IF THERE'S A BARGAIN
MAGISTRATE SAYS SHE
WILL BE LOYAL TO IT

But it hasn't been shown yet that
one exists at Orangeville—
Evidence enough to convict
Douglas.

ADJOURN FOR A WEEK
DEPARTMENT INSTRUCTS

ORANGEVILLE, May 20.—(Special.)
—Crown Attorney McKay, who has
charge of the prosecution against
Douglas, the drugist, said to-night
that in his opinion he had enough
evidence to convict.

He was asked the question directly
by a World reporter. He replied:
"Taking Jackson's evidence into con-
sideration, I think there is enough evi-
dence to prove the charge."

"Do you see any difference of difference
between the offence of which Douglas
is accused and that for which Judge
Winchester sent Lillian Miller to
Kingston for four years?"

"Not the slightest," was the reply.
"The crown attorney was to-day in
direct communication with the at-
torney-general's department, and re-
ceived these instructions: "Have the
Douglas case adjourned for a week."

The World asked. Crown attorney
McKay this afternoon what he intended
to do with Douglas. The latter ap-
pears to-morrow at 11 o'clock before
Police Magistrate Pattullo for his pre-
liminary hearing.

Police Magistrate Pattullo said to-
night: "It is deplorable that, under
cover of British justice, men should be
walking the streets with blood on their
skirts."

"I can say this: I am a government
man and I will uphold the honor of
the crown. I mean that if THE
CROWN HAS MADE A BARGAIN
WITH DOUGLAS, and if he is to be
tried by me, I WILL UPHOLD
THE BARGAIN."

"Do you officially know there is a
bargain?"

"No, I do not recognize either that
because Douglas appeared before the
grand jury in one case that therefore
he cannot be properly tried on his own
charges. However, I think I would re-
fuse to try the case anyway; a jury
should pass on it."

The plan is to bring him up, read
the indictment, give him an opportu-
nity to choose summary jury trial,
plead and adjourn for a week, as not
a single witness up to to-day had been
subpoenaed.

After that—
"The regular practice is not to pro-
ceed against any person who has ap-
peared before the grand jury, and
Douglas has done so," said McKay.
"Presume you are under the di-
rection of the attorney-general's de-
partment?"

"Are you acting on instructions from
the department in announcing that
this is to be your course? Have you
received instructions from the de-
partment?"

This Mr. McKay smilingly decided
not to answer, but he brought from
him the sense that he might have to
announce that he would not adhere to
the plan laid down.

Acting Under Orders.
"Is there anyone higher up that is
being protected?" Mr. McKay was
asked.

"Not that I know of," was the re-
ply.

"Is there any bargain made with
Douglas that he also is to get off?"

"If there is I do not know," he
said. McKay said he was not present
at the conference that occurred dur-
ing the trial of Jackson—the result of
which was that Chief Justice Falcon-
bridge allowed Jackson to go on sus-
pended sentence.

Will Tell Truth.
"Did nothing to do with her death."

"Will you be called as a witness
against Jackson if witnesses are called?"

"Well, if I am I know the truth and
I will tell it."

"Did Dr. — know that the medi-
cine prescribed for you was for
the purpose it was, or for an inno-
cent purpose?"

"Of course he knew. I first heard
of a 'bargain' when Mr. Curry told
me he expected on the last day of my
trial that a proposition would be made
to him. I believe he and Frank Hod-
gins, K.C., saw Chief Justice Falcon-
bridge and had the case before him."

T. H. Henry, M.D., said: "The
crown attorney should have pushed
this case from the start. It's a parody
on justice; it isn't a square deal to
any man to let it go this way."

"I have met Detective Rogers going
down with Douglas down to Caledon
Lake. They went more than once; how
does that strike you?"

"Why were you not called?"

"I don't know, I suppose because I
knew too much."

Hidden Hand.
They say that neither Jackson nor
Douglas is a man of sufficient weight
in the community to force protection
on political or financial grounds. They
say that the practice that sent Lillian
Miller to death at one not unknown
here; that too often a fixed fee of \$50
changes hands; that some doctors
save evidence that the inquest that they
afterwards contradicted at the ad-
journed inquest, and that right over
the heads of Jackson and Douglas is
the shadowing hand of the politician.

No little political significance is at-
tached to the fact that when the pre-
liminary hearing of this charge came
on before Police Magistrate Pattullo
last summer Jackson alone was put
forward. It being agreed that the
Douglas case should stand until the
matter against the laundryman was

ABE HUMMEL AUTOS
TO NEW YORK MAIL
TO WORK AS BAKER

Notorious Lawyer Convicted for
Conspiracy in One of His Cases
After Years of Question-
able Fame.

