MAIL ORDERS

We solicit out of Town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

NOMINATION DAY PASSES QUIETLY

Only One Contest in Ward Two. Mayor Andrew Again Elected by Acclamation

THE CANDIDATES

A court was held on Tuesday for the nomination of candidates for Mayor and Councillors. As usual little interest was manifested, it being generally understood that Mayor Andrew, Councillors Lunan, Pinsault, Alexander, Miller, White and Ellsworth, who were again willing to act would be elected by acclamation. Councillors Stewart and Sanson who were retiring from Ward II, did not seek re-election, and three persons were nominated for the two seats, viz: Harry W. Ferguson, John Quinn and Dr. Aug. Martin.

It was understood that a young man's ticket would be placed in the field to contest all the wards, but Mr. Ferguson, is the first one to break the ice.

A poll will be held next Tuesday the fifteenth inst., the polling booth being at or near the council chambers King Street.

The councillors returned by acclamation have all done good work in the council and are now in a position to look well after the towns interests.

REVISION BILL IS INTRODUCED

Large Reductions in Duties are Striking Features in Democratic Measure

Washington, April 7.—Removal all tariff from many articles of food and clothing; broad reductions in the rates of duty on all necessities of life; an increase of tariff on many luxuries; and a new income tax that would touch the pocket of every American citizen whose net income exceeds \$4,000. are the striking features of the new democratic tariff revision bill, presented to-day to the house.

Sugar would be free of duty in 1916, the bill proposing an immediate 35 per cent. reduction and the removal of the remaining duty in 1916.

Raw wool would be made free at once, with a correspondingly heavy reduction in the tariff on all woolen goods.

All the other articles put on the free list are: Meats, flour, bread, boots and shoes, lumber, coal, harness, saddlery, iron ore, milk and cream, potatoes, salt, corn, cornmeal, cotton bagging, agricultural implements, leather, wood pulp, Bibles, printing paper not worth more than 2 1/2 cents a pound, typewriters, sewing machines, type-setting machines, cash registers, steel rails, fence-wire, cotton ties, nails, hoop and band iron, fish, sulphur, soda, tanning materials, acetic and sulphuric acids, borax, lumber products, including broomhandles, clapboards, hubs, for wheels, posts, laths, pickets, staves, shingles.

At present no one can pretend to have any idea what like the bill will be after it has gone through the house and the Senate: but it is expected that many changes will be made in several clauses.

BOOSTERS CLUB

A club has been organized in Moncton to conduct an active campaign for new industries. There is a vigorous awakening in all the towns of the province, and a determination to assist in the forward movement which is now so much in evidence.

IN POLITICS

Mr. O. Turgeon is M. P. for Gloucester Co., N. B., His son, Hon. W. F. A. Turgeon, is Attorney General for Saskatchewan. Another son, E. C. Turgeon, Hardisty, Alberta, has just been nominated by Liberals there for the Alberta Legislature.

AN INTERESTING COMPARISON

Local Option Figures for 1912 Show Big Decrease in Arrests.

Local Option by-laws are now in force in 312 municipalities of Ontario—2 cities, 25 towns, 51 villages and 214 townships. That is, no licenses for the sale of liquor are granted in 56 per cent of the municipalities of the Province of Ontario.

As a rule Local Option by-laws are permanent. This has been clearly manifest in Ontario. In 1911 there were 134 possible repeal contests and only three were contested, all retaining Local Option. In 1912 there were 178 possible repeal contests, and only 15 were contested, all sustaining Local Option. In 4 years out of 57 contests, the by-law was repealed in only 4 cases.

In Quebec Local Option is a mighty force and has had phenomenal success. The area under local prohibition is more than two thirds. Of 901 parishes, 671 are under local option and the campaign is still going on.

The "Temperance Chronicle", London, England speaking of local option in Newfoundland says: The district of Twillingate with a population of nearly 20,000 people, has had twenty-nine years experience of local option. There has only been 25 convictions during that period, and for a run of several consecutive years not a complaint was entered.

Carbonar has 5,000 inhabitants, about the size of Campbellton, and is a railway terminus and a shipping port. For five years under license there were 157 arrests for drunkenness; for five years under local option the number of arrests amount to only 75, a decrease of over 90 per cent. During five years before local option there were 10 convictions for illicit drinking; for five years under local option there were 4 convictions.

The success of local option is beyond doubt. Testimony from numerous places based upon actual facts and unbiassed experience, declares the wisdom of local prohibition and inspires confidence in the measure. Statistics clearly show that wherever the legalized bar has been voted out, social conditions have been much improved and every well meaning man desires this for his town.

The following are extracts from Campbellton year books which will speak for themselves. The first given figures are taken from the "Statement of Receipts and Expenditures of the Town of Campbellton" for the fiscal year ending Dec. 31st 1911 under local option, and the latter figures from a similar book representing returns for nine months of the year ending Dec 1909, under license system. Returns for 1910 are divided under license and local option and are not available for easy comparison:

BACHELORS BALL DECIDED SUCCESS

Good Crowd at Masonic Temple Enjoy Last Big Ball of the Season

Last Friday evening the Bachelors of Campbellton, brought off the last ball of the season about 150 guests attending.

The decorations and arrangements were on the same scale as used in the previous Masonic Bachelors balls, the running buffet having come to stay. It is so much nicer to be able to have refreshments, tea, coffee, lemonade, ices, etc., whenever you desire.

The music was furnished by Mr. F. McCullum assisted by Messrs. McDevitt, McMillan and O'Donnell, and was all that could be desired, many of the dancers expressing their appreciation. The piano used was a Canada and was kindly loaned for the occasion by A. C. Belleisle the local agent for the Canada and New Scale Williams pianos, and his kindness was much appreciated by the committee.

The chaperons were Mrs. A. A. Andrew, Mrs. D. Murray, Mrs. A. E. G. McKenzie and Mrs. W. F. Napier.

Mrs. Andrews' dress was cream colored voile, Mrs. Murray, black charmeuse, Mrs. McKenzie white charmeuse, Mrs. Napier pink satin with tunic embroidered in silver.

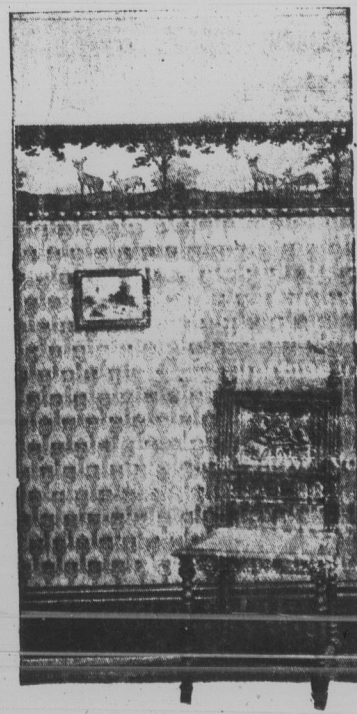

Mr. W. F. Napier acted in his usual manner as floor manager, and among the out of town guests were Hon. C. H. and Mrs. La-billois, Mr. and Mrs. J. B. H. Storer and Miss Arseneault from Dalhousie, Mr. and Mrs. D. McAllister, Miss McAllister, Mr. and Mrs. A. J. Melanson, and Mr. and Mrs. Chas. Henderson from Jacques River, Mr. W. P. Walker, St. Omer, Mr. F. G. Wheaton, Mrs. Payne, Kentville, Miss Mabel Shirley, Bathurst, Miss Stewart, Dalhousie, Mr. and Mrs. John Culligan, Jacques River, Mr. R. Bambrick, Jacques River.

