conservative party in Canada, the Conservative party cannot, will not and must not abdicate its traditional place in the affairs of this country but must be the rallying ground upon which both Liberals and Conservatives, as the past may gather to oppose the political and economic disaster which now threatens us. Those who do not intend to join with us in the great political contest now imminent must be thrust aside and the party must be re-organized and put under the direction of a national convention. The party will be held during the summer when a leader would be chosen and a platform adopted."

FIRST MAKE PEACE WITH THE SOVIETS

Necessary Before Trade Relations Resumed, Says Red Representative.

London, Feb. 3.—Peace between Russia and the Allied powers is the first essential to resumption of trade relations, Maxims Litvinoff, Bolshevik representative, has told James O'Grady, British delegate, with whom he is negotiating for an exchange of prisoners at Copenhagen, according to a Reuters' despatch from the Danish capital.

Foreign trade is virtually impossible for Russia at present time, Litvinoff is said to have declared as Russia is compelled to make war and it is necessary to keep the railroads clear for morning troops and military supplies.

The agreement reached at Paris before the supreme council of the peace conference and representatives of the Central Co-operative Society of Russia applies to only part of Russian foreign trade, the despatch says Litvinoff asserts, as such things as railway materials and machinery are outside the sphere of activity of the Co-operative Societies. Moreover, delegates of the co-operative societies who are in Western Europe have been out of touch with Russia for more than a year, and are in consequence ignorant of the needs of that country. It is said also that the co-operative societies are regarded unfavorably in Soviet Russia because they have furnished supplies to Admiral Kolchak in Siberia and Gen. Denekine in Southern Russia.

INDIANS SLAY 17

San Blas Braves Attack Panama Police and Settlers.

Panama, Feb. 3.—San Blas Indians, in a sudden attack on Panama police and residents of a rubber gathering settlement at Porteur, about eighty miles to the east of Colon, killed sixteen persons and wounded many others, according to advices received here.

The Panama government is fitting out a steamer to sail from Colon to restore order.

ASSIGNS TASK TO ROTARY CLUBS

Ottawa, Feb. 3.—One great function that the Rotary Clubs of Canada, members of the Board of Railway Commissioners, would have is to promote a more friendly feeling between the British commonwealth of nations and the United States before the Rotary Club at its luncheon yesterday afternoon, he expressed the belief that no movement was more aptly fitted to carry out this function than Rotary.

F. H. Shipman Dead. Summit, N. J., Feb. 3.—Frederick H. Shipman, treasurer of the New York Life Insurance Company, died at his home yesterday after a short illness.

MIGHT HAVE GIVEN UP THE EX-KAISER

Dutch Newspaper Says Demand Should Have Been on Actual Criminal Grounds.

(Amsterdam, Feb. 3.—According to the Handelsblad, it is quite probable that Holland would consent to the extradition of "German war criminals" who are within her borders for extradition were asked on the grounds that they actually are vicious or criminal. In the event that the request were based on some act of the ordinary course of war or reprisal order by superiors, the case would be different, the newspaper asserts. Unless the Allied list includes former Crown Prince William, the newspaper says, it has been unable thus far to ascertain which, if any of the desired persons, are now in Holland.

The paper says further that if the extradition of former Emperor William had been demanded on actual criminal grounds instead of political grounds, Holland's reply might have been different.

DARK HORSE FOR PRESIDENCY?

E. T. Meredith Said to Be Favored by Wilson and Bryan.

New York, Feb. 3.—Edwin Thomas Meredith, new secretary of agriculture, is the distinguished man believed to have been in the mind of Secretary of State Bryan last week when he told an audience that he could name the next president of the United States.

Private advices from Washington to people in the financial district here, according to a Reuters' despatch from the late Senator Martin of Virginia.

INSPECTORS BUY LIQUOR ON SHIP

One of the Men on the Trieste, Now in Port, is Arrested—Customs Collector Notified.

Some of the seamen on the Italian steamer Trieste, lying at Pettinville wharf, are apparently not aware of the rigid enforcement of the prohibition act in this city, as one of them was reported to have sold about thirty bottles of liquor yesterday. Inspector McAlnish set out to investigate. This morning, with Inspector Kerr, he went to the steamer, and bought two bottles of liquor, paying \$3 a bottle for it.

The inspector arrested the man and took him to the police station. He was returned to jail until an interpreter can be obtained. Inspector McAlnish said this morning that he reported the matter to C. B. Lockhart, collector of customs, who will send his officials on board the vessel to make a thorough search for liquor.

PASSENGER VESSEL FROM GERMANY DOCKS AT NEW YORK

New York, Feb. 3.—First passenger ship to sail from a German port to the United States since July, 1914, reached here yesterday when the American Line steamer Mancharu docked.

The vessel brought no German passengers, owing to passport regulations and travel restrictions. Applications for passage at Hamburg were numerous. The Mancharu brought from Germany 200 bags of mail and much cargo.

FRANCE ENGLAND AND BELGIUM PROGRESS IN MAKING ALLIANCE

Paris, Feb. 3.—(Havas)—Discussions relative to the question of defensive alliance of France, England and Belgium have progressed materially during recent conferences at Ypres, according to a Brussels dispatch to the Excelsior.

It is said the Belgian government has drafted and sent to the French government a general outline for the projected common defence in case of future German attack.

Three weeks from next Thursday, parliament will open at Ottawa.

Salem Mother Drowns Babe; Fails To Kill Her Other Children

Throws Two Into Icy Water and Jumps in to End Own Life—Another Boston Baseball Deal.

(Special to The Times.) Boston, Feb. 3.—After she had first tried to drown her baby in a bathtub, Mrs. Guadalupe Allaire, aged thirty-five, cast two of her children into the icy waters at Congress street bridge and then plunged in after them in an effort to end her life. Three-year-old Lena was drowned. Three-month-old Atilia was rescued and is at Lynn Hospital. Six-year-old Hugo managed to fight off his mother's attack and by his cries attracted attention which resulted in the frustration of her attempt at suicide. The mother and girl may die of exposure.

NEARLY 7,000 ON ROLL OF MEMBERS

Annual Convention of United Farmers of New Brunswick Opened in Woodstock.

(Special to Times.) Woodstock, N. B., Feb. 3.—That the membership of the organization had increased from 2,900 last March to nearly 7,000 was the statement made at the opening of the third annual convention of the United Farmers of New Brunswick here this morning. The sale of 600,000 copies of the year book, published by the organization, was reported as a record.

Business transacted this morning included the discussion and ratification of the constitution and changes in the constitution of the association. Report of N. F. Phillips on organization branches and the appointment of committees.

LET CONTRACTS FOR NEW HOUSES

Haymarket Square and East St. John Next to Have Attention.

At an adjourned meeting of the St. John Housing Commission this morning, the contract for the erection of one double dwelling and thirteen single cottages in Douglas court, was awarded to the lowest bidder. The amount of the tender and the identity of the successful party were not disclosed by T. H. Bullock, secretary of the commission.

