

THIRTY DIE BY BOMB IN WALL STREET

Appalling Tragedy Enacted at Door of J. P. Morgan & Co. at Crowded Hour.

TWO HUNDRED ARE SERIOUSLY INJURED

Police Think Disaster Was Caused by Dynamite Bomb Brought in Auto.

New York, Sept. 16.—A mysterious explosion that took place in Wall Street, near the door of J. P. Morgan & Co., today has resulted in the death of thirty persons and the serious injury of two hundred others.

At least thirty persons were killed, more than two hundred were injured, and the banking house of J. P. Morgan & Co., the sub-treasury and the Assay Office were partially wrecked, and property damage estimated in excess of one million dollars was caused by the blast.

Streets Crowded at Noon.

The noon hour had struck and an endless stream of office workers had just started pouring into the streets from buildings in the neighborhood. Suddenly a cloud of yellowish, black smoke and a piercing jet of flames burst from the street outside the Morgan office.

Then came a deafening blast. A moment later scores of men, women and children were lying prostrate on the ground and the streets were covered with debris from thousands of broken windows and the torn facades of adjacent buildings.

After the explosion had subsided, the streets were filled with a chaotic scene of confusion and panic.

Girls Fled in Terror.

Thousands of girls fled in terror from adjoining structures. Scores fainted, fell and were trampled on in the crush. Many of the girls were in the vicinity of the Morgan office, where the blast was heard throughout lower Manhattan and across the river in Brooklyn, brought thousands of the curious to the scene.

The new crowd on duty in the district was unable to cope with the crowds and a heavy call for police reinforcements was sent to all downtown police stations.

Sub-treasury officials, fearing that an attempt might be made to rob the building, all the windows of which were broken, requested assistance from the military authorities of Governor's Island, and a company of soldiers was sent to guard the structure.

Explosion Due to Bomb.

Heavy calls were also sent to all hospitals in the downtown section of New York, and scores of ambulances were soon speeding through the narrow streets. Dressing stations were established in the vicinity of buildings nearby, where the less seriously injured were given immediate treatment.

Evidence tending to confirm the theory that the explosion was caused by a bomb or some other infernal machine came from several sources.

Chief Inspector J. J. Connelley late today said he had found evidence to justify the conclusion that the explosion was caused by a time bomb.

Warned a Month Ago.

Warning that radicals planned a renewal of bombing outrages were sent less than a month ago to all district clerks of the War, J. Burns Agency according to a statement by Mr. Burns, who said he was convinced that today's explosion was a premeditated attack and was not accidental.

Mr. Burns, who said he had been engaged by the Morgan firm to make an investigation of the accident, stated that his personal investigation convinced him that a wagon containing a bomb or bombs was left in front of the sub-treasury building with a timing device so fixed as to cause it to explode precisely at noon.

MACHINISTS VOTE TO RETURN TO WORK

Cincinnati, Ohio, Sept. 16.—Ten thousand union machinists in the Cincinnati district, who have been on strike for twenty weeks past, have voted to end the walkout and return to work.

Agree It Was Bomb.

Flee Chief Keenan and officers from the Bureau of Combustibles also expressed the belief that the explosion was caused by a bomb after examining fragments of metal found in the street in front of the Morgan office.

Dr. William F. Doyle, Chief of the Bureau of Combustibles, pointed out that the small hole found in the street near the Morgan office and the widely scattered scars on the facades of nearby buildings also indicated that the blast was caused by a bomb rather than by an explosion of a quantity of dynamite or other explosives.

PONZI PROBE STARTS

Boston, Sept. 16.—The Federal Grand Jury today began the latest of several investigations into the operations of Charles Ponzi and his defunct Securities Exchange Company, now in receivership with several millions in claims against it.

Five Hundred Per Cent. Profits Made in Some Restaurants

Probe in Toronto Declares Poorest Make at Least 200 Per Cent.

Toronto, Sept. 16.—Investigation of food prices in the restaurants in this city by the Medical Health Officers' Department is said to show that profits have ranged from 200 per cent. to 500 per cent., exclusive of overhead expenses.

OTTAWA EXPECTS WIGMORE WILL CARRY ST. JOHN

Hon. Mr. McCurdy is Having Big Battle in Colchester Against Capt. Dickson.

Ottawa, Sept. 16.—The result of the by-elections in Colchester and St. John, the polling of which will take place on Monday, is being looked forward to in political circles here with the keenest interest.

In St. John a decisive government victory is generally conceded, but it is felt in Colchester, where Mr. McCurdy has a United Farmer opponent in the person of Captain Dickson, M.C., the result will be close. Colchester is a heavily rural riding, and if the farmers' party possesses any strength in Nova Scotia at all, it ought to be manifested in this fight.

WIVES MAKE FINE FIGHT IN N. S. ELECTION

Truro, N. S., Sept. 16.—As polling day in the political fight in the by-election of Colchester county draws near, the enthusiasm of the candidates Hon. F. B. McCurdy and Captain Dickson, and their respective supporters are strengthened and redoubled efforts are made to win voters to their respective parties.

An army of canvassers and workers are engaged by both parties holding meetings in every voting section of the county.

Among these untiring workers are the wives of Messrs. McCurdy and Dickson. Many of the most capable platform speakers and efficient political organizers and directors are engaged day and night endeavoring to influence the voters to rally to the support of their representative parties on election day, September 21.

Truro the Centre of Concern for Both Parties.

Truro is the centre of concern for both parties. It is of general importance that a large majority of the 6,500 voters of the town be instructed how to mark their ballot. Today H. W. E. Burnaby, President of the Canadian Council of Agriculture and J. S. Wallace, Secretary of the Independent Labor Party of Nova Scotia addressed an audience of Truro ladies in the court house.

Chief Inspector J. J. Connelley late today said he had found evidence to justify the conclusion that the explosion was caused by a time bomb.

Warned a Month Ago.

ENGINEER RILLED IN RAILWAY COLLISION

Cobalt, Ont., Sept. 16.—George Gurtin, brakeman of North Bay, was killed and P. Thomas, engineer of the same place, was badly scotched when two T. and N. O. trains collided in a pile-up at Kenwater last night.

MACHINISTS VOTE TO RETURN TO WORK

TWENTY DIE BY BOMB IN WALL STREET

(Continued from page one.)

Five members of the Morgan firm were in the building at the time of the explosion. Thomas W. Lamont, Dwight W. Morrow, Elliot B. Bacon and Geo. Whitney were in a conference on the second floor of the Broad Street side of the Morgan building. They were shaken up by the force of the explosion but all escaped without injury.

May Be Only Accident

Despite the police theory that the accident was caused by the explosion of an infernal machine, several eye-witnesses reported that a wagon bearing the sign "Explosives," was seen near the Morgan building a few moments before the blast occurred. This led to the theory, which was still held by members of the Morgan firm tonight that the explosion was caused by a collision between this explosive-laden wagon and another vehicle.

"From what we have learned, I am inclined to believe that the explosion was due merely to an accident," Thomas W. Lamont, of the Morgan firm, declared tonight. "There are no reasons that we can find that would lead to a premeditated bombing. I can see nothing to be gained by such an act."

Circumstances of the occurrence surely do not point to an attempt to wreck the Morgan offices. "If anybody really plotted destruction of our building, I believe that he would have sent the warning that is usual in such instances. And we have not been threatened in any manner. I believe the explosion was due to nothing more than an unfortunate accident to a dray loaded with explosives, which I am informed had arrived on the site of the stock exchange building in addition across the street from our offices."

Junius Spencer Morgan, son of J. P. Morgan, head of the firm, who is now abroad, was at his desk on the lower floor when the explosion occurred. He sheltered the glass partitions of his office, showering him with fragments. He received only slight cuts on the hands and arms.

Fifty Morgan Employees Hurt

"The explosion threw the conference upstairs into disorder," said Mr. Lamont. "We were jarred by the concussion, and rather excitedly ran down to the main floor, where the most confusion prevailed. There were about fifty employees who were more or less injured, and these clerks who had miraculously escaped injury from the falling debris, were courageously

devoting their attention to assisting those who were less fortunate. "All our large windows on the first floor, and some on the second floor, were blown in. The offices will be ready for business tomorrow morning. There were between 400 and 500 employes in the Morgan building at the time of the accident."

Got Warning Wednesday

A letter giving warning of today's explosion was dropped Wednesday morning through the mail slot of a door in one of the offices of the French High Commission at 65 Broadway. It became known tonight. This letter apparently written by a man formerly in the employ of the commission, was torn into small pieces soon after it was read and dropped into a waste basket.

Today, after the explosion, these bits of paper were taken from the basket, pasted together and turned over to the police. The letter, which was addressed to Lieut. Arnaud, who is attached to the commission, began with the words, "Greetings." The writer said he thought he was rendering a service to the French commission by advising Maurice Casenave, minister plenipotentiary, and his assistants of the fact that a catastrophe would occur in Wall street about 2.30 o'clock. No date was mentioned.

The writer suggested that Lieut. Arnaud advise Minister Casenave to have the offices of the commission closed and unoccupied at two o'clock, so that the lives of the office staff might be spared. The letter also mentioned "between two and four o'clock, daylight time" as the probable hour for the catastrophe.

It was intimated in the letter that "some people had grievances and wanted to take revenge." Lieut. Arnaud read the letter several times. He said he had been written by an alarmist and should not be taken seriously, he tore it up and threw it in a waste-paper basket. He gave no further thought to the letter until after the explosion today, when he rushed into the office, emptied the contents of the waste-paper basket in a heap on his desk, sorted the bits of the letter, pieced them together and turned them over to the police.

Efforts to learn whether the letter bore a signature proved futile.

