Miss St. John One Of Ten Entrants For Miss Canada Title

More Than Forty Entries in Now in St. John Contest

Montreal Will Entertain Local Girl, and Assist Friends Who Accompany Her.

The entry list for the contest for Miss St. John has now passed the forty mark and entries are coming in faster than ever.

The Times today received a telegram from the Winter Sports Committee at Montreal as follows:

Candidates from your city for Miss Canada competition will be guest of Montreal Winter Sports Committee.

Four More Days As the contest will close at noon on Saturday, those who are contemplating the entry of one of their friends for the honor of representing St. John in the big all-Canada competition, are urged to make the best use of the few remaining days.

St. John is going to be represented at the gathering from which Miss Canada will be chosen.

Only one of them can be chosen as Miss St. John, but it is felt that those who are not chosen for this honor will derive satisfaction from the fact that they were good enough St. Johnners to contribute to the success of the undertaking.

GLOWING REPORT OF OUR SKATERS

D. J. Corr Brings Home News from Plattsburg

Gorman and Garnett Very Popular and going Well—Murray Bell at Plattsburg—Joe Moore Saving Himself for the St. John Meet.

Mr. and Mrs. D. J. Corr returned home today after a visit to Montreal and Plattsburg.

Asked if D. J. John boy entered the three mile race he said Garnett had completed. Gorman did not enter as he was saving himself for the races at Saratoga.

With reference to the races in Plattsburg Mr. Corr said they were very close and exciting.

He said he learned that Joe Moore would not skate in either the National or Canadian championships, but would have himself for the big international meet in this city and in the meanwhile keep in trim by participating in meets in New York state.

Speaking of the carnival Mr. Corr said it was being on its greatest way in Montreal.

He said he had seen the new line of industry on the understanding that the valuation would be fixed for ten years and considerable expense would be put on the plant.

Commissioner Wigmore Bullock Thornton and Frink said he understood the term was to be ten years.

The matter will be reconsidered this afternoon.

Commissioner Thornton presented the estimates for street lighting as follows:

884 Arc Lights at \$93.75; 119 100 W. Lights at \$81.25; 839,718.75; 839,283.97

Mayor, Judge And Other Officials Taken In Liquor Ring Net

Seventy-five in List for Round-up in Indiana—Alleged Plan to Tie Up Police and Courts.

Gary, Ind., Jan. 23.—Work of rounding up members of an alleged liquor ring, which has already resulted in the arrest of several local and county officials including Mayor Roosevelt today by federal officials.

Among those placed under arrest yesterday, other than Mayor Johnson, were Dwight Kinder, prosecuting attorney of Lake County; Sheriff William H. O'Neil; Wm. Dunn, Judge F. Gary, City Court; Peter Pearson, constable; Arthur Wytow, Nathan Potts and John Mel-

len, policemen; Clyde Hunter, former prosecuting attorney of Lake County; Lewis Barnes, former sheriff; Charles T. Clemens, formerly a justice of the peace, and John Bennett, treasurer of the Gary city republican committee.

Three prominent Gary attorneys were also arrested.

The conspiracy extended, according to the indictment, to having members of the alleged ring placed in county and local offices, on the police force and other criminal law enforcing agencies.

The ring was so powerful, it was charged, that no just penalty could be meted out to prohibition law violators.

As Hiram Sees It

"I see," said Hiram Hornsman to the Times reporter, "the St. John boys that's away to them ain't no more as they're fast rate."

"They are," said the reporter. "An' I see, too," said Hiram, "the town is wakin' up a little to the idea that'll be judged more or less by the way it treats its own boys when they're away."

"It would seem so," said the reporter. "I'm glad of it," said Hiram, "it'll encourage the boys to do their level best for the sake of old St. John—an' it'll make other folks think as they do. Yes, sir—'t's with while I say Amen to a good five towns—an' I say Amen to them."

"I believe in sport fer them, too—By Hen!"

French Extending Their Activities To The Cologne Area

London Fears Possible Clash of the British and Germans

Britain May Take Her Troops Away—General Strike May Follow Trial of Industrialist Leaders at Mayence—French Plan to Isolate the Ruhr and Take the Coal.

London, Jan. 23.—The anxiety so widespread here regarding the dangerous situation in the Ruhr, is emphasized by reports that the French are extending their activities to the Cologne area.

News of the French order for the expulsion of German officials in the British zone reached London too late for much comment in the morning newspapers, but in the few criticisms appearing there was apparent a disquietude over the prospect that British forces in the Cologne area might be drawn into a fresh conflict with the Germans.

The call for withdrawal of the British troops, which was raised in some quarters when the French first went into the Ruhr, again comes into prominence today.

Although the demand is not yet general, withdrawal is seriously discussed as among the steps which Great Britain may be forced to take in order to avoid becoming involved in a menacing situation which the majority opinion here insists this nation must keep out of.

The comment thus far has been emphatic in asserting that Great Britain must maintain the neutrality of the Cologne district, keeping aloof from participation in any arrests or expulsions of the Ruhr. At least one official of the French plan or withdraw their troops.

A report that the French had ordered the expulsion of German finance officials from Cologne reached London in an Essen despatch to the Times.

The correspondent asserted that the situation had reached the point where the British must either acquiesce in the French plan or withdraw their troops.

The delegates are reported to have had three interviews with Cardinal Gaspari, the papal secretary of state, since their arrival and had it entered in the Vatican records.

The delegates were reported to have had a long interview with Cardinal Gaspari, according to the newspapers they were informed that their appeal had been forwarded to Cardinal Loggi.

APPEAL TO ROME

Matter of Irish Hierarchy's Pastoral Condemning Revolt Against Free State.

Dublin, Jan. 23.—The action of the Roman Catholic hierarchy of Ireland in issuing a pastoral letter to the priests and people on Oct. 10 last, condemning the revolt and guerrilla warfare against the Free State Government, has had a striking sequel in the formation of a Catholic appeal committee.

The appeal committee, headed by the Rev. Fr. O'Donoghue, has been formed in Dublin after consulting the hierarchy.

The delegates are reported to have had three interviews with Cardinal Gaspari, the papal secretary of state, since their arrival and had it entered in the Vatican records.

The delegates were reported to have had a long interview with Cardinal Gaspari, according to the newspapers they were informed that their appeal had been forwarded to Cardinal Loggi.

LOCAL NEWS

WANT THE LIGHTS. The Times has received a complaint that for the last two nights Rockland road has been without street lights.

Badly lighted streets are unpleasant enough to travel at any time, but the streets in such an icy condition as at present it is particularly hazardous.

BUSINESS AS USUAL. R. E. Armstrong, secretary of the St. John Board of Trade, this morning received a letter from G. H. Davidson, acting general secretary of the Winnipeg board, saying that because of the stoppage of grain shipments to West St. John from Winnipeg and Port Arthur and that freight was now going forward as usual.

DIED IN CALIFORNIA. Friends in St. John will regret to learn of the death of Miss Marian May Hicks, a native of this city, which occurred in Los Gatos, California, on Christmas Day. Miss Hicks went with her parents to San Francisco in October, 1912 but soon developed symptoms of illness and after a long and brave struggle, succumbed. She leaves her mother, one sister and one brother, all of whom are in this city, and Mr. George Rodgers residing in Douglas avenue, are aunts.

MRS. MICHAEL RYAN. The death of Mrs. Alice M. Ryan, wife of Michael Ryan, occurred last night at her home, 43 Padlock street. Mrs. Ryan was a native of Kings County, but had lived in this city practically all her life. She leaves to mourn her husband, one son, Dr. E. J. Ryan, and one brother, Henry Gallagher. Mr. Ryan and Mr. Gallagher were identified with the firm of M. & H. Gallagher so well known in the city's business life of other years. Mrs. Ryan had been an invalid for the last four or five years and bore all her sufferings with a fortitude and calm patience. Those bereaved by her death have the sympathy of many friends.

AMBASSADOR HARVEY AND MR. HUGHES NOT OUT OF STEP. Washington, Jan. 23.—Secretary of State Hughes received yesterday a copy of a radiogram sent by Ambassador Harvey to the North American Review denying published reports that he and the secretary are not in accord on important questions of foreign policy. The message sent in response to a query was transmitted from the steamer on which Mr. Harvey is returning to his post in London.

INDICTMENTS TO FOLLOW ON KU KLUX INQUIRY. Bashaop, Jan. 23.—Attorney General Cocco said yesterday that between twenty-five and fifty indictments would result from the Ku Klux investigation here, and that the charges would vary from murder to assault and battery. Officials declared they expected to spring a surprise at the opening of the Wednesday afternoon session.

TALKS FINANCE WITH TOM MOORE

Hon. Mr. Fielding and the Trades and Labor President.

Ottawa, Jan. 23.—A labor delegation yesterday met representatives of the government and was assured by Premier King that the proposals of the trades congress would be given careful study and discussion and that the government would endeavor to meet the labor organization on some of the points raised.

Hon. W. S. Fielding, raising the question of finance, said that some of the labor requests provided for the abolishment of federal sources of income, but failed to point out how the amounts were to be made up.

Labor was not indifferent to this phase, Tom Moore said, but he protested that social legislation should not be continually laid aside because of the needs of finance. He suggested a re-arrangement of the national debt and the elimination of tax-free bonds.

Mr. Fielding answered that the present state of the money market would not permit such re-arrangement. "We are not on easy street by any means," he said.

Swiss to Come Here. Montreal, Jan. 23.—Carl P. Huebner, Swiss consul-general in Canada, announces that the Swiss association for colonization contemplates sending next spring about 1,000 farmers to Canada.

ENGINEERS OF CANADA ARE IN CONFERENCE

Railway Association Planned to be Distinct from International Organization.

Winnipeg, Jan. 23.—The first national convention of the Canadian Association of Railway Engineers was opened here yesterday. The association entered into an agreement with a large Canadian life insurance company for the protection of the entire membership. Affiliation with the Canadian Association of Railway Shopmen is under consideration.

According to W. B. Best, president, the association was formed for the purpose of advancing the interests of its members under a purely Canadian board of directors, distinct from all international organizations, the primary reason being to keep union funds in the country.

PROHIBITION WINS IN P. E. I. Charlottetown, P. E. I., Jan. 23.—In the plebiscite yesterday Prince Edward Island voted to make a dry province drier by prohibiting the importation of liquor for the purpose of export. At midnight ninety-two polls out of 150 gave 7,872 votes in favor of prohibition to 2,706 against. At the general election of 1921, the lists of which were used yesterday, there were 25,480 ballots cast, compared with a total of 10,608 today. The Charlottetown complete vote stood 1,678 to 683 in favor of prohibition.