It was said that the cost of erection will be somewhat higher than that for the buildings erected by the commission at West St. John, due to the increased cost in labor and materials. The buildings are to be of a very common type, well up to the standard already set by the commission. The only condition attached to the award is that the plans of the successful bidder will be subject to the amendments made by the government surveyor, who will assist the various commercial bodies and devote all his time to the three maritime provinces with the object of securing better rates and more advantageous routing in this division.

W. S. Fisher presided, and there were also in attendance J. T. Cornell, representing the lumber shippers; L. J. Seidensticker, of the Atlantic Sugar Refiners' Association; R. E. Armstrong, of the board of trade, and Premier Foster. Dr. Barnhill was invited to the meeting, but was unavoidably detained elsewhere.

HEARS OF TAX ON EXPORT PAPER

Montreal Herald Reports That \$10 a Ton Is to Be Imposed.

Montreal, Feb. 3.—The newspaper situation in Canada has taken on a new phase, according to rumors from Ottawa, says the Herald. It is said that Sir Henry Drayton, minister of finance, in a search for new sources of revenue to take the place of the business tax that is to be removed, has decided to impose a tax of \$10 a ton on every ton of newsprint leaving the dominion. The pulp and paper companies, continues the Herald, view the innovation with alarm.

It is said that one of the first results of such a tax would be to stop all work on the many news pulp plants now in course of erection in the dominion. These are in many cases being built with United States capital. One enormous plant is now being constructed at Three Rivers at a cost of \$7,000,000.

It is also argued by the paper interests that the \$10 tax will encourage the Scandinavian paper companies again to compete in the American markets, after dropping out.

Arrangements are being made, it is said, for a delegation of the paper men to wait on the finance minister and lodge a protest against the tax.

CONDENSED NEWS

Field Marshal von Hindenburg's memoirs are announced for publication in Berlin at the end of March.

The Brussels fair announces that King Albert of Belgium has prohibited dealings in foreign exchange except in bona fide commercial transactions.

The British government's informal financial conference planned by J. Austen Chamberlain, chancellor of the exchequer, has been fixed for this afternoon, according to some London newspapers.

Twelve Rounds. Dayton, Ohio, Feb. 3.—Don Curley of Indianapolis, was awarded the decision over Mike O'Leary of this city here last night in a twelve-round bout.

HUNGARIANS FOR PLEBISCITE

Principal Plea They Will Make, Says Apponyi

Says Armistice Signed on Basis of President Wilson's Nationality Principles and Says U. S. Has Met Moral Defeat.

(Associated Press.) Budapest, Feb. 3.—The Hungarian peace delegation has decided to leave for Paris on February 10. Count Apponyi, head of the delegation, said to the Associated Press today: "I believe we have made a good impression in Paris, but reports from there indicate that our enemies are again working against us while we are powerless to answer. Our principal plea will be for a plebiscite in the disputed territories, a plebiscite based on the populations when the armistice was signed, as the Czechs and others since then have driven out our people and put a new population in their places."

"Without a plebiscite we would never consider our frontiers as fixed, Germany and ourselves signed the armistice on the basis of President Wilson's nationality principles. It is a moral defeat for the United States that her allies desire to ignore these principles."

"We feel bitterly the loss of the help of the United States in the peace conference. If I were an American or might or might not have entered the war; but once entering it, I should have felt it my right and duty to make a proper peace. President Wilson gave his word to the people of Europe, now the United States is withdrawing it, declaring she is indifferent to Europe's fate. It is inconsistent."

"We expect that the League of Nations will revise the wrongs in these terms. I hope that the league will be of practical benefit to the world. Therefore, I believe in it, as I believe always what I hope."

WANTS SITE TO BUILD A MILL

Gordon Scott Applies to Fredericton Council—Plumbers for Higher Wages.

(Special to Times.) Fredericton, Feb. 3.—Gordon Scott of this city is seeking from the city a twenty-one year lease of city land on the river front near Queen street west to erect a saw mill which will manufacture lumber of all kinds, also barrels, hardwood flooring, union shooks and box shooks. He now has an option of the old West mill site and if his proposition goes through will acquire properties intervening between that site and the city land.

The report of the building and fire inspector, George W. Ross, for 1919 shows that building operations here during the year totaled \$167,000.

On account of three of the Fredericton hockey club players being with the U. N. B. team now on tour the Fredericton-Marysville match in the N. B. H. L. series scheduled for Thursday night will be postponed until Saturday or Monday.

Peter J. Hughes has been elected president of the board of Victoria Public Hospital. H. G. Kitchen has been elected vice-president.

The journeymen plumbers were served notice that after May 1 wages would be seventy cents an hour, twelve and a half for overtime, double time for Sundays and holidays. The trade is on an eight-hour day. The pay has been \$4.50 a week for the week. The new rate would mean \$6.80 a day. Owners of property say this is one of the causes of increased rents.

J. A. Wade, district medical officer, has gone to the headquarters of the Naswaak in Carleton county, on account of reports of an outbreak of scarlet fever in a lumber camp there. Two or three cases are reported. The health department reports no new cases of influenza.

STERN MEASURES WITH HOLLAND ARE HINTED AT

Paris, Feb. 3.—(Havas)—The Entente rejoined to the refusal of Holland to accede to the allied demand for the extradition of former Emperor William is imminent, according to the Petit Parisien. The paper says that, while the note will be generally conciliatory, it will consider, in case of a new refusal by Holland, measures going as far as the breaking of diplomatic relations or a naval blockade of Dutch ports.

TO KEEP THE BOYS ON THE QUEBEC FARMS.

Quebec, Feb. 3.—A meeting of manufacturers of farm implements was held here last night to discuss the best means of promoting the use of modern implements, further to increase production and facilitate the use of modern implements on farms so that the young man will not be tempted to abandon the farm for city work. A propaganda campaign will be started.

Baseball News

Boston is interested in a suit for half a million against Ben Johnson, president of the American Baseball League, because the Red Sox are one of the three insurgent clubs after Johnson's scalp. New York and Chicago making up the trio. The action is filed by the New York club first on the ground that Johnson tried to influence the Giants to refuse the grounds of the latter to the American League Club, that he suspended Mays and asks that he be restrained from paying himself \$30,000 yearly.

The complaint contains extracts of a letter written by Johnson to his five "loyal" club owners, dated Aug. 6, 1919, in which he says: "It is my judgment that they (the New York Americans) should be retired from our organization. I am sure that other people can be made interested in the proposition and that a satisfactory arrangement can be made with the present owners of the New York Nationals."

Pitcher George Dument, Catcher Norman McNeill and Outfielder Joe Wilbott of the Boston Red Sox, have been sold to the Toledo club of the American Association. In addition to the cash consideration, the Boston club is to have until this afternoon on one player.

