Dominion Troops Capture Important German Stronghold, Battling Their Way to All Their Objectives--Battle Raging in Mosselmarkt--Germans Fight Desperately to Check Advance of Our Men.

London, Nov. 6.—The Town of Passchendaele, lying northeast of Ypres, has been captured by the British forces, according to the official communication issued tonight.
"Operations were undertaken this morning by the Canadian troops, with complete success, against the enemy's defences in and around Passchendaele and on the spur north-northwest of the village," says the text of the statement.

The enemy had been ordered to hold this important position on the main ridge at all costs. Hard fighting took place at a number of points, particularly on the high ground north of the village and for a collection of fortified buildings and strong points on Goudberg Spur. None the less, our troops made steady progress, and at an early hour the Village of Passchendaele was captured, together with the hamlet of Mosselmarkt and Goudberg. Before midday all our objectives had been gained and a number of prisoners taken.
"During the day the weather was unsettled. The rain, which fell at intervals, improved the visibility, however, and assisted the work of our artillery and aircraft, and, combined with valuable observation gained by our advance, has enabled our guns to deal effectively with the enemy's batteries and with concentrations of hostile infantry."

NEW DRIVE MENACE TO HUN SUB. BASES

British Advance Likely to Force Abandonment of Ostend and Zeebrugge.

London, Nov. 6.—The British forces in Belgium have won another notable victory over the Germans in the region of Ypres, having captured in one of their intrepid dashes, following a rain of shells of all calibres, the Town of Passchendaele, about five miles west of Roulers, for which much bitter fighting has taken place recently. The new advances of the British throws the apex of their salient in dangerous proximity to Roulers, the fall of which would cut Germany's communication from her submarine bases at Ostend and Zeebrugge with the south. The indications from the meagre advices thus far to hand are that the Canadians who bore the brunt of the operation, extended their line 800 yards beyond Passchendaele. Numerous German prisoners were taken.

AMERICAN PATROL BOAT IS SUNK BY SUBMARINE

Alcedo Sunk in the War Zone—Twenty-one of Her Crew Wounded as Missing.

Washington, Nov. 6.—The American patrol boat Alcedo was torpedoed and sunk by a German submarine in the war zone early Monday morning and one officer and 20 crew members were missing. The Alcedo, a converted yacht, carried a crew of seven officers and 85 men.
The Alcedo is the first American war vessel to be destroyed in the war zone since the destroyer Cassin was torpedoed recently, but made port safely.

TRIPLE TRIUMPH WON BY MEN OF DOMINION

Passchendaele, Goudberg and Mosselmarkt Taken by Canadians in Great Advance--Positions Captured Are of Vital Importance.

By W. A. Willison.
Canadian Headquarters in France, via London, Nov. 6.—In another great advance along their whole front, the Canadians seem to have taken Passchendaele, Goudberg and Mosselmarkt. If this is so, no more signal triumph has been won in the whole history of the Canadian Corps. Our divisions will have more than settled the old score on St. Julien. Dominating positions in the salient and relegating the Boche to the lower levels, dominated by our guns.
At 6 o'clock this morning our guns opened a tremendous barrage for two minutes later men from Manitoba, Saskatchewan, Alberta, and western and eastern Ontario were out of their shell holes and temporary mud wall trenches in an advance which, by 7.30, had carried them beyond their objectives. It was an artillery and machine gun battle. For an hour and a half our guns were never silent. Protected by a splendid barrage, our infantry moved slowly forward while our counter-batteries dominated the enemy's guns and

ITALIANS RETREAT ON 160-MILE FRONT

Entire Line of the Tagliamento Abandoned by Cadorna--Italian Rear Guards Fight Actions Along the Whole Front.

London, Nov. 6.—In a great escape, more than 160 miles in length, the Italian armies are falling back upon and thru the plains of Venetia to a new and shorter line of defence. From the Fella Valley to the head of the Adriatic Sea the entire line of the Tagliamento River has been given up by General Cadorna, while from virtually the border of Trentino north-eastward and eastward thru the Dolomites and the Carnic Alps to the Fella, the northern army is carrying out a retrograde movement southward thru the mountainous country toward the plains. The Germans and Austro-Hungarians everywhere are following up the Italians in their retreat, but with the Italians offering resistance in rearward actions along the entire front.

The decision of the Italians to evacuate the Tagliamento region was taken after the enemy had intensified his pressure along the upper reaches of the river in the highlands and pushed forces across the stream in the centre and to the south. This movement compelled a simultaneous withdrawal along the northern front from the Fella Valley to Colbion. Apparently the main Austro-German forces are not in close contact with the retreating Tagliamento army, for the German official says the retreat is indicated by configurations over the route of retirement. No claim is made by the Germans of Italians having been made prisoner.
On the plains the Italian cavalry is doing the same effective work it did in retarding the enemy during the first

TEN MILLIONS FOR C.N.R. COMMON

Government Adopts Policy for Acquisition of Railway Shortly.

By a Staff Reporter.
Ottawa, Nov. 6.—The government has settled its policy in regard to the Canadian Northern. The agreement will fix the maximum of the amount to be awarded the owners of the sixty millions of the common stock taken over by the government at \$10,000,000, and will fix the date by which the award is to be made or near the first of the year. No great time will therefore elapse before the amount is fixed and the road taken over. Two months ought to see everything closed and the new board of directors to be named by the government in charge of the railway. The only name so far known in connection with this board is that of Hon. Frank Cochrane.

Elsewhere there were only fruitless and scouting operations.

COMMONS THROWS OUT RESOLUTION FOR PEACE

Liberal Member Makes Plea for a Conference for Discussion of Terms, But British Parliament Negatives the Motion Without Division.

London, Nov. 6.—A. J. Balfour, secretary for foreign affairs, replying in the house of commons today to a peace motion proposed by H. B. Lees-Smith, Liberal member for Northampton, declared:
"The aims for which Great Britain entered the war were not and are not either imperialistic or vindictive, but one and all are needed for the double purpose of the emancipation and security of Europe."
Mr. Lees-Smith advocated a league of nations and the abandonment of the Paris conference resolutions and imperialistic designs in all parts of the world. He contended that it would be impossible to get peace without a solution of the Alsace-Lorraine problem which both sides would be willing to accept, and in conclusion pleaded for a conference for the discussion of peace terms.
Mr. Lees-Smith in moving his resolution maintained that successive secret agreements against the allies had carried their war aims far beyond the original aims. He declared the recent rumor that Germany, in addition to losing Alsace-Lorraine, was to be deprived of territories on the left bank of the Rhine, had been confirmed in a secret session of the French chamber by M. Ribot.
Mr. Balfour interjected here that there never was such an agreement. Mr. Lees-Smith retorted it was an agreement made between France and Russia while Nicholas II was emperor. If this was carried out, said the member, there would be a new series of causes of discontent, discord and hatred which would once again drench Europe in war and blood.
Mr. Balfour asked the house to show by an overwhelming majority that "We believe in the cause for which we are struggling and which we know we can bring to a successful termination."
Great as are the sacrifices already made, we are ready to continue them, and continue them indefinitely until the great, righteous and unselfish objects we have in view are finally secured."
Andrew Bonar Law, chancellor of the exchequer, amid loud cheers, moved closure, which was carried 282 to 33.
Mr. Lees-Smith's motion was then negatived without division.

WHITE STATES CONDITIONS OF VICTORY LOAN

Bonds Will Be in Five, Ten and Twenty-Year Series.

TO BE ISSUED AT PAR

Five and One-Half Per Cent Interest Rate Will Be Paid.

Sir Thomas White, minister of finance, yesterday announced the particulars and terms of Canada's Victory Loan, as follows:
Subscription books will be open on Monday, Nov. 12, for five, ten and twenty-year bonds, dated Dec. 1, 1917. Interest payable half-yearly—June 1 and Dec. 1. Bonds will be in denominations as low as \$50. The price of the new loan is to be par—100 cents on the dollar—for 5 1/2 per cent. bonds, with the privilege of spreading the payments over a period of five months in monthly instalments. In view of this privilege of spreading the payments, and as a full six months' interest will be paid the purchasers on June 1, 1918, the bonus of interest thus allowed will reduce the price so that the bonds yield the investor 5 1/2 per cent. on the twenty-year bonds, 5 1/2 per cent. on the ten-year bonds, and 5 1/2 per cent. on the five-year bonds. This loan will carry conversion privileges into future issues, and will be free of any present or future Dominion taxes—including income tax.

TAMMANY MAN CHOSEN MAYOR OF NEW YORK

John F. Hylan Defeats John P. Mitchel by Large Majority.

New York, Nov. 6.—With only 72 districts missing in Greater New York, the vote for mayor shows the following totals:
Bennett, 51,955; Hylan, 288,435; Hillquit, 134,830; Mitchel, 145,459. Hylan's plurality over Mitchel was 142,976. Mitchel's lead over Hillquit was 10,569.

BIG SOCIALIST VOTE

Entire Democratic City Ticket Also Returned With New Chief Magistrate.

New York, Nov. 6.—John F. Hylan, a county judge of Kings County, was elected mayor of New York today by a plurality of more than 100,000. He carried with him the entire Democratic city ticket, including Charles L. Craig for comptroller; Alfred E. Smith, now chief of New York County, for president of the board of aldermen; and Edward Swann for district attorney. The indications are that the Democrats will have a majority in the board of estimate, which controls the expenditure of the city funds.

WOMAN SUFFRAGE IN EMPIRE STATE

Returns, Less Than Half Complete, Show Considerable Lead.

REPUBLICAN ELECTED

Merton E. Lewis Has Big Plurality for Attorney-General.