NEW YORK, May 20.—In a hand-
some touring car Abraham Hummel
left his home in East 72nd-street to-
day, to go to Blackwell's Island to serve
a year in the penitentiary for con-
spiring to celebrate Dodge-Morse
divorce case.

A few years ago Hummel enjoyed an
extensive practice as a lawyer, hav-
ing as clients some of the best-known
actors and actresses in the country,
but his conduct of the now famous di-
vorce case resulted in his disbarment
and the humiliation he suffered to-day.

His method of going to the peniten-
tiary was almost on a par with his
forever dinner given a few nights ago
at which he had dined with about a
dozen friends, prior to his imprison-
ment. About 100 curious spectators
and reporters were gathered in front
of his residence at 11 to-day, when Mr.
Hummel endeavored to depart for
Blackwell's Island without observa-
tion.

An automobile had been standing at
the curb for several hours. One of Mr.
Hummel's friends left the house, and
entering the machine, was noticed
away in it. The spectators followed it
a short distance and returned to the
house as it drew up to the curb again.
Then Hummel, holding a handkerchief
before his face to prevent a snapshot
picture being taken of him, ran from
the basement door, jumped into the
taxi and it dashed away.

For about three hours he took a ride
around the city, and then surrendered
himself to a deputy sheriff, who took
him by an unreflected route to the
island. He will be put to work
in the bakery.

Saved One Humiliation.
Hummel had declared on Saturday
that he would save himself at least on
humiliation.

"The little I have left, but such as it
is shall fall by my own hand; the law
shall not touch one hair of my head."

Abraham H. Hummel—the notorious
Hummel—stopped away at his razor
nervously, anxiously, as he grinded his
teeth and prepared to cut off the moustache that has
been his petted pride since he was a young
man. No penitentiary barber should
lay razor on that defiant upper lip, nor
should the barber who has shaved him
these many years be witness to his
humiliation. He would cheat the law
of its satisfaction and the barber of his
15 cents.

The prediction has been freely made
among Hummel's former associates
that with the closing of the peniten-
tiary gates upon him there will be an
end of his brazen and impudent
ways. Physically and mentally, particu-
larly should his appeal to the court
have been, and was being, used as a
warning to other men who are in
Hummel's shoes.

There are a thousand men at work
to-night, and it looks as if the whole
lot will now bow to the inevitable to-
morrow.

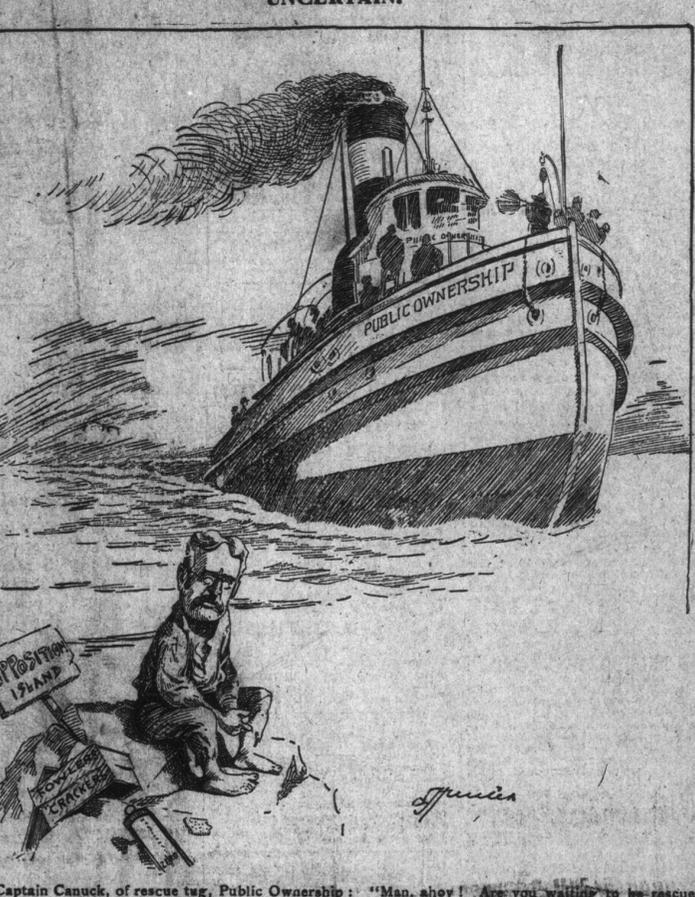

As a matter of fact the meeting of
strikes called this evening to dis-
cuss the situation had to be abandon-
ed owing to a lack of attendance.
Over a hundred men returned to work
on the Manchester liners, and this
appeared to be a signal for a general
break up of the strikers.

At 3 to-morrow morning there will
be a meeting of those who have not
returned to work, and it is expected
that by noon to-morrow the strikers
will be past history.

