PROPOSED SUMMER HOTEL PROJECT IS REVIVED

\$6,000 BLAZE HERE YESTERDAY

Tenement House On O'Leary St. Badly Damaged By Fire Yesterday Morning.

The tenement house located next to the St. Louis Hotel on O'Leary Street, owned by Mr. Walter H. Gray and occupied by three families was badly damaged by fire Wednesday morning when a blaze, presumably originating from a stove in one of the flats, broke out about 4:30.

The damage to the building is estimated at \$4000, partly covered by insurance. The loss of furniture and household effects will be considerable to all three tenants, the furniture in two of the flats being a complete loss while that in the other being badly damaged. This will add another \$3000.

The blaze gained considerable headway before it was noticed. Mr. Chas. Taylor rang in the alarm his attention being drawn to the house across the street from his bakery by the crash of a window pane, evidently broken by heat from the flames. The fire brigade appeared on the scene with its characteristic promptness and did effective work.

The head of the building are Mrs. Theo. LeBlanc and family, Mr. and Mrs. Edward Trites and Mr. and Mrs. Fred Dimock and family. The fire evidently started in Mrs. LeBlanc's portion of the building and her loss will be the heaviest as she saved very little of her household effects. The blaze had made such rapid progress that it was with some difficulty that she and her children safely escaped from the building. The other two tenants succeeded in saving some of their furniture and their loss, it is hoped may not be very great. Although not completely destroyed the building was badly gutted, particularly that side in which the blaze started.

Mr. W. A. Thompson, proprietor of the St. Louis Hotel served breakfast to the firemen. Needless to say this was much appreciated by all members of the brigade.

INDUSTRY MOVES TO CANADA

Big American Newsprint Company Will Erect Big Mills In Quebec

New York, March 7.—The newsprint industry is going to Canada, according to A. R. Graustein, president of the International Paper Company. Despatches from Montreal announcing purchases of lands, mills and water power by the company, means nothing less than the transfer of a large part of the United States newsprint industry to the Dominion, Mr. Graustein said today. When the Canadian development is completed, he said, the International Paper Company would be able to produce one thousand tons of newsprint per day in its mills in the Dominion.

Acquire Properties

Outlining the plans of the company Mr. Graustein said that if a contract with the newly organized Canadian International Paper Company Limited, was ratified by stockholders, the company and Gattineau properties in Quebec would be acquired.

"In order to preserve the position of the company and to insure its growth as a newsprint producer," he said, "it is necessary for us to develop in Canada. In the last twenty years the Canadian newsprint industry has come up from nothing to a point where it equals American production, showing unmistakably that the future of the industry is in Canada.

150 MEN PERISHED IN THE SEA OF AZOV

The Fishermen Were on the Ice With Horses and Wagons.

Black Sea, March 12.—A party of 150 men on the ice in the Sea of Azov, 100 fishermen and 50 horses were drowned or frozen to death, it was learned today. The party had been sent out for their daily haul with horses and wagons. When in the ice they were broken and they were carried away by waves. The tragedy was the worst in the history of this sea.

Many people who drop into poetry often get in over their depth.

RESTIGOUCHE RIGHTS

In commenting on "Maritime Grievances" recently the Quebec Telegraph editorially: "The Maritime Provinces are waking up—not merely to a sense of their grievances, but what is more important, to a sense of their opportunities. The tragic part of the matter is that the Maritimes themselves have not been altogether free from blame."

There is a great deal of truth in the above statements of that Quebec journal and in them there are thoughts which may be applied to Restigouche County as well as to the Maritime Provinces as a whole. During the past month a few articles, touching on the matter of our county, have been published in this paper. And as we have stopped to think of this matter we have come to feel that the people of Restigouche may have always been aware of these grievances but that they have never awakened to a sense of their opportunities.

There will never be a better time for such an awakening—and there never was a time when such an awakening was more sorely needed. Because we believe it necessary to the growth and development of our County we have decided to make a special effort to have more attention focused upon Restigouche. We believe that in this undertaking we will have the hearty support of every citizen.

NEWS THAT HOCKEY CLUB MAY PROMOTE ATHLETICS IS FAVORABLY RECEIVED

Early Organization Is Urged—Many Local Problems Must Be Solved.

In an article published in the Graphic last week it was stated that officials of the hockey club were considering plans to promote other branches of sport. Evidently this announcement has been instrumental in reviving interest in the temporarily abandoned movement for the promotion of athletics here. At any rate some favorable comment has been heard and the hope is expressed that the Hockey Club may take up this matter in earnest.

The season is early to discuss summer sports but now is the proper time for promoters to formulate plans for the work. If sport is to be given the place it deserves in Campbellton there are several problems that will have to be solved and this work will require considerable time.

With their success in handling the local senior team this year, the hockey club officials have won the confidence of the public and doubtless any well-organized move by them would meet with the hearty support of all.

TENDERED BANQUET TO HOCKEY CLUB

Mr. and Mrs. Ed. Alexander Host and Hostess—Spacious Linnac Hall The Scene.

The spacious hall of the Linnac was the scene of a large and happy gathering on Thursday evening last when a banquet was tendered the Hockey Club by Mr. and Mrs. Ed. Alexander. A large number of guests were present and the gorgeous spread on the banquet table was a most pleasing sight. Cards each bearing a different name, were placed at the different tables designating where each guest should sit. These cards were artistically pinned in purple with the crossed hockey sticks and pucks. Serviettes to match gave the dining table preparation a tone of something new and different. Delicious roast chicken headed a most appetizing menu, carefully prepared and served in the most approved manner. Immediately after the banquet to which all did ample justice, the toasts of the evening began each one fittingly proposed and responded to with appropriate remark.

In addition to the officers and members of the local hockey club, Messrs. James H. Moore and J. Scully Wetmore, president and Secretary-Treasurer respectively of the Northern Section of the M. A. H. A. were also present. Both these officials spoke very enthusiastically of the splendid showing made by the Campbellton team this year. On account of illness Mr. Alexander was unable to be present but the toast to "Our Host and Hostess" was very graciously responded to by Mrs. Alexander who, in well chosen words, thanked the guests for the many kind words spoken for the many kind words spoken.

The dinner of the evening furnished by Messrs. Rattary and Bradley of the Linnac restaurant also added much to the enjoyment of a very pleasant occasion. Incidentally much credit is due the management of the Linnac for the effective way in which their responsibilities were carried out.

Result of crime would be less effective if pursuit of criminals were more so.

SEVEN NURSES TO GRADUATE HERE

Graduation Exercises Fall On Third Anniversary of S. M. Hospital Opening.

On the third anniversary of the opening of the Soldiers' Memorial Hospital, which falls on Monday next, the Nurses Training School of that institution will hold its first Graduation Exercises. The graduates class is as follows:

Miss M. M. Adams, Matapeia, Que. Miss J. M. Jamieson, Dalhousie, N. B. Miss A. M. Brash, New Richmond, P. Q. Miss F. M. Adams, Matapeia, Que. Miss J. M. Jamieson, Dalhousie, N. B. Miss A. M. Brash, New Richmond, P. Q. Miss F. M. Adams, Matapeia, Que.

These exercises will be held in the Town Hall at 8:30 o'clock. His Honor Judge H. F. McLachly will make the opening address. After the very interesting program, which has been prepared for the occasion is carried out, tea will be served in the Orange Hall. The public is cordially invited to attend and all those interested are assured a hearty welcome.

WINNIPEG HAD \$175,000 BLAZE

Block Occupied by Richards Bellevue Wine Co. Destroyed.

Winnipeg, March 11.—The block occupied by the Richards-Bellevue Wine Company and the Richardson Galleries, 430 Main Street, was destroyed by fire this morning. The loss is estimated at \$175,000. The fire was well under way when the fire department reached the scene. The roof crashed when the heat began to play, and carried all floors underneath. The building is owned by Senator Mulholland of Port Hope, Ont.

