Frank H. Holmes, Esq.,
Wm. Rea, Esq., K. C.,
Commissioners.

Heard at Calgary, Alberta,
the 10th day of December, A.D. 1942.

The Applicant duly filed with an Official Receiver, as required by the Act, a proposal for a composition, extension of time or scheme of arrangement with respect to his liabilities but an agreement contemplated by the Act, not having been reached with all of the Applicant's creditors at the statutory meeting convened by the Official Receiver, the Applicant thereupon duly filed a written request that the Board endeavour to formulate an acceptable Proposal to be submitted to him and to his creditors.

Pursuant to notice given to the Applicant and to his creditors as disclosed, the Board has duly heard and considered representations made by or on behalf of the Applicant and those of his creditors who appeared either in person or through a solicitor or agent or who made representations in writing.

The Board finds that the Applicant is a farmer within the meaning of the said Act, that he is unable to meet his liabilities as they become due and that he is entitled to the benefits of the Act.

The Board bases the undermentioned proposal upon the present and prospective capability of the Applicant to perform the obligations prescribed, and the productive value of his farm.

Nothing contained in this proposal shall be deemed to revive or give validity to any debt in respect of which payment is at this date barred by the Statute of Limitations of the Province of Alberta.

The terms and provisions of all existing securities and documents relating to or evidencing any indebtedness of the Applicant to any of his creditors named herein, including any right of acceleration on default shall continue in full force and effect, except as hereby expressly modified.

Whenever the singular and masculine are used throughout this proposal with reference to the Applicant or Applicants, the same shall be construed as meaning and including the plural or feminine, where the context or the number or gender of the party or parties hereto so require.

The Applicant shall have the privilege of prepaying the whole or any portion of any moneys payable under this proposal at any time without notice or bonus upon first paying any arrears accrued hereunder.

This proposal shall not without the concurrence of the creditor apply in the case of any debt incurred after the 1st day of May, 1935.

If I could manage to clear of all payments. The remaining payment being $135.-73. If I could just have the Interest cut-off for the last year it would surely help me a lot as I did not have much crop last year 1943 & we have never had anything cut off as many have had. I am a widow & have many other payments to make & the grain don't go around & that is the only Income I have. Please see what you can do with this.

Attention D.J. Allan

Dear Sir:

I am interested in buying the S.E. ¼ 28-20-22 West 4th which I think is held unier contract by the widow of the late Alden Smith of either Arrowwood or Shouldice. I understand there are some liens and possibly some tax notifications recorded against the property.

If you can give me the name of the present owner and any information regarding taxes and liens and what balance is still owing on the land to the Indian Department, I would appreciate it.

Yours truly,

F. L. Shouldice

FLS/B F. L. SHOULDICE.

