BORDEN'S EARLY RESIGNATION UNOFFICIALLY ANNOUNCED

Minister of Militia Foreshadows Compulsory Service in Canada

ALL OVER EGYPT A LARGE MEASURE OF SELF-GOVERNMENT

Curzon Explains What Milner's Mission Will Do to Satisfy All Parties.

Washington, Dec. 14.—Great Britain's plans for establishing a constitutional form of government in Egypt are set forth in an official statement made by Earl Curzon, the British minister of foreign affairs, which has been received here. The objects of the Milner mission are to arrange the proposed new government as described in the statement.

The British foreign secretary announces that it is the intention of the British government to establish the largest measure of self-government for which Egypt is believed capable at this time. He states that the Milner mission is not authorized to impose a constitution on Egypt, but rather to study the situation and confer with the native leaders.

In part Earl Curzon's statement follows:

"It was in 1914 after we had been compelled to declare war upon Turkey that the British government over Egypt was declared. So far from this being intended or indeed regarded at the time as a high-handed act, aimed at the oppression of Egyptian liberties, it was decided upon by Mr. Asquith's government as a much milder and more generous policy than that of annexation, which at that time was strongly advocated by some. Cyprus, which had long been administered by the colonial office as part of the British Empire, was annexed to Egypt, the opportunity of incorporating Egypt in the empire was deliberately and I think wisely rejected because it was intended, in a wide latitude of opportunity which the formulae of a pro-tem affords, to give free scope to the political aspirations and the self-governing capacities of the Egyptian people."

SERVICE IN MILITIA TO BE COMPULSORY

Announcement by General Mewburn--Hon. C. C. Ballantyne States Definite Plan For Canada's Naval Defence Also About Ready.

Canadian Press Despatch.
 Montreal, Dec. 14.—An intimation of some form of permanent compulsory service for Canada, both in the permanent force and the Canadian active militia, was given Saturday evening at the banquet tendered Major-Gen. E. W. Wilson, C.M.G., on the occasion of his retiring from the post of general officer commanding military district No. 4, which he held during the whole war period until demobilization with conspicuous success. This announcement was made by Major-Gen. Mewburn, minister of militia, it was immediately followed by a definite statement from Hon. C. C. Ballantyne, minister of marine and naval defence, that he was considering a definite scheme on naval defence for Canada, along the lines of the

advice given by Admiral Viscount Jellicoe during his recent visit to Canada, when the famous admiral had many conferences with Hon. Mr. Ballantyne.

The latter stated that the plans had not advanced far enough for a detailed announcement, but he promised that some concrete plan would be submitted to the government and parliament, and that, whether it was great or small in extent, the scheme to be submitted would follow the advice of Lord Jellicoe, that whatever ships should be built would be the last word in efficient naval construction.

It was announced by General Mewburn that an order has been passed permanently appointing Brigadier-General C. J. Armstrong as general officer commanding No. 4 military district, in succession to General Wilson.

CLAIMS LABOR MEN WANT TO CONTROL ALL THE RESOURCES

Nova Scotia U.M.W. Official Says Workers Must Get Reins of Parliament.

Sydney, N. S., Dec. 13.—"The labor men want to own and control the mines and resources of this country," was the frank statement of William Livingstone, a provincial official of the U. M. W., at the organization meeting of the Cape Breton Labor party in Glace Bay last night. The way to achieve this end, he told his hearers, was not by revolution, which would get them nowhere, but by electing men from their own ranks instead of professional politicians to represent them in parliament.

W. A. Richardson, the first speaker, denounced the present political conditions in the Dominion, and said that we need a Wilson or a Garfield to handle the situation as it exists in this country. Higher pay for Nova Scotia school teachers, to offset the exodus of educators to the west, was urged by David Ryan, vice-president of the United Mine Workers. He impressed upon his hearers the importance of making early efforts to secure for the laborers the sympathetic support of the women voters.

Radical Statements.
 James B. McLaughlin, secretary-treasurer of the United Mine Workers' district, denounced the emergency legislation passed at the time of the Winnipeg strike, and made some radical statements in connection with it. He said that as a result "I haven't any faith in any government. The labor men of the country can't respect these laws, and they don't have to. The capitalist class has in the past made laws to disinherit the working class, and it is now up to the working class to organize to disinherit the disinheriters."

The following officials of the labor party were chosen: President, Allan MacDonald; secretary, Harry McVicar; treasurer, Lewis McDonald.

BORDEN TO RESIGN EARLY NEXT MONTH BY DOCTOR'S ORDERS

Conference of His Supporters in Commons and Senate Will Be Held in January to Receive His Resignation and Select a Successor.

Ottawa, Dec. 14.—Sir Robert Borden will resign the premiership within a month; his medical advisers have warned him that he must retire from public life.

There will be a conference of his supporters in the commons and senate called early in January to receive Sir Robert's farewell message and to select his successor.

"I have nothing to say about the matter," was the reply today of Sir Robert when questioned as to the truth of the report.

At the same time, while the premier refused to either confirm or deny the report, it is felt in many quarters here that in view of the state of Sir Robert's health, it is quite probable that he may be compelled to relinquish his office.

HYDRO RADIAL WORK STARTS IN SPRING

Begin on Toronto-Niagara Line—To Be in Operation the Following Year.

Special to The Toronto World.
 Hamilton, Dec. 14.—Hamilton's railway entrance problems will probably be solved early in the New Year—before February is ushered in. This question, it is expected, will be one of those settled at a conference between the Dominion Railway Board and the Ontario Hydro-Electric Power Commission, to be held in the very near future. These are some of the assurances brought to the attention of the Hydro commission head in Toronto by Controllers Jutten and Halcrow. The controllers also learned that work on Hydro radials would be started in the early spring of 1920, and that the railway from Toronto to the border would be in operation during the following year.

The connection to be made with the Grand Trunk line either across a bridge or fill at Carroll's Point, or back on the Grand Trunk level at the west end of the railway, would not be necessary, was another bit of information gleaned by the local representatives at the conference.

GOVERNMENT CHANGES TARIFF ENQUIRY PLAN ANNOUNCES DRAYTON

Instead of Commission, Will Secure Written Opinions, Then Hold Public Inquiry—Expect General Tariff Revision Within One Year.

Canadian Press Despatch.
 Ottawa, Dec. 14.—International and economic conditions, which are not only far from normal but are much worse than one year ago, when the promise of a general tariff revision was made, or at any time during the war period, are responsible for a change in the government's plans regarding a general tariff inquiry, according to a statement given to the Canadian Press by Sir Henry Drayton, minister of finance.

"Inasmuch, however," says the minister of finance, in explaining why the change of plans is considered necessary, "as any general revision must be based upon as complete knowledge as possible of the conditions and relations one to another of our various national industries and productive agencies, and as it is also desirable to obtain the views of as many persons as possible whose practical knowledge and experience would be most valuable, it is considered advisable to begin the collection of information relative thereto."

Secure Written Opinions.
 Instead of a commission being named for the purpose of touring the country, as had been anticipated, it is proposed now to get the preliminary information together by means of secure written statements from all interested, and these will be made the basis for a general public inquiry to be held throughout the country later, as indicated by Sir Thomas White.

Sir Henry Drayton's statement follows: "Since the signing of the armistice, a little over a year ago, the government has been engaged in a constant attention to peace and reconstruction problems.

"Among the many questions that have received consideration is that relating to a general revision of the tariff. Dealing with this subject, my predecessor, Sir (Continued on Page 4, Column 4.)"

IRISH CONSTABLES CAUGHT IN AMBUSH

Four Wounded When Conveying Arrested Sinn Feiners to Headquarters.

Londonderry, Ireland, Dec. 14.—Searching parties were out today looking for men who last night, near Dungloe, ambushed and shot and wounded four constables who were returning to headquarters at Dungloe after having arrested Sinn Feiners.

The constables had arrested two Sinn Feiners and taken them to the special criminal court at Letterkenney, where they were regarded and wase on their way to Dungloe when a score of concealed men opened fire on them with pistols. Sergeant Farrell, one of the principal witnesses against the Sinn Feiners, was wounded in the leg, and Constable Cunan in the head and body. Inspector Wallace and another constable were also wounded.

A STRANGE SITUATION

The report from Ottawa that falling health may compel the retirement of Sir Robert Borden as prime minister draws attention to the fact that we have in this country no adequate machinery for carrying on a general election. The war times election act, which established a federal franchise, lapsed on July 31 last. The election act now in force is based upon provincial franchises. Although parliament has declared in favor of a new federal franchise act, it could only vote at a federal election by virtue of a law federal franchise act. The provincial franchise in the western provinces would enable all naturalized citizens of enemy origin to vote, and everyone admits that there should be some restrictions in this regard by means of federal legislation.

If there is to be a change in the government at Ottawa the announcement should be made, not to a party caucus, but to a general election. Parliament should, therefore, at once pass an election act which of necessity must be based on a federal franchise.

and in the last analysis to the people of Canada.

