## NEW COUNCIL IN SPECIAL SESSION

Mayor Kelley for County Council—Old  
Assessors Re-Appointed

A special meeting of the new Town Council was called on Jan. 13 for the purpose of appointing a representative to the County Council for the present year, to appoint a nominating committee and to name the assessors for 1922.

Mayor Kelly was the unanimous choice to represent the Town at the County Council. The same assessors were elected as last year: M. W. White, H. J. Alton, ward 2 and J. E. McCollum, ward 3. This board of assessors rendered excellent service last year and there is no reason to doubt that they will give the same faithful attention to this work during the coming year. The eldest member of the board has served ten years, off and on, in this particular capacity and his geniality and experience has been beneficial to the younger members of the board who have at all times co-operated in the duties of their office.

The nominating committee met at the close of the meeting and will render their report at the first regular meeting of the Council in February. There will probably be no changes in the chairmen of the roads, water and finance committees for 1922.

The citizens of the town will await with keen expectancy the crystallized opinion of the seven financial wizards who, through their finance minister, will bring down the budget for consideration and the passing of the estimate for 1922.

### THE DISASTER AT ARGYLE

In respect to the explosion that occurred at Argyle it might be well to make a few corrections of the report appearing in our issue of Jan. 5. The mill was owned and operated by John Crawford. The man killed was Geo. H. Dutcher of Newcastle. His wife has been dead a number of years, in fact before he went overseas. He served four years. The explosion was not caused by frozen steam pipes, as when Mr. Kenny viewed the wreck next morning and questioned the engineer he was satisfied that the cause of the explosion was from a different cause which will no doubt be made public in due course.

The owner had complied in every respect with the laws and regulations of the compensation board governing the operating of steam plant and in addition had adopted and enforced further precautions against possible injury to employees. All boilers in steam plants, of whatever nature, should be thoroughly tested every season by some competent man under direct supervision of the government board, and if every detail of the test is not carried out in full before leaving the plant he should be held the same as any other felon who is the cause of taking of human life should an accident of this nature occur, and the government should reimburse the owner in full for the loss sustained financially.

What about Mr. Millwain?

### NEW VALLEY RAILWAY SERVICE

A new timetable went into effect on the Valley Railway on Monday, and it is one that will not be so generally satisfactory as the old one, inasmuch as the express service is reduced to a tri-weekly and arrivals and departures, particularly at Centreville, are untimely.

On Tuesdays, Thursdays and Saturdays the express will run, leaving Centreville at 9 a.m. and arriving at Fredericton at 9:30, St. John at 12:35. On the same days the express will leave St. John at 4:20, Fredericton at 7:40 and will arrive at Centreville around midnight.

On the other days of the week a mixed train, hauling passengers and freight, will leave Centreville at 9:30, and another will leave Fredericton at the same hour.

### UNITED FARMERS MEET IN FREDERICTON

(Cleaner)

Fredericton is to be the meeting place of the United Farmers of New Brunswick in their annual convention, a decision to return to this city after trying other places having been recently reached.

The annual meeting will be held here in February following the annual meeting of the shareholders of the Maritime United Farmers Co-operative Company, Limited, which will be held in February.

It is also learned today that the directors of Maritime United Farmers Co-operative, Limited, have at a re-

cent meeting passed a resolution for the reorganization of the company's system under which each branch will become a separate corporation with the idea of inaugurating at the annual meeting some plan whereby a brokerage system may be put into effect.

To explain the changes to the shareholders in the stores now being operated in the company's system a series of meetings are being held, the territory being divided into districts for this purpose with C. Gordon Sharpe, of Pembroke, in charge of Carleton and Victoria counties, Alfred E. Williams, of Keswick, in charge of York county, and Dr. McIsaac in charge of the eastern portion of New Brunswick and branches in Nova Scotia.

## PERTH WINS FROM HARTLAND

Exciting Game of Hockey at Perth  
Last Evening—Return Game  
Here Saturday

In an exciting game of hockey played at Perth last evening the local aggregation went down to defeat by a score of 1-0. The Hartland team put up a good brand of hockey through the whole game and had an edge on the play until the last of the third period, when Stevens, Hartland's defence man, was disabled with six minutes to go and a hole in the Hartland defence lines. Leitchford scored after a melee in front of Hartland goal. The Hartland team much lighter than the Perth team put up a much faster game.

A large crowd of rooters were on hand. The game was clean from start to finish, no penalties being handed out. Dr. A. F. Macintosh refereed the game to the satisfaction of all.

A return game is announced for Saturday afternoon which should be as fast if not a faster game than the one yesterday.

### HORSE RACING FRIDAY AFTERNOON

Hartland Driving Club will have their first meet tomorrow when there will be at least two classes and a few hours keen sport. In Class A old Ben Ali will be matched with Frank Hayden's Queenie Patchen, and in Class B. Al Moore's Peggy Hal and Stanley DeWitt's Onward Wilkes will try conclusions. Eureka, owned by Dr. Macintosh, and Brown Dick, Jr., owned by Charles Crabb will make a good exhibition.

If too much snow does not interfere the track will be in fine condition with ample scope for a clear quarter mile between the wires. The track is just opposite the Deep Creek siding, about a mile and a half below town. The races will start at 2 o'clock.

### STEPHEN D. ROSS

On Jan. 10, at the home of his daughter, Mrs. C. H. Merrill, at Marlboro, Mass., Stephen D. Ross, formerly of Florenceville, died very suddenly while sitting in a dentist chair.

Mr. Ross was 66 years old. He was born in Grand Lake, and with his wife went to Marlboro to make their home with Dr. and Mrs. Merrill at the time Dr. Merrill left for the war, four years ago. They have resided there ever since.

He leaves, besides his wife and daughter, Mrs. Amy R., wife of Dr. Merrill; two sons—Fred Ross, a civil engineer in Harlan, Ky., and George H. Ross, civil engineer in Placentia, Calif.

