LITTLE ARIZONA TOWN WAS ALMOST WIPED OUT BY FLOOD

Indefinite Reports Tell of Great Damage Done in Clifton—Other Towns in the Vicinity Also Suffered

BISBEE, Ariz., Dec. 5.—One of the worst floods in the history of Clifton came down the Arizona River and Chase Creek Monday night. The principal business section of the town was almost completely ruined. From seventy to twenty persons is the report of the loss of life. Mrs. Joseph Thron, with her husband and children, were caught in a falling building and killed. The others of the family had narrow escapes. One of the saloons which was washed carried several men into the torrent. They are believed to have drowned.

A woman and a child were lost in a small restaurant which was dashed to pieces in the flood.
A number of small frame buildings in which persons were known to be living also were destroyed. It is feared that a number of families perished.
The Coronado Railway from Clifton to Longfellow is destroyed. It will be several weeks before business can be resumed over the route. The financial loss cannot be estimated.

PHOENIX, Ariz., Dec. 5.—Up to a late hour last night reports of the Clifton disaster had been received except private despatches sent by wire. It is believed that the financial loss cannot be estimated.
The Arizona River has been directed to the scene but they have been unavailing. It is believed here that a disaster has undoubtedly occurred. Clifton is a town in Graham county, southeastern Arizona. In 1900 the population was 804. It is located at the end of a branch of the Arizona and New Mexico Railroad and had a telephone and express office. It is built upon the bank of the Rio San Francisco, a branch of the Salt River.

GLOBE, Ariz., Dec. 5.—All railroad communication with this city is cut off for a week at least by the carrying away of the bridge over the Globe River near San Carlos. Passengers and mail may be transferred in a few days, but it may be much longer before freight can arrive here.
The old Dominion Company has a three weeks supply of coal on hand. Companies operating here may have to close on account of the shortage of fuel. It is believed that there is a shortage of fuel and provisions in the city to prevent any famine.

SARDINE SEASON WAS ALMOST A FAILURE

Low Prices and the Scarcity of Herring Brought Hard Times to Maine Factories.

MACHIAS, Maine, Dec. 5.—A decrease of one half from the season of 1931 is shown in the total receipts from the sardine and herring season of 1933 which has just closed. The reason for this heavy shrinkage is said to be due to the low market price for domestic sardines and to the scarcity of herring in American waters. Comparatively few of the factories have been operating this year and discouragement is felt over next season's outlook. The importance of the sardine and herring industry is shown by the figures of 1931 when Washington and Hancock counties, the centre of the business, realized about \$4,100,000.

MONTGON WEDDING.

MONTGON, N. B., Dec. 5.—An interesting wedding event took place at 2 o'clock this afternoon at St. John's Presbyterian church, when Miss Louise Elizabeth McKenzie, only daughter of Mr. and Mrs. J. J. McKenzie, was well known druggist. Rev. D. Macdonald performed the ceremony and the couple were unattended. The bride wore garnet broadcloth with ermine trimmings, and immediately after the ceremony the couple left on a wedding tour in Upper Canada.

BIG CHINESE BANK TO BE ESTABLISHED IN AMERICA

NEW YORK, Dec. 5.—A big Chinese bank with branches in various parts of the United States and Canada, is to be established in Mexico City, if plans under consideration by the Chinese Reform Association are carried out. At a meeting of the association, held in 1101 street, last night, plans for the formation of a company to float the enterprise were discussed. It is proposed to capitalize the bank at \$1,000,000 and it is said that \$400,000 of this amount has already been subscribed by Chinese merchants.

NEW YORK, Dec. 5.—Lord Curzon, of Kedleston, former Viceroy of India, who came here several weeks ago, sailed for England today on the steamer Oceanic.

NEBOGATOFF PLACED ON TRIAL

Along With a Number of Officers of His Ships

Who Either Advocated the Surrender to the Japanese or Took No Steps to Prevent It.

ST. PETERSBURG, Dec. 5.—Police Inspector Sheremetoff, who after the anti-Jew outbreak at Bialystok in June last for which he was to be responsible, was transferred to St.

ADMIRAL NEBOGATOFF.

Petersburg, was shot and mortally wounded today by a workman who then killed himself.
ST. PETERSBURG, Dec. 5.—The trial of Rear Admiral Nebogatoff, and 78 officers of his squadron for surrendering to the Japanese at the Battle of the Sea of Japan in May, 1905, began before a special court martial today. The accused are divided into three categories:
First—Admiral Nebogatoff and the commanders of the battleships.
Second—The officers who advocated surrender.
Third—The officers who did not endeavor to prevent the surrender.
The trial will probably last three days.

STEAMER DOMINION SHEATHED IN ICE

Had a Rough Passage From Louisburg.

Crew Say They Have Not Been Warm for Days—The Dominion Has 5500 Tons of Coal.

The coal steamer Dominion docked at the Dominion Coal Company's wharf at 1:30 this afternoon. The steamer sailed up the harbor completely covered with ice, which had formed during the storm of Monday night. The Dominion came direct from Louisburg with a cargo of 5,500 tons of coal. She weathered the recent storm well, no accidents having occurred. Monday night's storm, as related by one of the crew on the Dominion, was a terrible one. The sea was mountainous and more than once they swept over the steamer. One did not have to be told this, as a look at the vessel would convince that a hard fight in the storm had taken place. Ice was formed in inches thick all over the Dominion. The masts, booms and decks were covered and one of the decks was formed in inches thick all over the Dominion. The masts, booms and decks were covered and one of the decks was formed in inches thick all over the Dominion. The masts, booms and decks were covered and one of the decks was formed in inches thick all over the Dominion.

ANOTHER SCHOONER ASHORE ON P.E.I. COAST

The Malabar Driven on the Beach Near Summerside—Winter Steamers Start Tomorrow

CHARLOTTETOWN, P. E. I., Dec. 5.—The schooner Malabar, Capt. John L. Read, which left Malby, P. Q., Saturday, was driven ashore early this morning during the height of the hurricane at McParlane's Cove, near the entrance to Summerside Harbor. The captain and crew were all saved. The vessel is not injured, but had a terrible experience with the wintry sea and the snowstorm.
The winter service between Summerside and Cape Tormentine is likely to start tomorrow, when the Stanley will relieve the Empress.

THE MAN BEHIND THE EXPLORER

(Cleveland Plain Dealer.)
Commander Phary wants to add another dash to his record. But it will depend largely on the snows that are necessary to provide the outfit. The public doesn't realize the fact, but the man who puts up the cash for the explorer and then sits back and calmly waits to hear that it has been fruitless is something of a hero himself.

