Entitled, "He Careth for You; or The Sailor's Garden," will be given by Adj. Ellsworth in the S. A. Citadel on **Wednesday Night** Dec. 8th, at 8 o'clock. Admission 10 cents.

Heavy Duty "Imperial" Engines
10, 20 and 30 Horse-power

Beside the Models A, M and B line of "IMPERIAL" MOTOR ENGINES, which are becoming so deservedly popular in this country, the company manufactures a **HEAVY DUTY LINE**, Model C. These are made to meet the demand for a slow speed engine for tow boats, schooners and large fishing boats. They are of the well known two cycle three port type, and are the latest word in two cycle engine construction. The cylinders are cast with solid heads, and are separate from the crank case, which is in two parts. Die cast, nickel babbitt bushings are used in connecting rod and main bearings. A large Plunger Pump gives ample water circulation and keeps the cylinders at the proper temperature. Fully equipped. Fully guaranteed. Made in 10, 20 and 30 horse power, 1, 2 and 3 cylinders. The 10 horse power has a bore and stroke of 5 1/2 x 6 inches, turns a 22-inch 3 blade propeller 450 revolutions per minute, and weighs 490 lbs. If interested get full particulars and price from

C. E. RUSSELL
Agent for the "Imperial,"
Guardian Office, Bay Roberts.

Public Notice

Under the provisions of Chapter 23, 2 Edward VII, entitled "An Act to amend the Post Office Act, 1891," and upon the recommendation of the Board appointed under Section 1 thereof, Notice is hereby given that, three months after the date of Proclamation will issue for the alteration of name, or the changing of place as under, that is to say:-

1. Middle Mountains, on the Humber River, Bay St. George, to be re-named **PATRICIA MOUNTAIN**, after Her Royal Highness the Princess Patricia of Connaught.
 2. Little River Section and Station Odrey, Bay St. George, to be re-named **ST. ANDREWS**.
 3. Salvage Bay District of Beauvis, to be re-named **EAST-FORT**.
 4. Little Beaver Cove, District of Fogo, to be re-named **PORT ALBERT**.
 5. Samson, Beauvis Bay, to revert to its original name of **FLAT ISLAND**.
- J. E. BENNETT,
Colonial Secretary,
Dept. of the Col. Sec'y,
Nov. 23, 1915.

Wanted

A small second-hand Trapboat, about 22 or 24 ft. long. Apply to C. E. Russell, Guardian Office.

For Sale

1 second-hand Buggy, steel tires, in good condition. Apply at this office.

The "Imperial" Engines

Used this summer have given splendid satisfaction. They have been what the manufacturers claim for them. They run like a sewing machine. Long life is assured the Engine because of the perfect water circulation which keeps the engine cool.

THE "Imperial" Engine

The Motor that Makes the Mark. Complete in every detail. Special price quoted for a short time. The "Imperial" is the Engine you will eventually want. Engines may be seen by calling at Guardian Office, Water Street West, Bay Roberts.

C. E. RUSSELL,
Agent for the "Imperial."

C. E. RUSSELL, Agent.

One of the Objections

Yesterday we reported that the liquor interests had retained Mr. M. W. Furlong, K. C., to attack before the Supreme Court the validity of the Prohibition Act passed at the last session. We hear that he will also submit to that tribunal various reasons which the liquor interests indicate will justify cancelling the vote just taken. One of the most important of these is that a circular of instructions signed by Mr. A. A. Parsons, Superintendent of the Penitentiary, in his capacity as Secretary of the Prohibition Committee, and apparently sent, amongst others, to the returning officers in the outport Districts, was seemingly regarded by these gentlemen as being official documents and were actually retained by them to the Colonial Secretary's Department in St. John's, included among the official documents which they have to return here with the various papers and forms after an election takes place. -Herald, Nov. 27.