New York, Nov. 6.—With almost half the election districts in the state heard from, woman suffrage in New York has a favorable majority of over 2,000. This indicates it will be carried by a majority of upwards of 45,000.

New York, Nov. 6.—The possibility that "votes for women" had become a reality in the Empire State was the outstanding feature of today's state election on the basis of returns received up to midnight. At that hour 2306 election districts out of 5772 in the state showed the following result: For suffrage, 239,487; against, 210,328.

These returns showed an average plurality of eight votes for suffrage in each of the districts reporting. This proportion should be maintained by the districts unreported woman suffrage would be carried by a plurality of over 40,000. Returns in hand at 9 o'clock indicated an even greater majority, but the report of New York City was apparently responsible for the reduction.

The election of Merton E. Lewis, Republican candidate for attorney-general, seems assured on the basis of the results from 3672 election districts in all sections of the state, which showed that Mr. Lewis had polled 455,506 votes, compared with 387,871 for his Democratic opponent, Devoe P. Hodson, and 132,272 for S. John Block, the candidate of the socialists. Up state returns, received up to midnight, showed no change in the complexion of the legislature. At that hour, however, the count on the assembly vote had just been begun in New York City, and any departure from the 1917 line-up of 39 Republicans, 49 Democrats and two socialists who have to be made in this city is unknown.

E. DELANEY DIES IN HOSPITAL OF INJURIES

E. Delaney, 16 Lakeview avenue, a sign painter for the Ruddy Advertising Company, died at 2 o'clock this morning in St. Michael's Hospital from a fractured skull, received when he fell 25 feet while painting a sign at Queen and Sherbourne streets on Monday. Since his admission to the hospital the authorities had held very little hope for his recovery.

READY FOR VISITATION

The mass meeting held by the home visitation committee last evening in Massey Hall, at which the final instructions were given to the various visitors, was crowded. Every denunciation being represented. The chair was taken by E. K. Kavanagh, who in a short address spoke of the value of the work to be undertaken, while J. C. Durham, the international superintendent, gave the instructions to the various members engaged in the work that will be started on Friday next. Over 400 of these workers will take part in this great visitation, and a leaflet, termed "The visitor's catechism," was fully explained and distributed.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

THE Canadians, resuming their infantry action on their whole front in Belgium yesterday, captured the ruins of Passchendaele and virtually completed the conquest of the Passchendaele ridge. Their whole line advanced for a maximum depth of 1200 yards. It is reported that they have also taken the ruins of Goudberg and Mosselmarkt and now dominate Roulers and Roulers Plain. They have now obtained a firm footing on the series of positions that extend from Gheluvelt and this success gives them the command of the lower ground. As Von Hindenburg had issued strict orders to the German staff to hold Passchendaele at any cost and to retake it, if lost, British general headquarters expect the opening of a terrific struggle, it may, indeed, become another Chemin des Dames battle.

The Canadians again won a clear-cut victory. The effect of the Canadian success may not immediately develop in its entirety. The punishment given the Germans will eventually compel them to fall back, but the Germans nevertheless have shown surprising ability to cling to positions with their squalid lines. Lens is an example to the present point. By all the laws of old warfare the Germans should have evacuated that town long ago. They have chosen rather to stand their losses for the sake of the political effect, or rather to avoid the political effect not only on France but on Germany, if they chose immediate evacuation.

The Italian retirement from the line of the Tagliamento River is military manoeuvre. It is neither a defeat nor a victory. It is designed to secure a more advantageous position and is a defensive measure. The only effect it will have is on the morale of the troops. The enemy will be elated at advancing, the Italians will be correspondingly depressed at retiring. The shorter front sought by the allies will offer an easier position for defence. Besides, it lengthens the enemy's communications, already stretched about as far as can be safely extended. The wear and tear on the German rolling stock will increase. The German railway lines, it is said by observers, are becoming worn out by the excessive and incessant traffic of war. The enemy, of course, advances because he is seeking a military decision in Italy. The hurried councils of war held by

TWO MILLION WOMEN WIN THE FRANCHISE

Suffragette Victory Seems Sure in New York—Prohibition Gains.

New York, Nov. 6.—The outstanding feature of the elections in the United States yesterday was the apparently assured victory for woman suffrage in New York State by a majority of approximately 40,000. While the early reports from Ohio indicated defeat for them in that state. Nearly two million women will be enfranchised by the electorate of New York State if the majority vote for this measure, indicated at 1.30 o'clock this morning, is maintained.

ATTACK ON TRAIN MADE BY VILLA'S BANDITS

Hundred and Twenty-five Persons Killed in Robbery at Amaramder.

Juarez, Mexico, Nov. 6.—With blood-stained floors, shattered windows and coaches crowded with frightened men, women and children who were sheltering, half-naked, in the bullet-riddled train, the Mexican passenger train which was attacked by Villa followers at Amaramder station Sunday, arrived here tonight. One hundred and twenty-five soldiers and passengers were killed on the train.

TAMMANY MAN ELECTED MAYOR

Contested Peace, stood third, with \$9,878, while William M. Bennett, who unexpectedly won the Republican primary nomination from Mayor Mitchell, won four of the five boroughs.

From the time the returns were received from the first 100 districts the result never was in doubt. It was evident that the Tammany man, Hylan, had scored a brilliant victory and again brought control of the city administration into the hands of Tammany Hall.

The tremendous majority vote was the feature of the election. The total polled by that party in the last mayoral election was only 32,133. This year Hylan ran close to 100,000. Mayor Mitchell and in many election districts on the east side, in parts of Harlem and the Bronx, he polled more votes than Mitchell. Hylan ran a straight out peace platform. He declared a victory for him would be a mandate for the government to negotiate an immediate peace.

Hylan carried all five boroughs of Greater New York. His best showing was in Brooklyn, where Bennett was elected. In Manhattan, where Bennett polled a large part of the primary vote which won him the Republican nomination after a recount. It was conceded by the managers of all parties that many of the votes cast for Bennett would have gone to Mitchell, had he been the Republican nominee, but Bennett's total for more than half the city added to Mitchell's would not have been enough to defeat Hylan.

Hylan's plurality may equal that of which Mayor Mitchell was elected four years ago. Mayor-elect Hylan began his career in New York as a track-layer on the old King's County elevated railroad, a wage of \$1.50 a day. When the road was completed he was given a job as fireman of one of the little steam locomotives which drew the cars on the pioneer days of elevated railroads in this city. He later was promoted to engineer, and is credited with having taken out the first train on the elevated in this city. He was appointed a city magistrate in 1888. He was discharged by the railroad company when an inspector found him studying law in his spare time. He was appointed a county judge and began practice in 1897. Hylan was appointed a city magistrate by Mayor McClellan in 1906 and appointed a county judge in 1913. He was appointed Governor Glynn, late in 1913.

LEASIDE AVIATORS HAVING BUSY TIME

Great Aerial Activity Manifested Over East Toronto by Cadets From Training Camp.

Great aerial activity was manifested over East Toronto yesterday by flight cadets who were apparently making final test flights. During the forenoon two airplanes, traveling about 1,000 yards apart, made a rapid flight directly south out over the lake, returning north over the full length of Woodbine avenue to Leaside. In the afternoon three flight cadets made triangle flights, one leading and the other two following at an equal distance, maintaining the triangle formation accurately for miles.

"The Coming,"

The Remarkable
Novel By J. C.
Snaith, Reviewed
For Us By
Katherine Hale

THIS book is by all means
the most remarkable
novel of the season so far.
Its chief elements are simpli-
city, power and revelation.

The scene is a present-day
English village. The outstand-
ing characters are a Pharisical
vicar; an American scientist
who has discovered a "law" re-
lating to radio-activity the de-
structive force of which is im-
measurable; a famous theatri-
cal manager who believes that
the stage will become the pul-
pit of the reconstructed world;
and an English country gentle-
man who has fought through
the horrors of Gallipoli.

These people and many
others come under the influence
of one John Smith, in the eyes
of the village a harmless
dreamer, who believes that
"nothing is but thinking makes
it so." By his clairvoyant power
and direct correspondence with
the divine life and thought, he
seems to prophesy and in him-
self to embody the coming of
the radiant spirit of Christ. So
simple is his faith that he is
accused of blasphemy and com-
mitted to an asylum for the in-
sane. There he writes a mar-
vellous play, which by its power
of suggestion "helps to heal the
wounds of the world."

John Smith is one of the new
men who have come to dwell
upon this earth. They come
with the light of the past and
the future in their eyes, and
they show us that nothing can
withstand the destructive force
of materialism save spiritual
light which is inexhaustible.

All This Week--Sweeping Price Reductions on Rugs

Floor Coverings For Any Room in Your House—Wiltons, Axminsters, Brussels and Tapestries, Offered in a Great Special
Selling at Figures Actually Less Than the Mill Prices To-day—Also Oriental Rugs Representing Values Extraordinary.

NEW RUGS FOR OLD!—out rings the cheerful cry from
this week's great selling to everyone who has a room with a
worn or faded carpet. For the offering is one of sweeping
price reductions, affording rare opportunities for you to save
many dollars on the purchase of floor coverings.

Wilton, Axminster, Brussels, Tapestry and Oriental Rugs,
that represented unusual values in the regular way (most of them
procured before the rise in carpet prices), have been greatly re-
duced for this big clearance. Each day during the week's selling
are featured particular lines. For Thursday, attention will be
focused on the following:

Wilton Rugs For Sitting-rooms and Bedrooms.