BROAD INSTRUCTIONS TO BRITISH REPRESENTATIVES ON RHINE

London, Jan. 23.—The British government has instructed its military representatives on the Rhine not to interfere with the arrests and expulsions of German officials being carried out by the French. At the same time the British are instructed not to cooperate with the French in such operations or allowing themselves to become involved in any incidents of this nature.

The instructions are very broad. They place the British authorities on the Rhine in the position of working out the details for themselves and adapting themselves to each new situation.

FEAR SEVEN REFUGEE SHIPS LOST WITH 500 ABOARD

Manila, Jan. 23.—Fear is expressed here that seven Russian refugee ships, with more than 500 persons aboard have been lost in the China Sea en route from Shanghai to the Philippines, as part of Admiral Stark's fleet of Vladivostok exiles, five ships of which are anchored near here. The missing vessels have not been heard from for more than two weeks.

The homeless Siberians have no place on earth to land permanently. Pushed onward from Korea and then from China the fleet was given permission only to linger a while in the Philippines.

**ST. JOHN CASE IN DIVORCE COURT**

Frederickton, Jan. 22.—In the divorce court today G. Ezrie Logan asked for a decree of divorce a vinculo matrimonie in the suit of Evelyn Ward Masdonald vs. John Fleming Masdonald, a St. John case which was tried some time ago and in which the judge refused to grant a decree on ground of collusion. Mr. Logan asked for a decree on strength of the judgment of the Court of Appeal which had ordered a decree to issue. Mr. Justice Crockett in a lengthy judgment said the court would order a decree to issue solely on the responsibility of the Court of Appeal and upon its order.

Mr. Justice Crockett said that the court would issue no order for costs or for alimony and that no decree would issue until fees had been paid. If costs had been desired there should have been a motion for them. He said that evidence during the progress of the case showed that every arrangement for costs and alimony had been agreed between the two parties.

In *Ezrie Augustus Stocks vs. Frank C. Stocks*, a St. John case, the judge said he would order a decree of divorce to issue.

Regarding a proposal to expend \$15,600 for asphalt and surface of North Rodney Wharf, Commissioner Bullock said that this should make the life of the wharf about fifteen years. He said replanking was required every three years.

Commissioner Thornton thought something should be done to repair the wharf.

Mr. Bullock said an amount was included in this year's budget but was thrown out. He said the revenue from the east side wharves was carrying the west side wharves.

**BRITISH THIRST DULLED BY HIGH PRICE OF BEER**

Football and Motion Picture Show Take Place of 'Pub' With Workman Who Cannot Afford Liquid Joys.

London, Jan. 23.—England without prohibition is drinking less liquor. Even beer no longer holds the place in the workman's life that it once occupied. During the last twelve months there has been a remarkable decline in the amount of beer consumed, in the amount of money expended in the purchase of beer, and in the number of convictions for drunkenness. In a year there has been a fifty per cent. shrinkage in the amount of beer consumed and of about 2,000,000 in the amount expended for beer.

Various factors have been advanced to account for the growing sobriety of the English workman. The most satisfactory explanation is that heavy taxation has placed beer beyond the reach of the average laborer. This works in a double way for while beer is taxed, some of the workman's necessities of life are also taxed. Thus he has less money to spend for drink, and beer from being looked upon as a necessity is now considered as a luxury. In addition, post-war beer in this country is far below the standard of the beverage in the happy days before 1914.

**REPORT RE THE C.N.R. AND EXPRESS COMPANIES**

Moncton, Jan. 23.—According to information last night from well-informed sources, notice has been served by Hon. George P. Graham, acting Minister of Railways, on the Dominion and Canadian express companies to the effect that the agreements existing between the railway department and the express companies for the carriage of express traffic over Canadian Government Railways and subsidiary lines will be terminated on March 31 in accordance with terms of the agreement. This means that the railway department will be required to provide facilities for the Canadian Government Railways east of Montreal would be closed and all the express business would be done by the Canadian National Express Company without competition.

It may be, however, that in giving this notice, to the Dominion Express Company the railway department is putting itself in a position to make new terms with that company on the termination of the present agreement. The notice served on the Dominion and Canadian Express companies by the Department of Railways was issued on the recommendation of the board of management, it was said by a high official of the Railway Department here today.

What action was contemplated toward a renewal of the agreement with the express companies could not be ascertained.

**BOSTON HAS BIG FIRE IN LEATHER AND SHOE DISTRICT**

Boston, Jan. 23.—Fire that threatened to destroy a block of six story loft buildings in the heart of the shoe and leather district was brought under control by the fire department. The fire was caused by a gas leak in a building. The loss is estimated at \$150,000.

The flames of burning leather and explosion of the fire fighters' helmets of hot air routed them in many attempts to reach the sixth floor of the building, where the fire originated. Two firemen were injured, one struck on the head by a falling brick, the other cut by flying glass.

**DISCUSS KINGS COUNTY HEALTH ASSESSMENT**

Hampton, N. B., Jan. 23.—The annual session of the Kings County Council commenced here this morning, with Warden Charles Gorham of Greenwich in the chair.

The report of G. O. Dickson Otty, secretary-treasurer, referred particularly to legal proceedings taken against the municipality for refusal to assess for Board of Health purposes and suggested that in view of the coming of Hon. Dr. W. F. Roberts, Minister of Health, this afternoon that a committee be appointed to discuss ways and means to effect a settlement of the matter. The following were appointed: Fred M. Sprout, John E. Asley, H. Drummond and T. Gilliland.

Hon. C. W. Robinson, Minister of Lands and Mines, wrote, expressing his appreciation of the co-operation extended in prevention of forest fires in Kings County during last year. Suggested amendments, he wrote, would receive very careful consideration. The matter was referred to a small committee for a report.

The report of the sub-district Board of Health was read by A. E. Pearson, and it was laid on the table for discussion this afternoon. The report showed receipts of \$992.53, and expenditures were the same. Liabilities were placed at \$10,641.95, due to unpaid health assessment. The report also showed births for the year were 440, marriages 109, and deaths 288.

## Dreco Cured After Everything Failed

John H. Parkins of St. John, N. B., Tried Everything That Money Could Procure to Rescue Self From Clutches of Rheumatism and Kidney Trouble.—Dreco Now Has Highest Praise.

Ten years of suffering from rheumatism and kidney trouble—ten years of endless effort to find a cure—no amount of spending money—all this ended when John H. Parkins, of 16 St. Paul Street, St. John, N. B., discovered Dreco. In Dreco he found the purest of twelve roots, herbs and leaves of health-giving plants, he found relief. Mr. Parkins is 44 years old, at that critical age when a man needs all the energy that nature intended him to have and, thanks to Dreco, he now has it after using four bottles.

Mr. Parkins' own words are convincing. He says: "I have been suffering from rheumatism and kidney trouble for the last ten years. I had tried everything that money could procure but everything that I had tried was of no benefit to me at all. The pains were so severe at times, especially during the night, I was kept awake most of the night. I had also terrible pains in the back due to very weak kidneys. My bowels were very irregular and I had to take a strong laxative nearly every night. This would keep me in a weak condition."

"After consulting the Dreco expert I decided to give your preparation a trial. After taking only one bottle of Dreco I found it so wonderful and the relief was so prompt that I decided to buy three more. The pains in my joints are practically gone, my kidneys are fine; really I feel like a young man full of pep. It is only since I started taking Dreco that I enjoy a good night's sleep. It has really made a new man out of me. My appetite is also 100 per cent better and my bowels are as regular as a clock."

"After such good results in a very short time I cannot help but recommend Dreco as being the best remedy for any cause of rheumatism and kidney trouble. Dreco will always have my highest praise."

Go today to Ross Drug Co., St. John, and ask for Mr. Arthur, the Dreco Expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you.

Dreco is also sold in St. John by Moore's Drug Store, 105 Prince Edward Street, and F. W. Munroe, 357 Main Street. In Fairville by J. H. Wilson, in West St. John by Watson R. Dunlop and by Good Drug Stores Everywhere.

## A WOUND IS AN OPEN DOOR

Absorbine Jr. enables you to shut the door quickly.

The skin is Nature's own protection against germs. When it is bruised, broken or cut, that protection is withdrawn. The door is open. As quickly as possible Nature closes it by forming what we call a scab and renders you comparatively safe against infection. But this scab sometimes takes days to form and until it has fully sealed the wound, even until the wound has thoroughly healed again you must furnish the required protection yourself. A few drops of Absorbine Jr. in the water will give you an antiseptic wash that will kill all possibility of infection and help nature to heal the wound. As well as being a very powerful germicide, Absorbine Jr. will draw out the inflammation and bring instant relief. Absorbine Jr. is antiseptic, germicide and liniment in one container—handy to keep always in the house; easy to carry around if you travel. \$1.25 at your druggist's.

## MANITOBA NOT DECIDED YET ABOUT ITS HYDRO

Legislature Receives Signatures of 79,195 People for Change in Liquor Law.

Winnipeg, Jan. 23.—That the government has not yet decided on any policy in regard to the provincial hydro system was a statement made by Hon. W. R. Clubb, minister of public works, in the legislature last night. Joseph Bernier of St. Boniface had quoted newspaper reports that the government was negotiating with the Manitoba Power Company for the sale of the property. Containing 79,195 signatures, the petition of the moderation League of Manitoba for legislation on the sale of alcohol liquor, under government control, for beverage purposes, was presented. Mayor S. J. Barner moved a resolution urging the Dominion Government to assume a portion of the cost of providing unemployment relief on a similar basis to that of last winter. It was not put to the house, however, Hon. W. R. Craig, attorney-general, adjourning the debate.

**SPORT STYLES DECREED FOR NIFTY MEN DRESSERS**

Norfolk Type Will Dominate This Summer, Flat Issued by Clothing Designers.

Cincinnati, Jan. 23.—Male attire for the summer of 1923 will be distinctive of the sport nature, with the Norfolk

type of style predominating. Novelty effects for street wear also will have their call, the International Association of Clothing Designers in semi-annual convention decreed at their concluding session.

A resolution urging the defeat of the "truth in fabric" bill, now pending before Congress, was adopted by unanimous vote of the association.

Frank Musgrave of Baltimore was elected president of the association. Other officers are F. A. Kieff of Chi-

cago and George Herrman of New York, vice-presidents; Henry Rethorn of New York, treasurer, and H. K. Burman of New York, secretary.

Toronto was chosen for the next convention in June.

