## CARVELL'S STRONG PLEA FOR FREE POTATOES

Government Will Take No Action But Will  
Let N. B. Farmers Continue to Pay  
Tribute to United States

(Hansard)  
Mr. Carvell: "I wish to direct the attention of the House particularly to the question of the export of potatoes. In New Brunswick our farmers are raising, not a few hundred bushels but thousands of barrels. Many farmers in my constituency last year raised from 1,000 to 3,000 and 4,000 barrels each—we reckon our potatoes altogether by barrels instead of by bushels. Therefore, when you add a small amount of ten cents a bushel, you have made a wonderful change in the income of the farmer. The duty on potatoes going into the United States is ten per cent ad valorem. If potatoes are worth \$2 per barrel, as they are in New Brunswick today, and we send them over to the United States, if everything went properly, we would pay twenty cents a barrel for the purpose of getting those potatoes into the United States or in other words, the farmer would get twenty cents a barrel more than he can possibly receive under present conditions. That is the way in which it works out. I am not going to argue now whether the importer or exporter pays the duty, because that very largely depends upon the special conditions existing regarding each particular transaction, but so far as we in the Maritime provinces are concerned, there is not any question about the matter—the Canadian farmer pays the duty. I live within ten miles of the boundary line and our farmers live up and down along that line, and potatoes are being raised on both sides of it. In Acrostic you will find that potatoes are worth the value of potatoes on our side of the line plus the duty. There is no use making any argument about the matter, those are the facts. A man can argue as much as he chooses, but those who go into the Maritime Provinces and get to know what they are speaking about would not listen to him."  
MR. MORPHY: What is your market, and how are your potatoes transported?  
MR. CARVELL: Our potatoes in New Brunswick go practically altogether to New England points, and they go almost wholly by rail. Potatoes from Nova Scotia and Prince Edward Island are carried by water to a great extent. In Nova Scotia, a limited trade has been carried on for many years, but that with the West Indian Islands trade is only a bagatelle as compared with the trade with the United States. We have, however, a big trade with Cuba, and that goes partly by water and partly by rail. I am satisfied, if you investigate the details of the returns, you will

find that a great proportion of the potatoes sent to Cuba last year, which came from my constituency and along the river St. John, were shipped by rail to Boston and from Boston to Cuba by water. That is the ordinary route of travel. I have one client and constituent who last year to my knowledge, sold over \$100,000 worth of potatoes to Cuba, Boston and thence by steamer. I have another client and constituent who must have handled \$50,000 worth of potatoes in the same market, and from my knowledge, I believe a large proportion of those potatoes come from New Brunswick. I find that during the fiscal year ended March 31, 1917, and the first five months of this year, we have sent to the United States about \$3,800,000 worth of potatoes upon which we paid a duty of 10 per cent, or \$380,000. We have simply contributed that amount of money to the revenues of the United States. In addition to that, we have sent to Cuba over \$1,500,000 worth of potatoes, practically all of which went through American ports. If the duty were removed from potatoes going into the United States we would save the duty on that portion as well, because the United States have a preferential treaty with Cuba—that is, potatoes from the United States can be sent into Cuba at a lower rate of duty than

Glass-Miller

A social event of interest took place at the home of Mr. and Mrs. John Glass at Windsor on the afternoon of Wednesday, Sept. 26, when their daughter, Mary, and George L. Miller of Tracey Mills were united in marriage by Rev. P. J. Quigg in the presence of forty of their immediate relatives and friends.

The bride was becomingly dressed in white silk crepe de chene with a bridal veil caught with orange blossoms, and carried a bouquet of white roses, and ferns.

Her travelling suit was navy blue broadcloth with hat to match.

Following the ceremony a sumptuous and dainty wedding supper was served after which the happy couple left for their future home at Fredericton where the groom is taking special work in Engineering at U. N. B.

The bride received many fine presents and several substantial cheques which testify to the popularity of the young people.

## WOODWORKING STARTS THIS WEEK

Starch Factory Ready for Operation Before End of Month

The Observer is glad to announce that the Hartland wood-working factory will start operations this week—today or tomorrow.

Last Thursday evening there was a special general meeting of the shareholders of Hartland Woodworking Co., Ltd., and the sale to Hartland Manufacturing Co., Ltd., previously arranged by the directors, was fully concurred in and ratified. The documents have since been drawn up and the property is now owned outright by the new company, which, as has been heretofore mentioned, has as its promoters, H. H. Hatfield, Arthur W. Kile and R. W. Cameron.

