Mrs. Cecil Bishop of Annapolis was in town a week ago.

KENTVILLE

Another caspud of recruits from New York arrived at Aldershot last week.

Mrs. David Smith has been at Sackville visiting her son M. H. Smith.

Major F. A. Lydiard's name is on the list of visitors on the Agent General at his London Office.

Mr. R. T. Caldwell was in Halifax on Wednesday.

Mr. Albert Churchill of Yarmouth Co was at Kentville last week obtaining medical advice.

Miss Rose Masters of Boston is expected at Kentville today to spend her holidays with her relatives in town.

WANTED to purchase a small farm Close to Kentville. Address this Office. sw 3 ins.

Kenneth Barkhouse of Westport who has been under treatment at the N. S. Sanatorium has gone to Middleton and to his home in Westport to visit relatives. He has improved much in health while here and hopes to return for a permanent cure.

FOR SALE—A good second hand Whitney Baby Carriage. Apply to W. Holkway, River Street. 10-a

Mr. George E. Graham, general manager of the D. A. Railway, Kentville, Frank G. J. Comeau, general freight agent, Halifax, and Capt. J. Ernest Kinney, marine superintendent of the B. & N. S. Co were among the passengers by steamer Prince Arthur on Tuesday evening.

Will all persons having bills against the Kentville Branch of Red Cross Society, forward them to Mrs. A. E. Calkin at once and they will be paid. This must be done before we are able to determine the net result of the fair and a statement made for publication. A. S. CALKIN, Secty. and Treas.

Mrs. A. H. Morash and daughter Phyllis, left on Saturday for Lunenburg to visit Mr. and Mrs. Joseph Morash.

Master Bernard Tobin accompanied by his sister, Miss Mary, are enjoying a pleasant vacation in Halifax, guests of Mr. and Mrs. D. T. Lynagh.

A picnic to Kingsport will be held on Wednesday (to-morrow) the tide serving right for fine bathing at the beach. A special train will leave Kentville at 9.30 o'clock, calling at Aldershot, and excursionists will return on the train leaving Kingsport at 6.10 p. m. The Band of the 246th, Batt. will attend and furnish music. Anyone desiring a full day of pleasure at the beach, excellent music, etc., should bring a well filled basket and attend. Return fares, adults 55 cents; children 30c.

A Memorial Service will be held in St. Paul's Church on Sunday evening next. Three members of this Church have fallen — Capt. John K. Swanson, Pte. Vernon A. Grierson, and Pte. Robert A. Muir. The following have been wounded— Lieut. Geo. A. Young, Pts. Henry and Leslie Harper, and Private Harris Mossman is reported missing. It was one of the last requests of Capt. Swanson that, should he not return, no memorial service should be held for him. But it is thought fitting that a public service should be held in memory of the other two members, and the congregation will assemble to honor them, although they cannot forget their comrades in arms.

THIS WEEK AT THE NICKLET

Tonight—Cleo Ridgely and Wallace Reid in "The Yellow Pawn," a stirring drama which relentlessly exposes the merciless methods of the "Third Degree," combined with a sweet and tender love story.

Wednesday and Thursday—Charlie Chaplin comedy and other features.

Friday and Saturday—Pauline Frederick, the great emotional actress, supported by the Thomas Meighan and notable cast in "The Slave Market," a thrilling romance — of the Spanish Main.

RETURN OF KENTVILLE'S WAR HEROES

On Friday evening the Citizens Band and others were at Kentville Station to give a hearty welcome to our noble representatives from the town who have distinguished themselves in the present world's war. Great was the disappointment when no returned officers arrived.

However on Saturday evening without any previous knowledge of the time of arrival Major Barry W. Roscoe, D.S. O. and Capt. Fred W. Wickwire stepped from the train and received a most hearty welcome from the few who happened to be present. They immediately went to their homes where their presence had long been denied their families and relatives while they were fighting the battles of the Empire and bringing honor and renown to themselves and their native country.

Capt. Wickwire had been expected home for some time as he had developed pneumonia through hard work and exposure and had been granted leave of absence for a time to recover his impaired health. He has done valiant service with the Army Service Corps since early in the war and has been mentioned in despatches for his excellent careful and efficient work, considerable of the time in dangerous positions. Everyone here will wish him a speedy recovery of his health and a full enjoyment of all the time his leave of absence will permit.

Major Roscoe returns to be honored and congratulated on the recognition which he has won from the highest military authorities. In the war he did his best as he has ever done in whatever he undertook. At school and at college he excelled winning at the latter the Governor-General's Medal, at Dalhousie Law School and at Harvard he made exceptional records and his friends knew that he would make good when he left for Europe. But to win

a Distinguished Service Order, where many millions of men were engaged in warfare and magnificent deeds of valor were being performed every day and every hour was more than the most optimistic of his friends could expect. Yet by continued brilliant work he won that recognition and membership in the order bears the signature of King George himself. Both Major Roscoe and Capt. Wickwire are looking well after their long service, trying work at the front and experience in the hospital on account of sickness of the latter and the former being twice wounded.

Mr. and Mrs. Arthur Turner announce the engagement of their daughter Lillian Edith to Henry Adelbert Bishop of New Minas. The marriage to take place in August.

Miss M. Eason of St. John is the guest of Mr. Richard A. Masters.

Mrs. A. W. West returned from Halifax on Thursday last, being carefully conveyed on a stretcher. Since her return she has been gradually improving.

Mrs. Dr. Patton and family of Boston accompanied by her nephew, Mr. Thomas Fuller arrived in Kentville a week ago and Mrs. Patten is occupying her residence here with her father and mother Mr. Fuller has accepted a position in the D. A. R. office for the summer.

The Red Cross Bazaar completed its work with two full days of effort and closed with an auction of several of the articles left over. It was a grand success in every way and in a subsequent issue a full financial statement will be given. In an write-up of all the booths in last issue we overlooked mentioned the work done by the balloon girls. Robed in their attractive and striking apparel they readily disposed of a large quantity of balloons and added considerable to the profits as well as the success of the bazaar.

HEAVY AIR FIGHTING

German Attack on French Falls.

LONDON July 19—Summarizing the military events of the past week, Major General F. B. Maurice, chief director of military operations at the War Office, said today to the Associated Press:

"The British front has been noteworthy for the fact that it has seen the heaviest air fighting in the history of the war, with the losses severest on the German side and the results generally favorable to the British. On land there was only minor fighting without material change.

German Attacks Fall

"On the French front, the Germans still are carrying on their policy of using picked troops for local operations, aimed at exhausting and paralyzing the French. The result has been nil, and the policy is a confession that the Germans are incapable of attempting any really great effort.

"On the Russian front, bad weather and floods have necessitated the drawing back of some advanced posts without important change.

British Fought Gallantly.

Supplementing his talk on the military operations, General Maurice remarked:

"I am told that in the United States the ordinary men has got a general impression that when any really stiff fighting job is to be done the Englishman calls on the Australian, Canadian or Scotsman to take the van. This idea is being carefully fostered by the Germans with the foolish idea of spreading some dissension or dissatisfaction between the branches of the Anglo-Saxon race, and they soon will be trying the same propaganda to push a wedge between Great Britain and the United States.

"As a matter of fact, the greatest part of the fighting since the war began has naturally fallen on the English troops, they are the largest part of the army and have borne the brunt of the fighting.

"The casualty lists shows that the English regiments have just as gallantly and bravely and have lost as heavily as any regiment in the Imperial army."

Miss M. Eason, of St. John, is spending a few weeks in town, guest of Mrs. R. M. Masters.

BIGGER, BRIGHTER, BETTER AND BUSIER THAN EVER

The Provincial Exhibition opens in Halifax September 12th, and will continue until September 20th. With the exception of the Fair at Charlottetown, it will be the only Exhibition in the Maritime Provinces this Fall, and Manager Hall is right now bending every effort to make it a Maritime Show that will be worthy of the Provinces it will represent. He recently returned from a tour of the larger shows of the United States, and has contracted for the best that money and careful selection can provide.