The members of the Y. P. A. of St. Paul's church held a sleigh drive last evening and a splendid time was enjoyed. After the sleigh drive the

party returned to the school room, where a three-piece orchestra furnished music for a dance. Towards the close of the evening refreshments were served under the sponsorship of Mrs. H. Roberts, assisted by Miss Ruby Spinney, Harold Hamm, president of the association, and Miss Hazel Peters were in charge of arranging for the evening's entertainment.

Had "Friend With Morgan" Accuser Who Lost \$2,100 Insists She Said

New York, Jan. 23.—Miss Sadie Maher of 191 William street, Belleville, N. J., was arraigned in the Newark Women's Court on a charge of obtaining money under false pretence, and was held in \$10,000 bail for examination January 25. It is alleged that Miss Maher, representing herself as having a friend who was "with J. P. Morgan & Co.," had obtained various sums of money to finance a scheme to corner the coal market and put up the price.

Cecile and Adele Duchamp are the complainants. The sisters charged that the accused woman had taken \$2,100 from them on the strength of her pretended friendship with "Mr. Oldfield" of J. P. Morgan & Co. A letter was produced from the Morgan firm saying that no "Mr. Oldfield" was known in their office.

Miss Maher refused to make any statement, and she was unable to produce the money for bail.

**45 CONVICTS OUT LATE RUSHING ICE HARVEST**

The threat of an impending kept forty-five Sing Sing prisoners outside the prison gates one day last night, but after a nightfall, a circumstance which sets a new precedent Sing Sing history.

The men were engaged in cutting ice on the state property on the hill above the prison. It has always been the custom to take prisoners at work outside the walls into their cells at nightfall, but with the temperature mounting hourly, Warden Laves decided yesterday afternoon to keep the men at work until the job was finished. The squad, chosen from men of good record, whose terms were nearing completion, harvested eight hundred tons of ice under the guard of five armed keepers.

Mayor Fisher and the city commissioners visited the Natural History Society's Ground yesterday afternoon, on invitation of the council of the society.

Had "Friend With Morgan" Accuser Who Lost \$2,100 Insists She Said

New York, Jan. 23.—Miss Sadie Maher of 191 William street, Belleville, N. J., was arraigned in the Newark Women's Court on a charge of obtaining money under false pretence, and was held in \$10,000 bail for examination January 25. It is alleged that Miss Maher, representing herself as having a friend who was "with J. P. Morgan & Co.," had obtained various sums of money to finance a scheme to corner the coal market and put up the price.

Cecile and Adele Duchamp are the complainants. The sisters charged that the accused woman had taken \$2,100 from them on the strength of her pretended friendship with "Mr. Oldfield" of J. P. Morgan & Co. A letter was produced from the Morgan firm saying that no "Mr. Oldfield" was known in their office.

Miss Maher refused to make any statement, and she was unable to produce the money for bail.

**45 CONVICTS OUT LATE RUSHING ICE HARVEST**

The threat of an impending kept forty-five Sing Sing prisoners outside the prison gates one day last night, but after a nightfall, a circumstance which sets a new precedent Sing Sing history.

The men were engaged in cutting ice on the state property on the hill above the prison. It has always been the custom to take prisoners at work outside the walls into their cells at nightfall, but with the temperature mounting hourly, Warden Laves decided yesterday afternoon to keep the men at work until the job was finished. The squad, chosen from men of good record, whose terms were nearing completion, harvested eight hundred tons of ice under the guard of five armed keepers.

Mayor Fisher and the city commissioners visited the Natural History Society's Ground yesterday afternoon, on invitation of the council of the society.

### SPORT AND ST. JOHN.

Rev. R. G. Fulton ought to be and is a strong advocate of clean athletic sport. His address to the Rotary Club yesterday left no doubt as to the attitude he believed business men and other men, ministers included, should take in regard to the physical training of the young, the encouragement of healthy competition, and the community backing that should be given to representatives who go abroad to oppose their skill and speed and stamina against the best other communities can produce. Mr. Fulton reminded his hearers that the first publicity given to St. John as a home of strong men at the war was given by men of the British Navy who found more than their match at rowing in the sturdy fishermen of West St. John and the raftsmen of Indiantown. Later the Paris Crew went abroad and returned with the world's championship. To illustrate the stamina of those men Mr. Fulton cited the case of his own father, who participated in a six-mile four-oared race, a four-mile race with two in each boat, and a two-mile single scull race—all in one day.

Whenever men of the old craftsmen went they carried the fame of St. John, and people naturally wanted to know something about the country and the city which bred them. Passing on to the great skaters of a later day, Mr. Fulton paid a warm tribute to McCorkle and Breen, and then proceeded to put his finger on the weak spot in connection with St. John as a competitor abroad. If the people at the scenes where the great skating meets are held see Gormas or Garnett from St. John without the careful attendance given to other competitors they are likely to ask what is wrong with this city, that its citizens do not give their representatives every needful encouragement and support. Mr. Fulton went forcibly upon the value of the discipline and training boys get in athletic games, and told his audience of business men they should regard the spirit of clean and healthy sport as an asset of the city. It was a timely and inspiring message.

### P. E. ISLAND SPEAKS.

By a vote of nearly three to one the people of Prince Edward Island have declared against the importation of rum into the province. The vote was 10,400 and the state of the roads would doubt have something to do with it. It is quite safe to assume that had the total vote been polled the victory of the "dry" would have been more pronounced.

This vote is really a mandate to the Government to do two things. The first is to get the legal importation of liquor stopped, and the other is to enforce the prohibitory law. It is a clear notice to the Government that when the people voted before for prohibition they voted for prohibition, and not for the policy of winking at violation of the law, or of deriving revenue from that which was prohibited. A writer in the Boston Herald truly says:—"Endless reiteration that prohibition is 'unpopular' has led many to believe it when the facts do not warrant such a belief." Referring to prohibition and political parties the same writer says:—"Prohibition is no load except as it is dodged and then it is a terrible load. Honestly supported, it is the biggest asset since the days of slavery."

### ASK ARMY AND NAVY AID IN WAR ON RUM

New Jersey Dries Would Have Ships Guard the Coasts and Soldiers Patrol Borders.

Trenton, N. J., Jan. 23.—Prohibition enforcement convention held in the First Methodist Episcopal Church, under the auspices of the New Jersey Anti-Saloon League, adopted a resolution urging that the army and navy be utilized when necessary to establish a blockade to prevent rum-running and liquor smuggling. This step was considered necessary in order to check the flow of liquor coming into this country.

The plan of the prohibitionists would be for the navy to be used to check the liquor smuggling along the coast, while the army would be called out for service on the Canadian and Mexican borders.

"More strenuous means should be taken to suppress the smuggling of liquor either by land or sea," the resolution stated.

"There should be no hesitation in applying even the resources and forces of the army and navy along the coast cannot be otherwise ended."

It was suggested in the resolution that if the patrol vessels at the control of customs service men are not sufficient in number on sea the vessels of the navy are capable of drawing an effective cordon and should be used.

Secretary of State Hughes was called upon to renew negotiations with the British Government protesting against the shipment of vast quantities of liquor to insignificant islands near the United States.

The United States Treasury was criticized for failing to enforce the law placing a \$20 tax on the manufacture of stills.

The resolution also commended the Republican candidates in the last election who were defeated, for their stand in favor of prohibition enforcement.

The Rev. Marna S. Tounson of Atlantic City, attacked Senator Edge and asked that the women of the state defeat him if he seeks re-election in 1924.

### WHAT THE OLD HORSE THINKS

(Agnes Joyce, 210 Lancaster Ave., St. John.)

Wonder what Old Ham, the coach horse, (who gives place to the taxi cab) in the summer-time thinks in this snowy weather.

Apologies to Briggs.

O, yes, the horseless carriage is convenient—no doubt! In the glad and sunny summer time, you see them all about.

But you'll notice, when the blizzards bliz, not one of them is out.

It's old Ham, the horse, that's harnessed and sent out to break the storm.

And they let me stand an hour at a time in my bare form!

Sure, they seldom blanket me to keep my radiator warm!

And if I jerk and snort a bit as to my neck I sink.

In seven feet of snow, or more, while my rheumatics kin,

They never stop to ask if my spark plugs are on the blink!

Or, if my running gear is clean; or, if I've had a snack.

Of water handed out to me for many hours back.

To prevent my needless engine going dry, and burning black!

Or, if they'd better get a team to tow me from the snow.

"What! Tow that bunch of bones? O, no!" my driver says. "Nitt Nott!

Not on your life! Git out of that 'whether you kin or not'!"

And when I'm going down a hill with feet balled up with snow.

They throw the clutch into low speed—too steady me? O, no!

They look for the same gait from my uphill or down, by Joe!

And 'as for 'rats,' they never talk of 'straining' gas for Ham;

I'm supposed to take 'em food they give, as quiet as a lamb;

If it clogs my carburetor, they don't seem to care a Sam.

The stable boy, me speak to me as saucy as a Jay;

I'm of no slightest consequence in 'these here times,' they say;

But yet, I tow their horseless junk where it can't make its way!

"Clarence" possesses universal appeal to audiences. It is a picture of the family, written by Booth Tarkington, the author of humor, read by father, mother, sister and son, with equal delight. The whole family is familiar with Tarkington achievements and this picture should have a quadruple appeal.

"Clarence" is more or less a laugh producer from start to finish. It does not cause loud guffaws, perhaps, but refined. In other words, the audience does not laugh because of any absurdities, but because the play is so truthful—ful—a real picture of our own lives and of the average home with its little scarpes and tangles and petty jealousies and clashes of the members of an everyday family.

As William de Mille describes it—"It is humorous rather than funny." There is a fine distinction between the two.

### WALLY REID'S LAST PICTURE GOOD ONE

"Clarence," Booth Tarkington's Comedy, Given Clever Portrayal by Late Star—Shown at Imperial.

The comedy "Clarence" at the Imperial yesterday had more than one phase of interest. The famous fiction of Booth Tarkington was one lure it possessed, the quadrangular cast—Wallace Reid, May McAvoy, Agnes Ayres and Kathryn Williams—was another, but the fact of Mr. Reid's demise last Thursday with its especially sad attendant circumstances lent quality of appreciation to the public's estimate that could be in no other way construed than that of a tribute to Wally's personal worth as a screen entertainer.

