## BULGARS BADLY BEATEN; FOUR GAINS BY BRITISH GERMAN LINE IS SPLIT OPEN AT FOUR DIFFERENT POINTS

British Advance North of the Scarpe, Capture Strong Points East of Epehy, Push Forward South of Villers-Guislain, Repulse German Attack on Moeuvres and Improve Positions There—Attack by Germans at La Bassee Is Still in Progress.

LONDON, Sept. 22.—Field-Marshal Haig's troops last night smashed into the German lines at four distinct points on the battlefield. Near Gerelle, north of the Scarpe, the British advanced on a two-mile front. East of Epehy the British captured several organized points of resistance, according to today's British official statement.

North of Epehy Haig's men pushed forward in the sector south of Villers-Guislain. They also repulsed a German attack on Moeuvres and then improved their positions there.

This morning the Germans attacked at the British positions northwest of La Bassee, in Flanders. Fighting still is in progress. The text of the statement reads:

"During the night our troops east of Epehy (between Cambrai and St. Quentin) renewed their attack and again made progress, capturing Little Priel Farm and other organized points of resistance. A number of prisoners have been taken by us in our operations yesterday and last night in this sector and the enemy was forced to retreat."

**German Attacks Repulsed.**  
"South of Villers-Guislain a local attack made by the enemy last evening was repulsed after sharp fighting. In the course of the night our troops advanced their line in this sector and captured several prisoners."

"Yesterday afternoon the enemy again attacked at Moeuvres and was repulsed. There also our troops have improved their positions and have taken a few prisoners."

"English troops carried out a successful local operation last night north of the Scarpe River, in the neighborhood of Gavrelle, advancing our lines on a front of two miles and capturing several prisoners."

"A hostile raiding party was driven off last night west of Acheville. This morning the enemy delivered a local attack against our new positions northwest of La Bassee. Fighting still is taking place in this locality."

**British Again Advance.**  
The British again have advanced their line east of Epehy and near Hargreaves, midway between St. Quentin and Cambrai, according to Field-Marshal Haig's communication issued last night. A number of additional prisoners were taken. The text of the communication follows:

"In a minor operation undertaken by us this morning east of Epehy English troops successfully advanced their line after heavy fighting. Strong opposition was encountered at all points, and later in the day the enemy launched a number of counter-attacks of considerable strength. In spite of this resistance our troops made substantial progress on the whole of the front of their attack."

"In conjunction with the attack the Australian troops made further progress in a completely successful operation in the Hargreaves sector, capturing a number of prisoners."

**Little Fighting Sunday.**  
Little fighting, except in the nature of local encounters, occurred Sunday along the British front in France and Flanders, according to Field-Marshal Haig's communication issued this evening, which says:

"The hostile attack northwest of La Bassee reported today was not pressed. Our position there is unchanged."

"On the remainder of the front there is nothing to report beyond local encounters at different points, in the course of which we improved our positions slightly south of Villers-Guislain (midway between St. Quentin and Cambrai) and in the neighborhood of Zillebeke (southeast of Ypres)."

### Putting the Gaff into the Turks.

The Turk more and more will be pressed from the west by Greece, Serbia and Rumania; from the north by Russia, reconstructed, and from the far east by allied forces working thru Armenia and the Caucasus, and in a still more emphatic way, which is really calculated to render the greatest prestige thru the near east, by the operations now so successfully developing in Palestine.

## COMPLETE SURPRISE FOR TURKS WHO ARE SMASHED BY BRITISH

Eighteen Thousand Prisoners Already Counted, and 120 Guns—Allenby's Troops Hold Nazareth and Passages Over the Jordan at Damer—Dramatic Advance Is a Complete Success.

**ANNIHILATED**  
*British Victory Means Wiping Out of Ottoman Forces in Palestine.*  
London, Sept. 22.—General Allenby's victory in Palestine means the virtual annihilation of the Ottoman forces in this region. The British losses were surprisingly slight considering the importance of the advance.

LONDON, Sept. 22.—British troops in their drive north thru Palestine already have counted 18,000 Turkish prisoners and have collected 120 guns, according to an official statement given out this evening by the British war office.

The text of the statement follows:  
"By 9 o'clock on Saturday night our left wing the infantry about Birzur had reached the line Beitdejan-Samaris-Birefur, shepherding the enemy on the west to the Jerusalem-Nabulus road into the arms of our cavalry operating southwards from Jenin and Belsan."

"Other enemy columns vainly attempted to escape into the Jordan valley, in the direction of Jisr-ed-Damer, which still is held by us. These columns suffered severely from our aircraft, which constantly harassed them with bombs and machine gun fire from low altitudes."

"In the vicinity of Lake Tiberias our cavalry detachments held Nazareth and the rail and road passages over the Jordan at Jisr-ed-Damer. "Already 18,000 prisoners have been captured and 120 guns collected."

"By eight p.m. on Sept. 20, the enemy resistance had collapsed everywhere save on the Turkish left in the Jordan River valley."

"Our left wing, having swung around to the east, had reached the line of Bidieh, Baka and Messudieh junction, and was astride the rail and roads converging at Nabulus."

"Our right wing advancing thru difficult country against considerable resistance, had reached the line of Khan Jubelt, 1½ miles northeast of El-Mugheir and Es-Sawieh and was facing north astride the Jerusalem-Nabulus road."

**Nazareth is Occupied.**  
"On the north our cavalry, traversing the field of Armageddon, had occupied Nazareth, Afule and Belsan, and were collecting the disorganized masses of enemy troops and transport as they arrived from the south. All avenues of escape open to the enemy, except the fords across the Jordan between Belsan and Jisr-ed-Damer, were thus closed."

"East of the Jordan Arab forces of the King of the Hedjas had effected numerous demolitions on the railways radiating from Deraa, several important bridges, including one in the Yarmak valley, having been destroyed."

"Several days must elapse before accurate figures of captures can be given out, but already more than 18,000 prisoners, 120 guns, large quantities of both horse and mechanical transports, four airplanes, many locomotives and much rolling stock have been counted."

**Turk Losses are Severe.**  
"Very severe losses have been inflicted on the masses of Turkish troops retreating over the difficult roads by our air services."

"A German airplane, later ascertained to have been carrying mail, landed in the midst of our troops at Afule. The pilot, who believed the place still to be in Turkish hands, destroyed the machine and its contents before he could be secured."

**Surprise Complete.**  
Further information received concerning the dramatic advance of the British army in Palestine, begun during the night of Sept. 19, serves to confirm the completeness of the surprise and the magnitude of the success. A special correspondent at General Allenby's headquarters writes:

"The victory is much more important than the number of prisoners at present reported indicates, for the Turk has had a smashing blow and is retiring into the hills as fast as his weary legs will permit. The British are pressing him with splendid energy, delivering overpowering blows in every attempt to resist."

"The situation is most promising. It is certain that General Allenby will now deliver another large portion of Palestine from the dominion of the Turk, as well as inflict on the enemy a severe defeat."

**March Night Marching.**  
"Preparations for this battle entailed a good deal of marching. The troops were always moved by night and remained hidden in the orange and olive groves in the day time. The British mastery of the air prevented enemy observers from seeing any change in the disposition and the movements of large columns. Troops of all arms were thus concealed skilfully in a country where the marching of men raises huge columns of dust, and the Turk, too, possessed positions that commanded a wide range. But he remained mystified, which is the finest tribute that could be given to the work of the British staff."

"The infantry opened a way for the cavalry to pass thru, and then there was a wonderful spectacle of long columns of British yeomanry and Australian light horse and picturesque Indian cavalry moving over a wide expanse of country thruout the coastal sector of the Plain of Sharon to get to the enemy's rear."