At noon to-day warrants were
issued by Recorder Weir for the arrest
of the following longshoremen: J.
Crichton, T. Waterston, H. Cunningham,
J. Smith, J. Trull, A. McKenzie,
W. Redpath, W. Anson, W.
Morgan, J. Ruckle, A. Scott, R. Forbes.
These men were found and taken to
the lockup about 12 o'clock, awaiting
arrangement. It is understood that
warrants are out for others, who have
not yet been arrested.

The proceedings were taken by
Messrs. Perps and Ives, Stenographers,
thru Messrs. Meredith and Holden, the
complaint being that the defendants,
having been engaged by contract, in
March last, were now violating the law
governing the relations between mas-
ters and servants by quitting work.

The men were allowed out on bail.

Longshoremen Taken Into

MONTREAL, May 20.—(Special.)
The longshoremen's strike has col-

more men offering than could give
work to the workers being made up
by strikers who wanted to go to work
and outsiders.

There are a thousand men at work

MORAL REFORMERS
TRAINING GUNS ON
WOODBINE LICENSE

Methodist Committee Will Meet
Thursday to Decide on a
Course of Action—
May Prosecute.

An endeavor is being made by the
Methodist Temperance and Moral Re-
form Association to restrict the sale
of liquor at the Woodbine. The execu-
tive will meet in Rev. Dr. Chown's of-
fice on Thursday. Some developments
may occur, however, before Thursday,
as Dr. Chown, when asked if there
would be anything doing before the
executive met, dismissed the subject
with a knowing smile, and said he had
no idea of allowing the press to antici-
pate his movements.

The following statement, made by the
secretary of the movement, is quite
significant:
"It is reported that the chairman
of the license board and Mr. Deane,
another commissioner, have been
down to the Woodbine, and that they
are powerless to prevent the sale of
liquor under the grand stand."

"That is not a matter to be settled
at the Woodbine. The Ontario Jockey
Club does not make laws for the pro-
vince. The law is already made, and
it clearly states that not more than
one bar shall be kept in any house or
premises licensed under the liquor li-
cense Act. There are unquestionably,
at least, two bars running under one
license, and these bars are not both
within the licensed premises unless it
can be shown that all the buildings
on the Woodbine racetrack are the
sheds and outbuildings of the tavern
at the front of the grounds."

"This contention, of course, is ab-
surd. The commissioners can stop the
sale of liquors any moment they
choose to do so."

"The social and political influence of
the Ontario Jockey Club cannot excuse
their neglect to take action."

"It is bad enough to have a carnival
of gambling carried on under an inter-
pretation of the law which is doubtful,
but to increase that indefensible
gambling by furnishing the stimulus
of strong drink is a condition that
cannot be tolerated."

"Protection must be afforded the
families of the men who are dropping
their earnings so freely to the bookies."

The case of the Alliance.
Ben. Spence, secretary of the On-
tario Alliance, writes The World:
"Kindly permit me to call public at-
tention to the moral sense of many in
the province in connection with the
Woodbine race track, which is certainly
repugnant to the moral sense of many in
the province. It is a disgraceful and
repugnant sight to see the sale of in-
toxicating liquor, which is openly con-
ducted, without hindrance or interference
under the grand stand. The city li-
cense department and the police sim-
ply allow it, and by their stand in the
racetrack hall, have practically granted
permission for the trade to go on."

TO BE SIR WILLIAM.
When William Mackenzie of the Ter-
rance Street Brewery, the Canadian
Northern and other notable enter-
prises, comes back from England, where
he now is, the story goes that he will
be Sir William. Am I not there not
precident for this? Have we not Sir
William Van Horne and Sir Thos.
Shaughnessy? Why should the Cana-
dian Northern be the Canadian North-
ern so humble? Besides Mackenzie,
the railway builder, is a native Cana-
dian.

BLOWS HIS HEAD OFF.
Retired Lumberman Ends Life in Hor-
rible Fashion.
ST. STEPHEN, N. B., May 20.—
(Special.)—Benjamin Anderson, a wealth-
y retired lumberman and farmer,
committed suicide to-day.
He had been acting strangely some
time, and yesterday told his son he in-
tended to shoot himself. His son called
to his father, who promised to give
up such thoughts. To-day, however,
Anderson took a gun and fired a charge
into the side of his head, blowing it
completely off the body.
He was about 50 years of age and at
one time actively engaged in lumbering
business.

WHEN UNFAIR COMPETITION COUNTS.

Private corporations dealing with utilities stipulate for an exclusive franchise, and if they cannot get this they fight for it and antagonize any effort to call competition into existence. The Toronto Railway has an exclusive franchise and the Toronto Electric Light Co. would have one if it could—that is, it hates the idea of the city going into the lighting business in connection with the Beck public ownership plan.