The woodworking factory will start with W. H. Keays as foreman. He is well known here, having had charge of the plant for several years, for two seasons operating it under lease. He will have associated with him James S. Paulkner, a wood-worker of wide experience, and Walter Hatfield who served his time under Mr. Keays. These are the practical hands to take immediate charge, and of course as custom increases others will be taken on the staff.

The starch factory, which last week was "void and without form" is coming rapidly into tangible existence and the company hopes that it will be in full operation before the end of the month. The frame of the large dry house is up and boarded in, while the main factory is also progressing. The immense concrete vats are completed and the piping is being done by J. W. Montgomery.

## THE COMING PARISH ELECTION

Next Tuesday a new County Council is to be elected and in most of the parishes there will be no contests. In Brighton Councilor Morgan has retired but Councilor Smith offers again. Frank Hagerman, who narrowly escaped election once before, is in the field, likewise W. D. Keith, a new but worthy aspirant.

In Simonds Councilors Perry and Shaw are opposed by Norris DeLong and James W. Peters.

In Wakefield Scott A. Shaw and Robert Bell are out against the former representatives Kearney and Bell.

Kent is warm for the fray and Gladstone Perry and Stephen Kinney will try conclusions against the veterans John E. Kinney and W. J. Gallagher.

Aberdeen has a three-cornered fight, the venerable D. H. Lamont being still in the field, with Wallace Hemphill and C. A. Darrah.

In Wicklow, Wilnot, Peel, Richmond, Northampton, Woodstock Parish and Town there will be no contests.

The passing council was a capable body of men, and, while new blood may be desirable, the county will not suffer if most of the old members of the Board are returned.

## Avondale News

The people of Avondale were greatly shocked when the news spread about on Sunday evening last that Mrs. Edwin Sherwood had passed into the Great Beyond. Although she had been in failing health for years, she was about her home a few hours before her death, but was stricken with paralysis and passed away very suddenly.

She was a member of the Avondale Baptist church, and a patient sufferer during her long illness. She is survived by her husband, and one daughter, Mrs. D. F. Nardy at home, also her aged parents, Mr. and Mrs. C. J. Laskey, two brothers, Enoch of Waterville and Charles of New Hampshire, also one sister, Mrs. Frank Watson of Topsfield, Mass.

The service was held at her late residence on Tuesday morning and she was laid to rest in family burying ground at Waterville until the dead shall rise again.

## CENTREVILLE NEWS

The potato crop is extremely short in this section. Some farmers are only getting 20 barrels Green Mountains to the acre and 90 barrels is the best we have heard of so far. Cobblers put in early turned out fairly well with very little rot. Green Mountains are small, quite a lot of rot and not nearly as many in a hill as usual. Price here runs from \$2 to \$2.25. Onions are also a poor crop. Those who have threshed report a light weight. Price locally is 60 with not enough offering for outside shipment. Butternut is being bought for speculation at 40c. Farmers are holding for 50. Eggs are scarce at 40c. Butter speculators will be in the hole if the food controller gets busy.

Fork buyers are around looking for early pigs fit for market. But on account of scarcity and high price of feed all summer pigs have not been fattened and very few are fit to kill at present. Farmers are now getting their own grain milled and there ought to be plenty of stock on the market in three or four weeks.

The concert which was to be held in the Baptist church last Sunday evening was postponed on account of the very heavy rain.

Mrs. S. Peters and little son of Woodstock are spending a few days with Mrs. James O'Hara.

S. Smith, wife and party motored up from Woodstock Sunday. They got caught in the rain on their return home and had some fun on the slippery roads. Four cars were ditched at one time between Centreville and Woodstock. Another car had to be abandoned in a Harold swamp. George Reid came to the rescue and took the party home with his Overland.

Conductor Crookshank visited Woodstock Sunday evening by auto and had a pleasant time.

Dr. E. R. McClintock and wife have returned from a pleasant vacation spent in Boston and other cities. The Doctor is a very necessary man in our community and many have been the calls during the two weeks vacation by those afflicted with toothache.

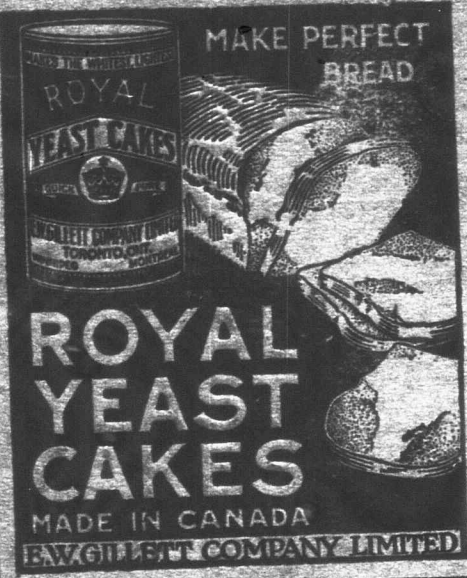

Dr. H. W. Peppers motored to Woodstock Tuesday.

