IN LABOR'S FIELD.

Fully Fifty Thousand Men Out of Work in Colorado.

Fifteen Hundred Men Laid Off by the Michigan-Peninsular Car Company at Detroit.

The depression in the car building business, which constitutes so important a part of Detroit's industries, is not due to any surplus of cars for handling freight traffic.

The Michigan-Peninsular car company has lent their credit to different roads, creating the opportunity to such roads to place orders for cars which would otherwise have to be deferred, but resources in this direction are now exhausted.

Since June 1, no less than 1,500 men have been given vacations at the two plants. A reduction of the wages of those still in the company's employ became necessary this week. Each of the 1,600 or 1,700 now at work has been out from 10 to 15 cents a day, and the reduction will continue in effect until the expected revival of business in the car country.

It is thought that the men understand the situation and that no strike or other trouble will result.

DEVER, Col., Aug. 3.—State Labor Commissioner Bronfänger estimates the number unemployed in Colorado at fully 50,000. Business in all lines has dropped of since March to a degree heretofore unknown in the history of the State. All parts of the State are afflicted alike, and a large number of those are laborers, mechanics and clerks.

EATEN BY A SHARK. Father Laplante Meets a Horrible Death While Bathing Off the Island of Trinidad.

QUEBEC, Aug. 3.—News has been received here of the horrible death of a French-Canadian priest in the West Indies. The unfortunate clergyman was the Rev. Mr. Laplante, formerly professor of the college at drawing at the Levis College. It appears that some years ago Mr. Laplante left Quebec to accept charge of a parish named Santa Cruz, in the diocese of Port of Spain.

The unfortunate days ago he went out with a companion to bathe in a river which runs through the parish.

After bathing for some time, his companion left the water to dress, but Mr. Laplante, who was a skilled and daring swimmer, resolved to take another turn and accordingly ventured out further from the shore than was considered safe in the locality, when, to his horror, his companion saw him suddenly dragged beneath the surface of the water. He at once gave the alarm and more than 100 people were soon on the spot; but all their efforts failed to discover the body, which would have been easy, if the case had been one of mere drowning.

View of the clearness and comparative shallowness in the water; so there is little doubt that the unfortunate priest was seized by sharks, which are said to be plentiful in the locality, and carried off by them to be devoured. The deceased had many relatives in this district.

ANOTHER OCEAN HORROR. Explosion on a German Warship—A Number Killed.

BERLIN, Aug. 3.—An explosion occurred to-day on board the German armor-clad steamer Baden at Kiel. Lieutenants Golenex and Zernbach and seven seamen were killed, and seventeen persons were wounded. Some of the men had just removed from the magazine a grenade measuring 26 centimeters in diameter. Through some cause not yet explained the grenade exploded, killing or wounding nearly every person in the immediate vicinity.

Sunday Reopening Probable. CHICAGO, Aug. 3.—The opinion is unanimous among lawyers that the gates of the World's Fair will be opened every day in the week from now on until they are finally closed next October.

MARRIED HIS DIVORCED WIFE. An Inventor Twice in Love with the Same Woman. YAKETON, S. D., Aug. 3.—H. W. White, the well-known inventor of this city, was married six years ago to Mrs. G. Wheeler, widow of an old Yankton man. After a year of married life Mrs. White went east, and shortly thereafter Mr. White secured a divorce from her. In May last Mr. White went to the World's Fair with an exhibit. In June he was ill and Mrs. White, formerly Mrs. Wheeler, heard of his indisposition. She went from her home in Ohio to Chicago and nursed her former husband back to health. They became lovers again and two weeks ago were married the second time.

Mrs. Wheeler is Mr. White's third and fourth wife and has been three times a bride. Mr. White is past 70 years old and his bride has seen 65 winters.

Flying from the Fair.

Interesting Experiments with Carrier Pigeons.

The Big Show Now Virtually Out of Debt.

Anthony Comstock Meant to Have Objectionable Features in Midway Plaisance Suppressed.

CHICAGO, Aug. 3.—Five carrier pigeons were released on the Government plaza at the fair grounds to-day. They were sent here by parties residing at Buffalo, N. Y.

After circling about the World's Fair buildings a few minutes the birds took an easterly course and soon disappeared. This is the first of a series of experiments to be made by the War Department, in which it is intended to demonstrate the use to which pigeons may be put in time of war.