AWOKE TO FIND HIMSELF THREATENED BY ROBBERS

DINING CAR COOK CHARGED WITH THEFT

William Hannabury Arrested at Moncton—Suspected of a Number of Offences

MONCTON, N. B., Dec. 5.—William Hannabury, second cook on the I. C. R. dining car Robique, was arrested here this morning on the arrival of the Maritime Express by Chief Detective Williams. He is charged with stealing goods from the car and there is a well founded suspicion that Hannabury knows something of the epidemic of value stealing which has been going on in the C. P. R. and Grand Trunk depots at Montreal. He has been under suspicion for some time and when arrested this morning he had in his possession a value with the name scratched off. In it there was a quantity of butter, eggs, cheese and other dining car stock. He will come up this afternoon.
He belongs to Halifax and is aged twenty-one years.

EXPERT TESTIMONY ON FREDERICTON SEWERAGE

McGill Professor Thinks That the River Water Would be Rather Badly Affected.

(Special to the Star.)
FREDERICTON, Dec. 5.—The hearing of the Board of Health in re dumping of Fredericton sewage into the river was continued before the government this morning. There was a large attendance of interested parties. Dr. Starkey, professor of hygiene of McGill University, called as an expert by the down river residents, occupied the entire morning in giving testimony and will probably occupy most of the afternoon. Dr. Starkey said that he had samples of water sent to him for examination, one bottle taken from a tap in Fredericton, one from the river 10 miles below and four others from several wells in Sunbury county. Regarding the first Dr. Starkey said from a chemical standpoint he could pass it without hesitating. From a bacteria examination there was a very slight risk, but the water is certainly as good as used in Montreal, Westmount and other places. Regarding the water below the city, chemically there was a slight amount of organic matter, but he would pass it. Bacterially the difference marked was decided as compared with the Fredericton water, the organisms being more numerous, indicative of pollution. He would class the water as suspicious. He thought that the present drainage of Fredericton would account for the difference.
The sample of well-water, he said, were a bottle, on the ground that the water contained too much iron. Surface drainage he could not see would effect that river much and not at all comparable to crude sewage. The dumping of sewage in its crude state was not a modern system because there was no purifying as to filtering. He believed that a certain make of filters answered the purpose and that he himself never used water no matter where it came from without first passing it through a filter. A filter cost from eight to ten dollars.
The death is reported, at Maugeville, of Postmaster Bent of that place.

BANK MANAGER'S PROMOTION

E. P. Winslow, Formerly of Chatham N.B. Made Inspector of Agencies

The Daily Herald of Stratford, Ont., recently said:
"An important promotion has come to E. P. Winslow, the manager of the local branch of the Bank of Montreal, who has received notification of his appointment as inspector of branches of that bank in the province of Ontario. The position is one of great responsibility and implies a very high standing in the confidence and esteem of the head of this the largest banking institution on this continent. Mr. Winslow has been manager in Stratford for nearly ten years, having come here in April, 1927. This city was his second appointment as manager, he having served three years previously at Almonte. The rise after the two managements to an appointment of inspector of branches is assuredly fine promotion. Mr. Winslow, who is a New Brunswicker, entered the service of the Bank of Montreal in Newcastle, N. B., in 1914, and has served in Halifax one year, Montreal, some ten years; St. John, four years, where he was first appointed accountant, then in Toronto, as accountant, going thence to Almonte as manager. The appointment it is expected will involve removal to Montreal. Mr. Winslow was a daughter of the late William Sprague of Montreal."
Mr. Winslow is a son of the late Frank E. Winslow, for many years the manager of the Bank of Montreal at Chatham, N. B.

WEALTHY NEW YORK BANKER WAS NOT FRIGHTENED BY THREATS, BUT SHOUTED FOR HELP, AND WAS BADLY BEATEN—HIS ASSAILANTS HOWEVER GOT AWAY

NEW YORK, Dec. 5.—Awakened by the sound of a stealthy footstep in his splendid home in East 23rd street, near Fifth avenue, in the heart of the city's most exclusive residential district, early today Elias Astel, a broker, found himself gazing into the muzzle of two revolvers which were held only a few inches from his face.
"Well shoot if you make a squeak," said a voice as the guns and the men behind them began to draw slowly away to a door which had been left open when they entered the room. Mr. Astel did not heed the warning, but raising himself on his elbow sent a shout for help echoing through the house.
Almost later the two men were upon him raining blows upon his head and when a servant, who had heard the cries, rushed into the room the broker was lying in bed helpless, on the verge of insensibility, his head and the pillow upon which it lay, bathed in blood. The robbers had escaped. Two minutes later the whole neighborhood had been aroused by the screams of the servants and Mr. Astel's daughter, and a score of policemen from nearby stations were rushing to the scene to search for the burglars. But the few minutes had given the thieves time to make their escape.

A WARNING TO THOSE WHO SKATE ON UNSAFE ICE

ROTHESAY, Dec. 4.—All day yesterday the Kenebecas was just waiting for a chance to freeze and hide its waters for the long winter. But the wind refused permission until daylight this morning, when an smooth water came the glassy surface appeared. It is so weather here, and one day and night more of such temperature will make the ice bridge safe.
A Gondola Point resident said he saw the Gondola Pointers chasing a pack on the ice in the river today, and some of them had skates on. He recalled a similar Monday a few years ago when Jim Hayden escorted a lady across the ice after the first freezing, and leaving her on the shore said he would skate to Rothessay. In spite of her pleading he started, but he hadn't taken more than a dozen strokes before he was in the water. There were only seven feet of water where he broke through, but he lost his presence of mind and though surrounded by a dozen boards pushed to him across the thin ice he threw up his hands and went down with a score of his friends within a few yards of him.
The mails to Clifton and Long Reach will go a roundabout route today. Under his contract made two years ago, when it is impossible to cross the river the land route across the coast and via Perry's Point bridge and Kingston must be taken by the mail carrier. The Liberals of the river are not losing any time in calling the meeting for organization. The gentleman chosen to select a parish chairman an officer of the organization will do so tomorrow evening, when they meet at Kennedy's Hotel. No matter what the signal is given they propose to be quite ready for the contest.