There promises to be a swing and gladsome frolic and novelty to the Midway this year that will leave all previous shows far in the rear. With the entrance of the United States into the War, transportation difficulties have become almost unsurmountable, but Manager Hall is laying his plans like a wise general, and he promises to hitch in the bringing of a banner Midway Show. Absolutely no get-rich-quick schemes will be tolerated.

Live stock enthusiasts are going to have the biggest competition ever furnished by the Big Show. Just to make things doubly interesting, the management has increased the prize list in this Department a cool twenty per cent. The best financiers all over the Province are grooming their pets for the judging. Interest has never been so keen and never have live stock enthusiasts been so eager to match their best against their competitors. It will be one of the biggest features of the Show.

And the racing, too, promises to be the most exciting yet according to the experts. Astonishing reports are coming in of the times being made in training and indications are that it will be a gala burst of speed from September 12th to 20th.

Bigger, better, brighter, and busier than ever is the promise of the Big Show of 1917.

J. Edward Hall, the alleged forger has been brought from Boston to Halifax, where he will be tried, the specific charge being the forging of bogus cheques.

A mushroom weighing three-quarters of a pound and measuring over nine inches in diameter was picked by Miss Madge Crowell near Windsor, a few days ago.

The Manufacturers Life Insurance Coy.

Save Money for Total Abstainers

The figures in the following table, show what percentage the actual cost of insurance has been of the expected cost during the last few years in the two classes of insurers in this Company in Canada.

	1911	1910	1909	1908	1907	1906
Abstainers Sec.	44.87 pc	32.30 pc	34.65 pc	38.22 pc	39.00 pc	35.93 pc
General Sec.	79.59 pc	51.28 pc	15.11 pc	82.11 pc	72.75 pc	60.64 pc

This is no matter of theory, but a proved fact. Total Abstainers make an actual saving in dollars and cents by placing the life insurance with us.

TO MANUFACTURE A POWERFUL IMPLEMENT OF WAR

One Thousand Workman Asked to Enter a Plant and Remain Imprisoned for Ten Months. Said to be an Edison Invention.

NEW YORK, July 13 -- A special to the World from Pittsburgh, says the Westinghouse interests here are seeking one thousand men, who are willing to sign an agreement to enter a new plant to be built for the manufacture of war munitions by a secret process and remain imprisoned for ten months, all communication with the outside world to be shut off.

Men who have been approached were told that the plant will manufacture a powerful implement of war and the secret must be guarded until the government sees fit to make the details public. Only those workmen and officials who would be engaged in the production of the new weapon will know its character and the details of manufacture.

Recreation and entertainment of every possible sort will be furnished the isolated employees. Pays double that they now get is guaranteed, and bonuses will be paid for high production. Only picked men, whose Americanism is unquestioned, and whose skill in their respective vocations is of the highest, will be employed.

Officials of the Westinghouse interests today refused to talk. An artisan of high standing, who was approached by the Westinghouse agents, said he had received an intimation that the new plant would turn out in large quantities one of the late inventions of Thos. A. Edison.

A line of fifty pounds, imposed on a man who fed bread to his pigs and a fine of twenty pounds imposed on a woman bakery manager who permitted twelve loaves of bread to be wasted are striking evidences that Great Britain is deadly in earnest about food conservation and waste. Every Canadian should assist to the utmost by using foods that cannot be exported. A little study of the family menu will show both rich and poor ways in which the nation can be helped to solve its most difficult war problem.

THE HOUSE OF WINDSOR

King George is of the House of Saxe of the Royal House and Family.... LONDON, July 17—King George today at a meeting of the Privy Council announced the new name of the Royal House and Family to be "The House of Windsor." The privy council at which the King announced the change was held at St. James Palace. It was the most important and largest attended since the coronation. The attendance included Premier Lloyd George, Foreign Secretary Balfour and other members of the Cabinet, the Archbishop of Canterbury, former Premierial Government who are now in London. The Privy Council unanimously endorsed King George's announcement and the proclamation putting it into effect was published this afternoon.

A GENERAL ELECTION

There seems little doubt that Canada will have a general election this autumn. The union government proposal did not meet favor from the liberals, and Hon. Geo. Graham moved an amendment to the proposal which was little other than a resolution of lack of confidence in the present government. Graham was one of the Compulsory Service liberals who had been in active negotiation with the government for a union government. The resolution for extension was won by the government with a majority of 20, six liberals breaking away from Laurier and voting with the conservatives, but Sir Robert Borden has declared that he will not press it; instead, that he will appeal to the people, and there seems now no course but an election within the next three months.

THE FEELING IN QUEBEC

Men who have recently been through the Province of Quebec report that the feeling against the Military Service Bill is not so strong as is reported by members from that Province. One gentleman attributes all the agitation to the members of Parliament. Liberal and Nationalist members are vying with each other in provoking opposition of the measure. The people of Quebec do not like the measure but if there is any resistance to its enforcement the blame will attach to the Liberal and Nationalist leaders, and prominent among them is the former Conservative leader in Quebec The French are an united family.

AVOID WASTE

The world war has taken so many producers from the sources of food supply that the world's consumption of food is greater than the amount available, and consequently, food reserves are being rapidly depleted. Millions of men are actively engaged in warfare and in the supply of munitions and equipment. They are fighting our battles and we must provide their food. Canada will produce all the food we can consume, but Canadians have never been known as a selfish race. Our allies, therefore, are depending upon us to help and our people will unquestionably respond with generous hands.

The time for planting for 1917 is past, but the time of harvest is yet to come. There is very often much waste at this time, due, in many instances, to the lack of a demand at market prices. Fruit, especially, supplies much of this waste, and yet, while this waste is taking place, many families are compelled to go without it for lack of means to pay the market prices. Local organizations could easily arrange to bring the consumers in touch with this surplus fruit that it might not be wasted. The use of such perishable food, which would otherwise be wasted, will help to increase the supply of exportable food.

There is also much waste in the kitchens and dining rooms of Canadian homes. The waste in bread alone is a considerable item. Bread has been looked upon of the cheaper staple foods and little care has been taken to prevent its waste by drying up, the discarding of crusts, etc. A little thought will show what this waste amounts to when the cumulative result throughout Canada is considered.

Sir Robert Borden has said that Canada is in the war "to the last man and the last dollar." Canada is also in the war to the last pound of food. Canadians are their brothers' keepers, and will feed them, cost what it may. It is necessary, therefore, that we practise economy of the food supply. It is better to deny ourselves from choice than from necessity. There is no denying that there will be food shortage and the present is the time to put into practice thrift and rigid economy in the use of food.

EX-LT. GOVERNOR TWEEDIE DEAD

St. JOHN, July 16—Ex-Governor L. J. Tweedie died last night. He was born at Chatham, N. B., in 1849, and was appointed lieutenant-governor of New Brunswick in 1907.

WHO STANDS FOR SCOTLAND'S RIGHTS?

A Call to Scots Overseas

When Europe is drenched in blood to assert the rights of small nations, and to secure their people's protection from the menace of autocratic militarism, Scotland has surely a right to be heard touching her needs. Her sons have freely shed their blood in all parts of the world where right joined issue with the wrong. While thus they fought and bled and died that others should be free, they bore with wondrous patience the grievous wrongs so long endured in their own bonnie land Long, long have Scotsmen waited for the time when simple justice, if not gratitude, would bring from Anglo-Saxon rule some recognition of their nation's help in Britain's march to greatness. Yet years followed by and decades have to centuries stretched out, while Scotland's straths and glens to aliens' sport are given o'er. Her people from their homes were swept to find new refuge overseas. And still the Homeland bleeds.

Deserted straths, and villages now half their former size, fringe moors where deer and hare, with grouse and pheasants sacred to the magnate's sport, with streams well-stocked with salmon and fine Scottish trout but mock the half-starved cottar's gaze. He dare not touch these creatures of

his own Homeland, for English law to German counts and foreign magnates have them long assigned. If food they lack, the Highland lads and lasses to the aliens' homes must go to black their boots or carry round their well-filled game-bags, and take for that base service such pittance as the lords allow. Yes, this is Scotland now!