This is a very attractive group—Wilton squares of excellent quality in
small conventional patterns and adaptations of Oriental designs. For sitting-
rooms and dining-rooms are two-tone and self-tone browns, greens, tans and
various combinations thereof, and for bedrooms daintier color effects of rose,
brown and green, also of ivory, deep blue and green, etc., etc. Size 9 ft. by 10
ft. 6 in.—reduced to \$36.50. Size 9 ft. by 12 ft.—reduced to \$42.50.

Small Wiltons—for halls, dens and bedrooms, in conventional and Oriental
patterns in two-tone and three-tone effects of blue, green, brown, tan, also rose
and French blue. Size 4 ft. 6 in. by 6 ft.—reduced to \$10.50. And size 4 ft. 6
in. by 7 ft. 6 in.—reduced to \$13.50.

Magnificent Kermanshahs in Room Sizes.

FOR DRAWING-ROOMS and handsomely-furnished bedrooms, these are
superb provision—beautiful specimens of the celebrated Persian carpet, in
characteristic medallion designs, in tones of rose, ivory, green and blue.
Sizes are: 8 ft. 9 in. by 12 ft. 4 in.—reduced to \$375.00. 7 ft. 10 in. by 10 ft. 3 in.—
reduced to \$200.00. 8 ft. by 11 ft. 4 in.—reduced to \$350.00. 9 ft. 7 in. by 11

Cedar Chests for Furs, Linens, or Woollens

The Utility Box in Its Ideal Form—
Smelling Sweet of Cedar Wood,
And Designed so Happily as to Take
Its Place Amid Furnishings of Any
Type—In Styles Suitable For
Bedroom, Hall or Dining-room.

THOUGH YOUR HOUSE
BOASTS wardrobes and bu-
reaux galore, do you not yet
feel the need of some other receptacle
—of some suitable abiding place for
your furs, or your table linen, or all
the woolly scarfs, leggings and caps
your children toss off when they
come indoors in winter?

It is to meet this need we present to your
notice the superb array of white and red
cedar boxes. Up in the Drapery Depart-
ment they are set forth for your choosing in
a splendid assortment of shapes and sizes—
in designs worthy of taking their place in any
room in the house. Here are some of them:

Utility boxes of British Columbia white
cedar, covered with heavy straw matting—in
four sizes, at \$3.95, \$4.95, \$5.95 and \$6.95;
the last two priced, with trays, at \$6.70 and
\$7.70.

Diamond Rings of Artistic Type

That Are a Joy to the Beauty-loving Eye Because
of Their Exquisite and Unique Designs—Mar-
quise, Hoop and Many Other Picturesque Effects.

THERE IS SUCH INFINITE DIFFERENCE
in diamond rings. (One ring may be wholly
uninteresting. Another, of no greater value,
may fascinate you with its beauty. It is a matter of
setting. The allurements—the style, the individual-
ity of the ring—these all depend upon the treatment
of the jewels.

And it is rings of this exclusive, artistic type
which you will find in the Jewelry Department at
the present moment—a collection of designs exquisi-
tely wrought in platinum, and set with diamonds of
first quality.

Included are marquise and other forms of "dinner" ring,
also hoop, square and solitaire styles. Some are set into a lace-
like filigree of the platinum, others are in more solid, Mosaic
effects.

For the fiance in quest of an engagement ring, or the
friend or relation in quest of a wedding gift, the collection is
treasure-trove. The diamonds have been selected by our own
experts. The settings in workmanship and artistic design are
worthy of Paris itself.

Prices begin at \$60.00, and proceed to \$75.00, \$95.00,
\$100.00, \$115.00, \$485.00, \$625.00 up to \$1,135.00.

THE T. EATON CO. LIMITED

The Globe-Wernicke Case Takes Care of Your Books

IN THE MATTER OF APPEARANCE it
adapts itself to almost any scheme of fur-
nishing, being obtainable in mahogany,
fumed, Early English and golden oak finishes.

In size it accommodates itself to almost
any space your room affords, being construct-
ed in sectional style.

In service it meets the exact needs of the
books you possess, the sections being featured
in different heights for volumes of various di-
mensions. Moreover, the sections may be pro-
cured one by one as they are required to add
to the original unit or to form new units.

In the matter of care it demands less atten-
tion than most types of bookshelves, the glass
doors being dustproof and affording complete
protection for the books.

As for prices: Globe-Wernicke Elastic
Bookcase, in golden or fumed finish, 34 inches
wide, 48 inches high, with receding glass doors,
1 top, 3 units and 1 sanitary base. Complete,
\$15.00.

Kent's Hair Brushes Are Scarce These Days

And Much to Be Appreciated, There-
fore, This Offering of the Same at
Prices Which Are No Higher Than
When the Brushes Were Plentiful.

WHEN A BIG ATLANTIC
LINER was sunk by an
enemy torpedo a couple of
months ago, there went down with it
the largest consignment of Kent's
hair brushes shipped from England
to America since the outbreak of the
war. The mermaids may be rejoic-
ing over the catastrophe, but the fair
humans for whom they were intend-
ed are threatened thereby with a dis-
tinct scarcity in these far-famed
English brushes.

Of particular interest, then, is the fact
that the Toilet Goods Section is able to offer

a goodly showing of these famous English-made hair brushes—with bristles
of the same exceptional quality to which the brushes owe their world-wide
reputation.

With polished natural wood backs, they may be had in the three sizes
illustrated herewith, namely, with oblong back, at \$1.50, and with oval back,
in two sizes, at \$3.00 and \$4.25 each.

Kent's clothes and hat brushes, in same finish as hair brushes, are also
available—the two for \$5.00.

Little Talk
on Modes
and Makers.

"BUSTLES IN SUITS —
how odd in a street
costume!" exclaimed
the Conservative Person the
other morning, regarding with
critical eye one of the new coats
which breaks out into a puff
and a pleat below the waist at
the back.

One might have reminded her
that the original Bustle of the
eighties appears in all manner
of dress. Du Maurier's tall and
lovely ladies have bustles in
their riding habits and their
skating costumes. Incidentally,
it is this artist's inimitable
sketches of English life of that
period which have immortalized
the mode—these and the cele-
brated "Punch" cartoon, in
which the Venus of Milo is
made to put on the fashionable
contraption.

For the present revival of the
bustle all credit belongs to New
York. It is a purely American
innovation. And that it should
be achieved with such charm
and picturesque effect speaks
highly for creative design on
this continent, which is alleged
to be capable only of copying.
The bustle evening frock of
1917-18 has all the real French
essence of chic.

Quilting is one of the new
ways that Paris has this season
of ornamenting a gown or wrap.
It appears on any number of
models in satin, crepe, or other
soft fabric—just the old-fash-
ioned padding of the material
and stitching it flat in diamond
or zigzag style. You will see it
in the dress and coat depart-
ments here.

"Why called the 'Spencer'?"
It may occur to you to wonder,
one of these cool Autumn days,
when the little short-waisted
woolly is in popular requisition.
Well, this is how the story of its
origin runs: Towards the end
of the eighteenth century it is
claimed that one of the Earls
of Spencer fell asleep in an arm
chair before the fire, with the
result that his long coat-tail was
badly burnt. Cutting off the
smoking edges, and not wishing
to admit the occurrence, he in-
structed his valet to remove the
tails from all his coats. The
innovation was much admired
by his friends, and before long
was widely imitated. Thus in
due time any tailless coat re-
ceived the title of "Spencer."

WEDNESDAY MORNING, NOV. 7.

Coal.

No improvement is to be seen in the coal situation, except that we have arrived safely thru the first week of November without any very cold weather. Just what this means to the people of Toronto will never be realized, not even by those who turn up the weather records—and consider the Octobers and Novembers that have sometimes happened.

As far as coal is concerned, there is no coal. Any citizen can prove this for himself by attempting to buy a few tons. One ton may be promised in the indefinite future, some time, but there will be no guarantee, and money will probably be refused. A happy minority who have their cellars filled, some, it is said, with two years' supply, may doubt or ignore this, but when the frost and the blizzards come there will be a loud call for the fuel controller.

He is probably doing as much as any man could, but he was started too late, and the experience of last year was given no attention and had no profit. If we get thru the approaching winter it is to be hoped that the new government will get its forces into action early and prepare in time.

Authority to ship 700,000 tons of coal into Canada has been given in the United States. This sounds large and hopeful, but it is chiefly sound. Permission to get is different from getting, and coal is not to be got. Besides, if we had 700,000 tons it would only be enough for Ontario.

United States cities are quite as badly off as we are for coal. This should assure us that the Washington government is giving us equal treatment, but there is little consolation in freezing to death in company. Solitude in such circumstances adds little to the undertaker's bill. We believe if there was coal to be had we should get it. The miners are striking, however, which is one of the German methods of making war; and while they strike and refuse to dig coal, we shall have to go without. While we freeze we can, if we are pacifists, indulge in beautiful thoughts of peace. If we are otherwise minded we will remember that the coal shortage was inaugurated by Kaiser Wilhelm on August 2, 1914. The war is going on right in the coal bin.

We Will Vote on It Now.

There was a certain force in Sir Wilfrid Laurier's demand that the people should be consulted on the subject of conscription, and they are being consulted in the regular and constitutional way. The British practice has seldom been to take a plebiscite first and then pass legislation. On the contrary, the practice has been for the government of the day to pass the legislation and then appeal to the people. If the people did not approve the legislation they could veto it at the polls and throw out of office the people responsible for its enactment.

Now the Borden government passed a compulsory Military Service Act. It restricted the levy to 100,000 men, but announced that if returned to power the limit would be lifted. Then they went to the people for a mandate, and that appeal is now being heard and will be passed upon at the coming election. If the present government is returned to power the present conscription law will be enforced, and it will be so amended as to enable the government from time to time to conscript all the men needed. If the present government is defeated we venture to think that we will have heard the last of conscription in this country.