OUT OF DEBT. In regard to the financial condition of the exposition company, President Higginbotham has given out the following statement:

"We are taking in our receipts, and will be ready with a statement this week. When the fair opened there was a great floating indebtedness. Since May 1 we have been compelled to construct several buildings. Now, when we can say with confidence that we are out of debt, we are doing well. It may be that we still owe a little more than we have the money to pay, but the liability is of little consequence. Inside of five days we will have all of the funds necessary to pay every debt we owe. The assertion that \$1,000,000 will not put us even is entirely false. We owe no such amount—nothing like it."

ANTHONY COMSTOCK VISITS THE PLAISANCE. Considerable wonderment is indulged in by visitors to Midway Plaisance that by the World's Fair officials should sanction entertainments of the character to be seen daily in several of the theaters on the street. Upon pretext that they are part of the exhibit from foreign countries represented, dancing girls in Persian, Algerian and Street-of-Cairo theaters perform for the edification of unenlightened Americans, so-called, far-famed Eastern dances, which are seen on Midway, are a combination of all that lacks grace, agility or rhythm in terpsichorean art. Costumes which it were well not to describe combined with ungainly, indecent movements, whose only suggestions is of vice, shock the modest and sensitive and arouse the morbid interest of the sensual.

The very general strictures upon this particular feature of the World's Fair resulted in a visit to President Higginbotham by Anthony Comstock, the well-known censor, to appeal to the city authorities to purge the fair of the obscene exhibitions.

By order of Superintendent Tucker, of the department of admissions, and by passive consent of the council of administration, Gate Inspector Thornbury, who became involved in a fight with Commissioner St. Clair, was restored to his old position to-day. Gen. St. Clair, who had his right eye slightly shaded, would not listen to pleas for the reinstatement of Gate Keeper Thornbury, who provoked the commissioner to violence.

The Maharajah of Kapthala arrived at the World's Fair to-day.

VAN LOON MUST DIE! Gov. McKinley Refuses to Interfere in the Bank Robber's Case.

COLUMBUS, O., Aug. 3.—Gov. McKinley to-day refused to interfere in the case of Frank Van Loon, the Columbus Grove burglar, in a fight with Commissioner St. Clair, who was restored to his old position to-day. Gen. St. Clair, who had his right eye slightly shaded, would not listen to pleas for the reinstatement of Gate Keeper Thornbury, who provoked the commissioner to violence.

The Maharajah of Kapthala arrived at the World's Fair to-day.

GLENCOE'S CIVIC HOLIDAY. Celebrated by an Excursion to Sarnia—a Happy Occasion.

Wednesday, Aug. 3, was Glencoe's civic holiday, and as usual the united Sunday schools of the town ran an excursion this year to Sarnia instead of Port Stanley as of old. About 900 people, old and young, were present, all of whom seemed to thoroughly enjoy the day sight-seeing in Sarnia, Port Huron and St. Ignace.

Starting and a "trip around the world," otherwise a street car ride in Sarnia, through the tunnel, down electric railway to Port Huron and back to Sarnia by ferry constituted the greater portion of the day's proceedings. The arrangements at Ray View Park are not quite as good as they might be, but it is a rather pleasant place to picnic. The passengers are loud in their praises of the train hands—Conductor John Gilean, Baggageman Ben Campbell, Brakemen J. Major and W. Rapley—for their kind and careful attention to the wants of all.

Engineer John Whiteall and Fireman John McIntyre also won commendation for the excellent time made en route. The excursion was gotten up by the Glencoe Sunday schools, and embraced friends from Mt. Brydges, Longwood, Appin, Ferguson's Crossing and Avinston, as well.

RAILWAY RUMBLINGS. Port Huron Expects to Get the C. P. R. Line Soon.

PORT HURON, Mich., Aug. 3.—Sarnia people now think the Canadian Pacific is working towards this point. That company is trying to get the right of way given by the Lambton and Southern county charters. If the Canadian Pacific comes here, this will mean the construction of another tunnel under the St. Clair River in the near future, and the F. and P. M., which is owned partially by Canadian Pacific stockholders, would be used as a feeder. The Michigan Central is also said to have its eye on Port Huron and Sarnia, with a projected line down the river to Detroit.

"THE FENCING MASTER." Laura Schirmer Mapleton, the Star. Will Have Good Support.