Parliament should, therefore, be convened at an early date for the purpose among other things of establishing a federal franchise and a new election act. There must be a definition of citizenship which will determine what naturalized citizens are to be entrusted with the ballot. Parliament must also effectively enfranchise the women of the country and determine what naturalized women the enemy shall vote. This will necessitate some statutory provision for the enumeration and qualification of voters, the making up and distribution of voters' lists, the hearing and adjudication of appeals and so forth.

These laws, and they don't have to, were passed by the Dominion government because they were soldiers' kin no longer have a vote on that account. The Dominion by-elections act passed a few months ago was a dummy measure and would not apply to a general election. Parliament should, therefore, at once pass an election act which of necessity must be based on a federal franchise.

PAYS \$400,000 INTEREST ON PIECE OF DISUSED RAILWAY

By Foolish Duplication of Lines and Roundabout Routes—Private Exploitation Has Fastened Heavy Deficits on Public Ownership.

Every day's delay in signing the Grand Trunk nationalization agreement costs Canada thousands of dollars. Sir Alfred Smithers, the stockbroker chairman of the Grand Trunk, reached London with it the other day, and began at once to make a sore mouth over its hardships—from the shareholders' and stock brokers' point of view. His friends in Montreal have been making very wry faces about the agreement's generosity to those same shareholders. Both representations are intended to discredit government direction of the greatest of public utilities, and to disgust the shareholders with the idea of nationalizing it.

Chamber of Horrors.
 The contention that Canadian railway troubles are all due to the inauguration of private "enterprise" through directors of corporations, is carefully avoided by the Smitherses, the Atholstans, The Gazette, and their kind. To them a parliament that boldly assumes the financial duty of the hour has become a chamber of horrors.

AIR FORCE PLAN FOR BRITISH NAVY

Winston Churchill Has Prepared Scheme Based on Expenditure of Fifteen Million Pounds.

London, Dec. 14.—Winston Spencer Churchill, secretary for war, has prepared a scheme for the Royal Air Force organization in peace time based on the expenditure of £15,000,000 yearly. The main outlines provide for one flight squadron for each division of the army, to co-operate with the troops in all stages of their training, besides three general service squadrons and also one of more squadrons for co-operation with the artillery.

The fleet will have permanently three airplane squadrons and two sea-plane squadrons. India will have eight service squadrons, Mesopotamia three and Egypt seven, while the naval bases at Malta, in the Eastern Mediterranean and probably Alexandria, will each have one small seaplane unit.

WILSON MAKE NO CONCESSIONS

Issues Statement That Republicans Must Bear Responsibility For Treaty Failure.

Washington, Dec. 14.—President Wilson today intervened in the peace treaty dilemma with the announcement that he had "no compromise or concession of any kind in mind," would make no move toward the treaty's disposition, and would continue to hold the Republican members of the senate responsible for results and conditions attending the delay.

The president's position, regarded as peculiarly significant, in view of the recent discussion in the senate of a compromise, was set forth in the following statement issued today from the White House:

"It was learned from the highest authority at the executive offices today that the hope of the Republican leaders of the senate that the president would presently make some move which will relieve the situation with regard to the treaty is entirely without foundation; he has no compromise or concession of any kind in mind, but intends so far as he is concerned that the Republican leaders of the senate shall continue to bear the undivided responsibility for the fate of the treaty and the present condition of the world in consequence of that fate."

The White House statement apparently had no effect in changing the treaty situation. Democratic leaders endorsing the president's views, declared that it did not preclude a senate compromise and that compromise efforts would proceed. Republican leaders reiterated that the president was responsible for the present status and must make the first move towards a solution. Senators hoping to kill the treaty alone expressed satisfaction.

On one point only, apparently, were all senate factions in harmony—namely, that decisive action on the treaty probably would be deferred until next month, after the proposed holiday recess of congress, planned to end Jan. 5.

BORDER QUARANTINE ON WHOLE OF CANADA

U. S. Authorities at Border Insisting on Revaccination

Detroit, Mich., Dec. 14.—More stringent regulation to prevent the spreading of the smallpox epidemic raging in Ontario were put into effect by immigration officials here yesterday. Hereafter, no person will be allowed to cross the border from Canada without submitting to vaccination or presenting a certificate showing vaccination within the last three years. The restrictions imposed several weeks ago applied only to persons coming to the border from the interior of the province.

U. S. Authorities at Border Insisting on Revaccination
 Sarnia, Ont., Dec. 14.—The American health authorities at the border now insist on revaccinating all persons entering the United States whose vaccination did not "take." Those who fail to comply are immediately returned to the Canadian side of the border. The ferryboat receipts now have divided to a very low margin, and the service has been reduced to about one trip an hour.

AIRPLANE WRECKED; TWO CREW MISSING

Little Hope For Participants in London-Melbourne Flight.

London, Dec. 14.—The airplane of Capt. Cedric Ernest Howell, one of the British airmen in the London-Melbourne flight, was wrecked off St. George's Bay, island of Corfu, Dec. 10, and there is no hope that either Howell or his mechanic escaped, according to a despatch to Lloyd's from Corfu. The despatch adds that the log of the airplane was washed ashore.

Capt. Howell, who, it is feared, was drowned with his air mechanic, Fraser, was a prominent Australian ace with a brilliant war record. He had accounted for over forty German airplanes and won several distinctions. His wife had left England in advance for Australia aboard the steamer Orsova, and he had hoped to overtake her at Naples.

Another Miniature British War Against the Kurds is Concluded

London, Dec. 14.—Another miniature British war has been concluded with the return of two columns operating to the northeast of Mosul and to the southeast of Amadia, Asiatic Turkey, after successful expeditions against the Kurds, in order, as officially stated, to punish them for the commission of outrages and murders.

The troops, consisting of four battalions of Indian infantry and a mountain battery and three companies of Syrians, met with no serious difficulties in a country almost impassable, but the health of the men remained good throughout and their losses in engagements were slight. Civil administration has been restored in the district and the troops have been withdrawn.

YORK COUNTY AND SUBURBS

RATEPAYERS ENDORSE YORK TP. CANDIDATES

Put Seal of Approval on Their Choice for York Township Council.

Candidates for York Township Council were endorsed by the Amalgamated Ratepayers' Association of York township, as represented by about twenty delegates at a special meeting held in Oddislow's Hall, 404 Bathurst street, Saturday afternoon, as follows: Chas McKay, (at present a member of the council of 1919), for reeve; Nelson A. Boylen, for first deputy reeve;

W. T. Rieglerford, G.W.V.A., for second deputy reeve; J. A. Macdonald (now a deputy reeve), for third deputy reeve; J. W. Buckley, Labor candidate, as councillor;

E. J. Hodgbar, a returned veteran, representing the Soldiers' and Sailors' Political Association, Fairbank, was not an orator.

Nelson A. Boylen, president, occupied the chair. The platform, comprising fourteen planks, to which the candidates are pledged, is as follows:

- (1) To immediately carry out the wishes of the people for a Hydro service, as explained on April 5 re the Hydro-Electric light bylaw.
- (2) Semi-annual payment of taxes at any branch bank without extra charge.
- (3) The reeve and councillors to reside in York township.
- (4) Increased efficiency in police protection.
- (5) Employment of returned soldiers in all positions within the gift of the York Township Council as same become vacant.
- (6) Progressive action with a view to establish a better transportation system throughout the township.
- (7) Permanent and substantial roadway improvements.
- (8) Immediate consideration with a view to assessment reform.
- (9) Removal of property qualifications in township elections.
- (10) Application to provincial legislature for power to amend present township school and educational systems.
- (11) Justly remunerative salaries for reeve and council.
- (12) Lowering of minimum and change in water rates and installation of water service on the local improvement plan.
- (13) Application to provincial parliament for power to reorganize the system of government with a view to increased representation in council.
- (14) More helpful and sympathetic administration of township housing proposition.

The Soldiers' Stand. A heated discussion took place when the candidature of L. J. Richard, soldiers' and sailors' representative of Fairbank, for a deputy reeve position, was brought forward. Mr. Hodgbar said he declined to sit on the council with a member of the Independent Labor party, which he understood, Mr. Buckley, the chosen candidate for councillor, represented, and his organization will not stand for any red flag business. "We have no objection to farmers, but our aim is to look after the dependents of fallen soldiers, the widows and orphans," said Mr. Hodgbar.

Nelson A. Boylen asked the speaker if any newspaper instructed him to form an estate. Mr. Hodgbar declined to answer, stating that as soldiers' and sailors' they felt they would be disgraced coming on a council with a follower of Jimmy Simpson. E. Corlett, Elmdale, declared that there were no political cliques in the central council. It was out to secure good government for the township without any dictation from a credited press. Mr. Corlett eulogized The World, which paper, he stated, gave everyone a fair show without fear or favor and consistently supported their organization for the betterment and advancement of the township.

Not a Bolshevik. Mr. Hodgbar refused to state the instructions he received from the newspaper in question, or from his organization and left the meeting, remarking that his organization would likely support the present council.

Mr. Buckley stated he was a member of the I.L.P., but not a Bolshevik. "I was endorsed by the Labor party, but seek the suffrage of the electors of York township," he stated. The course of this country is that it is one class in the country to have but one best friends. All other parties have given you nothing," said Mr. Buckley. An active election campaign will start commencing with a candidates' meeting this evening in the Methodist Church, Weston road, under the auspices of the Harwood Ratepayers' Association, and every night during the week in various parts of the township.