Mr. Ross was a member of the Independent Order of Foresters and the I. O. O. F., and of the Baptist church.

### NEW FERTILIZER COMPANY

Home-Mixed Fertilizers Limited is the company organized to take over, continue and develop the fertilizer business initiated by Hatfield & Co., Ltd., last year. H. H. Hatfield is chief promoter of the enterprise and interested with him is H. B. Durost, B. S. A., of Woodstock, who has had ten years experience in home-mixing. The head office of the new company is at Hartland and they occupy the rooms in the Hatfield office building formerly used by the late A. A. Rideout. H. J. Alton is in charge of this office. The unmixed fertilizers sold direct to farmers will in most cases be shipped from a warehouse which the company has opened in St. John.

## NEW THEATRE OPENS JAN. 26

Will be Known as the "Neighborhood Theatre" and First Picture Will be Finest Ever Shown Here

The work of transforming the Bartt building on Main street into a first class, modern picture house is now about completed and the management are advertising Jan. 26 as their opening date.

The new auditorium is on the street floor, which, with the 30-foot addition at the rear, affords a hall with seating capacity for about 240. There is ample lobby space and convenient box office, while every precaution and regulation has been adopted to prevent danger or panic from fire.

The management has made a wise choice in their first offering to the public, the picture being "The Old Nest," a remarkable screen version of Rupert Hughes' famous book. The play is one of those full of heart-throbs and the theme is the old, old one of "Love"—mother love, the love that endures.

It is needless to predict that the house will be filled on the opening night, but the following outline of the story will interest those who are anticipating the event:

The home of Dr. Horace Anthon is the average American small town home. Mrs. Anthon is the average hard-working mother whose time and mind are occupied with the cares of her household and her six children, who range in age from one to fourteen years. In this home are shown all the little comedies and tragedies that occur in all families and that go into the making of a home—the old nest.

The eldest son is killed in a railroad wreck. Another son grows up to be a typical small-town sport, an idling, pool-playing, pilfering youth, whose small thefts finally cause his father to disown him and send him out into the world. The eldest daughter, Kate, marries and goes to New York, and her brother Frank goes to Paris to study art. Emily, the baby grows to womanhood at home, and after promising never to leave mother, suddenly elopes and goes abroad with her young husband.

Mother is now left alone in the old nest. Father goes on with the humdrum, trying life of the country doctor, but mother now old and careworn, spends all of her time in the empty house, longing for her children and trying to live over again the old memories. Her birthday comes and goes without the children remembering it until days afterward. They are all busy with their various lives and haven't much time to think of mother.

Once Tom, now a successful lawyer, telegraphs suddenly that he will be home in a few days. There is great excitement in the old home; Mother prepares a magnificent dinner, but at the last moment the son wires that business will prevent him from coming. The breaking mother heart is partially consoled by the future return of her wayward son, Jim, who needs money, he says, to ship his cattle to market. She gives him all her jewels, and he blinks away without seeing his father.

Then one night, after mother has gone to bed, feeling tragically her lonely life, she is awakened from a nightmare by the sudden entrance of Tom. He embraces her; the door opens, and all the children rush in. There is a tender scene of reconciliation between Jim and Father Anthon, and the picture closes with a beautiful message to all sons and daughters.

### Women's Institute Notes

The January meeting of the Hartland Women's Institute will be held in the Knights of Pythias Hall on Friday—tomorrow—evening. The roll call will be answered by a "New Year" quotation. After the business has been transacted a splendid program will be rendered and refreshments served.

At the December meeting of the Women's Institute a splendid report of the Annual Convention of the New Brunswick Women's Institute was given by Mrs. Rupert Harris, who, as the delegate from Hartland, attended this convention which was held in Woodstock in November.

Mrs. J. Ray Montgomery, Sec.

### PRODUCE PRICES

Today dealers are paying \$24 a ton for hay, 45 cents for oats. Eggs are bringing 40 cents and butter 25 cents. Potatoes are being bought for \$1.50 to \$1.75 on a very weak market. There is little chance that the price will be much better and farmers are wisely disposing of what they can at these figures.

**BEAUTY OF THE SKIN**  
Is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmondson, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

## Dr. Chase's Ointment

MRS. FRANCES RYAN

The death of Mrs. Frances Ryan occurred after a short illness at her home at Johnville on Jan. 5 at the advanced age of seventy-six years. Mrs. Ryan, born at Wicklow, daughter of the late George and Nancy MacLachlan, was a resident of this place for many years and beloved by all who knew her. She leaves two sons, Thomas L., manager of the City Fuel Company, Vancouver, and George P., at home; three daughters, Mrs. James Sweeney, Bath; Miss Johanna, R. N., Vancouver, and Mrs. Adolphus De Yone, Red Rapids and fifteen grand children.

The late Mrs. Ryan was buried on Saturday morning. The funeral proceeded from her late residence to St. John the Evangelist church, where high mass of requiem was sung by Rev. Fr. Donahue. The body was interred in the Catholic cemetery beside that of her husband, who died many years ago.

ST THOMAS

Miss Vita Mulheron is visiting her sister, Mrs. James Dugan of Moose Mountain.

Miss Faye Kelly has returned to Fredericton to resume her studies at Normal School.

A sled load of the young people of this place attended a dance at William Fewer's last Thursday night. All report a very enjoyable time.

Mrs. Michell Mulheron returned home having spent the past week visiting relatives in Port Fairfield and Moose Mountain.

Miss Tillie I. Campbell was to Woodstock last Sunday to see her sister, Mrs. Charles Hourihan who is ill.

Miss Belle McInnis spent Wednesday afternoon with Miss Rose Travis. Denis Mulheron of this place is visiting friends in Maine.

Mrs. Guy Gallagher of Newburg spent the week-end at the home of James Campbell.

Andrew McInnis is improving slowly.

Mr. and Mrs. Abner DeGrass of Waterville spent Tuesday afternoon at James Lipsett's.

## Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto.

## RHYME AND REASON

Mr. Farmer, I wish to tell  
You of a line of goods I sell.  
There is no other quite so fine—  
It is the MASSEY-HARRIS line.  
They started seventy years ago  
At cross-roads in Ontario  
To make machines to aid the men  
That one might do the work of ten;  
To aid the farmer in his toil;  
To wrest a living from the soil.  
That they've succeeded wondrous well,  
This is the story I would tell.

When the call of the West insistent came  
Saying "Give us machines to bind our grain,  
To plough our land and sow the seed  
To fully meet a nation's need."  
With ox-carts slow they blazed the trail  
And paved the way for the iron rail.  
Where droves of bison roamed the plain,  
Now countless fields of golden grain;  
Where Indian's teepee smoke arose,  
The laden freight train swiftly goes.  
Where red-man chased the fallow deer,  
Now smiling homesteads do appear;  
And dotted o'er the country's face  
Large towns and cities grow apace.

The product of this land, of course,  
Is shipped down east by the iron horse—  
Down through the lakes it finds its way  
To seaboard ports along the bay.  
And by huge steamers carried o'er  
To feed the hungry of many a land  
Who oft in famine's shadow stand.  
Who makes two blades of golden grain  
Where grew but one lives not in vain.  
What of these men, in silent grave,  
Best of their lives they freely gave  
To lighten labor's heavy load,  
Steered millions from want to plenty's road;  
And millions yet unborn will rise  
And laud their virtues to the skies.

To those in homicidal strife  
In zones of danger risk their life,  
To those the Poet's lay doth rise  
And laud their prowess to the skies,  
But to these men of lowly mien  
Who by their pluck and brawn and brain  
Are more deserving of a word  
Of praise, and laurel wreath  
Than those who do the sword unsheath.  
The victories of peace out-weigh by far  
All advantage gained by war.  
The wilderness blossoms as the rose  
Wherever Massey machinery goes;  
From where Atlantic's waves so grand  
Do lash the shores of Newfoundland,  
To where Pacific's peaceful wave  
The shores of Columbia gently lave;  
North to the region of eternal snow,  
South to the Gulf of Mexico.

Where e'er men toil and the sun does shine  
You'll find the Massey-Harris line:  
On Russia's steppes, to India's sands  
East and west in many lands  
Their goods are known and prized, too,  
For the good work that they can do.  
In Southern Europe the lazy Turk  
Has Massey machines to do his work.  
In New Zealand and Australia, too,  
The Massey lines find work to do.  
And many islands of the sea  
Keep them as busy as can be.

In many countries, at all world's fairs  
Gold medals and the palm was theirs.  
King George the Fifth in his world quest  
To find machines that were the best,  
To do the work of his estate  
Put Massey-Harris on the slate.  
At Balmoral and Windsor, too,  
Massey machines find work to do.  
They've done for years work on the farms  
And now they use the Roal Arms  
And "By Appointment to the King."  
They could no greater glory bring.

When wars alarms had reached our shore  
And men were weltering in their gore  
Hundreds of their men did seize their guns  
And sallied forth to meet the Hun.  
More than six score laid down their lives  
A proud and willing sacrifice  
To freedom's cause and to pave the way  
That the Dove of Peace might come to stay.

When Canada was called to meet  
Shortage of shells the Hun to beat,  
Eighteen-pounder shrapnel shell  
And high explosive, too, as well,  
Were turned out steadily at the rate  
Of twelve hundred daily, so they state.  
But their best efforts, in which they pride,  
Were put forth on the humane side,  
Where poor maimed and broken men,  
Nursed back to health and life again,  
And thousands live to bless the day  
They went to Dulwich-home to stay.  
Where Massey-Harris paid all the bills  
And quickly divorced them from their ills.

Now don't you think this is the time  
To hitch up to the Massey line?  
And get machines your work to do  
And help these hard times to pull you through?  
Produce a lot, produce it cheap.  
It sure will put you atop the heap.  
They'll help you do it every time.  
If you hitch up to the Massey line.  
And aid you, too, without a doubt  
To start a nice, fat bank account.  
And when you're called to go up hence  
Leave your wife and children a competence.  
See H. N. Boyer without delay.  
Don't put it off another day.  
Give him a list of what you need  
To till your land and sow your seed.  
You will, I think, be as sure as fate  
Vexatious delays eliminate.  
If you have not the cash to pay  
They'll gladly wait until the day  
When you can pay them all, or part.  
And pay it, too, with a willing heart.  
And you will surely bless the time  
You hitched up to the Massey line.

## SO MANY PEOPLE ARE NERVOUS

"Fruit-a-lives" the Greatest of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This, "FRUIT-A-LIVES" will do.

"FRUIT-A-LIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-lives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-lives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

MISS CHRISTINE TILLEY

The death took place on Jan. 10, at her home in Jacksonville, of Miss Christine Tilley, a young lady of a most lovable character, who had a host of friends wherever known.

The deceased was 25 years of age and is survived by her parents, Mr. and Mrs. Chapman Tilley, four sisters, Mrs. Charles Crawford of Debec, Mrs. Bert Gardiner of this town, Mrs. Charles Margison of Jacksonville, and Miss Alice, at home; one brother, Rev. George Tilley of P. R. I.

## "Faddy" Appetites

### NIGHT COUGH

CHESTS torn and made sore by an incessant night cough, are comforted and strengthened by Peps. When placed in the mouth, Peps dissolve away into powerful healing and germicidal vapours that are breathed straight to the lungs. Harmful germs in the throat are immediately destroyed, soreness and inflammation in the bronchial tubes is soothed away, obstructions are softened and get rid of. In Peps you have the benefits of pine-forest treatment at home. Take them for a cough, cold or a chill, for grippe, sore throat, infectious colds and bronchitis.

All druggists and stores sell Peps at 25c. 50c and \$1.00. or ordered direct from THE PEPSE COMPANY, 1000 Broadway, New York.