The Mapleton & Whitney Opera Company, which appears in this city the coming season, is now complete, and its season will open at the Hollis Street Theater, Boston, on Sept. 11. Only De Koven & Smith's successful opera, "The Fencing Master," will be presented, and the star of the organization will be Laura Schirmer Mapleton, whose wide experience in concert, grand opera and opera comique should stand her in valuable stead when she comes to play the role formerly filled by Marie Tempest.

The company is made up as follows: Grace Golden, Doris Theo, contralto from the Milan Opera House; Marion Langdon, of the Carleton Opera Company; George Dennen, Marie Beval, from the Paris Opera Comique; Basil Tolson, from St. Petersburg; Chas. A. Bigelow, Fred Buckstone, from Drury Lane Theater, London; George A. Mackenzie and Max Eugene, from the Carl Rosa Opera Company. The musical director will be Signor Tomasi, who sailed from Europe on Thursday last, and who brings with him Francis Celli and Mlle. Montalba, the well-known dancer.

ATLETICS. The 80-year-old pedestrian, Ray Earl, who is walking from New London to Chicago, says he walked the distance about 30 years ago in 42 days, and that he has nothing of pedestrianizing from Richmond, Va., to New London, Ct., whenever he felt like it. Mr. Earl's diet while on the road consists of crackers and cheese, and he goes most of his walking before and after the meal of the day.

STYLISH WEDDING IN LOBO.

Marriage of Miss Lena Tukey to J. A. McKellar, of Brandon.

The pretty little First Baptist Church, Lobo, was beautifully decorated Wednesday, July 28, on the occasion of the marriage of one of its leading members, Miss Lena M. Tukey, third daughter of Mr. John Tukey, London township, to Mr. J. A. McKellar, of Brandon, Man. The ceremony was witnessed by a large gathering of friends. The officiating clergyman was the Rev. A. Sinclair. The bride was attended by four maidens, consisting of her Hill, and her three nieces, Misses Pearl Ashwell and Cora Robson, London, and the charming little maid of honor, Mrs. Robson. The groomsmen were Mr. D. McKillop, West Lorne.

As the bride entered the church leaning on the arm of her father all eyes were riveted on her. Her gown was of silver silk trimmed with real lace, which was very becoming, and she wore a veil of tulle, carried in her hand a bouquet of roses. The first bridesmaid, Miss Bella Campbell, was carried in pink silk and lace, and also carried a bouquet of roses. The other bridesmaids wore cream silk, and the little maid of honor pale blue, each wearing on her shoulders a bunch of roses. After the ceremony Miss N. McCombs read a very touching address, referring principally to the loss that the church would sustain by having to part with its choir leader, and Mrs. Geo. Edwards, organist, presented the bride with an elaborate silver water pitcher in behalf of the choir. The bridal party was then driven to the residence of the bride's parents, where a reception was held, at which over 50 guests were present.

Scrofula in the Neck

The following is from Mrs. J. W. Thibrock, wife of the Mayor of McKeesport, Penn.:

"My little boy Willie, now six years old, two years ago had a bunch under one ear which the doctor said was Scrofula. As it continued to grow he finally lanced it and it discharged for some time. We then had Hood's Sarsaparilla and gave him Hood's Pills giving him Hood's Sarsaparilla and he improved very rapidly until the sore healed up. Last winter it broke out again, followed by Erysipelas. We again gave him Hood's Sarsaparilla with most excellent results and he has had no further trouble. His cure is due to Hood's Sarsaparilla and he is now healthy and daily growing stronger."

Hood's Pills do not weaken, but aid digestion and tone the stomach. Try them. 25c.