Another fire this morning badly damaged the building occupied by the New York Ladies Wear Company, 595 Notre Dame Avenue.

Three families living on the top floor were driven out into the snow.

FREE SCHOOL BOOKS MAY BE RESULT

Bill To Come Before Provincial House During Present Sessions.

Legislation to provide for free school books for the primary grades of the public schools of New Brunswick, with an intimation that the system of free text books may later be in vogue in the more advanced grades, also, will be included in the Government's programme for the session of the Provincial Legislature which opens today. A bill to be introduced in the House of Assembly will be the subject of the speech from the Throne.

For some time past it has been known that a complete survey of the situation has been underway and estimates have been made for consideration by the Cabinet showing the probable cost of inaugurating such a policy. It has been the aim, it is understood, to have the free school books programme extend to all the grades which make up the small schools in the proper districts and, in this connection, it is pointed out that Class III. teachers carry on instruction equal to the work of the first five grades of the city schools; but to the extent to which policy will go at the outset that will no doubt be a subject for explanation by Premier Veniot as leader of the Government during the session.

GARD OF THANKS

Mr. and Mrs. A. A. Andrew wish to thank their friends for the many expressions of sympathy and the kindness shown them during their recent sad bereavement.

The public are cordially invited.

J. R. VALLIS, Director.

OBITUARY

MRS JAMES PATTERSON DIED THIS MORNING

In the death of Mrs. James Patterson which occurred at her home on Andrew Street this morning about 10 o'clock, Campbellton loses an aged and respected citizen. The cause of the late Mrs. Patterson's death was presumably heart failure following an attack of influenza. The deceased had been in poor health for some years. She had apparently recovered from a recent attack of a gripe however and was up and about again. Consequently her death will be a shock to many friends.

The late Mrs. Patterson who was years of age was a prominent member of the Baptist Church. Besides her husband, Councillor Patterson, the deceased is survived by two sons and two daughters. The sons are Harry of Toronto and George of Campbellton and the daughters are Mrs. George S. Miles and Mrs. A. H. Troy of this town. The funeral services will be held on Saturday afternoon at 2:30 o'clock.

ASSETS OF LINCOLN MILLS, LIMITED, SOLD

Toronto, March 6.—The assets of Lincoln Mills, Limited consisting of three mills, at Merriton, and timberlands and rights on Gaspé peninsula, totalling 180,000 acres of land and license covering lands on which there is said to be an estimated stamperage of 1,500,000 cords has been sold by judicial sale by Charles Darrow, K. C., master of the Supreme Court, for \$5,750,000, subject to bond mortgages totalling \$2,029,600, upon which there are arrears of interest totalling \$167,000, and subject also to arrears of taxes, etc. A. W. Taylor is the purchaser.

DISPUTE OVER LAKE LEVELS SETTLED

Washington, March 9.—Fins as far as the United States is concerned, was yesterday written to the dispute over Lake levels between the Sanitary District of Chicago, states other than Illinois bordering the Great Lakes, and Canadian lake interests. Secretary of War Weeks issued his decision with respect to withdrawal of water by Chicago from Lake Michigan, ruling that diversion for the present should be limited to 8,000 cubic feet per second, and that it should be reduced to 4,167 feet by 1925.

BROKE ONE MILE SKATING RECORD

Pittsburgh, March 9.—More than one world skating record is expected to be broken when some of the foremost ice artists compete tonight at Duquesne Gardens in the second night's programme of the International Ice Skating Championships.

Miss Elsie Mueller of New York, broke a record by going one mile in 8:19.85 bettering the record established by Miss Gladys E. Mason of Milwaukee, three years ago at 8:51.25.

All Property-Owners Affected By Transaction, Except One, Willing To Accept Offer of Canadian National—Hope Expressed On All Sides That Deal May Be Successfully Completed—Those Concerned Realize Possibilities If Black Point Is Site.

According to information received here yesterday renewed efforts are being made by Canadian National Railway authorities to secure the proposed site for a large summer hotel at Black Point, some thirty miles from Campbellton.

It is understood that all those farmers who would be affected by this transaction, with the exception of one, have decided to accept the offer of the railway and that chances for success in this deal which has been pending for sometime now look very promising.

Because of its possibilities this matter is of vital interest to every citizen of Restigouche. If the proposed transaction is successfully consummated it is believed likely that the Canadian National will undertake the construction of a large summer hotel this coming season in order to have it ready for the summer business of 1926.

The importance of this matter is easily realized when it is known that the proposed tourist hotel will probably be a 400 room hotel with every modern convenience to accommodate the best class of summer visitors. If the deal goes through the railway will secure enough land to provide for a large golf course and with the other facilities for summer recreation which Restigouche has to offer, a large number of summer visitors from near and far would be attracted. Extensive advertising which the C. N. R. would give this part of the country would be of inestimable value in opening up the North Shore to tourist traffic. Its attractions would be exploited as never before and the benefits such as can only be imagined. With the merger limiting the balance, hope is expressed on all sides that the transaction will shortly be completed. These property-owners who have decided to accept the offer of the railway now realize something of the far-reaching benefits of this project and have come to see that they will be the first to share in the profits of the enterprise. It is therefore confidently expected that the one remaining property-owner will not be hostile in his attitude. Many farmers of the district are bringing this boon to Restigouche.

EXPORT DUTY ON PULPWOOD

Ottawa, March 7.—While the demand for an embargo on the export of pulpwood has been growing, it is now being actively considered by the government. It is believed that the time is not far distant when pulpwood will be placed upon pulpwood, which will to some extent meet the demands that the shipping of the Dominion's raw product out of the country be stopped.

In well formed circles it is said that the time when an export duty on pulpwood will be made effective may not be far distant.

MAY HOLD REGATTA AT ST. CATHARINES

St. Catharines, Ont., March 9.—While from Philadelphia to Toronto today was to the effect that there was an excellent chance of the annual regatta of the National Association of Amateur Rowmen of the United States being held on the Henley course here this summer, in conjunction with the annual meet of the Canadian Association.

Dalhousie News

Dalhousie, N. B., March 11.—The sympathy of this community is extended to Aimerand Louis de LaBlanc, whose mother, Mrs. John de LaBlanc, formerly Mrs. Alexander, of Eglar Cove, Parish of Dalhousie, passed away at Campbellton this morning.

The game of hockey played this week between a Dalhousie team and Amqui, P. Q. with the local team of the place was in favor of Amqui, the score being 3-0. Dalhousie sent the Quebec village boys and the trip was enjoyed. Chas. Cabot, manager, was accompanied by Albert Laviolette, Albert Godin, Fred Arsenault, George Williams, Edgar Shannon, Thos. Williams.

The death yesterday at Richardsville, N. B. of Robert Reid, age 86, removes from Restigouche County, one of its pioneers. The late Mr. Reid, who was highly respected, was one of the first settlers in Point La Poudre. He was on a visit to his daughter's home, Mrs. John Taylor, at Richardsville, when he became ill and passed away regretted by all.

Earl Simpson, Oromocto, N. B. came home on Saturday, his mother, Mrs. Wm. Simpson being quite ill.

W. C. Jamieson, River Charles, registered at the Queen Hotel this week. Philippe Main, who was at White Brook, all winter has returned home. Miss Eva Gaulet returned home on Tuesday from Bathurst, where she had a very enjoyable two weeks visit.

Miss Reta LeFaire, St. Omer, P. Q. is visiting her sister, Mrs. Leon Sampson.

Messrs. R. L. Sweeze, H. Murdoch, Benson Sweeze, Reuben Sweeze, J. MacNaughton, J. P. Sweeze and Cole Gillis of Loggieville, N. B. who have been at Carleton and St. Omer, P. Q. introducing the box seat system of smelt fishing on behalf of the firm of O'Connell and Montserrat, arrived in Bathurst on Tuesday evening and were guests at the Queen Hotel and left for their homes on to-day's limited. They all spoke very highly of the hospitality that had been extended to them during their few weeks stay in the two Bonaventure County parishes. They are to return in summer and see the place at its best.