Ever since the sale of "Babe" Ruth, the Boston fans have been awaiting this information, since it was said at the time that the proceeds of that sale were to be used in the purchase of other players which, by the way, was the only thing which justified the sale of Ruth, the opinion of many fans. Disposing of Wilbott, however, leaves France with only three outfielders, Hooper, Lamar and Mays, and he will have to get another who will be a right-handed hitter.

TAKE UP MATTER OF RAILWAY RATES

Conference in Board of Trade Rooms Over Matter of Increase Adversely Affecting Us.

At a conference in the board of trade rooms this morning, attended by representatives of the Canadian Manufacturers' Association, the board of trade, Commercial Club, lumber exporters, and others, it was decided that the provincial governments of New Brunswick, Nova Scotia and Prince Edward Island be asked to co-operate with the commercial interests in preventing a change in the railway transportation rates which would adversely affect the maritime provinces. It was decided to employ a traffic and freight expert who will assist the various commercial bodies and devote all his time to the three maritime provinces with the object of securing better rates and more advantageous routing in this division.

W. S. Fisher presided, and there were also in attendance J. T. Cornell, representing the lumber shippers; L. J. Seidensticker, of the Atlantic Sugar Refiners' Association; R. E. Armstrong, of the board of trade, and Premier Foster. Dr. Barnhill was invited to the meeting, but was unavoidably detained elsewhere.

SAYS MILK IS HIGH ENOUGH

N. S. Producer Makes Bit of Sensation at Truro Meeting.

(Canadian Press Despatch.) Truro, N. S., Feb. 3.—At a meeting of the Central Nova Scotia Milk Producers Association yesterday to consider setting about the raising of the price of milk, C. P. Blanchard of Bible Hill created somewhat of a sensation by declaring that the farmer was getting enough now for milk and that to raise the price would be a hardship on those compelled to use it. The condition of the farmer today he described as precisely as compared with the farmer of forty years ago.

No Money To Pay For Burial of Children; Undertaker Drives Away

Montreal, Feb. 3.—Because there was no money to pay the undertaker, two children, aged three and one year, are lying in the home of Louis Barrette, 346 Clarke street unburied. They died early on Saturday morning, one from pneumonia, and the other from acute indigestion.

Trade With Russia Will Be Small, U. S. Experts In Commerce Believe

Lack of Transportation and Credit Facilities Will Hamper Plans — Abundance of Raw Materials on Hand in All Parts of Nation.

(N. Y. Evening Post.) No great resumption of trade will follow the partial lifting of the blockade on Soviet Russia. This is the opinion of six business men in New York who are associated with big manufacturing firms and organizations which are vitally interested in commerce with Russia.

Alexander Berkeheim, president of the Foreign Board of the Russian Co-operative Union, who intends to carry on the work of collecting raw materials in Russia and distributing the manufactured articles, which they are to be exchanged, gave out a statement in Paris after the decision of the supreme court, saying that the whole plan is "very simple."

Many men in New York who are as vitally interested in the problem as he think that, however simple the plan may be, the putting of it into execution will be difficult.

Jerome Lanfield, executive secretary of the Russian Economic League, said yesterday: "There was no embargo on Russia in Russia, but the great proportion is how to get them out of a country which comes from the interior and is not nationalized by the Bolsheviks and where adequate transportation is lacking."

"There is plenty of grain in Russia, despite starvation in some of the largest centers of population in the north. Storage is due only to a lack of transportation to bring grain from the small villages. Another serious difficulty is that there was a surplus of 3,000,000 bushels of wheat and other grain in Russia, but it is mostly in the interior and not accessible to the seaports."

"Although there is no real famine in northern Russia, a great amount was in the possession of the Bolsheviks since control. The Bolsheviks seized the stores of flax and have moved it to the interior. Flax was taken from all tracks of it has been lost. Peasants have woven much of it into linen or coarse cloths and have taken to the place of cotton goods. Those who expect to get Russian flax will have to be no real famine in northern Russia, a great amount was in the possession of the Bolsheviks since control."

"A certain London firm recently received a consignment of flax from the interior. It was shipped from the Baltic to a port in Scotland. On examining the packing cases, they discovered that the flax was not the flax they had ordered. It was a cheap flax and afterwards sold by the Bolsheviks."

Coal Supply is Short. A serious shortage of coal in Russia is the Donetsk Basin. Under the first Bolshevik regime, the mines practically ceased to operate. Under the present regime, they were brought up to 1,000,000 tons, but only one-fourth the normal output and only enough to supply local needs.

"The trouble with Russian lumber is that most of it isn't cut. Vast quantities have been ready to meet the building needs of Europe and have been shipped from Archangel in the spring and winter."

Mr. Lanfield is skeptical of the ability of the co-operatives to carry out their plans. Papers have recently come from Russia he says, in which the Bolsheviks claim that they had replaced many co-operative officials with their own agents.

Admiral Bakhoff of the Union-Siberian Creamery Association believes the lifting of the blockade will result in a new civil war.

"All the raw materials are in the hands of the Bolsheviks," he explained. "The Bolsheviks will attempt to take these materials away from the peasants and when they do, within three or four months, Russia will be torn by a new civil war."

Bakhoff also affirmed that Russia had great quantities of raw material. He estimated that there were 35,000,000 tons of grain in southern Russia. "The nature of the grain is such that, despite unfavorable economic conditions, have been good during the last two years. He said that these parts of Russia which have been the most anxious to trade with the West, have been filled with petroleum products."

"I do not think there will be much trade as a result of the lifting of the blockade," he said, "as the Bolsheviks do not give the co-operatives free hand."

He characterized as "propaganda" the report that 400 tons of butter had just been shipped from Russia to England. "It was 200 tons, that was shipped, and not 400 tons, and that butter was shipped from Archangel last September when Koltchak was still in power."

Little Enthusiasm Shown. An executive committee of the Russian American Chamber was not enthusiastic over the outlook when asked what the result of lifting the blockade would be. "I do not think the lifting of the blockade will have any great influence," he said, "because Russia is up against a transportation problem which has made extensive trade impossible even before the war. The materials which have been held by commanders favorable to the Allies."

Swien Denikine was in power in southern Russia there were vast stores of raw materials in that territory. American, English and Italian business representatives were there eager to get their hands on them and Denikine was most anxious that these materials should be transported for foreign trade, but he might have a basis for credit. Despite all efforts, very little trade went on because of the lack of transportation, and in some cases because of over-indebtedness.

"However good the plans and intentions of the co-operatives may be, they will be up against the same economic problems as before—lack of transportation, lack of storage facilities and ab-

The death of Mrs. Grace Deinstadt Bates, wife of Dr. E. C. Bates, occurred in Houlton, Me., aged thirty-seven years, yesterday. She belonged to St. Stephen, N. B., and was a daughter of Dr. and Mrs. W. M. Deinstadt of that place.

RED CROSS ANNUAL MEETING

Mrs. J. A. McAvity Again President—Reports for Year Submitted.