When you mention it, the widow and the orphan are trotted out (automatically on these days) and the public is implored not to compete with vested rights. But ordinary individuals in business have no such franchises, no guarantee against competition either from the city or from the public. They have no vested rights.

THE FUTURE OF CANADA.

Addresses on the future of Canada are not uncommon, and to many seem superfluous. Not the future, but the present, is ours, it is argued, and it is of greater urgency and importance to deal with present problems than to indulge in day-dreams concerning times possibly distant, when the Dominion will take the place in the world which its vast inheritance appears to ensure.

But there is a converse aspect of the view that regards the present as holding within it the future of the country—in another and equally valuable sense the future conditions the present. Speculation confined to romantic and imaginative pictures of greatness to come may be useless enough, but an effort to discover the elements and policy which will make Canada truly great cannot but be illuminating and inspiring. Canada possesses all the material resources requisite for the creation of a powerful and prosperous state, but the vital question is: Are we in character, in spirit, in purpose?

Plank for Greater City

Editor World: I see that you desire some suggestions or planks for the "Platform for Greater Toronto." I beg to suggest that the first plank be: "A canal to be built to connect with the Holland River at Newmarket and have its outlet in the Don."

It would lower freight rates between here and the Northwest. It would cause the sea-land along the Don to be converted into factory sites. This canal would be of no use until the "Trent Valley Canal" is finished. Then vessels could come to Toronto and up the canal to Georgian Bay, thus saving the trouble of continually passing through locks which they would have to do if they went by the Trent Valley route.

Editor World: With the corners of King and Yonge streets in a state of chaos at a period when the city is inundated with visitors, it is surely high time the ratepayers of Toronto woke up to the realization that something more effective than the village council methods should be adopted in a city of this importance.

WANT TO BE POSTMASTER.

Several Aspirants for Vacancy at Orangeville. ORANGEVILLE, May 20.—(Special.)—Much speculation is indulged in as to who will succeed Postmaster Bradley, who died on April 10 last. The chief aspirants are John Park, the defeated Liberal candidate for Dufferin County at the last federal election, and against the Conservative Joseph Pattullo, both ex-mayors and popular citizens. The government seems to be in a quandary.

TO EXTEND WATERWORKS.

Town of Owen Sound Gets Leave to Invest Part of Its Sinking Fund. The Ontario Railway and Municipal Board has approved an application of the Town of Owen Sound for leave to invest \$22,325 of its own sinking fund in debentures, which have been issued under a municipal bylaw. A portion of the money, however, will be applied to extending the city waterworks.

MORAL REFORMERS

Liquor License Act defines a tavern license, such as is held by the hotel at the Woodbine, the being a license for selling, bartering or trafficking by retail in fermented, spirituous, or other liquors, in quantities of less than one quart, which may be drunk in the inn, ale or beer house or other house or place of public entertainment in which the same liquor is sold.

The license under which the sale at the Woodbine is conducted is granted to Wm. P. Fraser for premises known as 1669 East Queen-street. Mr. Fraser is secretary of the Ontario Jockey Club, who are the owners of the premises, and the license is held in trust for the club.

INVESTIGATION RUMORS ASSIST THE DECLINE

Wall St. Securities Undergo a Further Sagging Tendency—Domestic Stocks Are Weak.

World Office, Monday Evening, May 20. Only a small portion of the local list of securities entered into the market negotiations today, and the trading which developed was in practically all issues at a lower price. Room trading brokers evinced no interest in the business, having relegated stock speculation in favor of the races. A renewal of weakness in the New York market was a depressing influence on local sentiment, and brought about a small amount of liquidation. One of the important securities of the day was the extreme weakness of Sovereign Bank, five shares of which sold at 93. The weakness in these shares is a cause of nervousness in the market, inasmuch as the decline in the bank's stock is attributed to the fact that the stock was offered at par at the close of the market without bids. The pools in the South American section were less aggressive. The price of Sao Paulo was sharply lowered and a respectable retreat was effected in Rio, Peru, Chile, Colombia, and the selling was quite free at that figure. Toronto Railway continues weak in connection with the possibility of a strike, but so little interest is taken in the shares here now that a quotation was not even made today. The closing was exceedingly dull, with buyers much scarcer than sellers. London market closed.

Commissioner of corporations issues second report in regard to position of Standard Oil Company in petroleum industry.

Brooklyn Union Elevated and Nassau Electric subsidiaries of the B. E. T. will authorize a mortgage on behalf of the Brooklyn Union Elevated and Nassau Electric on behalf of the Nassau Electric for \$3,000,000.

Weather conditions unfavorable to crop in Kansas.

