REPORT WITHOUT MOUSSEAU

Decision in Regard to
Graft Enquiry at
Quebec.

Senator Will Start Probe
of Its Own To-
Night.

[By Special Wire to The Courier]
QUEBEC, Feb. 9.—It is now prac-
tically certain that the House of
Assembly committee, which is investi-
gating the charges of corruption, will
not await the problematical recovery
of Mr. J. C. Mousseau before pre-
sents their report. The physicians
who have examined the ex-member
for Surlanges, are unanimous in their
opinion that his patient is so
weakened a state of health, that any
thought of journeying to Quebec, not
to speak of the ordeal of an examina-
tion by lawyers, is out of the ques-
tion. The committee from present
appearances will have to proceed
without Mr. Mousseau, and they expect
to complete their labors this
week, their report should be in the
hands of the House of Assembly at
the beginning of next week. What
the nature of this report will be,
whether it will contain recommenda-
tions or simply a statement of the
nature of the evidence, has not yet
been decided upon. One thing certain
the committee cannot long delay
their findings, as the end of the ses-
sion is at hand, and the continued
illness of Mr. Mousseau renders his
appearance before the committee so
unlikely that it may be disregarded
altogether.

A state of uncertainty prevails
about the ancient Capital as to why
Mr. J. C. Mousseau desires the as-
sistance of Detectives Biddinger and Ma-
loney at the inquiry Thursday. The
member for Terrebonne, himself,
when asked what were the extraor-
dinary disclosures that he had hinted
might be forthcoming if further ques-
tions were asked, replied that Mr.
Biddings had been very non-commi-
tial and unsatisfactory in some of his
answers.

The Upper House probe continues
to-night but is not expected to pro-
duce any new evidence.

Remained In The Air Over Sixteen Hours

Possibilities of a Transatlantic
Flight More Apparent
Than Ever.

LONDON, Feb. 9.—Enthusiasts over
the possibilities of a trans-Atlantic
aeroplane flight are more convinced
than ever that such a feat can be ac-
complished owing to a record per-
formance made on Saturday by a Ger-
man aviator named Ingold, who re-
mained in the air for 16 1/2 hours
without alighting. He made over
1,000 miles. He used a Pfaff biplane,
with a 100 horsepower Mercedes en-
gine. During the trip he used 126 gal-
lons of gasoline and 12 gallons of oil.
He started from Muelhausen, in Al-
sace-Lorraine and finished at Fuersten-
reid in Bavaria.

LOVE FOR SCOTT BEHIND THE GIFT

Barrie, the Playwright, Gives
\$50,000 to Help Finance
Shackleton Trip.

[By Special Wire to The Courier]
NEW YORK, Feb. 9.—With his
motive his intense admiration for
Captain Robert Scott, who went to
his death in the Antarctic ice floes
along with a number of companions,
in a final dash for the South Pole, J.
M. Barrie, the famous playwright, it
was announced to-day has given \$50,000
to the fund to finance the pro-
posed second expedition to the south-
ern end of the world by Sir Ernest
Shackleton.

Through the playwright's hand-
some donation the contemplated ex-
pedition is now assured.

Found Dead In Hotel Room

Renton Dunlop, Boston,
Expired in This City
on Sunday.

Renton Dunlop, a middle-aged far-
mer of Boston, was found dead yester-
day in his room at the Clarendon
Hotel. He had driven into town on
Saturday with some produce on a rig
and put up at the hostelry.

Dr. Ashton was summoned to the
room, and certified that the farmer
had died from asthma and it is not ex-
pected that an inquest will be neces-
sary.

The deceased was unmarried. He was
well-known and highly respected
throughout the county.

The funeral will take place from the
residence of his brother, Jas. Dunlop,
of the same Township on Wednesday,
and interment in Greenwood cemetery
Waterford.

UNDER SHADOW OF CIVIL WAR, BRITISH PARLIAMENT MEETS

A Momentous Crisis Has Been Reached in the Old Land Regarding Home Rule Bill --Other Questions of Extreme Importance Will be Discussed in Parliament.

[By Special Wire to The Courier]
NEW YORK, Feb. 9.—A cable to
The Tribune from London says:
The King will open in state to-mor-
row the most momentous parliamen-
tary session in many decades. One
great issue will put every other ques-
tion into the shade. Never before in
living memory has parliament met with
the shadow of civil war darkening at
the same time several very pressing
problems such as that of the navy,
the South African deportations,
the Welsh church bill, and education,
the thought that will be ever present
in the minds of all parties for months
is whether the Home Rule Bill will be
passed and the extreme measures which
they have so loudly proclaimed they
will take by way of resisting it.

In view of the gravity of the ques-
tion in the official Unionist view,
the House of Lords is taking the remark-
able course of raising an amendment
to the address demanding a general
election. This amendment, which will
be moved by Lord Middleton, is in the
following terms:

"This house regrets that the gracious
speech from the throne contains no
mention of any intention on the part
of His Majesty's government to obtain
the sanction of the nation be-

fore carrying into law grave changes
in the constitution."
In the House of Commons, the
Right Hon. Walter Long will begin
the Unionist attack on the govern-
ment's Home Rule proposals. It is
not expected that the measure itself
will be reintroduced before April as
immediately after the debate on the
address is concluded, the House will
have to spend some weeks voting sup-
plementary estimates for the navy
and passing large votes for the ser-
vices.

Marconi Share Dealings.
NEW YORK, Feb. 9.—A cable from
London to the New York Times says:
On the eve of the reassembling of
Parliament, L. J. Masse, editor of
The National Review, returns to Lord
Murray's connection with the Mar-
coni share dealings in a long letter
to "The Morning Post." Among other
things Mr. Masse suggests that the
House of Lords appoint a select com-
mittee to examine Lord Murray on
both and thus "spare him the tempta-
tion of making a speech without any
moral sanction."