At the annual meeting of the Red Cross Society of St. John held yesterday afternoon in the depot in Hazen avenue, it was decided to "carry on" in peace time with as great effort and as wide a scope as during the war. Mrs. J. A. McAvity presided and received the reports of Miss Alice Warren, secretary; Miss Edith Skinner, campaign fund; A. Skelton, treasurer; Mrs. F. S. White, medical committee; Mrs. G. K. McLeod, yarn committee, and Canadian war contingent association committee; Mrs. H. Lawrence, port committee; Miss Lillian Hazen, provincial branch; Miss John Ambulance Association, and Mrs. J. A. McAvity, Toronto convention.

In the report of the provincial association it was shown that expenditure had amounted to \$18,000.11, the receipts \$12,760.01, and the balance of \$5,239.10. The report was presented to the Pearson Hall, Toronto, for the benefit of blind soldiers. Among the many items sent by the local branch were 6,990 pairs of socks.

Upon suggestion of Mrs. Lawrence and Mrs. George F. Smith it was decided to ask the Victorian Order of Nurses and the Anti-Tuberculosis Society nurse to wear a Red Cross badge and report to the association.

Mrs. Murray MacLaren gave a very interesting talk on the work of the Red Cross Society overseas, and her personal observations in some of the hospitals there.

The election of officers resulted as follows: President, Mrs. J. A. McAvity; vice-presidents, Mrs. George F. Smith, Mrs. James F. Robertson, Mrs. H. Lawrence, Mrs. A. F. Skelton, Mrs. A. C. Skelton; secretary, Miss Alice Walker; general committee, Mrs. R. C. O'Brien, Mrs. A. J. Hooper, Mrs. Campbell, Mrs. Murray MacLaren, Mrs. F. J. Harding, Mrs. H. Veeman, Miss W. Winslow, Mrs. C. A. Belves, Mrs. F. S. White, Mrs. A. Morrissey, Miss F. Skelton, Mrs. G. K. McLeod.

BAKER FAVORS MARNE MEMORIAL

New York, Feb. 2.—Thomas W. Lamont, chairman of the National Committee for America's Gift to France—the Marne Memorial Statue to commemorate the battle of the Marne—gave out a letter yesterday from Newton D. Baker, secretary of war, endorsing the project. The letter follows:—

"Where the invading crush of the enemy stopped on its way to Paris and where the American forces rendered some of their finest and most effective aid in the defensive battle line, it is peculiarly fitting that some lasting memorial should rise. Returned soldiers have told the thrilling story of the effect upon the population as a whole of the knowledge that the French would wish that the Americans' Neither the American people nor the French would wish that the statue proposed be characterized by elaborateness or costliness, but rather that its quiet simplicity should remain through the years as a reminder of the co-operation of great nations in a worthy cause."

Exclusive New Evening Frocks Have Just Arrived

Displaying the newest and best approved style features for early spring. Each model has its individual charm, and you can choose from a host of wonderful colors.

One exceedingly charming gown is composed of Black Satin with wide sleeve draperies of Tulle. Bottom of skirt is heavily bordered with silver embroidery. A narrow silver ribbon girdle encircles the waist and a corsage decoration of velvet flowers of rich pastel shades adds just the wanted coloring.

A youthful frock worthy of special mention is developed in Apricot Pussy-Willow Taffeta with one-sided overdrapery of peach colored printed Georgette. This has a fluffy ostrich ornament at waist.

Skirt panels entirely composed of ostrich feather bands, hip and shoulder draperies of various kinds, and touches of metallic ribbon or brocade are all among the decidedly new features portrayed by these delightful gowns.

found by passersby, who saw three bodies huddled together, and the time the police arrived on the scene. The murder victims have not been identified positively, but from letters found in their pockets it is believed they were Sylvester T. Russo, a designer, and Michael Yelanoz, both of Buffalo, N. Y. Communication with Buffalo by police serves to corroborate the identification.

Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already numerous, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist (or if you prefer write to the Maruola Co., 864 Woodward Ave., Detroit, Mich.) for a large case of Maruola Prescription Tablets. \$1. is the price the world over. By doing this you will be safe from harmful drugs and will be able to reduce two, three or four pounds a week without dieting or exercise.

RAISE FOR SUGAR WORKERS

San Juan, Porto Rico, Feb. 3.—The publication of a letter sent to Acting Governor Jose A. Benedito by Peter J. Brady and Anthony McAndrew, representatives of the American Federation of labor, declaring labor conditions such

He declared that infant mortality was not really a medical problem, but a social problem of motherhood and a question of racial morals. Dr. Saleby quoted figures showing that despite bad housing, bad sanitation and virtually no child welfare efforts, infant mortality in western Ireland was only about 35 per thousand, as compared with 135 in 1,000 in Bradford, England, which has the best equipment for infant welfare in the world.

Many of the sugar operators, at a meeting with the acting governor on Tuesday, agreed to advance wages 30 to 50 per cent with \$1 to \$1.50 per day as the minimum wage.

Polarine
FRICTION REDUCING MOTOR OIL
Makes a good car better

The name Imperial Polarine on your lubricant container is like the buoy on the sea that guide the mariner past shoals and rocks.

Imperial Polarine Means Safe Lubrication

The right grade of lubricating oil is as essential to safe motoring as the buoy is to navigation. The use of a lubricant of the right body prevents many breakdowns and engine troubles. Imperial Polarine is the ideal winter lubricant. It maintains effective lubrication when cold is intense and internal heat high. Imperial Polarine keeps compression tight, and minimizes wear on moving parts. It prevents friction, scored cylinders and fouled spark plugs, because it maintains its lubricating efficiency under wear. Imperial Polarine will not congeal in cold weather neither will it run thin at engine heat.

Imperial Polarine, Imperial Polarine Heavy, Imperial Polarine A—three grades—learn which is best suited to your car.

Transmission and differential lubrication by means of special Polarine oils and greases combined with Imperial Premier Gasoline assures care-free motoring winter or summer.

Sold in barrels and half-barrels, 12½ gallon steel kegs, four gallon, one gallon and half-gallon sealed cans.

ST. JOHN MACHINISTS ON STRIKE

Strike headquarters, Odeonville, Hamilton street. 108650-2-3

When an editor-in-chief of one of the motion picture magazines recently married some one suggested that his bridegroom make a little speech. The man, being unusually reticent, showed his unwillingness to do so by blushing and stammering his apologies, and this only made his friends more persistent. They continued urging him until he was finally obliged to make some kind of an attempt. He arose awkwardly, and as he stood beside his bride he unconsciously placed his hand lightly on her shoulder and began: "Ladies and gentlemen, this has been thrust upon me." He was interrupted by much laughter and applause and he immediately sat down in hopeless confusion.

MORE MOTORS ON ONT. FARMS THAN IN CITIES

Buggy-Riding Out of Date, According to Official Figures.

