## UNIVERSITY OF TRINITY COLLEGE.

THE UNIVERSITY OF TRINITY COLLEGE was constituted by a Royal Charter, bearing date 16th July, 1852, and empowered to confer Degrees in Divinity, Arts, Law, and Medicine.

THE CONVOCATION of the University consists of the Chancellor, the Provost and Professors of Trinity College, and all persons admitted to the Degree of Master of Arts, or to any Degree in Divinity, Law, or Medicine, in the University.

No Degree can be granted by the University, unless a Supplicat for that Degree shall have passed the Convocation, having been previously approved by the Caput.

THE CAPUT consists of the Vice Chancellor and four members of Convocation to be elected annually by Convocation, at the first meeting in the Michaelmas Term.

The University confers no Degree whatever, unless the candidate, being a British subject, has previously taken the oaths of allegiance and supremacy.

Subscription to the following declaration is also ordinarily required :—

“I, A. B., do willingly and heartily declare that I am truly and sincerely a member of the Church of England.”

The Chancellor and the Vice-Chancellor are, however, empowered to dispense with this Declaration, in the case of Degrees in Arts, Law, and Medicine, if such dispensation be sought by the candidate on the ground that he is not a member of the Church of England.

---

\*For any Degree in Divinity, subscription to the Three Articles of the XXXVIth Canon is also required.

*Proceedings in Arts.*

All Candidates for the Degree of B.A. must be Matriculated Students of Trinity College, and have kept nine complete Terms. They will be required by the University to pass two Examinations.

Residence and attendance at Lectures may, however, be dispensed with in individual cases, in which application to that effect shall have been made to the Corporation, and the grounds assigned by the applicant unanimously approved by the Corporation. In such cases the applicant must not be less than twenty-five years of age, and will be required to pass the Matriculation, the Previous, and the Final Examinations at intervals not less than those which are prescribed in the case of resident students, and to pay for each Examination which he undergoes, in addition to the fees for Matriculation and Degree, the s.m. of \$5 to the University Chest.

## Trinity College.

---

TRINITY COLLEGE was, by an Act of the Legislature of the Province of Canada, passed in the year of our Lord, 1851, constituted a body corporate, consisting of the Lord Bishop of Toronto, (or in case of the division of the Diocese of Toronto, of the Bishops of the several Dioceses into which the Diocese of Toronto shall be divided), the Trustees of the College and the College Council.

Honorary,  
Lindsay.

On the 1st of January, 1850, an Act of the Provincial Legislature came into operation, constituting the University of Toronto; and, under the provisions of this Act, the Faculty of Divinity was suppressed, and the use of the ritual of the English Church forbidden, in King's College, now known as University College.

This important change in the Constitution of a foundation, which owed its origin mainly to the long-continued and persevering efforts of the Bishop of Toronto, appeared to his Lordship, and to the great body of the Churchmen of the Province, to render indispensable the erection of a College for the instruction of members of the Church of England.

The Bishop, consequently, on the 7th of February, 1850, issued a Pastoral Letter to the Clergy and Laity of the Diocese inviting their co-operation in the good work. This appeal was nobly responded to, and about 25,000 currency was subscribed in money, lands, and stock in building societies.

being candidates  
themselves there

In the same year his Lordship proceeded to England, where he received very liberal assistance in carrying out his great design. The Society for the Propagation of the Gospel in Foreign Parts made a vote of two thousand pounds, payable by instalments of four hundred pounds per annum; and also gave seven acres and a half of land within the precincts of the City of Toronto. The Society for Promoting Christian Knowledge granted three thousand pounds; and the University of Oxford five hundred pounds. The subscriptions of individuals exceeded four thousand pounds.

On Wednesday, April 30th, 1851, the foundation stone of the College was laid, and on Thursday, the 15th of January, 1852, the Inauguration took place, and from that day the regular course of instruction commenced.

In the year 1852, the Ven. A. N. Bethune, D.D., Archdeacon of York, raised further subscriptions in England: and in 1852-3, the Rev. William McMurray, D.D., by the appointment of the Bishop, made a tour in the United States, for the purpose of soliciting subscriptions on behalf of the College. He met everywhere with a most cordial reception from the members of the sister Church; and obtained, in books and money, little short of \$10,000.

Within the Diocese, successful efforts were at the same time made by the Rev. T. B. Fuller, D.D., and by the Rev. Saltern Givins—the former, by the Bishop's appointment, undertaking the canvas of the Western—the latter, that of the Eastern section of the Diocese.

In April, 1853, Dr. Burnside placed at the disposal of the College the munificent sum of £6,000, in lands and money—a portion of which has been devoted to the foundation of two Burnside Scholarships for Students in Arts, in order permanently to associate with the College the name of this noble benefactor.