SACKVILLE, Dec. 3.—A very interesting missionary address was given at Main street Baptist church last evening under the auspices of the Ladies Aid Society. Mrs. Walter Cahill, the president of the society, introduced the speaker of the evening, Mrs. Maude Harrison, formerly of Mascara, N. S., and who has labored as a missionary in India the past ten years. Mrs. Harrison is an exceptionally pleasant speaker. She dwelt at considerable length upon the experiences of missionaries in the Telegu country. Appropriate music was furnished under the direction of C. C. Steadman. A collection was taken in aid of foreign missions.
Mrs. J. L. Black received a telegram Saturday announcing the sad news of the death of her sister, Mrs. Thompson, wife of Senator Thompson of Fredericton. Mrs. Mack left at once for Fredericton. F. J. Black accompanied her. Wesley Turner of Belle Verte is critically ill.
A successful and pleasing concert was recently given at Belle Verte. The sum of nineteen dollars was realized to be devoted to the funds of the Episcopal church.
H. C. Full of Boston was in town Saturday a route to a visit at his old home, Truro.
Nathan and Gilbert Hicks of Midgie and Robert Hicks of Brookline each captured a fine mouse recently.
Mrs. Ruth Aard of Point de Bleu is critically ill at the care of her daughter, Mrs. Rufus Christie, River Head.

THE RING
FOMMY BURNS MAY MEET JACK JOHNSON
NEW YORK, Dec. 3.—The National A. C. of Philadelphia wants a contest between Tommy Burns and Jack Johnson. The club has offered sixty per cent. of the gross receipts for a six round go between the two fighters. Johnson seems anxious for the bout and Burns is yet to be heard from. The efforts of promoters all over the country to secure the parties, of course, also show plainly where the Canadian stands in the pugilistic world. Sam Fitzpatrick, Johnson's manager, last night sent Burns a despatch to the effect that the National A. C. would give the fighters sixty per cent. of the gross receipts. "This would mean a nice little Christmas present of \$5,000 to the fighters," said Fitzpatrick. "Aed Burns would be foolish to let this chance of getting big money for a short fight slip by." Burns has never said anything about drawing the color line, and it may be he will be willing to meet Johnson.

SHIPPING NEWS.
DIGNY, N. S., Dec. 4.—All shipping here is tied up by the severe storm which raged last night and today. The schooner Glenora, Capt. Stanah, had the worst experience ever encountered inside the harbor. The vessel was loaded so deep with soft coal that it was unable to get under way. The deck was awash. She had been in the river more than a week, and at one time above Annapolis with a pilot on board. Last night the vessel lost both anchors and was blown to Digny, where in some shallow water she was beached. The schooner's coal was badly laced up and was also leaking. The Digny fishing schooner J. W. Cousins, Captain Arthur Casey, who was caused today to report that the vessel was wrecked today on Pett Pass. It was impossible, however, at dark tonight to determine for sure if this vessel was the missing schooner above referred to.

CHATHAM, Mass. Dec. 4.—An unknown British barkentine of about 200 tons burden had a narrow escape from being wrecked today on Little Round shoal, but the northwest gale, though strong, was kind and blew the little craft through a narrow channel until at dark tonight she had cleared all the shoals and was still riding at her anchors well off shore and with good chance of working out to sea. The barkentine anchored off here yesterday morning, but shortly after noon got under way and run Pollock Rip lightship ran through the shoal to the anchorage a little to the westward of Stone Horse shoal.

THE MONOMY POINT LIFE-SAVERS discovered this morning and about noon it was noticed that she was dragging her anchors. About the same time she hoisted signals of distress and the lifeboat was hauled out to the lower side of the beach in readiness to go off in case she struck Stone Horse shoal. It blew nearly a gale all the afternoon from the northwest and as the barkentine's anchors failed to hold, she continually sagged off shore to the southeast. Fortunately she was anchored at the entrance of the narrow channel between Stone Horse and Little Round

In spite of the many adverse conditions under which the St. John Railway Company does business, they were able at a meeting of the directors yesterday to declare a half-yearly dividend of three per cent.

Earle, Belyas and Campbell, solicitors for Mrs. W. Mount, have notified the city that the joint ownership of property on the Miramichi is undesirable. Mrs. Mount is willing to sell out, otherwise she will apply to the courts for partition.

A lot of lumber land, consisting of 100 acres, at Queens Lake Settlement, Queens county, was sold to Harry Woods, at the Crown Lands office, yesterday. The price was \$216 per acre.

Michael P. McGuire, who for the past fifteen months has been stationed in this city as United States Immigration inspector, received word yesterday of his promotion to another branch of the department in St. Louis. Mr. McGuire left for St. Louis last evening, as the appointment has been anticipated for some time, and he was ordered to report immediately.

At the annual meeting of the St. John county C. T. U. held yesterday the officers of last year were re-elected. They are: Mrs. James McAvity of the North End, president; Mrs. (Dr.) Gray, Fairville, president at large; Miss Jane Lockhart, secretary-treasurer. Reports from the different branches showed them to be in a very satisfactory condition. Rev. Thomas Marshall and Rev. W. Camp were present and made brief addresses.

There was a meeting of the St. John Temperance B. B. published in the Evening Telegram on Tuesday. The visit of Tenyson Smith to the city was discussed and it was decided to continue the work of the largest number of passengers that were held during the winter and a grant Temperance was expressed to pass over the community. Several committees were appointed to arrange plans for the public meetings and the meeting closed at 10:30.

Daley, director of ceremonies; Chas. Garrett, 1st committee man; W. H. Higgins, 2nd committee man; S. A. H. 3rd committee man; Chas. Hamilton, 4th committee man; Harry A. McKay, 5th committee man; Hamilton, inside tyler; I. Patchell, outside tyler; John McCollum, H. Kilpatrick and T. W. Morrison, trustees. This is the third time that Kilpatrick has been elected to this high office.

The St. John Christian Endeavor Union held their annual meeting in Coburg street Christian Church, last night, with the president, J. S. Floyd, in the chair. Reports were received and the roll called of the various societies connected with the union. By acclamation, the officers of last year were re-elected. The meeting was only fairly well attended and the few who have been carrying on the work felt very much disheartened by the support which they have received. It was therefore decided to hold a special meeting of the local union at no late date, to decide whether or not the organization should be abandoned. Addresses were given by Rev. W. Camp and Rev. L. A. McLean.

DID NOT HEAR THE LOCOMOTIVE WHISTLE
Beginning of the Inquest into the Death of Sabien White, Killed on the I. C. R.

AMHERST, N. S., Dec. 4.—The inquest on the body of Sabien White, who was killed on the I. C. R. near this morning was commenced this afternoon and was adjourned until tomorrow night at 8 o'clock to enable the train hands to be present and to give evidence. Doctors Miller and Thomson gave evidence as to the injuries sustained, which were found to be one leg broken in several places, jaw broken and other injuries to the head.