Farmers in Ontario last year owned more passenger motor cars than were owned in all the cities of the province; they also owned more than double the number of passenger cars owned in Toronto, and far outdistanced all other occupations in the number of cars owned by individual trades. Toronto owned almost one-fifth of the cars licensed in the province.

These are some of the outstanding statistical features in a report made public last night by Mr. W. A. McLean, Deputy Minister of Highways. Complete figures for 1919 show a considerable increase in the number of licenses granted as compared with 1918. The figures are:

Passenger cars—1918—101,845; 1919—127,860.

Trucks—1918—7,529; 1919—11,428.

Drivers' licenses—1918—10,629; 1919—15,400.

Motorcycles—1918—5,022; 1919—5,516.

Passenger cars show 46,614 registrations for cities, and 80,898 outside cities; motor trucks, 7,820 for cities and 3,607 outside of cities. Toronto had 21,747 passenger cars and 4,890 trucks, and Hamilton comes next with 4,948 passenger cars and 689 trucks.

The classification according to occupation shows 46,997 passenger cars and 825 trucks owned by farmers. Skilled trades come next with 15,042 passenger cars; business men 13,887; doctors, 3,157; other professions, 5,119; manufacturers 4,362.

According to horsepower, 104,108 are of 20 h. p. or under; 15,219 are from 26 to 30 h. p., and the remainder, 4,497, are over 30 h. p. Types are: touring cars, 118,991; runabouts, 8,471; coupes, 2,389; sedans, 2,828.

Of motor trucks, according to carrying capacity, 9,790 are one ton or less; and only 175 are of 4-ton capacity or over.

The American Commercial Association to promote trade with Russia decided at a meeting in New York yesterday to send a mission to Soviet Russia to foster commerce.

A statement issued from Dublin Castle bearing on the arrests made on Saturday says: "The roundup had nothing to do with the recent elections."

FORMER ICE CHAMPIONS

Visit of Hugh McCormick to Norway

Boston Writer Recalls Others Well Remembered and Refers to Bobby McLean's Chances in Europe.

(By Bob Warner in the Boston Globe.)
The series of races for the speed ice skating championship of the world between Bobby McLean of Chicago, the present holder of the title, and Oskar Mathiesen of Norway, which will take place at Christiania, Norway, in February, like other international events for world's supremacy in athletic sports, will prove a great impetus to renewed interest in this sport in America.

Since the war, athletic competition has gained universal favor with the allied nations, inasmuch as they have all seen the value of physical development and national patriotic interest in competitive sport.

Let us hope that Bobby McLean will do as well as did Joe Donoghue when he visited Europe in the winter of 1898-1899, when he won the two-mile world's championship at Holland, including a special visit to Hamburg, where he snowed the way to the German champions. In January, 1891, Donoghue again crossed to meet the best of Europe on the small track, defeating all comers, including the best England could dig up. In 1892 he won all events at Montreal.

The first foreign speed skating champion to visit America was that wonderful all-around fancy and acrobatic speed performer, Axel Paulsen of Norway, coming over in 1888. His trip, so far as speed was concerned, was a failure. The small tracks were his undoing, but the undaunted Norwegian hied himself back to Norway and the following year returned to America, beating the best this country and Canada could produce. Paulsen was defeated by Harold Hagen, Norwegian, in 1888.

In 1890 Paulsen visited Canada, where he was defeated by Hugh McCormick, the Canadian champ, on a small track. In 1892 Hagen (Norwegian) beat Smart (English). Hagen visited America in 1895, winning from F. Brown, Canadian at Minneapolis. McCormick, Canadian, defeated Hagen the same year on a small track.

Johnson Displaced Donoghue.
The following year McCormick went to Norway, where in three races he was defeated by Hagen on a big track. Joe Donoghue gave way to John S. Johnson of Minneapolis, one of the world's greatest skaters, whose record for one mile outdoor track of 2:58.85 in competition still holds, as well as his American-Canadian record for ten miles on a quarter-mile track of 31 min. 11.4 sec., made in Montreal in 1896 and which was a world's record until beaten by V. Bergstrom, Stockholm, in 1919.

Peter Ostlund, European champion, on his visit to America when he was defeated by Johnson, gave the spectators a good laugh, when he gave the humorous but well-meant excuse or reason for his defeat. The ice being very soft Johnson very wisely was equipped with thick bladed skates, which lessened their cutting into the ice; Ostlund wore his thin-bladed tubulars, and, of course, was compelled to use his strength up tearing through the soft ice, after the race, Peter said: "Well, what you expect, Johnson, he skate over the ice, I skate under the ice."

Johnson was superseded by that versatile, any-old-track world's champion, Johnny Nilsson of Minneapolis, whose superiority as an all-around speed skater has never been equalled.

Norval Baple of North Dakota gave Nilsson some wonderful battles, but in competition (not against time at the short distance) did Nilsson outshine them all. He defeated Joe Donoghue, John S. Johnson, Baple, McCullough, the Canadian champion, Harry Davidson and all the rest of them. Nilsson's records for two, three and four miles, made at Montreal in 1894, still stand.

"Bobby" McLean is built on the same lines as Nilsson and is "there" on any kind of a track, and as a sprinter he is equal if not just now faster than any

of the ex-speed champions, holding the world's record for the half-mile, in 1:59. I will say especially on a medium-size track about eight laps, to the mile. McLean has already defeated the Norwegian fifteen out of sixteen starts on the small tracks, but as Mathiesen still holds the world's records on the big

track of 300 meters, 43.7-10; 1,000 meters, 1:31.4-3; 1,500 meters, 2:17; 5,000 meters, 8:36.3-10; 10,000 meters, 17:22.3-5; it looks like (especially in the longer distances) that Mathiesen, with his stroke of forty feet, against McLean's thirty-six feet on the big track will have his best chance.

BRITISHERS IN CAMPAIGN TO KEEP DOWN RATS

London, Jan. 17.—(Correspondence Associated Press)—The people of the United Kingdom young and old, have embarked on another vigorous campaign

Sleep is the Body's Building-up Time

ONLY deep, sound sleep can restore the energy spent in your day's work.

You can't get this kind of sleep in a wooden bed that creaks and groans every time you move in it. Or a metal bed that rattles and sways. Or on a spring that sags—does not support the body.

People who know the facts are going beyond the mere looks of a bed, and asking about sleeping quality.

There isn't anybody anywhere but will sleep better on a Simmons Metal Bed and Waldorf Box Spring.

THE Simmons Metal Bed is noiseless. It locks firm at the corners. The corner locks are made of pressed steel—fit true and snug—not a creak, rattle, or feeling of unsteadiness.

It is perfectly rigid—feels and moves like one solid piece.

The Simmons Pressed Steel Corner Locks are protected by basic patents—exclusive with Simmons Limited, not to be duplicated or imitated.

If you want the most relaxing and constructive sleep anyone can get, you'll find it in a Simmons Twin Bed.

Everywhere people of refinement are learning that there's nothing like a separate bed for promoting perfect rest and good health.