**PEPS**

FRED H. STEVENS, Editor and Manager.  
HARTLAND, NEW BRUNSWICK

A member of the C.W.N.A. The Observer, with 500 other Canadian Weeklies, is bound to the strict observance of the Rules of the Association.

SUBSCRIPTION: \$2.00 per year, payable in advance. Subscribers in U. S. must pay 50 cents extra for postage.

ADVERTISING RATES: Small ads, such as Wanted, For Sale, To Let, Announcements of Meetings of any kind, Engagements, Births, Deaths, etc., are charged 50c. for one week. \$1.00 for three weeks, strictly cash with the order. Display ads, 1st insertion 25c. per column inch; following insertions of the same ad 15 cents per inch. Minimum contract rate 1¢ per inch. Seven days' insertion average for year ending Sept. 1931, 1932. Making list may be inspected by advertisers.

Contributions: News items from any part of Carleton and Victoria counties are eagerly sought. Brief letters on timely topics will be published at the Editor's discretion, but all such must be signed by the writer. It is useless to send poetry, prose literature or any other matter that is not real news of general interest to the readers in the two counties. Such will not be published, nor returned, if postage is not included.

PRINTING: The Observer office is so well equipped for general printing that it is every day successfully competing with the largest city offices. The quality of our PRINTING and the generally satisfactory service rendered in this department enables us to command full price and a full run of work at all times. We do high class printing and accept and deliver promptly any order, small or large. Office stationery and Commercial work, Book and Periodical Printing, all handled equally well.

HARTLAND, N. B., JAN. 19, 1932.

## DISASTROUS FIRE AT WOODSTOCK

About two o'clock this morning fire broke out in Cowan's clothing store at Woodstock and the building was gutted and the stock destroyed. The stock of the Manzer dry goods store was practically ruined by smoke and water and Mal's drug store suffered a good deal from the same cause.

## WINDSOR WHISPERINGS

Several agree that the night of Jan. 11 was the worst they ever experienced. Such a severe east gale passed over the land doing some little damage to almost everyone, and no great damage only to a few. One of Mrs. Mary Craig's barns was blown down. Clifford Dickinson's hog house was unroofed, one of Arthur Orser's barns was partly unroofed. W. C. Forrest had to have new barn doors made. G. B. Wasson had a new hay rack blown all to pieces.

Mrs. Tyson Nicholson and son Winston of Simonds spent last week-end with her daughter, Mrs. Arnold Orser.

The missionary meeting was held at Mrs. P. E. Dickinson's Sunday night. A good number was present. Mrs. P. E. Dickinson gave a very interesting talk about our medical missionaries in India and their work there. The Mrs. H. L. Dickinson, W. C. Forrest and C. P. Wasson each had a reading in connection with the work. The singing was good. All went home feeling the meeting had been a success in every way. The next will be at Mrs. G. B. Wasson's, Feb. 8.

Miss Faye Stoddard is visiting her sister, Mrs. Raymond Dickinson.

Mrs. George Elliott was calling on Mrs. Clifford Dickinson last Monday. Glad to hear that Mrs. Frank Orser is doing nicely since the operation performed recently.

## DEMMANS GETS A REAL SUPRISE

I've Seen This Kind a Thousand Times That I Tried Tansic, Says Winnipeg Man.

"I never was so surprised at anything in my life as I was at the relief I got from my first bottle of Tansic, and five bottles of the medicine have made me perfectly well and strong again," said Joseph Demmans, a well-known college student, rooming at 21 Jane St., Winnipeg, Man.

"About a year ago I caught an awful cold which stayed with me all the winter and kept me feeling far from up to the mark. This last spring I managed to get rid of the cold but my system had become badly disordered. I had such awful pains and cramps in my stomach that I just dreaded to eat, for even the lightest kind of food disagreed with me, and I bloated with gas and suffered misery. I had no energy for my studies, and felt weak and worn out all the time.

"I read so much about Tansic that I bought a bottle one Saturday afternoon, and I have been thankful a thousand times that I did, for the medicine has rid me of the indigestion and put me in the very best of health. I eat hearty and enjoy my meals now and have gained several pounds in weight too. I have plenty of strength and energy and feel good all the time. Tansic has been worth so much to me that I'm only too glad to recommend it."

Tansic is sold in Hartland by Estey & Curtis Co., Ltd., and by leading druggists everywhere.

He looked as wise as an owl, did he. His tricks were well adjusted. He declined to advertise, you see. And in a year he bustled.

## A Grand Old Sea Empress

When the Empress of Japan sailed from Vancouver for Yokohama, Kobe, Nagasaki, Shanghai and Hong Kong a short time ago, she started on her one hundred and fifty-fifth voyage. A voyage in steamship parlance is a round trip, or, in other words, until the ship returns to her home port again. The distance from Vancouver to Hong Kong is 14,500 miles, or a total of 14,500 miles to be covered on each voyage. When the Empress of Japan arrived at the port of Vancouver, she established a record for Trans-Pacific voyages. With the completion of her one hundred and fifty-fourth voyage, the Empress of Japan had covered 2,500,000 miles in the Canadian Pacific service, or equal to nearly one hundred times around the globe. In computing this record, there is not taken into her account her four years' war service.

The Empress of Japan was built at the yards of the Harland, Wolff and Company of Glasgow, Scotland, and arrived at Vancouver in 1911. She is a steel twin-screw steamship, three masts, two funnels, of 6,000 tons, 425.5 ft. in length, 52.5 ft. in breadth, and 33.1 ft. in depth, 200 A-I according to Lloyd's Register, and is noted for her trim yacht-like appearance. She has enjoyed greater popularity during her entire career than almost any of the smaller class of steamships on either the Atlantic or Pacific.