Church Union

Recently the question of Church Union was voted on by the St. Andrew's congregation, St. John's, with the result that the decision of three years ago was reversed. In that year 59 voted for Union, and 209 against. Sunday's figures were:-

For	Against.	
Elders.....8	3	
Communicants 134	63	
Adherents.....32	18	
	174	84

A vote of over two to one.

The sch. A. M. Fox, Capt. David Davies, is at Laramie.

Twenty-six hundred have volunteered to date for the N.H. Regiment.

Mr. Geo. Hierlihy's sch., the Rattler, arrived back from Trinity Bay on Thursday night. She brought a load of brick and fish drum material.

A young man named Swaffield, son of the Hudson Bay Co.'s agent at Cartwright, arrived by the Sagona to enlist in the Navy.

Some of our fishermen who had traps and other fishing gear on board the Swallow will lose very heavily.

The investigation into the recent fire was continued all through this week.

Codol is now worth \$150 a ton.

Coal is very scarce here now. In fact, there is none to be got, and a coal famine is likely to occur.

SUNDAY SERVICES.

ST. JOHN'S.

NEWS IN A LINE

The Colonial Chemical Co. has gone into voluntary liquidation.
The Legislature is further prorogued until Dec. 29th next.

Mr. Stephen Mercer, who was attending the F. P. U. Convention, returned home Saturday night.

We hope to publish letters from some of our boys who are at the front in our next issue.

The experience of the Blanche M. Rose shows that suitable steamers should have been sent out from St. John's on Wednesday, the day following the big gale, to search for missing or disabled schooners.

The Salvation Army in Canada is raising money to purchase a number of Red Cross motor ambulances. We notice that Ensign Harry Hind has been very successful at Halifax, having raised enough money to purchase one ambulance.

The liquor sellers are fighting a hopeless case. Nearly 25,000 people have said "Yes, we want the Prohibition Act put in force," and it's got to be done or they will know the reason why. We are fighting for the Right, and we've got to win.

The C. E. W. A. of Colley's Point wish through the columns of the Guardian, to thank all who helped so freely with cake, etc, and all who patronized their Sale of Work. The total proceeds amounted to \$216.00.

The annual meeting and election of officers of the Bay Roberts Council of the F. P. U. will take place in their hall on Monday night, Dec. 6th.

Lieut. M. Bishop, S. A. arrived home on Wednesday last, and is now under the doctor's care.

The steamer Daedelus, from Sydney to Manchester with a load of steel products, is out over 40 days, and grave fears are expressed for her safety. Capt. Baxter Harbour, of Wesleyville, was in charge.

All the steamers of the Ventures class have been sold to the Russian Government. The Russians intend keeping Archangel open at all costs.

The Bay Roberts Prohibition Campaign Committee will meet in the Empire Hall Thursday night, Dec. 9th, at 8 o'clock.

Miss Fraser and Mrs. Maude Mercer wish to thank those who so kindly helped them while collecting for the C. of E. Orphanage. A full list of all who subscribed will appear in next week's Guardian.

If what the Mail and Advocate says is correct regarding the negligence of the light keepers on Western Bay Point and Cape Spear during the storm of Nov. 16 and 17, when 19 people on board the Blanche M. Rose was in great danger, a strict investigation should be held, and if negligence is proved the guilty ones should be severely punished.

Rev. Dr. Jones at St. Thomas' Church

A large congregation was present at the Thanksgiving Service at St. Thomas' Church on Sunday evening, Nov. 21st. The service was partly choral, and was very hearty and impressive. The Rector, Rev. Dr. Edgar Jones, preached from the text: "It is a good thing to give thanks unto God." The preacher said in part: "We might find occasion for gratitude in what we consider the lowest thing—our food; or in the higher things—our redemption and the means of grace; or in the grateful fact that we have a Divine Parent to come to with our present heavy burden; or that we are in this war with a righteous purpose; or for the spirit in our brave boys that is sending them to face death for our Christian and national ideals; or for the simple annals of heroism on the battlefield and at home that are being daily told. But to-day our consideration is these features of England's spirit in this war that stands out in a world contrast to the spirit of pagan Prussia.