This advanced thought about sleep has long been a Simmons specialty. They are pioneer makers of Twin Beds. There is nowhere a showing of Twin Beds equal to those produced by Simmons Limited.

And in Simmons Waldorf Box Spring you will find a spring that really does what you have always wanted a bed spring to do.

It invites complete relaxation, sound and health-giving sleep.

It supports the body at ease on fine resilient spring coils—each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

It fits firmly on the bed—is noiseless—does not sag, hump or lose its resiliency.

It is covered with ticking of the finest grade and great wearing quality, in new and attractive designs.

NO doubt you're tired of trying to get the right kind of sleep on a bed made merely for looks.

You'd be glad to get a good metal bed. The Simmons Bed comes in enameled steel and in lacquered brass—new and beautiful designs.

Not all furniture dealers carry Simmons Beds. But leading merchants everywhere have a complete stock of Simmons Metal Beds, Waldorf Box Springs, Simmons Mattresses and Pillows.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

If you do not know the Simmons merchants in this section, we shall be glad to send you their names.

HOW TO IMPROVE TRADE RELATIONS WITH WEST INDIES

Closer trade relations with the West Indies and the question of decreased time allowance on cars for lumber shipments were discussed last night at the monthly meeting of the board of trade, W. F. Burdett, vice-president, in the chair.

A resolution protesting against the proposed reduction on the time allowance of lumber shipments by the Canadian National Railways, was read by A. H. Wetmore and adopted.

The council of the board came in for some criticism when A. H. Wetmore said that some new blood was needed, and that there was too much routine in the election of members.

Secretary Armstrong read a summary of the activities of the board during the last month, which included a conference with the railroad and the greater importance of the Old Home summer week promoters in Halifax.

Dr. A. H. Barnard, president of the board, said that the board was working to improve the local freight conditions, water power development in this province, and to effectively carry on the greater business that is being done here.

H. C. Schofield read a resolution from the Montreal Board of Trade favoring cooperation in bringing about closer trade relations between Canada and the West Indies.

After a discussion by G. E. Barbour, E. Allan Schofield, H. C. Schofield, and Mr. Burdett, it was moved by M. E. Azar, seconded by Mr. Wetmore, that a committee be appointed to study the West Indies trade question and steamship service.

E. Allan Schofield pointed out that there were many opportunities for trade with the West Indies, but that manufacturers could not supply goods at the present time, owing to the domestic demand.

A great increase in the foreign population of the Argentine is expected owing to the immigration. Already nearly one-half of the population of Buenos Aires is foreign-born and the majority of these have failed to become citizens, although only two years' residence is required.

Many have long been residents of Argentina and are large property owners.

The influx of new immigrants has prompted a proposal by Dr. Juan Carlos Garay, professor of law in the University of Buenos Aires, to propose enactment of a law making naturalization obligatory without renunciation of citizenship.

Garay hopes in this way to solve the problem of persons to become citizens and take part in the affairs and politics of the country.

He advocates a revolutionary doctrine but contends that for Argentina his advantages would outweigh the disadvantages.

ROTARIANS HEAR TALK ON BASEBALL

Joe Page, Their Guest at Luncheon, Gives Some Timely Advice.

In a very interesting talk before the Rotary Club yesterday, Joe Page, well known sporting authority, said that if St. John entered the New England Baseball League it would mean that more than 100,000 visitors from outside the city would attend the league games in this city.

The club decided to co-operate with the Commercial Club and the board of trade in insuring a good audience for Dr. J. W. Robertson when he comes to the city.

Mr. Page, who was given a very hearty reception by the largest number of members who have attended a luncheon of the club for a considerable period, began with a brief history of baseball.

He pointed out that at the beginning of the American war, in 1861, baseball ceased to be a winter pastime but was taken up by the soldiers. After the war there was a great revival.

Exactly the same thing had happened in the recent war and now that the war was over there was a wonderful revival of interest in baseball among all lines of sports.

According to the coming of immigrants into Canada, Mr. Page pointed out that the English on the play-fields with Canadian boys would also gain the physical benefits of the game.

Dealing with the subject of new industries, he pointed out that if any large concern proposed to locate in St. John, among the things it would want to know would be the opportunities for recreation for its workers.

At present, what had St. John to offer outside of the movies? Discussing baseball, from the point of view of a sportsman, he said that if St. John entered the New England League, it would bring outside people into the city and spend money during the season.

The city would also gain the physical benefits of the game, and the people of the town and said experience had shown in the past that St. John, with proper facilities would be one of the best of its size in America.

In conclusion he referred to the development of the Rockwood country as a field for recreation for purely amateur sport and said the line should be sharply drawn between professional and amateur sports.

The chairman said he had not doubt Mr. Page's presentation of the case would appeal strongly to the members of the Rotary Club and, in their behalf, thanked him heartily for his attendance and the valuable information he had laid before them.

THE TRIBULATIONS OF EDITOR STEWART (Chatham World).

Whatever content one might be inclined to give to Sir Oliver Lodge's statement that he has held communication with the spirit world, and that the dead are conscious of what is transpiring on earth and can communicate with the living, it is a statement which is completely destroyed by the lack of any well-authenticated return of an editor to office when the mutilated remains of his editorial writings have been put into type and given to the public.

The only reason why many a departed editor has not appeared in the midst of his printers, and signified his disapproval of a work by wall-shaking, knockings, or otherwise, must be lack of knowledge or lack of power on the part of the editor.

And if editors are not to share in any good thing that appertains to the spirit world, why not? Most of them live largely on air in this world and ought to live and move in air in the next if anybody does. And who can be supposed to have a more compelling desire to get back to the scene of his life labors, if only for a moment, than the writer who sees compositors and proof-readers mangle his copy and thereby, in the words of the late David Staines Kerr to James Hannay, when the latter read had muddled an argument, "handing him down to posterity as a many-adjectives, half-foot?" We are impulsive that moved us, during a short period of absence, to our old friend, Coun. A. M. Arsenau changed into "Anderson" (slaughtered, as it were, the office of a pitchforked from its place in the line and dropped between the year and may of a work by the omission of several lines of the report, that even though they were within spirit possibilities, had made common enough in the port from being printed in it mutilated state.

But no editor ever did disappear in his office in such circumstances, therefore we know that such returns must be a spirit-possibility, and that Sir Oliver is a victim of self-delusion.

He gave as one of his reasons his objection to the caucus system.

CLERKS FOR SATURDAY EVENING CLOSED SHOP At a meeting of the St. John Clerks' Association held last evening in the Natural History rooms, a committee appointed to interview the merchants regarding Saturday night closing reported that the majority of the merchants were in sympathy if the smaller stores closed.

A committee with Archibald Campbell chairman, and George Cochrane, assistant chairman, was appointed to wait on the common council with regard to passing a by-law compelling stores to close on Saturday nights. A. E. Devlin presided. The association plans putting on an entertainment.