WENT TO MEET FATHER; WERE LOST IN THE STORM
AMHERST, N. S., Dec. 4.—Two children of Chas. Stoddard, aged 9 and 11, who live on the Halifax road about two miles from Amherst, came into town last evening to meet their father who works in one of the industrial establishments here. In some way they missed him and were found wandering about in the storm. They were taken to police headquarters where they were made comfortable for the night, and returned to their homes this morning to their anxious parents.

THE HAMILTON STRIKE.

HAMILTON, Dec. 4.—When the railway board met this morning, President Mahon, of the street railway men's union, announced that at a conference between the union and company officials, practically all points in dispute, except wages, had been settled. Col. Gibson said he would vigorously oppose any increase in wages over the scale fixed by the arbitrators. He considered that a reduction in rates would be a benefit to the public and a slight increase given new men.

There is not a house to rent in the village of Rothesay, and in spite of the fact that there is a demand for all the year round residences, and that splendid interest on an investment is promised, no capitalist seems inclined to erect suburban homes. A lady well known in St. John has three children she wishes to send to Rothesay educational institutions, and she has tried to get a home to live in. No doubt there will be a house or two built in the spring, but they will be spoken for. What is wanted are a number of comfortable up-to-date cottages, not too large or too expensive, and they would specially fit tenants. This makes the third family the principals of the school, who are unable to live in Rothesay and give their children the advantages possible to residents here because they cannot get accommodation.

A. C. Fairweather, one of the governors of King's College, Windsor, returned home Friday from a visit to that institution, and he told the Sun representative Saturday that everything was going on very satisfactorily. The school is a five-story one, splendid man in President Boudoin, who had made so good a record for himself at the head of one of the Ontario schools. He was a graduate of Cambridge University, a man of splendid attainments and possessed a gift of management which is rarely found in connection with high scholarship. The attendance at the college was increasing, he said, in a most encouraging way, and both preparatory schools had all they could accommodate. Mr. Fairweather spoke very enthusiastically of the prospects of Kings.

4058, 4059—The shirt waist dress for school wear is the choice of practical mothers because of its freedom from frills and things which not only show very quickly but unseat the gown for tucked in pointed yoke effect and adorned with a pompadour yoke which may introduce some effective trimming. The skirt is a five-gored one, attached in side-pleats to below the hips whence it falls in graceful folds to instep length. For a simple little home dress to be made in mousseline de sole or abattros, the waist may be gathered instead of tucked and the neck may be finished in Dutch square outline. For the medium size the dress calls for 5 1/2 yards of 36-inch material. Two patterns: 4058—size, 13 to 17 years. 4059—size, 12, 13, 14, 15 and 16 years. The price of these patterns is 20c. but either will be sent upon receipt of 10c.

UNION LABOR SOLD INTO STRIKE

\$1,500 Price Leaders Got for Paralyzing Chicago. Teamsters of the Whole City Turned into Rioting Law-breakers--Conspirators on Trial.

AMHERST, N. S., Dec. 4.—The terrible snowstorm that raged here all this morning greatly interfered with the attendance at the Maritime Winter Fair. In the morning only a handful of people were present, while in the afternoon it was somewhat better although much below the average. The day was taken up with judging the different classes, which work will probably be finished tomorrow. Everyone is much pleased with the show. The evening meeting was well attended. Col. Campbell, of Apohaqui, was the chairman. The first speaker was Staff Captain McGillivray, of Ontario, who delivered an interesting address on the immigration policy of the Dominion. He told of the plan for the future. The first ship this year will arrive about the first of March. The Army will bring about 30,000 people. He gave information as to how these immigrants can be secured. The next speaker was J. A. Ruddick, of Ottawa, Dominion dairy commissioner, who gave an explanation of the nature of the work being carried on. Duncan Anderson, of Rugby, Ontario, dealt with sheep raising, speaking of the objections raised in the provinces to this industry and how to overcome them. The address was of much value to all. Judging of beef was about completed and the judging of swine and sheep commenced. Owing to the small number present an opportunity offered for all present to watch the work and learn from the addresses. In the pure-bred short horn class Kings county, N. S., this year carried off the laurels. "Willow Bank" farm, C. R. H. Starr & Sons, having won the following in strong competition: Both sweepstakes, 1st and 2nd in age class, 3rd in 2-year olds, 1st in yearlings, 1st in calves, also sweepstakes and first money offered by the Dominion Short Horn Breeders Association, given for the best short-horn female any age.

CHICAGO, Dec. 5.—The real "inside" story of the great teamsters' strike of 1906 was told by the men who "knew" before the famous \$30,000 Shea jury yesterday. The man who made the chief revelation is Albert Young, Shea's former associate and his first lieutenant in the strike. Young caused a sensation by turning State's evidence at the opening of the trial, along with three other leaders who were co-defendants in the case. A chapter of labor history unrivaled in sensationalism in Chicago was spread on the court records. It dealt with "grafting," with secret deals, intrigues existing prior to and during the teamsters' strike, with extortion practiced on leading business firms by union officials, with "slugging" attacks, and violence "winked at" and ordered by Shea and other strike leaders. Some of the specific things the State hopes to prove chiefly through Young's testimony as outlined in Assistant State Attorney Miller's statement to the jury are: "That a 'substantial' sum of money was paid to Shea and four other leaders to call a strike on Montgomery. That the 'bargain' was made at a clandestine meeting in a saloon near the corner of Washington and La Salle streets. That the strike was called without a vote of the 'rank and file' of the teamsters' unions. That Shea organized picket 'squads' the members of which were personally instructed by Shea daily, and were detailed to 'slug' this man or that man involved in the struggle. That certain business firms were 'favored' with 'permits,' for which they paid, to allow their teams to pass the picket lines. Using Albert Young, who on Friday pleaded guilty to conspiracy and voluntarily took a rebate of \$29 from each of the men on the suggestion of Shea. Young's testimony included detailed accounts of several meetings of the leaders of the teamsters' sympathetic strike. He said that he on several occasions remonstrated because he thought that the teamsters were getting along well with their employers, were being treated well, and ought not to get into trouble.

ATMOSPHERIC SMUGGLING. New Worry for John Bull--Aerial Preventive Service Proposed. LONDON, Dec. 4.—The legal possibility of using air carriages for trespassing on the atmosphere above private land was recently mentioned in these despatches. A further possibility of international trouble arising from smuggling through the air is now being discussed. It is contended that there is nothing to prevent smugglers in future from using aeroplanes and other flying machines for the purpose of evading customs officers, except by establishing a service of preventive flyers which will catch offenders on the wing. This opens exciting prospects for the future of Great Britain, at any rate, are so worded that they would cover the case of the United States, as well as the machine, and the person engaged in air-smuggling. It is pointed out that, taking everything into consideration, such contraband would necessarily be on a large scale, and would induce many to take the risk of consequences.