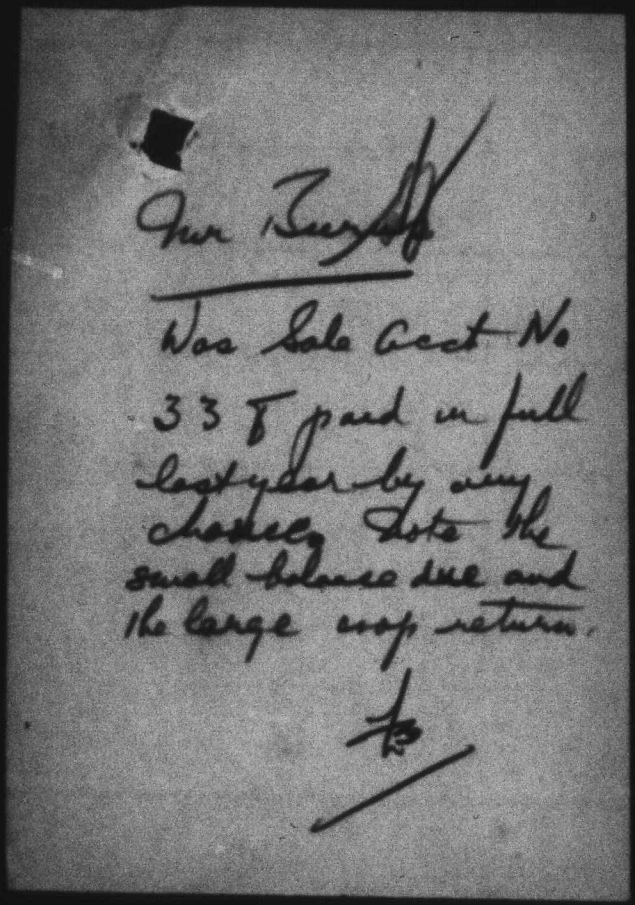

P.S. A search of the Land Titles Office shows this quarter to be still in the name of the Crown and I gather that the payments have been very slow and possibly very unsatisfactory. The Shouldice Estate owns a lot of land in this district and the writer owns a half section adjoining and we might be able to make Mrs. Smith a reasonable offer and clean up the balance owing the Crown.

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the f act that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $1,152.00, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

W.A.D

If, however, pay ment of interest is made within the time abo ve specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Dear Sir:-

With reference to your letter to Mr. Henry Brown, C/o the National Finance Company, Vancouver, regarding the purchase by the above mentioned gentleman of the N. W. ¼ of Section 4, Township 20, Range 22, and the N.E. ¼ of Section 5, Tp. 20, Range 22, notifying that the sum of $443.17 has become due. This letter has been handed to me by the National Finance Company, which is now in Liquidation, as I am now the attorney for Mr. Brown in this country.

LANDS BRANCH
JUN 21 1915

I have had correspondence with Mr. Brown recently regarding this matter, and he has intimated to me that he would be much obliged if it could be arranged that the payment of principal be deferred for a little time, he of course paying the interest.

As the National Finance Company handled a great deal of Mr. Brown's business, and he was also a fairly large share-holder in this concern, its failure has been rather a serious matter to him, and as the moratorium is in effect here, it is exceedingly hard to collect monies belonging to Mr. Brown. I would be much obliged therefore if a little consideration could be shown, and the payment of principal be deferred for a little time. Immediately on receipt of a letter from you, I will forward the interest to you.

Trusting you will be able to grant an extension,
I remain,

Yours very truly,

On the 14th of June 1911, there were purchased two quarters of land, now in the name of Henry Brown, of Edinborough, Scotland. Mr. Brown is desirous of having these lands developed, and in applying to me for information along these lines failed to give the legal description of these two parcels, and therefore I am unable to make inspection and report on same.

Will you kindly furnish me with this information at the earliest possible date, as I wish to make some preparations for having these lands developed.

Mr. W. A. Orr,
Indian Lands Department,
Ottawa, Ontario.

Dear Sir;-

I have yours of April 18th and don't quite understand the position you have taken. So far as this assignment from Henry Brown to myself, it does not in any way effect the payments to you of any delinquent or other payments. It is simply a matter between Mr. Brown and myself and until such time as I pay your Department the amounts due on these lands. Of course, I understand that they still remain in the Government and I am not entitled to any claims against them.

The reason I sent this assignment was simply for your information that any further payments on these lands would be made by me and I cannot understand what particular object could be gained by retaining the assignment.

In my other obligations to the government if you will consult your records you will find have been paid in full and I am waiting for a title from you to the south East quarter of section 20- Township 20- Range 22.

In this present case Mr. Brown did not seem in a position to go on with his payments and being in Edinburgh Scotland, so far away, it seemed best to dispose of his equity in these lands..

I hope that conditions will be so that this amount of $767.03 can be made shortly, although it is costing such a large amount for Spring Work this year and seed for these lands that it is taking about all the spare cash there is in sight.

When it is taken into consideration that these lands are now all developed and that they are not seriously delinquent and when further consideration is taken that

there are thousands and thousands of acres purchased at the same time on the Reserve on which nothing has been done, and in some cases only the initial payment made,. I do not think it is good business in these times to press a matter of this kind, where one is doing all possible to increase the production of food under extremely difficult conditions.

