Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

- Coloured covers/

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12X	16X	20X	24X	28X	32X

The copy filmed here has been reproduced thanks to the generosity of:

The Nova Scotia  
Legislative Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

The Nova Scotia  
Legislative Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

# Failing or Imperfect Sight

Can be obviated to a great extent, by the use of  
properly selected

## SPECTACLES

---

The first symptom of failing sight is the temptation to hold the object a little further than usual from the eye. **SUITABLE GLASSES** will correct this, and preserve the sight. Do not trust to cast-off spectacles, or those used by older people, as nothing hastens the loss of sight more than the use of old folks' spectacles.

From many years experience we are enabled to suit nearly every case. No charge for advice.

WE OFFER—

**HORN EYE-GLASSES AT 25 CENTS.**

**Light Steel Frame Spectacles, with Case, only 50 cents.**

**PEBBLE SPECTACLES, FINE FRAMES, \$2.00.**

And a variety of styles, for long and short sight, of Spectacles and Eye-Glasses, in Gold, Grooved, Steel, Rubber, &c., at equally low prices.

# RULES AND PRIZE LIST

FOR THE

## THIRD EXHIBITION

OF THE

### **Nova Scotia Poultry and Floricultural Association,**

*TO BE HELD IN THE NEW MASONIC HALL, HALIFAX,*

ON TUESDAY, WEDNESDAY AND THURSDAY, 25TH, 26TH AND 27TH  
FEBRUARY, 1879.

The premiums of this Association are open to the world,—the best specimens to win.

RULE 1. The term "exhibit" or "specimen" implies anything entered for competition, or exhibition.

2. All exhibits must be entered with the secretary, R. J. Wilson, P. O. box 590, Halifax, or with the treasurer, A. Mackinlay, 137 Granville Street, Halifax, at least one week previous to the exhibition, namely, not later than Tuesday, 18th February, and exhibitors failing to forward their entry papers by that date will not be allowed to compete for prizes. Entry papers will be supplied to intending exhibitors by the secretary or treasurer.

3. In order to identify the coops, &c., after the prizes are awarded, an entry or coop ticket, with a number, but no exhibitor's name, will, on receipt of the entry paper properly filled up, be given by the secretary for each exhibit, which ticket must be attached by the exhibitor to his coop or cage before delivery at the hall.

Exhibitors must be careful to have specimens correctly named in their entry papers, as any error in this respect will be fatal to successful competition.

4. The premiums offered at this exhibition are of two classes—"regular," offered by the Association; and "special," offered by individuals.

The entries for the regular premiums for poultry must be in pairs, one male and one female.—Entry fee, 50 cents.

Pigeons, in pairs, " " 25 "

Cage birds, as single birds, Entry fee 15 cents.

Specimens entered for the regular premiums compete also for the special premiums for pairs and single specimens, without special entry, or additional entry fee.

Single specimens entered for the special premiums only, will be charged an entry fee of 25 cents.

The collections of poultry for which special premiums are offered, must consist of a cock and not less than four hens.—Entry fee, 50 cents.

A pair in a collection may compete for the regular pair premium, provided the cock and hen, competing as a pair, be separated from the others by a partition in the same coop, and an additional entry fee paid for the pair—25 cents.

With the exception of the collections above referred to, each pair must be in a separate coop.

No entry fee will be charged on specimens entered for exhibition, but not for competition. Such entries will be marked "for exhibition only" on the coop ticket.

The entry fees must accompany the entry paper.

Exhibitors paying entry fees to the amount of \$1.50 will be entitled to a season ticket, not transferable.

Members have the privilege of exhibiting free.

5. All specimens must be entered in the name of the *actual owner*.

Any attempt to evade this rule, as in borrowing one or more specimens of a coop, or in buying with the understanding that the specimens shall be returned after the exhibition, or that they shall be returned unless sold, or on any other condition, will exclude *all* coops entered by the offending party if discovered in time, and if not, the premiums shall be withheld.

6. Specimens must be exhibited in attractive and convenient coops or cages.

Coops must be open only at the front, which must be of wire or of twine netting. They must be so constructed as to be easily opened by the judges, and must be furnished with proper appliances for food and water. For convenience and uniformity of arrangement, they must be of the following dimensions, outside measurement:—2½ ft. high, 2 ft. deep, 2½ to 3½ ft. long. For bantams and pigeons, 19 inches high, 12 inches deep,

and 18 to 28 inches long. For turkeys and geese, 3 ft. high, 2½ ft. deep, and 3 to 3½ ft. long.

The length of each coop must be stated on the entry papers.

7. All specimens must be exhibited in their natural condition, except Games and Game Bantams, which may be dubbed or trimmed in the ordinary manner.

Pulling foul feathers, coloring, shaping spurs, inserting or splicing a feather, and similar practices, are prohibited. Any violation of this rule will incur the penalties named in rule 5.

