## One of Tupper's Tricks.

The Farmer Delegates' Report on Canada Suppressed Because It Exposes the Bafe Effects of the Tariff.

And Pointed Out the Cause of the Exodus—French-Canadian Priests Alarmed at the Situation in Quebec.

LONDON, May 5.—Much interest has been taken by farmers in the reports of the two farmer delegates, Mr. McQueen, of Scot-land, and Mr. Davey, of England, selected by the Dominion Government to visit the Maritime Provinces. It was announced a few days ago, however, that Mr. McQueen's report had been suppressed.

SUPPRESSED BY SIR CHARLES TUPPER at the instance of the government at Ot-tawa. Mr. Davey's will be issued shortly with it, it is believed, some serious altera-tions. Mr. McQueen's report has been sup-pressed because it is pointed out that agri-culture in the Maritime Provinces is suf-fering from the exclusion of its products from the United States market by the Mc-Kinley tariff. He spoke highly of the agricultural and mineral resources of those provinces, but stated that after full inquiry among the farmers themselves he had learned that the

WANT OF A MARKET was a very serious drawback. He was told, and saw for himself, that there is a large emigration of young people to the States. When the farmers' sons and daughters leave, the land in many cases is neglected, the buildings fall out of repair, and the value of the farm is depreciated. Mr. McQueen pointed to the Dominion census returns.

PROOF OF THE EXODUS, and the exodus he ascribed in great part to the want of better trade relations with the United States, the natural market for the surplus produce of the Provinces. He added that the economic question, though a political one in Canada, could not be ignored by persons intending to settle in the Maritime Provinces; in fact, he could not recommend English or Scotch farmers to go there so long as the American market re-mains closed to Canadians.

CAUSE FOR ALARM.

MONTREAL, May 5.—There is no doubt that the French-Canadian exodus to the United States is seriously alarming the priests, who are using every means in their power to stop the drain. Albin Dugas, the well-known colonization writer, publishes another appeal on behalf of French-Canadian emigration to the Canadian North-west. "It is useless," he says, "to deprecate ourselves. We may boast as much as we wish of the prosperity in Canada, the truth is that the tide of emigration towards the United States has never been so great as at the present moment." He goes on to re-mark that in their past struggles the French-Canadian people were helped and supported by the clergy, and he promises the same support again for any public man who will undertake the mission of to the United States.

TO DIRECTING IT TO-wards the Northwest. Such a combined action would insure success, and whatever public man took up the scheme would deserve the gratitude of the whole Canadian people. The article concludes his article with the remark that Europeans must find it very strange if our Northwest is really what it is claimed to be that Canadians flock to the United States, and that while agents were being sent to secure immi-grants, nothing is done to help a good class of settlers at home. This is a good class of a nature to raise doubts in the minds of foreigners as to the truth of all that is said concerning our Northwest.

## MIDDLESEX ASSIZES.

The Strathroy Murder Case in Progress.

True Bills Against Fowles for Perjury and Miller for Misdeemeanor.

THURSDAY. Immediately after the true bill for murder had been brought in against Wm. Wilson and John Fitzpatrick to-day they were ar-raigned and pleaded not guilty. They said they were ready for their trial and will be brought up to-morrow morning. In the case of Stickles vs. Township of Dorchester, the judge allowed the plaintiff \$500 paid into court by the defendants, and ordered him to pay the costs of the trial.

BOWEN vs. SCARROW was called next. An old man named Henry John Bowen, who during the winter manufactured washing machines in a small shop at the rear of Detective Allen's office on Dundas street, to recover \$1,500 damages alleged to have been done him while in his employ. The plaintiff was working on a building being erected by the defendant in London West August and owing to an alleged defective scaffold, he was precipitated from a second floor, a distance of six or eight feet. He was em-ployed as an over-seer, but was ordered to go on the scaffold to do some of the work. The boards, he says, were unfit for a scaffold, and as a result of this he was laid up for a week, and had to be helped to do a day's work since the accident. His right side, he claimed, was partially paralyzed and his leg was like a wooden one. He did not think he was getting any better. His leg would give out after he had walked a short dis-tance, and he could not do justice to what he would call a day's work. For treat-ment he took eight or ten hot sulphur baths and applied liniments. When ex-aminated by E. Meredith, Q.C., the plain-tiff said he had asked Mr. Scarrow to allow him to put up the scaffold, but his request was not granted. He did not say anything about the boards used. For three months after the accident the plaintiff worked for Mr. Scarrow, but he was not allowed to do so. At that time he told him that he was going to sue him.

