

Good Things Coming to Theatres of St. John

"GARDEN OF ALAH," A GREAT LOVE STORY
Lyric Offers Really Great Picture Next Week - Featuring Helms Ware The Great Emotional Actress - See The Great Sand Storm

"OUT THERE" - A VIBRANT PLAY OF FLANDERS FRONT
On Wednesday and Thursday of next week through arrangements with Klaw and Erlanger and George C. Tyler, "Out There," the remarkable play which Laurette Taylor has been thrilling New York during the last two seasons, will be presented at the Imperial.

Followers of popular and successful plays are familiar with the wonderful success recorded by "The Garden of Allah" and how millions have discussed the realistic sandstorm, which bears an important part in the story. While the play was a success, the picture is much more so, and it is a question if a more interesting story could be promised every picture patron than that which they will see at the Lyric the first three days of next week afternoon and evening.

BILLIE BURKE AT THE IMPERIAL TODAY
A boarding-house does not sound like a very "romantic" spot wherein to place the greater part of the scenes in a motion picture, but Director J. Gessie Dewey and Billie Burke together have injected into "The Mysterious Miss Terry" the stars of the picture for Paramount, all of the charm and romance of Southern Italy, or any one of the spots usually picked out by dramatists for their stories.

FINE VAUDEVILLE AND "RED ACE" OPERA HOUSE
Five good acts of vaudeville, headed by Cora Youngblood Corson's nine lady musicians, in a feast of harmony—solos and concerted numbers, both classical and popular—at the Opera House this evening, make up a good entertainment for everybody, young and old. In addition to the vaudeville, the programme offers the eighth chapter of The Red Ace, the dramatic serial of the great Canadian Northwest.

SOCKS FOR 6TH CMBR.
An urgent call has come to the city that the members of the old 6th Canadian Mounted Rifle, now in France, are badly in need of socks. The need must be fulfilled. Mrs. J. Verrier McLellan will receive all donations at 29 Horsfield street. Send socks to her and she will see that they are delivered.

Where the Germans Passed, (Kenneth L. Roberts, in N. Y. Life)
The Germans passed this way in Nineteen-seventeen;
Masses of filthy cheer,
Over spread the hills, once green;
The homes, once snug and neat,
Are haunted by rubbish piles;
Empty the village street;
Empty of hearts of smiles.

There's pollen on our walls;
Our trees lie on the ground;
Oft fields are sown with shells;
Ruin and death abound.
All, all is foul decay;
There's scarce a thing that's clean;
For Germans passed this way
In Nineteen-seventeen!

His Prayer, (From Poems of the War by Wm. Letts)
He prayed,
There where he lay,
Blood-soaked and in receipt,
As never in his young carelessness he'd dreamt
That he could pray.

NATIONAL IDEALS

Without the thinker and idealist this would be a barren world. Prof. MacMechan places before Canadians certain national ideas which after the war should command universal attention. He rightly says we must first win the war, and to that end bend all our energies as we have not yet done, but in the reconstruction period, and amid the changes the new era in world history will bring, it should be the part of Canada to make a name as an honest nation.

**G. N. Hatfield Is Temporarily City Engineer**

Common Council Agrees on Wharf Repairs and Work Will Proceed; Wharfage Rates Increased

At the meeting of the common council held yesterday afternoon, G. N. Hatfield, road engineer, was temporarily appointed city engineer. He will take over the harbor and road work supervision and will be responsible for the estimates and certifying to the different expenditures and will cover the duties generally performed by the late City Engineer Murdoch, the present acting city engineer, Mr. Russell, will continue in the department until such time as certain work now being done under his supervision has been completed. The appointment was made on the recommendation of Commissioner J. V. Russell, who stated that the committee appointed to consider the matter of a new permanent engineer could not agree upon a man.

Commissioner Russell reported that number 5 shed could be put into permanent shape for an additional \$1,000 and the total for \$2,000, making a total expenditure of \$4,500, instead of the \$2,500 originally intended to be expended. This he said would make the work over the C. P. R. had discontinued for all parties.

Mr. Russell suggested that the work be done by Kane and Ring, on a ten per cent basis, and that the members of this firm had the piling and other equipment on the ground.