These matters were quite fully discussed a short time since by the writer with you personally.

I trust this will quite explain the situation.

I beg to acknowledge the receipt of your letter of the 22nd instant, and in reply to say that it is absolutely essential that the assignment forwarded by you should be retained by the Department as evidence of your right to the land, and as the only evidence the Department has that it is to deal with you in connection with future payments.

I may say that in view of the representations made, the Department is not disposed to unduly press for payment of arrears, but I may say that by a recent Order of His Excellency in Council the interest on purchase money and interest in arrears has been increased to seven per cent.

While I do not want to pay all up now on account of the very poor crops we have had on account of the two seasons of drought, at the same time I want to pay what I can, and will appreciate a stetement. Our crops sure were very bad both years, and we are hoping for a change in 1920, or the lands will run us in debt.

498368

Dear Sirs_.

I have been informed that two gentlemen of Edmonton bought a parcel of land at the sale of Indian lands six or seven years ago of some Nineteen Hundred acres and I understand they are away behind in their payments.

I bought at that sale N.E. Quarter of Section 22 Range 22 Township 20, and I find just north of this Quarter lies the South Half Section 27 Township 20 Range 22 West of the Fourth Mer.

I would like to buy this Half Section. Iwould break and fence it this spring and have it ready for crop next year.

I am willing to pay you the back payments and you could pay back to these gentlemen the amount they have paid you. I will also have to pay the back taxes.This means that this land will cost me about $ 26.00 per acre after paying up everything.

I am not buying this land for speculation purposes and I think it unfair to the country and to the people that these gentlemen should tie up so large tract of land and not improve it when there are men who want to develop it if they could only get the chance.

If you would consider this proposition kindly let me know at once and the amount necessary to handle it and the cheque will be forthcoming immediately.

Thanking you for the trouble I am

Yours very truly. J. K. McKay

Madam:-

I have to call your attention to the overdue amount on your Blackfoot reserve purchase, and to say that the Indians and the Department are in great need of the moneys due, which amount to $1,203.00, composed of $721.80 principal and $481.20 interest, computed to the 14th proximo.

As it is impossible to carry out the conditions of the surrender without the purchasers forwarding the due amounts, it is expected that you will forward on or before the date stated the amount requested.

Failure to comply, will force the Department to take immediate action in connection with the cancellation of the sales, forfeiture of moneys paid and re-disposition of the lands.

Sir:-

With further reference to the overdue instalments of purchase money on the N.1/2, Sec. 34, Tp. 20, Rge. 19, W-4-M, I have to say that the Department urgently requires this money for the purpose of carrying out its obligations incurred with the Indians when surrender of the land for disposition was taken.

The Indians are expecting payment of the moneys due them, but the Department is unable to comply with their request owing to the fact that the purchasers have failed to carry out their obligations to forward the instalments due. I have therefore to say, that you are expected to forward without any further delay the sum of $554.62, composed of $332.35 principal and $222.27 interest which is computed to the 14th proximo.

Unless this request is complied with, the Department will be compelled to take up the question of cancellation of the sale, forfeiture of moneys paid, and redisposition of the land.

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $398.76, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Dear Sir

Larose

In reply to your letter of Nov. 29th regarding arrears on the north half of section Thirty four (34) 20-19 W. 4th owned by Margaret Mucheson and the fractional No. 1/4 of sec. 34-20-19-W 4th Mer purchased by the writer, and in reply will say that it is impossible for us at the present time to make a payment on this land, but hope that we will be given a further extention of time to pay up the arrears, as we now have paid in Five Thousand Five Hundred ($2500.00) Dollars, and do not want to lose it. We might say that if this land were put on the market at the present time it would not bring as much as we pay for it, in fact I doubt if it would bring what we are owing on it, and understand that these lands can only be sold on the regular land sales, If so we should like to have an opportunity to protect our land as it certainly means a great deal to us to have to lose what we have put into it, however we do not expect to hold this land indefinately without making a payment on it, when there is a chance to sell it to some one who might be in a better position to make their payments then we are, but under the existing circumstances we should like to have a chance to make good, and am certain that we can when conditions improve, which possibly won't be until after the war although we hope to make a payment before that time, if possible. Hoping that you will see fit to give us an extention of time on these lands I remain Yours truly F. D. Mucheson

I beg to acknowledge the receipt of your letter of the 15th ultimo, in regard to arrears on lands purchased on the Blackfoot reserve, and in reply to say that the Department would be pleased to grant an extension of time to pay up arrears, as requested, but it regrets its inability to do so, as faith must be kept with the Indians, who surrendered the land on condition of certain expenditure being made in their interest.