The Highland Land League, founded over a century ago on the Strath of Kidonan, Sutherland, is known to Scots the world over as the great fighting organization of the North whose numbers were ever prepared to suffer any personal inconvenience, or sore persecution that the people's right should be maintained. In recent years the League had slumbered somewhat, till to repose by the specious promises of English politicians! but the disillusionment has come! Scotland is littered with the broken promises of professed friends, and her people are awakening to the situation. The old Highland Land League has sprung to life again, and raising the slogan "Autonomy for Scotland," is attracting thousands to its ranks. Strong Divisions have been formed not only in Highland towns and villages, but in the great cities of Edinburgh, Glasgow and London. The democracy of Scotland realizes that if the country is to be saved from ruin it must again assume control of its own affairs. The Scottish Parliament must be re-opened, other large organizations in Scotland

are taking a hand in the campaign, and men and women are giving freely time and talents to the cause.

Scots abroad who would like to have a share in this movement for the land of their birth, are invited to co-operate with their means. Funds are essential for the campaign, and the bulk of the folks at home are so poor. It will need a big effort to lift Scotland out of the condition she has been allowed to get into; but if every Scot puts his back into it the thing will soon be done.

The kilted lads of the North are away with the lead towards the grand objective. The philabeg swings forward, the pipes are skirling, the heather's ablaze! The slogan roars "Who's for Scotland yet?" "Who follows?" "Who follows?" The offices of the Highland Land League Central Council are at the Bruce News Service Offices, 161a Strand, London. The honorary secretary and organizer is Mr. G. J. Bruce, and the League's Bankers are Lloyds Bank, Ltd., Strand, London.

By oppression's woes and pains,
By your sons in servile chains,
We will drain our dearest veins,
But they shall be free.
Lay the proud usurpers low!
Tyrants fall in every blow!
Liberty's in every blow!
Let us do or die!"

FOR SALE—Horse-Pick of two. Also Airdale puppies. Apply Brine at Col. Campbell's, Canning, sw 41

THE BIG ENTERPRISE AT EASTERN PASSAGE

Halifax, July 17—Few people realize how great an enterprise the Imperial Oil company are carrying on at the Eastern Passage. At the present time the superintendent, B. W. Ellsworth, who is in charge of construction, has 1,400 men at work. When the plant is complete and in operation it will require 352 or 400 hands all the time. The maximum capacity of the refinery will be 10,000 barrels daily. The plant will begin at 2 500 barrels.

The company is erecting houses, for its workmen, the present contract being for 27 residences.

Work is being rushed to the full extent of the forces available, but more labor still is wanted, Mr. Ellsworth says, and there is work there for anyone who can do it.

Social investigation shows that more than 5,000,000 women in the United States are compelled to earn their own living, that 90 per cent of widows in this country lack the comforts of home, and 32 per cent. the necessities of life; 85 per cent of men who die leave nothing, and 95 per cent of the remainder leave almost nothing.

Minard's Liniment Lumberman's Friend

The Studebaker Car A Safe Investment

STUDEBAKER cars are built in Studebaker factories at Walkerville, Ontario. They are built with full knowledge of Canadian roads and conditions throughout the Dominion. The men who build them are skillful, trained mechanics.

Their work is carefully supervised by the most expert engineers in the automobile industry.

The materials used are tested and proved in the great Studebaker laboratories.

Many materials have been developed by Studebaker solely for Studebaker purposes.

No car at any price uses higher grade steels than Studebaker.

Studebaker uses drop forgings instead of castings at every possible point—this insures lightness and great strength.

The Studebaker motor has been developed by four years' experience with the same basic design in the hands of thousands and thousands of owners in every part of the world. It is an evolution, not an experiment.

It is the most clean cut, accessible motor you ever saw.

Its valves are noiseless and do not require frequent lubrication. It is probably the most powerful motor ever used in a car of such light weight as the Studebaker car.

Its power is free flowing and flexible. Its response to the throttle is instant.

It is very economical in its consumption of gasoline.

The Studebaker electric system is simple, accessible, never failing. It is the best electric system that the highly

organized skill of Studebaker and Wagner engineers working in close harmony could devise.

All wiring is easy to get at—all wires are protected from grease and damp by flexible steel conduits.

No matter what the climate the Studebaker starter never fails.

It exerts a cranking torque equal to two hundred pounds. It always starts the motor.

Studebaker cars are big and roomy. The front seats are individual and form-fitting, adjustable forward and back to all leg lengths, the one next the driver is reversible—its occupant may face the tonneau if desired.

The tonneau seat is 48 inches wide—the ideal width for a five passenger car.

There are two auxiliary seats, arm chairs in fact, stored under the tonneau seat, enabling you to carry extra passengers in comfort if desired.

These chairs are standard in both FOUR and SIX cylinder touring models.

All Studebaker upholstery is of genuine, high-grade, hand buffed leather. Studebaker doors are wide opening—easy to enter or leave.

These are only a few of the qualities that make the Studebaker car the great value car of Canada today.

No other car at anywhere near the Studebaker price offers them all.

You owe it to yourself to let us prove in an actual demonstration the quality and value of the Studebaker car.

We are at your service at any time.

There will be no change in Studebaker models this year, but the increased cost of materials and labor may force Studebaker to make an advance in prices at any time without notice.

"Built in Studebaker Factories at Walkerville, Ont."

CANNING

Mrs. Cassie Brecken and Miss Eva Newcombe returned to Canard last week from Granville.

Mr. Harry Borden of Sheffield Mills, has been visiting in Annapolis Co.

Mrs. Wentworth Barnaby who has been spending three weeks at Steam Mill Village with Mrs. J. J. Sawyer is now with her sister Mrs. M. S. Eaton and will go to Kingsport this week to occupy a cottage there.

Mr. and Mrs. Leslie Macoun of Ottawa are visiting Mrs. Macoun's mother Lady Borden.

A most enjoyable and artistic concert was given in the Methodist Church on Friday evening July 13th. One third of the proceeds went towards the Red Cross fund.

The program was a fine one, given by Miss Jean MacDonald assisted by Miss Minnie Miller, Canning, Miss Evelyn Cogswell, Ottawa and Miss Anna MacDonald, Halifax, and was fully enjoyed by music lovers of this place.

Miss Davison of Rockingham who has been visiting at Mr. James Webster's returned home on Saturday.

Rev. Frederick Friggins and family are now occupying the Methodist parsonage. The former entered on his duties on Sunday morning, July 15th preaching to a full house.

Mrs. Charles Dickie who has been visiting her daughter, Mrs. Foulis, in Ottawa for some time, returned home on Thursday, accompanied by Mr. and Mrs. Foulis and little daughter.

The Baptist Sunday School picked up at Starr's Point on Wednesday.

Mr. and Mrs. L. F. Blenkhorn and family have gone to their summer bungalow at Paddy's Island.

Miss Millard of Liverpool, N. S., is visiting her sister Mrs. Arthur Harris.

Mrs. Avery spent the week end with relatives in Parrboro.

Misses Emma and Hope Crowell of Yarmouth were in town on Saturday on their way to visit their sister in Advocate.

The strawberry season is at its height and large quantities are being shipped daily.

Mr. and Mrs. Will Melvin and children are rusticated at Huston's Beach.

Mrs. Robinson of Aylesford was the guest of Mr. and Mrs. D. A. Weaver, Upper Percan on Saturday last.

On Saturday afternoon last the hospitable home of Mr. and Mrs. John Sandford was open to a party of young people from this vicinity and Medford. Six o'clock tea was served followed by vocal and instrumental music. The party dispersed at a late hour well pleased with their entertainment.

Mr. W. J. Melvin, wife and family, Canning, Mrs. A. C. Cox and family, Wolfville are spending a few weeks at Blomidon. Mr. Melvin is slowly recovering from his recent serious illness.

OBITUARY

Patrick Kennedy
The death took place in Kentville on Monday, July 16th, of Patrick Kennedy for a long time a resident of this town, aged about 63 years. He had been taken seriously ill on July 4th and lingered for two weeks confined to his bed at the Porter House where everything that could be done for him was done by Mr. J. Foster Harvey the proprietor.