Referring to Lord Murray's deal-
ings with the missing Stockbroker,
Fenner, Masse says that Lord Mur-
ray's trusteeship of the Liberal party's
funds cost the party between \$150,000
and \$200,000 through one broker

alone, apart from any losses on Amer-
ican Marconis.
"No proceedings," he says "were
taken against Fenner, who had mis-
appropriated this immense sum, al-
though the chief ministerial whip was
aware that another client's property
had been likewise depleted to the ex-
tent of over £30,000 (\$150,000). Fen-
ner was allowed to remain in business
at the expense of his victims, whose
losses ultimately reached over £100,000
(\$500,000)."

Lord Murray is further accused of
neglecting his plain duty in remaining
silent, while the select committee of
inquiry was sitting "though, accord-
ing to the sworn statement of his
brother, Captain Murray, he was in
this country for very nearly two
months of the committee's sittings."
Mr. Masse also calls upon Lord
Murray to account for the huge ac-
cumulation of secret party funds on
the eve of the coronation of 1911, at
a date when the honors' list would be
presumably under discussion, as also
to explain how he came to invest
\$105,000 of the party's funds in home
rails, ordinary, while his colleagues
were engaged in settling the "cold
strike, which might be expected to
affect the market value of those
shares."

DOUBLE TRAGEDY IN NEWARK N. J.

Charles Manning is Held as
an Accessory—Crime a
Deliberate One.

[By Special Wire to The Courier]
NEWARK, N. J., Feb. 9.—Accused
as an accessory to Miss Hazel
Herdman, the mother of his eighteen
months old boy, who on Friday shot
and killed his wife, and then ended
her own life the following day after
confessing her crime, Charles I. Man-
ning to-day was held in custody while
funeral services were held over the
bodies of the two victims of the love
drama of the actors of which he
alone remains. From his cell, Man-
ning made the arrangements for the
funeral of his wife, while Ardian
Herdman, the Pompton Turnpike
Inkkeeper, claimed the body of his
daughter and arranged for its burial.
Early to-day the police detained
Mrs. Sadie E. Garrabrants, sister of
Manning, with whom he has lived
since his separation from his wife,
and she is being held as a material
witness in the case.

The charge of murder against Man-
ning, the police gave out in a state-
ment, was decided upon early to-day
after the accused man had been
questioned off and on since late Sat-
urday, and all of yesterday. State-
ments made by two women and a
young man, who were also brought
to police headquarters, influenced the
police to make the charge of murder
against Manning. One of these wit-
nesses was Mrs. Garrabrants. The
identity of the other two witnesses
was kept a secret by the police.

Miss Herdman, in her dying state-
ment, attempted to exonerate Man-
ning, but Chief Long says that evi-
dence has been obtained tending to
show that he was an accessory before
the murder was committed. Manning
made no effort to escape. On Satur-
day morning he drove with Miss
Herdman to Newark and viewed the
body of his wife in a morgue. After
Miss Herdman had taken poison he
carried her in his machine from
Bloomfield to the hospital in Mon-
clair, and later drove with the girl's
mother and sister to the hospital
where he was taken into custody by
Chief Long.

Not Enough Work For Naval Holiday

Reason Given by German Marine
Minister for Refusing
Scheme.

LONDON, Feb. 9.—Admiral von
Tirpitz, the German Naval Minister,
makes the interesting confession that
his refusal to entertain Winston
Churchill's suggestion of a "naval hol-
iday" is mainly due to an "industrial
reason." England, he says, having
so much work far abroad, could cease
building for the British navy without
demoralizing her labor conditions. The
German yards, on the other hand,
would be compelled to shut down dur-
ing a naval holiday.

MUST GET RID OF QUEBEC INFLUENCE

Only Way for Montreal to
Raise Itself, Says Dr.
Adami, of McGill.

MONTREAL, Feb. 9.—Dr. J. G.
Adami, of McGill and head of the
City Improvement League, address-
ing the Canada Council, Knights of
Columbia, Saturday, strongly criti-
cized the present methods of civic ad-
ministration in Montreal. "We can
no longer afford," he said, "to have
our water department in charge of a
second class man."
"There is yet greater need that the
head of each department shall be in
complete control of the selection and
dismissal of his staff, free from po-
litical influence. Montreal to-day suffers
from the patronage system, but she
must get rid of this."
The most malignant disease in the
body politic was the baneful influ-
ence of Quebec, which Montrealers
should shake off by demanding a
large measure of autonomy.

Dr. Hughes In Toronto

Neither Does His Majesty Intend
to Visit Canada This
Year.

[By Special Wire to The Courier]
TORONTO, Feb. 9.—Dr. Frank
E. Hughes, dentist of Edmonton and
director of the defunct Union Life,
arrived in this city this morning from
Edmonton and going to the Sheriff's office
declared that he surrendered himself
and placed himself in custody.

The bail for \$20,000 granted by
Judge Beck of Edmonton, actually
did not expire until to-morrow, but
Dr. Hughes' counsel, J. H. Hancock
applied for Judge Latchford this
morning for bail, which was accepted
in sureties of \$5,000 each from Dr.
Wardlaw, Dr. Anderson and J. B.
Hughes of Galt, in addition to the
prisoner's own bond for \$15,000. Dr.
Hughes announced that he would
leave to-night or to-morrow morning
to wait until the case is set down for
hearing here.

LITTLE CHANGE IN THE ACT

Liquor License Measure
to Be Brought Up in
Ontario House.

Hon. J. J. Foy, Attorney
General Will be Leader
for Session.

[By Special Wire to The Courier]
TORONTO, Feb. 9.—Prepara-
tions for the session of the Ont-
ario Legislature indicate a short
one, and the intention of the Min-
isters is to complete the business
by Easter at the latest.

Hon. J. J. Foy, Attorney-Gen-
eral, who will lead the House,
will, if it is necessary, start the
morning sittings early in the ses-
sion. The most contentious piece
of legislation is the Workmen's
Compensation Act, and the desire
of the manufacturers to eliminate
the office staffs from the scope of
the Act may be granted in order
to lessen the opposition to the
Act.