As Director William de Mille expresses it, the fact that "Clarence" is "Clarence" is the main reason why it differs from any other picture. It is highly original in plot and situation and was written by Booth Tarkington. It preserves the inimitable Tarkington comedy style. In the picture, the Tarkington qualities and characterizations have been preserved, particularly Wallace Reid's characterization of Clarence, a character study to read by father, mother, sister and son, with equal delight. The whole family is familiar with Tarkington achievements and this picture should have a quadruple appeal.

The first meeting of the newly organized Ladies' Aid of the Carleton Methodist church was held last night at the residence of the president, Mrs. T. T. Sharp, in Rodney street with twenty-six members present. Committees were appointed to take special charge of the various departments of church activities which the Aid will undertake. Great enthusiasm was shown in taking up the new work. Arrangements were made for holding the next meeting at the parsonage.

The Canadian Permanent Mortgage Corporation has purchased the building at the corner of Dock street and Market square recently vacated by the Bank of Montreal. The Canada Permanent Mortgage Corporation and the Canadian Permanent Trust Company will occupy the whole of the ground floor. The Mortgage Corporation was established in St. John in 1900 and has had as managers W. E. Mason, E. B. LeRoy, H. N. M. Stanbury and R. P. Wright, the present manager. The building at present used will probably be sold.

The Good-Cheer Circle of the King's Daughters held their annual meeting last night at the home of Mrs. G. A. Teed, Queen street, with Miss Alice Rising presiding. Reports showed a successful year in the circle's work of helping the poor and sick, giving entertainment and assisting in mission work. At the close of the meeting refreshments were served. The officers elected were as follows:—President, Miss Alice Rising; vice-president, Mrs. C. D. Colpitts; secretary, Mrs. George Horton; treasurer, Mrs. J. Z. Currier; spiritual committee, Mrs. Dickinson; Mrs. George Henderson; hospital committee, Mrs. Dickinson and Miss Rising; telephone committee, Mrs. J. Z. Currier.

Rev. R. G. Fulton presided last night at a young people's rally held in Centenary church in connection with the Methodist Institute. Dr. W. E. Smith, dressed in Chinese costume, gave a lecture on the customs of China illustrated by lantern slides. After the programme the Methodist ministers and their wives were the guests of Mr. and Mrs. Fulton. Dr. Hartz will give an address at 3.30 this afternoon. Dr. George Steel will lead a round-the-table conference. In the evening the Women's Missionary Society will hold a public meeting.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Practically every radio receiving set which utilizes vacuum tubes includes a storage battery which must be charged from time to time depending upon the size of the battery and the amount it is used.

The electrolytic rectifier consists of metal plates of unlike materials immersed in a solution of sodium phosphate or similar substance.

The output of this device is limited by the heating of the solution and the size of the plates.

While rectifiers of this type are not suitable for charging large batteries, their use in connection with the employment of storage batteries of small capacity but high voltage for the plate circuit of vacuum tube receivers is desirable.

In vacuum tube transmitting circuits employing tubes of moderate power of which the plate circuit is supplied by a step up transformer, the electrolytic rectifier forms a simple method of changing the output of the transformer into direct current so that the transmitter may be used for radio telephony as well as radio telegraphy.

PUT VOCATIONAL MATTER UP TO COMMON COUNCIL

man Says Province is ready to Pay Its Share—Need of Building Stressed.

At a meeting last night of the St. John Vocational Committee a committee of three was appointed to look into the cost of establishing a vocational school in St. John. The information gathered will be presented to the City Council. The chairman, Hon. H. A. McKeown, presided and other members present were Alexander Wilson, Thomas Nagle, George P. Hennessey and A. Gordon Leavitt, secretary. Chief Justice McKeown made feeling reference to the absence of Dr. H. S. Bridges. Regarding the contribution of the province to the cost of vocational education he said the Premier had said the province would pay what the Vocational Act called for, namely, twenty-five per cent of the price of a building; fifty per cent of the equipment and sixty per cent of the salaries. Mr. Nagle said the common council having voted against giving funds to the committee had previously blocked further action. He thought a memorial should be drawn up and submitted to the council placing the onus on the council to come to the assistance of vocational training or to decide against it. Mr. Hennessey said a building was the first essential in inaugurating vocational training and the building should be capable of extension. He thought preliminary sketches should be made by an architect and an estimate secured. Mr. Nagle said the school board must eventually face an extension of the high school or build a new high school. He believed a vocational school would in a measure take the place of a new high school, drawing from it pupils who wished training for a vocation. Mr. Wilson moved that a committee of three be appointed to acquire all necessary information regarding up-to-date vocational high schools together with the cost of building and teachers' salaries and report back to the general committee. The motion carried and Mr. Wilson, Mr. Hennessey and Mrs. W. Edmund Raymond were appointed members of the special committee.

GERMANS ATTACK EINSTEIN THEORY

Berlin, Jan. 23.—Dr. Einstein, of the "relativity" theory, appears to be another of the prophets without honor in their own country. At the recent gathering of German scientists to commemorate the

centenary of the Society of German Naturalists and Physicians, time was assigned in the order of the day for

a discussion of relativity. But before the first speaker assigned to the subject could say a word, there was distributed a circular letter signed by many, which ran as follows:

"The undersigned, physicists, mathematicians and philosophers, are seriously grieved to see public opinion misled by the suggestion that the theory of relativity is the solution of the problem of the universe and by concealment of the fact that many savants, including the most distinguished, do not accept the theory of relativity as a proved hypothesis, but consider it a fiction that cannot be logically sustained. The undersigned think that such a proceeding could not be made to harmonize with the seriousness and dignity of German science, and regret that the Society of German Naturalists and Physicians has been made use of to give premature support to a theory which is doubtful in the highest degree. Curzon Arrives in St. John Tomorrow

YOU of course know Curzon's the Great English Tailors. For over 20 years past they have been advertising extensively in Canada their Mail Order Tailoring delivered direct from England. Many thousands of orders have been received this way, and the proof of satisfaction is seen by the large number of unsolicited testimonials.

In 1911, Curzon's representative made his first personal visit for the purpose of measuring customers and taking orders. Since then we have been repeatedly asked: "When are you coming again?"

The War intervened, and we were busily engaged in our workshops making khaki clothing for the British Troops.

Now, again in 1923, Curzon's are visiting Canada, and ready to take our Canadian friends' orders.

Mr. Gelder, our representative, is carrying many hundreds of samples of cloths—all guaranteed, without exception—of the Best British Manufacture. He is thoroughly practical, having been engaged for many years as head cutter. When you call on him you will select the cloth of your choice, and he will measure you. The order will then be sent by him to England, and within a few weeks you will receive your suit by Parcel Post delivered direct to your address, absolutely free of all charges.

You will get a first-class Bespoke Suit, made throughout in our own workshops, in London (England), cut and tailored to your measures and style in the highest grade for which English Tailoring is so famous.

Special Offer to Canadian friends unable to call and see Curzon's man at St. John.

It may be some people are unable to make a personal visit.

We have therefore provided our representative with packets containing a selection of our samples, together with fashion book and self-measure form, by means of which you can get measured at home by a friend, and you can post your order direct to Curzon's. If you are unable to call, write at once to Curzon Bros. Ltd., The Royal Hotel, St. John, asking for the samples, etc., which will be sent you free of charge by return of post.

Understand, our representative leaves St. John on the 27th so unless your letter reaches him by then it will be too late.

The Prices of our 3-Piece Suits (or Overcoats) are: \$18<sup>00</sup>, \$22<sup>50</sup>, \$28<sup>00</sup>, \$30<sup>00</sup>, \$33<sup>00</sup>, \$36<sup>00</sup>, \$39<sup>00</sup>, etc., etc.

At each price there is a large variety of cloths for your selection. The above prices are inclusive, that is to say, we prepay all charges for Carriage and Customs Duty, and we guarantee that your suit will be delivered to you without your being asked to pay one cent extra for any charge whatsoever.

Mr. Gelder carries fashion books to enable you to make your choice of style, as we make not only the latest English styles but also the most up-to-date Canadian and American fashions.

Our Representative will stay at THE ROYAL HOTEL, ST. JOHN.

from Wednesday, January 24 until Saturday, January 27 inclusive.

Don't miss this chance of calling on him and order a real first-class English tailored suit at a wonderfully low price.

URGE ERECTION OF NEW CIVIC CENTRE The St. John branch of the Builders' and Contractors' Association met last night in the Board of Trade rooms, with R. E. Fitzgerald presiding. A resolution was passed favoring the establishment of a public comfort station at or near King Square. It was decided to petition the municipality to build a new civic centre where the old court house now stands. John Flood was appointed a delegate to the meeting of the Canadian Builders' Association in Quebec on February 5. It is planned to bring speakers here to address the association on building conditions.

FOR PROHIBITION Scottish Independent Labor Party Gives it Overwhelming Vote. London, Jan. 23.—(Canadian Press)—The Scottish Independent labor party at its annual conference gave an overwhelming vote for prohibition instead of nationalisation of the drink traffic. The candidature of H. M. Holden as a prohibitionist in the coming by-election in White Chapel is not taken very seriously by the regular political parties, although the Jewish vote, which is strong, is pledged to the prohibition candidate. It is said that a large percentage of the Catholic vote in White Chapel is likely also to go to Holden. The late member, C. J. Mathew, K. C., was a devout Catholic.

GEORGIA NEGRESS DIES, AGED OVER 121 YEARS Atlanta, Ga., Jan. 23.—Eveline Bolton, a negro woman of Oglethorpe county, Georgia, is dead at the age of 121 years 9 months and 11 days, which constitutes a record in longevity for the State of Georgia, and undoubtedly comes close to a similar record for the entire United States. Eveline died on December 24, 1922, and the delay in telling the story of her long life is due to the fact that the date of her birth and other facts have been very carefully investigated by Justice H. H. Glynn, Registrar of Births and Deaths for the district in which she died. He found that her third child is still living at the age of 98; she was the mother of 16 children, had 48 grandchildren, and 191 great-grandchildren.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JANUARY 23, 1923

SAYS PROHIBITION WILL WIN IN THE NEXT ELECTION

'Man Who Beat Churchill' intends to Introduce Bill in British Commons.

London, Jan. 1.—(By The Associated Press)—Great Britain's one prohibitionist member of parliament, Edwin Scrymgeour, now universally known as "the man who beat Churchill," today predicted that in the next general election, assuming it will be five years hence, the cause which he represents will sweep the country.

