FOURTEEN PAGES—TUESDAY MORNING JUNE 23 1914—FOURTEEN PAGES

**HOLDING COMPANIES TO CONTROL RIO AND SAO PAULO TRAMWAYS**

**Gigantic Corporation Capitalized at \$120,000,000 To Rule Destinies of South American Traction Concerns—Canadian Capital Vitality Interested.**

A holding company, to be known as the Brazilian Traction Light and Power Company, Limited, with an authorized capitalization of \$120,000,000, of which \$70,000,000 is to be common, and \$50,000,000 six per cent. preferred stock, the basis of exchange to be 8-10ths of a share of common for one share of Rio, 1 1/4 shares of preferred and 1 1/4 shares of common for one share of Sao Paulo Tramway, and one share of common for one share of Sao Paulo Electric Co.

This is the announcement made last night by the officials of the Rio de Janeiro and Sao Paulo Tramway Companies, as the result of the recent conference between Sir Wm. Mackenzie, Dr. F. S. Pearson and the directors.

The preference shareholders in the Brazilian Traction, Light and Power Co. will participate in the profits of the company after the payment of a dividend at the rate of 9 per cent. upon the common stock, the participation being pro rata among the preference and ordinary shareholders. The preferred stock will also be preferred as to assets.

How the Deal Works Out.

On the above basis of exchange, the distribution of the share capital of the new company will work out as follows: Rio de Janeiro Co. common stock, \$35,000,000, and preferred \$35,000,000; Sao Paulo Tramway company, \$12,500,000, and preferred \$12,500,000; Sao Paulo Electric common stock, \$50,000,000. Left in treasury, common stock, \$16,500,000, preferred stock \$15,000,000, this to be retained for future purposes of the company.

Arrangements have been made for the underwriting of \$50,000,000 of the common stock of the holding company, but the shareholders will be given a prior right to subscribe for the offering. It is estimated that the earnings will be sufficient to pay a 5 per cent. dividend, and leave a substantial surplus to carry forward, after meeting all charges. Both the common and preferred stocks are to be listed on the stock exchanges of Toronto, Montreal, London, Brussels and Rio de Janeiro.

Big Stock Market Deal.

The formation of the gigantic corporation which is to control the destinies of the three South American traction and electric companies, marks the culmination of one of the most remarkable financial undertakings which have been consummated in Canada in years. It also winds up a stock market campaign which will go down in history as the most outstanding incident of a long time. Profits running into the millions have been made by the speculators who were close enough to the inside to receive favorable tips and by the investors who evidenced sufficient faith in the individual concerns to follow them thru their vicissitudes during recent years.

The subscribed capital of the Rio de Janeiro Tramway, Light and Power Co., which operates the street railway lines, electric light and power, telephone and gas service in the capital of Brazil, is \$40,000,000 in common stock, and of the Sao Paulo Tramway, Light and Power Co., which owns the exclusive franchises for electric street railways, electric street lighting and electric power supply in Sao Paulo, Brazil, \$10,000,000. The authorized capital of the holding corporation is thus more than twice the combined capitalizations of the two subsidiaries.

Millions in Profits.

From a stock market standpoint the deal is most satisfactory to the shareholders. The holders of five shares of Rio, which was quoted in the open market yesterday at \$157, will exchange his scrip for four common and four preferred shares of the holding company. The preferred, carrying dividends of 6 per cent. per annum, is easily worth par, and will probably command a valuation of about \$100 by the time the exchange is concluded. The common, which it is estimated will pay dividends of 6 per cent. from the start, is worth fully as much, and in the idea of some at least 10 a share more on account of its great possibilities as a money maker. On a basis of \$100 a share for the preferred, and a similar valuation for the common, one share of Rio would work out at \$160. Previous to the recent upturn in the market, i. e., two months ago, this stock was quoted at \$118, so that the change has increased its value by \$42 a share, or approximately 35 per cent.

In regard to Sao Paulo, much the same showing is made. Holders of four shares of the stock will receive in exchange 5 shares of the common and 5 shares of the preferred of the holding

VOL. XXXII—No. 11,650

## HOLDING COMPANIES TO CONTROL RIO AND SAO PAULO TRAMWAYS

### What the Merger Means.

The passing of the Rio de Janeiro and the Sao Paulo Tramway Companies into the control of a holding concern, to be known as the Brazilian Traction, Light and Power Company, Limited, is the most remarkable arrangement of its kind in years. It will mean profits amounting to millions to the Canadian shareholders, and doubtless the making of a new group of millionaires in Toronto, as well as adding largely to the great fortunes already amassed by the "insiders." Rio has an outstanding capitalization of \$40,000,000, and the shares have increased \$48 already this year, or a total market appreciation of \$19,200,000. Sao Paulo has an authorized capital in common stock of \$10,000,000, and the shares have increased from \$186 to \$250 since last January, or, in round figures, \$6,400,000. Thus in all some \$25,600,000 has been added to the market price of these two stocks, and of this probably more than one-half will pass to Canadian holders of securities.

## FORTY AT LEAST DROWNED IN NIAGARA

### Twenty-One Bodies Have Been Taken From River, and Watch Is Being Kept Above and Below Falls—Victims Were All Residents of Buffalo.

NIAGARA FALLS, Ont., June 24.—(Special.)—At least 40 persons were drowned when the pier at Eagle Park, Grand Island, collapsed last night, the authorities believe to-night. The victims were all Buffalo people. Twenty-one bodies have been recovered at latest reports. A close watch is being kept below, as well as above the falls for bodies.

The identified dead are: Mrs. Arthur Mayer, Mrs. John Hayes, Mrs. Ellen Kellogg, Celia Kelly (9 years old), Mrs. Agnes S. Gallagher, Miss Catherine Wolff, Miss Irene Thomas, Miss Alice Griffith (11 years old), Flora A. Helstrom (6 years), Miss George Seeds (23 years), Alfred Finn (23 years), Mr. and Mrs. Raymond Boyler (22 and 21 years), Miss May Greuch (22 years), Clara Schultz (26 years), Miss Annie Fremont (23 years), Missing: Mrs. August L. Helstrom (34 years), Miss Nellie Goodwell (22 years), Edna Leidesher (16 years), Mrs. George McKee and 10-year-old daughter, Mrs. George Ruchmeyer, Norman Ruchmeyer (10 years), Mrs. Christine Wacker (16 years), Mrs. George Nester (14 years), Mary Nester (13 years), Miss Violet Sant (16 years), Mrs. Edward Westphal (25 years), Mrs. Grace Heide (22 years), Nora Meyers (4 years).

Boys were sent down the river from Eagle Park early today to recover bodies. A mile below the landing there is a reef running several hundred feet out into the river, which, with a shore swing of the current, forms a natural basin, and into this it is believed that the bodies will be carried.

There is some difference in the stories of eyewitnesses as to whether the boats contributed to the collapse of the dock by striking it when they came in, or whether it sank under the strain of the people standing on it. Skipper Fix declared today that there was no perceptible jar when he warped in. He had lined up two of the snubbing posts, but the pressure on these was not great, as he was steaming slowly against the current, which was also aiding in the swing toward the shore.

## TWO FOREIGNERS WERE STABBED BY ITALIAN WHO IS MISSING

### Murderer Evades Officers While Woods Are Searched

Posse of Police Search Country for "Big Frank," But With No Success—Reports Come From Various Sources Stating That an Italian, Blood-Stained and Answering Description of Fugitive, Has Been Seen.

Albert Switzer, a resident of Humber Bay, while looking for a stray horse, saw an Italian who looked like the fugitive entering Godson's brush, but when the police arrived he had disappeared.

Last night a call was received on the long distance phone from Ottawa stating that a man was being held there who answered the description of Big Frank. County Constable Simpson will send Halford Macdonald of Humber Bay to Ottawa this morning.

A call has also been received from Malton that a foreigner, badly bruised and covered with blood, was seen walking near that village on the Mimico Creek early yesterday morning, about 15 miles north of Mimico.

Late last night County Constable Simpson stationed himself at Salisbury-avenue and stopped outgoing freight trains, as he had heard that an attempt would be made by conspirators to get Sastito out of the district.

Calls are being received hourly from all parts of the country from people who claim to have seen the missing man. It is likely that the charge against Big Frank will be changed from the murder of Masternak to that of double-murder.

## BRYAN LOOMING LARGE IN WAR-TO-KNIFE FIGHT TO OUST JUDGE PARKER

### Nebraskan, Recognized as a Progressive Leader, May Emerge as a Presidential Nominee for Fourth Time—Battle Over Temporary Chairmanship Means Test of Strength at Outset.

BALTIMORE, June 24.—(Can. Press.)—All hope of averting a fight from the fall of the gavel in the Democratic national convention vanished to-night when the national committee approved the selection of former Judge Alton B. Parker of New York as temporary chairman, in defiance of the threat of William Jennings Bryan to make an issue of the alleged conservatism of Judge Parker as opposed to the progressivism which the distinguished Nebraskan declares should prevail.

An effort was made by the national committee to-day to placate Mr. Bryan, but a conference resulted in complete failure. Mr. Bryan would not recede from the position he had taken and to-night prepared to make his fight from the floor of the convention to-morrow in opposition to Judge Parker.

Mr. Bryan announced to-day that if no other good progressive could be prevailed upon to enter the race, he would enter the field himself as the opponent of Judge Parker.

Bryan a Dominant Figure.

The Nebraskan, three times the candidate of his party for the presidency, stood out to-day as the dominant figure in the convention. All contingents

of the future, including the nomination of a presidential candidate, seemed to hinge upon what he should do. The impression continued to be more marked that Mr. Bryan might himself be the ultimate presidential nominee. Some of his friends to-night declared that he would be voted for in the convention whether formally placed in nomination or not, and they expressed the belief that he would win if the voting should go to a fourth or fifth ballot.

Would Prevent Coalition.

In furtherance of their hope of nominating Mr. Bryan, some of his friends, it is said, are bending their energies to preventing a coalition of the Clark and Wilson forces. They are talking of Bryan and Wilson as a possible ticket, and the suggestion is receiving attention in many quarters.

In the event that Mr. Bryan should not be a candidate himself for temporary chairman, it was said he might urge Senator John W. Kern of Indiana, his running mate of four years ago, for the place. The leaders to-night, expected Mr. Bryan to enter the race.

Former Judge Alton B. Parker of New York was chosen as the candidate for temporary chairman of the Democratic national convention by the national committee to-night. Parker received 31 votes. Senator-elect Ollie James of Kentucky 20, and Senator O'Gorman of New York 2.