BUFFALO, Aug. 3.—The third day of the Grand Circuit races here was marked by some sensational racing. The attendance was over 15,000. In the 2:15 trot Huldie trotted the fastest three-heat race on record, lowered twice the Buffalo track record, made the fastest mile ever trotted by a 5-year-old, and the time, 2:08 1/2, should be universally considered the race record, the 2:08 1/2 of Martha Wilkes at Evansville, Ind., last year was tainted with suspicion. Hal Pointer won the free-for-all pace. In the first heat Manager made a new pacing-race record for the track which was, however, lowered by Hal Pointer later in the race. Summary: Stake trotters eligible to 2:15 class, \$5,000—Huldie won, Pixley 2, Dancy 3. Best time 2:08 1/2. Free for all pace, \$10,000—Hal Pointer 1, Mascot 2, Manager 3. Best time 2:06. Stake 4-year-old trotters eligible to the 2:20 class, \$2,000—Prince Herschel 1, Huldieburn 2, Miss McGregor 3. Best time 2:15 1/2. THE TRIGGER. To a correspondent: At Bisley, the Elcho Shield was won by the English, against the Irish, and 1,649 by the Scotch team. CRICKET. Rosedale on Thursday defeated Brampton at cricket by 236 to 28 in the first inning and 28 to 23 in the second inning. A SETBACK FOR GRACE. Some time back W. G. Grace was walking across one of the parks at Bristol when he saw some small boys engaged in a game of cricket. Grace went up to one of the youngsters and said: "My boy, you have your wickets pitched too wide apart." The precocious Briton of ten summers looked the champion up and down, and finally retorted that: "Garn' one; what do yer know 'bout cricket?" LAWN TENNIS. FOR THE ONTARIO CHAMPIONSHIP. HAMILTON, Aug. 3.—In the lawn tennis competition for the Ontario championship to-day two games were finished this morning. W. A. Boys, Barrie, beat L. A. Moore, Hamilton, 6-1, 6-4. Miss Osborne and R. Moreton beat Miss Hubbard and L. A. Moore 6-3, 6-1. The final in the men's singles was between W. A. Boys, of Barrie, and R. Moreton, of this city, and the winner will play A. F. Fuller, of Boston, the present holder of the cup. The final in the mixed doubles was between Miss Osborn and R. Moreton on one side and Mrs. Whitehead and W. A. Boys on the other.

Cutler will be secretary in the old country, but this will be the working center. The Prohibitionists. OWEN SOUND, Aug. 3.—At yesterday's convention of advanced prohibitionists resolutions were passed condemning the liquor traffic in its every aspect, and declaring the advisability of calling a convention in the near future to nominate candidates for both the Dominion and Provincial Houses. Officers were elected for Grey county as follows: President, Mr. Wm. Howes; secretary, Mr. Arthur E. Little; treasurer, Mr. A. L. McIntyre. The chairman of the various branch associations will act as vice-presidents for their respective districts. A mass meeting in the Town Hall at night was addressed by Messrs. Buchanan and Kettlewell. Nothing impure or injurious contaminates the popular antidote to pain, throat and lung remedy and general correctives. Dr. Thomas' Electric Oil. It may be used without the slightest apprehension of any other than salutary consequences. Coughs, rheumatism, carache, bruises, cuts and sores succumb to its action. Rosario, a hitherto unknown port in the Argentine Republic, exported 100,141 tons of wheat last May.

SILVER CERTIFICATES.

Their issue by the U. S. Treasury Stopped for the Present.

Prospects for Another International Monetary Conference—What Has Made the Price of Silver Decline.

WASHINGTON, Aug. 3.—No more silver certificates will be issued by the Treasury Department for the present, as the limit prescribed by law has been reached. That is to say, as many silver certificates are now outstanding as there are standard silver dollars coined and in the treasury to redeem them.

INTERNATIONAL MONETARY CONFERENCE. Representative McCready, of Kentucky, who is a member of the International Monetary Conference, speaking of the probability of that conference reassembling in Brussels in November next, said to-day: "I have been in correspondence with many of the representative men of the International Monetary Conference, and encouraged by the reports that I hear I cannot say that I believe in the ultimate failure of the conference. The action of India was not a surprise to me, because it had long been predicted. Although they are no longer to have free and unlimited mintage of silver in India, nothing has been done to prevent the Government from coining silver. Many of the leading men in Europe who are members of the conference think it very important to keep the body alive, so that we may after awhile reach international bimetalism. I believe international bimetalism on a common ratio among the great nations of the world to be the best solution of the whole trouble."

THE PRICE OF SILVER. What made silver, which did not vary much from the proportion of 124 to 1 as compared with gold from 1800 to 1873, drop so fast and so far since? The answer is simple—its free and unlimited mintage decrease in demand. In the calendar year 1874 the amount of silver produced in the world was, in round figures, 55,000,000 ounces, while the production in 1892 was 122,000,000. Sixteen per cent of the supply. Now for the decrease in demand. Germany, taking advantage of the immense sum of gold put into its hands by the French war indemnity in 1871, started to demonetize silver in that year and placed itself on the gold standard. The Scandinavian States of Denmark, Sweden and Norway changed to the gold standard in 1874, while in the same year the Latin Union limited its silver coinage, and two years later the mint of the union was closed in regard altogether. Holland took similar action a year earlier and Spain a year later, while Austria-Hungary changed from the silver to the gold standard in 1891-93, and India on private account. Here are the chief causes for the decline in the price of silver.—[Globe-Democrat.]