CHANGE IN TRAIN SERVICE ACCOUNT AND CANCELLATION DAYLIGHT SAVING TIME

ST. STEPHEN HAS 16,000 AT ITS BIG FAIR

Special to Standard

St. Stephen, N. B., Sept. 16—All roads led to St. Stephen today and the town was full of visitors who came to see the best and biggest of the many excellent fairs which have been put on under the management of the St. Stephen Exhibition Association. The weather man was kind and at least sixteen thousand persons passed through the turn stiles for the day from early morning the autos and rigs of every description kept coming in, all bringing crowds of happy, merry makers.

Tomorrow gives promise of another fine day and a bumper crowd. One of the noticeable features is the good order which has prevailed and the almost entire absence of any sign of liquor. Inspectors McAlinh, Moore and Saunders have been here all week but their duties have been very light so far.

One of the big attractions today was the parade of heavy draft horses owned by Mayor Johnson, ten teams of them, all in line, every one a beauty. Mayor Johnson himself led the parade which was heartily cheered as it passed the grand stand.

Won Ball Game

St. Stephen had their revenge on the St. George ball players today when they defeated the nine from that town by a score of 11 to 2.

Judging in the horse classes was completed today and some fine specimens of the equine race faced the judges. The competition in the heavy draft teams was exceptionally keen and the judges had a hard time making their decision. The carriage class also had a big list of entries and every one a good one.

Once more the women of Charlotte County have abundantly demonstrated their ability and versatility in the wonderful display of fancy and domestic work and cookery to be seen in the various departments on the second floor of the main building at the Charlotte County Exhibition.

Never in the history of the fair has there been such a splendid amount of really high grade work in the fancy work booth as there is this year. Great care and deliberation has been given to the arrangement of it so that each entry might be displayed to the greatest advantage and a booth which attracts and holds the attention of the throngs attending the fair is the result of the labors of

WEDDINGS.

Flawelling-Duroen.

At 6.15 o'clock yesterday morning, in Carver's street church, Rev. E. E. Styles united in marriage Miss Mildred E. daughter of Mrs. H. Duroen, 215 Sydney street, and Norman C. Flawelling. The bride was supported by her sister, Grace. After the ceremony a wedding breakfast was served at the home of the bride's mother and the happy couple left on the C. P. R. for a short trip through Maine. On their return they will reside in the city. The choir, of which the bride has been a member, sang "The Voice that Breathed o'er Eden" as the bride entered the church, and as they left Mendelssohn's wedding march was rendered by Miss Myrtle Fox, the organist.

Best-Middleton.

At the United Baptist parsonage Norton, on Wednesday, September 15th, Joseph Best, of Midland and Mrs. Lydia Middleton, of Bloomfield were united in wedlock by Rev. I. E. Vanwart. After the ceremony the happy couple moved to their future home in Midland, where the groom is a prosperous farmer.

Domestic Work Good

Equal thought has been given to the arrangement of the domestic work booth and the many pairs of socks and mittens and the large number of rugs, mats and pullets to be seen there testify to the fact that not many idle moments have been spent since the big fair closed its doors last year. In this department also the work is of a superior quality to any exhibited in former years. Tempting indeed, both to sizes and palate are the delicious cakes and examples of all sorts of cooking to be found in the household arts department. The indisputable reputation which the women of Charlotte County already hold in this line is not only upheld but added to by this year's display. The exhibit of canned goods and preserves, jelly and pickles while not quite as large as in former years has never been surpassed in quality.

The Fruit Display

The tables containing the individual plates of apples are well filled with splendid fruit while the collections have never been equalled. A curiosity in this fair is the display of white choke cherries made by Frank Clarke of Moore Mills. Here is a fine exhibit of plums and pears from local orchards at one end of the hall is the flower booth which is most artistically arranged. The exhibit of flowers is not as large as in former years owing to the rainy weather of the last weeks or so but what flowers there are, are displayed to the very best advantage. HORSES MADE GREAT SHOWING AT WOODSTOCK

Over 18,000 People at the Fair There — Judge of Horses Optimistic.

Special to The Standard

Woodstock, N. B., Sept. 16—The morning broke bright and clear, the first real satisfying weather of the week and as a result 18,000 people rushed to Connell Park for the exhibition trains arrived in the city loaded with excursionists who were in for a day of enjoyment.

It was a happy, joyous bunch of eight seers that crowded Exhibition Hall, thronged the pike, clustered about stock stalls, visited the automobile show and finally packed the grand stand and space about the race course.

They spent a jolly day taking in all the attractions provided by the Woodstock Exhibition Society.

The Pulling Contest

The attraction for those of the rural communities today was the pulling contests which were staged in the exhibition ring. Thousands gathered about the small enclosure and marveled at the strength displayed by the teams entered. There were two classes, one for double teams over 2800 pounds in weight and the other for teams under 2800 pounds. The winner in the first was a team owned by M. Rhoda, Houlton, Maine, the second prize going to Frank Hayden, Hartland, and third honors to Warren Hall, Grafton.

In the second class first honors went to the team of Herb Lindsay, Woodstock, and second to Sam Keyes also of Woodstock. For display of single work horses under 1400 pounds Charles Palmer won first.

Following the pulling matches Dr. E. Watson, Toronto, judge in charge of the horse department, completed his work. Dr. Watson said that he was greatly pleased with the grade of horse flesh here. As individuals they were outstanding in attractive, soundness and general fitness for purposes intended. He regards the younger classes as especially promising. This applies both to Percherons and Clydesdales. "There is," he said, "only one Suffolk Punch exhibited and I am sure it will do great good in this county." He advises the breeders to look for larger size if they wish in the future to further increase the efficiency of their stock.

Praises the Horses

He spoke very highly of the exhibitors finding them up to date in every particular but advised them to be more careful in the care of yearlings and colts. He regards it as a mistake to keep them too fat in their tender years as the bones are not sufficiently matured to carry the weight. The exhibitors were also highly complimented for their spirit of co-operation in making the whole affair a success. Commenting from all exhibition standpoints Dr. Watson regarded it as a mistake to allow any one to show his animals in more than one class.

Thursday, September 23rd

at 2 o'clock, p. m.

In view of the announcement concerning the approaching Provincial election it is most essential that this convention should be largely attended as it will have to deal with the important questions of leadership and organization.

SEALED TENDERS FOR THE CONSTRUCTION OF THE ST. JOHN HARBOUR WHARF. Tenders for the construction of the St. John Harbour Wharf will be received by the Harbour Commissioners at the office of the Engineer and Surveyor, St. John, N.B., until 11 o'clock on Thursday, September 23rd, 1920. For full particulars apply to the Engineer and Surveyor, St. John, N.B.

IN THE EDITOR'S MAIL

To the Editor of The Standard:

Sir,—There has been so many incorrect reports circulated in regard to the New Brunswick Railway Company's lands that I have thought best to ask you to publish a statement of the matter as I understand it.

For a great many years the people of the province, and especially those residing in the Counties of York, Carleton, Victoria and Madawaska, have been much inconvenienced and dissatisfied because of the large areas of lands controlled by one company. No doubt most of your readers will remember that reference has frequently been made in election campaigns to the fact that a former government had given away 1,647,000 acres of the best timber lands of the province as a subsidy for the building of a narrow gauge railway from Gbosc to Edmundston. Lands for settlement purposes are difficult to find. It can be seen from a map issued by the province that practically all the land in the counties referred to are not now settled upon and are in possession of the New Brunswick Railway Company.

The company has been leasing these lands to lumber operators, some fifteen in number, who have established mills at various places in the territory. Settlements have grown up around these mills, and hundreds of citizens of the province depend for their livelihood on the industries established upon the lands so established. The policy of the company had been to lease lands for one year at a time, but to continue the same year after year, so that the leases have been looked upon as something permanent. For that reason mill men have improved their land by building dams as the streams to facilitate driving and by making roads for hauling their logs and in various other ways.

There is a probability now that these lands may be taken away from those who have so long operated upon and improved them, and that the industries established on the communities that have grown up around such industries destroyed. An option has been obtained by a company upon these lands with the object of utilizing them to supply a pulp and paper mill to be built near the mouth of the Tobique River. From my knowledge of the lumber business, obtained after an experience of a great many years in this province and elsewhere, I can say that the ownership of these lands by a pulp and paper company will be fatal to the operations now being carried on in the several counties which I have indicated.

What can be done about it? Is it expedient for the people of the province to take these lands over so that the various interests can be protected? Should we not be able to throw certain of the areas open for settlement from time to time if we desire that the population of the province may be increased? The lands are partitioned into lots and mines as containing a large part of the best farm lands in the province. Practically all the government lands in the four counties mentioned, which are suitable for settlement have been taken up, and intending settlers are finding it very difficult to obtain homes. Then again, should not industries and communities living thereby be protected?

In my opinion no more vital question, so far as this province is concerned, has ever arisen for determination. The company that proposes to purchase these lands already occupies about one-third of them under lease from the New Brunswick Railway Company. I do not wish to be understood as being against the establishment of the proposed pulp and paper mill. I am in favor of it. I would like to see every new industry encouraged. I am well disposed toward the promoters of the enterprise. At the same time I feel that other industries built up in the country and having what might be called vested rights, should not be destroyed for the sake of one new industry.