There is likely to be little
change in the License Act. An in-
crease in the license fees for the
smaller places has been consid-
ered, it is understood, with a view
to making up the losses to the
revenue sustained by the cutting
off of so many licenses through
local option and the Canada Tem-
perance Act.

The Prince of Wales Is Not Betrothed

Neither Does His Majesty Intend
to Visit Canada This
Year.

LONDON, Feb. 9.—The rumor of
the impending of the betrothal of the
Prince of Wales to Princess Helena,
the second daughter of King Con-
stantine, of Greece, is officially denied.
The Princess is not quite 18 years of
age. The Prince of Wales was 18 last
December.
A denial is also given to the rumor
that the Prince of Wales intended to
make a tour of the overseas domi-
nions, starting next August.

MILLIONS WERE SQUANDERED IN WILD EXTRAVAGANCES

Transcontinental Enquiry Report Will Show Where
Public Money Went—Whole Hillside Blown
Up to Make Cuttings of a Few Hundred Feet.

OTTAWA, Feb. 9.—The report
on the Transcontinental Railway by
the Board of Enquiry will be pre-
sented to Parliament this week, prob-
ably Wednesday. The primary reason
for holding the investigation was to
explain the whole extraordinary dis-
crepancy between the estimate of
what the line would cost and what it
actually has cost. This has been
pretty thoroughly covered by the
commission. Every mile of the rail-
way has been traversed, a careful ex-
amination of rock cuttings, excava-
tions and the construction generally
has been made, while every contract,
sub-contract and agreement has been
looked into.

While no official statement or
summary is available, or will be until
parliament is seized of the report,
there is every reason to believe that
it will establish a system of wanton
and unparalleled extravagance. Judged
by the standard of the recently
constructed Toronto-Suburbary line,
of the Canadian Pacific, which is modern
in every respect, the report is expected
to disclose that the Transconti-
nental has cost upwards of \$45,000,000
more than it should after making due
allowance for difficulties experienced
in carrying forward the undertaking.
Entering into and explaining this
great discrepancy are a number of
important facts, of which the broad
lines may be indicated. The report
will give many supplementary fea-

Nothing Dead Tonight In Spite of Plethora of Mausoleum Men

Things will not be dead at the city
Council meeting to-night even if the
Aldermen are going to talk mauso-
leums. Representatives of both the
American and International Mausoleum
Companies are in the city to-day
and will appear at the proceed-
ings to-night. The International al-
ready has an agreement to build in
Mt. Hope cemetery and the Ameri-
can Company is seeking a similar
privilege but was turned down at the
last meeting of the City Council, be-
cause there was a feeling that more
information and time for considera-
tion should be afforded. The rivalry
between the two companies is strong
and this may be the feature of the
session to-night. It is not to be taken
however, that there is any howling
demand among the Aldermen them-
selves for crypts in the mausoleum
as most of this year's council refuse
to have it suggested that they are by
any means dead.

May Withold Sinews of War To Force a General Election

Unionists Will Endeavor
to Prevent Home Rule
by Killing Army Budget
in Lords.

LONDON, Monday, Feb. 9.—There
is much excitement in political circles
over the reopening of Parliament to-
day. All the parties recognize that
the session will be a critical one in
consequence of the situation in Ul-
ster.
The Unionist demand for a gen-
eral election in order that the people
may have an opportunity to show by
their votes how they regard the
Home Rule measure will be among
the earliest happenings, and they are
credited with some unknown plan to
compel the Government to yield on
this point. Among the rumored prob-
abilities is one to the effect that

THE REDISTRIBUTION OF SEATS ISSUE IS TAKEN UP AT ONCE

Toronto and York County to Have Ten Members
in Next House—Bill Has Been Drafted—Will
Place Measure in Hands of Committee This Week.

OTTAWA, Feb. 9.—The bill redi-
stributing and readjusting the Parliam-
entary representation will be pro-
ceeded with this week, probably on
Tuesday. The measure will be ex-
plained by the Prime Minister, who
will propose its reference to a small
select committee, containing repre-
sentatives of both parties. The mar-
time, central and Western parts of
the country will be represented on the
committee.
The bill has been printed, and in
its present form is a very simple af-
fair. It outlines the number of mem-
bers to which as a result of the last
census each province is to be entitled
and provides that the boundaries of
the different electoral divisions will
be as set forth in the schedule or ap-
pendix. It is to be defined and pre-
pared by the select committee.
It has been the custom heretofore
for this committee to meet in private
and that procedure will likely be fol-
lowed again. As the introduction is
a formality, there will likely be little
discussion on the measure until its
complete form comes back to the
House from committee.
While there are numerous plans and
suggestions of redistribution in the
different parts of the country, and
some of them are tentatively decided
upon, no general detailed system has
as yet been evolved, and will not be
until the committee meets and deter-
mines certain fundamental princi-

WANT REMOVAL OF THE OFFICER

Alleged That He Was Too Friendly With Cafe Proprietor.

[By Special Wire to The Courier]

MONTREAL, Feb. 9.—Charges against J. Lambkin, recently appointed by the Dominion Government as special officer dealing with white slave conditions, were made at a meeting of the Methodist Union of Temperance and Moral Reform held in the St. James Methodist Church on Saturday afternoon. The charges are, in brief, that Mr. Lambkin has been rather too friendly with Parker Brothers, proprietors of the Cafe Parisien, and others in the same line of business, and that his evidence before the license commissioners recently was noticeably so unimpressive that it aroused a comment from the Recorder Weir. It was decided to report the affair to Hon. C. J. Doherty, Minister of Justice, with a view to having Mr. Lambkin removed from office, and Reo T. Bourke, president of the Union, asserted that he would lose no time in investigating the charges put on a specific basis.

Mr. Lambkin this morning declared that the charges would probably result in his resignation. "I hardly know Parker Brothers," he said. "I don't think I was flippant on the witness stand during the Parisien investigation, and I do feel that I told the truth. Of course, the reformers were expecting something different from me, perhaps; they probably expected that I would—no, I won't say lie—but uphold the charges against the Parisien in full, and this I couldn't honestly do."