True, Sir Wilfrid offers to have another plebiscite, as it were, upon the subject, but that plebiscite will be unnecessary if the coming election goes against the union government. The issue now before the people is conscription. Union government favors conscription to the limit if necessary. The opposition promises to take a plebiscite on the subject. Unquestionably all who really favor conscription will vote for the government, and all who are opposed to conscription will vote against the government.

The people of Canada will decide the conscription issue on the 17th day of December. Once settled, it will not have to be settled over again by another plebiscite or another election. If the union government is returned to power conscription will proceed with vigor and will continue until the end of the war. If Sir Wilfrid Laurier is returned to power we will not have conscription. Neither will it be necessary for Sir Wilfrid to go thru the formality of holding another plebiscite. We will vote and decide upon conscription at the coming election. Those in favor of conscription will vote in favor of union government. That is all there is to it.

Incidentally, those who wish to assist the German cause will vote against the government, and those who wish to carry on the war to end war and those who started it in 1914 will vote for the union policy and those who are pledged to administer it.

Italy and the War.

Italy is still a danger spot, but the Italian authorities appear to be confident and send out reassuring messages. The Tontons have crossed the Tagliamento, but this is explained by the Italians as being quite in the program, inasmuch as the Tagliamento was not intended to be used as a fighting line, but only as a temporary screen behind which the real stand could be prepared. Provided the strategy adopted is correct this explanation may be accepted, but we should be prepared for any eventuality.

Germany will undoubtedly plume herself on this achievement, and the news of the triumphant scattering of the Italian forces will put fresh heart in the suffering German people. They have heard of great victories, smashing defeats of the enemy for three years—Verdun, Tannenberg, Dunajec, and now the Isonzo. All the enemies are defeated, England is starving from U-boat warfare, America has no army, and yet the war goes on. It must puzzle the Ger-

mans at home to explain how a war of such great conquests results in such hardship and misery.

There is much difference of opinion as to the respective possibilities of Italy and France as the field of a decisive victory. It does not appear that a vital blow can be struck against Germany in Italy. It is true that the Italians had launched a deadly blow against Austria which bled the dual empire to extreme weakness and compelled Germany to give attention to the Italian campaign. To strike a vital blow at Germany in Italy now it would be necessary to bring sufficient forces into action to drive back the Germans, rout the Austrians, re-establish the positions held by the Italians before their retreat, and passing these push the attack on to Vienna itself. It would take a brilliant leader and a million troops with superlative equipment to carry out that program at present.

We are disposed, therefore, to turn to the western front once more to look for indications of the decision that must come some day, be the time long or short. Germany's own move towards Italy is the most certain token of her insecurity on the French front. It is clear enough that the Italian campaign was a brilliant stroke of the German generals. It had a double intention, and both were masked by the attack on the Gulf of Riga. Their wish sharpened by despair, the forces of the autocracy plunged for a big hazard. They could relieve Austria, which was in straits, and they might draw from the forces that were pressing so tightly at Verdun, at Laon, at Lens, at Ypres, at Dixmude. The attack at Riga achieved nothing, but caused much excitement, drew attention from the operations in northern Italy, and so gave the Austrians their chance. The Italian stroke has relieved Austria, but we do not believe it has lifted an ounce of pressure from the western front. There the battle goes on as before, incessant artillery fire, ceaseless raiding, constantly renewed attacks which, altho regarded as skirmishes in the present war, rival the greatest battles of past history. And slowly, surely, Germany gives way before the pressure. A retreat is now being carried on behind the German front, and the Italian stroke will mask this operation for the Germans at home. But the soldiers know. The generals know. The Kaiser knows.

It is at this critical time that the foolish counselors come advising us to end the war, to make peace, to shake hands with the men of no faith, the bloodmen, as John Bunyan would have called them. Even tho it take three years more our business is to bear up and bear on the burden that we are asked to carry, so that our children and our children's children shall walk erect as men and not as slaves.

Trotsky, a German Agent.

Trotsky, whose real name is Bronstein, and who prefers to talk German, hating English and disliking French, is the man who for the moment is bedeviling the Russian soldiers and workmen. There is very little doubt that he is acting in the interests of Germany. The Kaiser is being well served by his agents, and if the democracies of the world allow themselves to be fooled by the specious and plausible representations of such people as Trotsky they have only their silly selves to thank.

Trotsky is engaged in an effort to overthrow the present Russian Government and to make peace with Germany at any price. No real friend of Russia could favor such a policy, and no friend of Germany could favor more. The unlearned Russians, suspicious of all governments and jealous of all authority in their first experience of liberty, listen to this plotter joyfully, and the situation grows worse day by day. "Among those who plot," says The Koran, "God is the greatest of plotters." Not Germany and not Trotsky can expect to carry the plot to the end that will crush humanity and give German militarism control of the world. They may flourish for a season, but their term will come.

Trotsky professes to represent the interests of the masses, against the emperors and kings and the moneyed autocrats. If this were his real motive most of us would be behind him. But if it were his real motive he would not try to bring about a condition which would bind Europe more closely than ever to the emperors and kings and moneyed autocrats of the middle Europe. Trotsky's policy, like that of all the peace-mongers and pro-Germans, is antagonistic to the great democracies. The man who would bind Russia to Germany in a premature peace, rather than to the United States, France and Britain, is no friend of democracy.

He contends, as so many of the pacifists do, that the war is being carried on by capitalists for their own ends. In Russia he accuses the bourgeoisie of this fell purpose. In Canada we are told the manufacturers and capitalists are doing it. Those who believe these things know little of war or of the opinions of a democratic people. There may be manufacturers and capitalists who have no children, no relatives in the war; there may be bourgeoisie in Russia who have no sons in the ranks, but these people are in a minority and do not sway the councils of the nation. Those who have friends at the front are far more anxious than the pacifists, who have no personal interest in the fighting, to see this war and all war ended. But they do not want to have the blood of their sons wasted, nor an unsettled problem left to stir up bloodshed for the generations to come. If we can remove militarism and its concomitant militarism we shall have done more to abolish war than all the Trotskys and pacifists now at large.

The most recent device for catching fish is described as nothing more than an application of the vacuum cleaner principle. The fish enter a funnel-shaped net under the boat and are drawn up to a container tank on deck by powerful suction pumps.

The output of the mines of Japan has greatly increased in recent years, and this is due to the introduction of modern machinery. The Nagasaki, the most important, has shown a steady growth in its output of coal, copper, zinc, gold and silver. The production of coal has increased rapidly, with a demand for Japanese coal in all the ports of the orient.

It is proposed to use rubber sponge molded to fit the inside of motor car tire casings, and in this manner produce a puncture-proof tire.

The electric furnaces of Sheffield, England, alone can now produce 90,000 tons of steel per year, and it is anticipated that in 1918 the output from these furnaces alone will be 150,000.

In Hungary gipsies are regarded as a dangerous community. It is said that no fewer than 200,000 wander about. So notorious are their thieving propensities that they are not allowed inside the towns, while the villages tolerate them for only two days.

Tact and cheerfulness will break down opposition when argument would only stiffen it.

WARD FIVE HOLDS ANNUAL MEETING

W. E. Dunlop Re-Elected President at Gathering Held Last Night.

HEAR MANY SPEAKERS

Hon. W. D. McPherson, Hon. T. Crawford and Others Urge Support for Union.

Ward Five Conservatives filled the main auditorium in Grand Hall, corner of College street and Euclid avenue, last night, at the annual meeting of their association, and great interest was manifested in the proceedings. There were several speakers, including Hon. Thomas Crawford, Hon. W. D. McPherson, Norman Sommerville, J. L. A. Daulton, C. Hooker, Controller Cameron, Pte. McIntyre (returned member of the 18th Battalion) and others.

The meeting was keenly interested in the election of officers, which resulted as follows: President, W. E. Dunlop (re-elected); vice-presidents, T. R. Young (re-elected), and Mrs. W. E. Dunlop (re-elected); secretary, T. Dunlop (re-elected).

Hon. Thomas Crawford was the first speaker. "We are an union body," he said, "and as patriotic Britons we must set to work. Our leader has accomplished what he regarded as an impossibility."

Hon. W. D. McPherson was given a hearty reception. He was glad to see so many women out and taking an interest in the affairs of the country. He spoke of the Women's Franchise Act and the Ontario Temperance Act as great benefactors. In his opinion, the present government did not commit themselves as to the most momentous in Canada's history, and the fate of the Military Service Act was the balance.

Concluding an interesting address he said the question to be decided on Dec. 17 was whether the Liberal government would back up the men at the front or leave them to their fate. He believed the "good old loyal City of Toronto" would stand by its patriots and send the necessary reinforcements.

Spoke on Victory Loan. Norman Sommerville made an eloquent plea for the success of the Victory Loan, explaining the financial obligation which is Canada's to the mother country. J. R. L. Starr, K.C., who spoke briefly, said it was a time to put on the "big shoes" and to play the game bigger than we have ever before. "The government of Canada," he said, "is not to be handed over to Quebec, and Sir Wilfrid Laurier ought not to be allowed to govern in Canada during the period of the war."

Hooker, who criticized the attitude of Quebec towards the war, and held that the English language alone should prevail in the Dominion. Controller Cameron was in denunciation of the police administration. He said the situation was to give union government a chance to control the situation. He said the police were speaking of Quebec he said: "It's all froth and not air down there. They are in the hands of the enemy."

Pte. McIntyre, 18th Battalion, was given a very enthusiastic welcome. He spoke of his own experiences at the front. "I'm sorry you've got conscription," he said, "but I'm glad you got the word that it needed conscription. The meeting opened and closed with the singing of the national anthem."