I have no hesitation in saying that, if these lands are controlled by the province, there is room for the new industry and the old one also. I have just read in the Daily Telegraph of this date what purports to be an interview with Mr. H. F. Puddington, Secretary-Treasurer of the New Brunswick Railway Company. Mr. Puddington is reported to have said that the Railway Company received no more land than it was entitled to. I wish to call attention to the statute under which the grants were made. It authorized the government to give for each mile of railway built 10,000 acres of land "and no more." I have been informed from a reliable source that it has only company claims that it has only

four per cent more land than the statute authorized. This, of itself, in view of the words in the statute, ("and no more") is 64,000 acres more than the company is entitled to. The President of the Railway Company informed me that the company had probably 40,000 or 50,000 acres of land in excess of the actual area mentioned in the grant. Perhaps 64,000 acres of land does not mean much to the N. B. Railway Company, but it means a lot to the people of this province when the land is of such a character as to make agricultural land of the finest quality. Why should the N. B. Railway Company have 64,000 acres of land belonging to the people of this province? Why should it be allowed to keep the stumpage money it has collected during the past fifty years on this 64,000 acres, or whatever the excess is? Perhaps Mr. Puddington will answer.

The Deputy Minister of Lands and Mines says that, generally speaking, the surveys were poor; that Alexander Gibson, the President of the railway company, was in a hurry; that many grants were issued without any surveys being made, but by compilation in the office, that the county line itself between Victoria and Northumberland is crossed; that a county line between Victoria and Restigouche was incorrectly run, being half a mile longer than the distance given, and that the old chains these used would naturally wear longer than the proper length of a legal chain, and that one would expect to find the legal lines too long.

In view of these statements, do the people of this province feel that this matter has been determined for all time to come? Will the people be satisfied until this ground has been carefully and thoroughly re-surveyed?

If I go further than that. There is a colored map, published by the Province in 1906, and signed by the then Surveyor-General, which purports to show in red the private timber lands of the province. The figures given for the private timber lands are 4,643,000 acres. The railway lands comprise at least one-half of the colored area on the map. They are only supposed to be 1,647,000 acres. Where is the other three million acres? No explanation of the admitted discrepancy can be given by the officials at the Crown Land office.

During the surveys, or during what surveys were made, of these lands, one of the surveyors had in his possession on the work a chain 82 1/2 feet long, or 5 rods instead of 4 rods. Four rods constitutes the legal chain. The five rod chain was the only chain he had at that place. What was he doing with it? I was informed about four years ago that this chain had been on the work. It has recently been found under a building on the farm where the surveyor lived at the time of his death. It was wrapped in a piece of old carpet and covered with an accumulation of debris. The other instruments owned by the surveyor were readily found. Some had been sold and others distributed among his relatives. Only this chain appeared to have been hidden away.

This surveyor was not a crown land surveyor at the time, but he was a recognized land surveyor employed by the railway company in the selection and survey of these lands, also name does not appear signed to any return, but the signatures of the chainmen he had with him are there. If you take the colored map, the admissions of the railway company, the statements of the officials of the department and the matter of the chain, does it not indicate that there is sufficient question about the whole matter to make an investigation absolutely necessary? Was there something wrong or not? The act says: "That they were to have no more land than 10,000 acres for each mile. Did they get more? If they did, does the province want it back?"

The statute provides that the company could select its lands to suit itself, and from all the information I can obtain I believe that the company took just what it wanted. The surveys were paid by the railway company. There were some forty tracts of land granted altogether. It appears by the records that 25 of these were surveyed in a more or less careful manner, and were granted without being surveyed. On one of the returns the words are written by some official of the department: "This is probably one of the most accurate surveys. The grants were issued on the fifteen tracts, evidently after completion in the office based upon any data that happened to be there at the time."

The above information has been submitted to the Provincial Government by me with a request that the lands be re-surveyed and the excess beyond the amount authorized by the

PILES Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. McMASTER CALLS TARIFF 'HUMBUG'

An audience of about three hundred people attended the meeting held in the Opera House last evening in the presence of the Liberal candidates, Dr. A. F. Emery, who is opposing the Hon. R. W. Wigmore as Minister of Customs in the by-election in St. John-Albert.

Col. Dr. A. G. Corbet was the chairman of the evening, and addresses were delivered by A. R. McMaster, M. P. for Brudenay; Dr. Emery; Michael Kelly, and Hazen Adair, of Sussex. Fred T. Bedyan was also on the platform.

Here to Assist. In beginning his address, Mr. McMaster stated that he had come to St. John to assist in the election of a "real Liberal" in opposition to the Hon. R. W. Wigmore as Minister of Customs in the by-election in St. John-Albert.

He said that the Hon. R. W. Wigmore was a man of great ability and a man of great energy, but that he was not a Liberal. He said that the Hon. R. W. Wigmore was a man of great ability and a man of great energy, but that he was not a Liberal. He said that the Hon. R. W. Wigmore was a man of great ability and a man of great energy, but that he was not a Liberal.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it: its use for over 30 years has not proven.

What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

WEDDINGS.

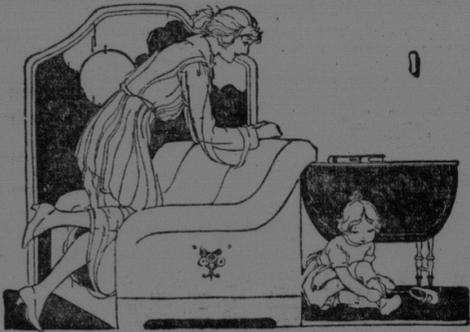

McLeod-Hall.
 Pombouque, N. B., Sept. 16.—The home of Mr. and Mrs. Lutzner Hall was the scene of a pleasant event last Wednesday, when their eldest daughter, Hazel Mae, became the bride of Frederick E. McLeod, son of Mr. and Mrs. Bruce McLeod of this place. The bride, who was given in marriage by her father, wore a gown of white satin, with gossamer erose. She carried a bouquet of American beauty roses. Little Miss Mildred, sister of the bride, was flower girl and carried a basket of pink and white sweet peas. Miss Beatrice Dunfield, cousin of the bride, played the wedding march, and the pastor, the Rev. A. Perry, tied the nuptial knot. After the ceremony a wedding supper was served, to which about sixty invited guests sat down. Following the supper the bride donned her travelling suit of navy blue serge, with hat to match, and amid showers of rice and confetti the happy couple left on the evening train for Prince Edward Island. On their return they will live at the village. The groom is one of the firm of Cairns, Robinson & McLeod.

Jones-Douglas.
 Sussex, Sept. 16.—The interesting and pretty marriage of Jean Douglas, second daughter of Mr. Dan Douglas and Mr. George Wendell Jones, only son of Mrs. Elizabeth Jones of Sussex, N. B., took place on Wednesday, Sept. 15, at the home of the bride's aunt, Mrs. Peckey, at 12 o'clock to the strains of the wedding march played by the talented Miss Eva Skumert. The bride descended the stairs on the arm of her father and was married under the decorated archway in the hall. Rev. Mr. Kirker officiating. A buffet breakfast was served. Only immediate relatives were present, including Mrs. Oulahan and Miss Jones, sisters of the groom and Miss Chisholm of Montreal, cousin of the bride.

The bride is well and favorably known, having lived all her life here, until a few years ago, when she went to Brooklyn Hospital, N. Y., to train for a nurse, and on expiration of same served overseas. The groom is also known to many Pictouites, having some years ago been in the employ of the Bank of Nova Scotia here. He, too, served three years overseas. The bride and groom received many beautiful and useful gifts, amongst same being a beautiful tiffany wrist watch, also a number of substantial cloques. The bride looked charming in her ivory dress of navy blue, with hat to match from underneath trim of some peeped coquettishly a jaquemine rose. The usual heavy showers of confetti were poured upon the happy couple as they boarded the train on their honeymoon trip. They will be at home after Oct. 1st, Sussex, N. B.

BURNABY AIDS CAPT. DICKSON IN COLCHESTER

Truro, N. S., Sept. 16.—Voting in the Colchester by-election, which is to be held in consequence of the appointment of Hon. F. B. Mcurdy as minister of public works, began tonight with the opening of an advance poll for the convenience of railwaymen, sailors and commercial travelers, whose duties will preclude them from being present in Colchester on Monday next, election day. The advance polls will also be in operation Friday and Saturday nights. This afternoon a meeting to which ladies were especially invited was held in the interests of Captain Hugh Dickson, the Premier-Labor candidate. The principal speaker at this meeting was R. W. E. Burnaby, of Toronto, president of the Canadian Council of Agriculture. Tomorrow night Hon. G. E. Foster, minister of trade and commerce will address a meeting in support of the candidature of his colleague in the cabinet.

city, and John Matthews, of Woburn, Mass. Miss Matthews was a native of Hoyt, the daughter of the late Andrew Matthews. She had lived in West St. John for several years. The funeral service was held at 8 o'clock last evening at 105 Galliard street, West St. John. The body will be taken from the undertaking rooms of W. E. Brennan this morning to the Boston train. Interment will be at Hoyt.

LET EVERY PERSON VOTE

HON. R. W. WIGMORE

A self-made man and a living embodiment of what brains and energy can achieve with the opportunities of a blessed democracy.