Many friends and sorrowing relatives attended the funeral of the late Mr. Mahler this morning from the late residence, 97 West Mill street, to St. Basil's church, where the Rev. The Premier Has Passed Danger Point

But the Condition of Sir George Ross is Reported Critical.

[By Special Wire to The Courier]

TORONTO, Feb. 9.—Drs. McPhedran and Clark report this morning that Sir James Whitney is past the danger line, and is progressing towards recovery. Sir George Ross is in a fair condition and may be removed to his home at any time. Whether he will ever be restored to health his physicians cannot decide yet. Dr. Goldie is still hopeful.

Sir James rose this morning, dressed himself and waiked about his suite smoking a cigar. It will be against the advice of his physicians if he goes back to the legislature this year. They advise retirement from political life and a long holiday.

Mrs. George Pimm, 23 Terrace Hill Street, will hold her post nuptial reception, Thursday, Feb. 12th, from 3 to 6, Mrs. Charles Hall, Toronto, will receive with her.

SUNDAY IN THE LOCAL CHURCHES

Inspiring Services Throughout City—Helpful Sermons.

THE FIRST BAPTIST.

There was excellent attendance at the services yesterday despite the excessive cold. In the morning the pastor preached a foreign mission sermon on "The Lordship of Christ and the World Conquest." Miss McLeod, for 19 years a missionary among the Telugus of India, addressed the Bible School and spoke of her work in that distant land. In the evening a large company gathered and thoroughly enjoyed "The Sunshine Service." The music was extra good. The choir sang "Peace Be Still." The Misses Phipps sang very sweetly, "Somebody Knows." "The Lord Is My Shepherd" by Little was sung in splendid form by Mr. C. H. Emerson. "Babylon" by Miss Hutchinson formed a fitting conclusion to the service. Before the audience was dismissed the pastor asked Miss McLeod to sing a hymn in Telugu, and "What Can Wash Away My Sin" was sung with great feeling, the audience taking up the refrain. Next Sunday the pastor will preach on "The Best Place to Be Found In."

WELLINGTON STREET.

Rev. R. D. Hamilton commenced his series of sermons on "The Lord's Prayer" His morning subject was "Our Father" and that of the evening "Reverence." Both sermons were delivered in eloquent style and were of great spiritual uplift to the congregations. At the morning service the men of the choir sang a very fine chorus assisted by Mr. Robt. Thompson and Mr. W. G. Darwin. Miss Mabel Limburg added a well rendered solo. The Brotherhood, Class, and Junior League and Sunday School meetings were very well attended. At 6:45 p.m., Mr. Thomas Darwin played a brief organ recital, consisting of three numbers, by Debussy, Beethoven and Collins. The evening anthem was "From Egypt's Bondage Come" (Psalm) sung with excellent expression by the choir. Mr. Charles Darwin sang the well-known solo "It is enough" from Mendelssohn's oratorio "Elijah."

ALEXANDRA PRESBYTERIAN

The Rev. D. T. McClintock was in charge for both services at Alexandra Church, Sunday. The Rev. George A. Macdonald, who is a visitor at the parental home, occupied the pulpit for the morning service, and preached a splendid sermon, founded on the text "Jesus Christ, the same yesterday, to-day and forever." MOTOR COMPANY IS WOUND UP

Creditors to the Extent of \$75,000 Are Concerned-- Meeting To-Day.

TORONTO, Feb 9.—An order winding up the Tudhope Motor Company of Orillia, has been made at Osgood Hall by Mr. Justice Middleton on the petition of Paris and Birmingham, of Cleveland, manufacturers; creditors for over \$2,000. The company was incorporated with a nominal capital stock of \$500,000. A proposition was made for satisfying the trade creditors' claims with preferred stock of the Fisher Motor Company of Walkerville, but the petitioners objected and it is held that they cannot be compelled to accept the proposition by the majority of creditors. The scheme was approved by a meeting of creditors, where 26 out of 45 creditors representing \$53,061 out of \$75,000 were represented. It was urged by the majority that there would be practically nothing for them unless they accepted the Fisher stock. Other creditors according to a statement filed, are the Royal Bank \$750,000, mostly secured; the Tudhope Carriage Company \$43,423 and W. H. Tudhope \$21,700.

Turned Out By Fire In Toronto

TORONTO, Feb. 9.—Fire at 6.30 this morning at Nos. 10 and 12 Vivian Place, destroyed two of the six houses with loss of \$6,000 and turned sixteen people into the street. T. W. Gillies thawed his gas pipes in the cellar of No. 10 and after completing the job came up stairs to find the woodwork of the first floor had caught fire and flames were spreading into the living room where his wife and two children were sleeping. The fire spread rapidly to the next house occupied by James Edgar. Most of the inmates escaped to the street, scantily clad.

UNDER SHADOW OF CIVIL WAR

(Continued from Page 1)
Both in the House of Commons and in the House of Lords amendments are to be moved to the address in reply to the King's speech. These will express regret that nothing has been done to satisfy the demands of Ulster. While Premier Asquith has not disclosed his intentions the more moderate Liberals have advised him to make immediately after the opening of parliament, a statement explaining the concessions he is prepared to offer from the opposition as to what they consider satisfactory. This would it is believed lower the temperature of the controversy and secure the sympathy of the country in case the Unionists should still persist in obstructing the business of the House of Parliament.

Queer Hockey

As Exemplified by an Ottawa Player on Saturday.

[By Special Wire to The Courier]
MONTREAL, Feb. 9.—The Gazette this morning says:
It is alleged by several who witnessed the match between Ottawa and the Wanderers at Ottawa on Saturday night that Percy Lesueur, playing manager of the Ottawa club, devoted a great deal of time to a new style of coaching during the play. While the Ottawa players were holding their own against the Wanderers Lesueur was satisfied to sit on the bench and coach the players. When the tide turned against his team, it is alleged that he made his way to the bleachers and encouraged the occupants of "millionaire's row" to get after Billy Nicholson, pleading with them to help Ottawa win by getting Nicholson off his game. This, it was stated, was responsible for the throwing of articles of various descriptions at Nicholson bleacher end of the field. If there is any truth in this report, then it is up to the National Hockey Association to deal with the matter. Lesueur is not only a player but an officer of the Ottawa club, and should be held responsible for the conduct of the crowd towards visiting teams. Lesueur is under the jurisdiction of the association during the playing of a match, and such conduct is worthy of an investigation.