Dr. Wilson had examined the plaintiff and said he was progressing rapidly and might become entirely well and able to do his own work. The plaintiff, however, stated that the boards used in the scaffold were not fit for use, and that therefore the defendant was guilty of negligence.

Justice Street ruled that there was no evidence to prove negligence on the part of the defendant, withdrew the case from the jury and dismissed it with costs. Court then adjourned.

FRIDAY.

There was a big case in the court room this morning composed of the jury.

When court opened after dinner, Francis Upton, son of deceased, was the first witness called. He heard the conversation at the time between McGarvey and Wilson, and corroborated McGarvey's evidence on this point. His father was about 80 years old.

Patrick Upton, another son, said his father was in good health a few hours before he was injured. At 8:30 he saw marks over the eye and on the side and back of the head. John Fitzpatrick had told him that he had fallen and struck his head on the floor.

Mrs. Mary McGarvey, daughter of deceased, saw the marks on the head but did not see any on the body. Deceased was supported by packing boxes in a room ad-joining the barroom.

Wm. McGarvey, a grandson of deceased, saw deceased at 8:10 in the room where he was kept. There was then a mark over the eye. About 10 o'clock he saw a large wound on the back of the head. John Fitzpatrick told him that Upton had been hurt by tripping over a spittoon. He afterwards told him that Wilson pushed him, but not to say anything about it at home.

THE POLICE ESTIMATES.

The Sum Placed at \$3,789.70—Camen Waut "Tariff Reform" The Christian Association Collection.

The cost of upholding law and order in the city of London during 1892 is calculated at \$23,789.70.

This is Chief Williams' estimate as sub-mitted to the police commissioners this morning. He classifies the expenditure as follows:

Salaries.....\$21,500.00

Clothing and equipment.....1,455.00

Police station expenses, etc.....834.70

Total.....\$23,789.70

The estimate will be handed the City Council.

The Calmen of the city petition for an alteration of their tariff. Since the present rates came in force, the city's area has been considerably extended, chiefly through the annexation of suburbs, so that Calmen are compelled to carry a passenger twice the previous distance for the same money. Mayor Spencer and the chief will be in conference to-day to adjust the tariff to certain defined limits.

The commissioners received an invitation from the "Christian Police Association" to attend an "At Home" at Victoria Hall on May 20. The officers and their wives will be present, tea will be furnished and other entertainment provided. Mayor Spencer will preside. The association is the outcome of Miss Gurney's visit.

Several applications were received for the position made vacant by P. C. Holmes' resignation. A fine, strapping six-footer named Gillis got the appointment. He comes from near Glenora.

T. Mark's application for a license was granted, with the proviso that his son was not to be the driver.

Mayor Spencer (chairman) Police Magis-trate Parke, Judge Elliot, and Chief Wil-liams (secretary) were present.

## LABOR MATTERS.

Grain shovellers at Kingston are making from \$16 to \$20 per week.

Over 4,000 men in the building trade in Cardiff are on strike for increase of wages.

The seamen Glasgow and America have refused to accede to the reduction of wages by the companies and will strike.

There is still no prospect of a settlement of the Hamilton molders' differences with the foundrymen.

The strike of carpenters, stone-masons, and bricklayers' helpers at Scranton, Pa., is in full force.

When the men returned to work they asked their employers for an increase of wages and a nine-hour day.

They were informed that no concessions would be made, and immediately went on a strike.

There are now about 1,000 carpenters and stone-masons out. The painters have been on a strike for two weeks, and the brick layers will certainly go out before the end of the week.

The plasterers met and decided that they will do no work unless the material is furnished by union men. They are also after a nine-hour day.