A nation's honor is its greatest asset. It is the foundation of its own self-respect, and the guarantee of other nations. England's unsullied honor in this dark hour merits the gratitude of the whole Christian world. Its unquestionable staleness makes all the more ghastly the rapid parody of Germany's story of dishonor. Parallel to this story is a violation of treaty by Zedekiah, King of Judah, and his counselors, a treaty made with the King of Babylon that an alliance should be made with Egypt, but afterwards treacherously broken. And God declared through his prophet that He would regard this violation of their word to Babylon as a violation of their word to Him and to expect vengeance; and moreover that the place that recorded their dishonor would record their humiliation. What God said to Judah He says to-day to Germany.

"Our gratitude is called for also by the freedom of England from the immoral type of militarism that prevails in Germany—a militarism so barbarous in its motives, so irrational and futile in its mission, and so fundamentally treacherous in its attitude towards God, that a Christian nation would seem to countenance it for a single hour. It is a foul creation of the baser passions of the heart, and so heinous in character that to call it brutal would be a reflection on the brute creation, which to call it barbarous would be an insult to the most enlightened barbarians.

"A third feature of the spirit of Christian England is the laudable code of ethics that lies deep in the heart of the nation, the beauty of which shines all the greater in contrast with German 'kultur.' England has her virtues—they are those of the New Testament. Germany has hers—they are those of Nietzsche, whose Zarathustra cries: 'a new beatitude give I unto you—Be Hard.' And that command we have heard many times during the past year. We heard it in the roar of the guns that destroyed the noble treasure buildings of Belgium and France; we heard it in the shrieks of the drowning victims of the Lusitania; we scented it in the murderous poisonous gases of Flanders; we heard it in the crack of the revolver that sent Nurse Cavell to her death. This beatitude of Germany, England abhors, and England knows that this cruel and abominable teaching will recoil upon Germany some near day to her entire destruction."

"Imperial" Engines
The first cost of a motor engine is important. The life of the engine is also important. Some engines wear only a short time; others go on doing duty for years. The cooling or water circulation has a lot to do with it. This an "Imperial" has. You can run the "Imperial" at the highest speed and yet keep it as cool as you wish.

WAR NEWS

The Governor Newfoundland, London, Nov. 24.—The Turkish position at Jeshon, eighteen miles from Bagdad, was captured with 500 prisoners on the 22nd. Our casualties were two thousand. Heavy counter-attacks were repulsed, but want of water to day caused retirement to the River, three miles below the captured position.

France reports mining and air duals. Russia: An enemy trench was captured on the Drina. Local successes at other points.

Italy: Strong entrenchment was carried on the Carso.

Serbia: Enemy reports continue to claim large captures.

Persian Gendarmerie revolted at Shiraz, and the British Consul was imprisoned.

BONAR LAW.

The Persian Outrages

London, Nov. 24.—A Foreign Office statement issued to-day on the subject of the arrest of the British Consul at Shiraz, in Persia, by revolting gendarmerie, saying without the knowledge of the Persian Government, as announced yesterday, says that the prisoners have now been removed to the neighbourhood of Ohran, where they are apparently in charge of Hans Wassmann. The gendarmerie in Persia are in open revolt against their Swedish allies. The statement adds that they held Kun in the interest of the Germans. After declaring that further outrages have been committed by these gendarmes, giving instances, the statement concludes:—These acts of rapine and outrage were done in defiance of the Persian Government, and are instances of the way in which German agents instigate violence or criminal action in neutral countries.

An Old Friend Cables

Probably no friend of Newfoundland, outside her borders, has watched with greater hope and interest the progress of the Prohibition battle, than the Rev. James Bell, formerly of the Cathedral Parish. His great faith was shown in the fact that on Saturday last the following cable was sent, but as the final count was then five days ahead, being of lesser faith, we held it over.