Here is the Whole Difficulty

Ninety-nine per cent of the men and women in the St. John-Albert electoral district realize perfectly well that Hon. Rupert W. Wigmore will be returned to office as Minister of Customs and Inland Revenue. They are so convinced of this that they are willing to let the other folks do the voting. This is the real danger. So many will be glad to let someone else do the voting that the majority for Hon. Mr. Wigmore may not justify him in speaking with the fullest authority for the electors of this constituency. There is no question as to his success. That has never been an issue in this campaign. Even the most rabid workers in the Opposition Party freely concede Mr. Wigmore's election. Their whole object has been, not to defeat him, but to hold down his majority. Towards the end of making that majority a big one the efforts of his active supporters are now directed. But all the organization and all the activity of a comparatively small committee will come to naught unless the great mass of the men and women electors in this constituency perform their duty and go to the polls. It is utterly useless to expect that Hon. Mr. Wigmore can represent St. John-Albert in the way it should be represented, unless he can carry to Ottawa with him a vote of confidence accorded by a tremendous majority of the people of these united counties. It is unfair to expect that he can accomplish for these counties the tasks which he has in mind unless it is in his power to say to his colleagues in the Federal Cabinet that he carries the almost unanimous approval of his constituents. It is the duty of the electorate of St. John-Albert to vote, first of all for one or the other of the candidates, and it is their privilege under existing conditions to vote for their own interests in casting their ballots for Hon. Mr. Wigmore. Too many men and women may feel inclined to stay at home, and not bother about going to the polls and voting. They think the issues of the day are not sufficiently important. They may believe that Hon. Mr. Wigmore's election is assured and that their influence will not be required. No greater mistake could be made. Every vote lost by neglect of the men or women of St. John-Albert to appear at the polling places on September 20th weakens the efforts of Mr. Wigmore. Every man and woman who turns out and casts a ballot in his favor supports him in the effort which he is making to advance the well-being of St. John City and County and of Albert County. Do not be carried away by the prevailing impression that Hon. Mr. Wigmore's election is a walkover. It will inevitably be a victory for the Minister of Customs, but the mere fact of victory is not at present the issue. It is the imperative duty of everyone to see that there shall be no opportunity of accusing Hon. Mr. Wigmore of retaining office by a narrow margin.

In the Union election of 1917 this representative won by one of the largest majorities ever accorded any candidate in Canada since Confederation. His vote on Monday next should be even greater than in 1917.

LET EVERYBODY VOTE!

THE STANDARD'S SPORTING SECTION

"Pop" Geers Was Severely Injured

Wiki Wiki Fell at Finish in Grand Circuit and Veteran Was Thrown on Track.

Sydney, Sept. 17.—Edward F. (Pop) Geers, veteran harness driver, suffered a painful injury when thrown from his sulky in the first race of the Grand Circuit card on the state fair track here this afternoon.

King Wats, driven by Geers, and after the accident in the second heat, by Edman, finished in third place.

Wiki Wiki made a spectacular finish to take second place in the second heat, when he stumbled and sid ten yards, barely crossing the line under the wire.

Geers sent Goldie Todd across the line an easy winner in the first heat of the 2:05 pace, and Edman captured the remaining heats behind the Geers mount.

Sanardo, Tommy Murphy's great pacer, will attempt to lower the season's record of 2:01 made by Stagle G. M. at an exhibition meet at the final running of the Syracuse meeting tomorrow at termoon.

The summaries follow:

Ononadaga Hotel Cup, 2:18 Trot—Purse \$1,900

King Wats, b. h., by General Wats-Ross Bingen (McDonald) 1 1 1

Sib Bingen, Jr. g. Bingen Sp. (Valentine) 2 3 3

Wiki Wiki, b. g., by Anvil Arch Dale (Geers, Edman) 2 2 4

Crax, b. g., by Justice Brooke (Morvins (Hinds) 3 4 5

Grace Drake, blk. m. (White), 6 6 6

Princess Madena, Grace Forbes and Loto Wats also started.

Woodstock Races Were Exciting

Took Five Heats to Decide Winner in 2:20 Trot—Two Other Good Events.

Woodstock, N. B., Sept. 16.—The 2:20 trot was the big noise on today's race programme, the event going five heats before the winner was decided. It was a case of Yankee-land against Montreal, there being four from the States taking the word, and one from Canada.

Sommersworth Boy, driven by Harry Nevers, took the first heat. The horses went away with Eleanor Wats on the pole, which she held to the stretch, Sommersworth Boy coming from fourth position for a fight to the wire, winning out by a neck.

Peter Prodral, who entered from third position, but was set back to fifth place for running 200 yards.

The 2:15 Trot and Pace

The 2:15 trot and pace brought four to the wire for the go. Corwin Hal, driven by Steele, won the first heat, all four horses being bunched at the finish.

The summary for today's meet follows:

2:15 Trot and Pace—Purse \$400

Bearl North, Tom Phair, Presque Isle (Sharon) 4 1 1 1

Corwin Hal, J. P. Smith, Kenora, P. E. (Steel) 1 2 2 2

BIG LEAGUERS ARE ON HOME STRETCH FOR THE 1920 PENNANTS

Cleveland Slipped Into First Place in American League—White Sox Defeated New York—Brooklyn Widened Gap Separating it from Cincinnati to Six Full Games—Giants Still in Game.

New York, Sept. 16.—Cleveland to break even with Pittsburgh in the American League pennant race today while the battle between the other two contenders, Chicago and New York, resulted in a victory for the White Sox.

Brooklyn widened the gap separating it from Cincinnati to six full games by scoring first blood in the series with the Reds. The New York Nationals, who split even with Pittsburgh, are still a mathematical possibility.

The Cleveland Indians were held to three hits by Zachary of Washington, but the Indians won as they scored the only run in the contest.

Cincinnati's star pitcher, Benhur, lasted only one-third of an inning before the on-rush of Brooklyn sluggers, Grimes, of the Dodgers, yielded a run in the first inning and two in the fifth when Daubert made a home run, but scattered the hits in the other innings.

"Babe" Ruth After A Film Concern

Supreme Court Justice Denied An Application for a Permanent Injunction.

New York, Sept. 16.—(By Canadian Press)—Supreme Court Justice Guy George H. Ruth, better known as "Babe" Ruth, star of the New York American League baseball team, for a permanent injunction restraining the Educational Film Corporation and others from displaying the moving picture entitled "Babe Ruth, How He Makes His Home Runs."

Justice Guy does not prejudice the case for \$100,000 which Ruth has brought against the film company.

Pass Resolution Of Appreciation

Common Council Thank J. D. O'Connell for Pleasure Given Orphans.

At the meeting of the Common Council yesterday afternoon the following resolution of appreciation of the generosity of J. D. O'Connell, in giving a picnic to the orphans and other children of the city, was adopted by the council.

Resolved, that this Common Council desires to place on record its sincere appreciation of the recent worthy and kindly deeds done by Mr. J. D. O'Connell in giving pleasure to the orphans and other children of the city of St. John.

Resolved, that this Council, on behalf of the children of the city of St. John, extend to Mr. O'Connell its sincere and hearty thanks, trusting that he may long be spared to continue and carry on his good work; and further

Resolved, that a copy of these resolutions, under the Common Seal, be forwarded to Mr. O'Connell.

SCOTTISH LEAGUE GAMES

London, Sept. 16.—Scottish League games played today resulted as follows:

Ayr 3; Dumfries, 0

Glasgow 2; Clyde Bank, 1

GIRLS' GOLF CHAMPIONSHIP

London, Sept. 16.—The girls' golf championship was won today by Christina Clarke. Remarkable performers were uncovered in Barbara Griffiths, aged 14, and Ruth Pharyaz aged 13.

Many film fans do not know that Maurice Tourneur, the artistic producer, was at one time a boxer—also a French stage. He enjoyed it and also kept in fine trim.

Good Races At St. Stephen Park

Straight Heats in Three Events and Evrey Heat a Horse Race.

Special to The Standard

St. Stephen, Sept. 16.—The rail birds had a great day at the park this afternoon and every heat had them on their toes at the finish.

Some excitement was caused by a spill in the second heat of the 2:35 but fortunately the only damage done was the breaking of the Finisher's sulky shafts.

Five Thousand Present

Fully 5,000 people witnessed the races which were as good as ever staged on the track.

The 2:16 was a great race with all three horses fighting every step of the way.

The unfinished heat of the 2:20 from Wednesday was not run, as Jennie had gone lame and was withdrawn by her owner F. Roulter of Halifax.

WHY IS GOVERNMENT GOING TO COUNTRY?

Dr. J. B. M. Baxter, K. C., returned last night from Fredericton. When asked by the Standard for his view on the decision of the Provincial Government to hold an election, he said that he had nothing to say except that there was no reason for dissolution that has been given by the Government.

Mrs. E. M. Adams of Calgary, is the guest of her sister, Mrs. Thomas McCashy, Curville Hall.

Mr. and Mrs. Hazen Kirkpatrick, of Beth, N. B., were in the city yesterday.

Cuticura Soap For the Hands

Cuticura Soap is ideal for the hands. It is a powerful antiseptic and disinfectant, and is used by the military and naval forces.

PRESENTED WITH PURSE OF GOLD

Moss Glen was the scene of a pleasant social function on Wednesday evening when the children and grandchildren of Mr. and Mrs. W. E. Cronk assembled at the residence of that esteemed couple and presented them with a purse of gold in commemoration of their fiftieth anniversary of married life.

The Cronk family numbers nine, four boys and five girls, and there are seventeen grandchildren. Several members of the family were unable to be present but handsome gifts bore witness to their filial affection.

Those present included Mr. and Mrs. Warren Cronk of Clifton, Mr. and Mrs. George Wadell, and Mrs. Isaac Humphrey of Perry's Point, Mr. and Mrs. Louis Gillan, Mr. and Mrs. Jerry Grant, and Mr. and Mrs. George Leonard, all of St. John.

ELECTED GRAND CHIEF TEMPLAR

The Grand Lodge of I. O. G. T., met at Longville Wednesday evening. Able addresses were delivered by a number of the officers and the attendance was large.

Mr. and Mrs. J. P. Atherton were at the Victoria yesterday.

DELEGATES LEFT FOR TORONTO

W. F. Burditt, vice-president, and R. E. Armstrong, secretary of the Board of Trade, left last evening on the G. P. R. Montreal train for Toronto, where they will attend the ninth congress of the Chambers of Commerce of the Empire.

The object of the Congress, which is held triennially, except that on account of the war no session has been held since 1912 in London, is to give expression to the imperial commercial opinion on matters directly or indirectly affecting commercial and industrial affairs.

The Congress was to have been held in Toronto in 1915 only for the war. It is intended to hold it alternately in London and in the overseas dominions.

