Gain rapidly in health and strength by the use of Ayer's Sarsaparilla. This medicine substitutes rich and pure blood for the impoverished fluid left in the veins after fevers and other wasting sickness. It improves the appetite and tones up the system, so that convalescence is soon attained.

Become Strong

Ayer's Sarsaparilla, for I have taken it, and speak from experience. In the summer of 1868, I was cured of nervous debility by the use of Ayer's Sarsaparilla. F. O. Loring, Brockton, Mass., writes: "I am confident that anyone suffering from the effects of secretaries, general debility, want of appetite, depression of spirits, and lassitude, will be cured by using Ayer's Sarsaparilla."

MIRAMICHI ADVANCE, CHATHAM NEW BRUNSWICK MAY 12, 1892.

Miramichi and the North Shore, etc.

No Lottery - See Mr. Nicol's adv.
Public Security Depository at A. J. Leggie's
Gold bull.

The New Star-Globe for harbor service
was one of Wash's 500 tons.

Eclipse of the moon last evening. It
was a first-class affair.

Wagner knocked Tom out on Saturday
night with all the attention of the street
to the w. b. at.

Live Monks - One day last week
Slick arrived from the Northwest
Miramichi with a live moose which he had
captured in the woods in that part of the
Country.

Entertainment - A musical and literary
entertainment will be held in the basement
of St. Luke's Church, on Monday evening,
16th inst., under the auspices of the Epworth
League. Admission 10 cents.

Boo Purchase - The Bank of Montreal
became the purchaser at auction, on Satur-
day last, of all the property in this province
of the New Brunswick Trading Company,
paying therefor nearly \$60,000.

Mr. John S. Doolittle of Boacourt street has
just had his residence, outfitting and fence
newly painted. The notes in the gutter
with trimmings to match and looks exceed-
ingly handsome. - Monoton Times.

Dove-River Steam Service is to be
begun, when the Miramichi is to run to
Dorchester. She is also to go to Negus and
Bay du Vin on Saturdays. Beginning on
Monday she will make regular daily runs, as
usual.

Fire at Charlott - A large cook house in
connection with James Hay & Co's saw
mill was burned to the ground on Tuesday
morning last week. The fire originated
in the kitchen and was well under way
before the alarm was given. The building was
insured.

Fishing - A meeting of the Revere and
Dunbar fishing club met at the office of
Dr. Conlath on Saturday evening. Lovers
of the rod and getting their tackle ready for
some heavy fishing. Good catches have
already been reported from the smaller
streams in this vicinity, and the season will
be over a fortnight at least earlier, than last
year. - Froo Herald.

Robert Court - In the case of A. W. Y.
Dunbar vs. Jerome Bondra, yesterday,
the bill was taken pro confesso for want of
an appearance, on motion of Mr. G. G. Gil-
bert, Q. C. The usual decree was made for
the sale of the premises mentioned in the
mortgage at date in the office of Glanville,
and damages assessed at \$846. - T. of 4th.

The Potato Bog - Farmers are
alarmed, in plowing their fields which were
planted last season, but which are now
potato bog in the ground, and some
who have not forgotten the labor of picking
and destroying them last year speak of
planting smaller fields this season. It took
a terrible enemy of the farmer that
could so stay. - Charlotton Guardian.

Another Squall - The Advance is a
most sympathetic paper whenever we have
occasion to chastise transgressors who in-
jure themselves upon us, but it sym-
patizes always with the reprobates. This week it
voluntarily assumes itself a squarer. Well,
there is said to be a close affinity be-
tween squarers and informers - so much so
that the terms are sometimes synonymous.

Dorchester - The water was sunk
last week on the site of the proposed
Dominion Public Building, for the purpose
of ascertaining whether a good foundation was
within easy reach. The original shore
formation was found to be from seven to eight
feet below the surface of the ground at the
rear of the present stone building, so that
the matter of foundation appears to be
satisfactorily settled.

Personal - E. H. Macleod, Esq., of
St. John, was in town on Friday and Satur-
day last. He received warm greetings from
many old friends, who are glad to know that
he is making his way with the best of
health in the city of his adoption,
while he has a provincial reputation as an
effective political campaigner. He lived
just long enough on the Miramichi to
find the finishing touches put on his political
education.

His Grace Archbishop O'Brien, of
Halifax, is visiting His Lordship, Bishop Rogers,
of Chatham.

R. A. Chapman, Esq., Inspector of
Fisheries was in Chatham this week.

Mr. Richard Bertridge of Shipshaw is
visiting Chatham and her many friends are
glad to see him.

Dr. Scott Act Inspector Brown, who has
been ill for a fortnight at his home in
Newcastle, reports himself sufficiently re-
covered to proceed to Chatham, and com-
mence operations for the season.

President Stuart and Director Bruce of
the Maritime Fishery Co., are in town.