JESSE POMEROY IN A PRISON MINSTREL SHOW Boston, Feb. 3.—Jesse Pomeroy, who has spent forty-three of his sixty-one years in the state prison, appeared last night in a specialty number in the annual minstrel show given by the inmates. Pomeroy, who is serving a life sentence for murder, recited original poems of thirteen stanzas. Unless three years ago Pomeroy was kept in solitary confinement.

JAMAICA MAY SEIZE LIQUOR Kingston, Jamaica, Feb. 3.—The government is considering a proposal to put the liquor traffic under state control. There are numerous American tourists in the island now, the rush being said to be due partly to the enforcement of prohibition in the United States.

Rumor Also Busy with Name of Viscount French—Despatches from Dublin Correspondent.

London, Feb. 3.—The possible resignation of James Ian MacPherson as chief secretary for Ireland again is being freely discussed in Dublin, and rumor also is busy with the name of Field Marshal Viscount French, the lord lieutenant, according to the Daily Mail's Dublin correspondent.

"Another search for Sinn Fein leaders is being made on Monday morning, but none were found," Viscount French arrived in London Monday evening. He officially said that his visit is not political.

FLOCKING INTO ARGENTINA Many Germans Are Among the Settlers from Europe.

Buenos Aires, Jan. 10.—(Correspondence Associated Press)—Every steamer arriving here from Latin ports is loaded with immigrants coming here to settle. Most of these are the Dutch ships are Germans. They are attracted by the fact that Argentina is prosperous, unscathed by war and that it gives promise of rapid development.

A great increase in the foreign population of the Argentine is expected owing to the immigration. Already nearly one-half of the population of Buenos Aires is foreign-born and the majority of these have failed to become citizens, although only two years' residence is required.

Many have long been residents of Argentina and are large property owners.

The influx of new immigrants has prompted a proposal by Dr. Juan Carlos Garay, professor of law in the University of Buenos Aires, to propose enactment of a law making naturalization obligatory without renunciation of citizenship.

Garay hopes in this way to solve the problem of persons to become citizens and take part in the affairs and politics of the country.

He advocates a revolutionary doctrine but contends that for Argentina his advantages would outweigh the disadvantages.

YANKS START NEW ACTION IN COURT

Request Johnson Be Compelled to Produce Contracts with Telegraph Company.

New York, Feb. 1.—The New York Baseball Club started new legal action against President Ben Johnson of the American League yesterday. Papers were filed at the county clerk's office in an action brought by the Yankees to compel Johnson to render an accounting to the supreme court of the income derived from disseminating baseball scores through the Western Union Telegraph Company and various news agencies.

The complaint alleges that for many years the contracts for this news have been made with the Western Union by Johnson. He charges that all the proceeds from the contracts should have gone into a sinking fund of the league, but that he has not taken any such action. He also charges that Johnson is a boy named George Ruth he saw on the grounds.

"When I reached the school and told the brother in charge that I wanted to see a boy named George Ruth he saw on the grounds. He quickly summoned him and I saw him. He was quite the most conspicuous figure on the grounds.

"I had heard about the kid and wanted to try him out. He replied that every thing I had heard about the kid was true, but that I could not take him into the office as the overgrown kid had noticed outside. I explained to him that I had heard of Ruth's progress as a ball player and wanted to try him out. THE MOVIE SERIALS. To the Editor of The Times: Sir—As many of your readers are aware the National Council of Women of Sydney, N. S., has asked the Nova Scotia senators to prohibit theatres showing serial pictures on Fridays and Saturdays the days on which children most flock to the movies. Their contention was so sound that it impressed me much at the time and now that I have seen their action commented upon and endorsed by a large New York publication I am still more impressed.

It may seem strange that I, who might be called almost a plunger in the picture business, should take this stand, but the fact is that I have consistently refused to exhibit serials or ultra-vaudeville pictures for the very reasons set forth by the ladies of Sydney.

It has always been a source of wonder to me why the censors would pass such lurid and highly injurious trash and at the same time condemn some of the most beautiful scenes in modern drama.

RUTH'S REMARKABLE RECORD

George ("Babe") Ruth has had a remarkable career, both before and since his entrance into professional baseball. As a boy he took more kindly to playing ball on the sand lots of Baltimore, his native city, than to the school which he was committed to in the winter of 1913-1914. Jack tells an interesting story of his first glimpse of the boy, who was destined to thrill the world of sport with his tremendous hitting.

It was a bleak winter day on which

FOUND MRS. SPANG VAIN IN HER OLD AGE

(New York Times)
Dr. Luther B. MacKenzie, of 68 West Fifty-first street, who attended Mrs. Rosa E. Spang at the Waldorf-Astoria after the death of her husband and before the return from war duties of Dr. James F. Nagle, was the chief witness yesterday for the daughter, Mrs. Mabel Croome Anderson, in her contest for the \$2,000,000 estate of Mrs. Spang. The witness said that Mrs. Spang was senile and irrational but admitted on cross-examination by Henry W. Taft that she was the daughter of the late Mrs. Spang.

Dr. MacKenzie testified under examination by former Senator Edgar T. Brackett that Mrs. Spang told him before the death of her husband, who left her more than \$2,000,000, that she felt she was going to inherit money and asked his advice. She expressed doubt about lawyers, he said, and he told her that her case presented no complications so far as he as a physician could see, and suggested that any honest attorney would do. Dr. MacKenzie said that Mrs. Spang told him that State Senator Charles C. Lockwood, her husband's attorney, was "trying to get her money," and that he had her sign some kind of a paper, but she didn't know what it was. She also complained that she couldn't afford to live at the Waldorf and asked him to find her a cheaper place.

Dr. MacKenzie said that Mrs. Spang led him to her husband's sick room, and moving her fingers before her sightless husband's eyes, she asked him if "thought her husband was really blind." After her husband died Mrs. Spang was suspicious of every one, the witness said, because she thought all were after her money. Her estimates of her friends shifted, the witness said, and she was trying on a new bonnet after her husband's death she posed before the mirror and said: "How young Mrs. Spang was noted for the beauty of her face and figure, and in reply to questions by counsel Dr. MacKenzie said she asked him if he didn't think she had a "wonderful figure" and that when she was trying on a new bonnet after her husband's death she posed before the mirror and said: "How young Mrs. Spang was noted for the beauty of her face and figure, and in reply to questions by counsel Dr. MacKenzie said she asked him LOCAL NEWS

CHILD DEAD.
Friends of Mr. and Mrs. G. W. Thife of Martintown will regret to hear of the death of their infant child, Barbara J., which occurred yesterday.

CORRECT NAME.
In connection with a wedding notice published a few days ago, the groom's name should have read Alfred H. Mallis, instead of Malls. He and his bride, who was Miss Alice R. Brighton, will live in Millidge avenue.

CHANGE OF LOCATION.
As the board of tax assessors are occupying the committee rooms in city hall, the usual committee meetings and sessions of the common council for the next two weeks will be held in the office of the mayor, or that of the city chamberlain.