George Wilkinson went to Fredericton Tuesday morning on the Valley train and returned that evening, driving a 1918 Ford with self-starter and all the latest improvements. He was accompanied on his trip by W. A. Reid and Horace Estabrooks.

Charles Reid went to Woodstock Tuesday to attend court.

## Stolen Articles Were Found on His Person

A Houlton youth was before Police Magistrate Holyoke Monday, on a charge of stealing from Dudley Day and William Brennan, in the parish of Kent. Several of the stolen articles were found on his person, viz. a lady's watch, gold chain, fob, razor and \$4.60 in cash. The amount of cash missing is \$7.40 as well as a ring and two pendants which the young man says he did not get. He admitted stealing the other articles and elected to be sentenced by the magistrate and was remanded for sentence on Oct. 3. He attributed his sojourn in Carleton county to his attachment to a young lady whom he met in Houlton and who invited him to her home. In reply to the magistrate he said he did not leave on account of fear of the draft as he was under age. —Sentinel.

## Birmingham-Kilpatrick

On the afternoon of Wednesday, Sept. 26, there was a pretty wedding at the home of Mr. and Mrs. Miles H. Birmingham at Connell when their daughter, Mildred Estia, became the bride of J. A. C. Kilpatrick of Knoxford. The ceremony was performed in the presence of a large number of guests by Rev. E. C. Jenkins, after which a sumptuous repast was served and the happy couple departed on a short honeymoon trip, after which they will take up their residence at Knoxford. There were many handsome and useful gifts.

A unique feature of the wedding was the presence of the bride's Grandfather and Grandmother Trafford, of Centreville, who on that day were celebrating their 50th wedding anniversary.

## 10 CENT "CASCARETS" IF BILIOUS OR CONSTIPATE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to fatal misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep. 10-cent box from your druggist will keep you feeling good for months.

## Carlingford News

Misses Minnie and Muriel Everett and their friend, Miss Estella Lawrence of Knoxford, spent last week at Tilley, guests of Mr. and Mrs. George Dorsey.

Mr. and Mrs. C. J. Kinney and family attended the Centreville Fair Thursday.

Miss Estella Lawrence has returned to her home at Knoxford. Rev. J. R. Belyea was calling in this place Saturday.

Mrs. J. W. Burns is feeling fine after her pleasant trip to Riley Brook.

Mrs. George Fiedle is visiting relatives at Augusta.

## LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of frezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

Mrs. Hodgson and daughter Ella returned from Mars Hill this week. While there they were the guests of her daughter, Mrs. Grass.

Joel Hartley returned from Presque Isle on Thursday where he has been visiting his nephew, Mathias Street.

## Royalton News

Harvesting is well under way here. Potatoes are a very light crop in the majority of the fields around here.

Many from this section attended the fair at Centreville. Several prizes also came to this place. A freak calf owned by Wilfred Crawford attracted a great deal of attention.

Albert Silas and Woodford Burr were called to Burtis Corner on account of the serious illness of their sister, Mrs. Jewett.

W. R. Trafford was doing business here last week.

Frank Hagerman and Millard Shaw of Hartland were recent visitors here.

J. A. Owens has purchased a new threshing machine and engine.

Today potatoes are bringing \$2.50. Onions are quoted at 60 cents. Eggs 40 cents; butter 40 cents. Last week The Observer stated that as high as \$10 had been paid for lambs and 12 cents for live hogs. As a matter of fact \$15 has lately been paid for lambs and 14 cents for hogs on foot.

## GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated "waste," undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

## Carvell's Strong Plea

(Continued from first page)

potatoes coming from any other part of the continent. If potatoes were made free into the United States, of course our potatoes would all go to the United States and none of them direct to Cuba; they would be exported to the United States and then, when they were properly in that country they would be sold to Cuba or wherever the buyers chose to send them. The result would be that all the potatoes going to Cuba, as well as to the United States, would go free of duty, and that would mean, on the figures I have given, about \$500,000 of extra money in the pockets of the people of New Brunswick.

MR. MORPHY: What advantage does the hon. gentleman find in shipping potatoes to Boston? Is there an increased price to any extent, and what is it?