## POLITICAL MATTERS.

The Kingston Whig says: A great surprise will be sprung at the coming election trial in Lennox. It will be seen, then, how the Tories carried so many recent bye-elections.

The application of Mr. Belleau, of Montreal, to set aside the appeal of Mr. Choquette against the decision of the Lower Court in the Montmagny election case, has been refused by the Supreme Court, and Oct. 4 fixed for hearing.

God is in His heaven,

All's right with the world.

—[Browning.]

London, Friday, May 6.

Grip is renewing its youth, and

whether in cartoons or in letter press was

never better. In the number for May 5,

an excellent cartoon by a new

hand, Mr. S. Hunter. Altogether, and

without inordinating all its cartoons, Grip

is a distinct credit to Canada.

A promise of marriage may be made by

other ways than words—by a shake of the

hand, for example, or a wink of the eye, or

a thousand other modes. Such is the

dictum of Mr. Justice Wright at the Leeds

(England) Assizes. This is a judge who

evidently believes that actions speak at

least as loud as words.

Clark &amp; Co., Paisley, have presented the

Arbroath (Scotland) schools with five

sample cases, showing the various stages

in detail of cotton thread and spool man-

ufacture. The children will have excellent

opportunity to learn the details of a good

advertisement. Here is a hint to some of our

enterprising London manufacturers.

Ten cents a month is charged for each

pupil who attends the kindergarten.

Some parents resent this payment as an

imposition, and hold that there should be

no charge, because the taxpayer pays

ordinary expenses in the other schools.

The kindergarten, however, is in some

respects a luxury. It requires an out-

fit for the instruction of the children

which other schools do not need.

The special furnishings required in the

playful education of the little ones cannot

be got for nothing, and the Board of Edu-

cation, in its wisdom, has enacted that the

expense shall be borne by a levy of 10 cents

a month on the pupils who share the benefits.

It is not a heavy tax, as it is sel-

dom more than one child in a

family is in attendance at a

kindergarten. To our mind, the money

is well expended. The kindergarten en-

ables mothers to send their children to

school at an earlier age than formerly, thus

relieving them, for one half of the day, of

much trouble and anxiety, and at the same

time it gives the pupils ground in its in-

struction a beginning in education that has

a wonderful effect in the future develop-

ment of the young minds. Teachers of the

primary classes say they can tell at

once the kindergarten pupil from one that

has never been subjected to the in-

fluences of the methods of Froebel. The

child from the kindergarten is infinitely

better receptive faculties, to say nothing

of the refining influences of the system

pursued.

Some discussion has recently taken place

on the subject of the London Street Rail-

way Company changing their motor power

from horses to electricity. It has been

made apparent that the managers are alive

to the fact that, as electricity is now being

developed, it is the coming "horse."

When it was suggested that the water now

running through the company's property

should be directed to the river before it

reached the bridge, thus doing away with

the small bridge at the north end of Queen

street, the company raised the objection

that they preferred to have the watercourse

remain where it, as it might find it

useful to aid it in generating elec-

tricity for use on its system. Though the

company is bound by Act of Parliament,

passed less than twenty years ago, not to

use any agency to draw its cars except

horses or mules, there can be no doubt that

if it desired to give up rapid transit by

means of either the stage or trolley

system it would find it easy to break

through the stipulation. When the regu-

lation was laid down the council of the day

was afraid that the company might take to

steam, and frighten the horses. At that

time electricity was not thought of. Thus

are methods revolutionized almost in a day.

It is an open question whether even now a

street railway company in a city the size of

London is not standing in its own light by

continuing horses in harness. One K.

Stuart, an expert who has collected data

bearing on the effect of electric roads on

horses, takes the ground that the change

pays the street railway owners. Assuming

that about 5 cents per car mile are saved

by using electric instead of horse power on

street railways, Mr. Stuart finds that the

aggregate saving in the United States, were

all the street cars operated electrically,

## A REMEDY FOR THE INFAMOUS

## GERRYMANDER.

Referring to the new gerrymander, the

Toronto Telegram says: "Public opinion has

been corrupted until Canada considers it no

sin for a government to pack the jury

before it asks the country to judge between

it and the Opposition."