Prince William's dramatic company closed
a week in Chatham last night. The
audience was large, but the drama was
not their best, and that is saying a good deal
for them, for they have played to good business
every night. The combination of the quality of
the acting, but because its members are respectable
people who recognize that the legitimate pur-
pose of the drama is to entertain, and not to
the amusement of the audience.

Mr. W. H. McMillan was measuring
logs for William Richards at Deakton,
where he is known as Holmes' Landing, the
logs started carrying him with them. When
he was picked up it was found that his right
arm was broken. He is now under treat-
ment by Dr. Wier.

Samuel Holmes of this place, who has
been ill with lung fever, died on Sunday
morning last. His death caused a great
mourning in the family.

The fire which broke out in the
factory of Robert Smith, on Sunday
morning last, has done much damage. It
destroyed the building, and the machinery
and stock in the factory. The fire was
caused by a defective boiler.

Some persons who saw the fire at that
time entirely confined to the roof, they hastily
made for a ladder.

The wind was blowing at the rate of
fifty miles an hour and before a ladder was
procured the building was in a mass of
flames and chimneys were flying about
and flames were being shot away. By
the time people began to get on the roof,
the situation and the whole place was
alarmed.

Help was asked from St. John, and
during this time the wind was sweeping
the flames from building to building, and
the people were rushing frantically about
the streets unable to do anything to stop
the fire's progress. About 10 o'clock the
fire had been in progress a half hour,
the buildings were then practically in ruins
and the flames were fast approaching Main
street. The night was a fearful one, and
it is forgotten. Men, women and children
were rushing to and fro with household
effects, darning to down a block or so away,
just to return to a little later and find them
in a heap of ruins.

The buildings destroyed, irrespective
of barns and sheds, number forty and include
the Methodist church, Temperance hall,
Massell's carriage factory and Healy's
foundry. It is estimated that at least fifty
families are rendered homeless. The insur-
ance altogether is a little under \$30,000,
while the loss is variously estimated at from
\$75,000 to \$100,000. The burnt district
takes in both sides of Main street, from near

Miramichi and the North Shore, etc.

held in Chatham on Monday next, and Rev.
Francis Macleod, Rector of Trinity, St.
John, is to be amongst the speakers.

S. S. Meeting.
The third quarterly meeting of the
Chatham Parish Sabbath School Association
will be held in St. John's Church, on
Monday evening at 7 o'clock. The
Sabbath School teachers, scholars, and all
interested in Sabbath school work are cordially
invited to be present. E. J. Sturges, Secy.
Chatham, May 9th, 1892.

Bears on the Rampage.
Four young bears had a lively time
Thursday afternoon about half a mile from
Parke's on the Williamson road, where
they attacked a young bull belonging to Mr.
Hugh Parker and caused it to bellow so
loudly as to attract the attention of those
passing in the vicinity, many of whom
turned out in pursuit of them. The chase of
the bears was a failure, as they all escaped,
but their attack on the bull was so successful
that his owner was obliged to kill him,
owing to the severity of his injuries. Hunter
Selick - whose fame extends over the whole
country, largely because of his skill and
power in the chase, but who is at the
present time in the city of his adoption,
was the subject of one of Hon. Mr.
Tweedie's memorable speeches of the last
legislative session - has gone to the
city of his adoption, and says he
proposes to capture the growing rascal.

M. C. A. Anniversary.
The members of the Young Men's
Christian Association will hold a song ser-
vice on Sunday evening next 15th inst., in
the Temperance Hall at the close of the
church service, the occasion being the
anniversary of the organization of the present
association. The public are cordially in-
vited and will be welcomed. A silver col-
lection is asked for the benefit of the As-
sociation funds.

A Warning.
The Woodstock Press says:-
Mr. P. Watson has received \$250.00 from
the town of settlement, his claim for
damages for the injury received by him, by
the explosion of the boiler of the engine
on Chapel street last December. Mr. Wat-
son is a very young man, and the injuries he
received, and possibly will never recover.
The amount of damage is extremely small,
as the boiler was not insured, and the
owner of the boiler is not liable for the
injury to his horse.

It is said that the Street and Fire
Commissioners of Chatham are under several
of the most serious impressions respecting
their duties and responsibilities, hence the dilapidated
and dangerous condition of the town's
sidewalks. They are said to have, as yet,
advised to the city council, and to have
more than a board of firewards and claim
they are not 'reticent commissioners. That's
one of their serious impressions. They
are also under the impression that the
many who are injured in consequence
of their neglect of the streets seek to
recover damages at law, they could not do
so. Isn't it a shame that town like Chatham
should have its sidewalks so negligently
neglected? If Woodstock people lived
in Chatham it would take the whole
income of the County to pay for the Chatham
Street and Fire Commissioners' neglect of duty.