MR. CARVELL: There is an

increased price and an increased market. Last year potatoes reached an exorbitant, outrageous price.

MR. MORPHY: But in an average year?

MR. CARVELL: I do not take last year as a guide, because when farmers are getting \$6 or \$7 a barrel for potatoes they have no cause to complain of tariff regulations or regulations of any other kind. I am dismissing from my argument, and I am trying to discuss the matter under ordinary conditions.

MR. WRIGHT: What is the difference in quantity and value between the potatoes exported from Canada to the United States and the potatoes from the United States into Canada?

MR. CARVELL: It is very great. Take the year ended March, 1917, and the first five months of this year. During that

period we imported from the United States 1,000,000 bushels, and we exported to the United States, about 2,800,000 bushels. You would have to add to that, if you want to get a real understanding of what the difference would be in case the duty were removed, the quantity of potatoes which we sent to Cuba and which would amount to 1,150,000 bushels. I am speaking in round figures.

Therefore, the quantity of our export to the United States would be four times the quantity of our imports.

MR. WRIGHT: That would be for last year, not for an average year.

MR. CARVELL: I am taking last and the first five months of this year. Prior to 1916 very few of these were sent to the United States, because after passing of the Underwood tariff, under which potatoes were practically free, there was only a ten per cent ad valorem duty—certain very shrewd Yankees who live about forty or fifty miles from my home conceived the idea of throwing mud at the Canadian potatoes by claiming that they were afflicted with a disease known as powdery scab, but just the ordinary scab that we have seen on potatoes ever since we were children.

But these gentlemen scared their Government and our Government and everybody else, and I think I am safe in saying that it cost this Government almost \$100,000 to fight the disease. Regulations and a rigid inspection were put in force and it was almost impossible for us to ship our potatoes across the line. But last year, when the United States wanted our potatoes, they did not bother very much about the powdery scab or about the regulations and inspection. They wanted our potatoes and were glad to get them.

So last year would be the first in a great many years when trade flowed freely without any unnatural barriers. I admit that the valuation is very, very far in excess of what the same volume of business would amount to in an ordinary year.

Coming back to the question put by the Minister of Agriculture, I stated that according to the reports furnished by the Department practically a million bushels of potatoes were imported in the two years I have been discussing. We exported in the same period to the United States about 2,800,000 bushels, and to Cuba 1,500,000 bushels. Altogether we exported practically 4,000,000 bushels. So far as I know, the regulations regarding powdery scab and inspection and all that sort of thing are not being adhered to at the present time, and trade flows as freely as it naturally can, except for the duty. The United States customs authorities fix an arbitrary figure in arriving at the valuation. As I understand it, they do not take the invoice price on each carload of potatoes, but place an arbitrary figure upon potatoes from a certain area. At the present time that arbitrary figure for the Maritime Provinces is \$3 a barrel. Actually our farmers are only getting \$2 a barrel. The result is that under their method of assessing the duty is increased by fifty percent. With that exception, trade is flowing as it naturally would under ordinary conditions.

Mr. Morphy: What justification is there for them doing that?

Mr. Carvell: I am not complaining. It is a regulation of the United States Government, and I suppose they have their own reason for it. I do not mean for a moment to say that they are doing it to be unneighbourly, or anything of that kind.

Mr. Morphy: What does our Government do in return?

Mr. Carvell: I do not know. I only happen to know this because a few days ago I received a letter from an organization in New Brunswick, known as the New Brunswick Potato Exchange, who are really the greatest potato dealers in Canada, pointing this

## WOMAN NOW IN PERFECT HEALTH

What Came From Reading a Pinkham Advertisement.

Paterson, N. J.—"I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Some time ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and

decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the above-said ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me."—Mrs. ELISE J. out to me, and wanting to know if something could not be done to remedy it. The result of this method of determining the duty by the United States is that we pay a good deal more than we really should.

I would not attempt to say what the surplus in the United States will be this year, but I know that it will be very large. As regards Canada, I have been told by gentlemen interested in the business that, without the Maritime Provinces at all, the surplus in Canada will be six or seven million bushels. If that be true, it is perfectly safe to say that we shall have a surplus in Canada of at least 10,000,000 bushels, because in the maritime province alone I think we shall have a surplus of about 5,000,000 or 6,000,000 bushels. So if I am right in the information I have received—and if I am not the minister can correct me—the sur-

plus this year will be easily 10,000,000 bushels. In other years, when there has been a shortage of potatoes in Quebec and Ontario we have been able to ship out potatoes there, but when there is no shortage in Quebec and Ontario, we have no market for our potatoes except the United States. Let me give the House an illustration of what that means. In the spring of 1915, there were, I think I am safe in saying, from half a million to a million bushels of potatoes sold in New Brunswick at 15 cents a bushel, and tens of thousands of bushels were thrown on the dump because there was not stock enough to eat them up. The reason for this condition was that there was no demand for potatoes in Quebec and Ontario, and we were debarred by the regulations from sending our potatoes to the United States. The House can readily see the importance of having the United States market open to us. If the provinces of Quebec and Ontario want potatoes, we have them for them, but if they do not want them, unless we sell them to the United States or Cuba, we have absolutely no market and are exactly in the same position we were in the spring of 1915.