From Rev. James Bell, Leeds, Yorkshire, England to The Editor of the Daily News, St. John's, Newfoundland.

CONGRATULATIONS ON PROHIBITION VICTORY

It is a coincidence that the Rev. James Bell, devoted and untiring in the Local Option campaign of 1910, and the Rev. Dr. Jones, so earnest and eloquent in the campaign of 1915, were both Rectors of Bay Roberts, the latter, if we remember aright, succeeding the former. Little wonder that Bay Roberts polled so splendid a vote.—Daily News.

Fishermen

You don't have to go to St. John's to buy a Motor Engine. You can buy or order one in your own locality. Encourage output enterprise and order an "Imperial" from
C. E. Russell,
Bay Roberts.

City of Ottawa Will Invest in Canada's Loan

Ottawa, November 4.—Following the lead of H. B. H. the Duke of Connaught, who is to be the first subscriber to the new Canadian war Loan, the mayor and board of control decided this afternoon that \$500,000 of the city's sinking fund should be invested in the Loan. A special meeting of council has been called to sanction the decision of the controllers.

The Imperial Engine will wear well. It can be kept as cool as you want it. This means long life.

An Anomalous Position

The Herald said, editorially, last night:—"We understand that the liquor interests have retained Mr. M. Y. Furlong in order to attack in 'the Supreme Court the validity of 'the Act passed at the last session.' In view of Mr. Furlong's position as Law Clerk, we were unable to accept the statement at face value, and immediately communicated with him. Mr. Furlong informed us that it was true that he had been retained by the liquor interests, that there were several points to be considered, and amongst them the question of validity. Just what this means, we are not aware. Mr. Furlong has full right to represent the liquor interests and to fight their battles in court or in any other way that may, in his opinion, further their cause; but we submit that the Law Clerk of the Legislature violates the proprieties when he attacks in the Supreme Court or elsewhere the Acts of the Legislature of which he is a servant.

An essential preliminary to such action on Mr. Furlong's part should be his resignation of the office of Law Clerk. In that opinion more than 25,000 electors will, we think, coincide. Of course any attempt to evade the decision of the overwhelming majority of the people can have but one result, 25,000 do not propose to be thwarted by 50 liquor dealers. They will know just what to do, and their representatives will see that it is done, be the result what it may. The Herald's announcement is timely; it will at least ensure the continuance of the Prohibition Committee, and the taking of precautionary steps which, in view of the overwhelming majority of votes and districts, and of the nearly 400 more than the statutory 40 per cent., seemed, in the opinion of some, to be unnecessary.—Daily News.

Willing To Drop It

A Prisoner was in the dock on a serious charge of stealing, and the case having been presented to the court by the prosecuting barrister he was ordered to stand up. "Have you a lawyer?" asked the judge. "No, sir." "Are you able to employ one?" "No, sir." "Do you want a lawyer to defend your case?" "Not particular, sir." "Well, what do you propose to do about the case?" "We'll—, with a yawn, as if wearied of the thing, "I'm willing to drop the case as far as I'm concerned."

Advertising is the life of trade.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in. "After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."—Mrs. ORILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba, Can.

Why will women take chances or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

St. John's, Nfld., June, 1914.

Published by Authority

Under the Provisions of the War Measure Act, 1914, His Excellency the Governor in Council has been pleased to order as follows:-

1. The Colonial Secretary may, if he considers it expedient so to do, appoint a person to be Censor of the writings, copy or matter printed or the publications issued at any printing establishment or works, and any person so appointed shall have the right to enter and visit the premises, with any assistant or assistants, from time to time, and remain there for such time or times as may be reasonably necessary, and to examine, consider, approve or reject any writing, copy or matter printed or proposed to be printed at or issued from the premises...