LOURDES' CURES ARE EXPLAINED Force of Prayer Ascending Causes a Rain of Mercy. Photographic Plates Displayed by French Lecturer in Support of Concentrated Thought Argument.

PARIS, Dec. 4.—Dr. Baraduc, lecturer on the curative force observed during the last great pilgrimage to Lourdes and the scientific psychology of miracles, declared that the chief factor was the force of prayer ascending from 60,000 pilgrims, which caused a rain of mercy to descend in the form of tiny drops, the photo-chemical action of which produced the same impression on ten photographic plates enclosed in a tin box in Lourdes, which were exposed in the grotto of Our Lady of Lourdes. Two plates mysteriously exposed in Paris showed an entirely different impression. Dr. Baraduc displayed these plates, and also narratives made at Lourdes, but not submitted to the action of the curative force. He also displayed negatives made at a pilgrimage fair in Paris. The latter gave no result, which Dr. Baraduc ascribed to the non-polarized action of the vibrations of the sunlight through the lenses, which were not concentrated, as at Lourdes.

HOUSE OF LORDS AND THE TRADES DISPUTE BILL LONDON, Dec. 4.—The House of Lords tonight passed the second reading of the trades dispute bill. Lord Lansdowne, in explaining the bill, said that it raised the question as to what extent the House of Lords was justified in barring the way of measures recommended by the House of Commons which, in the opinion of the House of Lords, were detrimental to public interests. He said he believed the duty of the House of Lords was to arrest the progress of a measure when it believed it had not been sufficiently discussed or in accordance with the wishes of the people. The Government had a mandate from the people on the present measure, however, so that the House of Lords was to pass the bill although the House expressed its disapproval. The bill was passed by a vote of 100 to 80.

THE BRAINIEST GLACE BAY DOG Has the Reputation of Starting More Fights Than Any Other Dog, But He Always Escapes Without a Scratch. GLACE BAY, Dec. 4.—There is a dog in our town who is a bit of a practical joker. He holds out a paw to look at, being of the door mat variety and bleary of eye, but he has plenty gray hair on his head. When he is asked to brain power he has all the other dogs around town away back in the kindergarten. He holds out a paw to look at, and at a conservative estimate he starts 25 fights daily—and comes out of every fight with not the sign of a scratch on him. This is not due to the fact that he quietly slips away as soon as he has got the other dog into the heat of battle. From a nearby doopstee he will watch the progress of the scrap and after the smoke clears away, he moves on to another corner and starts another scrap. He is the champion trouble maker of the dog family, and so far he has managed to come out with a whole skin. But his time must be coming.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 3 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less. Entry must be made personally, at the local land office for the district in which the land is situated. The homesteader is required to perform the conditions connected therewith under one of the following plans: (1) At least six months' residence upon and cultivation of the land in each year for three years. (2) If the father or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by each person residing with the father or mother. (3) If the settler has his permanent residence upon farming land owned by him in the vicinity of the homestead, the requirements as to residence may be satisfied by residence upon the said land. Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COMOTIVE ENGINEER CHARGED WITH MURDER

UNCLAW, Vt., Dec. 4.—George March, engineer of the gravel train which shed into the car of a coal train the Vermonts west Saturday killing persons and injuring nearly a score of others, was arrested here today and was taken to Middlebury where he was arraigned on the charge of manslaughter before Judge F. M. Cole of the Addison county court. He was held for the grand jury which is now in session and was returned on a writ of \$100. F. M. Wilson, of Rutland, L. Fish of Vergennes and E. H. Myers of Middlebury, the latter counsel for Rutland, Vt., on which the charges were laid, appeared as counsel for the engineer. State Attorney F. M. Russell represented the prosecution.

LEGLESS MAN WAS CHARGED WITH THEFT

DANBURY, Conn., Dec. 4—The police arrested on suspicion tonight a legless man who walks on the stumps of legs, and who gives the name of Bill Miller and claims New York as his residence. He had a horse and new wagon, both of which he claims to have purchased, the former in New York at the latter in Tarrytown, N. Y. The police say the wagon answers the description of one which disappeared from a car on the New York, New Haven and Hartford R. R. last week. Newton, and for which railroad detectives and the police about the city have been looking. When the arrest was made the wagon contained a miscellaneous assortment of articles. Miller could not satisfy the police as to his address in New York.

THE NIPISING DEAL

A speculative incident which has for the last few days been arousing great interest in Ontario and in New York financial circles, is the forfeiting by the Guggenheim syndicate of the option which had been secured on the Nipissing mines in Cobalt. Messrs. Guggenheim had secured the option and made an agreement to purchase 60,000 shares of the Nipissing property, paying therefor \$25 a share, or five times the par value of the stock, and representing a total of \$1,500,000. They agreed to pay for the stock in four monthly instalments of \$2,500,000 each, or, failing to forfeit part of the preceding payments. On Dec. 31st they made the first payment of \$2,500,000 to take up 100,000 shares, but according to their contract they received 60,000 shares, the remainder being deposited with the sellers as security for the payment of the remaining instalments. Messrs. Guggenheim were free to withdraw at any time, and by so doing would forfeit 60 per cent. of whatever payments had been made. The time for the second instalment expired on Nov. 30, and the money was not handed over. The syndicate, therefore, stand to lose \$1,500,000. According to statements issued in New York, the members of the syndicate assert that the owners of the mine were not prepared to guarantee a perfect title to the property, and that this was the cause of the deal falling through. From Ontario comes the report that neither the minister of mines nor any other member of the provincial government have been asked regarding the title. No very satisfactory answer has as yet been given and the affair is causing wide comment in mining circles.

PROTECTION FOR CAPITAL, FREE TRADE FOR LABOR.

The executive of the Canadian Manufacturers' Association, having had time to digest most of the principal points in the Fielding amendment to the tariff, have expressed the following opinion: "The tariff is little or no improvement as a protection against the United States, while on the other hand the intermediate tariff, if it is made applicable to the United States, would be disastrous to many industries. The various manufacturing sections of the association have no objection to the association having no voice in the making of the tariff. This is altogether in line with the high protective policy adopted by the association, and it is also wholly at variance with their demands on the part of labor. The association as a whole insists on very high protection for their own industries, but strongly oppose the government policy in applying the tariff for the good of the country, skilled laborers should be permitted to come in and make contracts without any conditions being imposed. They evidently fail to see that the labor unions have as much right to object to this as the protectionists manufacturers have to contend free trade. At the present time, the extremists in Canada are doing altogether too much talking. The manufacturers who are the wealthy class, insist that they shall be given every opportunity to accumulate greater wealth, while the labor people, who almost control the situation, desire to make their power more absolute. Between the two the government is adopting a policy which will result in a general development in all lines with unfairness to none.