I have, therefore, to request a remittance of the interest due by Mrs. Murchison, amounting to $866.16, and of amount due by you, of $398.78, in order to avoid cancellation of sale without further notice.

Dear Sir:- I have your letter of Jan. 18th '16 in regard to the arrears on lands purchased on the Blackfoot Reserve, in which you state that you can not grant us a further extention of time, for which I certainly am sorry to hear. as I have explained in my previous letter I do not want to hold these lands indefinitely, but as there is no other way by which you can get money out of these lands until they are resold at another sale. I do think that we should have a chance to hold them, and pay them up, instead of cancelling and taking back and leaving the land until another sale and resell them.

38) I to all know that the Loan Companies have been criticised a great deal by taking advantage of the present conditions, but I certainly did not think that the Dominion Government would do any thing of this kind.

I might say that our boys that are here went into this piece of land. Two of our boys

to lose it, it will certainly mean a great deal to us. I was told a few days ago that they were only cancelling Contracts of Americans. I hope that I have been misinformed as I am an American, but could hardly believe anything like that, for it certainly would not do immigration any good, and if I have to lose my Twenty five hundred ($2500.00) I will certainly never make another effort to pay for a piece of land in this country again, for I have made great sacrifices to try and pay for a piece of land here and make it my home and hope that I will in some way be able to take care of this farm which I have already put so much into. and will if I get a chance. I do expect that some time soon, to be able to pay something toward the interest on this place, but could hardly make a promise to pay on or before a specified date, but will pay a part of it at the very earliest possible date, which of course might not be for some little time yet, but will assure you that I will do my very best toward making at least a part payment of Interest.

Kindly awaiting your reply. I remain.

I have to again advise you that this land was sold and purchased on the following conditions. That one-tenth of the purchase money would be paid at the time of the sale in 1911 and that the balance would be paid in nine equal annual consecutive instalments with interest at 5%. Up to this date we have received two payments for the years 1911 and 1912.

On the 14th instant there will be payable the 3rd to the 7th instalment, amounting to $5,052.60, made up of $3,609.00 principal and $1,443.60 interest. The Department seems to think that some effort should be made by you to forward the interest due on receipt of this notification, and that the matter must not be overlooked.

Dear Sir,

Re N.E.¼ 34—20—19 W. 4th.
Engelbret Olsen.

Mr. Olsen, who lives now at Devil's Lake, Sask., has consulted us with reference to the above quarter-section. He states that several years ago he bought the said property from a man in Winnipeg, and the man was to get him title to the land. Unfortunately he has lost the papers, and we would like to know if at any time this land was bought or homesteaded. We have written to the Registrar of Land Titles at Calgary, and they state that no certificate of title has been issued to the land.

Thanking you in advance.

Dear Sir:-

In reply to your letter of July 4th enclosing Contracts to be signed by Margaret Mutchison and myself. will say that we are willing to sign them, but it looks as if we would not be able to meet our payments, especially the one falling due on Nov. 1st 1918.

We were very much in hopes of paying up all arrears on our land this year, as we had a farm rented and had in quite a lot of Wheat but it is now almost an absolute failure, and we put our last dollar into the crop, expecting to make a nice clean up. so you can see the position that we are in.

We are willing to sign the Papers, and pay what dues we can on Dec. 31st of this year, but I'm afraid that it won't be a very great amount, so if this is satisfactory, we will sign and return the papers at once.

Kindly awaiting your reply

Yours truly.