2. The printing or circulation or procuring to be printed or circulated of any letter, communication, report or news concerning the operations of the present war or the movement of any of the forces, naval or military, of His Majesty or of His Majesty's allies, or as to any of the naval or military forces or operations of His Majesty or of His Majesty's allies connected with or for the purpose of the war, or of any proceedings or action of the Government or any neutral state, if such printing or circulation or any of the statements contained in such letter, communication, report or news be likely to cause disaffection to His Majesty or to prevent, hinder or interfere with the success of the war, or to prejudice His Majesty's relations with any foreign state or otherwise to assist or encourage the enemy, or to prevent, embarrass or hinder the successful prosecution of the war, shall be deemed to be a contravention of this order...

JOHN E. BENNETT, Dept. of the Colonial Secretary, October 5th, 1915.

NEWFOUNDLAND. Notice to Mariners (No. 3, of 1915)

JEANS HEAD, TRINITY BAY LIGHT ESTABLISHED Lat. 47° 56' N. Lon. 53° 22' W.

POSITION—On Jeans Head, the Northern promontory of the entrance to New Perlican.

DESCRIPTION—An Occulting White, Dioptric Light of the 4th Order.

ELEVATIONS—Height of light from H. W. to focal plane, 159 1/2 feet. Height of tower from base to top of lantern, 27 1/2 feet.

STRUCTURES—The Station comprises an octagonal wooden tower with sloping sides, and Kessler's dwelling, a one-story flat-roofed building, connected to tower by a covered passage way.

COLOUR—WHITE. REMARKS—This light will be put in operation during month of September ensuing, without further notice.

Authority—Inspector of Lighthouses. ALAN GOODRIDGE, Deputy Marine and Fisheries, St. John's, Nfld., September 1, 1915.

Published by Authority Under the provisions of Section 6 of the War Measures Act, 1914, His Excellency the Governor in Council has been pleased to approve the following Rules and Regulations:

1. No person shall without lawful authority publish or communicate any information with respect to the movement or disposition of any of the forces, ships or war materials of His Majesty or of His Majesty's Allies, for

with respect to the plans of any such forces or ships or with respect to any works or measure undertaken, for or connected with the fortifications for defence of any place, if the information is such as is calculated to be or might be directly or indirectly useful to the enemy.

2. No person shall, without permission of the competent naval or military authority, make any photograph, sketch, plan, model or other representation of any of the forces or ships of His Majesty or of His Majesty's Allies, or of any naval or military work, or of any dock or harbour work, or in connection with any place in this Colony, and no person in the vicinity of such forces, ships or work, shall, without such permission have in his possession any photographic or other apparatus, or other material or things suitable for use in making any such representation. For the purpose of this regulation, the expression 'Harbour work' includes lights, buoys, beacons, marks and other things for the purpose of facilitating navigation in or into a harbour.

3. No person shall, by word of mouth or in writing, spread reports likely to create disaffection or alarm among any of His Majesty's forces, or among the civil population.

4. Any person who attempts to commit, or procures, aid or abets, the commission of any act prohibited by the foregoing special regulations, or harbours any person whom he knows, or has reasonable grounds for supposing, to have acted in contravention of such regulations, shall be deemed to have acted in contravention of the regulations in like manner as if he had committed the act.

5. No person shall, without lawful authority, sell, give, distribute or permit the selling, giving or distributing of any newspaper, tract or pamphlet or any information which is forbidden to be published or communicated under paragraph one of these Orders and Regulations.

6. No person shall, without lawful authority, sell, give, distribute or permit the selling, giving or distributing of any photograph, sketch, plan, model or other representation which is forbidden to be under paragraph two of those orders and regulations.

7. Any person contravening any of the provisions of the foregoing Orders and Regulations shall be liable, upon summary conviction before a Stipendiary Magistrate, to a penalty not exceeding five thousand dollars, or imprisonment for any term not exceeding five years, or to both fine and imprisonment.