Mr. Morphy: Do the farmers of New Brunswick make potatoes their sole production?

Mr. Carvell: I am sorry to say that they do, to a greater extent than they ought to. I know for a

That is the test we want you to apply to the one-ton Maxwell truck—its first cost—and its operating cost.

A Maxwell truck—which is a REAL truck, worm-driven—sells at a price that can not be met in any other motor vehicle of like efficiency, durability and economy.

A Maxwell truck will cover 100 miles in a work day—twice the distance covered by two teams and two drivers.

It will do this at an operating cost of less than that of one team of horses.

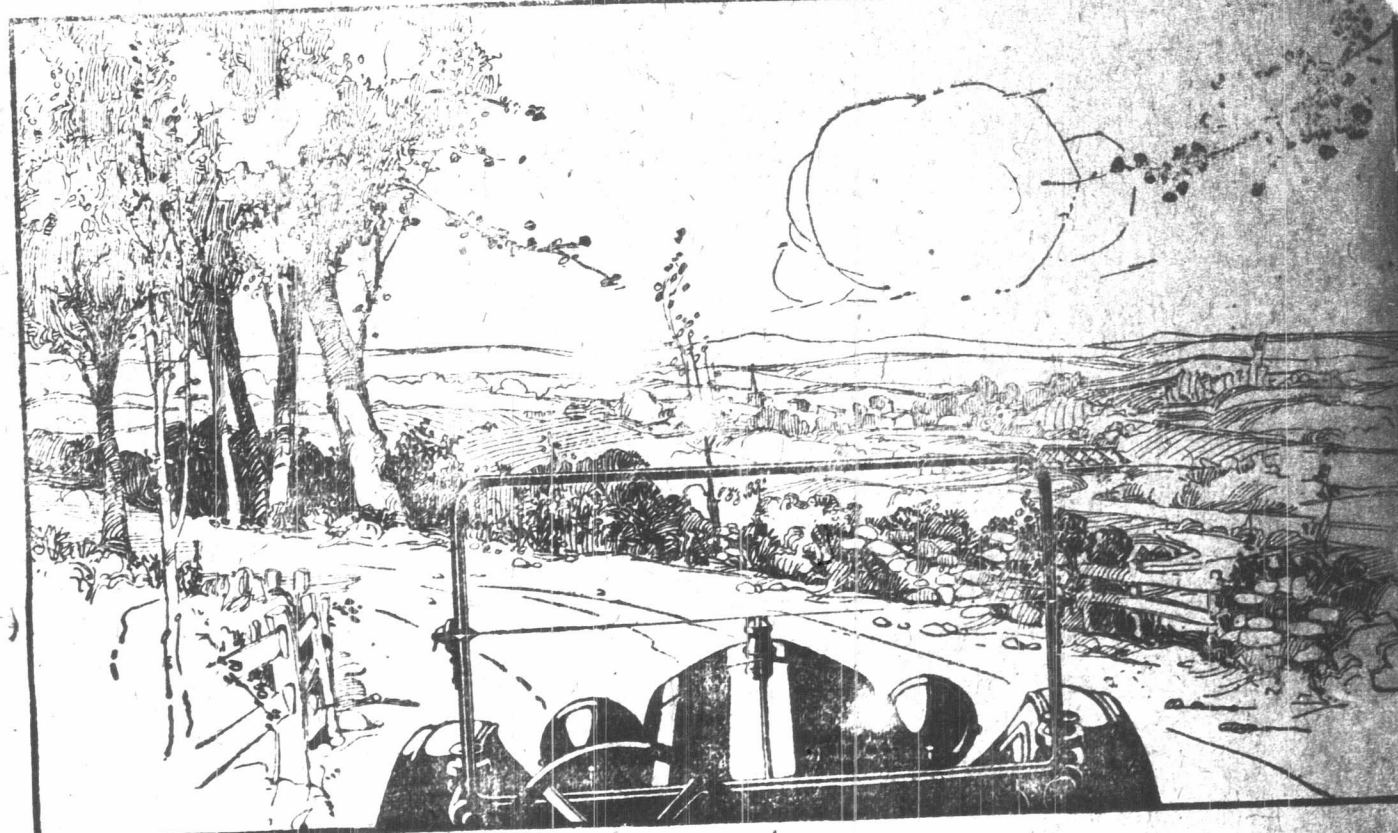

Moreover, it is of a size and capacity adapted to the needs of almost every form and phase of commerce, industry or farming.