Dear Sir:-

In reply to your letter of April 8th 1921. Re- payments on the N½ 35 Twp 34- 20-19-4. will say that we are aware of the very unsatisfactory condition of these Contracts, and had it been any way possible at all for us to make a payment we would have done so. but we cannot do it. but thought possibly we might make some arrangement whereby you could apply the money that we paid on the whole parcel, on either the N.E. ¼-35-20-19-4. or the fractional N½ 34-20-19 and we would release the balance to the Department, we have paid around $2500.00 on the land, it seems as if we should at least have something for our money, so kindly let me hear from you as to what you think of a proposition of this kind.

I have to acknowledge receipt of your letter of the 20th instant in which you returned grant in favour of Edward Evans, of Bassano, Alta., for portions of the N. 1/2 and S. E. 1/4 of Section 34, Township 20, Range 19, W- 4- M, as you state the area of 211 acres, in grant, does not correspond with your plan.

In looking over our plan I find that the acreage given in Crown Grant, which is hereto attached, is the correct acreage. The mistake, which can be easily seen from our plan, occurred in your reading the acreage of the Frl. N. W. 1/4 of Section 34 as fifty-seven acres (57 acres) instead of fifty-one acres, (51 acres). This was due to the top of the figure five making the next figure, one, appear like seven.

Ottawa, January 21st, 1936.

Sir,-

Your letter of the 13th instant to hand, dealing with the late Walter Deegan's Blackfoot purchase covering approximately 1200 acres and the application of Wallace Deegan and his uncle, James McCrae Finlayson, to lease this land jointly at 5¢ per acre for pasturage purposes or, in the event of any of the lands being cropped, the Department to receive the proceeds from one-quarter share of the crop. In reply I may say that the only way in which we could issue a lease of this kind would be to re-possess these parcels as the prospects of the sales being completed are very doubtful. For what period should the lease be made out?

Your obedient servant,

J. C. Caldwell,
Director, Lands and Timber Branch.

Sir:- At the sale of Blackfoot Indian Reserve held at Gleichen a year ago last June, myself and Mr H. A. Gurgeon bought the W½ of 5-20-23-W4 together.

We wish now to seperate this half section, myself taking the N.W. ¼. what would be proper way to do this? I understand that he has made the payments on the S.W ¼, and has tried to dispose of N.W ¼ without my knowledge.

Would just say I have 33 acres broke on this quarter, also fenced

With further reference to the overdue instalment of purchase money on the S.W.1/4, Sec. 5, Tp. 20, Rge. 23, W-4-M, I have to say that the Department urgenly requires this money for the purpose of carrying out its obligations incurred with the Indians when surrender of the lands for disposal was taken.

As this cannot be accomplished without the purchasers first complying with the conditions of the sale, by forwarding the due instalments, I have to request that you will transmit the sum of $357.45, being composed of $282.20 principal and $75.25 interest, which is computed to the 14th instant.

Failure to comply with this request, will be met with cancellation of the sale, forfeiture of moneys paid and redisposition of the lands.

On the 14th June last you forwarded the sum of $76.80 being the interest then due on the N.W.1/4, Sec. 16, Tp. 20, Rge. 23, W-4-M, and stated that after harvest the principal would be paid.

The money being urgently required for the purpose of carrying out the obligations incurred with the Indians when surrender of the land for disposal was taken, and as this cannot be accomplished without the purchasers forwarding the due instalments, I have to say that you are expected to forward on receipt of this letter the sum of $243.20, being composed of $192.00 principal and $51.20 interest, which is computed to the 14th instant.

In reply to your letter of the 13th instant with reference to the S.E.1/4 Sec. 36, Tp. 20, Rge. 19, W-4-M, I have to say that on the 14th of June next there will be payable the 5th and 6th instalments amounting to $707.20, made up of $544.00 principal and $163.20 interest.

On the same date there will be payable on the S.W.1/4 Sec. 36, Tp. 20, Rge. 19, W-4-M, the 4th, 5th and 6th instalments amounting to $1,080.60, being $876.00 principal and $204.40 interest. As both properties are entered in your name, you will be good enough not to overlook forward the above totals.