The funeral service was held on July 18th conducted by Rev. Father Donahoe burial at St. Joseph's R. C. cemetery beside the remains of his father and mother. He was a native of the County Kerry, Ireland.

Fred C. Mulleney
Mr. F. C. Mulleney died very suddenly at Kentville on Thursday last at the residence of his brother, Dr. R. B. Mulleney, aged 41 years. He had been around the town as usual in the morning but complained of having lost his eyesight and was placed in bed and a diagnosis showed he was suffering from acute kidney trouble. His condition was not considered very serious until later in the afternoon, but nothing could be done to save his life and he died before evening.

Mr. Mulleney was a young man of exceptional ability and for a time conducted a society paper called "The Twentieth Century" at Kentville. He was a son of the late Dr. J. E. Mulleney, and leaves him surviving a brother Dr. R. B. Mulleney and a sister, Mrs. H. B. Webster. He spent

all his life here except about 10 years in the United States.

The funeral service was held from the residence of his brother on Saturday afternoon conducted by Rev. T. C. Mellor, burial at the Oaks cemetery. The floral offerings were many.

A memorial service for the late Private Harry St. Clair Power will be held at the home of his father, G. R. Power, Waterville, N. S., on Sunday July 29th, at 3.30 p. m.

OTTAWA LETTER

OTTAWA, July 20—The Military Service Bill is now through Committee of the Whole House, and will likely be up for third reading in the Commons on the 24th instant. Every clause was discussed in committee, and several of them were amended to meet the suggestions of members on both sides of the House. As finally passed in Committee Thursday night there were not many alterations; and having regard to the tremendous rumpus raised in the debate on second reading it is remarkable that when the Bill was settled clause by clause there was not much difference of opinion in the House. The clauses, practically all passed with unanimous vote.

On the third reading it is expected that amendments will be again moved by the irreconcilable opponents of compulsory service, so as to put themselves on record again at that stage. It will then go to the Senate where the debate will not be very long.

On Tuesday, Sir Robert Borden moved his resolution about the extension of the parliament term. Last year it will be remembered the extension until October, 1917, was passed without a dissenting voice in the Commons or Senate. Every person Liberal and Conservative wanted to win the war. But this year a change has come over Sir Borden's mind. He puts the war in the place of second importance.

When Sir Robert spoke on Tuesday he told the House that in his opinion the reasons for extending the term are stronger this year than they were in 1916. We have now twice as many men overseas, the war is just as uncertain, and the demands for united and energetic action are infinitely more compelling than were twelve months ago. But, he said, the government would not take one step about extending the term if parliament did not vote unanimously for extension. The government had no fear about going to the country, but at the same time he was convinced that general elections would paralyze our efforts at a most critical stage.

Sir Wilfrid did not at once speak, but left it to Mr. Graham to move an amendment about conscription of wealth—a resolution which plainly showed on its face that it was simply drawn up to serve as an election cry. Sir George Foster replied to Mr. Graham, and showed up the utter hollowness of the resolution. It did not suggest one practical means of applying a useful remedy; and Sir George completely spiked Mr. Graham's gun by telling him and the House that the government intend this session to impose an income tax.

All of the conscriptionist Liberals excepting Champagne and Clark voted for Graham's amendment.

Sir Wilfrid Laurier then made a stump speech—an opener of the campaign—against the extension in which he got down to the common level of electioneering. Among other things he talked about the Ross rifle, and sought to blame the Borden government for the implement that he brought to life, and in respect to which he poured out millions of dollars of public money.

Sir Sam Hughes did not let him off without heckling, and in the end Sir Wilfrid had to confess that the Ross rifle. All of his campaign attack went up in smoke when he made this acknowledgement, which will be found in Hansard page 3636:

"Sir Wilfrid Laurier—I said I believed the hon. gentleman was right. I believe the Ross rifle was the better of the two."
He still went on to try to fix the blame on Borden; but his clear and unequivocal confession of the good

quality of the Ross rifle, knocks to pieces teams of arguments which he and his followers heretofore put on Hansard.

Dr. Michael Clark, Red Deer—a win the war Liberal—delivered one of the most telling criticisms of Laurier's insincerity and double-faced action ever heard in parliament. It was unanswerable. He referred in biting language to the right about face which Sir Wilfrid is making; and challenged him to deny that his present attitude is not prompted by his desire for the sweets of office.

General elections, Dr. Clark pointed out, would paralyze Canada's war work not only in government administration, but in Patriotic Fund, Red Cross and other activities. There could not be effective and united work with the rancour of elections dividing the people into opposing camps.

Strange to say, Sir Wilfrid's stand was supported by all but five of the Conscriptionist Liberals. There will, therefore, be elections this year. The country will be rent from end to end. There will be discord and strife. Canada's duty in the war will be delayed; perhaps halted. Meantime the Germans will go on, and be encouraged by our dissensions.

German gold will find its way into Canada to help Laurier because Laurier is helping Germany. All of these conditions will be brought about so that Laurier may be given another chance to win the elections. Do not forget, when the election strife palsies our efforts to uphold the Canadian boys in the trenches, that Laurier is the man who brings that evil condition upon us and them; he is the man who puts party before country to gratify his lust for power.

DAYLIGHT SAVING NEXT YEAR.

In parliament on Wednesday last, Sir George Foster, in reply to Mr. Bolvin, who asked if the government intended to put the daylight saving into effect this year, stated that part of the season had passed. In the United States a similar bill had been adopted which would go into effect next year, and probably the view here would be that Canada should take action jointly with the United States.

The death of a 13 year old son of Mr. C. E. Pass Manager of the Carleton Hotel Halifax took place at Wilmot last week.

GENERAL NEWS

Rev. (Dr.) A. C. Borden and Mrs. Borden visited at Berwick on Tuesday.

Mrs. W. V. T. Young of Waterville has been visiting at Canada Creek of late.

Mrs. Mark Baily Shaw and her daughter Emily of Caledonia with Mrs. Seldon Sanford of Weston were visiting Mrs. Young at Waterville last week.

Mrs. Walter Beyclen of Berwick West went to Greenfield a week ago to visit Mrs. M. L. Croft.

Rev. A. J. Vincent pastor at Truro has tendered his resignation to Immanuel church, having received a call to the Baptist Church at Saskville.

Mr. Fred Jordan is engaged in placing the foundation for the new warehouse at Centreville.

In each of the 30 or more air raids made by Austria on Venice, that city had been prepared. The electrical microphones at the Venice observation station are said to have been able to detect the sound made by the planes as they left Trieste, 60 miles away.

All records for Bay of Fundy salmon fishing were broken on Thursday night by James McCavour, of Lorneville, N. B., a fishing village near St. John. McCavour, using six nets, landed 125 salmon in one night's fishing. Others from Lorneville had almost as much success. The salmon run in the Bay of Fundy is now heavier than for year.

Liverpool Advance: Willard Kempton, head of Yarmouth's teaching staff, is paying a few days visit with his father, Benjamin Kempton, Milton.

Both Kemptons, senior and junior, formerly resided in Wolfville.

The announcement is made of the engagement of Lieutenant Eric McNeill Grant, Thirteenth Canadian Battalion, B. E. F., eldest son of Lieutenant Governor MacCallum and Mrs. Grant, to Helen Elizabeth Stairs youngest daughter of the late George Stairs; also of Margaret Frances McNeill, daughter of Lieutenant-Governor McCallum and Mrs. Grant, to Lieutenant Arthur William La Touche Bisset, R. N., only son of the late Sir William Bisset, K. C. I. E. and Lady Bisset, Hill House, Stoke Poyers, Bucks, England.

Rev. Austin T. Kempton of Cambridge Mass came to Nova Scotia on Tuesday last and proceeded to Dartmouth to visit his parents Dr. S. B. and Mrs. Kempton. He has but a short vacation and in his return will visit friends at Wolfville and at Canard where he lived as a boy. Mr. Kempton has been very successful of late years by presenting a series of dramatic sermons which draws large audiences to his own church and he is unable to fill the many requests to deliver those sermons elsewhere.