Gross earnings of 15 railroads for second week of May show increase of 22.77 per cent.

Sub-treasury surplus \$294,000 from the banks on Saturday, since Friday loan \$793,000 to the banks.

It is announced that enquiry into railroads controlled by J. J. Hill will be pushed vigorously, with a view to the removal of J. A. Lovejoy, counsel to interstate commerce commission.

Re Consolidated Gas. It is understood that Mr. Masten finds that the law is unconstitutional as applied to the Consolidated Gas, which was more of less confiscated in its nature. The referee's reasons will come before the court on May 21, 1907. S. Circuit Court for affirmation; but, in view of the fact that Mr. Masten is probably the most experienced of all the railroad managers of the country, it is not likely that his decision will be overruled by Judge Lacombe.

Joseph says: The speculative market is not likely to be any "hoop-la" sort of affair. Yet it will present an interesting, even if limited, picture of the market. The recession it will be well to take on Reading conservatively. With the resumption of business in the country, the market improvement is likely. It will be well to buy Canadian Pacific on little breaks just before the close. The market is likely to be immediately probed. This may sound like an invitation to sell Northern Pacific and the Northern short, but don't be too rash. Speculation: Improving crop conditions should help Atlantic and St. Paul.

Denotary reactionary operations are likely to continue in the stock market until the list is overhauled. It is practically sold out now, but there is as yet no attempt to extend more than a few days. Denotary action will come in this respect, if there is any tendency to demoralization. The sagging in the common stock support is a sign of demoralization, and some demoralized liquidation, as near as we can judge. The B. E. T. new financing will probably cause an attack on that stock, which, if the pool refuses the \$5 support, heretofore extended, may drop sharply. The rumors of new U. S. Steel financing will be taken advantage of by the professionals to hammer that issue, the common stock support having been around 86. The bear element will have to break the 141-level support of Union Pacific before the market can be much, and in failing a recovery is likely. Bear tips are being put down, some of them, and the lower limit 65-127 must first be removed before the bear crowd can do anything. The market is in a position, but may rally after any jam now. St. Paul and N. O. continue in a sagging position, but may rally any time, when they will again be sold by professionals. G. N. R. preferred meets some support around 130. Financial News.

NEW YORK, May 20.—Waldorf stock goes to R. R. Bondard: As to the immediate market, the outlook is believed to be continued distress. Men in touch with the large interests say that, although holding the bulk of the stocks, these interests are opposed to an active speculation at this time. One argument is that before inaugurating a bull campaign they want to see the state legislatures adjourn. Another theory is that before becoming aggressive they wish to see the common stock support, and the probable effects of official activities at Washington in the matter of the government's intention regarding the Harriman combination of railroads. But, in spite of these drawbacks, the consensus of opinion tonight is that stocks should be bought, weak spots. The bear crowd is expected to be more aggressive this week than last. If stocks are hammered down, some of the shrewd operators will buy them for a turn, believing that new security issues will induce liquidation, and that the big losses on permanent burdens upon railroad net earnings. The market promises further...

Charles Head & Co. to R. R. Bondard: A considerable increase in activity at the expense of values developed into-day's stock market, the bear contingent taking the lead in general. The market was a little better than yesterday, but the decline in the stock was offered at par at the close of the market without bids. The pools in the South American section were less aggressive. The price of Sao Paulo was sharply lowered and a respectable retreat was effected in Rio, Peru, Chile, Colombia, and the selling was quite free at that figure. Marshall, Spader & Co. wired J. G. Bondard.

The pressure of new securities in the shape of bonds, stocks and short-term notes is so great that it is proper to add that many issues previously subscribed for have not yet been placed on the market. This refers to the northwest properties, including St. Paul. If comes every day more applications for the best of the market, even the best bond issues has been the main cause of lack of confidence in the general list, and with poor crop prospects, labor actions, and the promise of harder money rates, a lower stock market seems probable. The market is likely to be immediately probed. This may sound like an invitation to sell Northern Pacific and the Northern short, but don't be too rash. Speculation: Improving crop conditions should help Atlantic and St. Paul.

SEATTLE, Wash., May 20.—Seattle negroes have passed resolutions, asking negro bishops and delegates to the Christian Endeavor convention to be held here this summer, to stay away from the convention and the city because of alleged discrimination between the races in the matter of accommodation.

The King's Plate Surprise.

The history of racing at the Woodbine contains no greater surprise than that presented by Kelvin on Saturday last; the bookies made a fine harvest and the faces of the backers of Adam Beck and Seagram were indeed a study.

TOWNSHIP COUNCIL ASKED TO INTERFERE

Balmy Beach Residents Want Assistance—Local Option League Formed—Items.