On March 7th, 1914 you requested to have payments payable in February instead of June owing to the difficulty of getting ready money in June .

You will please not overlook forwarding these amounts when due.

NOV 29 1915

Sir.-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $593.60, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

NOV 29 1915

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you amounting to $154.80, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon, and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Your obedient Servant,

Duncan C. Scott

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians. it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $143.68, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Mr. Alden B. Smith acknowledges receipt of your letter herein of the 9th instant and has requested me to write to you for particulars and to make certain explanations.

He states that he paid through the Royal Bank on the 30th October of last year on account of these lands the sum of $1640.95. That when he purchased the last mentioned above lands through Lasher & Gillilan Limited from Messrs. Braburn & Kinght he was assured by this company that he would have eight years in which to pay the amount owing to the Covernment. He tells me that the first mentioned lands should be about paid for and I would be obliged if you would give me a statement as to how he stands in regard to this property and also if there is anything to the statement of the company through whom he purchased the last mentioned land.

Your enquiry of the 16th instant with reference to the N.E.1/4-21 and the S.E.1/4-28-20-22-W-4-M-, the property of your client Mr. Alden B. Smith has been received.

Our letter to him called for payment of the 10th and final instalment covering the N.E.1/4 of 21, composed of $205.30 principal and $9.55 interest.

The S.E.1/4 of 28 is not in so favorable a position. The total purchase price of this quarter is $2,576.00. There has been received on account $730.40 principal and the interest to the 25th of October 1919, leaving the outstanding balance $1,845.60 principal and the interest payable on the 30th instant of $27.00.

The payment of $1,640.95 forwarded by the Royal Bank of Canada, on the 25th of October 1919 was credited as follows, $615.65 principal and $204.75 interest, covering the 7th, 8th and 9th instalments on account of the N.E.1/4 of Section 21 and $472.80 principal and $347.75 interest on account of the S.E.1/4 of Section 28. Previous to this payment on account of the S.E.1/4 of 28 there was received but the first instalment of principal of $257.40.

The Department is not desirous of burdening your client in insisting on payment of the outstanding balance on the S.E. quarter of 28 at the present time and will therefore be pleased to accept a substantial payment on account.

Dear Sir:- Re: A.B.Smith - Your File #104A-1-71
J.B./O'C.

Referring to your favour of 26th ult, we enclose draft for $267.80 which is to be applied in payment of the amount owing upon the NE¼ of 21-20-22-W4th. If our figures are correct this payment should complete payment for this quarter section, and we shall be obliged if you will advise us when patent is issued.

S. 334

With regard to the SE¼ of 28-20-22 W4th, Mr. Smith requests us to advise you that he has no funds at the present time with which to make a payment upon this quarter section, and he requests that you grant him an extension until he harvests his crop this year. As we advised you in our letter of 17th January there was no crop upon these lands last year as all the cultivated acreage was summerfallowed for this years' crop. Mr. Smith informs us that he has 180 acres of summerfallow to crop this year and if he is successful in harvesting a crop, he expects to be able to make a substantial payment upon his indebtedness to you.

Kindly advise us if you are willing to grant the extension for which he asks.

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $230.40, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Dear Sir:- Re S.E.¼ of 20-20-23 W.4th M.

I enclose you herewith the following documents in regard to the above land for the purpose of having the same entered in your books in the name of Henry Edwin Brown:-

Statement signed by Frank McInenly that he has no further interest in this land;

Quit claim deed (in duplicate) from Irwin Shatto to Henry Edwin Brown;

It appears that some time early of this spring I prepared a quit claim deed from McInenly to Shatto of this land and had the same executed by McInenly but that the same was destroyed by fire which burned the building in which was located my former office; that during my absence one day from town Mr. Brown interviewed McInenly and had him executed the enclosed letter; I later saw McInenly and he admitted to me that he had signed this document and that he had no further interest in this land having sold the same or his equity therein to Mr. Irwin Shatto. I trust that you will approve of this informal letter in order that the land may be entered in the name of Brown.