While the Turkish army was occupied in strengthening its defensive positions, General Allenby's plans for the present British offensive were

carefully maturing. The troops were intensively trained and the ground was closely studied. British airplanes prevented enemy craft from seeking the British lines to observe the preparations for the attack, which took the Turks completely by surprise. The Ottoman right flank, in its formidable positions, was overwhelmed. British troops went thru the enemy's wires and captured his first trenches before he had time to lay down a barrage. Of the remaining works some were most powerfully organized, but they were speedily overcome by the dash and gallantry of the British and Indian troops.

In one sector an entire Turkish regiment, with its commanding officer, was captured with insignificant loss. Within a few minutes after the offensive was launched the Turkish troops were streaming eastward in the direction of Tal Keran.

**Complete Air Mastery.**  
The British air supremacy was so complete that not one German machine was able to show itself. British aviators harassed the enemy by a series of bombing raids, while camps, troops and transports were effectively machine-gunned by low-flying airplanes.

The German aerodromes at the same time were dominated by British machines, which dropped bombs on any enemy plane that attempted to rise. The airmen also assisted the infantry to advance by means of smoke screens, and night flyers bombed the Turkish army headquarters effectively.

One incident showed the nature of the surprise attack made by the British. A staff car with Turkish officers, in turning a corner in one town, met a British armored car, and all the Turks were captured.

**Roads All Jammed.**  
The roads converging at Nabulus and beyond are jammed with retreating transport and fugitive troops, affording easy targets for our airmen, who are raiding them with bombs with terrible effect and also machine-gunning the roads and doing great execution. At one spot, where the road has a sheer descent, great piles of transport are heaped up.

In the southern sector east of the Nabulus road, Welsh and Indian troops encountered strong opposition Wednesday, but accomplished a remarkable performance, capturing all their objectives. The units making the attack moved in echelon, passing thru one another as they reached the assigned limits, covering about ten miles of most difficult country. A unit of Cape colored troops, engaged in the operations, displayed great gallantry and push.

**Turks In Process Of Being Crushed**  
*Driven Back By British Their Retreat Is Cut Off and They Are Walking Into the Trap by Thousands.*

New York, Sept. 22.—The Associated Press tonight issued the following:

With the violence of the operations on the western front in France considerably diminished in intensity, the Turks in Palestine and the Bulgarians and their allies in Macedonia, are being put to the test. But nowhere thus far have they been able to hold back, or even to counteract, the onslaughts of the allies.

In Palestine the Turks seemingly are in the process of being crushed; in Macedonia the entente forces are driving sharp wedges for considerable distances into the enemy fronts.

Of transcendent interest, for the moment at least, are the operations of the British, General Allenby's forces, in Palestine. Here, in less than four days, the British have swept forward in the center between the River Jordan and the sea and taken the famous City of Nazareth, while their wings closed round in a swift enveloping movement and ripped within the maw of the great pincer all the Ottoman forces in the coastal sector, the Plain of Sharon, the hill region in the center and along the western Jordan Valley. Meanwhile, to the northeast, the friendly Arab forces of the King of the Hedjas have cut all railway communication in front of the fleeing Turks and are standing a barrier to their escape by way of the eastern plains.

It is not improbable that within the

bag, the strings of which have been drawn taut, closing the mouth, thousands of Turks are ensnared. Many of those already made prisoner, fleeing in disorder, literally walked into the hands of the British, not knowing their line of retreat had been cut off.

Altho the Turks at some points offered considerable resistance to the British, at no point were they able to stay the advance, even on the famous field of Armageddon, which the British cavalry swept across and occupied Nazareth to the north. In the operation of sewing the enemy within the sack, airmen played an important role, vigorously bombing the retreating Turks, inflicting enormous casualties on them. The losses of General Allenby are described as slight, in comparison with the importance of the movement carried out.

In Macedonia the Italians have joined the fray with the British, French, Serbian and Greek troops, and are hard after the Bulgarians and their allies, who are being driven northward thru southern Serbia. Between the Cerna and Vardar Rivers, altho the Bulgarians and Germans are sending up reinforcements, the allied troops have continued their pressure. The Serbians west of the Vardar River have occupied Pripolje and Kavadar, which constitutes an advance of more than 25 miles into their once-held territory. To the east of Monastir the Italians have begun operations in the famous Cerna bend, and have taken several positions, while between the Cerna and the Vardar the French have also met with success.

## FRENCH, SERBS AND ITALIANS SMASH BULGARS AND GERMANS

Advance Twenty Kilometres to Within Four Miles of Main Artery for Supply of Enemy Forces—Sixteen Villages Captured and General Re-adjustment of Enemy Lines Forced.

Washington, Sept. 22.—Serbian troops pressing the Bulgarians and Germans in central Macedonia advanced more than twenty kilometers Friday and are now within four miles of the Uskub-Salonica railroad, the main artery for the supply of the Austro-German and Bulgarian forces opposing the British and French armies on the Serbian front.

An official despatch from Serbian General Headquarters at Salonica received today by the Serbian Legation said the Serbians captured 15 villages and 12 guns, and now are several kilometers to the north of the village of Kavadar. Fresh Bulgarian and German troops are arriving continuously to reinforce the enemy lines. Cutting of the Uskub-Salonica railroad, it was said here officially today, will force the retirement of the enemy, left wing, and cause a general

re-adjustment of the enemy lines in this entire sector.

"We yesterday advanced more than twenty kilometers toward the north," said the Serbian official statement. "Our troops are several kilometers to the north of Kavadar. In addition to this town we have liberated another fifteen villages. Twelve guns have been taken by our cavalry."

"Fresh Bulgarian and German troops are arriving continuously to reinforce the enemy lines. During the retreat the Bulgarians set fire to the villages and plundered all that remained to the poverty-stricken population, thus treating them as enemies in spite of the claims of the Sofia government that this population is not Serbian, but Bulgarian."

**Bulgarians Defeated.**  
Paris, Sept. 22.—An official statement on the Balkan operations, issued here tonight, says: Bulgarian forces have been defeated

and are being pursued between the Cerna and the Vardar despite increasing rear-guard resistance.

"Serbian forces have advanced in the region of Cebren. On the right they captured high crests near Porta and Czema. Bulgarians burned villages which they had abandoned and one complete battery of field pieces fell into our hands. Our aviators bombed the retreating enemy with machine gun fire. On both sides of the Vardar and north of Monastir there is great artillery activity."

**Italians in Advance.**  
Rome, Sept. 22.—In conjunction with the general entente allied offensive against the Teuton and Bulgarian forces in Macedonia, Italian troops yesterday began a vigorous advance in the bend of the River Cerna, to the east of Monastir. The official statement issued today by the Italian war office says that the front enemy positions were captured.

of Villers-Guislain, which they had lost in the morning.

At midnight the Londoners and English county units delivered a fresh attack west of Vendhuile and captured trenches with the Little Priel Farm in the Hindenburg outpost line and advanced close to that line as far south as the junction with the Australians near Hargreaves. The British position was further improved Sunday morning.

The German second army has issued orders that the British advance must be stopped at all costs and efforts must be made to take back all lost trenches.

The result of the fighting of the past 36 hours has been the bringing of the British front within about three-quarters of a mile of the main Hindenburg system, opposite Bellecourt, on the canal and within a mile and a quarter of the Vendhuile bridge-head, seven miles south of Cambrai.

massed in the main Hindenburg system on the western bank of the canal. They drove in great strength down the trenches, but the British bombed them back slowly.