Conference a Failure.

The committee balloted on the recommendation of the sub-committee on arrangements, made several days ago, that Mr. Parker be the chairman. This

## SASTITO MAY BE ABOARD 'SARONIC'

### Man Whose Description Tallies With That of Murderer Leaped on Vessel at Sarnia.

SARNIA, June 24.—(Special.)—If the suspicions of Constable W. J. Harkness of the Northern Navigation Co. are well founded, Frank Sastito, wanted in Toronto for the Humber murder, is aboard the company's steamer Saronic, which left here at 4 p.m. to-day.

Just as the vessel was leaving her moorings, a clean shaven man, dark haired, slight of build, and wearing a black felt hat and dark clothing, was observed by a constable to take a sudden desperate leap upon the ship was about 8 feet from the dock and disappear thru the gangway.

A moment before the man had shown signs of nervousness when the constable, wearing his badge, had passed him.

The inspector of the vessel was notified to watch the man.

In an interview with the company, it was learned that they intended to notify the police at the Soo to arrest this man upon the arrival of the vessel.

Big Convention in City.

We hope that the Knights of St. John will not overlook making a few calls on the merchants in Toronto. Toronto stores have a reputation for holding an international stock. You will find in nearly every case that the goods embrace the best production from the British Isles, Canada, France and Germany. Take for instance, in men's hats, The Dinsens Company sell alone in Canada, the celebrated English hats made by Henry Heath of London, England, and those by Christy of the same place. These special lines, much in demand in the United States by fashionable men, are sold in Toronto at one-third the price a kid in New York. The Dinsens Company is the Canadian agent for Dunlop of New York, and handles German and Italian hats by Ferrarino. The fur show room contains a splendid collection of native Canadian fur garments, than which there is no better produced in any other country in the world.

## KNIGHTS OF ST. JOHN PARADE WAS WATCHED BY THOUSANDS

### PRIZE COMPETITION TO-DAY

Convention Opened Yesterday, When Mayor Geary and Civic Officials Extended Welcome—Ladies' Shopping Tour May Be Held on Thursday.

TO-DAY'S PROGRAM

9 a.m.—Solemn Requiem High Mass, St. Michael's Cathedral.

10 a.m.—Business session at St. Mary's Club, corner Bathurst and Adelaide-streets.

2:30 p.m.—Competitive prize drill at stadium, Haultain's Point, open to all commanderies, followed by exhibition drill by Ladies' Auxiliaries.

The great parade is over, in which 2500 Knights of St. John marched blithely over a long and hot route thru the streets, watched and cheered by the ladies of the auxiliaries of the order and thousands of curious and interested citizens. This morning the big convention gets down to business at St. Mary's Hall, Bathurst and Adelaide-streets, at 10 o'clock, after attending a solemn requiem Mass at St. Michael's Cathedral, to be said for the souls of departed knights.

Yesterday morning the convention was opened by Pontifical High Mass said at the cathedral by Rev. Father Kild, administrator of the diocese. The great building was crowded. After Mass the knights and ladies moved to the Normal School grounds where a photograph was taken, and whence they went to Canadian Foresters' Hall in College-street, where they received addresses of welcome. Vice-General McCann told them that they had a high and exalted work in the betterment of men, whereof the doors of the church were opened to them. He was followed by Mayor Geary, who made them free of the city, which welcome was endorsed by Ald. McGuire, chairman of the reception committee of the city council.

Mr. L. V. McBrady, Provincial Chief Ranger of the Catholic Order of Foresters; Mr. T. N. Phelan, of the Knights of Columbus; Mr. E. V. O'Sullivan, of the Catholic Mutual Benefit Society; Mr. Patrick Mulvey, also delivered hearty addresses of welcome, and replies were made by Brigadier-General John E. Shea, on behalf of the knights, and by Mrs. Theresa Renner, on behalf of the ladies.

A Fine Parade.

At 3 o'clock in the afternoon the knights, arrayed in full regalia and bearing streaming banners, formed for the great parade at Queen's-Park and with each commandery headed by its own or one of the city bands, the procession moved away over its long march. With their smart uniforms the men made a most creditable appearance. The men marched with the order and precision of the military. But the performance at the parade, according to commandery commanders, was as nothing to the varied splendor of the expedition.

## COLONEL COULD HAVE WON BY DROPPING THE FIGHT TO UNSEAT

### Taft's Southern Delegates Breached Scheme on Last Day of Convention, But Terms Were Refused—New Party Will Be Distinct Body.

CLEVELAND, June 24.—(Can. Press.)—A new political party from the ground up is the Roosevelt program. After a series of discussions with his lieutenants to-day before leaving Chicago, in which there were several sharp clashes, Col. Roosevelt decided to cut away from the party with which his whole public career has been identified. His decision was a disappointment to those who favored the organization of what might be considered an independent Republican party with which various state organizations might co-operate and still maintain, it was hoped, a nominal regularity.

"There must be no compromise, no straddle," Col. Roosevelt said. As an indication of his determination, he said that when he returned to Oyster Bay he would communicate with a number of Democrats who, he thought, might wish to join the new party.

When he had left Chicago, with the first plans completed and his leaders scattering to all parts of the country, Col. Roosevelt expressed himself as pleased with the outcome of convention week, although it was unexpected by him. He said that the way his announcement had been received was encouraging and that he had a mass of letters and telegrams from all parts of the country from both Democrats and Republicans offering support.

The Republican nomination for president, Col. Roosevelt asserted to-night, was his for the asking on the day that Taft was renominated. He declined to accept it, he said, on the terms under which the offer was made.

Could Have Turned Tables.

On his way back to Oyster Bay the former president gave a glimpse into the secret history of the last day of the convention when it was apparent

## NO SPORTS OVER PHONE

The Toronto World regrets to announce that in future it will be unable to answer any telephone inquiries regarding sporting events. For a long time The World has endeavored to oblige its friends and patrons in this regard, but during the last two weeks the pressure on our telephone system has become so heavy that it has become absolutely necessary that we should discontinue the practice. Our trunk lines have been overloaded to such an extent that it has become impossible to carry out the routine business of the office, and it is necessary for us in future to refuse to answer any questions as to sporting results in this way.

## NO BULLET WOUNDS FOUND ON BODY OF MIKE GYRADA, AND AUTOPSY SHOWS THAT HE AND MASTERNAK DIED OF KNIFE WOUNDS—JOE NAPOLI FIRED ONE SHOT FROM HIS REVOLVER, WHICH DID NOT TAKE EFFECT, BUT HAD NO KNIFE.

The death of Mike Gyrada, the Pole, who was murdered at the Humber Bay Polish colony on Sunday, did not result from his being shot down by Joe Napoli, who is held on a charge of murdering Gyrada, as was stated.

Big Frank, alias Frank Napoli, alias Frank Sastito, is likely to be charged with double murder when the findings of the post mortem examinations are made known. Both Masternak and Gyrada died as a result of knife wounds and no bullets struck either of them.

According to the statement of Thos. Masternak, brother of the dead man, Big Frank was the man who did all the stabbing, while Napoli fired the shots from the revolver which residents heard. At the police station, the prisoner stated that he had no knife. The revolver, which he is said to have used, has five chambers loaded, and the sixth discharged, so that the wounds that caused death to the two Poles were inflicted in the scuffle with the knife owned by Big Frank.

Napoli maintains that he did not touch the knife, and as there were only four in the fight the man now sought will be charged with double murder when the autopsy report is made by Dr. Forbes Godfrey.

The doctor has refused to discuss the case, but the information is correct beyond doubt and is the outcome of a careful investigation into the case.

No Bullet Wounds.

When jury viewed the remains of Gyrada at Newton's Hotel, Corner Dr. Ricker pointed out to the men the situation of the different wounds. It was shown that they all appeared to be knife thrusts and not lacerations made by bullets. The deepest cut was on the left side toward the back and almost on a line with the heart. Although the result of the medical examination has not been made known death was due to a hemorrhage of the heart, resulting from the wound. It is practically certain that the findings of the doctors will prove this. At least two of the cuts shown last night were inflicted with a knife, and the third also appeared to be in the nature of a stab and not a bullet mark.

New Possibilities.

New possibilities are opened up by this view of the crime. John Masternak, the other Pole, died in the Western Hospital from knife wounds. He went to the assistance of his friend, Gyrada, just before Napoli drew the revolver and fired. Only one shot was discharged from the gun which Thos. Masternak, brother of the second murdered man, said he took from Napoli and turned over to the police.

It has been stated by witnesses that Big Frank was the Italian who used the knife, and Joe Napoli had the revolver. Therefore, as both the dead men were stabbed, Big Frank must have inflicted the injuries to both. If the post mortem report shows that death was caused by these knife wounds, then an attempt will be made to fasten the double murder on the foreman.

Had No Knife.

Joe Napoli, the man now held in custody, says that the Poles fired on him with a small pistol; that he did not have one and did not possess a knife. It has been suggested that the gun turned over to the police was the one the Poles owned, and that they discharged the shot and were then stabbed by either Big Frank or both the Italians.

The fact is that after the crime was committed Napoli laid under a tree until forced to flight by the appearance of C. Shadwell with a revolver. He seemed to be more afraid of his pursuers than of anything he had done. In addition, he is badly beaten himself and if he shot Gyrada down, as he is credited with doing by the Poles, then the latter must have first struck him with a knife or some blunt instrument.

For the purpose of clearing up some of the mystery County Constable Geo. Simpson will examine all the members of the colony thru Interpreter S. F. Adalia to-day.

Inquest Adjourned.

The inquest held at Newton's Hotel was adjourned last night until Thursday, as Mr. Adalia expects to experience great difficulty in getting the truth from the people. Crown Attorney Greer was resent for the crown.

## NO SPORTS OVER PHONE

The Toronto World regrets to announce that in future it will be unable to answer any telephone inquiries regarding sporting events. For a long time The World has endeavored to oblige its friends and patrons in this regard, but during the last two weeks the pressure on our telephone system has become so heavy that it has become absolutely necessary that we should discontinue the practice. Our trunk lines have been overloaded to such an extent that it has become impossible to carry out the routine business of the office, and it is necessary for us in future to refuse to answer any questions as to sporting results in this way.

## BEGIN TO BUILD DEPOT IN SIX MONTHS

### President Chamberlin of the Grand Trunk Visited Toronto Yesterday in Company With Two Vice-Presidents, and Inspected Union Station Site and Grade Work in West End.