TORONTO, May 20.—The township council discussed the Dundas-street paving question to-night and called for new tenders. It transpired that another firm, the Toronto Construction Co., were willing to take the town's bonds as security, and this left the council open to accept either asphalt blocks or vitrified brick, as they, in their wisdom, saw fit. The representative of the Toronto company said he would like to see the Dundas-street paving project in Toronto Junction. The new tenders from this company and the Asphalt Block Co. will be in and the contract awarded on Monday night.

A. Brassaw & Son asked for a block of land on Hook-avenue, upon which they propose erecting a factory (also fee) and in which they intend to manufacture garments. The land will be sold to the company for \$300. The company will begin the erection of the factory, and work will be done by Charles, a Junction contractor.

At 2:30 o'clock this afternoon Arthur Johnston, aged 15, who lives with his parents at 113 Churchill-avenue, met with a painful accident at the Dodge Pulley Works. He was at work running a shaping machine and his shutting it off his sleeve caught in the gear and drew him in among the cog wheels, resulting in breaking his arm above the elbow and cutting the skin of his face and head severely. It was found necessary to take the machine apart to relieve him. Dr. Perfect was called, and after tending his injuries he had him conveyed home.

It would be well for the parents of children who are not attending school regularly to see that their little ones do so, as the new truancy officer, Chief Finlayson, has started out to see that the law is enforced. A number of notices were served to-day on the north side of the town, and more are to follow, until all the absentees are rounded up.

The funeral of the late John Haegas, superintendent of waterworks, took place this morning to Uxbridge. The remains were accompanied on the 3:40 train by a number of the Masonic order, and the interment was conducted by the Masonic Lodge of Uxbridge.

North Toronto.
NORTH TORONTO, May 20.—The local Liberal-Conservative Association will meet in the Orange Hall on Wednesday evening at 8 o'clock.

The board of works and fire and light committees met to-night and put thru a lot of business. C. Wilson of Frederick-street complained of damage being done to his garden by rain running thru it. Committee will look into the matter. J. S. Banks and others petitioned the board to open up Castlefield-avenue by bridging it at the ravine, in order to give access to their properties. Committee will recommend to the local improvement plan. The members of the board became patriotic and ordered a new flag for Empire Day. The employees of the department petitioned the board for permission to stop work on Saturday afternoon at 4 o'clock, without loss of time, during the months of June, July and August. Chairman Murphy suggested that on Yonge-street it would be advisable to drain the street for a distance of

about 400 feet from the southern end. William Hazely, of 115 Parliament-street, said that Hazely was seriously injured by a defective roadway on Coxwell-avenue, and asked for compensation. He asked the solicitor, F. J. White, to take the steps up the hill on Spadina-avenue, from Davenport-road, to be put in safe condition. Mr. Hanna wants a tar and gravel roadway, 15 feet wide, on Keele-west-avenue, on the local improvement plan. Engineer will report.

W. J. Beatty, 361 Cooper-avenue, Davenport, claims \$50 damages for injury received to his knee by a defective sidewalk. The Confederation Life extended the time of suit to the township for six months, at a rate of one cent per annum. City Engineer Rust wrote to the Davenport-avenue sewer, and asked the township to enter into an agreement with the city. The Bank Manufacturing Co. wanted permission to lay mains to get the city water. Referred to the commission.

The local board of health of the Township of York also met this afternoon. A lengthy discussion took place concerning watercourses, thru the property of Mr. Mishaw of Alinga-avenue, Wychwood. The board contended that the ditch is on private property and that the owner had to keep the place in sanitary condition, or failing that, the township should be prosecuted. The inspector was instructed to stop the people from emptying their refuse into this watercourse. John Whann complained that the people in the Davenport district cannot get proper satisfaction from Inspector Carter regarding a certain ditch carrying stagnant water. That official explained that the foreman should attend to the ditch complained of. The old trouble of the Humber piggery again cropped up and Inspector Mitchell complained that W. McKay, on the Todmorden Plains, keeps a nuisance in the shape of a slagery.

Alex. Reid, complained about an open ditch on Bathurst-street, which carries more than surface water. The board of night soil on Salmon-avenue, Todmorden, was the complaint of another resident. Inspector Carter stated that one man is building six houses on a foot lot 175 feet deep, and he considers the same to be a nuisance. The board could not interfere. Dr. Warren, M. H. O., reported five cases of scarlet fever, but there are no other contagious diseases in the township.

Balmy Beach.
BALMY BEACH, May 20.—A conference will be held to-morrow afternoon (Tuesday), in the office of J. J. Dixon, West King-street, east of the city, of the executive of the Balmy Beach Protective Association, with respect to railway matters in East Toronto, which is the best of the general. With the practical demolition of all the buildings in Munro Park, and the opening of "Scarboro Beach" to the public, the residents of the area are assuming a serious phase. From Howard-avenue to the easterly exit of Munro Park is about half a mile, and the 2000 residents who live along the street railway in this district are naturally anxious as to the outcome. C. B. Watts has returned from a short business trip to Winnipeg, and reports the building trade and business generally, notwithstanding the cold weather, as booming. Mr. Watts states that the opinion is, however, freely expressed that land values in the city are greatly inflated.