Heves he knows the workings of practical politics. Mr. Scrymgeour made his statement to a representative of The Associated Press. "On what basis do you predict a dry victory in the next general election?" asked the correspondent. "Well, in the first place," he answered, "since my election I have received every day a stack of letters that high—and he measured with his hands up to his waist—"congratulating me on my victory. The writers of virtually all these letters say they are going to bring pressure to bear on the members from their several constituencies to support the bill I intend to introduce. If that does not work the people of this country at the next election, taking a lesson from Dundee, are going to nominate avowed prohibitionists, and my prediction is that there will be enough elected to force a prohibition bill through the Commons."

"We may not be able to pass a bill through this House, but we're going to make a start. One of the first things I intend to do is to draw the attention of the government to the fact that, regardless of the rightness or wrongness of prohibition, we are antagonizing a friendly country, the United States, by countenancing the shipping of vast quantities of liquor to the Bahamas and other British islands off the Atlantic coast, which we know is intended for smuggling into America. It's ridiculous to imagine that the amount of liquor now going to these places is only sufficient for British inhabitants. The recent correspondence between Mr. Hughes and Ambassador Geddes clearly indicates that we must be careful not, even tacitly, to interfere with the enforcement of the laws of a friendly country."

"When Mr. Johnson"—Mr. Scrymgeour avoided the word Pussyfoot—"came here there was a storm of protest against his alleged interference with the affairs of this country. Well, the same argument should hold true in our attitude toward the enforcement of prohibition in the United States. Of course, however, we prohibitionists know Mr. Johnson did not interfere with the affairs of this country. He merely came, at our invitation, to tell us what had been done in the United States and to let us draw our own conclusions. It has been alleged that the Anti-Saloon League has been helping us in the cause of prohibition. Of course that is not true. The Anti-Saloon League has not given us one penny, and we don't expect any material support from any American organization. We are quite able to do the thing ourselves, although certainly we shall welcome moral support from whatever source."

"My Boy was Starving to Death" "As He Was Getting No Nourishment He Was Gradually Wasting Away."

"Here's a story which will interest every mother. Before my boy was born, I was in such delicate health that the doctor didn't think I would survive the ordeal. Four weeks after he was born my life was despaired of, so I couldn't feed him and the poor little fellow was left to the care of friends. He wasn't naturally strong. No care was taken in choosing his food and his poor little stomach became so weakened that he couldn't keep anything on it. As he was getting no nourishment from his food, he was gradually wasting away. Finally, in desperation, we sent for a child specialist and he said that my boy was starving to death. He gave him some medicine and advised a certain diet. The child did improve but somehow couldn't seem to get strong. This went on for four or five years and the boy still continued weak and puny looking. He could not play like other children without having to lie down and rest. My sister who lives on a farm near the sea, said that she could fix him up if I would send him to her. While I hated to separate from him, I was ready to make any sacrifice to get him strong. He was away from me for three months and it was with feelings of great excitement that I

awaited his return as my sister had written me that I would be surprised when I saw my boy. When my sister got off the train, I could not believe that it was my own boy that she was leading by the hand. I never saw such a change in any child. He was fat and rosy and full of life with a happy smile! "What on earth have you done to him," I said. "Why," she replied, "I simply made him live out of doors, gave him good food—and here's the secret. I gave him three bottles of Carnol. Before he had taken half a bottle his whole appearance had changed. He got heavier, his face took on a colour and he would run round for hours at a time. The change in my boy is the most wonderful event in my life. I am a regular fan for Carnol and never lose a chance to boost it. As I write I am looking out of the window and when I see that rosy, active, healthy child running round, I cannot believe that he was once a puny, delicate boy."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. EXPECT TO AVOID SOFT COAL STRIKE DURING THIS YEAR

(Canadian Press Despatch.) New York, Jan. 22.—The joint sub-committee of bituminous operators and union miners today resumed their discussion of 1923 wage scales to become effective April 1.

Before entering the conference, P. H. Penna, Indiana operator, issued a statement in which he renewed assurances of his fellow operators that there would be no strike in the bituminous industry this year. John L. Lewis, president of the United Mine Workers of America, and other Labor members of the sub-committee, were equally optimistic.

INVITATION TO DUKE TO TEACH MINERS GOLF

Miners' Leader Makes Proposal to King's Second Son—Challenge Accepted. London, Jan. 23.—The Duke of York, presiding at a meeting here of the Industrial Welfare Society, which seeks to enlist the mutual co-operation of employers and employed for the betterment of social and industrial conditions, was invited by Frank Hodges, Secretary of the Miners' Federation of Great Britain, to visit the Rhodfa Valley, where, under a miners' welfare scheme, golf courses have been instituted.

WOMEN FROM FORTY TO FIFTY

Will be Interested in Mrs. Thompson's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and had certain troubles that women of my age are likely to have. I did not like to go to the doctor so I took the Vegetable Compound and am still taking it right along. I recommend it to my friends and to any one I know who is not feeling well." Mrs. Thompson, 303 Lizzie St., Winnipeg, Man. When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics. This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women." C

PEPS will promptly STOP Your CHILD'S COUGH. WHEN a child starts coughing mother's duty is to give the little sufferer a Peps tablet, and thus prevent any weakening of the lungs. As the tablet dissolves in the child's mouth, the soothing medicinal fumes given off pass through the tender breathing passages straight to the lungs and bring immediate comfort and relief. Peps contain no opium or other harmful drugs, and can be given to a child (either whole or crushed to a powder) with the assurance of absolute benefit. One little Peps at night will clear the breathing passages and let the little one's sleep be unbroken by coughing fits. A Peps before starting for school in bad weather is also an invaluable safeguard for the children's throats and chests. All dealers, 5¢c. box. and teach the miners how to play golf. "I can assure Mr. Hodges," the Duke replied, "that if my engagements will permit it I will go, and will challenge him to a round of golf on my own course." REIGN OF GRIFT GRIPS INSTITUTIONS OF SOVIET Moscow, Jan. 23.—Definite steps to stamp out corruption and bribery, which have assumed alarming proportions in Soviet institutions and state trusts, as well as railroads throughout Russia, have been taken by the Council of Labor and Defence. Special commissions have been appointed to handle the investigations and prosecutions. In Moscow recently some 400 railroad employes were arrested, and 183 of them were tried for the improper handling of railroad passenger tickets. An appeal has been issued to all citizens inviting them to give information regarding bribery and grafting and assuring informers of secrecy and protection. Dice were supposed to have been invented at the siege of Troy.

after it was opened Saturday, inasmuch as there were no signs that the bank had been forcibly entered overnight. The detectives questioned bank employees as to whether they had seen any one at the safe, which stands in a prominent place in the bank's quarters, at Academy street and Bridge place, but declined to give out the result of their interrogations.

Morris Rosenwasser, president of the shoe firm, who lives at 222 West Valley street, New York City, and other officials vouched for the integrity of Kraushar to police.

"I have no idea how it happened," Mr. Rosenwasser said last night. "It is as mysterious to me as to any one else."

Mr. Rosenwasser and S. R. Berkow, the treasurer, who arrived at the bank immediately after they had been notified, joined in a statement immediately after they had been notified, to George F. Bahntze, manager of the branch, absolving the bank of responsibility for the loss. The shoe firm's safe was permitted in the bank rooms as an accommodation, being used to store by the firm's employees each Friday night.

RED PEPPER FOR

COLDS IN CHEST  
Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to penetrate right down into the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into the congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

WHAT'S GOING IN THE MONEY AND STOCK MARKETS TODAY

PLAN TO BUILD UP THE CATTLE TRADE OVERSEAS

Ottawa, Jan. 23.—In order to assure a good quality of Canadian stock cattle being shipped to Great Britain the conference of the Department of Agriculture and representatives of the cattle trade decided to ask the department to work out a system which will influence and assist farmers in exporting a class of cattle such as may safeguard the permanency of the trade.

Another measure decided on was for the formation of a committee to handle the booking of space on the steamers of the interest of all shippers during the 1923 season. Facilities at ocean ports and the advisability of union stock yards were discussed. It was decided at the meeting that Canadian cattle now on grain feed would find a market in Great Britain commencing the latter part of March. These cattle it was understood would be put on grass in the old country.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets, the Canadian Machinery and Manufacturing News, Toronto, makes the following comment in its January 18 issue: Another advance of one dollar a ton brings the present price up to \$37.55, representing an advance of \$2.75 since Dec. 1st. American markets have firm, very materially and reports from Buffalo indicate that furnaces generally are getting as high as \$28 for 1.75-2.25 per cent. Higher iron grades are selling at \$29 to \$30. It is not so long ago that Canadian furnaces were making concessions to meet the competition from American furnaces. Sales in the United States are said to be notable for their number rather than for average tonnage placed. Although coke has softened somewhat with a return at \$8 to \$8.50, and foundry at \$9 to \$9.25, the market is still high and is still a serious factor in furnace and foundry operation. Pittsburgh reports Bessemer pig iron at \$27.50; basic nominal at \$25 and foundry \$27 to \$28, all f. o. b. valley furnaces.

That January should see production at a decidedly higher rate is the report of a Pittsburgh observer. Mills that had the least output in 1922, and that, as things are shaping, there will undoubtedly be a shortage in skilled and unskilled labor this spring. Many industries that have been idle, or nearly so, during the last year, are opening in full time. Much municipal and government work was closed down for the winter, and it is declared, further that hundreds of men have gone to the States, attracted by boom news. It seems, therefore, that both the American and Canadian labor markets this spring will be quite depleted of men.

Production of steel sheets in American mills shows operation on a basis of 80.4 per cent. of capacity in December. Business continues good in January and price advances are predicted. Blue annealed are quoted at 2.90, or 4.25 Toronto; black sheets 3.25, or 5.10 Toronto; galvanized \$4.25, or \$6.25 Toronto. Canadian markets, both in sheets and bars, are decidedly firm. It is predicted that a standard price of 8.40 on merchant bars may be announced within the coming week. The range has been from \$7.25 to \$4.00, with the lower price predominating. In wire products all independent mills recently advanced prices \$2 a ton.

During the last year United States Steel Products state their Canadian tonnage sales in plates, shapes, bars, structural, etc., was three and one-half times greater than that of 1921. The present year has started out with some strength and business has shown the result of activity in railroad buying material for cars and locomotives. Dealers expect some buying from this source also for not all requirements can be figured so definitely as cover with blanket order from the mills.

Some Stocks Climb to New Records in Wall Street

Toronto Railway and Dominion Textile Active in Montreal.

New York, Jan. 23.—(opening)—

Opening prices in today's stock exchange were irregular, but in the main, higher. Short covering operations were apparent in some of the leaders.

Prices advanced in the latter part of the day, which had been depressed yesterday.