Expose Vast Teuton Plot

Criminal Part of German Propaganda in United States Known.

New York, Nov. 21.—The skeleton story of the criminal part of the Teuton propaganda in this country with the names of the master minds who originated it, the executive who superintended part of the work, and many of the German or Austro-Hungarian agents who carried out their orders is likely to be told to the Federal grand jury within a few days, if, in fact, part of the plot has not been presented to it.

It deals with a conspiracy against the industries of the United States run from the United States and other plants that have been filling or doing for the Entente allies. It treats of plans to cripple vast factories, and if suggestions are correct, it may deal with still graver affairs.

The conspiracy, the greatest and most gigantic without doubt ever developed in this country, involves diplomatic agents, who, of course, are exempt from punishment; innominate agents, distinguished persons; German agents, distinguished persons; German agents, distinguished persons; German agents, distinguished persons.

For many months Government officials in New York, Washington and other cities throughout the country have been working busily digging up a mass of evidence. Documents have been found in this country and many papers have been obtained in foreign countries. This mass of evidence, when sifted, analyzed and pieced together into one vast mosaic, is said to reveal a plot of nation wide proportions, a series of intrigues, moves and counter moves, which have been fathered by several master minds of the world.

The evidence that has been gathered from the letters which Capt. James E. F. Archibald carried for Dr. Dumba, dismissed Austro-Hungarian Ambassador to this country, Capt. von Pappen, and against Dr. Alexander Naber von Perked, have been regarded as sensational, but the evidence which Dr. Gorlick can present is hard to believe. The charges made in the details of the alleged conspiracy.

Should indictments be returned, and there seems to be little doubt of it, the details will come out in full. The Department of Justice has been working on the case for months and the evidence is said to have been submitted to the President. Delay in presenting the evidence to the jury is believed to have been due to the desire of the President to make sure of every specific charge and to have each allegation supported by incontrovertible evidence.

The great genius in the propaganda, it is said was Dr. Dumba. It was because of his rare gifts that he was selected by the Central Powers for the task of taking steps here that would cripple the enemy's preparations for the fighting in the trenches. Germany, it is said, was to furnish the money. Dr. Gorlick already has charged that Count von Bernstorff had at least \$40,000,000 at his command.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood—that is, blood that is impure or impoverished, thin and pale—is responsible for more ailments than anything else. It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions, and is the most common cause of disease. Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red-blood corpuscles, and building up the whole system. Get it today.

Official

The Governor, Newfoundland: London, Nov. 20.—In France an enemy aeroplane was brought down in the sea near Westende. A torpedo boat was launched from Ostend and attempted to save the machine. It was sunk by A.Lied seaplanes and artillery. One enemy company attacked north of Ladyfirst and was repulsed. An attempted enemy attack with poisoned gas near Bethencourt, miscarried. There were successful air raids on aviation sheds near Mulhausen and Noyon station.

In Italy, increasing successes are reported near Gorizia. About four hundred prisoners were captured. In Serbia the enemy claims that communication with Turkey and Bulgaria is effected and their great operations are closed.

In the Cameroons, various successes are reported near the centre of hostile resistance at Jaunde.

BONAR LAW.

War News

November 30. London official says situation on Western front shows little change, some small enemy attacks being repulsed. Paris official reports night passed quietly on French front, though some bombardment engagements took place in Artois district.

Rome official reports increasing success near Gorizia with about 400 prisoners captured. Berlin officials claim that Serbian campaign is complete success; that connection with Turkey and Bulgaria is effected and operations are now closed.

London official reports various successes in Cameroons. London Morning Post editorially advocates that Allies set out the terms of peace they will consider so that there may be less chance of losing in negotiations what has been gained on sea and land. The paper contends that success for Allies is assured because Britain can maintain naval blockade indefinitely.

London Times correspondent at Bucharest says Germans are preparing for defence of Bulgarian frontier against threatened Russian and Roumanian invasions.