THE DELEGATION RETURNS SATISFIED

Influential Deputation from Counties of Bonaventure and Gaspé Meet Ministers

GOV'TMENTS INTENTIONS

Holding that the railroad which runs through their counties did not meet the needs of the sixty thousand population of the counties, a deputation of interested lumbermen and merchants from Bonaventure and Gaspé representing an invested capital of over \$15,000,000, waited upon the Rt. Hon. R. L. Borden, Hon. Frank Cochrane and Hon. L. P. Pelletier on Saturday.

The delegation which was organized by the secretary Mr. D. Champoux was composed of Messrs. T. R. Busted, C. Nadeau, A. Nadeau, J. O. Vial, A. Bouillon, J. M. Adams, R. M. Montgomery, J. W. Windsor, R. B. Ross from Bonaventure, and Messrs. Dr. Gauthier, M. P., J. Hyman, M. Taylor, F. X. Caron, Captain Maybee, A. T. Carter, and J. F. Davies from Gaspé.

Among others present interested in the counties were Senator Edwards, Thos. Crockett, J. C. Gault, M. P. P. and K. W. Blackwell Montreal.

The secretary Mr. Champoux briefly sketched the reason of the appearance of the delegation before the ministers and spoke of the requirements of the counties in railway matters. He was followed by Mr. T. R. Busted, Senator Edwards, A. T. Carter, A. F. Bouillon, Thos. Crockett and R. M. Blackwell.

Hon. Mr. Pelletier spoke favorably of the matter, and the Hon. Mr. Cochrane explained that the government were now at work preparing a bill to take over all the branch lines. He said if the representations made by the deputation were correct and he believed they were he could assure them that the first line to be taken over by the government would be the Bay Chaleur.

The deputation returned home this week well satisfied with their reception.

"MY STOMACH IS FINE Since Taking Na-Dru-Co Dyspepsia Tablets"

Mrs. J. Merklunger, Waterloo, Ont., enthusiastically recommends Na-Dru-Co Dyspepsia Tablets. Her experience with them, as she outlines it, explains why.

"I was greatly troubled with my stomach," she writes. "I had taken so much medicine that I might say to take any more would only be making it worse. My stomach just felt raw. I read of Na-Dru-Co Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with his stomach should give Na-Dru-Co Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."

One of the many good features of Na-Dru-Co Dyspepsia Tablets is that they are so pleasant and easy to take. The relief they give from heartburn, flatulence, biliousness and dyspepsia is prompt and permanent. Try one after each meal—they'll make you feel like a new person.

FIGHTING THE HUNGER-STRIKER

Home Secretary's Bill Passes Second Reading in the Commons

London, April 2.—On moving the second reading of the bill to circumvent "hunger strikes" by militant suffragettes condemned to prison, Reginald McKenna, the British Home Secretary, today urged the House of Commons to give him the powers necessary to deal with the new set of circumstances brought about by the suffragettes.

Mr. McKenna said the terms of the bill, which provide for the temporary conditional discharge of prisoners whose detention is undesirable on account of their condition of health would give him a power which would make him very reluctant to resort to forcible feeding.

Mr. McKenna remarked that publicity was the keynote of the militant suffragettes, propaganda. Alternately the suffragettes, he said, shocked the public by the violence of their outrages and attempted to enlist sympathy by publishing tales of their sufferings in prison.

The Home Secretary warned the House and the nations not to attach too much importance to these terrible tales of sufferings caused by forcible feeding. These prisoners, he said, had declared war against society and all governments were responsible for law and order.

If the new bill were passed he should be able to release on ticket of leave prisoners whose health was suffering from want of food.

Lord Robert Cecil, Unionist, opposed the bill on the ground that it would not get rid of forcible feeding. Asked what his remedy would be, Lord Robert replied "deportation," but when questioned as to how, he would prevent the women from going on hunger strikes during the voyage he gave no explanation.

Why He Was Late

"What made you so late?"
"I met Smithson."
"Well, that is no reason why you should be an hour late getting home to supper."
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."
"Did you tell him to take Chamberlain's Tablets?"
"Sure, that is what he needs." Sold by all dealers.

Encouraging progress is being made in the plans for the campaign to be launched for Mount Allison University the latter part of April or early in May. Those in charge of this undertaking to raise a quarter of a million dollars to put this institution when it ought to be financially among the other leading educational institutions of Canada, have visited several of the larger cities of New Brunswick and have met representative business men who have expressed substantial sympathy and promised active support. It is proposed to visit all of the largest centres of the Maritime Provinces, lay the proposal before a group of the most interested laymen, and get their judgment as to the ways and means of applying the short term plan to the raising of the needed amount for Mount Allison. Already definite steps have been taken in St. John, Moncton, Amherst and Sackville towards organizing the respective

HE NOW BELIEVES IN "FRUIT-A-TIVES"

Because He No Longer Suffers With Headaches

TAYLORVILLE, Ont.
"I was a sufferer from Pearful Headaches for over two years. Sometimes, they were so bad that I was unable to work for days at a time. I took all kinds of medicine, was treated by physicians, but yet the Headaches persisted."

A short time ago, I was advised to try "Fruit-a-tives" and I did so, with utmost confidence, very little faith. But after I had taken them for three days, my Headaches were easier and in a week they left me.

After I had taken a box of these tablets, my Headaches were quite cured. My appetite was always poor and my stomach bad—and now my appetite is splendid and my digestion excellent.

I had become thin and weak from the constant Headaches but now not only have I been cured of all these awful Headaches, but my strength is growing up once more and I feel like a new man!"

committees required in the securing of contributions, and this preliminary organizing will continue in Halifax, Sydney, Charlottetown and a few other of the larger centres.

Business men interested in Mount Allison as a Maritime asset, providing opportunity for the education of the young manhood and womanhood of this part of Canada were greatly interested in the success of the effort at Halifax last year, when over \$400,000, was raised for Dalhousie University. It is the belief of many that a similar canvass, modified to suit the peculiar conditions attending the location of Mount Allison and the wide territory to which it appeals,

For Hair Health

If Recall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We do not so strongly endorse Recall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim for it. It does prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer from scalp trouble, we believe Recall "93" Hair Tonic will do more to eradicate the trouble, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other hair agency.