For thirty years the Empress of Japan has been in constant service without a single mishap to her record. Although in her day she was considered the finest of her type afloat, and for two decades was "Queen of the Pacific," she is

impaired that hour only when the smaller and larger Empresses of Canada and Empress of Asia were added to the Canadian Pacific fleet between Vancouver and the Orient. It is a tribute to the builders of the early days when it is known that the ship's original hull was still in her hull and doing good service. In fact, the Empress of Japan still maintains a speed of 18 1/2 knots an hour, and on October 8 she made 200 miles in the lower-lower harbor. The Empress of Japan accomplished the last trip from Yokohama to Vancouver in a little less than 22 days, allowing for the weather day. None of the early Canadian Pacific ships which have recently returned the Pacific service can be said to have equalled themselves when they cover the distance in less than 22 days.

## Local News and Personal Items

The Observer asks every reader to help make this page interesting by contributing any local news or personal items they may know about. The editor must depend on the parties interested to supply items for this page. Don't hesitate to send personal concerning yourself and your family; we want them all. Don't blame the editor if what you expect to see is not here if you have not yourself taken the pains to see that the office was informed of the item. Anything in the nature of advertising appearing in these columns must be paid for at the rate of 4 cents a line. This applies to Cards of Thanks, Announcements of Marriages or Deaths, For Sale, Wanted, Lost, Found, etc. Changed items will be 10 cents a line. Better send the money with the item, counting six words as a line. No ads less than five a week.

#### Gifts for Gay Hours

Christmas never brought lovelier remembrances to fair women than the picturesque hair ornaments for their gay hours which this season presents. There are many of them made of ribbon, beads, flowers or mock jewels in headbands, and finished with a feather or blossom or other ornament. The sparkling piece pictured is merely a fillet of rhinestones that encircles the head and supports a small pansy flower at the left with a few sparkling rhinestones scattered on its leaves.

#### Bib and Tray Cloth

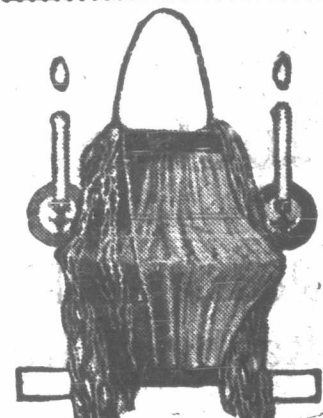

Balloons, in bright colors, and an angular elephant decorate the ample bib and tray cloth to match, made of oilcloth, as pictured above. They will afford the youngest member of the family much joy and his mother much peace of mind at the dinner table. Therefore the donor of this gift will be twice blessed and long remembered. The mottled oilcloth is cream colored and the bib is bound at the neck with white tape which is extended into ties.

#### Fairy Powder Puff

Little celluloid kewpies which may be bought everywhere have been used in many ingenious ways for Christmas gifts. Here is one dressed up like a fairy bride with ruffles of chiffon bound with narrow satin ribbon for a skirt and her head adorned with a braid wreath and veil. She stands in a small box stuffed with cotton and gathered about her feet and it has a cloth powder puff sewed to it that rests in a glass bowl.

#### Christmas Decorations

One of the easiest ways for dressing up the house at holiday time is to make lamp, candle and electric light shades or lanterns of crepe or tissue paper and tinsel. To make the small lantern pictured two rings of cardboard are covered with plain black or gold paper pasted over them. A length of light green tissue paper is tied along the center, slashed into narrow strips and pasted inside the rings. Under this a length of rose-colored crepe paper narrower than the green is pasted; this causes the strips of green paper to spread and stand out. Silver tinsel hangs from the wire handle at each side.

#### Fadeless Flowers

Flowers made of petals cut from paper cups and coated with colored sealing wax, are among the novelties that add to the cheerfulness of home and Christmas this year. A cluster of them in several different colors, in a vase that is also coated with the wax, makes a very pleasing bouquet for the living room or dining table. The colored wax is a substitute for paint and a small alcohol flame becomes the brush for making the fadeless blossoms.

#### MIDDLE SIMONDS

The many friends of Norval Guerrier will be pleased to know that he is somewhat better after his severe illness.

## A NEW ATLANTIC LINER

The twin-screw steamer "Montclare," built for the Canadian Pacific, is the first of a new class of ships to be built for the Atlantic Service, and is a sister ship to the "Montcalm." The other ship of the three the "Montcalm," built at the Fairfield Shipbuilding and Engineering Co's yard, Glasgow, is expected to leave for Liverpool next.

The "Montclare," like her sister ship, is built to Lloyd's highest class, and meets all the requirements of the Board of Trade as a passenger ship. Her principal particulars are as follows:

Length on waterline.....553 ft. 6 in.  
 Breadth moulded.....70 ft. 6 in.  
 Depth to "C" (Shell).....43 ft. 5 in.  
 Depth to Boat Deck.....65 ft. 6 in.  
 Gross Tonnage about 16,200 tons.

The vessel is of the Shelter Deck type, with the Bridge Deck extending almost the full length, and long erections above. She has a cruiser stern, two masts, and two funnels, giving her, when complete, a most pleasing appearance. Twelve watertight bulkheads extending to "C" Deck divide the ship into thirteen watertight compartments. The hull is double bottom, in which is stored all fuel, reserve food water, fresh water, and water ballast, extends fore and aft the complete length of the ship, and is carried well up the sides, giving additional protection, while the machinery spaces are further shielded by longitudinal bulkheads and inner skins. Fresh water tanks are also built alongside the hull.

Spacious accommodation for 542 Cabin Passengers is provided ashore on "E" and "C" decks, the staterooms being arranged for two and four passengers and furnished in a most comfortable style.

The Cabin Dining Saloon, a spacious apartment extending the full breadth of the ship and providing ample seating accommodation, is situated on "D" Deck, and is convenient to the main entrance and has a large well overhead, surrounded by an arched "covelette." The decoration is in Georgian style, and the walls are painted white, while the ceiling is finished with artistic scrollwork. A feature of the saloon is the large number of tables arranged for small parties.