C. C. Kirby, resident engineer of the C. P. R., who was present, said that as far as he could see this would be satisfactory. Commissioner Russell made a motion to this effect, which was carried.

G. H. Waring was heard regarding repairs to the wharf. He said that the north wing on the east side need 50 piling. The work would take seven nights and days to complete and material would require an expenditure of \$1,200. On the west side the work can be done by the wharf at nominal cost. R. Robert's Sons will be engaged to do the work at \$14 per day and \$4 per day each for three extra men, the city to supply the material.

On motion of Commissioner Russell, seconded by Commissioner McCallum, it was agreed to have Herbert Hayes repair damage to No. 1 shed caused by the storm of the 10th. The estimated damage amounts to about \$10,000, and Mr. Hayes gets the job on a 10 per cent basis. Temporary repairs have been made to the north wharf by McCauley.

The Canada Brush Company was granted a seven years' lease of a lot adjoining its plant at a rental of \$40 per year.

The St. John Trades and Labor Council wrote for information in regard to the activities of the assessment commission. The letter was referred to the assessment committee.

The Convention of the Good Shepherd thanking the council for a grant of \$500.

It was agreed to make a refund of \$14.88 to W. Walker Clark, ex chief of police, taxes. Mr. Clark is now a resident of Fredericton.

A long communication was read from the N. B. Power Company dealing with the matter in dispute regarding the interest on sinking fund charges on the ed that a departure was being made from the original agreement made with the city. The matter was referred to the commissioner of public works.

J. P. McGuire, who runs a restaurant at 44 Mill street, and E. M. Campbell, 41 Brussels street, were given permission to erect electric signs over their buildings.

After some discussion a bill of J. A. Gregory for pine timber amount \$1,146, was ordered paid.

Commissioner Fisher was authorized to purchase from the Union Foundry a drum for the sand driver at the asphalt plant for \$275.

Commissioner Russell recommended that a bill be presented for the next session of the legislature to amend the revenue acts relating to side and top wharfage so as to prevent the owner or owners, lessee or lessees of any wharf or wharves in the city of St. John, in their discretion to increase the charges above the rates now fixed by law provided that in no case shall the rate on general cargo exceed twenty cents per ton, and that the rate for grain loaded into any vessel by means of a conveyor from grain elevator over and along any wharf shall not exceed three cents per 100 bushels. This recommendation was carried.

The committee of the whole reported on the renewal of leases as confirmed in committee Monday and previously published.

The report was adopted.

The committee also recommended that for the winter port season of 1918-19 the tariff rate on general cargo be raised from 15 cents to 20 cents per ton, the rate on sale from seven cents to fourteen cents per puncheon, from one cent to two cents per tierce, and from two cents to

**What Nomination Day has Brought Alberta, Saskatchewan and Manitoba**

Calgary, Alta., Nov. 21.—Alberta is the only one of the four western provinces in which there was no acclamation on Monday. Every constituency is tested, and for six of the twelve seats there are more than two candidates. The Unionist standard is upheld by seven former Liberals and five former Conservatives. Of the former three, Dr. Michael Clark, Dr. J. M. Douglas and W. A. Buchanan, were members of the last House. Of the Conservatives-Unionists, none sat in the last parliament.

There are three-cornered fights in five constituencies and three of these are caused by the entry of Socialist candidates, while two are due to the nomination of representatives of the non-partisan league, an agrarian organization, which is making considerable progress among the farmers.

In one constituency, Bow River, there are four candidates representing Unionists, Laurier-Liberals, non-partisans and Socialists.

Winnipeg, Man., Nov. 20.—In Manitoba only one seat goes uncontested. Robert Cruise, former Liberal member for Dauphin, being allowed a walkover. In every other constituency save Nelson, where the election has been deferred, the Laurier-Liberal or laborites have entered the lists against the government. They are all straight fights except in Neepawa and Brandon, where three men are in the field—Unionist, Laurier and Independent.

In centre Winnipeg and North Winnipeg the Laurier-Liberals will join forces with the laborites, and in South Winnipeg Unionist and Laurier supporters will try conclusions. The two cabinet ministers—Hon. Arthur Meighen, in Portage la Prairie, and Hon. T. A. Crean in Marquette—will have Liberal opponents. The Unionist standard bearers are practically evenly divided in the matter of former party affiliations.