We want you to make us prove this. We ask you to risk no money. You can get Recall "93" Hair Tonic in this community only at our store.

can be made in Nova Scotia, New Brunswick and Prince Edward Island, more especially in the largest cities. Of course, it is not intended to raise the sum in cash, and several years will be allowed in which to pay the contributions. Colleges and Universities throughout North America have been securing large funds for endowment and expansion purposes, and Mount Allison faces the necessity of increasing its financial resources in order to keep pace not only with the demands caused by the larger number of students, but also with the better salaries paid to professors in colleges and universities for which funds have been raised.

There are many Mount Allison graduates in this community and it is hoped that when the time comes for the systematic appeal there will be a prompt and liberal response from those who have been or are identified in any way with the institution as graduates or former students and also from those who have the broad vision and public spirit to see the values of providing adequate educational facilities for the girls and boys of the Maritime Provinces.

NEW RICHMOND STATION

The weather has taken a change for the better and we are now enjoying lovely mild days with every prospect of an early spring.

We are sorry to state the death of Mr. Rodolphe Moser who passed away on the 31st of March at the age of 31 years. He leaves a widow with one child and three brothers, Messrs. Alex, Clarence and Alfred. The funeral was held on Thursday the third and was largely attended, Rev. Father Fortin conducted the services.

We also regret to record the death of Miss Annie Hughes who died last week at the age of 31 years. The funeral which took place on Saturday the 5th was largely attended.

Mr. Paul Leblanc of Shives Athol paid a flying visit to New Richmond last week.

NEW PORT

New Port correspondents have been very quiet for the last few months but spring and fine weather has awakened us all up.

Notwithstanding the mild weather our rink is in splendid condition and all the young folks are having a fine time with skates.

New Port Stars had the visit of Gaspe team for an interesting match on Easter Monday and won 6 to 2. Hurrah for New Port stars.

In the evening there was a splendid masquerade, where there were many lovely costumes from New Port and neighboring places. Ladies prize was won by Miss Ada Barlette, teacher in Port Daniel, and the gentleman's prize by Mr. Edgar LeMarquand.

Miss Drucie LeMarquand spent a week visiting friends in Port Daniel.

Miss Ida LeMarquand is now spending a week or so with friends in Gaspe. Her numerous friends in New Port and along the coast wish her a very pleasant time.

No doubt everybody will be glad to hear of the safe arrival of Mr. and Mrs. H. P. Renouf after a pleasant trip to Jersey. Mrs. Renouf is now spending a few days at her home in Gaspe.

Mr. Len. LeSelleur and Mr. Ernie LeMarquand paid a flying visit to Grand River on Wednesday night.

Mr. Charlie Maret and Mr. Frank Jean spent Sunday in New Port Point.

Mr. John LeMarquand spent a day or so in New Port with his brothers, Mr. Ernest and Mr. Elias LeMarquand.

Mrs. Aglae Flynn from Percé spent the week end at New Port the guest of Miss May Meunier on her way home.

Mrs. James Jessup, Sr., spent Monday night with her daughter, Mrs. M. J. Ahern in Grand River.

RAILROAD MAN HAD TO LAY OFF

Until He Took GIN PILLS

Buffalo, N.Y.

"I have been a Pullman conductor on the C. P. R. and Michigan Central for the last three years.

About four years ago, I was laid up with intense pain in the groin, a very sore back, and suffered most severely when I tried to urinate.

I treated with my family physician for two months for Gravel. The bladder did not receive any benefit. About that time, I met another railroad man who had been similarly affected, and who had been cured by GIN PILLS, after having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try GIN PILLS which I did—with the result that the pains left me entirely."

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

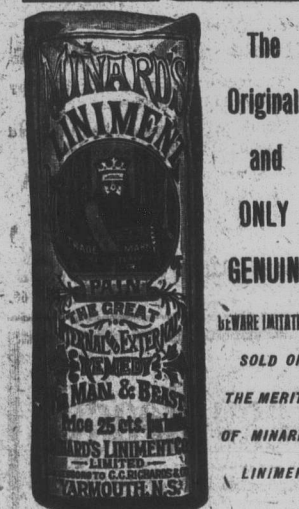

Canadian women are continually seeking such letters as the two following, which are heart-felt expressions of gratitude for restored health:

Glanford Station, Ont. — "I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had clean and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion." — Mrs. EMERY CLARK, Glanford Station, Ont.

Chesterville, Ont. — "I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble. My left side pained me all the time and just before my periods which were irregular and painful it would be worse. It did cause me pain and suffering and I would be so nervous some- times that I could not bear to see any one or hear any one speak. Little specks did float before my eyes and I was always constipated. I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial." — Mrs. STEPHEN J. MARSH, Chesterville, Ontario, Canada.

NEW CARLISLE

The Rev. A. T. Lorne rector of Port Daniel Episcopal Church was in town last week. Mr. Erick Almood of Shigawake was in town last week the guest of Mr. W. Shippard. Mr. William Cooke has been visiting his parents Mr. and Mrs. Chas. Cooke of this place for the last three months, returned to the West on Wednesday the 3rd.

Miss Annie Caldwell, graduate nurse of Keene Hospital, U. S. A., is visiting her parents Mr. and Mrs. Hugh Caldwell.

Mr. John Craig returned to New Richmond after paying a flying visit to his home in New Carlisle.

We are sorry to learn of the illness of Mrs. Samuel Chatterton one of the town's oldest citizens.

The opening of the new restaurant at New Carlisle station is on Saturday the 8th.

Mr. Joseph Wilson mechanic under Mr. C. R. Scoles is about to resign his position and leave the town.

We are sorry to learn of the sudden illness of Miss Maggie Hall. The doctor claims that pneumonia has set in and her case is serious.

Mrs. Hugh Caldwell who has been ill for sometime is now improving favorably. There are many sick folks in the vicinity and the doctors are quite busy night and day.

The temperance people gave an open meeting in their lodge room on the 25th March and was largely attended by about 250 people, quite a number of taxpayers being present.

Rev. Mr. Watson presided and gave some very interesting opening remarks. The speaker of the evening was Rev. Mr. Tattre who gave a favorable and common sense speech on the temperance question dealing chiefly with the advantages derived from places where the rum traffic is not supported and where the plebiscite vote has carried the day, also showing that public opinion, especially wise thinking people are rising to the occasion and not only casting their votes, but giving their influence against the great curse of our land, and that New Carlisle would surely follow the good example. Following Rev. Mr. Tattre was Rev. Mr. Sutherland who spoke on the purposes of the temperance society and giving encouragement to the temperance movement. There was also readings and recitations and several good temperance song rallies which were quite an aid to the meeting. There will be a similar meeting towards the end of this month.

Makes Hair Grow

All drug stores sell SALVIA, and it is guaranteed to grow hair or money back. The time to take care of your hair is when you have hair to take care of. If your hair is getting thin, gradually falling out, it cannot be long before the spots appear. The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed.

And remember, it destroys the Dandruff germ, the little pest that saps the life that goes to the hair from the roots.