MIRAMICHI PRESBYTERY TAKES STRONG STAND FOR UNION

Several Important Reports adopted—Assembly Commissioners Elected—Standing Committees—Next Session at Rexton.

The Presbytery of Miramichi convened in regular quarterly meeting in the S. Hall of The United Church of St. Andrew and St. John, Chatham, on Tuesday, the 3rd inst. Afternoon and evening sessions were held. The attendance was large and much business was transacted.

The members of the Presbytery in attendance included Rev. H. MacLean, George Gough, J. F. McCurdy, Alex McKay, G. S. Gardner, A. Firth, E. V. Forbes, F. W. Thompson, R. Davidson, W. Garthshore, W. A. MacQuarrie, A. Craise, J. C. Mortimer, J. H. A. Anderson, and T. L. Williams, corresponding members, ministers and Messrs. W. J. Carruthers, Wm. Anderson, A. N. Desbrisay, A. G. Dickson, Jos. Henderson, R. Jessamp and J. Martin, besides visitors.

The Presbytery was constituted with Divine worship conducted by the Moderator, after which the docket of business was taken up. The resignation of Rev. C. F. McLennan of New Mills was tabled and accepted. Rev. A. D. Archibald recommended the resignation of Rev. A. Craise of St. John, Miller of Purwash, N. S. as minister of New Mills. His motion was seconded and adopted.

The resignation of Rev. A. Craise of the pastoral charge of Bass River congregation, tabled in December, and deferred until all parts of the congregation were heard from in the resignation of Rev. A. Craise in December was accepted, and now West Branch presented a similar resolution. In view of these, Mr. Craise withdrew his resignation, much to the gratification of the Presbytery.

Clothes Consciousness

Most successful men may seek to give you the impression that they pay little attention to their personal appearance in clothes, but inwardly they take the matter very seriously.

All their lives they have had clothes consciousness—which is the simple realization of the fact that while clothes don't necessarily make the man, they certainly help mightily.

You will notice that nearly all successful men are well dressed men.

This is the type of man we seek to serve—the man who has a keen sense of pride in his personal appearance.

S. M. HOSPITAL SHOWS GOOD PROGRESS

Vacancy In Senate Should Fall To Restigouche

MONDAY NEXT MARKS THIRD ANNIVERSARY OF OPENING OF THIS SPLENDID INSTITUTION

Trustees Report of Work Being Done Is Most Encouraging—Soldier's Memorial Hospital And Equipment Valued at \$165,000.—Debt now Only \$39,000.—Seven Nurses To Graduate Monday At First Graduation Exercises—Other Particulars.

To all those interested in the progress of the Soldiers Memorial Hospital, Monday March 16th, is a date of dual significance, for it is the third anniversary of the opening of the Memorial of the Great War which that institution and also is the day on which the first class of Nurses will be graduated.

The corner stone of the building on the first day of July, 1920. The Hospital was completed and opened on the sixteenth day of March 1922. The hospital building with the nurses' home, their furnishings and equipment are valued at \$165,000.00, our bonded indebtedness is at the present time \$39,000.00, and the net Bonaventure. From these letters it is evident that splendid progress has been made in this worthy undertaking and it is fitting that the anniversary which records three years of this service of a high standard should be marked with a revival of interest and renewed pledges to support and further the work of this splendid institution.

The letters referred to follow: Report of Superintendent Miss Mary F. Bliss. The training School of Soldiers Memorial Hospital was established Feb. 20, 1922, with six probationers on the roll. During the three years following, there have been many changes, but those of the original class, with an additional number that remained to finish their course are looking forward to March 16th, their day of graduation when they become full fledged nurses and join the rank and file of the nursing profession.

At the present time the Training School consists of 7 Senior Nurses, 4 Intermediates, 5 Juniors. The pupil nurses have had a busy and strenuous three years attending classes, demonstrations and lectures, hour by hour, preparing for their six months supplemental training at the Royal Victoria Hospital, Montreal, and their three months advanced course at the St. John County Hospital, St. John, yet in their hours of duty the nurses in training enjoy having a good time like other young people.

The class about to graduate and intermediate class have contributed towards furnishing a class room, which will inspire all future classes to do likewise, leaving with them all a deeper personal interest in their own school. During their in-training days, the pupil nurses have received many kindnesses from their numerous friends interested in the Soldiers Memorial Hospital.

In November last an Alumnae Association was organized, the members being nurses living in Campbellton who take an active interest in all things pertaining to the nursing welfare of the Soldiers Memorial Hospital, the new Graduates will have the Council of these older Graduates through this Association.

Graduation Day marks an era in the life of every nurse. It is anticipated with mingled feelings, the pleasure of finishing the three years service and the thrilling outlook into the various fields of nursing services, wondering which to attempt to their own advancement and capabilities, yet feeling keen regrets at the separation of ties of three years duration and losing touch with their classmates and all that meant so much to one another in their in-training days.

Mary F. Bliss, Superintendent, Soldiers Memorial Hospital. Trustees Report. We are handing you herewith a report of the Training School of the Soldiers Memorial Hospital by our Superintendent, Miss Mary F. Bliss, which requires no comment.

The sixteenth of March instant will be the third anniversary of the opening of our Hospital. It appears to the Trustees this is a suitable occasion to review shortly the work that has been accomplished during this time, that they may ascertain if we have kept faith with the public, which entrusted to our care the erection, equipment, furnishing and management of our Memorial Hospital.

During the autumn and early winter the number of patients at the hospital was below the average. We have now, however, twenty-seven patients and the average for February was twenty-six. So long as the management retains your confidence and support our Soldiers Memorial will continue the high standard of its services to the public.

We need your active co-operation as stimulus to still better results. Sincerely yours, (Sgd.) H. F. McLAUCHRY, Chairman of Trustees.

Cape Cove The Misses C. Oakley, D. deGruchy, V. Lenfesty, Alma Mahan and C. Savage, who are attending New Carleton High School spent the week-end at their homes. Mosses deGruchy and J. A. LeGrand attended the Masonic meeting held at New Carleton on Thursday last. A birthday party was given by Mr. deGruchy in honor of their young son's birthday. The guests were: Misses E. LeGrand, J. Mahan, F. Bossy and I. Couture, and Mr. S. LeGrand, W. T. Baker, J. A. LeGrand, G. Baker, A. W. Baker, J. Beck and A. Olliver. Master Ralph was the recipient of many gifts. Some of our young friends spent a very pleasant evening at Mr. deGruchy's on Friday last. Our popular

PRESENT PLAYS AT ST. LEONARDS

Young Women Conduct Excellent Entertainment There In Two Languages.

St. Leonards, March 9.—An excellent programme was offered to the public in White's Hall on Sunday night, when the young ladies of the town, under the direction of Miss Leona Martins, one of our teachers, presented a French play entitled "Le Mystere du Vieux Fontaine" and an English comedy entitled "A Cup of Coffee."

The collegians' orchestra, with Mrs. Robert Cyr at the piano, played several splendid selections. A trio, "Soldiers' Chorus," by Misses Letitia Boudreau, Antoinette and Hortense Laplante, was a good number. A change in costume brought the evening's entertainment to a conclusion.

Those taking part were the Misses Leona Martins, Edna Violette, Louise Alexandra and Edna Lapointe, Bertha Violette, Laurette Cyr, Antoinette Laplante, Pollette and Gilberte Violette. The proceeds from the entertainment were given for the new school.