In the year 1864, the Rev. William McMurray, D.D., D.C.L., Rector of Niagara, was deputed by the Corporation of Trinity College, to visit England for the purpose of seeking aid towards the endowment of the College. The result of his laborious and successful endeavours was the realizing of an amount in money or in books of about \$20,000. The books are mentioned in detail in the account given of the Library of the College. Dr. McMurray's mission having been interrupted by the necessity of returning to Canada, the Rev. W. S. Darling was appointed in the following year to take up the unfinished work, and he succeeded in collecting \$2,526.

The Hon. James Gordon, M.C.L., bequeathed to the College, in 1865, the sum of £500 currency.

In the year 1866, Enoch Turner, Esq., of Toronto, bequeathed to the College £2,000 currency, payable on the death of his wife, "to be applied towards carrying on the charitable and holy purposes for which the College was incorporated."

Thomas Clark Street, Esq., bequeathed to the College, in the year 1872, the sum of £1,000 currency.

Other benefactors to the College will be found mentioned in connection with the Library, or under the head of Scholarships.

## Trinity College School.

---

*"Beati mundo corde."*

---

The School was first established in the village of Weston, near Toronto, and was opened May 1st, 1865. In consequence of the liberal offers of assistance made by the inhabitants of Port Hope, during the summer of 1868, the School was removed to that town, where it was established in buildings provided by the townspeople, free of rent for three years. Early in 1871, the property, consisting of ten acres of land, together with the buildings upon it, and situated on one of the most picturesque sites in Canada, was purchased by the School. The erection of large permanent buildings, designed by H. Macdougall, Esq., Architect, Toronto, was then proceeded with. They furnished accommodation for about eighty boarders, with apartments for Masters, Matron, and Servants, and were occupied for the first time in January, 1872.

Trinity College School was, by an Act of the Legislature of the Province of Ontario, passed during the Session of 1871-2, constituted a corporate body, consisting of the Lord Bishop of Toronto, the Chancellor of the University of Trinity College, the Provost, and the Professors in Arts of Trinity College, the Head Master of the School, and such other persons as may

from time to time be appointed by the Governing Body.

In the year 1873, a large and handsome Chapel, capable of containing upwards of two hundred worshippers, and a spacious Dining Hall, were erected at the east end of the new School building.

At the western end of the original range of buildings there was added, during the year 1874, a large wing running north and south, with projecting towers on the west and south fronts. This addition contains spacious Class-rooms, School-hall, Dormitories for about seventy more Boys, and apartments for an increased staff of Masters and servants.

Detailed descriptions of these buildings are given in subsequent pages.

During the year 1875 about ten acres of land adjoining the original School property on the west side were purchased, making the whole premises including over twenty acres. The new portion is now being prepared for spacious cricket and foot-ball grounds with ornamental shrubbery, &c.

## The Chapel.

*Extract from the Port Hope "Times," April 2, 1874.*

"The new School Chapel was opened for Divine Service on Sunday last (March 29), by the Lord Bishop of Toronto, an event which has been long looked forward to by the friends of the institution. The building, -which is larger than is required for the present needs of the School, has been designed with a view to future increase. The style of architecture is the Perpendicular—a style which is usually employed in England for Collegiate buildings. It consists of a nave, 75x31 feet, and a chancel terminating in an apse 25x19 feet, and is attached to the east end of the School, making the total length of the buildings three hundred feet. It is of red brick, relieved by white brick facings and buttresses with cut stone caps; the east end of the nave is run up into a bellcote, also of white brick. In each of the five bays, into which the nave is divided, is a window in three lights, filled with cusped tracery of exceedingly beautiful character. The Chancel is lighted by a series of five small three-light windows, one in each of the sides of the apse. These are at present filled with plain glass, which will

shortly be replaced by stained glass windows, the promised gifts of friends; the subjects will be illustrative of our Lord's childhood and His dealings with children.\* The interior is arranged in a manner somewhat different from that in ordinary use, but admirably adapted for the purposes required. At the west end of the nave is an ante-chapel communicating with the building, and entered from the outside by means of the stranger's porch; over this ante-chapel is an organ loft. From the ante-chapel a broad passage leads into the chapel proper, which is seated lengthwise—the plan almost universally adopted in School and College Chapels. The seats are of pine, stained and varnished with top railings of oak and ends of ash, and are of an exceedingly neat pattern and very comfortable— a requirement which is too often overlooked in our church seatings. The remainder of the furniture is only of a temporary character, and will be replaced as soon as possible by permanent fittings executed from designs by the architect. At the east end of the nave is the choir, of dimensions 31x20 feet, reached by a flight of three steps of oak. This will contain the lectern, pulpit, and organ, and also stalls for the choir and officiating clergy. Another step leads into the