Baldwin rallying a point and yesterday's leader and Credit fractionally. Fisher Body advanced 2-1/4. The initial decline centered in the oils, motors, independent steels and a few miscellaneous issues.

New high records for the year were established by Owens Bottle, Cluett Esabody and Piggy Wigley, the gains ranging from 3-4 to 3 points. Crucible extended its gain to 1-3/4 and Steel and Tube preferred to 2 points. There was a resumption of yesterday's buying in the food shares. Corn Products, Postum Cereal and Bechtel all moved to higher ground. Gains of a point each were scored by General Asphalt, New York Central, American Wool, Brown Shoe, Sears Roebuck and Famous Players, while substantial fractional advances were recorded by Pan-American A. and B., California Petroleum, Canadian Pacific, Union Pacific, Chandler and United Fruit. There were a few weak spots and Northern Pacific, Reynolds Spring and Wills Overland preferred were off 1-2 to 3-4. Foreign exchanges opened higher.

Non Report.

New York, Jan. 23.—(Noon)—

Prices advanced after trading during the morning, gains of one to two points being quite common around noon. Trading was relatively light and largely professional. Resumption of operations by speculative pools was evident in a number of shares of companies in which current earnings are reported to be large and which are likely to resume or increase dividends. Piggy Wigley extended its gain to nearly three points and Wash Motors and Steel and Tube preferred to 2 1/2 each, while among other issues to bring their net gains to around two points were Hender Manufacturing, H. H. Macy, General Asphalt, Consolidated Gas, American Wool and Western Maryland second preferred. Fisher Body, which had lost 20 1/2, rallied to 197. Woolworth reacted four points, and Great Northern preferred 1/2. Call money opened at four per cent.

Montreal Exchange.

Montreal, Jan. 23.—(10:30)—

With exceptions activity in Toronto Railway and Dominion Textile stock, very little interesting trading occurred on the local market today.

Railway was the feature of the day, trading on comparatively few sales 3-3/4 to 3-1/2. Textile, the present stock of which made its first appearance in the market, was active at 64-1/2, but under fairly heavy selling eased off a half to 64. Of the paper issues, Brompton sold a half lower at 87-1/2.

BAN OFF IN MAINE

U. S. Will Permit Entry of 2,000 Lumber Workers.

Augusta, Maine, Jan. 23.—A decision given by the U. S. Secretary of Labor will permit lumber companies in Maine to employ 2,000 workmen from Canada and the Maritime Provinces. This is the result of several visits to Washington by President James Q. Guiney, of the State Chamber of Commerce.

More than 80 per cent of spruce timber in Maine has been affected by budworm and unless cut immediately it will prove a total loss. There is a great scarcity of skilled labor in the woods this winter and the loss of spruce may be heavy.

The immigration official in Montreal who has charge of the Canadian dispatching office is still favorable to Maine lumber companies canvassing the territory for workmen. Under the rule they can advance traveling expenses to the men.

RUSSIA DELIVERS FINLAND RYE AT AMERICAN PRICE

Bohshervits Paid in Dollars for 250 Car Loads; Tons Ready For Export.

London, Jan. 23.—From an American market has passed the last, eight months in Russia, the larger part in the Tartar Republic, it is learned that in the last few months the Bohshervits have secured about 200,000 tons of rye to the Finnish government and received payment in dollars at the prevailing American rate for grain.

In Petrograd the Bohshervits have stored 60,000 tons of rye ready for export to the Baltic states. They are prepared to deliver the rye at a price slightly less than the American price. Most of this grain has come from the east valley of the Volga.

As the Bohshervits are not only able to participate actively in the export of rye to the Russian market, but also to ship a large amount of grain after the next harvest.

It is foreseen a bitter struggle among the leaders of the Soviet for the position now occupied by Lenin, who is seriously ill and who is no longer able to participate actively in the government.

Kamenets is his logical successor, with Tchicherin and Krassin as under-secretaries. This would mean the moderate Russian policy, with prospects of treaties with western European countries greatly improved.

Large importations of Scandinavian sulphite pulp, which is being sold at a lesser figure than its cost to many of the American observers, opinion is that their country's future is dependent upon the success of Russia's negotiations with foreign powers.

SNOW COSTING MONTREAL SOME \$10,000 A DAY

(Montreal Gazette.)

Snow precipitation this week has been so heavy that the city has spent there is a heavy day in clearing the streets and sidewalks, which has come as a welcome relief to the hundreds of men who were temporarily laid off from their work.

At the beginning of the week a larger amount of money was disbursed on snow removal than the sum mentioned, as it was then necessary to clear the streets without delay for the convenience of traffic. Towards the week-end the work eased off, but the total outlay for the week, as a result of the heavy snow, will amount to from \$30,000 to \$60,000.

Men of all classes employed on the streets yesterday numbered 1,731. Of this number 500 were at work on sidewalks, of which 251 were laborers, 188 in charge of single vehicles, 24 in charge of double vehicles and 61 firemen.

Stomach Trouble "Indigestion" Relieved By Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who is most miserable of all mankind.

Even the little that is eaten causes much torture, and is digested so imperfectly that it is but a burden.

Before you can eat heartily and enjoy your food, you must put your stomach right, that is, you must have a good digestion.

Mr. Wm. Kruschel, Morden, Manitoba, writes:—Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pain after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever getting well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was perfectly well. I can honestly say that B. B. Amherst and Hydro.

(Amherst News.)

Mayor Robb remarked last week that he had been talking to two citizens of New Glasgow, who had some knowledge of power, and they declared that Amherst should have prospects of securing power from the new development at Sheet Harbor—this power could be brought around the shore from New Glasgow, and supply a number of villages enroute. Truro is now considering power from the same source. There has been no report to date if it is not satisfactory, Amherst could follow suit.

One of the New Glasgow men, who is interested in the Empire Steel Corporation, asserted that the possibilities of delivering Sheet Harbor Power to Sprinfield would be taken up by the Dominion Bank in consultation with the Town of Amherst, relating to power development of the Economy River by the Nova Scotia Power Commission. A report was expected early in the month but to date it has not come to hand.

Her Heart Skipped Every Third Beat

Mr. James Bustigh, 948 King St. E., Chatham, Ont., writes:—I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me.

I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat.

I gave up, just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, and they did it for me. I had been very bad for three months, and felt better than I had for years.

I went through before I started Milburn's Heart and Nerve Pills, I feel like letting everyone know what they did for me.

CAMPBELLTON AND HYDRO

(Campbellton Graphic)

Improvement in the electric power system of Campbellton is now a matter that demands immediate consideration.

Present three different courses appear to be open to experiment. The first, addition to our present power plant, offers an apparently easy solution of the problem, but not a permanent one. Moreover, following this course would necessitate the expenditure of a considerable sum of money.

The second, obtaining power from the Neplisquit development through the New Brunswick Hydro Commission seems to offer a reasonably economical way out of the difficulty and an apparently permanent settlement of the matter. According to information received the Hydro Commission has offered to supply Campbellton with power at from 2 1/2 to 3 cents per kilowatt hour delivered at the switch board here, according to the quantity contracted for by the town of Campbellton. This seems a reasonable rate and, unless there are other matters to be considered, the town ought to be able to distribute this power at a cost probably less than the present rate.

The third possible course in the present issue is local development of water power on the North Shore. This would naturally entail very heavy expenditure and, so far gives no definite promise in return. As yet, however, the second surveying expedition is not completed, so little of an authentic nature can be said in regard to the proposed enterprise.

PRISON IS URGED FOR TRADERS IN BRITISH HONORS

Committee of Three Privy Councillors Recommended to Pass on the Fitness of Those Who are Suggested.

London, Jan. 23.—That there has been traffic in the sale of what are called "honors"—peerages and other titles—is a charge practically conceded in the report of the Royal Commission on Honors just published here. But whether there is to be effective reform of an abuse which has long been a matter of common talk and now is officially admitted is another question.

The report, signed by six out of its seven members drawn from all political parties—the dissentient is the Labor representative, Arthur Henderson—makes the outstanding recommendation that it should be a penal offense to offer or take money in connection with the bestowal of peerages or other honors. "We did not invite those who had been approached by touts to give evidence because we were already satisfied that such approaches had been made," the report says.

Aside from this recommendation the main constructive suggestion is that a committee of three privy councillors not members of the government should be appointed to advise the Prime Minister whether, in their judgment, persons whose names are submitted are fit and proper persons to be recommended to the King for honors.

This committee is to be supplied with details of the services for which the honor is proposed. It is also to give that no payment or expectation of payment to any political fund is directly or indirectly associated with the recommendation.

Andrew Bonar Law has been quick to act upon this proposal. The usual New Year slate of political honors—there is no suggestion of abuse in the conferment of any other class of honors—has been held up pending the appointment of the suggested committee of three privy councillors.

Will this procedure secure reform of an admitted scandal? Arthur Henderson refused to sign the report, because, in his opinion, its proposals are not "sufficient to prevent abuses or to allay the suspicion which undoubtedly exists in the public mind on the subject of honors."

He is by no means alone in this opinion. Papers as widely apart in political complexion as the Labor "Daily Herald" and the radical "Daily News," on the one hand, and the ultra-Conservative "Morning Post" on the other unite in supporting the view that the report will make no real difference.

RUSSIAN ROYALTY CONTRIBUTE TO PARIS ENJOYMENT

Paris, Jan. 23.—It is one of the ironies of fate that Russia, which presents so tragic an aspect, should be one of the chief contributors to the entertainment and amusement of the world, and especially that the aristocracy and intellectuals of Russia, who have been the greatest sufferers in that unhappy land, should be foremost in catering to the pleasures of other peoples.

As might be supposed, these phenomena are particularly noticeable in Paris, the refuge of nobility in distress. Count Michael Tolstoy, the son of the great philosopher, Mme. Spiridovitch and Prince Obolensky, who has organized an opera company and who himself is a rival of Chablain as a bass singer, all three embracing Tolstoyism, have united, and, remembering their musical education, have formed a small company of entertainers.

M. Simon Arbellot relates in Le Figaro his impressions of an interview with these noble entertainers at a fashionable club, where they were rehearsing for their debut. Count Tolstoy was accompanying Mme. Spiridovitch, the wife of the general who was a former chief of the Emperor's Guard and Governor of the Crimea. The count, leaving the piano for an instant, said to the visitor:

"My situation, like that of my two friends, is no mystery to any one. I have been ruined since 1918, the date when I left Russia. I have seven children in school in France. I love music, so why should I not try to make my living with it? Reverence for the memory of my father forbids me to write, so I am going to sing and play the piano. I love France and shall stay here. To be sure, life would be easier for us in Germany, but too many fond memories attach us to France."