Hold Meeting. The thirty-first meeting of a series of agents' meetings was held Tuesday by the Imperial Oil Company Ltd., at the Cyr Hotel. The first of these meetings took place in Campbellton and the second in St. John. The event was specially arranged by Fred C. Lane of Fredericton, and was attended by the following members of the organization: J. A. Boyd, F. V. Thompson, J. J. McCarry and J. N. Geary, St. John; H. J. Currie, Campbellton; F. C. Lamo, Fredericton; C. N. Miller Edmundson; A. Gervais, St. Leonard; Columbus Craig, Douglas Craig, Perth; B. W. Melanac, Florenceville; N. L. Kenney, Hartland; J. N. Rathburn, Woodstock; W. J. Sullivan, Lower Southampton; and J. W. Jones, Fredericton.

comedian, Mr. John Albert entertained the guests with various card, flower-pot and jardiner tricks. Miss E. LeGrand entertained at afternoon tea on Saturday. The guests were, Mrs. P. C. J. deGruchy, Misses J. Mahan, I. Couture, D. deGruchy and F. Bossy and Messrs. W. R. deGruchy and A. C. Bick.

Mrs. deGruchy was out driving with her trotting-horse on the ice Saturday. This horse has won several blue-ribbons at different races in Ontario. It should have no difficulty in keeping up its present reputation on the Gaspe Coast and has been entered for different meets at Montreal and elsewhere. He will be driven and trained by the popular jockey, Mr. Arthur Winter of Robin's stables. Mr. A. Bauch took a moonlight walk across the fields on Sunday past. The object of his walk was not accomplished however, owing to unforeseen difficulties.

Miss Hilda Lenfesty spent the week end at Belle Anse. Congratulations are extended to Mr. and Mrs. J. B. Rehel on the arrival of their new baby. Mrs. George Mahan spent a few days at Cap d'Espoir. Mr. and Mrs. T. Scott of Fontenelle spent a few days at Cap d'Espoir, the guest of Mrs. J. W. Scott.

Mrs. O. Ughart, Mrs. deGruchy and master Ralph, spent a day at Parce, the guest of Mrs. W. Ferguson.

FURTHER DISCUSSION OF THE IMPORTANT QUESTION OF RESTIGOUCHE RIGHTS

A Specific Incident of The Lack of Recognition Shown This County—Restigouche Has Never Yet Had A Native Son Appointed To The Senate—Present Vacancy Gives Government An Opportunity To Correct This Injustice.

Speaking to the writer a few days ago, a prominent citizen of this county said: "I have been pleased to notice a few articles in the Graphic recently able and quite worthy of taking a seat on the subject of Restigouche Rights, in the Senate beside any that may be. It is surely a matter which deserves more attention than is given it in Brunswick. We have men here who have proven their ability in business life, men who have a broad knowledge of politics and men who can be depended upon to be fearless and faithful exponents of the common good of the county. It is understood in the affairs of the province—a rather inconsequential part, to be sure, already proven their capabilities, their fidelity and their fighting nettle in public service."

That constitutes the requirements and it also proves conclusively that Restigouche County should be in the running. And she should not only be in the running—she should top the list. Every other county, large or small, has been so honored by the government. Here is a list of them: Gloucester County, had Senators Burns and Turgeon; Northumberland, Snowball and Adams; Kent, Senator Bourque; Westmorland, Senators MacSweeney, McDonald, Wood and Robb; Kings, Fowler and Donoville; Queens, Senator King; St. John, Daniels and Thorne and numerous others; Charlotte, Gilmore, Todd and others; Victoria, Senator Baird; Madawaska, Senator Costigan; York, Senator Thompson and Mark. A long list, but Restigouche, despite her position and importance has never been considered.

Apart from this and, to look at the matter from a just and purely business standpoint, Restigouche has need of a representative. Despite her importance as one of the largest revenue producing counties in the province she is linked up with other counties as far as representation in the Federal House is concerned. Mr. Pius Michaud is a capable politician with a done creditable service but a one man representation at Ottawa is no longer adequate for this county. We deserve a representative of our own at the dominion capital, and moreover we need one. The position of the government on such an issue is clear and its responsibility equally so.

This is merely one item on the program of Restigouche Rights, but it is an important one. If the electors of this county will elect a man to think and decide what they want they will eventually get it. Their present representatives are not responsible. They should have the courage of their convictions. If they do not take up those matters in the right spirit the desired results will soon be realized. Let us hope that they may soon be a general awakening.

CARD OF THANKS Mrs. Henry Meltrix and family desire to extend thanks to all those who were so kind to them during their recent bereavement.

One Case One specific incident of this disregard may be pointed out. The death of the late Senator Fowler created a vacancy in the Senate which has not yet been filled. Some time ago the provincial press published a list of possible successors to this post in the Federal House. Was a Restigouche man mentioned as a possible successor to the late Col. Fowler? Of course not. All those mentioned were men representing municipalities nearer the political fireside while for years past we have been repeatedly snubbed upon as though their location and importance warranted some special consideration, while this county which has greater need of such a representative at Ottawa than any other in New Brunswick was politely ignored.

Some one has asked, "Is this because we haven't a man capable of filling such a position? No govern-

EMBARGO THE ONLY THING

In a letter broadcasted to papers throughout the country F. J. D. Barnum emphatically declares that an export tax on pulpwood as suggested by the Canadian Pulp and Paper Association will not accomplish the necessary preservation of our raw material and that a straight embargo is the only thing. Mr. Barnum's letter says in part:

"It is to be regretted that the Canadian Pulp and Paper Association has seen fit to go on record in favor of an export duty on pulpwood rather than for total and immediate restriction of exports. An export duty would not meet the situation. A duty of \$5.00 to \$10.00 a cord which has been suggested by some advocates of this measure would produce a revenue of seven to ten million dollars while if the wood was kept here and manufactured in Canada the resultant revenue would be from fifty to sixty millions and in addition our Canadian railways would benefit by from thirty to forty millions by the additional traffic.

"The actual loss Canada sustains by allowing this exportation of unmanufactured wood in reality amounts to more than \$100,000,000 a year, without taking into account its effect in shortening the existence of our water-powers and crippling, as it eventually must do, our agricultural interests. (It is significant that while farmers in the West are expending considerable sums of money in planting shelter belts of trees to protect their crops, farmers and settlers in the East are being encouraged to devote their land for the paltry price they receive for their pulpwood.)

"Every cord of wood we now cut means depletion of our woods capital. The loss from wind and waste in operating more than offsets the gross annual growth, the further loss caused by fungi, insects, fire and cutting constitutes a net drain on capital. How long can a country remain solvent that is living on capital?"

Canadians must face the fact that the pulp and paper industry is fast approaching its peak in Eastern Canada. It is, in fact, already overdeveloped, and with the completion of the new construction now under way, the reasonable ratio will capacity to wood supply will have passed the safety point—in fact it has already done so.

Export taxes will not furnish raw material for our pulp and paper mills. When our wood is exhausted all the export taxes in the world will not satisfy the voracious needs of these 110 mills, for a single day.

It is very generous on the part of the Canadian pulp and paper manufacturers to offer to allow their American competitors to continue to abstract their raw material from Canada's rapidly diminishing supply by the simple payment of a tax, which would in any event merely be a contribution towards the cost of protecting this exportable wood from fire. This, however, will not satisfy the vast body of Canadian people who have invested their money in Canadian pulp and paper securities and who demand of the Government that their investments be safeguarded, or will restore our wood once it has been exhausted. There is a public interest at stake in this issue, quite apart from that of the paper mills which at worst, would merely have to put up their shutters for lack of raw material. The public interest should come before all others.

MATAPEDIA TEAM SCORES SIX STRAIGHT VICTORIES

IN THIS SEASON'S PLAY

Fast Quebec Squad Have Emerged Victorious From Every Contest—Are Looking For Other Engagements Exhibiting Fine Brand of Hockey

PLAYED HOCKEY IN SNOWSTORM

Brunswicks Defeat Shieks At Edmundston, Score 4 to 2.

Edmundston, N. B., March 9.—A hockey game, Brunswicks vs. Shieks, two ladies' teams, was played here recently during a snowstorm. It was a hard contested game which was much appreciated by the many spectators.

After two periods of 15 minutes, the Brunswicks won with a score of 4 to 2.