EAST YORK LIBERALS SUPPORT BALLANTYNE
 Mrs. Hector Prenter and H. H. Dewart, M. L. A., Addressed the Meeting.

Liberals of East York will support the candidature of Mr. Ballantyne, who was nominated by the Greater Toronto Labor party at a meeting held in the city hall last night. This course of action was decided at the close of a meeting of representatives of the Liberal party, the Independent Labor party, and the Greater Toronto Labor party, which was held last night. The meeting was called for the purpose of discussing the candidature of Mr. Ballantyne, but at the conclusion of a lengthy debate, the meeting decided to support Mr. Ballantyne, who is the candidate of the Greater Toronto Labor party.

A resolution advising the support of Mr. Ballantyne was passed by a large majority. It was seconded by J. C. Allen, president of Ward One Labor Association, and supported by Mr. Ballantyne, who is the candidate of the Greater Toronto Labor party. The resolution was passed by a large majority.

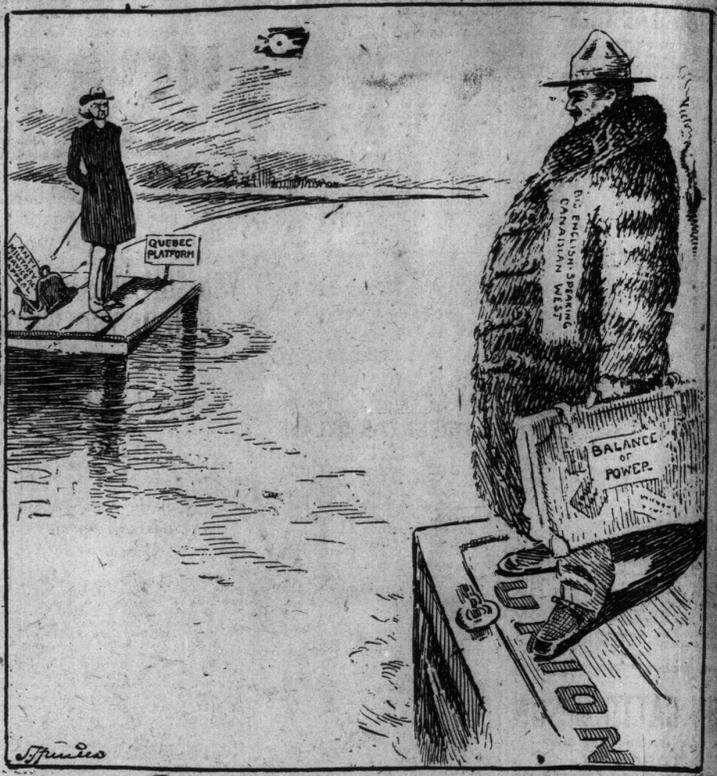

MAJ.-GENERAL MEWBURN MAY GET ACCLAMATION

Political Situation in Hamilton is Very Unsettled. But General Meetings May Clear Atmosphere.

Hamilton, Nov. 7.—Four important political gatherings that will be held this week, three in the city and one in the county, will likely result in clearing away some of the doubts that have enveloped the political situation in the past month. There is a possibility that the decisions arrived at by some of them will determine whether or not the Liberal government will be re-elected, and whether or not both east and west ridings of the seats are to go by acclamation.

Factors of West Toronto County will meet at Dundas tonight for the purpose of ratifying the choice of Gordon C. Wilson as a union government candidate. While the list of speakers has not been definitely decided upon, it is said that Hon. Arthur Meighen, minister of the interior, Hon. Hugh Guthrie and J. M. Godfrey will be present.

SIR WILFRID GETS IN ON THE WRONG DOCK

possible candidate in the east riding the indications are that Sir Robert Borden's new minister of militia and defence will be given the seat by acclamation. The belief that such should be done is gaining strength daily among the different parties, tho, of course, it will really depend upon what the rank and file of the Liberals and Laborites decide to do in the matter.

TO CHOOSE UNION CANDIDATE.

Jas. G. Culman secretary of the West York Reform Association has written to the secretary of the West York Liberal-Conservative Association that it is desirable that the two associations appoint a committee each comprising 20 to 25 members for the purpose of selecting a candidate "pledged to support the union government to represent the riding of West York in the coming election."

WOULD FAVOR UNITY.

Hugh P. Innes, K.C. Offers to Resign in Norfolk.

Simcoe, Ont., Nov. 6.—At a meeting of electors favoring union government held here today, Hugh P. Innes, K.C., expressed his willingness to withdraw in favor of the Conservative. A resolution was passed that 12 members of the Conservative executive meet 12 from the Liberal executive and endeavor to arrange for a union convention within a week. No action was taken regarding Mr. Innes' proposed resignation.

SUPPORTS SIR WILFRID.

Camden, Ont., Nov. 6.—At a big meeting in section No. 6 tonight a resolution was unanimously passed supporting the manifesto of Sir Wilfrid Laurier and urging all Liberals to take immediate steps to place candidates in the field pledged to support his policy.

WIN-THE-WAR CANDIDATE.

St. Thomas, Nov. 6.—Liberals of St. Thomas fired the first gun in the election campaign tonight when their candidate, W. H. Tolmie, declared that he was a win-the-war candidate.

he was a win-the-war candidate first, last and always. He declared that if elected conscription of wealth would be one of his strong planks, also the nationalization of resources.

CONSTANTINE PLEDGED SUPPORT TO GERMANY

Greek King Telegraphed Kaiser Promise to Help the Germans Win the War.

London, Nov. 6.—A despatch to Reuters, Limited, from Athens says another series of telegrams which were despatched to Berlin during the regime of King Constantine have been published, and that they show the secret efforts of the former king to help the Germans win the war. One of them dated January 21, 1915, follows:

"The King of Greece pledges his word to the German Emperor that in no circumstances shall any soldier or native be employed by the royal government against the German troops or their allies. Greece consents to the use of the Drama-Seres Railway by Germany and her allies."

Another telegram dated two days later, says the correspondent, explains the journeys of Prince Nicholas and Prince Andre to Petrograd and London had no political character. It says the visits were intended to "draw closer the bonds which existed between the royal houses of Greece and the courts of London and Petrograd—bonds which of late have very much relaxed."

ENTERING FLYING CORPS.

Brantford, Nov. 6.—Lieut. Jim Moses of the Six Nations reserve is now in England taking up a course of study preparatory to entering the flying corps. He has done heroic work at the front and succeeded in rallying his men at Vimy Ridge in the face of a threatening retreat. Lieut. Moses has been awarded the military medal. He has been in khaki almost since the beginning of the war.

TRADESMEN DISCUSS PACKAGE GOODS CASE

Manufacturers, Wholesalers and Retailers Hear Food Controller's Representative, But Wait.

A meeting was held in the board of trade rooms yesterday afternoon by the manufacturers, wholesalers and retailers to discuss the bylaw relating to the sale of package cereals. D. W. Clark acting as chairman. The reasons for calling the meeting were outlined and the order-in-council discussed.

Among those present was Professor Harcourt, of Ontario Agricultural College, Guelph, representing the food controller, who intimated that he was here to ascertain the views of the meeting. He said that the committee at Ottawa had at last been appointed, and the personnel would be made public in a few days. It was the intention of the committee, of which he was a member, to compel all manufacturers who were granted licenses to have the name of the manufacturer, the name of the product and the avoirdupois weight of the package placed in a conspicuous place, and also the license number. In all cases the cost of the container must be a small percentage of the net cost of the goods.

The food controller was criticized for passing the order-in-council without taking the views of the different branches of the trade. A number of manufacturers were much perturbed over the state of uncertainty that existed until some mandate was given out. In the meantime they are undecided whether to go ahead and manufacture, or dismiss their staffs and scrap the plants.

Professor Harcourt gave the meeting to understand that such application for license would be considered on its merits. The committee would sit in the course of the next few days, and in consideration of that no action was taken by the Retail Merchants' Association until they hear the outcome of the deliberations.

FIRE IN SHODDY MILL.

A shoddy mill at 85 Booth avenue was the scene of a fire Tuesday morning, spontaneous combustion being given as the cause. When the alarm was turned in at 5 o'clock in the morning, the flames were pouring out of the doors and windows. For over an hour the firemen battled with the flames before they finally extinguished them. The building was occupied by George Gibour, damage being placed at \$3500.

MAJOR CHIPMAN WOUNDED.

Son of Col. Chipman Has Been Slightly Injured.

Major Arthur Chipman, son of Col. J. D. Chipman, of Scott & Walmisley, underwriters, Toronto, has been wounded, according to a telegram received yesterday at Montreal. He went overseas with a Montreal unit, reverted to the rank of lieutenant and was attached to the "Princess Pats." Col. Chipman reports that the message received by him regarding his son states he had been slightly, not seriously, wounded, and is now in a London hospital.

CHEQUE FROM BREWERS.

Anheuser-Busch Brewing Association Makes Donation to British Red Cross.

"We again want to show our willingness to extend the hand of help to the good cause in Canada and therefore take pleasure in forwarding our cheque for five hundred dollars," is an excerpt from a letter of the Anheuser-Busch Brewing Association of St. Louis, in sending their contribution to the British Red Cross through P. B. Howard & Co. In publishing the church contributions to the British Red Cross College Street, Presbyterian Church was only credited with \$72, whereas a cheque turned in from one of the congregation for \$250, which makes the total \$222.

STRUCK BY MOTORCYCLE.