A deputation was appointed to wait upon J. A. Macdonald, who was present, and to request his agreement with the platform of the association. Each of the other candidates briefly addressed the meeting, accepting the platform above set out.

SHOW WAS A SUCCESS.

Todmorden Fur and Feathers Association held a very successful show in Porters Avenue School on Saturday. There were 700 exhibits of fine quality and pet stock and there was a good attendance. P. Lancaster, president, and W. B. Brown, secretary, superintended the proceedings.

SCHOOLS CLOSED DOWN

Owing to the large number of pupils absent from school in the Todmorden district, Torrens avenue and Chester schools closed down today for the Christmas holidays.

VETS NOMINATE LT.-COL. WRIGHT

Returned Officer is Choice of G.W.V.A. for Board of Control.

As the nominee of the G.W.V.A. Lieut.-Col. Jesse Wright is running for a seat on the board of control at the coming municipal elections. Col. Wright, besides having made a record for himself in the war, has a wide experience of municipal affairs, a grasp on the needs of the city, and not only from a soldier's standpoint. His views on better transportation and housing for the people, bearing in mind the million population which must inevitably come to Toronto, and better adjustment of all matters brought before the board, which should be dealt with in a broad and business-like spirit, are well known.

Special S. A. Service. Commissioner W. J. Richards was the principal speaker at the Earlscourt branch of the Salvation Army on Sunday when special services were held in Belmont Hall, headquarters of the G.W.V.A.

In the morning the commissioner spoke from the text, "Be Ye Mild With the Spirit," and condemned lukewarm and so-called nominal Christians comparing them to red hot and cold iron. Yorkshire and Earlscourt fire was not sufficient, Salvationists must be filled with the spirit, he said. In the afternoon Mr. Richards gave a lengthy address on the world-wide Salvation Army, describing its activities from coast to coast, its social and spiritual work and its efforts to carry the word of God to all nations through the world. Lieut.-Col. W. H. Price, M.L.A., presided, but had to leave on account of sudden illness, the result of wounds contracted in the late war. Salvation Army songsters, led by Alex. Gordon, rendered special hymns, and the full band of the Earlscourt branch furnished the music.

Rev. W. H. Carr, of McMaster University, was the preacher at the Bloor Avenue Baptist Church on Sunday evening. Three persons were baptized and made members of the church.

Prof. Champ of Toronto University was the speaker at the Men's Own Brotherhood at the Central Methodist Church on Sunday afternoon. His subject was "The Stars," and he said that astronomy was closely allied to the sciences, such as music and painting and the study of astronomy greatly influenced the outlook of life generally. The professor denied the recent public statement in an American newspaper that the great calamities were due to visit the earth on Dec. 17, such as never had been seen for hundreds of years. Mr. Champ declared his willingness to wager \$1000 that there would be no such spot on the sun on Dec. 17, as indicated by this publicity. The erroneous idea that there were millions of stars in the heavens was explained by the speaker, who said the greatest possible number would not exceed 6000, and that it was impossible to see more than 2000 stars at any one time through the most powerful telescope. The speaker stated that a site of ten acres on Bathurst street had been promised for an observatory, which, he stated, would be maintained by Toronto University. J. J. Noad, president, and the Men's Orchestra furnished the music.

Alterations have begun on St. Chad's Anglican Church, North Dufferin street. The scheme is to enlarge the church to a seating capacity of 450, to make a new entrance to the church on North Dufferin street, also to enlarge and renovate the basement to make it more suitable for holding meetings. The expenses towards these alterations are being met inside the church, no public subscriptions being solicited. Rev. A. J. Reid is rector.

The war veterans of Earlscourt G.W.V.A. gave a dance at their headquarters, Belmont Hall, Saturday night, the hall being filled with returned soldiers, their wives and friends. Comrade Stockley was in charge, and the orchestral music was furnished by the Earlscourt Veterans' Quartet.

Mr. William MacFarland has been appointed organist and choirmaster of St. Chad's Church. He has taken up residence on West St. Clair avenue.

N. TORONTO RATEPAYERS GET BACK AT MAGUIRE

Following a warmly applauded address on the municipal work of the past year by Controller Cameron at the meeting of North Toronto Ratepayers' Association in the town hall on Tuesday night, Mr. G. W. Ellis took occasion to refer to statements alleged to be made at public meetings last week by Controller Maguire, and at the conclusion of his remarks the following resolution was passed: "That this meeting put itself on record as denying the slanderous insinuations and innuendoes publicly expressed by Controller Maguire regarding the officers of this association, and further that, in view of his actions, both in the city hall and on the platform, we are of the opinion that the further continuance of Controller Maguire in public life is not in the best interests of the city."

The meeting was well attended and enthusiastic and the various speakers were well received. Other speakers were Alderman Beamish, R. J. Stephenson and W. J. Beatty, candidates at the coming civic elections for Ward 3, and J. Thompson, candidate for the board of education.

BAZAAR A SUCCESS.

A bazaar and sale of work was successfully held in Gedhill Methodist mission on Saturday when a brisk business was done by the women's committee. The proceeds will be devoted to the funds of the ladies' aid.

ANOTHER NEW THEATRE.

A vaudeville and moving picture theatre to cost in the neighborhood of \$50,000 is to be constructed on Danforth at the corner of the neighborhood of the Gies Estate, shortly, on the Danforth at present under way, and the building will be ready to completion with favorable weather.

E. YORK TOWNSHIP TO HAVE SEWERS

Engineer Proposes Scheme for That Part of County North of Danforth.

A second report on a sewage scheme for the Todmorden and the Woodbine sections of York Township has been prepared by Engineer W. O. Wynne-Roberts. The scheme covers the district between the city limits and the National Railway (Ottawa line), and the Don River and the Scarborough town line, with the exception of the Davies property along Don Mills road and the Harris and some of the Anglican Synod properties in the vicinity of Danforth and Bathurst avenues, which drain naturally toward the city.

Three sites for disposal plants have been considered, two along the Don River, known as the brickyard site and the St. Clair site, and the other in the Woodbine district. There are, therefore, three different proposals, defining as scheme C, scheme E and scheme G.

Scheme C provides for outfall works at the St. Clair site and trunk sewers along Rosevar, Barrington, Valley Road, Cedarvale, Broadbridge and Woodbine avenues, with a continuation to Leslie and along Samson, Crown, Davies estate, Mortimer, McCash, Conlorn and the corresponding streets west of Leslie street.

The main trunk would be up Leslie to the St. Clair site. This scheme, with the necessary lateral sewers, would cost \$2,857,000. Relief sewers are not provided for.

Scheme E calls for two disposal plants, one at the brickyard site and the other at the Woodbine site, with a cost of \$2,404,000. Relief sewers are not provided for.

Scheme G provides for two outfall works, one at the Woodbine site and the other at the St. Clair site. The trunk sewer in the Woodbine district would be the same as in scheme E and those in Todmorden the same as in scheme C. This scheme would cost \$2,257,000.

The engineer recommends that the city be asked to deal with both sewerage and storm water from area south of Semmon and Crown avenues, and also that the subdivision of Davies estate adjoining Don Mills road and Cambridge avenue be drained into the city sewers.

The cost would be charged on the local improvement plan spread over 20 years and the annual tax would run between 40 and 50 cents a foot front, according to the district and the scheme adopted.

SPEECH BY IVENS USED AS EVIDENCE AT STRIKERS' TRIAL

Say He Told of Grip-Hold on Community by the Strike Committee.

Canadian Press Despatch. Winnipeg, Dec. 14.—In the absence of W. E. Davis, one of the witnesses for the crown against R. B. Russell, one of the strike leaders, the evidence given at the preliminary trial was read to the court by J. B. Coyne, K.C., on Saturday afternoon. The evidence of all kinds was concerning the carrying held in Victoria Park, on May 16, at which the speakers were winning, R. Robinson, R. B. Russell, Wm. Ivens and E. J. Dixon, M.L.A.

The speech given by Ivens, as the evidence read, commended labor on its solidarity and reviewed the points that showed the strike grip-hold on the community by the strike committee. The police, Mr. Ivens was alleged to have said, would have joined the strikers, only they were ordered to remain on duty. "Some of the children have been talking of raising money for a new labor temple, but I think that the new parliament building on Kennedy street would make a good labor temple, and the way things are moving now we will soon be in there."

Mr. Davis in his evidence, as read to the court, quoted Mr. Ivens as saying, "Some of the children have been talking of raising money for a new labor temple, but I think that the new parliament building on Kennedy street would make a good labor temple, and the way things are moving now we will soon be in there."

DISPUTE OVER CARDS ENDS IN SHOOTING

Ratio Bey, a Turk, was shot in the neck during a drunk quarrel Sunday afternoon in a restaurant at 59 West King street. The bullet came out between Bey's left ear and his condition is not regarded as serious. Alexander Negosh, 798 West King street, who rested at the scene of the shooting by a charge of shooting with intent, was arrested by the police on Chalmers street station, had been drinking and started to dispute over a game of cards played. Bey is alleged to have attempted to strike his assailant when Negosh drew the revolver and fired one shot. Ivenside was in the vicinity and on entering the premises arrested the prisoner and took possession of the gun. Bey was removed by the police ambulance to the Western Hospital.