SALVIA is sold by first-class druggists under a positive guarantee to cure Dandruff, stop falling hair and itching scalp in ten days, or money back. A large bottle costs 50c. The word "SALVIA" on every bottle.

For sale by the White Drug Co.

ST JEAN L'EVANGELISTE
A reception was given at Mr. Jos Normand at the occasion of the marriage of his son Francis, who was married in Campbellton on Monday the 31st, of March to Miss Mercier of Campbellton. Dancing was the chief amusement. After spending some time at home, they intend to reside at Campbellton in future.

A fashionable marriage was held at the Church of St. Jean l'Evangeliste on Tuesday the 1st, of April when Miss Elmire D'Amboise of this place was married to Mr. Forest of Bonaventure. Mr. Denis Doucet of Campbellton and Mr. Forest's father acted as witnesses. After the ceremony, they took the train for Bonaventure where they intend to make their future home.

Mr. Frenette, postmaster, accompanied by his daughter and son attended the races in Dalhousie on Tuesday.

Messrs. Marcom, Harkens, and Caldwell were in town Tuesday on business.

Mr. Matthey Leblanc has just come back from the woods this week, sick with typhoid fever.

Rev. Father Drapeau visited the Capucins Fathers at Resigouche on Tuesday.

Miss Gauthier of Caplin is visiting her friend Miss C. Pichette.

Mr. and Mrs. Celestin Allard are receiving congratulations on the arrival of a baby girl.

Mr. John J. McBrearty was at New Carlisle this week on business.

We are sorry to see Mr. Alexis Leblanc who was studying at Rimouski Seminary back at his home being too sick to follow his studies. We hope he will soon be better to return to continue his studies.

Miss O. Berthelot has returned to Chaleurs after spending a few weeks visiting at home.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. H. Silva, 27 Doreville Street, Sydney, Australia. This remedy is for sale by all dealers.

PORT DANIEL

We are having lovely weather here, although we have had a very cold snap for the last couple of days.

Mr. Philip Sweetmah spent the week end at his home in Port Daniel.

The Mission Band thanks-offering which was held in the Presbyterian Church on 31st, proved to be a great success. Although the evening was a rainy one, there was a very fair crowd, and quite a collection was taken up. The programme consisted of sacred songs and recitations. The little ones deserve credit for the active part they played, due to the careful instruction of Miss Miller and Miss Lawrence.

We are pleased to see Mr. Nelson Horie out again.

Mrs. Robert Miller and Miss Della Sullivan of Port Daniel paid a flying visit to Hopetown Tuesday.

Mrs. Duce LeMarquand of Newport was the guest of Miss Julia Enright last week.

Mr. Jerry Jones of Port Daniel who has been the guest of his niece Mrs. LeBoutlier of Montreal is expected home this week.

Mrs. John Ray of New Carlisle is visiting her parents Mr. and Mrs. Jos. Horie.

Miss Lydia Enright intends taking a trip to Newport in the near future.

Mrs. Franklin is the guest of Mr. and Mrs. A. D. LeGrand.

Mrs. George MacDonald has returned home from a trip to New Richmond.

Miss Jenny Hayes of Shigawake spent the week end in Port Daniel the guest of Miss Mary MacPherson.

BLACK CAPE
Again the silent boatman with the silver oar has visited our shore and borne away to that land from which no traveller ever returns one of our eldest and most respected residence the person of John Campbell.

The late Mr. Campbell was born near Campbellton, Argyleshire, Scotland over ninety-two years ago and came to Black Cape with his parents and the family. He acquired a farm and settled on it where he lived until a few years ago. Nearly seventy years ago he married Harriet Powell also a Scottish immigrant and raised a large family. He was beloved by all who knew him, for his genial kindly disposition and never failing fund of ready wit and good humor, he had always the right word ready to say let the case be as it would. Of him it could be truly said he never sat down with a tear or a frown but was always ready to lend a helping hand or a kindly advice to any one in trouble. He maintained his mental faculties to the last and was bright and cheerful. Mrs. Campbell died April 23rd, 1899. He is survived by one brother, Edward of Escuminac, P.Q., and four daughters, Mrs. Wm. McColl and Mrs. George Montgomery of New Richmond Centre, Miss Rose of Redbank, N. B., and Mrs. John W. Campbell of this place, three sons, Donald, John and Neil all here, 26 grand-children and 22 great-grand-children. The funeral took place on Saturday at 10 o'clock and was quite largely attended. Rev. W. B. MacCullum conducted the service. Interment took place at the Black Cape cemetery.

Mrs. William Jamieson and family have returned to Bathurst after spending the winter with Mrs. Jamieson's parents Mr. and Mrs. Robert McLellan.

Mr. Harry Scott of New Carlisle spent Sunday in Black Cape with friends.

LITTLE RIVER EAST
We have had spring weather for the last week or so but on Saturday night we had a heavy snowstorm which made it look like winter again.

Mr. J. C. Jones of Little River West was down on Saturday delivering the fishing bounty cheques at Flynn's store.

James Batin from Perce was in town on Sunday making preparations for the fishing season.

Our trains have changed their time table since Saturday and it is to be hoped they will run regularly.

An enjoyable evening was spent at Mr. Odeon Duguay's on Monday.

Mr. John LeGallais, Frank Flynn went down Cape Cove on Monday to attend the council meeting.

George Buntin of this place is busy making flats for the fishermen. Geo is a hustler and no doubt he will make a few of them.

THIS is written with a full sense of our serious responsibility to housewives. It is not a glib argument. It is a solid fact. Nothing but truth would do with such easy proof offered you.

Fact:
A barrel of Regal Flour yields the utmost quantity of bread. No flour in the world yields more. The loaves it bakes are white and light. Pastry of melting flakiness.

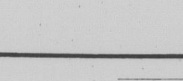

Proof:
Your dealer wants you to take your money back if Regal Flour proves below this promise. In that event we must pay him. On this understanding, isn't it only fair to yourself to test Regal at once?

TEMPERANCE

A letter from the Honorable Judge Cyrias Pelletier which has just been published, in a Fraserville newspaper, ought at this time to be carefully studied and thought over. Judge Pelletier, speaking from his experience of over a quarter of a century on the bench, expresses himself as follows:

"You ask my advice on the sale of intoxicating liquor, say the Honorable Magistrate and I cannot but confirm the statistics, which so clearly indicate that most of the criminal and penal offences are due to drunkenness. In the district of Montmagny I have condemned three men to death, and in every case, the crime committed had been caused by the abuse of intoxicating liquors.

All the judges, and magistrates, are unanimous to say, that alcohol, is the principal cause of all crimes and disorders in our Province. It is therefore important to stop the sale of intoxicating liquors, which causes such harm and social evils.

Further, Judge Pelletier, prays, to cause to disappear this disgrace, and cause of perdition this school of drunkenness that we call the "bar-room". Everywhere, says the Judge where license have been abolished, a general welfare has been the result.