Authors and Film

LONDON, Feb. 9.—Mr. Cecil Raleigh has started an agitation, which is to be taken up by the Authors' Society, against the unauthorized production—mostly by foreign firms—of picture plays bearing the titles of successful novels and dramas. It is possible that some alteration of the copyright law may be the result. "It is a disgrace to our laws," said Mr. Raleigh, "that at present the title of any popular novel or drama can be put on a film without the consent of the author of the book or drama. The law with regard to copyright in a title is very obscure, and some authorities hold that there can be no copyright in a name, which means that it is possible to stick a well-known title on a film which is not connected with the subject for which the title was originally chosen. The titles of several well-known plays are thus being used at present. There is another point also in this connection that is not understood by the public. After a play has been running for perhaps three years and its place is taken by another, the writer may sell the moving picture rights; but there is nothing to prevent a firm from putting the title of the play on any film and advertising it in this way, to the detriment of the real production."

WINNIPEG, Feb. 9.—A general convention of Manitoba Liberals has been called for this city for March 26 and 27. The purpose of the convention is to consider the political situation, declare a platform and prepare for the general election which is now looked for in early midsummer. Imperial service medals have been granted for long and meritorious service to George Hillier, caretaker at Osgoode Hall, and three lockmasters on canals, John Collins, J. J. Gordon and C. R. LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wych's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Agent T. Geo. Bowles.

Encourage House-Owning!

From time to time there have appeared articles in the daily papers advocating the organization of a company for the construction of houses for working men. So far as Brantford is concerned, the S. G. Read agency has supplied 72 homes within the last few years to working men from their own capital, and hundreds of other houses have been sold through the same agency and the agreements of purchase carried by private friends and clients of this agency. About 8 years ago this agency became a limited liability company, principally for the purpose of furnishing homes to those who required to purchase on the easy-payment plan, and our business has grown year by year, until we now have so many applications for homes that we find it necessary to offer some thirty or forty thousand dollars' worth of value, and pay 7 per cent. per annum, regularly, dividends payable half-yearly. The present shareholders, who have been in our Company since its inception, would not sell their shares for \$100, because of the splendid security they offer. The Company desires to continue to be able to sell their properties on payments to bear interest at no greater rate to the purchasers than six per cent. per annum. Therefore, we can appeal to all classes of people who have money to invest who desire to see our working men with comfortable homes without being oppressed by high rates of interest, to assist us in this good work by securing some of our shares with a guaranteed dividend of six per cent. per annum, payable half-yearly. We also offer first-class industrial stocks, good dividend payers. For further information regarding the above securities, call at our office. STREET RAILWAY SITUATION

There are two sets of private interests after the Brantford street railway, one lot represented by Mr. W. F. Kellett, and the other involving the Cataract Power Company.

The enterprise evidently looks good to them or they wouldn't be after it, but that's their business.

As far as the people of Brantford are concerned the majority of feeling is most emphatically on behalf of municipal ownership, as evidenced in the municipal contest of January last.

This is a phase which the members of the city council should, and no doubt will, abundantly recognize when it comes to expressing the attitude and the desire of this community.

HOSPITAL MATTERS.

The Brantford General Hospital has just recorded by far the best year in its history. This is true with reference to every branch of its utilities, the number of patients treated, the amount of the receipts, the standard of its Superintendence and nursing staff and the activities of the Women's Hospital Aid Association, which also includes junior and children's branches.

The constantly growing list of the number of patients has not resulted in any sense from epidemic causes, but is owing to the increasing confidence of the people of the city and the County alike.

Other cities such as Winnipeg and Hamilton, are at present face to face with a serious lack of sufficient accommodation. Fortunately the Brantford Governors, many months ago anticipated that the growing demands made the provision of more room an absolute essential and plans were drawn up under which a Nurses' Home is now complete, and not long ago was formally opened, while other spacious buildings will be available just as soon as the inside work is finished.

Towards the absolutely necessary outlay the city voted \$85,000, the county \$15,000 and the Hospital Aid raised \$20,000 or \$120,000 in all. It is now found that this sum will not be sufficient and that a good deal more will have to be asked. This result has not been from any lack of care or supervision, not from extravagance. On the contrary, everything of a merely ornate nature has been rigidly excluded, and the structures throughout have been built with every possible simplicity consonant with efficiency.

Under the circumstances the rate-payers will have to be asked to vote the further amount needed and no doubt they will readily comply. The Governors invite every possible scrutiny and are anxious that by personal inspection citizens should satisfy themselves as to what has necessarily been done. A properly run and a properly equipped hospital is without the slightest shadow of any question, one of the prime essentials in connection with a community of this size and such an institution the residents of both City and County undoubtedly now possess.

BACKING UP WILSON.

It is gratifying to notice that the better class of United States papers are backing President Wilson in his fight to have the shipping of all nations receive exactly the same treatment in the matter of Panama Canal tolls.

Here is a sample editorial from the Buffalo Evening News:—"President Wilson is almost certain to have the great body of public opinion with him in his fight against free toll on the Panama canal. The exemption of ships under the American flag was excused on the plea that such ships were our ships, as if they really belonged to the United States, instead of belonging to a few ship owners.

but with his amiable spirit, allowed it to remain in the law, rather than to veto the bill and have it sent back to him in proper shape. Just as fast as the people find out that this exemption from tolls is another gift to a comparatively few owners of vessels, they will side with the President in his endeavor to have the users of the canal pay for it, all of them, foreign and domestic, on the same basis in accordance with the explicit terms of the treaty under which our government went ahead and built the canal.