ASK FOR Gem (Aerated) Drinks

Root Beer, Lemonade, Strawberry Pineapple and Gingerale. The big Gem 5 cent drink. Notwithstanding the increase in the price of sugar and other ingredients, the price is same as usual.

George Elms, formerly of Bay Roberts, has been appointed Sarg. Drill Instructor of the 48th High Landers at Toronto. He has had three Newfoundlanders pass through his squad recently, Heber Mondell, and two others named Jones and Roberts. All one can see about Toronto streets is Khaki. A big reception was tendered 100 returned wounded soldiers on Nov. 21st.

On Friday night last numbers of boys in this locality celebrated the Prohibition victory with bonfires. Others paraded the streets singing patriotic songs, including "It's a long long way to Prohibition, but we've got there right soon."

Any of us who cannot go and fight for Mother England should do all we possibly can to help her here at home. Are we doing it? Or are we indifferent to the call from across the sea?

Messrs. Stephen Russell, Albert Russell, Robert J. French, John Russell, of Coley's Point, and Sylvester Dawson and Bernard Delandry, of Bay Roberts, left for Sydney by Tuesday's express.

THE "IMPERIAL" Marine Motor Engine

"The Motor that Makes the Mark."

Well Designed Well Built Well Equipped

The "Imperial" is manufactured by a well known and reliable firm of Iron Founders. They also manufacture Steam Engines, Boilers, etc., in a city where living rates, taxes and labor are cheaper than in most cities. They are thus enabled to furnish a

Higher Grade Motor and Better Equipment

for the price charged than most manufacturers. The "Imperial" has been especially designed for the use of Fishermen, and is guaranteed by the manufacturers to be well built of the best material obtainable, and if properly installed and operated to give good satisfaction. The "Imperial" is extremely simple in design, and all parts are easily accessible. The most improved muffler, giving the least possible noise, no heat, no muffler explosions, no back pressure, etc., is supplied with "Imperial" motors.

You can run the "IMPERIAL" slow enough to set fishing gear or to fish on a line without any back-firing or other fuss. This engine has some other special features.

I have cancelled all my sub-agencies, and I will in future sell only the "Imperial," having been appointed by the manufacturers as their Agent for Newfoundland.

In order to introduce the "Imperial" to the Fishermen of Nfld. I am quoting a very special price on 3, 4, 5 and 10 h.p. for this season. Call and see engine, or write for full particulars and special price.

C. E. RUSSELL,

Glad News

Swallow's Crew and Passengers Safe at Stornoway

"Crew and passengers schooner Swallow landed at Stornoway by Norwegian steamer Hercules; all well."

Such was the joyful message handed Mr. Isaac Bowering, brother of Mr. John Bowering, master of the Swallow, shortly after 2 o'clock on Wednesday afternoon last. It came from Mr. Piccott. The friends of those on board had been expecting a message all day confirming or denying the story regarding the vessel being at Locker Flat Island, but instead of getting that news they received one conveying the glad information that they were landed at Stornoway, all well.

Stornoway is a seaport town on the east coast of the Isle of Lewis, one of the Hebrides, in Ross-shire, off the west coast of the mainland of Scotland. It is noted for its herring fisheries, and is a steamship station. The population is 3,806.

It was two weeks ago on Tuesday last that the storm burst in all its fury, and hope concerning the Swallow, and her crew was almost abandoned when the news came regarding the rescue of the crew and passengers of the Blanche M. Rose, when hope was revived.

Then on Tuesday it was rumored that the Swallow was safe in Locker Flat Island, in Bonavista Bay, but with all sails gone, except the mainsail. Over a day passed after a message was received from the Minister of Marine and Fisheries saying that he was sending a motor boat from Greenpond to search among the Islands in Locker or Roach. Hope was about to be abandoned again when the definite message came regarding their safety.