Judge Pelletier, laughs at the pretensions, put up by the rum-sellers and their supporters. You are going to kill the trade and stop the progress of the community they say. Nothing is more contrary to common sense, more false, and more ridiculous. You will stop and kill the liquor trade, it is true, but on the other side the money lost and cursed in the bar-rooms, paid uselessly, and even dangerously in the rum-shop, will go elsewhere to buy the things useful, and necessary to life.

Judge Pelletier, destroys this false and ridiculous statement put up by the license holders, that in closing the bars, you encourage, the opening of illegal holes, commonly called "Dives".

"The law, he continues, gives us all the means, to discover, and close these places and with energy, prudence, and skillfulness we can always discover and overcome the illegal seller, and close these nefarious holes.

This letter of Judge Pelletier, we repeat, should be placed before the eyes of all citizens, who hesitate to vote against licenses, as it is of a nature to open the eyes of many of them. Translated from the "French" in L'Action Sociale, J. F. M.

LETTERS TO THE EDITOR

Campbellton, Apr. 4 1913

Dear Editor:
Touching this civic burning question which should be of equal interest to all ratepayers in our town, does it not strike the citizens generally as strange, that a portion of the ratepayers are prohibited from exercising their rightful franchise, on a question that affects the whole town alike? And why, because they are not living in Ward Two or Three.

Could any law on the statute book be a greater farce. Have you electors in Ward One no interest in this question as to whether License or Local Option shall prevail? The people should wake up, and have this unjust legislation made right. The defining lines, should not be wards, but towns and municipalities.

Yours for Fairplay.

A PLEA FOR LICENSE

Voter, read on and I will tell you why I want a license to sell grog. It is a dirty business but I know of no easier way to make money.

I do not care if I help make your son a drunkard, or whether your daughter gets a drunken husband, and you need not lament over the many splendid men that we have sent to

early death in this town, or about the women and children that have to go cold and hungry. I want money.

Do not worry about the many men who lose good positions on account of drunkenness or about the innumerable evils caused by my business. I want money.

Yes, I want the cash (and I sell grog for cash only) so I can clothe my family in the best and feed them on the fat of the land and give them the smartest and swellest rigs to drive. I care not for soul or body, I want money.

You fool, vote for license and if I can get one, it will increase the value of my property anyway from 100 to 500 per cent. True, a curse is sure to follow my grog business, it always has, but I am willing to run the risk. I want money.

Some good men say we are selling more under license, ha, ha, give me a license and I will guarantee to sell 500 times as much as I can sell now, and then I will not be scared of getting caught and fined or put into prison, I can then sell, and no one can touch me or my grog, and I can laugh in the faces of those who would like to stop the selling of grog. Yes, vote for license and give me a chance to fatten on the ruin of my fellow man. I want money.

OPERA HOUSE MONDAY NIGHT

A musical treat will be at the Opera House next Monday night when Miss F. Louise Tufts will sing at the moving picture entertainment. She possesses a voice most sweet and musical and her majestic form behind the footlights call forth the warmest expressions of approval and admiration in all of the houses where she has sung. On return dates she meets with a very warm welcome. Miss Tufts is one of the most successful singers on the circuit, and has played return engagements everywhere she has been. The Guardian wishes her success during her stay here and feels sure she will enjoy her return as much as her hearers will enjoy the opportunity of hearing her beautiful voice again.

The admission will remain the same, 10c to all.

NEW RICHMOND

Mr. G. W. Hardy, agent for the S. S. Canada has received word from the owners that their boat will leave Quebec on or about the 25th of April for the Gaspe and Campbellton route and no doubt all will be glad to see the first arrival of the Canada in our harbor.

We understand that Montgomery & Son's are expecting a steamer early in May to load a cargo of deal for Liverpool, Eng.

Mr. Joshua Henry is making ready to put up a new residence. We are always pleased to see new buildings going up in our busy little town.

We are glad to learn that Mr. William McWhirter who has been very ill for some time is somewhat improved and we hope for a speedy recovery.

We are also glad to report that Mr. William Montgomery who has been confined to the house for some time by illness is now improving and hope to see him around soon again.

Mr. and Mrs. Gus Campbell are receiving the hearty congratulations of their many friends on the arrival of a bouncing boy in their home.

We regret to hear that W. L. McKennie who met with an accident by falling on the ice in the early part of the winter is still unable to move about.

NEW SETTLERS

The fact that five hundred and seventy-three people have been secured as settlers for New Brunswick during the first three months of the year is gratifying, but there is still far too large a movement of individuals and families from this province to the west. It is not easy to fill the places of the bright intelligent men who are leaving us.

DISASTROUS COLLISION AT BATHURST

Two Freight Trains Collide on Saturday Evening Entailing Loss of Two Lives

STATION BURNED

A rear-end collision occurred on the I. C. R. at Bathurst about nine o'clock on Saturday evening, when No. 76, fast freight, east bound crashed into the way freight which was standing at Bathurst station.

Besides the loss of two human lives and the burning of the station, considerable damage was done to the rolling stock. Two box cars and a van were totally destroyed. The engine which crashed into the van of the way freight, was driven by Engineer Al. Woods, but fortunately the engine was not damaged to any great extent, and continued with the train to Moncton.

Joseph Hachey, who is a resident of Bathurst, Bateman who is fourteen years of age and Chamberlain, an I. C. R. section man belonging to Red Pine, were in the van of the way freight, which was standing at Bathurst station when the accident occurred. It appears that the three seats holding conversation, Hachey black foxes and what a great industry it was. Hachey was instantly killed, and as the result of the fire which started his body was very badly burned, so much in fact that it could not be recognized. Bateman was also instantly killed while Chamberlain had three broken ribs and received a bad shaking up. He was removed to the hospital at Bathurst, and reports to-day state that he is progressing as favorably as possible.

The trains in collision were No. 38 a way freight in charge of Conductor David Haines, of Moncton, with Driver Daniel McQuarrie of Moncton. The other train was No. 76, a fast freight, and was in charge of Conductor Col. McDougall, of Moncton, with Driver Al. Woods at the throttle.

When engine No. 205, which was hauling the freight, crashed into the combination car at the rear of the way freight, the latter was badly smashed up and telescoped. A stove, which was in the rear end of the caboose, or combination car, was upset and the burning coal ignited the wood with the result that the van was in flames in a few minutes. The fire spread to the freight car ahead and the station platform was then ignited. The station quickly caught and was soon enveloped in flames.

NO WATER

The firemen arrived quickly on scene, but reports say that they were considerably hampered through the fact that they could not get a sufficient supply of water, and they were at a great disadvantage fighting the flames. Despite the earnest efforts of the firemen, who worked hard, the building was razed to the ground. Just before the building caught fire, the station agent removed most of the contents of the valuable goods, and the contents of the station, which were burned, were not very valuable.

None of the members of the train crew were injured and the Engine No. 205, which crashed into the van was able to bring its train through to Moncton under its own steam arriving here late on Sunday afternoon. The freight, which was in collision arrived in Moncton between eight and nine o'clock Sunday p. m.