In Great Britain, a party guilty of con-

duct so atrociously unfair would be swept

out of power as soon as the people have a

chance to pronounce on its actions. Why

should Canadians be less honest, less fair?

In support of its contention that the sys-

tem of gerrymandering is most dishonest, the

Ottawa Journal (Independent Conserva-

tive) says:

At a recent meeting of the Presbyterian

Synod of Hamilton and London, the gerry-

mander question came up for discussion.

The system was condemned without stint.

Part of the declaration was as follows:

Look at a map of our Province and see the

boundaries of the constituencies. They

look as if they were drawn by a drunken

man. We are so ignorant of the principles of

justice, and so much under the influence of

party spirit, that we are unable to see the

futility of such a system. We are so much

under the influence of party spirit, that we

are unable to see the futility of such a

system. We are so much under the influ-

ence of party spirit, that we are unable to

see the futility of such a system. We are

so much under the influence of party spirit,

that we are unable to see the futility of

such a system. We are so much under the

influence of party spirit, that we are un-

## THE GREEN-GOODS MEN.

T. C. Thornhill, of this city, has shown

us a unique circular, in typewriting, of

which he is in receipt of course, unso-

licited—from New York City. It is sent

by a man who signs himself J. W. Wilson,

827 Sixth Avenue, New York. The writer

offers all kinds of inducements to the

recipient to handle his "goods." As the

circular proceeds it is made clearly ap-

parent that the "goods" are alleged to be

counterfeit bank bills, and a long news-

paper extract is included to show

how easy it is to float these bills and

make thousands of dollars out of

them. Mr. Thornhill is earnestly

cautioning the seconded who addresses

him: "Do not as long as you live ever

write me a letter." Of course not, but

would reveal his identity too easily.

"When ready to come and see me, send a

telegram dispatch, and say, 'send full name

and postoffice address.' The rogue

promises then to send full instructions

"how to see and know me, and will

appoint a place of meeting at some hotel in

some town within twenty miles of this

city." All this is sent in a

circular, which is sent to the

seconded, but as Mr. Thornhill is an

honest man, who knows nothing and

cares less for the seconded who has ad-

dressed him, he has promptly taken means

to expose his doings. Perhaps the plausible

swindler is already known to the New York

police; if he is not, we trust he soon will be.

His associates in crime are at present pretty

badly scared because of the vigorous action

of the New York legal authorities. In the

Circuit Court of that city the other day

Charles Atwood was convicted of sending

green-goods circulars through the mails.

He had induced Anton Olson, a miner in

Hickory City, Mo., to come on to Phila-

delphia with \$500 in gold. When arrested

in that city he had Olson in tow. Other

arrests will follow. Let us hope that the

wily Wilson will be in the crowd. He is a

dangerous rascal.

William A. Lehr  
of Kendallville, Ind., says Hood's  
King of Medicines  
And His Cure Was  
Almost a Miracle

"C. L. Hood & Co., Lowell, Mass.  
"Gentlemen: When I was 14 years of age  
I was confined to my bed for several months  
by an attack of rheumatism, and when I had  
partially recovered I did not have the use of  
my legs, so that I had to go on crutches.  
About a year later, scrofula, in the form of  
White Swellings,

appeared on various parts of my body, and  
for eleven years I was an invalid, being con-  
fined to my bed six years. In that time  
ten or eleven of these sores appeared and  
broke, causing me great pain and suffering.  
Several times pieces of bone worked out of  
the sores. Physicians did not help me and  
I became discouraged.