Four hundred prisoners had been taken by the British during Saturday morning, and half of these were released by the counter-assault. The British retired about half way to their original positions west of Epehy and Ronsoy, maintaining a maximum advance of nearly a mile at some places, and stubbornly held their ground for the remainder of the day.

Determined trench fights continued without intermission thruout Saturday afternoon and night. The German artillery east of the canal, which had been further reinforced, laid down a heavy bombardment on the entire front.

At 6 o'clock Saturday evening the Germans counter-attacked again and won a few additional trenches south

of Villers-Guislain, which they had lost in the morning.

RASPUTIN'S SLAYER IN UNITED STATES

Dr. de Lazere, Who Claims Authorship of Deed, Arrives.

An Atlantic Port, Sept. 22.—Claiming to be one of five men who shot and killed Gregory Rasputin, the Russian monk and "power behind the Russian throne," Dr. de Lazere arrived here today. Dr. de Lazere, formerly a colonel in the Russian army, arrived here tonight on a British liner. Dr. de Lazere said the other four assassins, all of whom are now dead, were Grand Duke Dimitri Pavlovski, another grand duke whom he declined to name, M. Tschotchenko, captain of the guard, and M. Pourshekoatch.

Tokio, Sept. 22.—The Japanese cabinet, headed by Field-Marshal Count Kato, which has held office since October, 1916, resigned today.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

From Palestine, Serbia and Ploce important news has come of further steps in the downfall of the German-Turkish right wing and in Palestine the principal remaining army of Turkey has received its death blow. In Serbia the allies are on the point of expelling the Bulgarians from a large slice of territory and of throwing Nish and Sofia open to an advance. In Ploce the British army has just completed the capture of the city and has prepared the field for another major operation of war. As the enemy's power declines, his downfall proceeds at a rapid and more rapid rate.

Not the Men to Do the Job.

Canada has embarked on the policy of public ownership of railways. The people of Canada are firmly behind the policy, and they are the ones to make the policy and to see it carried out.

GEORGE E. BRISTOL CALLED BY DEATH

Was One of Hamilton's Most Prominent Citizens and Philanthropists. Hamilton, Sept. 22.—George E. Bristol, head of the firm of George E. Bristol and Company, died here early this morning at his late residence, 51 Herkimer street. While he had been ailing for years with heart trouble, the end was unexpected and death took place before medical assistance could be rendered.

Born in Napanee, Ont., the son of the late Dr. George Bristol, Mr. Bristol was one of the city's prominent citizens, philanthropic givers and energetic business men. He was a past president of the Hamilton Board of Trade and always took a keen interest in matters pertaining to the welfare of the city. Mr. Bristol came to Hamilton as a young man in the employ of the firm of Lucas, Parke and Company, of which he eventually became a partner. In 1882 the business was reorganized under the name of Lucas, Steele and Bristol. Upon the formation of the Canada Grocers Limited, he went to Toronto as its president. Five years later when the business was dissolved, Mr. Bristol returned to Hamilton and took over the old business with which he had been connected, buying out the interests of his former partners, the late R. A. Lucas and R. T. Steele.

In church affairs Mr. Bristol was extremely active and at one time was instrumental in raising a fund of \$40,000 for the aged clergymen of the Anglican Church. He was a member of All Saints' Church and ex-officio for years. He served as a lay delegate to the synod. Surviving him are his widow, who is a sister of the late Dr. James White, one of Major Everett Bristol, C. M. G., secretary to Sir Edward Kemp and two daughters, Mrs. J. H. Benson and Miss Marjorie at home.

RAIN A GODSEND

Farmers With Heavy Load Getting Fall Plowing Done. If the heavy downpour with which central Ontario was deluged is keeping back the farmers in their work, it is proving a godsend to the men working heavy clay land farms, as they are getting right along with the fall plowing, the land turning up wonderfully mellow and free from crabs. Whether the land is in a state of question, but labor is scarce, and the farmers are anxious to get along. It is estimated that not more than 25 per cent of an average acreage of fall wheat has been sown. If dry weather follows this will be a serious situation for central Ontario by 25 per cent.

ROAD IS BAD

Considerable dissatisfaction is felt in the Todmorden district regarding the neglected state of the Don Mills road. The road is in a state of disrepair, and the farmers are anxious to get along. It is estimated that not more than 25 per cent of an average acreage of fall wheat has been sown. If dry weather follows this will be a serious situation for central Ontario by 25 per cent.

## The Youth

---the link that binds up the passing with the coming---the future with the past. Whether he be college student or business aspirant the position of the youth in this generation has become and will continue more important than in any other. At this period of his career the clothing question takes on a new aspect---neat appearance goes far towards success.

"Importance" therefore is the keynote of our fall display of Youths' Clothing. The ideals developed in our clothes are big, in keeping with this "era of the youth." Come in and let us stock you up with your year's supply of clothing.

### Snappy Styles, Excellent Fit, Beautiful Quality, Features in the New Fall or Winter Suits for Young Men

Form-fitting sac or belted models, made from beautiful tweeds and serges, in an assortment that means wide scope for choice and makes for satisfaction. Take for examples these exceptionally smart belted models--fashion's latest dictates for the well developed athletic figure of the youth. At this comparatively low price are single-breasted, form-fitting models with all-round belt, in grey cassimere finished tweed; also medium grey shade, showing a fancy woven self stripe; black with a silver grey and green thread mixture in tweed effect. Another style is made from a dark grey worsted material with lighter grey thread stripe; also a double-breasted suit from brown mixture material with worsted finish. All have carefully shaped lapels in peak or notch styles. Sizes 33 to 37. Price \$20.00.

Priced at \$22.50 are very handsome suits, form-fitting models, made from attractive cloths. These can't help but solve some youth's Clothing Problem! There are cassimeres and cassimere finished tweeds, also the smooth, firmly woven worsted fabrics in small checks, stripes and fancy weaves in many shades of grey or brown, including the new brown shades. Sizes 33 to 37.

And Here Are Navy Blue Serge Suits--always popular for everyday or dressy evening wear. "You always look well dressed in a serge." They are in single-breasted form-fitting sac or belted models with well modelled shoulders, close-fitting collars and the new lapels. They are made from soft cheviot serge materials in size 33 to 37. Price, \$22.50.

Priced at \$27.50 are other new models--some with belt all round; others with half belt, and still others in plain form-fitting sac style. These are samples of the very latest in young men's suits. Included are rich shades of grey or brown in fancy mixtures. You'll like these for they are tailored in up-to-the-minute fashion. Sizes 33 to 37.

The Sport--a new fall design, modelled with well formed shoulders, soft rolling lapels, smartly shaped pockets. It is finished with a 3-4 belt. It is made from tweed material in a dark brown mixture. This is a decidedly clever suit, as all who see it will admit. Sizes 33 to 37. Price, \$27.50.

The Cadet is a single-breasted model that fits close, being drawn in by a seam all round the waist. It has the popular New York heavy long lapels, the flare skirt and the crescent shaped pockets. It is made from self shade dark green, showing a slight twill. Only a glance is necessary to realize that this is one of the season's smartest suits. Price \$37.50.

### And Now for the Young Men's Fall Weight Top Coats!

Loose Fitting Slip-on Styles, "Close Fitters" With Belt All Around---They Are All Here in Proper Weight and Latest Style.

In one collection are various weaves, many of the rougher finished tweed effects in browns or greys--light or medium shade. Some are lined throughout, others quarter lined. Sizes 35 to 42. Price \$18.00.

Then there are slip-on or form-fitting models, in soft-finished tweed effects such as mid grey with green mixture, brown with green, or grey mixture. Price \$22.50.