St. Patrick is credited with driving the snakes out of Ireland. Richard Haldane, the secretary for war, would remove the Scots Greys from Scotland. In the latter case, the beings referred to form a part of the British army, and indeed, are one of the leading regiments. If Mr. Haldane could be persuaded to devote his attention to another institution, popularity supposed to be a feature of the Highlands, and also identified by the name of Scots Greys, he might attain even greater distinction than did the Irish saint, but in this case there would be no more use for those fixtures which give rise to the saying: "Send down the Devil to the saint."

THREE PROMINENT MEN SENTENCED TO JAIL

CHICAGO, Dec. 4—Three men well known in Ohio were today sentenced by Judge Landis in the U. S. District Court to serve a term of one year each in the house of correction for conspiracy to violate the federal laws governing interstate traffic, in articles used for immoral purposes.

The men sentenced are: Robert D. Bradley, president of the Canton Rubber Company, of Canton, Ohio; Edwin Davis, vice president of the Canton Rubber Co.; Wm. J. Oby, formerly an officer of the rubber company, but recently practicing law in Cleveland.

The men were recently indicted in company with Walter M. Dean, the Chicago agent of the company, and were charged with manufacturing articles to be distributed in Chicago by Dean. The men are alleged to have used a company formed by Davis as distributor between the company and Dean.

CRIMEAN VETERAN'S AMERICAN PENSION.

LONDON, Dec. 4—Thomas Chadwick, a Crimean veteran, who lives at Crumpton, has just received \$20 10s from the American Government as arrears of pension for his services in a Maine regiment during the American Civil War, and has been informed that he will receive 10s a week for life. He served in the Guards during the Crimean War, but has no pension for this service.

A LIST OF LETTERS THAT NEVER CAME

Postmaster General's Report Has Information of Interest

Numbers of St. John People Mourn the Loss of Money Sent by or to Them Which Went Astray.

During the past year, according to the Postmaster General's report, a large number of losses have occurred through the postal service by letters going astray. The great majority of cases happened in Upper Canada, but several New Brunswick people sent registered letters which never reached their destination.

The following cases are reported in this province:

R. Sowerby, of Shediac, mailed a registered letter at that place on July 17th. It was addressed to Cavers Bros., Galt, Ont. The alleged contents amounted to \$120. After investigation the authorities found no evidence to account for the alleged discrepancy. This is the only case where a registered letter was mailed in this province and did not reach the parties it was addressed to.

Several cases are recorded, however, where registered letters mailed elsewhere and addressed to persons in New Brunswick, were never received.

In Pugwash on April 18th, B. P. Abell mailed a registered letter containing \$400 to F. H. White, St. Andrews, N. B. As in the former case no evidence which accounted for the loss could be obtained.

The postmaster at Great Shomague mailed a registered letter containing \$100.00 at that place. It was addressed to the Bank of Montreal, St. John, N. B., but was never received. This case is still under inquiry.

Many unregistered letters have gone astray. New Brunswick people have figured in these cases more frequently.

Rev. H. A. Foster mailed a letter here on March 15th, which contained \$100. It was addressed to Mrs. A. Foster, Pictou Landing, N. S. No trace of this letter has been found owing to the want of registration.

D. Champoux mailed a letter at Campbellton, N. B., on Aug. 4th, which contained \$50.00. It was addressed to Leon Hebert, Causapiscot, Que. None of the money was received and no evidence could be obtained.

A letter addressed to Lakewood, N. B., mailed a letter at that place on Sept. 4th, which contained \$50.00. It was addressed to Mrs. R. Glancy, Halifax, N. S. Owing to the letter not being registered, no evidence to account for the discrepancy could be obtained.

R. D. Taylor mailed a letter in this city on Oct. 24th. It was addressed to G. U. Forbes, Montreal, and contained \$50.00. No trace of it has been found.

In Fredericton on Oct. 24th, Mrs. N. Hasnam mailed a letter containing \$23.23 to T. Eaton Co., Toronto. Only twenty cents of this amount is stated to have been received. As the letter was not registered, no trace of the balance of the amount was found.

W. Snowball mailed a letter at Chatham on Nov. 1, containing \$30.00. It was addressed to Master Harry Stewart, Deer Park, Ont. No trace has been found.

W. Alexander mailed a letter at Inverness, N. B., on Dec. 2nd, addressed to W. C. Simpson, St. John, N. B. The letter contained \$30.00, and was stated to contain \$50.00. The letter was never received, and owing to the want of registration was not located.

Mrs. Geo. McSweney, of Moncton, mailed a letter from that place to John L. McSweney, Sackville, containing \$2. It was not received and not located.

Mrs. W. L. Smith, of this city, mailed a letter on Feb. 29, containing \$2. It was addressed to Stanley M. Smith at Sackville. Never heard of.

ROOSEVELT'S TRADE.

President Roosevelt, often tells with a flourish this story of himself. He visited a bookseller's shop in Idaho just after he had written his "The Winning of the West." He picked up a copy of his book from the counter and said to the bookseller, with feigned curiosity—

"Who is the author—Roosevelt?"

"Oh," was the answer, "he's a ranch driver up in the cattle country."

"Well, do you think of his book?"

"Well," said the dealer, "I've always thought I'd like to meet that author and tell him he'd stuck to running ranches and not tried to write books. He's had cut a heap bigger figure at his trade and been a bigger man."

HE CAME BACK.

An office boy was on one occasion sent to Richard Harding Davis' rooms to get some "copy." Pretty soon was heard a clatter of feet on the stairs and in burst the boy entirely out of breath.

"What's the trouble? Wasn't he there?" was asked.

"No, sir, he's out and de joint's all locked up."

"Then why didn't you wait for him I told him if he bettin' I'll be there."

"Well, dere was a note on de door dat said, 'Return at once, so I thought youse wanted me back quick.'"

MIGHT FIND A MISTAKE.

Of a political transaction that had a suspicious look Senator Beveridge said one day:

"Though he is the thing there is nothing about which we can lay our hands, it certainly appears fishy. It reminds me of a Washington waiter."

A gentleman was eating a good dinner, said to the waiter:

"I am sorry I can't give you a tip, but I had I send you just enough money to pay the bill."

"The waiter seized the bill hurriedly. 'Just let me add it up again, sir,' he muttered."

MAY WIN THE BET.