The Shieks with two of their best players were unable to play a real game. When the game was over, winners and losers had a friendly meeting at the home of Mrs. Frank Synet, where a nice lunch was served.

The line-ups follow:

Brunswick	Goal	Shieks
Miss Girouard	Defence	Martine Albert
Irene LaJoie	Forward	Eva Daigle
Ida Cyr	Centre	Cecil Cyr
Bernadette Lachance	Centre	Ida Morelle
Isabelle Lachance	Centre	Mrs. Eva Martin
B. MacLean	Centre	

Probably no hockey team in the Maritime Provinces has made a better showing in its own circle of sport activity this winter than that of the Matapedia squad. This fast team, organized early in the hockey season, has six consecutive victories to its credit and is not a single defeat.

The season opened very auspiciously for this aggressive team in January when they defeated the Saybee squad on their own ice.

On February 4th they won from the Campbellton Vics; on the 7th, inst. they wrestled a hard fought game from the Restigouche team; the following week they met and defeated the Campbellton Bankers and on February 18th, administered a trimming to the Dalhousie sextette. Their last triumph was on Thursday last when they defeated the New Richmond squad, which, incidentally, is said to be one of the strongest and fastest teams playing on the coast this season.

Those who have closely watched the activities of the Matapedia team are not surprised at the success which they have won this year. It is safe to say few other teams representing villages anywhere in the maritime provinces are exhibiting such a fine brand of hockey as this fast Quebec squad. All too often in the village team there is a woeful lack of technique, loose and ungraceful stick-handling and an absence of effective team play. But these are not faults of the Matapedia players. Heavy stick-manipulation are features of this squad in action, and these facts make very effective work in strenuous winter play.

In A. Pratt too Matapedia team has a reliable goal tender who never loses his head. His work in the nets this season has doubtless been largely responsible for "bringing home the bacon" on several occasions. L. Pratt and J. Adams on the defence line are dependable hockeyists and their joint efforts in front of the home goal have frustrated many a heavy bombardment that might have meant defeat.

At centre B. MacLean is a swift and powerful playmaker and a good leader in fast company. On the wings, C. Crowell and W. Adams make up the balance of a strong and aggressive line, and when their effective work is coupled with the speedy rushes of the two defence men, an opposing team is invariably obliged to use every ounce of energy at their command. With the different positions so well filled this Quebec border village has a fine aggressive team of hockeyists and their joint efforts in front of the home goal have frustrated many a heavy bombardment that might have meant defeat.

NOTE AND COMMENT
 Are women persons in the eyes of the law of Canada? This is a question that has been asked to Ottawa has been asked to answer. Women are persons; women are important persons, and if they are not so regarded by the law so much the worse for the law. That's all we have to say about it.

Funeral of The Late Mrs. Virginia Lacasse

(The Leader, Manchester, N. H.)
Funeral services for Mrs. Virginia Lacasse of 619 Union Street were held Friday morning in St. George's Church at 9 o'clock. Rev. E. Devo officiated at the regular high mass, assisted by Rev. E. J. Vaccarot as deacon and Rev. Antonio Laubert as sub-deacon, singing was rendered by a quartet composed of Thomas J. Bois, Walter Richard, A. Cole and A. G. Ledoux. Miss Agnes Deslites presided at the organ. Delegations from St. Anne's Sodality and the Lertary order of St. Francis were present and included Mrs. L. Landry, Mrs. H. Laplante, Mrs. E. Gosselin and Mrs. G. B. A. Guerin, representing St. Anne's Sodality. Mrs. N. Constant and Mrs. E. Bolwert of the St. Francis order. The pall bearers were: Adlard Gosselin, Emile Gosselin, Pierre Brasseur, George Brasseur, Ernest Lacasse and Adlard Lacasse.

Present from out of town were: Mrs. Henrietta Lacasse, Mr. and Mrs. Leon Lacasse, Errol Lacasse, and Adlard Lacasse, of Pawtucket, R. I. Mrs. Emelie Gagnon, of Forrester, Mass. Mrs. Ferdinand LeBlanc of Lynn Mass. and Mrs. Napoleon LeBlanc of Campbellton, N. B. Under direction of Romeo Lester interment was in Mt. Calvary Cemetery in the family lot where Rev. Father Lambert read the last prayer at the grave. Letendre Dery and Co. were the undertakers.

VALUE OF PAPER

The value of an aggressive weekly newspaper is not always admitted although it is usually recognized. Little would be known of many urban centres and rural districts were it not for these mediums. Through them, some activities are published to the world. Were doubters on this point to see the exchanges that come to the desk of the weekly editors, the fact would be realized that the record of events published for the home folk is not confined to them but is given in part, at least by reprinting to a much wider constituency. Articles of interest are copied and news of important events goes the round thereby gaining for the home community publicity that could not be secured in any other way. The group will not admit this, but the sane thinking individual will not hesitate to agree, the service given by the weekly press is incalculable.

"How did you come to get that red paint on the front of your dress, Mrs. Mangus?"
"Oh, I was leaning over Sandy Bevan's fence to look at his chickens." "But Sandy has a big sign up—'Wet Paint—Sandy Bevan.'"
"I saw that—everybody knows what a liar he is."

OBITUARY

The Late William Thompson

In the death of the late William Thompson which occurred here on Sunday last at the home of his sister, Mrs. A. Andrew, many circles of friends here and elsewhere are called upon to mourn the passing of a highly respected friend and citizen. Since December last his health was such as caused his friends much alarm although he was able to be up and about on Friday last at noon he was suddenly seized with epilepsy and taken to his bed. From this attack he did not rally but passed away at 12:30 Sunday morning.

The late Mr. Thompson entered the employ of the Canadian National Railways here in 1883, and has been continuously in their employ up to December last when he was obliged to give up his work owing to failing health. He entered the service as a fuelman in 1890 became a fireman and since 1903 was hostler at the round house. The deceased was an honored member of Heintz Lodge L. O. L. No. 64. The funeral services which were held on Tuesday afternoon at 2:30 were largely attended, Rev. W. W. McNeil officiating, assisted by Rev. G. G. Gosselin. The pall bearers were John Gilker, E. A. LeGallais, Edward Price, W. McNeil and Meteler, Everett Henderson and John Smith.

Deceased is survived by one sister, Mrs. A. A. Andrew of this town; and two half sisters Miss Lisle Thompson and Mrs. Annie Williams, both of Keene, N. H., to whom the sympathy of the community is extended in their bereavement.

Emily Adams

With sorrow we speak of the death of Miss Emily Adams which took place at her home in allamoy, N. B. Wednesday afternoon, March 4th, after an illness of nearly a year. She was always of a retiring and quiet disposition. Her illness though painful was borne with great patience and cheerfulness. She was conscious until the end and just a few moments before she passed away, she told the loved ones beside her that she was dying happy.

The services at the house and graveside were conducted by Rev. E. V. Forbes, M. A. The hymns sung were "What a Friend we have in Jesus, Asleep in Jesus and Resting in the arms of all favorites of the deceased. Much sympathy is expressed for the bereaved family.

Dawsonville

Congratulations are extended to Mr. and Mrs. Charles A. Cooling on the arrival of a baby boy on February 15th. John Lawrence.

ANOTHER STORY

Manager of Store "Why do you mean by arguing with that lady? Let her have her own way. Remember a customer is always right."

It looks as if the Governments of the country will soon have to take concerted action to discover ways and means of saving Canada's power for Canadian industry, and perhaps place an embargo on its export as a safeguard against any immediate shortage.

Trouble in That Name.

"Mrs. Jones, why does Mr. Jones keep on calling you Amelia."
"Because that is my name, child."
"Ameliamina to everybody who knows it."

Notice is further given that the first meeting of Creditors in the above estate will be held at the office of the Official Receiver, which for this purpose will be at the Office of H.A. Carr, Campbellton, N. B. on March 17th, 1925 at the hour of three o'clock in the afternoon.

Mrs. Leeman says.

"Carnol saved my life—many thanks to Carnol!"