New York Maritime Register: While the United States coastwise laws have not been suspended, arrangements have been made under which Canadian vessels may trade between American ports. This is a war measure. The plan, which will increase lake vessels capacity on the American side, probably will be in operation the rest of the season. It is figured 12 or 13 Canadian vessels can be placed in American coastwise trade part of the season, but boats of that class have some contracts and will carry grain as soon as the fall movement starts at the Canadian head of the lakes.

The Post Office Department is issuing a post-card in commemoration of the 50th anniversary of Confederation. The card used is the ordinary post-card, with an inset containing information of the various provinces existing in 1867 and now, and also statistical information in regard to the area, population, general development and industry of the country since 1867. The information supplied is of a most interesting character, and illustrates the rapid growth of Canada in a marked way. The department has also in contemplation the issuing of a commemorative 3-cent stamp, to consist of an engraved reproduction of Harris painting of "Father of Confederation." This stamp is now in course of preparation and is expected to be issued on or about the first of August next.

GLEE CLUB REUNION
Everyone who had any connection with the Cambridge Glee Club is urgently requested to be at Cambridge Hall Friday, July 27th at 8 o'clock, p.m. A picnic supper is to be eaten on the grounds and a program of old-time songs and readings will be given in the evening. A sale of ice cream in the interest of the Red Cross is planned for about 6.30. Any one who would care to hear the program in the evening will be welcome.

WOLFVILLE

C. L. Newman of Halifax is spending his summer vacation here.

Lieut. Col. N. H. Parsons was a recent caller at the Agent General's office in London, Eng.

Mr. Herbert Stairs was in Halifax last week.

Misses Nellie and Marguerite DeWitt have been at Aberdeen Beach guest of Mrs. S. C. Dimock at her cottage.

Mrs. P. B. Kirkpatrick, Mr. and Mrs. Owen Banks and family of Nicholsville motored to Evangeline Beach recently and visited with Mr. and Mrs. Fred Palmer.

J. W. Williams formerly jeweler of this town is reported as seriously wounded.

Rev. M. S. Richardson has accepted a call to the Bridgetown Baptist Church.

Mr. Delancey P. Harris has contributed one thousand dollars to the work as the Annapolis Royal Red Cross Society.

Mrs. A. A. McNeill of Millville was in Wolfville a week ago visiting Mrs. Frank Bartheaux.

Rev. Mr. Maitland of Wolfville has accepted a call to the North Temple Church. He arrived Saturday with Mrs. Maitland and children to take up their residence in the parsonage. We extend to them a hearty welcome.—Yarmouth Light.

Dr. Everett W. Sawyer, who has been absent from Kings Co., for many years in Summerland, B. C., is visiting his friends and is stopping with Dr. Henry Chipman at Grand Pre. Dr. Sawyer is one of our ablest educationists and is to soon take up work again as professor at Woodstock, Ont. He is one of our noblest type of men and before leaving Kings Co. came within a very few votes of being elected to the House of Assembly as an independent reform candidate.

Dr. Holbin president of Princeton University has been visiting in Wolfville accompanied by his wife.

Mrs. Garfield White and family are guests in town, from Sussex, N. B. Mrs. Rachel Atwell has been visiting friends at Black River.

The new organ in the Presbyterian Church is now in use and is a splendid instrument.

Mr. and Mrs. J. Lorin Franklyn have returned home after an extended visit in the west.

Mrs. Grant, wife of Lieut Governor Grant, and Miss Grant have been guests at Acadia Villa the past week.

Mrs. W. S. Pineo of Middleton has been visiting her sister Mrs. L. E. Duncanson and other friends and relatives here.

Miss Gladys Elderkin, who is training as a nurse in Massachusetts is spending her vacation at her home.

Mrs. LaFlamme of New York and Miss Irene La Flamme are spending the summer with Mrs. George Fitch mother of the former.

Mrs. Hunt, wife of Dr. Hunt, Halifax is spending the summer in town.

Mr. J. A. Gates Mrs. Gates and daughter Gretchen came to Wolfville in an auto last week and went through Cornwallis to the Look Off.

Miss Wisdom of Halifax and Mr. W. Kinney of Clarks Harbor, manager of the Royal Bank branch were visiting Mrs. Kenney last week.

Mr. and Mrs. Charles Lockwood, Port Williams, have received official notice that their son Private Albert E. Lockwood of the 112th Battalion has been wounded — gunshot wound in head, etc. Particulars later.

Rev. W. R. Turner and Mrs. Turner of Middleton are spending their vacation at Port Williams and are calling on friends in the vicinity.

Rev. H. F. Adams, who was pastor of the Zion Baptist church, Parade street, several years ago, and who is now residing in New London, Conn., arrived in Yarmouth yesterday morning and proceeded for Wolfville to spend a few days. He will also visit other parts of the Province. Yarmouth Telegram.

Miss Lillian Taylor has been at Halifax visiting for a fortnight, returned home.

The concert on Friday evening was largely attended and the music of the 246th Band much appreciated.

Mrs. L. C. Hutchinson, who has been visiting her son Wallace I Hutchinson in Denver, has returned to Wolfville. She was for many years the efficient operator at the Wolfville Telephone Exchange.

WOLFVILLE, N. S.

Dry Goods Carpets Men's and Boys Clothing

Mr. and Mrs. G. F. Watkins, Church St., whose three sons have been nobly doing their duty at the front, have lately received word from their youngest boy Godfrey. He was wounded April 9th and will likely be discharged and returned to Nova Scotia as soon as he is able to be brought here. He was dangerously wounded by being shot in the thigh, had his arm smashed with two bullets and this was followed by blood poisoning. It will only be with most skillful treatment that he will ever be able to use his arm again. This family is an example what one family in Nova Scotia is doing. Mr. Watkins consents to his three sons enlisting while he remains home with a very large farm and unable to find help to work it satisfactorily. It would be a patriotic work for some of our clerks business or professional men who need a vacation to help Mr. Watkins on the farm instead of taking to the woods or seashore.

THE HONOR ROLL

Another name from Wolfville is to be added to the list of honored dead. The family of Private Robert Spicer have received the sad news that he was killed in action. He leaves a father and mother a young wife and many friends who deeply mourn his death.

Died of Wounds

- C. Ray, Margareville.
- Wounded: J. R. Hall, Margareville; Dean Shaw, Wolfville; Brenton Eagles, Wolfville; L. H. Berry, Annapolis; J. W. Williams, Annapolis, formerly of Wolfville; G. H. Little, Margareville; A. E. Lockwood, Port Williams; R. K. Minnis, Morden; H. Harper, Port Williams; W. E. Hard, Melanson; D. O. Hayes, Berwick; H. C. Walsh, Gaspeaux Mountain.

MILLVILLE & VICINITY.

July 19, 1917.

Deep sympathy is felt for those who mourn the loss of Pte. Major Hudgins who was killed in action June 27.

He leaves a host of friends to whom it seems impossible that he cannot be coming back.

While cutting in the woods last week Mr. Melzor Barbidge had the misfortune to meet with a bad accident. In some way a stick falling across the handle of his axe and descending it entered his back between the shoulder blade and the back bone. The doctors found it necessary to take five stitches inside and twelve outside.

Mrs. A. A. McNeill spent Sunday in Wolfville guest of Mr. and Mrs. Frank Bartheaux.

Mrs. Rowland and Mrs. Sherwood of Horton N. B. spent the week end in Halifax, guests of Prof. and Mrs. Rowland.

"ESPRIT DE CORPS"

It is agreed upon by most military authorities that the wonderful success of the various Napoleonic campaigns lay not so much in the brilliant leadership of Napoleon as in the great unity of spirit of the action which he, Napoleon, so aptly named the "Esprit de Corps." No organization, be it military, social or commercial, can ever hope to attain

the purpose for which it was conceived unless there exists to some extent a preconceived and definite object to which it aspires as an ultimate goal. Therefore, in the last analysis, the term "Esprit de Corps" reserves itself fact in mind, it is quite easy to understand how it is possible to gather together from all quarters of this continent a company of men—who heretofore have lived each after his own inclination or desire—and putting them into the great melting pot, "Organization," fuse them into one individual unit, thus making a harmonious blend of Action, Thought and Spirit.