The roadbed at the scene of the wreck was very little damaged. Auxiliary crews from Campbellton and Newcastle were dispatched to Bathurst as soon after the accident as possible, and traffic was only slightly interrupted. Passenger trains passed through the siding at

AN OFFICIAL'S ACCOUNT.
General Superintendent of the I. C. R. Mr. F. P. Brady, when interviewed regarding the rear-end collision at Bathurst, gave out the following information, which he received from the superintendent of the northern division.

"As far as I can learn the way freight was standing in front of the I. C. R. station at Bathurst and had been there about forty minutes under the protection of the semaphore when another freight No. 76 from north crashed into the way freight. A stove in the caboose was upset and the fire travelled to the next car, thence to the station building, all three of which being consumed by the flames. At the time of the accident there were evidently three people in the caboose of the way freight. A lad named Bateman, hailing from Gloucester Junction, a section man named Chamberlain, from Red Pine, and another named John or Joseph Hachey from Bathurst. Bateman and Hachey were killed, while Chamberlain was severely injured. The loss, besides the death of two men, and the injury to the third, consists of a caboose, a box car and the station at the point, the damage to the rolling stock, if any, being very slight."

"Only one pair of wheels left the rails," said Mr. Brady, "and that was the whole extent of the derailment. The truck which left the rails was on a box car, two ahead of the van of the way freight. The engine then ran into the van and was only slightly damaged and came through to Moncton under her own steam with her train. This looks to me as if the fast freight was not travelling at a very high rate of speed."

NO TICKETS SOLD
Mr. Brady, continuing, said the as far as the I. C. R. authorities know, there were no passengers on the way freight, although the train does carry local passengers if needed. There were no tickets sold at Bathurst station for that train, the only ticket collected by the conductor or being one from Petit Rocher to Bathurst. My information is that the semaphore was at danger and against the fast freight. The train in charge of Driver Woods could not have been travelling at a very high rate of speed, or the results would have been even more disastrous.

The cause of the wreck will be the subject of a rigid investigation. It is claimed by one crew that the semaphore was turned against the train's approach from the west, but other crew, it is stated, claim the semaphore was down.

In addition to the loss of life, the property loss is considerable. Bathurst station, which was of brick, was of the best on the northern division. It will probably take \$15,000 or \$20,000 to replace it.

JURORS' VERDICT

Bathurst, April 9.—The inquest into the Bathurst accident closed this afternoon. The verdict is as follows: "The cause of the deaths of Albert E. Bateman and Jos E. Hachey was through negligence of trainmen on McDougall's train violating the rules first by passing the semaphore when turned against them; also by violating rules 18 and 30, and that the deaths were caused by a freight train running into a passenger train in which the victims were."

DEAD AT BATHURST

Bathurst, N. B., April 8.—James Howell, a well known resident of Bathurst, died here on Friday afternoon, April 4, aged about 52 years. He was a well known contractor. He was the builder of the court house, the Roman Catholic presbytery, convent and convent school here, all of stone beside other stone churches in this and adjoining counties. His funeral took place on Sunday afternoon and a long concourse of people followed his body to the Sacred Heart church, where the burial service was read by Bishop O'Leary, elect. After which the remains were interred in the cemetery of the Sacred Heart church. Mr. Howell left a widow and nine children to mourn his loss. He was a member of the C.M.B.A., which society attended to a body.

LETTERS TO THE EDITOR

Dalhousie, N. B., April 8th, 1913.

To the Editor of the GRAPHIC:

Dear Sir:—There will be a vote taken on the local option question in Dalhousie on Tuesday, the 15th inst, and as this in a way is a personal question, let us look into the matter closely.

The chief argument of the booze party here as everywhere is that there is as much or more liquor drunk than when there was license. Oh, would some power the gift give us "to see ourselves as others see us!" Just step back and look the thing over. Think of it. The booze backers posing as anxious for the welfare of the rest of us, anxious to have less drinking. No one who knows them and thinks can believe this for a minute. Why then this heartrending wail from the booze people that the town is going to the dogs? Let us get down to brass tacks and see something of the who and the why.

If you knew the aforesaid booze party here as I know it, you would know that it consists mainly of three grades. Verily like the steps of a stair are they, low, lower, lowest. First, come the men behind the guns, the men who pull the strings, in short the men financially interested either directly or indirectly. If they get licked they can crawl into their hole and pull the hole in after them. Then there are those with a thirst, an all pervading and consuming thirst, (though many with this terrible thirst are afraid of license and will vote against it.) And lastly come the "rag tag and bob tail," the people who manufacture the noise. They belong to a class which has representatives in every community. They are the men who are against all law and order, all good, who are deterred from open crime only by fear of justice, even Restigouche justice, the loafers, the frequenters of the dives which exist in this town, and which by the way, existed WHEN THERE WAS LICENSE. Some of these men should be breaking stone and no doubt some of them will be yet.

I have not included in the above a few honest but misguided electors who really believe that there is almost as much liquor sold as when there was license. Their number is very small. Most of them have a sneaking idea that license would lower taxes. If the council and officers did their sworn duty in following up the local option law as they do in collecting pedlar's licenses and dog taxes, there would be practically no liquor sold.

Citizens of Dalhousie there are just two ways, right and wrong. Will you line up with the booze backers or will you work shoulder to shoulder to keep them out of business.

CITIZEN.

The Editor of the GRAPHIC:

Dear Sir:—In your issue of March 7th I have carefully read a letter from John Dickie of Point La. Nim, in which he tries to answer my letter of January 31st. It may be through ignorance of English or

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Reckall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary enervants that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Reckall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you!

We know what Reckall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Reckall Dyspepsia Tablets will satisfy you? Three boxes, 25 cents, 50 cents, and \$1.00.

You can buy Reckall Dyspepsia Tablets in this community only at our store:

Dalhousie, N. B.

jealousy that he fills your valuable columns without answering the only question in my letter. Mr. Dickie according to his own statement has travelled on some railways owned by companies who were bankrupt before they completed their roads, and points to them as examples and compares them to the main line of the I. C. R. As far as I am concerned this matter is out of party politics and many people have referred to me as the man who wants to sell or lease the I. C. R. to the C. P. R. I want it plainly understood that it makes no difference what company takes over the railroad, so long as a good strong group of business men is at the head of that company. I feel sure that everyone will agree with me when I say that no good business man allows his politics into his business unless he wants to play politics as his business. Now, Mr. Dickie tries to impress on your readers that I am against the I. C. R. taking over the branch lines. That is not correct. On the contrary I have watched and listened to politicians talk about it since the fall of 1896, and the Liberals brought it in every election ever since, and I have no doubt the Conservatives will do the same.

Every good railroad in the West has purchased many branch lines, and a glance at the map of Western Canada will convince Mr. Dickie of this fact.

Now the I. C. R. is the people's road, run for the benefit of the laborers and farmers of this country, but does the I. C. R. give reductions in rates at competitive points as do other companies? I think not and there is no need of discussing it. If Mr. Dickie or anyone else thinks we are so favored, let him reply to the writer in Collier's Weekly who gave facts and figures on this point.

