TOPICS OF THE DAY

Telegraphic reference to the time of going to press, indicate that Cleveland has been elected President of the United States.

On Thursday last, Hon. Mr. Daly, Minister of the Interior, was elected by acclamation for the Selkirk district of Manitoba, his only opponent, The Griffo did not dare to put a man in the field to oppose him.

At a meeting of Liberal-Conservative, held in St. John, N. B., on Monday evening last, Mr. George Robertson, merchant and President of the Board of Trade, was chosen the standard-bearer of the party in the election for the House of Commons to fill the vacancy caused by the resignation of Mr. Blair.

Should Mr. Mendenhall's escape from the machinery used in the investigation of the grift incident, be seen as inadvisable, the grift juryman who acquitted him will live to regret that he did not follow the charge of the learned judge who tried the case.

Two elections for the Provincial Legislature were held in Quebec on Thursday last, and both resulted in the return of supporters of the DeBoucherville Government.

The Financial Review of Henry Clews & Co., New York, for the week ending Saturday last, contains the following passage: "The drain of gold to Russia is at present a mystery."

Yesterday was the day of the Presidential election in the United States, and just as we go to press the news reaches us that Cleveland, the Democratic candidate, is probably elected.

Westminster has many fine stores, residences and hotels. At the Queen's Hotel guests will always find good accommodation and courteous attention.

THE NEWS

New Westminster is about fourteen miles from Vancouver city, almost directly south. The two cities are connected by an electric railway, and the distance is traversed in one hour.

Northumberland, B.C., has been granted a right-of-way for a new road to connect it with the main highway. The road will be about 10 miles long.

The city of New Westminster has a population of about eight thousand inhabitants. It is situated on the north bank of the Fraser River, about fifteen miles from the mouth of that great river.

St. Ann's Convent, conducted by the Sisters of St. Ann, is a handsome building, and is beautifully located on an eminence overlooking the Fraser River.

U. S. Secretary Foster has appointed to the position of Chief of the Bureau of Land Management, a man of high standing in the United States.

There are in the city of Westminster a number of Islanders, some of them very prosperous. Among them none have succeeded better, or more are held in higher esteem than McDonald Bros., merchants.

A Quebec jury have found Mercier and Pascaud guilty of conspiracy in the Langlais stationery case, and the Griffo are rejoicing.

"German Syrup"
A Farmer at it.
We are six in fam-
ily. We live in a
place where we are
subject to violent
Colds and Lung
Troubles. I have
used German Syrup for six years
successfully for Cough, Croup,
Cold, Hoarseness, Pains in the
Chest and Lungs, and spitting-up
of Blood. I have tried many differ-
ent kinds of cough Syrup in my
time, but let me say to anyone want-
ing such a medicine—German Syrup
is the best. It has been my ex-
perience. If you use it once, you
will go back to it whenever you
need it. It gives total relief and is
a quick cure. My advice to every-
one suffering with Lung Troubles
—Try it. You will soon be con-
vinced. In all the families where
your German Syrup
is used we have no John
Croup or the Franklin
Lungs at all. It is
the medicine for this
country.