Saskatchewan.

Regina, Nov. 20.—Nomination day in Saskatchewan brought few surprises. There are three acclamations out of the sixteen seats. Last Mountain, Qu'Appelle, and Maple Creek returned P. J. Johnston, Levi Thompson, M. P., and J. A. Maharg, president of the Saskatchewan Grain Growers' Association, respectively. The two former are Unionist Liberals and the latter an independent, with strong Liberal leanings.

Ten seats have Liberal-Unionists running and six have Conservative-Unionists in the field. Of the ten seats with Liberal-Unionists, three go by acclamation, while labor will contest one of the remaining seven and Liberal candidates will put up a contest in six of the while in the remaining one a second Liberal-Unionist is in the field.

In the Conservative-Unionist seats, which number six, in Regina and Saskatoon, Liberal-Labor opposition is offered, while in Prince Albert a straight Liberal candidate is running. In the other three an assorted variety of opposition is offered ranging from non-partisan to straight Liberal.

**RECENT WEDDINGS**  
Sterling-Magee.  
The home of Mr. and Mrs. C. W. Magee, East St. John, was the scene of a

very pretty wedding Tuesday afternoon at 8.30 o'clock, when their daughter, Jean K., was united in marriage to Edwin H. H. Sterling, son of Mr. and Mrs. Edwin Sterling of this city. The ceremony was performed by Rev. James Ross. The bride, who was given away by her father, looked charming in a gown of white crepe de chene, wore the conventional veil and orange blossoms, and carried a bouquet of cream roses. The groom's present to the bride was a gold wrist watch. After the ceremony a sumptuous wedding supper was served, after which the happy pair left on a honeymoon trip to Montreal, Toronto and Niagara. The young pair are very popular as was attested by the useful and handsome gifts, and will be followed by hearty good wishes.

Nearing Jerusalem.  
London, Nov. 21.—It is officially announced that British forces in Palestine are within twelve miles of Jerusalem, the main infantry force being only fifteen miles away.

He Lives in Constant Fear Who Has Neurasthenia

SUCH ideas often dominate the mind of the sufferer from nervous exhaustion or neurasthenia.

He may be strong and active physically, but he finds himself unable to concentrate the mind, fearful to depend on himself, and shrinking at the thought of any responsibility.

New vigor and energy and vitality must be instilled into the depleted nerve cells if cure is to be effected, and this is most certainly accomplished by such treatment as Dr. Chase's Nerve Food.

Since the digestive system is incapacitated it is most essential to get into the blood stream the very elements which are found in this great food cure.

The blood is made rich and red, the starved nerve cells are restored and revitalized, and with returning vigor and strength and confidence the harmful notions of a diseased brain soon disappear.

Nervous diseases take different forms with different people, but to effect cure in any case the depleted nerve cells must be nourished back to health and vigor by such reconstructive treatment as Dr. Chase's Nerve Food.

The Food Cure

Mr. Lawrence E. Dorsey, 39 Stanley Street, London, Ont., writes:—"About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down in such a state that I could not go down at night, and sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better, can sleep well at night, can go out on the street and attend gatherings like the I charge. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

Broadway Lights Dimmed at 11 P.M. Famine Thoroughfare in Semi-Eclipse Because of Fuel Administrator's Decree — Joker Out With Lantern

New York, Nov. 20.—After several false starts, due to misunderstandings as to the issuance of the order, the lights along Broadway have been officially dimmed. The action was the result of the instructions issued by Fuel Administrator Garfield in Washington.

Despite the sudden darkness into which the street had been thrown, however, there were remarkably few arrests made by the police. Those predictors of an era of lawlessness following the dimming of the lights were not borne out by experience, and the authorities reported no increase in the number of thefts and apprehensions of pickpockets.

Signs that have become famous to visitors to this city throughout the country and which have for the last several years earned Broadway the title of the Great White Way ceased to scintillate for the edification of hundreds of interested onlookers at 11 o'clock, and the contrast between the street as it was in all its gay splendor and as it appeared a moment later, when the electric switch was thrown off, was startling in its sharpness.