The certainty of an early start being made with the new station to be erected in Toronto by the Grand Trunk Railway was borne out by the visit to this city from Montreal yesterday morning of President E. J. Chamberlin, the new head of this road, and Vice-Presidents Kelly and Dalrymple.

The president inspected the new station site and the grade work now under way in the west end of the city. He expressed himself as well pleased with both.

At 12 o'clock the party left by special train for Buffalo and Chicago. A number of terminals in the west are to be inspected.

Vice-President Kelly stated that although it would probably be in the neighborhood of six months before actual operations would be commenced on the new station, the G.T.R. would begin work on it without delay on the completion of the necessary arrangements.

He gave a very emphatic denial to the statement that the G.T.R. intended to build the Montreal station first and until the eastern terminal is completed to allow Toronto to stand.

In this regard President Chamberlin remarked that the G.T.R. would do what they promised for Toronto with the least possible delay.

YORK COUNTY West Toronto North Toronto East Toronto

WATER IS DEEP IN THE SUBWAY

Traffic Tied Up on Ward Seven Street—Knights of Malta Held Annual Meeting.

WEST TORONTO, June 24.—Sir Robert Land Commandery No. 3 G. R. C. Knights of Malta, held their 7th anniversary meeting to-night in St. James' Hall and a record attendance of knights in uniform were present.

A pleasing feature of the evening was the presentation of a marble mantel clock to the Lieutenant Commander of the lodge, Sir Knight H. J. Bentley by his fellow officers and members of the uniform corps.

The Annette-street Baptist Church held their annual congregational and Sunday school picnic to-day at Bond Lake. The three private cars were completely filled and everyone had a most enjoyable time.

The General Fire Extinguisher Co. of Montreal recently took out a permit for a \$40,000 steel and concrete factory on Dundas-street, near Chelsea-avenue, and excavation work has been going on for the past week.

Water again filled the Keele-street subway to-day to a depth of about 4 feet. The workmen stated it was due to a blocking of the sewers. Surely West Toronto is now of a sufficient size to own a sewerage system which is worthy to be called such.

The Toronto Junction Lodge of the Canadian Order of Foresters held their regular monthly business meeting to-night in the Sheppard block, Dundas-street.

Water in Subway. Water again filled the Keele-street subway to-day to a depth of about 4 feet. The workmen stated it was due to a blocking of the sewers.

The Fish and Chip Restaurant Company are erecting a large new \$200,000 building on Keele-street, just north of Dundas-street.

The closing exercises of the Toronto Junction College of Music will be held in the College Hall, Dundas-street, on Wednesday evening. The certificates and diplomas will be presented this year by Rev. D. T. L. Kerroll, M.A.

DOUBLE-TRACK PAVEMENT

Engineer James Contradicts an Alleged "Fact."

Interviewed by The World yesterday, Engineer James said: "It is quite incorrect for anyone to say that I have estimated the life of the special pavement to be laid down for a suggested double radial track on Yonge-street as 17 years. I recognize that the term of years for which debentures for \$72,100 would have to be issued, depends on my report as to the life of such a pavement.

There are many things to take into account. The class of cars to be used, the pounding of the pavement by heavy freight cars and the possible disturbance of the bed by sewerage or water main operations. There is such a pavement laid down in the City of Cleveland, but local conditions must of necessity decide the life of any particular pavement. For example, the present pavement in Jarvis-street, in the City of Toronto, was laid down 22 years ago on ten-year debentures, but you must remember that there are no tracks on Jarvis-street and a comparatively small amount of vehicular traffic. However, I feel confident of giving a reasonably approximate estimate of the next council meeting."

PRESENTED TO KING

North Toronto St. John's Ambulance Corps Were Honored.

Chief Collins of North Toronto, in charge of twenty members of the St. John's Ambulance Corps, who were recently sent to the old country thru the generosity of Sir Henry Pellett, to attend an international congress, were presented to King George on Saturday last.

BRILLIANT PIANIST

Gordon Kilcock of Eglinton Won First-Class Honors.

Master Gordon Kilcock, son of Mr. and Mrs. Robert Kilcock, 5 Sherwood-avenue, Eglinton, is the recipient of hearty congratulations from his many friends upon his successful performance as pianist at the College of Music, Penbrooke-street, Toronto, last week.

STRIKERS' ATTACK FATAL

One Dying and Others Shot at Hastings-on-Hudson.

HASTINGS-ON-THE-HUDSON, N.Y., June 24.—(Can. Press.)—One man is probably dying and five other persons, including a woman, lie seriously injured to-night in the Dobbs Ferry Hospital, victims of renewed hostilities this afternoon in the strike declared about ten days ago at the plant of the National Conduit and Cable Co.

C.N.R. PUTS MORE LAND ON MARKET

Company Will Open Up Port Mann Subdivision and Begin Work on Shops Immediately.

The Canadian Northern Railway will next month place on the market an additional fifty acres which they are to open up immediately west and adjoining the townsite of Port Mann. This has been brought about by the total selling out of the original townsite, showing the need of more land for this new western C. N. R. terminal.

In preparation for the placing of the additional land on the market, Mr. Frederick S. Tod, of Montreal, the landscape artist who laid out the original townsite, has been sent to Port Mann, where he is superintending the laying out of the new subdivision. It will be laid out similar to the present townsite with a number of diagonal streets stretching clear across it.

Almost simultaneous with the placing on sale of the new subdivision, the C.N.R. will commence construction operations next month on the large railway shops and roundhouse to be erected at Port Mann. It was announced yesterday that the estimated cost of these shops would be between a half and three-quarters of a million dollars.

It is now definitely stated that the Carnegie Steel Company of Pittsburgh, will establish a smelter at Port Mann. These steel works will be on a huge scale and will represent at the outset an investment of about two million dollars. The International Milling Company has secured a site for terminal elevators and flour mill, to cost approximately a million dollars. Negotiations are also under way with an English concern for the establishment of a large dry dock and shipbuilding yards.

DEBTOR SENTENCED

James Harkness Gets Thirty Days for Contempt of Court.

James Harkness of Alvinston was sentenced to 30 days' imprisonment by Mr. Justice Middleton yesterday for contempt of court for refusing to appear for examination and tell of any debts due him and touching his estate and effects. Harkness was a judgment debtor of the Ingersoll Packing Co. to the amount of \$182.15. He refused to comply with a court order to appear and give evidence as to his means at the time the liability was incurred.

THEY LIKE ONTARIO

Trip of Britshers May Mean New Industries, Says A. E. Duff.

A. E. Duff, district passenger agent of the Toronto division of the Grand Trunk Railway, has arrived back in the city from his tour thru western Ontario with the visiting delegation of British manufacturers. From Toronto Mr. Duff traveled with a number of Niagara Falls, from where they proceeded to Hamilton, London, Brantford, Cobalt and North Bay, from which point they proceeded to western Canada. Mr. Duff was high in his praise of the Canadian tour of the British manufacturers, and is firmly convinced that it will lead to a number of British manufacturers establishing branches in this portion of the province. The visiting Britshers seemed much impressed with Ontario's possibilities, and wrote down in their note books a number of points for future reference.

DIDN'T LIKE NOISE

Chief Justice Falconbridge Threatened to Have Workmen Arrested.

THIS GIFT Presented by The Toronto World

Every home needs a Bible, and one of convenient form. To appreciate this great book it does not necessarily mean that one must be a church member or a religious man or woman, but the grand educational distribution undertaken by this paper makes it available for everyone, to be often referred to, and often read here and there as the most interesting of all books, as the book under whose teachings the development of civilization has been accomplished.

SEE the Absolute Flexibility of This \$5.00 Volume

Bring in Your Free Certificates and Get This \$5.00 Illustrated BIBLE

Our big Bible Shipment has arrived and we are all ready to present to each of our readers one of these handsome Bibles—Illustrated as never before attempted—in exchange for six free certificates of consecutive dates and the amount expense items as stated under the Illustrated Bible Educational Certificate printed daily on another page.

It is possible to embellish a book without actually illustrating it. This Bible is not merely embellished; it is truly and accurately illustrated. Some Bibles contain pictures; but there is none in which the individual texts are actually illuminated, as though by the touch of inspiration. Comparison is impossible, for our new Bible stands alone—there is no other of its kind. Therefore, praise of this superb new book means no disparagement of the many excellent editions published heretofore.

600 Text Illustrations--16 Colored Plates

This Bible is not a mere picture book. It is a genuine high-art production, worthy of the Twentieth Century. In addition to the world-famed Tintot pictures in color, there are 600 illustrations, all exact copies of original paintings and drawings, which constitute the most wonderful gallery of Scriptural art in existence to-day. To this branch of the work, and at enormous cost, were called the greatest of living artists, and it is to their intelligent conception of the work and to their mastery skill in the portrayal of Bible scenes that the superiority of this Bible over any yet produced is mainly due. Every picture is a eloquent sermon on these everlasting truths.

Either of the Bibles Offered Will Be Mailed to Any Address for the 6 Free Certificates, the Amount Set Opposite the Style Selected and 23c Extra for Postage.

It matters not how many Bibles you may now have, you will also need this ILLUSTRATED BIBLE, which illuminates—i.e., "throws light upon"—the particular text selected for illustration, and is beyond doubt the most beautiful edition of the Bible ever published.

Your Own Choice of These Books Magnificent (like illustration) is bound in full flexible limp leather, with overlapping covers and title stamped in gold, with numerous full-page plates in color \$5.00 of the world famous Tintot collection together with six hundred superb pictures graphically illustrating modern Bible knowledge and research. The text helps, printed on thin Bible paper, flat opening at all pages; beautiful, readable type. Six copies of consecutive free certificates and the amount expense items.

The \$5 Illustrated Bible is exactly the same as the \$3 Bible, except in the style of binding, which is in silk cloth; contains all of the illustrations, six copies of consecutive free certificates and the amount expense items. Also an edition for Catholics. Through an exclusive arrangement we have been fortunate in securing the Catholic Bible, Douay version, authorized by Cardinal Gibbons and Archbishop (now Cardinal) Murphy of New York, and the various Archbishops of the country. The illustrations without the Protestant Bible, and as the same amount expense items, with the necessary free certificates. Any Book by Mail 23 Cents Extra for Postage.

LIBRARIANS TO HAVE BUSY DAY

Delegates Will Be Royally Entertained During One-Day Stay in Toronto.