Eugene Ysaye

Running from behind a passing motor car on West Queen street yesterday afternoon Nellie West, aged 20, of 50 Vanaville street, was struck by the sidecar attached to the motorcycle of Robert S. Finlanson, 10 Hope avenue, and thrown to the ground. Immediately after striking the girl Finlanson picked her up and rushed her to the Western Hospital, where it was found that her collarbone had been broken. He afterwards informed the police of the accident.

VENISON ON SALE

END OF THIS WEEK

Ten to Twenty Cents a Pound Will Be the Price Asked.

GOVERNMENT SUPPLY

Deer Will Be Shot by Bush-rangers in North Country.

Venison will be for sale in the city probably at the end of this week at from 10 cents a pound up to 20 cents a pound, if all goes as expected. This is the result of a meeting of the butchers' section of the Retail Merchants' Association, held last night in their hall at College street. Controller Cameron met the butchers and let quite a bit of light on the subject. He said he had seen, and as H. Ferguson before coming to the meeting, and Mr. Ferguson, on behalf of the government, was prepared to make an offer to the city of 11 cents a pound, heads off, shanks off and hind legs, Toronto. These deer, the minister had said, would be shot in the park by the bush rangers, all shots, many of them being returned soldiers. They were experts and the deer would be shot so as to have as little waste as possible from shot-ridden and bruised flesh. Further, that Controller Cameron said he had been able to get the government to say that any butcher handling the government venison would not have to pay the regular license of \$25. In other cases each animal shipped in must have a tag on it showing that it had been shot by a hunter who had a license. Each of these animals would carry a government tag, which would be the butchers' protection.

May Sell the Hides.

The butchers will have to go to the civic abattoir and get their own animals, and it will be the first time that butchers will get their own deer. Germany has been the big market for venison, and the market is closed the price has been poor. John Hallam, Ltd., made an offer to both Controller Cameron and Hon. G. H. Ferguson that they would send for all the hides from these deer and pay at least 20 cents a pound for them.

All this, said Mr. Cameron, was promised by the minister of lands, forests and mines on condition that the retail butchers met the government next week and were willing to sell the meat at a reasonable enough price, so the poorer people could buy it.

After much discussion the following prices were fixed: Loins (whole), 20 cents a pound; leg (whole), 18 cents a pound; ribs (whole), 10 cents a pound; in case a customer wants a smaller quantity than a whole joint, then the price will have to be higher, to protect the butcher on account of the wastage. In case a customer could not use a whole leg of venison, Mr. Wright of the civic abattoir said they could store it there for 1 cent a pound for a month, and be in pocket. Venison steak sold in this city last fall for 60 cents a pound.

In all 400 carcasses will be sent down. These will come in at different times. No one butcher will be allowed more than two animals out of one shipment. Venison can only be sold until Dec. 15, but it can be stored until Jan. 15. Controller Cameron will meet Hon. G. H. Ferguson this morning to see if he approves of the plan to have civic butchers, and will ask him to have civic butchers, and will ask the shops that will sell the meat, reading "Government Venison Sold Here."

OBJECTS TO SECRET.

Carters' Representative Not Admitted to Street Cleaners' Investigation.

W. J. Bain, who claims to represent 110 owners and drivers of their own cars, hired carters of the street cleaning department, is opposed to the hearing of the arbitration board, which is investigating the dispute between the employees and the head of the department being held in camera.

Mr. Bain states that yesterday he appeared before the board and that his clients, but the board held that no outsider would be allowed to represent the men and only employees would be heard. He claims that the case of the hired carters is in his hands, and that he has been their official representative for 15 months and could give explanations, whereas the ordinary hired carter knows but little of the matter in dispute.

SERBIA'S FLIGHT IS DEPICTED BY REFUGEE

Miss Losanitch Tells of Horrors Befalling King Peter's Subjects in the Early Stages of War.

Suffering Serbia was brought very close to the audience at Convocation Hall last night, when Miss Losanitch, the young Serbian refugee, gave a description of the things that had befallen her native land during the years of the war. The address was followed by a number of views, some of them taken quite recently, and these together with the picturesque national garb of the speaker lent much picturesqueness to the recital.

Speaking of conditions at the outbreak of hostilities Miss Losanitch said that the ultimatum had found her people unprepared. She told of the effort of Austria to crush the Serbian people and of the first and second invasion, the enemy bringing in the latter between twelve and fifteen thousand typhus patients, in order to spread the disease among the Serbians. Between 250,000 and 260,000 fell a prey to the scourge.

The retreat of King Peter and his followers, first in cars, and later on foot, the many refugees who fell by the wayside frozen or half starved and the 30,000 boys who left their homes, 6000 only reaching the post, were all graphically described.

Since her visit to Toronto two years ago, Miss Losanitch visited many of her exiled country people now with the allies in France and Corsica.

Sir Robert Falconer was chairman and Professor Huxton moved a vote of thanks and urged the audience to give liberally in the collection taken up at the close of the address.

YORK RANGERS' SMOKER.

The F and G companies, 12th Regiment, York Rangers, held a successful smoker on Monday evening at the regimental armories, when a good program was rendered. Capt. E. Dugan, in charge, said these companies are still able to muster 40 n.c.o.s. and men. An invitation is extended to all men to join these companies any Wednesday evening at the armories, 555 Yonge street.

A RECITAL.

An opportunity to hear Britain's greatest dramatic reciter, Alexander Watson, in his recitals and war talks will be given in Convocation Hall, Nov. 13 at 8 p.m., when he will render under the auspices of the College nursing division the program with which he entertained our boys in Flanders. Tickets obtainable at the Royal Canadian Institute, 198 College street, from 1 to 6 p.m.

TRAVEL CLUB MEETS.

Mrs. S. G. Wood presided at the regular meeting of the Toronto Travel Club, held at the home of Mrs. G. A. Shaw, 409 Keele street. Mrs. Grith Thiaz gave some war-time snapshots from various published sources, and Mrs. W. Brown dealt with current events. A musical program was given by Miss G. S. Bell and Mrs. S. L. Falvey.

University Schools Down De La Salle Are Now Ready for the Semi-Finals

ANOTHER VICTORY FOR U.T.S. FOURTEEN

Defeat De La Salle in Handy Fashion and Qualify for Semi-Finals.

University School qualified for the Junior O.R.F.U. semi-finals by defeating De La Salle yesterday afternoon. This was the second meeting of these two clubs, and both counts were victories for U.T.S. The first article of the fall game and can give pointers to some of the higher classification. Their back division, composed of Munro, Sullivan and Irwin, a finished article and it was this partnership that had a big say in yesterday's win.

Sullivan and Munro were responsible for many good runs, and Irwin booted a high, and long, punt. The outside wings had speed and the U.T.S. team tackled like seniors. Their trick plays went through without a hitch, and after half time they were much the better team. U.T.S. led at the rest period. McCurdy did the booting again for the losers, but had to take second place to Irwin. The De La Salle players were low and his wings could not get down under them. De La Salle showed good work on the line, but U.T.S. had more speed and more polish.

The victors made the mistake of thinking that they would walk away with the contest in the first half. This made them a little careless, and De La Salle waded in and made hay while the sun shone. Interference again had considerable to do with the trouble for U.T.S. in the first fifteen minutes. De La Salle scored two points, and held University Schools scoreless in the first quarter. Butler soon picked up a loose ball and put U.T.S. in a position to score, but they lost for interference. Play was in U.T.S. territory for a time. De La Salle bucked several times for yards, and McCurdy kicked into touch for De La Salle's first point.

Munro ran nicely from behind his own line and saved a point. De La Salle secured possession five yards out, but failed on two kicks, and Sullivan was forced to run. De La Salle kicked a goal from the field. A kick by Munro, a fumble by Rodden and a recovery by Sullivan, however, prevented a few yards out, but they failed to go over. In an exchange of punts followed, and Munro kicked a point. U.T.S. goal. Half-time score: U.T.S. 4, De La Salle 2.

U.T.S. got better as the game progressed and they had everything running smoothly at the start of the second half. Munro and Sullivan took off good runs for large gains. Irwin was outbouncing McCurdy. Munro was away around the end, but dropped the ball just as he was going over the line, and De La Salle recovered it. Before three-quarter time arrived both teams and Munro went over for tries, and Sullivan converted the latter one, leaving the score 15 to 2. De La Salle forced a ruse to make their total for the game three points. Sullivan broke away and collected over the line for a try to make it 20 to 3 as the final score.

NEW ORLEANS HANDICAPS. New Orleans, Nov. 6.—After a meeting last night of the directors of the Business Men's Racing Association, announcement was made that there would be included among the larger stake events of the 1918 season a Cross-country handicap, with \$5000 added, and a New Orleans Handicap, with \$4000 added. The handicaps will run Feb. 4 and Jan. 6, respectively. The New Orleans meeting will start Jan. 1, and continue thru Mardi Gras.

U.T.S. BACKS DO NOT USE STIFF ARM

Ridley College Mentor Stayed Over to See Junior O.R.F.U. Game.

Harry Griffiths of Ridley College stayed over to see University Schools perform against De La Salle yesterday at the Stadium. He acknowledged that J. O. Carlisle had an unusually clever combination and was anxious for them to show even greater prowess. He especially lauded the trio of backs. Ridley's famous coach calls Irwin a finished player, but would not venture an opinion on the respective merits of Ridley and U.T.S., likely having in mind the tried maxim that comparisons are odious. Asked if he would play U.C.C. for the Red Cross Mr. Griffiths would only commit himself in so far as saying that it would not be fair to Upper Canada.

Just then Hon. Coach Carlisle came in question, and Mr. Carlisle hopes to have them use it frequently against Gosholt or Sarnish or perhaps Upper Canada College if the Little Big Four champions would consent to play U.T.S. a benefit game. Mr. Carlisle intimates that his team would be only too glad of the chance and thus it is up to U.C.C.