A veritable example of this may be seen in the unit of the British Expeditionary Forces now stationed at Aldershot Camp, N. S. Here we find men from all walks of life—lawyers, doctors, civil engineers, mechanics, actors, musicians, ministers of the Gospel, the factory employee, the humble laborer, etc. These men, feeling that the time had come for them to renounce all selfish aims, left the commercial pursuits in which they had in many instances been engaged for years, and taking up arms in the cause of human liberty, they are preparing to carry on the fight which they who have gone before so nobly, begun.

And now we come to a different expression of the Spirit of the Corps: There is an old adage that runs thus: "All work and no play makes Jack a dull boy," and by changing the word "Jack" to "Tommy," the saying applies with particular force to the boys of the B. E. F.—We must have amusement, and in keeping with the community idea of something for everyone, by everyone we get the Concert idea.

This brings us to the central theme: A potent case of "Esprit de Corps" was discovered in the B. E. F. Unit J. It was decided to employ this "Spirit" in a play. Perpend—A Concert Superior will be presented by the boys of the B. E. F. at the Pastime Theatre on July 26, 1917. This concert will be under the patronage of the Camp Commandant and Staff. There are 18 original acts on the programme, ranging all the way from Grand Opera to a Boxing Exhibition; and including Comic Songs, Monologues, Violin Solos, a Song Revue by a quartette of voices that it would be well nigh impossible to assemble under any other circumstances. There is also a screaming Farce Comedy Playlet, entitled, "Whae Baby are You?" this act is guaranteed to cure the worst case of grouch ever contracted, and to send you home patting yourself on the back; in fact, you will kick the dishes off the table the next morning thinking how funny it was. There are many more acts, each as good as the other, and anyone of which is well worth the price of admission.

If you want to be amused, or if you are interested in the "Esprit de Corps" and desire to see how this spirit manifests itself, go to the Pastime Theatre on Thursday evening. And, should you enter into the spirit of the occasion and put yourself in harmony with the surrounding atmosphere, the benefit derived from the evening's entertainment would be immeasurable to you—not to mention the fact that you would become a part of the great "Esprit de Corps."

THE EMPIRE'S EFFORT.

(From the Toronto Globe.)

Lord Northcliffe, speaking in his new official role as head of the British Business Commission in the United States, tells the Overseas Club of New York that the British Empire has 2,200,000,000 soldiers in France and Belgium. Of these probably about 1,900,000 are from the British Isles. There are British armies also in Greece, Macedonia, Mesopotamia, Palestine, Egypt, and East Africa. The United Kingdom must be maintaining today in active service on land and sea at least 2,500,000 men, perhaps 3,000,000 not including the enormous reserves at home. The contributions of the self-governing British Dominions and colonies are tabulated as follows, the first column showing the estimated population in 1914 (excluding native races), and the second column the total enlistments up to February 1, 1917:

Canada	8,000,000	391,800
Australia	4,900,000	350,000
New Zealand	1,100,000	75,000
South Africa	1,275,000	70,000
Newfoundland	250,000	3,300

For the purpose of comparison the number of men sent overseas, or actually engaged in fighting, is more informing, especially in view of the fact that 70,000 enlisted men were discharged in Canada. The first column below shows the total expeditionary forces despatched up to February 1, 1917, and the second column the strength of the forces at the front:

Canada	284,000	4 Div.
Australia	300,000	5 Div.
New Zealand	65,000	1 Div.
South Africa	60,000	1 Batt.
Newfoundland	3,100	1 Batt.

One brigade in Europe and the remainder in Africa.

These figures cover only land forces. As for the naval service, Canada's showing does not equal Australia's or New Zealand's nor, in proportion to population, that of Newfoundland. Nor has the comparison of land strength changed in Canada's force since February, in a period of low recruiting. Up to February 1 last Canada's war expenditure had been \$500,000,000; Australia's \$500,000,000; New Zealand's \$112,000,000, and South Africa's \$130,000,000. The daughter British States have done magnificently, but they are not content to rest on past achievements. All are bracing themselves for new exertions. The record of her sister Dominions, should be an incentive to Canada, as the most important member of the family, to put forth full strength.

Great as has been the efforts of overseas British countries, the mother country's have been greater still. There is a challenge, too, in the unexampled sacrifices of France. With a population less than 40,000,000 she has mobilized from 6,000,000 to 7,000,000 men since the outbreak of the war. Of these, 2,000,000 have been killed or permanently disabled. France is now calling up her boys, her last resource, these exhausted British, too, is summoning her remaining men of military age to the ranks to save France, and with France the cause of liberty and democracy. It is Canada's case as much as theirs, and Canada must continue to be worthy of it.

MAJOR J. L. RALSTON SLIGHTLY WOUNDED

Major J. L. Ralston, of Halifax, has been wounded in action. His name appeared in the casualty list issued at Ottawa last week. Mrs. Ralston has also received a cable from the Records Office stating that Major Ralston had been slightly wounded in the arm, but was still on duty.

FIVE HUNDRED PERSONS REPORTED KILLED AND WOUNDED DURING RECENT DISORDER.

PETROGRAD, July 19—The Government controls the city today as completely as the Bolsheviks appeared to control it yesterday.

LONDON, July 19—A Reuter despatch from Petrograd says the number of killed or wounded in the two days of disorder there is estimated at 500.

PETROGRAD, July 19—Russian troops have again been driven into the Galician village of Novica, south of Kalusz, and now occupy the eastern end of that place.

The text of the statement reads: "Western front: As the result of a night attack our detachments occupied the village of Novica, to the south of Kalusz, but suffering great losses in this operation, withdrew to the eastern end of the village. Two enemy attacks on the above mentioned detachments were repulsed by our fire. "In the engagement near Novica on Tuesday we captured three machine guns, eight officers and 220 men. "Roumanian front: Fusiliades have occurred.

"Caucasus front: Our scouts attacked three Turkish caravans ten miles south of Petrakale, seized prisoners and burned the bridge across the River Karshut-Zarasi."

CANADIAN TRADE IN JUNE WAS EXCELLENT.

Shows an Increase of Fifty-One Millions Over That of June, 1916.

OTTAWA, Ont., July 19—Canadian in June again reflected the national prosperity. There was an increase of fifty one millions compared with the corresponding month. The total was \$213,800,908 as against \$162,035,400 a year ago.

Domestic exports amounted to \$116,285,841 and imports \$9,515,067. Foreign exports to the value of \$3,725,374 passed through Canada.

For the three months of the fiscal year ended with June the aggregate trade was \$622,407,781 compared with \$431,626,215 a year ago. Agricultural produce and manufactures increased in June while product of mines, forests, fisheries and animals decreased. Agricultural exports increased from \$38,744,527 in June 1916 to \$57,860,423 last month and manufactures from \$32,252,447 to \$2,021,170. June imports amounted to \$97,515,067, of which \$51,741,825 was dutiable and \$45,773,242. Imports increased by thirty one millions over June last and by \$105,000,902 over the three months of the fiscal year compared with the corresponding period.

BRITISH FORCES IN MESOPOTAMIA ADVANCE

LONDON, July 19—An official report relating to the Mesopotamian campaign was issued tonight, showing a considerable British advance. The report reads:

"On July 13, one of our columns engaged a Turkish force in the direction of Ramadies, on the Euphrates. After a short action, in which considerable loss was inflicted on the Turks, a further advance was broken off by us owing to the extreme heat. As a result of these operations we have been able to advance about twelve miles up the Euphrates in the last ten days."

FLOUR CONSUMPTION TEN PER CENT, LESS

WASHINGTON, July 19—A decrease of ten per cent in the consumption of flour in England in June is the claim made by the National war savings committee as a result of the "eat less bread" campaign inaugurated to conserve food, according to a report received by Herbert C. Hoover today. This saving, it is stated, is in excess of all expectations. The success of the education campaign in England, it is stated, is shown by the fact that in March the saving was but two per cent and in April four per cent; as against ten per cent for June. The committee says that it expects an even greater increase in the future and gives much of the credit to the intelligent cooperation of women in their homes.