REPORT ABANDONMENT OF STEAMER MESSINA

Halifax, Dec. 14.—Abandonment of the British steamer Messina, reported yesterday as in a sinking condition 439 miles off the Newfoundland coast, was announced in a radio message received here tonight.

Messages received earlier today stated that another ship was standing by "awaiting a favorable opportunity to take on the crew." This was taken to indicate that the crew had not actually left the Messina, but that the crew were preparing to get off as soon as possible in the belief that the ship could not be saved.

It is thought that the rescue steamer probably is the Maple-More, which answered the Messina's distress call yesterday morning with the message that he would be able to reach the disabled vessel in about 20 hours.

The mission left St. John, N.B., on the 8th December for Antwerp, carrying a general cargo, this being her first trip from that port this season, all other trips having been started from Montreal. The Messina is a first-class cargo vessel carrying about 6000 tons dead weight.

Turn Your Ford Into a Closed Car

Put on This "Cosy" All Weather Top at the Moderate Cost of \$96.50

And Motor in Comfort This Winter No Matter What the Weather

The deck is of No. 1 ash and poplar, ribbed crosswise, curved and slatted endwise. The roof covering is in one piece, and of double texture two-ply sail duck, with rubber between. No seams to tear, rot or leak. The exposed side is heavy rubber-coated and grained, semi-bright finish.

Back Curtain is made of same material as roof, and reinforced with blind tacking strip on the inside.

Door Curtains have large pyralin light. Each door curtain is mounted on spring roller hung on inside of top. Curtain travels in grooves, making a weather-tight enclosure, and clever device holds curtain down snugly.

Front Corner Posts are of heavy-gauge sheet steel. They hold the curtains tightly in place and prevent rattle and leakage.

Centre Posts are for touring cars only, and are not used with the roadster top. They can be detached instantly and placed under back

seat if you wish to drive with the car open.

Glass Side Panels, the frames of which are of seasoned white ash, polished a rich black. The glass is double strength, set in tough, closely-woven felt cushions, to prevent rattle and breakages.

LABOR NEWS

MANY CANDIDATES AT LABOR SESSION

Labour Party Meeting at Labor Temple is Enthusiastic.

James Simpson was the principal speaker at yesterday afternoon's session of the Labor party held at the Labor Temple. During the course of an interesting address upon the duties of the various civic bodies within the purview of the Toronto public, Mr. Simpson pointed out that it had been at one time the policy of the city to give the control of its uncontrollable expenditures, such as debenture bonds, into the hands of Toronto banks, but that in 1914 when Horatio Hocken entered into the situation it was decided by his administration to transfer control of these expenditures from Toronto banks to New York, thus taking control away from home banking interests. In this connection William Stephenson, candidate for alderman in ward three, stated that the proposition to make the debentures for the taking over of the Toronto Street Railway a system of public loan after the style of the Victory Loan was finding favor among many citizens in his ward. Also, coming in that ward was crystallizing that labor should have at least one representative in that ward.

Mr. Simpson, pointing to the splendid work accomplished by the various departments of the civic administration, expressed the hope that the day would arrive when children whose parents were not in a position to furnish them either necessary environment or nutrition would be by law considered as wards of the state and be given just these requirements. Quoting the London city council boroughs in England with Dr. Margaret MacMillan in charge as a good example, the board of education taking charge of backward children so as to enable them to improve in different environment and with better nutrition.

Other speakers of the day were William J. Storey, who agreed that public comfort lavatories were decidedly necessary in Toronto, especially in the business section, where the needs of women were entirely neglected; E. Hines, candidate for ward two, who advocated a street railway man's membership on the commission governing the street railway when taken over by the city; R. C. Brown, who advocated for school children a more practical system of household science and management of recipes than the frilled system now taught, and who believed that the board of education should give more consideration to the rotation of soldiers in the appointments and promotions made; J. E. Fowle and Walter Beamish, both of whom advocated considerably increased salaries for all public school teachers.

Arthur Glenn presided. Mrs. W. F. Singer was to have been present, but was unavoidably absent.

KITCHENER BAKERS RETURN TO WORK

Both Sides Decide to Compromise—Wages Are Increased.

Kitchener, Dec. 14.—(Special).—As a result of a joint meeting between a committee of the striking bakers and their employers here, the bakers' strike, which has been on for the whole week, came to an end today when the bakers decided to return to work. While the strikers did not get all they struck for, a compromise was hit upon which was satisfactory to both sides of the argument. The bakers will get the work from May 1st and their wages will be increased, and a 50-hour week granted, the strikers in reaching their decision on the compromise abandoned their plea for time and one-half for overtime. Other minor concessions were made by the strikers. The employers maintain the attitude that the bakers got no more than they would have obtained had they remained at work and made their demands in conference. The employers also declare that because of the failure of the strike to reduce or interfere with production it was a defeat for the bakers.

LABOR PARTY WILL TAKE PART IN WOODSTOCK CIVIC ELECTION

Woodstock, Ont., Dec. 14.—(Special).—Not municipal election is already forming up in the city. For the first time in years the vacancies on the board of education will be fought for. The L.L.P. has decided to place candidates for three of the five seats, for the other two backing up Mrs. V. L. Francis and (Dr.) Stevens, the nominees of the National Council of Women. The Labor party has decided that in each ward they will place a candidate, but that for the mayoralty Mayor Gabrzan will not be opposed if he wishes a second term.

EXECUTIVE MEETING TODAY

John Macdonald, a well-known member of the Labor party and also of the Labor representative committee, was in Hamilton yesterday attending meetings on behalf of Hamilton Labor strikers. The representative committee meet in executive session this morning to take up several important matters relative to the campaign, and it is understood that the manifesto of the party will be out by Wednesday.

UNIONIZE THEATRE ENGINEERS

T. B. Reid, business manager for the International Union of Stationary Engineers in Toronto, addressed the Union of Theatrical and Stage Employees at the Labor Temple with a view to having all the theatres unionized with respect to the stationary engineers of whom there may be several hundred in the city. It is understood that the organization promises every possible assistance to this end. The meeting also nominated men for officers for the coming year and every office was vigorously contested.

THE LATE W. C. HAGEN Business Manager of the International Union of Machinists and a Leading Labor Man in Toronto, Who Died Saturday Morning at St. Michael's Hospital.

DEATH OF NOTED LABORITE, SUNDAY

W. C. Hagen, of I. A. M., Dies at St. Michael's Hospital.

William C. Hagen, 66 Leuty avenue, who died yesterday morning at 11 o'clock at St. Michael's Hospital, of a complication of ailments, will be mourned by a large host of friends in the labor movement. He had been ailing several years, and only a year ago suffered a very serious relapse when fears were entertained that he might not recover. It was a year ago yesterday that he suffered a shock in the death of John, his son, aged 18. Mr. Hagen again suffered a relapse a few weeks ago, with the result noted. The funeral will be held on Tuesday, but details have not yet been decided. W. C. Hagen, one of the foremost workers in the labor movement in Toronto, was appointed business manager for the International Union of Machinists in Toronto six years ago, having been a member of Local 235 many years prior to this appointment. He was forced to temporarily relinquish his position 15 months ago, but later returned to his office apparently fully recovered. He leaves his wife and a daughter, Florence, aged 17, at home.

STRIKE POSTPONED TILL WEDNESDAY

Unanimous was the vote held yesterday afternoon at Foresters' Hall by the C. P. R. telegraphers to strike, confirming another bid earlier in the week. The date of the strike was not fixed owing to the fact that Mr. Donald MacMillan, general manager of the system, was out of town during the week and may not return until Tuesday to the Montreal offices. This being the case, conference between the representatives of the operators and Mr. MacMillan was impossible and the strike has been postponed until Wednesday at the earliest. Thomas Caruthers, general secretary of the union, who was present at yesterday's meeting, may confer with the general manager.

JAMES BALLANTYNE ILL.

James Ballantyne, candidate of the Labor party for mayor of Toronto, is confined to his room with a recurrence of his illness of some months ago. It is understood, however, that his illness will in no wise affect his candidature.

Go Forward, Not Back, for an Architect.

A defence of the appointment recommended by the board of control for the position of city architect is based on the theory that the principle of promotion should be observed.

A good deal of lobbying is being done among the aldermen to secure the confirmation of the board of control's recommendation.

Control Cameron, in using Mr. Pearce's statement, that Mr. Price was a qualified architect, to cover all the other qualifications required for the position of city architect, may not intend to do so, but he is simply assisting the active lobby that seeks to return to the conditions of 1914.

The city requires a man as good or better than the man who has just resigned. It is not pretended that the men who were passed over in 1914 are as good or better.

Weight and Longevity. It should not have required the authority of Mr. Lewis Orr, the general manager of the Scottish Life Assurance Company, to convince anyone that the lighter a man's weight, other things being equal, the longer he would live.

A heavy physique is just the greater burden that has to be carried around, and probably the greater longevity that is credited to women in the vital statistics is due to their

slighter build. The heavy men are usually heavy consumers and from this cause all the vital organs wear out more rapidly than when they have less work to do.