Whiteville.
WHITEVILLE, May 20.—Alfred Major has sold his handsome pony and outfit for the sum of \$250, to a gentleman living west of Chicago.

There will be a race of the Sunday school pupils of Whiteville Methodist Church, on Sunday, May 26, lasting all day. It is expected that pupils and extra pupils from all parts of the Dominion and not a few from the United States, some as far west as California, will be present.

Robert Milne and Newrick Wilson, who have each been seriously ill from paralytic strokes, are making satisfactory recovery.

James Thornton was unfortunate enough to fall from a wagon in which he was riding, and receive a broken leg. He is progressing favorably.

In July Mrs. Thana Burton will celebrate her 86th birthday. A host of friends will learn with pleasure that the venerable lady is in excellent health, and has just returned from a visit to her daughter at Green River, Seldom if ever have the crops in Pickering Township been less forward at this season of the year, but with favorable weather there is no reason to believe that the harvest will fall below other years. In some parts of the township there is said to be a scarcity of fodder for cattle.

York Township Council.
COUNCIL CHAMBERS, May 20.—At this afternoon's meeting of the council the York Township Property Owners' Association of Emily Beach submitted a lengthy communication as to the threatened discontinuance of the street railway service east of the Woodbine. The likewise want the company to run their cars on Maple-avenue instead of "Ying" their cars at the Woodbine, without permission from or compensation to the township. It was pointed out that residents east of the Woodbine had bought their properties with the assurance that the car service would be maintained. It was further stated that the cessation of a service would seriously depreciate the value of property. The letter was referred to the solicitor.

Maple.
MAPLE, May 20.—P. D. Dunn, D. S. C. R. of the I. O. F., has been in our locality for a number of days, looking after the interests of the order. As a result of his untiring efforts, 15 are to be enrolled as members on Thursday night, the 23rd inst. Some of the old members are increasing their insurance.

EPWORTH LEAGUE RALLY EAST AND WEST TORONTO

Close of Year Marked by Reports of Progress—Election of Officers.

The annual rally of the Eastern District of the Epworth Leagues of Toronto was held in Sherbourne-street Church last night. The service marked the close of the league year and was a review of work done, as well as a time of social enjoyment.

Twelve leagues, embracing a membership of over two thousand young people, were represented, and the gathering was presided over by F. W. Lewis of Gerrard-street League, president of the executive.

Dr. Eber Crummy of Bathurst-street Church was the speaker of the evening. His subject was "God's Call to Young People Thru Present Day Conditions." Don't attempt to separate the sacred and the secular, he exhorted the delegates. Reports indicated that the numerical and financial standing of the district was most encouraging; that offerings had increased and that this year the total amount raised was in excess of last year by \$300, the total raised being \$2000.

West End Leagues.
The annual rally of the West End Epworth League was held last evening at Duane-avenue Methodist Church. N. Nield, past district president, occupied the chair. The service was opened by Dr. German and Dr. Hincks, the pastor.

The officers elected for 1937-38 are as follows: Hon. president, Dr. German, chairman of the district, president, Mr. M. Squire, Trinity; 1st vice-president, Christian Endeavor, James Baker, Colborne-street; 2nd vice-president, missionary, E. Frisley, Central; 3rd vice-president, literary, Dr. A. W. Thornton, Parkdale; 4th vice-president, Miss Sade Bush, Euclid-avenue; 5th vice-president, Christian Endeavor, F. Knachtel, Euclid-avenue; secretary-treasurer, W. A. Price, Centennial; and a number of other officers.

JAPS' VISIT PAYS.
Orders amounting to \$12,000,000 placed with U. S. Firm.

NEW YORK, May 20.—Simultaneous with the presence of Gen. Kuroki in New York City, comes the announcement that the Tokio government has placed in this country, mostly thru New York City agencies, \$12,000,000 in orders for equipment for the South Manchuria Railway.

The line, which traverses 1500 miles of sparsely settled territory, is to be completed in the next two years, which will be record-breaking time.

To ensure quick delivery, Japan has bought 2000 tons of rails at the Carnegie mills, for \$28.50—considerably above the market price. Another 2000 tons of rails, or about \$2 a small haul, will be shipped to the plant.

Other orders are pushed aside to rush the rails to the Japanese. One car concern has received an order for 1000 freight trucks. The bodies of the cars will be built in Dalny.