The Rugby fans would be delighted with the game and on any fine Saturday afternoon U.T.S. v. U.C.C. would surely fill the stadium and at the same time produce thousands of dollars for the needy war funds.

Peter Munro, collegiate referee and an extraordinary, gave University Schools a most interesting and exciting Junior game. Referee Reg DeGruchy handled the school game yesterday in perfect manner. Afterwards he gave it as his opinion that U.T.S. have it all over the O.R.F.U. intermediate in First Five Rugby, mentioning particularly Hamilton and in contrast.

Every credit must be given De La Salle for their improved game. De La Salle pulling down the margin the first quarter. U.T.S. were not at full strength for yesterday's fixture, Fenton, who did such good kicking last week, was unable to play. He injured his leg in the last fixture. Hill, an outside wing man, had to retire in the second quarter, and this did not do Munro any good.

Both lines were strong and very little ground was gained via the bucking route. Technical wisely saw that this would not do, and resorted to a kicking game, and this gave them the victory. They kicked three dead lines in the second quarter and a like number in the last fifteen minutes to make their total six points for the game. The team: Technical (6)—Flying wing, Clarke; halves, Lyons, Gilgras, Stanton; quarter, Duncan, Gray; outside, Booth, Galbraith; Tuncan, Gray; outside, Booth, Galbraith; scrumage, McElfitt, Martin, Stedding; Malvern (9)—Flying wing, E. McElfitt; halves, Maxwell, Hughes, Walters; quarter, Malvern, Moss; inside, Brodie, Smith; middle, Barnes, Hudson; outside, Coulson, Hill. Referee—W. Marden. Judge of play—W. A. Hewitt.

TECHNICAL JUNIORS ENTER THE FINALS

Technical juniors qualified for the High School League final by beating Malvern, 6 to 0, in the replayed semi-final yesterday at Trinity College grounds. Malvern, who were only defeated in overtime last week, were not at full strength for yesterday's fixture. Fenton, who did such good kicking last week, was unable to play. He injured his leg in the last fixture. Hill, an outside wing man, had to retire in the second quarter, and this did not do Malvern any good.

PETE HERMAN RETAINS BANTAMWEIGHT TITLE

New Orleans, Nov. 6.—Pete Herman of New Orleans, world's bantamweight champion, was awarded a decision by Referee Goldman over Frankie Burns of Jersey City here last night at the end of a 20-round bout. It was Herman's contest all the way, and in the opinion of many ringside authorities, it was only Burns' ability to stand punishment and his ring generalship that saved him from being knocked out. Herman was credited with thirteen rounds, Burns with four and three were even.

PHYSICAL DIRECTORS MEET AT CENTRAL

A full house of the Toronto Physical Education Club met on Tuesday morning at Central Y. M. C. A. to hear a paper on "Posture," by T. C. Armour, in which he pointed out the importance of the spine from the standpoint of health and efficiency. Mr. Armour especially emphasized the effects of incorrect posture in children, which resulted in deformities such as round shoulders, spinal curvature, etc. After entering the gym he led the members thru exercises and movements suitable for overcoming above-mentioned deformities and also parallel to the work of the physical education period was utilized for a game of volleyball, after which the members turned themselves out on the lawn waters of the club's indoor lake. On Tuesday, Nov. 6, Mr. W. T. Robertson read a paper on "Medical Inspection in the Schools."

Only Junior Hockey in Saskatchewan Association

Regina, Nov. 6.—Only junior hockey will be played in the Saskatchewan Association this year, it was decided at the annual meeting, but there promises to be plenty of excitement. The officers elected were: president—Hon. W. M. Martin, Regina. Hon. vice-president—Donald Maclean, Saskatoon. President—K. J. Henderson, Moose Jaw. Vice-president—F. E. Betts, Saskatoon. Secretary—transurer—W. C. Betts, Regina. Executive committee—F. R. Anderson, Saskatoon; George McMillan, Moose Jaw; Captain Charles Otton, M.C., and E. C. Corbeau, Regina.

KNOCKED OUT THE GERMANS

Incidentally, a current weekly tells the story of a captured English soldier who used his fists on three German officers in a duress, knocked out two and captured a third. This story, of course, shocked these unconvinced opponents of boxing who think a cross-counter the depth of brutality. They should not read this.

And here is another little incident told by a fighting man just back from the front. An English officer, out in No Man's Land, between the trenches one night supervising the rebuilding of the barbed wire fences, was surprised by a German patrol. He heard a movement at about, but thought it was his own party. Just then a star shell burst, and he saw the German officer in full uniform, about to attack him. Instantly the English officer, who was a heavy right-hander—and knocked him out cold. The men rushed the German patrol and wiped it out, while he dragged the unconscious Hun officer back into the English trench.

When the German recovered and sat up the Englishman asked: "Why did you hit me when you were so close before I knew you were here?" "I was just going to," said the German, "but you hit me too quick."

BARROW IS TO HEAD NEW UNION LEAGUE

Toronto is Placed and Made Up of League is Announced.

The World announced some time ago that everything was ready for the new baseball league, and that Edward Barrow had resigned as president of the International League, and that he would be the head of the new league. This story was sent out again from New York yesterday, and the only new feature was the mention of the salary that will be paid the league head. Barrow will draw down \$10,000 per year for directing the affairs of the new league.

Yesterday's New York dispatch says: Newark, Baltimore, Buffalo, Toronto, Toledo, Columbus, Louisville and Indianapolis have been selected to form the baseball circuit, which will bear the name of the Union League of Professional Baseball Clubs. The organization of this league will be a special meeting of the club owners, to be held in this city within the next two or three weeks. Edward G. Barrow will be elected president at a salary of \$10,000 a year. Newark, Buffalo, Toronto and Toledo will formally resign from the International League, while Toledo, Columbus, Indianapolis and Baltimore will secede from the American Association. The Union League will operate under the provisions of the national agreement. The promoters of the new circuit have no desire to masquerade as a "major league," and they are prepared to conduct business under the rules that have governed the International League and the American Association for the past fifteen years. They will not demand representation on the National Baseball Commission, but it is possible that their clubs will be relieved from the drafting system, which will enable them to keep many of their best players.

ROBBY WILL AGAIN LEAD THE BROOKLYN DODGERS

New York, Nov. 6.—Wilbert Robinson, manager of the Brooklyn National League Baseball club, signed a contract today to continue his management of the team for the season of 1918.

WAKE UP, MR. J. TENER, GIVE NATIONAL A JOLT

Leslie Rice, in the Brooklyn Citizen, indulges in some sharp criticism of the National League in the following words: "That ever-tolerant attitude of the National League is once more manifest in the following week at Cleveland. The league, John K. Tener, when he is reported as saying: 'My only regret is that I am not a member of the league, and I am willing to abide by the result.' Which merely means that he is quite satisfied with what the National League is accomplishing in the baseball world. He delivers, apparently, the dear old N.L. is just as powerful today as it was in the days of its crumpling foundations. This indulgent spirit, which has been rampant since the league's inception, is an indication that the men that rule it are contemplating no concerted movement to reform the league's crumpling foundations. It is a sure sign that the American League, which has been so successful in the world series in 1918 if one is played. Tener is satisfied with what the National League has achieved thru 1917, and therefore the public should abide by the result. But why the public should not comment heard everywhere is an indication, and it is no time for the National to feel so well satisfied with itself."

Prospects of Light Harness Horse Champions for Next Season

Lexington, Nov. 6.—A midsummer season of harness races between the champions of the light harness world has been arranged with one day's racing on July 4, 1918, at Chase Oak Park, Hartford, Conn., with \$2000 divided into three \$3000 purses for a free-for-all trot for three years, a pace and a sprint race for trotters eligible for the 2:15 class. Each race will be on the three heat plan, \$1000 for each heat, and \$300 for the third standing best in the summer time next year. The races will be held at Boston and the third at Philadelphia. The opening meeting of the grand circuit will be the following week at Cleveland. Pop Goss, who drove clear thru "the racing grand" this year, his forty-sixth year, when interviewed here, promised to race his 1918 stable at these circuit races, and will start St. Frisco, which he has bought, or Russell, which he is as good as a sell. Napoleon Dill will be his mount in training, or Russell, which he has bought, or Russell, which he is as good as a sell. Brilliant Early Dreams

Alonso McDonald, now one of the best drivers of the big class, has had a brilliant stake horse, Early Dreams (2:04 1/2) against St. Frisco and Mabel Trask (2:07 1/2), and therefore has a great prospect in the pacing race. Cox has the prospect to be one of the very best prospects in the pacing race, except Mabel Trask, and other big 2:06 class racing stakes.

Fifteen Thousand Refused for Mignolo

Recently \$15,000 was offered for the Alton stallion, Mignolo, a fine Phalaris trotter, now one of the star stakes prospects for 1918 on account of his showings at Lexington when his owner, an amateur driver, drove him a trial mile in 2:08 1/2, with the last half in one minute.

PLAYS, PICTURES AND MUSIC

"Passing Show of 1917."
Strikingly pictorial embellishment and a monster company of 125 persons studded with stage celebrities have stamped "The Passing Show of 1917," which Messrs. Lee and J. J. Shubert are to present at the Royal Alexandra Theatre next week, starting Monday evening, Nov. 12, as by far the most sumptuous, spirited and satisfying of all the memorable musical extravaganzas launched forth at the New York Winter Garden. The fear that in former productions the limit of vastness and variety in stagecraft in this review has been reached has been disproved by "The Passing Show of 1917." The cast includes De Wolf Hopper, Irene Franklin and Burton Green, Jefferson De Anzels, Charles (Chico) Sale, Johnny Doolley and Yvette Eugle, Gladys Clark and Henry Bergman, Rosie Quinn, Miller and Mack, Emily Miles, Kerr and Weston, Geo. Schiller, Helen Carrington, William Ehrlich and others including a youthful chorus of 75. The sale of seats opens at the box office tomorrow.