### Champion Chooses His Brother As Partner In Race

#### Pair Expected To Make Heroic Fight For Capital Prize of \$3,000 In Six Day Grind

New York, Nov. 19.—The most question of who shall team with Arthur Spencer, the Canadian and the world sprint champion, for the coming six-day bicycle race in Madison Square Garden, December 2 to 8, was decided last night by the titleholder himself. The cycling king has nominated his brother, Willie, as his riding partner. The Spencer brothers are regarded as the best of the younger crop of pedal pushers, and are expected to make a heroic fight for the capital prize of \$3,000, which goes to the winners.

Another pair of brothers was also teamed up yesterday. Lester and George Bowker, who conduct a bicycle store at Woodmere, Long Island, and who have shown great promise in recent races, will endeavor to outstride the Spencer brothers and some fifteen other teams that will start.

To date W. H. Wellman, the promoter, has signed up six teams, while five other star riders are in the fold but have yet to be assigned partners. They are: Oscar Egg and Marcel Dupuy, winners of the 1916 race; Eddie Root, winner of the 1915 New York grinds; Bobby Walther, hero of numerous six-day races, and Paul Suter, the Swiss champion.

The following teams have been formed, and all of these riders are already undergoing the training process at the Newark Velodrome: Clarence Carman and George Wiley, Arthur and Willie Spencer, Lester and George Bowker, Lloyd Thomas and Percy Lawrence, Jake Magin and Willie Hanley, and George Chipman and Gus Lang.

The Bowker brothers and Lang and Chapman are newcomers to the six-day game, as are Arthur Spencer, who relieved Frank Kramer of the national championship last summer, and his brother, Willie. Willie Spencer has just come through his first six-day affair, up in Boston, in good style, but that was a modified event (ten hours a day) and this will be his first effort in a real grind.

An entertainment was held last evening in Douglas hall, Murray street, by the Society of Tens of the Douglas avenue Christian church. The following took part in the programme: Miss Myrtle Fox, Miss Stella Fox, Miss Stella Earle, May Alchorne, Mrs. Annette, William McEachern, George Wallace, Mrs. L. Taylor, William Haley, Messrs. Wallace and Ring, Mrs. George Horton and Miss Gladys Mills.

### TO SUFFER FROM HEADACHES Makes Life Miserable

Headaches seems to be habitual with many people. Some are seldom, if ever, free from it, suffering continually with the dull throbbings, the intense pain sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion and periodical and spasmodic headache, and undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters, that has been on the market for over forty years, removes the cause of the headache, and not only does this, but also restores the entire system to healthy action and buoyant vigor.

Miss Emily Smith, 304 Bellwoods Ave., Toronto, Ont., writes: "I cannot speak too highly of Burdock Blood Bitters. For two years I was greatly troubled with violent headaches, particularly in the morning. I tried everything to cure me until a friend recommended B. B. B. I tried it, and now I am completely cured."

### NEW THROWING ARM FOR BALL PLAYER

#### British Surgeons Perform a Great Operation—Soldier Teams Tour Eng and Ireland

Soldier baseball teams overseas have recently been making a tour of England and Ireland playing exhibition games for the British Red Cross. At Dublin on October 28 they were the guests of Lord Decies, and the players were accorded a wonderful reception, each player receiving a beautiful silver cup as a souvenir. There were about 15,000 people at the game, and the Canadians received a great ovation when they beat the Americans by 10 to 6. The line-up of the teams was as follows:

United States—Lee (captain), Blackader, Humphries, Stanley, Hayes, Van Dyne, McLeod, Langdon, Vannalis, Le-cron (reserve).

Canada—Reid, Maddock, Tesky, Green, Latimer, Edmiston, Chapin, Glover, Doyle (captain), Johnson (reserve).

The Maddock on the Canadian team is a Toronto boy, Ernest Maddock, son of a veteran baseball player, Charles Maddock. Young Maddock went overseas just after the war broke out, and was fifteen months at the front with the howitzer (heavy gun) brigade, when he was wounded at the battle of Lens. He was nine months in the hospital, but British surgeons performed a marvellous operation, and he will soon be ready to rejoin his battery. A bone in his right arm was shattered by a shell and the arm apparently rendered useless. In hospital they grafted a bone from his leg to his right arm, and the operation was such a perfect success that Maddock (a right-hand thrower) has been able to play in thirty games of baseball since he got out of the hospital.