Over \$2,000,000 has been spent for American locomotives, of which 200 have been shipped to the plant. The remainder will be shipped to the plant via Line. From Dalny to Mukden the traveler will ride in American cars, and the Indian mutiny, he fought in the battles of Alma, Sebastopol and Tulkerman.

OBITUARY.
William MacNeill.
The death of William MacNeill, the oldest musician in Toronto, occurred Sunday. An old pensioner, 81 years of age, Mr. MacNeill played in the orchestra of the Grand Opera House, under Mrs. Morrison's management. A veteran of the Crimea and the Indian mutiny, he fought in the battles of Alma, Sebastopol and Tulkerman.

KUROKI BUYS WINE AT TWELVE A BOTTLE

Wanted to Show His Gratitude by Rivaling Hospitality of Reception Committee.

NEW YORK, May 20.—At a luncheon and reception, presided over by Gen. Kuroki at the Hotel Astor, there was launched the Japan Society of New York, which has for its object the promotion of friendly relations between Japan and the United States. Leaders in national and civic affairs were guests at the affair, for which the Baron Kuroki's order, were made without regard to cost.

Seventy-five men and women partook of the luncheon, and a number of the choicest viands, and a number of rare vintage were served with each glass. There were seven courses of the choicest champagne, and a number of the choicest coffee came cognac of 1828.

The luncheon cost Baron Kuroki about \$40 for each of his guests, or a total of \$3000.

He planned to show the measure of his gratitude by rivaling the hospitality of the reception committee which tendered to the visiting Japanese on last Friday at the Hotel Astor a dinner of \$2000.

The brilliancy of the affairs that have been provided for the distinguished visitors since their arrival in New York last week, has been much commended upon.

TELEGRAPHERS MAY STRIKE

Union Demands Reinstatement of Nine Dismissed Men.

NEW YORK, May 20.—A great strike of telegraphers by the end of the week seems imminent.

Members of the executive committee of the Commercial Telegraphers' Union of America were summoned to this city yesterday to order a national strike up if the Postal and Western Union Companies reject their demands.

The committee will meet next Thursday to order a national strike, which is believed to be inevitable. The two corporations have indicated their intention to reject them, and the union's officials believe the strike cannot be averted.

The grievance for which the men want redress is the dismissal of nine union men by the Western Union Company. The company states that the men will not be taken back.

LOOKS FOR BIG INCREASE.

Dominion Steel Man Says Estimates Are Right.

MONTREAL, May 20.—(Special)—P. J. Jones says that everything is going exceedingly well at the plant, and that previous estimates of an increase of 50 per cent. in the production will not be the only western province to increase its wheat area this year. He speaks enthusiastically of the splendid appearance of the fall wheat crop.

POLICE KILLED BY BOMB.

Terrorists Boldly Place Internal Machine in Police Bureau.

ODESSA, May 20.—The Superintendent of Police of Odessa and the two chief detectives of this city were shockingly dismembered and killed and seven other persons were seriously injured by the explosion of an internal machine in the central police bureau this morning.

The machine was deposited in the bureau just before it exploded by two men and a girl. The police captured the two men, but the girl escaped.

The two detectives were bitterly hated by the terrorists, one of them for participating in the shooting of the late Emperor, and the other, who was nicknamed "The Hangman," because he had tortured political prisoners.

WARRANT ISSUED FOR MEMBER.

ST. PETERSBURG, May 20.—A warrant has been issued for the arrest of Nikolai Lenin, alias Vladimir Ulanoff, leader of the majority faction now attending the social democratic congress in London, on the charge of high treason. He will be taken into custody if he returns to Russia.

"Black Hundreds" Riot.

Following the assassination of three police officials here to-day, serious rioting occurred, and at 8 o'clock this evening the black hundreds were running wild thru the streets, mercilessly beating people, particularly Jews, more than a hundred of whom were seriously injured, the police apparently remaining passive spectators of the disorders.

NEW APPOINTEES.

STRAFFORD, May 20.—At the regular meeting of the city council to-night Thomas Dunesth was appointed to the position rendered vacant by resignation of Sanitary Inspector and Trust Officer Durst, his duties to commence June 1.

LAFLAMME EXONERATED.

MONTREAL, May 20.—The council of the bar of Montreal unanimously acquitted N. K. Laflamme, K.C., this evening of the charge preferred against him by Hon. Mr. Turgeon, to the effect that Laflamme had made overtures with a view to have the case continued.

Alberta's Wheat Area.

CALGARY, May 21.—C. W. Rowley, who has returned from a trip thru a considerable portion of the wheat district of Alberta, states that he believes Alberta will be the only western province to increase its wheat area this year. He speaks enthusiastically of the splendid appearance of the fall wheat crop.