Mr. Orr thought the lighter, brisker mold of the Anglo-Saxon type, particularly overseas, as contrasted with the heavier Austrian and German types, was enough in itself to account for the supremacy of the allied forces in the war.

It would not be possible to infer from this that little men, because lighter, have a better chance than larger men, but it is true that a very large proportion of celebrated men are small in stature.

Have We a Share in Egypt?

Egypt is one of the "less advanced territories" within the empire, for which Col. Amery, under secretary for the colonies, wants Canada to assume an equal responsibility with the United Kingdom.

Lord Milner goes to Egypt because he was for many years financial adviser to the Egyptian government under Lord Cromer.

The "Times has sent" Sir Valentine Chirol, its veteran foreign editor, to Egypt. His letters make it clear that the British political policy during the war has been about as stupid as the family compact policy was in Toronto a hundred years ago.

Lord Milner will need more tact than he displayed at the Bloemfontein conference with President Kruger, which issued in the Boer War.

Some of the parliamentarians at Ottawa, and their friends outside, could be wiser and competent for the future governance of Egypt. But perhaps they could render greater service to Canada first.

MOONLIGHT AND MONEY

BY MARION RUBINCAM

TRAGEDY. CHAPTER 51. There were times during the week that followed, when Louise thought she was going crazy.

Had Harry come at any of those times she would have gone to his arms with a feeling of half her burden was lifted simply thru his sympathy.

She was facing the two great mysteries, death and birth. The passing of one life was what she had feared when she had first met Harry.

"You dare not love a man too much," she said. "The higher you place them, the more terrible when they fall."

"All women are romantic fools. I was one, you are one. They think the man they love is perfect. When they find he is simply human they are broken-hearted."

"That's why marriages made for love are disastrous. Too much is expected."

THE STALLED ENGINE OF THE CONSTITUTION

BY THE SPECTATOR.

The despatches from Ottawa agree that Sir Henry Borden will be unequal to carrying on the premiership much longer. If some of his colleagues are not casting lots for his vesture, they are hurrying into position to catch the mantle as soon as it begins to slip from weary shoulders.

Mr. Meighen is reported as the arch-manoeuvrer. Mr. Rowell is ready for the succession if his star can only be lifted high enough into the firmament. While the inglorious contest proceeds, the people, who, after all, make and unmake premiers, are in a very queer position. It is the point of view of constitutional propriety, of statesmanlike leadership, and of party efficiency.

Constitution Out of Gear. There has never been anything like the present Canadian situation in the heavens above or the earth beneath. Constitutionally Canada is in a blind alley. In no other British country, in modern times, has the primary mechanism of the constitution been so thoroughly thrown out of gear as it is in Canada at this moment.

The government is completely deprived of its chief political weapon. For many weeks, if not months, it is absolutely impossible for them to recover it. That weapon is the availability of an election by which the people's will can be expressed. Either by very deep deception or by amazing obtuseness the election machinery of the nation has been interposed.

This happened because it was said over two years ago that the war compelled various departures from our customary methods, and also we are now a full year and two parliamentary sessions removed from the war, there has been no time to return to the full use of parliamentary institutions.

When the king dies the prince succeeds without a moment's interruption of the regular function. Possibility of instant appeal to the country has always been jealously preserved as a first and last insurance against chaos and incompetence. Never until this humiliating page in Canadian parliamentary government has it been impossible in a British country to solve a political crisis by an immediate appeal to the country.

Cabinet is Disintegrating. Fourteen years ago this month the Balfour government resigned because it could no longer hold together. Another government immediately came in, and in a very few years a general election was held, which overwhelmingly sustained the government.

What opportunity has been given the nation by either government or opposition to learn the realities of its own situation? As for knowledge of the political crisis, the people are incapable to master the truth and to deal with it. Those who know them can have no doubts as to the political crisis. The slenderest of knowledge of party facts is the first great requirement of a statesman. Knowledge of the political situation is the second. Knowledge of the military achievement which, during the war, has raised the Canadian people at least, how great they can be.

After the imperial conference, the tariff will likely be left alone, altho between now and the next session a good deal of information may be collected.

All this goes with the presumption that Sir Robert Borden will lead the house and hold the reins of government. But the air of Ottawa is thick with rumors of his impending resignation.

There is no doubt that the premier cannot work hard at his office, without bringing on an attack of insomnia. There are those who profess to know that his physicians have ordered him to leave Ottawa for an extended period of rest and recreation. Naturally speculation is rife as to who will be his successor.

The friends of Hon. Arthur Meighen think he is clearly the heir apparent. They say he would win hands down if the choice were left to the government supporters in the senate and house of commons. Many Liberal Unionists, however, think that the total reorganization of the old Conservative party under a camouflage of Unionism, and insist that Hon. N. W. Rowell is the logical successor to Sir Robert Borden. Possibly Meighen and Rowell would kill each other off if it came to a contest.

PAYS \$400,000 FOR DISUSED RAILWAY

(Continued From Page 1.)

be redressed in two ways—by reducing expenditures and increasing revenues. Can excessive outlays be diminished by starving the services? That would only throw to the C.P.R. business that should come to the C.N.R. The process must begin by cutting out superfluous services primarily as between the old Canadian Northern and the Grand Trunk and Grand Trunk Pacific lines.

It is no use throwing good money after bad. Great business men are swift to cut their losses, and when ever possible, to scrap their mistakes. The National Railways administration has got a big job in recovering from the stupendous mistakes of its predecessors.

Gap Between Cost and Earnings. The World has already shown how Grand Trunk amalgamation scraps the old Canadian Northern line as an express-passenger route between Toronto and Napanee. By using the Grand Trunk, the C.N.R. will save ten miles and at least an hour in the Toronto-Ottawa run thru a better and double-track roadbed.

For a gap between capital cost and earning power, the Grand Trunk Pacific, the child of the late President Jays' magnetism, is the outstanding example of the folly of big business. It serves relatively poor country in the prairie provinces, leads thru the mountains to Prince Rupert, is thru an almost unpopulated region, and is two hundred miles longer than the Canadian Northern route from the Yellowhead to the coast.

Its branches, in the main, are at a great disadvantage compared with those of the C.P.R. and the C.N.R. The main line scale of construction was more suitable to the New York Canadian than to a pioneer line in almost empty territory.

SOLDIER PROBLEM IS VERY COMPLEX

Former Commander of Forces Makes Study of Re-establishment.

"Altho the general policies laid down for the re-establishment of the soldier are well laid out, yet the administration leaves a good deal to be desired," said Lieut.-Gen. Sir R. E. W. Turner, V.C., K.C.B., K.C.M.G., D.S.O., when interviewed at the King Edward by a reporter for The World yesterday.

Gen. Turner has been making a private trip thru the Dominion, especially thru the west, to inquire into the various conditions which obtain in regard to the returned soldier. He believes that the officers and men who served in the Canadian forces overseas should continue to have that interest in each other that they had overseas, and it is for this reason mainly that I am making this trip," said the general.

He explained that his inspection was free from all political purpose and that the conclusions arrived at by himself would in the course of a few days be handed to the War Board. Gen. Turner would not disclose the results of his findings, but he said that the re-establishment scheme needed to be administered more in the spirit than to the law. The same, he said, had cost the government a good deal of money, and it should have gone a little farther in its application.

Revisions inadequate.

"In the question of housing and those returned men who went into small businesses on their return the attention given them was not commensurate with their services overseas. Pensions, too, I find in some cases, grossly inadequate. These are things which have not been had discussed by many and he was simply going to present his case to the premier as a private citizen.

Sir Richard views with apprehension the coming winter when he said there would be danger of trouble unless steps were taken to prevent it. He compared these here now to the conditions in England, where the armistice had been signed. "The disturbances in camp never exceeded more than 1 per cent," he said, "yet these few were able to make serious trouble. The same thing applies here."

The general had some fault to find with some employers who had not manifested enough interest in the returned man to understand that at first he could not give them 100 per cent. efficiency. The conditions and hardships which these men had undergone would in many cases, detract from their efficiency for some time to come.

Gen. Turner and Lady Turner will leave today for Quebec. They will be interviewed by the premier, but he will be back in Toronto again around the end of January.

RETURNED SOLDIERS ARE ENTERTAINED

Christie Camp, number 153, Sons of Scotland, held a successful theatre and supper party in honor of the returned soldier members of the camp. After the performance at the Grand Theatre, which was attended in a body, supper was served in the Queen Mary Tea Room. The following artists contributed to the musical program: Mrs. L. McGrath, Bro. P. Robertson, Bro. D. Adamson, Mrs. Mary Deane, Mrs. G. P. McGregor, grand president, presented each veteran with a gold chain on behalf of the camp. The loss to the King Edward Theatre by G. Geary and "The Army and Navy" by Bro. Wm. Copeland.