The question is not, "Can I afford to have a Maxwell truck?"

The FACT is, Mr. Business Man, you can not afford to be without one.

## Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding as a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

## CENTREVILLE NEWS

The potato crop is extremely short in this section. Some farmers are only getting 20 barrels Green Mountains to the acre and 90 barrels is the best we have heard of so far. Cobblers put in early turned out fairly well with very little rot. Green Mountains are small, quite a lot of rot and not nearly as many in a hill as usual. Price here runs from \$2 to \$2.25. Oats are also a poor crop. Those who have threshed report only light weight. Price locally is 60c with not enough offering for outside shipment. Butter is being bought for speculation at 40c. Farmers are holding for 50. Eggs are scarce at 40c. Butter speculators will be in the hole if the food controller gets busy.

Pork buyers are around looking for early pigs fit for market. But on account of scarcity and high price of feed all summer pigs have not been fattened and very few are fit to kill at present. Farmers are now getting their own grain mashed and there ought to be plenty of stock on the market in three or four weeks.

The concert which was to be held in the Baptist church last Sunday evening was postponed on account of the very heavy rain.

Mrs. S. Peters and little son of Woodstock are spending a few days with Mrs. James O'Hara.

S. Smith, wife and party motored up from Woodstock Sunday. They got caught in the rain on their return home and had some fun on the slippery roads. Four cars were ditched at one time between Centreville and Woodstock. Another car had to be abandoned in the Harold swamp. George Davidson came to the rescue and took the party home with his Overland.

Conductor Crookshank visited Woodstock Sunday evening by auto and had a pleasant time.

Dr. E. R. McClinton and wife have returned from a pleasant vacation spent in Boston and other cities. The doctor is a very necessary man in our community and many have been the calls during the two weeks' vacation by those afflicted with toothache.

Dr. H. W. Peppers motored to Woodstock Tuesday.

George Wilkinson went to Fredericton Tuesday morning on the Valley train and returned that evening, driving a 1913 Ford with self-starter and all the latest improvements. He was accompanied on his trip by W. A. Reid and Horace Estabrooks.

Charles Reid went to Woodstock Tuesday to attend court.

### Stolen Articles Were Found on His Person

A Houlton youth was before Police Magistrate Holyoke Monday on a charge of stealing from Dudley Day and William Brennan, in the parish of Kent. Several of the stolen articles were found on his person, viz. a lady's watch, gold chain, fob, razor and \$4.60 in cash. The amount of cash missing is \$7.40 as well as a ring and two pendants which the young man says he did not get. He admitted stealing the other articles and elected to be sentenced by the magistrate and was remanded for sentence on Oct. 3. He attributed his sojourn in Carleton county to his attachment to a young lady whom he met in Houlton and who invited him to her home. In reply to the magistrate he said he did not leave on account of fear of the draft as he was under age. —Sentinel.

### Birmingham-Kilpatrick

On the afternoon of Wednesday, Sept. 26, there was a pretty wedding at the home of Mr. and Mrs. Miles H. Birmingham at Connell when their daughter, Mildred Edna, became the bride of J. A. C. Kilpatrick of Knoxford. The ceremony was performed in the presence of a large number of guests by Rev. E. C. Jenkins, after which a sumptuous repast was served and the happy couple departed on a short honeymoon trip, after which they will take up their residence at Knoxford. There were many handsome and useful gifts.

A unique feature of the wedding was the presence of the bride's Grandfather and Grandmother Trafford, of Centreville, who on that day were celebrating their 60th wedding anniversary.

### 10 CENT "CASCARETS" IF BILIOUS OR CONSTIPATED

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

### Carleton News

Mr. and Mrs. W. S. Everett accompanied by Mr. and Mrs. J. W. Burns motored to Riley Brook Monday.

Miss Bernice Sprague of Lower Perth spent the week-end with Miss Hattie Brown.

Mrs. D. W. Larles of Lower Perth spent the week-end with relatives in this place.