Also in many colors, handsome mixtures and plaids, in greys, dark fawns or brown, are attractive coats, lined throughout or quarter lined. Price \$25.00.

### GENERAL SYNOD ENDS ITS LABORS

#### Winnipeg Chosen for Next Meeting Place in Three Years' Time.

#### PRIMATE'S ADDRESS Recommendation to Change Name of Church Referred to Special Committee

At 6:45 p.m. on Saturday the joint session of the upper and lower house of general synod of the Church of England closed its labors after a period of three years, with the full hope that next synod meeting will be held in the City of Winnipeg.

After the presentation of all reports on past business the primate addressed the house as follows: "I think we may all say devoutly that we thank God from the bottom of our hearts for all that has transpired during this period of three years, with the full hope that next synod meeting will be held in the City of Winnipeg."

The upper house recommended among the final business to be passed the report of the committee on doctrine, worship and discipline as follows: "It is of infinite importance to have some machinery by which the treasures of the church could be brought to the knowledge, and her virtues presented in such a way that they would be attractive. It is only reasonable to suppose that a simple devotional program, the propaganda of phases of modern thought which are antagonistic to the Christian faith."

It is hoped that this suggestion may call forth some voluntary contributions for the purpose intended. **Safe Godspeed.** The recommendation to change the name of the Church of England in Canada for one more suitable, such as "the Anglican Church," suggested by the Diocese of Kootenay, was referred to a special committee.

By 4 p.m. the entire house had dispersed, bishops from east and west exchanging warm wishes and a God-speed, while the delegates appearing in the entire floor testified only too truly to the fact that once more the general synod of the church had passed for another session.

**Judge McDonald Resigns.** At the morning session the resignation was accepted with regret of Judge H. S. McDonald, treasurer of the synod, who tendered his resignation on account of age.

Prolocutor Dean Lwyd said he felt everyone would regret that they would no longer have the splendid, earnest and magnetic personality of Judge McDonald around the synod. L. A. Hamilton was appointed to the vacancy.

**Dr. Matthew Wilson, speaking on behalf of the work of the council for social service, recommended the appointment of 12 women to that council, suggesting that these appointments, which would be representative of each ecclesiastical province, should be elected according to the number of clergy in the diocese. Canon Cayley opposed the latter recommendation upon the ground that as the number of clergy is constantly changing in every diocese this would create confusion. He moved that three women be appointed from each diocese irrespective of the number of clergy.**

**Winnipeg Next Year.** Regarding the proposal that the next meeting of the general synod take place in Winnipeg, Canon Heeney urged that this plan be adhered to and that in addition the meeting be arranged to take place at the same time as the celebration of the centenary of the founding of the church in the west in 1920.

It is not yet a full century since the first missionary began his work on the Red River, but today that region sends to the general synod its beloved primate and more than one third of its house of bishops. He urged that the entire church go in its full corporate life and show the strength and purpose of the church in its community life and the winning of Canada for Christ.

"We need you in the west," he said, "and you need the west. To get closer to the vastness of that part of our Dominion would give an inspiration and an impetus to the whole work of the church. A west not only rich in the material sense, but the word of the future in the sense of spiritual conquest."

The upper house decided that in order that the litany may become familiar with liturgy the book of common prayer be permitted for use in the provinces until the next meeting of the general synod.

The report of the committee upon the deceased members presented by Canon N. L. Tucker paid tribute to the members of the lower house who have passed since last general synod: Captain W. H. Carter, Quebec; Ven. Archdeacon Naylor, Montreal; Mr. McRoberts, chief Justice of the Province of Quebec; Hon.

Judge Holt of Huron, C. Vernon Flanagan, Algoma; Rev. J. Robinson, warden, St. John's College, Winnipeg; Colonel Gregory, Calgary; John William Jowett, member of Indian mission board, Calgary; Rev. W. Powell, D.D., Church of the Holy Trinity, Toronto, late prolocutor of lower house.

**Met at Luncheon.** The Archdeacons' Association of the Anglican Church of Canada, met at a luncheon upon the adjournment of the general synod Saturday.

Archdeacon Forester of Hamilton was elected chairman. There was a good attendance of archdeacons present, including Archdeacons Raymond Crowfoot of Toronto, N.E.; Knowles of Regina, Pary of Hamilton, Paterson Smythe of Montreal, Wardall of Porquiss, Richardson, London, Ouellette of Prince Albert, Tims of Calgary, Ingles of Toronto, Beer of Kaslo, B.C.; Howcroft, Edmonton.

Archdeacon Richardson gave a sketch of the origin of the association in a meeting held during the past-summer in London, Eng., in 1908. He further pointed out the aims and officers of the association as they stand to the present.

After some discussion Ven. Archdeacon McKay of Saskatchewan Division was elected honorary president. Archdeacon Tims of Rupert's Land, vice-president; Archdeacon Paterson Smythe and Archdeacon N. Perry of London, secretary-treasurer. The association adjourned after a reception of the new archdeacons and discussion of business.

Members of the lower house, who have been appointed to attend the diamond jubilee of the first general synod of British Columbia are: Archdeacon Dobey, Canon Heeney, Chancellor Machry, Mr. Justice Bigelow.

The following have been appointed to attend the Protestant Episcopal Church in Detroit: Mr. Justice Holt, Matthew Wilson, Dean Lwyd, Archdeacon Richardson.

It was moved by Rev. Dyson Hague and seconded by L. A. Hamilton that the general synod of the Church of England in Canada express its gratitude to Almighty God for the signal victories won by the British Empire and its allies, more especially in Palestine, and recognize in the scattering of the Jews to the four corners of the globe an answer to the prayers of His church and a fulfillment of many promises of the Word of God.

### TORONTO TO HAVE 10,000 TROOPS

#### Rush of Canadians From U.S. Under Army Draft Convention Expected.

Due to the expected rush of Canadians who will return from the United States under the recent army draft convention to serve with the Canadian Expeditionary Force, the military authorities at Toronto military headquarters are making preparations for quartering a total of 10,000 troops this winter.

About 8000 troops are at present in the various summer camps. The artillery will be transferred to winter training quarters about October 1, and the infantry during the last week in October. The probability is that between two and three thousand Canadians in order to avoid being drafted into the United States army will regress to the Dominion and come to the Toronto military district.

The new situation means that more buildings than at first planned for will have to be utilized this winter at Exhibition Park for barracks purposes, in addition to the buildings already being prepared. These two structures could be reconstructed to accommodate 3500 soldiers.

The majority of the 10,000 active service troops now being arranged for will be quartered in the City of Toronto. Brantford and Oshawa will accommodate some.

With about ten thousand troops in training in one month from now Toronto will be the largest military mobilization centre in the Dominion. Steps will no doubt be taken shortly to appropriate for military purposes the additional buildings required at Exhibition Park.

**Lieut.-Col. John I. McLaren, it is stated, will be commandant at the Toronto camp.**

### PORT CREDIT SOLDIER IS KILLED IN ACTION

Mrs. T. Sullivan, Port Credit, has been officially informed that her eldest son, Christopher Sullivan, was killed in action Aug. 27. He had just returned from the 12th Battalion, and was slightly wounded at Vimy Ridge about a year ago. Mr. Sullivan was then several months in hospital. His mother received a letter from him, dated Aug. 10, in which he stated he was in a front line trench. He recently captured a dugout containing two German officers. He was born in Port Credit, his mother, one sister, invalid father, and a brother, Nicholas.