\*In September, 1875, three of these windows were erected. The central illustrating the Nativity of our Lord, is the gift of the Head Master and some of his relatives; the north-eastern, representing the Presentation of Christ in the Temple, is the gift of J. F. Dewar, Esq., M.D.; and the south-eastern, representing our Lord sitting in the midst of the Doctors, is the gift of A. T. H. Williams, Esq. The two former are in memory of deceased children of the Head Master and Dr. Dewar respectively; the latter of late J. Tucker Williams, Esq., from whose executors the original sketch property was purchased. The glass, which is very beautifully executed is the work of Mr. George Johnson, of the firm of Messrs. Edmundson & Co., Manchester, England, and was procured through Mr. J. C. Spence, Montreal.

chancel, which is divided into two parts—the presbytery containing the sedilia, or seats for the clergy, and the Bishop's throne; and the Sacrarium, in which are the Altar and Credence.

“The nave windows, the gift of past and present boys of the School, are of thick rolled cathedral glass, in three tints, worked in a leaded geometrical design, and are remarkably chaste and beautiful; but the chief adornment of the chapel is the magnificent roof, which, as far as we know, has no equal in any church in the Dominion. It is an open roof in wood, without any plaster, showing the principals, the purlins, and rafters, and divided by mouldings into panels. The vertical hammer-beams of the principals terminate in pendants, and the horizontal beams in shields, on which will be painted the emblems of the Apostles. The edges, both of the principals and the purlins, are chamfered; and this is brought out by vermilion and blue, which, contrasting with the dark staining of the rest of the wood, gives a very pleasing and beautiful effect. . . .

“The whole workmanship reflects very great credit upon the architect, Mr. Henry Macdougall, of Toronto, and Mr. Bethune's foreman, Mr. John Cottrell.”

## The Dining Hall.

The new Dining Hall, which is situated beneath the Chapel, was formally opened on the 5th of November, 1873, by the Most Reverend A. Oxenden, D.C.L., Lord Bishop of Montreal and Metropolitan. It is a very handsome and spacious apartment, consisting of the hall proper, 63x31 feet, and a recess at the east end for the high table 19x15 feet, raised two steps above the floor of the hall, and entered through a massive arch. At the west end is the Dinner-serving room, connecting directly with the kitchen, pantries, &c., &c., and cut off from the hall by a sliding window. The main approach to the Hall is by means of an oaken staircase from the floor above, on which are situated the Boys' studies, Masters' rooms, &c. The Hall is lighted by four three-light windows on each side, filled with tinted glass in geometrical lead-work and with ornamental cusped heads; the high table is also lighted with similar glass windows, one at each end, of two lights each. The floor is laid with narrow boards of oak; the ceiling is entirely of wood, handsomely panelled with mouldings, and showing the massive beams, supported by a double series of pillars that sustain the floor above. The sides are wainscoted with pine, which, with all the rest of the wood-work, is richly stained and varnished. The tables are of white oak and are arranged at present to accommodate a hundred; if necessary, however, in the future more than double that number can be provided for.

## The Western Extension.

---

“The design of the buildings was completed last year (1874) by the erection of an extensive western addition, larger than the original portion of the buildings. This new addition runs across the line of the older buildings, in length 80 feet north and south. It is terminated at the west by a lofty and massive tower, and presents a handsome front towards the town of Port Hope. This tower, a fine specimen of Elizabethan architecture, is the most effective part of the whole building. It is 20 feet square, and rises to the height of 80 feet, terminating the line of buildings, which gradually fall away from it in an easterly direction, in a singularly bold and striking manner. It contains below, the main entrance to the building and furnishes access to the central corridor, and above is designed to accommodate a clock and peal of bells. Besides the large western tower, the line of buildings is agreeably broken in the south by another tower which rises to the height of 70 feet, and by an octagonal structure which connects the older building with the new. The southern tower is five storeys in height, the upper storey being a good specimen of the old brick and timber work, so often seen in English and Continental buildings, but very rarely in Canada. The large new wing contains on the first floor the School Hall, a handsome room 45x31 feet, and five large class rooms. The second and third storeys contain a series of large dormitories and suites of **Masters’**

rooms, two of the latter in the western tower commanding a beautiful view over the town of Port Hope. Besides dormitories and class rooms, there are two staircases—one for the Boys and the other for household purposes—a lift, linen closets, storerooms and appliances of every kind for facilitating household work; while the basement contains bath rooms, lavatory, cellar, furnace rooms, and accommodation for servants. With the new addition, the buildings now present a south front of 300 feet in length, and west front of 80 feet, while further additions can be carried out at any future time in a northerly direction, contributing still further to the general beauty and harmony of the design. With this increased accommodation, the buildings now furnish abundant room and every appliance for a school of over 175 Boys."