THE COMING SESSION. WASHINGTON, D. C., Aug. 3.—Representative Springer, of Illinois, who was at the capitol to-day, says he thinks Congress will not be in session for more than a week or ten days in August. In that time Mr. Springer thought the silver purchase clause in the tariff bill should be repealed, and the ways and means committee could be empowered to draft a tariff bill for submission to Congress when it reconvened. As to the tariff it would be impossible for the committee to do justice to the subject while the House was in constant session; there were too many disturbing elements, and the surroundings were not favorable for wise and safe legislation. But if the committee was empowered to prepare a bill and was allowed to pursue its labors unmolested the result could be a satisfactory bill. Touching the course of the ways and means committee in dealing with the tariff, Mr. Springer said it would doubtless report a general tariff bill, instead of a series of specific bills. That policy had done good service last Congress, but the time was now at hand when the Democratic party must redeem its pledges and reform the entire tariff system.

BLACK DIAMONDS IN LAMBTON! Fine Specimens of Coal Found Near Forest.

FOREST, Ont., Aug. 3.—Israel Ward, of Pennsylvania, is prospecting for coal at Kettle Point, in prospecting, eight miles north of Forest, and is confident of an abundant supply of coal there. On Monday last W. B. Kellatt, of Cottam, who obtained from the Indian Department, Ottawa, the privilege to prospect, was here and taking a very lively interest in the enterprise. He secured some fine specimens of the desired article, and will send a portion of them to Ottawa to satisfy the department that prospects are favorable. He states Mr. Ward recently discovered a coal bed in Michigan nearly opposite Kettle Point, which is now being successfully worked. Both Mr. Ward and Kellatt appear to have the fullest confidence as to the result. Their first move will be to get capitalists to take an interest in the undertaking, and as soon as sufficient money can be secured they will put down a test shaft.

Over \$100,000 to Divide. STRATFORD, Aug. 3.—Judge Woods appointed yesterday (Wednesday) at 10 o'clock for the examination and passing of the final accounts of the estate of the late Wm. Henry. The estate was among the largest ever probated in the county, running over \$105,000. The mayor of the city, Mr. John C. Monteith, is sole surviving executor, and had his accountings in very clear and satisfactory shape, and was granted a vote of thanks in addition to the ordinary fees by those interested, for his kind courtesy and attention to matters for the past four years. The residuary legatees who are to share in the distribution of the residue, and who were present, were Robert Henry, John Henry, Mrs. Sarah Miller, Mrs. Mary J. Roe (Nebraska), Mrs. Elizabeth Hamilton and Rev. Braddon Hamilton, of New York city, and Moore Varner Henry, of Illinois.

Both Oblivious. He (the bridegroom, at the World's Fair)—Do you want to go to the Art Building, dear? She (the bride)—Do you? He—I do, if you do. She—If you do, I do, dear. He—Just as you say. She—Do, dear, take your choice. He—Well, I don't want to unless you want to. She—I don't want to unless you want to. (With solicitude)—Do you want to? He—If you want to, dearest. She (timidly)—Well, let's go. He—Are you sure you want to go? She—If you are. He (timidly)—Well, let's go. (Excited absent-mindedly toward the stock pavilion.)

THE MAN WHO BRINGS THEM.

The man with the melon is welcome still, But the mellow fellow who fills the bill Is the man who brings the ice.

Who drops it there, As he swears a slice, And cools the air, As he boilers "Ice!"

His rumbling wagon the children know: And "Isn't he good and nice!" They cry, as scampering out they go For a chat with the man with ice!

Each outstretched hand Gets a little slice: Oh, it's a fairy land, When the man brings ice!

The horse that he drives looks wet and cool: His wagon, of rude device, The heat divides, with its freezing sides, A drip from the blocks did cool!

And here and there, As he swears a slice, He cools the air, With his "Ice! Ice! Ice!"

So, the man with the melon is welcome still, And "Isn't he good and nice!" They cry, as scampering out they go For a chat with the man with ice!

Who drops it there, In a ten-cent slice, And cools the air, As he boilers "Ice!" —[Atlanta Constitution.]

HIS REPENTANCE.

Sara sat a little apart, near the center-table. Her eyes were mechanically fixed upon a small chart or plan, which lay at the end of the table opposite to where the luncheon tray had been.