A Keen Sense of Humor.
"How did I begin my stage work?" says Patricia Collins. "It was very simple. I was born in Ireland and came to this country when very young. I had to do something, and as I could not sing I went into musical comedy." One might expect such a paradox from a countrywoman of Bernard Shaw. And so she is. "The other day I was having tea in a tea room and a lady was trying to get someone on the phone and she forgot the number she wanted and gave the wrong one, and people around looked at each other as if to say, 'How like a woman!' And then she had to put together nickels in the slot for the same call and everybody got quite interested and said to each other: 'What a robber the telephone company is!' Miss Collins is to be seen as the star of "Pollyanna" at the new Princess Theatre for one week, for the first time, commencing Monday evening, Nov. 12.

Yaayo at Massey Hall.
Tonight Eugene Ysaie, the celebrated Belgian violinist, will be heard in recital in Massey Hall, commencing at 8:15. The pianist tonight is Miss Victoria Boshko. She will be heard in solos (a) Barcarolle in A minor, by Rubinstein, and (b) Rhapsodie No. 2, by Liszt. On his arrival in Toronto this morning Mr. Yaayo will be met by Y.M.C.A. men at Exhibition Camp this afternoon, where a great reception has been arranged. With these men in the Belgian army, the distinguished artist feels strongly for the fighting men, and never misses an opportunity to meet them and give freely of his time.

"The Brat" Next Week.
At the Grand Opera House next week the United Producing Co., Ltd., by special arrangement with Oliver Moroco, will present the comedy, "The Brat," by Maude Fulton. While the plot of "The Brat" has to do with a homeless street waif, who is found in a police court by a novelist and taken to his home as a type to be studied, it is clean and wholesome. The cast includes Miss Rea Martin, who plays the part of "The Brat," Burt L. Robinson, Arthur Le Zita, Edna M. Holland, Arthur Pacle-Ripple, Edwin Burke.

Twentieth Century Maids.
If it is vanity that is the cause of the Twentieth Century Maids, next week's attraction at the Gayety Theatre, should give a new lease of life to jaded burlesque lovers. This organization presents a production which offers such a variety of diversion that it cannot help but contain a winning appeal for everyone who sees it. No matter what that person may crave in the way of diversion. There is plenty of good comedy, a wealth of

catchy musical numbers, pretty dances, ensembles, elaborate scenic display. The action is rapid, the comedy is never falling and specialties of high order are introduced at opportune moments.

"Les Miserables" at Strand.
For the whole of next week there will be presented at the Strand Theatre what should prove the greatest sensation of the photo dramatic year. This is "Les Miserables," the photoplay version of Victor Hugo's immortal work, and when it is said that competent critics consider that the film is not unworthy of the fictional triumph it will readily be seen that motion picture lovers have a treat in store for them next week.

Children Regent Saturday.
Mac Joseph is certainly popular in Toronto and her performance in "Sunshine Alley" more than proves the statement. Every day this week the Regent Theatre has been catering to large audiences. "Sunshine Alley" is exceptional, lovable to a degree, charming in its entirety. Saturday morning at 10:30 a special performance will be given for the children, for it is essentially a story in which they will take a great interest. They will appreciate the theme which says "Be kind to birds and animals" and they will see many creatures and learn to love them.

FLOWER AND VEGETABLE PRIZES ARE AWARDED

High Park Horticultural Society held Annual Meeting and Reunion Week of Season.
The annual meeting of the High Park Horticultural Society was held Nov. 3 in the Howard Park Avenue School. The president, W. T. Graham, gave a very encouraging report of this season's work, and also a very creditable financial statement. During the evening prizes consisting of silver and bronze shields, orders for bulbs and membership for the coming season, were presented to the following winners of awards in the flower and vegetable show:

FALL WHEAT MAKES VERY LITTLE PROGRESS

Weekly Report of Farm Conditions as Supplied by Representatives of Department of Agriculture.
Following is a summary of the weekly crop reports made by district representatives to the Ontario Department of Agriculture:
The new fall wheat has made little growth during the last week or two, and the later sown crop is likely to enter the winter with a smaller top than is desired. The same may be said of winter rye.
The comparatively slow progress of threshing is attributed to the good general yield of grain, the lateness of the harvest, and the scarcity of help, and one representative claims, the tough straw.
Fall plowing and silo filling have also been delayed by bad weather and the lack of farm labor. It is the general opinion that the needed acreage of fall plowing will not be overtaken unless a long stretch of open weather ensues.
Corn has been an unfortunate crop, most of it having been sown late. As a result of this, and the scarcity of labor, a considerable portion of the crop has been kept lying in the fields and has been covered with snow.
Potatoes are a fair crop, but some of them are yet in the ground. Turnips, mangolds, sugar beets and other root crops are doing well, but the lifting of them, especially turnips, has been slow, owing to rainy weather.
Trot caught some of the clover before it could be cut, and injured it for seed purposes. Spring seeding of clover has turned out well, but owing to the cold weather in the fall the fields must be ploughed less if a good crop is to be expected next year.

FIXED UP AMONG MEN

To straighten out this inconsistency it was fixed up among the men that a man might retire after 30 years of service on the brigade on half the pay received at the time of retirement. This put Smith on the same basis as Russell, and incidentally added, it is alleged, \$700 a year to the pension of ex-Chief Thompson, and about \$500 a year to Deputy Chief Noble's.

It is alleged by men in the department and in close touch with the running of the fund that although this change was agreed to by the men, many of whom did not know its import, it was never approved by the board of control. Consequently they are in doubt as to the legality of the whole fund, and believe that a careful investigation might find that the larger pensions paid under this ruling would not stand and several of the retired officers might owe the fund substantial sums and only be entitled to reduced pensions.

Many of the older men who are now on the department are extremely worried over this phase of the question, as under the old regulations their pensions would be decidedly less than the amount they are expecting to receive when they retire.

YOUNGER MEN OPPOSED.
Under these conditions many of the younger men are opposed to the increase, or any payment as long as the fund is in such a doubtful state. The firemen's benefit fund came up before the board of control yesterday morning out of a discussion regarding a weekly allowance for an old employee of the works department. It was decided to have a draft ballot prepared asking the men of the brigade as to whether or not they were in favor of winding up the fund, and also in regard to the proposal to raise the amount of their payment to seven per cent.

HOME-MADE COOKING SALE.
The sum of \$175 was raised by the sale of home-made cooking given by the Admiral Hood Chapter, I.O.E.E. under the roseny of Mrs. F. S. Kearns at the home of Miss Helen Murray, St. Clair avenue.

ENTERTAINED SOLDIERS

Organized by Mrs. Attack, a very enjoyable entertainment was provided for returned soldiers at the Church of Divine Inspiration, corner of Denison avenue and Queen street. An excellent supper, cigars and musical numbers made up the interesting program.

FIREMEN'S FUNDS IS CAUSING TROUBLE

Men Fear Investigation Will Result in General Reduction of Pensions.

MAY HAVE TO REFUND

Board of Control Will Ask Men Their Opinions on the Matter.

The firemen's benefit fund discussion is causing much uneasiness around the fire halls, and also among the pensioned officers of the brigade, many of whom fear that an investigation into the strictly legal aspect of the fund might result in a general reduction of pensions. Not only this, but several might find that in addition to receiving a smaller pension they would have to pay back several hundred dollars a year for excess payments they have enjoyed for the past several years.

According to the stories around the fire halls the legality of officers' pensions has been questioned in this way: Ex-Chief Thompson, when a man was supposed to retire on half-pay at the age of 55 years, kept William J. Smith, the present chief, on the brigade as a captain, after he was supposed to retire. Had he retired on half-pay at this time he would have drawn twelve dollars a week. He was made a district chief, but according to the terms of the fund would, on retiring, only get a captain's pension.

Deputy Chief Russell, who was then a captain, was promoted at the same time, and at the expiration of his service would have drawn district chief's pension, or \$30 a week, the he was junior to Smith.

FIXED UP AMONG MEN

To straighten out this inconsistency it was fixed up among the men that a man might retire after 30 years of service on the brigade on half the pay received at the time of retirement. This put Smith on the same basis as Russell, and incidentally added, it is alleged, \$700 a year to the pension of ex-Chief Thompson, and about \$500 a year to Deputy Chief Noble's.

ENTERTAINED SOLDIERS

Organized by Mrs. Attack, a very enjoyable entertainment was provided for returned soldiers at the Church of Divine Inspiration, corner of Denison avenue and Queen street. An excellent supper, cigars and musical numbers made up the interesting program.

Save that spoonful

Four and often five spoonfuls of ordinary tea do not go any further than three of Red Rose Tea. Less Red Rose is required because it consists chiefly of rich, strong, full-flavored Assam teas. Use Red Rose Tea and save that extra spoonful.

Kept Good by the Sealed Package

MINING MARKET STILL WAITING

Holdings Unwilling to Sacrifice Stocks at Present Levels—General Tone Steady.

Standard Exchange transactions yesterday differed in no essential point from those of recent sessions.

On the whole prices yesterday were slightly below Monday's levels. McIntyre at 132 was one point down, but trading in this stock dropped to 600 shares, making it evident that the tide of liquidation is near its end.

U. S. SHELL ORDERS

Ottawa, Nov. 6.—No official statement with regard to the placing of orders for munitions by the United States in Canada is yet forthcoming from the Imperial Munitions Board.