Rev. D. W. Christie spoke of the great sacrifice of the fallen soldiers in the world conflict and paid special tribute to the members of Christie Camp who paid the supreme sacrifice. Bro. Wm. Copeland spoke on behalf of the returned veterans and expressed their thanks for the comforts sent by the camp and other kindnesses which the Germans want about their work. The "Oh, Auntie, Fashion Revue," featuring seven dazzling Parisian models topline the program. The musical program was given by the following: Sam J. Harris, the joyful songologist; Scanlon, Denno Bros. and Scanlon, the harmonious quartet; Latcoats and Clifton, in a comedy skit, "Just Nam"; the Scranton Duo, offering very specialties; Loew's British Weekly; and the Mutt and Jeff animated cartoons are other features billed.

FOR BOARD OF EDUCATION.

A vigorous campaign is being conducted by the friends of Ernie Cooke, contractor, 3054 Avenue, on behalf of his candidacy for the board of education in ward one. Mr. Cooke is out for higher wages for principals and school teachers and promotions for teachers in the regular order in public schools.

HERZL ZIONIST CLUB.

Dr. David Perlman addressed the Herzl Zionist Club in the Zionist Institute yesterday. Dr. Perlman spoke on the venerable disease problem. M. Solnick also addressed the meeting in Zionism. President A. Solman was in the chair.

TO BE TRIED FOR FRAUD.

Charged with defrauding his employers, the McMilla, Nicholson and Co., stock brokers, of 210 Queen Street, was committed for trial in police court on Saturday. His counsel, T. H. Lennox, waived preliminary examination. Bail of \$10,000 was furnished.

STAGNANT POOL

Owing to vigorous complaints of the residents in the M.O.H. the stagnant pool on Norway avenue, near Woodbine avenue, has at last received attention. Two stone culverts have been laid to drain the long-standing surface water in the section.

PLAYS, PICTURES AND MUSIC

"The Luck of the Navy"
"The Luck of the Navy," one of the biggest of recent London successes and presented by the complete original London cast from the Queen's Theatre, will be presented by Percy Comstock and Morris Gest at the Royal Alexandra commencing tonight. "The Luck of the Navy" is a British naval play which has enjoyed remarkable popularity in London for almost two years, during which it moved to four different theatres to continue its London run. The cast is headed by Percy Hutchinson, one of London's best known actor-managers and the nephew of the late Sir Charles Wyndham. The supporting company includes Miss Muriel Martin-Harvey, Miss Kate Carey, Miss Elsie Stranach, Mr. Coker King and other eminent English players. It is worth noting that this will be the first time a complete English company and production has crossed the Atlantic in more than five years, or since the outbreak of the war.

"Oh! What a Girl!"
Right from Broadway comes the latest of the Messrs. Shubert's musical comedies, "Oh! What a Girl!" at the Royal Alexandra Theatre for Christmas Day. Frank Fay, Sam Lewis, Hazel Kirke, Harry Kelly, Elizabeth Moffat, Sam Ash, Patsy De Forest and other boys others will be presented. "Oh! What a Girl!" enjoyed a run on Broadway of nearly six solid months. The Wednesday matinee will be omitted for this attraction, but the usual matinee Saturday will be given. Seats will be placed on sale Thursday morning.

Last Week for "Dumbells."
The soldier-actors, "The Dumbells," will appear last week at the Grand Opera House this evening in the musical revue, "Biff! Bing! Bang!" an offering that is conceded by all to be one of the most entertaining attractions seen in Toronto for years. That the offering is appreciated is shown by the capacity houses at every performance, and their stay in Toronto is a record for a combination production. While all the troupes are presented by returned men, it is by no means an all-man show. Girls there are but they are all clever impersonations by the boys themselves. Plunkett, who personally directed the organization since its inception in France, is still at the helm, and the leading, entitled to details and the smoothness of the performance thru-out is proof of his painstaking study and ability as a director. Nothing more is a record for a combination production in the big metropolitan theatres. During the final week at the Grand, matinees will be given on Wednesday and Saturday.

Christmas Pantomime.
P. Stuart-Whyte's brilliant English pantomime, "Little Red Riding Hood," will be the attraction at the Grand Opera House for the Christmas holidays, commencing Monday. This is Mr. Whyte's fourth annual importation from England, and it is said to surpass every year his three former offerings "Aladdin," "Robin Crusoe" and "Cinderella." This has been made possible by the coming of the foremost pantomime artists, who were either in the army or tied up with war work. Then again, the Parisian costumers are back on the job, and the many examples of their dainty artistry are to be seen among the gorgeous works worn by the cast and chorus.

At Loew's This Week.
An exceptional combination of vaudeville and film features will comprise this week's offerings at Loew's Yonge Street Theatre and Winter Garden. Viola Dana, the winsome comedienne, will be seen at the modest bride in the pictured version of Oliver Morosco's stage success, "Please Get Married," a story replete with humorous incidents and a multitude of wholesome lines. The management also offer the first and exclusive showing of the sinking of the merchant ship, "The Lusitania," stolen from the German archives by Captain Smith of Montreal, show better than words could print the horrors which the Lusitania's crew and passengers went through.

"Poor Relations" at Madison.
Florence Yidor and Zasu Pitts will be seen today, tomorrow and Wednesday in "Poor Relations," distributed by Exhibitors Mutual, at the Madison Theatre. Anyone who wants to realize the truth of the axiom that the best of all good breeding is that of the heart should see this photoplay treating of a wealthy man who found love among his "poor relations."

INJURED IN COLLISION WHEN AUTO OVERTURNED
Bertha Campbell, 46 Harbord street, was injured about the thighs at 3 o'clock Saturday night when an automobile, in which she was riding, was struck by a stolen motor driven by three boys. Three boys stole a car belonging to E. Woodcock, 463 Grace street, and were driving it north on Bond street when, at the intersection at Harbo street, they collided with the westbound car, turning it over. George Watters, 419 Durie street, driver of the car, escaped injury, but Miss Campbell was pinned beneath the car.

At the Gayety.
The big "Barbous Wonder Show," with George P. Murphy and Miss Primrose Seaton will be presented at the Gayety this week by Joe Hurlig. The "Barbous Wonder Show" has won and held its popularity on its wholesome, but incalculably amusing swift action, its wit of line and freshness of slang, and its expertly delineated characterization. There is no one of the characters in the piece whose like you have not seen before, who probably in far less amusing circumstances. The splendid cast includes, besides the two stars mentioned, Arthur Conrad, Joe Mitchell, Edna Green, Frank Martin, Bertha Delmont, Lynn Pedrick and a beauty chorus of twenty.

"Miracle Man" at Alhambra.
Every one who has seen "The Miracle Man," speaks in the highest terms of it and the numbers will be increased as the Alhambra audiences witness its magnetic theme today, Tuesday and Wednesday. It is George Loew's most marvelous creation and is built around the lack of certain individuals as against the lack of it in others. That all are won makes the climax doubly interesting. The Alhambra concert orchestra will play some excellent numbers, and in the other way the program will be made attractive.

Raymond Hitchcock Tonight
Raymond Hitchcock and his jolly associates, running into a hundred in number this visit, in the entirely new Hittzy Koo, 1919, will tap the wells of laughter in local theatregoers at the Princess this week. This new girl and music show—the third of the Hittzy Koo series—has been pronounced the best of all. It is racy with the fun the comedian knows so well, and the cast and chorus are exceptional values in the wild scheme of merry making. The Belgian "Forty under twenty" is added, and each is studied with laughing episodes and dancing conceits. The company numbers one hundred and it requires three baggage cars to carry the ornate stage equipment.

"Fiddlers Three" Xmas Week
"Fiddlers Three," John Cort's most successful musical comedy, is the Christmas week attraction at the Princess Theatre. It is abundant in melodious and cheerful music, and exceptionally brilliant in cast. Tavié Coxy, the Belgian, who is generally acknowledged to possess the best voice on the musical comedy stage. Other principals are Thomas Coxy, with his rich baritone voice, Edna Lora, the vivacious dancer, Tom Dingle, the comedian, and Horace Sinclair, who was in service in Toronto during the war, who give a finished and delightful performance of the musical romance. There will be matinees on Christmas Day and on Saturday.

Olive Thomas at the Allen.
Olive Thomas, the charming and vivacious Seznick star, will be seen in the first of her series of Seznick pictures, "Upstairs and Down," as a leading actress in the evening musical revue, "Biff! Bing! Bang!" No man misses her flirtatious eye and each falls a victim to her entrancing smiles. To her, man is life and woman is love. It makes no difference who the man is, as long as he is willing to fall a victim to her charms. She loves them all, fat, lean, tall and short. "Upstairs and Down" is a picturization of the famous stage success of the same name, by Fred and Fanny Hatton, and will be shown at the Allen Theatre, beginning Monday, and the eleven o'clock matinee on Tuesday.

"Fair and Warner," Regent.
The beginning of the new year's week engagement of the Regent Theatre, commencing Monday, is a successful farce comedy, "Fair and Warner," at the Regent Theatre, and it is said to be a better offering than any other comedy seen in Toronto for years. The Regent Theatre does not get a good laugh out of any comedy because the Regent Theatre can accommodate the crowds. Every member of the family can see and enjoy this rollicking feature. The Regent Theatre is said to have never had such a splendid opportunity to make others laugh as she has in this play. The welcome received as a stage play is well remembered, and it is stated that not one member of the family can see and enjoy this rollicking feature. The Regent Theatre is said to have never had such a splendid opportunity to make others laugh as she has in this play. Jealousy has wrecked countless lives, but seldom has it been so successful as in the case of the Regent Theatre. The Regent Theatre does not get a good laugh out of any comedy because the Regent Theatre can accommodate the crowds. Every member of the family can see and enjoy this rollicking feature. Samuel McBride, Esquire, is getting credit for writing an article which appeared in this column relative to the death of the actor, Mr. J. H. Miller. The actor, Mr. J. H. Miller, was a well-known actor and was killed in a public eye you must expect to be slandered.