Doaktown Notes.
The weather is cold and windy and un-
favorable for driving logs, but the drivers
are slowly at work and making some progress.

the streets unable to do anything to stop
the fire's progress. About 10 o'clock the
fire had been in progress a half hour,
the buildings were then practically in ruins
and the flames were fast approaching Main
street. The night was a fearful one, and
it is forgotten. Men, women and children
were rushing to and fro with household
effects, darning to down a block or so away,
just to return to a little later and find them
in a heap of ruins.

The buildings destroyed, irrespective
of barns and sheds, number forty and include
the Methodist church, Temperance hall,
Massell's carriage factory and Healy's
foundry. It is estimated that at least fifty
families are rendered homeless. The insur-
ance altogether is a little under \$30,000,
while the loss is variously estimated at from
\$75,000 to \$100,000. The burnt district
takes in both sides of Main street, from near

Miramichi and the North Shore, etc.

held in Chatham on Monday next, and Rev.
Francis Macleod, Rector of Trinity, St.
John, is to be amongst the speakers.

S. S. Meeting.
The third quarterly meeting of the
Chatham Parish Sabbath School Association
will be held in St. John's Church, on
Monday evening at 7 o'clock. The
Sabbath School teachers, scholars, and all
interested in Sabbath school work are cordially
invited to be present. E. J. Sturges, Secy.
Chatham, May 9th, 1892.

Bears on the Rampage.
Four young bears had a lively time
Thursday afternoon about half a mile from
Parke's on the Williamson road, where
they attacked a young bull belonging to Mr.
Hugh Parker and caused it to bellow so
loudly as to attract the attention of those
passing in the vicinity, many of whom
turned out in pursuit of them. The chase of
the bears was a failure, as they all escaped,
but their attack on the bull was so successful
that his owner was obliged to kill him,
owing to the severity of his injuries. Hunter
Selick - whose fame extends over the whole
country, largely because of his skill and
power in the chase, but who is at the
present time in the city of his adoption,
was the subject of one of Hon. Mr.
Tweedie's memorable speeches of the last
legislative session - has gone to the
city of his adoption, and says he
proposes to capture the growing rascal.

M. C. A. Anniversary.
The members of the Young Men's
Christian Association will hold a song ser-
vice on Sunday evening next 15th inst., in
the Temperance Hall at the close of the
church service, the occasion being the
anniversary of the organization of the present
association. The public are cordially in-
vited and will be welcomed. A silver col-
lection is asked for the benefit of the As-
sociation funds.

A Warning.
The Woodstock Press says:-
Mr. P. Watson has received \$250.00 from
the town of settlement, his claim for
damages for the injury received by him, by
the explosion of the boiler of the engine
on Chapel street last December. Mr. Wat-
son is a very young man, and the injuries he
received, and possibly will never recover.
The amount of damage is extremely small,
as the boiler was not insured, and the
owner of the boiler is not liable for the
injury to his horse.

It is said that the Street and Fire
Commissioners of Chatham are under several
of the most serious impressions respecting
their duties and responsibilities, hence the dilapidated
and dangerous condition of the town's
sidewalks. They are said to have, as yet,
advised to the city council, and to have
more than a board of firewards and claim
they are not 'reticent commissioners. That's
one of their serious impressions. They
are also under the impression that the
many who are injured in consequence
of their neglect of the streets seek to
recover damages at law, they could not do
so. Isn't it a shame that town like Chatham
should have its sidewalks so negligently
neglected? If Woodstock people lived
in Chatham it would take the whole
income of the County to pay for the Chatham
Street and Fire Commissioners' neglect of duty.

Doaktown Notes.
The weather is cold and windy and un-
favorable for driving logs, but the drivers
are slowly at work and making some progress.
While Mr. Herbert McMillan was measuring
logs for William Richards at Deakton,
where he is known as Holmes' Landing, the
logs started carrying him with them. When
he was picked up it was found that his right
arm was broken. He is now under treat-
ment by Dr. Wier.

Samuel Holmes of this place, who has
been ill with lung fever, died on Sunday
morning last. His death caused a great
mourning in the family.

The fire which broke out in the
factory of Robert Smith, on Sunday
morning last, has done much damage. It
destroyed the building, and the machinery
and stock in the factory. The fire was
caused by a defective boiler.

Some persons who saw the fire at that
time entirely confined to the roof, they hastily
made for a ladder.

The wind was blowing at the rate of
fifty miles an hour and before a ladder was
procured the building was in a mass of
flames and chimneys were flying about
and flames were being shot away. By
the time people began to get on the roof,
the situation and the whole place was
alarmed.

Help was asked from St. John, and
during this time the wind was sweeping
the flames from building to building, and
the people were rushing frantically about
the streets unable to do anything to stop
the fire's progress. About 10 o'clock the
fire had been in progress a half hour,
the buildings were then practically in ruins
and the flames were fast approaching Main
street. The night was a fearful one, and