Misses Minnie and Muriel Everett and their friend, Miss Estella Lawrence of Knoxford, spent last week at Tilley, guests of Mr. and Mrs. George Dorsey. Mr. and Mrs. C. J. Kinney and family attended the Centreville Fair Thursday.

Miss Estella Lawrence has returned to her home at Knoxford. Rev. J. R. Belyea was calling in this place Saturday.

Mrs. J. W. Burns is feeling fine after her pleasant trip to Riley Brook.

Mrs. George Fields is visiting relatives at Augusta.

### LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

● You are further warned that cutting at a corn is a suicidal habit.

### Royalton News

Harvesting is well under way here. Potatoes are a very light crop in the majority of the fields around here.

Many from this section attended the fair at Centreville. Several prizes also came to this place. A freak calf owned by Wilfred Crawford attracted a great deal of attention.

Albert, Silas and Woodford Butt were called to Burts Corner on account of the serious illness of their sister, Mrs. Jewett.

W. R. Trafford was doing business here last week.

Frank Hagerman and Millard Shaw of Hartland were recent visitors here.

J. A. Owens has purchased a new threshing machine and engine.

Today potatoes are bringing \$2.50. Oats are quoted at 60 cents. Eggs 40 cents; butter 40 cents. Last week The Observer stated that as high as \$10 had been paid for lambs and 12 cents for live hogs. As a matter of fact \$15 has lately been paid for lambs and 14 cents for hogs on foot.

### LIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When puerile, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which contains full directions for babies, children of all ages and for grown-ups.

The death occurred at Caribou on Wednesday last, of Aaron Giberson, a well known and highly respected resident of that town. The funeral services were conducted at his late home on Park street and the remains taken to Bath where the funeral took place on Sunday afternoon.

Our old friend George M. Shaw, who was first to establish a hardware store in Hartland, writes a very interesting letter from Oklahoma City, where he now resides, and sends also a copy of a very large book edition of a newspaper published in that state of phenomenal resources, progress and wealth.

Thane M. Jones, Judge of Probates, Woodstock, who began his legal career in Hartland, was calling on old friends on Saturday. He is continuing successful as a writer of short stories, and the quality of his work for Saturday Evening Post is such that he has been importuned by editors of other high class literary journals for contributions.

Assistant Wanted: The Observer wishes to secure, as assistant to the manager, a girl who has knowledge of typewriting, and, preferably, of shorthand. She must possess some business instinct, be quick to perceive what there is to do, and show willingness to do it. A graduate from a business college should be able to fill this position, but a conscientious, earnest young woman might exhibit common-sense sufficient to compensate lack of college training. Call at The Observer office any evening after 7.30.

J. H. Cluff of Woodstock was in the village on Monday.

Caswell Craig of Millipocket has been visiting friends here.

A service appropriate to Thanksgiving Day will be held in the Methodist church, Hartland, on Sunday, Oct. 7, at 10.30 a.m., when the pastor, Rev. G. S. Helps, B. A., will preach.

Next Monday is Thanksgiving Day. The Tory government at Ottawa dies a natural death on Sunday and very appropriately the following day is proclaimed one of national thanksgiving.

The Epworth League will meet in the Methodist church, Hartland, on Wednesday, Oct. 10, at 7.30 p.m. The evening will be the second of the missionary series of India. Rev. G. S. Helps will give an address on "India's Search for the Truth." A cordial invitation is given to all.

The Provincial Older Boys Conference will be held in Fredericton, Oct. 25-28. No one interested in the manhood of the future can afford to miss the inspiration and wise direction to be obtained from this great gathering. All Sunday schools are invited to send boy delegates. Particulars may be obtained from Arthur M. Gregg, Y. M. C. A., St. John, or Rev. G. S. Helps, Hartland.

The Observer wishes to secure a boy to assist around the office. This would be a good job for a lad of 12 to 16 years, who is going to school and who would like to both earn and learn something out of school hours. For further particulars call at the office any evening after 7 o'clock.

Cards of Thanks, and such notices, are inserted in The Observer at 15 cents each. This is plainly stated in each issue of the paper—at the top of the first column of the second page. Yet every week there come such notices without the money. Last week there were three, this week there came four. The Observer is not in position to render service for nothing, and 15 cents is too small a sum to open an account for. Why not send the money in the first place?