I also enclose you herewith $2.00 to cover your fee on assignments.

I understand from Mr. Brown that it is his intention to pay the balance now due to you on this land up to the 14th June 1916 so soon as he threshes his crops and markets same.

If you approve of these documents kindly note same on one copy of the quit claim deed Shatto to Brown and return same to me.

yours faithfully,

In connection with the payment of the first instalment under the agreement I have to say that owing to the circumstances as stated in your letter this payment will be allowed to stand until the fall.

In connection with the N.E.1/4 of Section 17, I have to say that the Department cannot recognize you as the owner of this land as the same stands of record in the name of the original purchaser, Mr. J.J.Shamberger, Oroville, Washington.

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $246.47, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Dear Sir:- Re S.E. of 19-20-23 W.4th M. & your file No. 17,537/74.

I acknowledge receipt of your letter of the 26th instant herein, and I do not see how Norman W. Arrâson can give an assignment to Mr. M. H. Ward. I purchased this land along with ~~the remaining~~ a portion of the section 30 from Mr. Orrin S. Arrison, and later sold this quarter section to Mr. Ward.

If I am unable to settle with Mr. Ward will you accept a caveat against the land on my behalf, and will you also advise me what amount was owing to your department as of the 18th day of September 1916, as from and after this date Mr. Ward according to his agreement with me was to assume all payments to the Government.

Kindly let me hear from you as to the above.

Sir:-

In reply to your letter of the 31st ultimo with reference to the S.E.1/4 of Section 19, Tp. 20, Rge. 23, W-4-M, I have to say that on the 16th day of December 1912 Mr. Frank McInenly assigned this quarter section to Mr. Norman W. Arrison in whose name it still stands on the books of the Department. From this you will see that Mr. Orrin S. Arrison apparently had no right to transfer this quarter section.

With reference to the caveat, I may say that the practice of the Department has been only to recognize caveats issued out of a Court of competent jurisdiction in a suit instituted in which the title of the land is brought in question.

On the 18th of September 1916 the 6th instalment was due and payable of $192.00 principal and $84.00 interest; while on the same date the unmatured instalments covered the 7th, 8th, 9th and 10th totaling $768.00.

Dear Sir:-

--RE: W.-½-17, S.-½-18, N.-½-18, Sec.18 & S.E.-¼-19 and W.-½-17 all in 20-23-W4th and Sec.13-20-24-W4th. --

Since writing you on January 15th we have had a long discussion with Mr. Milton H. Ward in whose name the above described lands now stand. We have shown him your letter to us of January 10th and have explained to him the position in which he is placed. He states that it is absolutely impossible for him to make any payment on any of these lands at the present time and he has asked us to write you explaining the position in which he is placed. It appears that a special effort was being made by both the Dominion and Provincial Governments to encourage greater production and at the suggestion of the boiler inspector who was inspecting a steam tractor belonging to Ward he communicated with you in regard to Sec.26-20-23-W4th and Sec.26-20-24-W4th which we understand are in dispute between the Government and the Hudson's Bay Co. and at your request he entered into an agreement whereby he broke out in 1918 a large part of these two sections, approximately 1200 acres in all, from which he is to receive as his compensation for the work the entire crop in 1919. As you no doubt know the cost of this work is very great. The ordinary charge for breaking during the past year has been at least $5.00 per acre and this is a fair basis for estimating the cost to Ward of doing this work, the total of the 1200 acres being $6000.00. Had Ward not entered into this agreement with you he would have been free to have earned at least that amount with his outfit whereas on account of the contract he was

out of pocket in a very large sum. We are not mentioning this as in any way suggesting that he regrets having entered into the agreement with the Department but he certainly would not have done so had he realized that he would be crowded by your Department for payment in the event of a crop failure and had he not entered into these contracts he would be in a position to make a substantial payment on account of his lands. The total amount of wheat which he threshed last year was 3200 bushels but as he expects to put in 1700 acres in wheat this spring he of course has to retain all of this for seed. Consequently he has absolutely no way of making the payment which you are demanding and he feels and it seems to us only reasonable that in view of the fact that he is a bona fide farmer and has such a large area under cultivation and has been encouraged by the Government's campaign for greater production in bringing such a large area under cultivation he should now be entitled to some consideration from your Department. With 1700 acres in wheat this year unless there is an absolute failure which is very improbable he should be in a position to make a very substantial reduction in his indebtedness to your Department in respect of all his land before the end of the year and we would request you to arrange to grant him an extension until say December 1st of the amount which is past due.