The news spread like wildfire, and the feelings of relatives and friends can be better imagined than described. Flags were hoisted, and general rejoicing gave place to gloom as thanks were wanted to Heaven above thanking Almighty God for His goodness and His mercy.

The rescued people will no doubt be sent home at the earliest opportunity, and their return will be awaited with interest, when the full details of their trying experience will be published.

MOTHER SEIGEL'S SYRUP

The proof of Mother Seigel's Syrup is in the taking. That is why former sufferers, whose vitality was being sapped by indigestion, say it is just excellent for stomach, liver and bowel troubles. Thanks to Mother Seigel's Syrup, they are now strong and well.

IS EXCELLENT FOR

If you are afflicted by Indigestion or other disorders of the stomach, liver and bowels take Mother Seigel's Syrup regularly for a few days; long enough to give it a fair chance to make its beneficial influence felt. Then note the improvement in your appetite, your strength, your general condition.

HEADACHES, BILIOUSNESS CONSTIPATION INDIGESTION.

This bottle of Syrup contains three times as much as the 50c size.

Emergency Messages

The time has come for some new arrangement to be made in connection with our outport telegraphic communication with St. John's. The outport offices close at 8 o'clock at night and do not open again for business until 9 o'clock the next morning.

No matter what happens during the night it is impossible to get St. John's. There are times when vessels are in danger and in need of assistance, and if, for instance, a message could be sent say at 12 o'clock midnight or earlier or later, as the case may be, arrangements to meet the emergency could be made without delay.

Or other important happenings may occur during the night, and it may be found necessary to communicate quickly with the government or some other person in St. John's, but under present arrangements this is impossible.

We believe this matter is worthy of consideration. Arrangements can be made whereby an outport office could use some signal indicating the necessity of communicating with St. John's.

This need has occurred to us and to others more particularly in connection with the circumstances arising out of the recent big storm.

Rescued People Return Home

The crew and passengers of the Blanche M. Rose arrived at St. John's on Monday. The Rose left Grosia Island on Nov. 3rd, reaching Seldom's Cove by the next day. After being there three days she proceeded on and arrived at Shambler's Cove on the 7th. She left Shambler's Cove on Nov. 14th, and reached Catalina the same evening. Shortly after leaving Catalina on the 15th it became stormy. Tuesday morning there was a strong breeze from the south, with rain, which chopped off to W. by N. when Casbourne Island was reached.

A sudden squall tore her foresail. Her mainsail was blown down and she dropped down the shore and anchored under the high land at Western Bay Point at 9 a.m. She was there until 6 p.m. when the big chain parted, and shortly afterwards the other broke. The Rose then ran across the Bay to Cape St. Francis under the jumbo.

Here the main boom broke, but with a trysail and the jumbo she was worked along the shore until 3 a.m. Wednesday, when she was about 10 miles off Cape Spear. The vessel was kept there for two days reaching back and forth. Although distress signals were shown apparently they were not seen, as no assistance came to them.

On Thursday morning the wind veered to the north and the Rose was run up along the Southern Shore. On Friday the May Duff, from Carbonear to Sydney, hove in sight, and bearing down on the disabled schooner, picked off the crew and passengers, some of them having to be hauled aboard with ropes. A number of women and children, one child being only 14 months old, were among those rescued.

Can You Doubt These Words

Suffering for 18 Years

I was a sufferer for 18 years. I was so bad that the flesh was nearly melted off me. In fact, I gave up almost everything until I heard of this great cure and I decided to try it. I took five half pint bottles of A. I. C. I feel it was the best thing ever happened to me in my life, because to-day I'm completely cured of all stomach troubles. I have tried all doctors and all kinds of medicine that I thought would do me good, but it all failed to cure me. But now I can't help praising that wonderful Arctic Indigestion Cure, for I believe it saved my life. I recommend this medicine to any person suffering from any kind of stomach complaint.

MRS. MARK YETMAN,
Bryants's Cove.