Early this morning 132 librarians, representing public, university, technical and law libraries in the middle west and south of the United States, will arrive in a special train and stop over on their way to the great convention held at Ottawa. They will be driven about the city thru the courtesy of the city council, will be entertained at luncheon in Victoria College by the education department and the board of Victoria College. Hon. Dr. Fyne, minister of education, will preside and Prof. Alfred Baker will welcome them in behalf of the university. Prof. A. E. Lang, the Librarian of Victoria College, will speak on behalf of that institution. At 3.15 p.m. Sir James Whitney will receive them in the legislative chamber in the parliament buildings. At 4 p.m. Dr. Neidler, the Librarian of the university,

WILL ENLARGE TRAIN

G. T. R. Will Provide Greater Accommodation on Monday Morning.

In reference to a letter written to The World by a reader who stated that the G. T. R. Monday morning train from the east was unduly crowded, he having boarded the train at Rosebank and finding several women compelled to stand, the G. T. R. officials here state that this was a most exceptional case. On a Monday morning there are a greater number of people returning to the city than would otherwise be the case, a number spending Sunday out of town. However, the matter is to be looked into and extra accommodation added to this train if it is found conditions warrant it.

BANK TELLER SHOTS HIMSELF

SASKATOON, Sask., June 24.—(Can. Press.)—Frank Gillespie, teller of the local branch of the Dominion Bank, shot himself thru the head at 12.40 to-day. The cause of his act is shrouded in mystery. The management of the bank refuses to divulge any facts at present. The suicide was committed in the basement of the bank.

DROWNING AT CARLETON PLACE

CARLETON PLACE, June 24.—An employe of Bates & Innes, name Jas. Graham, was drowned in the Mississippi River here this afternoon. When the act of putting stop logs in the dam he made a false step, fell into the river and was carried away very quickly, the current being very strong. As yet his body has not been recovered.

OPEN FRESH AIR SCHOOL

Dr. Struthers, as chief medical inspector, has issued invitations for the official opening of the fresh air class at Victoria Park to-morrow afternoon. A large number of school principals and officials are expected. The class will have about 50 children.

You never can tell

THE TORONTO ELECTRIC LIGHT CO., Ltd. 12 ADELAIDE STREET EAST.

AT THE THEATRES

SOCIETY COMEDY PRESENTED

Miss Percy Haswell and Her Company Gave Fine Portrayal of "The Liars."

Last night, before a large and very appreciative audience at the Royal Alexandra, Miss Percy Haswell and her company presented Henry Arthur Jones' comedy of society "The Liars."

SUPERSTITIONS ABOUT STOCKINGS

Stockings figure in some curious superstitions touching old customs, especially those connected with marriage.

AT THE STAR

Last week of the Star Theatre Baroque Stock Company is marked by two of the best burlesques put on during the entire engagement.

FF LABRADOR

The opening sketch was entitled "A Hot Old Time" and the performance closed with a side-splittingly entitled "Fun With the Doctor."

Female Pills

Good Show at Scarborough. Unusually large crowds attended Scarborough Beach Park yesterday afternoon and last night, and were rewarded by one of the cleverest free vaudeville entertainments put on this season.

FITZGERALD IS REFUSED AS NEW COMMISSIONER TRAFFIC EXPERTS ENGAGED

City Council Referred Back Board of Control's Nomination for Property Commissionership Bion J. Arnold, of Chicago, and J. W. Moyes, of Toronto, Appointed as Traffic Experts.

By a vote of eleven to nine the city council yesterday afternoon referred back the board of control's recommendation of William Fitzgerald for the vacant position of property commissioner.

Another feature of the meeting yesterday was the letter from Corporation Counsel Drayton announcing the appointment of Bion J. Arnold of Chicago and J. W. Moyes of Toronto as the traffic experts.

When the board of control's recommendation of the Wm. Fitzgerald for the vacant position of property commissioner came up, Ald. McBride moved that once that the matter be referred back.

This brought forward a protest by Controller Foster who claimed that Mr. Fitzgerald's ability and faithful service made him the best man for the position.

A Good Man

Ald. Austin said that Ald. Chisholm was well qualified for the position, and his knowledge of civic affairs made him an excellent man for the department.

The Coburn Charges

The report of the sub-committee of the fire and light committee regarding the charges made by Rev. John Coburn against some of the present members of the Wychwood fire hall, was made to the effect that the evidence as adduced by Mr. Coburn was not sufficient to warrant a judicial inquiry.

Cured of Piles After 20 Years

Many people have got the impression that piles can only be cured by a surgical operation, with all the attendant suffering, risk and expense.

CONSULTING ENGINEER

Committee May Appoint One for Technical School To-day. Arrangements will be made at this afternoon's meeting of the industrial education committee for the appointment of consulting engineer for the new technical school.

3. Yankee, 112 (Gearty), \$5.00.  
Time 1:43 1/4. Pierre Dumas, Pendant, Sayville, Carlton Club, Flora Day, First Star and Bee Boy also ran.

## Many Buyers and Sales At Maher's Exchange

The sale at Maher's Horse Exchange yesterday was characterized by the large number of horses offered, a record number of buyers, spirited bidding, fair prices and many sales. For the season of the year, offerings were exceptionally good, and the quality of the consignments was the best seen at these stables for some time. Buyers were on hand very early, and a large number of horses changed hands privately before the sale. Prices did not vary at all from those of the past few weeks. Many of the dealers reported that it was almost impossible to buy them in the country because of the exorbitant prices asked by the buyers and breeders. A number of out-of-town buyers were on hand and succeeded in filling their requirements. Some of them were: J. O. Giroux, Mattawa, Ont., part carload; L. B. Stone, Headford, Ont.; J. Chesnut, Eglington, Ont.; Geo. Scott, Galt, Ont.; R. A. Stockdale, Eglington, Ont. Some of the city buyers were: The T. Eaton Co., The Brothers, P. A. Murgrove, J. Leeworthy, Henry Gaffney, Ltd., Orr Bros., J. J. McEldin, A. Stevens, E. G. Law, Arthur Bell, G. Nicholson, Ontario Lime Association, J. J. Walsh, L. Perry, H. Anishusky, Al. Reeves, Alex. Williamson, P. Piffen, R. Pritchard, C. Smith, R. Jepp, J. Peeler, C. R. Farrow.

## The World's Selections BY CENTAUR

Solway & Cohen, J. Brennan and others. There are still quite a number of horses on hand at this exchange for private sale, and the management report that they have received advices of several fresh consignments for their next auction sale, on Thursday at 11 a.m.

Oaklands Win by Six Shots. The St. Simon's Club visited Oaklands Saturday afternoon, three rinks, Oaklands winning by six shots. The score: Oaklands.....11 St. Simon's.....15 E. B. Stockdale, 15 A. E. Machon, 15 H. Burch.....15 F. J. Lightbourne, 15 Dr. R. B. Hender.....15 H. Goodish.....15 son.....21 Total.....47

## DOMINION DAY REGATTA ENTRIES CLOSE TO-DAY

Entries for the Dominion Day regatta close to-day, and Secretary Jas. J. Dolan wishes all entries in to-day. Clubs who have not yet sent their entries will please do so at once, so that they will reach the secretary not later than Wednesday morning, June 26. Argonauts and Hamilton Rowing Club entries came in on Monday, and they each will have a track

weight eight. Toronto Swimming Club entries are in, and also the Beach Canoe Club.  
The entry list promises to be much larger than in former years, and the Toronto public will be given a great treat on Monday, July 1, when the Dominion Day Regatta Association opens the new island course at Hanlan's Point with their annual aquatic carnival.  
There will be a meeting of the Dominion Day Regatta Committee and officers in the Toronto Rowing Club at eight o'clock

on Wednesday evening, June 27, and it is absolutely necessary that the entries be in not later than Wednesday morning, so that the secretary can arrange the entries for the draw for this meeting. The rowing clubs, canoe clubs and swimming club will please send two delegates to this meeting.  
Dicky Rudolph, besides letting the Detroit castoffs solve his delivery, made a couple of bad bets that were turned into a tally.

Manufacturers of Bowling Alleys and Bowling Supplies. Sole agents in Canada for the celebrated

"TIFCO" BOWLING BALL  
This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball and complies with the rules and regulation of the A. B. C.  
All first-class alleys are putting these balls on. Try one on the alley where you roll and you will never roll any other ball.

## Jeff Must Have Thought Those Chicago Politicians Were Awful Boobs - By "Bud" Fisher

NOW LISTEN, JEFF, WE'LL TELL PEOPLE WE'RE DELEGATES AND SOME OF THESE POLITICIANS WILL SEND A GUY TO US TO OFFER US MONEY TO VOTE THEIR WAY. DO YOU GET THE IDEA?  
JIM ON! I'LL JUST STALL AROUND TILL I'M APPROACHED

SH-S-S-T LISTEN! DO YOU THINK YOU COULD SWITCH YOUR VOTE FOR SAY-ER-R- \$1000 IN COLD CASH. YOU CAN WAIT RIGHT HERE TILL I RUN OVER TO THE HOTEL AND GET THE COIN FOR YOU  
WELL, I ALWAYS LISTEN TO REASON

FINE! YOU WAIT HERE - BUT SAY, HOW DO I KNOW YOU'LL BE HERE WHEN I GET BACK? YOU MIGHT BE KIDDING ME. HAVEN'T YOU SOMETHING TO LET ME HOLD AS SECURITY  
OH, I'LL BE HERE - YOU CAN HOLD MY WATCH

NOW PROMISE ME YOU'LL WAIT TILL I COME BACK  
I PROMISE

?

TUESDAY MORNING, JUNE 25, 1912

THE BALTIMORE CONVENTION.

A recent cartoon represents the traditional donkey protruding his head between the contending candidates, Taft and Roosevelt, with the placid suggestion: "Don't worry; this is a Democratic year." This is the attitude taken by a great many persons, and it may be the attitude taken by the Democratic National Convention which assembles at Baltimore to-day.

On the other hand, there must be a great many people in the United States who feel inclined to drive the protruding donkey away, thus enabling the irrepressible conflict between the progressives and the reactionaries to be fought to a finish with Roosevelt and Taft as the opposing candidates.

The Democrats controlled the house of representatives the greater part of the time between the panic of 1873 and the panic of 1893, and twice elected Grover Cleveland president. They were unfortunate in having complete control of all branches of the government when the last named panic burst upon the country.

In 1896, when many of their leaders, including President Cleveland, refused to support Bryan, and they remained in all but hopeless opposition until 1910, when they carried the congressional elections upon the tariff issue.

They did little for themselves after they gained control of the house, and would have been easily beaten again this year had Roosevelt been able to obtain the Republican nomination without a personal quarrel with the president.

The acrimony which characterized the Taft-Roosevelt contest, the renomination of President Taft, and the formation of a new party by Col. Roosevelt, have materially altered the situation.