At Halifax on Sept. 26, by Rev. Mr. Lemoine, assisted by Rev. Mr. Lockwood, Dr. Le de C. Macintosh of Hartland was united in marriage with Miss Pannie Drakeford Duke of Aiburth, Liverpool, England. Dr. Macintosh, who is heartily congratulated by his many friends here, first met his bride while he was attached to the British Army Corps last year. Mrs. Macintosh is a daughter of Mr. Thomas Berrate Duke, whose family since the 15th century have resided at Barley Hall in Yorkshire. Oflate they have dwelt at Liverpool where Mr. Duke is engaged in brokerage. Mrs. Macintosh made the trip across the ocean on the interned steamer Waterland, landing at Halifax.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glimmers with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and it not overcome it produces a feverishness and itching of the scalp, the hair roots become loosened and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

## To The Electors of the Parish of Brighton:

Gentlemen: Two years ago I offered myself as a candidate for county councillor and was defeated by my rivals. Again after being solicited by a large number of my friends I have consented to offer once more for that office, and will promise, if elected, to give my best attention to the duties devolving upon that office. The time is so short I will not be able to call on many of you, but trust you will give me the same hearty support you did two years ago, with an increased number of votes.

Yours for Better Service,  
FRANK HAGERMAN.

## To The Electors of the Parish of Brighton:

Ladies and Gentlemen: Having been requested by a large number of the electors of the Parish to offer as Councillor in the coming election, I have decided to be a Candidate for municipal honors.

On account of the demands of business at this season of the year and the very short time before the election, I will not be able to go over the Parish to discuss municipal matters and have the usual election hand-shake with the electors, as I would wish to do. I would, therefore, ask each individual elector to consider this a personal request for his or hers support, and to rest assured that, if elected, I shall to the very best of my ability work to conserve the best interests of the Parish and County.

Yours respectfully,  
W. D. KEITH.

## To The Electors of the Parish of Brighton:

Having served as Councillor for the Parish during the last term I have decided to offer for re-election in the coming contest.

During my term at the Council Board I have always endeavored to work for the best interests of the parish at large, and I believe that the experience which I have gained in municipal matters means that if re-elected I would be in a still better position to serve your interests.

If my course in the past has commended itself to you, I would respectfully solicit your renewed support, and will always endeavor to faithfully and carefully look after the interests of the Parish in particular and the County in general.

FRED W. SMITH.

## Specific For Bronchitis

The Turpentine used in Dr. Chase's Syrup of Linseed and Turpentine is not the ordinary commercial article, which is little used because of the unpleasantness of taste, but is specially extracted from tamarac and spruce gum and so combined with other valuable ingredients as to be at the same time pleasant to use and wonderfully effective in the cure of affections of the throat, bronchitis, tubes and lungs.

## Sleepless Nights With Eczema

Mrs. Link, 12 Walker St., Hartland, N. S., states: "After three years of miserable torture and sleepless nights with terrible eczema, and after trying over a dozen remedies without obtaining anything but slight temporary relief, I have been perfectly and entirely cured by using Dr. Chase's Ointment. After the third or fourth application of this grand ointment I obtained relief and a few boxes were sufficient to make a thorough cure."

## Grant-Kilpatrick

The home of Mrs. Martha Kilpatrick, Greenfield, was the scene of a very interesting event on Sept. 19, when her daughter, Lulu Beatrice, was united in marriage to Joseph Wiley Grant of Kilburn. The ceremony took place at 4 p. m., the bridal party entering the parlor to the strains of the wedding march, which was rendered by Miss Jennie Kilpatrick of Florenceville. Rev. H. E. Rigby was the officiating clergyman. The bride, who is one of Greenfield's most popular young ladies, looked charming in a gown of white French silk crepe-de-chene. She wore a veil and carried a bouquet of white carnations, asters and maiden hair fern. She was given in marriage by her brother, Roy Kilpatrick. The maid of honor, Miss Lottie Kilpatrick, wore a dress of rose silk; the bridesmaid, Miss Wynnie Golding, pink silk. Little Miss Martha Armstrong of Lowell, Mass., niece of the bride, made a very sweet and dainty flower girl. Murray L. Grant of Kilburn supported the groom. After the ceremony the guests sat down to a bountiful wedding supper. The gifts were numerous and beautiful, consisting of furniture, linen, silverware, china and over \$50 in cash. In the evening the happy couple drove to their future home in Kilburn. The bride's going away suit was of brown gabardine, with large velvet hat to match. Mr. and Mrs. Grant have the best wishes for a long and happy married life.

## Edward Kennedy

Edward Kennedy, a well known farmer, died on Thursday at the home of his niece, Mary Ann White, in Charleston, this county, aged 80 years. He was unmarried. The funeral took place on Saturday morning, Rev. Fathers Ryan and Allen conducting the services in the absence of the pastor, Rev. Francis Bradley, who is in St. John.