At the forward end of "A" Deck is the Cabin Lounge, decorated in Georgian style and arranged in small bays and cozy corners, with comfortable seating and smoking places at the forward end. The saloon deck over, in connection with the large windows, gives this apartment a spacious appearance, while the floor is suitably finished in oak laid on squares for dancing. A curved and walled pine mantelpiece of Georgian design is fitted at the forward end of this room, and it has an electric fire of the latest type with ample heating properties.

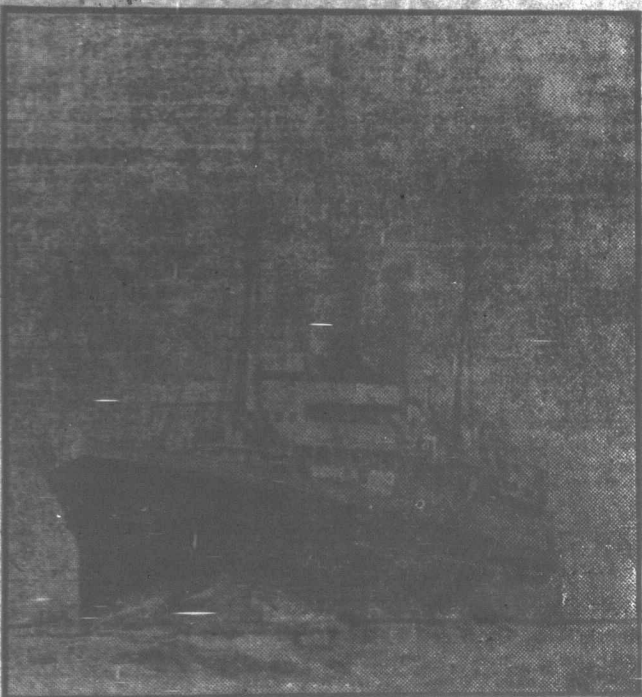

Forward of the Cabin Lounge is the Card Room on port side, provided in French valance of Queen Anne period, and the Writing Room on the starboard side, provided in African black lacquer in the style of William and Mary. Both rooms are well lit by large windows, and have electric fans.

Just abaft the after funnel hatch on the main deck the Cabin Drawing Room is arranged with raised deck over and a large bay window on one side. This room is also decorated in Queen Anne style, and finished in mahogany with veneered panels and fine carved cornice. A carved and waxed pine fireplace with electric fire is fitted in this room.

Next to the Cabin Drawing Room is the Children's Room, which is provided in a simple scheme of polished black lacquer.

The Cabin Smoke Room is arranged at the aft end of "A" Deck. The style adopted here is Jacobean, and the room is finished in black lacquer. The room is fitted with a large electric fireplace.

Extensive promenade space for cabin passengers is provided on "A"

The C. P. S. L. Liner "Montclare."

and "B" Decks, the forward end of "A" Deck being screened off. On "A" Deck the promenade encircles the deck-house and extends the whole length of the deck, allowing plenty of space for games clear of the actual promenade, while sheltered recesses are arranged for deck chairs. An open-air dancing space has been arranged on "A" Deck.

Most comfortable permanent third-class accommodation is provided on "D" and "E" Decks, in two, four, and six berth rooms, where there is also portable accommodation for an additional number of passengers, this accommodation being of the very latest pattern. The total number of third-class passengers to be carried is 1,268.

The Third-class Dining Saloon is situated on "D" Deck aft. Two smoking-rooms and two lounges are fitted, a large one of each situated on "D" Deck aft, with smaller ones on "C" Deck forward.

The galleys, pantries, and bakery for first and third class accommodation are situated ashore on "D" Deck between the dining saloon, thus ensuring a quick and efficient service. All the latest improvements for cooking, etc., have been supplied, and the galleys and pantries are equipped in the most up-to-date fashion.

The heating and cooling is on the steam-rank system, which will ensure a temperature of at least 65 degrees Fahr. under the coldest weather conditions. Ten thermostats are fitted, sufficient to change the air in any of the compartments to which they are connected at least eight times per hour.

The watertight doors are operated by Brunton's new hydraulic gear, and can be opened or shut either individually or collectively from the Navigating Bridge.

A wide lifeboat accommodation to the standard of the International Convention is provided for all passengers and crew. Two rows of motor launchers are fitted on sliding cradles so that they can be moved from one side of the ship to the other, and are placed under Babcock and Wilcox (Wyllie) patent double-acting davits. The remaining lifeboats are worked by Australia's patent davits, specially designed to enable the boats to be got out and lowered with the least possible delay and without manual labor. The vessel is also fitted with wireless telegraphy, submarine signalling, and a gyro compass. A complete fire-extinguishing service has been arranged for. Freshwater tank gauges have been fitted in all oil-fuel and fresh-water tanks, with indicators in the machinery space, so that the

banks are always under the supervision of the engineers. The propelling machinery is fitted in one engine-room, and consists of two sets of steam turbines of the latest Brown-Curtis marine type, arranged to work with super-heated steam and driving twin screws through double-reduction helical gearing. Each set of turbines consists of one high-pressure and one intermediate-pressure turbine in tandem driving through one portion, and one low-pressure turbine driving through the other portion of the gearing. A stern turbine is incorporated in the casings of the intermediate and low-pressure ahead turbines. Adjusting blocks of the Michell type are fitted to the turbines, and the bearings of the turbines and gearing are arranged to work under forced lubrication. One condenser of the underhung type is fitted for each set of turbines and bolted direct to the exhaust branch of the low-pressure turbine. The main shafting is of forged steel, and is finished bright all over. Each line has a main thrust block of the Michell type fitted next to the gearing to take up the propeller thrust. The propellers are of the built type, with four manganese bronze blades to each. The bosses are of cast steel, and cast-iron cones are fitted over the propeller nuts. A very full equipment of auxiliary machinery is fitted, comprising two centrifugal circulating pumps, two Weir "Dual" air pumps, two pairs of Weir feed pumps, two hot-well pumps, one Weir surface and one direct-contact feed water heater, two feed water filters of gravitation type, and also the necessary outfit of forced lubrication, sanitary, fresh-water, and other service pumps, together with complete evaporating and distilling plant and auxiliary condenser and pumps.