It is significant, however, that little interest seems to attach to the proceedings of the convention. If Mr. Bryan is nominated, he will probably keep in line the progressive Democrats, who might otherwise go for Roosevelt, but he may be knifed by the same element which defeated him in 1896.

For the Democrats to nominate an anti-Bryan man would mean the surrender of the entire country west of the Mississippi to Colonel Roosevelt without a contest, and probably result in there being no choice by the electoral college.

U. S. STREET RAILWAY OVER-CAPITALIZATION.

Striking figures showing the extent to which street railway overcapitalization has been carried in the United States are given in an editorial in this issue.

DO NOT ACCEPT THE OFFER TO BUY GERMAN

"I Am in the Fight to Win." He Assures Campaign Committee is Formed.

Lloyd George States That Portion of £6,500,000 Surplus Will Be Devoted to Strengthening Navy - Strong Encouragement Given Cotton Growing in East Africa.

CHICAGO, June 24.—(Can. Press.)—Col. Roosevelt left for New York this afternoon. He was accompanied to the station by Alexander H. Reavel and several leaders of the Roosevelt campaign.

A crowd gathered at the station and cheered the colonel. He bowed acknowledgement, and as the train pulled out he waved to the back platform and shouted: "I am in the fight to win."

In answer to a question, "Will your position be influenced by any act of the Baltimore convention?" Col. Roosevelt said: "It will not be. I shall not depart from what I said on Saturday night. I shall accept the Progressive platform and shall fight the battle thru to the end."

Governor Johnson of California announced the personnel of the committee on organization, which, for the present at least, will be the managing committee of the new party. Instead of seven members, as was the announced intention, Johnson named eighteen.

Progressive Leaders. The other members are: Senator Moses E. Clapp, Minnesota; Senator Joseph M. Dixon, Montana; Senator James B. Dwyer, Washington; Gov. A. Aldrich, Nebraska; Gov. E. S. Vessey, South Dakota; E. A. Van Valkenburg, editor Philadelphia North American; Col. R. Nelson, owner and publisher Kansas City Star; former Congressman Richmond Pearson, North Carolina; William R. Prendergast, Ohio; William Allen White, Kansas; Clifford Pinchot, California; Judge Ben H. Lindsey, Colorado; Matthew Hale, Massachusetts; George I. Record, New Jersey; Charles H. Thompson, Vermont; Col. E. C. Carrington, Maryland.

The committee is merely temporary, and will be added to from time to time. The members will correspond by mail, and will meet at the convention in the several states as ascertained.

McGOVERN BLAMES HOUSER

Mismanagement of La Follette Campaign "Well-Nigh Criminal." MADISON, Wis., June 24.—(Can. Press.)—Senator La Follette's defeat in the Chicago convention was attributed by Gov. E. E. McGovern this afternoon to the "mismanagement of his campaign."

The national committee authorized the committee of nine to make the selection of the Republican national chairman, and to make the selection of the national committee after the conference with President Taft.

CONFERENCE AT WHITE HOUSE.

CHICAGO, June 24.—(Can. Press.)—The Republican National Committee meeting to-day was brief and adjourned after the appointment of a committee of nine to confer with President Taft and ascertain his wishes regarding the naming of a chairman and the conduct of the campaign.

FIGHT NOW ON IN COLORADO.

DENVER, Colo., June 24.—(Can. Press.)—The Roosevelt Progressive Republican League of Colorado will start work at once to secure control of the state Republican organization.

At Osgoode Hall

CONFERENCE AT WHITE HOUSE.

CHICAGO, June 24.—(Can. Press.)—The Republican National Committee meeting to-day was brief and adjourned after the appointment of a committee of nine to confer with President Taft and ascertain his wishes regarding the naming of a chairman and the conduct of the campaign.

Tests of hens' eggs from dealers of all kinds, have shown Dr. C. Rosenberg's method of testing eggs, carried out in the laboratory of the U.S. Department of Agriculture, to be practically free from bacteria, even the dirt on the outside, and they have no distinctive odor.

Why not change all this and be strong and well and happy this Spring? Dr. Chase's Nerve Food will help you wonderfully.

Many people seem to regard sickness as something that must be endured at one time or another. They have got accustomed to dragging themselves about in misery for weeks every spring, with no idea that all this could be avoided.

This food cures supplies the elements which pure, rich blood is made of. It is a tonic, and it is a stimulant. It is a food, and it is a medicine.

Keep Well this Spring

Many people seem to regard sickness as something that must be endured at one time or another. They have got accustomed to dragging themselves about in misery for weeks every spring, with no idea that all this could be avoided.

Why not change all this and be strong and well and happy this Spring? Dr. Chase's Nerve Food will help you wonderfully.

This food cures supplies the elements which pure, rich blood is made of. It is a tonic, and it is a stimulant. It is a food, and it is a medicine.

CONFERENCE AT WHITE HOUSE.

CHICAGO, June 24.—(Can. Press.)—The Republican National Committee meeting to-day was brief and adjourned after the appointment of a committee of nine to confer with President Taft and ascertain his wishes regarding the naming of a chairman and the conduct of the campaign.

Tests of hens' eggs from dealers of all kinds, have shown Dr. C. Rosenberg's method of testing eggs, carried out in the laboratory of the U.S. Department of Agriculture, to be practically free from bacteria, even the dirt on the outside, and they have no distinctive odor.

Why not change all this and be strong and well and happy this Spring? Dr. Chase's Nerve Food will help you wonderfully.

THE WHITE IS DEAD  
ON FAME AT LADYSMITH

Jan. 24.—(Can. Press).—Sir George White, governor of the British Indian Empire, died today in his 77th year. He was a soldier, fighting Britain's battles in all parts of the world. He went through the terrible hardships of the India mutiny in 1857 as a young officer, taking part in many engagements with the Sepoys. In 1858 he became a captain, and in 1873 a major. He was during the Afghan war in 1879-80 that he made his fame and won the distinction of the Victoria Cross "for valor."

PHILLIPS-SHAW PARISH PRIEST

Pretty Drama Presented by the Stock Combination at the Grand Opera House This Week.

A pretty love story, perfectly staged and acted by an excellent company, is the offering at the Grand Opera House this week. It is the late Daniel Sully's famous play, "The Parish Priest," a drama that in the old days was a favorite with theatregoers. The company presenting it is the Phillips-Shaw players, who, during their stay here, have given several first-class productions. In the audience last night were many members of the Knights of St. John and the ladies auxiliary, and that they were delighted with the performance was evidenced by the enthusiastic manner in which the work of the company was received, and the applause which followed the act climaxes.

One of the noticeable features of the productions by this stock company is the artistic manner in which the stage settings are put on. Everything is bright and new and atmosphere is given in an appropriate manner. No prettier production has been seen on the local stage even by traveling companies playing at a scale of high prices. The stage management and mechanical staff are to be complimented on their work, as it is a big factor in the success of stock productions.

In keeping with the artistic scenic equipment is the work of the several members of the company. Each is a capable actor, having an intelligent conception of the character portrayed. That hesitancy in delivery so noticeable in many stock organizations on first performances is absent in this company, showing careful study and a retentive memory. Albert Phillips as Father Whalen, the lovable priest, who is always helping the poor, administering to the sick and disentangling the skeins of love in the lives of his young parishioners, gave a splendid interpretation of the character, following closely the delineation made famous by Mr. Sully. All the little mannerisms of the originator of the character were presented with fidelity and added considerably to the success of his performance.

Of the surprising company only the highest praise can be given for their work. Every detail was presented faithfully. It all seemed to have the success of the production in view. "The Parish Priest" should attract a pretty theatregoer who appreciate a pretty play. During the week the regular Wednesday and Saturday matinees will be given.

STANDARDIZING THE COLORS OF FACTORY PIPES.

The multiplication of pipes in factories and other establishments is a source of much confusion and may lead to serious mistakes. By a new German plan, which is meeting with much approval, such pipes are painted with distinguishing colors.

It is proposed to use green for water pipes, yellow for gas, blue for air, white for steam, black for oil, red for fire, brown for oil, gray for vacuum, and rose with red streaks for acids.

Stripes on the pipes may add further information. Red stripes, for instance, may indicate danger, black would stand for impurity, white for the presence of some steam and green for the presence of water.

Arrows may point out the direction of flow of liquids in the pipes. The same colors can be used in making drawings, and each color would soon become generally recognized as meaning always the same thing.

DECIDUOUS ROOTS OF DESERT PLANTS.

Most perennial desert plants, it appears, have two kinds of roots—one being permanent and the other being shed each year, just as the leaves are dropped from plants of suspended winter activity.

W. A. Cannon, of the Carnegie Institution's desert laboratory, states that these deciduous rootlets appear near the surface of the soil at the beginning of the rainy season, and their purpose seems to increase the water absorption during the season of maximum water supply.

As the surface of the soil again dries, these rootlets dry up and disappear.

WEST-MOUNT PARK WELLAND

Strictly High-class Residential Section With Charming Location LOCATION RIGHT — PRICES RIGHT — TERMS EASY

Close in: Within Six Blocks of Business Centre. Within Three Blocks of High School. Within One Block of Electric Station.

ELECTRIC CAR LINE RIGHT THROUGH THE PROPERTY.

WELLAND Has advanced in prosperity and culture to the extent that it demands a high-class residential section. That demand is now being supplied by WEST-MOUNT PARK, which immediately adjoins the best residential section of Welland, with water, gas and electric light at its doors.

WEST-MOUNT PARK has a charm of its own, fronting on a running stream of water, with ample provision for a suburban park and boulevard system. It affords exclusive opportunities for the discriminating homebuyer. This addition is endorsed by the leading organizations, banks and business men of the city as being in direct line with the city needs.

For Safety Invest Your Money in West-Mount Park—For Large Profits Invest Your Money in West-Mount Park.

Prices:—Lots \$200 to \$300 ONE-FIFTH DOWN. MONTHLY PAYMENTS.

Call at our office or write for scenic views of Welland and Vicinity. Furnished free.

H. H. LANG, Limited 2 TORONTO STREET, TORONTO

Choice Suburban Farms

100 ACRES

Only 11 Miles From Queen and Yonge Streets

Near Toronto, also Lakeview, Golf Clubs and overlooking Lake Ontario. All level, good loam with clay subsoil; 13 acres orchard. New brick house and bank barn, built last year. We are offering this property at a very low price. For particulars apply

McKINNON BUILDING

LABOR LEADERS HELD GUILTY

Samuel Gompers and Associates Again Convicted in Buck Stove Case—Gompers Indignant.