If you positively cannot meet with his request for an extension please so advise us as promptly as possible and at the same time let us have a statement showing the amount which would be required to pay the Department in full in respect of all of the above parcels of land. If the amount is not too great it is possible that we might be able to arrange a mortgage loan to Ward to pay the Department in full. We are afraid however that the amount owing is more than any Company would care to advance but we would do our best for him under the circumstances. In any event then if you do insist upon payment being made kindly give us time to make every effort to get the loan if it is required. It would necessarily entail very considerable amount of delay.

Yours faithfully,

INDIAN BRANCH FEB 25 1919

We wrote you fully on January 22nd explaining Mr. Ward's position and urging an extension of the time for payment of the instalments in arrear until the fall. As according to your prior communication the time within which payment is to be made expires on the 1st of June and should you decline Mr. Ward's application for an extension it will entail a good deal of difficulty and delay in making his arrangements, if indeed he is able to do so at all, we would ask you to kindly give the matter your early consideration and let us hear from you by return mail without fail.

Yours faithfully,

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $120.00, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale, obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $179.20, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

WWO

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Re your letter November 29th demanding interest amounting to 179.20. I am sorry to state at present time I am unable to meet same, but trust to soon be able to pay you 100% on interest and if possible meet all the interest next year, providing you will not crowd for the principal for the next few years as it is impossible for me to meet the principal as regards to contract, the way things are going at present time, trusting that you will give this your earnest consideration.

Sir,

In reply to your letter of the 7th Instant, with further reference to the S.E.¼ Sec.2, 20, 22, W.4 M. Blackfoot Reserve, and your desire to assign a half interest of the property to your son, I have to inform you that the Department does not prepare Assignments of land, but deals with the registration of such documents, when they are furnished, properly executed and attested.

I may say, with regard to your question as to whether you should employ a Lawyer that it is better to have a Lawyer or a Notary Public attend to the matter, and avoid possible errors and delay.

Sir,-

In regard to your indebtedness for land purchased on the Blackfoot reserve, I have to call attention to the fact that at the time the Indians surrendered their land for sale obligations were incurred which were to be discharged by expenditures on their behalf from moneys received from sale of the lands.

In order to enable the Department to keep faith with the Indians, it is imperatively necessary to insist on payments of interest at least being made in accordance with the conditions of sale.

Unless the arrears of interest past due by you, amounting to $1,583.54, are received by the Department within two weeks from this date, prompt action will be taken as the Department may be advised, either for collection of arrears of principal and interest, or for the cancellation of the sale of the land and forfeiture of money paid thereon and re-disposition of the land.

If, however, payment of interest is made within the time above specified, a reasonable extension of time will be given for the payment of the arrears of principal.

Dear Sir/

I beg to acknowledge the receipt of your letter of the 29th November relative to the interest due on the purchase price of land in the Blackfoot Reserve.

Just as soon as we are able to market our grain a check will be sent to you for the interest. We have somewhere in the neighbourhood of 4,000 bushels of No1 Marquis wheat on the reserve at the present time but cannot get it hauled until next month when we hope that the present shortage of cars will no longer exist.

It is possible that some money will reach me from these lands at an earlier date and if so I will see that the interest is sent to you as soon as the money is received.

Two of the gentlemen associated with me in the purchase of this land are in the Army and of course it is impossible to look to them for the payment of the interest through any other source than the result of our farming operations for the past season, from which as I have explained, we will receive no results until conditions are such that our crop can be marketed.