### Speed Track To Be Built In Madison Square Garden

New York, Nov. 19.—With the construction of a new speed track and the renovation of new rules to govern this year's six day bicycle race in Madison Square Garden during the week beginning December 2, a new mileage record is predicted. This year's track will be built close to the arena boxes. That will permit the riders to take sharper turns and also will offer more room for sprints.

The record for a six day Garden bicycle race is 2,770.8 miles, held by Alfred Grenda and Fred Hill. The world's record held by Hill and Grenda was created in the 1915 race, when eleven teams tied for top honors with 2,770.8 miles. In the Berlin finish Grenda and Hill were awarded first place, although Reggie McManara and Bob Spears had the most points at the end of the series of sprints in the final hour. A little rough riding by Spears early in the hour cost his team the prize and the world's record.

Previous to that the record was 2,758.1 miles, made by Grenda and Alfred Goulet the year before. This mark shattered the new record of the previous year, 2,751 miles, by Goulet and Joe Fogler.

Miller and Waller set up a mark of 2,748.4 miles in the first team race ever held in Madison Square Garden in 1899. This record withstood the attack of the best rider, up to 1908, when the late Floyd McFarland, with Jimmy Moran as a partner, pedalled 2,737.1 miles. This mark was bettered by Goulet and Fogler five years later.

Next month's race is bound to be a thriller. To date six teams have been signed, two of these coming into the fold yesterday. They are the Spencer brothers, Arthur and Willie, and the Bowker brothers, Lester and George. Arthur Spencer is the world's sprint champion, having succeeded Frank Kramer to that crown last summer.

Oscar Egg and Marcel Dupuy, winners of the 1916 race, and Paul Suter will sail from France for America some day this week. These three are the best of the European riders.

The winners in the lottery held by the Ladies' Auxiliary of the A. O. H. last night in the rooms of the society were: H. Hannah, B. Gibbons, J. L. O'Neill, Mrs. A. Gibson, Mrs. Puddy, Mrs. Hepburn.

### EVERS GIVEN HIS RELEASE FROM PHILLIES

#### Former Star Second Baseman May Retire From Baseball

Philadelphia, Nov. 19.—The unconditional release of Johnny Evers by the Philadelphia Nationals is announced today in a matter of form. One condition of his contract with the Chicago Cubs, and which the Boston club assumed, was that he could not be traded to another club without his consent.

When he agreed to go to the Philadelphia club last season it was with the understanding that if the Phillies did not wish to renew the contract he would automatically become a free agent.

Johnny will never again, as a player, receive a salary of \$10,000 a year, with bonuses for finishing one, two or three in the race, which is what he drew for the last five years and it is possible that he may not be seen again as a player in the major leagues, but he is not likely to drop out of the game altogether. We if he does not land something immediately shall hear a lot more about him before the season of 1918 opens.

He has a host of friends who would be willing to finance him if he should elect to become a manager. He is pretty well fixed, financially, himself and has no cause to worry about his future, even

### Giant and Indians to Play

Secretary John B. Foster of the Giants announces that the New York club and the Cleveland club of the American League will tour the south next spring. Last year McGraw's men and the Tigers played a series on the road and the news that the Indians were to have the tour came as a surprise, inasmuch as the New York and Detroit clubs had entered into a three year agreement. This contract has been nullified. Whether the Herzog-Lobb fracas of last spring had anything to do with calling off the series was not stated. It was said, however, that the Giants did not take the initiative.

The dates have not yet been decided upon for the managements are waiting to learn when their league seasons open. The clubs will play most of their games on the tour in Texas, Dallas, Fort Worth, Houston, Shreveport, La., Waco and other Texas metropolises. On the way north games will be played, stops being made in Louisville, Indianapolis and Columbus.