WASHINGTON, D.C., June 24.—Samuel Gompers, Frank Morrison and John Mitchell, the labor leaders, were today held guilty of contempt of court by the supreme court of the District of Columbia. In connection with a court's injunction in the Buck Stove and Range boycott case, they will attempt to appeal again to the supreme court of the U. S., which reversed their former conviction.

Justice Wright sentenced Gompers to one year, the same as upon his previous conviction, but sentenced Morrison to six months. John Mitchell was sentenced to nine months. His first sentence was six months.

In its previous review of the case, the U. S. supreme court reversed the conviction on the ground that the contempt proceedings had been improperly instituted. New proceedings were at once begun.

The charge was that the three men, as officers of the American Federation of Labor, thru the organization's official publication, had disregarded Justice Gould's injunction against the publication of the Buck Stove and Range Company's name in its boycott list.

After Samuel Gompers, president of the American Federation of Labor, had been sentenced to-day in the contempt case, he attacked the decision, declaring that while Justice Wright lives in our time, his decision and sentences disclose a mental concept of more than two centuries ago, when the workman was either a slave or a serf.

"Information just came to me that the decision was completed more than a month ago, but withheld until after the close of the Chicago Republican National Convention. If true, the inference is obvious," he said.

"I am sure that the decision was either a joke or a serf."

"Information just came to me that the decision was completed more than a month ago, but withheld until after the close of the Chicago Republican National Convention. If true, the inference is obvious," he said.

"I am sure that the decision was either a joke or a serf."

Twenty Cannibal Kings Wanted Desert Wife

Of absorbing interest is the romance of the jungle unfolded by Miss Vera Simonton, a modern pioneer in petticoats, who returned to civilization a short time ago, after spending a year in the West African cannibal country.

On another occasion a native chief named Akanda sent a proposal thru a delegation consisting of three native women, one of whom proved to be the keeper of his other wives, and the two others her assistants.

Miss Simonton mentions the curious fact that the native chiefs whom she refused seemed to think that she rejected their proposals because she was not fat enough. She says that in the course of her travels in the jungle she found that, when a slim girl from ten to fourteen was betrothed, she was put into the fattening-house and forced to eat bananas all day long; and that no native girl who does not possess an abundance of adipose tissue cares to become a bride.

All sorts of gifts were offered to this intrepid lady if she would consent to

heads, and quaint musical instruments, and offered them to Miss Simonton if she would become his thirteenth wife. She endeavored to parley with him by pointing out to him that she was an interpreter, that thirteen was an unlucky number on which he offered to dismiss one of his other wives and she could be the twelfth. But the offer was declined as diplomatically as possible.

A cafeteria with a seating capacity of about 450 persons, will be opened in the old Heintzman Building, Yonge-street, opposite Eaton's store, in time for the exhibition trade. The announcement was made yesterday that the company financing the Cafeteria Limited, King-street, has leased for ten years the ground floor and basement of the former J. F. Brown store, with the option of renewal. Extensive alterations will begin immediately and will cost approximately \$20,000. The restaurant will have a floor space of about 7600 feet and seat close on to 600. Chadwick and Beckett, the architects, are now drawing up plans to be put into the fattening-house and forced to eat bananas all day long; and that no native girl who does not possess an abundance of adipose tissue cares to become a bride.

FOR SALE AN S. H. P. OHIO GAS ENGINE

Majestic Brass Mfg. Co. 66 John Street edit

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATION.

ANY person who is the sole head of a family, or any male over 18 years of age, may obtain a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homestead may live within five miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead rights and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$30 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres extra.

Deputy of the Minister of the Interior, N. B.—Under no circumstances will this advertisement be published for.

AUCTION SALES Suckling & Co.

# Hollinger Scores Another Star Advance Porcupine Notes

## HOLLINGER KICKS UP NEW OLD-TIME STYLE SHOWS UP WELL

### Big Porcupine Issue Reaches Highest Level Since April—General List Shows Buoyant Tone—Crown Reserve Leads Cobalt Market.

World Office, Monday Evening, June 24.

It was a Hollinger market pure and simple to-day, the big Porcupine issue supplying all the fireworks of the mining exchange. Trading was only moderately active, and when viewed in conjunction with the aggressive movements of a couple of months ago, was decidedly apathetic. The price movement was restricted in the extreme, the majority of the latest issues, getting more than a shade out of line with their levels at the close of last week.

At its top price for the day Hollinger stood at \$12.75, a net gain over Saturday of 75 points, and the highest level reached since April last. Anticipations of a exceedingly favorable showing of earnings from the stamp mill, which will be working to full capacity in the very near future, were responsible for the upturn, which must be accepted as one of the most remarkable swings witnessed in the stock markets for nearly a year. Since the first of this month Hollinger has sold as high as \$12.75 and as low as \$12.75, a range of \$2.50 a share, an effective answer to those critics whose contention is that public interest has ebbed to such an extent that profit-making opportunities have long since disappeared.

**Consistent Demand Shown.**

The sharp advance in Hollinger since the new stock issue was made about a week ago has justified to a marked extent the faith of the directors of the company who took up the amount of stock subscribed for in the first instance. The consistent demand since that time has been representative of public buying, founded on the fact that the prospects for the company now that it has attained the production stage.

While Hollinger was the leader in the trading, it was by no means the only issue to manifest a buoyant disposition. The whole list, in fact, showed an upward trend, sentiment being favorably affected by the Hollinger incident. Dome Extension reached 31, a gain of over 200 points, and Crown Reserve, which sold at 34.45, a gain of ten points, and 30 points up from a week ago, was the feature.

Buying of Crown Reserve, which on the optimistic reports regarding the company's Porcupine property, which shows every sign of developing into a high-class gold mine.

## CONTINUE SHAFT AT NORTH DOME

Following the visit of inspection to the North Dome property by Burr Cartwright and others, announcement is made that the shaft will be kept on the 52-foot level to the 100, and two air drills have been started at the work. At the 100-foot level a cross-cut will be run north to the vein, and drifting done to explore the body at this depth.

It is reported that B shaft stands in from three to 10 feet in width at the first level, and shows an average value of \$41 to the ton. Extra fine samples of free gold have been taken from the lead at this depth. No announcement has yet been made as to the result of the vote on whether the Timiskaming Co. should retain the property or not.

## CALIFORNIA GOLD CAMP HAS NARROW VEINS

Information relative to Highgrade camp in Northern California came to hand this week when a letter from Reno, Nevada, was received in the city. Highgrade is the new California gold which has been boomed so extensively during the winter and spring.

The veins are very narrow, but very rich. Free gold comes out in places in lumps, and in this respect resembles Porcupine showings in many ways. But the bodies so far uncovered are too small to be counted upon as real ore bodies. No one apparently is paying much attention to the camp.

It is difficult to reach Highgrade even now. The camp is very high up in the mountains, and snow still covers the ground to the depth of two feet.

In May Angus McLean, an old prospector, came to Porcupine from Highgrade, where he had spent the winter, and his story would be considerable working to give evidence of body. He stated that 800 persons were there then with practically little to eat till spring broke.

**Chicago Live Stock.**

CHICAGO, June 24.—Cattle—Receipts 18,000; market uneven steady; cows and heifers steady to lower. Steers, \$6.10 to \$6.90; Texas steers, \$5.40 to \$6.20; calves, \$5.20 to \$7.25.

Hogs—Receipts, 2,000; market opened higher, closed weak; heavy, \$7.20 to \$7.25; mixed, \$7.20 to \$7.25; light, \$7.20 to \$7.25; western, \$7.20 to \$7.25; yearlings, \$7.20 to \$7.25; lambs, native, \$4.20 to \$7.25; west, \$4.20 to \$7.25; spring lambs, \$5.20 to \$7.25.

Sheep and Lambs—Receipts, 20,000; market steady to lower; native, \$5.20 to \$7.25; western, \$5.20 to \$7.25; yearlings, \$5.20 to \$7.25; lambs, native, \$4.20 to \$7.25; west, \$4.20 to \$7.25; spring lambs, \$5.20 to \$7.25.

## VEIN IS CUT AT 400-FOOT LEVEL

The full width of the vein at the Swastika at the 400-foot level has been out and inside reports have it that from 5 to 15 feet of quartz were encountered 18 feet to the west of the bottom of the shaft. Free gold shows thru several feet of quartz.

So encouraging are the results that considerable impetus has been given to the work of building the stamp mill, and extra forces have been set to work on the mill base which is 100 by 40 feet in dimension. The mill will be running as quickly as possible. Ten stamps will be put in at first. Later the number of the stamps will be doubled. It is reported that the shaft is being continued to the west to pick up another vein which is known to exist not far from the main one now severally.

The most accomplished young linguist in the New York Public Schools is Willard Gibson, seven years old, who has been sent from Manila to attend school in that city. He speaks English, Spanish, Japanese and four other languages.

A museum of words is planned by a Paris scientist who hopes to collect phonograph records of all forms of speech.

## WEIN IS CUT AT 400-FOOT LEVEL

Encouraging Reports From Swastika Property—Free Gold Shows in the Quartz.

While the outlook of the stock market is for betterment, the situation is not without its drawbacks, which should not be ignored. New security issues, however, I have been enormous. It is questionable whether any further important additions might not bring on a financial indigestion. Germany and Canada were the first to feel the effects of excessive issues. The financial strain in Germany has been no less since the war scare last summer, and no little concern exists as to the approaching July settlements in Reichland. If these are passed in safety all will be well for the time being at least. The effects of over-doing in Canada are cropping to the surface, as shown by the recent partial failure of important Canadian issues in London.

Taking all things into consideration, the outlook is for a better and gradual hardening stock market, crops and politics permitting.—Henry Clews.

## C. P. R. EARNINGS.

C. P. R. earnings for week ending June 21, \$2,519,000; same week last year, \$2,653,000.

**ACCUSED PLEADED GUILTY**

Albert Phillips is Remanded on Charge of Assault, and Robbery.

Pleading guilty to robbing and assaulting William Gale, a drug clerk, in Lambton Mills Hotel, Albert Phillips, an employee of the Swift Company, was remanded till Friday by Magistrate Ward in the county police court yesterday. The remand was made for the purpose of allowing the prisoner to produce character evidence. Phillips and Gale had been drinking together in the Lambton Mills Hotel on Wednesday night, after which they walked to a nearby field, where it is alleged that Phillips turned on his assailant and assaulted and robbed him of a watch, box, camera, ring and the pin. County Constable Simpson made the arrest.