Well spoken. The Suez Canal of which Great Britain is the chief shareholder, levies tolls according to tonnage no matter what flags the vessels carry and it would be a deep reflection upon the good name and the faith of Uncle Sam if a similar plan is not followed in connection with his great new waterway.

LABOR DISPUTES.

The Dominion Department of Labor has just issued a report on the strikes and lockouts in Canada from 1901 to 1912.

The figures show that during the period named the number has totalled 1,319 or a yearly average of 110. The time loss reached nearly nine million days representing an estimated wage loss of about \$1,000,000. On the same day basis the causes are given as follows:

Table with 2 columns: Cause, Days lost. Includes: For increased wages (2,321,400), Against reduction (386,231), For increase and shorter hours (535,440), Recognition of Union (1,491,903), Against employment of Non-unionists (174,625), For increased wages and other changes (1,085,118), Against discharge of employees (322,221), Sympathetic disputes (43,126), Unclassified (1,118,827), Total (8,888,381).

The figures for 1913 are not included in the above, but they are known. During the year just ended there were 113 industrial disputes. The number was considerably less than in the preceding year, but the number of employees involved 39,426, constituted only a fraction less. Time losses in 1913 were 1,287,67 days as compared with 1,099,208 in 1912. The year 1911 set the highest mark in this respect with a total of 2,046,650. It is noticeable in looking over the report that days lost last year were remarkably close to 1903, ten years ago, 1,226,500 thus making only 61,178 fewer days than in 1913.

It is recorded that the general trend of industrial disputes does not differ greatly as between one country and another and that in all civilized lands and under all conditions there is each year a considerable amount of unrest. In Great Britain for 1912 it is stated that the amazingly high figure of 40,000,000 days loss occurred, so that the conditions under Free Trade do not in any sense tend to mitigate friction between employer and employee—quite the reverse.

NOTES AND COMMENTS.

The mercury this winter has shown that it can loop the loop with the best of them.

When it comes to age, the street railway situation is just about ready to qualify with the Market Square difference.

If the illness of Hon. Mr. White, Finance Minister, continues much longer, it is said that Hon. George Foster will deliver the budget speech. Well, he knows how.

It is said that the hookworm originated in Africa. As to that, hooking in reality started as far back as the Garden of Eden, in connection with the forbidden fruit.

Two Toronto lads were sent to goal for pelting a sleighing party with snowballs. By the great horn spoon the morals of the Queen City must be preserved at all hazards.

A Toronto man swallowed a desert spoon and the doctors managed to relieve him of the article without dangerous consequences. Not all spooning ends that way.

A man in Pennsylvania aged 63 has just wedded his first love, aged 17. He says that he never before saw one of the fair sex who was worth while. Wonder what the women in his neighborhood think of that.

The first Titanic divorce case has just been announced in the States. When the couple were in that disaster, the man stepped into a boat, while women perished, so perhaps it would have been better had it taken place then.

MONDAY, FEBRUARY NINTH

The Hon. Arthur Boyer of Montreal, member of the Dominion Senate and a man who is deeply interested in art and agriculture, is celebrating his sixty-third birthday to-day. He was born and brought up in Montreal and when quite a young man was elected to the provincial legislature. The late Premier Mercer was impressed with his abilities and gave him a seat in his cabinet, though without portfolio. Later he was given charge of important missions for the Canadian government and five years ago was elevated to the Senate. At the time the former lieutenant-governor's term expired, Mr. Boyer was mentioned for the position.

CRITICISM.

We're all so quick to criticize, and show where things are wrong! If some one makes a batch of pies, or sings a soulful song, "the pies are pretty fierce," we say "the song is on the blink," it is our cheerful little way; its graceful—I don't think. The housewife works about a week to tidy up the flat; then hubby comes and starts to shriek: "Where have you hid my hat? The windows have been nicely washed, the rugs are bright and clean; around the kitchen wife has slobbered with soap and gasoline. The husband doesn't notice that, but glares upon his frau; he cannot find his darned old hat, and so kicks up a row. "You ought to have some system, Jane," he says, "you should, by jings; it always gives my legs a pain to hunt for missing things. When mother lived," so he declares, and talks for forty miles, and Jane sits on the cellar stairs and weeps in thirteen styles. Why not improve our carping ways, and cause less sighs and tears? Why not look round for things to praise, say once in seven years? WALT MASON.

Gas Wrecks Houses

Three tenement houses in Holmes Street, Hull, were badly damaged on Monday by an explosion of gas. A woman named Hill was buried to the knees in bricks and had a leg broken. A baby she was nursing at the time had a narrow escape from being crushed to death. A chair was blown legs first into the ceiling.

Passengers in Peril

A heavy motor-omnibus belonging to the Gateshead and District Tramway and Motor Company nearly fell over the Derwent bridge at Swalwell, a village near Newcastle on Friday. Skidding, the vehicle crashed into the stonework of the bridge, and with its front end half-way over the parapet it fortunately retained its balance in that position. Had it slipped a foot further it must have fallen into the river thirty feet below.

There were only four passengers in the bus at the time and they were uninjured. The driver, Peter Borgnall, of Gateshead, stuck to the wheel and it was some time before he could be removed from his perilous position.

In Favor of Sunday Closing

An unofficial poll of the voters of Bootle has been taken on the question of Sunday public-house closing, and the figures are: For 8,412; against, 1,035; neutral, 275.

HAS BEEN AN UNTOLD BENEFIT

NEW BRUNSWICK WOMAN PRAISES DODD'S KIDNEY PILLS.

She Suffered for Four Years, and the Doctor Could Not Help Her, But Dodd's Kidney Pills Gave Her a New Lease of Life. PORTON, CARLETON, Co., N.B., Feb. 6.—(Special)—"I find Dodd's Kidney Pills the best kidney medicine I have ever used. They have been of untold benefit to me."