"I went to Chicago to visit a sister, as it  
was thought a change of air and scene might  
do me good. But I was confined to my bed  
most of the time. I was so impressed  
with the success of Hood's Sarsaparilla  
in cases similar to mine that I decided to try  
it. So a letter was bought and sent to my great-  
uncle, and the sores soon decreased, and I  
began to feel better. This strengthened my  
faith in the medicine, and in a short time I was

Up and Out of Doors  
To make a long story short, I continued to  
take Hood's Sarsaparilla for a year, when I  
had become fully released from the chains  
of disease that I took a position with the  
Fint & Walling Mr. Co., and since that time  
have not lost a single day on account of  
sickness. I always feel well, am in good  
spirits, and have a good appetite. I endorse  
Hood's Sarsaparilla

for it has been a great blessing to me, and  
to my friends my recovery seems almost miracu-  
lous. I think Hood's Sarsaparilla is the  
king of all medicines." WILLIAM A. LEHR,

"SHOULD BE TORN DOWN."  
A Professional Opinion on the Colborne  
Street School—The Demand for  
More Accommodation To Be  
Looked Into.

Messrs. McEldan, Craig, Love, Brady,  
Cook, Blackwell and Jeffery, of the Board  
of Education, will visit the city schools at  
an early date and gain information regard-  
ing the demand for increased accom-  
modation for the junior classes. Mr.  
Brady and J. Purdon expressed their  
opinions on the condition of Colborne  
street school at a meeting of No. 2 Com-  
mittee last evening. It was, they said,  
certainly in a very dilapidated state, and  
the ventilation was very bad. It should  
be torn down and a new building erected.

Other business was taken up. Mr. John  
Purdon tendered for the specified altera-  
tions in the Collegiate Institute to provide  
more cloak accommodation at \$330. This  
was the only tender and was therefore ac-  
cepted.

Tenders will be called for cupboards for  
the teachers' rooms.  
Mr. Jeffery will call the attention of No.  
1 Committee to the condition of the old  
library at Simcoe street school. A book-  
case is required.

Applications from Chas. Deeley, D. Mac-  
Donald, James Fortner, R. B. Evans,  
Anthony Adair, Thos. Parkinson and—  
Harris for janitorship of Talbot street  
school were referred to the board for ap-  
pointment.

D. McDonald, temporary janitor at  
Princess avenue school, will do any work  
required to be done at the school under the  
direction of Messrs. Cook and Turner.

The matter of lighting for the Col-  
legiate Institute was referred to the board.  
Messrs. Darch, city and Brown, of Strath-  
roy, tendered for the work voluntarily,  
the former for 18 cents a foot and the latter  
for 20.

The six costs of arms at the Collegiate  
Institute will be sent to Simcoe street,  
Hamilton road, Askia street, Maple  
avenue, Rectory street and Lorne avenue  
schools.

The chairman and Mr. Jeffery will pro-  
ceed to Talbot street school at a cost  
not exceeding \$25.

The fence at Lorne avenue school will be  
repaired.  
The matter of appointing a competent  
inspector to inspect the water pipes at all

the city schools was left with Messrs.  
McEldan and Cook and the city engineer,  
and of appointing an engineer for the board  
was laid over for the present. Messrs.  
Love and Jeffery will interview the  
Council and city treasurer regarding the  
city engineer's relation to the board.

Messrs. Cook and McEldan will secure  
blinds for the new addition to the Free-  
man school, and if necessary have the  
platform and stairs repaired.

Janitor J. J. of the Collegiate Institute,  
will be required to keep the windows  
cleaner in future than in the past.

Messrs. Cook (chairman), Love, Mc-  
Eldan, D. W. Blackwell, Jeffery,  
Turner, Tanton, Craig, Brady, Secretary  
Abbott and Principal Merchant were  
present.

Sandow, the strong man, who left Nice  
for London Sunday, returned on Tuesday  
to punish two acquaintances who, he says,  
robbed him of £140. The money was in his  
trunk at his hotel, and on the evening  
before he started he left the two men,  
whom he met in a cafe, alone in the room  
for a few minutes. When he reached Lon-  
don the money was gone. He returned at  
once and met the men. They tried to run  
away, but he caught them, grasped each by  
the collar and dragged them through the  
streets to a police station. A large crowd  
followed him, cheering and waited before  
the station to learn the result of the cap-  
ture. Sandow will remain at Nice to  
prosecute the men, although he says he has  
little hope of recovering the money.