The Advisory Board finished the grading of thirty-five applicants on Wednesday and sent the applications to Ottawa, where the appointments will be made.

Mr. and Mrs. J. P. Atherton were at the Victoria yesterday.

EXMOUTH STAR MISSION CIRCLE

The opening meeting of the Star Mission Circle was held last evening in the church parlor. The president, Miss Blanche Myles presided and introduced the study of the book which is to be taken up this year: "The Bible and Missions."

FREDERICK BELL CHARGED WITH THEFT

Frederick Bell was arrested yesterday afternoon by Detectives Bidescombe and Donahue, and three counts were entered against him. He was charged with being drunk on Union street, breaking and entering the shoe repair shop of Thomas Frontin on the night of Sept. 8 and stealing therefrom shoes, rubber heels, etc.

Struck by Car

While crossing Brussels street yesterday morning Mary Wilkins, a little three-year-old child, was knocked down by a street car. She was picked up and taken to her home and Dr. London called. He found that outside of a severe shaking the injuries received were not serious.

On account of the grounds being flooded because of the recent rains the picnic at Quarry Station, Hamstead, has been postponed.

ST. JOHN, N. B. FRIDAY, SEPTEMBER 17, 1920.

PROVINCIAL POLITICS.

The Legislative Assembly has been dissolved, and the writs for a general election have been issued, polling in which will take place on the ninth of October. The rumors that have been current during the past few days have thus proven to be correct. It is a kind of hurried call, but it is not the first time that a general election has been sprung upon the province as the earliest possible notice. When the last House was dissolved in 1917, the then government adopted the same kind of tactics, and other governments before had done the same thing. The practice is not without some advantages, a short, sharp campaign is, after all, to be preferred to a long drawn out affair, in which everyone gets weary before half the work is done. All there is to be said on either side can be said quite well in three weeks, and the majority of people will be glad to get it over and done with.

As will be seen by the advertisement in another column, a general Convention of the Opposition party is called for the 23rd inst., at which many matters of the utmost importance to the party will have to be discussed and decided upon. And it may be that some very material matters affecting the immediate future of the party activities may have to be taken into consideration also. The general arrangements for the management and conduct of the campaign must be settled, and it is desirable that the attendance of supporters of the party, from every part of the province, should be as large as possible.

In the meanwhile, as we pointed out yesterday, steps should be taken to get the party organization into working order. The campaign is not unlikely to be carried on in somewhat different lines than has previously been the case. In many counties the United Farmers are showing unexpected signs of activity, and if they decide to take a hand in affairs, it will put quite a new complexion on them. The United Farmers are very firm in their determination not to act in conjunction with either of the other parties, so that, unless some other arrangements are come to, there may be three-cornered fights in several constituencies. Under any circumstances there will be plenty of excitement during the next three weeks.

DR. EMERY'S APPEAL.

In his election address, Dr. Emery declares that, in so far as the interests of St. John, he is concerned, they have gained nothing from Hon. Rupert Wilmers' presence in Parliament, that he has never been able to get anything done for the city and port, and that he never will be able to get anything; while, on the other hand, millions have been spent in the development of Halifax. The reason for this is plain as a pikestaff. Halifax was represented in the Government by the Prime Minister, Sir Robert Borden, who naturally saw to it that the interests of the city should be looked after. Now that Mr. Wilmers is a member of the Government also, he will be in a position to see that St. John's interests are looked after just as were those of Halifax.

As a private member, of course, Mr. Wilmers did not have the weight that a member of the Government has, and while he has been fully conscious of the pressing needs of the port of St. John, and has been instrumental in getting several things done to improve conditions here, he has not been able for many reasons to get anything like as much as he wished. But his opportunity has now arrived, and it may be accepted as a fact that he will make every use of it.

Dr. Emery further says: "I am of opinion that a government which found millions for the development of Halifax, should have found an equal apportionment for St. John." But there was nobody from St. John in the Government to ask for it, or it would probably have been forthcoming as readily as the money was for Halifax. If Dr. Emery should by any freak of fortune find himself sitting in Parliament as member from St. John, how would he propose to go to work to get the appropriation that he says St. John should have? He asks the electors to send him to Ottawa to oppose, to the utmost of his ability, the Government now in power, and does he suppose that a government that he was trying to thwart would listen to any recommendations he might make?

Dr. Emery could do nothing for the port of St. John, if he was sent to Ottawa, and the people know it, and he knows it himself, too, no one better. St. John wants a real live man to look after its interests, one with some influence in the councils of the nation. Mr. Wilmers is just the kind of man needed, and the electors have

every intention of seeing to it that he goes there to look after their end of affairs.

GOVERNOR COX'S VIEWS ON IRELAND.

One of the things better left unsaid, in the judgment of the New York Times, one of the most influential of the American newspapers supporting Governor Cox, was his statement in Butte, Montana, on the Irish question. He is quoted as follows:

"The peace of the world will be promoted more by harmonious feeling between the English-speaking nations of the world than by anything else. Therefore, anything that disturbs it is subversive of the course of peace. I have always insisted, and do yet, that under existing conditions the aims and aspirations of Ireland cannot be presented to the bar of public opinion. Under the League of Nations they can be. Article XI of the League provides: 'It is also declared to be the friendly right of each member of the League to bring to the attention of the assembly or of the council any circumstances whatsoever affecting international relations which threaten to disturb either the peace or the good understanding between nations, upon which peace depends.'"

"We have four times as many people of Gaelic blood in the United States as there are in Erin, and the natural feelings not only figure in our domestic relations, but also stand like granite between the stretching bands of England and America. So long, therefore, as the Irish question remains unsettled, there will be some conflict in America with the idea of world-wide co-operation between the English-speaking nations."

"It would be my duty, and very quickly availed of, as a friend of peace, asserting the friendly right of any member of the League, to present the Irish cause to the attention of the League under the authority given in Article XI and give to Ireland, or to any other aggrieved people, the opportunity to plead their cause before the bar of civilized opinion. It must not be forgotten that when we took up arms the thing that gave us unity and great enthusiasm was our declaration that we fought to end the rule of might; that we were champions of the rights of small people; that we stood for the reign of law based upon the consent of the governed." As I have said before, the League contemplates enduring peace.

With the opinion that the peace of the world will depend chiefly upon the friendship and co-operation of the English-speaking nations, nobody will quarrel, but it is very doubtful if the officious meddling of an American president in a British domestic problem would contribute greatly to that harmony. Nor do we think that American public sentiment would warm to Great Britain if a British politician were, in the friendliest fashion, to call the attention of the League of Nations to the aspirations of the Filipinos for self-government, or to the lynching of negroes in the United States on the ground that this practice makes the task of Britain more difficult in governing her vast colored populations. Governor Cox will find few to agree with him that under existing conditions the aims and aspirations of Ireland cannot be presented at the bar of public opinion. The whole world knows what Ireland wants, or rather what the great majority of Irishmen, both in Ireland and elsewhere, want. They want independence. That the British people will not grant, no matter what public opinion in the United States demands, and no matter what the League of Nations might advise. We agree that the cause of the loyalists in the North of Ireland has been very imperfectly presented; so much so, indeed, that one would infer from Governor Cox's speech that he had never heard of it. But the Governor does know, as does every intelligent American, that any solution of the Irish problem, short of independence, that is satisfactory to the Irish people, will be accepted by the British Government, and there never was a time in the last twenty years when it would not have been accepted. But it is not the business of a presidential candidate to say anything that might cost him votes, no matter how right it may be to say it.

Discussing the local by-election, the Ottawa Journal says: "One wonders what is in the mind of the poor St. John candidate as, being led lonely and like a sheep to the slaughter, he contemplates his leader in dress suit and patent slippers leaving with the rickety-checked maidens of British Columbia, three thousand miles from the fray!"

WHAT OTHERS SAY

A Newspaper Offense. (Edmonton Journal.)

One of the greatest offenses a newspaper can commit is to color its news according to its opinions. To do so is a breach of faith with its readers, who are entitled to know the facts, regardless of the conclusions which they arrive at with regard to these. The better a newspaper is the more strongly, as a rule, it expresses its own views, but it keeps these for its editorial page.

A Tasting Time. (Toronto Globe.)

A writer of civil war, with its accompaniments of slaying, burning and terrorization, will bring the Irish people to a realization of the truth that peace cannot be secured by following the extremists of either side, but rather through the ending of lawlessness by all parties and a sincere acceptance of the measure of self-government that is regarded as sufficient to enable the people of Canada and Australia and the other Overseas Dominions, to live happily and prosperously within the Empire.

Progressive Quebec. (Montreal Herald.)

In the meantime we would invite everyone to read the tribute paid to the province by Hon. Mr. Tolmie, the Federal Minister of Agriculture, in a visit he made the other day to the Three Rivers Exhibition. He said he had been simply astonished by the development of agriculture in the Province of Quebec. He added that with such an administration as we had farmers had certainly no reason to form a separate party. Let our friends follow Mr. Tolmie's example and come to Quebec to learn how we do it. It will do them much more good than making pie speeches round a hotel table.

Case of Emotional Insanity. (Toronto Telegram.)

It is announced that Lord Mayor McSwiney of Cork, who declines to eat in Brixton prison, has only a few days to live.

This is longer than was accorded Inspector Swaney of Belfast, who was shot while coming out of church. McSwiney's fanatical hunger strike has been widely advertised and he is hailed as a martyr. Any condemned murderer who was given the same publicity McSwiney has received would have thousands of hysterical followers clamoring for his release.

It is much the same kind of emotional insanity that runs riot over the sad fate of the prisoner and completely obscures the view of the prisoner's victims.

A BIT OF VERSE

A PICNIC TO CHATSWORTH.

The Spat of the Duke of Devonshire in Derbyshire.