But read her letter. It tells her story better than we can. "I feel it my duty to write you about your wonderful medicine Carnol. In January I had an operation for appendicitis. The pain I suffered before the operation and the loss of blood afterwards left me so weakened and run down that I wasn't able to go about on my feet. I just had to be around all the time. The doctor said I was to take iron for my blood for it was so thin. I had anemia and folks said I had only a short time to live. Carnol saved my life—many thanks to Carnol. I have gained about ten pounds in three months. After every meal I used to have indigestion and heartburn so bad that the pain was intense. A dose of Carnol would give me immediate relief. Now I am absolutely cured of both. I had severe headaches and pains across my back and all these have also disappeared. "This is how I started using Carnol. I asked a friend about Carnol. He said it was awfully good. My doctor had recommended it to her to take after she had been in bed for months and he was completely cured. I called in our druggist and asked him about Carnol. He recommended it but said he was just out of it and wanted me to take a bottle of beef, iron and wine. But I said, "No, I want Carnol." So he said he would send me some. I got some just as soon as it came. I commenced to take it and it has removed my blood and given me a wonderful appetite. I never have to take a laxative with this medicine. I cannot recommend your medicine highly enough. It is just exactly what the system needs."—Mrs. Wilson, 14 Leeman, Ivanhoe, Ont.

Five Favorite And Economical Italian Dishes

It is nice to vary the home menu occasionally with something not only excellent, but economical as well. While the Italians are famous for the cookery of all macaroni pastes, they make many other dishes that are too good to miss, and unless one has toured in the country these are strange to American palates. The recipes given are generally calculated to serve four people, the average family.

Minegrone Soup.
Chop together a cupful of cabbage and the same of the white-broccoli, six slices of bacon and a small slice of ham, a large onion, a cupful of chopped soup greens, a tablespoonful of vermacelli and a small can of both or stock and boil gently for two hours. Season and serve with grated Parmesan cheese and Italian bread toasted in squares. Before putting in the ingredients rub the soup pot with a cut bud of garlic.

Lombard Soup.
Select a good-sized boiling chicken, and after cleaning joint it and put it into a pot with two quarts of water, a halved onion, some celery tops, the chicken feet trimmed and scalded, and cook gently until the meat is very tender. Lift the chicken and take the meat from the bones and throw the bones back into the soup. Cook the meat in any way desired. Cook a little longer, then strain and cool the soup and remove the greens. Meantime take the chicken liver and mash it to paste with one ounce of suet that has been chopped fine, two lamb's sweetbreads that have been parboiled, six chopped mushrooms, two tablespoonfuls of asparagus tips, a tablespoonful of cooked peas pepper, salt, a teaspoonful of sugar and a beaten egg. Mash all to a paste, dust with a little flour, shape into little cakes, and when the soup is reheated and boiling poach the cakes on top. When firm lift with a skimmer and place in the bacon, then pour the soup over all.

Polets "Alla Bologna"
Stir one pound of light yellow cornmeal into a quart of boiling slightly salted water, when smooth, remove from the fire and cool it a little. But a hot butter dot, with nut in a layer of the meal, then cover it with sliced sausage that has been boiled ten minutes in water and then have the skin removed, next a layer of thick tomato sauce, seasoning, a sprinkling of grated cheese, then another layer of the meal, continue in this way until all is used. Sprinkle the top with fine crumbs, dot with butter and bake about a half hour.

Rice "Alla Tomato"
Wash eight ounces of rice, then put it into a large saucpan of boiling salted water, boil rapidly for eight minutes, then strain off and put it in to a saucpan containing a pint of boiling milk, add pepper, salt, a teaspoonful of sugar, and cook gently

until the milk is all absorbed by the rice, beat in one egg and a large tablespoonful of butter, then pile on a hot dish to a bed of spinach, and with a knife dipped in hot water. Meantime have ready a chopped onion that has been cooked in a tablespoonful of butter. When soft, add two tablespoonfuls of crumbs, then a small egg and a point of tomato puree stir and cook together, then turn into the rice border and serve.

Italian Eggs.
Heat two tablespoonfuls of olive oil in a frying pan and fry in it a tiny piece of garlic, a thinly sliced onion, and a chopped pepper. Add four cut up tomatoes and cook all gently for half an hour. Season well with salt and a half teaspoonful of sugar, stir in six beaten eggs and scramble all together with a silver fork. Add a teaspoonful of grated cheese and when sea-bird, but not too dry, serve on bread toasted delicately and cut in triangles. Garnish with sprays of fresh cress.

DISAPPEARING DINING ROOM
The dining-room has disappeared from many of the modern small houses and apartments. In its place the living room is used for special meals, and the breakfast alcove everyday. So much entertaining is done at restaurants and hotels that the tables filled with guests are almost unknown by the housekeepers of today in cities. The gate leg table looks small but it can be made to assume sizeable proportions, if need be. Then the wooden table tops made by local carpenters may be placed on small tables for extra occasions and afterwards easily removed. But-in closets and drawers hold all the needed accessories that a simple table requires.

The breakfast accommodates four to six people and if the woman does her own work the other meals are quite likely to be taken there, for convenience and labor saving reasons. The haking table in the kitchen drops against the wall when not in use, the ironing board and so on close into a wall closet, a good sized screen conceals the ice box in an entry made by the building of the alcove in most instances, the sink is frequently a cabinet affair. There is absolutely nothing objectionable to be seen in the kitchen and if it is tastefully painted, has pretty curtains, and rugs on the linoleum or polished floor, it is a pleasant one. With the steam ventilators on the gas stove, little oil or if any can be noticed from the cooking.

Old-fashioned housewives who adopt themselves to the new order of things find they have much more time than they used to have in doing their work. Part-time help is solving many situations for the woman who cannot afford a maid, or who does not require one constantly. Then women dress so much more sensibly for work nowadays. They wear low heeled shoes, loose one piece dresses, made with short sleeves. There are the rubber gloves to save the hands.

Then there is the asbestos material that comes by the yard, which can be made into an apron to wear around the stove. There are rubber aprons when dish washing; in fact everything is made for labor saving and to help the woman who works.

MANY CANADIANS RETURNED HOME

Statement Issued by the Department of Immigration and Colonization

Ottawa, March 2.—Immigration to Canada, including Canada returning from the United States, has averaged a little over fourteen thousand a month for the ten months of the fiscal year, up to and including January, according to a statement just issued by the department of immigration, and colonization. The total is 141,609.

Regular immigration, not including returning Canadians, amounted to 102,577, of which 49,363 were British, 13,721 from United States and 39,493 from other countries.

Canadians who in January returned to Canada, after a residence of six months or longer in the United States, and declared their intention to remain permanently in the Dominion totalled 1,715. The number of such returning Canadians since the beginning of the fiscal year, is 39,032.

The Honorable Rodolph Lemieux, member for Gaspé County and speaker of the House of Commons, Ottawa. This is the second time within eight years that death has visited the family as it will be remembered that Lieut. Roddy Lemieux only son of Sir Rodolph was killed in the Great War. Although the deceased young lady was not personally known in Gaspé town, still her death at an early age cannot fail to awaken sympathy.

Mr. and Mrs. William Leggo from Bruliant Cove were the guests of Mr. and Mrs. Robert Baird on Sunday. It is reported that the new Uraline convent which is nearing completion at Gaspé Basin will be solemnly dedicated at the end of June.

Miss Elizabeth Foley left on Monday morning for Campbellton, N. B. where at the Hotel Dieu Hospital of that town she will undergo an operation. Her nephew Mr. John Foley accompanied her.