**CRICKET.**  
The Hamilton Cricket Club will have a  
strong start this year, and many  
promising young players. The following  
matches have been arranged:  
May 24—Guelph vs. Hamilton, at Ham-  
ilton.  
May 28—Trinity vs. Hamilton, at To-  
ronto.

ilton.  
Aug. 22—Toronto Junction vs. Hamilton,  
at Toronto.  
Aug. 29—Toronto vs. Hamilton, at Ham-  
ilton.

During the season a match will be played  
on the Hamilton grounds every Saturday  
afternoon.

Mr. J. L. Crawford, secretary of the  
Aylmer Cricket Club, has arranged for  
matches at London as follows: Aylmer City  
Military School, June 7, London City  
June 8, London Aylmer June 5; the return  
games to be played in Aylmer during July.  
Arrangements are also being perfected for  
visits from clubs representing Brantford,  
Woodstock and Detroit.

**THE TURF.**  
Thos. Crooks, of Hamilton, has sold his  
pacer Leslie C. to Dr. Rutledge, of London,  
Ont., for a good figure.

Alberta has been declared out of the  
Queen's plate.  
Orme has had a slight relapse, and turf  
men say will hardly be in good condition  
for the Derby. The duke's offer of £5,000  
for information leading to the apprehension  
of the poisoner has produced no results.

All the Woodstock horses for the On-  
tario Jockey Club meeting have arrived at  
Voorhies, Toronto. Trainer M. Farrell  
has Judge Pinkie's Queen's plate's jockey  
and Lightwood and Mr. W. H. Milman's  
2-year-old filly by Dandie Diamond.  
"Duppy" Douglas has Mr. Phil. McLeod's  
Singlestone and Mr. J. Lorne Campbell's  
(Simcoe) 3-year-old filly by Story.

In regard to the 2,000 guineas race, won  
on Wednesday by Bonavita, the Toronto  
Empire says: "This race is rendered  
memorable to us on this side of the water  
by the fact that it was won by a Canadian.  
Mr. Rose is the first Canadian to win  
one of England's classic events. Bonavita  
won the Woodstock stakes last year at  
Epsom, and it is an old saying that a horse  
who can do that course as a 2-year-old is  
worth watching for the Derby." Mr. D. C.  
Rose, is a son of Sir John Rose, G.C.M.G.,  
formerly of Montreal, who was Receiver-  
General of Canada in 1853, Minister of  
Public Works in 1859, Finance Minister in  
1867, and who represented the Dominion in  
many important diplomatic missions. His  
son, C. D. Rose, has been racing since  
1886. In 1889 he was well up on the list of

winning owners, with some \$3,500 to his  
credit.

Sandow, the strong man, who left Nice  
for London Sunday, returned on Tuesday  
to punish two acquaintances who, he says,  
robbed him of £140. The money was in his  
trunk at his hotel, and on the evening  
before he started he left the two men,  
whom he met in a cafe, alone in the room  
for a few minutes. When he reached Lon-  
don the money was gone. He returned at  
once and met the men. They tried to run  
away, but he caught them, grasped each by  
the collar and dragged them through the  
streets to a police station. A large crowd  
followed him, cheering and waited before  
the station to learn the result of the cap-  
ture. Sandow will remain at Nice to  
prosecute the men, although he says he has  
little hope of recovering the money.

During the season a match will be played  
on the Hamilton grounds every Saturday  
afternoon.

Mr. J. L. Crawford, secretary of the  
Aylmer Cricket Club, has arranged for  
matches at London as follows: Aylmer City  
Military School, June 7, London City  
June 8, London Aylmer June 5; the return  
games to be played in Aylmer during July.  
Arrangements are also being perfected for  
visits from clubs representing Brantford,  
Woodstock and Detroit.

**THE TURF.**  
Thos. Crooks, of Hamilton, has sold his  
pacer Leslie C. to Dr. Rutledge, of London,  
Ont., for a good figure.

Alberta has been declared out of the  
Queen's plate.  
Orme has had a slight relapse, and turf  
men say will hardly be in good condition  
for the Derby. The duke's offer of £5,000  
for information leading to the apprehension  
of the poisoner has produced no results.