## PUTS A CURB ON EXCESSIVE BANK LOANS

Washington—Drastic action to repress excessive loans by national banks is contained in an order issued by Comptroller Murray, that no national bank shall on or after September 1, 1912, have an excessive loan. The date is fixed when this positive order is to go into effect two and one-half months in advance, so that banks which have excessive loans may have sufficient time to have them immediately reduced or paid without much inconvenience.

The Comptroller feels that, as the law has been pretty generally violated for the last 50 years, it is only fair to the banks that they have a short time in which to adjust their affairs to new conditions.

To show how generally this law has been violated, when the limit on loans was ten per cent of the capital, prior to 1893, the call for January of that year showed that 337 or 58 per cent of the banks then in the system reported excessive loans. The amendment included the surplus in the limit, and the call of January 26, 1907, found 1789 banks or 23.4 per cent violating this section, reducing the number almost one-half. This percentage has been materially reduced. The average per cent, based on the five calls of 1907, was 23.5; in 1908, 18.8; in 1909, 18.3; in 1910, 16.4; in 1911, 16.8; and reports for April 18, 1912, show that 989 banks or 12.8 per cent, had excessive loans.

The National Bank Act gives the Comptroller full power to enforce this order, and he proposes to do so. He has called the attention of banks to persistent violations of this act, has written severe letters of criticism, and finding this ineffective, he ordered that losses resulting from excessive loans should be borne by the director who authorized the loans, and not by the stockholders. Notwithstanding all this, at 100 tons will be run thru the McIntyre mill for tests on free milling alone or milling and cyaniding.

The shaft in which the rich vein has been cut is located just north of the company's property, and adjoins the Hollinger on the south. The McIntyre is owned by the Crown Reserve Mining Company of Cobalt.

## MAY BE MOST CONSISTENT LEAD IN PORCUPINE CAMP—VEIN WAS CUT AT DEPTH OF 300 FEET.

The body of ore cut into at the 300-foot level at the McIntyre property is proving to be a remarkable one, and prominent mining men from Porcupine are firm in their declarations that it will test out as the most consistent as to final results of any vein yet tapped in the camp.

The vein is nearly six feet in width at the 300-foot level, and comes in the porphyry. Fine gold shows through the entire six feet. Development on the vein is now in progress, and tests at every few feet show that the values are holding up firmly.

Engineer Arthur Cole, in the employ of the government, in his report given to the public last week, states that an average value of \$35 to the ton had been found.

The 30 tons of ore sent to the smelter a month for tests showed an average value of \$22 to the ton, all of which evidences the fact that values are carrying extremely consistently. Arrangements have been made whereby 100 tons will be run thru the McIntyre mill for tests on free milling alone or milling and cyaniding.

The shaft in which the rich vein has been cut is located just north of the company's property, and adjoins the Hollinger on the south. The McIntyre is owned by the Crown Reserve Mining Company of Cobalt.

## HIGH-GRADE ORE SECOND TO NONE

Evidence that the Crown Chartered is proving to be very rich, equally as good as the second level, and at the first, gradually seep thru to the public. The lens cut on the second level, of which an uprise is now being driven shows values of a high character, and there are indications that Crown Chartered will prove as rich as Dome or the Hollinger in high-grade ore.

It is understood that plans are now being drawn up relative to the building of a small mill, which may be put up in the fall.

Samples taken from the first level some months ago and assayed in Toronto show values running across 30 inches to average \$41. There were several specimens assayed, but one went down below the 18 mark others were very high.

All thru the lenses in the first level there is known to be very rich ore, as the information now states, the "second level is proving equally as rich." Crown Chartered evidently has nothing to fear in the matter of developing a body of high-grade ore. Lenses of quartz, well impregnated with gold, run for over 400 feet in shear that is from 70 to 100 feet in width.

The report has been made by the company as to future prospects. It is understood that funds sufficient to thoroughly develop the property and put up a small mill are provided.

## MONTREAL NOW HEAD OFFICE OF QUEBEC BANK

MONTREAL, June 24.—The executive staff of the Quebec Bank, with their families and penates, have moved from Quebec to Montreal and hereafter will be quartered in this city. For some time past the bank's headquarters have been at the bank's building on Place d'Armes Square, and spacious and comfortable quarters have been arranged for the moving staff.

Mr. B. B. Stevenson, the general manager, will be accompanied from Quebec by the following members of the executive staff: Messrs. R. C. Patton, inspector; R. L. Y. Jones, assistant inspector; W. H. Scott, chief accountant; G. W. Cox and D. Stenham, clerks and several stenographers.

## ROCKEFELLER ASSURELY IS GREAT ACTOR

WALL STREET, June 22.—The remarkable capture of John D. Rockefeller, under the grueling examination by Mr. Untermeyer recently, was merely another example of the versatile genius of the wizard of Standard Oil. Mr. Rockefeller was never a bad actor, and he has been playing his part in life, and was now contentedly awaiting the last call of his life.

The simple old soul had no worldly thoughts or interest, and it was with mild surprise that he listened to the lawyer's story that a man of his wealth and position should be so worried by his connection with the affairs of Standard Oil. His attitude toward the lawyer was that of sympathy. He was plainly sorry that a man of the latter's intelligence should have been deceived into believing that he had any connection with such material things. If John D. were on the stage he would rival David Warfield.

## NEW CAPITAL IN YEAR 1911

Statistics compiled by one of the Paris financial bureaus show that in 1911 issued capital to credit to the amount of \$1,785,000,000, or against 25,662,000,000 in 1910. Of government funds, Great Britain and Colombia issued \$2,000,000,000; France, \$1,600,000,000; Japan, \$2,000,000,000; Latin America, \$500,000,000; Germany, \$1,000,000,000; and the United States, \$1,000,000,000. The Russian state has not borrowed for two years, but two guaranteed banks in 1911 issued \$74,000,000 francs. There were 74,000,000 francs of conversions. Railways and industries form about half the total issues of the year.

A clinical thermometer swallowed by a patient in a Mississippi hospital, when recovered thirty-six hours later without injury to patient or thermometer, registered 104 degrees.

## ANNOUNCEMENT REGARDING THE RIO DE JANEIRO TRAMWAY LIGHT AND POWER COMPANY, Limited, THE SAO PAULO TRAMWAY LIGHT AND POWER COMPANY, Limited, and SAO PAULO ELECTRIC COMPANY, Limited.

After careful consideration, the Boards of Directors of the Rio de Janeiro Tramway, Light and Power Company, Limited, the Sao Paulo Tramway, Light and Power Company, Limited, and Sao Paulo Electric Company, Limited, have decided that it would be advisable in the interests of the shareholders to bring the three companies together through an exchange of shares of these companies for the shares of the Brazilian Traction, Light and Power Company, Limited, to be organized for that purpose, by so doing the puts and privileges of the three companies can be better safeguarded, the properties more economically developed and operated, and additional capital more readily provided for future development of the enterprises.

Careful consideration has been given to the relative values of the shares of the three companies, and the basis of exchange agreed upon is believed to be equitable, and the Boards of Directors of the various companies will recommend their shareholders to make the exchange of shares. Many of the principal large shareholders of each company, representing a large percentage of the total capital, have already agreed.

Due regard has been paid to the present and prospective earning power of all three companies. The Sao Paulo Tramway, Light and Power Company, Limited, has largely secured the advantage of the development incident to a new enterprise, whereas the Rio de Janeiro Tramway, Light and Power Company, Limited, has still a large field for expansion in its business, and is about completing its works of construction. The Sao Paulo Electric Company, Limited, was organized in 1910, and has acquired waterpowers and franchises for the production and sale of electric power throughout the State of Sao Paulo. This company has now a hydraulic installation of fifty thousand horsepower on the Sorocaba River, and is installing immediately thirty thousand H. P. in electrical machinery, in addition to which an extensive system of transmission lines is being constructed, for the cost of all of which the necessary capital has been provided. This company is also now operating a station with a capacity of 4200 H. P. and a large business is assured for the future so soon as its new plant is completed. It has also made a contract with the Sao Paulo Tramway, Light and Power Company, Limited, for 15,000 H. P. to be delivered by the 1st of September, 1912.

The Brazilian Traction, Light and Power Company, Limited, is to be organized under the laws of the Dominion of Canada, and will have a Board of Directors and Officers, with its head office at Toronto, Canada:

SIR WILLIAM MACKENZIE, Chairman, Toronto.  
W. PEARSON, President, Toronto.  
E. R. WOOD, Toronto.  
D. B. HANNA, Toronto.  
A. S. HARRIS, Toronto.  
MILLER LASH, Toronto.  
SIR H. M. PELLATT, Toronto.  
W. VAN BUREN, Toronto.  
ALEXANDER MACKENZIE, Rio de Janeiro.  
H. MALCOLM HUBBARD, Rio de Janeiro.  
ALFREDO MALFA, Rio de Janeiro.  
R. M. HORNE-PAYNE, London.  
FERVILIA FARGUE, Treasurer.

There will also be a director from each of the Cities of Paris, France, and Brussels, Belgium, representing the interests in the new company for each share of the Rio de Janeiro Tramway, Light and Power Company, Limited.

The authorized capital of the new Company is \$120,000,000, being made up of \$100,000,000 of ordinary shares, and \$20,000,000 of six per cent participating preference shares. The preference shareholders will participate in the profits of the company after the payment of a dividend at the rate of 8 per cent upon the ordinary stock—the participating shareholders will participate in the ordinary shares, according to the numbers of shares held by them. Thus, if in any period a dividend at the rate of 10 per cent per annum should be declared on the ordinary shares, the preference shareholders in any excess assets pro rata, according to the numbers of shares held by them. The consolidation of the interests of the three companies will be made through an exchange of shares on the basis of:

THE RIO DE JANEIRO TRAMWAY, LIGHT AND POWER COMPANY, LTD.  
Eight-tenths of a share of preference stock and eight-tenths of a share of ordinary stock of the new company for each share of the Rio de Janeiro Tramway, Light and Power Company, Limited.

THE SAO PAULO TRAMWAY, LIGHT & POWER COMPANY, LIMITED.  
One and one-quarter shares of Preference Stock and one share of Ordinary Stock of the new company, for each share of the Sao Paulo Tramway, Light & Power Company, Limited.

SAO PAULO ELECTRIC COMPANY, LIMITED.  
One share of Ordinary Stock of the new company for each share of the Sao Paulo Electric Company, Limited.

The balance of the shares of the Brazilian Traction, Light & Power Company, Limited, will be retained in the treasury of the Company for the future purposes of the Company.