IDA IN THE CITY HALL
BY IDA L. WEBSTER.
With deep regret the pressroom of the city hall heard of the coming resignation of Mr. Clewly, the mayor's secretary, but as all good things have to pass, we feel that we must accept this, and be content with thanking him for all past favors, and wishing him good luck in his future. At the present time it might be wise to use this opportunity to suggest that Mr. "Tom" Macqueen be given the post at the first of the year, or when the present gentleman leaves. Such an arrangement would be all that any person in the gallery could ask or desire.

Today is the last business meeting of this year's council. Some of them had better take a good look around them, bid their desks an affectionate farewell, because this is going to be their last appearance in an official capacity on the floor of the house.

Mister George Ramsden would be sure of getting a seat on the board of control if he would care to try for it. A few minutes later, however, a letter was read which stated that some man was going to be put off the strength because the chief did not think he was necessary to the department. The words to that effect, immediately Chief Maguire wanted the chief over-ruled and the man retained.

The other day at the board of control the members voted that the chief of the fire department should be relieved in everything connected with it. A few minutes later, however, a letter was read which stated that some man was going to be put off the strength because the chief did not think he was necessary to the department. The words to that effect, immediately Chief Maguire wanted the chief over-ruled and the man retained.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD
40 Minutes to Answer This.
No. 64.

I know an old lady who received for her Christmas a beautiful patchwork quilt which represented the handiwork of eleven granddaughters. Each contributed a square piece made up of one or more of those little squares, and these squares of various sizes were joined together to form that 13 by 13 quilt. It required considerable ingenuity to unite those eleven squares, and it is also a puzzle-matter to chart the original eleven contributions.

Can you divide the quilt into eleven squares?
The answer to No. 63.
The three test scores made at the big turkey show, were composed as follows:
First—50, 10, 5, 2, 1. Second—25, 20, 3, 2, 1. Third—25, 20, 10, 5, 1.

NEW CARUSO VICTOR RECORD.
Many generations ago it was said that out of Africa there always came something new. The same is true of Caruso's recordings, for you never know in what great direction the versatility of this great tenor is going to spring forth. "A Vucchella" is one of the most delightful songs in the popular music catalogue. It is a somewhat capricious style, beginning with a sustained melody in which the glorious golden notes pour forth as if the light and warmth of the Italian sun itself had been translated into sound. You can get this record and many others of world-wide fame from the Victrola parlors of Ye Olde Place of Heintzman & Co., Limited, 133-137 Yonge street.

UNIVERSITY WANTS SIX NEW BUILDINGS

Expenditure of Nearly Two Million Dollars Forecast.

While the budget of the University of Toronto for the year 1920 is still an open account, officials of the university will probably meet the members of the Ontario government this week and settle the figures then. If the desired plans of the university are carried out, expenditure of close to two million dollars will be made within the next year or two.

SIX NEW BUILDINGS ARE URGENTLY REQUIRED

According to President Sir Robert Falconer, among them being a women's building for physical training, to be the counterpart of Hart House, which has been designed for the use of male students only.

SIX NEW BUILDINGS ARE URGENTLY REQUIRED

Some changes in the main building are also contemplated. The administration offices may be moved to one of the new buildings in order to make room for the congested arts classes, or it may be found desirable to erect a new building, exclusively for the business of the university.

SIX NEW BUILDINGS ARE URGENTLY REQUIRED

A joint meeting of all the Toronto G.W.V.A. executives on Friday passed the following motion at the Central branch club house:

"That as the government or their representatives allow the Jews a special liquor, vishnick, to wit, for the purpose of carrying on their festivities for their national holiday, we, the representatives of the G.W.V.A. of the city and York district, ask the government for the same privilege to grant liquor to carry on the festivities of Christmas and New Years, as it is the first Christmas the returned men have had the chance to be home for in five years."

UNIVERSITY NOTES

The Varsity Veterans are turning their attention to the dramatic field and have completed their plans with regard to the production of a war-play, which they will present in the Hart House Theatre in the near future.

On Tuesday evening at 8.30, Prof. Maurice de Wolfe, former traveling companion to His Eminence Cardinal Mercier, and at present on the staff of St. Michael's College, will deliver an illustrated lecture in the college hall on "The Books and Libraries of the Monasteries of the Middle Ages."

Prof. Arthur Percival Newton, B.Sc., D.Litt., lecturer on colonial and American history in University College, University of London, who is at present on tour gathering information on commercial conditions and the work relative thereto being done in the universities under the auspices of the Royal Colonial Institute, gave a brilliant and interesting address yesterday afternoon in the physics building on the importance of this field as applied to trained university graduates.

The alumni scholarship board in connection with the memorial campaign committee, has up to date loaned over \$7,000 to returned soldier students who were in need of financial assistance in order to carry on their course.

The students' administration council have completed arrangements with the C.P.R., C.N.R. and Grand Trunk to send representatives to the main building to secure lists of students who are leaving the city during the Christmas vacation and to provide them with tickets. This will do away with a great deal of the inconvenience formerly experienced by the students who, when leaving at the last moment have been held up due to

MINIMUM SALARY FOR ALL TEACHERS

Ontario Educational Association Officers Adopt New Schedule.

After careful deliberation on Saturday morning, the executive of the salary committee of the Ontario Educational Association, at a meeting in the Central Y.M.C.A., adopted a new salary schedule for the school teachers of Ontario.

Provided that the new schedule meets with the approval of the minister of education, teachers in Ontario, with permanent certificates, will not receive less than \$1,000 per annum. For teachers with interim certificates, the minimum laid down is \$800 for the first year and \$900 for the second year of teaching.

A deputation, consisting of the president, secretary, treasurer and Miss Arbuthnot, together with other local representatives of the teachers, was appointed to place the schedule before the minister of education. The following were present at the meeting: Henry Ward, secretary; G. C. Fraser, J. Monroe, Hamilton; Miss R. Arbuthnot, Toronto; Miss Mackenzie, Hamilton; W. E. Foster, Brantford; T. A. Reid and Martin Kerr of Hamilton; and J. A. Short of Swanton.

Beniah Bowman Too Busy To Reply to Hartley Dewart

Hon. Beniah Bowman, minister of lands and forests, who has just returned from a visit to Manitoulin, has not yet found time to reply to the complaint of Hartley Dewart that the time allowed for the submission of tenders for the Gull River timber limits was not sufficient, and that the request for tenders was not properly advertised.

WING'S OPIUM SEIZED

Several hundred dollars' worth of opium was seized Saturday night in a raid at 55 1/2 Elizabeth street by Plainclothesman Clarkson. William Lee is held under arrest, charged with keeping an opium joint, and six others are charged with being found in it. Bill was furnished for the seven prisoners. Two pipes and lamps used to prepare the opium for smoking were also seized.

PRISONER HAD SMALLPOX

Arrested in a lane near Yonge street early Saturday morning, Rene Maier, aged fourteen, was taken to Court street station. He had a rash on his face, and the sergeant, fearing the boy had smallpox, sent him over to St. Michael's Hospital, where admission was refused.

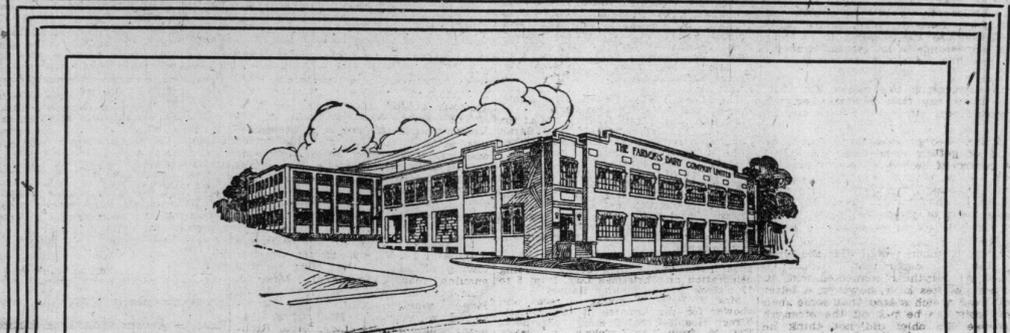

MAKE CHILDREN HAPPY

Silverthorn veterans will hold a Christmas tree in their new hall about Dec. 20 for the children of the returned soldiers of the Silverthorn district. They intend giving the children a treat of their life. Any persons with the welfare of little children at heart are asked to send along their contributions to Bert Stittie, secretary of Silverthorn G.W.V.A.