AFTER FIFTY YEARS.
Marking their fiftieth successful year the McLaughlin Motor Car Co. Ltd. have issued a very attractive calendar for 1920. It is in colors, showing the original McLaughlin motor factory, the old-time Democrat wagon and the McLaughlin Master Six, their special motor car, speeding along the coast road.

A SAD CASE.
A woman named Christine Collins, of the North End, was picked up last night about eight o'clock lying in the snow near Long Wharf. She was taken to a shop near by. It was said she had been subject to ill-treatment, lacked food and clothing and was half frozen. She was taken to the hospital and then to the police station, where it was decided to hold her awaiting developments.

DEATH OF SOLDIER.
Many will regret to hear of the death of Walter J. Whipple, which occurred in the County Hospital this morning. He was transferred to the C. P. R. with which he saw much active service, and was badly gassed which led to his death. He is survived by his wife, formerly Miss Margaret Garnett, daughter of the late Patrick Garnett, of North End, and five children, three sons—Walter, Patrick and Walter; and two daughters—Margaret and Annie, besides his mother and father, three brothers and two sisters, of Portland, Maine.

NEW MANAGER OF POWER COMPANY

T. H. McCauley Coming Here This Month from Calgary to Take Charge.

A change in the management of the New Brunswick Power Company is soon to take place according to the arrangements. H. M. Hopper will become secretary-treasurer of the company and manager of the Eastern Electric Co., while Thomas McCauley is to come to the city in about a fortnight from Calgary to become general manager of the power company. An expansion of the Eastern Electric Co. is planned for 1920. It was expected that the changes would have become effective about the first of this month but Mr. McCauley has been detained unavoidably in the west and is not due here now before the 15th of the month. He is being sent as an efficient street railway manager with a thorough knowledge and much experience in this branch of business in several cities besides Calgary, where his work is said, has been very successful. There the railway is municipally controlled and is conducted on the one-man car system.

POLICE COURT

A case against Cecil Livingston, charged with stealing two barrels of twine, valued at \$150, the property of the Cornwall Milling Company, was resumed in the police court this morning. George J. Carr, a C. P. R. checker, said that on Jan. 14 he checked a shipment of twine addressed from the Cornwall Milling Company to Baker & Company, Brantford, Ont. Percy E. Dardan also gave evidence. Hall Clayton, proprietor of a grocery store in Brussels street, said that the accused called at his place of business in one of Emerson & Fisher's teams and sold him some twine at fifty cents a pound, which was valued at seventy-five cents a pound. The witness said the accused told him that Emerson & Fisher were taking stock and this was old stock on hand they were disposing of.

G. Earle Logan, counsel for the defendant, said that the witness must have had suspicions on hearing this, but this the witness denied, saying to the magistrate: "Your honor, I have grape fruit down in my store that I would give you for nothing if you would send your team down for them," meaning by this, possibly, Emerson & Fisher were disposing of old stock at half price.

The case was postponed and the accused remanded to jail. H. H. McLean, Jr., appeared for the prosecution, and G. Earle Logan for the defence.

A case against Clarence Whipple, charged with stealing raincoats valued at \$80, the property of the C. P. R., was resumed. He denied stealing the coats and said he was looking for a case addressed to a firm in Montreal and while searching he said he noticed a bundle on the floor and he picked it up moving it to another part of the shed. He said he then went to find the checker to report what he had found. He said he did not have the goods in his possession with any wilful intent. The case was postponed until this afternoon. H. H. McLean, Jr., acted for the prosecution and E. S. Ritchie for the defence.

James McDonald was charged with being drunk and also destroying property in a store in Waterloo street. He was remanded.

Minnie Burns, a colored woman who was arrested in the C. N. R. yard last night on charge of being drunk, was remanded.

William Kosmek, an Austrian, who has been before the court several times recently charged with vagrancy, was again arraigned this morning but was allowed to go on condition that he leave the city.

Two men charged with being drunk were remanded.

A NEW PLAN UNDER D. S. C. R.

Instructions of Interest Are Received at the Local Office re Grant of Loans.

Instructions have been received by the local offices of the D. S. C. R., vocational training branch, in connection with the grant of loans to disabled soldiers who have completed a course in training with the department, to apprentices and students whose education has been interfered with by the war and who are suffering from a disability which is not sufficient to entitle them to a course. A grant not exceeding \$500 is payable under the new arrangement, to cover expenditure on tools and equipment, books and fixtures, the purchase of which is to be in the hands of a member of the D. S. C. R. staff for proper supervision.

Such loans will be made but where necessary assistance will be given to those entitled to the loan to continue their education. All applications for the loan must be made within three months from Jan. 1 this year. The loan carries no interest and is given only to those unable to begin in business without assistance and who satisfy the board as to the bona fides of their claim. Those who have already received loans under the Soldiers' Settlement Board will not be eligible.

Men who are now taking courses under the vocational training department have two months from the date of completion of their course to make application for the loan. Promissory notes are taken from each successful applicant, and his application must be supported by at least two responsible business men in his community in order to protect the government against loss.

REAL ESTATE NEWS

Real estate transfers recently recorded in St. John include:

City of St. John to Jeremiah Stout, property in Lancaster.

Catherine Davis et al to Municipality of St. John, \$5,000, property in White street.

J. V. Lantulum to Municipality of St. John, property in White street.

Heirs of Hiram Nice et al to Agnes Nice, property in Duke street extension, West End.

H. F. Puddington to J. F. Gregory, property in Sydney street.

TAXES MAY BE HIGHER BUT NOT SO GREAT CLIMB

There was a ready response to the call to the colors this morning when the board of tax assessors opened office in the committee rooms, city hall, for the receipt of income statements from the St. John citizens. Declaration of real estate properties were also made. It was announced that the office will be open each week day from 10 a. m. to 4 p. m. and in the evening from 7 to 9 o'clock. The taxpayers, though facing a rise in rates, are somewhat consoled with the fact that they do not have to climb the winding stairs to the office which was used last year. E. Murray Olive, chairman of the board, is well satisfied with the start that has been made on the work. The closing day for the receipt of statements has been advanced from Feb. 10 to Feb. 11.

ANOTHER CALENDAR.

The Times has received a nice office calendar from the Continental Life Insurance Co., R. C. Cruikshank, Market square, provincial manager.

BOY SCOUTS OF NEW BRUNSWICK THIS IS YOUR WEEK

REMEMBER—

A Scout's duty is to be useful and to help others.

A Scout whistles and smiles under all circumstances.

A Scout's honor is to be trusted.

These are three of the many practical teachings of the Boy Scouts Organization, and these alone, if nothing else, should commend the Boy Scout Drive this week to one and every person.

BOY SCOUTS remember also that Scovil Bros. are the official outfitters for this district, so that our uniforms and equipment are correct and the prices as low as is consistent with the quality.