### INQUEST OPENED ON MOTOR VICTIM

Coroner Snellgrove opened an inquest Saturday evening at the morgue into the death of Fred Capewell, 22, who was killed Friday night in a collision with a motor car driven by Bert Austin, a traveller. Austin appeared before Magistrate Ellis on a charge of manslaughter and was granted bail at \$5000. After the preliminary investigation the inquest was adjourned until Sept. 27.

### UNION GOVERNMENT CRITICIZED

At the opening meeting of the Century Club in Forrester's Hall on Saturday night, papers were read on "The Union Government," "British Achievements in the War," and "The Coal and Food Regulations." The Union government came in for some hard knocks for its failure to grapple with irritating domestic difficulties.

### OXFORD PIONEER DEAD.

Woodstock, Sept. 22.—George Green, one of Oxford's oldest and most highly respected residents, died yesterday. He was 83 years of age and was born in this county. Two sons and one daughter survive.

### CANADIAN ENGINEERS TRANSFERRED TO C.E.P.

Transfer of the Royal Canadian Engineers from the permanent force to the Canadian expeditionary force is a radical change just officially announced by Toronto military headquarters. It is expected the change will cause the unit to be reorganized.

Capt. Manuel Holtzman of the 2nd Central Ordnance Regiment has been appointed to the command of the machine gun corps of the Toronto military district.

Capt. Stuart B. MacDonald, formerly on the strength of the Toronto District Depot, has been assigned for special duties with the department of the adjutant-general, Ottawa.

### TWO ASPHYXIATED ONE MAN IS DEAD

#### Other Inmate of Rooming House Unconscious, But is Recovering.

William Gillespie, 62, a roomer at 4 Oxford street, is dead, and John Hoskin, also a roomer at the above address, is in the General Hospital slowly recovering from the effect of inhaling illuminating gas.

According to the police of Claremont street station, the gas was escaping from a bracket with the tap on full. Hoskin, who had the room in which the gas was escaping, is recovering well. Gasby, who was in the next room, died after admittance to the hospital.

The body was removed to the morgue and an inquest will be held. Mrs. Urena Sells, the proprietor of the house, told the police how she smelled the gas escaping and found the men in an unconscious condition. Hoskin is reported as progressing favorably.

### News From The Sunday World

**LOCAL.** Trades unionism in Toronto has expressed itself as being pleased with the appointment of Tom Moore as president of the Trades and Labor Congress of Canada.

Mr. Alfred Cleworth of 18 St. Clair Gardens has been elected a member and faithful worker in the Dominion Congress of Canada, which is held in London, England.

Dr. Hastings, local food administrator, has been appointed to be in charge of the part of citizens who hoard sugar, and he defends those grocers who refuse to sell sugar unless the order is accompanied by a grocery order.

According to a telegram received at the provincial office of the C. W. V. A., from the Winnipeg branch, the latter has no idea of sending from the Dominion body.

The military authorities at Ottawa have notified Major-General W. A. Logie to provide accommodation for at least 2000 men in anticipation of the influx of draftees from the United States.

According to a cable received Saturday Lieut. George, son of Mrs. T. H. George, Forest Hill, has been removed to London and is making good recovery.

### THE WAR.

On a three-mile front, the British are smashing into the German main defenses west of the Scheldt, with the object of getting across to the Scheldt Canal between St. Quentin and Cambrai. The French have followed up the capture of the Scheldt by forcing the Germans to retreat.

According to the Leipzig Tageblatt, the government crisis in Germany is being resolved by the majority of the parties of the left forming a parliamentary government without delay.

The offensive between the Corca and Vardar rivers continued to progress and the allied cavalry reached the region of the Scheldt according to the French official statements Friday night.

The recent Bolshevik defeat on the northern front is attributed to a majority of Lettish regiments, according to a Petrograd telegram to The North German Gazette.

Indications are that there may be a further retirement of the Germans along the northern front, near the Town of Donmarlin.

A serious outbreak of tetanus in the German army is reported by The Amsterdam Telegram.

### GENERAL.

The inter-allied labor conference in London has been more protracted than had been expected, but after another extended discussion the entire report of the committee on war aims was adopted. A patriotic known all over Canada, Rev. P. J. Hotkovich of the Church of the Virgin Mary, M. Ritschot, W. Kranski, Adam Vekovski and A. Koranovich. A Mazur rendered the declaration.

The aim of this association is to inculcate the principles of good citizenship into the hearts of the 4000 Poles in Toronto and vicinity, and also to educate them in the sciences, literature, history, philosophy, political economy and allied subjects.

### NEWS OF LABOR

#### LABOR MEN GLAD MOORE IS CHOSEN

Election is Sign of the Times Against Socialistic Tendencies.

#### WAS IN FALSE LIGHT

#### Too Long Under Influence of Well-Meaning But Ill-Advised Men.

Trades unionism and labor generally in Toronto has expressed itself as pleased with the election of Tom Moore as president of the Trades and Labor Congress of Canada and of executive, which is practically unblemished. "The election is a sign of the times," said James T. Gunn, "it is a sign that henceforth the Socialistic element will not predominate in the councils of labor. Too long has this Dominion been under the influence of well-meaning, but ill-advised members of the labor movement."

"Perhaps the most striking fault of the policy adopted by the former president and the old executive," said Mr. Gunn, "was the absolute lack of definiteness in regard to the question of the war itself. I would not for a moment condemn any members of the old executive as a pro-German, no, but the attitude of that old executive was one of indecision. Its members were too interested in the philosophy of Socialism to work for the good of the Dominion."

James Stephenson, acting business agent for the Toronto local of the Painters' and Decorators' Union, expressed similar opinion. He believed that labor had been placed in a false light because of the lack of a definite policy in relation to the prosecution of the war. "Thousands of us workers have relatives at the front," said Mr. Stephenson, "and many hundreds of us have been in the trenches of this war. We do, most of us at any rate, believe that the prosecution of the war is for the moment our chief object, both nationally and individually."

William Varley, organizing secretary of the Greater Toronto Labor Council, said that the election of Moore as president of the Trades and Labor Congress of Canada, which had held office so long as it had held no well-defined attitude in regard to the prosecution of the war, was a relief to the workers. "We do not longer suffer under this handicap, and as a result many fine men had gone to the front."

**DIFFERENCES ARE SETTLED.** Practically all the differences between the Painters' and Decorators' Union and certain employers in Toronto, which were settled, according to Tuesday evening, which was to have been a mass meeting, will be given over mainly to regular routine matters.

### FLAG IS PRESENTED TO POLISH SOCIETY

Admiral Cowan, on behalf of the Polish National Society, I present this flag, emblem of better days to come, to the Polish society, as the representative of the great City of Toronto.

The aim of this association is to inculcate the principles of good citizenship into the hearts of the 4000 Poles in Toronto and vicinity, and also to educate them in the sciences, literature, history, philosophy, political economy and allied subjects.

### CHAPLAINS FOR SIBERIA.

Four chaplains to go to Siberia with the Canadian expeditionary force have been appointed. Two of them are from the Toronto district: Capt. T. McDougal, who has been doing chaplain work for the Toronto Military Hospital, and Capt. J. P. G. Morris, chaplain of the 47th wing of the Royal Air Force camp, at Leaside.

### LIEUT. GEORGE IMPROVING.

Lieut. Tom George, son of Mrs. T. H. George, Forest Hill road, has, according to a cable received Saturday, been removed to London and is making good recovery. He was wounded on Aug. 31 and this is the first word received from him, other than the official notification that he was a casualty.