The speaker is Mrs. John S. Dickinson of this place. She is enthusiastic in her praises of the great Canadian kidney remedy, and not without reason. "I suffered from kidney trouble that started in a cold," she continues, "and for four years I was never free of it. I was treated by a doctor, but he did not seem to be able to do me much good."

"I had rheumatism and neuralgia, and my joints were stiff; my muscles cramped, and I was always tired and nervous. I perspired freely with the slightest exertion. I was depressed and low spirited; my limbs swelled, and I had a dragging sensation across the loins."

"Nine boxes of Dodd's Kidney Pills made a new woman of me." Are not Mrs. Dickinson's symptoms those of any run-down, worn-out woman? They are also the symptoms of kidney disease. Dodd's Kidney Pills give new life to run-down women by curing their kidneys.

NEW BRANT THEATRE COZY AND HOMELIKE

Fully Equipped With all the Latest Appliances of the Theatre World.

A long felt want has been filled with the opening of Brantford's latest theatre, "The Brant," it being undoubtedly the most beautiful and modernly equipped play house in Western Ontario. The owners have spared no expense in making sure of their patrons' comfort, and the moment you step inside the inner doors you cannot help but admire the beauty and coziness of the entire surroundings, which immediately give you that comfortable sensation of feeling "at home."

The heating and ventilating system that has been installed is the finest made, and is only to be found in the best of theatres. The Royal Alexandra, Toronto, and the "Theatre" Hamilton, having the same system, by which the management guarantees to be able to keep the theatre 75 degrees higher than the street on the coldest day in winter and 25 degrees cooler on the hottest day in summer. One of the greatest benefits of the system is an entire change of air in the theatre in three minutes.

The seating plan has been well looked after, comfortable opera chairs of beautiful design being fitted throughout; 24 boxes, six upper and six lower on each side, adorn the front of the house, and a well lighted balcony with 500 seats is at the rear. There is not a seat in the entire theatre that is not in view of every part of the stage opening and no posts or obstructions of any description can possibly obstruct the views of any person. High class vaudeville and pictures will be the programme with a complete change on Monday and Thursday, and under the management of Ernie Moulie, the success of the Brant is assured.

KINDLY REFERENCE TO REV. J. C. POTTS

Curate of Grace Church Leaves for Clinton Next Week.

At Grace Church yesterday morning, the rector, Archdeacon Mackenzie, in referring to the fact that the curate, the Rev. Mr. Potts, would preach his farewell sermon in Grace Church next Sunday evening, took occasion to pay a glowing tribute to his assistant, who has been appointed rector at Clinton. He had been a most faithful worker in the parish. His devotion to the work and his indefatigable attention, especially to the poor of the congregation, had endeared him to all. His work in the A. Y. P. A. had also borne excellent fruit. He would be very much missed by himself and Grace Church parishioners generally. The Rev. Father-Smyth, Mr. Potts' successor, will not come to Grace Church until June, but the Archdeacon stated he had made arrangements for a number of able preachers to assist him in occupying the pulpit between now and then.

The introduction of parcels post in this city will be watched with interest by the mercantile interests and the public in general. The postal authorities regarded it as only the initial step in a big undertaking, and one which will be enlarged upon from time to time as occasion demands.

Invited to Stay Another Year

Sydenham Church People Like the Rev. A. I. Snyder.

At the meeting of the quarterly board of Sydenham St. Methodist church on Friday evening the following resolution was unanimously adopted: "That this board highly appreciates the services of the Rev. A. I. Snyder as pastor of Sydenham St. church during the past two years and hereby extend to him a cordial invitation to remain as minister to our people, and we pray that the coming conference year may be one of blessing and prosperity to pastor and people.

"And we also are delighted to learn that Mrs. Snyder, wife of our beloved pastor is being restored to health, after a long and severe illness and trust she will continue to improve and be restored to her former health and strength." Considerable business was transacted of a routine nature, and reports read and considered. It was decided to improve the lighting of the church, this to be completed by Sunday, Jan. 22nd, which will be observed as "Everybody at Church Day," for which a canvass of the neighborhood will be made. Sunday the 15th will be observed as Gideon Day, when members of the Christian Commercial Travelers Association will fill the pulpit both morning and evening. General Gordon Anniversary By the King's command the usual anniversary sermon on the death of General Gordon was preached at Sandringham Church on Sunday by the Rev. J. E. Watts-Ditchfield, M. A., vicar of St. James-the-Less, Bethel Green. The offertory at the close of the service, which amounted to £147 10s., was given to the Gordon Boys' Home.

Wires of Alarm System Rotten and Worn Out

Fire Chief D. J. Lewis will submit this annual report to the City Council to-night with "recommendations for the improvement of the service. The losses this year have been heavier than usual although it is generally regarded that the department was never in a more efficient state. The building of a fire hall on Terrace Hill will be recommended by the chief as being more economical and more adequate than a fire motor truck. One feature of the local system the chief says will have to be improved that is the wiring for the alarms. The present wires have been in use 22 years, while the life of same are ten years. As a result defects are being discovered with frequency, and the system must be over-hauled at a big expenditure. Outside of the new fire hall and alarm system, which must be supplemented by more boxes, the fire department this year will cost the city about the same.