The steam-generating installation consists of ten single-ended cylindrical boilers arranged for burning oil fuel and suitable for a working pressure of 215 lb. per sq. inch, and fitted with smoke-tube superheaters. Each of the boilers has three furnaces, and Howden's type of forced draught is fitted. The boilers are placed in two compartments, and each boiler-room is equipped with a working and stand-by oil-fuel installation, complete with the necessary pumps, heaters, and strainers. The forced-draught fans are electrically driven, there being two fans and motors to each boiler-room.

The machinery and boilers have been constructed to the requirements of the Board of Trade, Lloyd's Survey, and Canadian Government regulations.

## Foot Saved in 4 Days!

"Nothing but Zam-Buk could have done it," says Mrs. A. Berryman, 190, John Street, North, Hamilton,—in describing how her right foot, crushed by a wagon wheel, was healed. "The flesh was terribly bruised, blackened and inflamed, and I fainted away with pain. When it was quite impossible for me to move about, my husband's mother got me to try Zam-Buk. It was surprising! Within TWO DAYS all swelling and discoloration had disappeared and pain was banished. In FOUR DAYS, through this timely use of Zam-Buk, I could get about as usual; the injured foot was thoroughly healed."

Zam-Buk is the powerful antiseptic healer which quickly frees the skin of corruption and disease and grows new healthy tissue. No common ointment or salve can possibly compare with Zam-Buk. Get a box to-day! 50c. all dealers or FREE SAMPLE for 1c. postage from Zam-Buk Co., Toronto.

## ZAM-BUK For Healing!

MRS. THERESA ADAMS

Very few people ever attain the ripe old age reached by Mrs. Theresa Adams, widow of the late Jas. Adams of Glassville.

Mrs. Adams was born in Mone Musk, Scotland, July 4, 1823, and was married in Aberdeen, Scotland, to Jas. Adams.

They came to America, settling in Glassville, where Mr. Adams died about 30 years ago. For the past 19 years she has made her home with her son James G. Adams in this village, and until about a year ago she was very active for one of her age, moving about the house and caring for herself. During the past year she nearly all the time kept her bed, passing to the life beyond on the twenty-second of the past month. She was a member of the Presbyterian church.

Mrs. Adams is survived by two sons and two daughters; James G. Adams of Ashland, William Adams of Glassville, Mrs. William E. Thistle of Bridgewater, Me., and Mrs. John A. Gray of Vancouver, B. C.

The funeral was held at the residence, Rev. W. I. Bull officiating, and the remains placed in the Ashland vault to be taken to Glassville later for burial.—Ashland Gazette.

### KNOXFORD NOTES

We are glad indeed to hear that Arnold Reid is convalescing quite rapidly after such a severe illness.

Ina Lawrence has been confined to her bed with an attack of appendicitis. Leon Lawrence left on Monday for Montreal where he will take a course at barber's school.

Mr. and Mrs. Barry Bartley of Waterville, Me., were summoned home on account of the severe illness of her mother, Mrs. Will McGrath.

Mrs. Wilmot Margison and children spent the week-end in Lakeville with her parents.

Quite a number from this place are attending the meetings in Centreville. Mrs. Frank Thomas spent the week-end with her parents.

## LOCAL AND PERSONAL ITEMS

On Sunday, Jan. 22, Rev. C. R. Cashman will preach at Florenceville at 11, Greenfield at 3 and Centreville at 7. Mrs. Roy McCall received a telegram on Thursday with the startling news that her husband was taken suddenly and seriously ill, and summoning her to a hospital in New York. She immediately left for the latter city and arrived on Friday afternoon. The many friends of Mr. McCall will regret to learn of his death on Saturday afternoon at 3 o'clock, despite the best medical attention. Deceased was a native of Ontario, was 43 years of age on the day preceding his death, and a South African veteran. Full particulars are not at hand on going to press but will appear in our next issue.

D. D. G. M. Thos. Baker and Arthur Stevens of Woodstock paid Centre Lodge No. 102, I. O. O. F., an official visit on Monday evening and installed the following officers for the first term of 1923:

N. G. — G. A. Jameson  
V. G. — Guy Carmichael  
R. S. — E. R. McClintock  
F. S. — Scott McAnley  
Treas. — G. E. Wilson  
Warden — Rufus Barrett  
Cond. — P. W. Simonds  
L. G. — Harvey Estabrooks  
R. S. N. G. — A. C. Gibson  
L. S. N. G. — L. W. Kennedy  
Chap. — H. Kinney

Evangelist Lee Good will preach in the U. B. church on January 22, at 11 a.m., 3 and 7 p.m. This will be the closing service of the campaign. Come and hear.

The officiating clergyman, the impressive double ring service being used.

The bride looked very attractive and girlish in a tailored suit of navy broadcloth with gray moleskin fur trimming. She wore a hat to match, and carried a bouquet of pink and white carnations and maiden hair fern. Following the usual congratulations and good wishes, a sumptuous dinner was served, the dining room being tastefully decorated in green and white. The ushers were Miss Zeta Grant, Miss Alice Hallett, Misses Emily and Madeline Grant, cousins of the bride. They also assisted in serving.

The happy pair were accompanied to the station by a number of the guests who gave them a generous shower of confetti and rice as they boarded the south bound express for a short wedding tour to Fredericton, St. John and Boston. On their return they will reside at Easton, Me., where the groom is a prosperous young farmer. The bride, who is a graduate of Fredericton Business College, has spent the past year in Presque Isle, where she held a position as stenographer in the office of W. R. Roix, county attorney. Shortly before leaving that town she was very pleasantly surprised by a shower given at the home of T. H. Belyea, at which she was the recipient of beautiful and useful gifts for her new home. Numerous wedding gifts were received, consisting of linen, pyrex, silverware, furniture, also a handsome fur coat from the groom. Only the immediate relatives and friends were present at the ceremony.