"Mrs. Benn had come to an end, and they had left for home that morning. Unwillingly, it is true, but Mrs. Cray deemed it wise not to wear out her welcome. They were a large party, and she privately contemplated longer visit in the spring, during the glories of the London season.

"I think they are in your dressing-case, sir," spoke up the maid. "I saw them there a day or two ago."

"What change?" asked Sara. "His marriage," she said. "I don't know that it can be called a peculiarity, since, so far as my experience teaches me, it is characteristic of women in general."

"I don't know that it can be called a peculiarity, since, so far as my experience teaches me, it is characteristic of women in general. I have never pressing might be her occupation, if once she had left them and launched in the full tide of gossip, the urgent duties would give way, and the gossip and story teller would be in evidence."

Richmond, theaters in the evening, receptions at home, parties out, noise, whirl and bustle. Caroline loved the life; were it taken from her, she said randomly to Mrs. Cray one day, she could not survive; she should die of ennui; and the Miss Crays had never been so happy in their lives, or their mother either.

WESTERN ONTARIO.

Fatal Accident to a Southwold Farmer.

Trouble at the Emancipation Celebration in Chatham-Sarnia's Civic Holiday Aug. 2—High School Entrance.

While Mr. Daniel Clark, farmer, Southwold, was hauling rails in the woods by the falling of a tree, ran away, threw him out and the wagon wheels passed over his head and shoulders, breaking his neck. He lived only a few moments. The deceased was 47 years of age and leaves a wife, two sons and three daughters. He moved to Sarnia on which he was killed from Bantia, county of Dufferin, ten months ago.

Monday evening a serious runaway accident happened on William street, Chatham. Mrs. Robert Moir, of Landdowne avenue, accompanied by her two daughters, Mrs. Hart and Miss Moir, drove up William street toward the railway track. An approaching train scared the horse, which bolted. Mrs. Moir was thrown out, and Mrs. Hart and Miss Moir were injured. The latter, it is feared, internally. Miss Moir was severely shaken.

Toward the close of the celebration in Chatham on Monday, P. C. Dezilva heard that John Doleman, a colored man, wanted for an assault committed on Thos. Highgate on Dec. 8, 1880, but who skipped to Detroit, was in town. Dezilva went after the man and captured him, but was attacked by a mob. He was rescued by a policeman, fought valiantly and captured his man and two of his assailants.

Miss Nora Clench arrived home from England on Monday evening to visit her mother and relatives in St. Marys, previous to an extended tour through the provinces.

The Stratford Herald believes that J. A. McCarthy, son, is the oldest policeman in Canada doing active service, having been so for about 52 years. Mr. McCarthy is besides the oldest resident in Stratford, having come to the city in 1840. He is 83 years old.

On Sunday a young boy named George Ruppel, son of John Ruppel, painter, of Elmira, entered the house of Rev. Mr. Froesch, a Lutheran minister, and stole \$65 which the good man had saved up for an intended holiday journey. The boy was captured in Berlin. He had buried most of the money in a hole at the ground at Elmira.

Another of the oldest citizens of Berlin has died—John Branson, aged 76. He has been a resident of the town almost as long as anyone can remember, having for many years carried on the brick making business, in which he was successful.

The defendants in the Galt case thrown into the Galt case have been dismissed, the magistrate deciding that there was not sufficient evidence to prove that any of them threw the stone which crashed in Miss Knight's skull while passing through the C. F. R. subway.

The collector at the Guelph custom house for July was \$4,851 09, a decrease of \$12 11 compared with the same month last year.

FOR THE THIRD TIME

"Sam'l of Posen" Faces a Jury on the Charge of Murder.

SAN FRANCISCO, Aug. 3.—The third trial of M. B. Curtis, the actor, for the murder of Policeman Grant, has begun. The murder took place two years ago. The police asserted that Curtis, under arrest for disorderly conduct on the street, resented the policeman's action in putting nippers on his wrist by shooting him. Curtis asserted that he and a fellow who tried to rob him were arrested, and that the robber shot the policeman and ran away. On his first trial the jury stood eleven to one for conviction of murder in the first degree.

The second trial was broken up by the sudden death of a juror. On Tuesday Curtis appeared in court with his wife. He went neatly dressed, but his face wore an anxious look, and he evidently dreaded the trial. The anxiety increased as nine men out of ten summoned as jurors declared their minds were fully made up from reading the testimony. One remarked that nothing but the appearance of the dead policeman and his testimony would convince him that Curtis did not fire the fatal shot. Only four jurors were obtained.