Gloriously the sun was shining, merrily the wild birds sang. Every heart was turned to gladness, every voice with laughter rang; Through the meadows first we wandered, reveling in sunlight fair, Bearing each a willing burden for the lunch upon the hillside. Then we rambled thro' the woodland as it reared the noontide hour, Nature looking at her fairest, fresh from early morning shower. Ferns were spreading all around us, wild flowers trimmed the rural way. And we heard the merrily laughter of the waterfalls at play. Mighty trees above us waving—beeches and the forest king—Holding out their giant branches for the songbird's weary wing. White flowered elms and lofty chestnuts, thick-coated fir-trees, one by one. Here and there a stately cedar breathing sweet of Lebanon. Wide before the ducal mansion stretched the park with herds of deer. Where the merry rabbits sporting haunt the bracken void of fear. White-plumed swans are proudly sailing on the pond that fronts the door. Where the careless fountain tosses feathery spray wreaths, evermore. Up we climbed with mirthful panting to the tower above the steep. Overlooking knolls and valleys which beneath in verdure sleep. Hills in shades of many colors rose beside some deep ravine. Dyed in hues of darker foliage, while the sunlight danced between. Noble Chatsworth! I speak the praises of the God who made you fair. Wake to song, O vale and mountain! Breathe His glory, gentle air! Thanks to him, the kindly owner, who has willed that all may come To enjoy the most beauty of his fair ancestral home. —E. S. Godfrey, Ottawa.

THE LAUGH LINE

Supplying a Want.

"What is that crate of stuff you are getting in?" "Just a shipment of ouija boards," replied the hotel manager. "Great Jigger! What's the idea?" "We believe in giving service here. Every now and then a guest calls for an ouija board. Hereafter when we get a request like that our clerks will answer: 'Coming up, madam, at once.'" —Birmingham Age-Herald.

A New Method. (Exchange.)

It was baking day and mother was very busy with other duties also. "May," she cried, "see if the cake is done. Put a knife in it and if it comes out clean you'll know that it is finished." "Yes," added father, "and if it comes out clean stick the others in too."

Back Talk.

The professor was dressing the other evening for the opera, when his wife stalked into his dressing room. "Here you are," she hissed, "a war profiteer giving 200 per cent. dividends, and I've got only one decent dress." He turned and looked her up and down, then he said: "Well, I wish to goodness you'd wear it!"

Benny's Note Book BY LEE PAPE My cousin Artie came around after supper yesterday and we were playing loto on the sitting room floor and pop was smoking and thinking, and me and Artie got tired of playing and pretended to get in an argument just for fun and started to see which one could say the most insulting thing about the other ones intelligently, me saying, Gosh, G. you're so dum if you was any dummer you wouldn't believe it yourself. Well hokey smokes, you're so dum if anybody shook you by the feet your brains wouldn't even rattle, sed Artie. O to that so, well if you had twice as much sense as wat you got you'd evn have half as much as you need, I sed. Hay, hay, this is getting a bit thick, sed pop. Meaning the insults was getting too personal, and I sed, Thats all rite, pop, we're only insulting each other in fun, aint we, Artie? Sure, thats all, its too bad you havant got a penny shell instead of a bed, because then there wouldn't be quite so much empty space inside, sed Artie. O you dont say so, well the only reason you don't look as dum as you are is because you're so much dummer than you look, I sed. Help, stop, cease firing, sed pop. Wats the matter, pop, we're only in fun, aint we, Artie, doughnut? I sed. Sure, you dum circle without any rim, sed Artie, and pop sed, Did you heer my order to suspend hostilities, leave my site, leave the room, leave the house. Wich we did.

Puritan's View of Organ. "Friend Makby, I am pleased that thou has got such a fine organ in thy church." "But," said the clergyman, "I thought you were strongly opposed to having an organ in a church?" "So I am," said Friend Obadiah, "but then if thou wilt worship the Lord by machinery, I would like thee to have a first-rate instrument."

MEAT and Get Thin This is turning an old saying face about, but modern methods of reducing fat have made this revision possible. If you are overfat, exposed to physical exertion, fond of the table and in need of things, and still want to reduce your excess flesh several pounds, go to your druggist for a trial, slim figure, by receiving a good size box of Marmola Prescription Tablets (compounded in accordance with the famous Marmola Prescription); take one of these pleasant candy tablets after each meal and at bedtime, and you will lose your fat at the rate of two, three or four pounds a week. Then continue the treatment until your weight is what you desire. Marmola Prescription Tablets are not only harmless but really beneficial to the general health. You don't need starvation diet or weakening exercises. Just go on eating what you like, leave exercising to the athletes, but take your little tablet faithfully and without a doubt that flabby flesh will quickly take to itself wings, leaving behind it your natural self, neatly clothed in firm flesh and trim muscles.

A Satisfactory Purchase What a satisfaction there is in buying diamonds of a reputable concern that deals only in quality merchandise and whose guarantee and advice may be depended upon absolutely. Diamonds that enhance in value as the years roll by must be of the highest grade, perfectly cut—and rightly bought. Stones of ordinary quality are not rare and will not attain any great value at any time. Invest in diamonds now. Let us show you some gems that will prove a wise purchase, and demonstrate new ways of mounting them that will materially enhance their attractiveness. Ferguson & Page The Jewelers—41 King Street

CATHOLIC UNION IN CANADIAN CAR SHOPS IS FOUNDED

New Body is Result of Abbe Hebert's Aid During Recent Strike.

Montreal, Sept. 16.—The National Catholic Union has established a new union in the plant of the Canadian Car and Foundry Company, Limited, and according to an announcement made this morning by Gerard Tremblay, General Secretary of the Montreal National Catholic Union, this new body is the result of the recent strike which was followed by a shut-down of the company's plants.

He states that the men, finding the company obstinate, appealed to Abbe Hebert, head of the National Union of Catholic Workmen, to use his influence to bring about a termination of the trouble, with the ultimate result that the company re-opened its plants. Abbe Hebert stated this morning that the new union comprised several hundred men.

Big Fleas have Little Pleas
Upon their backs to bite 'em,
And little Fleas have lesser Pleas,
And so ad infinitum.

Philadelphia, Sept. 15.—Mike O'Dowd, former middleweight champion, outboxed Sailor Patrosky, California, in an eight-round bout here last night.

IN THE EDITOR'S MAIL

To the Editor, The Standard, St. John, N. B.

Dear Sir:—I am an old-time Liberal and am very much shocked regarding the resignation of Hon. E. A. Smith from the Department of Lands and Mines. The Premier is reported to have stated that the cause was a difference of opinion regarding the Forest Reserve established by the ex-Minister.

Will Mr. Foster publish the real reasons? The Reserve was established after full consideration by the Government after a careful study of the available sites. The object was an admirable one, viz., the development of a game sanctuary, similar to that which has been established in other provinces and in the United States. It was also meant to be an attractive resort for the ever-increasing number of summer visitors who enjoy an outing in the uninhabited parts of our province.

Naturally, such a creation must interfere with the few guides who have been accustomed to shoot and trap game in the locality. It appears that these men have brought continued pressure to bear on the Hon. Mr. Tweeddale, who opposed Dr. Smith's scheme, and finally induced the Premier to interfere in a very summary manner, by ordering Dr. Smith's subordinates directly to allow the guides to shoot and trap in the Reserve and to tear down the boundary notices which were being erected.

A self-respecting Minister could do nothing else than resign under such treatment by his leader. The Hon. Dr. Smith retired with dignity and with the knowledge that he had gained the respect and gratitude of every honest voter in this province. He has administered his department as a sacred trust in the interests of the people. He has not appointed his subordinates by political patronage but has made merit an essential in their selection. In this way he has created a body of men who have the responsibility of checking the operations of the lumber interests on Crown Lands, whose loyalty is, primarily, to the province.

Every tax-payer should be keenly alive to the great value of such business-like methods of managing our resources. Then, again, the aggressive work of the ex-Minister in conservation and protection has been most admirable, and has gained enormous credit for him in all parts of the continent.

Why has the Premier sacrificed such a man to the wishes of the Hon. Mr. Tweeddale? Is there any possible doubt as to the relative value of the two men to the public good? Sinister rumors are afloat to the effect that certain interests wished to get rid of Dr. Smith in order that a more pliant minister could be appointed, one who would act more on old-fashioned lines. We all know what this means.

It is said that the Premier now feels that he has made a mistake. He has hurt his party and the Province, having sacrificed a strong man for a very weak man, whose chief virtue seems to be that his country was a refuge for the Hon. Walter Foster in time of trouble. The conviction will now be greatly strengthened that the Premier is a weak man, who has allowed unworthy political advice to guide him. The chief strength of his administration has been the work of two ministers, Dr. Smith and Mr. Veniot. With an election looming ahead it would seem to be an act of stupidity to sacrifice one of these men, especially when it was his election which put the Hon. Walter Foster on the political map.

What can the Hon. Mr. Tweeddale do for the Government, when it is remembered that the farmers are preparing to defend him in his own county, their ability to do so being acknowledged by the gentleman himself? I am,

Yours very truly,
JOHN STUART.

THE STANDARD'S FINANCIAL SECTION

SUGAR, MEAT AND NUT PRICES DOWN ON ST. JOHN MARKET

Standard and Yellow Drop \$1 Each to \$21.15 and \$20.60 Cwt. Now.

K—SUGAR MEAT AND NUTS.—The drop in sugar furnished the feature in the local market this week, both standard and yellow sugars dropped a dollar a hundred, and standard sugar is now quoted at from \$21.10 to \$21.15, and yellow at from \$20.60 to \$20.65.

Walnuts dropped six cents per pound and filberts ten; shelled walnuts dropped a dollar a hundred, and standard sugar is now quoted at from \$21.10 to \$21.15, and yellow at from \$20.60 to \$20.65.