### FOUND IN HER ROOM; GAS TUBE IN MOUTH

Mrs. Dorothy Katz, 60, 108 Markham street, was found in an unconscious condition in her room at the above address Saturday by D. Friedman, also a roomer in the house. When found the woman had a rubber gas tube in her mouth, which was connected to a gas jet on the wall of the room.

Friedman immediately notified the police of Claremont street station, who rushed the woman to the Western Hospital in their ambulance. She was reported last night as progressing favorably. The woman refused to tell the hospital authorities what led her to place the tube in her mouth.

### TORONTO STUDENT WINS DECORATION

#### Two Other Toronto Men Awarded Military Cross and Flying Cross.

Two high military decorations for gallantry in action have been conferred upon Lieut. W. E. Sommerfeldt, 257 Crawford street, by the King of Italy. The young officer, who is attached to the first British ambulance unit for Italy, was awarded the Croce al Merito di Guerra, for "conspicuous bravery." This was for services at the battle of Piave. For "conspicuous bravery under fire," he won his second decoration, the silver medal, "Pro Valore Militare." Before enlisting, he was a student at Osgoode Hall and studying law in the office of his brother in the firm of Rowan, Jones, Somerville, Newman and Hattin, Toronto.

Award of the Military Cross has been made to Capt. Claude H. Rogers, son of the late J. Rogers of Peterboro, for gallant work in constructing railways under severe shell fire. He is a graduate of the School of Science, University of Toronto, who went overseas with the mechanical transport corps and transferred to the Royal Engineers.

Flight-Lieut. William M. Thomson, M.C., only son of William Thomson, 538 Brunswick avenue, who but recently won the Military Cross, has now been awarded the Distinguished Flying Cross.

### CAPTAIN BROCKLEBANK DIES FROM WOUNDS

Word was received in Toronto yesterday of the death from wounds of Capt. Stanley H. Brocklebank, 23, of Toronto, a son of David Brocklebank of Toronto. Capt. Brocklebank had graduated from the University of Toronto and was studying law at Osgoode Hall when the war broke out. He enlisted three years ago and went to France a year later as a subaltern and received his captaincy at the front. He fought in the battles of the Somme, Vimy Ridge, and Passchendaele, besides more recent actions, and was four times wounded. He died in a French hospital.

### TORONTO SOLDIERS IN CASUALTY LIST

#### Lieut. Tough Reported to Have Died of Wounds on September 15.

Lieut. W. Gordon Tough, only son of Robert Tough, 170 Crescent road, is reported to have died of wounds on Sept. 15. He was an artillery officer before enlisting in the Canadian expeditionary force. He had been a student at Parkdale College and the University of Toronto. He was a well-known Toronto athlete and prominent in Rugby circles.

Major H. B. Kippen, M.C., 12 Meredith crescent, recently reported wounded and seriously ill, has been moved to England and is progressing favorably.

Quartermaster-Sergt. Albert Keen, a Toronto soldier with a distinguished career, is reported to have died on Sept. 15 in the military hospital at Faenza, Italy. A cable to this effect has been received by his wife who resides at 61 Wheeler avenue. His death was due to pneumonia and dysentery. He was 62 years of age. Prior to going overseas he was secretary of the Toronto corps of the St. John Ambulance Brigade. As a member of the A.M.C. he served on a number of hospital ships and also for about two years on the Balkan front. His name was mentioned in despatches by the British commander-in-chief for gallant conduct.

Sergt. Alfred E. Howell of the 24th (Beavers) Battalion, is reported "killed in action on Sept. 2," in a telegram from the department, but the casualty list released in the newspaper states he was "wounded." His wife, who resides at 61 Stafford street, is clinging to the hope that Ottawa has made some mistake. He was a veteran of the South African war, where he served three years.

**BELIEF, BRIGHTNESS, SERVICE.** Rector of Trinity Church, St. John, N.B., at Holy Trinity, Toronto.

Canon Armstrong, rector of Trinity Church, St. John, N.B. (during whose severe and prolonged illness Rev. L. Ralph Sherman, now rector of Holy Trinity Church here, took charge of the St. John mother church), preached in Holy Trinity Church last night on the fitting of mind, and in the mind of the Pharisees while they neglected justice and righteousness (St. Matthew, xxiii, 23), and dwelt upon the necessity of observing due proportion and proper perspective in life. "It is a great mistake," he said, "to make big things little, but a greater still to make little things big. Men should not enjoy the world instead of enjoying God." He urged upon his hearers that they should dwell on what they believe, not on their doubts; that they should contemplate the bright and not the dark side of life; and that they should strive to see what they could give instead of what they could get. In other words, he said, he held up the virtues of faith, hope and charity, these three, and the greatest of these is charity."

**GASLESS SUNDAY  
WELL OBSERVED**

Better Response to Appeal

Day.

HIGHWAY, EXCEPTION  
More Than Hundred Names  
Taken of Speeding  
Motorists.

Conserve the gas and beat the Germans, was Toronto's watchword yesterday, when she observed her second gasoline-less Sunday. In some parts of the city there was a light fall of rain and this, together with the cold wind, did not tend to make weather conditions altogether ideal for motoring. Street cars did a rushing business, especially about church time. The downtown sections were deserted, short of their usual array of racing motors.

Many motorists also did not seem to realize that the request to conserve gas was not a request to stop, for there were quite a few dodging around Yonge street.

Doctors' cars and others having a legitimate right to use gas were conspicuous by green crosses on their windshields, and other devices and placards plainly stating their business were employed.

All Garages Closed.  
Every garage in the city had shut down, and gasoline was neither to be had for love nor money. Several of the larger garages which conduct livery in connection with the repair business, assured a reporter for The World that cars were let on urgent business only.

There were no demonstrations of any kind against any of the wasters who happened to be out. The attitude of the people was largely one of silent disapproval, and it had its effect on some of the joyriders, who looked uncomfortable as they tried to return the cheery stares of many pedestrians.

Especially was this noticed on Yonge street, where a car had stopped for a few minutes, two youths who were sitting in the tonneau, tried their best to shrink into nothing, sideways holding their knees up so that their faces could not be seen.

Militia Cars Indoors.  
The Toronto military again strictly observed the "save gas" on Sunday movement" by cutting out in wholesale fashion use of motor cars. At a standstill, noticeably reduced to the minimum. Practically every one of the hundred or so motor cars in the mechanical transport section, which big garages was indoors all day.

On most of the suburban auto roadways motor traffic was almost at a standstill, noticeably in the Danforth section, where the day was faithfully observed by the large body of motorists. The gasoline stations throughout the section were closed for business and not a wheel turned in the big garages where cars are in. The exception of a few doctors' cars and trucks of the R. C. M. P. the streets were practically deserted. The city on Danforth street and East Gerrard street and the T.S.R. eastern section cars carried capacity loads during the day.

This was not the case on the Hamilton highway. County Constable George Simpson reports that names of more than 100 speeders were taken around Mimico.

Following the first gasless Sunday there was a report that the smaller Ontario towns were not doing as well as they should in conserving the gasoline. The thrift committee last Friday requested all newspapers to feature the request and send in reports of how the towns had observed the day. Following are some of the reports received:

Galt—Second gasless Sunday witnessed decided improvement in observance of fuel controller's request to save gasoline. Number of motors in pleasure use seen on downtown streets not exceeding half a dozen. Day was very cold, thus favoring observance of appeal.

Peterboro—Majority of car owners loyally observed request to eliminate pleasure driving today. Great improvement in this respect from last Sunday, but still room for better results.

London—London district observed gasless Sunday to the very letter of the appeal. Pleasure driving eliminated entirely, taxi service cut to fraction, and even physicians striving to make no unnecessary trips. Same content prevailed last Sunday, and observance this district has been 100 per cent.