Mme. Spiridovitch, who received the cowl and served in the war as a sister of charity in the train hospital of

OXO the basis of good and economical COOKERY

Grand Duke Andreas, expressed her joy in singing before the French public the plaintive gypsy songs and the popular airs that delighted her childhood. And General Spiridovitch, who received the ribbon of the Legion of Honor during M. Fallieres's visit to Reval, added: "We have confidence that everything will come out right. A few more years and the happy days will return."

In the shadow of the hall a man was listening to the music of these artists in rehearsal. It was the Grand Duke Alexander Mikhailovitch, the brother-in-law of the former Czar of All the Russians.

Ottawa, Jan. 22.—The United Farmers of Quebec will place no official candidates in the field at the forthcoming provincial election. For the time being the organization has no ambition towards political power, though it supporters are convinced they could elect candidates in many constituencies. It has been definitely decided that

for the present, political activities shall be confined to endeavors to obtain legislation best suited to further the aims and ideals of agrarian interests. To this end a programme of legislation will be drafted and submitted to whatever government may be returned to power.

The foregoing briefly summarizes the decision reached at the meeting of the political committee of the United Farmers of Quebec held in Montreal last week, according to Dr. S. Lafontaine, of Gatineau Point, president of the committee, in an interview given the Citizen today upon his return from the meeting.

SKATING.

May Have Pro. Meet.  
There is talk of staging a professional skating meet in this city sometime next month and it is understood that some local business men are interesting themselves in the venture. It is expected that Art Staff, Everett McGowan, Bobby McLean and Ben O'Sickey will be brought together if the negotiations materialize.

Races Tonight in Arena.

A series of skating races will begin in the Arena tonight when the 220 yards for juniors and seniors will be skated. In the juniors the winners of each heat and the one finishing second in the fastest heat will skate in the final. While the first and second in the senior heats will participate in the final. Those entering the event are:

220 Boys: First heat, Irving Leong, T. E. Ervin, G. McCavour, H. Cassidy, K. McAlpine, W. Dowling, Murray Lyden; second heat, R. Kelly, C. Campbell, G. Ring, W. Barton, Moore, H. Bickelstaff, K. Clifford; third heat, C. O'Connor, B. Riecker, W. McKennie, W. Logan, A. Olund, L. Morris; fourth heat, W. Carson, H. Chase, R. Monteth, J. Crosier, N. Dean, E. Buckley, E. White, W. Miller.

220 Seniors: First heat, L. Floyd, C. Campbell, G. Ring, W. Barton, second heat, D. Barton, F. Diggs, J. McLennan, E. Dalton, R. Lawson, C. Nixon, G. Logan, B. Thompson, W. Gayton, J. Raymond.  
Officials: Starter, A. W. Covey; referee, F. White; timers, Martin Dolan and K. J. MacRae; clerk, E. Ingham; judge, F. Logan.

Skates Exhibitions Races.

Willis Lodge, the popular boy skater, gave two exhibitions in the Arena during periods last evening, skating the 220 yards and the half mile. His time for the first was 22-4 seconds and the latter 1 minute, 38 seconds. He was loudly cheered as he finished both events.

**POWER BOAT CLUB ENJOYS ENTERTAINMENT**  
Members of the St. John Power Boat Club enjoyed an exceptionally fine programme in their rooms last evening. Commodore J. H. Barton presided and a large number of members and friends were present. It was decided to enter a float in the torch-light procession during carnival week and to attend the sports, which are to be held in the arena for the benefit of Charlie Gorman. The programme follows—Piano solo, William Gramann; tumbling stunts by Walter Evans, physical instructor of the East End Boys' Club, and two of the Boys' Club members, Leo McIntyre and Wendell Winchester; solo, Dotted Thorne; reading, U. S. Staples; wrestling bout, Walter Evans and Leo McIntyre; comic Scotch songs, Jack Reesley; solo, Mr. Gillis; solo, Felix McMullin; solo, W. Gramann; piano solo, Mr. David; musical revue, Messrs. Prescott, Mayes, Gramann and Davis; address by Mayor Fisher; musical selections on mouth organ and mandolin by P. C. Johnson. After the singing of the National Anthem the members were served sandwiches, cake and coffee.

**A NEW BOSTON HOTEL AND THEATRE**  
Syndicate to Erect \$8,500,000 Building to Take Whole Wilbur Block.  
Boston, Jan. 22—Boston will have soon a new \$8,500,000 theatre and hotel, occupying the entire block in which the Wilbur Theatre is situated, according to an announcement from the offices of W. J. McDonald, Devonshire street. The site occupied covers 25,000 square feet, which is greater by 5,000 feet than the combined site area of the Little Building, Hotel Touraine and Masonic Temple. It is bounded by Tremont, Hollis, Dillaway and Dove streets. The announcement adds that the purchase of the site, formation of the trust and negotiations for the construction of the new project comprise one of the largest real estate transactions ever effected in New England. The theatre, which will be operated by Olympia Theatres, Inc., will accommodate 4,200, while the hotel will have 800 rooms, each with a private bath. The new structure will be built around the Wilbur Theatre, which was purchased as a part of the project. Some of the wealthy Romans had as many as 10,000 slaves.

THE STORY:  
Henriette Girard and her foster sister Louise, are orphaned during the great plague and lose the protection of the couple that had adopted them. The same epidemic has blinded Louise, and her sister sets out with her to Paris to find a physician who may restore her sight. En route the beauty of Henriette attracts the heartless Marquis de Presle. Reputed by the girl, he sets a benchman to abduct her. Alone in Paris at nightfall, the two girls are set upon by a gang of hirelings. Henriette is carried off and the blind girl left to wander piteously by the treacherous river side.  
Louise is picked up by a crippled knife grinder, Pierre Frochard, and taken home to his mother, La Frochard, a hag who supports her favorite son, Jacques, in idleness by begging. Instead of succoring Louise, the woman enslaves her and capitalizes her infirmity by having her sing in the streets for alms. Henriette in a swoon is brought into the midst of a mad carnival of aristocrats at Bel Air with the sensual Marquis de Presle as host. The innocent girl's alarm is assuaged by the sympathetic attention of a young nobleman, de Vaudrey, is attracted. A good impulse causes him to rescue her at the point of the sword, and to place her in lodgings in the house of Danton, a leader of the people. From that refuge Henriette begins a pathetic search for her lost sister.  
In the meantime, de Vaudrey resists the plans of his uncle, de Linieres, to marry him to an heiress, because already he has fallen in love with Henriette. Another person who falls in love with Henriette is Danton, but his is a hopeless love. Henriette has given her heart to de Vaudrey. The Countess de Linieres, wife of the prefect, visits Henriette at her lodgings to see what sort of girl the young man has chosen, and is favorably impressed.  
However, the Countess has a heart secret of her own—she is strangely interested in the lost sister of Louise the instant she learns from Henriette that Louise was a foundling picked up on the steps of Notre Dame. The Countess had been married before, to a commoner, and her proud relatives slew him and took from her their infant and placed it on the streets to perish.  
At this dramatic moment a voice of song is heard on the street, and Louise is discovered. The Countess, who now knows it is her daughter, swoons, and Henriette, on the very point of rushing to discover her, is arrested by a vindictive company of police sent by the Count. Henriette, frantic, is led away to prison, while Louise, with echoes of her sister's cries in her ears, is dragged away by La Frochard again to the tired cellars.  
Just at this time, the down-trodden populace of France blazes out into fierce revolution and moves down the soldiers of the Lords. Danton is a leader, and so is Robespierre, of another type. Robespierre has been made an enemy of Danton by Henriette unwittingly, and they are rivals in influence besides. He nurtures a spite against Henriette.  
Amid the mad delirium of the Carmagnole danced in the streets by the liberated people, Henriette walks forth from prison as the Bastille falls, to seek her sister. Louise is traced to the cellar, but she is not there. In a quarrel over ill treatment of her, Pierre has slain Jacques and fled with her. Waiting to see Henriette, de Vaudrey disguises himself and returns to Paris, risking his head as an aristocrat. He comes before a tribunal presided over by a vindictive agitator, Jacques Forget-Not, who bears him a grudge; Henriette, a prisoner too, because arrested with him. Jacques condemns both to the guillotine, Robespierre evilly consenting. Louise is in the court room audience by chance, and mutual recognition comes too late. Henriette is dragged away.  
Waiting to see Henriette, de Vaudrey escapes the sentence upon Henriette, and by the speech of his career gets a popular veto of the death sentence. At the head of mounted guards he rides in the most thrilling race of the screen to save Henriette and her lover, and succeeds. In the shadow of the guillotine the two orphans are reunited.

CLINIC TO CURE CRIME URGED PLANNED IN OHIO  
The Cincinnati Central Psychiatric Clinic, said by physicians to be the first of its kind in the United States to attempt to reduce criminality, will be opened there soon, it has been announced. The plan of the institution is to give the youths of the city the maximum opportunity for normal development through co-ordination with the courts, social agencies, public schools, Board of Health, vocational bureaus, and other institutions in touch with deficient persons.  
The clinic will be under the superintendency of Dr. Emerson A. North, former superintendent of the Longview Hospital for Insane, at Cincinnati. The aim of the clinic, according to Dr. North, will be to eliminate dependents by prescribing remedies to fit the individual.  
Before arriving at the remedial point, Dr. North said, the individual will first be given a general examination. It will be determined if there are any mental deficiencies. The case will next be analyzed, first to ascertain the sociological conditions of the individual, secondly to ascertain completely his physical state. Following this, the individual's intellectual level will be determined, through the process of the Simon Binet test.  
With these records, Dr. North continued, the case will be determined finally by the head psychiatrist and remedies prescribed. These remedies, he said, would vary from institutional treatment to social readjustment, such as change in vocational fields or a change in home environment. \$30.00 will be given for the year, from the Community Chest.  
Divorces are scarcely known in modern Greece.

## SUNDAY LOSING CHARACTER AS DAY OF REST

Lord's Day Alliance Meeting Here This Afternoon

Rev. George W. Mingie, the Field Secretary, submits a Report in Which Conditions are Reviewed—Sunday Shops and Sunday Open Garages.

The annual meeting of the Lord's Day Alliance of the Province of New Brunswick will be held in the Y. M. C. A. building this afternoon.