8. The hall will be open for the reception of specimens on Monday, the 24th day of February, at 9 o'clock, a. m. Those not received by 9 o'clock, p. m., will be debarred from competition, unless it is shown that delay is unavoidable, in which case, by special permission of the committee, they may be delivered at the hall previous to 9 o'clock, a. m., on Tuesday, the 25th.

*No person*, except those engaged in making arrangements, will be admitted previous to the opening of the exhibition.

9. It will not be necessary for exhibitors to accompany their specimens, which may be sent direct to the hall, where they will be received, and properly cared for by the committee, during the exhibition, and at its close will be delivered at the hall to order or by direction of the owners.

10. All expenses of transportation to and from the hall must be borne by the exhibitors.

11. The committee reserve the right to reject any specimens which they may consider unworthy or unfit for exhibition. All exhibits shall be under their sole control, and none can be removed before the close of the exhibition without their permission.

12. Any specimens showing symptoms of disease must be removed from the hall by the exhibitor, or at his expense and risk if he be absent.

13. Although every care will be taken, the Association will not be responsible for loss or damage that may occur during the exhibition.

14. Competent judges will be employed to make the awards; their decision shall be final, and no protest will be entertained, except in case of evidence of fraud, or of error other than of judgment. No judge shall be a competitor in a variety where his decision is to be given. Judges must not let their awards be known, except through the secretary.

15. Judges are empowered to withhold a prize, should they think the competing specimens unworthy of it.

16. No second prize will be awarded in any class, unless there are three competitors in the class.

17. In the event of receipts being insufficient to cover expenditure, the association prizes will be paid *pro rata*.

18. The revised "American Standard of Excellence" will be the guide of the judges in all varieties described therein.

19. The judges will meet at 10 o'clock, a. m., on Tuesday, and proceed with their work of determining prizes, after which they will hand their books to the Secretary, and obtain and place the prize tickets before the opening of the exhibition to the public at 2 o'clock.

20. Any person interfering with, or attempting to influence the decision of the judges by his presence or remarks, shall forfeit all right to any premiums to which he might otherwise be entitled.

21. The treasurer will commence to pay the premiums on Thursday, the last day of the exhibition, at 10 o'clock, a. m., at the hall. Prizes not drawn within one month will be forfeited.

22. Exhibitors having birds for sale at the exhibition, can obtain a price card from the secretary to affix to their coops, and no other cards than those issued by the association will be allowed on the coops.

All sales must be made through the secretary, who will deduct 5 per cent. for the benefit of the association.

23. Everything must be removed from the hall as soon as possible on Thursday after the close of the exhibition at 3 p. m.

*Exhibitors are particularly requested to read and carefully note the foregoing rules, as errors may be fatal to successful competition.*

*With reference to rule 2, requiring entries to be made not later than 18th February, and rule 6, requiring the length of the coops to be stated on the entry papers, the committee assure exhibitors that these provisions are absolutely necessary to enable them to arrange the hall and allot the proper space to each variety, and will be strictly adhered to.*

Representatives of the press are requested to make themselves known to the secretary, who will afford them every facility for obtaining trustworthy information. They are requested not to publish awards except as officially announced.

The committee have much pleasure in announcing that Mr. A. F. STEVENS, of Natick, Mass., has been engaged to award the prizes at this exhibition. He is a gentleman of wide experience and reputation as a judge, having acted in that capacity at one hundred and twenty shows. Exhibitors may therefore rely on having their specimens judged on their merits.

Persons wishing to become members are requested to apply to the secretary.

The exhibition will be open to the public on Tuesday, 25th February, at 2 o'clock, p. m., and be open daily from 10 a. m. until 10 p. m., closing on Thursday, 27th, at 3 p. m.

ADMISSION.—Single tickets, adults, 25 cents; children under 12 years of age, 10 cents; season tickets for the three days, 50 cents; members' season tickets, 25 cents.

Admission in the evening:—

Adults 15 c.; children under 12, 10 c.

## HIGH-CLASS BLACK COCHIN FOWLS.

I shall breed next season, from imported stock, which have been successful in carrying off First Premiums at all the leading shows in Canada during the past season, as the prize tickets in my possession will show. These fowls will be on view at the Exhibition in Halifax, in February next, when parties desirous of supplying themselves with what are acknowledged to be the

**"HANDSOMEST AND BEST VARIETY OF THE COCHIN CLASS,"**

can satisfy themselves by inspection. These fowls being solid black in color, are well adapted for city fanciers, who are confined to a limited space.

**EGGS FOR SALE IN SEASON AT \$3.00 PER DOZEN, AND YOUNG STOCK  
IN AUTUMN AT REASONABLE PRICES.**

**W. H. GIBSON,**  
97 Cunard Street, - - Halifax, N. S.

### PRIZE STRAINS.

**W. F. Black Spanish Fowls,  
GOUDGE & GIBSON, - BREEDERS.**

The subscribers having entered into a co-partnership from Nov. 1st, 1878, intend the coming season to breed together their celebrated stocks of the above variety, and believe thereby to produce birds which will stand unrivalled.