Through Service—Success

It is only ten years ago since The Farmers' Dairy was founded. Today it is one of the city's dominant institutions. The familiar "white-gold-and-green" wagons pass along every street in the city. Many thousands of families look to The Farmers' Dairy for their daily milk supply.

ed and regularly inspected--to produce safe milk. Then we built the Wonder Dairy. No expense was spared. Every scientific device that would add to the perfection of this shining white dairy was installed. The whole world was searched for the best in pasteurizing, cooling and bottling equipment.

Surely times have changed since the days of the milk peddler! We began as a small organization of some 200 farmers—all of whom agreed to maintain unusually high standards on their farms. All cows must be well fed to produce milk of rich quality. They must be well tended and regularly inspected--to produce safe milk.

Next we built up an efficient delivery system. We pioneered daylight delivery in winter. Farmers' Dairy service has won many friends because it is prompt, regular, courteous. These three features—richer milk, safer milk, better service—are the ideals on which this institution has been built. They are the secret of our swift success.

Use More Milk. Drink it slowly—eat it. That insures complete digestion. Consider milk in the place of heavier, costlier and slowly digestible foods. Use milk as a substantial part of every meal. Begin today to drink more milk. Teach every member of the family to know its value.

JAMES RICHARDS FAILS TO QUALIFY

Labor Party Will Choose New Aldermanic Candidate.

The Labor Representation Committee held a meeting in the Labor Temple on Saturday when the final scheme of campaign for the coming municipal elections was fully discussed. It was announced that James Richards, aldermanic candidate in Ward Four, had been unable to qualify and the executive committee will consider another member for that candidacy.

James Ballantyne, the Labor Party candidate, is at present confined to his bed with a gripe, but he is expected to be able to take an active part in the campaign in a few days. A manifesto committee, consisting of James Ballantyne, James Simpson, Walter Brown and Mrs. W. F. Singer, was appointed and will issue a declaration of policy in a few days.

John Macdonald, chairman of the representation committee, when interviewed after the meeting, expressed himself as optimistic. "The chances of the Labor candidates look very rosy," said Mr. Macdonald. "So far as can be ascertained, the wards are organized almost to perfection. Canvassers, all of whom are volunteers, will be given a house to house canvass in the various wards this week."

HOMOEOPATHIC PHYSICIANS AGAINST VACCINATION

At a meeting of the homoeopathic physicians of Toronto on Friday, Dec. 12, 1919, the following resolutions were adopted: "Resolved, (1) That we express our emphatic disapproval of any legislation enforcing vaccinations or inoculations or interfering in any way with the right of the individual to select his mode of treatment. (2) That as the law giving the provincial board of health power to compel vaccination was passed without consulting all those interested in medical legislation, we demand its repeal. (3) That we assure the authorities of our earnest support of all measures looking to the control of contagious diseases by means of isolation and quarantine."

ELEVEN-YEAR-OLD INJURED

Struck down by an automobile Saturday night at Queen and Claremont streets, Reginald Hobbs, 11, of 758 West Richmond street, sustained scalp injuries. He was taken to the Western Hospital and regained consciousness shortly after being admitted. Stanley Stockdale, 861 College street, driver of the automobile, picked up the unconscious boy and drove him to the hospital in his car. Stockdale was detained by the police of Claremont street station while they investigated the accident.

SEVEN DAYS FOR THEFT

Harold M. Lavis, a police probationer of one week's experience, was sentenced to seven days at the Jail Farm for the theft of a watch in the police court on Saturday. Fletcher Kerr, counsel for the accused, pleaded for leniency on the ground that Lavis was from a farm at Goderich and it was his first mistake.

THE BIG CLEAN-UP

Negotiations Between the Mackenzie and the Gibson Interests Near Closing—Even the Toronto Railway Next Year.

Sir Adam Beck called for England Saturday, to be back in Toronto just after the middle of January. It was said by those who ought to know that the remaining negotiations for the purchase of all the Mackenzie interests, three or more power and transmission lines, and three radial lines are likely to be completed while Sir Adam is away, and the whole "clean up" closed. The Toronto Railway is not to be included. But there is a story current that the owners of the franchise would be willing to have the arbitration to fix the value of its assets to go on in 1920, instead of 1921 (when the franchise ends), if the city agreed and the legislature passed the necessary legislation.

News from a Hamilton source is to the effect that the Gibson interests are ready to sell all their power plants, light, franchises, and street car services forthwith. But the price has been agreed to as between Sir Adam Beck and Sir John Gibson. The Hamilton people are said to be anxious to have the transfers made at once, and to have the services as they will be reorganized under public ownership, instituted at a very early date. It is believed that Hamilton will get its local street car lines, light and power distribution, the Ontario radial commission, the suburban radials, and any other light and power distribution services by the municipalities in which they are located. Extensive improvements and cheaper power and light would in this way come into effect almost immediately.

FLAMES AT ASYLUM SPEEDILY PUT OUT

Patients March Out Without Panic in Queen Street West.

What might have been a serious fire broke out in the Queen Street Asylum Saturday afternoon. When the alarm was given, 58 patients marched out in perfect order, and there was never any danger of a panic amongst the inmates. The flames started on the fourth floor of the west wing of the main building. It was discovered in a room fitted as a cell. The fire started close to a steam-pipe and, burning under the floor and up the walls, spread rapidly to a staircase leading to the attic. The attendants fought the fire with lines of hose and chemicals until the firemen arrived. All of the reels in the district responded to the alarm, and several portions of the flooring were torn up by the fire-fighters to make sure that no electric wires were defective. The loss was estimated at \$200.

LABEL SUIT PROGRESSING

J. M. Ferguson, counsel for Arthur O'Leary, former president of the Toronto Trades Council, who recently filed a suit for label against James Simpson respecting certain charges laid by the latter against Mr. O'Leary at a recent session of the council, stated Saturday afternoon that the date for the trial had been set for December originally, but that due to the length of several other cases during the present session, Mr. O'Leary, along with 30 other cases, had been traversed to January. "I have Mr. O'Leary's instructions to give the expedient progress possible to the trial, and my best endeavors are being made to get it set at the earliest moment in January," said Mr. Ferguson.

HARBOR PLANS APPROVED

The expenditure of \$4,000,000 on harbor works has been approved by the board of harbor commissioners. Bonds to meet this expenditure were recently guaranteed by the city. The program for next year includes the construction of an amusement centre and summer resort between Sunnyside and the Humber, the commencement of the sea wall east of Bathurst street and the reclamation of additional land on the western lake front. A large warehouse will be erected at the foot of York street.

EPIDEMIC STOPPED DAY OF DISCOVERY

None of Orillia Hospital Patients Had Been Vaccinated.

On November 8 thirty-one of the boys in the main building at the Ontario Hospital, Orillia, were found to have a vesicular eruption much resembling chickenpox. In most of these cases there was a history of having had about three days' illness resembling an influenza attack and accompanied by some rise of temperature, which varied from 101 to 104. These symptoms had completely subsided and the patients were feeling well when the eruption manifested itself.

A diagnosis of smallpox was made; the wing of the building where these cases occurred was put in complete isolation and the entire institution quarantined for two weeks.

A general vaccination of the entire personnel of the institution was at once instituted. J. Crowe, P.C., president of the institution, said: "One boy who was not vaccinated on account of illness was found on the 18th to have a typical eruption and passed thru a regular attack of smallpox. This made a total of 31 cases. By this time the entire population had been vaccinated and it is noteworthy that as soon as this had been accomplished there was not another case of smallpox in the institution with its population of over 1,000. About 1,200 vaccinations were done as the doctors included the families of employees living nearby among those who needed the protection."

S.O.E. NEW OFFICERS

The annual election of officers of Lodge St. George, No. 27, Sons of England, Beneficial Society, was held Saturday evening in St. George's Hall, Elm street, the following officers being appointed for the year 1920, most of these being returned soldier members: President, J. Crowe, P.C.; past president, W. W. Bamlett; vice-president, P. C. Fowler; chaplain, B. T. Green; secretary, T. H. Warrington; treasurer, J. R. Sturton; committeemen, A. Broadbridge, F. McAuley, A. Bosanquet, I. Ling, A. Ling, A. W. Reeder; inside guard, J. Evans; outside guard, J. Lawson; auditors, F. T. Cooke, L. Ling and A. Bosanquet; trustees, A. Allardye and H. Leeson. Dr. Norman Allen, who has held office in the lodge for over 33 years, delivered a patriotic address.

EMPLOYMENT IN ONTARIO

The employment service of the department of labor of the Ontario government reports for the week ending Dec. 6, 3002 applications for work. 2514 men wanted, and 2010 applicants placed in positions. Of these, 337 men were transferred thru the clearance house in Toronto. This report shows a slightly increased activity since the preceding week, the fewer vacancies were notified by employers. The women's departments placed 121 in regular positions and 320 casuals.

A Home Requisite

A Hoover should be in every home. It is good looking, a labor saver, and it keeps the home bright. The Hoover lifts the carpet, beats it, sweeps it, straightens out its nap, restores its colorings and "vacuum cleans" it, too, all in one operation. The remarkably patented features of the Hoover enable it to combine all these processes. Other cleaners rely mainly on air alone. That's why more Hoovers are used than any other. Demonstrated on the Fourth Floor. The Baby Hoover, \$62.50. The Hoover Special, \$75.00.