MORE GRIST TO AUTHOR'S MILL
Canadian authors in general, and Quebec authors in particular will welcome the proposal of the provincial legislature in making provision that out of the appropriation made annually for prize books a considerable portion of it must be spent upon books written by Canadian writers. The proposal is not a new one, but due to certain exigencies that arise occasionally in parliamentary life it has never been operative. In the legislative Council, this week the matter was reintroduced by Senator Choquette, and the hearty accord with which it was greeted by the members of the Upper House may be taken as a guarantee that it will be put into effect without further delay. It is both a wise and a patriotic step. The table, mats have supplanted the tablecloth, so that it is out of the way. Baby clothes are much simpler than in the older days, and short clothes are put on at very early stages. Most of the other clothing or extras can be done and dried in the house.

Part-time help in solving many situations for the woman who cannot afford a maid, or who does not require one constantly. Then women dress so much more sensibly for work nowadays. They wear low heeled shoes, loose one piece dresses, made with short sleeves. There are the rubber gloves to save the hands.

FOR JOY OF GOOD HEALTH
Manitoba Woman Thanks Lydia E. Pinkham's Vegetable Compound
Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable all ways and life just seemed as if it wasn't worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I felt better and I did not suffer every month. It stopped the pains and helped me in other ways. Then when my babies were coming I was tired and worn out the first three months and asked badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. Now I am a happy wife with a big house to look after, and three babies now. I have told ever so many women about your medicine. Just last week I got a letter from my old Aunt in the East. Her baby was born fifteen days before mine and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter and I hope some one will be helped by it."—Mrs. J. H. Kidd, Box 56, Crandall, Manitoba. C

Carnation Has the Taste of Purity

Why is Carnation the purest and safest milk you can buy? Because it is hermetically sealed, then sterilized. And that accounts for that distinctive taste—the taste of purity.

This characteristic taste is not evident in your cooked foods—but you will find a greatly improved flavor in all dishes in which this wholesome milk is used. It adds a creamy smoothness and improves texture because Carnation is pure, fresh milk evaporated to double richness, kept safe by sterilization.

Sold by grocers everywhere at moderate prices—order several tall (16 oz.) cans or by the case of 48 cans.

at all. I explain myself, I think, and Gold knows, it is not my custom. I am grateful to you Lord Julian, for your kindly intentions. I am sure. But you'll understand, perhaps. You look as if you might."

Lord Julian stood a moment, watching her as she moved away towards the taffrail. Then letting his arms fall helplessly to his sides in dejection, he departed.

CHAPTER XVII
THE SERVICE OF KING JAMES

Miss Arabella Bishop was aroused very early on the following morning by the brazen call of a bugle and the insistent clanging of a bell in the ship's belfry. In his cabin Lord Julian was already astir and hurriedly dressing. About him in the ward, where all last night had been peaceful, there was a frenzied active bustle of some three-score men. By the rail, immediately above and behind Lord Julian, stood Captain Blood in altercation with a one-eyed giant, whose head was swathed in a red cotton kerchief, whose blue shirt hung open at the waist. As his lordship, morning forward, revealed himself, their voices ceased and Blood turned to greet him.

"Good morning to you," he said, and added: "The blundered badly, so I have. I should have known better than to come so close to Jamaica by night. But I was in haste to land you. Come up here. I have something to show you."

Wondering Lord Julian mounted the companion as he was hidden. Standing beside Captain Blood, he looked astern, following the indication of the Captain's hand, and cried in amazement. There not more than three miles away was land—an uneven wall of vivid green that filled the western horizon. And a couple of miles this side of it, bearing after them, came spearing three great white ships.

Wolverstone looked down scornfully upon Lord Julian. "So that you're like to be in yet another sea fight after ye've done wi' ships, my lord."

"That's a point we were just arguing," said Blood. "For I hold that there is no case to fight against such odds."

"The odds be damned!" Wolverine thrust out his heavy jaw. "We're not to be taken in by a bunch of odds. Whatever odds it is, we'll fight 'em. We've got to win, or we're never known you scared folk."

A gun boomed out behind them. "That'll be the signal to lie to," said Blood in the same listless voice; and he fetched a sigh.

"Till see Colonel Bishop in hell or over I lie to for him."

Wolverstone squared himself before his captain.

"Till see Colonel Bishop in hell or over I lie to for him."

"Oh, but—by your leave," his lordship intervened, "surely there is nothing to be apprehended from Colonel Bishop. Considering the service you have rendered to his niece and to me, I assure you that my word counts for something in England."

"Oh, yes—in England. But this ain't England, damme," Wolverine laughed.

Came the roar of a second gun, and a round shot splashed the water less than half a cable's length astern. Blood leaped over the rail to speak to the fair young man immediately below him by the helmsman at the whippstaff.

"Bid them take in sail, Jeremy!" he roared. "Wait! Captain and loyal follower faced, their glances met, sudden defiance braving dull anger, surprise and pain.

"There is no question," said Blood, of surrender for any man aboard save only myself. If Bishop can rescue England that I am taken and hanged, he will magnify himself and at the same time gratify his personal revenge. Some moments ago Ogle, followed by the main body of his gun-deck crew, had emerged from the booby hatch, to fall into muttered, angrily vehement talk with those who, abandoning the gun-deck upon hearing they were laboring, had come to crowd about him.

Even now Blood had no eyes for that. He turned to look at Miss Bishop, marvelling a little, after the manner in which yesterday she had avoided him, that she should now venture upon the quarter-deck. Her presence at this moment, and especially the nature of her altercation with Wolverine, blood-bared his head and bowed entirely in a greeting which she returned composedly and formally.

"What is happening, Lord Julian?" she enquired.

As if to answer her a third gun spoke from the ships.

"They are ships of the Jamaica navy," said Blood, and his attention was drawn at last to Ogle,

CHAPTER XVIII
A PET MARTEN

The following appeared in a recent number of *Forest and Stream*:—

In one of the warehouses of Stetson, Cutter & Co., on the Kedgewick River, Prov. N. B., lives a male marten called Bill. He has been there now about four years. This logging crew operating on the south bank of the Kedgewick, and I might say here that it was owing to the want of a steel trap that Bill is alive to-day and his hide not decorating some lady's neck in the form of a choker. Having noticed the track of a marten around the lunch hole, and not having any other good martens was a dead one upon entering the box and pulling at the piece of fresh meat attached to a string which was connected with the door, would be a prisoner. Several days after placing the box there, upon returning to the camp one evening, he saw that the door was shut and upon investigating found he had either a marten or else some other fighting animal inside. The box was quickly carried to the top camp and the marten was transferred to a flour barrel and a cover—with a small hole for air—was securely fastened on top.

One night in the barrel—and the marten had almost eaten his way through, and after nailing a board over the hole, the logger decided that the only good marten was a dead one as he was nothing to him but a bunch of fur filled with snails and bites. The writer, having chanced to come along and admiring the plucky little marten's fight for liberty, and not wishing to see him killed, bought him, and four barrel and marten were once more transferred to the tote team and hauled out to the warehouse where he was placed at liberty. He is very fond of raisins, fresh fish, sullen, duff, granulated or brown, and isn't particular as to quality, and will also appreciate a chocolate and then some. He also likes nuts, and when upon the verge of being put in his mouth, will drag it away between his forepaws. His hearing is acute and he is his sense of smell and he can quickly pick a stranger at by glancing over the beam, and scenting him. This marten's coat is very dark during the summer and that the color is a warm brown, but when the winter comes it is a nice brown, and the head and lower part of neck are a greyish white. The tail remains very dark over by the summer but in the cold season it gets very bushy and when lying down or sleeping, he curls it around his nose in the same way that a fox would do.

You should see this marten and if there's a laugh in you, it will surely come out. You should see him take a piece of meat—a small wee piece as big as a robin's egg—out of my closed hand. He will not bite. He simply uses those two fore paws and believe me I open the hand very quickly. His claws are like needles. You should see him jump a foot or more clear of the floor and grab a piece of meat that is swinging back and forth and hang on while he has a lunch. And hear the growls when he is hauling at a piece of meat that I am holding.

Since writing the enclosed letter I nearly lost my marten: I went in the shed to feed him and left the sliding door opened about a foot while I sat on a bale of hay close by the door. Our big cat came along and stepped into the shed.