All the Woodstock horses for the On-  
tario Jockey Club meeting have arrived at  
Voorhies, Toronto. Trainer M. Farrell  
has Judge Pinkie's Queen's plate's jockey  
and Lightwood and Mr. W. H. Milman's  
2-year-old filly by Dandie Diamond.  
"Duppy" Douglas has Mr. Phil. McLeod's  
Singlestone and Mr. J. Lorne Campbell's  
(Simcoe) 3-year-old filly by Story.

In regard to the 2,000 guineas race, won  
on Wednesday by Bonavita, the Toronto  
Empire says: "This race is rendered  
memorable to us on this side of the water  
by the fact that it was won by a Canadian.  
Mr. Rose is the first Canadian to win  
one of England's classic events. Bonavita  
won the Woodstock stakes last year at  
Epsom, and it is an old saying that a horse  
who can do that course as a 2-year-old is  
worth watching for the Derby." Mr. D. C.  
Rose, is a son of Sir John Rose, G.C.M.G.,  
formerly of Montreal, who was Receiver-  
General of Canada in 1853, Minister of  
Public Works in 1859, Finance Minister in  
1867, and who represented the Dominion in  
many important diplomatic missions. His  
son, C. D. Rose, has been racing since  
1886. In 1889 he was well up on the list of

winning owners, with some \$3,500 to his  
credit.  
**BASEBALL.**  
The Olives, of the north end of the city,  
have organized for the season, and would  
like to hear from other amateur teams. Mr.  
J. Nell is their secretary, 349 Chesapeake  
street.

A baseball club has been organized in  
connection with the Aylmer Collegiate In-  
stitute, with officers as follows: Honorary  
president, A. Love; president, W. W.  
Rutherford; secretary-treasurer, T. G.  
Baker; managing committee, W. Chalk  
(captain), D. Brown, N. Gunns, A. Loring,  
L. Raymond, J. Mann and J. Rose. The  
boys are now ready to receive challenges  
from amateur clubs.  
Eddie Sales is playing right field for  
Syracuse.

Pitcher Mike Morrison has signed with  
the Peoria, Ill., club.  
Sprugel, formerly of the Hamiltons,  
pitched for Elmira recently and held Troy  
down to three hits.

**TRIGGER.**  
A match at artificial birds, twelve men  
a side, fifteen birds each, rapid firing, was  
shot on the Ayr grounds between Galt and  
Ayr gun clubs. Ayr made 122, Galt 96.

**AQUATIC.**  
Edward Hanlan and Wm. O'Connor, the  
new professional swimmers, with their  
backer, Fred Moscrop, of Toronto, have  
returned from Pullman, where they arranged  
for their double scull race with Hosmer and  
Teemer.

in Safety.

BELLEVILLE, Ont., May 5.—A fire took  
place about 4 o'clock this morning in Mr.  
King Maybee's elevator, Trenton, and the  
dock back of the police station, which  
spread to the adjoining shed of R. M.  
Mowat's hardware store, Jeff's elevator,  
Mead's and two other stores, Ireland's  
grocery, the G. N. W. telegraph  
office, J. H. Dickson, druggist, and  
R. M. Mowat's hardware store.

In the midst of the fire there was a terrific  
explosion, which came from the Mowat  
hardware shed. The shock was a terrific  
one and broke most of the plate glass  
windows in the town and all the windows  
near the fire. The loss is from \$30,000 to  
\$40,000. There were about 20,000 bushels  
of grain in the elevator. The elevator was  
insured for \$8,000, which nearly covers the  
loss. Nearly all the property was insured.  
Some parties were injured by flying debris.

NEW YORK, May 5.—St. Michael's R. C.  
Church, in Thirty-second street, near  
Ninth avenue, was badly damaged by fire  
this morning. A portion of the roof was  
destroyed and much damage done by  
water. It is estimated the total loss will  
be \$50,000. There were 1,400 children in  
the parochial school adjoining the church  
when the fire occurred, but they marched  
out in safety.