Of course Mr. Dickie will tell you that the C. N. R., C. P. R., and all these big Co's are running through much better countries. He tells us that N. B. is bog land and the Matapedia river is all mountains. Now, Mr. Dickie refers to J. J. Fenderson. Did not Mr. Fenderson turn one of the worst bogs between Montreal and St. John into a beautiful hay field and did not certain parties try to play politics with the company at the expense of the farmers of Matane, and did they not get left?

Will Mr. Dickie attempt to make you, Mr. Reader, believe that, each acre of his land growing trees has given as much revenue to him or to the country as each acre under cultivation did? I know he dearly loves trees for he kicked about cutting trees growing on the highway road. Now I do say that "R. Co's" try to encourage cultivation and could put 50,000 people in this country alone without interfering one bit with the lumber interests, and I assure you Mr. Reader, that I have already done more for the lumbering interests of this country than Mr. Dickie. His policy is leave it grow, then fall and go to waste. Mine is, of the 2,000,000 acres of Restigouche, settle and develop 15,000,000 acres left if well looked after, will supply twice as many mills as we have at present, for a 100 years to come. He can not make us believe that a crop of logs every 30 or 35 years is as good an asset to any country as a good crop every year.

Look at the prizes offered by some railroad companies for the best garden, the best farm or best crop among their lines. Were they not ahead of the Government in starting trains to instruct farmers? Were they not ahead to start reforestation? I think so. Of course that don't suit men of Mr. Dickie's type. It increases values and whoever heard that it is business to make property cheaper or less than what it cost unless it was for some brick building built by our friend? I hope I can stick to my business as long as he can, and I challenge Mr. Dickie to name anyone in my business here who is a shark or if he wishes to make the people believe what he really says, let him explain the following. One of the first transfers I ever made in real estate was to pay one of Mr. Dickie's family over 100 per cent profit for a piece of land inside of nine months and they would not give, nor have I ever got one cent commission. Who was the thief or the shark Mr. Reader? He need never be scared that I will trouble him to sell his farm. He had better credit the farm, what he got from it, and I venture to state, that sheet will show a balance in the farm's favor. In conclusion let me tell Mr. Dickie that I came to live in New Brunswick because it has more natural resources and there are more chances of making a good honest dollar right in this province than anywhere in this fair Dominion of ours.

L. S. JOHNSON & CO. Boston, Mass.

Editor GRAPHIC:—

I am quite certain that neither Mr. Blois nor myself would wish to continue writing for sake of any seeming advantage we might gain, the one over the other in argument. If I did not believe that the discussion of this subject might not only be of interest, but might help to sound conclusions I should not ask to use your space.

Mr. Blois took my letter as being chiefly a request for information which he kindly promises to give. I did not so intend. I thought to call attention to some propositions that appeared to me self-evident, viz:—

1 That any one standing as a candidate for council, might be supposed, must be supposed, to have opinions with respect to the sale of liquors in the community.

2 That if a man may not be fairly ranked with the Temperance party, he must perforce belong to the liquor party: the game of Dodge must end as some point.

3 That the liquor business should be dealt with as any other institution, not by its pious pretensions, but its known character and deadly doings.

4 That an evil may and does overflow from one community to another to the hurt of both.

The information which Mr. Blois offers to furnish, turns out to be almost wholly his personal opinion. Opinions may be valuable but are not information. If Mr. Blois tenders real information we shall try to arrive at correct opinions. Information is the basis of opinion, but the opinion may be sound or unsound in proportion as our information is full, and our deductions fair. What is called "personal equation" has something to do with opinions. But Mr. Blois extends a point of meeting, to which all may come, that is, that the selling and drinking of intoxicating liquors is an evil, by almost universal consent. In so far he is with the temperance party. Notwithstanding this admission he favors, under present circumstances the licensing of the sale of these hurtful drinks, for several reasons.

The first being, that the temperance party has not yet secured an amendment to the law forbidding the sending of liquor into prohibited districts. As we know this amendment has been secured to other provinces and districts. But is not Mr. Blois' and all men of similar mind as much under obligation to secure this amendment as any other? Why must the one do all the work; while the labor pleasure of criticism be all taken by some other party? If we all agree

as to the evil character of the business, why not all unite for its suppression or destruction?

The second contention is that a license law with its restrictive features is more effective than a prohibitive measure, because it can be more adequately enforced. These restrictive features have to do, (a) with the days and hours when liquor may be sold, and (b) the persons who may be refused service at the bar.

Let us note that these restrictive or prohibitive features—the license is a license to sell, not to refuse to sell, and their value is this that there are times at which liquor may not be served and men to whom it may be refused. But is there really much in these, we fear ornamental restrictions? Not many license holders are very sensitive Sabbath keepers—usually there is more or less selling even on Sunday. On election day in this county so much is dispensed free, that the sales would not be large at any rate. And the sale immediately proceeding and following, abundantly compensate for the quiet, lovely time on election day.

As to refusing to sell to habitual drunkards, who shall decide the point at which a man may be so designate? A man may be a habitual drinker, ruining his family and degrading himself and not come under the official designation. A man may work all winter in the bush and come out to one of those furious debauches, that leave him nothing but regret, and not be a habitual drunkard. But there should be no publicly authorized places where the sole business is to aid him in his debauch. Only the other day I was told with full detail of a poor fellow leaving his winter work, bringing \$178 out with him, and at the end of five days the keeper of the den presented his employer with a bill for \$34. He remembered nothing of what happened in those days and only knew that he must have been amazingly drunk day and night. Tell it not to the cannibal tribes, if there be any left, lest they laugh at how the Christians love one another!

Mr. Blois makes some mention of adulteration of liquors in places where the sale is forbidden. If the adulteration used is much worse than the red riot gin that is dispensed from these licensed houses it must be a deadly dose sure!

I shall not take time nor space to debate whether more liquor is sold without or with license. I think it scarcely deserves attention. If there is no difference between a law that declares no liquor shall be sold and one that sanctions and ordains

What Cures Eczema?

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a solid, soothing, liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect.

This compound is now made up in the D. D. D. Prescription. Years of success and thousands of cures show the merit of this wonderful compound, but the most convincing proof is a trial of the remedy by any eczema sufferer.

D. D. D. will prove to you that you can be cured. The very first drops will give you instant relief.

that it shall be sold, our whole system is a farce, and we are only little doggies baying at the moon.

The councillors of New Carlisle are not the only people who have failed to keep up with enlightened opinion in this matter. But opinion is moving whether we move or not. President Wilson has decreed that no wine shall be served at the White House. Col. Hughes has decreed that no canteen shall be attached to soldiers barracks. Ontario has already dried up the trade in a large area of the province and the province will soon be under prohibitory law. Soon we shall see with compelling force that the tolerance, not to say, protection of this business, is our greatest moral wrong, our most unexcusable social evil, our colossal economic and political blunder.