MAZING TALE OF IMPERSONATION
A Dramatic Sequel To Charge Against Medical Swindler
BOGUS MILITARY DOCTOR
Inscrupulous, Plausible, Resourceful, For Five Years Practised as Doctor Whom He Impersonated—Suicide Rather Than Face Trial
"Such was the laconic telegram received from Liverpool by Dr. A. G. Bateman, general secretary of the Medical Defence Union, Trafalgar Square, London, and it meant that Siddons had committed suicide on the eve of his trial at Liverpool on nine charges of forging medical certificates and obtaining money by false pretences.
Despite the strongly urged suspicions of the Medical Defence Union that he carried poisons and the professions of Lindon Riley (who prosecuted on behalf of the director of public prosecutions) that Siddons might take his life rather than stand his trial, he had been released on \$5,000 bail.
Those fears have now been justified by him in his house in Canning street, Liverpool, where he had lived since his conviction for trial.
Mrs. Siddons told a neighbor that her husband had turned her out of her bedroom and locked her door. An entrance was forced, and Siddons was found by on the floor in his pyjamas with his throat badly gashed. It is also said that he had taken poison, and despite medical aid he died.
Though the courts have been saved the trouble of trying him this tragic climax in a sense disappoints the Medical Defence Union, whose officials had worked up an extraordinary case against

the bogus military doctor, and amassed a great quantity of evidence.
Siddons' career shows that he was an unscrupulous as he was plausible and resourceful. In 1915 he was indicted at the Old Bailey for personating a medical man, and on the way to London he emulated the feat of Charles Peace by jumping through the train window and nearly killing himself.
Since the Medical Defence Union began enquiries he had assumed the names of Richard H. Barber, 1907-1912; Harry Siddons, 1912-1917; J. C. Cannon, 1912; Charles J. Thompson, 1912.
In the last name he was almost appointed surgeon to the steamship Canning, bound for the West Indies, where he was also known as Mr. Marshall in 1904. He assumed the English qualifications of M.R.C.S., L.R.C.S., L.R.C.P., L.F.S.G., and F.R.C.S., and he claimed to have received degrees from several universities.
Most daring of his many ventures was his impersonation of Richard Henry Barber, who registered under the Medical Act in 1888. Dr. Barber once practised at Gateshead-on-Tyne; later at Hindeswell, and left England in 1890 for Oregon, U.S.A.
A patient some twenty miles away, on a dark night, he was drowned in attempting to ford a swollen river.
As his death was never notified to the General Medical Council, no suspicions were aroused when in 1907 a letter was received by the council, purporting to come from Dr. H. Barber, and requesting that the American address should be erased and one in Tunned street, Liverpool, substituted.
That letter was from the "Dr. Siddons" who has now committed suicide.
For five years he practised as Dr. Barber in Liverpool, Sheffield, Preston, and Rotherham, and in 1912 he was expelled from the Medical Defence Union. The widow of the real Dr. Barber came to England and denounced the impostor of her late husband.
Then the bogus "Barber" fled, but he was captured and arrested for fraud. He shammed lunacy, in the hope that he would be placed in an asylum. But the ruse did not avail him, and Chief Detective Inspector Fowler of Scotland Yard, established his identity as one Harry Virtue, of bad repute in the medical world. At the Central Criminal Court he was sentenced to nine months in the second division.
Immediately he was released he set up as a doctor again, this time in Liverpool, as Harry Virtue Siddons. He had altered his appearance considerably. Not only so, he even succeeded in obtaining an appointment as a troopship surgeon, and for twelve months he drew \$800 a week in Birkenhead certifying men fit or unfit for military service.
While so engaged the law again laid hold of him, and the last charge against him included one of obtaining \$2,000 from the paymaster of his majesty's forces with intent to defraud.
But he sentenced himself to death the other night rather than face his trial the next morning.

**CAPT. McNEILL OF THE LETITIA DEAD**

Commander in Donaldson Line Service, Well Known Here, Passes Away in Glasgow

Montreal, Nov. 20.—A cable has been received here from Glasgow announcing the death of Captain William McNeill, formerly commander of the Anchor-Donaldson steamer Letitia. He died on Nov. 16.