U. S. GOVT. HAS BEEN INVITED

WASHINGTON, July 19—The United States has been officially invited by the Allied Governments to participate in the Inter-Allied conference to be held in Paris some time this month, but has decided that for the present it will not be necessary to take part in such meetings not directly affecting this country's part in the war. It was officially explained at the State Department that while this course was followed at present, it was not to be taken as an indication of a permanent policy.

CROPS OF POTATOES

Enquiry from U. S.—What is the greatest yield of potatoes obtained at the Canadian Experimental Farms? Ans.—In the Maritime Provinces crops of 500 and more bushels per acre are occasionally grown. In Ontario and Quebec from 400 to 500 are good yields and not many get them. The largest yield per acre obtained at the Central Experimental Farm, Ottawa, was 772 bushels per acre, but this was estimated from a small plot.

Fertilizer

It is hard to make most of the farmers realize that there is a great possibility of them not being able to get what commercial fertilizer they will require this spring. But never the less it is an absolute fact and the wise farmer will take home his fertilizer soon. As if you wait till spring you may not be able to get any. As even now it is very hard to get what you want as transportation is so bad we have only a few more cars of Basic Stag to sell.

THE EXPERIMENTAL FARMS REPORT

The first volume of the Experimental Farms Report for the year ending March 31, 1916, contains much information of value to the farmers of Canada. At such a time as this when production means so much no farmer can afford to overlook such information as this report contains when it is understood that it is available for the asking. It represents the work accomplished on the Central Farm at Ottawa and the fifteen branch farms and stations distributed over Canada. Volume 1 contains the report of the Director, which is a general review of the work accomplished, also the reports of the Divisions of Chemistry, Field Husbandry, and Animal Husbandry. Volume 2, not yet ready for distribution, will contain the reports of the Divisions of Horticulture, Cereals, Botany, Bees, Forage Plants, Poultry, Tobacco, Illustration Stations, and Extension and Publicity.

An interesting statement appears in the report of the Director, which deals with the cost of growing certain crops, as follows: Mangels: \$1.55 a ton; ensilage corn, \$1.45 a ton; oats 19.39 cents a bushel and hay \$5.00 a ton. The system of farming represented in these experiments is explained in the report. It is also shown as a result of seven year's experiments that in fertilizing the soil a distinct advantage is shown in the use of barnyard manure alone over commercial fertilizer alone. The experiments suggest the possibility of combining the two profitably when barnyard manure is scarce or high priced. Referring to new strains of grain being produced it is stated that hullless and beardless barleys are receiving close attention with the promise of some exceptional results. Earlier and more productive varieties are being sought for, while new strains of oats, peas, beans, buckwheat and flax, are being tested. These are but examples of the character of the information contained in the 598 pages of this first volume that can be received, without cost, on application to the

Publications Branch of the Department of Agriculture at Ottawa.

Programme of the Annual Meeting of the Nova Scotia Entomological Society to be held at Truro, 2nd Aug., 1917.

Presidential Address.—E. C. Allen.

The Introduction of the Parasites of the Gypsy and Brown-tail moths and Their Colonization in Canada.—L. S. McLaine.

Note—This is a provincial program and subject to change. In addition to the papers given, Dr. A. H. McKay, Supt. of Education, and Mr. Harry Piers, Curator of the Provincial Museum are expected to be present and will address the members. Come prepared to pay your subscription of \$1.00 per year, which entitles members to the Annual Report of the Society and the Ontario Entomological Society, also provincial and Dominion reports.

Why take the trouble to dispose of your eggs in small quantities. We can handle them for you in any quantity every week. Will pay the best market prices.

Supplies, Limited, Kentville sw

NOTES ON MISCELLANEOUS PESTS

By W. H. Brittain and G. E. Sanders (Written at the request of the United Fruit Co's.)

THE ZEBRA CATERPILLAR

A black and yellow striped caterpillar appeared in the turnip patches last year, doing great damage. This caterpillar, known as the Zebra caterpillar, was heavily parasitized last fall and it was thought that it would be of little importance this season. Unfortunately, however, it is now beginning to appear in a number of places feeding on a wide range of plants, including turnip, rose, apple, ash, etc. As the insect has two broods it is very probable that a serious outbreak will develop this season.

As the caterpillars, on first hatching, feed in groups or bunches it will pay to send a boy over field at this time and when the second brood appears to pick off the infested leaves. If too late for this the turnip plants should be dusted with arsenate of lime, or Paris green diluted with lime as for potato beetles. Do not fail to watch for this pest. There is every indication that it will prove serious.

The Potato and Corn Stalk Borer.

A pinkish caterpillar with a brown or reddish brown head has been very much in evidence this season boring in evidence this season boring in the stalks of potatoes, corn, rhubarb, etc. Our studies on this insect show that it deposits its eggs on couch grass or other weeds growing in the garden in the latter part of August and September. The caterpillar appears the next June, bores its way into the stalks of docks, horsetails and various cultivated plants, and there feeds until full grown, when it enters the ground and transforms to a pupa. It remains in this state for about three weeks, finally emerging as a brown colored moth, that deposits the eggs for the next year's brood.

From the habits of the insect it is obvious that it cannot be attacked by any insecticide when inside stalk. In a perennial plantation, such as rhubarb, clean cultivation should be practiced during Aug. and Sept. to force the insect to go elsewhere to deposit its eggs. The bad outbreaks in gardens are due to planting on land that was allowed to grow up in weeds the previous season, giving the insects an opportunity to develop and deposit their eggs. When it is intended to plant a piece of ground to garden crops the next year every effort should be made to destroy plants that would be likely to harbor the insect, by careful plowing, cultivation, etc. As an added precaution, plants infested this season should be gathered and burned when the caterpillars are still inside the stalk.

The Fall Webworm.

A white moth is now appearing in large numbers laying flat greenish masses of eggs upon the leaves of apple and other plants. From these will soon hatch a hairy grey caterpillar that will spin an ugly web, over the tree, beneath which shelter it will feed upon the leaves, gradually extending its field of operations until the whole tree may be involved. Apple growers should keep a sharp watch for this pest and immediately they are noticed the webs should be cut off and burned, otherwise a great deal of harm will be done.

TUSSOCK MOTHS.

From present indications both species of tussock moths will be numerous in some localities. It is hoped that our spray calendar for this year and growers have heeded the warnings in have not neglected to add poison to their last summer spray.

POTATO BEETLES

The potato beetle infestation is very uneven this year, some localities having prospects for a bad outbreak, while in others the insects are comparatively rare. In any case poison should be added to the first spray with Bordeaux and to the second as well, if necessary. Arsenate of lime, arsenate of lead or arsenate of zinc may be used with safety as substitutes for Paris green and all are effective if applied in time. Use arsenate of lead (paste) at the rate of 3 lbs to 40 gals. water, arsenate of lime 1 1/2 lbs and arsenate of zinc 1 lb to 40 gals. Those strengths are for the young grubs; if allowed to become over half grown, stronger mixtures are required.

WANTED — Ten tons Prime Old Hay at \$5 per ton. Address Box 376, Kentville. In-ox

BROOKLYN CORNER

Miss Logan of the Sanatorium staff and her brothers lately Professors in Purdue and Depaw Universities, Ind., who are now taking a lieutenants course at Aldershot for overseas service, were the guests of Mr. and Mrs. R. C. Bligh on Sabbath last.

Miss Lila Rockwell who has been teaching at Edmonton returned home on the 11th inst. She was accompanied by her sister Gladys and little nephew Jack who joined at Quebec.

Miss Margaret Collins nurse, at the Provincial Sanatorium, who has been spending part of her vacation at her home, is now in Halifax visiting her sister Mrs. Boutillier.

Mrs. H. Logan is spending the summer with her sister Mrs. Bligh.