The young couple have the best wishes of many for a long and happy wedded life.

**HALLETT-SADLER**

A very pretty wedding took place on Tuesday morning, Jan. 10, at 11 o'clock, at the home of Mr. and Mrs. John L. Hallett, of Lower Perth, when their second daughter, Velma Barbara, became the bride of Ralph Franklin, elder son of Mr. and Mrs. F. D. Sadler, of this town, in the presence of about 45 of the near relatives of the contracting parties. The house was tastefully decorated with green and white. The bride looked charming in a travelling suit of brown velour with squirrel trimmings, and hat to match, her bouquet being of carnations and roses. She entered the parlor on the arm of her father, to the strains of the Lohengrin Wedding March beautifully rendered by Miss Louis Blacklee. Miss Grace Black, cousin of the groom acted as bridesmaid and looked lovely in a gown of pink chiffon and satin, and carrying a bouquet of carnations. Harry Sadler, brother of the groom, was best man. Little Miss Lena McDonald made a dainty flower girl in a pretty dress of pink silk. The bridal party stood beneath an arch of evergreens, while the ceremony was being impressively performed by Rev. C. O. Howlett, pastor of the Baptist church, the Church of England and double ring service being used. Immediately after the ceremony and congratulations, a delicious wedding dinner was served. Four of the young lady friends of the bride served. Mis-

On January 22, Rev. H. R. Bell will preach in Carvell at 3 p.m.

The ice harvest is in progress now and everyone is laying in a stock for the coming summer season.

At the close of the installation ceremonies the brethren indulged in light refreshments.

Mrs. A. Gregg has sold her home in town to F. Joe Estabrooks of St. John. She will not vacate the premises for a month or two.

Vaughn Sloat left on Monday for a course at the Molar Barber school at Montreal.

Mrs. F. M. Brown left on Monday for a visit with friends in St. John.

Much interest is being manifested in the special service being held here in the U. B. church by Evangelist Lee Good of Monticello, Me. Over twenty conversions have been made already. On Saturday evening a male trio from East Florenceville furnished special music and on Sunday Wm. Andrews of Presque Isle conducted the singing assisted by Mrs. Good. Services are being held each evening of this week and three times on Sunday at 11 a.m., 3 p.m. and 7 p.m.

C. W. Manser of Aroostook Junction was in town over the week-end.

Mrs. Lee Good of Monticello, Me., spent Sunday here with friends.

Aaron Campbell and Hal Sippell of Campbell, spent Sunday in town.

Mr. Dickinson of Waterville spent Sunday at Mr. and Mrs. Theodore Jameson's.

The Ladies Guild of St. James church were again entertained on Thursday last by Mrs. E. R. McClintock.

See Ritchie, Barker Madeline Grant, and Alice Hallett. After a few minutes of social chat the party left in an auto for the depot at Perth, where the bride and groom left on the south bound express for St. John amidst a shower of confetti. After a brief honeymoon, they will start house keeping here.

Mr. and Mrs. Sadler were the recipients of many beautiful and costly presents, which include furniture, silver, cut glass, etc. The groom's gift to the bride was a handsome fur coat. The bride is one of Lower Perth's fairest and most amiable young ladies, and has for some time been the very efficient stenographer for Shaw & Shaw, of Carleton. Previous to her leaving Carleton, she was tendered a "shower" by her friends, and received many nice gifts. The groom is one of our most popular young business men, of the firm of F. D. Sadler & Son. Mr. and Mrs. Sadler have the good wishes of all for a long life of happiness.

Among those coming from a distance to attend the wedding were Mr. and Mrs. Wm. Sadler of Plaster Rock and Mr. and Mrs. S. Bishop of Fort Fairfield.

### DEATH OF FORMER KNOWLESVILLE GIRL

Cora Fern Perry, wife of Olney C. Perry of Bath, Maine, died Thursday night after a few hours illness, aged 37 years, 6 months, 5 days. Mrs. Perry was born at Knowlesville and was the daughter of John and Ellen Hemphill. She had lived in Bath for a number of years and married Olney C. Perry, son of Thomas L. Perry, head of Perry Bros. & Co., grocers, and who conducted a grocery business at Winnegance, Me. Mrs. Perry was in her usual health until the middle of Thursday afternoon when she was taken suddenly ill with pain. It was found she was suffering from a hemorrhage and the physician declared her case hopeless. Shortly after nine death came.

Mrs. Perry was always ready to lend a helping hand in any good work and the sympathy of the whole village goes out to her husband. The services were conducted by Rev. E. M. Holman of the first Baptist church of Bath. Among those out of town who attended the services were Mrs. Perry's brother and sister—Fred Hemphill and Mrs. George W. Simms of Knowlesville; Mrs. A. B. Tedford of Brunswick, Mrs. Charles H. McGillicuddy of Waterville, and Miss Gladys McGillicuddy who is teaching in Braintree, Mass. Mrs. Perry's mother

who resides in Knowlesville and who is in ill health was unable to make the long journey.

The floral tributes were many and beautiful, among them were pieces from the Women's Club of which she was a leading member. ### DINSMORE-GRANT

The home of Mr. and Mrs. John W. Grant, Kilburn, was the scene of an interesting event on Wednesday, Jan. 11, when their youngest daughter, Isabelle Lillian, became the bride of Frederic Dinmore of Easton, Me.

At high noon the bridal couple, who were unattended, entered the parlor to the strains of the Lohengrin's Wedding March, played by Mrs. C. G. Howlett, of Andover, and took their places beneath an arch of evergreen and flowers.

Rev. C. G. Howlett of Andover was