## Course of Instruction.

The Course of Instruction includes all the usual branches of a sound education in Classics, Mathematics, English, German, French, Natural Sciences, Book-keeping, Drawing, and Vocal Music.

Pupils are prepared for the Matriculation Examinations of the Universities, and the Entrance Examinations of the Law and Medical Schools, the Military College, the Army, Navy, &c. In the Modern Department special attention is directed to preparation for commercial pursuits.

The discipline and general management of the School are based upon the English Public School System. Out-of-School government is, accordingly, to a large extent, vested in the hands of the Prefects, who are selected from the Senior Boys by the Head Master.

---

### Fees.

---

\$225 per annum; or \$75 per Term, for board and tuition.

\$60 per annum; or \$20 per Term, for tuition only.

The Piano-forte is taught as an extra. Fee, for tuition and use of instrument, \$10 per Term.

Each new Boy, on admission to the School, is required to pay an entrance fee of \$4, which is devoted to the maintenance and improvement of the Boys' Library, and a fee of \$12, in lieu of bedding, &c.,

which are now supplied by the School, instead of, as formerly, by the pupils.

The above Fees are inclusive of all School expenses, except books, stationery, drawing materials, &c., and medical attendance.

The payments for Board and Tuition, which are apportioned between the School Terms, must be paid *strictly in advance*. All other School Accounts will be sent in the usual way.

A Half-Term's Notice must be given in writing before the removal of a pupil. If such notice is not given, a Half-Term's Fees will be collected.

The following Rule respecting the payment of Fees was adopted at a meeting of the Governing Body of the School, held on August 18th, 1870 :—

“The Fees for Board and Tuition in each Term, and any balance which may remain for Books or otherwise, from the previous Term, must be paid within a week after a Boy presents himself at the School. If this be not done, the Bursar is required to draw on the Parent or Guardian for the amount (with Bank charges,) at ten days, and should this draft be returned dishonored, the Boy must be sent home by the Head Master.”

Books and Stationery are supplied in the School at the ordinary prices.

Boys over fourteen years of age will be admitted to the School only on the production of such testimonials of previous good conduct and diligence as shall perfectly satisfy the Head Master and the Governing Body.

## Exhibitions.

---

THE VENERABLE JOHN WILSON, M.A., Archdeacon of Peterborough, offers TWO EXHIBITIONS, of the annual value of \$50 each, to the Sons of the Clergy in the Province of Ontario, tenable from year to year, during the whole period of the recipient's residence at the School, provided that his conduct and attention to his studies continue to satisfy the Head Master.

The nomination to these Exhibitions rests in the hands of the Archdeacon, subject to the approval of the Head Master, to whom a letter testimonial of previous good conduct must be presented by the applicant.

---

## Bursaries.

---

The Corporation offers to the Sons of the Clergy in the Dominion of Canada, TWENTY BURSARIES of the annual value of \$100 each, tenable from year to year, during the whole period of a Boy's residence at the School, so long as his conduct and attention to his studies continue to satisfy the Head Master.

The Son of any Clergyman who is, or was at the time of his death, actually engaged in Parochial or Missionary-work, or in a Church School or College, in the Dominion, shall be eligible for a Bursary. Written application must be made to the Corporation by the Parent or Guardian of the Boy, certifying that, without the aid thus afforded, the educational advan-

tages of the School cannot be obtained for him. *Ceteris paribus*, preference will be given to the Sons of the Clergy in the Dioceses of Toronto, Ontario, and Niagara.

### Boarding.

Boarders are received into the new School House, a building warmed and ventilated on the most approved modern system, and furnished with bath-rooms and all other appliances which can promote the comfort and health of the Boys. It is under the personal supervision of the Head Master, assisted by four Resident Masters, who direct the Boys' evening work. The household arrangements are attended to by experienced Lady Matrons.

It is particularly requested that parents should send their Boys to School with all their clothing, linen, and other requisites, carefully and clearly marked with the name in full.

It is desired that no eatables should be sent to the Boys during Term, with the exception of fruit.

Pupils from a distance are allowed, upon application, to remain in residence during the Christmas and Easter Vacations at a charge of \$4 per week for board. No pupils are permitted to remain during the summer holidays.

It is recommended that pocket-money should be supplied to the younger Boys only through the Head Master, instead of directly from home. A small sum