Meats were firm with the exception of country beef which dropped two cents. Prices in the city market were about the same as last week, eggs were reported scarce.

Canadian peaches replaced the California varieties and sold at \$1.15 per basket. California peaches dropped a dollar and peaches were also lower.

The heavy weather of the past week caused a shortage in the fish market, the stocks and varieties being limited.

Hay and feed showed no change though the recent rise in freight rates is expected to react on the price of grain and feeds. There was no change in oils.

Green and salt hides dropped a cent a pound and calfskins three cents.

IRREGULAR TONE AT MONTREAL BUT BROMPTON FIRMEST

C. P. R. Makes Its First Appearance Since April, Selling at 133.

Montreal, Sept. 16.—The features of the local stock exchange trading today were the added momentum to the activity of Brompton Paper shares, the price advancing to a high of 78 1/2, but later sagged to 77, and closed the day at 77 1/2, a net gain of 1 1/2 points.

Elsewhere the list drifted in irregular fashion, with net losses predominating. The paper stocks moved uncertainly as a group. Losses of one and two points in Spanish River common and preferred, respectively were shown, which closed 1 1/2 and 1 1/2.

Ames Holden preferred retained the ground recovered yesterday and added a half point at 70 1/2. Total sales listed, \$225; bonds, \$18,000.

ALL TRADING IN NEW YORK ENDED AFTER EXPLOSION

Tragedy Came Just After Noon and Markets Shut to Avoid Slumps.

New York, Sept. 16.—Trading on the stock exchange today came to a sudden halt a few minutes after noon because of the Wall street explosion.

The governors of the exchange ordered immediate suspension of business for the day and similar action was taken by the consolidated exchange, the curb, or outside market.

Extreme advances of one to three points were secured by Mexican and related obs., shippings gained one to four points, and steels and equipments under lead of Reading were foremost of the rally, with substantial gains in St. Louis and San Francisco preferred, Southern Railway preferred and New Orleans, Texas and Mexico.

CHICAGO GRAIN

Chicago, Sept. 16.—Closing—Wheat, December, \$2.37 1/2; March, \$2.32 1/2; Corn, September, \$1.29 1/2; December, \$1.11 1/2; Oats, December, 63 1/2; May, 66 1/2; Pork, September, \$25.15; October, \$25.20; Lard, October, \$20.40; January, \$19.25; Hibs, September, \$17.80; October, \$17.80.

Commodity Prices Down.—The Economist's of London, index of British commodity prices for August is 1,748, a decline of 133 compared with July, showing a resumption of the downward trend beginning in April, which was interrupted by the July rise. Miscellaneous items showed a rise during August. Textiles dropped 7 1/2, cereals 6 1/2, other foods 7, minerals 5 1/2 points.

IN THE PUBLIC EYE

MR. C. HOWARD SMITH. Who announces some big additions to the paper plants of his company.

HOWARD SMITH CO. MAKES BIG CHANGES

Cornwall Plant to be Altered So That New Class of Paper Can be Made.

Special to The Standard. Toronto, Sept. 16.—The Howard Smith Company has a fairly large Toronto following on account of its recent absorption of the Toronto Paper Company. Mr. Howard Smith, the president, states that the plants at Cornwall and Beathorne are running at capacity with orders booked well ahead, with the recently installed machines adding materially to earnings.

The company produces high-grade papers and is paying attention, its president states, to the home market before selling extensively in the export field, where a heavy demand exists.

Changes are being made at the Cornwall plant with a view to turning out a class of papers not hitherto manufactured in Canada. In sufficient quantities to meet the home demand and leave a percentage over for export. Extensive additional timber limits have been secured of late and an electrolytic bleaching process is being installed as well as a fifty-ton pulp plant to manufacture bleached soda pulp from poplar for use in the manufacture of high-grade book papers.

London, Sept. 16.—Calcutta linseed, £40, 15s.; linseed oil, 8s. 6d. Spinn oil, £70; Petroleum, American refined, 2s. 4 1/2d.; spirits, 2s. 5 1/2d.; Turpentine spirits, 14s. 6d.; Rosin, American strained, 47s. 6d. Type G, 55s. Tallow, Australian, 77s.

ARE YOUR FUNDS WAITING INVESTMENT?

Close to \$1,000,000,000 is now being distributed from coast to coast in connection with our crops. This will shortly result in a freer circulation of funds throughout Canada's industrial, mercantile and financial world.

Our foreign trade is running 25% over the previous year. Our domestic trade, as shown by bank clearings, is over 28% above the previous year, and bank deposits are over \$130,000,000 higher than the record year ending June, 1919.

At this time, during the past few years, Canadians have had an opportunity, through great public loans, of purchasing Victory Bonds, and over one million Canadians evidenced their approval of Canada's Premier Security by purchasing in the aggregate over \$2,000,000,000 worth.

Beyond doubt Canadians are financially able to make further substantial investment records. We cannot conceive of any better form of investment for the large funds now accumulated than Victory Bonds, which undoubtedly will be bought up freely.

NOW IS NO TIME FOR IDLE FUNDS

The new prices for Victory Bonds make them the greatest investment bargain in Canada. There will be no public loan this year. The present supply is not large. Do not let your funds lie idle and "rust." If you have funds available we cannot too strongly recommend that you purchase Victory Bonds to the limit.

Your orders will receive our best attention.

FOR WOMEN

A meeting in the interests of Hon. Rupert W. Wigmore will be held at

THE IMPERIAL THEATRE

On Friday Afternoon

of this week, chair to be taken at 4 o'clock sharp.

Speakers, Hon. R. W. Wigmore, Dr. W. W. White.

Vocal solo Miss Katharine Gallivan.

A short film programme will be presented.

Chairman, Mrs. R. J. Hooper.

ALL ARE INVITED

A GREAT OPPORTUNITY TO BUY VICTORY BONDS

On account of conditions in the money market Victory Bonds are now selling at lower prices. These prices have just gone into effect and afford investors an unusual opportunity to buy the highest grade bonds at abnormally low prices.

Just at a time when the whole world is talking lower prices for the necessities of life comes an opportunity to buy more bonds for a given sum, than at any time in history.

Here are the new prices:

Due	Price	Yield
1922	98 and int.	6.45 p.c.
1923	98 and int.	6.30 p.c.
1924	97 and int.	6.30 p.c.
1927	91 and int.	6.85 p.c.
1931	96 1/2 and int.	6.90 p.c.
1934	98 and int.	6.25 p.c.
1937	98 and int.	5.70 p.c.

FOR WOMEN

A MUSEMENTS

Society Jubilee Was Celebrated

Women's Missionary Aid Society of German St. Baptist Church in Session.

More practical Christianity manifesting itself in hospitality to strangers regarding the young, and replacing the altar of family prayer was urged by Mrs. J. E. Wilson of Woodstock in a very fine address given last evening before the Women's Missionary Aid Society of German St. Baptist Church. The meeting was held in the German Street Institute to celebrate the Jubilee of the Society. Mrs. S. S. Poole, president and on the platform were also Mrs. E. M. Sippell and Mrs. J. E. Wilson.

The proceedings opened with the singing of the hymn "How Firm a Foundation." Responsive Scripture followed from Isa. 55 and Lev. 25. Rev. S. S. Poole pastor of German street church led in prayer. A solo was given by Miss Parloe "The Lord is Risen."

The Original Officers
Mrs. George Parker the present secretary gave an excellent account of the splendid work of the society which was formed in 1870, following an address by Miss Maria Norris, the founder of the Women's Aids of the Baptist church. The following facts are taken from Mrs. Parker's report: Sixteen women organized the society with eleven members, the original officers being:

Mrs. John Harding—President.
Mrs. Lawrence—First Vice-Pres.
Mrs. Ralston—Second Vice-Pres.
Miss Hingh—Secretary.
Miss Hart—Treasurer.
Miss Nettie Hart—Auditor.
Committee of Management—Mrs. G. M. W. Carey, Mrs. Valentine Graves, Mrs. Pettigill, Mrs. Hatfield, Mrs. Edgett.

Mrs. John Harding was president for twenty years and after her resignation her birthday was observed. Other presidents have been Mrs. F. A. Bowman, Mrs. G. O. Gates, Mrs. Henry Everett, Mrs. N. C. Scott, Mrs. E. M. Sippell and Mrs. S. S. Poole. Mrs. G. U. Hay then Miss Nettie Hart is the only one left of the original officers. The membership increased to 24 and \$81.70 was raised the past year.

Officers of long standing have been Mrs. Le Baron Vaughan, secretary for thirteen years, Mrs. C. E. Harding, secretary for nine years, Mrs. E. L. Rising, treasurer for ten years. Last year \$750 was raised for ten children in India, any supported by members and one Bible Woman.

Interesting Address
Mrs. Wilson gave her address taking as her subject "The Overlook of Life," and pointing out that those who know the Saviour will give to others His message and will live lives of righteousness. Her address was most impressive and beautifully expressed. A solo was sung by Stewart Smith, Mr. Cochrane accompanying. Rev. S. S. Poole moved a vote of thanks to Mrs. Wilson which was seconded by W. C. Cross. After the singing of "Bless Be the Tie Which Binds," Rev. Dr. Hutchinson pronounced the Benediction.

Prepared Especially For This Newspaper

COAT OF SMART DESIGN.
For motor or street wear this coat is attractive and practical. It may be developed in velours, anserin, tricotine, velvet or heather mixture. A large draped collar finishes the neck and the sleeves are in flowing effect. A single button accomplishes the adjustment. Medium size requires 4 yards 54-inch material.
Pictorial Review Coat No. 8948. Sizes, small, medium, large. Price, 25 cents.
Pictorial Review Patterns are sold in St. John by F. W. Daniel & Co., Ltd.