Curtis now lives on a raisin vineyard near Fresno, which he bought last year. The first trial cost him a large amount. The police department have gathered new evidence to meet many points made by Curtis, and are confident of convicting the actor. The outlook is gloomy for him unless he has the luck to obtain a sympathetic jury.

Peace at Nicaragua.—A special from New York, Aug. 3.—A special from Nicaragua says that under the new treaty of peace signed by Leon and Granada, the Leon party will assume complete control of the Government of Nicaragua, and the term of Gen. Zavala, who was elected Provisional President by the Grand party after Machado had been shut up in Leon, has come to a close. The Junta Government is to rule, and a general amnesty has been declared. The most important feature of the treaty is that providing that an election shall be held Sept. 15, at which members of the Constituent Assembly are to be chosen by the ballot. None of the troops have yet been disbanded. Each army still occupies the position held when the negotiations for a treaty of peace were begun. The situation is therefore still serious.

Nothing to Fear in washing with Pearl-ine. It does wonders, but it does them safely. You can use it on the finest laces or the coarsest paint. The fine things are washed carefully; the rough work is done easily. Pearl-ine does away with the Rub, Rub, Rub. Wash with Pearl-ine, and there is little that is work; wash without it, and there is little that is worse.

THE DEFENDANTS IN THE GALT CASE THROWN INTO THE GALT CASE HAVE BEEN DISMISSED, THE MAGISTRATE DECIDING THAT THERE WAS NOT SUFFICIENT EVIDENCE TO PROVE THAT ANY OF THEM THREW THE STONE WHICH CRASHED IN MISS KNIGHT'S SKULL WHILE PASSING THROUGH THE C. F. R. SUBWAY.

The Electric Street Railway.
The finance committee of the council looked over electric street railway matters with the Everett company last evening, when an agreement drafted by the city solicitor came up for discussion. The company will make a further proposition regarding the time and on the different lines, the kind of poles to be used, keeping the snow off the streets in winter, plan of single and double tracks and the extensions. Ald. Parnell fought stubbornly to have a line run south on Wexley road from Bruce to Briscoe, and the company will likely submit. Trains will be run from 6:30 a.m. to 11:30 p.m., and the company will amend their lines if public needs require it or the council so direct. Those present were Ald. Meale (chairman), Parnell, James Fitzgerald, and Carrothers, Mayor Essey, City Solicitor W. R. Meredith, Mr. T. H. Smallman, Manager S. R. Break, and Solicitors Helmuth and Levy.

—"Summerholm," the "W.V.'s" cosy retreat at Port Stanley, has been most liberally patronized this season, and has been the popular rendezvous of London's young ladies. Everything that could possibly be done to make the time pass merrily and profitably has been accomplished, and as a result every visitor returns home more than satisfied with the miniature Chautauque.

—A St. Thomas alderman says the council members are having the laugh on their London brethren. The latter refuse to settle the L. and P. S. R. sewer difficulty, on the city solicitor's advice upon the payment by St. Thomas of \$250, though some members hold out for more. The St. Thomas Council had previously indicated upon paying \$500 to get out of the scrape. Of course, they are exactly \$150 in.

—A pretty lively runaway occurred last night, in which, strange to say, very little damage was done. Detective John Graham jumped out of his rig to speak to a friend near the corner of Tecumseh avenue and Langarth street, when his pony suddenly started out. The efforts of some boys to stop it only increased its speed, and it finally ran on to Elmwood avenue at a furious gallop, running over the lawn of Mr. Frank Harding, completely demolishing a young shade tree, and pulling up in the corner of the lattice fence on the lawn of Mr. Bartley, where it had apparently anchored to stay, as it was only after considerable persuasion it could be induced to back out. The rig was not much the worse for the trip.

The Wheat Market.
The usual price of \$1 and \$1.01 prevailed for red wheat on the market yesterday. One farmer got \$1.03 for his load, but his case was exceptional. White wheat was steady at \$1.03 and \$1.04. Oats remain about the same, \$1.10 and \$1.12 being the current price. Some of this season's wheat was brought in by a Westminister farmer on Tuesday. The wheat was a fair sample but was not any too plump. R. Fritchard & Co. bought the lot at \$1.03.