RUSHVILLE, Ind., May 5.—Last night  
this city was visited by the most destructive  
fire in its history. Foutze & Moffatt's  
planing mill and the large furniture factory  
of Innes, Pearce & Co., across the street,  
together with other buildings, were burned.  
About 105 men are thrown out of employ-  
ment. Loss \$85,000.

DETROIT, May 5.—The Union mills had  
another fire this morning, the third in  
twelve years. Four firemen were badly  
burned by the collapse of an oil tank, and  
the loss to the building and business was  
between \$30,000 and \$35,000. The firemen  
hurt were Lieut. P. J. O'Rourke, Pipem  
William Burgess, James Broderick and  
Daniel Cremen.

No one need fear cholera or any summer  
complaint if they have a bottle of Dr. J. D.  
Kellogg's Dysentery Cordial ready for use.  
It corrects all looseness of the bowels  
promptly and causes a healthy and natural  
action. This is a medicine adapted for the  
young and old, rich and poor, and is rapidly  
becoming the most popular medicine for  
cholera, dysentery, etc., in the market.

**DAN'S DILEMMA.**  
A Milk-Dealer's Horse Drops  
Into a Sewer.

Spectators Experience a Narrow Escape  
From Death.

NEW YORK, May 5.—Two hours before  
daybreak Tuesday morning Martin Hagger-  
born, a diver in the employ of E. G.  
Jackson, a notorious milk dealer of New  
York, started out on his regular route  
with "Dan," the handsomest horse in the  
stable, between the shafts. As the driver  
started across First street there was a crash,  
and Dan went down. Martin jumped out  
of the wagon and in the light of dawn  
saw that Dan's hind legs had disappeared  
beneath the street. The iron cover of a  
manhole leading into the sewer lay over-  
turned near by and solved the problem. A  
policeman at once summoned a hook and  
ladder company. The firemen turned out  
and a rope was put around the animal, and  
then the harness that held him to the

**To-Night's Benefit at the Grand.**  
The annual benefit performance for the local management of the Grand Opera House is generally a success, and this season's should be particularly well attended because of the excellent service rendered theater-goers by Treasurer Rootes and his staff. The attraction to-night will be the new and bright comedy, "A Modern Husband," which has been pronounced a most effective laughter-producer. The company is a splendid one, its members having been selected from high class organizations. The popularity of Messrs. Rootes and Kirchner will no doubt be attested by a bumper house.

**Sam Grigg at Clinton.**  
The Clinton correspondent of the Godrich Signal writes: "On Sunday last the popular Sam Grigg occupied the pulpit in the Rattensburg Street Methodist Church, which in the evening, was filled to overflowing, of all denominations and of all classes of people, in order to hear the converted hotel man and old Clinton boy preach the Gospel. Mr. Grigg has now been converted a little more than two years, and is a man of about 45 years of age, with a very pleasant expression of countenance and very earnest delivery. He preached no theological sermon, but simply the Gospel of Christ as he had experienced it. As we listened to his earnest exhortations we could not help thinking that it was by no means absolutely necessary for a man to become an acceptable preacher of the Word of God. If the great Truth of God is able to convert a sinner from the error of his ways, is he not also able to make him his ambassador without a big theological training?"

Parties desiring choice building lots in the best residential part of the city will do well to remember the sale of the lots opposite the residence of John Labatt, Esq., on Thursday, 12th inst., at 3 p.m. See advertisement for particulars.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Electric Oil, is ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, in which the young are especially subject.

"The proof of the pudding is in the eating." K. D. C. has been tried and tested, and has proved itself to be the king of medicines, the greatest cure of the age, and the only perfect dyspepsia remedy on the market.

has two pipes, one covering the valve red dry and the one conveying the water to the spout (wet pipe). The red in this hydrant is actuated by a brass screw and handle above, and raising plunger; the smallest fraction of an inch, closes waste before any water can enter discharge pipe. With the valve open we have the full and unobstructed flow of water through the hydrant which can well be compared to a straight-way valve or round-way cock. Closing the valve empties all water from wet pipe through dry hole. To repair hydrant or washer remove top cap or plate and withdraw plunger valve. It can be readily repaired without digging up.