On the above basis of exchange the distribution of the share capital of the new Company would be as follows:

Present Companies	Capital Issued	Preference Stock	Ordinary Stock
The Rio de Janeiro Tramway, Light & Power Co. Limited	\$45,000,000	\$35,000,000	\$35,000,000
The Sao Paulo Tramway, Light & Power Co. Limited	12,000,000	12,000,000	12,000,000
Sao Paulo Electric Company, Limited	5,000,000	5,000,000	5,000,000
Reserve unissued	1,500,000	1,500,000	1,500,000
	\$69,000,000	\$58,000,000	\$58,000,000

It is estimated that after the deduction of operating expenses, interest, and other fixed charges, the earnings of the new company will be sufficient at the outset to pay the dividend of 8 per cent on the Preference Stock, a dividend of 4 per cent on the Ordinary Stock, and leave a substantial surplus. In the succeeding years will justify a substantial increase in the dividend on the Ordinary Shares. To provide funds for the further development of the new company, the participating shareholders of the Rio de Janeiro Tramway, Light & Power Company, Limited, and for a working capital for the new company, arrangements have been made for the preference shareholders to subscribe to this issue after the exchange of securities has been completed.

It is further estimated that as soon as possible for the listing of the Preference and Ordinary Shares on the Toronto, Montreal, London, Brussels and Rio de Janeiro Stock Exchanges.

The exchange of securities will be carried out in the manner in which the exchange of shares will be carried out.

J. M. SMITH, Secretary.

## CROWN CHARTERED COMES TO THE FRONT AS DECIDEDLY RICH PROPERTY—DEVELOPMENT AT 200-FOOT LEVEL.

Evidence that the Crown Chartered is proving to be very rich, equally as good as the second level, and at the first, gradually seep thru to the public. The lens cut on the second level, of which an uprise is now being driven shows values of a high character, and there are indications that Crown Chartered will prove as rich as Dome or the Hollinger in high-grade ore.

It is understood that plans are now being drawn up relative to the building of a small mill, which may be put up in the fall.

Samples taken from the first level some months ago and assayed in Toronto show values running across 30 inches to average \$41. There were several specimens assayed, but one went down below the 18 mark others were very high.

All thru the lenses in the first level there is known to be very rich ore, as the information now states, the "second level is proving equally as rich." Crown Chartered evidently has nothing to fear in the matter of developing a body of high-grade ore. Lenses of quartz, well impregnated with gold, run for over 400 feet in shear that is from 70 to 100 feet in width.

The report has been made by the company as to future prospects. It is understood that funds sufficient to thoroughly develop the property and put up a small mill are provided.

## WALL STREET, JUNE 22.—THE REMARKABLE CAPTURE OF JOHN D. ROCKEFELLER, UNDER THE GRUELING EXAMINATION BY MR. UNTERMAYER RECENTLY, WAS MERELY ANOTHER EXAMPLE OF THE VERSATILE GENIUS OF THE WIZARD OF STANDARD OIL.

WALL STREET, June 22.—The remarkable capture of John D. Rockefeller, under the grueling examination by Mr. Untermeyer recently, was merely another example of the versatile genius of the wizard of Standard Oil. Mr. Rockefeller was never a bad actor, and he has been playing his part in life, and was now contentedly awaiting the last call of his life.

The simple old soul had no worldly thoughts or interest, and it was with mild surprise that he listened to the lawyer's story that a man of his wealth and position should be so worried by his connection with the affairs of Standard Oil. His attitude toward the lawyer was that of sympathy. He was plainly sorry that a man of the latter's intelligence should have been deceived into believing that he had any connection with such material things. If John D. were on the stage he would rival David Warfield.

Holding Company to Control Rio and Sao Paulo—Terms of Deal

Notes TO AEROPLANE

Traction Issue Gains Five More Points at 156 7/8—Toronto Stock Market Maintains Buoyant Undertone.

While the announcement of the proposal to form a holding company in Rio and Sao Paulo, and to exchange stock in the former for securities of the latter and concerns was not made public until after the close of the market yesterday, nevertheless the street had a good enough idea of the scheme to mark Rio up to a basis more in line with the terms of the proposition.

The upward swing in Rio will go down in stock market history as one of the most outstanding instances of price action of the year. Last Jan. the shares were ruling around 112, and up to three months ago had only reached 113. The burst of the movement in Rio has come during last month, the 31st advance made since May 24 being the sharpest appreciation in stock market values recorded by any issue possibly excepting Sao Paulo, in a long time.

The remarkable appreciation in market values of these two issues is graphically shown in the following record of prices on the 24th day of each month since January last:

Table with columns for Date, Rio, Sao Paulo. Rows for Jan, Feb, March, April, May, June.

TORONTO IS TENTH IN BANK CLEARINGS

Toronto maintained its former rank of tenth in the record of bank clearings at the close of the year. Last Jan. the last week, Montreal standing sixth and Winnipeg twelfth in the list. The record for the week, the previous week, and the percentage of increase in the corresponding period of last year follow:

Table with columns for Last Week, Inc., Prev. Week, Chicago, Boston, Philadelphia, etc.

Bullion Output

The shipments of bullion and metallics from the Cobalt camp for the year to date are as follows:

ANOTHER NOTE OF WARNING FROM LONDON

A distinct note of warning with regard to the extent to which the leading lending centres—and more especially the London market—are now being overstrained in the matter of large capital flotations.

The announcement of the proposal to form a holding company in Rio and Sao Paulo, and to exchange stock in the former for securities of the latter and concerns was not made public until after the close of the market yesterday, nevertheless the street had a good enough idea of the scheme to mark Rio up to a basis more in line with the terms of the proposition.

### Captivating Apparel Attractively Priced

Never before have we shown more charming frocks at such low prices. These garments listed here are certain to meet with your approval and so will the price:

Lingerie Dresses, lace trimmed all-over embroidery, made of crisp French voile, marquisette and changeable silks. Waists have high or Dutch collars, outlined with thread lace patterns. Colors are tan, white, blue, brown and a variety of light and dark shades. Prices \$7.50, \$10.00, \$15.00, up to \$25.00. Women's and misses' sizes.

#### WOMEN'S AND MISSES' WASH SUITS.

Crash and Linen Suits in several models. Coats are made Norfolk style, others cut-away and square effects; fasten with pearl buttons. Skirts are smartly tailored. Colors white and natural shades, \$6.50, \$6.95 and \$9.00.

#### GIRLS' RAINCOATS.

Made of imported poplin and rubberized cashmere cloth, cut on a popular model, buttoning close up to throat, with tabs at wrist. Colors navy, fawn and olive. Special . . . . . 4.75

#### RAINCOATS FOR WOMEN.

A special lot of these fine coats, made of rubber-lined tweeds, in grey, fawn and green shades, lightweight and black proof material, cut in a mannish raglan style, with sleeves and college collars. Regular value \$10.00. Wednesday special . . . . . 5.95

#### WOMEN'S VOILE SKIRTS.

Crisp, all-wool voile, in black only. These are our left-overs from our spring stock, made in plain gored and new semi-pleated style, all trimmed with silk folds, braiding and fancy buttons. Regular values \$6.49 to \$9.50. Wednesday special . . . . . 4.85

### Lustres for Bathing Suits Two Special Purchases

These two lustre specials on sale Wednesday in our dress goods department, and priced away below ordinary figures. Purchased by our London, Eng., buyer at a big discount to clear. We offer them at a price to make a one-day's selling of them. Splendid cloths for bathing suits, dresses, etc., can be had in a full range of colors: 40 inches wide, 25c; 42 inches wide, 37c—heavier quality.

### Sale of Surplus Stock of French and American Blouses

This week's special for Wednesday offers a large choice of lingerie, in batiste, marquisette and good linen. These blouses are perfect in detail. Some are trimmed with real lace, others are heavily hand embroidered. Beside the lingerie, there are some extremely pretty nion and chiffon blouses, in practically all colors. Instead of paying any price between \$6.50 and \$12.50, you can get your choice Wednesday for . . . . . 3.95

### BROWN HOLLAND 40 inch, 25c yard

Brown Holland Linen, in beautiful quality, suitable for women's or children's wash dresses, strong, serviceable make. Special Wednesday, yard . . . . . 25

100 Sets Table Linen, one cloth, 68 x 86; one dozen Napkins, 22 inches x 22 inches, to match, all pure linen, in assorted designs. Special Wednesday, per set . . . . . 2.98

Long Cloth, soft quality, new washed finish, 36 inches wide. Wednesday, yard . . . . . 10

English Striped Flannelette, 32 inches wide, good heavy make, fast colors. Special Wednesday, yard . . . . . 9

White English Satin Bed Spreads, beautiful range of designs to choose from, large size, 76 x 90. Special Wednesday . . . . . 1.98

Phone Linen Dept., Second Floor.

### Wash Goods

Linen Suitings are now "the" thing, and we have a splendid assortment in various prices, in grey, pink, sky, mauve, black, tan, linen, brown, etc. Prices range from 15c to 65c.

Cotton Poplin, a full assortment of colors in this popular material. 28 inches wide. White, black, sky, pink, brown, etc. Special . . . . . 25

Ducks and Drill, full ranges of colors in this useful outing. Black, white, sky, red, fawn, linen, brown, pink, mauve, etc. Splendid for boys and girls' summer wear, fast colors. Special . . . . . 15

The "Samson" galatea, the strongest and best galatea made. About 30 patterns in stripes and many fancies to choose from, combinations of navy, alicia, fawn, black, sky, etc. Also in plain white, alicia, sky, navy, black, red, cardinal, fawn, etc. Special value . . . . . 23

"Rains" Suiting, the popular material for washing dresses, hats, etc. In white, tan and Alice, 28 inches wide . . . . . 65

A clearance of a lot of oddments in printed muslins, lawns, organdies, etc., some high-priced goods amongst them. All at one price, per yard . . . . . 5

### Black Dress Satins and Inexpensive Dress Silks

A clearance sale of about 500 yards of plain and fancy silks—pretty stripes and check designs—plain goods in all the fancy shades, and good variety in fancy effects. Silks that make useful waists, dresses, etc. Clearing on Wednesday at . . . . . 44

NEW BLACK SILK-SATINS. Two exceptional offerings in this new satin-finished silk, so much in use at present. 300 Yards of 28-inch Black Silk-Satin, regularly \$1.33 per yard, for \$1.24. 150 Yards of 40-inch Black Silk-Monastelle Satin, regularly \$2.00 per yard, for \$1.49. In deep, full blacks, and perfect in weave.