An Exciting Runaway.
Richmond street north was the scene of an exciting runaway yesterday morning. A team owned by Mr. Hawkins, miller, of St. Johns, was left standing in front of R. W. Sharpe's grocery store, corner of Mount Pleasant avenue and Richmond street. Suddenly the team started and when they reached Oxford street they collided with an electric light pole. The wagon was loaded with bags of flour and every bag was burst open. The electric wires were broken, the single and drum bands have become very inefficient. The great success of the affair is assured if the weather is favorable. The programme at the park will be carried out in the most approved style. No time will be lost between events. The procession through the city will make a splendid and unique spectacle.
Inspector James Egan had Max Goldberg in the Police Court yesterday to answer for an alleged breach of the Weights and Measures Act. A pair of scales had been found in Max's possession by Mr. Egan which the latter claimed were not legally recognized. Max protested that he was wholly innocent of any wrong-doing, and had bought the scales as old iron from Mr. Joseph Graham. The magistrate was inclined to fine Goldberg, but reserved judgment until Monday. Judd for complainant; Macpherson for defendant.
The charge of assault laid by Mary Kenney against Thomas Brennan, grew out of a quarrel between apparently respectable families on Thames street. Brennan, who had had an encounter with Mrs. Kenney's husband, said he merely shoved Mrs. Kenney and had no intention of assaulting her. A lady witness caused some amusement by playfully jabbing her hand against lawyer Judd's cheek to illustrate the defendant's action. Sentence was suspended upon payment of costs, and the neighbors will be good friends if it is hoped. Judd for complainant; McCann for defendant.
A Token of Affection.
The esteemed rector of St. Matthew's Church, Rev. W. Minter Seaborn, East London, is about to leave on a trip to the old country. Wednesday he was very much surprised by an invasion of his parishioners. The purpose of their visit was explained by a quartet of apparently respectable families on Thames street. Brennan, who had had an encounter with Mrs. Kenney's husband, said he merely shoved Mrs. Kenney and had no intention of assaulting her. A lady witness caused some amusement by playfully jabbing her hand against lawyer Judd's cheek to illustrate the defendant's action. Brennan, who had had an encounter with Mrs. Kenney's husband, said he merely shoved Mrs. Kenney and had no intention of assaulting her. A lady witness caused some amusement by playfully jabbing her hand against lawyer Judd's cheek to illustrate the defendant's action. Sentence was suspended upon payment of costs, and the neighbors will be good friends if it is hoped. Judd for complainant; McCann for defendant.

The Young Liberal Club's Picnic.
"We want everybody in London to be there," said President Wenless, of the Young Liberal Club, in speaking of the club's annual picnic at Queen's Park to be held next Wednesday. To-night will be a busy night with the members of the feet. Their drill has been thoroughly mastered and the single and drum bands have become very efficient. The great success of the affair is assured if the weather is favorable. The programme at the park will be carried out in the most approved style. No time will be lost between events. The procession through the city will make a splendid and unique spectacle.
Inspector James Egan had Max Goldberg in the Police Court yesterday to answer for an alleged breach of the Weights and Measures Act. A pair of scales had been found in Max's possession by Mr. Egan which the latter claimed were not legally recognized. Max protested that he was wholly innocent of any wrong-doing, and had bought the scales as old iron from Mr. Joseph Graham. The magistrate was inclined to fine Goldberg, but reserved judgment until Monday. Judd for complainant; Macpherson for defendant.
The charge of assault laid by Mary Kenney against Thomas Brennan, grew out of a quarrel between apparently respectable families on Thames street. Brennan, who had had an encounter with Mrs. Kenney's husband, said he merely shoved Mrs. Kenney and had no intention of assaulting her. A lady witness caused some amusement by playfully jabbing her hand against lawyer Judd's cheek to illustrate the defendant's action. Sentence was suspended upon payment of costs, and the neighbors will be good friends if it is hoped. Judd for complainant; McCann for defendant.
A Token of Affection.
The esteemed rector of St. Matthew's Church, Rev. W. Minter Seaborn, East London, is about to leave on a trip to the old country. Wednesday he was very much surprised by an invasion of his parishioners. The purpose of their visit was explained by a quartet of apparently respectable families on Thames street. Brennan, who had had an encounter with Mrs. Kenney's husband, said he merely shoved Mrs. Kenney and had no intention of assaulting her. A lady witness caused some amusement by playfully jabbing her hand against lawyer Judd's cheek to illustrate the defendant's action.