The little children of Mr. and Mrs. W. B. B. Rockwell are suffering from whooping cough.

Mrs. D. H. Eaton, of Kentville, was spending a few days last week with Mrs. E. C. Bligh.

This is to certify that fourteen years ago I got the cords of my left wrist nearly severed, and was for about nine months that I had no use of my hand, and tried other liniments, also doctors, and was receiving no benefit. By a persuasion from a friend I got MINARD'S LINIMENT and used one bottle which completely cured me and have been using MINARD'S LINIMENT in my family ever since and find it the same as when I first used it, and would never be without it.

OBITUARY

Mrs. James Dickey
Alice, wife of James Dickey, of Can-
ady Creek, passed away on Thursday,
July 12th, after a long tedious illness
of tuberculosis. She was forty years
of age; leaves a sorrowing family of
four children, a husband, two sisters
and a brother to mourn the loss of one
who was very dear. The Rev. Thomas
McFall conducted the funeral services.
The remains were laid to rest by the
side of her first husband, who prede-
ceased here some seven years. Her
brother, Mr. Roy Thomas, of New-
port, Hants County, attended the fun-
eral, which took place on Saturday.—
Ex.

Nettie Cohoon

Nettie, the youngest daughter of Mr.
Dr. Atwood Cohoon died at her home
Wolfville on Tuesday last after several
months of illness. She leaves besides
her father two sisters Mrs. James
Floyd of Roxbury, Mass. and Mrs. Cros-
by of Ottawa. She will be much missed
by a large circle of friends.

The funeral service, which was held
on Thursday afternoon, conducted by
Rev. N. A. Harkness, assisted by Rev.
Dr. Gates who offered prayer was large-
ly attended. Mr. Harkness drew his
central thoughts from the scripture
lesson as is found in Jeremiah—"The
sun went down at noon," speaking
very touchingly of departed. The
hymn chosen was "Nearer My God to
Thee," and Miss Wilson sang "No
Night There."

DIED

At Seattle, Wash., on Monday, June
18th, of diabetes, Alton A. West, aged
36 years, son of Mrs. Margaret and the
late Mr. George W. West, of Aylesford.

At Morristown, on Wednesday, July
11th, Mr. Charles W. Stuck, aged 74
years.

At Mosherville, Hants County, on
Monday, July 2nd, Donald Rufuse, in-
fant son of Mr. and Mrs. Frank W.
Palmer, aged six weeks.

At Somerset on Tuesday, July 17th
Herman, son of Mrs. Eliza and the
late Mr. Isaac W. Moron.

MARRIED

At the home of the groom's father,
Aylesford, by the Rev. W. Ryan, Jos-
eph E. Lutz and Miss Marion Babbitt,
all of Aylesford.

At Wolfville June 30th, by the Rev. M.
P. Freeman, Inez Maude, younger
daughter of Mr. and Mrs. Walter
Bryden, of Berwick West, and Merton
Leigh Croft, of Greenfield, Kings Co.

At Kentville, on Monday, July 9th,
by the Rev. Father Donahue, Mr. Har-
ry Matthews of Dalhousie East, Kings
County, to Miss Theresa Alders of
New Ross, Lunenburg County.

FLOUR ADVANCED

During the last week the market
in the whole have not changed
greatly remaining almost the same as
they were for the previous week. It
was earnestly hoped that flour would
keep on the decrease, but instead of
this there has been a marked advance
in price. Manitoba flour has gone up
fifty cents, while the price of Ontario
has increased almost a dollar. The fish
situation has remained stationary, as
have also sugar and canned goods.

Pleasant Visit to Cambridge
On Saturday afternoon the Baptist
Young Ladies Circle of Middleton was
entertained at the home of Mr. and
Mrs. J. Howe Cox of Cambridge.
Canoeing on the lake was enjoyable
and delicious refreshments served. The
party went to Cambridge and beyond
by the 2.42 train and after a deligh-
tful afternoon spent with Mr. and Mrs.
Cox returned by evening express.

MEMORIAL SERVICE
AT MORRISTOWN
A memorial service for the boys who
have fallen at the front: Irvine Bar-
teaux, Dams Felch, Philip S. Beals and
Vernon Wilson, will be held at the
church on Sunday, July 29th at 3 p. m.

The Morning Chronicle says: "Can-
ada, is in this war for right and justice
also for keeps. If the country stops to
fight on a bitter general election it will
sugally mean for keeps—keep the sol-
diers unsupported at the front and keep
the Frenchmen and slackers home to
to run the country in the approved Law-
ergne-Mareil-Laurier fashion.

Rugston Station of the Baptist and
Methodist circles held a strawberry
festival a week ago and raised the
handsome sum of \$147.00
Mrs. Margaret Jacques who has been
at Glouce Bay visiting Mrs. E. C. Gates
has returned to her home at Auburn.

GREECE IS AT WAR WITH GERMANY AND THE ALLIES OF HUNS

WASHINGTON, July 16—Uncertain-
ty as to Greece's status in the world
war was cleared away today with the
receipt of official information that the
Greek government not only has served
relations with all four of the central
powers, but is actually in a state of
war with them.

Information has reached the state
department that the Greek minister in
Paris has notified the French govern-
ment. Greece considers herself a full
belligerent and will act accordingly.
He said it was not necessary to issue
a formal declaration of war as the
government feels it is bound by the
declarations previously issued at Salon-
iki by Premier Venizelos, who took
with him to Athens all the responsi-
bilities and commitments of the tem-
porary Saloniki government.

As a semi-belligerent Greece is ex-
pected to lose no time in mobilizing
her war resources and joining effec-
tively in the common allied operation
in the Balkans. The strength of the
Venizelos army is placed at about 60,
000 and the remnants of the former
regular army, while not over 30,000
now has at times been mobilized to a
total of 200,000 men and is capable of
reaching 300,000 if munitions are
provided. The regulars practically
were demobilized by the allies when
former King Constantine held the or-
ganization as a threat to the allies rear,
but can quickly be called to the colors
again.

Machine Guns in Houses
The front line is marked by rows
of houses that have been pulled down
to add by their debris to the strength
of the cellars where the Germans
shelter from the incessant artillery
fire directed against them. Wire en-
tanglements have been constructed
around these houses so that each is a
self-contained strong point, with a
subterranean exit in the rear for its
garrison. Provided with good ma-
chine gun emplacements houses so
fortified prove a hard nut to crack.
and there are now thousands of such
houses in the Lens salient.

CANADIANS NEAR HEART OF LENS.

Only 1500 Yards From Centre of City
CANADIA NHEADQUARTERS IN
FRANCE, via London, July 20 — Early
this morning Canadian troops holding
the front between Avion and Lens,
in the flooded district, established a
post well to the north of any hitherto
occupied. There was little retaliation
from the Germans. The new post is
only 1,500 yards from the heart of
Lens.

The German defence of Lens is
worthy of a better cause. As our pa-
trois pushed forward through the
mass of crumbling rubbish which now
marks the site of one of France's
greatest pre-war industrial communi-
ties, evidence is found everywhere
that the enemy intends to hold the
centre of the city until his losses be-
come unendurable.

U. S. Senate Approves \$640,000,000 Aviation Programme For War

WASHINGTON, July 17—The sen-
ate military committee, after 45 min-
utes' session today, unanimously ordered
a favorable report, without amendment
of the \$640,000,000 aviation programme
bill, passed last Saturday by the house.

St. John Paper — A cargo of
salt has arrived in port and
there are 22,000 bags on board,
it will probably abate any danger
of a salt shortage in the city,
and enable the fishermen to car-
ry out their projects of increas-
ing their output of salt fish. A
large part of the cargo has been
taken over by Gandy & Allison
and is being removed as fast as
it is loaded.

Germans Driven back By Russians

Petrograd, July 20th. — De-
spatches say that a most intense
artillery battle is being waged
on the Smorgon-Krevo front.
Several hundred German heavy
guns are said to be engaged.
The Germans sought to advance
but were driven back by the
Russian fire, a crack Siberian
corps bearing the brunt of the
fighting. It is said the Russian
guns are obtaining the mastery.