Both our stocks are already known to be first-class, having taken "FIRST" premiums wherever exhibited, and have lately been strengthened by importations of some magnificent specimens from the most noted breeders of this variety, in England and the United States.

Will sell Eggs for Hatching from the above combination of First-Class Stock at \$3.00 per dozen.

Will also have young stock for sale in Autumn.

A few young stock on hand now, will sell reasonable on application. All orders will receive prompt attention.

Address to either

always on hand.

### SPRATT'S FIBRINE CAKES, FOR FEEDING DOGS.

EDITORIAL NOTICE IN THE IRISH SPORTSMAN, 5th August, 1871, page 5.

Any one who owns a valuable dog, sporting or otherwise, is well aware that the administration of the ordinary every day diet of the animal is a matter of no inconsiderable importance, so much depending on the quality and quantity of the food and its appropriation to the class of dog or the purpose for which he is intended. Some dogs have dainty appetites, and are choicé in the matter of food. Over-feeding is sometimes worse than starvation; improper food is the cause of most of the ills that dog-flesh is "heir to." It is, therefore, incumbent on trainers and those having the care of dogs, to pay particular attention to this important subject. Numerous inquiries having been from time to time addressed to us, with reference to the Fibrine Cakes introduced by Mr. Spratt, of London, for the purpose of dog-feeding, we are induced to state briefly the results of our actual experience, as well as that of the friends who have kindly communicated to us their opinions as to the value of these biscuits as food for dogs of every kind. The verdict in every case has been one of unqualified approval. We have ourselves used the cakes (the principal ingredient in which is buffalo beef,) with greyhounds; and after a considerable trial we can say that we have not in any instance found unfavorable consequences, while we believe them to furnish an excellent, nutritious and not over-stimulating food, convenient and inexpensive, requiring little or no preparation. The percentage of meats varies, so as to be suitable for every class of dog, those containing the largest quantity being given to dogs requiring strength and endurance, those containing less being intended for more delicate canine-pets. Owners of dogs of every class will find, on making use of this diet in their kennels, that the dogs will improve in every way—in skin, coat, general health and condition. We especially recommend it.

MR. CHARLES LINCOLN, Superintendent of the Centennial Bench Show, writes as follows:—I was in a difficulty as to the cooking of so large a quantity of meat as the dogs under my charge would require, and I was induced to give Spratt's Biscuits a trial. I am entirely satisfied with them—they were in every way successful. I have never sent dogs away from the bench show in such good and lively condition. Many of them looked better than when they came.

**Spratt's Patent Great Challenge Poultry Food**, of Ground Fibrine Cakes, Lupin and Sunflower Meal, spiced with Sinapsis Figra, wild mustard, a rich and nitrogenous feed. It is the greatest egg producing food and fattener of Ducks and Poultry known, unequalled for raising young Pheasants, Chicks and Ducklings. Being in itself a complete diet, without the need of grit and green vegetables, it especially recommends itself to Ship Owners, and is largely used for the feathered live stock in passenger ships, and is also found of great value in feeding, during the voyage small birds exported for acclimatization.

## BUY BETCHER'S PECTORAL MIXTURE,

For Coughs, Colds, Asthma, Whooping Cough, &c.

This Mixture has nobly stood the test, and the case is yet to be found where it has not proved efficacious.

It has been known to give immediate relief in chronic coughs when other mixtures have utterly failed, and for temporary coughs and colds it is invaluable, for which assertion I have abundant testimony. Singers and public speakers will find it of great service. No harm can result from a free use, as this is a purely Vegetable Extract. It is placed in the market at **TWENTY-FIVE CENTS PER BOTTLE**, thus bringing it within the reach of all. I have numbers of Testimonials from well known citizens of this city, all tending to prove there is nothing claimed for it but what is just.

### CERTIFICATES.

MR. J. BETCHER,

HALIFAX, N. S., Nov. 16, 1875.

*Dear Sir,*—After two years suffering with Asthma, and having tried remedy after remedy, all to no purpose, last spring I heard of your "Pectoral Mixture," and thought I would try it. The first bottle relieved me greatly, and on finishing the second one I was well, and am now positive I am entirely cured. You are at liberty to publish this, and I will take pleasure in recommending it to any one.

E. CROUCHER.

MR. JAMES BETCHER.

*Dear Sir,*—I was advised last season to try your "Pectoral Mixture" for a severe cold that I was troubled with for a good while. Very soon after commencing to take it, I felt great relief; and before I had used two bottles, I was quite recovered from the attack.

Yours, &c.,

W.M. TAYLOR, Corner Garrick and Agricola Streets.