Yours sincerely
Wm. B. MacCALLUM

Editor of the GRAPHIC

Dear Sir,

I wish to say a word more concerning the saloon. Is license right? If it is right to license a saloon, it is right to run one, and if it is right to run saloons, rum-sellers should not be rejected by fraternities barred from churches and good society. The attitude of the public represents a grievance rather than a prejudice. Public sentiment declares that it is contrary to legalize resorts which always and every where tend toward poverty, drunkenness and crime. If we license the saloon why not license the gambling place. If vice places are sure to exist why not regulate rather than exterminate them. Is it right to produce taxes by selling a few persons monopolies to trade on the passions and vices of the poor, and irresponsible licensing the liquor traffic increases drunkenness. Licensing legalizes and enlarges the resort and by gilding the vice of tipping, makes wrong pass for right. The licensed liquor shop is usually an attractive place, while the unlicensed shop is repulsive except the drunkards of indiscriminating patrons. License fosters the vices of drinking and gambling neglecting the family and bribery which especially flourish in connection with the traffic in alcoholic beverages and its representative, the saloon. Drunkenness deprives the drunks of reason, injures his business disgraces his family and wrongs society. By licensing the saloon, we feel with one hand the fires of appetite we are striving to quench with the other. "Prohibition destroys destruction". We see no way for a well informed catholic conscience to keep a saloon. We wish to God that every Catholic would quit the business. Where does the money made in liquor go. It is better to leave your children without a cent, for there is blood on the saloon money, the heart blood of insulted undeservedly despised neglected and heart broken fathers, mothers, wives and sisters. The guardian angels of the poor degraded drunkards have cursed this money and the broken down drunkard has breathed upon it the hell fire of his own despair. To see the right of a thing is prophecy, to get on the right side, is faith, to stay there is victory.

Thanking you for past favors,
I am yours very truly
H. S. SCOTT.

THE LAST MEETING OF THE OLD COUNCIL

Contraventions of Building By-Laws are Again Discussed Violators to be Made Comply

ELECTION LISTS

The last meeting of the old council was held on Tuesday evening in the council chambers. His Worship Mayor Andrew presiding. At the opening of session there were present councillors Lunam, Miller, Sanson, Ellsworth, and Alexander.

The minutes of the previous meeting were read and confirmed during the reading of which councillors White and Pinault entered the meeting.

A communication was read from the building inspector citing cases where the building by-laws were not being complied with notwithstanding his notice that the said changes and repairs to buildings were against the law.

It was moved by councillor Lunam, seconded by councillor Alexander that the Inspector be instructed to take the necessary steps to enforce the law.

Councillor Pinault said that this was a matter which they had discussed often and they had come to the conclusion that they ought to have a test case and if their by-laws could or could not be enforced. But in this present case, that of a poor man, he thought the council were wrong in taking action. This was not the only case of violating the buildings by-laws and if a test case was to be taken, let it be against some of the bigger men, those who had money and were violating the laws on Water Street.

The motion was then carried.

With regard to a former communication from the inspector regarding violations, it was resolved that notice be sent to those persons to comply with the by-laws within one month or proceedings would be taken against them. Reports recommending payment of accounts were received and adopted from the following committees.

Electric Light councillor Alexander, \$384.02; Finance councillor Miller, \$77.10; Public Charities councillor Sanson, \$20.20; Fire Protection councillor White, \$5.41.

The Town Clerk submitted the voting lists which had been compiled by him from the certified list supplied by the county secretary, and which would be the official list to be used for taking a poll on Tuesday 15th, April for or against license.

Councillor Alexander moved and councillor Lunam seconded that the lists as prepared by this council.

Councillor Pinault did not see how the council could vote on this question not knowing whether the names were right or wrong, and thought at least the names should be read.

Councillor White wanted to know if this list as prepared by the clerk was certified to. On being informed in the negative he moved as an amendment that the Town Solicitor and the interested parties go over the list and if any changes were required they could be made and the lists then approved.

The Town Solicitor said the council should see that the proper names were on the list and advised that a committee be appointed.

After further discussion the original motion and amendment were withdrawn and the lists laid on the table.

The appointment of polling checks, was when taken up, and councillor Pinault moved that Mr. S. Laughlan be appointed poll clerk in Ward II.

Councillor Alexander moved that W. D. Duncan and Archd Ferguson for Ward III, D. E. Graham and M. A. Kelly for

Ward II be appointed poll clerks for the vote on local option and G. E. Asher as poll clerk for election of councillors for Ward II. This was seconded by councillor Lunam, councillor Pinault moved as an amendment that S. Laughlan and F. C. Lutz be appointed poll clerks in Ward II this was seconded by councillor Ellsworth, and on a division the amendment was lost and the motion then carried.

The matter of arranging polling booths was left in the hands of the Town Clerk.

Cour. Miller moved that a list of ratepayers in Ward II who were in arrears of taxes be prepared and handed to the poll clerk and no persons to be allowed to vote unless his taxes were paid. Carried.

The voting lists as amended were again presented and on motion of councillor Alexander seconded by councillor Pinault were approved.

Council then adjourned.

CREDITORS MEET

A meeting of the creditors of Messrs. Marquis & Co. was held at the office of A. E. G. McKenzie, Esq., Wednesday afternoon. Inspectors were appointed an usual routine business transacted. The liabilities are about \$16,000 while the assets are about \$14,000. There is a probability that a compromise will be effected.

WHERE

Could you tell the public if there is such a body now in existence in our town, as a Board of Health.

OBITUARY

Moore's Settlement has suffered a severe loss in the death of Mrs. Robert O. Stiles aged 70 years, wife of Justice Stiles of Matapedia, on Friday the 4th inst. The funeral was conducted on Sunday afternoon. Services were held at her late home by her pastor Rev. J. H. Jenner of Campbellton Baptist church, assisted by Rev. J. R. Miller of the Matapedia Presbyterian church. The host of friends who gathered at the home and who afterward followed to the cemetery in Matapedia testified to the warm place Mrs. Stiles held in the affection of the people. For many years Mrs. Stiles had been a member of the Campbellton Baptist church and here was no empty profession. Her hand and purse were ever ready to offer assistance where it was needed. In her home was the hospital welcome and ready cheer that witnessed to a love for humanity. The burial took place in the old cemetery at Matapedia and the large procession of mourners was probably as great as has ever been witnessed on a similar occasion. "One touch of nature makes the world akin," and the stroke that smites down a friend is felt by every heart in the community. Justice R. O. Stiles and the bereaved family will have the sympathy of many friends. The two daughters, Miss Maggie and Maud, who faithfully and patiently waited upon the deceased will have what is more precious than any other legacy, the sweet fragrance of pleasant memories and the Master's "Well done." The pall bearers were Messrs J. H. Adams, James McDonald, Robert Ferguson, John M. Adams, George Dawson and John Wyers. Mrs. Wm. Dumville, widow of the late Wm. Dumville of Escumac is a sister of the deceased.