Plans Made For A Hospital Day

Interesting Business Transacted at Meeting of Woman's Hospital Aid Yesterday.

Plans for a Hospital Day were made at the regular meeting of the Woman's Hospital Aid held yesterday afternoon in the Board of Trade Rooms. Mrs. A. O. Skelton, vice-president, presided in the absence of the president, Mrs. E. Atherton Smith, and spoke of the aim of the organization, urging all members to work together heartily for the good of the General Public Hospital and its inmates.

After the report of the secretary, Mrs. J. B. Travers, had been given, the treasurer, Mrs. R. Duncan Smith, reported \$5,562.70 on hand, and \$1.99 in the Flower Fund.

Interesting Report.
Mrs. Morris, visitor for the month, gave an interesting report. She had been greatly assisted in her work by Mrs. E. A. Young. Flowers had been donated from Fairville, and Mrs. E. A. E. Belyea, of Belyea's Point. Fruit, candy and ice cream had been contributed by St. John's, St. Peter's, St. John the Baptist and the Church of the Assumption. The Hospital looked very clean and attractive. There were signs of new linen, the beds looking particularly fresh and clean.

Mrs. Morris said that the children's ward was very full; in some cases there were two babies in one bed. One follow-up case for St. Peter's church was reported. Another the City Municipal would look after, it was stated. Much gratification was expressed by members on hearing the news of the arrival of the new linen.

Mrs. Wallace was appointed visitor for this month.
For the House Committee, Mrs. Morris reported that everything at the Hospital seemed very clean, and the children's ward was especially attractive. A good deal of painting and cleaning has been done, and the result is excellent. It was remarked by a member that St. John will be proud of the Hospital yet. The standardization of the Hospital, as planned by the physician, was referred to, also, and the joy of the members of the Aid in witnessing the building of the walls of the Nurses' Home.

More children's magazines are asked for. It was reported by a visitor.
Hospital Day.
In a letter from Mrs. E. Atherton Smith, she referred to plans made some time ago for a Hospital Day. On the report of the city engineer at an estimated total cost of \$2,500, to be paid for by bond issue. Tenders to be called for the installation and piping and the rest of the work to be done by the harbor department by day's work.

Your committee also recommend that the application of Sydney DeWolf for permission to erect an electric sign from his place of business, No. 35 Brussels street, be referred to the commissioner of public works and the city engineer to report on.
Statements incorrect
Your committee recommend that the common clerk inform Messrs. Barry & Sweeney with respect to their letter of the 25th August last, alleging that the city purchased a horse from Thomas Hayes, which horse died whilst in the care of the police department, that the statements contained therein are incorrect, as the city vet-

and stated that she hoped to be able to assist in furnishing one room at the Nurses' Home.
On motion of Mrs. Lynch, seconded by Mrs. Carleton Lee, a letter of condolence will be written to Mrs. J. H. Deedy.
Miss Alice Estey told of the improvement in health of a patient at the Home for incurables in whom the Aid was interested. It was reported that Talbot money earned for the Aid shall be brought in at the October meeting.

Catarrh of the Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bisurated Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucous from the stomach walls and draws the blood to the stomach while the Bisurated Magnesia is an excellent solvent for mucous and increases the efficiency of the hot water treatment. Moreover the Bisurated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bisurated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bisurated Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure bisurated form (powder or tablets), especially prepared for this purpose.

Reflections of a Bachelor Girl

By HELEN HOWLAND GRANT ME THIS.

In all the years I've sung of "loves"
And told of lovers' gentle arts,
I've never touched on "cupid's darts,"
Nor babled once, of "Cupid's darts!"

I've written many things, at times,
Which may have seemed to you faltering,
But grant me this—With all my crimes,
I've never used that word—"INTREPID!"

After one husband has led a woman a dance, she is usually willing to settle down, get out her knitting, and placidly "sit out" her next marriage.

Nothing makes a man more indignant than to be treated like a peevish devil when he thought he was successfully posing as a martyred saint.

The greatest disappointment that a woman can suffer is to marry a homely man in the hope he will be eternally grateful and devoted, and then discover that her response has turned him into an egotist.

Of course, words do not prove a man's love—but, to a woman, they are as necessary to its flavor, as the froth on top is to the soda-water.

A great man is one who is governed by his loves, not his hatreds; by his admistrations, not his distastes; by his beliefs, not his prejudices.

A true pessimist is not always "one who lives with a professional optimism"; it is more often a woman who is married to an amateur humorist.

Marriage is something like moonlight on the beach, with a nice man beside you—talking about GOLF.

Employment Office Under Discussion

The following recommendations of the committee of the whole were submitted at the meeting of the common council yesterday and approved:

Your committee recommend that the Commissioner of Harbors, Ferries and Public Lands be authorized to purchase a carload of Douglas fir from A. J. Gregory, containing 25,212 s. feet, at \$76 per thousand (P.B.M.).

Your committee also recommend that the gear shed, rest room and offices in No. 1 Shed, West St. John, be placed in the rear of the oil of said shed; that the lunch rooms at the corner of Nos. 1 and 2 sheds be shifted alongside of the C. P. R. gear sheds, and that a direct steam-pipe line for heating purposes be laid from the main that now crosses over the conveyor and carried underground to those offices and the gear shed as shown on the blue print attached to the report of the city engineer at an estimated total cost of \$2,500, to be paid for by bond issue. Tenders to be called for the installation and piping and the rest of the work to be done by the harbor department by day's work.

Your committee also recommend that the application of Sydney DeWolf for permission to erect an electric sign from his place of business, No. 35 Brussels street, be referred to the commissioner of public works and the city engineer to report on.

Your committee recommend that the common clerk inform Messrs. Barry & Sweeney with respect to their letter of the 25th August last, alleging that the city purchased a horse from Thomas Hayes, which horse died whilst in the care of the police department, that the statements contained therein are incorrect, as the city vet-

and stated that she hoped to be able to assist in furnishing one room at the Nurses' Home.

On motion of Mrs. Lynch, seconded by Mrs. Carleton Lee, a letter of condolence will be written to Mrs. J. H. Deedy.

Miss Alice Estey told of the improvement in health of a patient at the Home for incurables in whom the Aid was interested. It was reported that Talbot money earned for the Aid shall be brought in at the October meeting.

AN EYE FOR COLOR.

A wild search for "Ernie" the little colored sunbeam who figures so prominently in the "Smob" Pollard comedies, resulted in the routing of some young water-melon purloiners. "Daddy" Morrison, Ernie's father, about to give up the search for his errant son, located him in a water-melon patch, surrounded by numerous watermelons and a coterie of boys of about his own shade and age. Returning with him to the studio, Morrison said:

"You bad, bad boy, I has a notion to band you right abah to de 'thorties. You know what dey does w'd wicked boys like you? Dey boils dem in oil an' makes soap out 'o dem."

True listened attentively for a moment then replied:

"Well ef dey makes soap out of me Daddy, reckon I'll have ter be tar soap."

KOREAN WOMEN NAMELESS.

The Korean woman has not even a name. In childhood she receives a nickname, by which she is known in the family and by near friends, but when she arrives at maturity it is employed only by her parents. After her marriage her name is buried; she is absolutely nameless. If it happens that a woman has to appear in a law court, the judge gives her a special name for use while the case lasts, in order to save time and to simplify matters.

material cost, \$475.
At H. Wills', Gullford street, estimated cost, \$230.
At David Watson's, estimated cost, \$185.
At D. J. Coe's, estimated cost, \$75.

In the two latter cases, the walls to be built by the owners themselves and the amount of \$195 to David Watson, and \$75 to J. D. Coe, to be paid upon their executing the proper release, as recommended by the road engineer in his report hereto attached.

Removes Hairy Growths Without Pain or Bothers

(Modes of Today.)
It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. Too guard against dis-appointment, be careful to get real delatone. Mix fresh as wanted.

OFFICERS HAD DELIGHTFUL TIME

A very enjoyable dance was given last evening at the Riverside Golf and Country Club for the officers of H. M. S. Constance. The guests were received by Mrs. Walter Foster, Mrs. W. H. Shaw, Mrs. J. Pope Barnes and Mrs. J. U. Thomas and James G. Harrison, president of the club.

The Jones orchestra furnished music and the rooms were beautifully decorated with pink dallas and white stocks. About one hundred guests were present including twenty officers from H. M. S. Constance.

The Women's Vote

TO THE WOMEN OF ST. JOHN CITY AND COUNTY AND ALBERT COUNTY:

Many of you were voters in 1917 and supported the Union Government of that date. The reasons for supporting the candidature of Hon. R. W. Wigmore, Minister of Customs and Inland Revenue, in the by-election of Monday next are quite as serious and important as the issues which confronted the electorate three years ago.

Consider the following SIX good reasons for marking a cross opposite the name of Hon. R. W. Wigmore when you go to the polls on Monday:

1. He is a tried and true man who has served the public with an unblemished record, winning his own way by hard work and honest effort.

2. He represents St. John city in the Dominion cabinet and can do a great deal for the interests of this port during the next two years for which length of time his party is sure to retain power.

3. He is the representative of the Government which gave to the women of all Canada an equal right to the franchise.

4. He stands for the Government which kept Canada in the war until the cause for which our men were fighting was triumphant.

5. He supports the Government which has granted the most generous pensions to dependents and disabled men of any country in the world and which has also given, through the Department of Soldiers' Civil Re-establishment a chance to every returned man to better himself by education and training on returning to civil life.

6. He stands for stable government at a time when the spirit of unrest threatens the welfare of every nation. His opponent is committed to a policy which will shut down industries, throw men out of work and reduce to an even greater extent than at present the value of our Canadian dollar.

Think It Over—Keep Our Dollar at Par.