WEEKLY REVIEW OF OLD COUNTRY SOCCER

(By George Aitken.) The results in the English first division were all very much as expected and the only outstanding catch of any particular note is that in which Newcastle beat Bolton W. by 4-3. Sunderland went down to defeat when Sheffield United got in ahead of them by 1-0. Manchester United got stung by the Hotspurs to the tune of 2-1. Everton still continues to pile up the losses and on Saturday another was added to their fast growing list. This time Middlesboro was responsible. Aston Villa had no trouble in taking the points from West Bromwich and Burnley scored over Oldham. Manchester City just got ahead of Bradford by an odd goal and the same may be said of Sheffield Wed. Blackburn Rovers and Derby County put up a good game with the Rovers coming out on top. Second Division. Leicester Fosse made the record score of the day when they netted five goals to Leeds solitary one. In this division there were no less than four tied games out of a total of ten. Blackpool are going a little faster these days and this time they came off best with a 2-0 victory over the Lincoln boys. Bradford were good for their win over Glossop. Southern League. All the scores in this division were confined to small one goal victories and no team scored more than two while most of them were lucky to get the odd one. It is curious that Queen's Park Rangers could not find the net against Southend, and even at that it was on the Queen's grounds. Scottish League. For most extraordinary surprises the Scottish League certainly takes first prize. Never for a long time have there been such big scores and surprising results in a cup round as there were on Saturday. The report that Arthurie cleaned up Queen's Park by 9-1, is astounding and can hardly be accounted for. Then again, curiously enough Patrick Thistle could just win by one goal at Nithsdale. Broxburn certainly did make a good job when they beat Dumfries by 5-1. Rangers made sure of their game by putting Alloa Athletic away, and Kilmarnock did the same with Hamilton. Raith Rovers disposed of Hearts. This is certainly something like good play. Leith did very well indeed to draw with Motherwell.

City News Items.

London ants Cost. London authorities have asked the cost of lock joint pipe which is manufactured in this city.

Ice Harvest. The severe weather of the past few days has given another boost to ice harvesting, and teamsters were busy again to-day figuring on contracts.

Fire Year. The annual report of the Standard Bank just issued is a splendid one. The bank made a profit of 21.16 per cent, which is a record for Canadian Banks.

New Men On. One hundred new men went on civic work this morning, having been notified Thursday, that jobs would be open for them. They were all on deck with few exceptions.

Worked on Sunday. One of the features of the new Brant Theatre is an eight piece orchestra, and yesterday the musicians tried out the acoustic properties of the house, playing sacred music of course. An examination of the building has been made by Chief Lewis, and he declares it fire proof, with sufficient exits for all purposes.

Police Court. Crime appears to be diminishing as the mercury goes down. It is certainly to be noticed that cold weather makes the magistrate's task in dealing with disorderlies lighter. This morning there were only four drunks on and the no crime of any seriousness had been committed. The drunks were dealt with leniently.

Fraternal Visit. The officers and members of Phoenix Lodge, Knights of Pythias, of Berlin, will pay a fraternal visit to their brother Knights of Calanthe Lodge on the evening of the last Wednesday of this month. The local K. P.'s are making arrangements to give their German brethren a right royal welcome and a jolly good time.

Dufferin's Defeated. At Hamilton Saturday evening in the Officers' League, interesting games of indoor baseball were played in the armories between the 13th Regiment and the 38th of Brantford, and the 81st, Regiment and Army Medical Corps. In the former game the 13th won by a score of 19 to 6, and in the latter the 91st officers captured the honors by a score of 12 to 10.

Addressed Class. A very instructive and interesting address was given to the Young Men's Bible Class by Mr. Henry Veigh at the Y.M.C.A. on Saturday night. He spoke upon the value of Bible study and advised united and concentrated effort for the promotion of God's work. Refreshment for the mind and also for the body, repaid the young men present for their attendance and attention.

Paid His Fine. James Syke, a local man whose mind has become somewhat unbalanced, but whose disposition is harmless, was brought from Paris to the city on Saturday. Relatives paid a \$5 fine and Sykes was liberated from jail Sunday. The case is an unfortunate one. Sykes was handcuffed and Saturday and those who witnessed the spectacle were impressed with the fact that the Paris constabulary might arrange for the Brantford patrol on future visits.

City League Game To-night. The City League match to-night at Alfred Street Rink between the Eagle Plover Stars and the West Ends ought to be a hummer. The West Ends are the only team they have played which has not been placed yet. Manager Woolams of the Stars hopes to pull out a victory, as he thinks he has a good team gathered together. If the Stars win to-night they will be tied with the Bankers and West Ends for the leadership of the League, as each have won one game, while the Alexandras have lost two.

The "Lifers" Won. The Life Club opposed the Saturday Night Club in a game of basketball at the Y.M.C.A. on Saturday, and the Life Club won a peculiar game by the score of 57 to 38. During the first half the Saturday Night team had it all over their opponents, and made rings around them to the extent of 31 to 5. For the second half the Life Club were substituted, with the stronger men substituted, and the result that the Saturday Nighters had not a look in, and after making their rivals look foolish the Life Savers ran out, having scored 52 to the Night men's 7, final score being: Life Club 57, Saturday Night Club 38. Instructor G. H. Roper said the variation in the score was due to the fact that the Life Club had a bunch of novices doing the duty for the first half, and when the second period began their full strength was available. This is the first of a series of interesting games which will take place at the Y.M.C.A. gymnasium.

Forty-two Years Late. A Brighouse resident, whose mother died forty-two years ago, has just received a communication from the Halifax Poor Law authorities stating that he must contribute towards his mother's maintenance or take the consequences.

CONSERVATES AT SPLENDID MEETING

Brantford and Onondaga Stalwarts Met on Saturday. A most enthusiastic meeting of the Conservates of Brantford and Onondaga Townships in the Riding of North Brant, took place in the Borden club rooms on Saturday afternoon. There was a very big attendance, so large in fact, that the assembly looked like a convention.

Mr. Geo. Simpson occupied the chair and speeches were made by himself, Mr. J. Westbrook, M.P.P., E. W. P. Jones, M. F. Muir and Mr. R. Sanderson. The election of chairmen resulted as follows: Onondaga Township, Division 1, Geo. Simpson; Div. 2, W. A. Douglas. Brantford Township, Chairman of Township—Two were nominated, Mr. E. W. P. Jones and Mr. R. Sanderson. The former retired and Mr. Sanderson was elected by acclamation. Div. 7, T. Carlyle; division 8, E. Bland; division 9, E. W. P. Jones; division 10, H. Williams; division 11, A. Robertson; division 12, A. Alexander; division 13, C. Gress; division 14, R. Devereaux; division 15, F. Cook; division 16, J. H. Day.

Proceedings closed with cheers for the King, Sir James Whitney and Mr. Westbrook. The enthusiasm throughout was most marked.