Captain McNeill was one of the best known and most popular men that visited this port and his death will be mourned with regret by a host of friends. He first came here as commander of the Donaldson liner Lakonia in the year 1908, but had been a master in the Donaldson line service since 1903. On December 9, 1913, his twentieth anniversary in the service was celebrated, while he was in this port, and at that time a large number of friends assembled to congratulate him.

His last charge was the Letitia, which was wrecked at a Canadian port in August. At the investigation he was completely exonerated from all blame. After the enquiry he sailed for Glasgow and was confident that he would be given another command. At that time his health was good and local shipping men looked forward to seeing him here during the winter port season.

While sailing to this port Captain McNeill was commander of the steamers Warwick, Amethysta, Lakonia, Athens and Letitia.

The Letitia was launched in 1912 and when completed was turned over to Captain McNeill. He made his first trip to this port in her in December, 1912. After the outbreak of the war she was taken over by the admiralty and was fitted up as a hospital ship, and saw service in the Indian Ocean and in the Mediterranean Sea. Owing to numerous rescues made on her voyages she won international fame and was considered one of the best steamers in the service. It is thought that the loss of this fine ship may have caused Captain McNeill considerable worry and thus his health became impaired.

**The Man In The Street**

No, so far as we know, the mild weather is not caused by the heated political discussion.

The slightly worried look noticed in the eyes of political speakers on both sides seems to be due to the fear that they will forget and pull some of the old campaign stuff of other days, and with disastrous results to the new alliances.

But the famous performance of the lion and the lamb has nothing on the exhibition of courtesy brought about by union.

The "straight" Liberals seemed to have at least wavered in their straightness when they found it necessary to nominate a Conservative to carry Sir Wilfrid's banner.

There has been some discussion among the Laurierites as to which division of the Liberal party has the "heart and brains." It does not seem necessary to argue which has the bacon.

Having selected a Conservative candidate it was not surprising that the Laurier Liberals should also choose a Conservative election agent; but why not choose one who knew something about the election law?

Party lines don't seem quite so important when the life of the nation is at stake. Did you ever hear of a drowning man worrying about the politics of his rescuer?

When old Jennie looks down at the approaching British army and notes the steel helmets, the corsets and the bare legs of the outfit, she is liable to reflect that military styles have not changed so much since the last crusades.

How would a Liberty Loan bond-buying contest do as a test of the loyalty of the rival political factions?

That's what comes of a reputation for untruthfulness; Berlin admits losing more ground and almost makes us believe that she must have won a victory.

Common council love troubles; just as things were quieting down here they go and appoint another city engineer.

Our young friend says the only thing wrong with the Peddlers' Fair is that the dolls are not for sale. Generous youth!

That Hindenburg line must be beginning to look like the diagram showing the vibrations of an earthquake.

**Y. M. C. A. FUND IS NEARLY \$50,000,000**

New York, Nov. 21.—The National War Work Council of the Y. M. C. A. announced here today that the grand total of the nation-wide war fund is \$48,208,411. This exceeds by nearly \$15,000,000 the \$33,000,000 goal set at the beginning of the campaign on November 12.

**HORSE FALLS AND GETS INTO HOUSE**

Fire alarm box No. 56 was rung about 1:30 this afternoon when a horse, the property of Thomas Winsted, slipped and fell while going down Winchester's Alley, Waterloo street. Coming against a door, the animal went through and into the house. After some trouble he was extricated very little the worse for the accident.

**LANGFORD AND WILLS BARRIED IN TOLEDO**

Toledo, Ohio, Nov. 21.—The local boxing commission, at a separate meeting last night, made a ruling barring Sam Langford and Harry Wills, negro heavyweights, from further participation in bouts in the Toledo ring. The two men appeared here a week ago and the commission ruled last night that the bout was not on the square.

**APPEALS FROM THE TRIBUNALS**

Sir Robert Borden's Statement and Its Local Application

A citizen of St. John county has complained to the Times that in his opinion the military tribunal has refused to grant exemption in some cases where it should be granted, because the young men were not only producers and therefore rendering the country invaluable service, but for family reasons were needed at home. In today's Times appears a statement by Sir Robert Borden dealing with this very matter, and pointing out that there is first an appeal tribunal and then a central appeal tribunal to which all such cases can be referred; and the premier urges that this be done, and in others too. The appeal tribunals are provided for the very purpose of correcting any errors of judgment on the part of those who first deal with applications for exemption.