Woodstock—Gasless Sunday strictly observed here today. All garages closed all day, saving 200 gallons in city alone. Outlying points report no cars running.

Lindsay—A loyal united response was made locally to the appeal today, save for presence of motors outside of churches, property of rural members, and motors of physicians on visits public desired from Sunday morning.

Geleph—Appeal to have gasoline conserved.

USED RAZOR ON ALLEGED BURGLARS  
Roomer Attacked Austrians, One of Whom Is in Hospital.

Julius Gersho, an Austrian, giving his address as 137 John street, is under police guard in St. Michael's Hospital, suffering from a severe stab in the chest and forehead, and George Sezeszko, 14 Drummond place, is in custody in Court street station, both men being held on a charge of burglary.

According to the police of the division the men are alleged to have entered the home of Frank Johnston (colored), 902 West Adelaide street, on Sunday morning at 1:30 by means of a key which was hung outside the door on a nail for the convenience of roomers. The men are said to have walked into the room of Sylvester Biantam, a roomer, and to have taken his trousers from under his pillow. Biantam, however, was a light sleeper and when the men touched his pillow he awoke but did not move until the two men were going thru his pockets, when he seized his razor, jumped up, and attacked them. Gersho went down with a slash above the right eye and a stab in the chest, while the other man was putting up a fight to save himself. The scuffle aroused the whole house and Policemen Greenlee (292) and Pearson (285), who were in the vicinity, rushed in and placed the two men under arrest. Gersho was sent to St. Michael's Hospital, where the authorities stated last night it will be several days before he can appear in court to face the charge. He will be kept under guard until he recovers. His condition is not serious.

# Trotting 15 Heats on Closing Day

## JUNE RED WON THE CAPITAL CITY TROT

### Fifteen Heats Required to Decide Five Races Closing Day at Columbus.

Columbus, O., Sept. 22.—To complete a long week-end program, fifteen heats were raced here Saturday afternoon before decisions were reached in all events. The feature of the card was the return to form of June Red, who won the Capital City trot, purse \$200, in easy manner.

The unfinished Horse Review Futurity, for three-year-old pacers, of which three heats were completed on Friday, went to Edna Early, the original favorite, in the first heat, a three-year-old filly started against a field of 14 aged horses in the 21st heat, and won in straight heats, retaining her victory of last week at Syracuse.

In the 21st heat, Drop Wood defeated Dan Hedgewood, the favorite, and nine other pacers.

Edna's McMahon's new trotter, Red Bon, was the class of the 21st trotter. Oscar Wain and Hank Stout, however, made an interesting fight.

On Monday the free-for-all pace will be the feature, summarized as follows:

## "Oh, It's Me!"

### Cries Many a Woman Whose Weakened Run-Down Condition Makes Her Cross, Irritable, Wrinkled and Old Before Her Time.

Most Women Who Tire Easily, Have Fits of the "Blues" or Look Pale, Haggard and Worn, Need More Iron in Their Blood to Strengthen Their Nerves and Put Color in Their Cheeks, Says Dr. Kenneth K. MacAlpine, Prominent New York Surgeon and Former Adjunct Professor New York Post Graduate Medical School and Hospital.

With the divorce courts showing an ever increasing number of homes broken up often through woman's highly nervous state—with thousands of women leaving their business positions or unable to attend to their household duties because of their weakened, run-down conditions, and still others whose constant complaining makes life a burden to themselves and to their families, it should be especially interesting to the public generally to read the testimony of such a medical authority as Dr. Kenneth K. MacAlpine, a prominent New York surgeon, member of the New York State Medical Society and for 16 years Adjunct Professor of the New York Post Graduate Medical School and Hospital, who tells below how by increasing the supply of iron in the blood, women may become stronger, healthier and more successful in the home, social and business life.

Dr. MacAlpine says: "In my opinion practically nine out of every ten women who are run-down, nervous, irritable, and who are suffering from the 'blues' or who are looking pale, haggard and worn, are suffering from a deficiency of iron in their blood. You can tell the women who have this condition by the fact that they are unable to do their household duties, or are unable to attend to their business positions, or are unable to do their work, or are unable to do their school work, or are unable to do their social and business life. They are all suffering from a deficiency of iron in their blood. Iron is the most valuable tonic, strength and blood-builder any physician can prescribe."

In commenting upon Dr. MacAlpine's medical authority as Dr. MacAlpine says: "Such words coming from so high a medical authority as Dr. MacAlpine must carry great weight with every thinking person. Dr. MacAlpine is one of the most careful and conservative of physicians, and it had an operation to be performed on myself I know of no other surgeon whom I would rather have perform it. I fully agree with Dr. MacAlpine that there can be no healthy, rosy-cheeked woman without iron. He says that iron is the most valuable tonic, strength and blood-builder any physician can prescribe. Nuxated Iron—Nuxated Iron will often transform the fishy flesh, lonesome, nervous, run-down, weak, haggard, and irritable women into rosy, healthy, strong, and successful women. Anemia—Iron deficiency—is the greatest cause of the health, strength, vitality and

beauty of the modern American woman. Lack of iron in the blood may often transform a beautiful, well-developed, and energetic woman into one who is cross, irritable, and wrinkled. Unlike the older, iron-deficient women, the rosy cheeks of women who are not strong or who will not do it to yourself to make the following test: See how long you can work without becoming tired. Then take a five-grain tablet of ordinary Nuxated Iron 3 times per day after meals for 3 weeks. Then test your strength again and see how much you have gained. Manufacturers' Note: Nuxated Iron which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older, iron-deficient women, it is easily assimilated, does not injure the stomach, and its use does not upset the stomach. The manufacturers guarantee satisfactory and entirely satisfactory results to every purchaser who will retard your money. It is dispensed in this city by Tammany and other druggists.

## WATERS ELECTED PEACE DELEGATE

### Labor Congress Opposes Liberation of Conscientious Objectors Under M.S.A.

## RESOLUTIONS PASSED

### Advocate Raising of School Age to 16, and Taxing of Victory Bonds.

Quebec, Sept. 22.—The Trades and Labor Congress went on record on Saturday as opposed to petitioning the government to consent to a treaty to Saturday under the Military Service Act which claim that they are conscientious objectors. A motion was brought in which the alleged conscientious objectors be liberated so that they could help in food production by their work on farms. The committee on resolutions recommended non-concurrence in the motion and after a stout tussle, in which a roll call was demanded, the committee was sustained by 99 to 80. The debate on the question was quite fiery at times.

When the committee began its last session Saturday morning it had over 100 resolutions to dispose of. Chairman Moore, however, drove the congress along at a fast clip, with the result that the delegates were enabled to wind up the convention with the customary formalities about 11 p.m.

During the evening the delegates who were attending the labor peace conference were selected. The chosen were J. C. Waters, ex-president; J. M. Draper, secretary-treasurer; and Lawrence Park, Montreal.

After the resolutions committee had moved non-concurrence in the motion referring to the release of conscientious objectors on parole so that they can labor on the farms, Dr. Rees, Vancouver, asked if this meant that the committee favored conscription. The chairman of the committee, Delegate Lodge, said that this was not the case. The committee had decided on non-concurrence because there were so many classes of conscientious objectors.

Election to Peace Conference.

The election of delegates to labor peace conference followed. The result showed Mr. Waters and Mr. Draper tied with 71 each and Mr. Francis third. Another election was taken to select a candidate in case only one delegate was invited, and Mr. Waters won out.