"Larry, is there any gambling on your beat?"

"Gamblin' on me beat? Ya, son. Some o' the fellas is bettin'. I'll be transferred 't some other ward inside o' two weeks."

AND MIGHT HAVE BEEN WORSE.

Bicyclist (who ran into a young tree)—I just ran bang into a tree. Wasn't it lucky that I wasn't twenty years older?

Friend—Why?

Bicyclist—Because the tree would also have been twenty years older.

Rye Bread

was the food of our forefathers, who were rugged and strong. It was nutritious, but did not taste good. Hedley Hallett sent a letter from Montreal addressed to Mrs. H. Hallett, Sackville. It contained \$2, and was not received.

G. U. Forbes mailed a letter at Moncton on April 28th, addressed to Cadet McQueen, Toronto. It contained \$150.00.

Ernest Thompson, of Middle Sackville, mailed a letter at that place addressed to Miss F. Thompson, Amherst, N. S. It contained \$5 and was not received.

The above cases are where unregistered letters were mailed in New Brunswick and did not reach their destination.

Following are other cases where letters mailed elsewhere for this province did not reach the parties addressed:

J. E. Hamilton mailed letter at St. John, N. B., to J. T. Steves, Hillsboro, N. S. Contained \$4.

W. McLeod mailed letter at Oxford to the Pictou postal car, addressed to Tingley Bros., Sackville. Contained 40 cents.

Mrs. A. G. Edgcombe, mailed letter in Montreal addressed to Harold Edgcombe, Fredericton. It contained \$5.

Mrs. G. McLeod mailed letter at Pictou, N. B., addressed to Fred. Harding, St. John. Contained \$5.

New Brunswick was lucky throughout the year, taking into consideration the number of letters which went astray in other provinces.

Nova Scotia's number nearly doubles New Brunswick.

U. S. CONGRESS. A NEW ZION.

Members Heard Roosevelt's Message and Adjourned.

Will Establish Municipality on a Different Plan—No More Individual Ownership and No More Public Debt.

A Resolution Introduced to Prevent Federal Interference with California in the Japanese School Question.

WASHINGTON, Dec. 4—The reading of the President's message consumed two hours and twenty-five minutes in the House today and was followed closely by a very large number of members while the crowded galleries gave close consideration.

Here and there the reading of the document was punctuated with applause and hearty handclapping from Democrats as well as Republicans following its conclusion. During the major portion of the time of the reading of the message Representative La Follette of Oregon, a Democrat, was marked by the first of the defeated "Speaker patters" to be recognized by Speaker Cannon.

While the House waited upon the secretary to the President to appear before the message, Speaker Cannon appointed Robert G. Cousins of Iowa, chairman of the committee on foreign affairs, to succeed the late Robert H. Hitt of Illinois. He also appointed Representative Frank O. Lowden to fill the place on the same committee to fill the place.

After the customary resolutions relating to the printing of the message the House at 2:13 adjourned until noon tomorrow.

Senator Raynor today introduced the following resolution on the Japanese question: "Resolved—That in the opinion of the Senate this Government has no right to enter into any controversy with any foreign government relating to the public school system of any of the states in the union."

"Resolved further that it is the opinion of the Senate that there is no provision in the treaty between the United States and the Government of Japan that relates in any manner to this subject or in any way interferes with the right of the State of California to conduct and administer its system of public schools in accordance with its own legislation and that it is the duty of the President of the United States to notify the Government of Japan and to notify any foreign government with which the question may arise that the public educational institutions of the state are not within the jurisdiction of the United States and that the United States has no power to regulate or supervise their administration."

ROME, Dec. 4—President Roosevelt's message to the American Congress has produced an excellent impression here. His denunciation of lynching and the paragraphs upon peace and righteousness, and when war is not merely justifiable but imperative, have been received with especial satisfaction.

Foreign Minister Tittoni perused the text of the message carefully and characterized it as excellent.

LONDON, Dec. 4—President Roosevelt's reference in his message to Congress to the negotiations between the United States and Great Britain over Behring Sea, relates to the long pending efforts made to adequately protect the seal herds.

The negotiations have been conducted chiefly at Washington with the cooperation of the American Embassy here and appear to be part of a general plan to close up a number of outstanding questions in which Canadian interests are involved. The recent trend of the negotiations has been towards having Canada relinquish such rights as she possesses in Behring Sea in consideration for adequate compensation or concessions in other pending questions. However, these exchanges have not made any notable advance as Canada regards her rights in the Behring Sea in the light of a national asset and while disposed to make a reasonable adjustment she does not appear to be ready to give up her interests on the basis of the concessions thus far tentatively proposed. The negotiations therefore lack recent definite development, although the Government officials here hope that the appointment of a new ambassador to the United States may lead to clearing up of this and other pending questions.

CHICAGO, Dec. 3—The Chronicle today says: Zion City is to be abandoned. The "restoration host" which was built up by John Alexander Dowrie after years of strenuous effort will shortly be left to its creditors by Overseer Wilbur Glann Voliva, who, like a new Moses will lead his people forth from the discredited gates to found another Zion. Announcement of the approaching heira was made yesterday by Overseer Voliva before an audience of more than 1000 persons in the Zion church at 18th Street and Michigan avenue. It was marked by his assumption of "Divine authority," at the same time he outlined his plans for a new city to be conducted along socialist lines, and himself as supreme spiritual and temporal head. Coupled with the announcement of his plans were the resignation of unworthy members of the church, who he declared were responsible for its fall.

The new Zion, into which no unworthy member shall be allowed to enter, will form the nucleus of a most energetic crusade against the wickedness of the world and that of Chicago in particular. Autocratic socialism is the basis of the new Zion, and the nucleus of 10 chosen families which will be selected by Voliva. These families will be chosen for their implicit faith in the guidance of the new prophet and their preparedness to sacrifice all at his bidding.

As to the location of the new Zion, Voliva was silent, contenting himself with the declaration that he would have several announcements to make within two weeks. In preparation, however, for the crusade which he proposes to start in Chicago, he stated that to a certain extent headquarters would be located in the "great devil's kingdom" as he termed this city.

BIG BOOM IN RUBBER TRADE

As a matter of fact, however, it is stated that Canada in showing marked advancement in this line of business is only reflecting the wonderful prosperity that exists in rubber trade conditions the world over. The rubber interesting fact was brought out not long ago that Canada and Russia owing to their climates are the two heaviest per capita rubber users in the world.

LOCAL NEWS.

Manager Corbell asks contributions to the Seamen's Mission to aid in carrying on the winter's work.

The Allan liner Parisian took away from this port an entire Canadian cargo valued at \$22,732.