The report of Rev. Geo. W. Mingie, field secretary for Quebec and the Maritime Provinces, with headquarters in Montreal, contains several matters of general interest. With reference to the observance of the Lord's Day the report says, among other things, that—

"It is necessary as an expression of the will of the people and the safeguarding of those who are unable to help themselves. There is an ocean of frivolity, lawlessness and greed, exultantly washing against the Lord's Day and threatening to destroy it. For the sake of the meaning of the institution, for the happiness and good of our people, let us prize it as we prize our lives, let us show by our conduct that we love it. Make it different from other days. Let us put into it all that is best and highest in thought and conduct and feeling.

"It has been said that in these modern days with the Sunday newspaper to occupy one's morning and the automobile to absorb his afternoon and the radio set to enable him to hear concerts across the continent in the evening there is not much left for the worship and the contemplation of the higher things of life, and that with the introduction of pleasure as an end in itself and the losing of the affection which alone maintains the integrity of the day there is an increasing tendency to deprive the worker of his rest altogether."

With reference to Sunday trading, the report says that in some cases pressure has been brought to bear on public officials in N. B., N. S., and P. E. I. and attempts have been made to control it and for a time some improvement is made but in a little while the business creeps in again and freedom from its requirements is sought. During the last year complete bans had been made from each of the maritime provinces in this regard. The secretary expresses the opinion that a great many of those engaged in the business would be glad to close on Sunday but a few hold out in a town and others feel compelled by force of competition to remain open.

The police of Moncton and Grand Pré insisted on all garages being closed on Sundays but garages just beyond their jurisdiction remained open and supplied the needs of those who otherwise would have gone to the garages in the town. In one city all the garages save one had agreed to close on Sunday by private agreement, but this one had held out and all had remained open.

Concluding, the report says that, notwithstanding the difficulties of the present year, which had been a hard one, there had been considerable unemployment and a busy town like Amherst had lost about 1,000 people temporarily owing to the depression which was almost universal. Strikes in the east had hampered the deficits in the churches had to be met, and the endeavor to strengthen the carrying on of the regular church work had militated against the appeal of the alliance. Approximately 21,900 miles had been traveled by the secretary in his work, 1,000 letters had been written and 180 addresses given. All matters had been dealt with in the best manner which wisdom had dictated at the time.

## POLICE COURT

A case against Alfred Cameron, charged with obtaining money under false pretenses, was taken up in the police court this morning. A. H. Clarke and Harold Chadwick told of having employed the youth and said they had found him honest previously. They had accounts in the Fairville branch of the Bank of Nova Scotia but said checks purporting to have been signed by them were forgeries. The accused was remanded.

Some evidence was taken this morning in the case against Leo Joseph Myles, charged with assaulting his mother. Mrs. Myles said he had pushed her against the wall and injured her. A woman nearby had summoned the police. Myles said he took hold of his mother to prevent her from setting fire to the house. He said she had poured oil on the stove. Policemen Kilpatrick said that with Dennis Saunders he had gone to the accused under arrest. Myles was remanded.

Two men charged with drunkenness were remanded.

## LOCAL NEWS

**MUST GO TO SCHOOL.**  
Two juveniles who were before the magistrate yesterday afternoon charged with truancy were allowed to go with a warning.

**ARGUMENT IN CHAMBERS**  
Before Chief Justice McKeown in chambers this morning an application was made to set aside judgment entered by the plaintiff against the defendant for some \$2,000 in the matter of Colwell vs. Cobbett. The judgment was taken a few days ago but objection is now raised by the defendant that the writ in the case was specially endorsed. Argument ensued upon this point this morning. The time for filing a defence under the Judicature Act had expired when judgment was signed and no appearance had been entered by the defendant. The matter arises from the purchase of two motor trucks upon which the plaintiff F. C. Colwell advanced money. The defendant now alleges a partnership agreement. The court will decide later. G. H. V. Belyea, K. C., appeared for the plaintiff and J. S. Talt for the defendant.

## LOOK FOR C. N. R. ANNOUNCEMENTS IN NEXT WEEK

Board Will Probably Meet on Monday—Co-operation Divisional Headquarters and Estimates.

(Special to The Times.)

Ottawa, Ont., Jan. 23.—Some important announcements may be expected following the next meeting of the Board of Railway Commissioners likely here on next Monday. Sir Henry Thornton, president, and Major Graham Bell, vice-president, will probably return here on Saturday after their western trip of inspection and with two or three matters ripe for decision.

It is learned that considerable progress has been made on the question of closer co-operation between the two main divisions—the Canadian National and the Grand Trunk—and it is known that much time has been devoted in the last ten days by Hon. George P. Green, acting Minister of Railways and Canals, to the means for a more complete amalgamation of the entities of the national system. Some decisions will likely be made on this next week.

Then there is the vexed question of the location of the divisional centres. It is believed that the board has already all the information it requires for a decision as to the various headquarters in the east, and as to the return of the revenue to the provinces and the return of the chairman of the Canadian National board, as it remains for him to determine how much money he desires to spend on construction and equipment in the west. It is known that little new mileage in western Canada will be constructed this year, only the most urgent branches being considered, and in all these last mentioned there must be immediate prospect of substantial revenue to the provinces before they will be entertained by the board.

**NEWPORT HAS A DEEP DOUBLE MURDER MYSTERY**  
Man and Wife Dead, Bodies Charred, Skulls Fractured, House Locked.

Newport, R. I., Jan. 23.—There is deep mystery in the case of J. A. F. McKillop and his wife Madeline, found dead in a lodge they occupied on the Paul Fitzsimons estate, Harbor View, here, their bodies charred by fire and with marks of crushing blows on their heads.

The head wounds made it impossible to accept the theory that they had been suffocated and the locked windows and doors of the little lodge left no explanation of the possible presence there of a third person.

Medical examiners found that the man's death has been primarily due to suffocation, "although his skull had also been fractured by violence by an unknown person."

No smoke was found in the lungs of Mrs. McKillop. Her body was found by firemen in a bath tub, some distance from the bedroom. There were four wounds on his head. His feet showed evidence of having been near the fire. The fire in the lodge had not reached the bathroom.

**Pirates Steal 125 Cases of Whiskey**  
Vancouver, B. C., Jan. 23.—Pirates took 125 cases of whiskey from the powerboat Maulline in Canadian waters off Discovery Island, early on Monday morning, holding up the crew with guns and speeding away in the darkness. Two men in the Maulline were transporting the whiskey to an unrequited destination.

## MONCTON AT WORK FOR JUBILEE MEET

Committees Arranged for Skating Events on Feb. 19 and 20

Fredericton Curlers Invite N. B. and N. S. Clubs to Friendly Matches—Dempsey to New York Today—Two Matches Likely.

(Canadian Press)  
Moncton, N. B., Jan. 23.—The Moncton Amateur Skating Association last night appointed committees to handle the Moncton Jubilee skating meet on Feb. 19 and 20. There are committees on finance, racing, transportation and housing, advisory, police, tickets, advertising, entertainment and managerial. Charles H. Synthe, former local speed skater, will attend the Montreal meet. Fredericton, N. B., Jan. 23.—The Fredericton Curling Club last evening elected skips for four rinks against the visiting St. Stephen curlers to play here this afternoon and evening. They are: F. P. Hatt, S. D. Simmonds, T. L. Fowler and Walter Limerick.

The Fredericton club also decided to extend invitations to the clubs in New Brunswick and Nova Scotia to play friendly matches here during the season.

New York, Jan. 23.—A new world's record for the 440 yard indoor relay race for women was established last night by the Valcour Club at the games of the Seneca A. A. The quartette made the distance in 55-1-5, four-fifths of a second faster than the same team previously had done. The team was composed of Marion McCarthy, Olive Kelly, Blanche Dixon and Rose Fisher. Jack Kearns, his manager, tomorrow or Thursday. Agreements probably will be made for at least two bouts for the championship this summer, one with Jess Willard, from whom he won, and one, providing he survives, with one of the aspirants who never has held the crown.

Detroit, Jan. 23.—Sid Baraban and Johnny Mendelsohn, lightweights fought ten fast rounds here last night, newspapermen declaring it a draw.

## ONTARIO HOUSE OPENING TODAY

Conference With Lumbermen Referred to in Speech—Also Labor Conference.

Toronto, Jan. 23.—In the speech of the provinces participated in at the Ontario legislature today will be reference to the adoption of a policy of selective immigration, and to measures put into operation in the interest of agriculture.

The speech will refer to the educational conference last year in which all the provinces participated. It will draw attention to the large amount of financing required for provincial undertakings during the last few years, and to the necessity for caution in adding to the public burden under existing conditions. The progress made in the extension of the Penitentiary and Northern Ontario Railway northward and in the road building throughout the province will be mentioned. Intimation will be given that the government has arranged to confer with the lumbermen as to methods for forest preservation and administration. Marked progress in the mining activities in the province will be pointed out, and reference made to the prospects of utilizing iron ores. The participation by the government in a conference on tax matters with all the provinces will be announced.

## FAIRVILLE FIRE

McKiel Street House Burned Firemen Do Good Work in Preventing Spread.

A double tenement building on McKiel street, Fairville, owned by the Fenton Loan and Building Co., Ltd., was destroyed by fire this morning. There has been only one tenant in the property for several months, Thomas H. McKillop, who occupied the lower flat. Some of his furniture was saved, but the greater part was either destroyed by fire or broken. Among his household goods was 500 weight of groceries newly purchased, and practically all lost. He had no insurance. The fire was first seen about 3:45, when the McKillop family, who were at breakfast, heard a noise in the unoccupied flat above. On making investigation, the room was found to be in flames. The alarm was given and firemen quickly responded, though some difficulty was experienced in getting the engine to the scene owing to the drifts of snow.

Three streams of water were soon available and every effort made to confine the blaze to the one property. It seemed as though the house adjoining, also owned by the Fenton Company, as well as the one on the other side of the burning building, owned by George Costlo, would ignite, but the firemen persevered and eventually won.

A high wind blew steadily, and with the thermometer near zero fire fighting was carried on under difficulties and much hardship, the clothes of the men being frozen to their backs. There are nine wooden houses in McKiel street quite close together. St. Columba's Presbyterian Church and Fairville Superior school are also nearby, and the location of the fire caused a great deal of uneasiness among parents with children at school. Some furniture was removed from the Presbyterian Church, but when it was seen that no danger was imminent the chairs, etc., were taken back.

The Fairville volunteer corps of firemen lived fully up to their established reputation as second to none, if given a reasonable chance to fight conflagration. The men worked heroically and undoubtedly their efforts were responsible for keeping the fire confined to one building. It is understood the Fenton property was insured.