Waters' announcement of Mr. Draper's support was widely noted. Delegate Lodge said, "Now we shall get on with the work." At this point Mr. Rees was asked by the chairman to make a presentation to Mr. Waters on the subject of the convention of a souvenir of his own connection with the office of the delegates. The delegates also approved Mr. Waters' ten months' salary and \$500 expense for his trip to England as fraternal duties of the British Trades and Labor Congress.

Resolutions Passed.

Resolutions passed recommended: That the grading of stationary engineers in Ontario be suspended until the soldiers come home; that the label of the Allied Printing Trades be removed from the printing press; that the Dominion labor department be petitioned to old-age pensions; that the provincial government be petitioned to introduce laws making it compulsory on children to attend school until the age of 16; that laws should be introduced to compel the manufacturers of manufacturing clothes in the homes of workers; that sympathetic strikers be given the right of political education of the workers; that the creation of provincial and federal departments of health is favored; that the health of the workers be placed upon the same tax-bearing basis as other securities; that a licensing board be established for Ontario electrical and mechanical workers; that a minimum salary for teachers, who are prohibited of private employment agencies, be recommended; that the provincial government be petitioned to provide with Quebec called for an inquiry into the constitution law by the dealing government and the enactment of a law to provide for the establishment of free and compulsory education, uniform text books to be sold at cost price pending free distribution; Y. M. C. A. AT CAMP ROBBED OF \$800

Believed to Be Work of Organized Crooks Now in Training as Soldiers.

A FALSE ALARM

Young Doctor Diagnosed Cases of Grip as Spanish Influenza—Quarantined.

Niagara Camp, Sept. 22.—The Canadian Camp Y. M. C. A. was robbed of about \$800 last night, and it is believed that the robbery was committed by an organized gang of crooks, who are in training here as soldiers, and who are supposed to have been responsible for thefts from several camps lately.

The box was a National Cashier's safe, and was in the safe in the association's office, a tent in rear of the main tent, but the safe was not locked. The box was a National Cashier's safe, and was in the safe in the association's office, a tent in rear of the main tent, but the safe was not locked.

The box was carried to the camp tennis court, where, under cover of a partially erected tent, it was broken open. The thieves did not take the entire contents of the box, but left about \$400 of which \$10 was in all-cash, the remainder in cheques.

When the loss was discovered last night, the chief of staff of the camp Y. M. C. A., notified Camp Headquarters, and Capt. E. A. W. J. McCard, chief of staff, was given charge of the investigation.

Some alarm was created in camp this morning by the cancellation of the usual Sunday morning parades for religious services and orders being issued to put up the canvas tents.

Major Thomas Morrison, director of medical services in the Canadian camp, also in charge of the epidemic in the Polish camp, was in the hospital staff, who has been attending Spanish influenza cases in the Polish camp.

The fourth death from Spanish influenza in the Polish camp occurred this morning. As in the previous cases, the patient had been in the hospital after the patient had been in the hospital for a short time.

STRENGTH KEPT UP ON STOCK MARKET

Stronger Investment Position Confirmed by Weekly Bank Statement.

New York, Sept. 22.—Continued strength in the stock market Saturday, illustrated by a further rise in prices, was held in some quarters to reflect a stronger investment position. The opinion was emphasized by the weekly bank statement issued after the market's close. The statement showed the expected improvements in monetary conditions, the average rate of financing increased \$40,580,590 during the week. The scope of the buying movement was interpreted as indicating some accumulation of outside orders, which contributed to a comprehensive advance in specialties on a three-point basis. However, however, were largely of a professional character, with more general buying being confined to the long and the sluggishness of the railroads, in view of the demonstration of strength elsewhere, was considered disappointing. Investments, sales amounted to 140,000 shares. The bonds strengthened after an early interval of heaviness, while foreign securities were in demand, funds being broken into new ground for the movement at 9 1/2. The general bond market was active, with sales of about \$2,750,000. United States bonds, old issues, were advanced on all on the week.

PAPER STOCKS CHIEF FEATURE

Saturday's Montreal Market Was Both Active and Strong.

Montreal, Sept. 21.—Pulp and paper stocks were the chief feature of an active and strong market here on Saturday. TRADING IS ACTIVE IN MINING MARKET

La Rose, Porcupine Crown and Rockwood Oil Continue Strong Features.

Trading was relatively brisk on the Standard Exchange on Saturday morning, the transactions of about 57,000 shares for the two-hour session being of larger volume than the average total of late for a full day's business. The tendency continued to be upward, and La Rose was once again the market leader. Nearly 12,000 shares of this issue changed hands, and the tone was set by the sale of 10,000 shares of the stock of the latter figure. The north country was again a heavy buyer of La Rose, and Montreal interests also took substantial blocks of the stock. Porcupine Crown showed no sign of weakening and at 1 1/2 it repeated the previous high level of the movement, while that of Friday. Hollinger continued to be the market leader, and the opinion expressed was that the property is one of the biggest gold mines in the world, and it is expected to be on Hollinger's claim frequently made steady at 70 on transactions of 5000 shares with 70 bid. This property is regarded as being very much in the same position today as the McIntyre was some years ago, and it is expected to enjoy an increasing measure of public interest. Davidson was firm at 33, and Schumacher strong at 13 1/2. McIntyre at 1.46 was without change. The bid for and that for Boston Creek at 20. Among the Cobalts, Temiskaming was strong at 1 1/2, an advance of 1/4, more consideration being given the intrinsic value of the shares in the light of the big surplus and the not inconsiderable ore reserves. Ophir was fairly active and firm at 7. There is talk of another strike in this property, based upon excellent development prospects. Under the agreement with the Mining Corporation, Peterson Lake was up 1/4. Rockwood Oil continued its advance, gaining another point at 30 on dealings of well on 1000 shares. The company's steady earning power is creating a favorable impression.

C. A. FILTEAU APPOINTED TO MANAGE PETE LAKE

Hamilton B. Wills received the following news from his private Cobalt wire on Saturday: At a meeting of the directors of the Peterson Lake Mining Co., Limited, held on the 14th, C. A. Filteau of the National Mines Limited, was appointed manager, and from now on will manage both properties.

MAPLE LEAF AGAIN LEADER IN MARKET

Stock is Active and Closes on Saturday With Gain of Point.

Maple Leaf Milling, after a breathing spell extending over several days, came to 110 again in Saturday's trading on the Toronto Exchange. The stock, which had earlier declined to 108, opened at the latter figure on Saturday, touched 112, and closed at 110, a gain of a full point. Dealings in this stock, which exceeded 400 shares, made up considerably more than half the total for all issues outside of mining stocks. The "street" has evidently lost no faith in the future of a distribution of a particularly generous character will be made next month. The only other stock in which there was any semblance of activity was the second 3/4 higher at 44, and closing without net change. Russell Motor again sold at the high level of 90, and the bid of 88 for Russell preferred brought out no offerings. Steam Dominion from 6 1/2 to 6, and N. S. Canada from 8 1/2 to 8, were unchanged. The morning's transactions—Shares exclusive of mining stocks, 757, was lost \$16,400.

BARROW YARDS LAUNCH FIRST CONCRETE VESSEL

London, Sept. 22.—The first concrete slip built at the Barrow shipyards was successfully launched yesterday. Being the first of the 10,000-ton barges now under construction for the department of the controller of merchant shipping. The Barrow shipyards did not begin operations until the beginning of 1913. Many shipbuilding experts were present at the launching, including a representative of the admiralty. A thousand-ton concrete vessel also was launched Saturday at the new shipyard at Barnstable. Like that launched at the Barrow yards, its construction occupied four months. The site of the Barnstable shipyard was marsh land last March.