In the police court this morning four drunks were fined the usual amount and went to jail in default of paying their fines.

The case against Jack Watts for allowing his horse to stand for five or six hours in the cold on King Square was to have been resumed this morning, but has been postponed until Friday morning.

The repairs to the Marsh Road break in the water pipe will be made tomorrow morning. The cold weather is said to have prevented the repairs having been made on Monday, when many citizens took precautions to draw their supplies of water.

Waterloo street residents are asking how much longer they will have to tramp around the excavation obstructing in front of the rebuilt manual training school. This hole has been turning people into the middle of the street across my neck and rocks for months. Now that it is lying without any work going on it might be floored over to allow pedestrians the right of way.

The death occurred at an early hour this morning of Mrs. Daniel Donovan. She was a widow and was 57 years of age. The death took place at the home of her daughter, 20 Hanover street. Five daughters and six sons survive. The body will be taken to Petersville tomorrow morning.

Rev. David Hutchinson will give his very interesting lecture "From Ocean to Ocean" in the Tabernacle church on Thursday evening, December 6, at 8 o'clock. It is an entertaining and instructive and has delighted several audiences in this city. The admission is only 10 cents.

WOMAN IS CHARGED WITH NEGLECTING HER CHILDREN

But When an Officer Went to Look for Mrs. McDermott He Found That She Was Missing.

A couple of days ago police headquarters were given the information that a Mrs. McDermott, who resides in the St. Patrick street district, was not looking after her three young children. She was reported as getting drunk and the neglected home was one of misery. An order was issued by the court to an officer to visit the house and if the woman was found there intoxicated to take her to the court. The poor little youngsters would be looked after.

This morning Sgt. Campbell visited the home and was informed that the woman and her children had left the premises and are now supposed to be located in the North End. It is the intention of the court officials to make the woman look after the children better or they will be taken away from her and placed in a comfortable home where they will receive proper attention. The father of the family is out of the city.

THE LAKE CHAMPLAIN DOCKED THIS AFTERNOON

The C. P. R. steamship Lake Champlain, Capt. C. S. Webster, arrived outside the Island early this morning. She docked at Sand Point at 12:50 today, three days late. The steamer had the usual winter passage out. No first class passengers came on her. There were 55 second class and 190 steerage. Only one passenger was detained by Dr. March, and he was suffering from scarletina.

POUNDED HIS FATHER ON THE HEAD WITH HEEL OF A BOOT

Aged Parents Brutally Treated by Ungrateful Children—Pathetic Tales Told in Police Court This Forenoon

The police will this afternoon arrest Timothy O'Brien and the charges against him is for breaking in the windows of his father's house on St. Patrick street and following up the affair by attempting to beat the old man's brains out with the heel of a boot. It was about noon o'clock this morning when O'Brien's aged father entered the police court. His lip quivered and there were tears in his eyes as he gained admittance and when inside the old home he entered the father's bedroom and acted violently. He used his heel of a boot and picked up a boot threatened to break in the old man's skull. "Did he hit you?" was asked the old man. "Yes, a number of times. I was in bed when he came at me, and if he had not covered my head with the bed clothes he would have hurt me." There were no further questions asked and a warrant was quickly issued for the arrest of the creature who not only damaged the property but threatened the life of his poor old father. The old man said that the breaking of the windows allowed the cold in and caused considerable inconvenience by freezing the water. It is not the first time that this wayward O'Brien has troubled his poor old dad.

Alfred Britney, a painter, was one of a quartet of prisoners on the police court bench this morning. He was not charged with an offence of breaking in the old home, but was charged with threatening to scatter a father's brains on the floor but he took an easier mark by picking out his mother and sisters. While he was drunk he used most insulting language and was finally locked up by Policeman Crawford, and in this cell where the language, such as he uses, is not heard by others. Britney's brother testified in court that the obscene language was used and told how the drunken brother tried to beat him when he interfered. Policeman Crawford, who made the arrest, said that the prisoner acted like a man in the horrors.

ENQUIRY UNDER OATH WILL BEGIN TONIGHT

Ald. Bullock's Committee to Thoroughly Sift the Charges Made Against Safety Board Methods

The committee appointed by the safety board to investigate at the request of Ald. Vanwart, the affairs of the board, will meet at City Hall at 8 o'clock tonight. The chief business to come up will be in connection with the charges made by Ald. Christie against Chairman Vanwart that he has not fully performed his duty. The former stated at a meeting of the common council a few days ago that Ald. Vanwart was not well acquainted with his duties as chairman of the safety board. Vanwart asked Ald. Christie if he had any grounds for such a statement. The latter said that he had and that he was in a bad condition. Vanwart mentioned that Engineer Leonard's room was not in fit condition for a sick man to live in. Ald. Christie made several remarks, one of which was that he would apply for an investigation, and it was agreed by the council that one would be held.

Ald. Bullock was appointed chairman of the committee. Several witnesses will be examined at tonight's meeting, among them will be some permanent men who reside at No. 3 station. All testimony will be taken under oath. The outcome of the investigation is looked forward to with interest, as Ald. Vanwart is confident that the station will be found to be in good condition. It is not known for sure whether Ald. Christie will have any witnesses at the meeting, but the committee will examine carefully both sides of the case. A few other matters may be looked into. Conditions which exist in other fire stations may be considered, although no complaints from any, except No. 3, have been received.

A very interesting service entitled the "Availing Rock of Ages" will be given at Brindley street Barracks on Thursday, December 6th. Special officers will take part. Everyone come.

RECORD BREAKING WEEK OF CATTLE SHIPMENTS

Four Steamers Sailing Carrying Over Three Thousand Head—A Busy Season Is Anticipated.

The present week will be a record breaking one in the cattle shipping business at St. John, and the winter season just begun will, as a whole, far outdistance any previous year. American shippers are here to stay. They commenced forwarding cattle at the very beginning and will send large numbers through here during the entire season. As a rule they have been in a habit of utilizing other ports for the earlier months. Every steamer sailing to Liverpool and Glasgow will have all the cattle space taken, and the number of heads of live stock sent through St. John will be limited only by the capacity of the steamers. The first shipment went away on the Donaldson liner Alcides on Monday, and no less than three other steamers will carry cattle this week. The Alcides had 594 head. The C. P. R. steamer Montezuma sailing tomorrow will take away 1,050 head of cattle and 152 sheep, about half the cattle being from American shippers. Then the C. P. R. liner Montfort will have 732 cattle and 18 ponies, and lastly the Donaldson steamer Parthenia is due to take head of cattle, 152 sheep, and 16 ponies for the week.