**'PHONE GIRLS WANTED FOR WAR WORK IN FRANCE**

Request Comes Here From The Chief Signal Officer in Washington

There comes from the office of the chief signal officer, war department, Washington, to The Times, a statement that that office is in urgent need, for immediate service in France, of 100 telephone operators who can speak both French and English. They will be given allowance of quarters and rations according to their rank, in addition to their pay, and will wear the same uniform. The need is for three chief operators at \$225 a month, nine supervisors at \$74, twenty-four long distance operators at \$60, fifty-four operators at \$60 and ten substitutes at \$50. Employment will be for the duration of the war. Those qualified are asked to apply by mail to the first lieutenant, Signal Corps, U. S. A., Room 528, Mills building annex, Washington, immediately and should be prepared to start for Washington immediately on notification from that office. Outside of army nurses and Red Cross, it is one of the few opportunities offering to women for service in France.

**POLICE COURT**

Two prisoners on drunkenness charge were before Magistrate Ritchie in the police court this morning. They were arrested in Brussels street yesterday afternoon by Policemen Coughlan and Hanson. Both pleaded guilty and were sent below for separate examination by the police.

Clarence Hifton and William Pine, charged with stealing several small articles and committing petty larceny on the previous evening, Miss Florence British, 148 Germain street, while employed there as carpenter, were this morning sent up for trial by Magistrate Ritchie.

John Carline, charged with being an inmate of a disorderly house, and Robert O'Connell, charged with hitting Mrs. Cosman of Erin street, on the head and causing her a serious illness in the General Public Hospital, were both remanded.

In the juvenile court this morning a boy was charged with stealing a can of milk from Harry Selick on Nov. 15, and also one from Andrew Myles on the same date. As the boy's father was not in court, the hearing was postponed.

**LOCAL NEWS**

**WORD OF PTE. JOHN MILLER.** John Johnson, next of kin of No. 709145, Pte. John Miller, Mounted Rifles, is requested to communicate with the office of the Western Union Telegraph Co.

**INQUEST TONIGHT.** The inquest into the death of David Linton, killed on Saturday last in a railway accident, will be held this evening in the police court instead of the court house.

**ABOUT QUARTER REFUSED.** Twenty-four cases were before Exemption Tribunal No. 28 this morning. Six applications were disallowed, five partly heard, and the rest allowed. This keeping up the rough average of twenty-five per cent of all applications for exemption refused.

**BURIED TODAY.** The funeral of John G. Tobin took place today from the Mission Church S. John Baptist to the Church of England burying ground, where interment was made. At seven o'clock this morning service was conducted by Rev. J. V. Young in the church and the funeral service was at 2:30 o'clock this afternoon.

**KILTIES IN ENGLAND.** The 286th Highlanders, Lieut. Col. P. A. Guthrie, commander, among whom are many New Brunswickers, are in England.

The following troops also have arrived in England—Drafts: Royal Canadian Regiment from Halifax, 5th Royal Highlanders, Montreal; A. M. C. Montreal; Cyclist platoon, Quebec; naval, Quebec.

**MRS. LUCY O'CONNOR DEAD.** Many will learn with regret of the death of Mrs. Lucy O'Connor, widow of James O'Connor, which occurred last night at her residence, 89 Broadview avenue. She was sixty-eight years old and leaves one brother, Isaac Woodworth, of this city, and one sister, Mrs. Julia Griffith, also of this city. The funeral will take place on Friday afternoon.

**BOYNE-DONNER.** At the home of the officiating minister, Rev. W. R. Robinson, 73 Spring street, last evening, William Raymond Boyne, of Lepreau, Charlotte county, was united in marriage to Miss Sarah Eva Donner of West St. John, a daughter of Mr. and Mrs. William Donner. The bride wore a dress of pale blue silk and a swansdowne hat trimmed with orange blossoms. She carried a bouquet of white roses and maiden-hair fern. Mr. and Mrs. A. Clark, of Lepreau, were attendants. Mr. and Mrs. Boyne left this morning by the N.B. Southern for their new home in Lepreau, where the groom is a prominent resident.