My attention was taken up for a moment by the cat—a nice one and half wild, as he never comes inside the camp. My back was towards the marten and I expected him to be on his usual perch when I turned to see what the cat was doing. I saw him land about 18 inches from the cat. I jumped at the same instant and he was off as fast as a flash. I never saw him again. I have been some scrap as he would fight as long as there was a beast in him, but the cat would certainly have been a good proposition.

"Good morning to you," he said, and added: "The blundered badly, so I have. I should have known better than to come so close to Jamaica by night. But I was in haste to land you. Come up here. I have something to show you."

Wondering Lord Julian mounted the companion as he was hidden. Standing beside Captain Blood, he looked astern, following the indication of the Captain's hand, and cried in amazement. There not more than three miles away was land—an uneven wall of vivid green that filled the western horizon. And a couple of miles this side of it, bearing after them, came spearing three great white ships.

Wolverstone looked down scornfully upon Lord Julian. "So that you're like to be in yet another sea fight after ye've done wi' ships, my lord."

"That's a point we were just arguing," said Blood. "For I hold that there is no case to fight against such odds."

"The odds be damned!" Wolverine thrust out his heavy jaw. "We're not to be taken in by a bunch of odds. Whatever odds it is, we'll fight 'em. We've got to win, or we're never known you scared folk."

A gun boomed out behind them. "That'll be the signal to lie to," said Blood in the same listless voice; and he fetched a sigh.

"Till see Colonel Bishop in hell or over I lie to for him."

Wolverstone squared himself before his captain.

"Till see Colonel Bishop in hell or over I lie to for him."

"Oh, but—by your leave," his lordship intervened, "surely there is nothing to be apprehended from Colonel Bishop. Considering the service you have rendered to his niece and to me, I assure you that my word counts for something in England."

"Oh, yes—in England. But this ain't England, damme," Wolverine laughed.

Came the roar of a second gun, and a round shot splashed the water less than half a cable's length astern. Blood leaped over the rail to speak to the fair young man immediately below him by the helmsman at the whippstaff.

"Bid them take in sail, Jeremy!" he roared. "Wait! Captain and loyal follower faced, their glances met, sudden defiance braving dull anger, surprise and pain.

"There is no question," said Blood, of surrender for any man aboard save only myself. If Bishop can rescue England that I am taken and hanged, he will magnify himself and at the same time gratify his personal revenge. Some moments ago Ogle, followed by the main body of his gun-deck crew, had emerged from the booby hatch, to fall into muttered, angrily vehement talk with those who, abandoning the gun-deck upon hearing they were laboring, had come to crowd about him.

Even now Blood had no eyes for that. He turned to look at Miss Bishop, marvelling a little, after the manner in which yesterday she had avoided him, that she should now venture upon the quarter-deck. Her presence at this moment, and especially the nature of her altercation with Wolverine, blood-bared his head and bowed entirely in a greeting which she returned composedly and formally.

"What is happening, Lord Julian?" she enquired.

As if to answer her a third gun spoke from the ships.

THE SERVICE OF KING JAMES

Miss Arabella Bishop was aroused very early on the following morning by the brazen call of a bugle and the insistent clanging of a bell in the ship's belfry. In his cabin Lord Julian was already astir and hurriedly dressing. About him in the ward, where all last night had been peaceful, there was a frenzied active bustle of some three-score men. By the rail, immediately above and behind Lord Julian, stood Captain Blood in altercation with a one-eyed giant, whose head was swathed in a red cotton kerchief, whose blue shirt hung open at the waist. As his lordship, morning forward, revealed himself, their voices ceased and Blood turned to greet him.

"Good morning to you," he said, and added: "The blundered badly, so I have. I should have known better than to come so close to Jamaica by night. But I was in haste to land you. Come up here. I have something to show you."

EXPRESS RATE ON FISH REDUCED

Expected This Will Help Maritime Fish Industry To Some Extent.

Toronto, March 11.—Announcement was received in Toronto last night of a reduction of 25 per cent. in the Canadian National Express rate on fish shipments between Halifax and Montreal and Toronto. For some time the fishing interests of Nova Scotia have been striving to have a reduction effected, but without results. The last hearing on rates took place before the Board of Railway Commissioners in Halifax last February, at which the express companies lost their appeal for increased rates.

Yesterday's announcement affects only the Canadian National Express Company. Feeling among wholesale fish dealers in Toronto is that this reduction, while not large, will help very considerably, both from the point of view of the Maritime fishing industry and from the standpoint of

who came bounding up the broad ladders and to the men lounging aft in his wake. Blood, confronted him.

"What's this?" the Captain demanded sharply. "Your station is on the gun-deck. Why have you left it?"

"Captain," Ogle said, and as he spoke he pointed to the pursuing ships. "Colonel Bishop holds us. We're in no case either to run or fight."

"Ogle," said he, in a voice cold and sharp as steel, "your station is on the gun-deck. You'll return to it at once, and take your crew with you or else—Threats will not serve, Captain."

Captain Blood's hand closed over the butt of one of the pistols slung before him in the next issue.)

A PET MARTEN

The following appeared in a recent number of *Forest and Stream*:—

In one of the warehouses of Stetson, Cutter & Co., on the Kedgewick River, Prov. N. B., lives a male marten called Bill. He has been there now about four years. This logging crew operating on the south bank of the Kedgewick, and I might say here that it was owing to the want of a steel trap that Bill is alive to-day and his hide not decorating some lady's neck in the form of a choker. Having noticed the track of a marten around the lunch hole, and not having any other good martens was a dead one upon entering the box and pulling at the piece of fresh meat attached to a string which was connected with the door, would be a prisoner. Several days after placing the box there, upon returning to the camp one evening, he saw that the door was shut and upon investigating found he had either a marten or else some other fighting animal inside. The box was quickly carried to the top camp and the marten was transferred to a flour barrel and a cover—with a small hole for air—was securely fastened on top.

One night in the barrel—and the marten had almost eaten his way through, and after nailing a board over the hole, the logger decided that the only good marten was a dead one as he was nothing to him but a bunch of fur filled with snails and bites. The writer, having chanced to come along and admiring the plucky little marten's fight for liberty, and not wishing to see him killed, bought him, and four barrel and marten were once more transferred to the tote team and hauled out to the warehouse where he was placed at liberty. He is very fond of raisins, fresh fish, sullen, duff, granulated or brown, and isn't particular as to quality, and will also appreciate a chocolate and then some. He also likes nuts, and when upon the verge of being put in his mouth, will drag it away between his forepaws. His hearing is acute and he is his sense of smell and he can quickly pick a stranger at by glancing over the beam, and scenting him. This marten's coat is very dark during the summer and that the color is a warm brown, but when the winter comes it is a nice brown, and the head and lower part of neck are a greyish white. The tail remains very dark over by the summer but in the cold season it gets very bushy and when lying down or sleeping, he curls it around his nose in the same way that a fox would do.

You should see this marten and if there's a laugh in you, it will surely come out. You should see him take a piece of meat—a small wee piece as big as a robin's egg—out of my closed hand. He will not bite. He simply uses those two fore paws and believe me I open the hand very quickly. His claws are like needles. You should see him jump a foot or more clear of the floor and grab a piece of meat that is swinging back and forth and hang on while he has a lunch. And hear the growls when he is hauling at a piece of meat that I am holding.

Since writing the enclosed letter I nearly lost my marten: I went in the shed to feed him and left the sliding door opened about a foot while I sat on a bale of hay close by the door. Our big cat came along and stepped into the shed.

My attention was taken up for a moment by the cat—a nice one and half wild, as he never comes inside the camp. My back was towards the marten and I expected him to be on his usual perch when I turned to see what the cat was doing. I saw him land about 18 inches from the cat. I jumped at the same instant and he was off as fast as a flash. I never saw him again. I have been some scrap as he would fight as long as there was a beast in him, but the cat would certainly have been a good proposition.
